

Eagles' Point ready to soar.....

After the months of meeting with officials, planning sessions, back-breaking work, paint splattered jeans, hot cokes, cold suppers and "neglected" families, the Eagles' Point will officially open its doors to the public, Friday, September 21st after the Eldorado - Sonora football game.

It has been through the efforts of people like Benny Logan and George Spinks who have neglected their own jobs to put in long hours using their skills and labor to insure that the building was ready in time for the Grand Opening and other members of the adult council who have worked week-ends, cared for

their families and then come to the center to work until midnight on many occasions, and put in many miles in order to see the teen center open its doors.

It is through the generous donations of area citizens that the Eagles' Point will be a source of pride to the young people and the

community. Those making donations (to date) are: John Callison - Ping Pong table; Lion's Club - \$100; Mary Leigh Dunagan - art; Janee & Tip Finley - plumbing fixtures; Tommy Hunley - plumbing skills; Prissy Paxton - Color TV, living room suite; Paul Page, Sr. - 300 Xerox copies; Jeff Pippen - Lettering;

Leroy Reeves - electrical skills; Dr. and Mrs. Respass - chairs and office supplies and Pooty Roubison - art work. Also without the support of local businesses, the Eagles' Point ticket sales for the drawing on the Browning Citori Shotgun would have been considerably smaller. These local businesses accepted donations on the tickets: El Dorado Restaurant, Patton Gulf, Edmiston Exxon, W.T.U., Western Auto and Cas Arispe.

The bright Eldorado Green & White center features areas for video games, pinball machines and pool tables, dance area, lounge-study area, jukebox, coke and vending machines. The proceeds from the coin operated games will be used by the center to fund future activities or to buy additional equipment.

There will be no admission charge for the Grand Opening and it is for EVERYONE, not just teens and it will be featuring the drawing at midnight for the Browning Citori shotgun; a dance from 9 p.m. until 1 a.m. featuring the country-rock music of the Sutton County Outlaws - \$2.00 admission for non-members and local junior and senior high students can forward this money to their yearly membership fee of

\$2.00. Students who cannot afford the fee are encouraged to contact the supervisors because provisions can be made. Also there will be refreshments served during the Grand Opening.

Although the center is to be a place for fun and work for area students, there are regulations that will be enforced. High school students will be allowed to leave the premises and return as long as they have good conduct. Junior high students must remain on the premises unless special permission is received from the Supervisors, Mrs. Lou White and Mr. and Mrs. Tike Burleson. Once they leave, they cannot return on the same day without permission.

At a later date, a student council will be chosen by the adult council. These members will be chosen on the basis of their interest in the Eagles' Point, maintenance of passing grades and their ability to work with others.

Members of the Adult Council and student members invite everyone to come out and help celebrate this Grand Opening of Eagles' Point - a dream come true and the product of much love, energy and pride.

SCHLEICHER COUNTY LEADER

(U.S.P.S.) 342-470

Six Pages September 20, 1984 25 cents

Eldorado, Tex.

Some I.S.D. employees receive pay hikes

The Schleicher County Independent School District Board of Trustees met for their regular meeting last Monday night during which they approved a 10% raise for all those school employees not affected by the recent state 6%. These employees include teachers aides, secretaries, bookkeepers, etc.

Architect Gary Donaldson was contacted concerning the necessity of additional school buildings. He is to meet with the administration this week to work out the details on the remodeling and updating of the existing facilities, especially the high school.

The board approved the continuing participation of the school in the Meals for Friends program. The school prepares the meals for \$1.45 and then the committee distributes the meals to elderly citizens.

Superintendent Guy Whitaker was authorized by the trustees to

purchase another mower and he purchased a Yazoo YR-60. An ice machine was also purchased to replace the one that no longer functions.

The trustees authorized the sale of two school buses. The T.E.A. must be advised of the intent to sell the buses and after their okay, the school will advertise for bids on the buses.

It was decided by the board that no one would be appointed to fill the vacancy of trustee John Nikolauk. Nikolauk resigned due to the recent employment of a relative by the school. The vacancy will be filled in April by voters during the regular election.

