

Summer Baseball Opens on Friday

The first ball will be pitched in Wellington's summer base program Friday, May 31, in a double header played at Marian Airpark diamond by the two older teams, Pony League and Colts.

The Wellington Pony League team will play Quail in a game beginning at 5:30 p.m. and at 8 p.m. the Wellington Colts will play an out of town opponent to be secured.

Little League play starts on Monday, June 3.

Peewees will be issued their uniforms and placed on two teams on Monday, June 3 also. These boys are to meet at 5:30 p.m. at Hollis Bounds Field.

Line Construction Worker Critically Injured Tuesday

Sherril Riggsby, 22-year-old power line construction worker, was critically injured Tuesday, May 28, when he came in contact with a 2,400-volt line as he worked near the top of a pole in the 1700 block behind East Avenue.

His condition Wednesday morning was described as improved but still critical.

Riggsby was an employee of K&K Line Construction Co. of San Angelo, which came here March 5 to rebuild lines of the West Texas Utilities Co.

At the time of the accident, Riggsby was measuring a jumper on a power line pole and came in contact with the 2,400-volt line, Sheriff John Ratney said.

He did not fall from the pole and was brought down by Roy McNeese, foreman of the job, who was working with Riggsby. Also at the scene was Larry Hopkins of Clarendon.

McNeese told The Wellington Leader that Riggsby had been with K&K Construction Company about three months. He was reared at Matador and worked for West Texas Utilities Company at Childress before joining K&K.

His family is here with him and includes, besides his wife, a girl two years old and a boy six and a half months old.

Mrs. Holcomb Says

New York Held Much to Interest Mothers

"I didn't win it by myself—there was my family, friends and others—and I am grateful!"

Her voice low and etched with sincerity, Mrs. Jennie Holcomb closed her talk before the Wellington Kiwanis Club Friday, May 24, in which she described her recent trip to New York, in which she represented Texas in the American Mother of 1963 contest. Mrs. Holcomb was second among those competing.

During her five days there, ("They made us feel at home," she said several times) there were meetings with the great of America. But there were other times when she brought a former Wellington girl up to date on such things as who has moved away and who has married whom.

Most of the things the traveler to New York wants to see were captured into the short stay of these 50 mothers, and for Mrs. Holcomb the excitement began when she stepped off the plane to be met by her son, Dr. Dysart Holcomb of El Paso, who had preceded her there.

Mrs. Holcomb then recounted the events, day by day.

First, there was a tour, directed by Dr. LeSourd, whose wife is the writer Katherine Marshall.

"At Rockefeller Center we saw 'Bye, Bye Birdie' and then there was a boat ride around Manhattan.

"We were taken to the LeSourd apartment then to rest. You couldn't hope to meet lovely people. We felt at home," she said.

the old Little League field across the street from the Primitive Baptist Church in the 1300 block of Graham Street.

Charles Allen and J. B. Oney will meet with the boys and issue their uniforms. "All boys from the first grade through 9 years of age who want to play baseball this summer should be there," said Harry McEwen, baseball president.

Four teams of Little League players have been formed, with Walter Neeley, Jack Neeley, Gilbert Forrest and the Rev. John Henry Ward as coaches.

"We intend to have two more teams, after the player auction, with Rolan Bryan coaching one and the other coach to be selected," McEwen continued.

Boys 13 and 14 years of age are playing on the Pony League team and the Colts are 15 and 16. Lonnie Roark is in charge of the Pony team and Earl Tompkins the Colts.

All Little League and Peewee games will be played here, McEwen said; the Pony team will play at Quail and Dodson and the Colts will play in other towns.

Aged County Woman, Mrs. Cockrell, Dies

Mrs. Roena Bell Cockrell, a resident of the county 51 years, died in St. Joseph's Hospital at 11:55 p.m. Saturday, May 25. She was 88, and has 150 living descendants.

