1982 winner will be featured at pageant

"It was very exciting," said Kakai Calloway, Miss Mitchell County

for 1982, of the pageant. "I enjoyed it a lot."

Miss Calloway will be spotlighted during the Miss Mitchell County pageant to be held this year on June 24-25 in the Colorado High School auditorium.

The pageant this year promises to be even more exciting than the one last year, as co-chairmen Virginia Fuller and Mac Perkin have added some new features, including a production number on Saturday night before the competition. All of the contestants will participate in the production number before the semi-finalists are announced.

On the first night of the pageant, Friday, June 24, the contestants will display their talent and will also be interviewed. The 10 semi-finalists will be selected then, though they will not be announced until Saturday night.

After the semi-finalists are revealed, they will compete in evening dress and will also be performing their talents.

The five finalists selected from this group will then be asked a question which will serve as the basis for final selection.

The crown to be given to Miss Mitchell County is on display at City National Bank, which donated it.

Any Mitchell County girl who is a sophomore, junior or senior is eligible to enter the contest and the deadline for entries is June 4.

A \$10 entry fee is required but no sponsor is necessary.

STOLEN BASE—A member of the Yankees steals second base against the Pirates in opening day action. The Pirates won the contest 12-10.

America's favorite sports past-time finally arrived to Mitchell County Tuesday night in the form of some Yankees and Pirates.

The name of the game is baseball and the Yankees and Pirates were the leading characters. The setting was the Little League Baseball diamond located in Ruddick Park.

This contest officially signified the start of baseball season for all county teams. Tuesday night's affair pitted the defending Texas Freshmen League champs Yankees, coached by Manuel Arellano against the Juan Molina coached Pirates.

The 7 p.m. tilt was played with a strong wind blowing from the South, which indicated

there might be a barrage of homeruns.

Parents, brothers, sisters and fellow freshmen leaguers flocked out to see what "goodies" the opening day contest would bring.

It was 7:05 p.m. when the home plate umpire yelled "play ball" and baseball season had begun in Mitchell County.

The Pirates Sammy Garcia fired the opening pitch to Yankee leadoff batter Joe Silva, a ball. Garcia went on to walk Silva.

Later on in the inning, Yankee first baseman Beau Rees captured the honor of hitting the season's first homerun, and the Yanks had the lead.

The contest turned into a hard fought struggle with the strong south wind being an important

factor. The Yankees built up their lead aided by another round-tripper by Jerry Bob Hulme.

But the Pirates, knowing they were the underdogs, gamely fought back until they tied and took the lead from the "mighty" Yankees.

Cruise Molina and John Cantu thrilled Pirates fans with home runs of their own. Cantu's blow was a very fatal one which came with the bases loaded.

Going into the final inning the crowd buzzed as the Pirates held a 12-10 lead—could it be an upset in the making?

The Yankees quickly loaded up the bases with no one out. But a pop-up to the pitcher resulted in a double play, and en-

Fines are levied for trespass

Three Big Spring men were fined \$500, \$300, and \$200 respectively and all three were placed on six months probation in County Court, Monday, on Criminal Trespassing charges. The trespassing took place at the warm water north discharge at the Texas Electric Service Company power plant here in Colorado City.

Pat Barber, Mitchell County Attorney, said that he had asked for such unusually high fines because of the drowning death that occurred at this same Texas Electric Service Company site recently.

Mr. Barber stated, "Hopefully we can defer people from trespassing at this dangerous site and thereby save lives."

Tax credit available to employers

Employers who hire youth who are 16 through 17 years of age and are economically disadvantaged can get a significant tax credit (TJTC) according to Texas Employment Commission.

This elective tax credit

applies for certified youth hired between May 1 and September 15, 1983. It amounts to, for the employer, 85 percent tax credit on the first \$3,000 of wages paid to summer youth employees, says Jerre Howard, Office Man-

ager of the Sweetwater Texas Employment Commission.

