Certified Seed Is Available In Perryton Area

There is some excellent certified wheat seed available in the Perryton area, and members of the Ochiltree County Certified Wheat Growers will sell it to local wheat growers first.

"There is a big demand for certified seed this year," said W. H. Lance, president of the association. "Those here who have certified seed want to see it planted in this area in order to maintain the reputation of Ochiltree and adjoining counties for high quality milling wheat."

There is an estimated 50,000 bushels of certified seed and Lance said two different state inspectors had told him that this wheat is the best in the state this year.

Not a field graded less than "good" and many graded "excellent" when the inspectors made their rounds just before harvest.

Draft Call for August Released

Local Selective Service board No. 99 has received an amended draft call for August, reports Mrs. Norma G. Phelps, clerk of the board. There will be six men inducted from the local board on August 16.

State headquarters had earlier announced that there would be no draft call for August from this board, but when the Texas quota was raised from 485 men to 772, it meant that 57 local boards who formerly had no August quota received one.

RUNNER UP—Bert DeVinney of Enid, right, won second place in the championship flight in the Perryton Golf Tournament Sunday, finishing one stroke behind Freddie Fajen, the champion. Shown admiring his trophy is Keith Lane, who finished sixth in the championship flight.

Repair of Plains Dams Remote; Lake Fryer Is Not Mentioned

According to the Pampa News, but indicated chances for getappropriation of federal funds ting aid would be "slim."

for the repair of the Lake McClellan spillway looks none too bright. E. O. Wedgeworth, manager of the Pampa Chamber of Commerce, returned from Washington last Saturday, reported that since the project hadn't been placed in the budget, it was a little late to get anything done.

Nothing was mentioned about including the Lake Fryer project in with the Lake McClellan project, although Congressman Walter Rogers informed the Perryton Chamber of Commerce last week that he was to meet with the Senate appropriations committee and present both projects.

Wedgeworth said that Senator Russell (D) Georgia, reportedly looked on the project favorably,

The local Chamber of Commerce sent telegrams to Senators Tom Connally and Lyndon Johnson, asking for their support. Connally replied as follows: "Am glad to cooperate with Congressman Rogers in behalf of Wolf Creek Dam, how-

JUST HERE and THERE

Well, we've never been much of a hand to write of our own personal comings and goings but in view of the many requests for a story about our recent trip to Canada, we believe that some of our Herald readers would like to read about this trip, which to us will probably always be one of the high lights of our life.

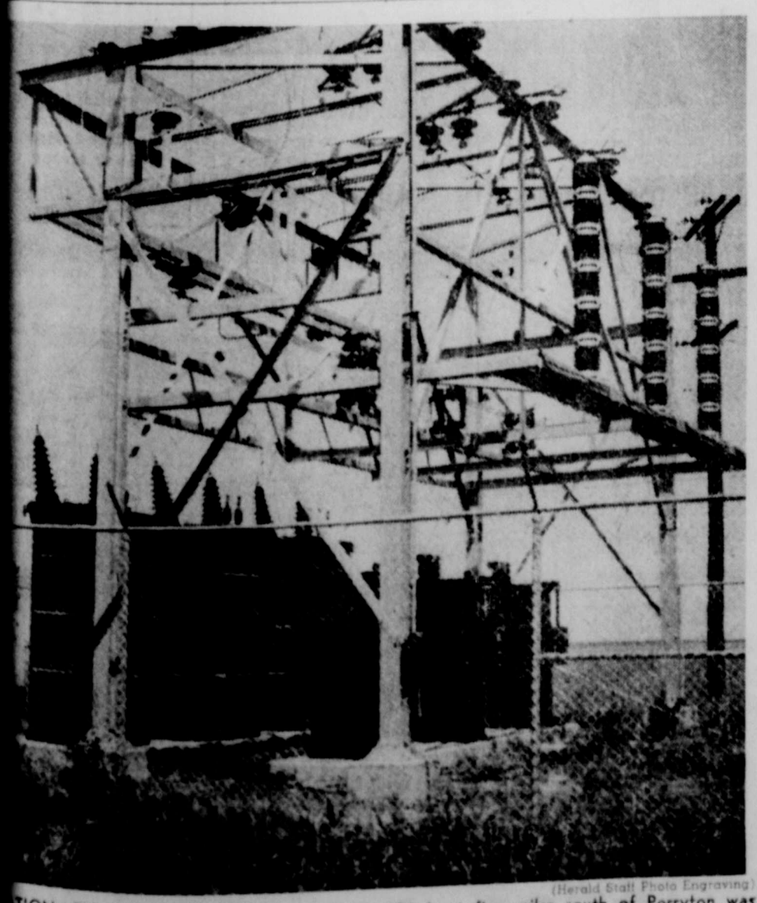

You may wonder just what kind of trip we made and why. We were guests of the Province of Ontario government, June 14-24, on a tour of Ontario. During the tour we traveled by plane, bus, boat and train. This was the 8th U. S. Editors' Tour of Ontario and had its inception in 1940 when the Ontario Government Travel and Publicity Bureau, in cooperation with the Hotel Association and the Canadian Weekly Newspaper Association, played host to a group of editors and publishers from several neighboring states.

In 1941 the scope of the tour was enlarged to include three publishers from each of eight states. Following the war the tour was resumed on a similar basis but in 1947 the composition of the party was altered to include two representatives from each of twelve different states.

This year's tour, the eighth, broke new ground in that it included representatives of twenty-three state press associations. The itinerary covered nearly two thosand miles.

While the tour was in progress, a color motion picture was made by Clint Melville, Canada's No. 1 cameraman, of the various functions and points of interest visited. This film will be shown for the first time at the meeting of the National Editorial Association in Chicago in November. After that it will be available

Doors Left Open On Post Office Boxes

Postmaster Irvin Hergert has cautioned patrons of the local post office to be sure that the door to their boxes are closed after the mail is taken out. Reminder slips are being placed in the boxes whenever the clerks find one with the door not closed. Reason for this is that someone has been swinging the doors of the boxes open and there is a strong possibility that some mail may be stolen if the box is not locked. Clerk Guy Allen came to work a week ago Sunday and found 15 boxes standing open and some mail scattered on the floor. As far as could be determined, nothing was missing. Closing the box securely is the patron's protection against tampering and theft.

Blue Sox Meet Follett Sunday

The Perryton Blue Sox will meet Follett here Sunday afternoon in a crucial Texas-Oklahoma league baseball contest. Game time is 2:30 p. m.

Follett holds one victory over Perryton, winning on June 3 to take over the league lead, which they still hold. Perryton is in second place and a victory Sunday would greatly improve their chances for a league title.

Veterans Needed In Three County Service Schools

More veterans are needed in three service schools in the county before the July 25 deadline, according to Tom Davis, county service office.

New classes will be started in cabinet making, business and agriculture if veterans will apply for the schools, Davis said.

A third class in cabinet making will be started if seven more men apply and nine more men are needed in the farm school, Davis said.

Applications should be in by July 25, as that is the final date for veteran training. Application may be made with Dr. Martin Duke, county vocational service officer, 1409 S. Colgate, or with Tom Davis at the courthouse annex.

Barbecue Fund Needs Some Help

The drive for donations to the Perryton Celebration barbecue is under way, and contributions are slower than usual, according to Ray McWilliams, finance chairman of the barbecue.

It takes approximately $4,000 to prepare and serve the barbecue, and the cost is higher this year because of the increase in the price of beef.

Despite the increased cost, the committee is attempting to serve the barbecue on a free basis, as in years past.

Contributions may be given to Ray McWilliams, Bill Herndon, Jerome Woods, Coke Harlow; Harold Frank, or at the Chamber of Commerce office.

Sinclair Lips No. 7 Reported A Gasser

Unofficial scout reports Tuesday had it that the Sinclair O & G No. 7 Lips well, in Roberts county, came in with a very strong gas showing. In fact, one scout said "The well is as big as the No. 2 Lips," and if so, it is a real producer. The No. 7 Lips well is located in Sec. 1, Blk. B., B & B Survey, in Roberts county. It is about 27 miles south of Perryton.

Telephone Rate Increase Is Still In Negotiation Stage

Company and Council Meet Tuesday Night

The telephone rate increase sought by the Southwestern Associated Telephone Co. is still at a standstill following a meeting Tuesday night by James H. Davis of Guymon, district manager, and the Perryton city council.

Davis renewed company demands for a rate increase of 50 per cent on residential telephones and 45 per cent on business phones.

The city council offered the company a flat 20 per cent rate increase on June 5, and did not change their position in the Tuesday night meeting.

Davis told the council Tuesday night that the company had granted a 10 per cent wage increase to all employees on July 1 and that this increased cost of operation brought the net earnings of the company down from 4.56 per cent to 3.94 per cent on their investment.

He said that the increase meant about $4,400 additional expense at the Perryton exchange.

When the dial system was installed in February, 1950, the company was granted a 20 per cent raise on residential telephones and 37½ per cent on business phones.

The proposed rates would go from $5.50 on an individual business line to $8.00; from $4.50 to $6.50 on a two-party business line and from $1.25 to $1.50 on a business extension.

Residential phones would be raised from $3.00 to $4.50 on a single party line; from $2.50 to $3.75 on a two-party line; from $2.00 to $3.25 on a four-party line; while extenions would re-

Missionaries to Hold Special Service July 25

Rev. and Mrs. Edmond Outhouse, missionaries from Colombia, South America, will be at The People's Chapel on Wednesday evening, July 25, Rev. F. B. McPeek, pastor, has announced.

Rev. and Mrs. Outhouse will tell of their experiences in that country as missionaries and the persecution at the hands of the rebels during the revolution there.

Mr. Outhouse was confined to prison during the revolt, and will tell of the beating and death of the missionary that was working with them.

The public is cordially invited to attend these services.

Potatoes On Bottom Tomatoes On Top

A double-duty garden plant has been discovered by Mrs. Alva Cone, 610 S. Birch. The plant has potatoes under the ground and tomatoes on top, making this a dual-purpose vegetable plant for any family. Mrs. Cone put out five potato plants this year, and while the potatoes are doing fine, she soon discovered that the vines were producing little tomatoes as well. She brought one of the vines to the Herald office, where it is on display.

OPS Specialist Here Wednesday

OPS price specialist W. C. Pratt of the Industrial Materials and Manufactured Products Branch will stress requirements of the service establishment regulations and the need for filings by other firms when he visits in Perryton next Wednesday afternoon, July 25.

(Herald Staff Photo Engraving)

GOLF CHAMP—Freddie Fajen of Guymon, left, won the championship flight of the Perryton Golf Tournament Sunday, shooting a 27-hole total of 103, two under par. This is the second straight week that the 15-year-old schoolboy has captured a championship trophy, winning first at Liberal on July 8. Shown giving him the trophy is Carroll McClung of the Perryton Country Club, sponsor of the tournament.

★ ★ ★

Freddie Fajen of Guymon Wins Perryton Golf Tournament

Freddie Fajen, 15-year-old schoolboy from Guymon, won the championship flight in the Perryton Invitation Golf Tournament Sunday, shooting a sparkling two-under par for 27 holes. He scored 35, 33 and 35 for a 27-hole total of 103.

This was the sceond straight week that Fajen has captured a championship trophy. Last Sunday he won first at Liberal.

Second place in the championship flight went to Bert DeVinney of Enid, who had 104, and Danny Ellis of Perryton won the third place trophy with a score of 108. He tied with R. D. Morgan and won in the playoff after three holes.

Bill Riffe of Texhoma won the title in A flight, posting a 36 in the final round. Otis Burk, with 37, was runner-up, and Dr. Roy Sanford won the consolation trophy with 40.

In B flight, Paul Shields of Guymon won the title with a 36 and Roy Rodgers of Booker was runner-up with 38. Whitey Hilyard of Liberal won the consolation bracket with 38 in the final round.

Al Prophet of Buffalo captured the title in C flight with a final round score of 38 and A. C. McCan of Beaver was runner-up with 39. Max Kennedy of Hugoton, Kansas won the consolation trophy in a one-hole playoff with Paul Loftin. Both were tied with 41 for the final round.

See No. 3, Page 8

Winners In Baby Contest Named By Perry Studio

Winners in the 14th annual Baby Contest of the Perry Studio have been announced by Doyle Keeling, manager. Nine prizes were awarded to the winners in three classes.

Judging was done by the mothers of the children entered in the contest.

First prize in each class was an 11x14 heavy oil protrait; second prize in each class was an 8x10 heavy oil portrait and third prize in each class was an 8x10 light oil portrait.

Class 1 includes babies up to one year old; class 2 includes babies from one to three years; and class 3 includes those from three to six years.

The winners are as follows:

Class 1: First, Danny Lee Igou, son of Mr. and Mrs. Jack Igou; Second, Deanna Kay Bennett, daughter of Mr. and Mrs. Dean Bennett; Third, Carl Clawson, son of Mr. and Mrs. Carl Clawson, Gruver.

Class 2: First, Connie Sue Crum, daughter of Mr. and Mrs. Grover Crum; Second, Mary Jane Jewell, daughter of Mr. and Mrs. C. G. Jewell; Third, Janis Lyne Fuller, daughter of Mr. and Mrs. Bud Fuller.

Class 3: First, Terry Lee Jacobs son of Mr. and Mrs. Leon Jacobs, Beaver; Second, Sue Hext, daughter of Mr. and Mrs. Gene Lawrence.

Cars Damaged In Accident

Two cars were damaged, but no serious injuries resulted from a wreck Monday afternoon at the corner of S. Amherst and 2nd avenue, in front of Boxwell Bros.

Involved in the accident were Mrs. O. C. Curtis, driving a 1949 Ford coach, and Mrs. Neal Thompson of Farnsworth, driving a 1950 Ford coach.

Investigating city officer Amos Green said that Mrs. Thompson was going east on 2nd avenue and Mrs. Curtis was going south on Amherst and the two vehicles met at the intersection.

The Curtis vehicle struck the Thompson car in the side. Mrs. Curtis was shaken up and taken to the Perryton Hospital for treatment. Mrs. Thompson was also shaken up by the impact, but was not seriously enough hurt for hospital treatment.

Canadian Trip

(Continued from Page 1)

for showing in the home towns of the members of the tour. We expect to have it in Perryton for a week or ten days, and will make it available to as many groups as possible. We expect to have an album of still pictures of the tour in the very near future.

States represented on the tour were Arkansas, Connecticut, Illinois, Indiana, Iowa, Kentucky, Massachusetts, Michigan, Minnesota, Missouri, Nebraska, New Jersey, New York, North Carolina, North Dakota, Ohio, Oklahoma Pennsylvania, Rhode Island, South Dakota, Texas and Wisconsin.

First Day, June 14

Along with 23 other editors and publishers from 23 different states we started out today on the Eighth Annual United States Editors' Goodwill tour sponsored by the Province of Ontario in Canada.

We assembled in two groups for the 10-day affair with the eastern group rendezvousing at Buffalo and the mid-west and western bunch meeting at Windsor, Ont., across the river from Detroit. (And look it up on your map, Windsor, Ontario is south of Detroit, Michigan.)

Those of the eastern group met two representatives of the Ontario Department of Travel and Publicity. Those of us in the western group were met in Windsor by Deputy Minister Tom C. McCall of the Department of Travel and Publicity. With Mr. McCall were Tom L. Johnston, director of the Publicity Branch and Tour manager, and Colin McDonald of the Photography Branch. Here in Windsor we were handed our official badges at a breakfast in the "Press Club" of the Norton-Palmer Hotel, with Preston D. Norton, owner of the hotel as our host. (And by the way, Mr. Norton is an old friend of our own Raymond Hurn).

Shortly after breakfast, we left by chartered plane for Toronto to join the group from Buffalo. Our route took us over the most densely populated and highly industrialized area in Canada, southern Ontario. Here we saw Ford, Studebaker, General Motors, Chrysler and many other Canadian factories for the manufacture of United States automobiles, trucks and farm implements. However from the air, it also appeared to be rich farm land dotted here and there with well laid-out cities and towns. Such important centers as London, St. Thomas, Galt and Kitchner were pointed out to us.

The complete party assembled for our first meeting and were officially welcomed by the Minister of Travel and Publicity, Louis P. Cecile, K. C., as well as by the Ontario Hotel Association and Ontario Class "A" weekly newspaper representatives.

