Thursday Showers Bring County Needed Moisture

Rain Skipped Some Parts Of County

Summer rains have come again to Mitchell County. Landers Community reported up to 2.5 inches in Thursday morning showers. In some areas, however, only traces were reported.

At noon Thursday, heavy rains were falling near Silver, 27 miles south of Colorado City. J. L. Harder, of the Sun Oil Production department there, said Big Silver Creek was "bank full" of water, which came from a heavy rain northeast of Silver. He indicated the rains were not accompanied by any high winds.

Early Thursday morning, Colorado City, at the courthouse rain gauge, received .69 inches of rain. Wednesday, the gauge read .15, Monday .05 and last Friday .02, for a total of .91 for a 7 day period. The town has received 2.54 inches of rain since July 1.

The Thursday morning rains were concentrated in the area south of Colorado City. Rains were lighter north and west of the town.

Jessa C. Northcutt, at Spade Community, reported 1.06 inches in showers Tuesday and Thursday. He said the area had not been too dry, but that "we can always use a good rain."

From Rendonbrook Ranch, 25 miles south of town, Otto Jones reported 1/2 inch of rain, which fell Thursday morning at about 2 o'clock. He said the rain would be a great help, as the area had been very dry.

Over 2.5 inches of rain soaked Landers Community in the early morning hours of Thursday, according to W. W. Holman, who farms 15 miles southeast of Colorado City.

"We weren't suffering, but the rain sure looked good," Holman said.

Northwest of the city, in Rogers Community, about 4 inches of rain was reported by See RAIN, Page 5

Illness Fatal To Mrs. Dorn, Local Pioneer

Mrs. Marvin Dorn, 84, died Wednesday night at Root Memorial Hospital. She had been ill for several weeks.

Mrs. Dorn was born January 22, 1878, in Lavaca county, and came to Mitchell County before her marriage to Marvin Dorn in January, 1901.

Funeral services will be Friday afternoon at 2:30 in the First Methodist Church in Colorado City. Rev. Darris Egger, pastor of the First Methodist Church, and Rev. T. C. Jackson, of Big Spring, will officiate.

Burial will be in the Dorn Cemetery under direction of Kiker and Son.

Mrs. Dorn was a member of the Dorn Methodist Church. She had lived in Mitchell County for over 60 years.

Mrs. Dorn is survived by her husband, two sons, Lovic Dorn, of Westbrook, and Lee Dorn of Dorn Community, one daughter, Mrs. Irene Conway, of Corpus Christi, 4 sisters, Mrs. R. E. Simpson of Lamesa, Mrs. Eva Petty, of Dallas, Mrs. R. House, of Lubbock, and Mrs. Emma Cowden of Ruidoso, New Mexico. She is also survived by 4 grandchildren and 4 great-grandchildren.

2 Men Fined For Theft and Drunk Driving

Two men plead guilty in county court Monday to separate charges of theft and driving while intoxicated.

Eugene Scott, of Colorado City, entered a plea of guilty to a charge of taking a new automobile tire from Leonard Henderson's service station Sunday. Judge Elmer Martin assessed him a fine of \$25, the cost of court \$27.50, and sentenced him to 15 days in county jail.

Ray Guerrero-Silvera, also of Colorado City, plead guilty to driving while intoxicated. Judge Martin fined the man \$75 plus court costs, and sentenced him to serve the mandatory 3-day jail term.

Services For Mrs. Snively At Lingleville

Mrs. Paul Snively, 77, 301 Concho St., died at Root Memorial Hospital Saturday at 2:30 p. m. after a short illness.

She was born in Fannin County, July 27, 1884. She and Paul Snively were married on December 20, 1908 in Lingleville. They came to Colorado City in 1909.

Mrs. Snively was a member of the 5th and Elm St. Church of Christ.

Survivors are her husband, See SNIVELY, Page 5

Tragedy Avoided

The two upturned dump trucks pictured above suffered most of the injuries when they collided Tuesday. The driver of the lower truck is in Root Memorial Hospital with extensive bruises. He is L. H. Eaton, who attributed his escape from serious injuries to "a miracle." J. N. Williams, who drove the smashed truck in the upper picture, was not injured. He gave credit to the seat belt he was wearing for saving him from serious injuries. Both men are employed by Collins Construction Co., of Austin, on the Interstate 20 bypass construction here, where the accident took place.

OVER 460 COUNTY FARMS IN PROGRAM

Conservation Program Adds 136 "New" Farms

Committeemen of the 1962 Agricultural Conservation Program have added 136 farms for participation in the program, according to Orrion J. Linam, chairman, Agricultural Stabilization and Conservation County Committee.

Over 460 Mitchell County farms — about 45 percent of county farms — are participating, he indicated. In 1961, 321 farms, or about 35 percent participated.

The goal of the drive is to get farmers who have not in recent years done conservation work on their land to participate in a project this year. Mitchell County's goal was "one new farm for each of the 21 committeemen."

"This is definite progress,"

Linam stated. "When the drive started, it was suggested that each ASC committeeman accept responsibility for getting one additional neighbor farmer to carry out one needed conservation practice on his farm in 1962. The national goal was to get 100,000 such farmers to take this step. Committeemen willingly accepted this challenge, and they have unselfishly devoted many hours to the work necessary to meet the goal."

In 1961, Mitchell County farms had 25,548 acres under various conservation projects, Linam said. This was about 59 percent of the county's farmland. The new figures will raise the total to well over 60 percent of County farm land.

The average cost-share for conservation under the 1961 program was \$216 per farmer, including increases for small cost-shares and advances made for conservation services, Linam added.

BURGLARIZED VFW HALL

Two City Youths Admit To Burglary

Two 16-year-old Colorado City youths Monday admitted before County Judge Elmer Martin in Juvenile Court that they took several cases of beer, cigarettes, some pliers, and about \$10 in cash from the Veterans of Foreign Wars hall last Wednesday.

They were arrested by local police as the result of investigation.

Police placed the time of the burglary at about 1 a. m.

The boys were sentenced to indefinite terms at Gatesville Training School for Boys; the sentences, however, were suspended by the court. Martin said that the youths, by continuing misbehavior, could cause the sentences to be enforced.

He placed the boys in the care of their parents. They are to see that the boys observe a 10 p. m. curfew, stay in the limits of Mitchell County, and report to the juvenile judge two times a month.

A third youth, 18-year-old Jasper Joe White, also of Colorado City was arrested and charged with the same felony according to acting county attorney Weldon Kirk.

As his age places him over the limit which encompasses "juveniles," he cannot be tried in the youth court.

White waived examining trial Monday. His bond was set at \$1,000 by Justice of the Peace T. E. Arnold. Date for trial had not been set Tuesday.

Woman Seriously Injured In Interstate 20 Accident

A Midland woman was seriously injured late Tuesday evening in a one-car accident about 6 miles east of Colorado City on Interstate 20.

State Highway Patrolman Buddy Hertenburger said the 1959-Ford sedan the woman, Mrs. Rosa Nadine Wofford, was driving hit a culvert between the two one-way strips of the highway. The car was demolished.

She was admitted to the Root Memorial Hospital around midnight Tuesday. Wednesday, hospital officials said Mrs. Wofford was in "very serious, critical condition."

Come One, Come All...

Colorado City's Industrial Team, Inc., has had the sign pictured here erected on the Interstate 20 bypass north of the town. It is part of their "Industrial Prospects" program, designed to bring new industry to Colorado City. The sign, which has a duplicate on the reverse, is 42 by 12 feet in size. When the picture was taken Monday, the sign lacked some details, such as an arrow pointing in the direction of the town. It has since been completed.

AT BAKER HOTEL SHOW

Brush & Palette Club To Exhibit Art Wares

Local artists — realists, surrealists, dabblers, and "pros" — will have a chance to show the products of their talent next month — if they are members of the Brush and Palette Art Club.

The club will have an exhibition in the Baker Hotel Sunday August 19, according to Mrs. T. P. Barry, of the club's publicity committee.

The affair will be an exhibit only. No prizes will be given nor will there be any competition.

Paintings of local art club members will be shown, and will be identified with the artist's name, name of the painting and by the medium used, such as oil, pastel, or charcoal. Mrs. Barry said the club expects to show about 60 paintings.

The exhibit, which will be in the lobby and Terrace Room of the hotel, will be open to the public from 2 to 5 p. m.

This show is preliminary to the upcoming West Texas Art Association's annual meet, which will be held in Civic House September 9. The WTAA meet will feature West Texas artists and their paintings in a competitive show.

About 30 paintings will be chosen from the exhibit to make a curatorial art show trip around West Texas. The 20 "best" pictures will be exhibited in Austin. The date was selected so as not to interfere with the local football game schedule, as it did formerly.

The art club chose committee members and committeemen in preparation for the August 19 show Monday evening in a business meeting in the recreation center.