Mrs. Howard states that there are already some local employers working with the Sweetwater Office under this program and encourages other employers from

Mitchell, Nolan, Fisher and Scurry counties to do the same.

Mrs. Howard further states that this program is especially timely, as it is designed to provide an incentive to employers who hire summer workers and also helps the youth in this targeted group find employment.

Other groups that may be certified for tax credits under TJTC include those receiving supplemental security income, the handicapped referred from Vocational Rehabilitation, Youth 18-24 from low

income families, Vietnam Era Veterans under 35 years of age and disadvantaged, recipients of state and local welfare for 30 days or more and disadvantaged ex-convicts.

TEC encourages any calls from employers who are interested in the TJTC program and youths 16-17 who wish to apply for placement opportunities under TJTC. For further information, call Texas Employment Commission in Sweetwater, 235-4324, or visit the office 114 W. Broadway, Sweetwater.

The event was won by defending champion Dennis Black of Rankin who ran a 49.0. Donald Brown of Frost was second (49.4), and Clint Thomas of Snook was third with a time of 49.7.

Letter to the Editor

Dear Editor:

My husband and I recently spent 5 days in Colorado City. We were there for the dedication of an historical marker on the Coleman ranch. I looked forward to this entire operation with slightly less enthusiasm than having a wisdom tooth pulled.

It was a delight to me to discover that Colorado City people are blessed with beautiful senses of humor.

In addition, every-

where I went, people made sure that I felt at home and enjoyed myself. I had a lot of fun and I will never forget their kindness. I hope we are able to return soon.

Sincerely,
Norma Burchard

Information about your changing telephone service from Jim West, Community Relations Manager

The Future of Telephone Rates

As Southwestern Bell prepares itself to be a stand-alone company in 1984—separate from AT&T—many of you, no doubt, have been wondering what's going to happen to telephone rates.

Will they go up? How much? Will you have to pay twice as much for phone service as you now do?

While it's impossible to answer those questions definitively, it is possible to give you an idea of where rates are headed... and why.

Local service rates will probably go up

For example, the rate you presently pay for local service will—in all probability—go up. This is primarily due to the fact that local service, for the most part, has been priced well below its cost. The average statewide cost to Southwestern Bell for keeping a residential line in service is about \$30 per month. On the other hand, the average monthly rate our customers pay ranges from \$7.85 to \$10.75.

This \$20 or more difference between cost and rates has been made up primarily by revenues from long distance service and telephone equipment.

However, since most of those revenues will not be available to Southwestern Bell after divestiture, local service will have to be priced more closely to its cost.

In turn, though, the rates of long distance and other services which have subsidized local service may go down.

Other factors which will contribute to higher local rates include our need to more quickly recover our investment in equipment and facilities, and the effects that are still being felt from past inflation.

To help offset the rise in local rates, Southwestern Bell wants to offer customers more pricing plans so that they will have more control over what they pay for local service. We are working closely with regulators not only to develop pricing options that will fit almost every pocketbook, but also to keep telephone service one of the best consumer values around.

Effects of divestiture to be studied by PUC

As you may be aware, the Texas Public Utility Commission next month will begin general hearings to examine how divestiture will affect Texas ratepayers. There are a lot of questions and potential problems to be solved. But by cooperating and working together with regulators, we feel we can work out the best solutions, in the long run, for all concerned.

If you'd like additional information on this topic or have any questions, I'll try to help you find the answers.

Upton to represent area at symposium

Science students from across the state will converge upon the University of Texas at Austin May 31-June 3 for the annual Texas Energy Science Symposium for High Schools.

Selected to attend from this area is Oren Upton, a student at Colorado High School. Science instructor Charles Upton will accompany him to the meeting.

The event, in its 23rd year, is expected to attract more than 400 students and their teachers who will hear scientists and engineers discuss energy related topics.

Participants will spend two afternoons touring the science laboratories at the university.