We left the airport by bus with an Ontario Provincial Police escort (they're similar to our state highway patrol) and part of our route was along Canada's show highway, the dual-roaded Queen Elizabeth Way, which stretches from Toronto to Niagara Falls. We booked in at the British Empire's largest hotel, the 1,200-room Royal York and then paid an informal visit to the Toronto Men's Press Club. Our Toronto brothers have quite a sumptuous club quarters and they certainly are a friendly lot.

In the evening we were dinner guests of the Province of Ontario, and to finish off our first day in Ontario, we visited the Globe and Mail building, considered to be one of the most modern newspaper plants on this continent.

Canadians sure believe in taking care of the inner man. Here's the menu for the dinner above. Celery . . . Mixed olives . . . radishes . . . green onions . . . pickled mushrooms . . . mixed pickles . . . shrimp stand, cocktail and Ragigotte sauce . . . George Bay trout . . . Half lobster, mayonnaise . . . fresh Gaspe salmon . . . ham Chaudfroid . . . capon Chaudfroid, Jeannette . . . veal and ham pie . . . brawn . . . ox tongue . . . . roast turkey . . . roast pheasant, baked ham . . . sirloin beef . . . roast half spring chicken . . . roast capon . . . chicken salad . . . chef salad . . . potato and celery salad . . . vegetable salad . . . sliced tomato . . . tray cheese . . . fancy Gateau . . . finger rolls . . . white and brown bread . . . coffee.

Second Day, June 15

Breakfast this morning was in the Tudor Room of the Royal York Hotel with the Canadian Pacific Railway Co. as hosts. (By the way the Canadian Pacific is known as the world's greatest transportation system. They not only own and operate the coast-to-coast railroad with connecting links into all parts of Canada, but they also operate air lines, ocean going ship lines and most of the larger hotels of the Dominion.)

On the second day of our Goodwill Tour we took in the sights about Toronto, the capital of Ontario and the second largest city in Canada.

Toronto's citizens aren't fooling when they say this is a city of "churches and trees." This metropolis seems to favor stone for its monumental, government and educational institutions; and brick for private residences and apartment houses.

We were told the city embraces an area of 35 square miles with a population of 690,000. Including surrounding suburban communities, Greater Toronto has a population of 1,150,000. It was founded about 1750 by the French.

As many as 5,000,000 shares change hands in a single day on the Toronto Stock Exchange, financial experts told us. Located on the "Wall Street of Canada"—Bay Street—the Toronto Stock Exchange is second only to the New York Exchange on this continent. They said it is the financial and commercial center of the province's great mineral industries that annually produce more than $360,000,000 in minerals, including 90 per cent of the world's nickel and 33 per cent of the gross value of all Canadian mineral products such as gold, silver, platinum, zinc and copper.

Pointed out as some of its outstanding landmarks were the Canadian Bank of Commerce, the highest building in the British Empire and Casa Loma, a life-size reproduction of a medieval castle, built at a cost of $2,000,000 by the late Sir Henry Pellatt as his residence. Casa Loma was taken over by the Canadian government for back taxes, and was given in charge of the Kiwanis Club of Toronto as a museum. The club charges admission to the building and holds dances there on Wednesday, Friday and Saturday nights. Funds derived are used in their underprivileged children work. Here's a castle for sale if anyone wants one, but remember before buying that it takes 800 tons of coal to heat it each winter.

We visited Canada's first subway, now under construction and expected to be completed in 1953; had a look at Maple Leaf Gardens, the home of major hockey league; saw the Canadian National Exhibition grounds, the site of the largest annual Exposition of its kind in the world; and the University of Toronto buildings, Canada's largest university.

Ontario citizens told us that prominent among the institutions that contribute to the development of Canadian culture are the Toronto Art Gallery, the Royal Ontario Museum which is the second largest museum in the British Empire, the Royal Conservatory of Music, the Toronto Mendelssohn Choir and the Toronto Public Library.

The tour ended at the Ontario Parliament Buildings where we were shown the Legislative Chamber with its various objects and carvings symbolic of British tradition but, some of us were surprised to know that Canadians make their own laws and are no more responsible to Great Britain than our government.

We left the Parliament Buildings about noon for the Royal Canadian Yacht Club, claimed to be the largest fresh water yacht club in the world. At the club we were luncheon guests of the Toronto Convention and Tourist Association.

This club is situated on Centre Island, one of the Toronto Islands which help form a fine harbour. About 5,500 people live on these islands year round and consider themselves a separate community from Toronto. They guard their independence quite zealously, some of them told us.

While aboard a launch making a tour of the islands we were told their fine beaches and picnic grounds afford welcome summer relief for thousands of Toronto residents. Yes, it gets hot up here.

Later a chartered coach took us to the Guild Inn, Scarborough, a few miles east of Toronto. Here we were guests of the Ontario members of Class "A" Weekly Newspapers of Canada, at a reception and dinner. We found the Inn a rather striking example of a fine tourist establishment with its carved woods, colorful gardens and fine atmosphere. We stayed here, on the banks of Lake Ontario for Friday night.

The Province of Ontario of which Toronto is the capitol has a unicameral legislature. Ontario is considerably larger in area than Texas with 412,582 sq. miles to 267,339 square miles in Texas. However, the greater part of Ontario is a bush and lake country, with no roads and practically no population. The approximate population of the Province is 4,500,000.

There are 43 counties in the Province. Province officials corresponding to our state officers are appointed from the members of the legislature and are known as Ministers. They carry on with their legislative duties in addition to serving as Ministers. We understand that the Deputy Ministers, who are civil service employees, are really the boys that "carry the ball" in the various departments of Provincial government.

It looks to us that Canada is pretty much a country of big monopolies. You find the same big stores in every city of any size, not popular price stores but stores and shops that handle quality merchandise. We were told that there are only about twelve chartered banking systems in the entire Dominion of Canada with each system having hundreds of branch banks.

One fine thing we noticed in Ontario was the almost complete absence of billboards and flamboyant, neon decorated honky-tonks, cafes and tourists courts from the highways. We understand that such is under the control and supervision of the highway department and they just don't allow them.

Sunday is really Sunday in Ontario. No Sunday newspapers. Picture shows, ball parks and many other amusements are taboo.

Third Day, June 16

After breakfasting at the Guild Inn, Scarborough, we departed by chartered motor coach for the 125-mile trip to Minden in the heart of Ontario's Hiliburton Highlands.

Canadian Scotsmen claim there is a legend attached to these Highlands. When the Gods created the Highlands of Scotland they thought they were so beautiful they would have to re-create them in some other part of the world. They are supposed to have waved their magic wands over the Haliburton Highlands in Ontario.

Paradoxically, not one sprig of heather can be found in the Ontario Highlands, but natives claim the Highland's autumn colors more than match Scotland's beauties.

We drove east along the north shore of Lake Ontario for about 30 miles to the thriving town of Whitby; north about 47 miles to Lindsay, western gateway to the famed Kawartha Lakes region; past Fenelon Falls near Sturgeon Lake; then further north 36 miles through beautiful lake country to Minden.

Luncheon was at Mrs. Eileen Hart Crawford's Hart Lodge, Minden, as guests of the Haliburton Highlands Tourist Association.

A bus took us another 30 miles to Norway Point on Lake of Bays in the Muskoka Lakes area. From here we took a cruiser to Bigwin Island and Frank Leslie's sumptuous Bigwin Inn. Finding such luxury in the wilderness surprised many of us.

Bigwin Island contains 660 acres and is covered with virgin timber. The Inn with its many buildings is the only establishment on the island. They have accomodations for 600 guests with a staff of 425, ninety per cent of whom are college students. Mr. Leslie told us that about 75 per cent of their guests are from the United States. Golfing, fishing, boating and swimming are the main attractions but our group did a good job of relaxing. Their season is from June 1 to September 9.

It might be of interest to many of the members of the Perryton Golf Club to know that ninety per cent of the caddies on the Bigwin golf links are college girls.

Another custom that impressed us was the Canadian custom of toasting the King and the President. At all of the luncheons and dinners, we sang "God Save the King" followed by a toast to the King of England; then the "Star Spangled Banner" and a toast to the President of the United States. We might add that some of us gave the latter toast with reservations.

Fourth Day, June 17

The fourth day of the tour found us at Bigwin Inn on Sunday so we slowed down a bit and spent the morning generally relaxing. Some of us were "genned up" (a Canadian expression for getting the low-down) on Ontario's and probably Canada's most famous vacation area, the Muskoka Lakes.

This closest highland area to Ontario's capital, Toronto, embraces 1,619 square miles, spreading 70 miles east from Georgian Bay and north and south 45 miles.

It is comprised of three main sections: the southerly Kasshe-Sparrow Lake-Severn River-Georgian Bay area; the central Muskoka Lakes chain and the Huntsville-Lake of Bays district in the northeast section of the district, where we were. Local guides told us there were more than 300 other large and small lakes, and innumerable rivers and streams with small-mouth bass, speckled trout, lake trout, wall-eyes, and rainbow trout.

About the middle of the afternoon, following a lake cruise, we headed 50 miles north through this lake country to Sundridge village to find out for ourselves. We found the advertisements were not idle boasts. We became acquainted with many fine towns and villages on the way up such as Huntsville and Burke Falls.

We arrived at Hotel Bernard, Sundridge, about dinner time and were guests at a reception and dinner given by the village and Dalton J. Caswell.

The villagers wouldn't talk too much about their accomplishments but, we learned their community was one of the finest examples of local effort in promoting their village as a vacation attraction, in Ontario.

About 1946, Mr. Caswell and other community-minded citizens decided their village should do something about improving itself as a tourist area. In the process since then, they have built a community center with handicrafts, arts and other similar groups. Sundridge has a new nine-hole golf course and is now an all-year vacation area with the installation of a ski-tow and trails.

We headed another 43 miles north, later in the evening, to North Bay, situated on one of the largest inland lakes on the continent, Lake Nipissing. At the reception as guests of the North Bay Chamber of Commerce, residents said North Bay is the "Gateway to the North." The word "Hub" might describe it better as road and rail routes branch out from the city like Detroit streets from Grand Circus Park.

The city also has a main airport on the Trans-Canada Airlines route from Toronto to Kapuskasing, further north. They told us Lake Nipissing is outstanding for its wall-eyes with excellent bass, muskies and pike fishing adding zest. About three miles from the city, at Trout Lake, natives are proud to introduce the latest Ontario game fish, the Ouananiche, a land-locked salmon familiar to Maine anglers. About 12 years ago, these "square-tails" were transplanted from other areas.

And of course, we all knew the famous Dionne quintuplets lived at nearby Callander. We were surprised to find that the Dionnes do not rate very high with the Canadians in that area.

We boarded Pullmans of the Ontario Northland Railway, government owned and operated, at midnight, headed 165 miles further north to the town of Swastika.

This unique rail system stretching 440 miles from North Bay to Moosonee on James Bay is also known as the "Sportsman's Special." Many times during game seasons it will drop off parties of hunters at just about any place along the line they want to stop. It is even rumored that the conductor has occasionally stopped the train to bag a few ducks on his own.

We traveled in style on the Ontario Northland in private cars used for government and

railroad officials [illegible] thought we would [illegible] in a four-poster bed on a train . . . but [illegible] what happened . . . [illegible] ed bedroom, [illegible] er, etc. Each [illegible] its own dining [illegible] and chef. For [illegible] were served [illegible] a cream sauce with [illegible] boiled eggs and [illegible]

RECORDS'
Stubble-Mulch Plows
★ They're Guaranteed!

Sturdy frame that will not twist or give from strain of deep plowing or chiseling. Frames tapered on ends so they won't hang on fence posts. Three shanks outside of each wheel so that it doesn't take such close driving to keep wheels out of plowed ground. Some shanks may be removed on ends to adapt load to tractors for deeper plowing. Wheel base fits middles for cultivating after Dempster or Standard plantings either. With short extensions will cultivate nine 28" middles at a time.

Tapered manganese spring steel shanks.

Lighter draft because of angle of shank where chisel or sweep bolts on. Because of this setting it raises and shakes all the ground loose and leaves the track on top for a Mulch to protect the soil and retain the moisture. This setting also aids in prevention of breakage of both chisels and sweeps. Hitch raises and lowers with wheels so that the plow is always level whether plowing deep or shallow, without having to raise or lower any clevis. Easy lift lever system. Even a twelve year old can raise a 16 ft. plow with ease.

All plows ready for Hydraulic Lift without any changes.

16 ft. complete — $500

Texas Safety-Responsibility Law

Is It An Insurance Law?
It is not an insurance law. It is an act of the 1951 Leg[illegible] protect everyone in Texas against irresponsible [illegible] erators of motor vehicles, who become involved in [illegible] is designed to promote street and highway safety by [illegible] the State's ability to remove habitual accident [illegible] hind the wheel. Texas is the 45th state to adopt such a [illegible]

When Is the Law Effective?
The law becomes effective January 1, 1952. It affects [illegible] vehicles and operators, including non-residents when [illegible] involved in an accident resulting in Death or Injury to a[illegible] property damage to any one person exceeding $100.

What Can Happen?
Operator's license and registration plates of all cars [illegible] be suspended. The Dept. of Public Safety must enforce [illegible] unless satisfactory evidence has been received that [illegible] have:
Been released of all liability;
Judged Not liable;
Written agreement to pay all claims as set [illegible] law;
Suspension remains in force until requirements [illegible] met or one year has elapsed without [illegible] damages being filed.

Responsibility May Be Established By:
Filing with proper authorities a certificate of [illegible] certifying that there is in effect the motor vehicle [illegible] insurance required; file acceptable real estate [illegible] certificate of deposit with State Treasurer of [illegible] or securities; or a certificate of self-insurance.

SECOND IN CLASS I—Deana Kay Bennett, daughter of Mr. and Mrs. Dean Bennett, won second place in class I of the Perry Studio baby contest concluded this week.

tune. After developing several smaller but very successful mines, he staked and did much of the early back-breaking work on the Lake Shore mine. Our group divided into small parties and went down into the different mines.

The group that we were in went down into the Lake Shore, a mine 7,825 ft. deep and the deepest mine on the North American continent. We were given raincoats, helmets with electric lights on the front, belts and rubber boots.

Unknown to us before, the gold veins run vertically. We were first taken to the 3,900 ft. level and were shown how the quartz holding the gold was mined. Later we went to the 4,200 ft. level where we saw how the elevators were raised and lowered, and how the ore was taken to the surface. Only about $5 of gold is extracted from a ton of ore, so the process is very expensive.

The Lake Shore mine was incorporated February 1914, and a mill with a capacity of 60 tons per day started to produce in March, 1918. It employs 788 men, has an average daily tonnage of 1,011. Total production to Dec. 3, 1950 was $227,327,222.00. It is the biggest producer in the area.

Kirkland Lake area residents also boasted of their hundreds of lakes and streams where, they said, the fisherman could get his full catch of speckled trout, lake trout, wall-eyes, bass and pike.

We motored 55 miles south to the town of New Liskeard on Lake Temiskming, an 80-mile long finger-like body of water which is the source of the Ottawa River and part of the Ontario Quebec boundary. The area has an interesting history dating back to the 17th century French missionaries.

At New Liskeard we were guests of the Chamber of Commerce and the Kiwanis Club at a noon day luncheon. Here the speaker, as at nearly every luncheon and dinner on the tour, stressed the spirit of friendship and neighborliness that exists between the United States and Canada and the fear that some day Canada and the United States would stand back to back against the world.

This country is a mixture of heavy timberland and near the town, levels out into one of the most potent farming districts in the province. Here in the "wilderness" natives told us, there is an area of 300 square miles known as the Lesser Clay Belt, which produces crops totalling more than $4,000,000 annually.

We motored south about another 50 miles, that afternoon, to Camp Land O'Lakes on the Marten River Association of Tourist Camp Operators.

This little trek took us through the Temagami Lakes area and Nipissing Game Preserve where, a local resident said, "there is fishing to fit any kind of fresh water tackle and fishing to thrill any fresh water angler." They were not lying about their lake and speckled trout, smallmouth bass, pike and wall-eyes.

Our party arrived late in the afternoon at Camp Land O'Lakes, and while some went fishing (a prize was offered for the largest fish caught) the rest of us went for a boat tour of the Marten River. Here you could see deer, moose and bear along the wooded shores of the river. The tourist camp operators gathered at the lodge that night, and had dinner with us. It was here that we tasted roast beaver meat for the first time. Most of the hosts and the cook and waitresses were of French descent.