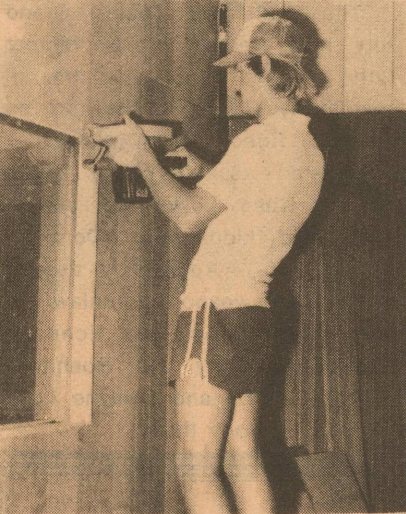

Superintendent Whitaker was instructed by the board to compose a job description for a maintenance supervisor and to report back to the board.

Recommendations on the tutorial services offered by S.C.I.S.D. were made to the board. The school will provide tutorial programs on

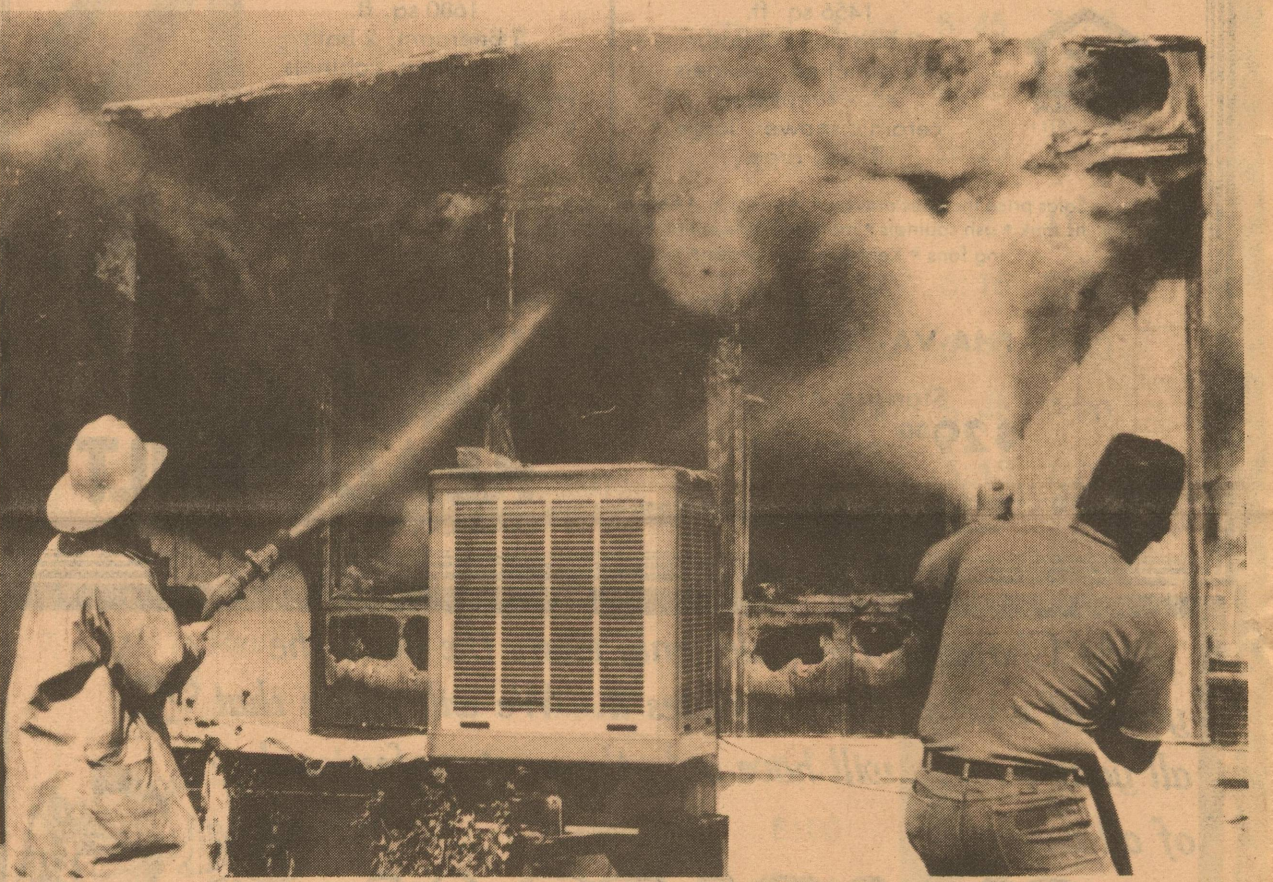

each campus two days per week - 45 minutes per day in English language arts, math, science, social studies or other areas as determined by the Administration. Students who score lower than 70 for the six-weeks grade will be required to attend all tutorials, unless excused for illness, for the grading period (six weeks) immediately following the period in which the failing grade is received. Parents are responsible for student transportation when tutorials are held after school hours.

