VOL. 14, NO. 100 SNYDER, TEXAS, SUNDAY, AUGUST 25, 1963 3 SECTIONS, 34 PAGES—PRICE 15c

# SNYDER AREA OIL

Humble Oil & Refining Company has completed No. 1 Mae Sears as a Mississippian discovery in Nolan County, one mile southwest of Maryneal and eight miles south and slightly east of the one-well Highland (Mississippian) pool.

It produced 108 barrels of 46-gravity oil and no water daily, flowing through a 14 - 64-inch choke and perforations between 7,092 and 7,102 feet. Gas-oil ratio was 1,100-1.

Located 660 feet from north and 1,980 feet from east lines of section 157, block 1-A, H&TC survey, the opener is 2½ miles east of the Nena Lucia (Strawn) pool.

Operator has requested a discovery allowable and the designation of Nena Lucia East (Mississippian) pool for the area.

Continental Oil Company has opened Swastika sand production in the Flowers (Canyon sand) area of Stonewall County, seven miles southeast of Aspermont, at No. 22-A Arthur Brinkley, Jr.

It pumped 11 barrels of 26-gravity oil, plus 72 per cent water, daily from perforations at 3,510-15 feet, after being washed with 1,000 gallons of mud acid.

The location is 2,887 feet from north and 1,667 feet from east lines of section 14, block A, A&B survey. The nearest Swastika production is 2½ miles southeast in the one-well Flat Top (162) pool.

No. 22-A Brinkley is a re-entry of a former Canyon sand producer from pay at 4,005-4,095 feet.

* * *

D. M. Cogdell, Snyder, will drill a 5,300-foot rotary venture seven miles southwest of Roby in Fisher County.

No. 24 Jonisue Bowden - Charlotte Etgen, located in the Jonisue Bowden (Canyon) field, is spotted 1,205 feet from south and 1,720 feet from west lines of section 193, block 3, H&TC survey.

The Atlantic Refining Company No. 1-65 Bilby Wallace is to be a ⅝-mile northeast offset to the discovery well of the Wallace Ranch (Noodle Creek) pool in Kent County, seven miles southwest of Jayton.

The drillsite is 660 feet from south and 2,240 feet from east lines of section 65, block 98, S. R. Lanier survey (H&TC) abstract 1,451. It is contracted to 4,200 feet.

The Rough Draw, North (Noodle Creek) area of Kent County gained two producers and a location for an outpost.

Texaco Inc. completed No. 2 Kent Fee for a daily pumping potential of 217 barrels of 40.1-gravity oil, through perforations at 4,102-06 feet.

It is 15 miles southeast of Clairemont and 560 feet from north and 1,980 feet from west lines of section 41, block V, T&P survey. The location is a southeast offset to a recently completed ¾ mile southeast extension.

C. L. Norsworthy, Jr., of Dallas completed No. 3 Puryear as a ½-mile northwest extender to the Rough Draw, North (Noodle Creek) pool in Kent County 12 miles southeast of Clairemont.

It produced 219.22 barrels of 40.8-gravity oil, per day, flowing on a 24 - 64-inch choke and from perforations between 4,117-33 feet, which had been treated with 250 gallons of acid. Gas-oil ratio was 290.1.

The location is 660 feet from north and east lines of section 361, block 7, H&TC survey.

Norsworthy [illegible] is scheduled as a northwest offset to a recent southwest extender to the pool.

The drillsite is 1,980 feet from south and 660 feet from east lines of section 362, block 2, H&TC survey and 12 miles southeast of Clairemont.

* * *

M. L. Melton of **Midland** is to drill two new wells in West Mitchell County.

No. 4 Cone is six miles west of Westbrook and in the Iatan-East Howard area. It is projected to 3,400 feet and is 3,310 feet from south and 330 feet from east lines of section 40, block 29, T-1-N, T&P Survey.

No. 1-A Langley is seven miles northwest of Westbrook, in the Turner-Gregory (Cleark Fork) pool and is contracted to 3,100 feet.

The drillsite is 1,803 feet from north and 853 feet from east lines of section 25, block 29, T-1-N, T&P survey.

Texaco Inc. has completed two new producers in the Iatan-East Howard section of West Mitchell County.

No. 7-B Mitchell Fee, seven miles west of Westbrook, pumped 33 barrels of 32.1-gravity oil plus 45 per cent water, from perforations between 2,718 and 3,198 feet, after treating with 500 gallons of acid and fracturing with 30,000 gallons.

It is 1,980 feet from north and west lines of section 39, block 29, T-1-N, T&P survey.

No. 11-C Mitchell Fee, eight miles southwest of Westbrook pumped 22 barrels of 31.6-gravity oil, plus 70 cer cent water, per day, from a series of perforations between 2,701 and 3,167 feet, after treating with 500 gallons of acid and fracturing with 30,000 gallons.

The location is 660 feet from north and 2,310 feet from east lines of section 9, block 29, T-1-S, T&P survey.

* * *

Wildcats in three counties in the Snyder area failed to find production in drilling to their objectives and they have been abandoned.

In Nolan County, Thomas & Saxon Drilling Company of Abilene drilled to 6,817 feet. It was six miles south of Sweetwater and 1,980 feet from south and west lines of section 86, block 22, T&P survey.

Six miles east of Post, in Garza County, K. K. Amini of Midland drilled No. 1 G. W. Connell to 3,120 feet in the Glorieta. It was 729 feet from north and 467 feet from east lines of section 75, block 5, GH&H survey.

G. E. Kadane & Sons of Wichita Falls No. 1 Wallace, 11½ miles west of clairemont in West Kent County bored to 7,432 feet in barren Pennsylvanian.

It was 4½ miles northeast of the Polar, Northeast (Pennsylvanian) pool and 467 feet from north and 592 feet from east lines of the west half of the northwest quarter of section 67, block G, W&NW survey.

## Two Men Killed In Traffic Collision

LIVINGSTON, Tex. (AP)—Two Southeast Texas men were killed Saturday in a collision 10 miles south of here on Texas 146.

One was Jess Tovera of Livingston. The other victim was Walter Erickson of Port Arthur.

# Vietnamese Students Leading Protest Against Diem Regime

By ROY ESSOYAN

SAIGON, South Viet Nam (AP)—Vietnamese students acted today to spearhead a growing protest move against President Ngo Dinh Diem's regime, now functioning on a strongly military basis.

With most Buddhist leaders under arrest, the students took over leadership of the antigovernment campaign. They called for a general student strike in the capital and backed up the call with two demonstrations at Saigon University.

Students in Hue, where the Buddhist crisis exploded May 8 with raids on a Buddhist temple, went on strike last week.

Today's demonstrations in the capital violated martial law in effect since Wednesday.

The students acclaimed ex-Foreign Minister Vu Van Mau as their hero in one jostling, cheering display by more than 1,000 demonstrators at the law faculty building, a demonstration with which police did not interfere.

But nearly a score of trucks carrying police poured into the area as 500 students gathered at the science faculty to urge their dean to resign. The meeting was broken up without incident when soldiers, secret police, city police and firemen moved onto the campus.

Mau, who shaved his head like a Buddhist monk's and resigned in protest against government policies toward Buddhists, told his hearers that a faculty delegation called on President Ngo Dinh Diem Friday to demand the release of more than 1,000 Buddhist monks, nuns and students arrested since martial law was proclaimed.

For more than an hour, the milling students clustered around Mau, shouting and applauding, often drowning out his words.

Armed troops and police watched from a street outside the law faculty building but made no attempt to interfere. The demonstration wore itself out.

Meantime, Mau's status was complicated by Diem's refusal to accept the foreign minister's resignation.

Instead, Diem granted Mau three months' official leave, the official Viet Nam news agency said, and appointed Truong Cong Cuu to act as foreign secretary. Cuu has been coordinating secretary of state for cultural and social affairs.

The agency published what it reported was a letter from Mau to Diem.

"Through the time I have had the honor to serve in the government I have seen that the policy of the government under the leadership of the president is one aimed at uniting all the people in order to achieve the reunification of the homeland in peace, freedom and prosperity. I have consistently supported and will continue to support these policies and programs, both internal and foreign," the letter said.

In the science building demonstration, a student leader said his fellows could not study "because our minds are occupied by other matters."

An officer of the airborne brigade, considered to be the elite of Viet Nam's military forces, urged the science students to disperse.

They cheered him when he finished talking.

Nguyen Huu Dong, a student leader who attends the architecture school, said a committee has been formed to spearhed the student protest movement.

He said appeals for aid were being disptched to foreign capitals.

Dong talked to a newsman in the university compound although plainclothes government security men kept watchful note.

"We are not afraid of those men," Dong said. "If anything happens to us there are thousands of others who will take our place."

The official news agency said troops and police enforcing martial law in Binh Thuan province arrested 43 persons at the Binh Quang pagoda and the Buddhist Association chapter pagoda in Phan Thiet city Wednesday night.

Diem's government announced Friday that while martial law remains in effect, all ministries will take orders from the military.

The State Department in Washington said Mau's resignation as foreign minister was one factor delaying Henry Cabot Lodge, the new U.S. ambassador, in presenting his credentials to Diem.

There had been no American contact with Diem since martial law was declared through Saturday morning, although U.S. authorities had talked with other Saigon officials, including Diem's brother Ngo Dinh Nhu, who is head of the secret police.

A statement by Richard I. Phillips, State Department press officer, said U.S. aid for Viet Nam in the fight against Communist guerrillas would continue. "There has been no change in our basic policy of assisting Viet Nam in its prosecution of the war against the Communist Viet Cong," he said.

He noted that Saigon Radio's broadcasts said the war would be vigorously pursued.

U.S. cooperation with the Vietnamese in the war against the Communists drew from the Soviet Union a demand "that American interference in the internal affairs of Viet Nam end."

Igor Orlov, commentator for the Soviet news agency Tass, said the Diem government's campaign against the Buddhists was "only one of the many links in the long chain of bloody repressions by means of which the Ngo Dinh Diem clique is striving to remain in power."

In Tokyo, the Japanese Foreign Office broke precedent and called in the South Vietnamese ambassador to voice concern over the Buddhist crisis. A Foreign Ministry spokesman said the ambassador was told Japan hoped the crisis would be settled without having it brought before the United Nations.

Ceylon, another Buddhist nation, has been pressing for a special session of the U.N. General Assembly before the opening of the regular session Sept. 17.

**THIEF AT WORK**—Jerome W. Young, 22, former convict, having spotted a car filled with valuables parked on a street in St. Louis, Mo., breaks into the car, left, and makes off with the loot in the right photo. He didn't get very far because the car had been baited by Police Decoy Squad officers who were watching and waiting and made the arrest. St. Louis Post-Dispatch photographer Renyold Ferguson, hidden with the police, recorded the scenes. (AP Wirephoto)

# Rescue Attempt Due Via 17½-Inch Shaft

By JAMES V. LAMB

Associated Press Staff Writer

HAZLETON, Pa. (AP)—Rescue crews will attempt to bring Henry Throne and David Fellin to the surface through a 17½ inch escape hole, experts decided today.

The decision was made after the 12-inch hole, completed Friday, had been enlarged to 26 inches for a depth of 38 feet this morning.

Throne, 28, and Fellin, 58, have been trapped 331 feet underground for 11 days—since a cave-in at 9 a.m. Aug. 13. Louis Bova, also trapped then, is separated from them by about 25 feet of debris and was last reported heard from on Tuesday.

H.B. Charmbury, state secretary of mines, announced the decision to try a 17½-inch escape hole just before 1 p.m.

He said Throne and Fellin would be brought to the surface in an especially-designed steel capsule which will be lowered to them.

Enlarging of the hole to 26 inches began shortly after dawn. The plans, as laid down in advance of the work, was to drill it 26 inches wide to a depth of 35 or 45 feet and then have experts inspect the hole before deciding the next step.

The advance plans called for a conference at this point on whether to go ahead with a slightly smaller bit—24 inches in diameter—or use a 17-inch one. After the conference, just before 1 p.m., Charmbury said the decision was in favor of the smaller hole—but at a diameter of 17½ inches instead of 17.

He said it would take about 30 hours to complete the 17½-inch hole, meaning it will be at least Sunday night before Throne and Fellin can be brought out.

Rescue workers did not tell this to Fellin and Throne.

Talking through the six-inch hole, Art Joyce, a state mine inspector asked:

"How are you today?"

"I'm all right," answered Fellin.

"How long's it going to be?" asked Fellin.

"It won't be long now," said Joyce, not mentioning Sunday night.

"The boys are working like beavers. But you know it's going to be a heavy job, and we are making sure that everything is done okay."

"Okay," said Fellin. "Take your time. We're going back to sleep."

"We'll call if we need you," said Joyce.

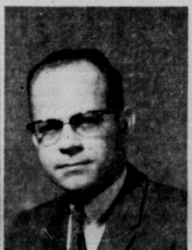
Intermittent mist fell and the day was darkly overcast as Charmbury outlined future plans. He said changing the 26-inch drill and attaching the 17½-inch one would mean it would be "later this afternoon" before the enlarging could continue.

"We definitely now plan to use the [illegible] capsule," Charmbury said.

Before the new drilling starts, steel casing will be lowered to shore up the sides of the 26-inch hole.

While the 26-inch hole was being drilled, Fellin was asked at one point whether they wanted any food sent down.

"No," he replied. "I've got work to do. I'll eat later."



**NEW MINISTER—Maxie Boren, new minister of the Thirty-seventh Street Church of Christ, will fill the pulpit for the first time Sunday. A graduate of ACC, Mr. Boren came to Snyder from the Elmwood Church of Christ in Dallas, and is in his tenth year of ministry. The new minister, his wife, a son, Danny, 8, and daughters Sharon, 6, and Susan, 2, moved to Snyder Friday.**

## Project Set At Hermleigh

HERMLEIGH — Work is scheduled to begin here Monday on a 3,000 square foot addition to the Hermleigh High School.

The new addition will house home economics classroom facilities and a general science laboratory.

Contract for the work was awarded to J. D. Jones Construction Co. of Big Spring on a bid of $29,341. The project is scheduled for completion in 90 days.

The Hermleigh School Board also let contracts for science tables and other equipment for the new additions.

J. D. Hinton of Snyder is architect for the building project.

## Storm Not Effected By Cloud Seeding

SAN JUAN, Puerto Rico (AP)—Scientists report seeing no immediate effect of their cloud-seeding aimed at softening the blow of hurricane Beulah.

Nine hurricane hunter planes flew into the storm Friday night and dropped silver iodide crystals around the center cloud, Robert Simpson, director of Operation Storm Fury, said. The seeding was part of a research project conducted [illegible] the weather bureau.

[illegible] weather bureau [illegible] said Beulah was increasing in intensity slowly but steadily, but it likely would not effect the U.S. mainland.

The weather bureau said the storm, packing winds estimated at 100 miles an hour, was expected to move into the Atlantic well east of the Bahams.

## Man Rescued In Range Fire

Three bulldozers were called into action Friday afternoon to rescue a man trapped by a range fire 20 miles north of Snyder.

Kenneth Wood, an employe of the Humble Co. and a volunteer fireman, was working with a crew on the Fuller lease when they saw the fire. The men tried to extinguish the fire themselves before fire trucks could arrive.

However the fire got out of control, and the men had to move quickly across the rough country to escape the flames. As they were running, Wood was apparently overcome by heat prostration, fell, and was encircled by the fire.

The first bulldozer on the scene, called to the fire scene by the Humble Co., was able to cut a path through the fire to Wood. He was brought to Snyder by Melvin Newton in a station wagon. Snyder police gave them an escort to the hospital.

Wood's condition was said to be good Saturday morning.

The fire, which had been reported at 2 p.m., was brought under control shortly before [illegible] p.m. after an estimated section of land had been burned over.

# Pre-School Slate To Get Underway

Preliminary activities required for opening of the 1963-64 term will get underway during the coming week in Snyder Public Schools.

First general faculty meeting is scheduled for 8:30 a.m. Wednesday in the high school cafeteria. Supt. T. E. McCollum will preside at the opening session.

At 11 a.m. Wednesday, principals will meet with their faculties in their respective buildings.