The names of the various chairmen, committees and committee members follow:

General Chairman — Mrs. Chester Hart.

Vice-Chairman — Mrs. Peggy Bagwell.

Arrangements Committee — Curtis Baker, chairman, Carl Bell, Mrs. Frank Ramsdell, Miss Violet Moeser, and Mrs. Bob May.

Publicity Committee — Mrs. T. P. Barry, Mrs. Anne Cook, and Mrs. Pat Kelly.

Registration Committee — Mrs. Dick Gregory Jr., Mrs. T. P. Barry, and Mrs. R. H. See ART SHOW, Page 5

SAYS CHAIRMAN, STATE BOARD OF PARDONS & PAROLES

Inmates' Family Problems Face Members Of Board

BY PEGGY BELVIN Record Staff Writer

"The prisoner's impoverished family is often the biggest problem facing the members of the State Board of Pardons and Paroles," stated Pat Bullock, former Colorado City businessman and member of the board for 5 years. He was named chairman of the board year before last.

The above statement was made by Bullock when he was asked what the biggest emotional problem was that stemmed from his work as a member of the board. "The inmate is well-fed and comfortable in the prison," he continued, "while his family is left to fend for themselves. Often the prisoner's wife is burdened with small children and is unable to work. All prisoner's families do not receive relief help, and those who do receive the approximate amount of \$90 per month. Many are forced to live in conditions far worse than those the inmate has in the prison."

When asked if the weight of a decision as to whether a prisoner is executed or is awarded clemency was a source of worry, Bullock replied, "Of course, it is a source of worry. We worry if we have not permitted a stay of execution for a prisoner and future evidence may prove he is innocent, or if a prisoner has been awarded a pardon or a parole and proves himself to be unworthy. But we do all possible to make the right decisions both ways. We do not pass sentence on a man, nor do we pronounce him guilty. The judge and jury do that. We cannot make ourselves feel responsible that a man is condemned to life imprisonment or is sentenced to die. We can only work with our evidence, case histories, and use our

judgement to decide which is the right decision. The majority of the public does not understand this. They do not understand that we must have reasons, good reasons, before we can revoke a man's sentence. If we can find any reason to justify voting to commend that we must have

Well, Teague Rites in Home Ceremony

Mr. and Mrs. Jerry Don Teague of Brownwood, cousin of the groom, was best man. For the wedding trip, the bride chose a beige ensemble of linen. It featured a sheath skirt and trim in brown. She wore bone accessories. A reception was conducted after the wedding. The refreshment table was clothed with a lace tablecloth over blue. A crystal punch bowl and an arrangement of white and blue daisies was the setting for the tiered wedding cake. Miss Marsha Teague and Mrs. Linda Weise, sisters of the groom, presided at the refreshment table. The bride is a graduate of Colorado City High School and San Angelo College. She will be an August graduate of Howard Payne College in Brownwood with a BS degree in elementary education and art education. She is a member of TSEA and Alpha Rho Tau. The groom is a graduate of Brownwood High School and attended Howard Payne College. He is an engineer for the Southwestern States Telephone Company in Brownwood. After the wedding trip, the couple will be at home at 1203 8th St. in Brownwood.

MRS. ROBERT JOEL TEAGUE nee Mary Ann Caldwell

147 Present At McCarley Reunion Here

One hundred forty-seven members and friends of the family of the late A. J. McCarley met at the Community Center Sunday for a reunion. Members of the immediate family present were: Mrs. S. H. Hart of Loraine, Mrs. Ed Watson of Lubbock, Mrs. C. L. Hudson and A. K. McCar-

ley of Colorado City and A. L. and Grady McCarley of Andrews. Tom McCarley of Bell, Calif. was unable to attend.

Out-of-town members were from Lubbock, Midland, Andrews, Iraan, Odessa, San Angelo, Loraine, Westbrook, Sweetwater, Floydada, Fort Worth, Pasadena, Happy, Abilene, Friona and Ruidoso, N. M.

Sherry and Sue Long of Colorado City spent two days last week in the home of their great grandmother Mrs. Cora Hall.

Group Visits Fort Worth

Mrs. Gloria Crowder and children, Preston, Roger and Linda and Mr. and Mrs. Tom Keeling have just returned from a 2-day vacation trip to Fort Worth. The group visited the "Six Flags Over Texas" amusement park while there.

IN CARLSBAD, N. M. CHAPEL

Miss Brown, Robert House Wed In Informal Rites

An informal ceremony performed in the Bethel Baptist Chapel in Carlsbad, N. M. at 4 p. m. June 8, united Miss Charlie Brown of Levelland in marriage with Robert Dale House, also of Levelland. The bride is the daughter of Mr. and Mrs. J. D. Brown 111 East 13th St. in Levelland and the groom is the son of Mr. and Mrs. O. R. House, 845 E. 6th St., Colorado City.

The double-ring rites were read by Rev. Moffett, pastor of the church. The bride wore a white satin gown featuring short sleeves, a fitted bodice, round neckline and a full street-length skirt. She wore white accessories and a white carnation corsage.

The bride is a 1956 graduate of Levelland High School. She is employed with the CPA office in Levelland. The groom is a 1950 graduate of Colorado City High School. He served 2 years with the U. S. Army. He attended Sul Ross College in Alpine and received his BS degree in 1959 and his master's

degree in 1960. He is an industrial arts teacher at the Levelland High School. The couple resides at 1709 Grant St. in Levelland.

Mrs. House was honoree at a bridal shower recently in the home of Mrs. R. B. Cain, 1636 Locust St. Mrs. House wore a white dress fashioned with a fitted bodice and a full skirt. She wore white accessories and a white carnation corsage.

The refreshment table was covered with a white Italian-cut cloth and was centered with an arrangement of blue iris and white stock in a footed milkglass-epergne. Appointments were in crystal and silver. Mrs. Cain greeted guests and presented the honoree. Mrs. Geraldine Corbell, sister of the groom, presided at the registry. Assisting at the serving table were Mes. Howard Cain, Mack Key, J. V. Howard, Ben J. B. Buckner and Ray Bell. Other hostesses were Mes. Cecil Clark, Hank Bryant, J. L. Schafer, Jr., W. C. Har-

grove, H. G. Neal, A. C. Pruitt, Mack Key, J. V. Howard, Ben Hodges, T. W. Tilley, G. M. Thomason, R. L. Ramage and J. E. Simpson.

Mrs. Taylor Speaks To H. D. Club

Mrs. Cricket Taylor, County Home Demonstration Agent, was guest speaker for the Friday meeting of the Fairview Home Demonstration Club in the home of Mrs. E. T. Strain.

Mrs. Taylor spoke on the subject, "Cholesterol". She discussed the effects of cholesterol saturated and unsaturated fats, on health. "The American people," she said, "are the best-fed people on earth and have the highest rate of heart trouble than any people on earth."

"A normal person of good health should follow a well balanced diet. An overweight or a diabetic person should cut down on fats and oils."

In the business session, the yearly encampment was discussed. It was announced that the date for the affair had been set for Aug. 23 at the Lone Wolf Electric Building. Mrs. Earl Hunter presided at the meeting.

Refreshments of punch and cookies were served to the following members present: Mes. Sam Armstrong, W. C. Berry Hunter, L. A. Strain, J. C. Womack, O. L. Simpson, W. W. Jenkins, C. C. Berry and to the guest, Mrs. Taylor.

Cancer Drive In County Is Successful

"We could not have bettered our best except with the leadership of counties like yours which adopted and accomplished this goal."

Dr. G. V. Brindley, Sr., chairman of the American Cancer Society, Texas division, made the statement in a letter to H. I. Berman, Colorado City Cancer Crusade chairman for 1962.

Brindley said that Mitchell County is one of 83 counties in the state which have accomplished the "special goal" of the 1962 Crusade in "bettering their best." Mitchell County total was \$2,859.61. Last year, the total raised was \$2,757.99.

He called the educational and fund-raising campaign here an "outstanding success."

Brindley said that the society is this year spending \$1.10 for every \$1 contributed by Texans.

Party Honors Larry Bagwell On Birthday

A birthday party was held by his parents honored Larry Bagwell on his 7th birthday Saturday.

Larry is the son of Mr. and Mrs. Bobby Bagwell, former Colorado City residents, now residing in Roswell, N. M.

Games were played and refreshments were served to Janice Loeppke, Glen Thompson, Karen Smith, Carl Lupel and Russell Gough.

Larry is the grandson of Mr. and Mrs. M. A. Walls of Colorado City and Mr. and Mrs. Clyde Bagwell of Snyder.

Mrs. Christon Host To Church Class

The Ready Sunday School Class of Calvary Baptist Church met in the home of Mrs. Tommy Christon, July 5, for their regular monthly meeting.