The school district will provide one teacher per grade level for tutorials at a student/teacher ration of 10 to 1. An aide will be provided when the student/teacher ration reaches 11 to 1. Classes will be combined if numbers are small enough to be under the 10 to 1 ration in the combined class.

The board adjourned into executive session to discuss personnel. After which they approved the payment of maintenance bills and adjourned.

The professional carpentry assistance donated by Benny Logan is one of the main factors in the existence of Eldorado's new youth center, Eagles' Point. The Grand Opening for the new facility is scheduled for this coming Friday night - Be There!

Fireman Bob Parker and Deputy Reuben Flores battle vainly against

the raging fire that consumed the mobile home belonging to the Rojas

family. The structure was totally destroyed in the fire Tuesday morning.

Linthicum area City wells to be repaired chairman again

Horace Linthicum of Eldorado has been appointed area chairman for the Cattleman's Round-Up for Crippled Children, according to Jim Alexander of Abilene, general Round-Up chairman.

Linthicum is one of nearly 200 chairmen statewide helping in this 25th year for the Cattleman's Round-Up to benefit the West Texas Rehabilitation Center in Abilene and San Angelo, said Shelly V. Smith, president/executive director of WTRC.

Aubrey Stokes of San Angelo is CRCC co-chairman in the Southwest region.

"Cattlemen have always believed in the philosophy of neighbor helping neighbor, and the Cattleman's Round-Up for Crippled Children is a beautiful example of that help," said Alexander.

Wreck claims Iraan man

Joe Louis Tores, age 31, was killed Tuesday morning when the motorcycle he was riding collided with a deer approximately 24 miles east of Eldorado on Hwy. 190.

The accident was reported at 5:35 a.m.

The young man had a record of residence in Mason but had recently been living and working in Iraan.

"Livestock donated by ranchmen are collected at a designated point in each community and transported free to the auction site," he said. "The area chairman's role is to make a personal pledge, then ask friends and neighbors to join them in the annual Cattleman's Round-Up drive."

Sales of livestock are converted to dollars and the amount provides care for about 11,000 handicapped persons throughout the Southwest at Rehab campuses.

Scheduled sales include: Cattle Sale - Sept. 24, Abilene Auction; Horse Sale - Oct. 6, Abilene Auction; Junction Sheep and Goat sale - Oct. 8; Coleman sale - Oct. 10; Stephenville sale - Oct. 10; and Brownwood sale - Nov. 7.

Since 1960 when the late Fort Chadbourne rancher Conda Wylie first approached Smith with the idea, the Round-Up has been a major fundraiser for WTRC.

"It will take about \$4.5 million for us to treat the approximately 11,000 handicapped we'll serve in 1984," said Smith. "About 75 percent of that \$4.5 million must come from donations. The balance comes from contract and insurance payments. No federal funds are used in treatment."

At West Texas Rehabilitation Center campuses in Abilene and San Angelo trained personnel provide top quality care in physical, occupational and speech therapy, audiology, orthotics, psychology, education and social services, all without charge to patients.

The City Council of Eldorado met in regular session Tuesday night, September 11th during which time they awarded the bid for city well #6 to WHB. The winning bid totaled \$8439.32, others submitting bids were: Pump Service & Supply \$11,300.00; Magill Well Service \$9948.62; and Ray's Water Well Service \$10,160.00. Superintendent Long also presented a proposal from WHB to the council that they rework the 150 HP Jeffries well back to 75 HP to eliminate air in the lines. The council agreed to this proposal and for a cost of \$4841 plus labor WHB will rework the well using new bowls, meter and perhaps a new motor base or adapter plate. Since the meeting two more city wells have stopped working but repairs are being made currently on them.

Pine Tree Utilities' representatives, Rusty Whitaker and Bill Porter, met with the council to present a status report on the C.D.B.G. project. The council also met with Marvin McAngus, inspector of the C.D.B.G. and bond projects to discuss his responsibilities.

Secretary Mayo reported to the council that she had given the Eagles' Point the city's portion of the expected expenditures (\$4500) to enable the teen center to begin their opening.

