Kitty's Korner

By Kitty Montgomery

I don't know whose job it is, or whether it's anybody's job yet in fact, but something needs to be done about old wrecked cars sitting out on the streets in Ozona. It not only presents an ugly picture of our town to out-of-town people driving through, it is dangerous as well. We have too many children out on foot and on bicycles to permit wrecked or abandoned cars to sit on the public streets. It also obscures vision when motorists have to back out of their driveways and it is especially dangerous when the wrecks are parked along the highways.

This would be a good civic project for some club to sponsor, and certainly worthwhile.

Tissie Mitchell's ad created a lot of talk last week and I don't think I've heard the same story twice. However, as of now, she hasn't had to pay the 500 Green Stamp award.

I fully expected to collect the reward myself, but my suspects flew off to the Super Bowl and I haven't seen them since their return.

We've really had some wild discussions over coffee and someone even suggested "yours truly" as the culprit. I had to admit that I could probably write much better poetry, but couldn't possibly have managed the creative art work, no talent along those lines.

Our "Letters to the Editor" column has really gotten off the ground after all these years with only one or two a year. Why don't you join in and write us? It doesn't necessarily have to be on the present subject, just whatever comes to your mind, that is whatever comes to your mind that you would sign your name under. That's an important thing to remember, because once it's in print, it's there for all to see and muse over.

Many times, I have just written whatever came to my mind in this column, without giving much thought to the fact that my name is atop it. Much of the time it has been to my sorrow. Most especially when an irate reader calls me at my home in the middle of the night to give me an ear full. It's times like that when I wish I had began writing this column under another name, something like Alpha Smaltenbacker or maybe Mabel Manymouth. Good grief, I'll just die if I get a nasty letter next week from Miss Smaltenbaker or Miss Manymouth. It would be just my luck too.

Historical Society Meet Set January 24

The Crockett County Historical Society will hold its regular Annual Meeting on Monday evening, January 24, at 7:30 p.m. at the Civic Center.

Officers for the year will be elected and a most interesting program is planned. Another in the orally-recorded histories of Pioneer Families will be the story of the family of the late County Judge and Mrs. Charles E. Davidson whose lives so closely affected the history of Crockett County.

The program will be coordinated by two daughters of the family, Mrs. Frank McMullan and Mrs. Bryan McDonald.

All interested persons are cordially invited to attend and membership in the Society is always open.

Board Renamed

Lowell Littleton and James Baggett were re-elected to the Board of Directors of the Crockett County Water Improvement and Control District No. 1 in a light turnout of voters last week.

Neither man was opposed and there were no write-in votes. Only 17 voters turned out to cast their ballots.

LIVESTOCK SHOW WINNERS -- The group of youngsters shown above were winners in various divisions of the 25th Annual 4-H Livestock Show held Saturday at the Junior Livestock Barn at the fairgrounds. Shown with their awards in the first row are, l. to r., Rebecca Everett, R. J. Everett, III, David Bean, Regina Everett, Cliff McMullan, Rod Allee, Ray Dunlap, and Gary Strickland. Back row, l. to r., Sally Bailey, Bobby Knox, Ed Hale, Dean Scott, Mike Pelto, Max Schroeder and Gary Scott. A large crowd of spectators was on hand.

Mrs. Pete Jacoby is still under observation in Methodist Hospital in Houston, according to word received by friends here the first of the week from her husband, Crockett County Agricultural Agent. Tests are continuing in an effort to determine the cause of her illness. She is in room No. 482, phone 528-9869.

March of Dimes Basketball Tilt Set For Tonight

The annual March of Dimes benefit basketball game will be held Thursday evening at 7:30, tonight, at the High School Gym.

Members of the faculty will play against the Local Five. Referees will be Joe Williams and Dick Webster.

Chances on cakes will be sold at the door. Cake will be donated by Girl Scout Troops 80 and 224.

Tickets for the game will go on sale at 7 p.m. at the door, $1 for adults and 50¢ for students. All proceeds will go to the March of Dimes.

The M.O.D. is a project of the Woman's League with Mrs. Mike Miller as chairman. League members will canvass the city throughout the remainder of the month for donations.

Mrs. Miller attended a tea in Austin January 12, when some 225 M.O.D. volunteers from all over the state were honored by Mrs. Preston Smith in the Governor's Mansion. The tea is an annual affair to kick off the MOD drive in Texas.