Games of Bingo were played. The table was decorated in a color scheme of red, white and blue. An arrangement of chrysanthemums and a cake decorated to duplicate the flag of the United States centered the table and completed the Independence Day motif.

Refreshments of cake and soft drinks were served to the following members present:

Mmes. Gloria Bowler, Neil Rogers, Jimmy Bolin, Billy Munciel, Jackie Pylant and the hostess.

D. E. Snow Guests

Recent guests in the D. E. Snow home, 140 W. 9th St., were their granddaughter, Mrs. N. L. McKinley; their great granddaughter, Charla Jo Allen of Winslow, Ariz., and the Floyd Ratliff Family of Gallup, N. M.

Mrs. Ratliff's granddaughter and children, Ronnie and Joanna remained for an extended visit while Ratliff returned home and their older son, Bill, returned to the U.S. Naval Academy after a month's leave.

Attend Abilene Air Show

Mr. and Mrs. W. C. Hargrove and son, Lynn, visited in Abilene last Saturday and attended the Air Show there. The group then went to Albany to visit relatives. Sunday, the family visited Mr. and Mrs. Donald McCullough in Burkburnett. Accompanying them to Burkburnett were Misses Nancy and Fanny McCullough of Albany.

DOWNTOWN COLORADO CITY

Local Fans' Double-take Colts' Game

BY MRS. ALTIS CLEMMER
Record Correspondent
WESTBROOK

— Superintendent and Mrs. Herman Parsons, their daughter Melanie, and Coach and Mrs. Jerry Cunningham, attended the game between the St. Louis Cardinals and the Houston Colts baseball teams, in Houston last weekend.

The parties left separately—the Parsons Friday morning, and the Cunninghams Saturday morning.

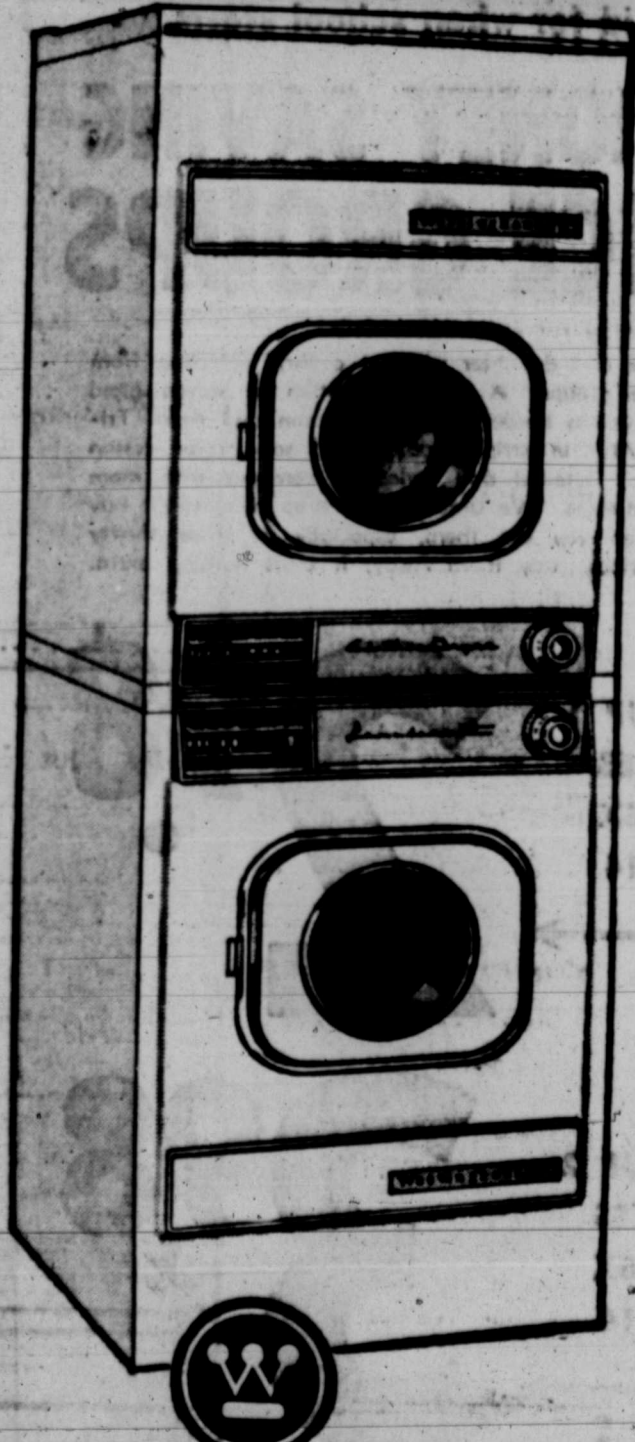

Neither family knew the other was attending the ball game, so it was mutual surprise for both when they met.

— In the midst of 20,000 other fans in Colt Stadium.

one son, Laurence Snively of Mansfield, Pa., two daughters, Mrs. Mabery Willbanks of Colorado City, and Mrs. R. M. Hardison of Houston, two brothers, Fred Haggard of Stephenville, and Allen Haggard of Woodenville, Wash., one sister, Mrs. Ansel Moss of Lingleville, and 5 grandchildren.

Funeral services were at the Fifth and Elm Church of Christ at 10 o'clock Tuesday morning, E. H. Masters officiating.
Burial was in the Lingleville Cemetery in Erath County, under direction of Kiker and Son. Pall bearers were Stanley Hamner, John Hale, J. W. Watson, G. D. Foster, A. V. Sheppard, and Ather Ellis.
Brother Ralph Starling of Stevenville officiated at the burial rites in Lingleville.

Weekend guests in the home of Mr. and Mrs. Roy Richards were her brother and wife Mr. and Mrs. E. L. Hazel Wood and twin daughters of Hobbs, New Mexico. Also a sister Mrs. Bennie Williams accompanied them. They also visited in the W. D. Cane home. Other guests in the Richards home were Mr. and Mrs. Maurice Coldeway and Mr. and Mrs. Charles Pruitt of Midland.

BULLOCK -

Continued From Page 1

mute a man's sentence, we will do it, but, many times, there is no reason.

In explaining the creation of the board, Bullock said, "Until 1937, the governor had sole authority to release prisoners on parole or pardon. There was a lot of the public who thought the governor was misusing this power, so the people voted an amendment to the constitution that created the State Board of Pardons and Paroles. The people made this amendment part of the constitution, and this amendment provided that the board should consist of 3 members. One of the members would be appointed by the governor, one appointed by the Chief Justice of the Supreme Court and one by the presiding officer of the court of Criminal Appeals of Texas. In this manner, no one man can control the actions of the board. Members are appointed for 6-year terms, with terms staggered", Bullock explained.

"Duties of the board are to decide when and if an inmate should be paroled from the Texas Penitentiary. The main penitentiary unit is in Huntsville. There are 11 other units, located from 50 miles north of Huntsville to the Gulf Coast.

"Up until 1957, there was no parole supervisor in Texas. At that time, the board was able to review cases of approximately 750 inmates per year. In 1957, the parole supervisor program was set up, which provided that the board would appoint a director of paroles that would furnish and allow 70 parole officers to be placed in the state to supervise activities of the parolees.

"These 70 men are required by law to have a college degree, be not less than 26 and not more than 55 years of age and have 2 years of actual experience in supervisory work. "Parolees are usually inmates serving from 2 years to life, who have served a portion of their sentences. His pre-prison history and prison history must prove him worthy to be allowed to live as a free citizen.

"A check on the 2600 men paroled last year that are now under supervision, shows that only 18% had to go back to prison for parole violation and less than 3% went back for readmittance of crime. The 82% who made good, saved the state \$2 million. It would have cost this amount to keep them in prison and care for their families by relief. They contributed more than \$10 million in wages earned. The supervision of the parole officers is a big part of the rehabilitation program.

"The board, in the case of a condemned man, have until the last minute before execution to change their minds and grant a stay of execution. Any district judge or state or federal judge can grant stays. As long as the case is in court, the board studies the inmate's record.

"The governor has the power to reject a recommendation of parole or pardon given by the board. But, he cannot grant a parole or pardon unless it is recommended by the board. In addition to paroles, of

which the board studies approximately 1,000 cases per month, they also have the power to grant executive clemency, which includes full pardons, commutation of death sentences to life imprisonment and jail sentences. More than 1,200 emergency cases cross the desks of the board members each month. A case of this kind would involve an emergency in the inmate's family, his health or other factors. Therefore, more than 2,200 cases are reviewed by the board each month. In addition an average of 200 persons appear before the board each month to plea for clemency for prisoners. The board members confer with each visitor.

"There are 10,191 parole officers who live and work in the prison and interview each inmate considered for parole or any type clemency. They present detailed reports on each interview to the board. The board members do not actually talk to the prisoners, but review histories and reports.