Mayo was requested by the council to contact the State Hwy. Dept. for a review of the speed limits on the Menard Hwy and other places entering the city limits due to the number of accidents occurring lately.

Superintendent Clay Long reported to the council the progress that's being made toward accom-

plishing various goals such as meter change-out program, scrap disposal, needed repairs, machinery update, personnel, inventory and necessary equipment. The council approved long's request to purchase a 1-HP sewer pump from Enochs & Kinser for \$579, the same amount paid in 1980.

Secretary Mayo reported that there had been several inquiries by engineering firms concerning the city's interest in obtaining a planning grant. The next deadline for submittal of an application is

December 1st and it was the unanimous decision that the council put off further application for the grant until the spring or summer of 1985.

A new requirement for revenue sharing recipients is the attendance of a workshop regarding self-evaluation of the city. Secretary Mayo and County Judge Johnny Griffin attended the meeting Tuesday, September 18th and will report back to their respective entities at the next regular meetings.

In other business the council approved payment of monthly bills,

approved the request that the city office remain open during the noon hour; approved the minutes of August 7th, 10th, 17th meetings; voted to request limited coverage rates on the existing Blue Cross policy due to the fact that the rates will be increasing November 1st; and reviewed the financial statement for the fiscal year ending August 31st.

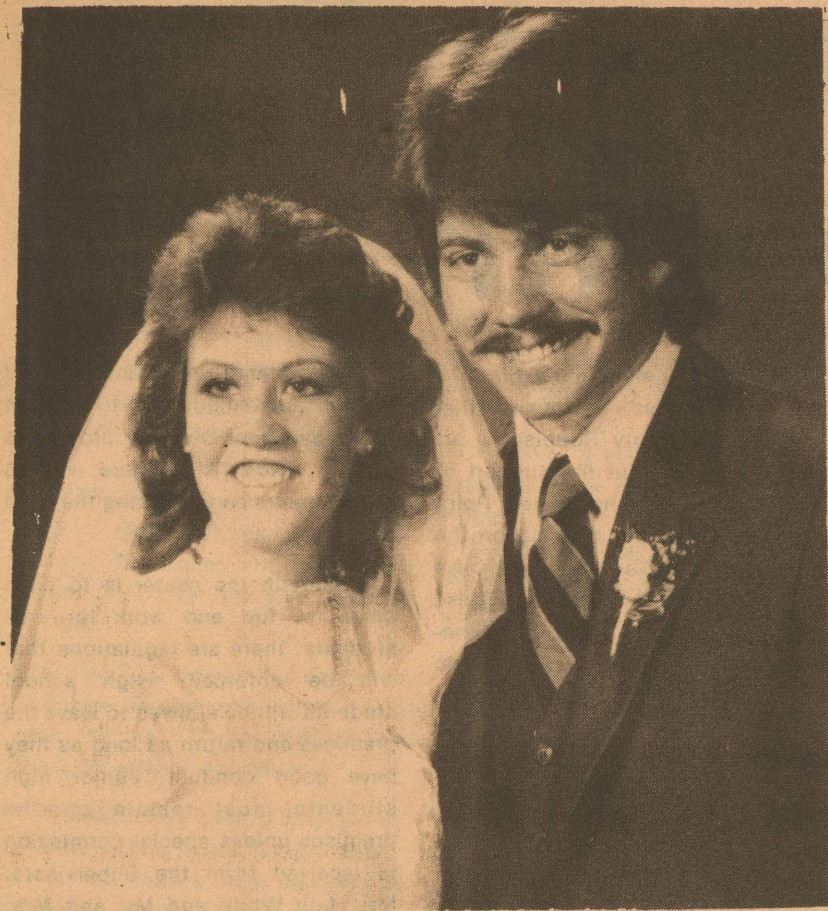

No action was taken regarding a request form an east side property owner for designated streets to be opened.

Joe Henggeler from the Texas A&M Extension Service addresses a standing-room only crowd Tuesday at the Memorial Building. The

agricultural engineer was participating in a drip irrigation seminar designed for cotton. He was accompanied by various other experts

in the field for the seminar and field tour which was hosted by County Agent Jerry Swift.

Mittel - Armitage wed

Gena Lynn Mittel and Michael Robert Armitage of Gibsonton, Florida were married Friday afternoon in the Baptist Temple with Rev. Neal Brilhart officiating.