Among the facilities the students and teachers will tour will be the Texas Experimental Tokamak (TEXT), a national facility for fusion research built and operated for the Department of Energy by the UT Fusion Research Center.

The symposium is being sponsored jointly by the university and the Texas Atomic Energy Research Foundation, which is made up of ten investor-owned electric utility companies in Texas including Texas Electric. The foundation was created in 1957 for the advancement of knowledge of energy through scientific and educational activities.

Canner/cooker testing clinic to be held

County Extension Agent Marian Morris will hold a pressure cooker and home canner testing clinic May 23rd and 24th. The clinic is free of charge. To have your pressure cooker or home canner tested, simply bring the lid to your cooker or canner by the Extension office. The testing takes about 10 minutes.

It is important to have your home canner tested each year to ensure that the gauges are accurate. Even though food preservation is easy to do, if food is improperly processed it can waste your time, efforts, and money—not to mention endangering your family's health.

In addition to testing pressure cookers and home canners, free information will be available on various methods of food preservation.

Roach retires as county agent

Retired Scurry County Extension agricultural agent Billy E. Roach of Snyder was honored by his fellow agents at a barbecue last week (April 28) at the Basinger Ranch in Garza County.

Roach is the brother of Edward Roach of Colorado City.

Members of the South Plains District of the Texas County Agricultural Agents Association presented Roach a

plaque "in grateful appreciation for 23 1/2 years of dedicated service to the people of Scurry County and the State of Texas through the Texas Agricultural Extension Service."

The plaque, which cited Roach as "a leader among people," bears the emblems of Sul Ross State University, where he received his baccalaureate degree, and Texas A&M University, where he received his master's degree. It was presented by Randy Upshaw, Lubbock County agent and a director of

the agents' association. More than 30 agents participated.

Roach retired Feb. 28. He had served as Scurry County agent since Sept. 15, 1959. He came to Snyder from Swisher County, where he began his Extension career in 1954 as that county's first assistant agent, training under Calvin Holcomb.

"Billy Roach is the kind of man that makes an organization good," said Gunter, Roach's supervisor for the past 19 years. "He's as loved and respected as any

county agent I've ever known."

Scurry County Judge Preston Wilson said Roach "has done us an excellent job for the past 23 years. He's an excellent man. Any time we needed information for the county (citizens) he's been quick to give it to us."

Roach received the Distinguished Service Award from the National Association of County Agricultural Agents in 1968. In 1981 the Scurry chamber of commerce presented him its Harrie Winston Memorial Award for outstanding contribution to agriculture.

MELISSA JOINER (center), bride-elect of Gene Banks, was honored with a bridal shower in the home of Mrs. Bob Chalker Saturday, May 7. Preston to retire from Loraine School System

When the Loraine Public School closes for summer vacation, it will mark the last time a very familiar face will be seen around the halls and in the classrooms at Loraine High.

Business teacher Iris Preston will retire from the Loraine Public School System after teaching at Loraine High School for 28 years and 30 years all together.

Mrs. Preston is a life long resident of Loraine. She has lived in Loraine practically all of her life except for short stays in Washington, Fort Worth and Rotan.

Mrs. Preston and her husband Ray have one son, Harold who lives in Brownwood.

After graduating from Loraine High, Mrs. Preston attended Hardin-Simmons University in Abilene where she received her Bachelor's Degree in Business in 1941. "I went there because it was the closest place to home," she explained.

After graduation, Mrs. Preston taught business one year at Rotan High School. That summer she moved to Washington where she was employed at the Commerce Department doing clerical work.

After her stint in Washington, Mrs. Preston came back to West Texas where she taught business for a half year at Colorado High School.

Next Mrs. Preston ventured to Fort Worth where she stayed for two and a half years working at Consolidated Airplane Plant in the payroll department.

She moved back to Loraine in 1945 when Ray, her high school sweetheart came back from the Army. They were married and opened up Preston Dry Good Store.