"Each member of the board acts independently. The only time they meet together is in hearings, to discuss policies, to listen to visitors' pleas and at staff meetings.

An IBM system is used for files. Bullock first reads and reviews each file and marks his decision on the file. It is then passed to each member separately and they in turn review the case and mark the vote of the vote is given as the official vote of the board. Only a brief summary of the case history of the prisoner, in addition to each attorney's notes, are presented on the file. Each member studies the file for approximately 30 minutes. The files, however, are often studied many times before a decision is made.

"When asked if publicity, by printed word, by personal conversation or by newscasts, altered their decision in any way, Bullock replied, "News publicity, of any kind, in a case like this, has little or no bearing on our decision. The news is only what one person has told another, and we have all the facts pertinent to the case at hand, so they are of little importance."

"In a case where a condemned man has been denied clemency," Bullock continued, "our telephones often ring continuously until the moment of execution. But we must make the decision we sincerely believe to be the right one, and we must make it alone. If a wife or child comes to us begging for a prisoner's release, we listen and consider, but we cannot release a dangerous criminal, perhaps to have him revert to crime, just because of our emotional feelings."

Bullock was County School Superintendent in Scurry County, taught 8 years in the Scurry County School System, served in Austin with the State Department of Education and served in the Senate for 12 years before his appointment to the state board.

Colorado City Record, Thursday, July 26, 1962 Page 5

IN ANNUAL 4-H DRESS REVUE

Misses Holman and Beach Named County Winners

Dolores Holman and Mary Beach were named winners Friday at the 4-H Annual Dress Revue in the Lone Wolf Electric Building. Miss Holman was named top winner in the Senior Division and Miss Beach was named top winner in the Junior Division.

The girls will both compete in the 4-H District Dress Revue to be conducted Tuesday at Texas Tech College in Lubbock.

Alternates were Jean Compton in the Senior Division and Christy Stubblefield in the Junior Division.

Miss Holman won top honors in the Senior Division by constructing and modeling a 2-piece jacket ensemble. The dress was made of solid brown cotton, styled with a sheath skirt, scooped front neckline that tapered to a V in back, tiny capped sleeves and self-belt. The short jacket was fashioned of cotton in a predominantly brown and white plaid. It was styled with a bermuda collar and 3/4 length fitted sleeves.

Miss Holman showed the versatility of her ensemble by modeling it with and without the matching jacket. With the jacket, she wore brown flat-heeled shoes and carried a matching brown bag. Without the jacket she modeled gold heels and beige jewelry. Miss Holman is the daughter of Mr. and Mrs. Charles Holman, Route 3.

A dress with a fitted overdress copped first-place honors in the Junior Division for Mary Beach, daughter of Mr.

and Mrs. Grady Beach, Paynesville. The dress was fashioned from printed cotton with predominant colors of slate blue and turquoise. The dress was accented with a solid turquoise collar and belt. The dress was styled with 3/4 length full sleeves, a fitted bodice and a full gathered skirt.

The overdress was fashioned of solid turquoise cotton. It featured a rounded neckline front and back with bow ties on the sides. Miss Beach modeled the ensemble with black suede penny loafers with turquoise blue bobby sox and a black clutch bag.

Awards were given in the first-year group, who modeled skirts, to Misses Ouida Craghead, Glenda Anderson, Brenda Bodine, Linda Banks, and Marlyn Ellis.

Top score in this group was awarded to Brenda Bodine. Blouses and skirts were modeled by the second-year group. Those who received awards in this group were: Misses Ann Blackard, Sharon Harlow, Sarah Jane Harris, June Barnett, Edith Hardin, Bobby Bedford and Vicki Bodine.

Miss Vicki Bodine received the top score in this group. The fourth-year group modeled dresses or dresses and jackets. Members of this group who received awards were: Misses Mary Beach, Christi Stubblefield, Kay Lindsey and Sharon Byrne.

Senior girls, who modeled dresses or dresses and jackets were Dolores Holman and Jean Compton. The awards program is

FOR VINCENT, COMER

Engagement Told

Mr. and Mrs. W. R. Vincent of San Diego, Calif., are announcing the engagement and approaching marriage of their daughter, Eve, to Ronald Comer, son of Mr. and Mrs. L. L. Comer, 716 Vine St., Colorado City.

The prospective groom is a graduate of Spur High School, University of New Mexico and Howard Payne College in Brownwood. He is a construction superintendent for the Dale E. Webb Corporation in Las Vegas.

The bride-elect is a secretary for the same corporation in San Diego.

The wedding is scheduled for August 5 in the First Baptist Church in San Diego.

RAIN -

Continued From Page 1

Herman Minor, from his farm 10 1/2 miles north and west of Colorado City.

L. A. Browne, who farms near Cuthbert Community, 18 1/2 miles north west of Colorado City, reported only light showers this week.

"We had a nice 1 1/2 inch rain last night, and some drizzle this morning," was the statement of Sam K. Palmer, who farms 5 miles south of Colorado City in the 7 Wells Community. "It was a nice, slow rain. We really didn't need it," Palmer continued, "but we can always use rain."

Frank Kelley, from Shepherd Community, one mile south of Colorado City, reported a "good rain. About one inch, I'd guess. We really needed it, as we've missed most of the latest rains. It'll be quite a help."

"This rain might make the difference. It will help immensely," said Mrs. T. J. Geiger, who reported 6 or 7 inches in showers Thursday morning, on a farm 9 miles northwest of the city near Rogers Community.

J. W. Blasingame, who farms near Buford Community 5 miles north of Colorado City, said his area had received 6 in steady rain Wednesday night and early Thursday morning. His comment: "This will help pull us through for a little longer." The area has been very dry this year.

More than 2 inches of rain fell south of Lorraine Thursday morning according to Herbert Mearse, of the Lorraine First State Bank. He said rains were lighter north of the town. In Lorraine, just under 1-inch fell Thursday morning. Mearse said the rains "definitely will be a help - a great help."

Guests In Lewis Home

Guests in the Alva Lewis home last week were their daughter and children, Mrs. L. D. Robinson, Tommy and Bonnie Ann of Andrews.

Mrs. Lewis underwent surgery at Root Memorial Hospital recently and Mrs. Robertson is staying at the hospital with her mother. Also visiting her is her son and family of Odessa, Mr. and Mrs. Vernon Lewis, Jerry Don and Shari Leigh.

ATHLETES' FOOT GERM

sponsored by the Simplicity Pattern Company and is under the direction of the County Extension Service.

Mrs. Charlie Thompson was narrator for the program. Mrs. Homer Bodine presented the awards.

Entertainment was furnished by Kathy Anderson, who presented a reading, and by Don Browne and Johnny Baumann, who presented musical numbers.

Modeling dresses made as a result of the Basic Clothing Workshop were Mmes. Rosa Hamrick, Charles Holman and Willie Taylor.

Ushers for the Dress Revue were 4-H boys, Billy Harris, Johnny Tiller, Wesley Smith, Robert Cooper, Jack Long and Glenn Logsdon.

Precincts 1, 2

To Receive Two Graders,

Mitchell County Commissioners Tuesday accepted a combination bid for two motor graders for Precincts 1 and 2, according to County Judge Elmer Martin, who presides over the commissioners.

Separate bids and the combination bid were considered.

Western Machine Co., of Abilene made a bid of \$14,943.00 for one grader (Precinct 1) and Plains Machine Co. of Abilene submitted a single bid of \$15,237.50 for another (Precinct 2) or a total of \$30,180.50.

Plains Machine Co. made a combination bid for two Galion M104 graders, with trade-ins, of \$29,475.00. This was the bid the Commissioners decided upon.

HOME TOWN
Talk
By PEGGY BELVIN

HAVE YOU EVER walked down the 100 block of Second Street, in the downtown heart of our town, in the shiny brightness of a summer afternoon?

The sidewalk is alive with people, but not just people, but the sort of people who are termed as friends and home-town people and just all-around good folks.

The south side of the block starts with the plate glass front of **ROBERTS BUTANE COMPANY**, framed in shiny aluminum . . . and continues past an array of flower pots, dolls, stuffed toys and colorful winter blankets in the window of **BEN FRANKLIN'S** . . . knick-knacks, picture frames and decanters give a preview of what is inside at the **PAY-LESS VARIETY** . . .

The show-window bordered entrance of the **J. C. PENNEY COMPANY** leads into a world of new clothing, household goods and friendly clerks, all pervaded over by the smell of freshly-waxed hardwood floors . . . an array of items, from glitter to games, from guns to piggy banks, line the display windows of the **SPORT SHOP** . . . the white-carpeted windows of **MODE O DAY** hold fashionable items for the smartly-dressed local women . . .

