Pallbearers were H. F. Sellers, C. L. Woodward, Tyrus King, J. B. Ogle, H. N. Wolfe and Roy French. Born January 1, 1870, Mrs. Phillips was married July 24, 1887, to J. M. Phillips who preceded her in death on February 17, 1931. She took a hearty interest in things going on about her, and made friends of all with whom she came in contact. She was cheerful and agreeable in all her associations with young and old, and will be missed by a host of relatives, neighbors and friends. The survivors include two sons and four daughters: Robert Phillips, Lake Charles, La.; Goodwin Phillips, Hico; Mrs. Hattie Sanders, Waco; Mrs. George Leeth, Hamilton; and Ruth and Mae Phillips, Hico.

## U. S. Dept. of Agriculture's

## OFFICIAL REPORT ON WEEKLY SWING OF FARM MARKETS OVER THE SOUTHWEST

Many southwest farm products sold lower this week, the U. S. Department of Agriculture's Production and Marketing Administration reports. Sorghum prices fell 7 cents a pound for the week, barley, yellow corn 9 to 10 cents, and other grains 3 to 4. No. 2 yellow milo closed Monday at \$2.55 to \$2.60 a hundred at Texas common points. No. 2 yellow corn sold around \$1.57 a bushel, white corn \$1.70, oats 79 to 83 cents, and No. 1 wheat \$2.33 1/2 to \$2.40. Heavy rains further delayed rice planting in Texas and Oklahoma last week but Arkansas seedling made good progress. Wheat mill feed markets broke sharply after several weeks of rising prices. Most other feeds enjoyed good demand. New crop alfalfa just started moving to southwest markets at slightly lower prices. Seed peanuts sold slightly weaker at 19 to 20 cents a pound, as rain damaged crops. Cotton lost \$1 to \$3 a bale. Middling brought \$2.45 to \$2.65 cents a pound. Despite lighter receipts and higher beef prices than the week before, most cattle sold 50 cents to \$1 lower in Texas and Oklahoma. Fort Worth held steady on many classes however, and Denver showed some strength. Low grade calves lost up to \$2 at South Texas markets. Cull and common grades ranged from \$15 to \$23 at San Antonio, \$19 to \$22.50 at Houston, and \$15 to \$20 at Fort Worth. Denver paid \$25 to \$29 for medium to choice vealers, and Oklahoma City up to \$35. Hogs sold about unchanged from

a week ago at Texas markets, but gained mostly 25 cents at Oklahoma City and \$1 at Denver. Receipts changed little from a week earlier or a year ago. Pork lost \$1 to \$4 for the week. Top butchers' closed Monday at \$18.25 in Texas and Oklahoma and \$19.50 at Denver. Sows brought \$14 to \$16. Southwest sheep markets showed little change from last week. Good and choice spring lambs reached \$27.50 at San Antonio, \$29 at Fort Worth, and \$29.50 at Oklahoma City. Medium woolled goats brought \$28.25 at Denver. Goat kids gained \$1 at San Antonio to bring \$4 to \$5 each, and a few reached \$5.50. Dressed lamb prices advanced \$4 to \$5 from a week ago as mutton held steady. No Texas wool sold last week, but some mohair moved at 35 to 37 cents. Mostly steady firm markets for eggs and poultry prevailed in the southwest although poultry weakened slightly at Denver and New Orleans, and eggs strengthened a little at Denver. Current egg receipts kept largely within a range of 40 to 43 cents a dozen. Fryers sold mainly around 32 cents a pound at wholesale markets. Abundant moisture resulted in more of some kinds of vegetables from southwest growing districts but excess rain and floods damaged or destroyed others. South Texas onions suffered severe damage and wet weather retarded vegetable harvest. Rainy weather slowed strawberry picking in Arkansas, but prices declined. Weekend sales netted growers mostly from \$9 to \$10.50 per 24 quart crate of No. 1.

