

THE JUNCTION EAGLE

Volume XL.

Junction, Kimble County, Texas, Friday, May 4, 1923.

Number 2.

HEAVIEST RAIN OF YEAR. FELL TUESDAY NIGHT.

Early Tuesday night, rain began falling in Junction and about 2 1/4 inches fell during a couple of hours. During the time a heavy black cloud was seen to the northwest and the rise in the North Llano during the night indicated that a much heavier rain had fallen up the river. The rain was accompanied by only a light wind, but by a severe electrical storm.

Wednesday morning a number of people drove out the North Llano road and found the Bear Creek bridge gone. Telephone wires were broken and no communication could be had from the northwest part of the county or from Sonora or Menard.

The rain was heaviest on the west fork of Bear Creek and was variously estimated from 8 to 12 inches. The rise at the springs was nearly forty feet, which made the creek in many places, a mile wide. Considerable damage was done along the west fork.

The homes of Herman Stewart and Mr. Gentry on the Joiner ranch were washed away. The families left the houses after water was running into them. Water was several feet deep at the Morales house and all fences along the creek were washed away.

The iron bridge spanning Bear Creek, six miles above Junction was demolished and washed more than a mile down stream. The creek at this point was more than half a mile in width. The fine road bed was practically destroyed for a mile this way, and several hundred yards of fence on the Bolt ranch, along the road was torn down. At the bridge the water was about 30 feet high, or some 8 or 10 feet over the bridge level.

Mail cars to Sonora and Menard were unable to make their routes Wednesday, but by Thursday they were able to cross the creek, by making detour by the Bolt ranch house.

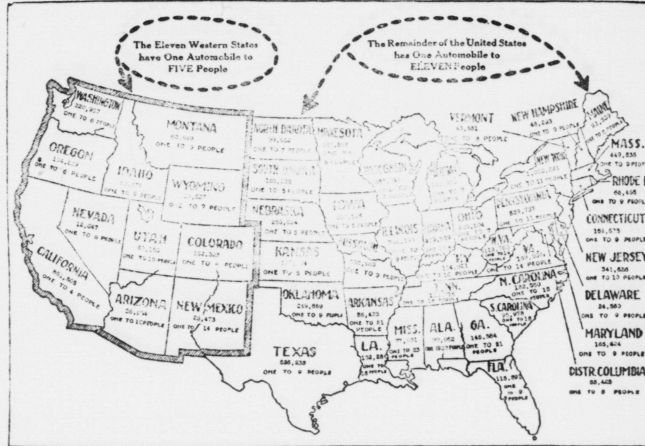

From reports coming in, it seems that this rain covered a wide scope of country, as Kerrville, Lodeon, Menard, Sonora, and Rock Springs report 1 1/2 to 2 1/2 inches.

MEMBER SECRETARY OF
THE U. S. TREASURY.

Barney Williams left here last Thursday in response to a message from Young in Medina County, stating that his father, whose home was at that place, had just died. No details of the death were available.

Barney was accompanied by his uncle, Roy F. Williams. The Eagle extends sympathy to Barney in his bereavement.

Compiled by SUNSET Magazine Research Department. Figures taken from Automotive Industries. Copyright 1923 by The Class Journal Company.

THE CREED OF THE OLD SPANISH TRAIL.

The beauty of Nature lures us out on the old highways. Where Nature is undisturbed there we find pleasure; where destruction rules we find regret. Along the Old Spanish Trail are the riches of history, legend, sentiment and natural beauty. Many are working to preserve these for all time. Out of the good will of the friends of the Trail will come a great highway with pleasure and profit accruing to everyone.

Love Nature and all living things—that's the soul of sportsmanship.

Don't destroy. It's finer to build and beautify.

Don't cut or break trees or shrubs, unless obviously useless ones.

Don't gather wild flowers and blossoms carelessly. Their growth and reproduction give beauty to the Trail.

Don't kill without real need. The birds, trees, shrubs and animals are a part of the pleasure of the traveler.

Help foster wayside beautification and the planting of trees and shrubs, and others in years to come will bless you.

Respect the courtesies of the road and obey traffic rules.

Give kindly thought to the rights of property along the way and the owners will repay out of the gratification the enjoy

Select a safe spot for the campfire. Never leave it unwatched. When breaking camp, use water or dirt to put it out. Be careful of sparks, of matches or tobacco ashes. A dying spark and one breath of wind can start a destructive fire.

Always leave the camp a little better than you found it. Burn or bury the trash and observe sanitation. It's a pleasure then to co-operate to make campsites enjoyable.

The Fellowship of the Trail is one of its joys. All along the way are members who will find pleasure in making your acquaintance.

DAVE WILLIAMS.

Barney Williams left here last Thursday in response to a message from Young in Medina County, stating that his father, whose home was at that place, had just died. No details of the death were available.

Barney was accompanied by his uncle, Roy F. Williams. The Eagle extends sympathy to Barney in his bereavement.

NEW RANK OF SIXTY- EIGHT AMERICAN CITIES.