Elementary school registration is scheduled to begin at 1 p.m. Wednesday for all grades in all elementary schools. At the same hour, junior high and senior high faculties will meet with their respective principals.

More faculty meetings are scheduled for Thursday morning, and on Thursday afternoon, planning sessions in various fields of instruction will be held by junior and senior high teachers.

All bus drivers will meet at 3 p.m. Thursday in the high school cafeteria with Skipper Joyce, director of maintenance and transportation.

Pre-school for first graders is scheduled for 8:30 a.m. Friday.

The pre - school activities for teachers will be climaxed by another general meeting at 1:30 p.m. Friday in the high school auditorium. Guest speaker for that session will be Dr. Emmitt Smith of the department of education at West Texas State University.

The first day of school will be Tuesday, Sept. 3.

At Snyder High School, juniors are scheduled to pick up their class cards between 8 a.m. and 4 p.m. Monday, while sophomores will pick up their class cards during the same hours Tuesday.

Also, it has been announced that class pictures will be made Tuesday at the high school cafeteria. Senior pcitures are scheduled from 8:30 to 9:15 a.m.; juniors from 9:15 to 10 a.m., and sophomores from 10 a.m. to 11 a.m. senior boys have been requested to wear coats and ties for their pictures, and senior girls have been asked to wear "Sunday type" dresses. Juniors and sophomores may wear regular school attire.

## Rehearsal By Band Slated

First full rehearsal of the Snyder High School Black and Gold Band will be held Monday in the high school band room, Director Melvin Montgomery has announced.

The first rehearsal will begin at 10 a.m. and two rehearsals a day will be held in order to prepare for the band's first performance on Sept. 13.

Band students who are to register Monday and Tuesday have been asked to register early so they will be finished in time for the 10 a.m. rehearsal.

The tentative schedule for rehearsals during the coming week includes Monday at 10 a.m. and 4 p.m.; Tuesday at 10 a.m. and 7:30 p.m.; Wednesday at 4 p.m.; Thursday at 10 a.m. and 4 p.m.; and Friday at 8 a.m.

## WEATHER

SNYDER TEMPERATURES: High Friday, 99 degrees; low, 69 degrees; reading at 7 a.m. Saturday, 76 degrees.

North Central Texas: Fair and hot today and Sunday. Low tonight 72 to 80. High Sunday 97 to 103.

Northeast Texas: Fair and hot today and tonight. Partly cloudy Sunday, a few thundershowers and not quite so hot in south. Low tonight 72 o 80. High Sunday 94 to 100.

Northwest Texas: Clear to partly cloudy and hot today and Sunday. Isolated late thundershowers in west and north. Low tonight 68 to 78. High Sunday 95 to 102.

Coast: Mostly south winds 5 to 15 knots today and Sunday.

South Central Texas: Clear to partly cloudy and hot today and Sunday with a few isolated late thundershowers, mainly near coast. Low tonight 70 to 78. High Sunday 94 to 104.

Southeast Texas: Partly cloudy and hot today and Sunday with isolated late thundershowers mainly near coast. Low tonight 72 to 80. High Sunday in 90s.

Southwest Texas: Clear to partly cloudy and hot today and Sunday with a few late isolated thundershowers in extreme west. Low tonight 68 to 76. High Sunday 96 o 104.

# Eight Senators Take Issue With Part Of Rail Measure

WASHINGTON (AP) — Eight Democratic senators took issue today with some provisions of a compulsory arbitration bill approved by the Senate Commerce Committee to cover disputes threatening a national rail strike.

The eight, including committee chairman Warren G. Magnuson, D-Wash., said they oppose a section which would force arbitration of what they called "secondary issues" if the railroads and operating unions failed to reach agreement on them voluntarily.

The measure is expected to be brought before the Senate Monday in an effort to get congressional action to beat the midnight Wednesday strike deadline.

It provides for settlement of major issues by a special seven-man board. If minor disputes are not resolved by bargaining they, too, would be turned over to the board.

Besides Magnuson, who concurred in it, the seven who signed the minority statement were Sens. E.L. Bartlett of Alaska, Howard W. Cannon of Nevada, Clair Engle of California, Philip A. Hart of Michigan, Vance Hartke of Indiana, Gale W. McGee of Wyoming and Ralph Yarborough of Texas.

The carriers so far have not commented on the arbitration bill.

The bill would set up a seven-man board, composed of two representatives each from the railroads and the unions and three from the public, to settle the dispute within six months in the absence of a negotiated agreement.

The bill is to be brought up in the Senate on Monday. The House is awaiting Senate action before moving on the bill.

Congress is up against a deadline of one minute after midnight Wednesday. This is the time the railroads have announced they will put the new job-cutting work rules into effect—an action the unions have said will mean an immediate strike.

## Pair Sought After Mishap

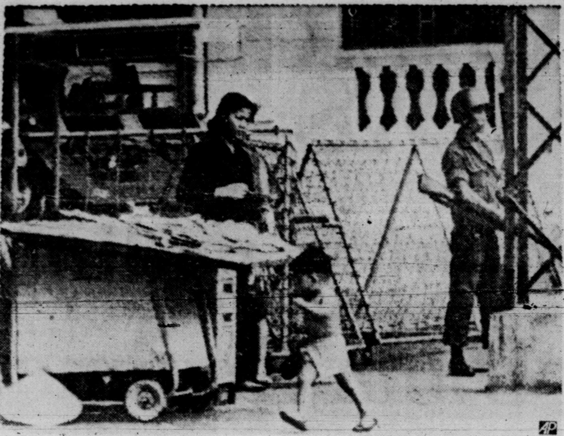
The Texas Highway Patrol and the sheriff's department are looking for two men reportedly injured in a traffic mishap about 6:30 a.m. Saturday morning one and one-half miles west of Randals Corner on Highway 180.

One man, Leighton Stephens of Denver City, was still at the scene when officers arrived. Stephens was unable to tell officers who was driving the car.

Officers said the car, a 1963 Ford, had left the road and had struck the base of a culvert, but had not overturned.

Stephens, apparently uninjured was taken into custody. Later in the morning he complained of a pain and was taken to the hospital by the sheriff's department for examination.

Stephens told the officers that the two other men in the car had beaten and robbed him. First reports to the sheriff's department were that two men were being brought to the hospital by a passing truck, but a check of the hospital and doctor's offices failed to locate them.



**ON GUARD IN SAIGON**—This is a street scene in Saigon on Gia Long Street. In the background is an armored car of the Palace Guard, with an armed soldier standing in front of the barricade. The young boy in the foreground doesn't seem to be concerned about soldiers. (AP Wirephoto)

# How Well Do You Know Your Child?

(EDITOR'S NOTE: The following article, written by Ruth Shaw and endorsed by more than a dozen well-known Snyder citizens, calls attention to a problem confronting many communities today and one which Snyder has not escaped. Considerable interest in working toward a solution has been expressed here, and the article is published herewith in behalf of such efforts.)

BY RUTH SHAW

Mothers and fathers, ask yourself this question: "Is my son carrying a gun, knife or blackjack?"

Your first reaction will probably be shock or anger. But it could very well be so, because many of the teenagers right here in your town of Snyder are carrying concealed weapons and they are somebody's sons.

The time has come for each and everyone of us to start finding out about our own children — I mean really finding out.

Being parents ourselves, we know it's hard to think our sons would be guilty of such acts, and anyway it's always the other fellow. But remember, you're the other fellow to someone else. From the minute our children are born, we automatically become responsible for the kind of persons they grow up to be. Some of us are falling short of this responsibility.

The reason we give ourselves for our short-coming in raising our own children are very hollow. What in all of this world is more important than guiding a child's footsteps on life's way? We are too quick to lay the blame on the young of this world, or "sluff" it off with an "I can't help it" attitude. But the time is now here when we adults must accept our share of the blame. It is we who have let making a living and the cares of the world stand in our way of executing our duty of teaching our children. It is we who have failed to use the rod, because we have been told it is old fashioned and a child might develop a complex if whipped.

We are accepting man's words and ways instead of God's. "Spare the rod and spoil the child" are as true today as when they were written. So, wake up you mothers and fathers! Don't just ask yourselves what your child is doing when he is away from home. If he is carrying a concealed weapon, find out for his sake as well as your own before it's too late.

This very real and dangerous problem must be shouldered and dealt with, not only by the parents of teenagers, but by every citizen in this community. It will not go away simply by turning one's back and showing indifference. It can only be done away with if each of us faces up to the face that the problem does exist and be willing to do our part in helping eliminate it.

It can be done, it must be done and done now, not only for the teenagers of today, but also for the teenagers of tomorrow.

# Secrecy On Subs Lifted

CAPE CANAVERAL, Fla. (AP) —Th Defense Department has lifted its 29-month-old shroud of secrecy on submarine launchings of the Polaris missile, and the Navy and newsmen are pleased.

The news blackout was imposed in March, 1961, when submarine-launched Polaris rockets were having numerous problems. Four submarines had logged 10 successes and eight failures.

The Defense Department said merely that military missiles launched "away from public view" would not be reported.

Of the 41 polaris missiles launched from submarines during the information blackout, 33 were successful. The navy was frustrated because it could not report officially on a program that was progressing well.

Combined insistence by the navy and reporters resulted in removal of the ban.

With the lifting of the restriction, Friday, the Navy reported that 45 of 61 Polaris launchings by 12 submarines have been successful.

# New Party Unit Formed

AUSTIN (AP) — A Waco man announced Saturday the formation of an "Old Frontier" Democrat Party to help stem the tide of Texas Democrats deserting to the Republicans.

The chairman is Tom Griffin of Waco, a former Bastrop County judge who lost a race for the 1958 Democratic nomination for agriculture commissioner.

The group's Dallas director, Douglas Sanders, asserted it includes some "real big names" in the Texas Democrat party.

Griffin said the group has 10,000 or so followers, whom he called old-line Democrats.

Griffin said the group plans to fight within the party, at conventions, for moderation in platforms and candidates.

One reason behind the group is the coming presidential campaign. He said many Texas Democrats won't vote for President Kennedy.

He said that the removal of Kennedy as the nominee would be the easiest solution to the problem.

Eighty per cent of the 200,000-citizen city of Skopje, Yugoslavia, was destroyed in the July 26 earthquake.

# Director Of Parks Board Is On Job

AUSTIN (AP)—Control of Texas' parks and wildlife rested in new hands today.

Spending his first full day as executive director of the newly formed Parks and Wildlife Commission was Weldon Watson of Austin, appointed Friday by the commission's three members.

Watson, 52, joins the commission after 23 years with the Department of Public Welfare, including eight as assistant commissioner.

A native of Osceola, Tex., Watson began his government career 28 years ago as a statistician for the Texas Railroad Commission.

"The commission is confident that Mr. Watson, a man of strength, patience, and determination, will provide the able leadership to mold a new Parks and Wildlife Department that will provide the level of excellence in service and performance that Texans can be proud of," said Commission Chairman Will Odom, also of Austin.

Watson said he believes the new agency can become "a model state agency."

John Winters, state Public Welfare Commissioner, called Watson "one of the ablest men I know and one of the finest public administrators in the state government."

Announcement of Watson's appointment was released following the first meeting of the commission's members, Odom, J. M. Dellinger of Corpus Christi and W.A. Moursund of Johnson City, just a few hours after they were sworn in.

The new commission, which replaces the State Game and Fish Commission and the State Parks Board, also announced that:

Hearings scheduled by the two old agencies would be suspended temporarily.

Howard Dodgen, executive secretary of the former commission, will be retained as a consultant through Dec. 31, 1963.

Bill Collins, executive director of the old Parks Board, and other parks personnel will be retained in an acting capacity.

# Darkness Halts Hunt For Treasure

SALEM, Ohio (AP) — "It got dark and we had to quit. We plan to go back and dig some more tomorrow."

That's what Mrs. Owin Glassburn, a minister's wife, said after a crock containing gold coins with a face value of $655 was unearthed Friday on her husband's property here.

The coins—$5, $10 and $20 denominations — were found with the aid of a bulldozer belonging to a neighbor of Mr. and Mrs. Gail Hutchinson, who rent the property.

The site of the cache was a shed that the Rev. Mrs. Glassburn had torn down.

The coins were in a rusty metal box inside the crock, which was about a foot underground.

"The book price of the coins is a minimum of $2,175," said Mrs. Glassburn, a coin collector. "The oldest coin is a $20 gold piece dated 1905."

"It was a thrilling experience," said the Rev. Mrs. Glassburn, who is a minister of the First Friend's Church in Alliance.

The coins were turned over to the custody of the police, temporarily.

"When we bought the house," Mrs. Glassburn said, "the owner said kind of quiet-like that a man who used to live there had buried gold in the barn and gone to California. When he came back, the seller said, he lost his bearings and couldn't find the gold. The man told a relative about it on his death bed, according to the seller."

Mrs. Glassburn said a brother the man who sold them the house said the man who buried the coins told him three containers of gold coins had been buried.

# HOSPITAL NOTES

COGDELL HOSPITAL

ADMISSIONS: Ben Hayley, 1912 Avenue R; Mildred Tracy, 413 Thirty-second; Kenneth Wood, 2705 Thirty-eighth; Jimmie Mae Cain, Rt. 3; Aubrey Seabourne, Rt. 3; Isabell Torres, Rt. 2.

DISMISSALS: Nikki Chambless; Bonnie Lyons; Jerry Scrivner; Debbie Whistler; Lou McDorman; Georgia Davidson; Wanda Clinton; Gary Lane; Kate Adams.

## Fluvanna Schools Will Begin Thursday

Fluvanna Schools will begin Thursday, Aug. 29, according to L. M. Dawson, superintendent. Buses will run their routes at the regular time in the morning.

The school day will begin with a short assembly at 8:30 in the auditorium. Lunch will be served at the school.

School will be out at 2 p.m. Thursday, and buses will run at that time.

The first faculty meeting will be held Wednesday, Aug. 28, at 9:30.

## Traffic Mishap Logged In City

The Snyder police department investigated a traffic mishap at 8:58 a.m. Saturday at Twenty-seventh Street and Avenue R.

Involved were a 1955 Chevrolet driven by Jesse Simon Best, 2803 Avenue C, and a 1961 GMC pickup driven by Charlie James Yoast, 3003 Thirty-ninth. Damage to the car was estimated at $300 and to the truck at $75. There were no injuries.

# Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: I know a practical nurse who is a disgrace to the profession. She was hired to care for an elderly lady who is almost helpless. After the P. N. puts this elderly lady to bed she goes out the back door and across the street to spend the night with a widower who lives alone. She is supposed to be sleeping in the bedroom next to the patient in case she is needed during the night. I am not the kind of person who makes trouble, but I think somebody ought to tell the family of this poor old helpless woman, and I don't know them well enough.

SEEING IS BELIEVING

**DEAR SEEING: To be aware of this situation and withhold it from the family is, in my opinion, morally wrong. Since you don't know the family well enough to tell them, find someone who does. But see to it that the family learns the truth immediately.**

* * *

DEAR ABBY: I am married, but for reasons I cannot put in a letter I am unable to keep my baby. Will a home for unwed mothers take me?

NIGHTMARE

**DEAR NIGHTMARE: Yes, there are SOME homes that will take married girls. Send me your name and address.**

* * *

DEAR ABBY: About six years ago a nice young couple moved into our neighborhood. I'll call them Mabel and Pete, which are not their real names. My husband and I became very friendly with them. They had two children and so did we. Two years ago, for no reason at all, Pete walked off and left Mabel. She was five months pregnant at the time. We never saw Pete again, but Mabel said they were divorced and she gets alimony and support money regularly. We have been like a family to Mabel. Out of the blue my husband gold me he wanted to ADOPT Mabel's youngest child, a sweet boy. I knew my husband was fond of this child, but I can't see why he would want to ADOPT him. He said Mabel would continue to raise him but the boy would be legally his "son". Isn't this rather unusual? What would you do, Abby?

