Farmers Get Tax Tips Tonight From Burk

The Floydada Young Farmers will meet Thursday, Feb. 5 at 7:30 p.m. in the Floydada High School agriculture building. Local CPA Newell Burk will present a program of income tax tips and information. All area farmers are invited to attend.

Three Seek County Judge Post

With the February 2 deadline for filing for office past, only two incumbents are running unopposed for county offices. Margaret Collier is unopposed in her race for County Clerk, and Troy Stansell for County Treasurer.

Three have announced for County Judge; incumbent J. K. Holmes, Ralph R. Cogdell, and Foster Amburn.

Home Needed For AF Student

A Floydada home for the 1970-71 American Field Service Student is needed, according to Mrs. Helen Patterson, president of the local chapter of AFS, and family coordinator, Mrs. Charles Craig.

Anyone who might be interested in sharing their home with a high school student from a foreign country, may get application forms from either of the two women. Applications must be returned to them by mid-February.

Longer School Term This Fall

Texas students and teachers will have a longer school year starting with the fall 1970 term, according to A. E. Baker, superintendent of Floydada schools.

Bills recently passed by the Texas Legislature lengthen the

Amburn Seeks County Judge Office

The Hesperian has been authorized to announce the candidacy of Foster Amburn for the office of Floyd County Judge. Amburn seeks the office with this statement:

"TO THE CITIZENS OF FLOYD COUNTY:

I wish to announce my candidacy for County Judge subject to the action of the Democratic Primaries. I have been a citizen of this county for more than 60 years. I have engaged in the wholesale oil and gas business in Floydada, for a 4-year period I was manager of the Consumers Fuel Association of Floydada, was with the Producers Co-op Elevator in Floydada for 10 years, and for the past 10 years I have served as deputy sheriff of Floyd County.

One of the great problems of our country today is law enforcement, and the County Judge plays a very important part in law enforcement. My 10 years' experience as a deputy sheriff in Floyd County has acquainted me with the problems of law enforcement here, and I feel that this experience has qualified me to work with the other law enforcement officers and to handle this phase of the County Judge's office.

Another important part of the County Judge's office is presiding over the County Court in both civil and criminal cases. I have served as bailiff of the District Court of Floyd County many times, and I have had many opportunities to observe the work of this dignified and

Floydada Youths Injured In Pickup Turn-over

Four Floydada youths were hospitalized Saturday night with injuries sustained when the pickup in which they were riding overturned at a dead-end farm road, at about 9 p.m.

The accident occurred about a mile east of the Louis Pyle home on Highway 62, four miles south of Floydada.

Taken to Caprock Hospital in Floydada were Brad Hagood, David Roberson, Danny Killian, and Ronnie Graham.

All four were trapped in the vehicle for a short time until passing motorists were able to free three of the youths.

Larry Guffee and Shawn Feuerbacher were following in another pickup and aided in getting the boys out of the wrecked pickup.

Hagood, the most seriously injured, could not be removed until an ambulance crew and police arrived later.

Hagood was reported to have sustained several broken bones and severe internal injuries, and is still hospitalized at Caprock.

Roberson, who suffered broken ribs and pulled muscles, and Killian, with a broken wrist and concussion, are reportedly scheduled to be released from the hospital this week. The Graham youth was released Tuesday.

Esker M. Pyle Seeking Lockney J-P Office

I am asking my friends for their support in my race for Justice of the Peace, Precincts Two and Three, subject to action of the May 2 Democratic Primary.

If elected, I will try to serve all the people equally and fairly to the very best of my ability.

I have been a Floyd County resident since 1938 and feel that I know most of the county residents.

Your vote and support will be greatly appreciated.

Sincerely,
ESKER M. Pyle

Brenda Mathis Wins VFW Speech Contest

First place in the Voice of Democracy contest sponsored by the Veterans of Foreign Wars was won by Brenda Mathis of Floydada.

Pat Rendon Opens Station

Pat Rendon this week announced that he has taken over operation of the Phillips 66 Service Station located across the street from King's Restaurant in Floydada.

Rendon has lived in Floydada 24 years, has been in the service station business ten years.

Along with the Phillips 66 products, Rendon will offer brake jobs and tune-ups for automobiles, Sonic Tires and Phillips batteries.

He welcomes the opportunity to be of service.

Caprock Chat

By Wendell Tooley

THE GOOD NEWS from Barney Barnett, administrator at Caprock Hospital, Barney told me this week that the board had not to raise room rates, although the hospital did have to raise salaries due to the new wage-hour law.

Rate rooms will remain at \$30, \$27 and wards \$23. This compares with private rooms in Methodist for \$40 and Plain-hospital at \$35.00. It should be noted that Caprock rooms are larger and brand new in comparison.

Barney reports that in January the hospital had an average of 70% occupancy. This compares with 27% a year ago. Sorry so many people are having to go to the hospital, but I'm mighty happy that they can be hospitalized right here at Caprock instead of traveling to distant towns.

...and no one is more appreciative of our five doctors. . .

REALLY got Ken Bishop off to a good start in the appliance store last week. He advertised one of his refrigerators as "no front". . . Ken will throw in the front if you want to buy if for free. About that.

AND heard Ralph Nader, champion of consumer protection, in Lubbock last week. We got there right on time, and lucky to get a seat in the last balcony.

That Nader is controversial is putting it mildly. He has the track of several items the consumer buys. . . from the automobile to the watered down hams.

He got down to San Antonio to make a speech later, think he got into oil taxation as being all unfair over in Ector County.

Barney is a good, interesting speaker, seems to document most things he says. . . and before it is over, he may be after our farmers who use urea ammonia to produce more grain sorghum per acre. . . be "chemicalizing" the meat!

HAPPY TO see the high school civic class is learning to do some tax reports. No doubt, they'll be filing income tax returns real in the years to come. . . might as well get used to it.

MY TOM AND I enjoyed the teachers banquet at Andrews Monday night. J. E. Waller had planned a delightful program and the food was mighty good.

Emmy Jo Barnett plays a piano like it should be played! quite a kick out of Elbert Reeves' treasurer's report. I believe I ever heard. Here's a fellow who is doing a notch job of teaching science at Jr. High. He is a past president of Motley County, past state representative and I believe also a rancher at Matador.

GETTING acquainted with jet commercial lines all the world, I have been considerably interested in Boeing 747 jet. . . a huge craft that carries some 400 plus passengers. Believe it is as long as the Wright Brothers' first flight. report on the 747 doesn't sound too encouraging: "the developed an engine problem and left seven hours late first highly publicized flight."

It seems to be a traffic congestion problem aboard. The Boeing 747 is only two inches wider than the very narrow aisles of jets. Serving trays completely block them. For the first time, our breast seating is instituted. One had hoped that breast seating would be ended instead.