The ranking of 68 American cities with population of 100,000 or more in the 1920 census, as announced in the new estimates of the Census Bureau, are:

New York, 5,927,625; Chicago, 2,886,121; Philadelphia, 1,922,788; Detroit, 955,668; Cleveland, 888,519; St. Louis, 803,853; Baltimore, 773,850; Boston, 770,400; Los Angeles, 666,853; Pittsburgh, 613,442; San Francisco, 539,058; Buffalo, 536,718; Milwaukee, 484,595; Washington, not estimated; Newark, 438,699; Minneapolis, 409,125; Cincinnati, 406,312; New Orleans, 404,575; Kansas City, Mo., 351,819; Seattle, not estimated; Indianapolis, 340,882; Jersey City, 309,034; Rochester, 217,867; Portland, Ore., 272,031; Toledo, 268,338; Columbus, Ohio, 262,082; Providence, 242,378; Louisville, 257,671; St. Paul, 241,891; Oakland, 240,086; Akron, not estimated; Atlanta, 222,953; Omaha, 204,382; Birmingham, 195,901; Worcester, 191,927; San Antonio, 184,727; Syracuse, 184,511; Richmond, 181,044; Dallas, 177,274; New Haven, 172,967; Memphis, 170,067; Dayton, 165,539; Bridgeport, not estimated; Norfolk, 159,089; Houston, 154,970; Hartford, 152,138; Grand Rapids, 145,947; Youngstown, not estimated; Springfield, Mass., 144,227; Fort Worth, 143,923; Des Moines, 140,821; Scranton, 140,636; Paterson, 139,579; New Bedford, 139,070; Trenton, 127,399; Salt Lake City, 126,241; Camden, 124,157; Nashville, 121,128; Fall River, 120,912; Wilmington, Del., 117,728; Albany, 117,375; Kansas City, Kan., 115,781; Lowell, 115,089; Cambridge, Mass., 111,144; Reading, 110,917; Yonkers, 107,320; Spokane, 104,573.

The Management wishes to offer an apology for the extra early appearance of this paper this week and for the noticeable lack of local news items. There were a number of important local happenings that have been newsworthy, but we were unable to get them in time. We hope to have something more complete and will then make every effort to give you the class of newspaper that you expect and are entitled to.

Thanking you for your consideration of our present handicaps,

Very sincerely,
H. G. Perry, Editor.

John Bradley spent several days here with his family last week. High water kept him here longer than he intended to stay.

PARCEL POST DIRECT FROM SAN ANTONIO.

For several weeks past a number of business men have been exchanging letters with the post office department in an effort to secure a better parcel post service from San Antonio. At first the Division Inspector, with whom the matter was taken up, was not favorable to the plan of routing parcels via Kerrville from San Antonio, but the necessity for a change was placed before him in such a manner that the routine was changed, and from one to four days saved in getting mail out of San Antonio.

Heretofore the parcel post has been routed via Temple, Brownwood and Menard, and as packages are often delayed at transfer points, often a delay of several days was occasioned. As it is now, the parcels are sent to Kerrville and on to Junction, giving a much more satisfactory service.

1,900 STEERS BEING SHIPPED TO ANGELO.

San Angelo, April 23.—Nineteen hundred matured steers, which they bought in this section last November at \$55 around, are being received by Chase Brothers of Kansas, Eugene A. Chase of Kansas City and Fred F. Chase of Council Grove.

Eleven hundred 4s and 5s, purchased from Bob Russell of San Angelo and Jim Arledge of Bonham were shipped from this city today over the Santa Fe to Morris and Gary Counties, Kansas. On April 22, 800 4s and 5s, bought from George S. Allison, of Sonora, will be moved from Menard over the Frisco, also to Kansas. Over 200 coming from Colorado steers, bought by Chase Brothers in Gaines County from W. H. Stiles, also were shipped from this place.

4400 head of steers, in West Texas, have never been better than now in the country or more sure that Chase Brothers have in coming here in big cattle.

T. D. RODE.

When the subject of June 1st, 1923, meeting that T. D. Rode of the Cedar Hill Community had died Friday. Mr. Rode was a well and favorably known ranchman and had lived on the North Llano for about forty-five years, being one of the earliest settlers in the East end of Sutton County.

Burial was made at the Cedar Creek cemetery Saturday.

MENARD FILES TECH COLLEGE PETITION.

Menard, April 25.—A committee composed of Frank Hartgraves, J. W. Mansel, A. E. Naud, R. M. Heyman, G. C. Stengel, and H. W. Bennett, has compiled and submitted, in book form, the brief of Menard to the locating committee of the Texas Technological College.

In this brief are set forth the many natural advantages of Menard, among which are the abundance of pure water for domestic and irrigating purposes. The San Saba River at Menard furnishes an average flow of 25,000 gallons per minute. The brief states that Menard County has two of the oldest and most economical gravity irrigation systems in the State.

Other points are that near Menard is an abundant supply of splendid building stone, which is easily and cheaply quarried for building purposes, and that a good grade of brick clay is also found.

Menard has an elevation of around 2,000 feet, an annual rainfall of from 25 to 30 inches.

The committee has options on two well located tracts of land in sufficient quantities to meet the needs and requirements of the locating board, and at prices that can not be duplicated in this part of the State for the same grade of land. The San Saba River flows through these tracts and upon one of them is the old ruins of the San Saba Mission.

RAINFALL TO APRIL 25. BETTER THAN 12 INCHES.

The rainfall in Mason County and vicinity for the year 1923, has been a great deal above the average up to the present time. According to the records kept by the Mason National Bank the total precipitation for the month of April, including the rain Tuesday night, amounts to 4.37 inches. The total rainfall here since the first of January is 12.21 inches.—Mason County News.

