## THREE INJURED IN CAR WRECK

### Eagles Smother Lobo Pack 31-0

### Mexican Has Elbow Crushed; Both Cars Demolished

In a head-on collision which occurred about sixteen miles east of Dryden Monday night at about 7:30 o'clock, Jimmie Mills, of Del Rio suffered a severely lacerated scalp, and his companion, Miss Mildred Garrett, sustained bodily bruises and was severely shocked when their car struck a Ford roadster, driven by Samuel Guadonane of Dryden who sustained a crushed left elbow, and severe lacerations on that arm.

Mills, who was driving a 1934 Chevrolet coach, was coming to Sanderson from Del Rio, and in attempting to go around another car, met the Ford head on. Guadonane was on his way to Del Rio with a companion who, earlier in the afternoon, sustained a broken arm when a horse fell with him while at work on the Roy Barksdale ranch.

The injured parties were brought to Sanderson for medical attention. Miss Garrett was able to resume her journey to El Paso and was placed on the midnight train, joining her mother, who was enroute to El Paso.

Mills was taken to his home in Del Rio Tuesday morning by his father, Clyde Mills, who hurried to this city upon being notified of his son's accident.

The Mills car was completely demolished, and the roadster, driven by the Mexican was badly wrecked.

James House left Thursday morning for San Antonio, and will spend the remainder of the week in that city attending to business matters.

Mrs. John Clark and daughter Miss Rose Mae were Del Rio shopping visitors last Saturday.

**DON'T NEED LICENSE PLATE**  
Official notices have been sent to all counties to the effect that all farmers will be permitted to use their trucks with a trailer or semi-trailer attached without a license plate for the trailer. The bill from which this ruling was made was passed at the recent called session of the legislature.

**SECURE STAMP TO HUNT**  
It will soon be duck hunting season, and those who indulge in this pastime, are warned that shooting of waterfowl is against the law unless the hunter first secures a hunting stamp, price \$1. This applies to hunters in or out of county of residence.

### Local Pigskin Toters Run Wild, Every Player Starring

The Sanderson Eagles lived up to their name in the game played last Saturday in the den of the Lobos at Monahans. Most of their offensive plays were through the air, and Monahans seemed helpless to stop their aerial attack. Three of the tosses into the stratosphere were good for markers, while the other scores were made after beautifully placed passes placed Sanderson in position to put the ball over by power plays. Newton played one of the headiest games of his career at the quarterback post, and his passing was accurate, never letting go until he found a man ready to receive. His pass over the goal line to Litton while on the dead run, was one of the highlights of the afternoon. His punting was perfect, and two occasions had to kick from behind his own goal line. Capt. Mussey was one of the chief ground gainers in this tilt, his feature run being for 65 yards, when he attempted an end run but seeing the secondary waiting he cut back over tackle, and with pretty blocking by Sanderson's line, he romped home.

In the first half a bad fumble by the Lobos on their first play, seemed to dishearten the boys on the T. & P. Ry. However during this per-

### Regular Meeting Of PTA Nov. 1st

The next regular meeting of the Sanderson Parent Teacher Association will be held on Thursday afternoon, November 1, 1934, at four o'clock in the High School Auditorium.

Special arrangements will be made to take care of the children of parents who wish to attend the meeting. The children will be entertained at the school building while the meeting is in session.

The subject of this meeting is: "The School Looks to the Future," with Mrs. A. F. Thrift as leader. The study course will be given thirty minutes prior to the meeting.

They showed a stubborn defense which gradually melted, and before the game was ended every sub on the Eagles' squad saw service, even to little Bobbie Lea and Jack Bogusch.

Praise for this game cannot be given to any individual player. Everyone of them starred in his own right, and the team as a whole appeared to have improved 100 percent. Especially is this true of Deaton at center, whose snap-backs were perfect.

Sanderson attempted 9 passes and completed 6; one was intercepted. Monahans attempted 14, two were completed; three were intercepted. Sanderson was penalized 45 yards, Monahans 5. Score, Sanderson 31, Monahans 0.