The rich elegance of fine china, crystal and silver balance the display of beautiful jewelry in the marble-based show windows of the **J. P. MAJORS JEWELRY CO.** Hoos, rakes and other garden tools line the sidewalks in front of **TAYLOR HARDWARE**, and within is an array of big and small items ranging from bolts and screws to coffee pots . . . a cheery wave from the fountain employees of the **W. L. DOSS DRUG**, from behind the marble soda fountain where they are queens in a wonderland of frosted drinks and chocolate sundaes, completes the tour of the south side of the block . . .

A WALK ACROSS the street with a word or two with **DOROTHY OWENS**, the good-hearted meter maid, finds us looking through plate-glass windows upon shelf after shelf of medicines, gifts and cosmetics in **COLORADO DRUG** . . .

Chicly-dressed mannikins beckon from behind the windows of **LANDAU'S** and the smiling faces of children caught on film look out from the windows of **MANISS PHOTO SUPPLY** . . . Odors of frying hamburgers and aftershave lotion mingle on the sidewalk outside **GUNN & BASSHAM BARBER SHOP** and the **BEST YET CAFE**.

The stately beauty of the building that houses **SAM L. MAJORS JEWELRY**, shows the good taste and beauty of the items displayed inside . . . Rich wood paneling behind the show windows of **MAX BERMAN DEPARTMENT STORE** shows the reflection of cowboy hats and boots and men's and women's fashions that seem just off the street from **MADISON AVENUE** . . .

On this, and any other block in town, the friendly faces and cheerful smiles of the local folk all create the feeling that **THIS IS HOME** . . .

TELEPHONE TALK
by G. G. Strickland, Manager

Yellow Pages Representatives
Call on Colorado City

Next week, three Yellow Pages representatives—important members of our telephone team—will be in town to call on businessmen and to discuss the many benefits of Yellow Pages advertising. Since I can't get around to introduce them to each of you personally, I thought you might appreciate "meeting" them in this column.

These gentlemen represent many years of Yellow Pages advertising knowledge and experience. They have specific information—facts and figures about the growth of businesses and changing economic conditions in Colorado City. These facts and figures can help businessmen make the most of their Yellow Pages advertising program.

Easy Way to Shop

You know, national surveys show that 9 out of 10 people turn to the Yellow Pages when they're ready to buy. This is not hard to understand when you consider that the Yellow Pages are in virtually every home and place of business—available night and day, 365 days a year.

People just naturally reach for the Yellow Pages to find what they want and where to buy it. In this way the Yellow Pages save them time and energy. Shopping the Yellow Pages is the easy way to shop.

Mr. Businessman:
Ask yourself these questions:
Can your customers and prospects find you when they reach for the Yellow Pages?
Can you afford not to be represented under each product, service, or brand name item you sell?
Can you think of a better place to advertise to reach people who are ready to buy?
Talk it over with the Yellow Pages representative when he calls on you. He'll help you work out a program that fits your business needs.

Call by number. It's twice as fast.

CONVERSATION CORNER

By RUTH COFFEY

KNOW just how Mamie Eisenhower felt the other day. There she was ready to take off for Europe and her husband Ike couldn't find his passport.

Husbands, Lord love 'em all, have long given themselves credit all over America for a virtue they don't possess. Talking about that legend (false) that men do all the waiting on their wives.

"**WAITING ON**" doesn't mean, in this case, the fetch-and-carry act and bringing her the breakfast tray while she lolls in bed late each morning. Heavens no! Only man we ever knew personally who cooked and served the little woman's breakfast and brought it lovingly to her, took off with a carnival act.

"At least I can sleep late, this way," was all the reason he ever gave.

MEN, cartoonists, light versifiers, stand-up comedians, and columnists, have always cracked jokes about "waiting on" women.

At our house on Chestnut St., we do the waiting. Most specially come vacation time.

BY THE TIME we located the flash light—it was in the trunk of the Ford already—his golf shoes—he ruined 'em last time he washed the car and left 'em hopelessly caked with mud behind the trash basket on the back porch—and the battered thermos jug—in the garage—he was hunting something else. The road map he had last summer when we waltzed down to Kerrville and Hunt.

Only thing the man's ever been able to find for himself in all the years are his pajamas those days we're too busy to remove same from the poster bed-post where they're part of his idea of neatness.

NOT THAT the road map will help much. Another of our own pet matrimonial theories is this: a man had rather drive 100 miles out of the way than to ask any-

body on earth for directions and/or take his wife's word for it that he missed that last left turn.

No matter where we think we're going, in or out of Houston, we look up and there stands the Shamrock Hotel. It's as if Fleta Belle the Ford had delusions of grandeur.

This year, the daughter Doris Ann has drawn up a map showing the way to her new house on Yarwell St. She's talented. What's more to the point, she has traveled with her Daddy, too, and knows he may wind up on Galveston beach with the sea weed.

SHE KNOWS about that time we were traveling in Oklahoma. It was before our neighbor state took the trouble to mark its highways very well. Late in the evening it became evident that we were displaced tourists. We found ourselves winding around on sandy, unpaved roads going nowhere in particular. Finally we spied an old gentleman sitting on his front porch quite close to the road.

"Ask him," we urged. So our man pulled up to the mail box and yelled at the man in the old rocking chair.

"Hey, Mister!" he said. "Which road do you take?"

The old man didn't bat an eye. He reached for his tomato can spitoon, shifted his tobacco, and yelled back.

"Depends on where I wanta go, Son," he said.

WANTA GO, this vacation, to Houston for a week.

In case we wind up at Corpus Christi or Port Arthur, we'll just be mailing next column from there.

That time we drove to Denver—we visited all the places Shell Pipeline sends our engineering son-in-law Ralph Mann to live—the only wrong roads we missed (seeking short-cuts) were the ones with big gates marked "Private."

Saw some breath taking scenery that way. Beautiful deep canyons, beautiful—and perilous—hairpin curves which took us over numerous swinging high bridges across sparkling waters where the trout fishermen looked up at us.

Finally got to Denver. You can't miss it. And if we had to call our daughter to come and escort us to her house, it was only because everybody including Fleta Belle the Ford got all "turned around" taking that short cut. It was a very educational trip.

THE JORDANS, Jack, Mae, and sons Gary and Dannie left C. City Saturday for a wonderful sight-seeing trip by car, to be followed by several weeks vacation at the lake-side summer home of Jack's sister in Pittsville, near Bangor, Maine.

The family planned to drive to Louisiana for a two-night stay; then on to Washington D. C. where their old C. City friend Walter Grubbs, now a Washingtonian, has scheduled for them visits to Fredericksburg, to Mount

Simmons Family Visits Here

Mr. and Mrs. Billy Simmons of Houston are visiting here this week-end in the home of their parents. Mrs. Simmons is the former Nancy Myers.

Their parents are Mr. and Mrs. Earl Simmons, 424 E. 13th St. and Mr. and Mrs. C. Myers, 1305 Oak St. Simmons is a coach and teacher at San Jacinto High School in Houston.

The couple attended the wedding of Simmons' brother Kenneth, to Miss Sue Blackard Saturday night. They will return home Sunday.

Vernon, and to the White House.

If Congress is still in session—which right now seems certain—Jack and Mae hope to add the educational visit to the Senate and House galleries so Gary, 12, and Dannie, 10, can see and hear for themselves Congress at work shaping this nation's destiny. The Jordans expect to be gone a month, in all. Mostly vacationing in Maine.

HERE FROM MARYLAND, and visiting right next door to the Jordans, are Dell and John Jacobs plus their children Bobby, Jerry, and Sherry. Dell is the sister of Ellen Burson (Mrs. Guy), of Evelyn Bowles (Mrs. Perry) and of Virginia Turner (Mrs. John).

The Jacobs family live in Kensington, Maryland, and have been in Tyler visiting Dell's mother Mrs. Earnest Perryman who is recovering from recent surgery.

SHANA NOBLE, cute little daughter of Ray and Ruby Lee Noble, went to Dallas this week to visit her prospective roommate for the fall term at Austin College in Sherman. Shana and her classmate, Janet Stripling of Big D, will first see the Carol Burnett show, lucky gals! Then they'll hie themselves to Sherman to decide things about their dormitory room decorative theme. After that, they plan a visit to "Six Flags Over Texas."

TENNESSEE WALTZ is the current theme song at the Noble house. Here from Memphis, Tennessee are Ruby Lee's aunt Mrs. Jack Tingay; friends, Mrs. Evelyn Stalls, Mrs. Wilhemina Moss. Joining the happy group have been another aunt Mrs. Bill Mundy, C. Citian who came from Memphis, and another friend, Mrs. Marie Pittman, formerly of Memphis and now of the Baker Hotel, here.