Uncle "Punkin" Adams was down from his ranch on South Llano Saturday. He reports conditions very promising in his section and was in his usual good humor.

MEMBER SECRETARY OF
THE U. S. TREASURY.

Barney Williams left here last Thursday in response to a message from Young in Medina County, stating that his father, whose home was at that place, had just died. No details of the death were available.

NOTICE OF SCHOOL BOND ELECTION.

THE STATE OF TEXAS.

County of Kimble.

Notice is hereby given that an election will be held on the 15th day of May, 1923, at the Court House in Junction, Texas, in Common School District No. 1 of said County, as established by order of the County Board of Trustees, of date the 5th day of May, 1919, which is of record in book designated "Minutes County Board of Trustees," on pages 42, 43 and 44, Book 1, to determine whether a majority of the legally qualified property tax-paying voters of said District desire the issuance of bonds on the faith and credit of said Common School District in the amount of Sixty Thousand (\$60,000.00) Dollars, the bonds to be of the denomination of Fifteen Hundred (\$1,500.00) Dollars each, numbered from 1 to 40, both inclusive, payable serially as follows: \$1,500.00 on the 1st day of November, 1924, and \$1,500.00 on the 1st day of November each and every year thereafter to and including the year 1937, and bearing 5 per cent interest per annum, payable annually on November 1st of each year, to provide funds to be expended in payment of legally contracted accounts in constructing and equipping a public free school building of rock and concrete material and purchasing an additional site therefor within said District, and to determine whether the Commissioners' Court of Kimble County shall be authorized to levy, assess and collect annually, while said bonds, or any of them are outstanding, a tax upon all taxable property within said District sufficient to pay the current interest on said bonds and to provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and County and who are resident property tax-payers in said District, shall be entitled to vote at said election, and all voters desiring to support the proposition to issue the bonds shall have written or printed on their ballots the words "For the Issuance of Bonds and the Levying of the Tax in Payment Thereof."

And those desiring to oppose the proposition to issue the bonds shall have written or printed on their ballots the words "Against the Issuance of Bonds and the Levying of the Tax in Payment Thereof."

J. C. Doldenfield has been appointed presiding officer for said election and he shall select two judges and two clerks to assist him in holding the same. Ballots shall be cast five days after said election has been held, made due return thereon to the Commissioners' Court of this County, as is required by law for holding a general election.

Said election was ordered by the County Judge of this County, on the 20th day of April, 1923, and this notice is given in pursuance of said order.

Dated the 20th day of April A. D. 1923.

DEE GIBBS, Sheriff, Kimble County, Texas.

SELF'S KERRVILLE

Severe

Indigestion

"I had very severe attacks of indigestion," writes Mr. M. H. Wade, a farmer, of R. F. D. 1, Weir, Miss. "I would suffer for months at a time. All I dared eat was a little bread and butter. . . consequently I suffered from weakness. I would try to eat, then the terrible suffering in my stomach! I took medicines, but did not get any better. The druggist recommended

Theodford's

BLACK-DRAUGHT

and I decided to try it, for, as I say, I had tried others for two or more years without any improvement in my health. I soon found the Black-Draught was acting on my liver and easing the terrible pain.

"In two or three weeks, I found I could go back to eating. I only weighed 123. Now I weigh 147—eat anything I want to, and by taking Black-Draught I do not suffer."

Have you tried Theodford's Black-Draught? If not, do so today.

Over 8 million packages sold, a year. At dealers' prices.

BILL TO FORBID DANCE MARATHON IN HOUSE.

Austin, April 23.—Marathon dancing would be prohibited in Texas under a bill introduced in the House of the Legislature today by Representative George Purl of Dallas.

The bill, which was referred to the committee on criminal jurisprudence, would prohibit dancing either in public or private for more than eight hours out of each twenty-four, unless the dancers obtain a permit from the State Board of Health.

TWO PRODUCERS SUP-
PORT PUBLIC SERVANT.

How numerous has become that army of public servants, and how considerable an item in wages has become the cost of being governed is probably not appreciated by the average taxpayer, now wrestling with his tax returns for 1922. It is a tremendous payroll total.

At least 15,000,000 persons, according to latest estimates, are dependent on Federal, state, county or municipal payrolls. As only 30,000,000 in the country are reckoned as engaged in productive labor, every two productive workers thus have on their shoulders at least one person supported by public taxation. This is not counting army and navy, or inmates of public institutions. Federal taxes have risen in the last 65 years from 46 cents per capita to \$30.—Manufacturers & Industrial News.

Fresh butter, delivered any time. Phone Boyd Jetton 52-tf

TEN DOLLARS PER CAPITA
IS MARRS' FORECAST.

Austin, April 24.—Superintendent of Public Instruction S. M. N. Marrs says:

"Inquiries are reaching the State Department of Education daily with reference to the per capita apportionment of the State available school fund for the year 1923-1924. The four regular constitutional sources—\$1 of the State poll tax; one-fourth of the State occupation tax; 35 cents on the \$100 ad valorem tax, less the cost of free textbooks, and the income from the permanent school fund—will produce about \$13,000,000 which is \$10 per capita. On account of the new tax on sulphur and gasoline, one-fourth of the State occupation tax will probably be increased more than \$1,000,000, but this will be offset by the increased cost of the free textbooks. If the per capita for next year reaches \$10, special revenue measures must be enacted during the present session, in order that a supplemental appropriation to the State available fund may be made."