Aircraft is too big for airport facilities. Long delays in check-in and passport processing were encountered. And the not more than a few minutes faster across the Atlantic. It is interesting to note the giant and historic aircraft's success in coming months; on its return from the trip to London it was only half-filled.

It may take a while to get the bugs out of the new plane.

WENT TO J. W. GOOCH this week about the progress of the new parks northwest of Muncy on Highway 70. He is a dry hole on the one near Muncy, so for the present there is no water there.

He was able to get enough water under the one near Lockney. It will have two water fountains and a sprinkler irrigation system.

Survivors include six daughters, two sons, 22 grandchildren, 47 great grandchildren and 10 great great grandchildren.

ON DRAFT LOTTERY

The Selective Service System has suggested that local boards stay within lottery No. 60 in the February draft calls. Many low-numbered men now deferred or exempt are expected to lose that status and become draftable later in the year.

Floydada Man Re-Creates Early Floyd History In Wood Carvings

James Haggins, of Floydada, has spent many hours carving a miniature scene of early Floyd County history. The scene, which is a reproduction of a photograph of the Neff family wagon, is a covered wagon in a field. The wagon is pulled by a team of mules. The scene is set in a field with a windmill in the background. The scene is a reproduction of a photograph of the Neff family wagon, which was used to haul corn to the Neff family in 1923. SCRIPTURE LESSON

"Would God that all the Lord's people were prophets, and that the Lord would put His spirit upon them!" These words of Moses in Numbers are part of the Lesson-Sermon titled "Spirit." The lesson will be read this Sunday in Christian Science churches.

A passage from "Science and Health with Key to the

Scriptures" by Mary Baker Eddy in the lesson is: "Anciently those apostles who were Jesus' students, as well as Paul who was not one of his students, healed the sick and

reformed the sinner by their religion. Hence the mistake which allows words, rather than works, to follow such examples. (P. 343.)

The next meeting, February 17, will be with Mrs. Vernon Parker for a program by AFS student from Austria, Peter Prischl.

Husbands Are Club Guests

Husbands were guests at the meeting Tuesday night of the 1950 Study Club in the American Legion Hall. A Valentine theme was used in decorations.

Guest speaker for the evening was Bill Hayes of Ralls, who kept those in attendance captivated with his humor and wit. Turning to the serious side Hayes spoke on adults becoming involved with youth, stressing "We should run, not walk," to help youth become more active in church and civic activities, and summer programs such as baseball and other sports.

After the program a brief business meeting was held during which time reports were heard from various committees of the Style Show planned for March 2.

Attending the meeting were Mr. and Mrs. Carl Armstrong, Mr. and Mrs. Gene Arwine, Mr. and Mrs. Kenneth Bishop, Mr. and Mrs. Don Cheek, Mr. and Mrs. J. W. Cannon, Mr. and Mrs. Bob Copeland, Mr. and Mrs. Lane Decker, Dr. and Mrs. John Haenosh, Mr. and Mrs. Ray Morton, Mr. and Mrs. John Moss, Mr. and Mrs. Dallas Ramsey, Mr. and Mrs. W. A. The next meeting is February 17, with Mrs. Armstrong as hostess.

Births Golden Circle Class Meets

Mr. and Mrs. Johnny Cantrell of Lubbock are parents of a son, Jay Dee, who was born January 30 in a Lubbock hospital. The baby weighed seven pounds and 15 ounces at birth. The mother is the former Nona Pernell. Cantrell is employed by TGY and attends Texas Tech. Grandparents are Mr. and Mrs. J. R. Pernell of Dougherty and Mrs. Edell Moore and the late J. D. Cantrell of Floydada.

Great grandparents include Mr. and Mrs. Jim Owens and Mrs. J. F. Cantrell of Floydada; Mr. and Mrs. R. D. Holly of Dougherty; Monroe Pernell of Graham and Mrs. Olan Butler of Abilene. Great great grandparents are Mrs. Lydia Warren of Floydada, Mrs. Watt Holly and Mrs. Lewis, both of Dickens.

Mr. and Mrs. Bob Durham of Lubbock are parents of a son named Michael Rhran, who was born January 30 in the Plainview Hospital. The mother is the former Virginia Kirk. Grandparents are Mr. and Mrs. Mike Kirk of Portales, N.M., and Mrs. E. L. Durham of Floydada.

'Newcomers' Is Club Program

Members of the 1929 Study Club met January 22 with Mrs. Ernest Kendrick for a program on "Newcomers."

Mrs. Clarence Goins introduced guest speaker, Peter Prischl, American Field Service student from Wels, Austria. Peter showed films of his native country which included scenes of their beautiful parks, churches and statues. Members said they were very impressed by the cleanliness of Wels and by its school system. A question and answer period was also held concerning Austria.

During business Mrs. Ethel Sawyer was voted in as a new member.

Mrs. Kendrick served refreshments to Mes. C. W. Denison, J. A. Arwine, J. A. Colston, Clarence Goins, Clay Henry, Clement McDonald, and Mrs. S. W. Ross.

The next meeting is today, Thursday, with Mrs. Arwine.

Peter Prischl Will Speak To LCC Associates

Members of the Lubbock Christian College Associates, local chapter, will meet Tuesday night, February 10, to hear a program by Peter Prischl of Wels, Austria, Floydada's American Field Service student.

Each member is urged to bring a guest for the 7:30 meeting to be held in the community room of Lighthouse Electric.

Hostesses will be Mrs. Ed Nutt, Mrs. Eula Van Leer and Mrs. Berdie Gross.

At the past meeting Jerry Rogers of Ranch Headquarters West Texas Museum, was speaker.

Hook-Needle Club Members Elect Officers

The Hook and Needle Hobby Club held their first meeting of the year in January with Mrs. David Lewis. During business an election of officers was held, names for secret pals drawn, and members discussed changes to be made in the Yearbook.

New officers are: Mrs. Vernon Cummings, president; Mrs. Clyde Alexander, vice president; Mrs. Bill McNeill, secretary-treasurer; Mrs. Gene Lawson and Mrs. Ray Cook, card committee and Mrs. Sam Baker, reporter.

Projects for the year will be hobbies of interest to members and each member has been urged to submit ideas which will be considered.

January 20 the club met with Mrs. Gene Lawson. Members worked on various articles and afterwards Mrs. Lawson served refreshments to Mes. Bill McNeill, Vernon Cummings, David Lewis, Gus Hammonds, Clyde Alexander, and Sam Baker.

Club meets again today, Thursday, with Mrs. Gus Hammonds. All members are urged to attend as instructions will be given on crocheting sweater shells. The course will be taught by Mrs. Glenn White.

Mrs. Sims, Mrs. Leota Marshall and Mrs. J. E. Horton were January birthday honorees but Mrs. Horton was unable to attend the gathering.