Funeral Here Mon. Afternoon For J. E. Evans

Funeral services for James Evan Evans, 86, were held Monday at 3:30 p.m. in the Ozona First Baptist Church with burial in Cedar Hill Cemetery under the direction of Janes Funeral Home.

Mr. Evans died early Sunday in the Sonora hospital where he had been a patient for several days.

He was born October 15, 1885 in Llano, and had been a resident of Ozona for 51 years. He had been employed by the county for a number of years and was retired. He had been an employee of the City of San Angelo also. He received area prominence in 1952 when he was revived by cardiac resuscitation after his heart stopped. His case was said to be so rare as to be one in 35,000 at the time.

Survivors include six daughters, Mrs. Della King of Iraan, May Evans of the home, Mrs. Myrtle Barefoot of Sheffield, Mrs. Leo Sutton of Maljamar, N. M., Mrs. A. W. Robertson and Mrs. W. A. Asbury, both of San Angelo; one son, J. E. (Buck) Evans of Ozona, a number of grandchildren, great-grandchildren, and great-great-grandchildren.

Registration Of Voters Lagging In Crockett Co.

As of Monday only 700 Crockett County residents had registered to vote. Residents are reminded that January 31 is the deadline for making a certified list, and that this will be a busy election year.

Those who have not registered since October 1 are asked to go by the Tax Assessor-Collector's officer and fill out an application for registration. Those who will be 18 years of age in the next few months may register now and will have their eligibility date shown on the certificate.

Applications for voter registration may be picked up at the tax office or will be mailed on request. After hours there will be a box of applications outside the door of the tax office for pick up.

There will be no need for a voter to register again as long as he doesn't miss three elections in succession. When three elections are missed, the voter must register again to become elgible to vote in the next election.

Although voters may register through the year, to be eligible to vote in any election a voter must have registered at least 30 days prior to the election. Also, voters who register after January 31 will not be listed on the certified list.

Water Rights Meeting Slated Here Mon. Night

Crockett county landowners and others interested in the area's water resources are urged to attend a meeting next Monday night, January 24, in the Crockett county courthouse.

The local meeting has been requested by a group of Eldorado citizens who are seeking the cooperation of adjoining counties in presenting a united front when the Texas Water Rights Commission conducts a hearing in San Angelo February 10.

A spokesman for the Eldorado group, which is seeking to form a Schleicher county underground water control district, will be here for the Monday night meeting to explain the various facets of the underground water situation in West Texas particularly the Edwards Plateau water reservoir which underlies this area.

The meeting will begin at 7 o'clock p.m. and all interested persons are cordially invited to attend.

Rifle Club Plans Matches Sunday

The Ozona Rifle Club will sponsor a meet Sunday at the rifle range. The matches will begin at 1:30.

There will be a 25-yard 30-shot pistol match, an 18-bird shotgun match and two bench rest rifle matches with any rifle and any scope.

This will be the first match of the year for the club and all are urged to attend.

SHOPPERS JAMMED the Western Auto Store for its formal opening the past weekend. Owners Jerry and Janet Hill were highly pleased with the good turn-out of Ozonans to meet the new business people and look over the store's merchandise. Mugging the camera is the Hills' son, Jeff, who was having a ball. His grandmother, Mrs. Troy Wright, is behind him at the register desk. Shoppers browse in the background. At a drawing, the store gave away a recliner and a bicycle. The recliner went to Juanita Munoz and the bike to Lalo Garza.

WHO CAUSED THE VIETNAM WAR?

In refuting an article by Anthony Lewis in The New York Times, William Buckley made the following six points in his column last week which form an historical basis for the Vietnam war. We would do well to remember them:

1) The Democratic Republic of Vietnam (North Vietnam) began an aggressive war against the Republic of South Vietnam, made possible by arms supplied by China and Russia.

2) South Vietnam requested aid of the signatory members of the SEATO Treaty, which promised aid in such circumstances.

3) The North Vietnamese over the course of eight years have used Laotian territory to supply that war, notwithstanding that there is a treaty signed in 1962 wherein all parties agreed to respect Laotian neutrality.

4) The United States agreed to stop the bombing of North Vietnam toward the end of Lyndon Johnson's presidency on three conditions, all three of which the North Vietnamese have defaulted on.