Well we think this is about enough for one week so if this hasn't bored you too much, we'll try and finish up the story of the tour in the next issue of the Herald.

Baptist Youth Camp Scheduled

The annual Associational Youth Camp of the Canadian Baptist Association will be held at Lake Marvin on July 23-26, and 100 young people, boys and girls are expected to attend from the First Baptist church of Perryton this year.

Rev. W. C. Bryant, Temple Baptist church of Amarillo, will be the evangelist and main speaker. Rev. Taft Holloway, Canadian, is the camp director and Mark Burton of Perryton is the business manager.

Bill Burton is the song leader and Joe Haynes of Canadian is the pianist.

Mrs. D. R. Gaither and Mrs. J. B. Seago visited in Hooker, Okla., Monday. Mrs. Gaither visited her mother, Mrs. Lillie Parham, while Mrs. Seago visited in the home of her parents, Mr. and Mrs. Glenn Teel.

RETURN ENGAGEMENT—BUSHMAN, the famed gorilla who died Jan. 1 at the Lincoln Park Zoo in Chicago will be seen again at his old stand. Leon L. Walters, right, staff taxidermist of the Natural History Museum says the job of stuffing the big ape will take about six months. Walters is shown with his assistant, Frank Wonder, sizing up the job. He invented the process he uses 25 years ago. A clay model is sculptured on the skeleton. This is greased and a plaster of Paris mold applied. The plaster is broken off and formed into a shell. Covered with burlap, the shell is used as a base for the skin. The hide must be sewed on deftly before cement dries. When the stuffed ape goes to the zoo he will weigh a fifth of his living 500 pounds.

Class of 1939 Plan Reunion On August 19

Arrangements are being made for a reunion of the Perryton high school class of 1939, scheduled for August 19 at the Lake Fryer club house.

There were 59 in the class, and and estimated 40 members still reside in the Perryton area. Cards are being sent to all members, and to teachers, inviting them to attend the reunion.

In charge of arrangements are Mrs. Helen McAnally, Mrs. Eula Reimer, Mrs. Virginia Burns and Mrs. Ruby Lee Malaney.

There will be a program, food, and lots of visiting at the reunion.

Attend State REA Meeting

Several officials of the North Plains Electric Cooperative are attending the annual meeting of the Texas Power Reserve in Dallas this week. The meeting is being held Thursday and Friday.

Representing the NPEC are Earl Waide, manager; George Robbins of Lipscomb county; R. D. Tomlinson of Hansford county; and Dan Archer, cooperative attorney.

Mr. and Mrs. George Seitz returned home Friday from Hugoton, Kans., where they had visited a week in the home of their daughter and son-in-law, Mr. and Mrs. Rex Horn and made the acquaintance of their new grandson, David Rex, who was born July 12. Mrs. Horn will be remembered as Miss Marceline Renfro.

Cheri Laurie Wins Lipscomb 4-H Show

LIPSCOMB — Cheri Laurie, daughter of Mr. and Mrs. J. M. Laurie of Darrouzett, won first place in the Lipscomb county 4-H Bake Show, held Friday night at Lipscomb. She baked whole wheat rolls and cinnamon rolls for the contest.

Cheri won first place in Food Preparation in 1950. She is 14 and has been in 4-H Club work for four years. She will enter the District Bake Show at Amarillo this fall.

Second place was won by Shirley Laurie and Shirley Smith of Booker won third place. She is the daughter of Mr. and Mrs. Morris Smith.

Prizes were presented by Mrs. Dewey Babb, sponsor of the Follett 4-H Club. Mrs. Max Blau and Mrs. George Robbins served as judges for the contest.

The Bake Show was held in connection with the annual county-wide picnic and was viewed by a large crowd.

Mrs. Kelley Gragg, recreation chairman for the Home Demonstration clubs, directed the program for the evening.

Rev. and Mrs. H. L. Thurston of Canyon visited the first part of the week with their daughter and family, Mr. and Mrs. Danny Ellis and Roxy.

Michigan State southpaw pitcher Don Quayle, appearing in a relief role against Western Michigan, fired three pitches to retire three batters.

Man Arrested In Hamilton, Texas

R. W. Sheppard of Hamilton, Texas, has been charged with removal of mortgaged property from Ochiltree county and has had bond set at $1,000 by justice of the peace Helen Lee.

Sheppard was arrested by Hamilton officers Monday night. The Perryton National Bank is the complaining witness.

Sheppard now awaits action of the Ochiltree grand jury on December 3. He is being held in Hamilton, pending posting of the bond.

CARD OF THANKS

Words fail me to fully express my heartfelt thanks to each one who made my short stay in the Perryton Hospital more pleasant with their visits and words of cheer.

Louise McLain

Mrs. Charles Lile returned home Sunday evening from Oklahoma City where she had visited her father who is ill in the hospital.

Muffin Biters On Job

LONDON (AP)—Two London librarians have become official muffin biters to Sherlock Holmes. Their duties take them to a Sherlock Holmes exhibition organized as part of the Festival of Britain on the site of 221B Baker Street, storied residence of the sleuth and Doctor Watson.

Many visitors to the exhibition took exception to pieces of half-eaten buttered toast which lay on the tea plates, presumably by Holmes and Watson when called out on an urgent case. The toast was all wrong. Favorite tea of Holmes and his assistant was toasted muffins.

Muffins were a problem to the organizers — British bakers usually make them only in winter. Finally a supply was found at St. Albans, 20 miles outside London. So the two librarians have been given their instructions—to bite a piece out of the muffins each day, as they come fresh from the baker.

Of the 400 full length motion pictures released in the United States during 1950, one quarter were in color.

East of Boyd

By ALDEEN RODGERS

A few showers fell during last week.

* * *

Mr. and Mrs. Arthur Stickler and family moved to a farm near Turpin last Monday. We were sorry to have these folks leave our community but wish them a happy future in their new home.

* * *

Mr. and Mrs. Rueben Schneider, Amarillo, visited with Mr. and Mrs. Warder Hutton and also called on friends here early last week. Mrs. Schneider is the former Wana Hutton, daughter of Mr. and Mrs. Henry Hutton of Enid, who lived near Boyd at one time. Mr. Schneider is a minister and evangelist in the Seven Day Adventist Church and Mrs. Schneider assists him in his work.

* * *

Capt. Walter Jack Williams, son of Mr. and Mrs. W. H. Williams, who is in the air force, has been stationed at Long Beach, Calif., for a few months. He will be at Yuma, Arizona for a short time then will be transferred to a base in Florida. His wife and children have been with him in California.

* * *

Mr. and Mrs. Archie Flatt and son Paul Edward and daughter, Minnie, also Mrs. Flatt's parents, Mr. and Mrs. Ed Giles, all of Elk Grove, Calif., arrived Wednesday for a short visit with relatives. They spent a short time with Mrs. Giles' sister and her husband, Mr. and Mrs. John Winter and visited with Mr. and Mrs. J. L. Bobbitt and girls and Mr. and Mrs. Ralph Bobbitt and children. The Bobbitt brothers are grandsons of Mrs. Giles and nephews of Mrs. Flatt. Mr. and Mrs. Flatt will visit other places in Oklahoma. Mr. and Mrs. Giles will visit near Boyd a few more days. Mrs. Flatt also called on Mr. and Mrs. Wayne Jones while in Boyd.

* * *

Mrs. Marilyn Rowbotham and Patricia Ann visited Wednesday with Mrs. Floyd Myers.

* * *

Hugh Williams and Barty Lewis visited James and Royce Rodgers Saturday.

* * *

Mr. and Mrs. Dee Rogers and Janie, Eldon Rogers and son Eugene, all of Liberal, visited Sunday at the home of Mr. and Mrs. Aldeen Rodgers. Dee and Eldon are nephews of Aldeen Rodgers.

* * *

Mrs. Marilyn Rowbotham and daughter visited Mr. and Mrs. George Kirton, Saturday.

* * *

Hugh Williams, Barty Lewis, Bill Nichols and Jerry Williamson visited James and Royce Rodgers Sunday. The boys went swimming.

* * *

Mr. and Mrs. Lewis Whittet and children went to Blackfoot, Idaho, to visit Mrs. Whittet's relatives.

World Peace Plan

NEW DELHI (AP)—If you think that the United Nations has failed in its purpose, here is a remedy offered by a Sikh Sadhu (holy man).

Nirmal Singh Pantal, 48, urges the immediate formation of a world government with the Irish premier, Eamon De Valera as the president and Lord Strangsgate of England as the prime minister, investing them with full powers to work out the details.

To invoke divine blessings for his plan, Pantal has gone on a fast in Mussoorie, a sub-Himalayan summer resort, 200 miles from Delhi. This is his 15th fast for furtherance of world peace.

He's the Fire Chief

COLUMBUS, Ohio (AP)—The Columbus Red Birds of the American Association have given righthander Jack Crimian the honorary title of "Fire Chief." In the club's first 41 games Jack made 26 appearances. Working more than 45 innings, the 23-year-old hurler whiffed 26 batters.

BIGGEST where it counts!

BIGGEST in shoulder room
Ford alone in the low-price field gives you 55.4 inches of shoulder room — room for three big people to sit in comfort. And you ride in comfort, too, with Ford's Automatic Ride Control leveling rough roads automatically!

BIGGEST in hip room
Yes, Ford, with over five inches of hip room, is roomier than any other car in its field. And Ford alone in its field gives you new Automatic Posture Control. Just move lever and driver's seat moves forward, rounds, automatically to right height and angle.

BIGGEST in luggage-compartment volume
Ford's spacious "Deep Deck" Luggage Locker provides over 24 cubic feet of storage space—biggest by far in the low-price field. What's more, with a turn of the key, the lid pops open. Nothing could be easier.

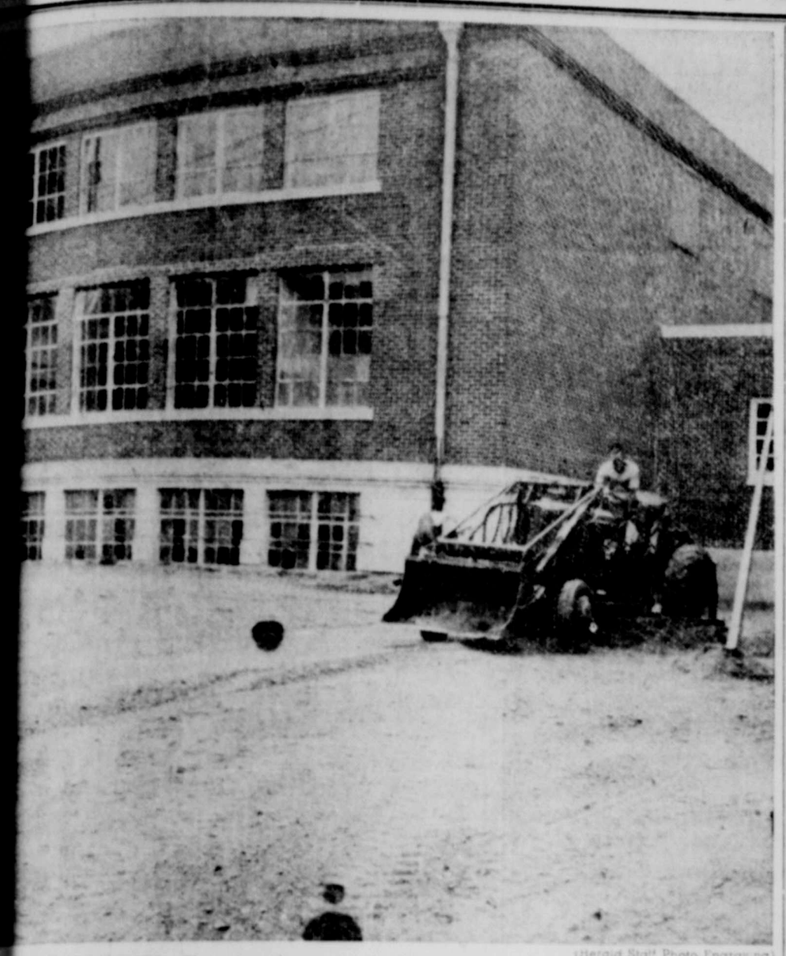

FORD

BIGGEST in [illegible]
For the biggest saving in the [illegible] price field, you can't beat Ford V-8 and Six engines. Or let them feature the Automatic [illegible] Maker, a fuel-saving system that gives you high compression performance on regular gas!

Equipment, accessories and trim subject to change without notice.

Come in and "Test Drive" it!

Breeders Plan Future for Gertrudis Cow

KINGSVILLE, Texas (AP)—Cattle breeders from three countries met here to work out the future of a relatively new breed—the Santa Gertrudis.

Their hope is to set standards for the big, hump-backed animal developed especially to resist the heat and fatten on the grasses peculiar to the U. S. Southwest, Southeast and Middle Americas.

The Santa Gertrudis, the only successful new breed of beef cattle in 300 years, was developed by Texas' famed King Ranch. It is a cross between Brahma bulls and Shorthorn cows. It has the long, down-turned ears of a Brahma. Some are cream or tan-colored, others are a rich brown.

To be sure that the new breed develops properly, the cattlemen organized the Santa Gertrudis Breeders International at a meeting in this town which was named after the King ranch which surrounds it.

The first president is Walter Caldwell of Luling, Texas, C. C. Peters of Lake Wales, Fla., is vice-president and R. W. Briggs of San Antonio is treasurer.

All the officers were elected by a mail vote preceeding the meeting here. Twelve directors were elected, four each for one, two and three year terms. Directors whose terms expire at the next annual meeting are Sumner Pingree, Ermita, Oriente, Cuba; T. C. Montgomery, Arcadia, Fla.; J. T. Maltsberger, Cotulla, Texas; and Dr. J. K. Northway, Kinsville.

The two-year directors are J. Arthur Pancoast, Uleta, Fla.; Richard M. Kleberg, Jr., Kingsville; Vachel W. Lackey, San Antonio, Texas., and John Martin, Alice, Texas. Three-year directors are Leroy G. Denman, Jr., San Antonio; Tobin Armstrong, Armstrong, Texas; C. Hunter Strain, San Angelo, and John Armstrong, Selma, Ala.

This advisory board was named: Kleberg, Richard King of Corpus Christi, Dr. A. O. Rhoad of Turrialba, Costa Rica; E. J. Berker of Moron, Cuba; and Raymond Hollingsworth of Raymondville, Texas.

Kleberg is present head of King Ranch. Dr. Rhoad is chief of the animal industry, department, Inter-American Institute of Agricultural Sciences, at Turrialba.

Much of the work so far has been done by Dr. Rhoad. In a report to Santa Gertrudis breeders, he told of visits to herds of the cattle with the aim of establishing minimum qualifications of breeding stock for registration.

Whatever system of registry is set up, said Dr. Rhoad, must be genetically sound, fit into ranching practices and must be administratively workable.

There are more Santa Gertrudis cattle than most cattlemen had realized, the Costa Rican emphasized. This is fortunate in a way, he said. Because it will mean standards for breeding stock can be set higher than if there were few of the animals.

C. H. Hale, Stephenville, Tex., and Mrs. George F. Simmons, Amarillo, visited in the home of his daughter and son-in-law, Mr. and Mrs. Paul Loftin, 1417 S. Eton. Mrs. Simmons is also a daughter of Mr. Hale.

Graveside Rites For Fouse Baby

Graveside services were held Tuesday afternoon at the Ochiltree cemetery for Dearl Wayne Fouse, infant son of Mr. and Mrs. D. F. Fouse, who was born July 16 and died the same day.

Rev. F. B. McPeek, pastor of The People's Chapel, conducted the final rites.

Survivors include the parents, the paternal grandmother, Mrs. Winnie Fouse of Perryton, the paternal grandfather, Bob Fouse of Dallas, and the maternal grandfather, Allan Stinnette of Swink, Okla.

Mr. and Mrs. W. L. McConnell of Amarillo visited in the Max Boyer home Tuesday and Wednesday.

* * *

There was a nice crowd at the Baptist Assembly Grounds on Sunday. There will be services each day this week. Morning services will be held at 8:30 o'clock and the evening services at 7:30 o'clock. A hearty welcome is extended to all.