CALIFORNIA, here we come, has special meaning to the Charles Summers family who chose the West Coast and that state for their family vacation. Charles, Bonnie, and their sons Dickie and Lee, drove to Burbank to see Bonnie's aunt, Enroute, they stopped to see the Grand Canyon and went to Disneyland. In Burbank they've been houseguests of Mrs. Ira Arnold.

SUZANNE GRAHAM'S college roommate, Carol George, of San Antonio, has been her houseguest here in the home of Suzanne and her parents the Matt Grahams. The girls will be Texas Tech students together.

Sharon Shropshire, granddaughter of the Dale Warrens, niece of Pete Warren, and daughter of Baby Dale and Willis Shropshire of Mission has been a C. City visitor, too. Sharon's a talented student at Trinity University in San Antonio and attended summer school at Southern Methodist, first vacation term.

BY THE TIME you read this, your conversationalist-in-print will be seeing the bayou city... Jim and Betsy... big league baseball... the zoo... Rice University... and maybe the Gulf.

Provided, of course, that certain man-about-town holiday items can be located in time to go: one cigaret lighter used on special occasions only; one new billfold put away last Christmas; some golf balls kicking around somewhere; and the pliers.

Mamie Eisenhower, wife of a world celebrity, had it easy. All her husband couldn't find was his passport. But then, the Eisenhowers traveled by boat. Maybe Ike had no use for a road map.

COMING HOME . . .

Don't want to jump the gun, but here's hoping we are all mindful that our Colorado City members of 49th Armored Division will be returning home about Aug. 7.

They've been on duty since last September 19 in the unprecedented mobilization that replied to the cold war threats of Russia.

There hasn't been any shooting—thank goodness. But that doesn't detract from the valuable service to our nation by these men of the 49th Armored. They are due our best thanks . . . and a fine welcome home from all us.

**Henry Bilberry,
CORNER DRUG**

Easy Does It—But Beautifully

As the philosophers of the ages have said, the ultimate in beauty is truth.

This is what Shakespeare meant when he wrote: "To gild refined gold, to paint the lily, To throw a perfume on the violet..."

And it is what Flo Ziegfeld must have had in mind when he said that he would glorify any girl who was physically normal and who would wash her face and brush her hair.

And now comes a modern beauty message from Philip B. Cortney, a graduate electrical engineer who began his career in the steel business, became a banker and is now, of all things, president of a world-famous cosmetic firm.

In a statement of policy just issued for the guidance of his organization, Cortney insists the approach to the teen-

age market must be "based on the concept that the beauty of a young girl should be natural, fresh and feminine and should not be marred by the reckless use of cosmetics."

Further, he expresses the conviction that it is the moral duty of every businessman who serves this youthful market to support the aims of parents and teachers—among which he stresses the training of intelligence, the shaping of character, the sharpening of creative expression, and the development of physical fitness and good grooming habits.

"The great worlds of music, literature, painting, sculpture and the performing arts, as well as the sublime enjoyment of nature," says Cortney, "should become part of the common experience of young Americans. In pursuing these purposes, young girls will acquire the riches of mind and spirit which will make them truly glamorous and interesting women. An excess of scent and an overuse of makeup can never be substitutes for these essential ingredients of charm and attractiveness."

Perhaps we shouldn't mention it, and perhaps it's too late, anyway, but we can at least hope that this message gets through to some of the older girls, too.

Farm Progress Comes Clean

The centennial of the U. S. Dept. of Agriculture reminds us of some aspects of rural American life that faded from the farm scene when we entered this urbanized space age.

Remember the black flatiron that used to grace the back of the wood-

burning kitchen stove? Now it's either a doorstop or a bookend. Butter churns and milking stools have become standard items in antique shops. Half-century-old tables and chairs from farm homes can still be found, but now in the living rooms of city dwellers, where they're called "country furniture."

One item that was found on many farms a generation ago is the old gasoline-powered washing machine. Remember the way it used to "putt-putt" in the backyard? And the farm boy couldn't wait to get hold of the engine for a motor bike or go-cart.

A company—which earlier had been in the farm implement business—brought out its first gas-engine, wooden-tub model in 1914. From that time on, life was easier for the farmer's wife.

Later the manufacturer sold butter-churning and meat-grinding attachments for the washer.

Today, even with their modern automatic washers and dryers that almost think for themselves, the firm still markets gasoline-powered wringer washers—although mainly to overseas missionaries—and hundreds of those made before 1920 are still in use.

One way of measuring progress on the farm is to consider the ways that work has been made easier for the farmer—and the farmer's wife.

Farm Safety

This week has been declared by the President as National Farm Safety Week.

Why limit the scope of this declaration to farms, and the time to one week? Statistics show that more Americans are killed or injured in accidents on our streets, highways, or in our homes while at work or play, than have been wounded or killed in all the wars in which we have participated. Therefore, it is good sense for each of us regardless of where we live, work, or take our recreation, to be safety conscious at all times.

Each of us have but one life to live and only one body in which to live it. Why have life cut short, or be doomed to live part of it in a maimed body by being involved in a preventable accident.

LOCAL BUSINESS

Don't Be Afraid To Talk Longer

BY MADGE BELL, Record Staff Writer

The advertiser who assumes that the consumer will not take time to read lengthy copy may not do full justice to his business.

People do read advertising which contains very detailed information.

Some of the most successful advertisements ever written were full newspaper pages filled with small type.

The advertisements followed one of the oldest rules of communication—that is, if you are saying something which promises real benefit to a person he will listen. And he will listen carefully or read carefully through many hundreds of words.

In fact if the advertiser is actually offering a concrete benefit, the consumer appreciates the detail. The lengthy information convinces him that the promise of the advertisement is sound.

One of the greatly successful long-copy ads first appeared in newspapers 13 years ago. It was written to promote a new plant food. The writer used a full page and went into extensive detail about the product. The advertisement was so successful that it is still running in newspapers today—without charge. A large national business has grown out of the advertisement.

People read the lengthy copy and are still reading it. In fact, the advertising man who wrote the copy wrote two successful books on the same subject.

At the present time a gasoline company has turned its national advertising to thousands of small newspapers where very lengthy copy in large advertisements is being used. The advertising is paying and has gained favorable comments wherever it is used. It is thoroughly read because it offers obvious benefits to the reader.

The retailer who really has something to sell which he believes will bring benefit to the consumer should not be afraid to talk of it at length.

Strictly Fresh

If you've given up on trying to get something open, tell a four-year-old not to touch it.

STATE CAPITAL HIGHLIGHTS

State Puts Respectability Back into Building Names

BY VERN SANFORD, Texas Press Association

In an effort to "prevent confusion to occupants, mailmen and the public" when the second of two sleek, pink marble State Office Buildings on the Capitol grounds is completed soon, the State Building Commission re-named them after famous Texas patriots.

First State Office Building—generally referred to as "S. O. B. No. 1"—now is designated as the Sam Houston State Office Building; the second, called "S. O. B. No. 2," was named after John H. Reagan, first chairman of the Texas Railroad Commission and Postmaster General of the Confederacy.

Study group was set up to effect "an even greater understanding between the licensing boards and the Legislature," Turman said.

Objects of their research will be the 23 State examining and licensing boards organized for the purpose of testing every prospective practitioner of plumbing, law, cosmetology, medicine, barbering or hairdressing and 18 other professions and trades in Texas.

LICENSING STUDY—

House Speaker James A. Turman named Rep. Will Smith of Beaumont chairman of a new Committee to study operations of Texas' Examining and Licensing Boards.

Reps. Sam Collins of Newton, Ben Atwell of Dallas, Don Gladden of Fort Worth and Travis Peeler of Corpus Christi will serve on the committee.

As one oilman after the other went up to urge a low eight-day allowable, no member of the Railroad Commission challenged them. If "the General" had been there, he might have done so, but he was seriously ill in his home in Amarillo.

Tax boards have kept the State's Automatic Tax Board kept to the lowest legal minimum when it set the State ad valorem tax rate for next year at 42 cents on each \$100 valuation.

Tax boards have kept the State's property "tax take" down to the minimum for several years now. It was up to 77 cents per \$100 valuation before a 30-cent general revenue tax was abolished in 1951.

Coke and Tom Green counties and the Dallas County Flood Control District are the only exceptions to the new rate. Rate is 30 cents in these three areas.

The 42-cent tax rate will provide 35 cents for free public school purposes, two cents for Confederate and Texas Ranger pensions and the State Building Commission fund; and five cents for the college building fund.

Between September 1 and 15, the committee will hear any objections private citizens may have to the books. Last fall, there were plenty of protests.

Major complaint was that the objectors didn't know which books were being considered in time to examine them fully.

When the Texas Railroad Commission held its monthly hearing to determine the August oil allowable, representatives from the major companies and independents were heard, but the strong voice of Commissioner Gen. Ernest O. Thompson was missing.