5) Under precepts of international law (viz, The Greco-German Mixed Arbitral Tribunal case after World War I) a nation is entitled to take any measures necessary to defend itself from foreign aggression, including measures against a neutral nation if that nation is incapable of preventing the aggressor from using its territory to mount or provision its aggression.

6) Richard Nixon never by word or deed suggested that the United States, while pulling our ground forces out of Southeast Asia, would deny to the South Vietnamese the facilities of our air force to defend themselves against a massive renewal of hostilities. The failure to bomb would have been sheer, inexplicable dereliction.

LET US QUIT THE 'PEACE' TALKS

The so-called peace talks in Paris between Hanoi, Washington and Saigon have been going on for nearly four years. They started in May, 1968.

They have provided a platform for North Vietnamese propaganda and for unending abuse of the United States, all designed by the practitioners of this deceit to convince nearly anybody in the world except the Americans and the South Vietnamese. The Communist spokesmen are not negotiating and have no intention of negotiating. They are engaged in psychological warfare and mental warfare, i.e., war by means other than the battlefield, since there they have been defeated by Allied forces that fought largely with one hand tied behind their back, and against targets of no importance.

The Americans are so unused to fighting no-win wars, Korea having been the only one ahead of Vietnam, that they won anyhow. The North Vietnamese are now fighting in Cambodia and Laos when they are fighting at all. Poor Senator George McGovern has not been told.

So the North Vietnamese have got to blow their stacks in Paris. President Nixon warned them more than six months ago that time was running out for them. Still, the Communists have not taken the hint. Now would be an ideal time for the United States and South Vietnam to pull the rug — end the talks for good; walk out without apology. Just say:

"Four years is enough. You are out of time. Goodbye."

CARD OF THANKS

In deep appreciation for the kindness and love shown at the death of my beloved father James E. Evans, Sr. who has joined my mother, Myrtle Janie Evans, in death although separated in different plots at the cemetery which I Had no part of. I hope people will understand. I was not listed as a survivor in the San Angelo morning paper, but this is a true statement. I am the only natural born son in the sight of God. God Bless all who helped and especially Brother Welch.

J. E. Evans, Jr.

CAN YOU PAY THIS SIZE WATER BILL?

LET'S BE PRACTICAL

The goal in water pollution control should be to insure a wide range of beneficial uses and values of our water resources for the greatest benefit of the American people.

It would be unrealistic to aim the nation's water pollution control efforts at the achievement of absolutely pure water. Such a drastic step is neither necessary nor desirable.

Recently, a gallon of distilled water was purchased in New York City for $1.75 plus 12 cents tax. By contrast a gallon of drinking water was drawn from a faucet in a suburban home at an estimated cost of one-twentieth of a cent. Even the distilled water was not absolutely "pure" since it still contained a small amount of dissolved solids. Though it cost 3500 times the cost of the drinking water, it probably was not as palatable and probably would not support aquatic life.

Our national manufacturing operations discharge more than 14 trillion gallons of water per year. If these 14 trillion gallons had to be upgraded from river water to "pure" water of some degree, it could cost anywhere from $7 billion per year to $7 trillion per year, depending on the "purity" required.

Let's be practical.

PIONEER LADIES CELEBRATE THE BIRTHDAY of one of their members. Mrs. Roger Dudley, left, was honored with a luncheon at the Hiway Cafe on her birthday last Friday. The other ladies from left to right are Mrs. Lee Childress, Mrs. Will Baggett and Mrs. B. B. Ingham. The luncheon was the first occasion to use the historical place mats sponsored by the Crockett County Historical Survey Committee. The mats sell for 1¢ each and feature a picture of the Crockett County along with a map of historical markers in the county and the city.

NOTICE AFFORDING OPPORTUNITY FOR PUBLIC HEARING CORRIDOR AND DESIGN

The Texas Highway Department is planning the construction of R. M. Highway 1973 from the end of present R.M. 1973, which is 5.0 miles southwest of State Highway 163, southwest for a distance of approximately 5.0 miles. The proposed highway project will not pass through any established community.

The proposed project will provide for the construction of a two-lane paved secondary highway meeting with the current design standards of the Texas Highway Department. Generally the width of the proposed right of way will be 100 feet. This highway project will not involve the relocation of any business or dwelling. The length of this project will be approximately 5.0 miles.