Attending were Mes. Pearl Fagan, Leota Marshall, Bessie Henry, Lula Stovall, Dee Sims, Maylon Spence, Willie Mae Stambaugh and a visitor, Mrs. Jeanie Brown of Franconia, New Hampshire, granddaughter of Mr. and Mrs. Charley Spence.

The meeting was dismissed by Mrs. Fagan.

Peggy's Meddlin's

BY PEGGY MEDLEY

A typographical error, a line left out or any other mistake in the making up of a newspaper can mislead the reader. Such was in the wedding story of Donna Willis in last week's Hesperian. A line was left out in the story and therefore it made her the daughter of Mr. and Mrs. Clifford Willis of Floydada and of Mrs. R. E. Marr of Lockney, which to those who do not know the family would think that Donna has two sets of parents, when in truth she has only one set, who are Mr. and Mrs. Dave Willis of Paducah, The Clifford Willis' and Mrs. Marr are grandparents.

DON Hardy and Kelly Chadwick were at the Winter Nationals in Panama, Calif., over the weekend with two of their funny cars. They won the first round but had some complications and lost out in the other rounds. They are hoping for better luck at the Gator Nationals in Florida in two weeks.

SOMEONE brought to my attention a goodie Heloise had in her column recently and wanted me to pass it along to those who might not keep up with her hints. This was converting from old double and triple strands of plastic beads to the new long ropes by using dental floss to restring them. With the beads left over, take tiny hole needles, heat them and quickly insert them through the holes in the beads. Now you have an assortment of stright pins with pretty heads. You can make pretty hat pins the same way only use darning needles.

THE almost unlimited versatility of the credit card has been broadened still further with disclosure recently that millions of tax payers in at least nine states now would be able to pay their federal income taxes by credit card - even on time payment. You can participate if you have a BankAmericard, or Master Charge, the major national bank card, and live in Ohio, West Virginia, Kentucky, Colorado, Wyoming, Montana, North Dakota, New Mexico or Washington State. Before you wish you lived in one of these states and had either of the two credit cards in order to participate in this program I might tell you that it pays only the first \$500 of your income tax and then charges you at the rate of 15 per cent interest annually. At that rate I believe you would be much better off borrowing it from your bank at 9 percent. That's in Floydada not in the nine states previously mentioned.

SIGN on office wall. In case of fire employees pretend its quitting time.

PRESIDENT Nixon hopes for

a generation of peace. I'm thinking maybe that's the only way the world can survive, a generation at a time.

GLEN Castlebury, Austin correspondent for the Avalanche-Journal, says Sen. Ralph Yarborough is running like mad to get back to Washington, but he has to turn to classified advertising to get a secretary to take with him. A help wanted female ad with Yarborough's telephone number seeks "secretary in fabulous Washington U.S. Senator's office." Guess he just wants a long-tail Texan for a secretary.

WENDELL says he is going along with Lighthouse Electric's policies for their employees. I decided I would put it in my column just to let people know what we at the Hesperian are up against. The last rule is just too much. That alphabetical order will have to go. "M" is just to for down the line.

TO: ALL PERSONNEL SUBJECT: ABSENTEEISM

It has been brought to my attention that the attendance record of this department is a disgrace to our gracious benefactor who, at your own request, has given you your job. Due to your lack of consideration for your jobs with so fine a company, as shown by such frequent absenteeism, it has become necessary for us to revise some of our policies. The following changes are in effect as of today:

SICKNESS: NO EXCUSE. We will no longer accept your doctor's statement as proof, as we believe that if you are able to go to the doctor, you are able to come to work.

DEATH: (Other than your own) This is no excuse - there is nothing you can do for them, and we are sure that someone else with a lesser position can attend to the arrangements. However, if the funeral can be held in the late afternoon, we will be glad to let you off one hour early provided that your share of the work is ahead enough to keep the job going in your absence.

LEAVE OF ABSENCE: (for an operation) We are no longer allowing this practice. We wish to discourage any thoughts that you may need an operation as we believe as long as you are an employee here, you will need all of whatever you have and you should not consider having anything removed. We hired you as you are and to have anything removed would certainly make you less than we bargained for.

DEATH: (Your Own) This will be accepted as an excuse, but we would like a two week notice, as we feel it is your duty to teach someone else your job.

Rebekah Lodge Plays Host To Area Lodges

Floydada Rebekah Lodge No. 77 was host Tuesday night of last week to all lodge members in District 9. The occasion was for a Friendship program and salad supper held in the local lodge.

Decorations of the Noble Grand's colors, red, white and blue, were used throughout the hall.

Ruby Davis gave the welcome and Lois Bishop from the Plainview Lodge, gave the response. The Noble Grand's theme, "Love of God, and Love of Country" was used in the program with members participating. All those present joined in singing "America."

Each officer attending chose a guest and presented her with a love gift.

Forty-three members and guests were present.

LEFT OVERS Canned salmon stirred into left-over mashed potatoes with a bit of grated onion makes great "pancakes." Just pat into shape, brown, and serve.

Canned ripe olives are fine for making leftovers seem elegant, too. Slice them in spaghetti, noodles, coleslaw, casseroles, and salads.

Need a quick dessert? Pour canned applesauce into a buttered pie plate. Sprinkle with macaroni crumbs and a dash of cinnamon. Bake until bubbly brown, and serve warm with a splash of cream.

SEW WITH
KE FABRICS
the label to see of the
s washable or dryclean-
these fabrics should be
using the yardage for
with nap. If not given,
to 3/4 yard.
TERN SELECTION -
ing on the fabric you se-
you might find that pat-

terns with few seams work bet-
ter. A lightweight flexible fur-
like is easier to work with than
a stiff one, so you could use a
more detailed design with a
softer fur-like. Choose designs
without button holes and use
snaps, frogs, or some of the
new decorative closings. You
can also make really good look-
ing accessories, such as hats,
bags, and scarves from fur-
likes.

LAYOUT AND CUTTING -
Follow the layout for a napped
fabric, if one is not given,
remember when laying out your
pattern to have the tops of all
pattern pieces pointing in the
same direction. The nap of the
fur should always run down-
ward. When fabric is very wide,
eliminate as many seams as
possible. Cut straight facings
in one with the garment. Trim
pattern margins before cutting
fabric. This makes it easier
to cut on even edge on bulky
fabrics. Do not fold a very deep
pile, but cut only a single thick-
ness. Place pattern pieces on
back side of fabric when lay-
ing out. This will facilitate
easy marking in addition to
aiding your cutting. Cut from
the wrong side, going only
through the backing and not in-
to the fur. Use sharp scissors
and short strokes.

MARKING - Experiment to
see which marking technique
shows up best on your par-
ticular fabric. Tracing wheel
and carbon paper will do very
well on most of the short or
medium high piles. Mark deep
piles with tailor's chalk.