## UNIVERSAL PRAYER ON MOTHERS' DAY

## Donkey Softball Game, Hico Vs. Iredell, to Be Staged Tuesday Night

Come on out and watch the donkeys make monkeys of the riders in a softball game on the Hico football field Tuesday night, May 10. Advance tickets are being sold by the football boys of this coming season. A saving is to be made through buying tickets before the game, as prices will be slightly higher at the gate. The local football fund will get 50 per cent of the gate receipts from this ball game. If we have a good turnout and sell a large number of tickets, we will get to fix up dressing rooms under the stands and have these rooms complete by this coming football season. Even though you may not get to come to the game, remember the funds will be used to improve our football stadium. All advance tickets that are sold but not used at the game, the full value of the ticket will go to the football stadium improvement fund. You know you would like to see Hico have the best football stadium in the county and you can help. Do your part by coming out to see this ball game and buy your ticket in advance.

## School Baseball Team Defeated Valley Mills, Former District Leader

The Hico High School baseball team went to Valley Mills Monday, May 3, and defeated the Valley Mills team 8-2. Valley Mills was the district leader up until this game with one win and no losses. As a result this game left the Hico team first in the standing because they have played more games than the other one-time losers. Hico's season standing is three wins and one loss. Winning pitcher in the Valley Mills game was Odell Terry, who made his third victory with no defeats. He struck out 10 batters and allowed three hits. Losing pitcher was Cole, who allowed nine hits but struck out 12 batters. The game scheduled for Meridian Tuesday was postponed. The next Hico scheduled game is with Alexander at Hico Friday week, but an effort is being made to play a postponed game here Monday afternoon.

## Material Reported Arriving This Week At Altman Well Site

Material has been arriving for several days at the location of McClung, Wilkinson & McClung No. 1 R. C. Christian, in the Claiborne-Altman area, and only had weather and worse road conditions has delayed actual start of drilling operations, according to the best reports available this week. Permit is for 4500 feet in this test with cable tools. Deepening continued at the American Liberty Oil Co. No. 1 D. A. Fellers a mile north of town, in spite of rumors that contract depth of 4500 feet or Ellenburger had already been reached. Reinforcing of the derrick and other operations indicated to some that a new bottom had been set, but authentic facts are unavailable due to the fact that no information is being released at company headquarters or at the location of the "tight" well. The News Review has been unable to confirm rumors, some published in other papers, relative to offset wells or other speculation. Drilling continued on American Liberty's No. 1 W. J. Clanton near Iredell, with satisfactory progress. Depth was reported unofficially the first of this week at below 3,000 feet.

## Golightly Entertain Distinguished Guest Following Convention

Mr. and Mrs. John G. Golightly and family were hosts last week end to Mrs. R. L. Campbell, president of the Texas Home Demonstration Association, whose home is at Widorado, near Amarillo. Mrs. Campbell accompanied Mrs. Golightly home from a convention at Eastland of District 8, THDA, where Mrs. Golightly presided at all sessions. She is vice-president of District 8, which is composed of members in 18 counties in this section. The two-day session opened Wednesday afternoon with introduction of guests by Mrs. Golightly, and continued through Thursday with other sessions at which she presided. This was Mrs. Campbell's first visit to Hico, and she was lavish in her description of the beauties of this section, as well as very complimentary to Mrs. Golightly for her efficiency in THDA work. Especially did she praise the well-rounded program arranged by the local official.

H H S —  
HOMEMAKING NEWS

April 30, Saturday morning the F. H. A. classes of Hico went to a district meeting in Hamilton. One club mother went, Mrs. Salmon.

At the meeting, new officers for the year were elected. Also Hamilton had a program. We took sack lunches and ate in the ball park. After lunch we played baseball. All that went, and fun.

## SPOTLIGHT

April showers bring May flowers the saying goes, and in Hico it's all come true. April's over and the beautiful sunny weather of May is all around. Take a ride out in the country and look around. There are flowers everywhere.

These last few weeks of school are slipping away so fast it leaves you breathless. Things are whirling along too fast to keep up with. People have a million things to do and places to go. Something is happening every minute of the day and night.

Let's cut the chatter and get down to facts. The facts of where you went, who with, and what you did. This week I've uncovered some interesting things, like to hear them?

Last Sunday night Jo and O. J. and Punk and Milton went to the show. Lois and Fred went to church. After church and show

they all got together and then, wonder where they went.