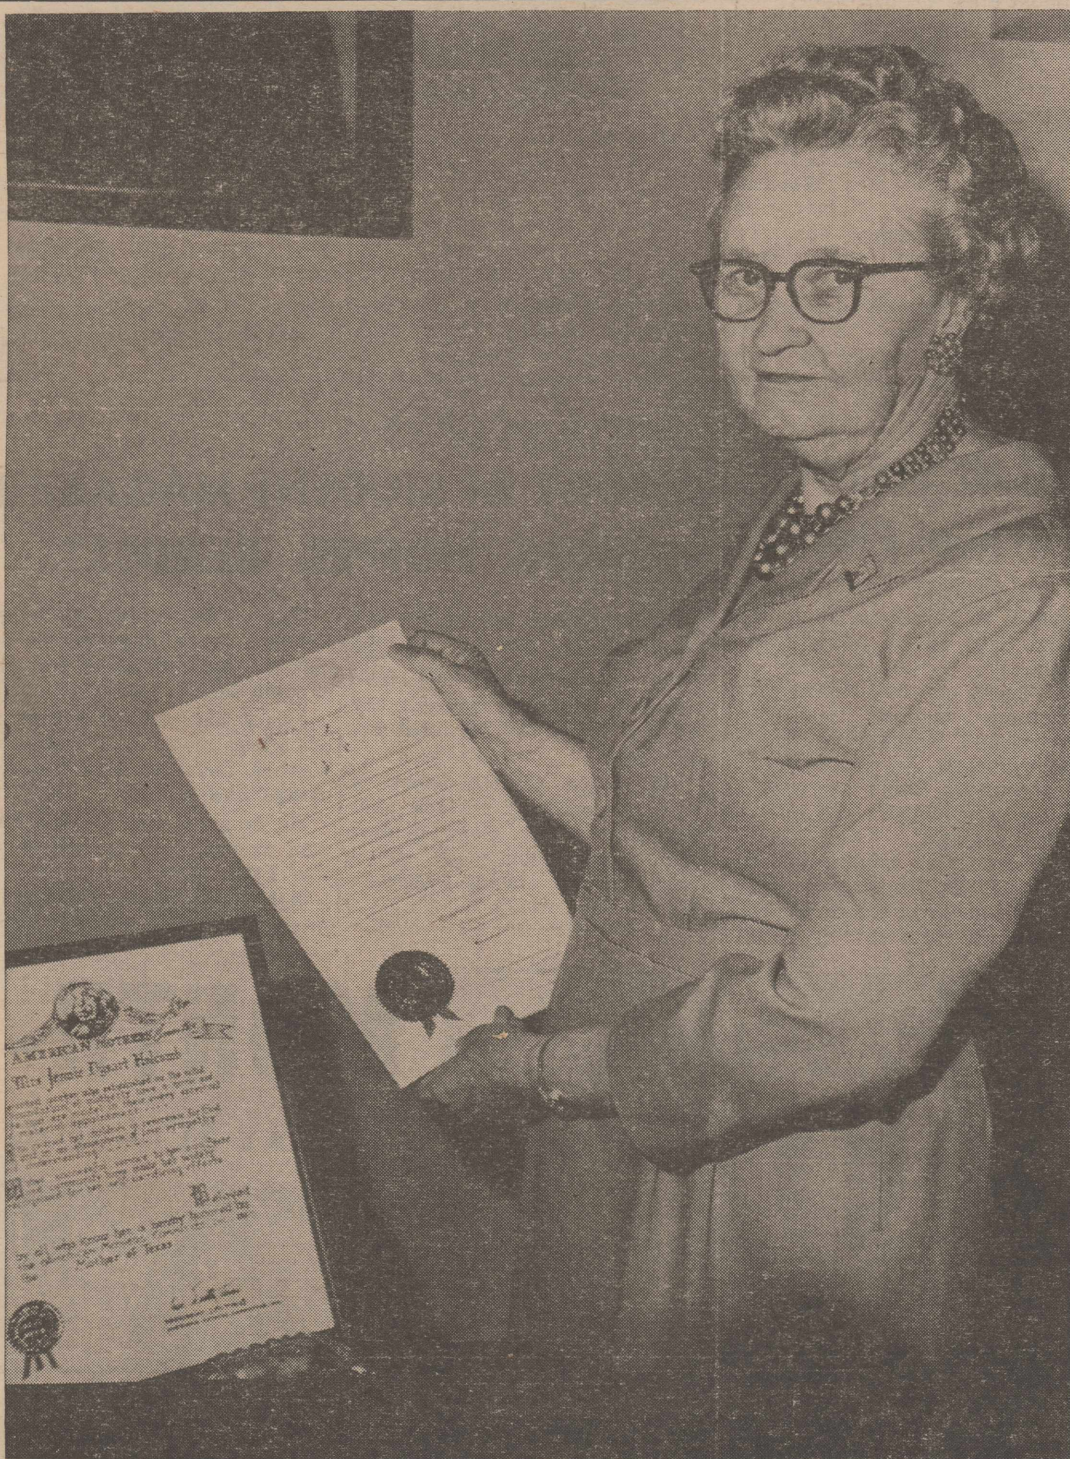

During most of her years here, Mrs. Cockrell lived in the Marella area, but recently she had made her home in Wellington and at Pampa.

Funeral services were conducted at First Methodist Church Monday at 2 p.m. by the Rev. Davis Edens, pastor. Burial was in the West Wellington cemetery under the direction of Kelso Funeral Home.

Grandsons were pall bearers. Mrs. Cockrell was a Methodist 73 years.

She was born Feb. 13, 1875, in Camden, Tenn., the daughter of Ed G. and Sara Stogdill Pierce.

Dodson 50 Per Cent Cut

Wheat Harvest Under Way With Yields to 27 Bushels

Collingsworth county's earliest wheat harvest in recent years was well under way this week, with yields generally above what was expected, and the quality of the grain good.

Approximately 50 per cent of the wheat is cut in the Dodson area, according to Edwin Crowder, manager of Dodson Cooperative Enterprises.

He estimated the wheat is averaging around 15 bushels. "It is beginning to move pretty good and we will have a normal year, I think. There are plenty of combines and they are keeping a little ahead," he added.

All the wheat has been No.

1. "No light wheat, which is unusual for a dry spell," remarked Crowder.

A shortage of combines is holding up cutting in the Wellington area.

"More combines are beginning to come in and it will move a little faster," Jones Singley said Tuesday.

He estimated the wheat is yielding from 8 to 20 bushels per acre, but added that it is too early to determine this definitely, since most growers are not through cutting.

"If we had enough combines, we'd have a rush on. Practically all the wheat in this section is ready, and when the

boys get back from down south, harvest will be over fast," Earl Keller of Warrick Feed Store

Mrs. Martin New Draft Registrar

Young men reaching their 18th birthday will now register for the draft with Mrs. Lora Martin at the Allen Insurance Agency.

The law states a young man must register within five days after becoming 18, Mrs. Martin reminded.

Chamber of Commerce Opens Member Drive

The most comprehensive membership drive conducted in recent years by the Collingsworth Chamber of Commerce opens Monday, June 3, when a working committee makes personal contacts in all parts of the county.

Heading the drive are Fred

Saied and Charles Allen, it was announced by the president, Jack Sanford.

Working with him are C. T. Hubbard, Billy Moseley and Bobo Castleberry.

"We want all business firms of the county as members of the chamber of commerce,"

President Sanford declared. "But we also want individuals. We want farmers and livestock men as well as business men. We feel that every person in the county has something to offer our organization."

The program of the chamber of commerce, and how it benefits the individual, the small business firm and the large organization will be explained by the membership committee in their personal contact work.

During the last week, letters telling something of the Collingsworth Chamber of Commerce and including an invitation to join were mailed out to many persons in Wellington, Dodson, Samnorwood and Quail, as well as through the rural areas.

As a part of the intensive membership drive, new bro-

W. W. Wade, 83, Retired Farmer, Dies Tuesday

W. W. Wade, a retired farmer who long was active in the community life of the Kelley and Dodson area, died in St. Joseph's Hospital at 10:50 on Tuesday, May 28, after several months illness.

He was 83 years of age, and since his retirement had lived in Wellington. His home was at 911 Arlington Street.

Mr. Wade was born in Mississippi county, Ark., Jan. 1, 1880 and grew up there. He was married Jan. 16, 1901 to Miss Nora Dell Brewer in Cave City.

They came to Collingsworth county 58 years ago, and he

Attend WTCC Annual Meet

A Wellington group represented the Chamber of Commerce at the annual convention of the West Texas Chamber of Commerce at Wichita Falls on May 24 and 25.

These were Jack Sanford, president; John Coleman, WTCC director; N. M. Higdon, manager; Mrs. Sanford, Nancy Sanford and Mrs. Coleman.