Miss Anna Tevis, student at West Texas State, Canyon, visited over the week end in the home of her parents, Mr. and Mrs. S. P. Tevis. She had as her guest, a classmate, Miss Eulouise Speiss, Napoleon, Ohio.

King Size Currants Grown In Perryton

Currants, from which small seedless raisins are made, are ordinarily small berries, but Louis Jacquot, 405 S. Eton, brought a couple of branches into the Herald office this week that proved "king-sized" currants are grown here. He brought the plant from Oregon, and it now has currants the size of grapes. Quite tasty, too.

Collingsworth In VA Amarillo Hospital

Tip-Top Collingsworth, Studebaker car dealer, is in the VA hospital, Amarillo where he is under observation for a probable major operation. Friends did not know this morning when he would be able to return to his business.

High heeled shoes and "wedgies" were worn in Europe in the eighteenth century.

Girl's Batiste Pajamas a $3.98 Value $1.99

TIDELANDS: The Honorable Ed Gossett, of the Wichita Falls District, appeared before the Rules Committee this morning to obtain a rule bringing to the House Floor the Tidelands Bill. As I told you in previous letters, this bill has been progressing step by step and should be on the House Floor for a vote within the next three weeks. The chances for passage are excellent. The entire Texas Delegation has worked continuously on this bill and we look forward to success. Mr. Gossett is resigning from Congress effective July 31st and the passage of this bill will certainly be an outstanding final act to close his distinguished and brilliant career as a congressman.

DEFENSE PRODUCTION ACT: The Congress has been working on the Defense Production Act for the past week and final action on the bill is not yet in sight. Perhaps it will be finished before this letter reaches many of you. Many amendments are being adopted to the bill. Most of these are aimed at a curtailment of bureaucratic control and are for the purpose of keeping the entire control program under the command of Congress, where it belongs. This congress is consistently refusing to delegate its powers to bureaus and boards staffed by appointed individuals. There are very few members of Congress who are opposed to fair, honest and equitable controls in an emergency, but most of them feel that if controls are necessary, there should be no favoritism. It is not the controls for emergency needs that the members fear, but it is the administration of those controls. Based upon past experiences, this congress feels that the administration of controls should not be turned over to bureaus and boards with no strings attached. There is not a member of Congress who is not vitally interested in stopping inflationary trends, but most of us do not want to deliver the control of this government into the hands of a few appointed individuals with the powers to regiment the people of this country by dictatorial orders. Such a procedure could increase the danger of inflation rather than decrease it. It must be remembered that the creation of more boards and bureaus with regulatory powers requires the employment of many, many people to enforce those powers. Our purpose has been to reduce the number of federal employees. It is only by this method that we can reduce domestic expenditures substantially. Domestic expenditures must be reduced substantially if we are going to meet the defense requirements without higher taxes and hope to have some reduction in taxes. The House yesterday refused to accept a conference report on an appropriations bill because it did not contain an amendment that would prohibit the filling of over 25 per cent of the vacancies occurring in the departments during the next fiscal year. We sent the bill back to the Committee with instructions that this amendment reducing federal employees be attached to the bill.

FEDERAL SALES TAX: Proponents of a federal sales tax are now presenting testimony to a Senate finance committee in an effort to get this congress to pass a federal sales tax. One organization, The Committee for Economic Development, represented by J. Cameron, Minneapolis banker, urged a five per cent retail sales tax on all items not now taxed by federal excise tax. Food and housing would be exempt. Mr. Thomson suggested that no increase be made in corporation taxes. He said individual taxes should be hiked by about 800 million dollars more than the $2,850,000,000, proposed in the House-passed $7,200,000,000 tax-raising bill, and said that he wanted the impact of that move shifted to the lower income groups. A retail sales tax of 5 percent as urged by Mr. Thomson would certainly put the impact on the smaller income groups. Such a tax would amount to a great deal more than the 12½% increase in the individual income taxes for defense purposes. The 12½% increase in the House tax bill is 12½% of the individual income tax itself and not 12½% of an individual's entire income. The 12½% increase that was voted amounts to less on the individual than the original plan to increase the income tax by three percentage points; that is, 12½% of your income tax is less than 3 percent of your income. By the same reasoning, if you are required to pay 5% retail sales tax on everything you buy, it would amount to an approximate increase in your taxes of 30 percent of your income tax rather than 12½%. I have asked for suggestions about a federal sales tax in previous letters and I would like to hear from you folks as to how you feel about a federal sales tax. I don't want a federal sales tax passed as an additional tax. If the people feel that the federal sales tax would be a more equitable tax and a more fair distribution of the tax burden, I would like to know it. In any event, I don't want to see a federal sales tax passed unless it is a substitute for the income tax or some other tax. We are paying more taxes now than we should, and they need to be reduced at the earliest possible moment, which will be when our defense requirements are met.

DISPERSAL OF GOVERNMENT PLANTS: Congressmen Albert Rains of Alabama and Brooks Hays of Arkansas offered an amendment to the Defense Production Act which would require that any government plants erected in the future or any plants erected through government loans hereafter be dispersed over the country and not concentrated in such places as New England and the Middle West where much of our industry is vulnerable to enemy attack. It was amusing to note that a coalition of extreme right wing Republicans and left-wing Democrats and Republicans developed to defeat this amendment. The amendment's strongest supporters were the Jeffersonian Democrats from the Atlantic Ocean across the Southern States and through Texas. It looks like the folks in New England and Middle Western states are afraid industry might find out what a great country we have and how well they can do in our section. We are continuing the work to bring industry to the South and Southwest and will finally be successful.

Mr. and Mrs. Alfred Ritter and family of Guymon visited Sunday in the D. R. Gaither home. Mrs. Ritter is Mr. Gaither's sister.

THIRD IN CLASS 1—"Chuck" Clawson, son of Mr. and Mrs. Carl Clawson of Gruver won third place in class 1 of the Perry Studio baby contest concluded this week.

Lion Committees Announced at Tuesday Meeting

At the regular Tuesday noon meeting of the Lions Club, committees were appointed for the new year by Jim Anderson, club president.

He named the following committees:

Attendance: Dr. Roy Sanford, Lee Little.

Finance: Coke Harlow, Giltner LaMaster and Sam Hergert.

Convention: A. P. McCelvey, Charley Pyles, Alton Boxwell, Glen McGibbon and Miles Edwards.

Lions Information: J. W. McKinney, H. C. Sanford.

Membership: Paul Loftin, Bob Shindler, O. C. Rickard.

Publicity: Dr. Reese Nowlin, Marvin Genuchi, Paul Loftin.

Program: Vance Apple, J. W. McKinney and Jerome Wods.

Youth Activities: Marvin Genuchi, Elliott Lee, Irvin Hergert, J. C. Pitts.

Safety: Louis Bryan, Ray Phagan, Thomas Depew.

Civic Improvement: W. B. LaMaster, A. C. Witt, John Bolin.

Sight Conservation: Andrew Linman, Spencer Whippo, Dr. Reese Nowlin.

Agriculture: Hood Wills, W. H. Lance, C. L. Schell, Lawrence Ellzey, J. H. Woodward.

Health and Welfare: Harold Malone, Bob Schuster, Charles Taylor and Max Boyer.

Jack Watson, of Deans Shoe department, and Doyle Keeling of the Perry Studio, were presented as new members to the club.

THIRD IN CLASS 3—Vicki Lea Lawrence, daughter of Mr. and Mrs. Gene Lawrence, won third place in class 3 in the Perry Studio baby contest, concluded this week.

Rotarians Name Committees for Ensuing Year

Committees have been named by the Perryton Rotary Club, to serve through June, 1952. New president of the club is Raymond Powell and C. E. Whippo is vice president.

Directors are John Barnes, O. E. Burk, J. W. Erickson, Orlan Bell and R. H. Holland.

Committees are as follows:

Club Service

John Barnes, chairman.

Attendance: O. W. Dunkle and Dean McLarty.

Classification: Walter LaMaster, Dan Archer and Otha Castle.

Club Bulletin: Van W. Stewart.

Fellowship: Cecil Dodd, J. B. Whigam and Rev. O. C. Curtis.

Magazine: L. D. Stinson and Rev. Lloyd H. Jones.

Membership: J. H. Stephenson, Gilbert Mize and Dr. Reese Nowlin.

Program: Jack Allen, J. R. Thomas, Dr. George Mayfield.

Public Information: Lee Little.

Rotary Information: C. H. Williams, R. H. Holland and Clint Ragsdale.

Sergeant-at-arms: Bob Drake.

Vocational Service

O. E. Burk, chairman

Buyer-Seller Relations: Jack Todd.

Competitor Relations: R. P. Hurn.

PRIZE TEXAS COTTON STALK—William J. Jung (left) of Anderson, Clayton and Co., cotton broker and John C. Lee, president of New York Cotton Exchange, look over a prize stalk of cotton from the Texas Rio Grande Valley. The stalk was flown to New York from Brownsville. It has 156 bolls of cotton.(AP)

Identity Mixes Fashions

TEL AVIV (AP)—Mme. Guyon, the wife of the French Minister to Israel, wondered why she had been repeatedly congratulated for fashion suggestions of hers that she has never heard of before. The astonishment was mixed with some embarrassment when she was told last week, that this time she wasn't as original as usual.

As a matter of fact, she didn't know that a local daily featured a once-a-week syndicated fashion column (sent from London) called "Le choix de Paris" and written by a Mme. Guyon. Apparently another one.

Pheasant Farmer Has Trouble

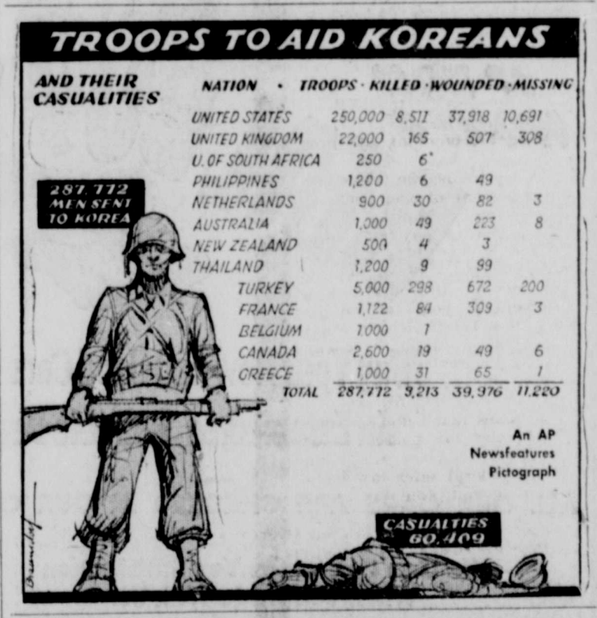

VANCOUVER (AP)—Bill Greenlades' house is surrounded by a flock of beautiful birds that give him hay fever. They also peck his bald head occasionally and they are highly critical of his taste in clothes.

This might discourage some men from pheasant farming, but not Greenslades. He likes pheasants, despite the fact they haven't sense enough to come in out of the rain and are noted for neglecting their young.

Whales sometimes live to be 500 years old.

SOUVENIR FROM FAR EAST—Frank H. King, general executive of the Associated Press, shows Mrs. King a souvenir he brought back to Dallas after his three-months survey tour of the Far East. It is a hand-carved ivory cricket cage. Cricket fighting, it seems, is a Far Eastern sport. On his trip King conferred with Associated Press correspondents to prepare them for covering a new phase in the Far East. He said the American armies in Korea are powerful enough to take any military objective there now, yet the Communists seem to think we are suing for peace. (AP Photo)

"Jumpers" Don't Hurt Hotels

NEW YORK (AP)—The average person thinks that the largest yearly loss a hotel sustains is from "skippers"—a name given to those who leave a hotel without paying the bill. This is not true. According to figures just released by one New York hotel, which depends on tourists for 90 per cent of its business (the Hotel Edison) losses from "skippers" is a quarter of 1 per cent.

Hotels lost more than that on people taking linens, towels, and knick-knacks in the room.

In Cleopatra's day the women stained their nails with henna.

couple moved to a farm about 12 miles south of Kirbyville, Mo.

Mr. Parnell died on August 28, 1902.

In 1910, Mrs. Parnell and the five children moved to Castle, Okla., for two years, then Ponca City, Okla., where they lived until they came to Ochiltree county in 1916.

She was a member of the Christian church since 1904.

She had been in ill health for several years.

J. W. McKinney, pastor of the Christian church, conducted the final rites. Pallbearers were Bill McLanahan, Alton Witt, Harvey Urban, Norman Swink, Lawson Flowers and Lester Baumann.

Survivors include four sons, J. W. Parnell, L. T. Parnell of Perryton, R. E. Parnell of Phoenix, Ariz., and G. C. Parnell of Canadian, one daughter Esther Parnell of Perryton; two brothers, J. W. Buckley of Arvada, Colo., and C. A. Buckley of Harrison, Ark. a sister Mrs. Mary Ann Helger of Omaha, Nebr., nine grandchildren and nine great-grandchildren.

Interment was at the Ochiltee cemetery.

First Fiddle is the only horse to win the $50,000 Massachusetts Handicap twice.

James Clinic At Darrouzett to Hold Open House

The town of Darrouzett is proud to announce that the James Medical and Surgical Clinic has been completed this week.

Formal opening of the clinic will be held on Saturday, July 21, and the public is invited to visit the clinic between the hours of 11 a. m. and 5 p. m.

Dr. Frank M. James, formerly of Dimmitt, has recently purchased the building located between the theatre and the drug store and has completely remodeled and redecorated it. A combination heating and air-conditioning system has been installed.

Beginning Monday, July 23, office hours will be from 9 a. m. to 5 p. m., Monday through Saturday. The doctor will not be in his office on Thursday afternoons or on Sundays, except for emergencies or by special appointment.

This is a modern, well-equipped office-clinic combination. Its departments include complete laboratory facilities, x-ray, electrocardiaograph, basal metabolism, and physiotherapy including diathermy. Since Dr. James will do his own dispensing, there will be an adequate supply of drugs of all kinds on hand in the drug room.

Facilities will be available for complete examination, diagnosis and treatment of both acute and chronic disease processes.

Services Held Tuesday for Lon J. Crews

Last rites were said at the Ochiltree cemetery Tuesday morning for Lon J. Crews, longtime resident of Perryton and Ochiltree county, who died on Saturday, July 14. He was 69 years of age.

He had lived in the county for 40 years, and in the early days of Perryton worked as a butcher. He left no relatives.

J. W. McKinney, minister of the First Christian church, conducted the final rites. Pallbearers were George Leatherman, George Symons, Earnest Gyger, Lee Baker, John Overton and Obe Reynolds.

Interment was in the Ochiltree cemetery.

TROPHY WINNERS—Bill Allen, left, won the consolation trophy in D flight in the Perryton Golf Tournament Sunday, shooting 39, while Bill Riffe of Texhoma, right, won the title in A flight with a third round score of 36.

Plans Made for City Golf Meet

Plans are being made for a city golf tournament by the Perryton Country Club, with play to be matched on a handicap basis.

Bill Gray, president of the club, said that players who plan to enter the tournament should turn in score cards on five rounds of play to the Ellis' Automotive store. The scores will be posted in the store and a handicap arranged for each player.

Date for the tournament has not been set, Gray said. He reminded members of the club that dues are payable now to John Bolin, secretary.

Carlos Bernier, playing for Bristol, Conn., in the Colonial League in 1950 stole 53 bases in 52 games. He's now running wild on the bases for Ben Chapman's Tampa Smokers.

Malaya Studies Education

KUALA LUMPUR, Malaya (AP)—An official study of Malay Educational practices recommends such sweeping changes as the abolition of all vernacular schools and the establishment of a single type of free primary schools teaching Malay and English.

The so-called Barnes report—named after Leonard J. Barnes, director of Social Training at Oxford University who was chairman—was drawn up by a fourteen-man committee of whom nine were Malays and the rest Europeans. The report will be laid before the meeting of the Federal Legislative Council on July 11. Also expected to be presented that day will be a report on Chinese education prepared by another committee.

The United States had its first billion bushel wheat crop in 1944.

India Given Debt Figure

NEW DELHI (AP)—India's per capita burden of the public debt stands at about 66 rupees, Finance Minister C. D. Deshmukh told a questioner in Parliament. (The rupee is worth about 24 cents.)