Tuesday night there were some surprising mix-ups but the results were pleasant. Wendell who was on the steady list, went with Jo S. Raymond was with Jean. They went skating. Shirley and Vernon were also skating.

Say Ralph T. you seemed to be having fun. Wonder what Audine was saying was really that funny?

In Hico Mary and Dub and Jimmie and Milton were in town. Wednesday the rain was still going fine but despite the weather Jo, Barbara, Lois and Jimmie took a long trip over to Fairy to see their Senior Play. Their escorts were (and to be expected) O. J., Garland, Fred and Milton.

I was riding around Hico Thursday night and saw some people who looked very much like La Verne and Ralph, and Dub and Mary going to the show. Buck came and got Patsy after play practice and guess what, they went straight home.

Friday night the annual Junior play took place. The couples arrived from 7 to 8:30, all dressed up and looking very happy.

Shirley and Vernon came early and sat close down front. La Verne and Ralph, Lois and Donald and Louise and Earl were among the early arrivals.

The Fairy-Hico couples came in a group and sat pretty close together. Milton and Punk and Jo and O. J., Lois and Fred and Barbara and Garland were in the group I was speaking of. Betty and James and Mary and Odell were together after the girls quit selling tickets. Say who was the girl Deryl F. was with? Was her name Martha.

After the play Buck and Charles waited at the stage-door for Patsy and Pat.

Did you have a date Saturday night. Got fixed all pretty and about 7:30 had a cute boy to call at the front door for you.

If you did then I saw you down town, out of town and almost everywhere.

It was rather warm to stay still and most cars kept on the go. I rode along over head and listened to what went on below.

Poor Wendell got slapped by Raymond's girl Saturday night. Audine did the slapping but I don't seem to mind.

Jo and O. J. are match-makers. They had Tom Haile and Pat Dusan together. Off the record a bit but they resembled Mutt and Jeff. No really, they were a cute couple. Jimmie and Milton left in a one seated car. There was plenty of room for Barbara and Garland, but they too were single dating.

Buck took Patsy home to meet his folks. Say, maybe I'd better look into this!

Coach Sirman with a beautiful red head. Who? Mary's big sister Charlene Sherrard. Now Coach have you been holding out on us? Shirley and Vernon were out at the chicken shack buying an ice cream cone for her daddy. Vernon must be trying to get on the good side of Mr. Sengo.

Delbert and Myrna were also at the chicken shack, waiting money on the juke box. They must really like the song they played it five times. In the show I caught a few more couples that I had missed. Glen and Patsy, Mary and Dub, Louise and Earl, La Verne and Ralph, and Jo and Ralph. Say who was Dolores with?

Sunday afternoon was perfect for almost anything you could name. Pat and Edward along with Weldon and Fernandine went to Stephenville and that night to church. Paul and Betty and James and Betty Lou went to Clairette to the bird farm.

Wanda J. and Don and Mona and Norman were car riding. Barbara and Garland were also car riding. Patsy and Buck made a day of it. Together from 9:00 till 6:20. They ate fish, climbed mountains, went kodaking and attended a ball game.

Down at the drug store I saw Shirley, La Verne, Jo and Barbara and alone! Some boys must be nuts.

Well kids this is my last Spotlight. Next week the Juniors will edit the paper and the week after that the Sophomores.

I've enjoyed going along on your dates with you. Whether you have enjoyed my company is a different question. If you ever need me here is the direction to my home. Up three miles up, turn to the left and stop at the first five pointed star. Open the door and come right in. From now on I'll be home taking life easy.

By Correspondent

We have received quiet a lot of rainfall recently and farmers would welcome a period of sunshine on growing crops.

Only a few were present for singing last Sunday week, due to threatening weather.

The former Will Jones residence in Fairy has been sold to Mr. Oscar Sorley of the Goar Valley community near Cranfills Gap and was moved there last week.

Mr. and Mrs. Ernest Brummitt visited last Thursday with her parents, Mr. and Mrs. Forest Kavanaugh of the Sunshine community.

Mr. and Mrs. Jesse Massengale of Carlton were here last Thursday looking after interest at the Fairy Cemetery and visiting with relatives.