STITCHING - Use a medium
to large needle (14-16) and heavy
duty thread. Lengthen your
machine stitch to about 10 per
inch. Hand-baste to prevent
creeping and puckering. Adjust
tension and pressure to fabric.
SEAMS - Stitch in the direc-
tion of the pile whenever pos-
sible. Use a needle to lift pile
caught in stitched seam on
right side. This will make the
seam almost invisible if care-
fully done.

On deep pile fabrics, shear
the pile in the seam allowance
before stitching seams. Mark-
ing carefully 5/8 inch from the
edge and cut away the pile.
Baste the seam by hand, then
pull out any pile that is caught
in the seam line before you
stitch on the machine.

Curved seams should not be
clipped too deeply on pile fab-
rics. Darts and seams may not
press open flat, so edges may be
slip-stitched to fabric backing.

DARTS - Split down the cen-
ter and shear pile as you did
on the seams.

PRESSING - Always test
press on a sample seam. If
pressing is necessary, press
carefully to avoid matting of
the pile. When pressing seams
open, press in direction of pile.
Place fabric, pile side down, on
a needle board with a press
cloth of self fabric over seam.
Steam press without touching
the fabric. A pounding block
may also prove to be helpful
with fabrics with a stiff or
heavy backing. If two pile sides
(such as a collar or hem) must
be pressed, place on velvet
board and cover with a terry
towel.

LININGS AND FACINGS - Sat-
in and sturdy taffetas or cot-
ton sateen are good choices as
linings for any vests, jackets,
or coats. Most other garments
will not need an underlining
or lining. If you are making
a garment from a fabric that is
washable make sure the lining
also is washable. Facings may
be cut from the same fabric as
the lining.

Facings and linings may of-
ten need to be understitched. If
you cannot understitch on the
machine, use hand understitch-
ing, especially down the front
of vests to keep the lining from
rolling to the outside.

ZIPPER - On deep pile fur-
likes, the last step of zipper
installation should be done by
hand. Lower pile furs take ma-
chine worked zippers and in-
visible zippers very well. Re-
member when applying invis-
ible zippers to leave the seam
open until the zipper has been
installed and follow the pack-
age directions.

HEMMING - Should be done
by catching only the backing fa-
bric. Rather than clean-finish-
ing the edge, use decorative
trim or seam binding for less
bulk.

GI Insurance Dividends

The Veterans Administra-
tion will pay \$13,301,520 in GI
insurance dividends this year
to 194,856 in the State of Tex-
as, Manager of the Waco, VA
Regional office announced to-
day.

Jack Coker said these divi-
dends are a part of the \$264
million in dividends the VA ba-
nquet mailing January 1, to 4-
191,200 veterans with World
War II-era National Service
Life Insurance.

He added that 187,154 veter-
ans in Texas with NSLI poli-
cies will receive \$12,402,520 in
dividends averaging \$66.23.

The 7,720 holders of UDGLI
may look forward to \$899,000 in
dividend checks, the average
amount of which will be \$11.76.
The VA announced that na-

tionally this year's dividends on
the two policies will be \$28
million more than last year, and
will be distributed throughout
the year on policy anniversary
dates.

Larger interest earnings in
the USGLI and NSLI funds made
this year's increased dividends
possible.

Coker pointed out that divi-
dend payments will be automa-
tic, and consequently there is
no need to write the VA to
receive them.

Dumas Banker Named Man Of The Year

Tucker Teutsch, Dumas
banker since 1942 and a former
employee of the First National
Bank in Floydada, was named
"Man of the Year" for 1969
in a recent ceremony at the
annual Dumas Chamber of
Commerce banquet. Teutsch is
married to the former Virginia
Stovall, daughter of Mrs. E. F.
Stovall of Floydada.

He is a veteran civic leader,
president of the First State
Bank in Dumas; president of the
Community Chest and finance
chairman for a "100 DID" fi-
nance drive to establish a new
industry in Moore County.

Over the years Teutsch has
been president of the Chamber

of Commerce and a director;
Boy Scout district commis-
sioner, vice president of the West
Texas Chamber of Commerce,
and president of the Dumas Ro-
tary Club of which he is a char-
ter member and organizer. He
has been a WTCC director for
seven years.

Teutsch was instrumental in
developing the Moore County
junior livestock show and has
served as its finance chairman.
He served twice as president of
the North Plains Country Club
and has a long list of civic res-
ponsibilities in Dumas and West
Texas.

The presentation of a com-
memorative silver tray to
Teutsch was made by State
Rep. Dean Cobb, who said "This
is a recognition long earned and

Program Highlights Teacher Banquet

The spring banquet of the Floydada Teachers Association was lots of fun and good food and fellowship Monday night in the Andrews Ward Cafeteria.

The program, under the direction of J. E. Waller was informative and humorous. Waller spiced the program with a heart's game, giving away dollar bills. Theme of the banquet was Valentines.

Jo Ann Cagle welcomed and

introduced special guests, which included the local FTA officers and E. C. Leslie, district TSTA president from Lubbock.

La Vada Garrett presented ten Jr. High students in several musical numbers. They were accompanied by Mrs. H. E. Barnett.

American Foreign Exchange student, Peter Prischl of Austria expressed his appreciation to the teachers and school for

an enjoyable visit in Floydada, punctuated by a few genuine West Texas "youalls."

Elbert Reeves caught the audience by surprise as he started out on what was thought to be an honest accurate treasurer's report, then developed a hilarious report that included all sorts of inaccuracies and in-

MATHIS FROM 1
dependence was signed; 1787 - the Constitution of the United States was once again upheld, but great as these challenges were and magnificently as they were met, the challenge of freedom is still beckoning men today. Today even more so than in past history. For today, this is the key demand of youth - and it is the youth of this world who must accept freedom's challenge and meet the demands.

There are four basic steps in conquering a challenge. Perceive it, accept it, analyze it, and attempt it. The realization of a challenge is simple; recognition of it is more difficult; examination of the problem calls for a very sincere desire to overcome - but the real test of man's merit is in the last step - for the outcome of the challenge depends on the suc-

cess or failure of the attempt. We, the young people of this country see the calling of freedom's challenge - we have accepted the fact that all is not completely well, and we are searching for the answers - but we must be extremely careful in our attempt to meet this challenge. We must use the examples of the past challenges which have been met so fully by our founding fathers, we must spend much time learning the fundamentals of a free democracy, we must question ourselves and others so we may grow steadily and completely; then and only then will we be capable of meeting the challenge of freedom.

For it calls us to make the best use of our present liberty, to spread this independence to all peoples, and to insure the opportunity of freedom for ages to come.