In 1953 Mrs. Preston resumed her teaching

career. She started out teaching fifth grade. She taught all grades except the first grade until 1960 when she became the high school business teacher.

Mrs. Preston says she has really enjoyed it. In fact she says her fondest memories from LHS are "all the outstanding students I have had, and all the fun I have had with them."

The Loraine business teacher can also boast a

successful record for sending students to UIL competition in typing and shorthand.

She has had students to qualify for state 10 times, and has produced three winners, two in shorthand and one in typing. Becky Hudgins, now a business teacher in Ira won first place in typing in 1968 and first place in shorthand in 1970. The other first place was by Glenda Ellington in shorthand in

1972.

When asked what is the biggest change she has noticed at Loraine High during the years, Mrs. Preston replied, "The students, they are more individual and have their own ideas, and I like that. You don't control the students the same way you used to, they mature faster and have more sense, and are allowed to do more of what they want to."

Mrs. Preston says her advice to all teachers is to "love your work and your students. Guide them in the right way and give them the best of your knowledge."

Will she miss teaching? "Wait until September and I'll tell you." But with a smile creeping across her face, the lady that has rendered 30 years of her service teaching others, replied, "I'm gonna miss teaching I know."

Choir to present musical

The children's choir of First Baptist Church will present a children's musical entitled "The Music Machine" on Sunday, May 22 at 7 p.m. at First Baptist Church.

The musical is described as "an adventure in Agapeland, the land called love." In Agapeland, two children, Larami Cathey and Justin Dockrey, encounter the conductor, played by Mark Cook, and his wonderful music machine.

"The Music Machine" features songs about each of the "fruits of the spirit": kindness, faith, joy, gentleness, goodness, love, peace, patience and self-control.

The choir is under the direction of Mrs. Janice Weaver and Mrs. Billie Roenfeldt. Everyone is invited to attend.

Laura Baum Baum receives award

Laura Baum, daughter of Mr. and Mrs. Jim Baum and a junior at Colorado High School has been presented with a high school all-star award.

Each year the Women's Sports Foundation sends a certificate of recognition for presentation to various high schools across the country to the school's most outstanding female athlete.

The certificate sent to Baum is signed by founders of the award, Billie Jean King and Donna de Varona.

This award is presented to help give public recognition to each young lady's athletic achievements. This year Milky Way candy bar is sponsoring the awards which includes a trip to the Women's Sports Foundation Hall of Fame for four lucky winners.

This year Laura was All-District in volleyball, and an All-District guard in basketball, where she averaged nearly 20 points per game.

Baum was also the district 6AAA singles champ in tennis, and finished third in regional competition.

Congratulations to Miss Baum on her hard work to earn this honor.

Speak Out... What are your summer plans ?

We asked this group of students at Loraine Public School what were their plans for the summer. Here is what they said.

Helen Alvarez, junior - "My plans for this summer is to work. If I don't work in an air-conditioned place, I'll probably end up working for my father in the field, which is not too much fun. And if I don't do one of those two

ters to my boyfriend Ruben who will be in the Army."

Geory Martin, kindergarten - "What I want to do this summer is ride the tractor with my dad, play with my toys, go swimming and stay with my cousins in Andrews. Then I'll go home and spend the rest of the summer with my daddy."

Cynthia Pulcher, third grade - "I am going to Smithville and I am going to get to go swimming. My mother lives

there. We might buy a log cabin if my dad gets enough money. We can go swimming because we have a creek right behind the house. We will go to Austin to buy some new dresses, and we are going to Houston to visit our aunt and uncle."

Sandra DeLoera, sixth grade - "I am going to stay home and help my mother clean house and take care of my brothers. I will go fishing, and maybe go to Dallas to visit my cousins. I am also going to try to get a job at one of the stores."

Jerry Munoz, junior - "I will probably plan to work with my dad on the farm, and read a little bit and do some exercises like lifting weights for football next year."