### Fights Dam Profits

Here is Representative Sarah Hughes, diminutive and combative Texas legislator, who says she will continue her fight against the bill treating the Colorado River Authority unless it is amended to provide certain features. Mrs. Hughes charged on the floor of the House that 51 per cent of \$3,200,000 of the \$4,500,000 PWA loan asked for under the bill presumably would be received by Ralph W. Morrison, multi-millionaire of San Antonio, who obtained the loan from the Federal government after it had first been turned down by Administrator Ickes. She contends that the government loan should be retired before the promoters get their money. (Texas News Photos.)

### Voters May Cast Absentee Ballots

Absentee voting for the general election to be held Tuesday, Nov. 6, opened on Wednesday of last week, and will continue until November 3 for those voting in person, and until November 4 for those voting by mail.

Ballots are now in the office of County Clerk F. L. Burnside, and all application for same must be made direct to him.

### Brother Critically Ill At San Antonio

Jim Kerr left last Friday for San Antonio, being called to the bedside of his brother, John, who is seriously ill in that city. On Tuesday of this week, another brother, Joe, of this city, went down, and a sister, Mrs. Kuykendall of El Paso, passed through here Sunday, going to her brother. Late reports were that the brother's condition was somewhat improved.

Messrs. Joe and Jim Kerr returned home Wednesday night and stated that there was very little change in the condition of their brother.

### APPROACHING MARRIAGE

Announcement has been made of the approaching marriage of Andrew H. Brown and Senorita Butterfly, Mr. Brown is more commonly known to his friends as "Andy" of the partnership of "Amos 'n Andy." The ceremony will be held at 8 o'clock on the evening of Oct. 31, in the auditorium of the Grammar school building, at the P. T. A. carnival.

Collection of five and ten cents will be taken at the door. Everyone is cordially invited to attend the ceremony.

### GETS COAT OF PAINT

The local office of Western Union is now resplendent, a fresh coat of paint in the company's adopted colors having been applied this week. The building also was re-decorated on the inside and outside. The ceiling was done in ivory, and the walls in manilla, tan and lawn, official colors of the company, according to E. F. Jackson, acting manager.

## Annual P.T.A. Halloween Frolic

### Eagles Next Diet Is "Buck" Meat

Pointing for the Bucks, the Sanderson Eagles left this morning for Alpine, where this afternoon they will engage in a struggle for supremacy over ancient rivals.

The entire squad will make this trip, and plans at the present time include the pep squad, who may or may not act as a stimulant for the players.

In the last session between these teams, which happened in the spring of '34, the Eagles flew off with a good sized chunk of venison in their claws, beating the hilltoppers by a score of 20 to 0.

In today's game however, it may not be easy sailing for the Eagles, as three backfield regulars are on the injured list, and are slated to warm the bench.

Bob Bennett of Fort Stockton was a Sanderson business visitor Wednesday and Thursday of this week.

Mr. and Mrs. Raymond Yeates left Thursday morning for San Antonio where they will make their home.

### Mexican Dinner as Church Benefit

A Mexican dinner and supper will be served Saturday, the 27th, at the Masonic hall, as a benefit for the Mexican missionary work in Sanderson. Price of each meal will be 35c, and the many different items on the menu will be served Mexican style.

The work among the Mexican population is carried on, almost entirely through voluntary contributions, according to Rev. Constantino Gonzales, the pastor. The dinner and supper Saturday affords the general public to donate to a worthy cause and, at the same time, receive full value in return of the amount contributed.

### COX COMPLETES WATER WELL ON RACHAL RANCH

Hugh Cox was in town over the week end from the Guy Rachal ranch which is located halfway between Sanderson and Ft. Stockton. Mr. Cox stated he just completed a well on the Rachal ranch, striking a good flow of water at 855 feet.