The mastering of freedom's challenge will not be easy, but as the adults of tomorrow, we, the students of today, must begin now the preparation for our future victory. Little by little we must strive forward with our acquired knowledge and renewed strength we will meet the challenge of our time.

For we have a mountain of hope, a sea of past experiences, and a heaven full of faith - we will dedicate ourselves to the task before us and with courage in ourselves and in our principles we will answer the calling of this challenge.

Archibald MacLeish once said, "How shall freedom be defended? By arms when it is attacked by arms; by truth when it is attacked by lies; by democratic faith when it is attacked by authoritative dogma. Always and in the final act, by dedication and faith."

We will prepare ourselves to defend to the death freedom for all men and all times for we, the young America, must and shall meet freedom's challenge. The words of Franklin D. Roosevelt will echo from our mouths, "We... would rather die on our feet than live on our hands."

handicapped. Among other bills passed was one to pay a teacher training a student teacher \$200 a year, and one providing for taking of the school census every five years, rather than every year as is currently done.

Baker said that Texas schools would be allowed one teacher's aide for every 20 Classroom Teacher Units, and that the local school would probably qualify for two next year.

The new laws also provide for more extensive services in special education for the handicapped student. Floydada schools now have six units of special education classes, and the number and extent of services of these classes is expected to increase considerably under the new laws.

Also mentioned in the recent legislation was a greater need for vocational education services. Currently Floydada schools offer training in Agriculture, Homemaking and Business. More specific training will be upcoming under the new legislation.

Other bills allow schools to set a compulsory retirement age for teachers, and provide for five days per year sick leave, with no accumulation limit. Another directs that courses be taught on the dangers of narcotics and drugs.

Baker said the changes will increase local school operating costs, but that the educational benefits would certainly be great.

PETER PRISCHL, from Austria was one of the featured speakers at the Teacher's Banquet here Monday night. (Staff Photo)

Facts About New Texas Minimum Wage Act

The Act specifically applies to all employers who are reliable for payment of contributions to the Unemployment Compensation Act, with certain exemptions. It does not apply to persons

covered by the Federal Fair Labor Standards Act of 1938 as amended. Other exemptions are: members of a religious order; persons less than 18 years of age who are not High School or Vocational Training graduates, and persons less than 20 years of age who are enrolled as a student in a high school, college, university, or vocational training program; persons in executive, professional or administrative capacity; persons on commission basis as an outside salesman or collector; switchboard operators for an independently owned public telephone company with no more than 750 stations; domestics in private homes; prisoners of a state penitentiary or local jail; persons who perform service gra-

important court. While not claiming that this experience qualifies me at all to preside over the court, I feel that the experience has been most helpful. Also I have served the papers in many civil cases, and I have kept the records of both civil and criminal cases in the Sheriff's office, and all of this has helped to better qualify me to preside over your County Court.

Of course, the business affairs of the County are always very important, and I feel that my experience as a businessman in Floyd County and my wide acquaintance with the people of the County serve to qualify me to in turn serve you as your County Judge.

I am sincere in seeking the office, and if elected I promise you the very best job of which I am capable. I will devote my full time to the office. I hope to see every one of you and personally solicit your vote between now and the election. I will need the help of every one, and I earnestly and sincerely solicit your vote and your help in my race.

Sincerely yours,

Of course the Mackenzie water line will someday run along the highway, and it might be that the highway department could tap that line and get some water for the park near Muncy.

I ENJOYED seeing slide pictures from Austria yesterday at Rotary. Peter Prischl, our American Field Service student, made some of the slides and his professional photographer father made some of them.

Austria is a country of beautiful flowers, lakes and mountains. It also has much wheat country in the plains area.

I suppose Peter would enjoy seeing my slides of Austria. I guess the Tooleys had better invite him out for an evening. "You're invited," Peter!

COTTON INDUSTRY LEADERS - attending the National Cotton Mill's 32nd annual meeting in Atlanta, February 2-3, included J. D. Littlefield; Don Marble, South Plains; and Howard Alford, Lubbock. Mr. Smith is a trustee of Cotton Producers Institute, Mr. Marble is a council delegate, and Mr. Alford is president of CPI.

REMEMBER, I REMEMBER...

My First Sheriff

My first sheriff and tax collector of Floyd County was an old Daniel Webb. He was chosen in 1890 when the county was organized on May 1, 1890. He was a Kansas boy who came to Texas in 1880 to make a livelihood when his business in Kansas failed. He was one thing, before that, that if it was a law and chance seized the opportunity for so far as the office were concerned, "waited" on the court for the m. 1896, turning in his report of the tax collector on April 15, following day the min- the court show that

"several reports made and presented by the tax collector of Floyd County in final settlement be and the same are hereby approved."

In a week to a day thereafter he was dead. The record on his tombstone gives his birth date as March 4, 1864, his death as April 23, 1896. He was an announced candidate to succeed himself.

The sheriff's passing came as he was up at a cattle camp near Lone Star. He was partnering with Haines Bobbitt in some she cattle (I think) and he had gone up to see about them, after he had finished his reports to the court, clearing his records for 1895.

I never saw Haines Bobbitt but once in my life that I know of, and it never occurred to me to ask Haine's son Bert, nor Judge Duncan nor any of the many men who probably

were intimate with all the details. Anyway when the sheriff had been gone over - long a search found his dead body at the camp. Whether it was Haines, or some other person such as Deputy Sheriff Frank Anderson, found him I do not know.

DIED OF CHOLERA MORBUS

When the inquest was held the cause of his death was written down as cholera morbus. Since the symptoms of what was then called cholera morbus were similar to those of the disease which is now known as appendicitis, conjecture in later years by his brother Bascomb and others, was that the sheriff probably had an acute case of appendicitis. (There are many instances of death by cholera morbus written in family records of the southwest in the eighties and nineties.) The young sheriff was buried in Floydada Cemetery.

Dan W. Jenkins was married to Miss Ellen Powell on February 10, 1891, in Floydada, Rev. W.O. Menefee, a Metho-

Commission Says Texas Economy Remains Strong

A Texas economy that remained strong and healthy is reflected in the annual report of the Texas Employment Commission, submitted recently to Governor Preston Smith.

"The labor force continued to grow rapidly, total employment was up about 4 per cent from the previous year, and the unemployment rate was lower than in any other period covered by TEC statistics," the report indicated.

Although the actual number of unemployed persons increased slightly, the percentage of the labor force represented by these people averaged out to 2.6 per cent.

"It appears, however, that the unemployment rate may have reached its low," the report explained. "During the last four months of fiscal year 1969, the rate of unemployment was as great or greater than during the corresponding months a year earlier. This situation had not occurred previously in over five years, and may be some indication of an economic slowdown."

In 1969, TEC shifted its resources and activities in order to increase individualized job development and placement of applicants who had received employability services. Although nonagricultural placements decreased 79,193 from 1968, the change in program emphasis and special applicant services brought an increase in the number of disadvantaged persons served.