The keynote speaker was Donald I. Rogers, business and financial editor of the New York Herald Tribune, who addressed the group at the annual dinner Friday night.

His topic was "There Goes Free Enterprise," and it dealt with some of the destructive forces at work in the nation's economy.

Also of interest to the local group was the stock feeding panel, since livestock feeding is considered by both the local CC and the WTCC as having great potential in West Texas.

35 to Take C-C Course on Human Relations

Approximately 35 Wellington business and professional men and their employees will take the course in human relations offered next week by the chamber of commerce in cooperation with the University of Texas and the Texas Education Agency.

N. M. Higdon said the class is still open.

The meetings will be at 7:30 p.m. from Monday thru Thursday, June 3 to 6. They will be held in the community building.

Teaching the course is Mrs. Mary Frances Bowden, supervisory and management training specialist on the staff of the University.

Ten in Class

Quail Seniors Will Graduate on Thurs.

Ten Quail seniors will receive their diplomas in the graduation exercises, Thursday night, May 30, at 8 p.m. Supt. Herman Moseley announced.

The program will be in the school gymnasium, with students themselves in charge.

High points of the evening will be the valedictory by Virginia Ann Kennedy and the salutatory address by Dean Johnson.

J. C. Saunders will read the class history and the seniors will sing "Perfect Day" and "The Golden Key."

Mrs. Lewis Morris, principal, will present the candidates for graduation and Supt. Moseley will make the acceptance. Lonnie Neeley, president of the Quail school board, will present the diplomas, and the American Legion citizenship award will be given by Monty Mitchell. Mr. Moseley will present the school awards.

Mrs. Lowell Wells will play

Some Firms to Close for Memorial Day

Mayor Hiram Cudd has issued a proclamation designating Thursday, May 30, Memorial Day, as an official holiday for the City of Wellington and asking business houses and offices to close.

Some stores have indicated they will close, however those handling items needed by farmers in harvesting or putting in their crops are expected to remain open.

Neither is this a bank holiday, and the local banks will be open for business.

Memorial services will be held at 9 a.m. at the West Wellington Cemetery, sponsored jointly by the American Legion and the Veterans of Foreign Wars.

The Rev. John Henry Ward, pastor of Fundamental Baptist Church, will be the speaker.

The graves of all veterans of all wars buried in the county will be decorated by the Legion and VFW.

No other observance is planned here.

June 3 to 7

Bowie Street Church to Hold Bible School

The Bowie Street Church of Christ has announced its annual Vacation Bible School to be held Monday thru Friday, June 3 to 7. Classes will be provided for all age groups, including nursery and adult, according to Grandol Forehand, minister of the congregation.

In order to make it possible for more to attend this year, the school has been scheduled for 7:30 each night, with each session running until 9 o'clock. In addition to the regular activities of the school, the adult class will hear an address each night by an area preacher.

Men who will present these lectures include: Eugene Henderson, Shamrock; Jack Sikes, Superintendent of Westview Boys' Home, Hollis; Robert Frahm, Wheeler; Lloyd Shirley, Memphis; and Don Willingham, Hollis.

At the close of the school, at 11 o'clock Saturday morning, the traditional picnic will be held at the city park for students, teachers and parents.

Each pupil successfully completing his course of study will receive a certificate, and as an

award for perfect attendance, a pocket Bible encyclopedia will be given.

Everyone is cordially invited to attend the school, and transportation will be provided for those who desire it. For further information, or to arrange for a ride to and from the school, individuals may call 447-2206, Min. Forehand said.

Story Hour for Tiny Tots

A story hour for children three to six years old will be conducted twice a week thru June by five Wellington high school girls.

They are Nancy Sanford, Sheri Barker, Linda Richardson, Leslie Covey and LaRaine Porter.

They are studying child development as part of their summer work in homemaking, under the direction of Mrs. Dee Coleman.

The story hour will be at the county library each Tuesday and Thursday from 9 to 10 a.m. The first story hour will be Tuesday, June 4.

Any parents interested may bring their children to the library at that time.

Summer Classes Open June 3

The first meeting of the summer school classes will be in the library of the high school at 8 a.m. Monday, June 3, James Stavenhagen, instructor, announced.

Four classes will be taught during the summer term: algebra I, algebra II, Texas history, and government.

Anyone interested in attending is urged to be at the first meeting, Stavenhagen said.

A TOP-YIELDING WHEAT FIELD

This wheat field belonging to Mack Willis at the northeast corner of the town section cut 27 bushels per acre — what will probably be one of the top yields for dryland wheat around Well-

ington this season. Like wheat over the rest of the county, this matured considerably earlier than usual.

STORY IN STUDENT MAGAZINE BRINGS HOPPER REQUEST

James Poteet, son of Mr. and Mrs. W. A. Poteet, has the honor of having a story published in the Beta Journal, the publication of the National Beta Club.

The title of the story is "Boy Unwanted." It is a philosophical short story dealing with a delinquent youth and it was chosen among approximately 100 others.

The current issue, in which Poteet's story appears, is the last to be published for the current school year.

James has written a number of other pieces of creative writing, including short stories, essays and poetry.

He is a member of the student council, and president of the Beta Club.

Before he knew his story

had been accepted, he received a letter from Providence, Kentucky, from a young member of Beta Club who congratulated him, and also asked James to send him a grasshopper.

He had drawn as a biology project, dissecting a grasshopper—and Kentucky grasshoppers aren't out yet.

James spent a great deal of time—but he caught the grasshopper and sent it on its way.

This is the second member of Beta Club to have something appear in Beta Journal. The other was Judy Crawford's short story, which appeared last fall.

Visiting here Monday were three sisters, who are former residents: Mrs. Inez Anglin of Hayward, Calif.; Mrs. Alton Knox of Carson City, Nev.; and Mrs. John Judd of Clarendon. Mrs. Anglin and Mrs. Knox were in Clarendon to be with another sister, Mrs. A. C. Parrigin, who is seriously ill. It was Mrs. Anglin's first visit to Wellington in 19 years.

Mrs. John William Burdette

Miss Jennifer Singley Weds John Burdette in Lubbock Church Rites

The Garden Room of St. John's Methodist Church in Lubbock was the setting for the wedding of two students in Texas Technological College, Miss Jennifer Singley and John William Burdette, on Sunday, May 26 at two o'clock in the afternoon.