Hatching eggs, English White Leghorns, \$1.25 per 15. 52-tf. Boyd Jetton.

SENATOR R. M. DUDLEY
TENDERS RESIGNATION.

R. M. Dudley, recently elected Mayor of El Paso, has resigned his place in the Senate to assume the duties of that office, according to a letter received by the Eagle.

During the time between his resignation and the adjournment of this Session, the business of the District, as far as the office of Senator is concerned, will be carried on just the same and any request that constituents wish to communicate to him should be made to him at Austin, in care of the Senate Chamber, just the same as before. This is because the Senate will allow his secretary to act for him in matters of arranging notary appointments, getting the information and communicating their desires to other Senators who will act for him. In this way the business of the District will go on without interruption, or, until his successor is elected.

"I wish through your columns especially to thank the people of your county for the many kindnesses and courtesies extended to me in the days gone by," states the letter.

**ACRES OF DIAMONDS
TO BE FOUND IN TEXAS.**

The noted lecturer, Russell H. Conwell, told the story of a successful farmer by the name of Ali Hafed, who lived near the river Indus, in ancient Persia. He was contented, happy and prosperous until he was told by a Buddhist priest, a wise man of the East, of the formation of minerals, and finally of the diamond, describing it as a "congealed drop of sunlight."

Said the priest: "For a diamond the size of your thumb you can purchase an entire county, a diamond mine would place all your children on thrones."

Ali Hafed awoke the next morning discontented—nothing but a diamond mine would satisfy him. Selling his farm, leaving his wife and children with friends, he began his hunt for a diamond mine. Starting at the mountain of the Moon, he wandered about until he reached Palestine—after a tiresome search he reached Europe, and eventually arrived at the shore of the Bay of Barcelona. By this time he was a perfect type of wretchedness, in rags and poverty. Looking at the great waves that dash between the Pillars of Hercules, he cast himself into the sea, ending his life.

Shortly after Ali Hafed had departed on his search for a diamond mine, the man to whom he had sold the farm, leading a camel into the garden to drink saw shining from the water a stone of great brilliance. He took the stone to the house, and when the priest came he pronounced it a diamond. So the finding of this stone was the beginning of the great Golconda diamond mine, which is credited with excelling Kimberly and produced the great Kohinoor and Orloff crown jewels of England and Russia. Ali Hafed's farm abounded in diamonds of the rarest sort.

We have acres of diamonds right here in Texas—they are all about us—if we are to find these riches we must begin at home—in our own community.

Take for instance, the matter of supporting the industries of Texas and those of every community within the State. Do we give preference in our purchases to Texas Made Products? What are we, the citizens of Texas, doing to help keep the 150,000 workers in our industries employed? The manufacturers of Texas do not desire to build a fence about the State in order to keep out products from other sections—this would be foolish—for we need the products from other sections—they need ours—however, if we expect the industries if every community in Texas to grow and expand—we, as citizens of this grand old State, must do our part by giving preference in our contracts and purchases to Texas Made Products. We have no fight to make upon the manufacturers and business houses located thousands of miles away, but we do want to remind the good people of Texas that the Manufacturers, Jobbers, and Business Men of Texas are making it possible for the State to grow, for they support our State Government, our schools, our churches and respond to the hundreds of calls made upon them for worthy causes, and the money they spend with them stays here in circulation, in our own community and State.

It is indeed a poor citizen who makes his living within the State of Texas, yet at every opportunity seems to take pride in sending his Texas money out of the State for the comforts and necessities of life. Stand back of your Home Merchant; stand back of the Industries of Texas; stand back of your architects, contractors, and professional men of Texas; learn to live at Home—for in no other way will a community prosper. If we spend our money for products Made in Texas, we get a second chance at the same old dollar; when that dollar goes out of the State, it's "good-bye Mary."

Texas needs capital for a

greater development of her industries. Capital should be encouraged in the making of investments in Texas, and capital should be made to feel that after the investment is made, that it will be protected in its rights. Let us all work for a Greater Texas.

**CONGRESSMAN BLANTON
SUES OSCAR CALLAWAY.**

Abilene, April 19.—District Judge W. B. Ely said today that a suit was filed yesterday at Abilene, Shackelford County, by Congressman Thomas L. Blanton of Abilene against former Congressman Oscar Callaway of Comanche, alleging defamation of character and asking \$52,000 damages.

Callaway was one of Blanton's opponents in the primary election last year.

To our mind, a successful combination is a husband who makes the money and wife who doesn't blow it in.

AS THE EDITOR SEES IT.

If Clarence Saunders of Tennessee succeeds in his warfare against the gamblers of the New York Stock Exchange, he will have more than justified his existence.

The whole country is now familiar with the manner in which these gamblers and financial pirates attempted to wreck the Egey Wargy corporation, of which Mr. Saunders is the head, by selling thousands and thousands of stock that did not exist in an effort to bring down the price so they could buy it in for a song.

The country is familiar with the fact that Mr. Saunders and his financial friends, in an effort to protect the legitimate stockholders, quietly bought from the gamblers this stock that did not exist.

We are also familiar with the fact that when Mr. Saunders called for the delivery of this stock the gamblers were unable to produce it because they had been dishonest enough to sell something that did not exist.

A thief is a thief, whether he be from the store or the stock exchange.