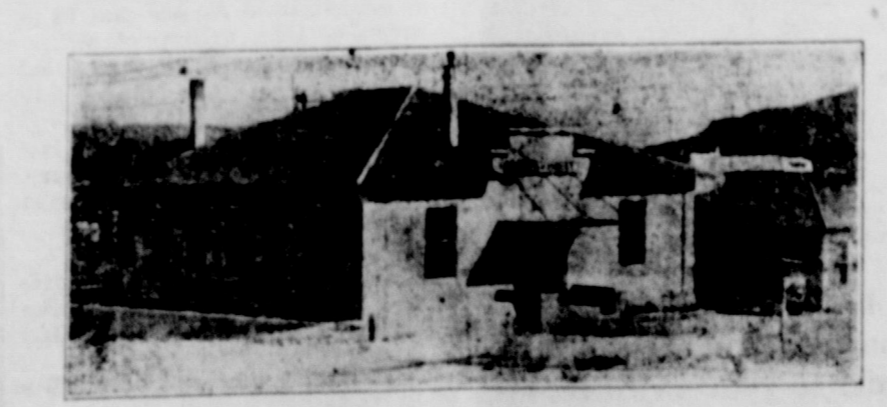

### CASH PRIZE AT PRINCESS \$60 FOR MONDAY NIGHT

Miss Bennie Mussey was the loser of the \$45 cash prize when she failed to be present at the Princess theatre Monday night when her name was drawn. So the prize next Monday night will total \$60—a small fortune for some lucky person.

## Church of Christ Starts Revival

EVANGELIST McCLUNG

CHURCH OF CHRIST, SANDERSON, TEXAS

This evening at 7:30 o'clock a series of revival meetings will begin at the Sanderson church of Christ and, according to present plans of those in charge will continue thru Sunday, November 4th.

For this meeting the local congregation were fortunate in securing

the services of Evangelist Claud McClung of Fort Worth, who will do the preaching at the two daily services—10 a. m. and 7:30 p. m.

Bro. McClung is a full-time evangelist of the church, a very forceful speaker and propounder of the Word and has had many years of experi-

ence in the work, both as a minister and evangelist.

The general public is cordially invited to hear Bro. McClung's messages, which they will find very helpful.

Remember the opening date, Friday night, October 26th.

A WORTHY CAUSE

Next Wednesday will be Halloween. Its celebration is practically
universal in the United States. To the youth is observance is marked by
pranks of various kinds, oftentimes of a reckless kind that endangers life
limb and property.

AND ANOTHER ONE

We're afraid that Sanderson, on the whole, is lacking in civic pride.
If we ever had any, it's slipping, or is entirely lost. We have a wonderful
school plant, the wonderment of visitors. It is a marvel, and said visitors,
when they view this achievement must naturally think "here indeed, is a
progressive citizenship."

THE BALKY MULE SESSION

The present called session of the Texas Legislature is having anything
but plain sailing. Every bill on Governor Miriam A. Ferguson's 5-point
program, when presented, finds somebody wielding a big stick to
prevent its passage.

Perhaps Texas Centennial Will Look Like This

The pictures above are photographs of drawings by George Dahl, Dallas architect, and depict one
man's idea of how the Texas Centennial Exposition will look in 1936. Though not official, these
drawings were presented to the Texas Centennial Commission along with the \$7,000,000 bid of Dallas
for the Centennial, this city gaining the major celebration. Many other exhibitions will be held
throughout Texas, at various points and centers of historical interest. (Texas News Photos.)

Texas Centennial Will Reveal to World
Development and Possibilities of Texas

Galveston, Oct. 25.—Chief among
the benefits of statewide scope to
result from the Texas Centennial, in
the opinion of Dean George E. Bethel,
of the medical branch of the
University of Texas, is the recognition
of the great Southwest as per-
haps the most rapidly growing and
developing portion of the United
States.

Says Dr. Bethel, "The significance
of the Texas Centennial Exposition
is far-reaching in portraying to the
world the growth, development and
possibilities of the Lone Star State.
The growth of her industrial cen-
ters, a great development of her nat-
ural resources, including waterways
along with the intra-coastal canal,
will be presented in such a way that
the Western Hemisphere will realize
the importance of the great
Southwest."