The bride is the daughter of Mr. and Mrs. Jones Singley, 301 Fifteenth Street, while the parents of the bridegroom are Mr. and Mrs. R. L. Burdette of Goldthwaite.

The Rev. Calvin W. Froehner performed the double ring ceremony.

Natural foliage which climbs the walls of the garden room formed the decorations.

Nuptial music was presented by Miss Elaine Crawley of Wellington, pianist, and Miss Frances Beebe of Lubbock, vocalist.

Mr. Singley gave his daughter in marriage.

Her gown of white Chantilly lace and tulle had a molded lace bodice over pean de soie, with a scoop neckline and long sleeves that tapered to points over the wrists. Panels of lace were inset at intervals in the bouffant floor length skirt, which was also edged in a deep band of the lace.

A princess coronet of crystal beads and pearls held her elbow length veil of layered tulle and she carried a bouquet of gardenias surrounded by stephanotis.

Miss Beverly Singley, sister of the bride, was maid of honor, and her youngest sister, Cathy Singley, was junior bridesmaid. They wore identical street length dresses of aqua blue organza over taffeta. Scalloped necklines and cap sleeves accented the basque

Awards from Texas Federation to City Women, Club Reviewed

Two local women and one organization received awards at the recent Texas Federation of Women's Clubs state convention in Dallas.

Announced the first evening of the convention was the TFWC Mother of the Year, Mrs. Jennie Holcomb. Representing the Top of Texas District in the state competition, Mrs. Holcomb's sponsoring club was the 1924 Study Club. This award was made to Mrs. Hol-

comb by Mrs. O. T. Collins of Waco, the state chairman in this category.

The Top of Texas District Veterans' Division chairman, Mrs. John Coleman, was awarded a second place certificate for her report and district summary to the state chairman, Mrs. Roy Caldwell of McKinney.

The 1924 Study Club received a first place in the United Nations Division, International Affairs Department; a first place in the National Defense Division, Public Affairs Department; and a 100% club participation citation in the CARE-Literacy Department.

Attention of the convention body was given to Mrs. Coleman and Mrs. B. M. Sims as a mother-daughter set — both active in civic affairs at local, district and state levels.

Panhellenic Tea in Amarillo

Attention, all girls from Wellington and the Wellington area who will be starting to college this fall! The Amarillo Panhellenic Tea will be held on Sunday, June 9, at the Federated Women's Club, 2001 Wolfen Circle, at 3 p.m.

Registration cards are to be filled out for fall rushing at the various colleges and universities. Since summer rushing has been banned by many schools, the cards will be the only contact with the active chapters.

For those girls who cannot attend the tea, further information may be obtained from Mrs. J. W. Bowers, 140 North Beverly, Amarillo, or call Mrs. Bowers at Drake 4-8364.

Mr. and Mrs. Everett Monson of Wayland, Iowa, are spending two weeks in the home of their daughter, Mr. and Mrs. Harvey Millsap and family.

Mr. and Mrs. Joe Hemphill of Oklahoma City are visiting in the home of his sister, Mrs. A. L. Cochran.

Lydia Class Holds Luncheon

The Lydia Sunday School Class of the First Baptist Church met for their monthly luncheon in the basement of the church May 23.

Mrs. W. A. Morrow was in charge of the program. Mrs. R. L. Porter gave the devotional, which included scriptures and a poem, and Mrs. Vada Vaughan led in prayer.

A luncheon was served to Mmes. Henry Davidson, R. L. Porter, J. L. Hays, T. Vaughan, Ben Brewer, W. A. Morrow and one visitor, Mrs. W. M. Horton.

Mr. and Mrs. James Richardson, Karen and Linda, were in Plainview Friday and Saturday to attend the graduation exercises at Plainview high school. Mrs. Richardson's sister, Miss Brenda Williams, was one of the graduates.

Ronnie Rudy, stationed at Castle Air Force Base, near Merced, Calif., is visiting in the home of his parents, Mr. and Mrs. Vernon Rudy.

Bryant to Get MD Degree

Tom Bryant, who was born here and lived in Wellington until he was a junior in high school, will receive his Doctor of Medicine degree from the University of Texas Medical School in Galveston on Monday, June 10.

He is the son of Mr. and Mrs. Tom Bryant of Fort Worth.

The commencement will be held in Moody Civic Center.

Beginning July 1, Dr. Bryant will begin an internship at St. Joseph's Hospital in Ft. Worth.

He was graduated from Polytechnic high school, Ft. Worth, in 1955 and from North Texas State University in 1959. His fraternities at NTSU were Beta Beta and Blue Key, and in Galveston Phi Chi.

He was married to Miss Oberra Threadgill of Grand Junction, Colo., on Sept. 2, 1961. She is an x-ray technician and a graduate of Texas University Medical Center.

Lynda Orr Will Receive AA Degree From Stephens College on May 27

COLUMBIA, Mo.—Miss Lynda Dyane Orr received the Associate in Arts degree from Stephens College here Monday, May 27. She is the daughter of Dr. and Mrs. James Milton Orr, 1700 Dalhart Street.

Degrees were conferred on 675 students in the 130th graduating class at Stephens in commencement exercises at 8:30 a.m. Monday. At the same time Stephens College also conferred Bachelor of Fine Arts degrees in Music, Dance, Theatre Arts and Fashion on 20 young women.

Commencement week-end activities at Stephens began with the annual Honors Convocation on Friday morning, May 24. An aquatic demonstration was held Friday afternoon at Stephens Lake, and the Commencement Horse Show was held Friday evening in the Stephens Arena.

In the Stephens Playhouse for commencement week end, the popular comedy "I Remember Mama," was presented.

Saturday events included a faculty lecture sponsored by the national scholastic honorary Phi Theta Kappa, a luncheon for mothers and daughters, and Old Missouri Barbecue for fathers, showing of original student fashion designs, and a program of "En-

Lynda Orr

cores in Music and Dance." The traditional Commencement Ball, at which fathers of the graduates are their escorts, was Saturday night.

Baccalaureate service was on Sunday morning with the Right Reverend Ned Cole, Dean of Christ Church Cathedral, St. Louis, as speaker. A commencement luncheon on campus and a concert by the Stephens Symphony Orchestra followed. Evening prayer services were held Sunday night at the Chapel.

Highway Patrol Warns of June Travel Dangers

Sergeant J. W. Wilson, Highway Patrol supervisor of this area, has issued the following warning on two traveling hazards common to this season of the year.