Agricultural employment hit 317,000, up slightly from the 1968 figure, but only because agricultural activity was depressed during the previous year by the aftereffects of a hurricane. Despite continuing increases in mechanization, Texas Employment Commission filled 221,500 agricultural job openings in 1969, a 3.4 per cent annual rise.

Claims for unemployment insurance dropped slightly below the 1968 level. Initial claims filed under the regular State Unemployment Insurance program numbered 189,369, with \$27,003,782 being paid in benefits. Claimants drew an average weekly payment of \$36.32,

and an average total payment of \$280.28.

The total of covered employers was also on the rise, hitting 87,024, a jump of 2,263 over 1968. The average tax rate of employers continued downward, dropping .08 per cent for 1969. A 1.2 per cent rate reduction was recently announced for 1970.

The Texas Unemployment

Compensation Fund, which is used to pay regular unemployment insurance benefits, grew by \$15.5 million during 1969 as employer tax pay-ins exceeded claim payments. The fund amounted to \$353,170,447 at the end of the fiscal year.

Although costs of ex-servicemen's and unemployed Federal employees' unemployment insurance are borne en-

tirely by the Federal government, Texas Employment Commission, as agent, paid 15,832 such claims, amounting to more than \$4 million.

Just over 646,000 new work applications were filed with TEC in 1969. Almost half of these were women (293,748), and about one-sixth were veterans (109,849).

Almost 73,000 of these new

applicants indicated a need for counseling, so TEC conducted 169,035 counseling interviews during the year. Some 133,096 aptitude and proficiency tests were administered to applicants to determine their potential abilities or attained skills.

As in the past, the Texas Employment Commission made a special effort to serve

SOUTH PLAINS NEWS by Mrs. Murray Julian

SOUTH PLAINS, Feb. 2 - Cold wave warnings are surging into our area this Monday morning, after a week of nice weather, even though the winds have been strong. The sun is shining this Ground Hog Day, so we are supposed to have more winter weather. A light skiff of snow was on the ground early this morning.

Mrs. Hugh Marble was ill and out of school Friday and Mrs. Claude Jarrett taught her 2nd and 3rd grades during her absence.

Mr. and Mrs. Don Marble left Jan. 29 by plane from Lubbock for Atlanta, Ga. where they will attend the National Cotton Council meeting held there this week. Mr. and Mrs. R. L. Holland, Nancy's parents from Lockney, are keeping Donette and Brett, while the parents are gone on the trip.

Others who have been on a vacation are Mr. and Mrs. Jim Roberts and Mr. and Mrs. Eugene Beedy who returned Saturday from a five-day holiday to Florida and a cruise to the Bahamas in a liner from Miami. They enjoyed sightseeing, and even returned with a sunburn! Mr. and Mrs. Buster Epperson stayed here and kept their grandchildren, Carl and Terry Roberts, and Mr. and Mrs. Bill Beedy stayed at the Beedy home and kept Mark and Todd.

Mrs. J. E. Woodson returned to her home in Snyder Monday after spending the past week here visiting her sister, Mrs. Frank McClure. Mrs. Woodson had the misfortune of hurting her foot on a bicycle recently and it is giving her some trouble.

Mrs. Teddy Horne's birthday was Wednesday, Jan. 28 and she spent it here with her parents, Mr. and Mrs. Sylvan Kinnibrugh. Two year old Melissa Horne remained here for a visit with her grandparents.

Another birthday celebration January 28, was that of Miss Donna McClure, who was 17. She had a birthday dinner at the home of her mother, Mrs. Jean McClure in Plainview. Her grandparents, Mr. and Mrs. Frank McClure from here attended.

Douglas Bradford resumed his studies Wednesday at Clarendon College after a weeks vacation here with his parents, Mr. and Mrs. M. M. Myers. Gary Nicholson also returned here after visiting a week with his folks, Mr. and Mrs. Reed Nicholson and family.

Mr. and Mrs. Early Pritchett and Steve left shortly after church Sunday for Aiken where they shared in a dinner celebrating the return of Early's nephew, Leroy Titus, who just returned from his stay in Vietnam. They all spent the afternoon and evening at Early's sister, Mr. and Mrs. Melvin Titus at Aiken.

Boy Scout Troop #358 with their leader, Mike Wood, left Friday after school for Post, where at Camp Post BSA, two miles south of Post, the boys camped out over night and came home Saturday evening. The boys took their bed rolls, tents, and food, and did their own cooking, and camp making. Rev. W. L. Trice took the boys down, and Mike stayed with them. Those going were Marc Smitherman, Stanley Nicholson, Mike Reeves, Gary Sanders, John Mark Trice, Steve Pritchett, Larry Bradford, Maury Probasco, Ronnie Stewart, Mike Marble and Randy Calahan.

Mr. and Mrs. Ronnie Upton from near White Plains, New York, will make their home in Amarillo, where Ronnie will be employed with Western Data, Inc. Since their home in Amarillo is still rented until July, his parents here, Mr. and Mrs. Raymond Upton, went up to Amarillo last week and found a house for them until theirs is ready. Mr. and Mrs. Jimmy Upton spent Saturday night and Sunday here with his parents, then visited Sunday evening in Floydada before going home to Canyon. Mrs. Upton's sister, Jody Johnson, is staying with them in Canyon and going to business school. Jimmy recently was graduated from WT in Canyon.

Boy Scout Troop #358 has been loaned the use of the former Lockney Cooperatives Cafe here in South Plains and the boys plan to use it as a meeting place. Mike Wood is Scoutmaster. I know boys and their leader are grateful to the Co-op for letting them have the use of the building. The cafe closed last week.

Mrs. Deral Young and Mrs. Kenneth Bean have been working on the March of Dimes for this community, and have finished their canvassing of the area.

Mr. and Mrs. Kendis Julian and girls were hosts at their home Thursday for a Mexican supper for his parents, Mr. and Mrs. Murray Julian and Mr. and Mrs. Bruce Julian. Her mother, Mrs. Poyner Roberts of Floydada spent the past week end here with the Julians, and attended church services Sunday, and the ordination services here Sunday afternoon.

Tuesday visitors with Mr. and Mrs. Alvin Nichols were their daughter, Mrs. Glen Whitfill and Cindy Whitfill of Sweetwater, who went Wednesday to

Canyon where she registered at WT for the coming semester. They went back to Sweetwater, and she returned to Canyon Monday for classes.

Visitors at the South Plains Baptist Church Sunday morning were Mr. and Mrs. Jimmy Upton here with the Raymond Uptons, D'Ann McClure, here with Mrs. F. M. McClure, Mrs. P. L. Roberts with the Kendis Julians, and Tommy Powell with the Tillman Powell family. It was good to see Mrs. Don Probasco again after she had been out many weeks with illness.

