Every rope has two ends...every coin has two sides...and sometimes we forget that.

Last Wednesday night, when the highways were a glaze of ice and more was falling, we crept around in four wheel drive, first to Paris to print, then back to Deport, then on to make deliveries at Pattonville, Blossom, Detroit, Bogata, and finally our stop at Talco. At a convenience store a young man with a beautiful chocolate Labrador Retriever on a leash walked up. He had tried to make a curve just outside of Talco, went into a skid and wound up on a driveway culvert. The car was only two weeks old, and was pretty badly damaged. He and his wife lived in Tyler, but she was working in Paris that week and he was on his way to Paris to see her when the trip came to an abrupt end. Both were originally from New York state and were quite unfamiliar with the area.

Thomas and I listened to him trying to give directions to his wife and make arrangements for her to get a vehicle so she could come and get him.

We discussed the options, and finally told him we would take him on to Deport, where he could meet his wife. This would cut down on her road time by half.

We were a little nervous about this move...after all, he was a stranger, and we knew nothing about him. Was he telling the truth? Was he what he seemed to be? Actually the dog was probably the deciding factor, she was due to have puppies in a week, and he was much more concerned for her than for himself or the car.

We loaded the pair up and took them back to his car to get his suitcase and briefcase, which he put in the back of our vehicle. The dog was in the back seat also and he said he needed to find his checkbook, since the door to the car was damaged enough that it wouldn't shut.

While he searched, Thomas decided to turn around. As Thomas drove down the shoulder of the road the young man leaped up and was running down the road, screaming "Stop, stop" at the top of his lungs. I barely heard him, and told Thomas to stop. He did, and the man collapsed into the back seat of the Jeep, panting and shaking all over.

The poor man thought we had loaded up his dog, his suitcase and briefcase and were leaving him! The minute we stopped, he realized this wasn't the case. He and Thomas were apologizing to one another right, left and center, both of them feeling bad, Thomas that he had frightened the young man, and the stranger because he knew he had misjudged us.

But, the episode made me think about the fact that while we were worried about him...while we were uncertain about his honesty HE must have had the same thoughts about us! He had to weigh the possibility that we could do him harm...just as we had weighed the possibility of him doing us harm.

All was well, his wife was waiting for him, we were safely home after a long, icy trip. But I think I'll always remember about the rope having two ends...and as we face each other across that rope, it helps to remember that the person on the other end doesn't know our mind and intentions any more than we know theirs!

Trustees Extend Principals Contracts

The Talco-Bogata School Board met in regular session Monday, February 14 in the Board Room at Rivercrest High School.

The Board called the meeting to order and invited comments from guests in the open forum. The Board then went into closed session to discuss a parental concern involving personnel.

Upon returning to the open session, the Board met with Dick Kordsmeier, contractor, concerning final payment for the Rivercrest High School bleachers. Final payment was granted to Mr. Kordsmeier after an agreement to reduce the bill by \$200.00 due to the scoring table being part of the base bid. Final cost of the project was \$17,700.00.

The Board approved the consensus agenda including minutes, financial reports, cafeteria report, tax report and the bills payment list.

Principal Jimmy Lee of Bogata gave a report on changes made in campus supervision during the lunchtime. Superintendent Freddy Wade gave a report on the sports offered in the

district and recommended that the district continue the same sports program for the coming year. The program would be handled with one less coach.

Approval was given by the Board to replace the heat exchanger at Rivercrest High School. The approximate cost would run \$5,000.00.

The Board reviewed a TASB policy and approved the changes as presented by the TASB Policy Service.

The Board voted to enter executive session for the purpose of evaluation of principals.

When the Board returned to open session, they voted to extend the contracts of Jimmy Lee, Johnny Gable and Ray Miller through 1996. They then approved the hiring of Lila Simmons as a Chapter Aide at Bogata for the remainder of the 1993-94 school year. The Board then accepted retirement resignations from Jane Holmes, Bogata teacher and Margie Mayes, Rivercrest cafeteria manager.

The meeting adjourned at 11:09 p.m.

Bogata Trash Pickup Will Return To Wednesdays

The Bogata City Council met Monday evening February 14, at City Hall. Those attending were Mayor Mildred Eudy, City Secretary, Anita Couch, Councilmen Donald Ray O'Donnell, W.T. Harbison, Charles Don Lewis, and Buck Ramsey. Also attending were Steve Coker, Douglas McDonald, and Jim Carrell.