IN A DAZE

**DEAR IN: I'd tell my husband to forget it. And if you are like a "family" to Mabel, do her a favor and help her find a nice man to complete her own family.**

* * *

DEAR ABBY: Last night I took a baby-sitting job in the neighborhood. I had just started to sit for money and it was my first time with these people. I am 14 and my mother won't let me sit anywhere later than midnight. It was agreed with these people that I'd sit from seven until midnight for 50c an hour. The children were perfect and gave me no trouble. It got to be 12:30 and the parents were not home yet. My mother called twice and I had to tell her I couldn't leave because the parents were still out. Finally, at 1 a.m., I telephoned the parents (they were at a relative's home) and asked them please to come home. They came right away and apologized for forgetting the time. They tipped me a dollar, too. Now my mother won't let me sit for them any more. It only happened once. Do you think my mother is being fair?

SITTER

**DEAR SITTER: I would say, give the night owls one more chance.**

* * *

Tell your troubles to Abby. For a personal, unpublished reply, please send a stamped, self-addressed envelope.

* * *

Getting married: For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to Abby.

# East German Snub Rapped

MOSCOW (AP) — The Soviet government disclosed today it has protested against the refusal of the United States and Britain to recognize East Germany's signature on the limited nuclear test ban treaty.

The government newspaper Izvestia said protest notes were haded to the U.S. and British governments Friday.

The notes said the policy of the two Western allies is "misplaced and contradicts the spirit of the Moscow treaty."

The Soviet declaration was in reply to notes sent by Britain and the United States on Aug. 16, in which it was stated that although East Germany had signed the treaty, this could in no way be construed as recognition of the East German regime by the Western powers.

# Snyderite Marches Before TV Cameras

MUNICH, GERMANY — Army PFC Gary D. Hicks, son of Mr. and Mrs. Basil D. Hicks, 2411 Fortieth Street, Snyder, marched before NBC television cameras at Warner Kaserne near Munich, Germany, late in July.

Hicks and other members of the 3d Battalion of the 24th Division's 19th Infnatry will appear in a documentary film featuring the city of Munich.

Hicks entered the Army in November, 1960, completed basic training at Fort Hood, and arrived overseas in April, 1961.

The 21-year-old soldier is assigned to Company A of the 19th Infantry's 3d Battalion in Munich.

He is a 1960 graduate of Jayton High School.

The National Geographic Society chose Amelia Earhart as the first woman to receive its Special Gold Medal, for being the first woman to make a solo trans-Atlantic air crossing. President Herbert Hoover presented her the medal.

# Hobbs School Is Set For Opening

HOBBS — Hobbs School personnel will report for duty at 9 a.m. Friday, Aug. 30, and pupils will register during the afternoon of the same day.

School buses will leave the school at 12:30 p.m. to bring students in for registration and issuance of books. Buses will return the students home immediately following registration.

The general public, parents and friends have been invited to attend a general assembly Monday morning, Sept. 2, at 8:30 a.m. in the school auditorium. Sept. 2 will be a full day of school, and lunches will be served.

Holidays for this school year include Thanksgiving, Nov. 28-29; Christmas, Dec. 21-Jan. 2; and Easter, March, 27-30. The school term will end on May 22.

The Hobbs faculty was completed with the employment of Bernard Weems as coach and **replacement** for Jerry Miller, who resigned to accept a similar position with the Guthrie School.

Other members of the high school faculty are A. O. Dennington, superintendent; Mrs. A. O. Dennington, business instructor, school bookkeeper and girls coach; Bob Jomes, mathematics; Irene Brown, English; Mary Brown, social studies, and Joyce Baggett, homemaking.

Elementary school faculty members include Derrell Baggett, sixth grade; Bessie Miers, fifth grade; Mackie Ware, fourth grade; Alvoy Noles, third grade; Jan Helms, second grade, and Lolett Helms, first grade.

Auxiliary employes are W. D. Clement, bus maintenance and driver; Bernard Weems, driver; Bob Joines, driver; Print Harris, driver, and Pat Patterson, driver. Frank Boydstun will serve as school custodian. Lunchroom personnel includes Mrs. W. D. Clement, supervisor, with Mrs. Jewel Rogers and Mrs. Helen Faulkenbury as assistants.

## Crosby's Mother Loses Three Years

ST. PAUL, Minn. (AP)—Singer-golfer Bing Crosby, here to promote his "Beat Bing" golf contest, found out Friday his Minnesota-born mother isn't quite as old as he believed.

His mother, Catherine Harrigan Crosby, lives with Crosby in Beverly Hills, Calif. At a function connected with the golf tournament, Crosby mentioned "my 93-year-old mother."

Then, he was presented with copies of baptismal certificates from St. Michael's Catholic church in Stillwater, Minn., where Mrs. Crosby was born in 1873.

"She never told us her age," Crosby quipped. "Now that I know she's 90 I'll tell her she should feel much better."

## Bride To Receive An Asphalt Carpet

PHILADELPHIA (AP) — Helen Dougherty is getting married today and the city is sending her a special wedding present—an asphalt carpet.

Miss Dougherty, 21, lives on a block pitted with trenches for a new water main. When her mother complained that her daughter would have a terrible time getting to the automobile for the trip to the church, the city agreed to pave the path.

# Travis Band Uniforms To Be Issued

Travis Junior High band members will get their uniforms Monday and Tuesday.

The schedule for issuing uniforms includes: Monday, 9 a.m. to noon, 9th grade girls; 1 p.m. to 4 p.m., 9th grade boys. Tuesday, 9 a.m. to noon, 8th grade girls; 1 p.m. to 4 p.m., 8th grade boys.

It is important that all students who are in town on Monday and Tuesday com for their uniforms at the prescribed hours, said Jerry Pickens; Travis Band Director. Those who are out of town may get their uniforms when school begins.

Student assistants who have been appointed so far include Joyce Greenway, Sharlot Rose and Patricia Land, librarians, and Terry Stone and Ronnie Bozarth quartermasters.

# Urges Use Of Science In Living

HUNTSVILLE (AP) — Paul E. Purser, special assistant to the director of the Manned Spacecraft Center in Houston feels that teachers should give importance to the meaning of science in everyday living.

Speaking before 393 graduating seniors at Sam Houston State Teachers college Friday night, Purser told them "to bypass the relation of technology and the space program to our way of life would leave a large gap in the education of our nation."

Purser said, "We no more know what we are going to learn from space in the future than we know what will be accomplished by the students you (the graduates) will be teaching."

Purser said that it would take the intellectual talent of the administrative, engineering and scientific personnel throughout the nation to "place us on the moon."

He said that the end is not in sight as to the achievements of the technological age.

After Purser's address, Forrest Wayne Lewis of Somerville, senior class president, presented the senior class gift, a contribution to a fund for the purchase of a statue of Gen. Sam Houston.

**AFS FUND BOLSTERED**—Gene Williams, left, president of Snyder Jaycees, presents a check for $75 for the American Field Service chapter to Keith Pitner. The AFS sponsors students in the foreign exchange and "Americans Abroad" program here.

## Tests Due Soon On Moon Shot Vehicle

HOUSTON (AP)—Testing of the type of launch vehicle which will be used to send U. S. astronauts to the moon may begin as early as next Wednesday.

The Manned Spacecraft Center said Friday the testing of the Little Joe II vehicle would be conducted at the White Sands, N.M., missile range.

The initial vehicle will carry dummies of the Project Apollo spacecraft, adapter section and launch escape system. Later flights will carry boilerplate spacecraft built to Apollo production standards.

Little Joe II has been designed for unmanned suborbital testing of the Apoollo spacecraft.

## Only Two Wildcat Wells Brought In

AUSTIN (AP) — The Railroad Commission said Saturday that only two oil wildcat wells were brought in last week.

Drillers completed 180 oil wells, 23 of them wildcats, bringing the year total to 5,525. This compares to 6,888 last year.

# OUR VIEW

## Work Of Higher Education Panel Of Major Interest

The recent report by a sub-panel of the Governor's Committee on Higher Education the other day was of more than passing interest here.

In calling attention to some of the major problems in schools and colleges, one of the suggestions for improvement would call for establishing enough junior colleges to make them available for all high school graduates.

The report is purely preliminary in nature, and action by the full committee will be required before any firm recommendations are made. Still, it may be regarded as an indication of what the committee members are encountering and their opinions, at least at this stage, on possible solutions.

The report follows closely reports from many colleges in the state, both state and private, concerning limitations of enrollment. These latter reports hint strongly that the time may not be too far away when the "average" high school graduate will not be able to gain entry into senior colleges and universities.

Work of the governor's committee and its finding will continue to be of considerable interest here, and it is hoped that the State Board of Education has its ears open.

## Historical Survey Work In State Comes None Too Soon

Scurry County residents participated the other day in an event similar to others that have been held recently throughout the state.

Dedication of the historical marker on the courthouse square honoring Gen. William R. Scurry brought the program of preservation of Texas history close to home. The events and personalities associated with area and regional history are worthy of commemoration, and the current activity comes none too soon.

History, unless it is marked, or recorded meticulously, has a way of becoming obscure rapidly, if for no other reason than the fact that more of it is building up all the time.

The value of history as a source of pride and even as an asset to business and commerce has been recognized and exploited for scores of years in "older" sections of the country. New England and points in the Deep South, such as Charleston, S. C., and Vicksburg, Miss., are some examples that come to mind readily.

Now, some of our own history in the Southwest is older than that of the Deep South and New England was when their residents first considered their history little short of ancient.

The Historical Survey program in Texas is calling attention to many historical events and in so doing may pave the way for thousands of Texas youngsters to learn more about their state's history. Learning history is something of a chore within itself, because there's more of it being added every day.

## Policy Game Raids Net 15 Arrests

HOUSTON (AP)—U.S. Treasury officers arrested some 15 men and women, and confiscated a vast amount of policy paraphernalia in a surprise raid Friday night of six homes in the nearby Kemah-Dickinson area.

The officers netted $17,000 at one home.

The raid was carried out at 7 p.m. by 28 members of the intelligence and collection divisions of the Internal Revenue Service. Officers said it may well prove to be the death blow for the numbers racket in Galveston County.

The officers raided one home in Kemah—said to be the residence of the kingpin in the policy operation—and five others in Dickinson.

O. I. Pickett and Travis Hughes, supervisors of the intelligence division, who headed the raid, said officers confiscated $17,000 in cash, a printing press, a number of policy and betting slips and other policy paraphernalia at the Kemah site alone.

At a home in Dickinson, the officers arrested four men and a woman, whom they said were writers in the policy operation.

Pickett and Hughes said the officers raided four other places in Dickinson and confiscated much money and hundreds of betting slips and other policy gear.

The officers said that three, maybe more, persons were arrested at each location.

## Tankers To Drop Bottles Overboard

NEW YORK (AP)—About 3,000 plastic bottles will be tossed overboard from three tankers between Texas and Maine, beginning this weekend.

The American Oil Co. ships will be cooperating with the U.S. Coast and Geodetic Survey in a project for plotting hydrographic data which influences shipping, fishing and other commercial and governmental enterprises.

The oil company is paying the bill.

The bottles will be dropped at varying distances from land as the tankers make their regular ports-of-call delivering bulk quantities of petroleum products on the Atlantic seaboard.

As each bottle is dropped overboard its number (listed on a card inside) will be recorded in a log, together with the date, time and latitude and longitude of the ship. Bottles will be dropped in groups of 12.

Each bottle will contain a letter explaining the project, and a card to be filled out and mailed by the finder. Data requested includes date and location of the find and the finder's name and address.

Bottles are red containers which American Oil uses for outboard motor oil.

The company offers a free crankcase change of its $1 a quart long distance oil to each finder until Dec. 31.

The tankers will drop the bottles 3 to 50 miles from the coast.

The Geodetic Survey said proof of the Gulf Stream's transporting abilities was shown when one of the bottles was carried from the Yucatan channel between Mexico and Cuba to Ireland in a year.

Other bottles have been found in the Azores, France, the Hebrides and in the Shetland Islands, taking from nine months to two years for their journeys.

Drift bottles can tell scientists many things such as the routes and meanderings of surface ocean currents and tidal data.

## Drilling Rig Population On Decline

By MAX B. SKELTON

HOUSTON (AP)—The number of oil drilling rigs in use in the United States is declining sharply.

Rigs are being abandoned, junked, sold, and reclaimed by creditors.

The weekly average for rotary rigs in use in 1962 was 39 per cent below the all-time peak set in 1956. The 1963 weekly average to date is running 10 per cent behind 1962.

Officials of the American Association of Oilwell Drilling contractors say, without alarm, the trend will continue at least a while longer.

They indicate the continuation will lead eventually to better days for contractors.

Warren Baker, association executive vice president, said this week an excessive number of rigs are still contesting for work.

"More rigs must pass out of the picture before the intense competition for work shows signs of abating," he said.

"Much progress toward achieving a balance between available rigs and rig needs has been made and will continue to be made in coming months."

The 46,600 well completions last year represented the fifth decline in the six years since the industry drilled a record 58,259 wells in 1956. Another decline is indicated for 1963. Current estimates of 1963 completions range only from 43,200 to 44,700.

Long range forecasts indicate any increase the next several years will be very gradual, barring an international emergency.

## Fire Prevention Project Gets Hot

OAK HARBOR, Ohio (AP)—The owner of Myca Products Inc.'s plant, destroyed by fire, says work on a fire prevention system started the blaze.

None of the 50 employes in the building was injured Friday.

Owner James Kaine of Cleveland said the fire started while a water sprinkler system was being installed. The workmen's drill went through a smoke stack and a spark ignited lacquer, Kaine said. No estimate of damage was given.

---

William H. Harrison, who died of pneumonia one month after his inauguration, had the shortest term of any elected U. S. President.

# Racial Barriers Tumbling In Texas School Districts

(Editor's Note: The year 1963 may be marked down in history as the period the school racial barriers really broke in Texas. The remarkable number of districts which will integrate in the next few weeks was largely unexpected and the areas involved surprised some observers. This story tells the extent of the integration.

- INTEGRATION YEAR
By ROBERT E. FORD
Associated Press Staff Writer

The year 1963 may go down in Texas history as the most significant yet in school integration, rivaling the national decision in 1954 when the Supreme Court ruled segregation by race in education unconstitutional.

Reason for the Texas significance is the number of schools which have integrated this year.

Latest count shows 57 districts mixing or planning to mix white and Negro children in classrooms for the first time. Additionally, four districts announced plans to integrate next year.

An Associated Press survey shows Texas now has 248 districts which will be integrated by the time school opens this fall out of the 1,440 districts in the state. However, about 600 districts have no Negroes.

The surge of integration is shown graphically when compared with 1962—when only eight districts desegregated.

There may be more newly integrated districts, which have escaped notice. Many announcements of action have been buried obscurely in reports of school board meetings.

Also, for the first time to any extent, the general rule of "no integration east of Dallas" has been broken. Numbers of districts as far east as the Louisiana state line will mix Negroes and whites this fall.

Reasons for the upsurge are numerous.

Said one well informed East Texan:

"They're voluntarily integrating the schools because that way they can integrate slowly — a grade at a time. If they held out, the federal courts might demand that they integrate the whole school system in one year."

Civil rights advocates object to such grade - a - year program, pointing out that it means no integration for many Negroes during the 11 more years such a gradual approach takes place.

Integration does not mean complete desegregation in most Texas school districts, particularly the large ones. The grade-a-year plan, resistance and residential patterns have slowed down desegregation, just as they have in almost every state.

The real integration breakthrough took place as one of the final major acts of Will Wilson before he left the attorney general's office.

Wilson ruled Dec. 10, 1962, that the 1957 Texas laws designed to stop or slow down integration were unconstitutional.

From 1957 until Wilson's ruling, Texas integration moved slowly. School boards faced the question of whether to comply with conflicting Texas or United States laws.

Actually, the Texas laws were doomed from the start, but few school districts attempted the costly litigation necessary to prove the state statutes unconstitutional.

Some schools integrating for the first time this year will do so because of federal court action. Others will desegregate because of anticipation of federal court action.

The federal government has played an important role from another direction, too. U.S. Dist. Atty. Barefoot Sanders of Dallas has held consultations with some school boards on the subject.

Sanders said the consultations have been only persuasion.

Sanders' velvet glove approach, however, was backed by a club for certain school districts, and the school boards could not help being aware of the bludgeon.

This club is the threat by the government to withhold federal money from impacted schools —those with a large number of servicemen's children attending— unless they integrate.