Ninety-five were present for Sunday morning services with more coming in for church.

Mrs. N. C. McCain, mother of Mrs. Fred Fortenberry, was able to be brought to the Lockney Hospital Saturday p. m. from the High Plains Hospital where she underwent a goitre operation Tuesday of last week. She has been quite ill and the

family are happy to have her close to home.

Mrs. W. L. Trice left Tuesday for Albany where she has been staying with her mother, Mrs. Minnie Childers, who also underwent a goitre operation last Friday. She was to be brought home Tuesday, Mrs. Trice will stay as long as she is needed.

Mrs. Dona Williford, 75 of Tracy, Calif., mother of Mrs. Grigsby Milton of our area, also underwent surgery last week for removal of gall bladder. We hope she, as well as all the others, are getting along fine. Murray Julian and Kendis Julian are in the process of digging a three acre tank on their farm, and making a water return system.

The John Deere men have been doing experimental work in test plots on the Marble Brothers land here the past two weeks.

Mr. and Mrs. Travis Young,

Kenneth, Lori, Shandra and Kirk went to Plainview Saturday afternoon where they attended services for Travis' cousin, Randy Pannell, in the First Baptist Church. Randy had been reported missing in Vietnam for the past year and his body was found last week.

Parents of Randy are Mr. and Mrs. Franz Pannell. Wegrieve with all those who have lost loved ones in the war zone.

Will Upton, brother of Raymond Upton, is still in the hospital in Hereford. Word has come from Raymond's niece that he seems to be improving.

Mr. and Mrs. Shelby Calahan and her mother, Mrs. Gilbert Bean of Lockney, left after church Sunday morning for Canyon where they spent the afternoon with the Calahan's daughter and husband, Mr. and Mrs. James Norrell, Mr. and Mrs. Jerry Calahan, also of Canyon, spent Friday night and Saturday here with the Calahans, and Sunday they went to visit her parents near Floydada. Jerry begins college classes Monday at WT.

Mrs. L. T. Wood was confined to her home through the week

with bronchitis, but she was able to be out Sunday.

Mr. and Mrs. Grigsby Milton and Darla left here after school Friday evening and flew to San Angelo where they attended over the weekend the winter meeting of Flying Farmers and Ranchers. They returned home about 1 p.m. Sunday, Saturday they all had steaks at Lowake, and enjoyed a banquet Friday evening in San Angelo.

Tommy Powell left Sunday evening from Lubbock for Offutt Air Force Base, Omaha, Neb. He had been home on business several days, and visiting his parents, Mr. and Mrs. Tillman Powell. Mrs. Powell and Tommy visited in the home of Mrs. Murray Julian Friday afternoon.

Mr. and Mrs. J. P. Taylor attended funeral services Tuesday afternoon in Floydada for Miss Sadie Marie Holmes.

Mr. and Mrs. Murray Julian plan to leave Wednesday morning for Hollywood, Florida, where they will be visiting for several weeks at the home of his brother, Mr. and Mrs. C. L. Julian. They will also visit a niece and nephews there, as well as many old friends. They

will go by car, and plan to spend some time sightseeing both going down and coming back.

Thursday morning it was 20 degrees here, and windy. Friday morning it was 16 degrees.

Mr. and Mrs. Bruce Julian moved to Perryton to make their home last Friday. Mr. and Mrs. Kendis Julian accompanied them and all took a load of furniture and belongings. Bruce will be associated with the law firm of Allen, Allen and Gaines, Lawyers, in Perryton. He began work there Monday.

Dr. Fred Howard taught the Book of James at the Baptist Church here Monday night through Wednesday night. Around 31 attended the study each night. Those who did not get to come to the lectures missed a great treat.

There was an Ordination of two deacons at the South Plains Baptist Church Sunday afternoon. People of the church, friends and relatives were present for the ordination of Fred Fortenberry and Kendis Julian. Dr. Strauss Atkinson, area Missionary, preached the ordination sermon.

TWO FLOYD MEN INDUCTED INTO

Two Floyd County men were among eight from Texas Local Board No. 45 who reported at 7 a.m. this morning for induction into the armed services. The pair were Johnny Dale Rowan and Lee Edward Toler. Hale County men inducted were Charles Robert Beach, Barry Glenn Wayne, Jr., Lloyd Dale, and the local board was called to order by R.L. Nichols, who presided over the pre-induction ceremonies today.

Everyone is extended an invitation by C.M. Lyles, president of the organization.

Floyd Residents Lag In Auto Registration

"With approximately three months left until the April 15 deadline for obtaining inspection stickers, only 20 per cent of the registered vehicles in Floyd County have been inspected," stated Major C.W. Bell, Regional Commander for the Texas Department of Public Safety.

"This will be the last year for an April 15 deadline as the Texas Motor Vehicle Inspection Program has gone to a year-round inspection program. The new stickers will display the number of the month in which the vehicle was inspected and will be valid through that month of the following year," added Major Bell.

Two items have been added to the inspection list - the exhaust system and the exhaust emission system. A car must now have a muffler and it must be free from leaks. All cars manufactured in 1968 or later coming from the factory equipped with the emission system (commonly known as the smog device), still must have the device connected and in working order.

Floyd County now has seven official inspection stations that are ready and capable of handling the inspection of vehicles in this area if owners will not wait until a few days before the deadline.

dry up, lady!

Think about it. Your biggest complaint about ashday is probably the clothesline time. With a family, it gets to be a hang up. You can spend a big part of your life hanging out T-shirts, mini-skirts and Hubby's socks. And sheets, and jackets, sweaters, bedspreads... even curtains. Not to mention the unmentionables.

You don't like lifting, lugging and wrestling loads of heavy, wet wash to the backyard. Then there's always the weather. Now's the time to do something about this bundle of problems with a GAS clothes dryer. A gas dryer does five loads of clothes for the price of one load in an electric dryer. So, dry up with gas.

FIRST CHRISTIAN CHURCH

Faith Must Have Undergirding Of Knowledge

Three groups endanger the perpetration of our faith. First, there is the unintelligent Christian. Lack of intelligence is always a mark of danger. An unintelligent electorate breeds political corruption - an unintelligent leadership breeds confusion and reaction. An unintelligent Christian is no less harmful.

Faith must have the undergirding of knowledge. An element of mystery always will be present in our religion, but Christians must be intelligent. They must know something concerning their history. They must know something concerning the great ideas and beliefs of our faith. They must know something concerning the book which to us is the word of God. This does not mean that we want Christians to be traditionalists, wedded and chained to all the yesterdays. It is a question of Christians knowing the truth, since only the truth can make us free.