"If you travel the rural roads this month, you will meet up with lots of slow moving machinery," the patrol supervisor reminds motorists. And he reminds them to be ready to slow down in plenty of time to avoid collision—and to pass only if you are sure you can do it successfully and safely.

"Remember, too, where there is a farm house, there is a driveway—even though it may be hidden from view. So be prepared to yield, if you must, to traffic entering or leaving. Yielding right-of-way costs you nothing. Demanding it can cost you an accident."

The sergeant also stated, "The owners of boat trailers should check to see that they meet the state's motor vehicle laws. If they do not you are asking for an arrest or an accident—or both. Every time you take your trailer on the road, make sure all warning and safety devices are working properly. Check especially the lights, and the strength of the hitch and coupling. It is a good idea to make additional checks whenever you make a stop."

Ruben McGill of Lubbock and Mr. and Mrs. Raymond McGill and children of Amarillo were week end visitors in the home of their parents, Mr. and Mrs. J. K. McGill. The Raymond McGills also visited her parents, Mr. and Mrs. Tom Caldwell.

Week end visitors in the home of Mr. and Mrs. Hubert Mauldin were her aunt and uncle, Mr. and Mrs. Harry V. Leonhardt of Denison. Mrs. Virginia Owens, Mrs. Mauldin's sister, of Dallas, visited Sunday and took her daughter, Beverly, home with her for the summer.

Richard Mauldin, a student at Cameron Junior College at Lawton, Okla., has returned home for the summer and will help his father in his farming operations.

Mr. and Mrs. John Simpson of Hereford are visiting their daughter and family, Mr. and Mrs. Leon Roberts. Mrs. Roberts entered Wichita Falls General Hospital for surgery Monday.

Colored Classes Tour State

The junior class of Booker T. Washington high school chose as their project this year a trip for the seniors instead of a prom.

The trip carried them thru Dallas, where they visited Bishop College, and where they were guided on a tour of the campus by the registrar. They saw many areas and buildings of the college.

The next stop was Waco and Paul Quinn College. Here another informative and interesting tour was enjoyed.

After visiting in Waco and Temple, the group left for San Marcos and Wonder Cave. Here they saw a cave formed by an earthquake some 1,000,000 years ago. There they also saw fullers earth, which is used in making powder and perfume. They also saw flint stone and calcite crystals.

The next stop was San Antonio, where they visited Brackenridge Park and saw the sunken gardens, then they visited the Alamo.

W. E. Franks, principal, reported the trip was educational as well as enjoyable.

Seniors going were Betty Meadows, Elmer Joe Price, and Charles Carney. Juniors were Jessie Culppeper, Calvin Roland and Pearl Marie Kilgore. Teachers accompanying them were Miss Francine Childs, Lorenzo Person and Miss Peggie L. Randle.

Stewart Hurt as Tractor Flips

Jack Stewart, 48, of Goodnight, who formerly lived here, was critically injured when the tractor he was driving overturned on him Friday, May 24, between 10 and 11 a.m.

He is in Northwest Texas Hospital, Amarillo, and underwent surgery Friday night for internal injuries.

Stewart is the son-in-law of Mr. and Mrs. G. L. Roberts of Rolla. He operates a ranch near Goodnight.

Mr. Roberts said he had been about a mile and a half from his home to plow a garden and was returning. Stewart was able to rock the tractor enough to pull himself out from under it, according to his father-in-law. He was found by a brother, Ray Stewart.

He has a broken pelvis and stomach injuries. Mr. and Mrs. Roberts visited Stewart Sunday.

The Cape to Cairo Railroad was completed in 1918.

Proclamation

WHEREAS, on Thursday, May 30, we will join with all other communities of the nation in observing Memorial Day, a day in which we pause in solemn tribute to those who gave their lives that all may be free, and

WHEREAS this is one of the designated holidays of the City of Wellington, preserving a tradition long established here,

NOW THEREFORE, I, Hiram Cudd Mayor of the City of Wellington, do proclaim Thursday, May 30 a legal holiday for the city and ask all business houses and offices to close on that day, and let us pledge ourselves anew to be ever vigilant that our freedoms which have been so nobly won shall ever be preserved.

Rodeo-Horse Show at McLean

McLEAN.—McLean kicks off its annual 66 Roundup Rodeo and Horse Show celebration on next Wednesday afternoon, June 5, for a four-day run.

Festivities open at 4 p.m. Wednesday with a parade thru the city, featuring riding clubs from all across the Panhandle, then continues thru the following Saturday.

In addition to the parade, the Old Settlers Reunion is to be held Wednesday, with registration at Lovett Memorial Library.

The rodeo, which lays claim to being the best amateur rodeo in the Panhandle, begins Wednesday night and will be held nightly thru Saturday, beginning at 8 p.m.

Cowboys will be competing in two go-rounds for a total purse of \$2,400, plus a \$225 trophy saddle to each event winner.

The events, with a purse of \$400 each, include saddle bronc riding, bareback bronc riding, bull riding, calf roping, heading and heeling, and bulldogging.

There also will be a girls barrel race. Contestants vie for a \$15 jackpot, plus awards to the three top riders.

Stock contractor for the rodeo is Ratjen Brothers Rodeo Co. of Happy, Texas. Rodeo announcer will be Nat Fleming of Wichita Falls, and the clown will be Richard Walters of Amarillo.

An AQHA-approved horse show and cutting horse contest are scheduled for 9 a.m. Saturday, June 8 and an old fiddlers' contest will be held at 2 p.m. the same day.

It's Highway Week, and There are Two Points That Need Our Work

This week is observed as Highway Week, in both Texas and the nation.

We have good highways through Collingsworth, from US 83 through State 203 and down to our fine system of farm-to-market roads.

But we should look on our major highways as something more than a convenience that runs through the county.

What Governor Connally said about the state applies to Collingsworth: "Today's Texas highway system is contributing immeasurably to the future growth potential of the economy."

There are two points in which Collingsworth County needs to work in regard to its highway system.

No. 1 is to help push and publicize US and Canada Highway 83. This highway that we travel every day and take so much for granted, is one of the main north-south routes cutting straight through the heartland of the United States—through the Breadbasket of America. It is completely surfaced all the way.