The meeting was called to order and Mr. Ramsey gave the invocation. Minutes from the previous meeting were read and approved, the paying of bills was approved.

Douglas Cablevision Representative, Douglas McDonald, explained to the Council that Bogata could not get the same rates as larger cities because they depend on volume in the larger cities. The rate for not for pay channels is frozen until May 15. This does not include the pay channels.

Waste Management's representative, Jim Carrell, addressed the council. There will be no trash rate increase at this time. On March 3, the trash containers will need to be on the street by 7:30 in the morning. This is the day Bogata goes back to Wednesday trash pickups.

Steve Coker, owner of Y'all Come Back Cafe, talked to the council about extending the sewer line 100 yards back behind his business so that he can build a new and larger building..

Since there would be many things to work out if it was decided to do this, Water commissioner Wyatt Bush will investigate and report to the council.

Charles Don Lewis gave an update on the 1992 TCDP grant for lift stations.

Mayor pro tem, W.T. Harbison, reported on the properties which the city has decided are health and fire hazards and need to be cleaned off. Pictures have been made of all the properties. Registered letters will be mailed to remaining owners. The Mayor had spoken to a lady who owns one of the properties, and was informed that they will take care of the clean up right away.

Mary Colflesh was hired as a temporary for records organization. She will work as a contract laborer.

It was decided that the city will pay the expenses for Jason Johnson to attend a Fireman's School to be held March 6-11. Bogata VFD will pay for Charles Don Lewis to go. Each time the firemen attend schools it helps the fire insurance rate in Bogata.

The Mayor will order a general election for May 7, 1994. There will need to be 2 council people and a mayor elected at that time.

The meeting adjourned at 6:50 P.M.

Country Cooking

By Judy Screws

While I faxed at the Funeral Home, I talked with Dee Wood. She was reading a book which had recipes and tips for using Idaho Potatoes. They said that the true good baked potato is one which is baked without foil. The folks from Idaho, who should know about potatoes, said that if you use foil, you get a potato which tastes like a boiled potato. They advise that you use the no foil method and cook it until you can insert a fork into it easily. Dee is going to test this out for us and report. She is going to bake a foil wrapped and a bare potato side by side. We will wait for her potato report. A few months ago, I read a recipe in a magazine for roasted potato salad. I seems that you take new potatoes, cut them in quarters and roast them in the oven. When they are done you add chopped green onions, some other vegetables and a dressing and seasonings to make a potato salad. I can't remember all the ingredients and I don't know which magazine I was reading. I'd like to have this recipe if anyone else knows it.

While attending the Valentine Banquet at the nursing home, I spoke

with a lady who told me that while she didn't know about the recipe for cornbread which is made with grits, she noticed a recipe for cornbread made with cream of wheat in the Bogata First United Methodist Cook Book. I will check on this. It could be that you could just use the grits instead of cream of wheat.

About six months ago, Nelda Belzung, of Mesquite (Nelda Faye Dodd) was looking for a congealed salad which had sour cream in it. I found the recipe and then lost it. Now I have it again. The recipe contains: 1 package cherry gelatin, 1 cup hot water, 1/2 cup cold water, 1-1 pound can whole cranberry sauce, 1/2 cup diced celery, 1/4 cup walnuts, and 1 cup dairy sour cream. You make the jello, let it chill, break up the cranberry sauce with a fork and stir into the cold jello. Then you fold in the celery and nuts, and last you fold in the sour cream. Sorry I took so long on this, Nelda. Maybe you can use it next year during the holiday season or at Easter.

Have a good week.

Wesley Shannon Roberts Joins U. S. Army Reserve

Wesley Shannon Roberts, a resident of the Talco, Texas area, has joined the U.S. Army Reserve.

Sergeant First Class Tavic J. Spivey of the Army's Recruiting Station at 414 West Loop 281, Post Haste Shopping Center, Suite 12, Longview, Texas, who recruited Roberts, says he had formerly been in the U. S. Navy, having transferred in October 1993 to the U. S. Army Reserve. Roberts has been assigned to Com-

pany L. 158th Aviation, in Grand Prairie, Texas, where he will serve three years in the Active Reserve. He reported for service on January 21, 1994.

Roberts attended Florida Keys Community College, Key West, Florida. He is the son of Richard Roberts of Lake Charles, Louisiana, and Rosemary Gartman of Knoxville, Tennessee.