"For obvious reasons," Deshmukh said, "the figure is bound to be much less than in the United States and United Kingdom."

Governor Designates Week of July 22 as Farm Safety Week

COLLEGE STATION—Governor Allan Shivers on July 6 signed a proclamation designating the week of July 22 as Farm and Ranch Saftey Week in Texas. President Harry S. Truman has also designated this same period as National Farm Safety Week.

Governor Shivers' proclamation pointed out that the continued high rate of avoidable accidents on farms and ranches are causing deaths and injuries among the rural residents. Such accidents, he said, cause an economic burden that is one of the primary social and economic problems in the state.

Governor Shivers urges all members of families to join in a continued drive to reduce hazards and to adopt practices that will lead to fewer accidents on the farms and ranches as well as in the rural homes of the state. He says, "I am also asking that all organizations and persons interested in farm and ranch life promote the use of safe practices through their educational programs."

The State Farm and Ranch Safety Committee headed by J. Walter Hammond, president, Texas Farm Bureau Federation, is commencing a drive during the week that will continue through the year, aimed at making every rural Texan accident conscious. The committee members believe that safety is the individual responsibility of every citizen and not until all practice safety in their daily living can the accident toll be reduced.

E. C. Martin, state agricultural leader of the Texas Agricultural Extension Service, reports that county extension workers are encouraging both adults and 4-H clnub members to practice safety in connection with all farm and home operations. He points out that time lost on Texas farms from accidents can mean the difference between success and failure for the family involved. The labor shortage now faced by Texas and U. S. agricultural producers is of tremendous importance to the general well-being of the state and nation and the present situation can be further complicated if the continued high rate of farm accidents continue.

Days lost from work not only puts the family behind in its work but also causes a heavy drain on the family bank or savings account. Martin concludes that unless Texans do their share to cut the accident rate that at least one rural Texan will be buried each day as a result of some type of farm or home accident. The problem is big enough tochallenge the action of every Texan and who knows, the life you save may be your own.

(Herald Staff Photo Engraving)

B FLIGHT WINNERS—Here are the three winners in B flight in the Perryton Golf Tournament, held Sunday. They are, left to right, Whitey Hilyard of Liberal, consolation winner; Roy Rodgers of Booker, runner-up; and Paul Shields of Guymon, champion.

Bethel-Camrick

Mrs. D. W. Burkhalter

Mrs. Arlo Gibson and baby daughter Kathrine Sue were brought to the home of her parents, Mr. and Mrs. Roy Gum the first of the week.

* * *

About forty-five friends and neighbors gathered in the home of A. Campbell Saturday to help him celebrate his 89th birthday which was Sunday, July 15. The evening was spent in singing and visiting and at the close of the evening ice cream and cake were served.

* * *

Veterans Forum

Q. I am an automobile dealer. Now and then veterans come in for cars which they claim are essential to their jobs, and they ask how they can go about getting GI loans to finance their purchases. What should I tell them

A. You should tell the veterans first to find a lender and come to an agreement as to terms of the loan. Generally, the lenders are able to handle the entire process, so that veterans need not visit their VA offices. It should be emphasized, however, that VA cannot approve car loans unless the auto is essential to the conduct of the veteran's business.

Q. I have an NSLI policy. What would happen to it if I were to die during the 31-day grace period, owing VA for a month's premium?

A. The insurance remains in force during the grace period. Therefore, full settlement would be made to your beneficiaries, except for a deduction of any unpaid monthly premium.

Q. Some time ago, I quit school under the GI Bill because my progress had been unsatisfactory. I'd like to start in again before the July 25 cut-off-date. What must I do?

A. You must (1) establish the fact that the unsatisfactory progress was not due to your own misconduct, negligence or lack of application, and (2) undergo advisement and guidance so that VA can determine whether you stand a good chance of successfully completing the course you now want to take.

Does the July 25 GI Bill training cut-off date apply to all World War II veterans?

A. No. The cut-off date, with a few exceptions, does apply to those discharged from service on or before July 25, 1947. However, those discharged afterward have four years from their date of discharge in which to begin training.

Black Market Fills Legal Order

TEL AVIV (AP)—Can buying on the black market be justified?

This crucial question is frequently discussed in Israel since Mayor I. Rokach of Tel Aviv openly admitted that he had authorized black market purchases of building material for a hospital after exhausting all other possibilities.

Some disapproved of Mayor Rokach's action because, they said, government laws must be followed at any cost. One opponent went so far as to declare in a newspaper letter that, in order to express his indignation, he was leaving the political party to which Mr. Rokach belongs. Others heartily approved the action.

Mistaken Identity

PENANG (AP) — Sheikh Tahir Jalaludin won acquital on a charge of trespassing into a Moslem mosque by producing a certificate to show he was a "kiblut."

A "kiblut" is an expert specializing in determining the facing of mosques towards Mecca. The mosque caretaker then withdrew the charge against the Malay defendant.

...NS IN WASHINGTON

By TEX EASLEY

(AP) Special Washington Service

...HINGTON (AP)—The num- ...Bills Congress passes isn't ...ly yardstick for measur- ... amount of work it does. ...reds of bills are introduc- ...the opening day of a ses- ...of July 1 the number in- ...totaled 4,679 in the ...and 1,790 in the Senate, ...veral hundred resolutions ...in each body.

...e grand total of 6,469 ...nly 53 were signed into ... President Truman as of ... In addition, out of 361 ...esolutions of the House ...nate, 16 were signed by ...sident.

...e joint resolutions largely ...easures granting tempor- ...ensions of laws about to expire, so more time could be devoted to consideration of permanent legislation.

A big percentage of bills introduced purely for political effect. They all are referred to committees, and that's where their fate is usually decided.

So, although only a handful of measures were enacted during the first six months of the year, the various committees have been in almost continuous session. This is particularly true of those committees dealing with taxation, appropriation, economic controls, foreign relations and the armed forces.

The Defense Production Act of 1950, for example, was considered for months by the Banking and Currency Committees of the House. Rep. Wright Patman of Texarkana serves on the House group, which reported an 84-page bill to the floor for action.

Virtually every page contained provisions of vital interest to some part of the country or to some segment of the nation's economy.

One provision, strongly backed by Patman, establishes a small Defense Plants Corporation to assist smaller concerns in obtaining a fair share of defense contracts and scarce materials and to aid them in obtaining loans for financing construction or expansion.

One section provides broad authority for a system of priorities of scarce materials. Another deals with expansion of defense manufacturing plants by loans and other forms of governmental assistance, and another section deals with price and wage controls.

The big new tax bill finally was sent to the House floor after months in intense study by the Ways and Means Committee, on which Rep. J. M. Combs of Beaumont is the Lone Texas member.

Passed by the House, the bill went to the Senate Finance Committee Sen. Tom Connally serves on that group, as well as holding down the chairmanship of the Senate Foreign Relations Committee.

Both Conally and Senator Lyndon B. Johnson, the latter a member of the Armed Services Committee, served on the group which held weeks of study into the MacArthur controversy. That was the combined Armed Services-Foreign Relations Committee.

The House Appropriations Committee was in session almost every day, Saturdays included, during the first six months of the year. The fiscal year of the government ended June 30, so they were trying to finish hearings on money measures for all the departments and agencies by that time.

Chairman of the Armed Services subcommittee on Appropriations is Rep. George Mahon of Colorado City and Lubbock. A constant stream of admirals and generals, flanked by subordinates ranking from sergeant to colonel and yoeman to commander, paraded week after week into Mahon's committee room to explain the need for billions of dollars.

Likewise, Houston's Congressman Albert Thomas headed a subcommittee which heard top officials of various other agencies justify or attempt to justify their requests for large sums.

With all these facts in mind, it is clear that any reference to the number of bills Congress has passed is little indication of the work they have done.

The number of bills passed at this stage also fails to reflect the progress of legislative studies, for many committees carry on hearings by their subcommittees simultaneously. Toward the end of a session they report out a number of bills within a short period.

While some bills require months of study, others of relative unimportance or of an uncontroversial nature may be passed by unanimous consent of either body after brief study in committee.

Dress: Formal

RANGOON (AP)—Guests at the very British Strand Hotel must be "correctly attired" for the Saturday night dance or they get bounced.

Cards circulated in the lounge stuffily remind guests to "note dress regulations" for the weekly hop. Gentlemen are instructed to appear in dinner jackets or lounge suits. But ladies may gambol in the "new look," whatever that may be for 1951.

Mr. and Mrs. Fred Osborne, Miss Ann Osborne, Miss Nancy Dodd and Dorrance Osborne returned home Saturday from a ten day vacation at Woodland Park, Colo.

Old Country Was Better

DARWIN (AP) — Australian aborigines declare emphatically they don't want the country back in its present state.

They were commenting on a statement by Melbourne's Lord Mayor, Sir James Disney, that Australia be given back to the aborigines if the city were not selected as a site for the 1956 Olympic Games. Tribesmen of the Northern Territory said "No good! Might be if that boss make Australia like she was first time before, might be then we take him back."

Rabbit skins are used more extensively by the fur trade than any other knid of fur.

A gull can fly backwards as well as forwards.

'The Frogmen' Tells Story of Navy's Underwater Fighters

As its title implies, "The Frogmen," which comes to the Ellis on Tuesday-Thursday, tells the little known story of the Underwater Demolition Teams of the Navy in World War II.

Starring Richard Widmark, Dana Andrews and Gara Merrill, the picture takes the audience into the water, under water, and on the sea in telling the hazardous and gruelling tale of what these UDT men went through in spearheading every Allied invasion from Sicily to Okinawa.

The picture was filmed in Bovini Bay in the Virgin Islands.

Widmark portrays a fearless commanding officer who personally leads his men on four suicide missions.

Climax to the film is a big explosion scene which lasts only 62 seconds on the screen, but required two weeks to mine the bay by 25 real Navy frogmen who planted 90 cases of dynamite and tons of TNT to give the spectacular effect.

The story concerns Widmark, unpopular with his men, who displays heroism and loses his life in the end of the picture.

Mr. and Mrs. Jim Baker, Wichita, Kansas, were visitors in the Perryton area last week. The Bakers are old timers in this county. Mrs. Baker is the former Maude Wentz, daughter of the late Dan Wentz, a well known cattle man during the days of Old Ochiltree. Mr. Baker at one time operated a steam threshing outfit in this county and his engines pulled many of the old buildings from Ochiltree to Perryton back in 1919 and 1920. They have lived in Wichita for about 30 years where Jim is engaged in the cattle commission business.

Miss Darlene Payne, who is attending San Jacinto Beauty School, visited in the home of her parents, Mr. and Mrs. J. W. Payne and family, last week end.

Mr. and Mrs. Delbert Davis returned Saturday morning from a two weeks business trip to Kansas City, Mo.

Murder Theme Portrayed In 'Two Of Kind'

"Two of a Kind," the new drama which comes to the Ellis on Sunday and Monday, is loaded with high-speed action, torrid romance and plenty of excitement. Edmond O'Brien, Lizabeth Scott and Terry Moore are starred.

O'Brien appears as a fast-talking, free-swinging gambler who permits himself to be charmed against his better judgement, into an elaborate swindle scheme. The charmer is, of course the dazzling Miss Scott. "Two of a Kind," the kind that don't die in bed, O'Brien and Miss Scott try to wangle their way into a $10,000,000 fortune. The third party in this con game is Alexander Knox, as a crafty lawyer who doesn't stop at cutting corners to gain his objective.

The trio's plans proceed smoothly as O'Brien ingratiates himself into the confidence of a wealthy and elderly couple who yearn for their long-lost son. O'Brien passes himself off as the missing heir and is accepted, but his "father" refuses to change his will in O'Brien's favor. Knox hopes to resole this obstacle by "knocking off" the old man, but O'Brien and Miss Scott draw the line this side of murder.

For the Record

SCOTTSBLUFF, Neb. (AP) — A. N. Mathers, Gering, Nebr., banker, hadn't missed a Rotary Club meeting in 25 years. So when Mathers became ill and had to be in a Scottsbluff hospital on the meeting day, the club held the final minutes of its regular meeting in the hospital room to keep the record intact.

Jon Hall Stars In Frontier Adventure

Jon Hall is seen as an Indian chieftan in "When the Redskins Rode," the frontier adventure story which comes to the Ellis on Friday and Saturday.

The picture is the story of Hannoc, prince of the Deleware Indian Nation, who was introduced to Williamsburg, Virginia society by young George Washington, colonel in the British colonial army, in 1753, on the eve of the bloody French and Indian war.

A beautiful and seductive French spy goes to work on Hannoc, hoping to swing the Delawares to the French side in the impending war, but Hannoc urges his father, chief of the Delawares, to side with the British. Heartbroken because his son has forsaken Indian customs and has fallen in love with a white woman, the chief insists on remaining neutral. However, when the French announce their intentions of occupying Delaware territory, the chief comes to Williamsburg to sign a mutual defense pact with the British. He is murdered by [illegible] spies, and Hannoc and [illegible] dian maiden undertake [illegible] of unmasking the [illegible] The picture ends in a [illegible] climax, with Hannoc [illegible] Delawares riding to help [illegible] ington and the British [illegible]

{B.F.Goodrich TUBELESS TIRE
SEALS PUNCTURES
PROTECTS AGAINST BLOWOUTS
Certified by AA Tests

Certificates of Performance issued by the Contest Board of the American Automobile Association certify to the ability of the BFG Tubeless Tire to seal punctures and protect against blowouts. Sidewalls were artificially weakened by knife cuts to simulate the effects of bruises. All tires were driven until failure occurred, with these results:

The Tires with tubes, both new and used, all failed by blowout and collapsed instantly. The Tubeless Tires, both new and used, failed with a gradual loss of air as indicated on gauges above. For all of the Tubeless Tires tested an average of 4 min., 4 sec., was required for pressure to drop from 22 lbs. per sq. inch to 5 lbs. per sq. inch. The minimum time was 1 min., 57 sec., the maximum was 10 min., 57 sec.

"New B. F. Goodrich Tubeless Tires, of strictly stock status, were inflated to recommended pressures and were driven over a spike board in such a manner that several spikes completely penetrated the tire at the tread and were then withdrawn with no loss of air pressure indicated on the gauge.

PROVED IN USE FOR 5 YEARS BY THOUSANDS OF MOTORISTS

Early tests indicated it! Reports from thousands of users who bought these tires confirmed it! Now tests conducted by the American Automobile Association prove it! The B. F. Goodrich Tubeless Tire not only seals punctures, it protects against sudden blowouts, too!

How Do Blowouts Occur?
Blowouts start with a break in the tire's fabric. In a conventional tire, the inner tube stretches in an attempt to bridge the gradually increasing gap. The tube is forced into the break, is pinched through, chafed through, or stretched to the breaking point . . . resulting in a sudden explosive release of air.

Why Doesn't The Tubeless Tire Blow Out?
The Tubeless Tire has no inner tube to fail with sudden release of air. Its air-retaining inner layer of special rubber is part of the tire. When a fabric break occurs, the flexing action gradually causes a small break in the liner and a slow release of air.

How Does It Seal Punctures?
Sealant rubber tread grips puncturing object, plugs hole when object is pulled out.

How Does It Hold Air Without a Tube?
Man-made rubber made the Tubeless Tire possible. Rim-seal ridges make an air-tight seal against rim. A layer of special rubber prevents air loss through the tire. Tubeless Tires fit your present wheels.

What About Cost?
This BFG tire actually costs less than a conventional tire and safety-type tube.

What About Supply?
We may not have your size in stock at present. But if you place your order now we will get them for you as quickly as possible.

BALKO News

Marolyn McGlamery

Miss Geneva Lane left on the bus Sunday morning for the Falls Creek Assembly grounds to be one of the counselors of the Baptist G. A. Camp. She will be there a week.

* * *

Mr. and Mrs. Leon Renfrow and children of Tyler, Texas, are visiting in the home of his parents, Mr. and Mrs. Oliver Renfrow.

* * *

Earl Fee, orphan from the Baptist Childrens Home in Oklahoma City, returned home Monday after a two weeks visit in various homes in the community. He is supported by the Balko W.M.U.