A jail is a jail, and all thieves should be behind its iron barred walls.

The "rule" from Tennessee

has certainly shown up the "hoobs" of the New York Stock Exchange in illuminating shape. Hats off to the "rule!"

May he squeeze the gambling "hoob" as flat as he did the potato bugs in his boyhood days.

Dearborn Independent: Many people are busy trying to find better ways of doing things that should not have been done at all. There is no progress in merely finding a better way to do a useless thing. There comes a time when, instead of making dead branches less ugly the ax should be laid at the root of the tree. In our industrial life we are instituting courts and boards and other agencies to settle matters that should never arise. Instead of going to the root of the matter and eradicating the evil cause, we make elaborate arrangements for permanently dealing with the distressing effect. It would almost seem that a good deal of this halfway work is purposely invented to steer people away from the real cause of the things.

A bulletin of the United States Chamber of Commerce has the following gem of thought: "The business man needs constantly to be reminded that he is not only a man, but a citizen; not only one, but one of many. He needs to be drawn away from his isolation; to be directed from the earnestness of his pursuits. He needs to be taught the advantage which lies in mutual confidence, and in co-operative action. This is precisely what the Board of Trade or Chamber of Commerce is calculated to do. Its whole effect is to socialize, to liberalize, to harmonize. It softens the asperities of competition, it reconciles apparently conflicting interests."

and it demonstrates that the common welfare is the best basis for individual prosperity."

and Children Especially Invited.

The Show will be on the lot back of Heyman's Drug
Store, starting Tuesday Night, 7:45, May 1st.

FREE TO EVERYBODY,
EVERY NIGHT!

Firestone

Will Not Increase Prices on
Solid and Pneumatic Truck Tires
Until May 1st

Never has Firestone been so well
equipped to give operators the greatest
measure of Cushion, Traction and Mile-
age at the lowest cost.

Today, economical manufacturing and
distribution are showing the fullest re-
sults. Our favorable purchases of rubber,
in advance of the 150% increase brought
about by the British Crude Rubber Re-
striction Act, aid further in maintaining
the old price levels.

Whatever the Truck Service—the
Firestone Dealer Has the
Right Tire

Firestone developments of the past two
years have made pace for the industry
and set new records in sure, economical
performance. Five tires—the Heavy
Duty Cushion, the Truck Type Cord,
the Maxi-Cushion, the Giant Solid and
the High Type—cover the needs of
motor haulage in all its forms. Each
has a distinct work which it does best.
Each possesses a definite and special
value for the operator.

Truck owners, using pneumatic tires,
will find the answer to every demand of
rapid, economical transportation in the
Firestone Truck Type Cords with the
tread that increases carrying capacity
and improves traction, and the powerful
gum-dipped carcass construction.

Let the Firestone Service Dealers
Keep Your Trucks Moving

There are 800 Firestone Service Deal-
ers, located in the principal trucking
centers, fitted by natural ability and a
thorough knowledge of trucking, to help
you choose the right tire for your roads,
loads and service.

Price Protection as Long as
Stocks Last

Additional tires will be supplied to
Service Dealers only so far as our present
output will permit. Consult the nearest
Firestone Service Dealer at once regard-
ing your truck tire needs. He is in an
advantageous position to give you an
unusual tire—a specialized service—and
prices which may not be duplicated in
months.

Firestone Tire & Rubber Co., Akron, Ohio

The Firestone Dealer will supply you with Passenger Car and Truck Type Cords. If you
need solid or cushion tires he will refer you to the nearest Service Station, which is equipped with
hydraulic press for quick change-overs. Make one of these Stations an active part of your truck-
ing operations. You'll reap results in surer and more economical haulage.

Best milk and cream. Boyd Jetton. 49-tf

Eat at the Hodges Hotel; best meals at popular prices. adv.

Jack Turner was a business visitor in San Antonio the past week.

Meet me at the Free Show every night, back of Heyman's Drug Store.

Everett Stewart, principal of the Cedar Hill school, was in town Saturday.

G. M. Doyle of Kerrville was here a few hours last Saturday on his way home.

Don't miss the Free Show back of Heyman's Drug Store every night this week.

H. O. Patterson and wife are enjoying a new Ford coupe, which they purchased last week.

J. D. Motley returned Thursday from a trip to Oklahoma. He reports good rains all along the route traversed.

Inspector Willis Mason, was in Kerrville several days last week looking after tick conditions in that county.

A. E. Howe of Blanco was a business visitor here the first of the week. Mr. Howe is a rock mason and contractor.

Capt. H. W. Rieck of the Patterson and Rieck ranch passed through Junction Friday on his way to Kerrville on business.

Leonard Hensley, who has been with the Eagle for several months working after school hours and on Saturdays, will remain with us and be on full time from now on.

Mr. and Mrs. W. H. Wilson returned Friday from a ten days visit in San Antonio with Mrs. Wilson's sister, Mrs. D. S. Stone. Uncle Hugh reports a great time in the city.

G. M. Doyle, the Kerrville Piano tuner and salesman, will be here next week. If you are in need of a musical instrument or if your piano needs tuning, phone him at the Fritz Hotel.

R. J. Archer, Federal Sheep Inspector, stationed at Kerrville, was here this week on business for the Department. He states that the sanitary conditions in his entire district are greatly improved and that a number of quarantined premises will likely be released within the next few months.