Melissa Clifton, junior - "This summer I will be leaving for Oklahoma to be a summer missionary for two weeks. I will be living in a home mission center in Oklahoma City. I will be working in day camps and vacation Bible schools and talking in local churches. I'll go swimming and try to get a tan and read books."

Wheeler speaks to B&PW club

The Loraine Business and Professional Women met in the Lions Club Monday night with Marsha Rickard presiding.

Mrs. Effie Wheeler, the speaker for the evening, told the group about a child's impression of Loraine and country life during the 1920s and '30s. She said she felt honored to get to go into town once or twice a year. In those early days, Loraine had a mortuary, a hat factory, a photo shop, two produce houses, a shoe shop, a large mercantile store, a lumber yard, numerous grocery stores, two hardware and furniture stores, newspaper office, two cafes, two drug stores, a variety store, two barber shops, a blacksmith

shop, tailor shop, implement stores, theater and hospital.

There were drawings on Saturdays where huge crowds would gather. The young girls would "arm up" to walk down the sidewalk where there were lines of benches filled with grown men. She told how it was for a young girl going off to college from Loraine to New Mexico in the early days. Although she moved away from Loraine for 20 years, she always called Loraine home.

The nominating committee composed of Mrs. Louise Holland, Mrs. Billie Ruth Tartt and Sally Compton presented the following officers for 1983-84: Mrs. Margaret Brame, president; Mrs. Billie Ruth

Tartt, vice president; Mrs. Louise Holland, second vice president; Mrs. Doris Henderson, treasurer; Mrs. Ruby Lee Small, secretary.

The club voted unanimously to elect them. The club voted to buy a merry-go-round for the Loraine City Park as soon as one can be located.

Margaret Brame and Darlene Hamrick were the hostesses and or-

ganized the evening. Co-okies and cheese crackers were served to two guests and the following members: Mrs. Kenneth Butler, Mrs. Har-ley Owens, Mrs. E. J. Schroeder, Mrs. Billie Ruth Tartt, Dorothy Johnson, Mrs. Roy Hol-land, Mrs. Ruby Lee Small, Mrs. Danny But-ler, Mrs. Sally Compton, Mrs. Bill Preston, Mrs. Roland Rickard and Mrs. Lola Faye Bennett.

News from.....

Root Valley Fair Lodge

By PAM JARNAGIN

We closed our National Nursing Home Week with a surprise breakfast for our residents. Our dietician, Billie Norman, brought her china, crystal and silver to grace our dining room with a touch of elegance. She followed with lunch and dinner in the same fashion. Tiny pink, yellow, purple and white flowers were in the center of each table. It was a fitting way to end our National Nursing Home Week.

Our residents are very special and we want them to know it. We are looking forward to our monthly musical this Thursday. The country-western music never fails to bring smiles and delight to one and all.

The monthly birthday party will be at 2:30 p.m. Friday, May 20; residents with birthdays in May will be honored.

We want to welcome Rebecca Still, Justa Lujan and Birdie Bird to Root Lodge. They have chosen to make their home with us and we are so pleased they did. Another pleasure is to have our friend Bertie Strain

back home from her stay in the hospital. It wasn't the same without her.

Our residents are set apart, each bringing his own gift to the whole. It makes our home a "home."

"A mirror reflects a man's face, but what he is really like is shown by the kind of friends he chooses."

Average Billing can help smooth out high summer electric bills.

In the summer, intense Texas heat can make your air conditioner work longer and drive your electric bill up in a hurry.

Our Average Billing Plan can help by "averaging out" your payments. You still pay for all the electricity you use, and your payments will still vary from month to month. However, in high-use months you pay for less elec-

tricity than you use, and in low-use months you pay for more.

Average Billing can help smooth out high summer electric bills. It's available to both residential customers and churches.

If you'd like to know more, give us a call at Texas Electric.