* * *

Mr. and Mrs. Dewitt Dixon, Marilyn and Bob of Caracas, Venezeula, who are spending a two months vacation in the United States, visited last week in the home of Mrs. Emma Humphrey and Mrs. Nell Beatty. Mr. Dixon is employed with the St. Clair Oil Co. in Venezeula.

* * *

Mr. Charley Humphrey and two grandsons of Texhoma, Okla., spent Saturday in the home of his mother, Mrs. Emma Humphrey.

* * *

J. W. Cayler, a former resident of the Balko Community, is recovering at the Perryton Hospital after amputation of his right leg. Mr. Cayler has been suffering from gangrene for the past several weeks.

* * *

Mr. and Mrs. Floyd Humphrey and Mr. and Mrs. Billy Cornell and Mike made a trip to Stillwater Sunday to see Miss Ava Ruth Humphrey who is attending summer school.

* * *

Mr. and Mrs. Herb Hibbs left Saturday for a fishing trip to Trinidad, Colorado.

* * *

A group of Juniors from the Balko Baptist Church left Monday to attend the Gipson Assembly near Hardesty, Okla. Rev. Jones, pastor of the First Baptist Church of Sayre, Okla., has charge of the preaching services.

The ones attending from Balko were Arvada Pearson, Carolyn Sue Smith, Kay Jackson, Estelia Sue and Edna Lou Naylor, R. C. McNerlin and Clifford Jackson. Mrs. Mary Naylor and Miss Ruby Whal are their sponsors.

* * *

The young people of the Apostolic Church returned Monday evening from Youth Camp at Bentonville, Ark., after being detained for several days in eastern Oklahoma by high water.

No Frosh To Play In SW Conference

By WILBUR MARTIN
Associated Press Staff

The Southwest Conference has again turned down a proposal that freshmen athletes be allowed to participate in varsity play, leaving it and the Ivy League the only major conferences with this rule still on the books.

It will be interesting to see what happens this fall, when the member schools run up against teams using the first-year men. If the draft doesn't start operating at double time, probably nothing will. If it does, then the Conference members may be more than a little sorry.

Probably the loudest of the anti-frosh members is Texas A. & M., which has all of its athletes guaranteed because they're under military ROTC contracts.

This doesn't mean A. & M. wants an unfair advantage, it argues that there's just no sense in wiping the rule off the books because the schools haven't lost enough men to warrant it.

Southern Methodist is one of the members who thinks the Conference should be allowed to use first-year men at the moment. There's a pretty big Air ROTC unit on the Hilltop at Dallas, too. Matty Beel, SMU athletic director, was the one who originally asked for a poll at the conference.

World events, at the moment, make it appear most college men —including athletes—will be around this fall. But this situation could change overnight, a fact that four of the seven schools in the Conference like to point out.

Very few of the frosh would make the varsity if the rule were wiped out and nothing happened to drain off the older athletes. They probably would just be insurance on the bench.

Come November, some of the coaches will probably be wailing about the lack of it.

Viscious Circle

RED DEER, Alta. (AP)—Farmers east of here are wondering which is worse, coyotes or mice.

Last year the farmers declared war on the wily coyote, they vowed they'd wipe him out. They fairly well succeeded. Too much so, perhaps, because now they are becoming increasingly aware of a new threat—mice, millions of them.

As experienced hunters, trappers and farmers know, the coyote is the mouse's greatest enemy. The coyote as a mouser makes any cat look like an amateur.

Said one farmer: "We should pen up our hens and small stock safely. Then let the coyotes run loose. It's by far the lesser of two evils."

A bird has an automatic lock mechanism in its foot which keeps it on its perch when it is asleep.

Elephants are good swimmers and can breathe while under water by extending their trunks above the surface.

Public Should Insist on Clean Eating Places

AUSTIN, Texas — The Texas State Department of Health cannot maintain daily inspection of all eating places and the public is urged by Dr. Geo. W. Cox, State Health Officer to insist on the proper sanitation of the establishment where they eat. If the public is careless in this respect the incentive to maintain clean food service will be lessened and operators will only maintain the level the public is willing to accept. He urged that the public patronize "eating establishments which measure up to a high standard of cleanliness."

The State Health Department is making every effort to improve sanitation of eating places, Dr. Cox said, and there is "no excuse for cafe owners not taking advantage of the food handlers schools which are being offered all over the state." He added that there are laws, rules and regulations which require the use of approved equipment and methods in such establishments.

"The public should be aware of these sanitary rules and regulations and insist that restaurants observe them. Patrons should realize that tables and counters will be many times cleaner than the kitchen and other places out of sight," he warned.

He urged milk appraisal by the patrons also. Texas law requires that a milk bottle cap state the grade of milk, and whether it is raw or pasteurized. "Insist on having the milk served in its original container, with a covered cap and a legal label," Dr. Cox advised.

"Obviously," he said, "the best in sanitation can be had only by close co-operation between the public and the investigators of the State Health Department.

'Aristocratic' Trade Names Axed

BUDAPEST (AP)—Tennis rackets manufactured in Hungary will not bear "cosmopolitan" names in the future, the paper "Nepsport" reported with satisfaction.

It criticized the quality of rackets on the one hand, and "aristocratic" names like "Lady," "Lord," "Admiral," "Oxford," on the other, which mean a certain "cosmopolitan tendency in tennis," the paper declared. The state-owned factories manufacturing sporting equipment promised to use more up to date names in the future, it added.

Police Talk Curbs Traffic Trouble

BERLIN (AP)—Berlin cops are trying to fast talk the city into traffic wisdom these days. The system is novel but is slowly getting results.

Chief of Police Johannes Stumm picked out half a dozen glib patrolmen recently and assigned them to strategic spots, equipped with microphones. The men operate the traffic signals in the usual way until a violator—pedestrian, auto or bicycle—commits a faux pas. They switch on their microphones and boom out the error.

The crowds get a large kick out of it and even the violators wind up amused, and smarter, rather than angry. The hand-picked cops make this possible by using wheedling tones and spreading a general air of courtesy.

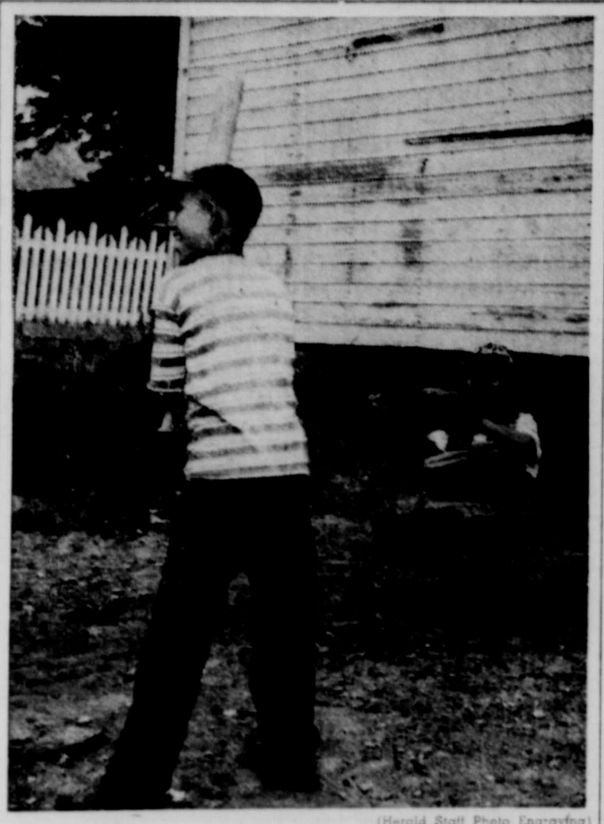

Red Names Must Be Right

VIENNA (AP)—Diapers for infant Communists shouldn't bear the name "OK", and perfume shouldn't be called "Old Lavender," a Budapest newspaper told its readers recently.

The Communist government publication "Fuggetlen Magyarorszag" said that Western names like these should be banned from Budapest shop windows.

"The disappearance of these terms should be part of the fight for peace," the newspaper said.

President John Quincy Adams once taught rhetoric at Harvard.

(Herald Staff Photo Engraving)

BATTER UP—Ronnie Blackmore, at the plate, and Jim Baker, catcher, can't get enough baseball playing, although both play in the Church League. They also practice each day when they can find the time. Ronnie plays with the First Baptist peewees and Jim plays with the Methodist peewees. Ronnie's big league hero is George Kell of Detroit, while Jim prefers Andy Seminick of the Phillies.

Trucks Required To Have Mud Guards Installed

AUSTIN, Texas (Spl)—Texas truckers, today, were put on notice to heed the provisions of a new law enacted by the 52nd Legislature requiring the installation of mud guards or flaps on heavy vehicles.

Homer Garrison, Jr., Director of the Texas Department of Public Safety, pointed out that the law, which became effective on June 21st, requires that mud flaps be installed on any road tractor, truck, truck tractor, trailer or semi-trailer, excepting pole trailers, when operating on the highways when the roadway is wet.

Garrison explained that the guards were required on these vehicles only if they have four or more tires on the rear axle. The flaps, he said, must be located and suspended behind the rear wheels of the vehicle within six inches of the surface of the highway and must be at least as wide as the tires they are covering.

Construction of the safety guards, according to Garrison, must be such that they will remain in proper place back of the rear wheels, and rigid enough to prevent slush or mud from being transmitted to the windshield of any following motor vehicle within a distance of 100 feet. The flaps may be constructed of metal, rubber, rubberized material or heavy flexible textile material.

Garrison stated that the law does not apply to those vehicles which are so designed and constructed that the above requirements are accomplished by means of fenders, body construction, or other means of enclosure.

Pancho Gonzales, two-time National amateur tennis champ and 1950 indoor pro champ, started to play tennis ten years ago with a 51 cent racket given to him by his mother. He was 12 years old at the time.

Road May Carry Pilgrims

CAIRO (AP)—Blueprints for a 4,765 mile road to carry Pakistani pilgrims to Mecca and Medina, the holy cities of Islam, are under study, according to the Arab News Agency.

ANA, in a dispatch from Riad, the Saudi Arabian Capital, said the Pakistani mission has just concluded a 14-day survey of areas through which the planned highway would run.

Every good Moslem must, at least once in his life, make the pilgrimage to Mecca, the birthplace of Prophet Mohamed. The projected road would begin at Rawalpindi, Pakistan, and run through the oil-rich areas of the Persian Gulf and Arabia—Teheran, Baghdad, Basra, Kuwait, Riad, Mecca and Medina, said ANA.

Gulfstream Park race track had its most successful season in history at its recent meeting. The daily mutuel average soared to better than $832,000 — an increase of 17.1 per cent.

Mrs. J. R. Stump

Whow! This hot weather makes one lost his pep. Sure could use a nice rain.

* * *

Mrs. C. J. Frantz, Jr., returned Saturday from Lubbock where she attended a three-day craft school at Texas Technilogical College. She was sent as a delegate from this county by the Council of Home Demonstration Clubs.

* * *

Mr. and Mrs. Dean Leighnor and family enjoyed Sunday dinner in the Jack Hendrix home. Mr. and Mrs. LeRoy Reeves and family were guests in the evening. Ice cream was enjoyed by all.

* * *

Mrs. Edna Scroggs and daughter Donetta returned Sunday from Bentonville, Ark., where they attended a Church camp.

* * *

Mr. and Mrs. J. R. Stump and family and Mr. and Mrs. Allen Dennison and Maud Stump were Amarillo visitors Monday.

* * *

Rev. Alvin Klotz filled the pulpit Sunday morning in the Methodist Church. A radio was installed so that his own congregation in the Waka Church could hear the sermon.

* * *

Mr. and Mrs. Ted Thompson and daughter Carol of Pueblo, Colo., brought Sandra Stump home Saturday. Carol has been visiting in the Thompson home for two weeks. The Thompsons returned Sunday taking their son Wayne, who has been helping J. R. with the farm work. Carol remained for a two or three week visit.

* * *

Ronnie Elledge of Pueblo, Colo., is visiting in the home of his grandparents, Mr. and Mrs. C. J. Frantz.

* * *

The home demonstration club met Wednesday in the home of Mrs. J. R. Stump. The float for the parade furnished work for all.

* * *

Word has been received that Marilee Elledge is doing nicely following an operation. Mrs. H. N. Elledge is still with her taking care of Larry.

...yton Wins Over Higgins ...Booker During Past Week

...yton Blue Sox won a ...tories in the Texas-...league during the past week, taking a 6-2 decision over Booker Wednesday night and a 21-8 win over Higgins Sunday afternoon. Both games were played in Perryton.

The victories set the stage for the game with league-leading Follett at the local park Sunday afternoon. Follett has lost only one game in the league, to Shattuck, and Perryton is in second place.

Perryton 6, Booker 2

The Blue Sox trailed, 2-1, until the second inning when they went out front, 3-2. They added two runs in the fourth and another in the sixth to wrap up a final 6-2 score.

Lynn Huisey hit 4 for 5 to pace the Blue Sox batting attack, while Wayne Gyger spaced nine hits to the visiting Booker team.

Box score:

Perryton 21, Higgins 8

Perryton started off with seven runs in the first inning and added six more in the second to hold a 13-2 lead at the end of the first two frames.

A home run by Bob Gibson, doubles by Bill Richardson and Tom Palmer and a triple by Mounts sparked the opening inning attack.

Bob Gibson was the leading hitter for the afternoon, getting 4 for 6, including two homers. Harris and Mounts each got 3 for 5.

First Baptists Win Twin Bill

The First Baptist teams won two games from the Fellowship Baptists Thursday night in the Church League.

In the pee wee game, the First Baptists took the decision by a 13-4 score, with Larry Clark setting the Fellowship boys down with only two hits. Briggs and Townsend allowed the First Baptists a total of five hits but also handed them five walks.

In the senior game, First Baptist had everything their way as they won handily, 10-1. Fellowship had only one hit in three innings of play while First Baptist had a total of 12 hits.

Billy Drake was the leading hitter with three hits, one a home run.

Baptists Trim Booker Nine

The First Baptists handed Booker their second defeat in the senior division of the Church League this week. This puts three teams in a tie for second place, each with three wins and two defeats.

Methodist, Booker and the First Baptist are tied, while Balko is leading the division with a perfect record.

Simpson, Baptist pitcher, had things going his way as he allowed Booker only one hit. He got in a little trouble in the last inning but was helped out by a double play.

Leading hitters for the Baptists were Simpson and Drake. Battery for Booker was Rodgers and Cates; for the Baptists it was Simpson and Farrington.

Box Score:

Unaccompanied Wallet Survives Bus Ride

BLOOMINGTON, Ill. (AP)—The bus pulled out of the station with H. E. Holmes, wallet containing more than $1,000 still on the seat he occupied.

At 4 a. m. the bus station employees got in touch with the sheriff's office, the sheriff's office got state police headquarters at Pontiac. At 4:37 a. m. the state police reported they found the billfold on the bus. It contained $1,050 in money orders, a $35 check and between $25 and $30 in cash.

A half hour later Holmes picked up his money.

Governor Celebrates In Big Way

DURANT, Okla. (AP)—Some birthday parties are in parks, some in homes, some in back yards and some at the movies.

But Gov. Johnston Murray of Oklahoma will have his 50th birthday party July 21 at Southeastern State college here.

Compressed Air Engine

DECATUR, Ill. (AP)—A compressed air motor that would drive a car at speeds of 100 miles an hour may be a development of the future.

Paul L. Franck, of Washington, D. C., who has been working in the field of compressed air motors for nearly 50 years, seeks the original drawings of a model invented by Louis C. Kiser 25 years ago. The Decatur man, a former locomotive engineer, built his invention from a Ford motor converted along the principles of a steam engine.

Kiser tried to organize his own manufacturing firm. He and his partner ran out of money before operations got started. Kiser was so discouraged he sold the invention for junk and moved to Arkansas, where he died in 1927.

Distaff Rule Called Cruel

RANGOON (AP)—A woman has established an iron-clad rule in Communist-occupied territory adjoining the border of the Pegu and Hanthawaddy districts immediately north of Rangoon.

Buxom Ma Saw Mya, reputed lieutenant of Red Flaf chief Thakin Soe, is described by refugees fleeing the area as more cruel than any male Communist they know. The refugees, now in Rangoon, said the woman maintains a jungle lovenest. Petty leaders war among themselves for her favors. According to the refugees her current "husbands are two leaders she wooed from the rival White Flag party.