BIG TIME AT CEDAR HILL SCHOOL HOUSE.

Friday night, May 18th
PROGRAM
Play.

"That Rascal Pat."

The Nigger Night School. This is a real nigger minstrel.

Songs, Recitations and Good Music. Fun for Everybody. Stay away if you don't want to have the time of your life. 2-2tc

PLAY GROUND WEEK.

Following the custom adopted by a majority of the drug stores of Southwest Texas, we are running a special advertising feature each week and will have a special window display every week to follow it up.

Watch our show window. This is "Playground Week." We have an attractive line of goods for out-door sports.

Heyman Drug Company.

Registered Hereford Bulls For Sale.

I have two 2-year-olds and one 3-year-old Registered Hereford bulls for sale. These bulls are good, rich color and well marked, and large growthy fellows, in fine condition. They are Anxiety breeding, sired by Warrior 19th. Can be seen at my ranch on Bear Creek. Price \$125.00 each for the two's and \$200.00 for the three. They will suit you if you want a first class bull. 2-2tc

JIM MOORE.

PAINT CREEK NEWS.

A very successful term of school was closed at Paint Creek last Friday, the 20th.

Else Reeves of Menard visited Mr. and Mrs. Ed Reeves last week.

Misses Lula Bruce and Leona Banister and Mr. Charlie Bruce were in Junction last Friday afternoon.

Mrs. Travis Hays spent a few days at the R. E. McKay home the past week.

Messrs. Travis Hays and R. E. McKay went to Junction last Thursday on business.

After the recent rains everybody is farming and gardening.

Messrs. Bob Ragland and Joe Maddox were out at the Riley-Ragland ranch one day this week.

Miss Mabel and Messrs. Neill and Grady Banister of Santa Anna, and Miss Clara Banister of Brady, spent the week-end visiting Miss Leona Banister at the C. P. Bruce ranch.

Miss Georgia Jackson and little brother, Bevans Jackson, visited at the J. E. Deats ranch last Sunday.

Mr. and Mrs. Si Cavaness, and Miss Louise Newman of Junction, visited at the R. E. McKay home last Sunday.

Mr. and Mrs. John B. Wilson spent Sunday afternoon at the Bruce ranch.

NORTH LLANO NEWS.

J. W. Little, wife, daughter and baby, and Mrs. Frank Smith spent Sunday with Mrs. W. Curran.

Lane and Ed Hodges made a business trip to Kerrville last week.

Clarence and Norma Self visited at the John Neal home Saturday and Sunday.

The singing at 8-Mile Sunday was well attended.

The health of the community is much improved. No new cases of "flu."

Farming is the order of the day; everything is flourishing.

Jim Hodges and Jim Middleton attended the dance in Junction Monday night.

Lane Hodges' shearing crew left Tuesday for J. M. Bishop's ranch.

Mr. John Williams left this week for Colorado City to make his home with his daughter. He will be missed by the singing class as he was the leader.

J. W. Little was a business visitor in Junction Saturday.

CHURCH NOTICE.

On account of the regular day at Copperas next Sunday, the pastor will be away for morning services, but will be back for the night services at 8:00.

Service for the Odd Fellows second Sunday night in May.

R. E. Parker,
Pastor Methodist Church.

LORD CARNAVON.

The late Lord Carnavon, whose death Sir Arthur Conan Doyle says, he thinks it possible, was caused by some occult influence for having invaded the tomb of Tut-Ankh-Amen.

SMART Footwear

For Particular Women

IS TO BE HAD AT HAMERS

It is certainly gratifying to shop at a store where you find many styles of shoes. Spring and Summer open so many avenues, one simply must have the right footwear for each activity.

FOR DRESS—

A most complete showing of dozens of styles; the late style strap sandal pumps, tie pumps, two-tone, kid and patent, ranging in prices from \$1.50 TO \$7.50

FOR STREET—

We pride ourselves in being able to show a most varied assortment of fashionable footwear for street wear in many styles. Well groomed femininity will revel at our masterful assemblage fashioned by the foremost makers of fine footwear.

FOR CHILDREN—

For the younger generation, special emphasis is placed on the selection of shoe styles for growing feet. We've recognized our responsibility and are winning new friends daily by providing the type and style of footwear to intelligently fit every child's requirements and at the most reasonable prices.

FINE HEREFORD BULLS FOR KIMBLE COUNTY.

Captain H. W. Rieck, of the firm of Paterson & Rieck, located at the head of Maynard, just returned from an extended auto-

mobile trip thru West Texas, where he went in quest of Hereford bulls. He visited many of the purebred herds in the section of the State noted for fine cattle, examining not only those offered for sale, but looking over

the cows and herd bulls as well. He saw many fine cattle right in their native range; cows that weigh twelve to fifteen hundred pounds; big boned and strong, yet soft and fine, showing the results of years of intelligent breeding; bulls that embody the finest points, great, strong full-bodied fellows, selected to carry today's standard toward the ideal.

Among breeders visited, he saw the herd of C. M. Largent & Sons, Merkel, Texas, known as the "Blue Ribbon Herd." Wherever good Hereford cattle are known, Mr. Largent is known as judge, profit and the producer of a type. He has individuals that have been shown widely in competition many times without ever being defeated in any class anywhere.