"Not alone is Texas first in size
among the sisterhood of States, but
also in cattle raising, cotton produc-
tion, sulphur mining, potash, lignite,
and frequently in exports. The de-
velopment of her schools and col-
leges, including her great univer-
sity and its branches, the Medical
branch located in Galveston, the
College of Mines and Metallurgy in
El Paso, and A. & M. College at Col-
lege Station, form an important
achievement, which was proposed
by the fathers of this great Repub-
lic. The establishment of the Sealy-
Smith Foundation at Galveston, a
most valuable adjunct to medical
education in this State, represents
"Many benefits statewide in scope
will flow from the Texas Centen-
nial, and chief among these is the
recognition of the great Southwest
as perhaps the most rapidly growing
and developing portion of the U. S.,
and the importance of this fact, in
connection with an outlet to Latin
America in commercial enterprises.
The future trade relations in the
Western Hemisphere will be in a
large measure with South American
republics, and it is through Texas
that a great deal of this trade must
of necessity pass."

"As stated, during the Centennial
many people for the first time will
sense a culture peculiar to the Em-
pire State, with its varied aspects
and many-sided values to civiliza-
tion, which has been recorded in
story by Professor Frank Dobie of
the University of Texas."

Crain Justifies
Wholesale Killing
Of Cattle in State

Austin.—More condemnations on
the range and less hauling of
"half dead" cattle to slaughtering
houses was urged by C. Z. Crain,
head of the commodities distribu-
tion department of the Texas relief
commission, as county administrators
began last week to receive 93,000
head of cattle, the Texas quota for
the week ending October 20.

Crain said AAA representatives
will continue to buy from the most
emaciated herds in the counties that
are hardest hit by the drought.
"I believe conditions are worse,
generally, and there is more need
for reduction of herds now than at
the beginning of the program," he
declared.

He replied to critics of the ad-
ministration for slaughtering weak-
ened cattle on the range by adding
that "the percentage of condemna-
tions ought to be higher than it is.
Many cows won't stand driving to
the pens, much less a long railway
haul. We loaded 12 cars in south-
west Texas last week for shipment
to Fort Worth, a relatively short
haul, and found 66 dead and 100
more down upon arrival there."

"It costs the government just as
much to haul a dead cow as it
does a live one. It also is expensive
to feed cattle at shipping pens, par-
ticularly when there is such a scar-
city of feed. The feed we buy at
this time keeps the price soaring and
makes it just that more difficult for
the farmer and ranchman to feed
their foundation herds. In fact, the
cost of handling one of the animals
just about equals the price we pay
the ranchman for it."

"On top of all this we are contin-
ually pressed by ranchmen offering
fat stock for sale, trying to get on a
'gravy train' without the slightest
consideration for sections where
cattle are really at the point of
starvation."

BUSINESS ON THE UP

Only 8 commercial failures occur-
red in Texas during September, ac-
cording to the University of Texas
Bureau of Business Research. Fail-
ures totaled 18 in August and 18 in
September, 1933, a drop of 56%.

Liabilities of the firms that failed
in September this year totaled only
\$57,000, a decline of 73% from Au-
gust and 93% from September last
year. Average liability per failure,
\$7,125, was 40% less than in August
and 85% below Sept. a year ago.

Maine Potatoes to
Feed Texas' Needy

Austin.—Texas relief roll clients
will have their potatoes this winter
from Maine. And they will be dis-
tributed as a surplus commodity—
NOT to be charged against the client's
budget.

A survey of storage facilities for
carrying potatoes through the winter
has been completed by the Texas
Relief commission and it was found
that the state has available space to
store 36,000,000 pounds of potatoes.
Acting on this information C. Z.
Crain, head of the surplus commodi-
ties department, placed with the
federal surplus relief corporation an
order for 1200 cars of Maine white
potatoes. They will be shipped in
bulk from Maine to Galveston and
distributed by train from that point
to destitute families in Texas, New
Mexico, Oklahoma and Kansas.