Army Spec. Trenton D. Couch Receives Commendation Medal

Army Spec. Trenton D. Couch has been decorated with the Army Commendation Medal.

The medal is awarded to those individuals who demonstrate outstanding achievement or meritorious

Couch, a heavy wheel vehicle mechanic, is the son of Jackie D. and Anita R. Couch of 311 Hudson Street, Bogata, Texas.

Rivercrest FFA Attends Area Meeting

Rivercrest FFA Students and sponsor and teacher, Craig Ingram, attended the Area FFA Meeting and Dinner at Mt. Pleasant High School Tuesday, February 15.

Since there is no longer an FFA Sweetheart elected by each chapter, (this would probably a fact brought on by the inclusion of both girls and boys in the FFA, instead of a separate club for girls and boys), there was no sweetheart to go to the meeting, but there will be a Mr. and Miss FFA elected by each individual club.

Awards presented at the meeting were the belated awards to Marty Gray and Todd Ward from 1993.

FFA students will be involved in Judging from the different categories soon.

Missionary Baptist Church Brotherhood Meets

Johntown Missionary Baptist Church had their monthly Brotherhood Meeting at the Church.

A devotional was brought by Brother Brother Roddy Jackson. The subject was controlling the tongue.

Breakfast was prepared by Mark Hawkins and the brotherhood discussed being available to the seniors and sick members in the community. They hope to do minor repairs and yard work to help them. Buford

Hervey gave a report of regaining property from the school for a possible site for a Bolunteer fire department.

The next meeting will be March 12.

Those attending were Brother Roddy Jackson, James Dobbs, Drue Pirtle, Doug Hawkins, Donald Jean, Buford Hervey, Clay Pirtle, Willie Lee, Ray Shirley, Davis Horn, and Mark Hawkins.

Athletic Booster Club Meets

On Monday, February 7, 1994, the Athletic Booster Club had a called meeting to discuss the upcoming track and baseball season. A special event was discussed, and the club decided to help sponsor, along with the cheerleaders, a Variety Show. The date was tentatively set for April 7th, starting at 7 p.m. If you are interested in being a part of this event, please contact Mrs. Lori Franks, or Mr. Larry Hinsley.

The club also decided that it would operate the concessions during the Jr. High District track meet, and also the 17-AA District meet to be held at

Rivercrest.

Again, the reason for maintaining this organization is to provide scholarships for our senior students who have participated in scholastic sports. If we do not get the support from parents who have children involved at the junior high and senior high school levels, then when their children reach their senior year, the additional scholarship monies won't be available. This is only to help all of our kids see their dreams come true.

Come be a part of the club and a part of the scholarship future.

VALENTINE KING AND QUEEN- At the Bogata Healthcare Center's annual Valentine Banquet Queen Geor-

gia Easterling, from Talco, and King George Hancock, of Bogata, were crowned by Sandra Mauldin, Activities Director. (Photo by Judy Screws)

First Baptist Has Annual Valentine Banquet

The First Baptist Church members met at the church Saturday for their annual Valentine Banquet. A covered dish dinner was served with coffee, tea, and cold drinks.

After the meal a King and Queen were elected from three categories: Grades 1 through 6 - R. C. Roberts

and Meghan Sims; Jr. Hi. and Senior Classes - Cassandra Logan and Chris Stockton; and Adults Classes - Bro. Perry and Linda Johnson.

The evening ended with games of forth two, waw-hoo, and the newly wed game.

How The Cookie Crumbles

Just for information from the Girl Scout Council:
Out of the \$2.50 per box paid for a box of Girl Scout Cookies this is the way the money is dispensed:
44% is used by the council to provide service to girls and volunteers, and to maintain Camp Gambill.
12% is retained by the troops for equipment and program supplies, service projects and trips.
9% pays for cookie sale incentives, and cookie credit which provides financial assistance to girls to attend camp and program events, and wider opportunity trips.
35% goes to the cookie manufacturer.
Food for thought-65% of the money you spend for a box of Girl Scout cookies provides money for the girls, the troops, and the council to pay for services to pay for services, activities and fun.