Maps and other drawings showing the proposed location and geometric design and any other pertinent information about the proposed project are on file and available for inspection and copying at the Resident Engineer's Office at Ozona, Texas. Also the drawings showing the proposed route layout have been placed on file in the office of the County Judge, Crockett County.

Any interested citizen may request that a public hearing be held covering the social, economic and environmental effects of the proposed location and design for this highway project by delivering a written request to the Resident Engineer's Office on or before January 31, 1972.

In the event such a request is received a public hearing will be scheduled and adequate notice will be publicized about the date and location of the hearing. 45-2tc

Tips for Gardeners

From The
Ozona Garden Club
By
Mrs. Bailey Post

"Other holidays repose
upon the past; Arbor Day
Proposes for the future."

Observations from several sources remind us of another eventful day, Arbor Day.

Hopes and plans are stirring for a unified national observance this year, in celebration of its one hundred year origin. Is not a centennial of tree planting not worthy of a special celebration?

This local Arbor Day originated and was first observed in Nebraska in 1872. Its father was J. Sterling Morton, a pioneer settler in Nebraska City, on the western shore of the Missouri river. When Morton, fresh from the wooded regions of New York and Michigan, arrived in Nebraska he was appalled at the treeless desolation of the prairies. He not only obtained trees to plant on his own property, but encouraged his neighbors to do likewise.

He had vision and imagination andinvisioned the windswept plains interspersed with tranquil wooded areas, and he proceeded to put his dream into action. For eighteen years he labored to have his adopted state promulgate an official resolution to designate a day for a popular state-wide tree planting.

On Jan. 4, 1872 "Arbor Day" was established for tree planting throughout the state. Nebraska citizens planted more than a million trees, and now 100 years later their cool shade in summer and wind protection in winter have made an enjoyable, pleasant area in which to live. Arbor Day is not observed on a uniform date. Each state sets aside a day of its own choosing. In Texas the third Friday in January (21st) is observed as Arbor Day. Many states choose April. There is a strong feeling that in order for the day to receive National publicity the date for celebrating the day should be firmly and uniformly established.

Garden clubs are asked to write the congressmen in their area and ask that they support Joint Resolution 673 to proclaim the last Friday in April of each year as Arbor Day.

Through the years ahe observance has broadened in scope with the increasing interest in the wise use of our natural resources. Numerous organized groups as well as schools now take part in this special day, which has become a symbol of our faith in the future.

Plan now to plant at least one new flowering shrub or tree to help celebrate this Arbor Day Centennial.

Some suggestions which have been made locally are:

Every family plant at least one crepe myrtle or red bud where they may be seen, and give the passer-by a feeling of a united effort on the part of Ozonans to present a colorful display at the same time of the year.

Every family plant a tree at the time of a wedding in the family.

Oleanders make a colorful specimen plant, group or hedge.

Any other suggestions will be welcome. Arbor Day can be a time for us really to demonstrate our reverence for the past, our concern for the present and our contributions for the future.

LETTERS to The Editor

Dear Editor:

In this column, I recently read a letter which implied that Gary Elmore was attempting to hide behind the cloth. I'm not able to believe that this is the truth. You see, when a man decides to give his life to the ministry, he gains in maturity and knowledge. He must realize that many people may look back at his past and then criticize him for many things that he had done. In truth, a man's past deeds should not be held against him. He must also realize that many people are going to "put him down" because his life is dedicated to God.

To me, Gary showed courage in making his decision. I believe that Gary had a true experience with the Lord. When he made his decision, he admitted before the church that he had done many things in the past which were wrong and which he was ashamed of. It takes a lot of courage for a man to stand up before people and admit that he has been wrong. It also makes it hard to hide when you admit your wrongs publically.

Gary can now look back on his past life and use his experiences to tell others what they may be heading towards. It might do a lot of people good to listen to him. He's been there, and therefore he's qualified to give correct opinions.

Gary has taken a stand for Christ and let the world know. Many may criticize him, but I believe that he should be admired. The decision to courage, not cowardice.

Sincerely,
George Allen

Dear Editor:

Ooosh! Gary certainly left himself open for Johnny's jibes, didn't he? But then Gary left himself wide open when he publicly accepted God's call to the ministry. Taunts and ha-has from "those who knew him when" are certain to come. Isn't there something about a "prophet not being accepted in his own country?"

It is my prayer that Johnny and others who "remember when" could also remember that our God can take the dirtiest, lowest kind of life and make it new, clean and fresh!