One school system in Louisiana informed the government that it will no longer teach servicemen's children and the matter presumably still is in negotiation. There are no known instances of such action in Texas schools near military bases.

Again, some school districts have integrated voluntarily this year with little comment and no pressures.

## Texas Retail Sales Take Big Jump

AUSTIN (AP) — Texas retail sales took an unexpected spurt in July, the Bureau of Business Research said Saturday.

The estimated total of $1,132.2 million in retail sales in July was an increase of 2 per cent over June and up 7 per cent from July, 1962. Sales for seven months are up 3 per cent over last year.

"The summer months are ordinarily below average for retail business in Texas, but this July was an exception," the University of Texas agency said. "July gains were reported by almost all kinds of business except auto dealers. Sales of automotive stores have, for many months, provided the main upward force in retail business in the state.

"Because of the decline in sales of automobiles, the estimate of total durable goods sales in Texas declined one per cent in July to $488.8 million. This drop was more than offset by a four per cent increase in total nondurable goods sales which rose to an estimated $654.4 million in July."

Nationwide retail sales in July increased only one per cent over June.

Among the larger cities, Houston and Fort Worth had a five per cent increase in total July retail sales over June. The Fort Worth total was 10 per cent over July 1962 and the seven month total was up seven per cent from last year. The Houston July total was one per cent over July 1962 and the seven month total appreciably unchanged over last year.

Dallas retail sales in July were 4 per cent over June, 7 per cent over July of 1962 and the seven month total was up 3 per cent.

San Antonio retail sales were down one per cent from June, up two per cent from July of 1962 and the seven month total was unchanged.

**ONE OF THE BIGGEST CHORES** in going on safari is getting ready to leave according John Billy Koonsman, Nolan von Roeder, Marvin Key, and Mrs. von Roeder, shown here assembling their gear. The group will leave Monday for Dallas, New York, Amsterdam, Athens and on to Iringa in the interior of Tanganyika. Their guide will be Clyde Sussens, big game hunter who visited Snyder several months ago. The men will hunt the "big five," elephants, rhinos, water-buffalo, lions and leopards. The 44 pound baggage limit will be strained since due to the restrictions on ammunition shipments to Africa they are taking their own shells. Two boxes of shells can be seen on the scales at right. Just those two boxes weighed 55 pounds.

# Moisture Conditions Vary

COLLEGE STATION (AP)—Moisture conditions in Texas range from adequate to near disastrous drouth, district farm agents say.

Some relief from hot, dry conditions was given by scattered showers but ranges still deteriorated, said John Hutchison, director of the Texas Agricultural Extension Service. Harvests are on at record rates, he said.

The Panhandle generally is dry despite scattered rains. All dryland crops are hurting and ranges are short. Irrigated cotton is making good growth.

Scattered showers greatly benefited some of the South Plains. Most counties are still dry. Dryland cotton is suffering but making good progress. Some grain sorghum is now harvested.

Moisture is needed badly in all the Rolling Plains. Cotton growth and fruiting are poor. Some cotton insects are reported. Poor range conditions caused cattle marketing. Stock water is slow in most counties. Goat shearing has begun.

The same story of extremely dry conditions despite some scattered rain prevailed in North Central Texas. Cotton harvesting is increasing. Pastures are suffering.

Cotton harvesting is beginning and the drouth has hastened the corn harvest in Northeast Texas. Moisture was short to very short over the area. Pecans are beginning to shed due to the drouth. Pastures were in average to below average condition.

Range conditions west of the Pecos have been improved by light to heavy rains. Livestock conditions were fair to good with lamb shipment moderate. Cotton is doing well. The sorghum harvest is on with yields generally high.

Some rain in the northern part of West Central Texas gave the area partial relief but rain is needed throughout the district. The sorghum harvest is at its peak. Cotton is suffering for rain. Pastures are deteriorating rapidly. Stock water is short in some areas.

The Central Texas cotton harvest is in full swing and corn picking has begun. Moisture is very short despite widely scattered rains. Peanuts are holding up well, but need moisture for a good crop. Pasture grasses are very short. Marketing of cattle has increased.

The main activities in East Texas are cotton and hay harvesting. The area is very short of moisture and ranges are below normal. Cattle are losing weight due to the shortage of feed.

South Central Texas was still very dry, despite spotted showers. Grass, hay and water are all short. Perfect weather for the cotton and corn harvest has pushed it forward rapidly. Late peanuts are suffering.

Requests have been made that some areas of the upper Gulf coast be designated as drouth disaster areas. Little grazing is left and feeding has begun. Some producers are hauling water. Sorghum and rice yields are fair but pecans are suffering from webworms and aphids.

The cotton harvest is in varying stages through South Texas, but most of the crop is near the ginning operation. The critical moisture shortage have put pastures in poor condition.

## Band Leader Gray Is Dead

PLYMOUTH, Mass. (AP) — Band leader Glen Gray, whose popular Casa Loma orchestra entertained two generations of dancing Americans, died Friday at Jordan Hospital. He was 63.

Gray had made his home in Plymouth since 1950 when the touring Casa Lomans were disbanded. He had continued to record with studio bands however.

Gray, born in Roanoke, Ill., was a saxaphonist who worked initially with the band of Jean Goldkette. The Casa Loma orchestra was an outgrowth of the Goldkette band and organized as a cooperative, the first such venture in the band business, with musicians sharing profits.

The orchestra played the nation's top theaters and dance halls and attained considerable popularity in college circles.

Among its best known recordings were "No Name Jive," "Smoke Rings," and "Casa Loma Stomp."

Gray, handsome and wavy-haired, was elected leader of the orchestra, it was said, because of his excellent stage presence.

Several of the nation's leading instrumentalists of the past four decades worked as sidemen in Gray's band. These included Bix Beiderbecke, Bobby Hackett, Pee Wee Hunt and singer Mildred Bailey.

## Five Continental Executives Promoted

HOUSTON (AP) — Five Continental Oil Co. executives were promoted Saturday.

G. M. Sullivan, vice president for marketing, was promoted to administrative vice president. He will be chief advisor on domestic marketing policies and plans to L. F. McCollum, president.

Sullivan's marketing job went to J. E. Kircher, executive assistant to the president.

H. F. Van Der Voort, general manager of marketing, was promoted to executive assistant. W. H. Burnap, manager of affiliated marketing succeeds Van Der Voort as general manager.

Roy Hackley of Ponca City, Okla., was promoted from associate general counsel to executive assistant to the president.

## TIPRO Delegates To Hear Governor

AUSTIN (AP)—Gov. John Connally will speak to the luncheon of the Texas Independent Producers and Royalty Owners Association Sept. 30 in San Antonio.

Several hundred independent oil men are expected.

The governor is expected to talk of the relations between the health of the oil industry and the well-being of the state.

# Bitter Mississippi Campaign Goes Into Its Final Weekend

JACKSON, Miss (AP)—A bitter campaign to chose the Democratic nominee for governor—which usually means election—heads into the final weekend today in Mississippi.

An estimated 445,000 voters will pick between Lt. Gov. Paul Johnson and J. P. Coleman, a former governor, in Tuesday's runoff primary.

President Kennedy and James H. Meredith—the Negro who graduated last Sunday from the University of Mississippi—have become key issues in the race, overshadowing such traditional items as prohibition.

Johnson, 47, a Hattiesburg attorney making his fourth bid for governor, led a four-man field in the first primary Aug. 6.

He had a 26,000 vote lead over Coleman, a 49-year-old Ackerman attorney who defeated Johnson in a runoff eight years ago. The runoff next week is the first such primary rematch in the state's history.

Johnson led Coleman in the 1955 first primary but Coleman took the runoff in a breeze. However, past voting patterns mean little in Mississippi because there are no clearcut factions which maintain their existence over the years.

The majority of elections are determined by the issues and personalities in the forefront at voting time.

Most observers predict Johnson will win, but feel Coleman has narrowed the gap in recent days and could pull ahead by Tuesday.

Johnson, whose father was governor 20 years ago, has attacked Coleman as a candidate backed by President Kennedy.

Coleman, who supported the President in 1960, made a dramatic television appearance after the first primary to announce he had made a mistake and would not support Kennedy in the future.

He has told political rallies the actions of Gov. Ross R. Barnett and Johnson caused the federal government to intervene in the University of Mississippi desegregation suit.

"Never once does he blame or condemn his friends, the Kennedys, for anything," Johnson countered in a speech Friday night.

"I do not believe that the people of this state will accept Coleman's defense of the unconstitutional invasion of our state by the Kennedys," said Johnson.

Coleman said Johnson was using Meredith "as a political football", and "trying to saddle Merdith and use him as a horse to ride into the governor's chair." Coleman also charged Johnson was making Meredith "so powerful, he would actually name the governor f this state."

The third man in the first primary, Charles Sullivan of Clarksdale, who drew 132,000 votes, has endorsed Coleman, But many of his supporters have criticized his action and announced they'll vote for Johnson.

Republicans are mounting their first serious bid for the statehouse since the Reconstruction era following the Civil War.

GOP candidate Rubel Phillips—a onetime Democrat—hopes to use anti-Kennedy sentiment as a lever to win the November general election.

## Fishermen To Lose Longtime Landmark

ARANSAS PASS, Tex. (AP)—Fishermen off this South Texas shrimping center lose a landmark that has helped guide them home for 20 years.

United Carbon Co. says it will shut down on Nov. 1 part of its carbon black plant a few miles north of Aransas Pass. The unit to be closed is the big plant's only one from which "smoke waste"—as company engineers call it—has not been eliminated.

The column of heavy black smoke has aided fishermen for years. It can be seen from miles out.

United Carbon will lay off about 25 men.

## Graham Back In California

LOS ANGELES (AP)—Fourteen years ago, a virtually unknown baptist preacher in a flashy suit opened a one-week revival in a tent near downtown Los Angeles.

It stretched to eight weeks, attracted 350,000 persons, and launched evangelist Billy Graham on a world wide crusade.

Graham, 44, and more conservatively dressed, is back in Los Angeles on a month-long crusade which his aides say may break his attendance records.

The first seven services were attended by 258,186 persons and there still are 14 more meetings in the crusade. If attendance continues at the present rate, it could exceed the 700,000 record set at a three-week crusade in Chicago last year.

## Marijuana Seized In Mexico Raid

MONTERREY, Mex. (AP) — Troops and police raided a ranch 25 miles south of Monterrey Friday night, seizing marijuana worth two million pesos ($160,000).

Seventeen members of the Reina family, owners of the ranch, headed by Jose Reina, 64, were arrested at the premises and brought to Monterrey for investigation.

**GRASS-COVERED FIELD**—Tiger field has been resodded and the new stand of grass has completely covered the field.

# Tiger Field Gets Facelifting

When the Snyder Tigers take the field in their first home game of the year Sept 20 against Levelland they will be playing, for all practical purposes, on a brand new football field.

Since last football season, the Tiger field has had a complete facelifting. The old turf is gone, and a new stand of grass completely covers the field

The re-turfing became necessary if Snyder were to continue to have the type of football field it has had for years, which has been one of the best in this area.

During the last year, however, the grass was attacked by what is believed to be Bermuda mites. Also, the ground itself was "worn out" by constant use during the past years.

The task of rejuvenating the field became the responsibility of the Campus Division of the Snyder Schools Maintenance Department. It was a job that has required a great number of man-hours.

To begin with, the field was rotor-tilled lengthwise and crosswise, until all the old turf was taken up and hauled away.

The ground then had to be worked over before new grass could be planted. For about a month it was gone over with disk, harrow and hoe. A low spot in the middle had to be built up.

When the ground was ready, Bermuda was sodded in check rows. This gave an appearance of rows in any and all directions. The grass was sodded in squares about 18 inches apart.

Since its planting, the field has been hoed about five times in order to keep out foreign grass. It has been fertalized twice with commercial fertilizer. About 2500 pounds of fertilizer was used each time. The field has been poisoned twice.

Until a good stand of grass could be obtained, it was necessary to water the field twice a week. During the month of July, approximately half a million gallons of water was poured onto the field.

The result of this effort is one of the best-conditioned fields that can be found anywhere. Head Coach Horrace Bostick said that Snyder has always had a football field that would compare with the best, and that the field this year would certainly be in as good or better condition than any we will play on.

Clyde Brown is head of the Campus Division which was responsible for the re-doing of the football field, and the continual upkeep of all the Public School grounds. Fla (Skipper) Joyce is the director of the Schools Maintenance and Transportation Department.

## Semifinal Play Begins In Tourney

BROOKLINE, Mass. (AP) — Men's semifinal play in the National Doubles Tennis Tournament was to start Saturday after favorites Chuck McKinley and Dennis Ralston pick up where they left off Friday night when darkness halted their quarter-final match with Frank Froehling and Donald Dell.

The U.S. Davis Cuppers were leading Froehling and Dell 7-5, 8-10, 6-4, and were deadlocked 5-5 in the fourth set when it became too dark to continue.

The winner of their match will round out the semifinal line-up, playing British Davis Cuppers Bobby Wilson and Roger Taylor. The Englishmen qualified by beating Allen Fox of Los Angeles and Jim McManus of Berkeley, Calif., 7-5, 4-6, 6-4, 6-3.

The other men's semifinal will send the top-seeded Mexican team of Antonio Palafox and Rafael Osuna against Cliff Buchholz of St. Louis and Ronnie Fisher of Houston.

The Mexicans whipped Arthur Ashe of Richmond, Va., and Larry Nagler of Hollywood, Calif., 7-5, 9-7, 17-15, and the seventh-seeded Fisher and Buchholz upset third-seeded Marty Riessen of Evanston, Ill., and Clark Graebner of Shaker Heights, Ohio, 4-6, 6-3, 6-4, 7-9, 6-4.

Darlene Hard and Maria Bueno will sit out the day, having gained the women's finals Friday with a 6-4, 6-4 sweep over England's Christine Truman and Ann Haydon Jones.

## Oilers Make Big Noise In Texas League

By The Associated Press

The late-charging Tulsa Oilers crowded San Antonio with a 4-1 licking Friday night to move within two games of the Texas League lead.

The Oilers were the big noise as the race rolled down the stretch with San Antonio on top but breathing hard.

Tulsa was winning its third straight game, two of them off San Antonio, and Gordon Richardson pitched a steady eight-hitter and fanned 12 to strand 11 Bullets on the sacks.

Bill Bethea, former University of Texas star playing shortstop for Tulsa, hammered in two runs with a double as the Oilers exploded for three tallies in the sixth to clinch the ball game.

Austin stopped its steady slide with a 3-1 victory over El Paso that got the Senators back into third place while El Paso dropped to fourth.

There are only 3½ games difference in first and fourth.

Ken Nixon held El Paso's Sluggers to seven hits in pitching Austin to a victory that halted a six-game losing streak. The score was 3-1 and El Paso's only run was a homer by Cecil Hundley.

Albuquerque edged Amarillo 10-9 in 13 innings with the winning run coming on an error. Bill Berrier hit one that the shortstop bobbled and Jeff Torborg scored from second. He had singled to get on base.

Amarillo was behind 9-2 after six innings but scored five in the seventh and one each in the eighth and ninth to tie it up. The game went 4:06 and 35 players were used.

The schedule is the same tonight with San Antonio at Tulsa, El Paso at Austin and Albuquerque at Amarillo.

## Middleweight Bout On TV

NEW YORK (AP)—A power-puncher from the land of the Pampas, Juan (Rocky) Rivero of Argentina, tests his wallop Saturday night against ever dangerous Jose Gonzalez of Puerto Rico at Madison Square Garden.

The 10-round middleweight bout will be nationally televised over the ABC network at 9 p.m. EST and will be the last Saturday night TV fight from the famed Eighth Avenue arena. When boxing returns to the Garden in October, the TV bout of the week will be back on a Friday night basis.

Rivero has knocked out 35 opponents while compiling an overall record of 38-7-1. He has been working out the last week under the watchful eye of Rocky Graziano, the former middleweight champion and knockout specialist. Graziano is listed as the co-manager of Rivero who expects to weigh around 157 pounds at the noon weigh-in.

Gonzalez, a 23-year-old from Arroyo, P.R., may be more than Rivero can handle, however.