Rebels Look To Playoffs

The Rivercrest boys basketball team will play either Ore City or Paul Pewitt in the State Playoffs.
The game will be played either Thursday, February 24; Friday, the 25th; or Saturday, the 26th.
Coach Wood said, "I hope we can play the game at Mt. Pleasant or Clarksville or someplace close. Our students and fans deserve the opportunity to see us play in the State Playoffs. Of course, the closer we play to home, the more people that

would get to watch us play. If we can win in Bi-District then area play will be on February 28, Monday or Tuesday, March 1, hopefully at Sulphur Springs or someplace within 50 miles. The boys regional tournament will be at Tyler Junior College on Friday, March 5 and Saturday, March 6."

Rivercrest Atop District 17AA

The Rivercrest Rebels traveled to Wolfe City Friday night, tied for the District 17AA lead with Wolfe City.

The Rebels gave the Wolves their second District loss with a stunning 65-63 overtime victory.

A victory Tuesday night over the visiting Cooper Bulldogs will give the Rebels their third straight District 17AA Championship.

The Rebels started out at Wolfe City, playing with confidence as they pumped out to a 16-12 first quarter lead as Jerry Francis pumped in 10 points. Francis hit for two long range three pointers during the first quarter. However, Wolfe City began to continuously get the ball in J.O. Fuller's hands and he made things happen.

Fuller finished the night with 24 points, hitting two three pointers, 9 of 10 from the charity stripe and 5 of 8 two pointers.

During the second quarter, Fuller had 11 points to give the Wolves a 7 point lead at halftime. Fuller hit a three from mid-court as the buzzer sounded ending the half.

The second half continued to look like all Wolfe City. The Rebels opened up the third quarter, as Clay Pirtle hit a three to cut Wolfe City's lead to four points.

However, again Wolfe City hit clutch baskets to close the third quarter with a 48-42 lead as Rivercrest had cut only one point off the 7 point lead WC had enjoyed at halftime.

As the fourth quarter opened, Wolfe City's Gerald Woodberry, 6'6" post, hit an easy two pointer to give the Wolves an eight point lead, Clay Pirtle nailed a three pointer for the Rebs to cut the lead to five, but two free throws by Roy Williams and another clutch two pointer by Woodberry moved the Wolves out to a 9 point lead.

The Rebels then turned their defense up a notch and held Wolfe City

to one field goal during the last six minutes of play.

Clay Pirtle with help from teammates, held Fuller to zero points the last quarter.

Offensively Eddie Williams took over with 8 points, the last quarter. With the Rebels trailing 18 foot jumpers and on his third attempt was fouled aggressively by Wolfe City, but Williams made both free tosses. From this point on, the Rebels and Wolves battled viciously to gain the upper hand, but neither team could get ahead as the game ended in a 60-60 tie.

In the overtime, the Rebels held Wolfe City to no field goals. Williams and freshman Jeff Savage hit key shots for the Rebels in overtime.

The win assured the Rebels of at least a tie for their third straight District 17AA Championship in a row.

Coach Wood commented, "The win at Wolfe City was a great victory for a great team. The Wolves got a lot of breaks and played well and they played hard. There were many situations where we played hard and a break for Wolfe City would set us back. The average high school team would have folded, but not this one. We are not an average high school team, but a great team. Their guards are the best two guards we have played against, period. Wolfe City's Fuller and Brown are nearly impossible for us to guard. Our defense and continued hard play just absolutely wore Wolfe City down and they did not have the energy to beat us at the end. Our shots did not fall for us, and our defense and hustle kept us in the game."

I was glad to see Jerry Francis get his shooting touch back, and be more aggressive on offense. Jerry finished the game with 20 points. We need a big game from Jerry!

Jeff Savage, our freshman point

really came through in the clutch. Jeff's going to be a great player. Jeff hit a clutch basket with :20 seconds left to give us the lead. Then during overtime, Jeff hit another 15 footer to ice the game for us. No, it did not surprise me, because Jeff hit 19 straight 14-15 foot jumpers in practice last week.

I really thought Eddie Williams made some big time plays on offense and defense when we really needed them. Eddie is just a big time player.

Clay Pirtle although fouling out, really came through for us. Clay scored 10 points the second half and really put the stopper on Fuller the last quarter. Clay is a very confident person and that encourages all of us.

Elliott Pogue was the big rebounder for us as he had 8 big offensive rebounds. These rebounds turned into fouls on the Wolves and free shots for Elliott. However, Elliott didn't cash in on these opportunities. If he had done so, then we would have put Wolfe City away earlier. There's just a lot of pressure to make those free shots and Wolfe City's gym is a very tough place to play and shoot the ball. Elliott has worked very hard on his shooting and I know he will make a much higher percentage in the playoffs.