Major other state departments were recommending increases in the biennial budgets, the General Land Office decided to ask for an \$82,000 cut. Commissioner Jerry Sadler said new electronic accounting equipment could get credit for the proposed cut.

HEALTH & SAFETY TIPS

Keep Fishing Trip On Healthy Level

Don't let an accident spoil the fun of fishing.

Fishing is one of the nation's favorite sports. It offers relaxation, mild exercise and a welcome change from the everyday routine. But, as every fisherman knows, there are several built-in hazards to fishing that bear watching.

"Sidewinders" (fishermen who swing their arms in a wide arc on the cast) are responsible for many of the hook accidents, says Today's Health, the magazine of the American Medical Association. If you are a sidewinder, be sure your field is clear of other fishermen before casting.

In removing a hook from a fish, hold the fish under the gills so only its body, not its head, can flap and wiggle. Trying to grab a slippery fish and remove the hook at the same time is an easy way to get hooked.

Lures and hooks left lying on the floor of a boat or on the dock are inviting trouble. Never try to pull a hook out if one becomes imbedded beneath the skin. Your physician will snip off the back end of the hook and push it through the wound. If necessary he will administer antibiotics and tetanus toxoid.

Save your muscles from strain by avoiding excessive rowing or by using a rowing machine. Protect yourself from sunburn and heat prostration.

Wes-Tex Talk

A Look At West Texas Through Editorial Page Excerpts From Its Leading Weekly & Semi-Weekly Newspapers.

While we cannot go along with those who say they will support the Republican candidate in November in order to give the conservative Democrats just exactly what they deserve, still we can appreciate their position.

We dare the conservatives to question the political morality of their actions in view of the fact that these same "conservative Democrats" all supported the Republicans in 1952 and 1956. And some of them probably haven't voted Democratic in a national election since 1932.

If any Democrat supports Cox in November, he will be doing nothing different from what the conservatives did in 1952 and 1956—and with a lot more justification.

In fact, it was only two months ago when it looked like Don Yarborough might be the winner that our conservative daily press was threatening to support Cox should Yarborough be the nominee of the Democrats—so it ill behoves these persons and papers to cast a stone at any Democrats who refuse to support Connally.

—TULIA HERALD

Little League baseball in Stamford has had a rough go this summer. So rough, in fact, that its future is hanging in doubt.

There has been no shortage of interested boys and finances have not been a great problem. The biggest trouble this year has been with parents. From reading the newspapers one would gather that such is the case in many places.

So much abuse has been heaped upon team managers and umpires that many either have quit or are threatening to.

The Little League program has a three-fold purpose: To teach the boys sportsmanship, to teach them baseball and to keep them busy and out of mischief.

One wonders just what kind of impression about sportsmanship youngsters gain when they see their parents or other parents get involved with officials.

Should Little League ball be stopped in Stamford, parents can take the blame for it. That's where it will lie. —STAMFORD AMERICAN

SHINNERY PHILOSOPHER

Doctors Open Big Field for Strikes

Editor's note: The Shinnery Philosopher on his Johnson grass farm on Bone Hollow Creek considers some new aspects of the strike, his letter this week reveals.

Dear editor:

Since I don't even know very much about what's going on in Colorado City, I'm in no position to know what's going on in that province up in Canada where the doctors struck, but the thought has occurred to me that a strike by doctors opens up a vast and baffling new field.

I know that organized labor has been using the strike for years, but up to now about the only other place where it has been used is in Hollywood, where an occasional movie queen might pout and hold up production by striking because her name wasn't printed in big enough type or something like that. But that Canadian doctor's strike presents new fields of unlimited cognition.

For instance, a bankers' strike. You go into town to renew a note till Fall and find a sign on the bank door: On Strike Against Slow Payments of Notes.

You stop by a barber shop and find the door closed with a sign on it: On Strike Against Safety Razors and the Home Use of Hair Clippers.

On a lawyer's door you find a sign reading just: On

Strike. Because a lawyer will never be very clear anyway, sometimes because he's not sure himself.

After you find three or four other types of business on strike, you write your Congressman asking him to pass a law to solve these strike problems, and you get a form letter back saying Congress is not in session on account of the members are on strike against the popular vote, a legitimate position since many of them every once in a while are fired on account of it.

I don't know how far this far-fetched thing could go, but I know where it would stop. It would stop with farmers.

Farmers aren't likely to go on strike, for a very simple reason. They have built up such a huge surplus that they would last longer than they would. With enough food already on hand to run a couple of years, farmers would have to strike for three years at least to make the pinch felt, and they aren't in financial shape to do it. This is just another edge the doctors, movie queens, labor bosses, etc. have over farmers.

By the way, the newspapers aren't planning on striking, are they? I need to know, as there's no sense in me writing you if you're going to shut down in protest against something.

Yours faithfully, J. A.

Pictorial INTELLIGRAM

How are you on recent events? Complete the following six statements and see.

1—Pictured satellite (Friendship 7) (Telstar) transmitted the first live transatlantic television pictures.

2—The first foreign country to transmit televised pictures through the satellite in statement one to the United States was (France) (England).

3—(President Kennedy) (Baseball's Ford Frick) tossed out the baseball which set the 32nd All-Star Game into progress.

4—The United States test of a high-altitude nuclear device took place over (Johnston) (Christmas) Island in the Pacific.

5—The government announced recently that it will (extensively repair) (begin closing) famed Alcatraz prison.

6—Pictured writer of the South (William Faulkner) (John Steinbeck) died recently.

Count 10 for each correct choice. A score of 60 is excellent; 50, good; 40, fair; less than 40, poor!

Life With The Rimples

By Les Carroll

C-City Bungles Costly— Snyder Takes Series, 2-1

The Snyder Pony League All-Stars took advantage of Colorado City's errors to win the third game of a series and take the area championship. Score was 2-1.

Snyder, in the decisive seventh inning, finally found a scoring combination with some baserunning of their own. Fred Wiman, who walked to lead off the inning, stole second, and third. A pickoff throw was dropped by the C-City third baseman, and when Roy Kizer dribbled a ball between home and the mound, Wiman sauntered home. No play-attempt was made on Wiman, and Kizer was called safe at first when the C-City first sacker failed to keep his foot on the bag on the throw.

That was the error that cost the local team the game. The next batter, Holt, walked, advancing Kizer to second. Kizer, a greedy little boy, then pilfered third. Then Holt suddenly blasted off for second. C-City relief pitcher Curry, caught in pitching position, had to come off the mound. A balk was called against him, and Kizer (remember him?) was waved home with what proved to be the game-icing run.

The C-City boys managed to get two hits off Valdez—a blooper over the pitcher's mound, and a topper just in front of it. Otherwise, the local boys—11 of them—fanned. Two were given gratis rides.

McMahan was charged with both Snyder tallies. Curry came on with two down in the seventh.

Snyder left 11 men stranded on base. C-City left 5. The local pitching duo struck out 7 and walked 8 Snyder woodmen.

C-City won the series opener, 11-7, but dropped the second game 0-7. Snyder then sewed up the title with Monday's squeaker victory.

Snyder now moves up a notch in the playoffs, and will take on the winner of the Abilene-Key City series, starting Thursday night in Snyder.

Ramon Valdez, Snyder's ace righthanded pitcher, and Elmer McMahan, the Colorado City southpaw, were locked in a scoreless tussle through the first five innings. C-City broke the ice in the sixth with an unearned run when Larry Curry walked, stole second, and then zipped home on Ronnie Wilson's mounder past first.

Mr. and Mrs. Tommy Conway of Fort Worth have been visiting his parents, Mr. and Mrs. Otho Conway. Ray returned to Fort Worth for a week's visit with his brother and sister-in-law.

Spice CABINET

Remove and Cover
Remove chopped beef from carton immediately. Do this because the paper carton absorbs juices and flavor. Place meat in a covered dish and refrigerate.

IN WESTBROOK FRIDAY

Barbecue Honors Baseball League

BY MRS. ALTIS CLEMMER
Record Correspondent

Approximately 80 persons attended a barbecue honoring the three League Baseball teams in Westbrook Friday, beginning at noon and ending about eight at the cabin of Mr. and Mrs. David Anderson on Lake Colorado City. The leagues consist of the "Pee-Wee's," "Little League," and "Pony League." Hosts for the occasion were Mr. and Mrs. Anderson, assisted by O. J. Bohannon, Buss Grossett, manager, and Lee Dorn, swimming, boating, and skiing were enjoyed. The chickens that were barbecued were purchased out of the Little League funds, as were the soft drinks. Mothers of the players furnished the dessert and salads.