Mr. and Mrs. Scott Blakley and daughter, Lera Jane spent several days recently visiting with relatives and friends at Olton, Texas and other points of interest on the Plains.

Mr. and Mrs. D. E. Allison, Ruby Jean and Darrel of Dublin spent Sunday here visiting in the home of her sister, Mr. and Mrs. Carl Ray Sellers and family and his parents, Mr. and Mrs. Edd Allison and Texie.

We are sorry to lose Mr. and Mrs. Jeff Patterson from our community. They resided on the N. S. Sellers place, but were frequent Fairy visitors. They have moved to Grand Prairie to make their home. Both have been in ill health for the past few years and although we hate to lose them, we are glad they will be near their two sons who reside there.

Mr. and Mrs. Carl Ray Sellers, Carolyn and Jamie Don visited last Friday and Saturday week in Brady as guests of his war buddy, Mr. and Mrs. Milton Teague and family.

## HOW MANY FEEDERS ARE ENOUGH FEEDERS?

We'll answer that one by saying we've never seen the hen house that had too many!

After hearing how much feeding space was recommended by her state college, one woman remarked, "Why the hens wouldn't have room to move if I put that many feeders in my hen house!"

And that's just about the idea. You don't want them to move without being confronted with feed!

Don't worry about your birds overeating. Keep a supply of CACKELO MASH in front of them all the time. Be sure they eat all they want.

The more they eat, the more eggs they'll lay.

The more eggs they lay, the less each dozen costs.

The less each dozen costs, the more profit you have left!

Maybe you THINK you have enough feeders now, but put in one or two more, keep them full, and see if your production doesn't go up!

### Dedication Read On Golden Wedding Date Of Mr. and Mrs. Wright

Following is a copy of the dedication which was one of the features of the Golden Wedding Anniversary celebration at the home of Mr. and Mrs. G. C. Wright at their home here Sunday, April 24:  
How beautiful it is to come to the evening time of life as these two have, together, just as they have lived for fifty years—what a blessed privilege!

The years have not seemed long to them as the events of life have quickly succeeded one another. The years have passed swiftly—children came into the home and have gone out again. They have planted footprints all along the way and Eternity alone can reveal the influence of these lives so resplendent with faith, courage and Christian living.

Behind them are the years of toil and strife; ahead serenity and peace. The storms of life give over and the sea grows calm and quiet.  
As the shadows begin to lengthen their many friends are wishing that the succeeding years may be happy ones and their lives continue to be full of joy and usefulness.

Grow old along with me  
The best is yet to be—  
The last for which  
The first was made.  
—Browning.

The following poem was written for and dedicated to Mr. and Mrs. Wright on their Golden Wedding Anniversary:

## FIFTY GOLDEN YEARS

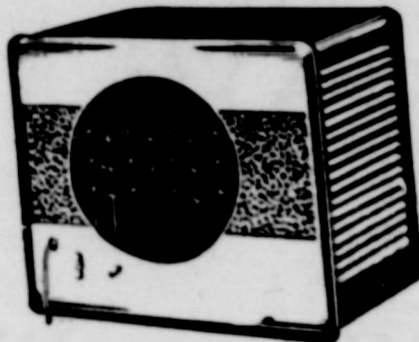

Just fifty years ago they stood,  
Side by side.  
He strong and handsome,  
She his lovely bride.  
The years passed swiftly  
As children came to bless  
And cheer this happy home—  
Greatest joy of all they now possess.  
Golden years! When laughter  
Filled the house;  
Busy, happy years with music  
In the air.  
Sometimes a minor note crept in,  
but  
Loyalty and love helped each  
forebear.  
Hand in hand, together, through  
the years,  
In sunshine and rain, joy and  
pain  
Courage and faith have kept them  
strong, and  
Helped them find the sunlit path  
again.  
Fifty golden years of service and  
love  
Have mellowed and enriched  
these two.  
Sharing and bearing, giving and  
taking  
In all they found to do.  
They have reached life's summit  
After fifty golden years—  
As eventide approaches  
May there be no doubts or fears.  
May our Father bless them  
With His holy love,  
Until the summons comes  
To live with Him above.  
—Blanche Savage Moore.