The bride is the daughter of Mr. and Mrs. Gail Mittel of Eldorado. The bridegroom is the son of Mr. and Mrs. Robert McGill Armitage of Gibsonton, Florida.

Attending the couple were Cynthia Mittel as Maid of Honor and Kevin Van Zant as Best Man.

Mrs. Armitage graduated from Angelo Baptist Christian School and the American Commercial College

and was employed by an insurance firm.

The bridegroom graduated from East Bay School and is employed by Continental Communication Co. in Riverview, Florida.

The couple is on a wedding trip to points of interest along the Gulf Coast and Florida.

Bridge winners

Duplicate bridge winners for August are as follows:

2nd
Sadie Davidson & Cathy Moore, Ozona - 1st; Evelyn Wimer & Bernice Sweatt - 2nd; Lue Knight, Sonora & Anne Parker, Ozona and Dorothy & Pen Barker - tied for 3rd; Lunetta Morgan & Jo Nell Johnson, Sonora - 4th.

9th
Lottie Puckett & Fred Adkins, Sonora - 1st; Lunetta Morgan, Sonora & Helen Blakeway - 2nd; Mary Christian & Melissa O'Harrow - 3rd.

There were two sections for the Grand Nationals on August 16th. Sixteen tables in one section and four tables in the side game, with the following winners from the local club:

Paxton winner at Kendall

Justin Paxton won First Place in the Junior Steer Riding event at the Kendall County 4-H Junior Rodeo in

This was the first qualifying show for the 1985 Lester Meier Finals.

Five indicted

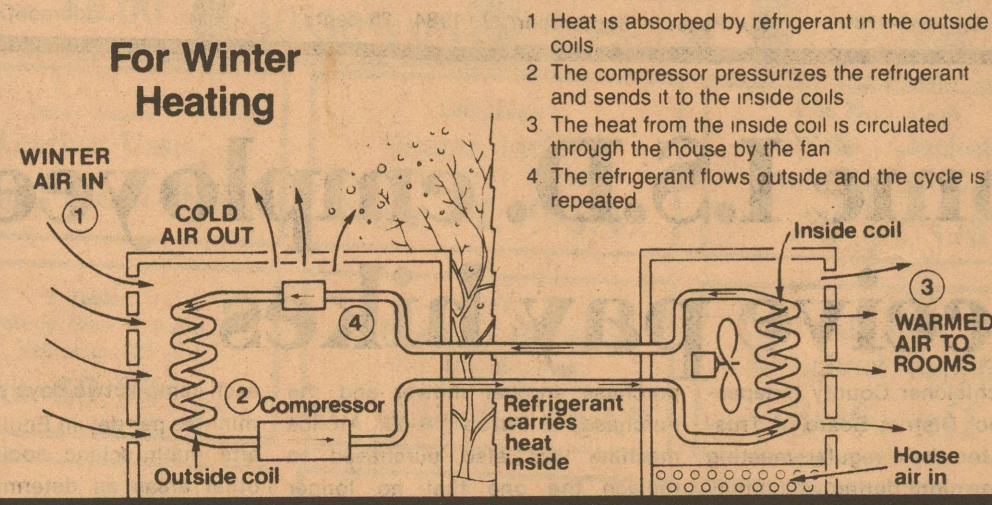

The Schleicher County Grand Jury met Wednesday, September 12th bringing in six indictments against five citizens. They are as follows: Robert Allen Halbert - Aggravated assault on a peace officer; Uben Leyva Gonzales - Aggravated kidnapping; Domingo Areblao, Jr. - Aggravated assault with a deadly weapon and unlawfully carrying weapons on licensed premises; Ronny Joe Boehm - Felony D.W.I.; and Dwayne Loyd Layman - Felony theft.

The most efficient, the most economical heating and cooling system for your home.

THE Electric heat pump.

It's part of "the plan" — the Energy Saving Plan

Here's how it works:

THE ELECTRIC HEAT PUMP: It can save you money on your home energy bills. And when it's used along with other WTU-recommended energy conservation measures according to the ENERGY SAVING PLAN, you can save even more. WTU will pay YOU money when you install an electric heat pump to meet the E.S.P. requirements that add to your home's comfort and energy efficiency. That's where the ELECTRIC HEAT PUMP comes in — it's part of "the plan" because it's the most efficient system for heating and cooling. During the winter it removes heat from the outside air and pumps it into your home. In the summer it reverses the process and becomes an air conditioner, so you get even comfort year-round. CALL YOUR LOCAL WTU OFFICE OR A FACTORY-TRAINED ELECTRIC HEAT PUMP DEALER TODAY TO FIND OUT MORE ABOUT SAVING ENERGY AND MONEY ON YOUR HOME ELECTRIC BILLS.