Jose has only six knockouts in a 25-7-1 record, but he is ranked eighth by Ring Magazine and 10th by the World Boxing Association.

## Colt World Series Won By Charlotte

SHAWNEE, Okla. (AP)—Charlotte, N.C. defeated San Jose, Calif., 5-3, Friday night and won the 1963 Colt Baseball League World Series.

## Race Driver Killed

OWEGO, N.Y. (AP) — Race driver Nelson Ward of Battle Creek, Mich., was killed Friday night when his sports car slammed into another car, jumped a wall and pinned him at the Shangri-La Speedway, near here.

## Sailing Champ Repeats

LARCHMONT, N.Y. (AP)—Hank [illegible] of Mamaroneck, N.Y., an Air Force lieutenant, repeated as North American 505 Class sailing champion Friday with his second victory in the three-race series.

## New Zealander Sets New World Record

AUCKLAND, New Zealand (AP)—Bill Baillie of New Zealand bettered the world record for the 20,000-meter run Saturday with a time of 59 minutes, 28.6 seconds. This is 23.2 seconds below the listed record of Emil Zatopek of Czechoslovakia.

# Mets' Future In The Minors

By MIKE RATHET
Associated Press Sports Writer

NEW YORK (AP) — The Mets' future is in the minors, and that's no pun.

Rather, that's the story of the New York Mets, who have built a following and part of a stadium while slowly implementing a five-year plan for success.

And the Mets do have a future, base on players being recruited from every available source, placed somewhere in the five-team minor league chain and taught the lessons that George Weiss figures will produce a contender.

Weiss is the president and general manager of the Mets, the chief molder of the five-year plan and a man not impatient with the team's shortcomings. He expected them.

"We made no secret of the fact it would be four or five years before we could build a team into a contender," said Weiss in an interview. "The estimate is based on the time it has taken other clubs to take an untried player and bring him along to major league status.

"In the player draft," he continued, "we had no opportunity to pick or choose. As a result a great many older players were taken as stop gaps. Some we got were not the most desireable. We've been out to improve one position at a time, and that's what we intend to do."

"When you're talking about improving your club, you've got to count on improving from within," said Weiss, who built the great farm system of the New York Yankees. "A good percentage of success comes from developed players."

"We have," said Weiss, "as many good prospects as any club. This year we've had more than an ordinary number of players who advanced quickly." He shied from naming names in order "not to short change anyone."

Despite placing such large hopes on the farm system and its products, the Mets will stick with their five-team minor league organization for the present because "the rules are not condueive to expanding the farm system. If the rules change," Weiss said "we will change. We will go as far as anyone to develop our system."

Again refusing to offer names, Weiss said the Mets had taken definite strides this year in the matter of player personne. He said that despite the clamor that tends to hide the facts, the standings show the Mets will win more than 50 games if they continue at their present pace. They won 40 last year.

Young promising pitchers like Galen Cisco, Tracy Stallard and Carl Willey, and youngsters such as Ron Hunt, Duke Carmel and Jesse Gonder should help the four to five-year timetable come in on time.

Weiss says the owners also remain optimistic. "They were aware how long it would take to develop a club," he said, "and from a financial standpoint they're ahead of schedule."

The Mets have drawn over 900,000 at home. By comparison, in a similar number of dates, the world champion Yankees have drawn 950,000.

That and the frenzied fans are the remarkable story of the present Mets.

The future is at Buffalo, Raleigh, Auburn, Quincy and Salinas.

# Lots Of Running But No Race In AL

By JIM HACKLEMAN
Associated Press Sports Writer

No race, but a lot of running.

That was it in the American League Friday night as Detroit, Baltimore and Los Angeles scored runs like they were going out of style while the New York Yankees routinely added another length to their already commanding lead.

The Tigers battered Kansas City 17-2 and 6-2, the Orioles clouted Minnesota 14-4 and 6-2, and the Angels smothered Washington 17-0. Meanwhile, the Yanks pushed 11 games ahead with a 7-2 victory over their nearest challenger, the Chicago White Sox.

In the AL's other game, Lu Clinton's 13th-inning homer gave Boston a 3-2 decision over Cleveland, pinning a tough loss on Pedro Ramos.

Milwaukee clipped Los Angeles 6-1 behind Warren Spahn, cutting the Dodgers' National League lead to 5½ games. St. Louis' second-place Cardinals whipped Houston 4-1; San Francisco clobbered Cincinnati 11-3; Philadelphia beat Pittsburgh 4-2; and the Chicago Cubs nipped the New York Mets 6-5.

The Tigers collected 27 hits in the sweep over the Athletics, with Norm Cash the big belter. He had two homers in the opener, two singles in the second game, and finished with five runs batted in. Dick McAuliffe accounted for five Detroit hits, including a homer.

Beneficiaries of this burst of offense were Frank Lary and Phil Regan, both of whom coasted to complete game victories. The losers were Pete Lovrich and Dave Wickersham.

Baltimore broke loose for 30 hits against Minnesota and climbed over the Twins into third place, only two percentage points behind the White Sox.

Luis Aparicio and Jackie Brandt led the attack in the first game with four hits each as the Orioles knocked off left-hander Dick Stigman for the fifth straight time this season. Russ Snyder rapped a pair of homers and beat out a bunt single for Baltimore in the second game, chasing in four runs, and Jim Gentile also homered.

Milt Pappas and Robin Roberts each gained his 12th victory.

Ken McBride pitched six no-hit innings and wound up holding the Senators to three singles while the Angeles pounded a quartet of Washington pitchers for 19 hits. Felix Torres paced the winners with two doubles and two singles.

Joe Pepitone was the key man as the Yankees hung a loss on flutterball artist Hoyt Wilhelm in one of his infrequent starts. The knuckleballer went four perfect innings before Pepitone led off the fifth with a single, triggering a rally that produced two runs. Pepitone also singled in the clinching run after a double and stolen base by Bobby Richardson in the sixth, and banged a two-run single as the Yanks made it a breeze with four runs off Jim Brosnan in the seventh.

Jim Bouton allowed 10 White Sox hits and walked five, but went all the way for his 17th victory against six losses. Wilhelm is 2-8.

Clinton's homer was the third of the game off Ramos, but only the fifth hit given up by the Cuban right-hander in his 13-inning stint. He held the Red Sox without a hit until two were out in the seventh, when Carl Yastrzemski homered. Fireballing Dick Radatz ran his record to 13-4 with 4 2-3 innings of relief, checking the Indians on three hits and striking out seven.

*KC Chiefs*

# Lots Of Talent; Not Enough Fans

By DON WEISS
Associated Press Sports Writer

Looks like the same situation for the Kansas City Chiefs as they had when they were the Dallas Texans:

Lots of talent, not enough fans.

Only 6,865 turned up Friday night at their new rent-free diggings in Kansas City to see the defending American Football League champions rip the Denver Broncos 30-16 behind the eye-popping play of a couple of rookies and a bright sophomore quarterback.

In two home exhibition appearances, the Chiefs have drawn slightly more than 12,500—approximating the number of ticket requests the Green Bay Packers, the "other" champs, had to refuse for tonight's sell-out game with the Chicago Bears at Milwaukee.

Last week it was Eddie Wilson, the second-year quarterback from Arizona, with a 23 for 32 passing show in a 35-21 victory over Oakland. This time it was two lightning-fast rookies, former Olympic sprinter Stone Johnson of Grambling and Charlie Warner of Prairie View College in Texas.

With the Broncs leading 7-0 in the first quarter, Warner grabbed the Denver kickoff four yards deep in his end zone and flashed all the way for the matching touchdown. Then, after Gene Mingo's field goal had shoved Denver in front again, Wilson clicked with Johnson on a 32-yard pass play for the go-ahead Kansas City touchdown. By the time the Broncos scored again, there was one second left in the game and Kansas City had a 30-10 lead.

Action—and attendance—picks up tonight.

The National Football League, heading for a pre-season record with 507,697 already logged for 13 playing dates, has five games headed by the Bears-Packers showdown before 46,000 at Milwaukee's County Stadium.

In the others, Dallas plays Los Angeles at Portland, Ore., Detroit meets St. Louis at Omaha, Philadelphia plays Washington at Charlotte, and Baltimore takes on Pittsburgh at Atlanta.

## League Leaders

By The Associated Press

American League

Batting (300 at bats) — Yastrzemski, Boston, .325; Kaline, Detroit, .319.

Runs — Tresh, New York, 79; Yastrzemski, Boston, 78.

Runs batted in—Stuart, Boston, 93; Kaline, Detroit, 82.

Hits—Yastrzemski, Boston, 148; Kaline, Detroit, 146.

Doubles—Yastrzemski, Boston, 34; Causey, Kansas City, 29.

Triples — Hinton, Washington, 12; Versalles, Minnesota, 11.

Home runs—Stuart, Boston, 33; Killebrew, Minnesota, 28.

Stolen bases — Aparicio, Baltimore, 32; Hinton, Washington, 21.

Pitching (12 decisions) — Radatz, Boston, 13-4, .765; Bouton, New York, 17-6, .739.

Strikeouts — Bunning, Detroit, 153; Barber, Baltimore, 151.

National League

Batting (300 at bats) — Groat, St. Louis, .333; T. Davis, Los Angeles, .330.

Runs — Aaron, Milwaukee, 94; Flood, St. Louis, 91.

Runs batted in—Aaron, Milwaukee, 106; White, St. Louis, 91.

Hits — Pinson, Cincinnati and Groat, St. Louis, 171.

Doubles—Groat, St. Louis, 36; Pinson, Cincinnati, 34.

Triples—Pinson, Cincinnati, 13; Gonzalez, Philadelphia, 10.

Home runs — McCovey, San Francisco, 34; Aaron, Milwaukee, 33.

Stolen bases—Wills, Los Angeles, 26; Pinson and Robinson, Cincinnati, 25.

Pitching (12 decisions)—Perranoski, Los Angeles, 13-2, .867; MacBean, Pittsburgh, 13-3, .813.

Strikeouts—Koufax, Los Angeles, 233; Drysdale, Los Angeles, 215.

Infielder - outfirlder Leo Burke began spring training with the Los Angeles Angels, went to the Cardinals in late March and in late June to the Chicago White Sox.

The Air Force Academy football team this fall plays Washington, Nebraska and Boston College for the first time.

# JC Tourney Won By 17-Year-Old

By MIKE COCHRAN

MIDLAND (AP) — Poker-faced Don Iverson of LaCrosse, Wis., has proved conclusively that he's at his best when the golfing chips are down.

The stocky 17-year-old, who resembles burley Jack Nicklaus trudging down a fairway, carved a three-under-par 69 Friday to win the International Junior Chamber of Commerce Tournament in a breeze. Nicklaus once won it.

Entering the final round deadlocked for the lead, Iverson birdied four of the first five holes and swept on in to win the championship by a whopping seven strokes.

Iverson, who finally hit the jackpot after four previous attempts, wound up with a 72-hole total of 282, four under par at the Midland and Ranchland Hills Country Club courses.

"After being here five years, it feels terrific to be the international champion," he said, after smothering his two closest rivals, Jeff Riley of Panama and Wendell Coffee of Avondale, Ga.

Riley, 15, was tied for the lead after 54 holes but wilted in the scorching West Texas heat and soared to a 76 at the par 72, 7,040-yard Midland Country Club course.

"I ought to have had an 80," he said, complaining that his iron play was something less than spectacular. He said he intends to take another shot at the title next year.

Coffee, a powerful 16-year-old, slipped in with a 73 to tie for runner-up but lost the second place trophy to a par by Riley on the first hole of a sudden-death playoff.

Richard Anthony of Andalusia, Ala., and William Wade of Freeport, Tex., finished with 73 and 72 respectively to tie for fourth with 290s.

Leonard Thompson of Laurinburg, N. C., nailed sixth place with a 72 for 293, a stroke ahead of Robert Jewett of Fort Myers, Fla., who closed with a 73.

Lanky Charles Harris of Tyler, Tex., won the novice division in a close duel with Richard Ward of Lamesa, Calif., and Brian Garman of Mendon, Mich.

Harris, playing in his first international, fired a par 71 at Ranchland Hills to come from three shots back and nip Ward and Garman by a stroke with a 301 total.

Five strokes back after nine holes, he toured the back nine in one-under-par to erase the deficit. However, he missed a three-foot putt on 12 and said at that point "the situation looked pretty bad."

Ward beat German for the second place trophy, also with a par on the first hole of a sudden death playoff.

Steven Baca of Albuquerque, N.M., was awarded the Eisehower Trophy for sportsmanship and Louisiana won the team title with an aggregate four-player 36-hole total of 606.

The Louisiana quartet compiled a five-shot cushion over Texas and Michigan at 611. New Mexico was fourth at 616.

# Pott Relies On Red-Hot Putter

By JOE MOOSHIL

Associated Press Sports Writer

AKRON, Ohio (AP) — Lanky Johnny Pott, the only player to tie together sub-par rounds, hoped his red-hot putter would ward off the big-name challengers today in the third round of the $50,000 American Golf Classic.

The 27-year-old graduate of Louisiana State University, who has been on the tournament trail for seven years but has only three victories to show for his efforts, compiled a three-stroke lead over Bobby Nichols in the first two rounds of the 72-hole tournament.

Dropping birdie putts of 55 and 60 feet, Pott mastered the 7,165-yard Firestone Country Club course with a 32-36—68 Friday following an opening 67 for a five-under-par 135.

Miller Barber, who was tied with Pott for the first-round lead, had a 36-36—72 and dropped into a three-way tie for third place with Australian Bruce Crampton and 26-year-old Dave Hill.

Julius Boros, the U.S. Open champion, also in a tie for the lead after the first round, fell back with a 36-37—73 for a 140 total.

Jack Nicklaus, the PGA and Masters champion, could do not better than another par to tie Boros, Dave Marr and Gay Brewer Jr., while Arnold Palmer, still faced with putting problems, found himself six strokes off the pace with a 70-71—141.

Eleven others, including Gary Player and the Hebert brothers—Lionel and Jay—were grouped at 142.

Nichols, 27, had the best score of the second round. His 33-34—67 put him in a challenging position and he might have been even closer had it not been for a double-bogey 6 on the [illegible] No. 14. Oddly enough, Nicklaus also had a bogey on the same hole while Boros, Barber and Palmer all had bogeys. Not one of the leaders birdied the 14th.

The tournament's final two rounds will be televised nationally in part by ABC—today from 5 to 6 p.m., EDT, and Sunday from 4:30 to 6 p.m., EDT.

# Yugoslavia May Build Golf Course

By GERALD MILLER

BELGRADE, Yugoslavia (AP) — The plan to bring golf to Yugoslavia involves an American diplomat and the Yugoslav desire to make things attractive for tourists.

The Communist government is cautiously exploring the possibility of laying out a course.

Before World War II, when the nation was royalist, members of the royal family, foreign diplomats and other upper crust elements played the game. With the change to communism, Yugoslavia's two golf courses, in Belgrade and in Bled, were turned into general recreation fields.

The impetus for a golf revival came from Robert Cleveland of Washington, counsellor for economic affairs at the U.S. embassy here.

An ardent club swinger himself, Cleveland put around the idea that golf could help in Yugoslavia's drive to attract tourists.

The Tito government thought it over, concluded he might be right and called for the survey.

In bowling, the distance between the foul line and the headpin is 60 feet.

# Night-Time Golf Is Here

By WILL GRIMSLEY

Associated Press Sports Writer

SEWELL, N.J. (AP)—Okay, so nighttime golf is here. Now what?

"We won't play the National Open under arcs any time soon," said P. J. Boatright, assistant executive director of the U.S. Golf Association. "It's interesting and it's fun, but you can't expect it to take the place of daytime play.

"Night golf should lend itself particularly to the overcrowded public courses."

"It has its problems," added Fred Corcoran, tournament director of the International Golf Association. "I remember, I predicted back in 1939 that golf courses one day would be lighted, but it'll be a few years before this becomes a general fad."

Boatright and Corcoran were two of the many golf personalities invited to Tall Pines here this weekend to see a bit of golf history made—lighting of the first regulation course.