Crain said Maine had a bumper
crop and no market. It was expect-
ed to be three weeks or longer be-
fore actual distribution of the ship-
ment to families gets under way.

Hints for the Household

By Betty Webster

Halloween is the time of witches and ghosts, isn't it? And since the first of these two are rather eerie, let's turn our attention to the jolly yellow pumpkins. A clever way to celebrate the occasion is with a pumpkin party.

Nothing lends itself better to the masquerade costumes than crepe paper which can be procured in both pumpkin yellow and green. If you ask your guests to come as pumpkins you can give them the directions for making the outfit.

For the costume, six yards of hat wire, three of spool wire, one roll of yellow paper and two of green are required. Cut a long piece of hat wire ten inches long and with the spool wire fasten the ends together to form a circle; cut another twenty-five inches and another 27 inches 25, and the last one 16 in. Do not join the ends of the last one. Run six rows of hat wire up and down like the meridian lines of a globe, shape the wires into the form of a pumpkin to fit over the head and fasten with spool wire at the intersections.

Drape a piece of yellow paper

around this and draw it in at the top which should be crowned with some pumpkin leaves cut from the green paper and a curled wire stem green covered. Cut out eyes, nose and mouth like a jack-o'-lantern. Haste a casing of yellow over the last wire and after slipping it over the head draw in the wire and twist the ends together to give it the right shape.

Yellow Waist With Green Sleeves

Cut out another piece of yellow paper long enough to go around the body twice, and extend from the neck to the waist. Gather this to fit the neck and edge with a green leaf collar. Make armholes and baste in long tight green sleeves.

Make a plain fitting knee-length skirt or use short bloomers and cover with large green leaves, to give a bunched appearance. Green or black stockings and an old pair of bedroom slippers covered with green will complete the costume.

Identify guessing games, hunting for tiny paper pumpkins hidden all over the house, a writing game in which each one lists as many nuts as he can think of—are all amusing and prizes may be offered for each. The refreshment table will be attractive covered with a shower of paper autumn leaves with real or paper pumpkins and small shocks of corn as the centerpiece. Paper napkins with appropriate designs and paper plates to match are happy selections.

The food can consist of sandwiches, doughnuts, cookies, fruit salad, apples, pumpkin pie and cider. A "fate cake" is always laugh provoking and is a nice addition.

This party is one of the best I know, and will, I am sure, be a huge success.

RECIPES

Pineapple-Pumpkin Pie

- 1 cup sugar. 1 teaspoon cinnamon. 1/2 teaspoon nutmeg. 1/4 teaspoon salt. 1 cup drained shredded pineapple. 1 cup strained pumpkin. 2 eggs, beaten. 1 cup milk.

Mix dry ingredients and add others in the order named. Pour mixture into a pastry-lined pan and bake in a hot oven ten minutes; then reduce heat to moderate and bake until firm in the center.

Delicious turkey dinner with all accompaniments were served to Mrs. James V. McCall, Mrs. W. McKee, Mr. and Mrs. John Nichols, Mrs. H. C. Goldwire, Mrs. E. Savage and son, Billy, Mr. Mrs. W. D. CULTURE CLUB DISCUSSES "MUSIC IN THE HOME" The regular monthly meeting of the Sanderson Culture Club was held last Friday afternoon at the home of Mrs. Hustin Canon, with Mrs. Joe F. Brown and Mrs. Tom Holmes as joint hostesses.

Mrs. W. H. Doty was leader of the program, the subject being "Music in the Home." Other who had part in the program were Mesdames Tol Murrah, H. C. Goldwire and Tom Holmes.

Following the program and business meeting the guests assembled in the dining room where refreshments of tea, sandwiches and cookies were served.