I thank my Saviour daily that he forgives, and hope that Johnny knows God's forgiveness, and in turn will be forgiving, and if he prays, will include Gary and "me too."

Prayerfully,
Margaret Coates

Dear Editor:

I am very pleased to know that there is at least one in Ozona who can remember my younger days.

Maybe there are a few also that can recall I Corinthians 13:11. "When I was a child, I spoke like a child, I thought like a child, I reasoned like a child, when I became a man, I gave up my childish ways." (RSV) This does not mean a man physically, but rather spiritually. Christ died to forgive everyone of their past, if they will only accept Him.

Yours in Christ,
Gary Elmore

RECIPE OF THE WEEK

From Kitty's Kitchen

Texas Shrimp Dip

1 can (4½ ounces) shrimp
2 cups chopped onion
¼ cup fresh bacon drippings
1 can (14½ ozs.) stewed tomatoes
2 large, canned green chilies chopped
2 tbs. heavy cream or evaporated milk
½ teas. salt
2 cups grated longhorn cheese (about ½ pound)

Drain shrimp. In a large skillet saute onion in drippings 8 minutes or until soft. Add tomatoes (solid pieces chopped) and chilies. Simmer uncovered 15 minutes or until mixture is thick, stirring frequently. Add cream, salt, cheese; stir until cheese melts. Add shrimp. Remove dip to a chafing dish or place on a trivet or other element to keep warm during serving. Makes about one quart.

Use tostados or large corn chips for dippers.

Retirement.

The end of work, or the beginning of worry?

Most people look toward retirement as a time of relaxation and enjoyment. And it can be if you prepare for it. But if you don't, it can be a time of worry and discontentment. A time when you can look back and think of a million ways that you could have saved, but didn't.

Well, there's no better time to think about retirement than now, while you're working.

One easy way to save on a regular basis is by purchasing U.S. Savings Bonds through the Payroll Savings Plan where you work.

Now there's a bonus interest rate on all U.S. Savings Bonds—for E Bonds, 5½% when held to maturity of 5 years, 10 months (4% the first year). That extra ½%, payable as a bonus at maturity, applies to all Bonds issued since June 1, 1970 . . . with a comparable improvement for all older Bonds.

Buy U.S. Savings Bonds. They'll help make your retirement just what you want it to be.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

UNITED STATES SAVINGS BONDS

Take stock in America.

Now Bonds pay a bonus at maturity.

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with The Department of the Treasury and The Advertising Council.

SPECIAL NOTICE

Penalty To Be Added On Delinquent Taxes

Dear Taxpayer:

This is to advise you that Senate Bill 414 which was passed by the last session of the Texas Legislature **Requires** this office to collect one dollar ($1.00) in addition to any other penalty and interest that may be due on **Each 1971** past due or delinquent tax statement February 1, 1972.

You can save this additional one dollar ($1.00) penalty by paying your taxes before February 2, 1972.

This office is opposed to the additional penalty on past due taxes (February 1 to July 1), but we haven't any choice in this matter.

Not any of this money is retained by Crockett County, or the State of Texas. The additional one dollar ($1.00) collected goes to the Legislative Property Tax Committee created by Senate Bill 414.

The County Tax Office is pleased to send you this information and hopes that it will be some value to you.

WOW! WHAT A CROWD is no doubt what the three in the picture are saying at the Formal opening of the new Western Auto Store last weekend. Literally hundreds of people registered for the door prizes during the three-day Open House. Jerry Hill, center, who came here from McCamey and opened the new store, discusses business with his father-in-law Troy Wright, left, and his brother-in-law Allan Wright, right. Mr. Hill and his wife, Janet, opened the store for business shortly before Christmas, but it took the whole family to handle the crowd at Open House.

Woman's Forum Discusses Voter Registration

Voter registration was emphasized when the Woman's Forum met Tuesday afternoon at the Civic Center. Members answered roll call with "have you registered?"

Award winning reports on Conservation, International Affairs, and Texas Heritage and Americanism, were presented by Mrs. Marshall Montgomery, Mrs. Dempster Jones, Mrs. Joe Clayton and Mrs. Ele H gelstein.

Alpha Omega Players Play Here February 9

Ozona residents will have the opportunity of watching the nation's most active repertory theater group in performance when the Alpha-Omega Players present "The World of Carl Sandburg" on Wednesday, February 9, at the high school auditorium.