At a cost of $63,000 121 powerful mercury floodlights of 1,000 watts each have been mounted on 76 40-foot wood poles around the nine-hole course, pouring out light equal to the flame of six million candles.

Although driving ranges, miniature layouts and some 200 sporty par-three courses are illuminated for night play, this is the first man-sized course to beat the darkness barrier. Tall Pines, a private club, has holes comparable to those the pros play on tour, with 28 deep sand traps, 1,000 added trees and out-of-bounds on five holes.

A par five hole stretches 520 yards. A valley par four reaches 420 yards, and another 415. There is a par three of 215 yards. Played twice around, it measures 6,460 yards with par 35-35—70.

"It's not daylight, but it's the nearest thing to it and the best money can buy," said the owner of the little private club, Peter McEvoy, Sr.

Larry Dengler, marketing engineer for the electrical concern which installed the system, premovement toward lighted courses, with muncipal layouts in the van.

"It's a Godsend for the working man," added Dengler, of General Electric.

Leo Fraser, Atlantic City professional who hit off the first ball, said he found the greatest trouble was in judging distances. "That could be remedied with a lot of night play," he said.

Charles Arena, the swarthy host pro who shot an even par 35 on his first tour, said nighttime golf was just as easy as playing in the daylight but conceded: "You have to concentrate a bit more — you have to be more careful of every shot because you can't be as sure of your lie."

Stan Dudas, professional from nearby Moorestown, said he found the greens heavy and hard to judge because of the dew. "scraping with a bamboo pole would help," he added.

Several of the nocturnal enthusiasts thought an iridescent ball—one painted yellow as used in the early days of big league baseball under lights—might be an answer. Somebody suggested jestingly, a miner's cap with a strong light to focus on the lie of the ball as added equipment.

A few players lost balls in the rough. One marked his ball on the green with a dime, then couldn't find the dime.

"What frightens me," said another of the pioneers of moonlight play, "is what happens if the fuse blows and all the lights go out. You would need a seeing eye dog to get back to the club house."

# Top Ranking At Stake In Tennis Play

FOREST HILLS, N.Y. (AP)—The No. 1 world's ranking in amateur tennis will be the prize in the national championships, starting here Wednesday, and for the first time in a decade a couple of Yanks, and not the Aussies, are favored to grab it.

Chuck McKinley, the Wimbledon champion, and Dennis Ralston, the hottest commodity on the courts at the moment, are expected to sweep through their respective halves of the draw and set up the first all-American men's final since 1953. Tony Trabert was the last U.S. winner in 1955.

McKinley, the butterball bomber from San Antonio, Tex., and Ralston, the rangy young stylist from Bakersfield, Calif., have comparatively easy roads to the semifinals while dangers lurk for their chief rivals, Roy Emerson of Australia and Rafael Osuna of Mexico.

McKinley is seeded No. 1, followed in order by Emerson, the 1961 winner; Ralston and Osuna.

By an ironic twist, the pendulum in women's tennis has swung from the United States to Australia just as the men's division has taken the reverse turn. There appears no stopping Margaret Smith, the tall, muscular star from Sydney, seeded No. 1.

A total of 224 of the world's best players, including more than 100 champions from overseas, begin qualifying eliminations Wednesday at the West Side Tennis Club prior to official opening of the tournament proper Friday.

Sixty-four men compete for 16 vacancies in the men's 128-player draw. There are 96 girls playing —the best in the world—with no qualifying rounds necessary.

The 22-year-old McKinley, who hits every shot as if he wants to tear the cover off the ball, opens his campaign against Orlando Zuleta of Ecuador. If the tournament follows form, he must dispose of the veteran Vic Seixas of Philadelphia, 40 this month, in the round of 16 and Donald Dell, the former Yale star from Bethesda, Md., in the quarter-finals.

The quick, cat-like Osuna, in the quarter opposite McKinley, must wade through a section including such top-flight players as Ian Crookenden, the southpaw New Zealander; Pierre Darmon of France, veteran Ham Richardson and Arthur Ashe, the Negro Davis Cupper.

Ralston's first match is against a junior Davis Cup player, Walter Johnson. Barring his road to the round of four are Roger Taylor, the British Davis Cupper; India's good-looking Primjit Lal and Ken Fletcher of Australia. Fletcher looms the toughest.

Emerson, who won the crown two years ago only to fall last year before Rod Laver's sweep to the grand slam, must dispose of Mexico's Antonio Palafox and England's Bobby Wilson if he is to reach his appointed seeded spot. The rangy Queenslander has not played consistently winning tennis since he captured the Australian national crown last January.

The 1964 American Bowling Congress tournament is set for Oakland, Calif., Feb. 22-April 26.

# No-Hitter Pitched In Pacific Coast League

By The Associated Press

It's impossible to get Jerry Nelson to ease up on himself. His Oklahoma City teammates gave him a seven-run margin in the first three innings of a Pacific Coast League baseball contest with Salt Lake City Friday, but Nelson wouldn't ease up.

He bore down and refused to give the Bees a single hit as the 89ers trounced Salt Lake 9-1 and Nelson marked his 10th straight win. The Bees got their lone run when Jesse White got a walk in the fourth and came home on a throwing error and a sacrifice fly.

Elsewhere, Portland edged Seattle 5-4 to emerge from the Northern Division cellar, San Diego handed Tacoma its eighth straight loss 5-2. Spokane stopped Hawaii's winning streak at 12 with a 4-2 triumph and Denver beat Dallas-Fort Worth 4-2.

# Student And Teacher Vie In Finals

By BOB SALMON

Associated Press Sports Writer

WILLIAMSTOWN, Mass. (AP) —A gum-chewing high school student and a high school history teacher—both from the Pacific Northwest—square off today in the 36-hole final of the Women's National Amateur Golf Championship.

Making her first bid for the crown is 16-year-old Peggy Conley of Spokane, Wash., a candid little teen-ager who calmly fired a one-over-par 73 in her semifinal match Friday as she became the youngest finalist since 1896, when the national amateur was in its second year.

Her opponent is effervescent, dark-haired Anne Quast Welts, 25, of Mt. Vernon, Wash., who is aiming for her third title in 11 tries.

Mrs. Welts' semifinal victim on Taconic Golf Club's exacting, 6,195-yard course was defending queen JoAnne Gunderson, also a native of Washington State but now living in Providence, R.I. Miss Gunderson had won three times since 1957.

"How do I feel?" Mrs. Welts answered breathlessly after her 3 and 2 victory. "Thrilled, simply thrilled to pieces. I guess it must have been my best match ever. But I was like everybody else when we started, feeling that JoAnne was practically unbeatable."

Miss Conley's 1-up triumph was posted over college junior Carol Sorenson of Janesville, Wis. The chubby cutie, who was runner-up in the junior championship last week, finished one under the women's competitive course record of 74 but did not hole out all her puts. Women's par here is 36-36—72.

"If I don't get untired soon, I don't know what I'll do," remarked Miss Conley, who has been bothered by a slight virus infection. "I've never even seen Mrs. Welts play, let alone ever played her. I think I'll need about 80 hours of sleep to catch up after this week."

# "Old Man" Spahn Beats Dodgers 6-1

By MIKE RATHET

Associated Press Sports Writer

Graybeard Warren Spahn, Suddenly turning into a Bluebeard against Los Angeles, has taken another step toward his 13th 20-victory season while shaving the Dodgers' National League lead to 5½ games.

Given home run support by Eddie Mathews and Hank Aaron, the 42-year-old Milwaukee left-hander posted victory No. 16 Friday night, scattering nine hits in a 6-1 triumph over the Dodgers.

Time was when Spahn got a paid vacation when the Braves met the Dodgers. He went into the season with an 18-34 record against his worst tormentors, but has developed into a Dodger killer with a 4-0 record against the front-runners this year.

Second-place St. Louis gained a game with a 4-1 decision over Houston behind Bob Gibson's five-hitter.

Third-place San Francisco closed to within 6½ as Chuck Hiller and Tom Haller connected for homers and Willie Mays lashed a double and triple in an 11-3 victory over Cincinnati and 18-game winner Jim Maloney.

Fourth-place Philadelphia, only 7½ back, defeated Pittsburgh 4-2 and the Chicago Cubs snapped a three-game losing streak by edging the New York Mets 6-5.

The American League leading New York Yankees belted the Chicago White Sox 7-2, Baltimore crushed Minnesota in a twi-night doubleheader 14-4 and 6-2, Detroit walloped Kansas City in a pair 17-2 and 6-2, the Los Angeles Angels thumped Washington 17-0 and Boston defeated Cleveland 3-2 in 13 innings.

For a while at Los Angeles, it looked like father and son night, with Spahn making his 601st major league start against Dick Calmus, a 19-year-old Dodger rookie starting for the first time. Calmus lasted less than an inning as Mathews chased him with home run No. 19. Aaron connected in the ninth for his 33rd homer. Spahn, now 16-5, was touched for the Dodgers' only run in the first on a single by Maury Wills, an infield out and Tommy Davis' single.

The Giants hammered Maloney, 18-6, and Jim Coates for 16 hits, Haller's homer breaking a 3-3 tie in the fourth.

Bob Bolin, working in relief of Jack Sanford, got the victory, his eighth against four losses.

The Cardinals scored their runs in the first inning against Dick Farrell, 10-10, helped by Colt catcher John Bateman's wild throw on a double steal by Curt Flood and Bill White. Flood scored from second on the play, George Altman doubled in two more runs and Julian Javier singled in Altman. Gibson, 14-7, struck out 12 but lost his shutout in the eighth.

Wes Covington's two-run homer in the third inning off Don Schwall, 6-9, put the Phillies ahead to stay before they pushed across the deciding run in the fifth on a walk, a hit batter and an error by Bob Bailey. Strong relief pitching by Jack Baldschun preserved the victory for Dennis Bennett, 7-2.

Billy Williams drove in five runs with his 20th and 21st homers and a sacrifice fly as the Cubs beat the Mets. Ron Hunt and Duke Carmel homered for New York. Paul Toth, 5-8, picked up the victory. Larry Bearnarth, 2-6, was the loser.

## Demonstration Takes A Different Twist

OMAHA, Neb. (AP) — Omaha has seen something different in the way of a racial demonstration.

It was a war dance staged Friday by Indians of the Omaha tribe to dramatize the plight of the red man in the white man's cities.

Two Indians in feathers and paint danced. Two others thumped war drums for them. A spokesman said about 100 more turned out to support the demonstration on Omaha's downtown courthouse lawn.

**MITZI GAYNOR**, one of the entertainment world's most versatile actresses, co-stars with Kirk Douglas, Gig Young and Thelma Ritter in Universal's new romantic comedy, "For Love or Money." The attractive Miss Gaynor plays a charming motivational research analyst who meets her match when she discovers Kirk Douglas, a bachelor, man-about-town who is contracted as matchmaker for three beautiful girls. William Bendix, Julie Newmar and Leslie Parrish complete the cast.

## Compressing Campaign Into 90 Minutes Is Big Challenge

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — How do you translate an American presidential campaign into 90 minutes of compellnig television viewing?

That is the challenge faced by David L. Wolper Productions, which now is preparing a documentary based on the Pulitzer prize-winning "The Making of the President 1960." Fortunately, Wolper has the aid of the author, Theodore H. White.

"It has been a big job," said White, a bespectacled, New York-based writer. "I came out here last April and we laid out the script, just as if all the film we wanted was available to us. Then I went home and the Wolper people began combing the country for film, going through millions of feet from every source possible.

"They managed to uncover nearly everything that was needed. Something was amazing, though. Those of us covering the campaign thought it was being photographed from every conceivable angle. Yet there are some blank spots.

"For instance, we could find no film on Kennedy's final speech on election eve from Faneuil Hall in Boston. Yet there was some wonderful stuff taken an hour earlier when he was speaking spontaneously to his own Irish in the city from which he sprang."

The film assembled, then began the monstrous job of cutting and arranging it. White is here to approve the selection of film and write the narration.

The final product will be fitted with an Elmer Bernstein score and ready for showing probably after the first of the year. A deal with a network and sponsor is in the works.

White, veteran correspondent in China and Europe, was inspired to undertake "The Making of the President 1960" by his love of politics. He was able to afford the two years off because of movie sales of two novels—"The Mountain Road," which starred James Stewart, and "The View From the 40th Floor," which was bought by Gary Cooper and remains in his estate.

"I was in a fortunate position because I could tell the candidates and their lieutenants that whatever they told me would not appear in print until after the election was over," he remarked. I got good help from some of those around him."

Yes, there will be a "Making of the President 1964" and on and on. White plans to chronicle the presidential races until 1980, leaving behind a unique closeup view of what he feels is the most exciting story in the world.

## TOP TV TONIGHT

By BUD EVANS

9:00 NBC "Show of the Week". A British police superintendent is forced to use brutal methods in quelling terrorist activities on Cyprus during the murderous conflict that preceded independence for the Mediterranean island. John Mills stars with Ina Balin, Robert Loggia and Murray Matheson in "The Interrogator". COLOR.

OTHER HIGHLIGHTS

11:55 CBS "Game of the Week" remains in New York for the game between the Yankees and the Chicago White Sox.

12:00 NBC "Major League Baseball" returns to the American League for the game between the Boston Red Sox and the Cleveland Indians. This game will be joined in progress.

2:30 ABC "American Golf Classic" is wrapped up today at the Firestone Country Club in Akron, Ohio. This is a 90-minute sport special.

5:00 CBS "Twentieth Century" presents a study of the impact of the Communist Bloc's propaganda showpiece - the Eighth World Youth Festival held in Helsinki - in officially neutral Finland.

6:30 NBC "Walt Disney" presents the backstage story of the motion picture, "20,000 Leagues Under the Sea", and a cartoon history of man's efforts to conquer the ocean depths. This was an Emmy winner when originally released. COLOR.

7:00 CBS "Ed Sullivan". Kate Smith, Steve Lawrence, Ann Margaret, the Italian Mouse and Vaughn Meador headline this rebroadcast. Meador is seen in some comedy sketches from his second album. Other guests include comedienne Totie Fields, South American vocal impressionist Lucho Navarro and the cast of the revue "New York Coloring Book".

8:00 NBC "Bonanza" repeats the show in which Hoss Cartwright suffers amnesia from a blow on the head and is almost "kidnapped" by a Dutch couple who are still mourning the loss of their own son. Signa Hasso and Robert Emhart are starred in "A Stranger Passed this Way". COLOR.

8:30 CBS "True". When a shotgun blast snuffs out the life of a fellow officer, an agent of the alcohol and tobacco tax division of the Internal Revenue Service gets into motion a plan to smash a modern-day Florida bootlegging syndicate. Jack Webb is host.

## Town Has 'Postwoman'

RICHARDSON, Tex. (AP)—The Post Office Department has added the woman's touch to its mail delivery here. It has hired the city's first woman letter carrier.

Trudy Nickels, 33, stepped off 16 miles a day for three days recently.

But blisters have temporarily put her on the sidelines.

Mrs. Nickels, a former secretary and the mother of two daughters, 10 and 13, soaked her aching feet at her home in this Dallas suburb, but with a smile.

"I love carrying the mail and will be back on the job September 3," she said.

There's another problem though: what to wear.

She has a letter carrier's hat, but until the Post Office Department decides on her uniform, she will wear a street dress.

The management of Meramec Caverns in Stanton, Mo., has hired dozens of college boys to drive the bats from the cave and then put up a screen to keep them out. They're calling it "Operation Com-bat."

## Sustained Chills In Ghost Story

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP)—The new movies — hot weather hint: See "The Haunting" for sustained chills.

"The Haunting" harks back to a host of other movies about bewitched houses. But it is slickly directed by Robert Wise for the utmost thrills.

The plot is simplicity itself: A scientist (Richard Johnson) enlists some researchers to live in what is claimed to be a bona fide haunted house. His helpers are a troubled girl (Julie Harris) experienced with poltergeists (noisy ghosts) and another (Claire Bloom) who is expert in extrasensory perception. Also on hand is a scoffer (Russ Tamblyn) who will inherit the house and wants to watch his investment.

They settle down for the night and the strangest things start happening. Muffled cries. Turning doorknobs. Cold blasts of air. Doors that bend like rubber.

The action and the ending are valid—if you believe in ghosts.