Those attending were Mrs. Charles Hutchins, and children Mrs. Buss Grossett, Rev. and Mrs. Kenneth Address, Mike and Paula, Mrs. Pete Hines, Johnny, Clyde, and David, Mr. and Mrs. Charles Ranne, Eddie and Linda, Mr. and Mrs. Harry Dockery, Jim and Bill, Mr. and Mrs. Edd Adams and Ernalea, Mrs. E. C. Whitehead, Danny and Wanda, Mr. and Mrs. Floyd Ritchey, Johnny and Janet, Mr. and Mrs. Ted Jackson and Robert, Mrs. Tate, Betty Sue, Jerry and William, Anita and Betty Warren, Mr. and Mrs. E. A. Oden, Tim and Junior, Mrs. Don Henderson and Kathy, Mr. and Mrs. Clyde Chambers, Bob, Vickie, and Lonnie Wyroslick, Clyde Miller, Mr. and Mrs. Leroy Miller, Larry, Bubba and Ronnie, Mr. and Mrs. Joe Boyd, Tommy and Jerry, Buddy Lewis, Danny Bohannon, Randy and Sandie Anderson, Pat and Bobby Morris, and the hosts, Bohannon, Lee Dorn, and Mr. and Mrs. David Anderson.

Colorado City Record, Thursday, July 26, 1962 Page 9

Westbrook played the last game of the season Monday evening at Loraine at eight o'clock. After the game, the team will be honored again with a feed at the Cattleman Restaurant in Colorado City.

Chosen for the All-Star team Monday were Danny Whitehead, Tommy Boyd, and Pat Morris—each received a miniature gold baseball.

Donnie Hardin of Levelland is visiting his aunt and uncle, Mr. and Mrs. Charles Hutchins and family this week, and also his grandparents, Mr. and Mrs. W. C. Hutchins, in Comstock.

Mr. and Mrs. Altis Clemmer visited Mr. Clemmer's sister, Mrs. J. B. Wilkinson, of Sweetwater Sunday afternoon.

What is Your Question?

QUESTION: "Are we under the Ten Commandments today?"

Many people believe that the Ten Commandments compose the law for religious conduct today. You hear someone say: "What we all need to do is to return to the Ten Commandments." Another says: "If we would keep the Ten Commandments, we would all be better Christians."

These laws were the best code of laws ever given to men, prior to the laws of Christ. They served admirably in the place and time for which they were designed by Jehovah. The law of God given by Moses, called the law of Moses (including the Ten Commandments), was not God's final will to man. It was perfect for the purpose for which it was given: "as a schoolmaster" to bring the Jews to Christ. Galatians 3:24. It was temporary in that it was to continue only until Christ made His laws effective. Galatians 3:16 and 19.

A person today could keep the Ten Commandments to the letter and still not be a Christian. One who does not believe in Christ could keep the moral principles of the Ten Commandments, but certainly, one who does not believe in Christ could not be a Christian.

"For the law was given by Moses, but grace and truth came by Jesus Christ." John 1:17. The law given by Jehovah through Moses dealt with the act that was wrong. The truth of God given through Christ dealt with the wrong thought behind the act that is wrong.

NOTE: The sixth commandment said: "Thou shalt not kill." Exodus 20:13. JESUS SAID: "Whosoever hates his brother is a murderer..." I John 3:15.

The seventh commandment said: "Thou shalt not commit adultery." Exodus 20:14. JESUS SAID: "Whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart." Matthew 5:28.

This illustrates the fact that the law of God given by Christ is far above the limitations of the law of God given by Moses. Christ deals with the higher aspect of Godliness in purifying the mind of man.

God has given a better covenant through Christ than He gave through Moses. The book of Hebrews was written almost wholly to show this to be so. The law of God given by Moses, including the Ten Commandments, falls far short of the better law revealed through Jesus Christ.

FOR: THE LAW OF GOD THROUGH MOSES, INCLUDING THE TEN COMMANDMENTS, SAYS NOTHING ABOUT:
1. CHRIST AS SAVIOR
2. THE SAVING BLOOD OF CHRIST SHED FOR REMISSION OF SINS
3. THE CHURCH AND CHRISTIAN WORSHIP
4. THE GOSPEL OF CHRIST
5. THE CROSS OF CHRIST

Christ fulfilled the law of Moses, Matthew 5:17, and took it out of the way nailing it to the cross. Colossians 2:14. He brought in a "better covenant with better promises", Hebrews 8:6.

Now that faith (law of Christ) is come, we are no longer under the schoolmaster, Galatians 3:25, which brought us unto Christ.

The need of the human race is supplied in Christ, who brought life and immortality to the light through His gospel. I Timothy 1:10 God's power to save mankind today is the gospel of Christ, not the law of God given by Moses. "For I am not ashamed of the gospel of Christ: for it is the power of God unto salvation to everyone that believeth: to the Jew first, and also to the Greek." Romans 1:16. **JESUS CHRIST IS THE HOPE OF THE WORLD** Address Bible questions to the Northside Church of Christ, Box 91, Colorado City. Listen to "Fifteen Minutes With the Bible" Sunday morning, 7:30-8:00 KVMC at 8:15. If you need transportation to our meetings, call RA 8-4090. G. F. Cauthep, preacher.

CHINA GROVE NEWS

Weekend Visits In China Grove

BY MRS. N. F. HALL
Record Correspondent
Mr. and Mrs. Dan Hall of Cisco were guests of Mr. and Mrs. Jess Brown and Johnny Sunday.

The new home of Mr. and Mrs. S. W. Williams, of Odessa will soon be completed. We are happy to have them move to this community.

Mr. and Mrs. Edward Brown, Gerald Wayne and Dena Lynn, recently returned from College Station, where they visited their daughter and husband, Mr. and Mrs. Arthur Berglund.

Recent guests in the home

of Mr. and Mrs. T. J. Webb were Mr. and Mrs. Hubert Webb of O'Donnel, and Rev. and Mrs. L. J. Helms and family of Dunn.

Mrs. Martin Murphy and Carylton—recently returned from a business trip to Houston.

Mr. and Mrs. Clarence T. Merritt visited Mr. and Mrs. Cosse Merritt and family of Snyder Tuesday.

Mr. and Mrs. Rocky Allen and son of Big Spring visited his parents, Mr. and Mrs. Leonard Allen, during the weekend.

Mr. and Mrs. R. L. Hall and Wetonina visited her parents, Mr. and Mrs. B. M. Prince and family, of Snyder, Sunday.

Mr. Hollis Mize has returned home after a business trip to Tennessee.

The China Grove cotton gin has established a new office building, and other improvements are being made in preparation for a new ginning year.

Mrs. J. G. Bruce and Mrs. Coia Johnson are in Lubbock this week attending a school of Missions at the St. John's Methodist Church.

Watered-Down Version

This is a "watered-down version" of the once-solemn Buddhist rite for washing away sins. Rangoon, Burma, fire hoses and water cans have turned it into an annual fun-filled water mele.

UNCHANGED FROM "ADVANCE" RATE

Wheat Support Set At \$2 Per Bushel

The national average price support rate for 1962 crop wheat will be \$2.00 per bushel—unchanged from the advance price used in setting county and terminal support rates announced May 25.

Allen W. Worley, county ofice manager for the Agricultural Stabilization and Con-

servations Committee, said Wednesday "legislation requires that the final wheat support rate be determined on the basis of the final parity price as of the beginning of the marketing year, and of wheat supply relationships of the same date."

Wheat producers must participate in the 1962 wheat stabilization program, if they wish to receive wheat price support, he indicated.

The program requires a 10 percent reduction from acreage allotments established on the basis of 55-million-acre minimum national allotment. A 30 percent voluntary reduction in acreage is also provided, with special provisions for small farms, permitting up to 10 acres reduction in line with the farms' wheat acreage history.

Farmers who planted wheat in their 1962 allotment will be able to market their entire production without marketing quota penalty, but will not be eligible for price support unless they signed up and are participating in the 1962 program, Worley said.

Wheat must have been produced in 1962 in a commercial wheat producing area if it is to be eligible for support. It must grade No. 3 or better, or it may grade No. 4 or 5 on the grading factor of test weight only.

Wiggins Guests

Guest of Mr. and Mrs. C. P. Wiggins recently was their son, EM3 Charles Ray Wiggins. He returned Tuesday to San Diego, Calif. after a 20-day leave from the US Navy. Other guests in the Wiggins home were Mrs. Harvie Stanford and sons, Ricky, Larry and Keith of San Antonio.

LOCALLY OWNED OPERATED CONTROLLED

The hundreds of thousands of Texas people served by rural electric cooperatives know they are in good hands.

Dependable, efficient electric service is the result of more than a quarter century of experience by these locally owned electric systems, built for the people by the people they serve.

The power lines that span the remote areas of the state are a standing tribute to the dedicated people who built these electric systems and who now own, operate and control them locally.

These people, your rural neighbors, are furnishing a dependable electric service today while building a brighter tomorrow.