At the north end it joins a connecting link with the Alcan Highway. To the South it connects with the Pan American Highway, already improved deep into Central America and the work continues.

Beyond this, some of it still in the future, but some on the drawing board, is a proposed highway that will run the length of South America. And US 83 is part of this long, long road.

There are other roads that run north to south through central United States, but this is the best one. But it must be publicized as the best—it must be known as the best. There are many highways that go from Chicago to Los Angeles, but none is as famous as US 66.

Point No. 2 is work toward having a series of roads designated as US 366, from the South Plains through Collingsworth to Oklahoma City and beyond.

Still another aspect of promoting these roads is the new industry it offers — the tourist. Texas is making a serious effort to bring more tourists to Texas. Certainly some will pass through Collingsworth.

Texas population has increased 25 per cent in the last 12 years. This part of the state was one of the last to feel the population growth, but the tide has turned, here, too. There are indications that with work being done through our Area Redevelopment Program, positive growth in the Collingsworth area will come.

Then our highways will be of greater importance, to get what we produce out of here and what we buy, into the county. With 1963 Highway week, we have a good system of highways — let's keep it second to none.

Eat, drink and be merry for tomorrow you may run out of credit.

The guy who said, "Go West" obviously never had to do it on a cloverleaf intersection.

CROSSROADS REPORT

Dear Editor:

I see where the Labor Department put its electronic and its less reliable type brains to work and found out nearly all employed women work for financial reasons.

Now one of our modern conveniences is this massive government which takes our money and spends it solving such vital mysteries for us, such as why monkeys love their mammas, why some people vote like they do, and why women folks work.

Of course, this last one could have been solved a little cheaper, just by stopping some lady worker's pay, and recording her reaction.

Considerable discussion these days about what is referred to as the Welfare State.

My Puritanish neighbor says when people don't have to work for a living, they go to the bad, as was proved in the Garden of Eden, which was sort of the first Welfare State.

Says the inhabitants of the Garden had time on their hands and got to listening to the Snake, who was the first Liberal, and they bought his idea that the world was changing and they ought to forsake old precepts and take up a New way of doing.

My profanity expert neighbor says over-usage by amateurs, and shipped-ethics among professional profaneers, have domesticated most of our old reliable swear-words.

Says there are no unprintable words any more, to be passed only from mouth to ear, or written down only on public washroom walls.

And he says putting them into books and parlors has shifted many very good bad words from the artistic to the vulgar, so that, for instance, only ungentlemanly mule drivers can now use them in the presence of a mule.

I see where a news report says tourist traffic to Washington, D.C., is thinning out, and likely one-third fewer people will visit the capital city this year.

Some think this is because the place is getting dangerous, what with hordes of youthful thugs being released to the custody of the same parents who turned them loose in the first place.

But only the tourists are chicken, and we have still got an ample supply of brave politicians who are willing to face the perils of co-existence with ruffians in Washington.

Effort Made to Bring Guar Back as Cash Crop in Area

An effort will be made thising to Crawford.

The new cash crop push for guar as a bean producing crop is based on a breakthrough in industrial processing techniques which minimizes the risk of crop damage from exposure to extended fall rains during the harvest season. Bean color is no longer a critical factor in marketing as long as the beans are fully developed and plump.

Crawford said that several farmers in the Salt Fork Soil Conservation District at one time grew guar, but discontinued the crop due to the lower price paid for the rain-damaged beans.

John W. Stewart, field representative for General Mills' guar plant in Kenedy, Texas, has been contacting farmers in the area for the past several days to get them to devote a substantial acreage to guar.

The guar plant in Kenedy was established in 1951 and operates on a year-round basis. Not enough of the beans are produced in Texas and Oklahoma so that some are imported each year from Pakistan and India.

The Kenedy plant extracts vegetable gum from the beans. The gum is used in a number of industrial processes such as mining production, petroleum drilling mud compounds, manufacture of paper, printing pastes and other specialized uses.

Not only does guar present a good earning potential from the sale of the beans, but it is also considered an excellent land improvement crop, according to a release from the Soil Conservation Service.

Stewart brought out one point that will have an important bearing locally:

Beans that have turned black due to weather conditions are just as acceptable on the market as those not discolored as long as the beans are plump and fully developed.

Stewart contacted a number of farmers, Crawford said, and among those who plan to seed guar, considered one of the best drouth-resistant legumes, are A. C. Patterson and Dennis Lacey who live at Buck Creek, Ed Crowder, E. V. Hawkins and L. B. Jordan of Dodson.

A government ruling that diverted grain acres must be planted to some type of soil improving crop, plus the fact that the General Mills plant at Kenedy is making an effort to get more acres of the crop seem to be the reasons for the unusual interests this year, according to a release from the Soil Conservation Service.

Not only does guar present a good earning potential from the sale of the beans, but it is also considered an excellent land improvement crop, according to a release from the Soil Conservation Service.

NOTICE OF THE NAMES OF PERSONS APPEARING AS THE OWNERS OF UNCLAIMED AMOUNTS HELD BY: WELLINGTON STATE BANK Wellington, Texas

This notice is given and published pursuant to Section 3, Article 3272b, Revised Civil Statutes of the State of Texas, in an effort to locate persons who are the depositors or owners of amounts in accounts that have remained inactive or dormant according to the provisions of Article 3272b for more than seven (7) years.

The unclaimed amounts due the depositors or owners listed herein will be paid upon proof of ownership at the office of the above-named depository within nine (9) months, and if unclaimed thereafter they may be subject to report to and conversion by the State Treasurer in accordance with said Article 3272b.

Names of Missing Depositors	Last Known Address
Darlington, Mrs. Ethel	None
Gardner, Mrs. D. B.	None
Green, Mrs. M. E.	c/o Stratford Hotel, Wichita Falls, Texas
Laycock, M. N.	None
Morton, M. E.	Aspermont, Texas
Simpson, Samuel S.	None

The major product recovery from guar bean processing is a 35 per cent protein supplement animal feed widely used by cattle feeders and feed manufacturers in Texas.

Farmers in the area who plant guar, can expect yields of from 400 to 800 pounds per acre. The crop will sell for \$4.00 per hundred, F.O.B. Kenedy, Grade No. 1.

Stewart said that one of the principal reasons guar has failed to produce sufficient beans in this area is because it has been planted too early. It should be planted in late spring.

The guar plant grows to about three to five feet in height and the beans can be harvested with a standard grain combine.