Does a movie have the right to bore its audience?

Some film festival juries, European directors and highbrow critics seem to think so.

We have been visited in the last two or three years by several highly acclaimed European movies which are brilliant in part but numbing in their length and detail.

"The Leopard," best-picture winner at the Cannes Festival, is the latest example.

Although it stars American Burt Lancaster, the film is distinctly Italian. Its inability to hold an American audience was demonstrated at the Hollywood premiers. There were more walkouts than at any film opening within memory.

Inside the overwhelming bulk of "The Leopard" is a brilliant film trying to struggle out. The Italian version ran 205 minutes; it was cut to 180 minutes for the American release. At two hours or less it might be a winner.

## Suicide Tries Are Denied

LOS ANGELES (AP)—Actress-singer Joan O'Brien, trying to regain custody of her two children, has denied claims she tried three times to commit suicide.

The alleged attempts were described in affidavits filed by two former husbands who now have custody of the children.

Miss O'Brien testified in Superior Court Friday that in alleged suicide attempts last April 16 in Las Vegas and in 1957 she took only tranquilizers and "did what appeared to look like an attempted suicide, but was not."

She also denied a suicide attempt when she cut her wrist with a razor after being hospitalized in Las Vegas.

She said she faked the attempts to gain sympathy.

Miss O'Brien's first husband, singer William Strange, 32, now has custody of their son, Russell Glenn, 7; her second husband, television executive John F. Myers, 41, has custody of their daughter, Melissa Ann, 5.

In a separate action, Miss O'Brien, 27, is seeking a divorce from her third husband, actor Harvey Allen, 31. The couple married five months ago in Las Vegas.

America's first maker of globes was James Wilson, farmer and blacksmith of Bradford, Vt.

# AMUSEMENT

**THERE'S A SLIGHT DIFFERENCE** of opinion between GI's William Bendix and Rory Calhoun in this scene from "The Young and the Brave," suspensful action-drama with a Korean War setting. It is coming to the Canyon Drive In Theater here Thursday, Aug. 29.

## 'The Body' Is On Probation

LOS ANGELES (AP) — Actress Marie McDonald has been placed on three years' probation on charges of forging prescriptions for a pain-killing drug.

Her attorneys described her in court Friday as "an average housewife" and said that she used the drug—percodan—only to kill the pain of an ulcer.

She was arrested after narcotics agents said they found that she had forged a doctor's name to two prescriptions for the drug, which is classified as dangerous and possibly habit forming, but not a narcotic. The sentence also covered a charge of illegal possession of the drug.

A medical report filed with the court indicated that Miss McDonald, 40, was not addicted to the drug.

## Weekend Dinner

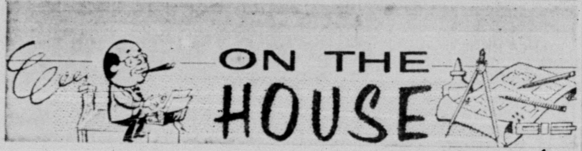
Roast this turkey Saturday and use the planned-overs for a no-cook Sunday picnic dinner.

Roast Turkey with Mushroom Stuffing
Creamed Celery
Potatoes
Salad Bowl
Bread Tray
Watermelon

### MUSHROOM STUFFING FRANCES

½ cup butter or margarine
1 pound mushrooms, sliced
1 cup boiling water
¼ cup dry onion soup mix (just as it comes from the package)
1 bag (8 ounces) herb-seasoned bread stuffing

In a large deep skillet, melt the butter. Add the mushrooms and cook lightly, stirring often. Mix in the boiling water and dry onion-soup mix. Add the bread stuffing; mix well. Use as stuffing for an 8 to 10 pound ready to cook turkey.



# ON THE HOUSE

AP Newsfeatures

Can you sell your house yourself?

Of course you can.

Will this save you the real estate broker's commission?

Of course it will.

But hold a minute. It's not that simple. A representative of a real estate office usually can sell your house faster than you can yourself and often get a better price for it. As a third party, he is in a much better position to negotiate when there is a difference of opinion over price, which there usually is. And if he is familiar with the area (a good reason to select a broker or realtor from your own neighborhood), he can weed out the curiosity seekers from the actual potential purchasers.

Incidentally, if you do decide to sell your own house, check on whether your local laws permit the posting of a "for sale" sign. Some don't. Newspaper advertising is the best bet. In composing such ads, stick to the facts people are interested in and avoid flowery phrases.

If you will just remember the things you looked for when you bought the house, you'll know what is important when you get around to selling it. A dingy exterior will discourage many persons from even looking at the interior. Overcrowded closets will give the impression there isn't enough closet space. Fingerprints on the walls make it appear that the occupants aren't keeping the children in check. Caked grease on the stove burners indicates carelessness in cleaning chores. And so on. Actually, the houe itself may be a solidly built structure which actually is an excellent buy. But people are swayed in their purchases by little things. A $15,000 deal may go awry because the seller neglected to spend a few dollars on a simple repair.

When a professional — a speculator, if you will — buys a house for resale, the first thing he does is to put it in shape. It is curious to note, however, that many other persons begin to let things slide as soon as they make up their minds they'll be moving soon.

Remember that expenses incurred for the specific purpose of selling your house can be deducted when you get around to telling Uncle Sam how much profit you made on the sale.

It is perhaps sad, but true, that the prospective buyer of an old house does not expect to pay the first price quoted. He figures that the asking price will not be the final price. And the seller knows that the buyer expects this, so he asks more than he expects to get. The final figure usually is a compromise that is somewhere near what the seller should have asked for the house in the first place. It's a kind of game that the buyer and seller play, with each pretending that he doesn't know the strategy of the other.

Plain Jane meals become company - special when you serve home-baked quick breads. Delicious biscuits or muffins, for instance, take only minutes to prepare. While they bake, you have time to take care of last minute meal preparations and set the table.

MRS. JACKIE B. WASSON
. . . nee Jolene Sheid

# Miss Sheid Become Bride Of Jackie B. Wasson Aug. 17

In a candlelight ceremony read Saturday evening, Aug. 17, in the sanctuary of the Thirty-seventh Street Church of Christ, Jolene Sheid became the bride of Jackie B. Wasson.

Mr. and Mrs. J. O. Sheid, Jr. of 3303 Avenue A are the parents of the bride. Mr. and Mrs. Ray Wasson of Andrews, formerly of Snyder, are the bridegroom's parents.

Officiating for the double ring ceremony was Richard Wliliams minister of the East Side Church of Christ. The sanctuary was decorated with matching brass tree candelabras holding tapers and arrangements of emerald green foliage. The center of interest was the arched candelabra holding fifteen tapers and green foliage in a sunburst arrangement. White satin pew bows and green foliage marked the mother's pews.

Paul Daniel and Albert Rainwater, both of Snyder, seated guests and Billy Durham of Snyder and Mike Sheid of Fort Worth, cousins of the bride, lighted tapers. Brenda Durham, the bride's cousin presided at the registry.

The bride, given in marriage by her father, chose a gown of white peau de soie fashioned with a fitted bodice featuring a sweetheart neckline, elbow length sleeves and the back was fastened with small buttons. The dress was topped with a waist length bolero jacket of lace. The gown was enhanced by the bouffant bell-shaped skirt. A crown of seed pearls held her tiered veil of silk illusion. The bride carried a cascade bouquet of white gladioli florets centered with a white glamilla. Variegated English Ivy and white satin streamers were used for accent.

Attending the bride were Mrs. Lynn Herndon, matron of honor; Miss Ginny Sims and Miss Linda Durham, cousin of the bride, as bridesmaids. The attendants wore identical dresses of nile green peau de soie featuring fitted bodice, elbow length sleeves and bell-shaped skirts. They wore miniature pill box hats of nile green with matching scalloped veils of tulle. They carried cascade designed bouquets of gladioli florets in talisman colored tones centered with glamillas. Dawn and Scott Burt, cousins of the bride, were flower girl and ring bearer respectively.

Gail Read served as best man. Groomsmen were Allen Keaton and Lynn Herndon.

Mrs. Sheid wore a nile green sheath dress and her corsage was gardenias. Mrs. Wasson chose a sheath dress of beige cotton lace and her corsage was gardenias.

Immediately following the ceremony, the reception was held at the Village Banquet Room. The table was laid with a white organza cloth over a white linen cloth. Appointments were of crystal and silver. Misses LaQuita Reed and Felicia DuPont presided at the table.

For the wedding trip to Ruidoso, N. M. the bride wore a white silk linen sheath and her accessories were of blue. After the 15th of September, the couple will make their home in San Angelo where the groom will attend San Angelo College.

Out of town guests were from Lubbock, Big Spring, Andrews, Fort Worth, Breckenridge, Levelland, Hereford, Sweetwater and Midland.

The rehearsal dinner was hosted by the groom's parents Friday night at the '66' Restaurant.

# Miss O'Neal Weds Gaylon W. Dabbs

Miss Carlo B. O'Neal became the bride of Gaylon Wayne Dabbs in an Aug. 16 ceremony in the home of the bridegroom's parents.

The bride is the daughter of Mr. and Mrs. C. B. O'Neal, 805 Twenty-fourth Street. The groom's parents are Mr. and Mrs. W. M. Dabbs, Route 2.

The bride's street-length dress was of silk organza over taffeta, with a self embroidered scalloped neckline. Her flowers were a cascade bouquet of white feathered mums centered with a removable corsage of Frenched mums which the bride wore on her traveling dress.

Richard Williams, minister of the East Side Church of Christ officiated at the double-ring ceremony.

The bride was attended by her sister, Connie O'Neal, as maid of honor. The maid of honor wore a white linen suit, and her flowers were pink carnations.

The bride was given in marriage by her father.

Tommy Boothe, a cousin of the bridegroom, served as best man. Gary Massingill ushered.

The reception was held immediately following the ceremony, with Misses Diana Price and Kay Pitner presiding at the cake.

Following a wedding trip to Red River, N. M. the newlyweds will make their home at Route 2, Snyder.

# Miss McCollum, Mr. Hambrick Wed

Miss Dianna Lee McCollum became the bride of Mr. Larry Jim Hambrick Aug. 9 at 8 p.m. in a double ring ceremony at the Avenue D Baptist Church.

Mrs. Hambrick is the daughter of Mr. and Mrs. L. R. McCollum of Sacramento, Calif. Mr. Hambrick is the son of Mr. and Mrs. M. M. Walters of Midland.

The Rev. Marvin Tenneyson, pastor of the Baptist Church of Eunice, N. M. officiated. George Reddin of Snyder, grandfather of the bride, gave the bride in marriage.

The bride was attended by Mrs. Linda Lane of Snyder as her matron of honor.

For the wedding ceremony the bride chose a winter white sheath dress with black accessories and a black hat with a small veil. Her gloves were winter white kid. Her flowers were feathered mums.

The groom was attended by Bobby Mitchell of Midland as best man.

Music was furnished by Mrs. E. L. Kubala at the organ. Soloist Judy Tenneyson sang "I Love You Truly."

Following the ceremony a reception was held at the Avenue D Baptist Church Fellowship Hall.

The traditional three-tiered cake was presided over by Mrs. Olin Lane and Mrs. C. L. Thompson. Miss Judy Tenneyson presided over the bride's wedding book.

The newlyweds are at home in California.

# *WOMEN'S CALENDAR*

Those attending were Mrs. J. B. Todd, Mr. and Mrs. Howard Shore, Mr. and Mrs. J. Monthey, Dorothy and Mike, Mr. and Mrs. O. R. Black and Nancy, Mr. and Mrs. Melvin Todd, Lorene and Ray Lynn, all of Lamesa; Mr. and Mrs. Tobe Hill, Wanda and Larry Dean, Mr. and Mrs. Wayne Hill and Laura Lee and Mr. and Mrs. Lee Mac Neuhercutt and Shayne, all of Hobbs; Mr. and Mrs. Joe Rider and Duke of Carlsbad, N. M. Mr. and Mrs. Lloyd Ramsey and sons of Lubbock, Mr. and Mrs. Donnie Dove of Abilene, Roy Todd of Amarillo and Mr. and Mrs. Vernon Todd, Verna and Janice.

MR. AND MRS. GAYLON WAYNE DABBS

## Company Dinner

Refreshing tangy dessert for a hot summer day.

Fried chicken
Hominy Grits
Green Peas with Butter Sauce and Mushrooms
Sliced Tomatoes
Bread Tray
Frozen Lemon Cream
Beverage

**FROZEN LEMON CREAM**

1 cup milk
1 cup cream
1 cup sugar
Grated rind and juice of 2 lemons
2 to 4 teaspoons ginger

In a mixing bowl, stir together the milk, cream and sugar until sugar is entirely dissolved; stir in ginger. Set the bowl in the freezer or pour the mixture into a refrigerator tray and freeze it until it is mushy. Add grated lemon rind and juice; beat well with a rotary beater; freeze again for 2 hours. Beat again thoroughly and return the cream to the freezer to stiffen and store. Makes 3 pints. To store, Frozen Lemon Cream may be packed in a plastic container and covered tightly.

Note: For a slight subtle taste of ginger, use the smaller amount; for more distinctive ginger taste, increase the amount.

**JUNIOR GIRLS** at the 4-H Camp concentrated on making smocked pillows in the crafts part of the camp. Leaders helping the juniors, (standing) are Nelda Rannefeld, Sheila Mason, Carolyn Collier and Shirley Stirl. The leaders learned to smock at the pre-camp session at Lake Thomas Aug. 8.

**DISCUSSING RECREATION** are Judy Tate, Brenda House and Debbie Mathis, leaders of that portion of the 4-H Camp activity. Recreation was planned for mealtime and evenings, and included group singing, contests and active games. A vesper service around a campfire ended the evening's recreation for the campers.

**BLACK SUEDE LEATHER**—A loafer by Jole'ne designed for fall wear everywhere. It's smart in appearance and crafted for a perfect fit.

## Sunday Brunch

Use a jar of this jam right away, but store some to brighten a winter meal.

Cantaloupe Cup
Roast Beef Hash with Steamed Fried Eggs
Cornmeal Muffins
Plum Jam

### PLUM JAM

- 4 pounds fresh plums
- ½ cup water
- 1 box (1¾ ounces) powdered pectin
- 8 cups sugar

Wash plums, remove pits and chop. Place in a deep 6-quart kettle with water. Cover and simmer 5 minutes. Remove cover, add powdered pectin, and bring to a rapid boil, stirring rapidly all the while. Add sugar and bfing to a full rolling boil, stirbring to a full rolling boil, stirmove from heat. Skim off foam and continue skimming for 5 minutes to cool slightly. Ladle into hot, sterilized jars. Seal at once. Makes about 12 one-half pint jars.

Chief indhstries of India are textiles, chemicals and steel.

## Clean Feet A Must For All Diabetics

Gangrene of the feet, a condition feared by diabetic pateients, may be prevented by diligently observing ordinary hygienic measures.

A Life & Health magazine article by Dr. Edward Podolsky recommends washing the feet every day with warm water and soap, and treating corns and calluses by soaking the feet in warm — not hot—soapy water.

**THE 4-H AWARDS PROGRAM** was presented by leaders Connie Sterling and Marsha Mathis. County, district, and state ribbons were on display, and the campers were told how each was received, as well as how to get other special awards such as Leadership, Recreation, Electric, Food Preparation and others.

**BETTER RECORD KEEPING** was the aim of the class entitled 4-H Records. Pictured demonstrating the use of a record file are the leaders of the group, Sue Sorrells, Diane Erwin and Dian Holamon. Each camper was expected to make a record file and keep a record book.

## Honeyed Ham And Yams

Take it outdoors before it's cooked; cook it there and eat it there too if you like. Ten years ago millions of eyebrows would have shot up at this comment but today even apartment dwellers know the versatility and convenience of outdoor grills.

Perhaps one of the nicest things about cooking outdoors is that meals you wouldn't think of making inside on a hot summer day may be planned without concern about heating the house.

If you're wondering what to serve tonight or tomorrow, consider Outdoor Grilled Honey Glazed Ham Slices and Honey Yams, a green vegetable and fresh fruit salad. Once your family gets a taste of honey on ham and yams the dish will probably become a year round favorite. When outdoor dooking days are over you can make Honey Glazed Ham Slices and Honey Yams in the oven.