Ma Saw Mya is the self-appointed president of the people's court set up in the area to try recalcitrant villagers, the refugees stated. They said the penalty for all offences, including tax evasion, was execution.

Christian Science
7th and Colgate
Services 11 a. m. each Sunday
Public Cordially Invited

Life is eternal without beginning or end is the theme of the Lesson-Sermon titled "Life" to be read in all Christian Science churches on Sunday, July 22. The Golden Text brings out that eternal life is the gift of God in these words: "The wages of sin is death; but the gift of God is eternal life through Jesus Christ our Lord" (Romans 6:23).

To reap the benefits of eternal life, humanity must make a choice between good and evil, as seen in this verse from Deuteronomy: "I call heaven and earth to record this day against you, that I have set before you life and death, blessing and cursing: therefore choose life, that both thou and thy seed may live: That thou mayest love the Lord thy God, and that thou mayest obey his voice, and that thou mayest cleave unto him: for he is thy life, and the length of thy days." The Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy states, "The understanding that Life is God, Spirit, lengthens our days by strengthening our trust in the deathless reality of Life, its almightiness and immortality" (page 487).

Auto Goes to Market

ARCADIA, Calif. (AP)—Mrs. Lillian May Evans' got a surprise when she looked up and saw her car following her into the market.

She had parked the auto on an incline. Apparently the brakes slipped. As Mrs. Evans walked through the door, the car rolled through the market's big plate glass window.

Baylor Teaches Auto Driving As PE Course

WACO, Texas (AP)—Baylor University and a Waco car dealer are going to do their part to reduce automobile accidents.

The university has established a course in drivers education and training, as a regular part of the physical education curriculum.

Not only regular Baylor students, but also public school teachers who want to qualify themselves to teach others how to drive, are enrolled.

The car dealer has donated a new car, equipped with dual controls. He looks on it as an investment in automobile safety.

A friendly, freckle-faced redhead, Dr. James G. Mason, is teacher of the class. He prepared himself by taking a course at Columbia University, sponsored by the American Automobile Association.

The students learn elementary care of a car, and functioning of its parts, as well as how to drive.

"We do not try to make a mechanic out of the new driver," Mason explains, "But we do help him to understand how a car operates. We tell him the functions of the fuel system, the radiator, the spark plugs and pistons, the crank shaft and the transmission. We want him to be somewhat familiar with the machine he will operate."

With Dr. Mason handling the dual controls to the right of the usual driver's seat, he takes a carload of students to the 100-acre Baylor Stadium property. That is the training ground. Each class also spends one session at James Connally Air Force base because there is equipment there which is not available at Baylor.

Lloyd Russell, chairman of the physical education department, said such training has been shown to reduce accident potential by 50 per cent. Russell said it reduces the tendency to law violation more.

Mr. and Mrs. Robert Johns and Stephen Eugene of Hot Springs, Ark., have been visiting in Perryton with Mrs. John's parents, Mr. and Mrs. C. R. Stephens. Mrs. Johns is the former Miss Aldene Caley.

Conscientious Pickets

OMAHA (AP) — A "catch-as-catch-can" variety of picketing turned up in a dispute between a union and an Omaha dairy.

The General Drivers and Helpers Union (AFL) dispatched pickets in automobile to trail Alamito Dairy Co. trucks. When the trucks stopped at a store, the picket jumped from his car and began parading around the truck.

The dispute involved the union's efforts to organize Alamito workers.

WINS CLASS I—Danny Lee Igou, son of Mr. and Mrs. Jack Igou, won first place in class I of the Perry Studio baby contest concluded this week.

was in their honor as they were to return to their home soon. Those enjoying the fried chicken, sandwiches, home made ice cream and other picnic dishes, as well as the fun of horse shoe pitching, ball games, and other outdoor sports were Mr. and Mrs. Guilford Bridgewater and family, Mr. and Mrs. Elvin Gregg and Bob, Mr. and Mrs. Irvin Van Deburgh and family, Mr. and Mrs. Eddie Brown and family, Mr. and Mrs. Kenneth Connor and Robert, Mr. and Mrs. Ollin Gregg and family, Mr. and Mrs. Joe Curfman and Virginia Lou, Mr. and Mrs. Burl Altman and Jacque, Mr. and Mrs. Carl Carter and family, and the honorees Mr. and Mrs. Glen Gregg and family.

* * *

Mr. and Mrs. Lem VanDeburgh and girls visited in the Ralph Bobbitt home Thursday evening. Other visitors during the evening were Mr. and Mrs. Jim Wallace and Lou Smith.

* * *

Anthony Rural Progress Meets

The Anthony Rural Progress Group met in the community center for their July Meeting last Thursday evening, with some thirty family members present. The young people of the community had charge of the entertainment at the close of the short business meeting. Glen Myers, chairman, conducted the business meeting, and the secretary, Mrs. Ralph Bobbitt, read all correspondence and the minutes of the previous meeting. Miss Carolyn Hyatt had charge of the following program: a piano solo by Ann Myers, a vocal solo by Karen Sue Davis, accompanied by her grandmother, Mrs. John Davis, a piano solo by Cleta Carter, and a piano solo by Kay Myers, and a cornet solo by Howard Carter.

Refreshments were served by Mrs. Vernon Ratzlaff and Mrs. George Kirton to the following families: Mr. and Mrs. John Davis, Mr. and Mrs. LaVern Davis and Sue, Mr. and Mrs. Leon Morris and family, Mr. and Mrs. LeRoy Bobbitt and girls, Mr. and Mrs. Ralph Bobbitt and family, Mr. and Mrs. Lloyd Brown and Barr, Mr. Leslie Bobbitt, Mrs. Hoffman, Mr. and Mrs. Glen Myers and family, Mr. and Mrs. George Kirton and Jerry, and Mr. and Mrs. Vernon Ratzlaff and Duane.

* * *

Mr. and Mrs. Edd Gyles and Mr. and Mrs. Archie Flatt, of Elk Grove, California, have been visiting in the LeRoy and Ralph Bobbitt homes, this week. Mrs. Gyles is the grandmother of the Bobbitt men, and is a sister of Mrs. Winters of the Boyd Community, who they have been visiting, too.

* * *

Several from our community attended the funeral services of Mr. Ike Phelps last Friday in Beaver. Mr. Phelps was an old timer in this county so every one having lived here any length of time have either had business dealings with him or some of his family, and therefore felt sorrowful at the passing of an old friend. Our neighborhood wish to express their sympathy to the family and friends.

* * *

Mr. and Mrs. Leon Morris and children drove to Pampa to visit Mr. and Mrs. M. F. Hethcock. The occasion was Mrs. Hethcock's birthday, and she was indeed happy to have her niece and family come for a visit. Mrs. Hethcock seems to be feeling well, but Mr. Hethcock, who has been in bed for many months is not improving any. The Hethcocks having been long time residents in Perryton, we feel as though we were still talking about homefolks. Everyone sends their best to the old friends.

* * *

Mr. LeRoy Bobbitt and girls visited in the John Winters home Sunday morning. He took Mr. and Mrs. Gyles, back to the Winters, after they had been visiting in the Bobbitt home.

* * *

The Beaver Rodeo Club members and their families enjoyed an outing and a six o'clock picnic supper, in the Carl Carter grove on Sunday afternoon. Many were unable to attend but there was a large group even so. The men enjoyed a roping session, as well as horse shoe pitching, and eating. The ladies watched the show and visited while the children thoroughly enjoyed the entire affair.

At six o'clock the fire was built, and the weiners were roasted. Everything in the picnic suppre line was on the table. For the climax, there was all the ice cream cones one could eat. The lemonade ran by the gallon all during the evening. Judging from the oh's and groans before the crowd left I would say there was nearly too much food and lemonade consumed, but it truly was one event not to be soon forgotten.

Those attending were Mr. and Mrs. Bert McGowan and family, Mr. and Mrs. LeRoy Hibbs, Mr. and Mrs. Lloyd Barby Jr. and family, Mr. and Mrs. Burl Altman and family, Mr. and Mrs. Raymond Mayo and Bob, Mr. and Mrs. Otto Barby and sons, Mr. and Mrs. Clyde Kile and family, Mr. and Mrs. Ralph Barby and family, Mr. and Mrs. Dean Calhoon and family, Mr. and Mrs. Carl Carter and family, Mr. and Mrs. Howdy Pemberton and family, and Mr. and Mrs. Herman Altman, Mr. P. O. Hibbs, Mr. and Mrs. Floyd Sumrall and son and Mr. and Mrs. Johnnie McNutt.

Those enjoying swimming at the LeRoy Bobbitt lake Sunday were: Mr. and Mrs. Lester Janzen, Mr. and Mrs. LaVern Davis and Sue, Mr. and Mrs. Johnnie Davis and sons, Mr. and Mrs. Ralph Bobbitt and family, Mr. and Mrs. Jack Flinch of Bakersburgh, Mr. and Mrs. Harry Sawyer and family of Liberal, Kans., and Sandra Sue Peck of Hugoton, Kansas.

* * *

Mr. and Mrs. Fred Janzen went to Colby, Kansas last week to visit with some of Mrs. Janzen's relatives and ran into some of the high waters there. With the help of the brother's tractor they did get their car there and out again. They also visited in Peabody, Kansas. Miss Virginia and Norma accompanied their parents there and Miss Virginia stayed for a longer time. The Janzens will return there this week for her.

* * *

We, of the Anthony Community are sure glad to hear that Harold Davis who has been in the Korean war since last December, is on the way home now. At least his parents received a letter that he wrote stating not to write to him any more as he was due to be processed out of the army soon. They, as everyone else with boys there, are sure one happy family. It will be a happy reunion for him when he gets home to his wife and small son, who have been making their home with her parents, the T. C. Braidwoods of Beaver.

* * *

Now that the wheat harvest is over and the plowing done, and it is too dry to work the row crop ground the men of this neighborhood are back at one of their commendable traits of helping each other with tasks that are on hand. The Billy Wilsons and their boys are cutting and baling hay, and Pete Cassidy has been baling for Lem VanDeburgh, Walter Hyatt is mowing and baling for George Kirton. Carl Carter and Elmer Husted helped Glen Myers spray his cattle Monday.

Curling, a national Scottish game, was introduced in the 16th century from the low countries.

Lots of people have heard the whipporwill, but comparatively few have seen the bird, for it rarely flies in the daytime.

Swifts, flying in India, have been timed at 200 miles an hour.

Thirty nine per cent of Idaho's area is forest land.

Fable of a Little Town

ONCE UPON a time there existed an ideal little town. It had everything: nation-wide publicity, wonderful soil, oceans of water, bountiful crops and above all, some of the finest people on the face of the earth.

The folks in this little town knew an important secret, too, and many of them thought this was why it was such a nice town and why it kept growing. There were, of course, a few who just went along for the ride. All in all though, the community leaders summed things up with the following sentence:

"A town either gets large or smaller—it never stands still."

* * *

ONE DAY, SEVERAL years back, a group of these folks got together and planned an expansion program, based upon the secret formula. You would be surprised to have seen the results. The little town grew and grew and grew.

A lot of folks went around complaining it had "growing pains" and when those who were going along for the ride got a little crowded you should have heard them scream. Everyone, even the boosters, began to wonder where it was all going to end.

* * *

WHY, YOU WOULDN'T even have known the little town. It had street lights, parking meters, a swimming pool, miles and miles of new paving; it had a new hotel and hundreds of new homes—even a few new business buildings.

People all over the region talked and bragged about how the little town had prospered and grown.

Maybe a lot of the new people didn't know about the secret, and a lot of the old ones forgot.

Anyway, the town began to catch up with itself. Rentals began to slow down. Business volumes were under last year.

Crops weren't even so good and a few people began to worry about the little town.

* * *

THUS, MY FRIENDS, the status of this particular little town came to be a question mark. Some folks said the end of the story could not be written now, that only time could record the future.

Some of the people remembered the old adage though, and wanted to start a drive to locate a small factory or two in the little town.

Others objected and said, "No. No one gave me anything when I came here." Still others contended that they liked the little town just as it stood that day.

* * *

IF YOU THINK the above is a story of Hereford, you are wrong. It is the story of scores of other towns as well. Some of them are doing things about the condition; others are coasting on their reputation.

One small town adopted a Board of City Development in conjuction with its Chamber of Commerce; the move has resulted in the past twelve months in locating three moderate size factories.

Still another started supporting its Chamber of Commerce in an equitable manner, financially and morally, to secure the same result. More of them, however, remained little towns; many were over-built and under populated.

What Hereford does will, of course, depend upon its citizens and the planning board they select. Regardless of the course, however, will always remain in the fact:

"A town either gets larger or smaller—it never stands still."

— Hereford Brand

Stylists are revealing the summer fashions now, but mostly what they are revealing are the women who model them.

The reason your money doesn't come back to you is that it travels too fast to make a U-turn.

Wolf Creek Philosopher

High Prices Are No Secret

(Ed. note: The Wolf Creek Philosopher has a glimmer of an idea this week, for a change.)

Dear editar:

My neighbor went into town yesterday morning just before the mail carrier arrived and since nobody in this country believes in suppression of knowledge I helped myself to his newspaper and carefully put it back in the box after I got thru with it, but one of the things I read in it before I did was about a Congressman in New Jersey who put on an apron and got behind a meat counter to find out what housewives think about the price of meat.

Now while I ain't never heard of a woman who complained because the meat market wasn't priced high enough, good times or bad, inflation or deflation, this Congressman got his name in the paper pretty prominently because he found that women are hoppin mad at the present price of meat, and accordin to him this proves the government ought to roll back the price.

I ain't sayin necessarily that a lot of Congressmen would be of more service to their country behind a store counter than behind a desk in the halls of Congress, but if Congressmen are gonna go into this matter of what people think of high prieces, I don't see no sense in stoppin just with meat.

I'd like to have some Congressmen work a while in an implement store and hear what farmers think about the high price of tractors and tractor parts, tires and innertubes. While he was workin there, another one could be behind a dry goods counter and hear what farmers think of the price of work pants and shoes. Also, ought to be a good opportunity behind a counter in a feed and seed store, to hear what they think of the price of seed wheat, poison, cake, chicken feed, etc. Shouldn't leave out the drug counter, or the fillin station, or the lumber yard, appliance store, barber shop, cafe, etc.

In fact, if Congress wants a complete picture, they migh as well adjourn and hire out, and when they get back in session after a few months of workin behind counters and listenin, they're gonna find out meat ain't the only thing that's high in this country. Seems like everything in this country has gone up except my bank account.

Yours faithfully,
J. A.

From The SIDELINE

with HAROLD HUDSON

We know personally a number of golfers who have had their fill of golf—for several days, at least. Playing 27 holes in 97-degree weather was plenty for most players.

The first round of the tournament was stepped off rather briskly—play slowed down in the second round and in the third it looked more like a bunch of old-timers creaking around the course.

All in all, it was a highly successful tournament and the officers of the local club are to be complimented on the way they handled things. We heard a number of nice compliments from the visiting golfers about the prizes, the way the tournament was run, and the facilities offered at the course.

We've had a big surprise in learning that our back yard is quite valuable. Home gardens in Texas are valued at $380 per acre, according to records of the Farmers Home Administration. That makes our garden worth at least $3.80, we figure.

In fact, it's worth even more than that, considering the seed, the plowing, the water and the time we've put into it. However, the return hasn't been quite up to Farmers Home Administration standards and we do wish they would send an expert around to straighten us out on this.

In the first place, we forgot to thin out the radishes until they were too big, and they all made tops and no bottoms. Then a half dozen of those big green tomato worms polished off about half our tomato plants. Recently we discovered that the big roasting ears were gone—the work of another worm.

We've about decided to stick to onions—we got to eat those ahead of the insects.

Anyway, we suspect a government plot in figuring the value of home gardens so high. The first thing we know, there'll be a government inspector around to make us pay income tax on the production of this valuable piece of ground.

During the past two weeks we've begun to realize that grandpa was more of a man than we gave him credit for. Anyone who could wear whiskers as a permanent fixture had a will of iron. The dadblamed things itch something awful in hot weather.

If we remember correctly, one Keith Lane was one of the prime movers in this whisker growing deal. We saw him Sunday at the golf tournament, freshly shaven, newly arrived from the big city of Amarillo and we wonder if he knew he was leaving Perryton when he supported the whisker growing so strongly at that historic Jaycee meeting.