9 Graduate From Eighth Grade at Quail

Nine eighth grade students will be graduated at Quail on Thursday, May 30, at 2 p.m., Supt. Herman Moseley announced this week.

The program will be given in the school gymnasium.

Jerry Haralson is the valedictorian of the class, and Robert Blevins the salutatorian. Each will speak at the graduation program.

Supt. Moseley will be the speaker.

Gary Branch will give the invocation, Margie Kennedy will read the class will and Judy Campbell the class prophecy.

Mrs. Lewis Morris, principal, will present the diplomas, and Neva Baker will give the benediction.

Musical numbers will include a congregational hymn and two songs by the high school choir, "Far Away Places" and the recessional, "Ever Onward."

Receiving diplomas are Garland Boyce, Robert Blevins, Gary Branch, Neva Baker, Judy Campbell, Earl Feemster, Jerry Haralson, Margie Kennedy and Coy Stephens.

Mr. and Mrs. Jack Sanford and Nancy spent the past week end at Wichita Falls and Possum Kingdom Lake.

Deck's DIDACTICS

—By Deskins Wells

Some teenagers of Wellington are taking a drivers educational course. It is taught by Harvey Millsap with the cooperation of the Texas Department of Public Safety and it is an extensive and intensive course. Right now the youngsters are doing the book work. This includes a study of the motor vehicle laws of the state, drivers handbook, and other literature as well as movies and lectures furnished by the DPS.

The youngsters must complete this written work before the actual driving lessons begin. I have been looking at some of the literature and I am sorely afraid that some of us oldsters would fail miserably if we had to take such a test before we could renew our drivers license. Older people will shudder at the thought, but I wonder what sort of turmoil it would cause if we did have to take such a test instead of simply sending our \$2 to Austin every two years.

Here are some of the startling facts as set forth in the DPS literature for the year 1961.

From 1900 through 1961 more Americans have died in highway accidents than have died in all U.S. wars. From 1900 through 1961 there were 1,378,854 U.S. citizens killed on the highways. From 1775 through 1961 there have been 1,130,393 Americans killed in all the wars of the United States and there were 8 of them not counting any Indian skirmishes.

The financial cost of highway accidents is colossal. Here are some more figures from the Department of Public Safety: "If a football field was completely covered with one dollar bills, then a layer of two dollar bills, then a layer of five dollar bills, then a layer of ten dollar bills, then a layer of fifty dollar bills, then a layer of hundred dollar bills, then a layer of five hundred dollar bills — now on top of these eight layers of paper money, dump 1,774 TONS of silver dollars and the money on the football field would represent the economic loss we suffered in TEXAS for the year 1961."

Speed is still the main cause of most fatal accidents—more about this later perhaps.

The swimming pool will be open Thursday, May 30 at Marian Airpark and penny day will be Saturday, June 1. The pool is under the direction of Louis Graham and a lifeguard will be at the pool at all times when it is open. Free swimming lessons will be given for beginners, advanced swimmers and in diving.

We should be proud of this pool and make the fullest use of it, because it is one of the finest in this part of the Panhandle.

People who live in that part of East Avenue are familiar with the extent to which Ellison Park is used, but it is astonishing to some of us who do not live nearby. The park is full of people nearly every summer night and it is a sight to behold the people who gather on Saturdays and Sundays for reunions and picnics. And it is not only in the summer it is practically all year round. In addition the park looks better than ever before.

This month J. Claude Wells is completing 60 years as an editor. It is a record not matched by any present day editor in Texas. Some twenty or thirty years ago there were several editors who had been in the newspaper business for 50 years or longer, but many of these were men who started as printer's devils before they were ten years old. It is an amazing record; and the most remarkable thing about it is that the "young" man is still going strong. Congratulations.

Mrs. John Jones of Houston, the former Winifred Small of Wellington, has been appointed chairman of the Board of Regents of Texas Women's University at Denton, once known as C.I.A. She is the first woman to ever be appointed to such a board. She is the sort of person who would not have accepted the appointment if she had not intended to give it her best effort and in her case that can be tremendous.

People buy more in the summer months than in most other months of the year.

AN IMPORTANT CLOD OF DIRT

Dale Derrick, fourth from left, holds a clod of dirt which the other three members of the Collingsworth County 4-H Land Judging Team prepare to judge. This team will participate in the State 4-H land judging contest at College Station Wednesday, May 5, after winning first place in District I competition recently. From left, the team members are Cody Crowsnoe, Mike Gully, John Hightower and Derrick. Next are County

Agent Cecil Regier, and Lynnel Black of Dodson, who coach the boys. Black was a member of the 4-H land judging team of 1962 that placed second in the state contest. They will judge four locations for texture and composition and make recommendations to conserve fertility. Twenty-four teams from over Texas will compete.

Clergymen See Soil Conservation Work on Tour

A group of Collingsworth county ministers saw work that is under way toward conserving land fertility during the annual ministers' tour that marked Soil Stewardship week.

The tour was held Thursday under the direction of Bob Crawford, work unit conservation officer of Soil Conservation Service.

Farms visited were those owned by Ray Null, Robert Posey, Judge Luther Gribble, J. C. Hartman, W. C. Harwell, and Mrs. Mary Sugg.

Clergymen making the tour were the Rev. Davis Edens, Gilbert Forrest, Min. Grandol Forehand, the Rev. Howard Lester of Dodson, Min. Charley Dunwood, the Rev. Jack Durham, and Ben Wilhelm. Joining them for the luncheon that followed were the Rev. Kenneth Quaid, the Rev. J. F. Michael, and Zook Thomas.

Also in connection with Soil Stewardship Week, the conservation film, "The Earth Is the Lord's," was shown at First Methodist Church Sunday night and will be shown for men of First Christian Church this week, Crawford said.

Mrs. Sullivan X-Ray Graduate

Mrs. Larry Sullivan, the former Linda Kay Elbert, recently completed her training at Parkland Memorial Hospital School of X-Ray Technology in Dallas.

She is now employed by Dr. H. A. Mueller and Dr. O. L. McCleskey in the Oak Cliff X-Ray and Radium Clinic in Dallas.

Mrs. Sullivan is the daughter of Mr. and Mrs. Howard Elbert.

W. W. Wade

(Continued from page one) became a member of the section's farm and community life during one of its periods of greatest growth and farm development.