Secondly, tomorrow is imperiled by unbelieving Christians. Too many of us are Christians in name but not in fact. The other day a young woman was speaking over the radio about religion and said, "It does not matter what we believe. The only thing that matters is what we are." I would disagree for ultimately we are what we believe. Christians who believe that the only thing that matters is conduct are joyless Christians. To them Christianity is only another philosophy. It brings neither joy nor gladness, but only duties.

But Christianity is principally and basically faith. It must believe in sin and its deadly work. It must believe in God's infinite and unceasing grace. The church and the Kingdom of God have suffered enough from unbelieving Christians.

Tomorrow is imperiled also by Christians without convictions. To our shame be it said that environment is altogether too often stronger than we are. What we need, therefore, are not contentions but convictions. There never was a time when a man could stand up to the tempting lures of life without some great convictions. He certainly cannot do it today. No young person can be expected to go through the perilous days of finding himself and emerging without some great convictions. No man in public life can make his way through the maze of temptations and cross openings without some great convictions. No home can stand the test of today's strain without some great convictions. It is tragic that our environment so often is stronger than our convictions.

These we cannot endure, because these imperil our tomorrow: (1) Christians that are unintelligent, (2) Christians that are unbelieving, and (3) Christians that hold no great convictions.

BUDGET DOLLAR — The Bureau of the Budget Monday released this breakdown of the budget dollar following President Nixon's signing of the \$200.8 billion money bill, which later went to Congress. It contains more money for human resources. (AP Wirephoto)

VENTURE Water Plan udy Funds Budget

WASHINGTON — A report for \$1,245,000 to construct the West Texas and New Mexico water study study emerged as the public works item in the region as President Nixon disclosed his new Monday.

The study has been pushed the past several years by George Mahon of the Appropriations Committee, which during the will pass upon all items in writing.

The study is a joint venture of the Army Corps of Engineers, which proposed \$300 for its share, and the Interior Department's Bureau of Reclamation, which asked Congress to appropriate \$545,000. The total \$845,000 more was allocated for the study last year.

Two years ago, Interior said that the Mississippi was the most feasible from which to bring into the arid areas of New Mexico. The study also includes a request for \$676,000 continuing the study of

the water needs of the Lower Mississippi Valley. Requirements of states along the great river would have to be met before any water could be removed from the area.

Mahon said, "I am pleased that the budget is agreeable to the continuation of this highly important study and proposes to push it on to completion." Target date for finishing the report is sometime after July 1, 1971.

Other Requests

Otherwise, dollars for public works projects, other than routine operations and maintenance money, were in short supply in the second Nixon budget.

The President asked for \$20,000 to continue a general investigation into flood control along the Canadian River in Oklahoma and the Texas Panhandle.

Mahon noted that the budget also carries a request to continue the boll weevil barrier program, important to West Texas cotton farmers, but he added the figure for the program is not identifiable at this point, being lumped in with other Agriculture Department requests.

Increase In Farm Prices Recorded

WASHINGTON — Prices that farmers received for their products rose one-third of one per cent during the month ended Jan. 15 and put further pressure on the administration's attempt to curb the cost of living.

The Agriculture Department said Friday the advance raised farm prices to the highest average since September 1952. They were 9 per cent more than a year ago.

Officials said higher prices for cattle and hogs contributed most to the increase.

Beef cattle averaged \$26.20 per hundredweight, compared with \$25.60 at mid-December and \$23.60 a year earlier.

No Red Meat Increase

Hogs averaged \$26.30 compared with \$25.70 in December and \$18.60 a year earlier.

The department said earlier this week that total 1969 red meat output did not increase

from 1968. Beef production last year rose only one per cent, while pork, veal, lamb and mutton dropped. Poultry, boosted by consumer demand for less expensive food, rose 6 per cent during the year.

Officials said in another report Friday that production of fed cattle is expected to rise moderately this spring and that larger hog output is in store during the last half of 1970.

Farm Expenses Up

The index of prices farmers received at mid-January was 287 per cent of the 1910-14 average, compared with 286 per cent in December; 263 per cent a year earlier and the record of 313 per cent in February 1951.

Farm expenses rose for the fifth consecutive month and averaged a record 383 per cent of the 1910-14 average, compared with 378 per cent in December and 364 per cent in January 1969.

veterans, handicapped applicants, youth, older workers, minority groups and smaller communities. It participated in extended service projects such as the Work Incentive Program, Concentrated Employment Program, Model Cities Program, NAB-JOBS Program, and Volunteers in Service to America.

Special programs activities of TEC were centered in four areas: Manpower Development and Training, Job Corps, Neighborhood Youth Corps, and the Cooperative Area Manpower Planning System.

TEC's responsibilities under the Manpower Development and Training Act included deter-

mination of training needs, selection and referral of applicants to training, payment of training allowances, and follow-up after training. During fiscal 1969, Texas had 120 regular institutional training projects approved, with a total of 4,193 trainees. Forty-three on-the-job training projects with 1,272 trainees were also approved.

Acting as the screening and referral agency for Job Corps, TEC referred 3,871 males and 1,584 females for assignment to centers over the nation, where youth 16 through 21 are prepared for the responsibilities of citizenship and receive employability training. Over 6,300 former Job Corps enrollees returned to TEC offices and received employment

services.

To sponsors of the Neighborhood Youth Corps, which provides useful work experience and training to disadvantaged youth, TEC referred 5,473 youth, of whom 4,256 were enrolled. TEC also provided recruiting, counseling, testing, screening and follow-up services to these youth.

Texas Employment Commission continued its participation in the Cooperative Area Manpower Planning System (CAMPS), which is responsible

for planning and coordinating efforts among Federal and State agencies whose programs are directed toward development and training of manpower.

dist minister, officiating. Sometime after her husband's death his widow married and with her second husband lived in Sutton County (I think). Bascomb Jenkins told me that her second husband was a "good man." The family here heard from her on occasion for many years.

On April 28, 1896, Frank Anderson, who had been Jenkins' deputy, was named sheriff by appointment, "waiting" on the Commissioner's Court in a special session. When he ran for the office, for himself, Anderson was beaten by a young fellow by the name of E.C. Henry, who had come to Floyd County by way of Wilbarger, from Arkansas, and settled on a section of land in the Roseland School District.

Vets Not Asking VA Insurance

The Veterans Administration said today that thousands of disabled veterans are not taking advantage of valuable low-cost insurance available to them.

RH National Service Life Insurance is available to veteran separated from service after April 24, 1951, who have been rated by the VA as having Service-connected disability.

Applications for RH insurance must be submitted within one year from the date VA establishes the disability.

VA insurance office in Philadelphia or St. Paul inform each

veteran that he may apply for low cost insurance at the time of his VA examination. The opportunity for a veteran to add to his private insurance with a private policy may be too high. Disabled veterans to get additional insurance from their local VA office as soon as possible. County see County Service Office.