From time to time, we have occasion to look up the address of someone in Perryton not in the phone book and we have yet to discover anyone we're seeking in the city directory distributed here a year or so ago. What a bill of goods that outfit sold!

If you'll remember, these books first arrived in Perryton with a jacket advertising Borger merchants. After the Chamber of Commerce refused to accept the books, the company changed the backs. We had our first doubt as to the value of the directory when we saw that only 28 persons were listed in the Balko community and we were sending many more copies of the Ochiltree Herald to Balko than that.

One thing, though, the book is packed with advertising, although we've never had occasion to use that part of it.

A man traveling in the heart of Texas found himself in conversation with a Texas cowboy. The Texan confessed that he was 87 years old, whereupon the traveler said:

"Tell me, to what do you attribute your remarkable longevity?"

The Texan thought for a moment and then he spoke gravely:

"Well, I never stole a horse and I never called a man a liar to his face."

Not that it makes any particular difference to us, but we wonder what the ad writers for the Cigarette companies are going to do now for ideas. The Federal Trade Commission has upset their applecart by ordering the American Tobacco Company to stop saying that **Lucky Strikes contain less nicotine, and furthermore, warns that Luckies can't be advertised as:**

1. Less irritating to the throat.
2. Containing less acid.
3. Easy on the throat.
4. Providing protection against irritation or coughing.
5. Being perferred 2 to 1 by men who know tobacco.

The commission had previously issude similar orders to the makers of Camels and Golds and has cases pending against Phillip Morris and Mall.

How on earth will smokers ever decide on a brand now?

This one says You've Arrived

HERE pictured is an automobile that may well be the fulfilment of any man's dream of a fine motorcar.

For you've a right to expect, when you pay a fine-car price, that your money will buy more distinction, more comfort, more performance than are to be found in vehicles of lesser worth.

So mark well the things that a ROADMASTER offers.

No other car on the American scene has a prouder bearing.

No other automobile has more spacious dimensions, more luxurious comfort, or finer appointments.

No other car has a ride more serenely smooth on curve or straightaway, highway or byway.

And no other car, at ROADMASTER's price or above, has Dynaflow, and the supreme command of every traffic condition which it provides.

So you, at the wheel of Buick's biggest and best, have a right to feel distinguished.

But there's a joy of possession which goes deeper than visible things.

There's the feel of a power plant as brilliantly eager as this great car's valve-in-head Fireball Engine – and the satisfying companionship of a brawny traveler instantly responsive to your every wish.

And there's one thing more, which only ROADMASTER can give you in such generous measure. That is the pride of a wise investment, based on the fact that this car stands alone in price per pound, among fine cars similarly equipped.

So why not take that very important first step—and come in and see us soon?

Equipment, accessories, trim and models are subject to change without notice.

AS POLL

s Disapprove Dividing Again at 38th Parallel

OE BELDEN
The Texas Poll

Texas — Texas ex- ed feelings on the dividing Korea at allel, as it was be- started. The weight inion in this state a division with the in control in North here is considerable favor, and much

wide survey conduct- ago, just before the negotiations in Korea started, Texas Poll interviewers asked this question of a cross section of adults:

"If the Communists agree to stop fighting in Korea, would you approve or disapprove of letting Korea be divided at the 38th parallel — the north part to be run by the Communists and the southern part by the South Koreans and the United Nations?"

There were the replies:

38 per cent said they approve.
43 per cent said they disapproved.

19 per cent did not express an opinion.

The question and the answers it elicited should not be interpreted as opinion on the merits of an immediate cease-fire, which is all that the opposing military commanders have been discussing in the talks at Kaesong. This opinion measurement implies a look beyond that, into the possiblities of a more permanent peace yet to be settled.

It is significant that the more education Texans have, the more they are prone to disapprove of a 38th-parallel division of Korea. The breakdown of the results below shows the sharp cleavage in approve-disapprove opinion among three groups; note that a plurality of people with no high school education favors the proposal, that a plurality of those with at least some high school oppose it, and that among those who went to college opposition grows into an actual majority:

	No High School	Some High School	Some College
Approve	46%	31%	39%
Disapprove	30	48	55
No opinion	24	21	6
	100%	100%	100%

The division in Texas opinion in a way reflects the conflicting views being expressed by political and military leaders, some believing a restoration of the boundary to its pre-war position will spell victory for the U. N., others arguing that nothing short of a complete clean-out of the Reds from Korea should be acceptable.

Pfc. Paul A. Records, son of Mr. and Mrs. Paul Records, Sr., left July 9, for duty with the Air Force in Korea. Records is a gunner on jet planes.

NEW LION OFFICERS—These officers of the Perryton Lions Club were installed Tuesday night, July 10, at Lake Fryer. Shown above, front row, left to right, are Earl Stokes of Borger, deputy district governor; Sam Hergert, first vice president; A. P. Spicer, secretary; W. H. Lance, tail twister. Back row, left to right: Jim Anderson, president; Coke Harlow, director; Elliott Lee, second vice president; Paul Loftin, Lion tamer.

Top o' Texas Rodeo Set For August 7

The 7th Annual Top o' Texas Rodeo, held each year at Pampa Texas, will open this year as in the past, with the Kid Pony Show, on Tuesday, August 7th. Regular Rodeo performances will begin on Wednesday, Aug. 8th, with night performances only. 8:00 p. m. is the starting time for all shows. Cowboys and cowgirls from the entire Southwest will participate in this Show, which is one of the world's largest amateur Rodeos.

Stock for the show will be furnished by Goat Mayo, of Petrolia Texas, and will be of the same high quality as in the past. Mayo will also be Arena Director.

There will be no Quarter Horse Show this year. The Tuesday night Show will be a special attraction for the junior cowboy and cowgirl. Plans for the Kid Pony Show include a colorful opening downtown street parade complete with band; and a full schedule of events that will allow every boy and girl from 5 to 16 years to display their ability as riders and their pony's training. Events listed for this Show include the Barrel Race, Bull Fight, Bull Riding, Flag Race, Doughnut Race, Cutting Horse Contest, Calf Roping, and Girl's Clover Leaf Reining Contest.

The Cutting Horse Contest this year will be one of the high points of the Rodeo, with a purse of $250.00 plus all entry fees added back.

A total of approximately $5,000 will be at stake when cowboys and cowgirls from Texas, New Mexico, Oklahoma, and other southwestern states, vie for high honors.

Tex Gouldy and his "Texo Hired Hands" of Fort Worth, Texas, will furnish music for all performances, will be featured in the Parade, and will play for the dances, which will be held each night after the Rodeo.

Louis Blair of Dundee, Texas, will clown the Show, and is expected to add the usual spark to each performance. In addition to the clown this year, the Bud Lucas Troup of Wichita Falls, has been secured as a special attraction. This Troup is highly rated for its unusual comedy acts.

Alfred Carter Now At Corpus Christi

U. S. NAVAL AIR STATION, Corpus Christi, Tex., — Alfred Carter, Airman Apprentice, USN, son of Mr. and Mrs. A. L. Carter of Perryton, Texas, reported here recently from the Naval Training Center, San Diego, Calif., for duty in Advanced Training Unit Twelve.

Carter was graduated from the Perryton Public Schools in 1951.

Women Now 'Can' Plane Engines

SAN ANTONIO, Tex. (AP)—"Kelly Katies" are helping build Air Force engines here. They are women employes of Kelly Air Force Base.

Women who a few months ago were baffled by vacuum cleaners are now installing engine valves, rewiring ignition systems and operating lathes—after intensive training, of course.

And they're "canning" engines. After final inspection, the engines, ranging from little ones for trainers to the huge power plants for the B-36, are "canned" for shipment or storage.

5903 U Oregon
Portland 11, Oregon
July 2, 1951

Dear Mr. Stewart,

I see in the paper that you are to have a wonderful vacation in Canada. Well, I am sure you deserve it and I am looking forward to reading about the trip.

I thought I would write you about a trip to Alaska I had. The Oregon Journal had a cruise party of 249 that left Portland at 9 a. m. on May 26 by special train for Vancouver, B. C. We made our first stop at Bellingham, Washington for lunch at the top of the Ocean restaurant and to pick up a few more passengers. Our next stop was Seattle and next Tacoma for dinner at the Leopald Hotel. We arrived at Vancouver, B. C. at 9:15 p. m. and boarded the Prince George and sailed at 10 p. m.

At 6:30 p. m. we visited the tow nof Ocean Falls, B. C. This is a paper mill town and we were shown through the mill and were shown how paper is made.

We left Ocean Falls at 8:30 p. m. and arrived at Prince Rupert, B. C. at 9:30 a. m. This was a small village without buses so private cars took the elderly on a trip around town and left us in the shopping district and there were also boat races for our entertainment. We left Prince Rupert at 1 p. m. for Ketchikan. We traveled on to Juneau, Alaska, birthplace of the late Mrs. Jerald Jones. In Juneau, Alaska, we had a 32 mile sight-seeing tour through Tongass Utah Forest and along Gastinean Channel to Mendenhall glacier, which was something to remember. In the evening we went to the Territorial Museum which proved most interesting.

We left Juneau at 11:45 p. m. and arrived at Skagway, Alaska, Wednesday at 9 a. m. I was up by 3 o'clock a. m. on Wednesday morning and was on deck by 3:45 with a few others to watch the sun come up. We watched the sun until 6 o'clock and crept back in bed until breakfast at 7:30. On the deck watching the sun rise were two men who had mined in the Klondike for several years. They had Kodak pictures made in Alaska in 1898 which they showed to members of the party.

When we got off the ship at Skagway, a sight-seeing train took us over country so rough it looked impassable. Miners used to walk over this rough terrain in the days of the gold rush and numbers lost their lives. We left the train at Lake Bennett and went to lunch. Everyone ate at one setting in hotels built only for tourists. After lunch we departed for Carcross, Yucon Territory. This journey, being the end of the train trip for which I was thankful, took us over the White Pass and Yukon route and we arrived back at the ship at 5 p. m., had dinner and at 7:30 went back to Skagway for a party which was worth the trip.

We left Skagway at 10 p. m. and sailed for Glacier Bay. We cruised all day in the bay at five miles an hour. One whale was seen by the party. We left the bay for Petersburg where we went shopping and watched boat races. At noon we entered Wrangell Narrows and finally arrived at Wrangull, Alaska where Girl Scouts met the ship and guided the party on a sight-seeing tour at 4 p. m. We visited an old Indian council house. The door was a frog's open mouth made so low you had to stoop to get in which in the old days insured the chief a bow from everyone present. Here we saw a small National Park with several totem poles that had been collected, repaired and placed in the park by WPA. The totem poles were the Indian's family tree and the history of the tribes. One pole had Lincoln carved on the top. The Girl Scouts told us that ⅓ of this tribe were slaves and were freed along with the Negroes, so they made the pole to thank their liberator. At 8:30 the citizens of Wrangwull entertained us at a party in their community house. Here we met Mrs. Rae Claud, the American mother of 1950, who lives in Oregon.

Durin gthe party we were told to suppose that we were in the Red Dog saloon on a Saturday night in 1898. The place got rough and among the guests were Dan McGrew and Soapy Smith, who were both shot and dragged out. The party was very entertaining.

We left Wrangull at 11:30 p. m. and arrived in Ketchikan at 8 a. m. where we were taken shopping and sight-seeing until noon. Ketchikan is the only town on the island and is five miles long and three blocks wide, in the widest part. It has no snakes and no poison vegetation.

We arrived at Prince Rupert at 7 p. m. and sailed at 11 p. m. I stayed on board where canasta was being played.

At 8 a. m. Sunday I was on deck as we entered Douglas Channel and we sailed all day Sunday in Gardner Canal and Douglas Canal where we passed glaciers and waterfalls close to small green islands and high snow capped mountains.

Canasta and bridge were played on the deck Sunday by various members of the party. During the afternoon, the captain invited us in groups of 30 to the engine room to show us how to navigate the ship.

On Monday, June 4, we were out in the ocean for two hours but never out of sight of land.

We arrived at Victoria, B. C. at 7:30 a. m. and spent the day there. We went sight-seeing until 12:45 and lunched at the Empress Hotel. After lunch I went back to the ship and finished playing canasta. I entered a canasta tuornament at the beginning of the trip with 71 other players. My partner and I were ahead when the last hand was played and we couldn't meld so our opponents went out. We won the second prize which was an illustrated book about Alaska in 1898.

Downtown Victoria seldom has frost while in the higher part of the city sometimes 30 inches of snow is had. We left Victoria at 11 p. m. and arrived at Vancouver, B. C. at 7:30 a. m. Wednesday, June 6. We had lunch at the Panorama Hotel and left by a special train bound for Portland, Oregon. We arrived in Portland tired but very happy.

There were five men and one doctor to look after us on the trip and there were 133 men and women who worked and lived on the Prince George Rupert.

Idalene Winfrey is in Portland going to school and when she goes home in August, she and I plan to visit Crater Lake and Oregon Caves in southern Oregon. I also plan to visit in her home with her mother and father.

I am well and work two days a week as relief nurse for an interesting and wealthy woman who has traveled around the world. She has a brother who was a missionary in Korea.

On the last day of July 1950 I was waiting for a bus on Interstate H. W. when a car with a man and woman in it, stopped for a red light. The man spoke to me. I didn't know him but when he drove off I noticed the car had a Texas tag. I think they were from Perryton and would sure like to know who it was. My phone number is TU 1797 if any of my friends are in Portland this summer I would enjoy hearing from them. I hope to visit in Perryton in the near future.

Sincerely,
Delta Davis

SECOND DIVISION SAILS—Soldiers of the Second Oivision from Camp Hood, Tex., line the rails of the U.S.N.S. General M. B. Stewart as it sailed from Houston for a European port. The vessel carried an estimated 2,000 troops. The Second is going to Europe to reinforce Gen. Dwight Eisenhower's command.

Mr. and Mrs. Charlie Kent of Amarillo visited in Perryton last week end.

Mr. and Mrs. Charles McKinney and children, Carolyn Jo and Jim of Tulsa and Mr. and Mrs. Bill Bachman and daughter Mary Ann of Oklahoma City are visitors in the J. W. McKinney home. Mr. McKinney and Mrs. Bachman are children of Rev. and Mrs. McKinney.

James Clement In Training at Sheppard Field

SHEPPARD AIR FORCE BASE, Texas — Pfc. James H. Clement, son of Mr. and Mrs. Cary Clement, 821 S. Ash St., Perryton, has entered the Airplane and Engine Mechanic's School at Sheppard Air Force Base, the home of the largest technical school of this type in the world.

During his 22-week course as a student at Sheppard he will receive intensive training designed to provide him with the thorough knowledge and the basic skills required in servicing, inspecting and maintaining every type of aircraft currently used by the USAF.

Upon graduation he will be awarded the rating of Airplane and Engine Mechanic and probably will be assigned to one of the major Air Force commands for on-the-job experience.

He is a graduate of Perryton High School and attended North Texas State College.

J. C. Jones, who is attending an aeronautical school in Memphis, Tenn., visited his parents, Mr. and Mrs. C. F. Jones, last week end.

Pfc. Max Replogle is visiting his parents, Mr. and Mrs. Gene Replogle.

New 1951 Packard '200' Club Sedan—$2366—delivered in Detroit, optional equipment, state and local taxes extra.

Before you pay $2400 or more for a new car — remember:

Youre paying for a Packard....why not own one?

The more you shop around, these days, the more you realize that even the mass-produced, *lightly-built* cars are edging up into the "Packard price class."

All of which adds up to a hearty invitation to you to *step into your first Packard.* Just check the *plus*-values you'll get:

Functional design: The famed Society of Motion Picture Art Directors names the new 1951 Packard as the "car that embodies the most advanced concept of automotive styling."

Performance: New Packard Thunderbolt engines give you the peak efficiency of America's *highest-compression eights.* Plus: the service-free simplicity of a design with up to 25% *fewer working parts* than in engines of comparable power.

Roadworthy riding comfort: The silent Packard "Limousine Ride," with all its new advancements, is America's smoothest, most *roadworthy* ride.

Handling ease: You can actually steer a Packard, in traffic, with as little effort as it takes to turn a door knob.

Come in—*drive* this great performer!

It's more than a car...it's a PACKARD