The following members were present: Mesdames B. J. Brannan, A. D. Brown, A. E. Creigh, Jr., Ira Deaton, W. H. Doty, H. C. Goldwire, J. V. H. Loehausen, Clyde Griffith, J. V. McCall, Rufe Murrah, Tol Murrah, John Nichols, Landon Rose, Will Savage, A. F. Thrift, and Mrs. M. J. Shurley as a guest, and the co-hostesses Mesdames Canon, Brown and Holmes.

STEWART-SHERWOOD Last Saturday afternoon, in his office, County Judge G. J. Henshaw united in marriage A. S. "Rastus" Stewart of this city, and Mrs. Gladys Sherwood of El Paso.

Mr. Stewart is a conductor on the west end division of the T. & N. O., and has made Sanderson his home for many years. The bride comes from El Paso, and is well and favorably known in that city.

THE SECOND QUESTION A DOCTOR ASKS . . . .

Here is some information that has relieved whole families from Constipation

When anyone is "out of sorts" the doctor's first question is about the bowels. And the second, what is being taken to help them. Doctors use laxatives, and expect you to use them. But they prefer a liquid laxative. Do you know why? Doctors and hospitals use liquid laxatives because they've seen the damage sometimes done by highly concentrated drugs in the form of pills or tablets! They know that a properly made liquid laxative containing senna (a natural laxative) does not do this harm. And they use liquid laxatives to relieve the bowels, because the dose can be easily regulated.

What to Use

There is a preparation of fine herbs, pure pepsin, cascara, and senna which does away with all need of harsh cathartics. The active senna in Dr. Caldwell's Syrup Pepsin is laxative enough for any adult, mild enough for any child. And there are other valuable ingredients in this delightful syrup. Syrup Pepsin will usually relieve a case of constipation overnight. If a further dose is necessary, you give a smaller dose, each time less, until the bowels are moving regularly and thoroughly without any help at all! If you have a youngster who

My husband, who is a druggist, first recommended Dr. Caldwell's Syrup Pepsin to me. It has always helped me and made me feel better. I have used it as a laxative for the entire family for 22 years. Mrs. M. McMaster, Peoria, Ill.

doesn't eat, doesn't gain, gets upset and bilious no matter how careful you are about the diet—don't resort to strong cathartics which may only make matters worse.

Make this Test! If you are "not yourself" because of a constipated condition, don't blame it on your blood condition, or your age. Try the help of Syrup Pepsin until you are relieved and nature restores your regularity. When your bowels continue then to move regularly, comfortably, and completely every day—you'll know why most doctors favor a liquid laxative like Dr. Caldwell's Syrup Pepsin.

Miss Mary Arrington sang, "What is good for the Goose is good for the Gander", accompanied by Mrs. O. H. McAdams at the piano, and the play announcement was made by Jack Shelton.

The cast was as follows: Albert Bell, a seventeen-year-old boy, Elmo Taylor; Mrs. Bell, his mother, Maybelle Schupbach; Sylvia Bell, the daughter, Betty Bassett; Philip Flick Sylvia's friend, Bill Goldwire; Hazel Henderson, Sylvia's friend, Lois Taylor.

Miss Eva Chaffin was in charge of the program.

### Last Rites For T. & N. O. Engineer

Funeral services were held in Del Rio last Sunday morning in the Doran funeral chapel for Thomas Byrd Moseley, who died in that city Friday afternoon from a heart attack. The body was placed on the 10:30 T. & N. O. train, and taken to San Antonio for the final rites, which were held at 5 p. m. from the parlors of the Reibe Undertaking company.

Mr. Moseley had been in the service of the T. & N. O. railway for 23 years. He entered the service on December 29, 1911, as fireman, and on December 17, 1919, was promoted to locomotive engineer, running between Sanderson and Del Rio.

He was born in Coryell county on July 14, 1885, and in 1912 was married in Del Rio to Miss Mary Anna Peden of San Angelo, and made Del Rio their home until the time of his death. He resided in Sanderson at various times while working on the T. & N. O., and was well and favorably known to our people.