The Paterson ranch purchased from Mr. Largent, eight yearling bulls, each a fine individual, with a pedigree tracing directly to those now historic bulls that gave so much to the Hereford; bulls that left a heritage of merits that today make the Hereford the choice beef cattle of the country—Fairfax, Anxiety, Gay Lad and Perfection.

Since Kimble County has been cleaned of ticks, new blood can be safely imported. The opportunity to work at once toward greatest improvement in our cattle, so their offering may be taken out of the local speculative class and find an outlet to the feeders of the corn belt, which means a National market, is one that today knocks at the door of every ranchman. It is the difference between stagnation in times of local stress, and buyers with cash at the best prices the National market affords. It is the storm that tests. The experience of the last three years should teach the observant breeder that the production of common stuff that "goes a begging", while good stuff pays its way, is the surest way to bankruptcy. The expression that "one can raise good stock as cheaply as poor stock," is so hackneyed it loses its force, yet it's true. This brings to mind an argument between a buyer-speculator, whose ownership could be measured by the time it took to market the stock, and a breeder of good cattle. The buyer stated that he wouldn't buy a good Hereford steer. Why? Because, generally, there is no profit in them for a middle man. They are too near a standard value. He could no more buy a good Hereford steer for a quick turn-over at a profit, than he could a National Bank note. That was the best argument ever advanced for well bred cattle.

Kimble County, with its elevation, lime stone country and abundant water, presents an ideal breeding ground.

Feeders throughout the north are more and more coming to Texas for good white faced feeders. Last Fall, hundreds of them were searching for what they could use. Where they found it, they bought at prices nearly double that of low grades but they must have quality. Mere weight on hoof doesn't count with feeders; they want class and stand ready to pay for it. Is that market dependable? Should one work toward it? May it not be a passing fancy?

To understand an effect, let us study the cause. The agricultural country to the north produces an enormous surplus of feed. Exports to Europe are largely cut off. That means they can only dispose of their products, feed, by conversion into beef. Domestic demand for meats favors the smaller, choicer cuts; hence the feeding of young beef. They have no choice; in order to sell they must buy. They must seek the only medium for marketing what they have—livestock.

Why do they want high grade cattle? Why do they favor the Hereford? Because they must produce the most gain and finish for the least amount of feed.

Why not strive toward betterment of breeding, since this is essentially a breeding country? The way to start? Good Sires.

NO FUEL TO BUY-- NO UPKEEP TO PAY

The wind is free to all. It will pump your water without cost, once you provide a Wonder Windmill to use its power. And you will be surprised to learn at what moderate cost you can have a Wonder Windmill on your farm.

You will not have any fuel to buy or repair bills to pay. The mechanism of the Wonder Windmill is so simple, so strong, so durable, that there is nothing to get out of order, no attention necessary.

WONDER WINDMILLS

ALL MILLS Have ball-bearing boxed metal turntable. All mills include 5-foot tower top, 3- or 4-post stubs to fit wood or steel towers. No extra charge for tower top and pump rod. Windmill head with tower top and pump rod may be purchased without tower if desired.

THIS COMPANY Was the first to make a windmill with gears running in a bath of oil. It is so strong, so simple, so durable, that there is nothing to get out of order and it requires no attention. Oil it once a year—that's all.

THERE ARE Hundreds of Wonder Windmills giving splendid service in Texas and the Southwest.

When in need of poultry wire, pasture fence, garden tools, such as hoes, rakes, shovels, rubber hose, remember our stock is complete and we will be glad to serve you. Come to see us.

Fordson

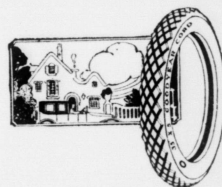

170,000 Now In Use

Built with over-strength in every part; built to withstand the constant strain of heavy duty; tested out under every condition of farm and belt work, and put to actual test by 170,000 owners during the past three years—the Fordson Tractor has lived up to every claim made for it.

No matter what the farm task—whether plowing, disking, harrowing, threshing, baling hay, grinding feed, pumping water, sawing wood, pulling stumps, filling silos, or any of the many other jobs around the farm, the Fordson will not only do and do well, but quicker, easier and at less expense.

There are so many different time and money saving ways in which the Fordson can be used that you owe it to yourself to get the facts. Come in and see the Fordson, or write or phone for the information.

Price, F.O.B. Junction, filled with oil.....\$460.95

GOODYEAR TIRES PLUS OUR SERVICE

We render you complete tire service by first selling you tires of the best quality obtainable and then helping you to get from them the longest and most economical mileage.

For instance, for light cars we recommend Goodyear Clincher Tires—their mileage will surprise you.

Why spend good money for tires of questionable value when the same money will buy Goodyears—and you'll get our trouble-preventive service in addition, at no extra charge?

Goodyear Heavy Tourist Tubes—Preferred by the Majority.

You are always welcome to make our store your headquarters when in town. You are invited to come in and just make yourself at home. If in the market for anything in the hardware line, we solicit your business. We handle quality merchandise and our prices are right. We try to keep a complete stock of everything; and anything not usually carried in stock, we will gladly order for you.

EACH OF US WORK 1 DAY IN SIX FOR UNCLE SAM.

Shreveport, April 19.—The tax burden per capita in the United States is only exceeded by that of Great Britain and it is probably hopeless to expect any decrease, Dr. W. F. Gephart, vice president of the First National Bank of St. Louis, said today in an address before the Louisiana State Bankers' Association.