Known as a man who always did his part, Mr. Wade worked for the improvement of schools in his part of the county and for the growth of his church, the Nazarene.

Funeral services were conducted at the Church of the Nazarene in Wellington Wednesday at 3 p.m. Officiating were the Rev. Jack Durham, pastor, and Dr. Glenn Hickey, pastor of First Baptist Church.

Burial was in the family plot in the Dodson Cemetery under the direction of Kelso Funeral Home.

Pall bearers were Claude Lewis, George Lewis, George Brewer, Robert Hightower, Jack Brewer and Yates Brewer of Shamrock.

Surviving Mr. Wade are two sons: C. B. Wade and J. B. Wade of Wellington. Other survivors are three brothers and two sisters: S. P. Wade of Little Rock; J. B. Wade of Hamilton, Ala.; L. C. Wade of San Bernardino, Calif.; Mrs. Noble Laman of Borger, and Mrs. Verna Ball of Cave City, Ark.

There are five grandchildren and two great grandchildren. Mrs. Wade preceded him in death on Sept. 27, 1939.

Visiting Mrs. Bert Weaver of Quail is her granddaughter, Pam Taylor of Brownfield.

Booker T. Has Class Night

Class Night exercises were held by the Booker T. Washington eighth grade and senior class recently.

The eighth grade gave speeches, poems and class songs while the seniors presented addresses and poems. With the sophomores and juniors, they presented a play, "The City Slicker," which was the highlight of the evening.

(Continued from page one) chures setting forth the benefits of the Chamber of Commerce were issued.

The Collingsworth Chamber of Commerce has issued a new brochure, aimed especially at potential members among the business men and those eligible for individual membership.

It is titled "What Does My Investment in the Collingsworth Chamber of Commerce Do for Me?" The sub-title is "Collingsworth County — a County with a Blueprint for Progress." "We point out in this brochure that any reputable person, association, corporation, partnership or estate wishing to advance the commercial, industrial and civic interests of Wellington and Collingsworth County, may, upon payment of dues in advance, become a member," said N. M. Higdon, C-C manager.

The brochure explains how the Chamber of Commerce makes money for the member, helps to build business, helps keep taxes down, aids in increasing property values, helps improve the community, protects and increases the investment, is the business man's "detective agency", gives the member a chance to share in the responsibility of making the community what that member wants it to be.

The brochure is being distributed widely through Collingsworth county, Higdon said.

Mrs. Ansel McDowell returned to her home in Hereford on Tuesday, after spending several days with her mother, Mrs. S. K. Parsons Sr. Mrs. McDowell also visited with her brother, Mr. and Mrs. Sandy Parsons Jr.

Three Treated After Collision

Three teen-age girls were treated at St. Joseph's Hospital and then released Saturday night, May 25, following a collision in the 1100 block of East Avenue shortly after 9 p.m., Police Chief Troy Marsh reported.

Chief Marsh said the Corvair driven by Marsha Tyler struck the rear of a parked car belonging to Raymond Minatrea of Dodson, as she was passing a third car, driven by Bill Wilson.

Riding with her were Patricia Kimbro and Janyth Estes.

According to the police chief, Miss Tyler received a cut on her left knee and injury to the right one. Miss Kimbro had bruised shins and Miss Estes a head bruise.

He added that the left front fender and grill of the Tyler car, and the right rear fender of the Minatrea car were damaged.

Former County Man Dies

Estridge Culwell, 72, of Frederick, Okla., died of a heart attack at his home Tuesday, May 21. He was the son of Mrs. W. H. Culwell and the late Mr. Culwell, and lived here many years ago.

He operated a tailor shop. His wife, the former Miss Madge James of Frederick, died on April 27, less than a month before her husband.

Mr. Culwell served in World War I, and moved to Frederick upon returning.

Survivors are a son, Jimmy Culwell of Arizona; his mother, Mrs. W. H. Culwell of Wellington, and a sister, Mrs. Ernest Wood of Littlefield.

Three uncles also survive: Elmer Culwell of California, W. S. Pritchard of Wellington, and P. D. Pritchard of Quanah.

Mrs. Cockrell

(Continued from page one)

She was married to Thad Furgason in 1897, and he preceded her in death in 1911. In 1915, she was married to S. J. Cockrell, who died in 1934.

Surviving Mrs. Cockrell are seven daughters and a son: Mrs. Gladys Glenn of Amherst; Mrs. Vettes Winegeart of Texico, N.M.; Mrs. Willie Winegeart of Pampa; Mrs. Ruby Drake of Ropesville; Mrs. Thadys Hedger of Wellington; Mrs. Loucell Riley of Umbarger; and Givens Furgason of Pampa. There are 36 grandchildren; 97 great grandchildren; and 9 great great grandchildren.

remember her for she was raised here. She came in from New Jersey where she and her family live, and most of the time we visited about people here," Mrs. Holcomb continued.

Standing out in her memory was the visit to the Guggenheim Museum of Modern Art—a building without stairs, but with circular ramps that wind from floor to floor... the Hayden Planetarium, where the heavens are pictured in the observatory dome... and the United Nations, where the work of each group was explained.

At the Metropolitan Museum of Art the group was shown the picture "Aristotle Contemplating the Bust of Homer," valued at \$2,000,000.

"How do you set a value like that on a picture?" "It will bring that much in increased attendance," the women were told.

and there are 30 more to go if it is completed to the architect's model.

"When it is completed it will be the largest church in the world. It is 600 feet long and 340 wide, and they never start any addition until they have every cent raised."

Wednesday the group learned that Mrs. Olga Pearson Ingal of Nebraska was the American Mother of 1963. Mrs. Holcomb was placed second.

Devotion was an important part of the gathering of these American mothers. There were services at the Interfaith Church, headquarters for all churches. They heard Dr. Margaret Applegate discuss "The Place of Prayer" and at the

Cardinal Spillman Club, the Cardinal spoke. They heard Dr. Ralph Sockman talk on "Praise and Power that Has Made Us a Nation."

Back in Dallas Mrs. Holcomb remained for the state convention of the Texas Federation of Women's Clubs—and heard herself announced as its Mother of the Year.

Of all the talks, it was in Dallas that she heard one of the most impressive, given by John H. Nobles, a prisoner of the Russians for 9½ years.

He reminded them of the necessity of fighting communism. "I have three little girls. Their generation doesn't have a chance if communism gets them."