Survivors include his widow, 3 sons, T. B. Jr., Virgil and Jack; two daughters, Lois and Dorothy Lee; his father, Elgie Moseley of San Angelo; four brothers, E. W. Moseley, and H. V. Moseley of San Antonio, W. M. Moseley of New Mexico, and A. W. Moseley of Memphis, Tex. and a sister, Mrs. Otto Kitchen of Tucson, Arizona.

### Funeral of Pioneer Texas Woman Held

Mrs. J. B. Moore, mother of T. D. Moore, who ranches near this city, passed away at her home in Del Rio last Friday morning following an illness of 10 months. Funeral rites were held Saturday afternoon from the First Baptist church in Del Rio. The Rev. L. B. Gilbert officiated and interment was made at the Masonic cemetery.

Born in Orangeburg, S. C., October 6, 1861 Mrs. Moore came to Texas with her parents, Mr. and Mrs. W. B. Heaner, at an early age and was reared in this state. She was married to Mr. Moore on May 31, 1882, near Seguin. After their marriage Mr. and Mrs. Moore settled in San Angelo. Mr. Moore engaging in the ranching business as one of the first settlers in that city. For several years they resided in Ozona, and in 1912 moved to Del Rio, Mr. Moore purchasing a ranch near Comstock.

Two years ago Mr. and Mrs. Moore celebrated their golden wedding anniversary with a reception, at ended by old friends from many west Texas counties.

Survivors include her husband, J. B. Moore; four children, Miss Ruby Moore, Del Rio; Mrs. Clay Phillips, Houston; Mrs. E. J. Edwards, San Antonio; and T. D. Moore of this city; seven grandchildren, Miss Mignon Edwards and Elmer J. Edwards Jr. of San Antonio; Katharine Ann Moore and Tommy Moore of this city; Billie, Kenneth and Elizabeth Phillips, Houston.

### Toys for Needy As Part of Relief Work

Austin—Relief clients will be employed this fall to make, repair and distribute toys among needy families, administrators were informed by Mrs. M. K. Taylor, state director of women's work.

One of the purposes of these Christmas cheer projects will be to employ persons physically unfit for manual labor.

In counties where public organizations are willing to undertake supervision of such projects, administrators will be authorized to certify to the project as many persons as are needed to carry on the repair and other work.

Relief offices will not spend money for materials, but will have full charge of the distribution of the toys to children of destitute families. Such projects were approved in 2 counties last year but many counties are expected to undertake the project this year.

It is bad enough to be mean—it is worse to brag about it.

### Strict Supervision As Disease Control

Austin—The daily inspection of school children and the removal and isolation of those found ailing, constitute one of the most important factors in the control of communicable diseases, declared Dr. John W. Brown, state health officer.

Medical supervision of the school children is, of course, the ideal method of disease control. However, in most communities this is not possible. Parents and teachers can do a great deal in preventing the spread of disease. If the parent notices anything abnormal about the child he should be kept at home.

The teacher should notify parents of children who show any of the following symptoms: Loss of weight, pallor, pains, flushing of the face, breaking out of any kind, cold in the head, especially running eyes, evidence of sore throat, cough, vomiting, etc.

If children showing the early signs of common children's diseases are excluded and their family physician consulted early, many epidemics could be averted and loss of time prevented. It is much better to have one child miss a few days of school rather than run the risk of spreading the disease to his classmates.

Mr. and Mrs. Walter Grigsby attended the funeral services held in Del Rio last Saturday afternoon for Mrs. J. B. Moore.

Mr. and Mrs. Bert Kincaid and Dr. and Mrs. James C. Sharp were week-end visitors in Del Rio where Dr. Sharp went on business.

Mr. and Mrs. Lee Roy Grigsby and son, Harold Lee, from McCamey, spent the week end here visiting his parents Mr. and Mrs. Lee Grigsby. Saturday they motored to Del Rio to attend the funeral of Mrs. J. B. Moore which was held in that city that afternoon.