### OUTDOOR GRILLED HONEY GLAZED HAM SLICES

- 2 slices ham ½ inch thick
- dash ground cloves
- 1 cup honey
- 2 tablespoons prepared mustard

Sprinkle ham slices with cloves. Blend honey and mustard. Spread on ham. Place on grill until heated through brushing with honey mustard mixture while cooking.

### HONEY YAMS

Boil 6 medium-sized sweet potatoes without paring them. When tender drain and remove the skins. Cut in half lengthwise and arrange in a buttered baking dish. Season with salt. Heat ¼ cup butter, ½ cup honey, ½ cup orange juice, add to potatoes. Wrap in double aluminum foil and heat on the grill or bake in quick oven (400 degrees) until potatoes are brown.

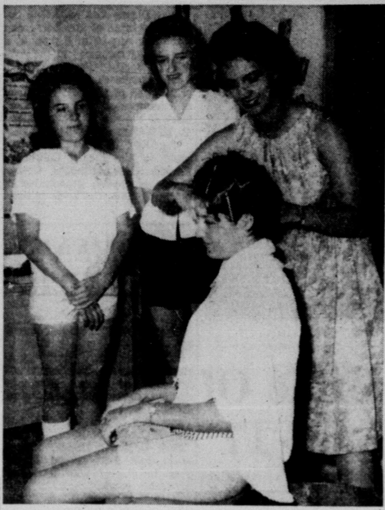
**LEADING THE COURSE ON LEADERSHIP** were these girls who had attended the Leadership school at Levelland. They are Joy Stirling, Gwen Landrum, Linda Wiggins are Kathryn Helm. Public speaking and simple parliamentary procedures were taught the campers along with helpful hints on how to become a leader.



**CLOTHING GROUP** leaders Debra Fikes and Betse Ashley watch as Mrs. Howard Sterling demonstrates a portion of the grooming phase of this group's activity on Linda Wiggins. Also demonstrated were proper care of nails, color selection for each girl's coloring, and proper walking, sitting, and turning.

## Suds-Polish-Rinse Spots From Stainless

To remove cooking splashes and residue from a stainless steel tea kettle, wash it in hot soap or detergent suds and rinse with hot water. Use silver polish on any streaks or spots, then rinse again with hot water and dry thoroughly with a clean dishtowel. This treatment also applies to automatic coffee pots and toasters.

## State Fair Entries Due Soon

"Time's a wasting" for those who plan to complete in divisions of the Women's Department at the 1963 State Fair of Texas. Although the big event will not officially open until Oct. 5 this year, entry deadlines are only weeks away, according to Mrs. Leah Jarrett, director of the department. Dates of the 1963 Fair, "Exposition of Our American Heritage," are Oct. 5 through 20.

The first deadline is for the Photographic Contest, she noted. All entries for both black-and-white and color competitions must be received by 6 p.m., Friday, Aug. 30, accompanied by an official registration form. These forms are available in the Women's Department.

Entrants in the Clothing Contest should send a completed registration form to the Women's Department no later than Sept. 4, Mrs. Jarrett said. Upon receipt of the form, identification tags will be mailed back to the contestant. The actual garments, with tags attached, must arrive at the department between Sept. 9 and 13.

By Sept. 3, registration forms should be submitted for the following divisions: Art, Designer-Craftsmen, Leather, Hand Painted China, Miscellaneous Arts, Holiday Corner, Needlework, Foods, Antiques and Hobby Collections. Articles for competition in these divisions must be received between Sept. 20 and 24.

"It is most important that all Women's Department entrants submit the official registration forms," Mrs. Jarrett emphasized. She explained that the forms have two vital uses. In four division—Art, Holiday Corner, Foods and Needlework—tags are mailed to contestants as forms are received. The tags must accompany entries in these division. "In addition, the forms give us a general idea of the number of entries so we can plan exhibit space," Mrs. Jarrett added.

Registration forms may be obtained by writing to the Women's Department, State Fair of Texas, Dallas 26.

THE HAND THAT ROCKS THE CRADLE--

# Space Age Industry Sparks Giant Economic Revolution

EDITORS NOTE—The billions of dollars being ploughed into space age industry are financing one of the most amazing revolutions this or any country ever saw. It affects every part of the country, but is being felt most sharply in a 1,500-mile crescent sweeping from Texas through Florida. This article rounds up a story of drastic, spectacular change.

By BEM PRICE

WASHINGTON (AP) — Across the land there is now under way an awesome mustering of men, industrial might and skills.

This gathering of resources already is one of the quiet economic revolutions of our time, especially in the Southeast.

The United States is tooling up to send men on expeditions of exploration to the moon and beyond.

The goal has been defined by President Kennedy—a landing on the moon by the end of this decade.

Now beginning is the massive task of translating dreams into concrete, converting promises into space ships, boosters and tracking stations.

It is a $20 to $40-billion job, perhaps much more.

But it is something else.

It is the founding of a new and basic industry, sired by the missile age, for the 21st Century, a government-financed industry built on applied physics, mathematics, chemistry, medicine, astronomy and electronics.

For many it is the knock of opportunity.

For example: In 1957, one of the nation's old line air carriers, United Aircraft Corp., set up a one-man space firm called the United Technology Center at Sunnyvale, Calif., to work on missile fuels.

Now, six years later, United Technology has 2,400 employes.

Just 10 years ago five men in Huntsville, Ala., founded the Brown Engineering Co. with $50,000 in borrowed capital. Brown now has 2,800 employes and a weekly payroll of $422,000.

The bulldozers routing the wild pigs in the swamp and piney woods of southern Mississippi, the huge dredges creating dry land from the bottom of the Banana River in Florida are but symbols of this quiet revolution.

The space-moon program, known as Project Apollo, is becoming concentrated along a 1,500-mile crescent, beginning 22 miles south of Houston, Tex., sweeping through New Orleans and southern Mississippi and ending 35 miles south of Miami in a Florida swampland.

The star decorating this crescent is the George C. Marshall Space Flight Center at Huntsville, where the huge boosters that are needed to drive space ships to the moon are designed and the course to the moon is charted.

Over the next five years, the National Aeronatucs and Space Administration is going to spend close to $1.5 billion along this arc for the building of space centers.

Over these five years the builders of a moon port at Cape Canaveral, Fla., will pour in some 20 million tons of material for launching pads, causeways, missile assembly buildings and control centers.

Sooner or later, scientists feel, the vast distances of the solar system will require new means of propulsion—nuclear propulsion.

To build and test such nuclear components, the government is contemplating construction of a complete town of 8,000 population at Frenchman's Flats in Nevada.

This projected new town will be built entirely by private contractors without use of federal funds. It would be self-governing from the start unlike previous government-supported towns, such as Oak Ridge in Tennessee.

By the time the first astronauts depart for the moon, around 62,000 people will have permanent jobs in government-operated installations along the Gulf of Mexico arc.

These include the space flight center at Houston, the Michoud ordnance plant at New Orleans, the Mississippi test operation in Hancock and Pearl River counties Miss., the space flight center at Huntsville and the launch operations center at Cape Canaveral.

Just to build or modify these installations will provide employment by 1968 for some 20,000 construction workers.

There is no counting of the number of people who will find jobs in industries supporting the Apollo program.

Some idea of what all this means, though, can be gleaned from a sort of rule-of-thumb used by the Department of Commerce.

The department figures that whenever 100 new jobs are created in a community, this brings in a total of 296 people, establishes 112 new households and generates $590,000 in additional personal income annually.

Further, classrooms are needed for 51 more children, retail sales increase by $360,000 and 107 more automobiles are added to the traffic jam.

To reach the moon by 1970—and to acquire the foreknowledge needed for the trip—NASA will spend nearly $3.2 billion this year on manned space flight.

The military man-in-space program will add another $1.7 billion.

Meanwhile, there is money to be made in land speculation — some lots have jumped from $100 to $3,400 an acre—the building of new homes, shopping centers, motels, hamburger stands and branch banks on the fringes of the space centers.

There is now under way, almost unnoticed, a migration which reverses the western trend followed by the nation for more than three centuries.

If past experience at Huntsville and Cape Canaveral is any indication, about 70 per cent of the people needed to man and support these space centers will come from outside the Southeast.

From Huntsville to the Cape, the men whose job it is to recruit these professionals for the space age say they are attracted by two things: the challenge of the job itself and the opportunity to further their own educations.

This abrupt influx of people has brought problems—housing, new schools, roads, sewers, water, street lights and telephones.

But these are all needs that provide employment.

There is one other aspect of this influx which is bringing change. The newcomers have brought with them an indifference to the South's race problem. They are preoccupied, by and large, with reaching the moon.

At Huntsville, New Orleans and Cape Canaveral, it is possible to find white persons and Negroes working side by side at clerical and professional jobs; not many to be sure, but chiefly, say the employers, because there aren't many Negroes with the required skills.

By its very nature, the space age spells change. And, if the Huntsville, Ala., experience is any criteria, the change in the Southeast, or at least parts of it, will be drastic.

# New Crew Is In Training

LYNCHBURG, Va. (AP) — A new captain and crew are being trained under a program aimed at putting the nuclear ship Savannah back on the high seas next May—a year after she was idled by a union dispute.

The plans were announced Thursday by American Export Isbrandtsen Lines and Babcock Wilcox Co. engineers who are training the crew.

The Savannah, temporarily decommissioned, is at Galveston, Tex.

David McMichael, a former States Marine captain, will be the new skipper.

A 20-man crew began work July 1 and plans to qualify as licensed nuclear operators by October. They will complete classroom work Dec. 1, then go to Galveston for 10 weeks of training aboard the ship.

An 1,800 - year - old Roman bridge at Alcantara, Spain, is still in use.

## Junior Editors Quiz on CARDS

*QUESTION: Who invented playing cards and why are there 52 cards in a deck?*

• • •

ANSWER: Some experts think playing cards originated in India about 400 A. D. (1). Cards were probably introduced into Europe by the returning crusaders. The eastern cards had numbers, but picture cards called "tarots" originated in Italy, and soon tarots and numbers both appeared in the same deck.

The four suits started in France in the 1500's and the French made symbols for them with the names we show in our picture. "Pique" meant "pike," but the English thought it looked like a spade and called it that; "trefle," which meant "clover leaf," they changed to "club." "Carreau" had meant "square," but the English, by mistake, translated this into "diamond" and so it has remained.

When eastern cards were combined with tarots, making a 78-card deck, it was cumbersome to play with. The French started using 32-card and 52-card decks. Thirty-two cards are still used in the European game of pique, but the English took up whist, using 52 cards. From this came many other games including bridge. The 52-card deck is standard in English speaking countries.

• • •

FOR YOU TO DO: Draw the shape of a spade, a club, a heart and a diamond, as used on cards, from memory—without looking at our picture or a deck of cards. Then check your drawings—you may find there is more to these shapes than you imagined.

8-24

(Charles M. Briody of Taunton, Mass. wins today's grand prize of a 20-volume World Book Encyclopedia for this question. Mail yours on a postcard to Junior Editors in care of this newspaper, and you may win a set too.)

But more important is the way women who wear it cherish its feeling of being practically weightless . . . amazingly flexible . . . cushiony soft. And it's so very versatile. Ivy League by Socialites.

## Snyder Couple Takes Vows Again To Please Arkansas

A Snyder couple who has been married 11 years, Mr. and Mrs. Austin Davis, realized recently that due to a technicality their marriage might not be legal in the eyes of Arkansas. Just to make sure, they went through another ceremony. This one took place Aug. 18 at the Primitive Baptist Church in Snyder. Rev. Truman Wood performed the ceremony.

The Davises were originally married exactly 11 years prior to this on Aug. 18, 1952, in Arkansas.

The remarriage of a number of Arkansas couples was brought about after the Social Security Administration pointed out that a 1941 Arkansas law said a marriage was null and void if the bridegroom was less than 18 years old or the bride was younger than 16.

Since that time many licenses and birth certificates have been checked by couples living in many states, but who had married in Arkansas.

The Davises have lived in Snyder for five or six years. They have three sons: Bobby, Donnie, and Ricky. Mr. Davis works for C. E. Knight Company.

Mr. And Mrs. Austin Davis

## Knapp News

BY MRS. VERNON TODD

Mr. and Mrs. Doug Holder and son of Austin spent Friday night with Mrs. Frieda Murphy.

Mrs. Aubrey Broadhead of Fort Worth visited Sunday and Monday with Mr. and Mrs. Bill Dunlap.

Mrs. Frieda Murphy and Mrs. Erna Seeliger of Austin visited Tuesday in Snyder with the Nolan von Roeders, the Clemente von Roeders and Mrs. Pearl Sterling.

Mr. and Mrs. Maurice Duncan, Terry and Susan, are vacationing this week at Cloud Croft, N. M.

Mr. and Mrs. Melton Davis and family have returned from a trip through Palo Duro Canyon and a visit with relatives in Plainview. They also visited the Johnny Graham family in Canyon.

Janice Davis is visiting her uncle and family, the Gilmer Davises, in Midland this week.

Mrs. Frieda Murphy honored her cousin, Mrs. Erna Seeliger of Austin, with a dinner Sunday at the Murphy-Sorrells cabin. Attending were Mr. and Mrs. Nolan von Roeder and Edgar von Roeder of Snyder, and Mrs. Jim Sorrells.

Mr. and Mrs. Ben Weathers entertained friends with a fish fry at their home Monday night. Games of 42 and Pedro were enjoyed by about 25 guests.

Visitors in the Halley Browne home Saturday were Mr. and Mrs. Chester Colvin and Pat of Fort Worth, Mr. and Mrs. Bud Whorton and granddaughter, Karen, of Amarillo, and Mr. and Mrs. Elzie Browne of Morton.

Mr. and Mrs. Halley Browne, Joyce and Janice were in Snyder on Saturday and Sunday to attend family reunions. They attended the Davis reunion at Towle Park on Saturday, and the Browne reunion at the Union Community ceneter on Sunday.

J. B. Cotten Sr. and Mrs. Brit Hassell and Alton of Seagraves visited the Halley Brownes on Friday night.

Mary Taylor is visiting in Big Spring this week with her sister and husband, Mr. and Mrs. Wayland Tolbert.

Mr. and Mrs. Holley Browne, Joyce and Janice, attended the revival at Berryflat on Tuesday night.

When you are barbecuing spare ribs in the oven, you may wish to cover the pan during the roasting; if so, be sure to uncover the meat about half an hour before done.

### Family Lunch

Green beans served this way make the main course.

Snap Bean Luncheon Plate
Lettuce and Tomatoes with Basil Dressing
Fruit Gelatin
Beverage

**SNAP BEAN LUNCHEON PLATE**

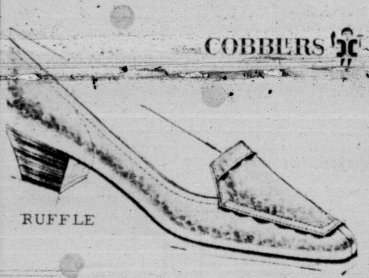
1¼ pounds snap beans
Boiling water
6 slices toast
Mustard-Cheese Sauce
12 slices crisp bacon

Wash and remove tips from snap beans. Place in a saucepan with one inch of boiling water and salt. Bring to a boil and cook, uncovered, for 5 minutes. Cover and boil 10 to 15 minutes or until beans are crisp-tender Drain beans and arrange on toast. Serve with Mustard Cheese Sauce and bacon. Makes 6 servings.

**MUSTARD CHEESE SAUCE**

¼ cup butter of margarine
2 tablespoons flour
1 cup milk
3 egg yolks, beaten lightly
2 tablespoons fresh lemon juice
¾ cup grated sharp American cheese
½ teaspoon dry mustard
⅛ teaspoon pepper
Salt to taste

In a saucepan over low heat, melt the butter; stir in flour; add milk. Cook and stir constantly until slightly thickened. Combine egg yolks and lemon juice and mix with the sauce. Stir over low heat for about a minute. Off heat, stir in cheese, mustard, pepper and salt until cheese melts. Makes about 1½ cups.



You Can Cause A Stir...