Mike McGee had his best defensive game of the year. He did a great job on Woodberry. Mike fronted Woodberry well and blocked him off the boards. Actually, Mike's defensive play got the Wolves in for trouble with their big inside people.

Jeremy Weatherall gave us a big boost off the bench as his strength inside wears on the other team's post players. I'm proud of Jeremy's tough defensive play. I thought that this game was one of the hardest fought victories the Rebels have ever earned. They deserved the win."

The windiest city in the US is Great Falls, Montana, where the average wind speed is 13.1 mph. Chicago, the notorious "windy city," actually ranks only 16th among the windiest cities in the US.

ICEY JOURNEY-Trucks and cars alike found travel perilous last Wednesday and Thursday after freezing rain and sleet blanketed the area in a sheet of treacherous slippery white stuff. The severity of the storm was worse on Hwy. 271 than

Hwy. 82, and worse from Deport to Bogata and Talco than to the west. A warming trend on Friday soon cleared the dangerous conditions away. Numerous accidents, wrecks and injuries occurred during the ice storm. (Staff Photo by Nanalee Nichols)

Rosalie Community Center Update

The Rosalie Community Center Organization met at 7 pm Tuesday February 8, 1994, at the United Methodist Church in Rosalie.

The By laws were read and corrected. They will be incorporated at the March Meeting.

Eddy Denny was elected Vice President.

A new sign is to be erected this week. It will be a 4' by 8' sign designating that this is the Future Site of the Rosalie Community Center.

Wanda Ragsdill is the new mailing list committee chairman. Names and addresses or corrections of same

should be turned in to her.

The property transfer from the school district to the community center is complete.

The old building will be disposed of this month.

A preliminary letter to local politicians was read by president Jack Dodd to the 18 members who were present. No action was taken at the time.

Revised drawings were presented by John Dennison for the group's consideration.

Soil Conservation

An Essay By Bryan Scott

This is the winning essay in the Red River Soil Conservation Essay Contest. The author, Bryan Scott, is an eighth grader at Bogata Elementary School.

Ronnie Tidwell, columnist with the Conservation Service, said, "The job of conserving America's renewable resources can not be accomplished by government alone. The collective talents and energies of private individuals and groups also are needed. This means that conservation, the protection, management, and wise use of our natural resources is the responsibility of every individual living on the face of the earth."

Soil erosion damages an estimated 175 million acres of land in the United States each year. Soil is essential for the production of food. Man can not stop the wind from blowing, nor can he stop the rain from falling, but man can slow them down and thus prevent erosion. In order to conserve the soil, practices must be used that will keep it deep and productive. One of

the best ways to prevent erosion is to practice contour plowing, strip cropping, terracing, minimum tillage, and keep the land covered with closely growing plants.

Humans and animals require clean, fresh water in order to survive. The demand for water is constantly increasing due to population growth and expansion of agriculture and industry. Wise pollution control practices must be used to insure that water sources are not polluted by disposal of sewage, industrial chemicals and other wastes that make water unhealthy for wildlife and humans.

The stewardship of the land is passed from one generation to the next. To each of us, conservation should mean a personal commitment to the wise use of our natural resources. If each of us would work together to conserve the soil and water, the next generation would inherit a much better place in which to live. Because of this, conservation should be a top priority to everyone.

Political Forum To Be Held February 24

You are invited to a Political Forum, sponsored by the Red River County AARP.

It will be in the Court House court room, beginning at 2 p.m., February 24th.

All candidates should just show up and tell their views on local problems. Everybody is welcome.

QUESTION-I rent a post office box. Can I let anyone use my post office box as their mailing address?

ANSWER-Anyone who resides in your home can receive mail in your post office box. They do not have to be related to you as long as they are living with you. If someone is getting mail in your box and have moved out

of your home, they must rent their own post office box. Regulations allow us to deliver mail to a box for different people if it is a business, but

not if it is a resident. (See above.) QUESTION- I have just turned 18 and I need to register for the draft and to vote. Where can I go and do this? ANSWER- You can do both of these at your local post office. If you are a male you must register for the draft when you turn 18. The time required is less than 5 minutes.

You can't think and hit at the same time.