Headquartered in Dallas, Texas, the Alpha-Omega Players last year staged over 600 performances in churches, schools and military bases and covered over 200,000 miles in their travels to some 45 states.

"The World of Carl Sandburg" includes the best known of Sandburg's poetry and music, along with several other notable prose selections including President Lincoln's touching farewell to his hometown of Springfield, Illinois. It is a fully staged production, not a dramatic reading.

Critic Howard Taubman of the New York Times notes that "The World of Carl Sandburg" is "dry in its wit, like a prairie fied, and passionate in its convictions, like one of the Lord's Prophets." It was first staged in 1958 starring Bette Davis and Gary Merrill.

The recollections, anecdotes, poems and songs of Carl Sandburg represent almost a century of observation by this shrewd but basically optimistic man, and audiences everywhere of all ages enjoy an evening with one of America's most-read authors.

Starring in "Sandburg" will be be five young actors and actresses in the well-known Norman Corwin adaptation produced and directed by Drexel H. Riley, former starring performer at the Dallas Theater Center.

The production is being sponsored in Ozona by the Ozona United Methodist Church in conjunction with cultural and civic organizations. Tickets will be a $1 donation.

THE NUMBER'S GAME 1972

Here's the population explosion in personal terms. To the proud parents, it's their first child — and they love her! But to the statisticians, who deal only with cold facts, she's just one more person on an already crowded earth.

What a dilemma! We want children, but we want them to face a secure future. When almost no one is optimistic about the present, how can anyone look forward to the future?

Other generations have faced momentous problems, too. Yet, *with God's help*, they surmounted them.

And God — if we turn to His Church — will do the same for us!

County Boards—

(Continued from page 1)

Thanksgiving, November 23-24, Christmas, December 25-26. Road department employees will observe these holidays.

Bids were opened for the purchase of two vehicles for the Sheriff's department. The low bidder was Stuart Motor Co, and it was awarded the sale.

Salaries for county employees were reviewed and in some instances adjusted. The county Veteran's Administration Officer's salary was raised from $325 to $400 per month and the county treasurer's salary was raised to $400 monthly. Also, some county workers received salary raises.

The court discussed the building of a nursing home wing on the present hospital facility. The court will apply for a federal grant to finance up to one-half the cost of the facility and a bond election will be held to finance the other half. Judge Troy Williams said the election will be held before July 15. If the issue passes, the court expects to make speedy progress toward construction and completion of the facility. Members of the court plan to investigate and tour the facility recently opened in Sterling City.

County court fines brought a total of $16,367.00 into the county treasury during the year 1971, compared with $620 the year before, Judge Troy Williams reported.

A doctor who operates on himself has a fool for a patient.

It's an old saying, but it's never made more sense. There are some jobs in life that you just don't tackle by yourself. The preparation of your income tax should be one of them.

And that's where H & R Block, The Income Tax People, come in. H & R Block is America's largest tax service with more than 6,000 conveniently located offices to serve you. Your H & R Block representative is specially trained and can provide information on legitimate income tax benefits and opportunities that the average man on the street doesn't even know exists.

For instance, do you know all about deductions for child care or casualty losses? Or, that if your income increased over the last few years, you may save tax dollars by "income averaging?" And even if you did, would you know how to go about "income averaging" to begin with? Probably not. And there's no reason why you should. After all, you're an amateur when it comes to doing income tax.

H & R Block's charges start at $5 and last year averaged under $12.50 for over 7 million returns we prepared.

And, if we make any error in the preparation of your tax return that costs you any interest or penalty on additional taxes due, while we do not assume the liability for the additional taxes, we *will pay that interest and penalty.*

Our one time fee entitles you to year 'round tax service and assistance.

Come to the company that more than 7 million Americans placed their confidence in last year. Come to the people who will fill out your next income tax return efficiently, quickly, confidentially. Come to H & R Block.

DON'T LET AN AMATEUR DO H&R BLOCK'S JOB.

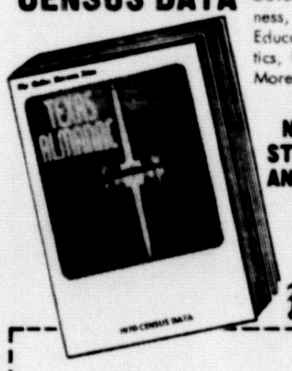

H&R Block.
The income tax people.