### 'Duck Soup' Cram Full of Foolery

These humpy-dumpty boogian stars of the stage, radio and screen, the 4 Marx Bros. are coming to Sanderson tonight, when they newest Paramount picture, "Duck Soup," opens at the Princess.

As all other pictures made by the four comedians, "Duck Soup" is just crammed full of delightful music, including the now famous "Who's afraid of the Big Bad Wolf?"

The film, however, has a very definite story. Briefly it's all about a mythical country, Freedonia, where agitators are working, inciting mobs to revolt against unjust taxation. The country needs money, but its wealthiest citizen, Miss Dumont, refuses to lend the country any more unless the fearless fighter, Rufus T. Firefly, played by Groucho, is appointed dictator.

The cabine members reluctantly agree, the mob roars; the agitators sink away and Freedonia's troubles just begin with plenty of laughs to help.

Chico and Harpo, two spies for an enemy country, decide to work for Groucho, when they learn that the food is better and the blondes are more numerous.

As a dictator Groucho doesn't do much more than dictate to his secretary, Zeppo, but he starts a war, and ends the picture with more laughs than there are fleas in his army.

Rev. John V. McCall returned Saturday from Cleburne, Texas, where he assisted in a meeting held by former pastors of the First Presbyterian church in that city.

Messlames Reuben and Gayle Mussey were visitors in Del Rio last Saturday.

Mr. and Mrs. Doc Turk spent Tuesday in town from their ranch north of Dryden.

B. Carson, young rancher, located north of Dryden, attended the American Legion dance, held last Saturday evening at the C. A. C. hall.

### AIRPORT CHATTER

By THE OLD MAN

Friends, here I come again. It was thought that this column could be handled by one of the other men, and we would have something real interesting in "Airport Chatter." There are several of the personnel who could do much better than this writer, but each man has his own work to do—lots of it—and there are times when it's hard to get the stuff in on time. It is hoped that the editor, as well as the many readers of the Times, will not judge all of our men as being shell-shocked. As a whole, our lot is not as bad as it might seem to some readers. Our one aim is to work with the community as a whole, and without your cooperation we cannot exist.

We're very busy these days; the traffic is very heavy and, with the regular daily schedule, every one is on the job. Some day we expect to have most of the daily routine arranged so each man can have some time off. "All work and no play" applies to this place, also.

Soon you will be able to see the airport at night. The towers will be brightly illuminated in red, and as soon as the insulation is completed these lights will be burned all night. A series of flood lights will also be installed at the hangar. With this system we will be able to care for ships that come during the night. Also, it will lift the surrounding country out of the gloom of these dark nights.

Some of the personnel are all up in the air, due to rumors that they are about to be transferred to other stations. If this happens it is likely they will be sent to Ringgold and San Ygnacio, Texas. More power to you two men.

If some one will mention the fact that our football team needs new material, meaning uniforms now and sweaters later, the writer is ready to start on ways and means of helping such a worthy cause.

One leather coat with zipper fastener has been lost in Sanderson, it being one of Uncle Sam's flying coats. The writer is desirous of finding same and a reasonable reward will be paid for its return.

Guests of Mr. and Mrs. J. C. Mitchell at their ranch home over the week end were their daughter Miss Anna, who is a student at Incarnate Word College, San Antonio, Mr. Mitchell's mother, Mrs. James Mitchell, and Miss Betty Hoey of San Antonio.

Mr. and Mrs. Clyde Morris and family spent Sunday with Mr. and Mrs. Wylie Holland at their ranch.

Geo. F. Seiderman, an attorney of Fort Worth, was a Sanderson business visitor this week.

Mr. and Mrs. S. S. Daggett and Mrs. Daggett's niece, Mrs. Fona King, returned last Friday night from a vacation trip to Pensacola, Fla. They report a wonderful trip.

Mrs. P. H. Snoddy and daughter Patricia, of El Paso, visited in the city this week with her parents, Mr. and Mrs. E. B. Litton and family.

Joe Zorn, employed at the McCright service station, spent the week end in Del Rio.