It has been estimated that each person in the United States

works one day a week to support the government which now is operated at a cost of about four billions of dollars a year, he said, speaking on the subject of "tax exempt securities." The total debt of the states, cities and local government mounted from four billions in 1913 to ten billions in 1922, he said.

Secretary Mellon of the treasury, he said, had stated that there are eleven billions of United States securities totally exempt from taxation and about twenty billions of other govern-

ment securities partially exempt and that the government loses between 250 and 300 millions of dollars annually because of the tax exemptions features.

Dr. Gephart said: "there is not much doubt that a very considerable portion of tax exempt securities are held by those who are in the higher income tax brackets because the advantage in escaping the normal and especially the sur-tax is very great."

"Statistics seem to show with out much doubt that this prac-

tice of using the exempt securities as a means of reducing the income tax payment is very generally practiced. No criticism is to be attached to any of these individuals for thus availing themselves of the perfectly legitimate investment, but the public is permitting by this means the negation of what is a fundamental basis of all good tax theory; namely, that individuals ought to pay taxes in proportion to their ability."

BRUCE-BANISTER.

Sunday morning, the 22nd, at 10 o'clock, Mr. Charles D. Bruce and Miss Leona Banister were united in marriage at the Baptist Church.

The bride's sister, Miss Clara Banister, played the wedding march. Rev. S. F. Marsh was the officiating minister.

The relatives witnessing the ceremony were: Enoch and Miss Lula Bruce, Neill H. Banister of Houston, Grady W. Banister and Miss Mabel Banister of Santa Anna, and Miss Clara Banister of Brady. A few early arrivals for Sunday School also enjoyed the occasion.

These young people are of the Seven Hundred Springs community. Mr. Bruce is a successful young ranchman and Mrs. Bruce has been the efficient teacher of the Paint school for the past two terms. They will make their home on the South Llano.

The Eagle congratulates this happy young couple and wishes them many prosperous and contented years together.

W. P. Riley was in San Antonio and Dallas on business last week.

Meet me at the Free Show every night, back of Heyman's Drug Store.

Miss Etta Hoggett returned this week from a several weeks' visit to South Texas.

Don't miss the Free Show back of Heyman's Drug Store every night this week.

Mr. and Mrs. Boyd Jetton spent Sunday in Kerrville as the guests of C. S. Childs and family.

Post Master Tracy has added a new section of boxes to the local postoffice equipment. They were installed this week.

Who said this was a semi-arid country? It may be listed as such in the geographies, but we have recently outgrown the map.

The tourists are coming to Hill Country in good numbers now and within the next few weeks the rivers will be lined with pleasure seekers.

Mr. and Mrs. Matt Harris of Lampasas and Mrs. H. B. Ross of Del Rio, passed through Junction last week enroute to Del Rio. The ladies are sisters of M. Wilkinson, and spent a few days visiting here.

The Eagle was issued two days early last week preparatory to moving the building and plant, but the rains Tuesday night prevented the move. The paper will be issued early again this week and the plant moved if weather conditions permit.

E. A. Loedler and Coke R. Stevenson were in Austin and San Antonio last week. While in Austin Judge Stevenson appeared before the Joint Committee of the Legislature in the interest of retaining the appropriation for reclamation work in Texas.

LATEST IN FROCKS.

The flounces, the apron tunic and the smart white collar and cuffs are the fashion emphasized in this frock of fine twill.

Free Show every night this week on lot back of Heyman's Drug Store.

Bishop Garrett to Become Head of Episcopal Church.

Bishop Garrett of Dallas, as the oldest living bishop in American Episcopate, will succeed Bishop Tuttle of St. Louis, who died recently, as presiding bishop of the Episcopal church in the United States, was announced at the office of the National Council recently.

He will hold office until 1925, when the next general convention of the church will elect a successor, who automatically will become president of the National Council, a post now held by Bishop Thomas F. Gailor of Memphis, Tennessee.

Plans for a new method of administering the church were adopted in 1914, the constitution being altered to provide that Bishop Tuttle's successor should be elected for a term of six years instead of succeeding the post.

Free Show every night this week on lot back of Heyman's Drug Store.

Mrs. L. F. Boyle left this week for San Antonio where she will spend a few days before going on to Mexico City.

When a young fellow courts the modern girl she encourages him to spend all of his money; when they marry, she kicks because he hasn't any.

A HOME-LIKE HOTEL FOR LOCAL PEOPLE AND THE TRAVELING PUBLIC.

RATES \$2.25 PER DAY.

DO YOU KNOW—

THAT THE Poultry industry in the United States is bigger than the Cattle in dustry? And haven't you noticed that there is always a good demand for poultry at most all seasons of the year? Of course we realize that the present local facilities for handling large quantities of poultry is inadequate, but when the poultry production of the country is increased, the facilities for handling will be provided.

LAST WEEK We urged the raising of more poultry on Kimble County farms and ranches, as a sideline, that will bring in extra dollars. We want you to take a few minutes and do some figuring; estimate the number of chickens and turkeys that you can raise on your place, without extra expense for feeding, and with only a little expense for providing housing room. Then estimate what this number will produce, considering a fair market; then there is the extra work that will be required; but when you have thought it out, you will find that the money you receive for this extra work will be equal to that which you receive for working with cattle or sheep, amount of time considered.

ON EVERY Farm in the country a few more turkeys and chickens can be profitably raised.