To Qualify, Your Home must be served by WTU and meet our Energy Efficiency Requirements.

Nursing Home News

By Sue Jones

Between our monthly birthday party and the Shrine Circus, we've had a busy week.

The party was held September 12th honoring Mrs. Pearl Edmiston and Mr. Lester Garrett with home-made ice cream and cake. Entertainment was provided by Mrs. Alice Van Horn, fiddle player and Mrs. Maxine Page, accompanying pianist.

The residents enjoyed their day at the circus September 15th. We would like to express our appreciation to Mr. Andy Moore, Mr. and Mrs. Ed Shepperson and the Tri Cities Shriners Club who donated the circus tickets. Our thanks are also extended to the Shriners for their help in unloading, loading and

seating the residents.

Thanks is also extended to the following people: Danny Crowder for supplying our transportation; Carmela and Joe Reidy, Pat Villalon, Gene and Becky Jones for aiding in loading and unloading the residents.

Residents attending the circus were: Mr. George Williamson, Mrs. Thelma Gentry, Mrs. Ruby Fowler, Mrs. Dorothy Powers, Mrs. Ruth Bruton, Mrs. Grace Bradshaw, Mr. Fred Gilaspy, Mr. and Mrs. Emmett Sparks, Mr. Forest Reeder, Mrs. Gladys Graf and Mrs. Pearl Edmiston.

Always remember that you don't have to be a kid to love the circus. We know from experience, our ages ranged from 74 to 93.

Bessie Andrews services

Bessie M. Andrews, 92, died Wednesday, September 12, 1984 in the Schleicher County Medical Center. Funeral services were held at 2:00 p.m. Friday, September 14th at the First Baptist Church with Rev. Clifton Hancock of San Angelo officiating. Burial was in the Eldorado Cemetery under the direction of Kerbow Funeral Home.

Mrs. Andrews was born April 3, 1892 in Gillespie County. She married Roy C. Andrews in London, Texas in 1912. They moved to

Eldorado in 1915. Mr. Andrews preceded her in death in 1971 as did her daughter, Loleete Edmiston in 1969.

Survivors include one daughter, Elnora Love and one sister, Claude Galbreath, both of Eldorado; five grandchildren, ten great-grandchildren and two great great grandchildren.

Pallbearers were Weldon Davis, Sam A. Whitten, Sr., Ray Standeford, Bill Clark, Jerroll Sanders and Holvey Enochs.

Tribute to Bessie

Bessie Annie Melvinie McDonald Andrews passed from the world she loved to her Heavenly Home, which she looked forward to, on Wednesday, September 12th at 6 p.m. at the Schleicher County Medical Center Nursing Home where she had made her home for several years after her health failed and she could no longer take care of herself.

She was a member of the First Baptist Church. At her funeral services special renditions of Amazing Grace and How Great Thou Art were presented by a quartet consisting of Mabel Blaylock, Jim Hardy, Michael Marsh and Sherry Belk, accompanied by Evelyn Stigler on the organ and Sharon Brown at the piano.

Bess was very active in the church. She sang in the choir and was always willing to take a part in any program. Her talents were many but one of the most outstanding was playing the piano and singing. Each week at the nursing home she stayed up late so she could play and sing with a group of friends and residents. Some of the most faithful along with others who came were Lum Davis, Ronnie Sauer, Mrs. LaVita Brooks, a resident and the nurses on duty.

Bess was a very witty, humorous and fun-filled person. She enjoyed pulling pranks on people and could pull almost anything out of her purse and at times it would frighten those who were not accustomed to her ways. Her "Special Specs" made her look rather goggled eyed and one would wonder about her mental status, which was what she wanted to accomplish.

She was a member of the Eldorado Volunteer Firemen's Auxiliary being a member of the Ladies 6 Man Pumper Team and the Water Polo team. She pulled the hose from the tail gate until she slipped on the gravel while practicing for a convention, getting a hard fall. As she had arthritis, this limited her running the hose races. She was a

by Blanche West

winner at water polo, handling the nozzle with Dale West as back up for her. They won many of these entries. The age generation gap was a sonderful tribute to them both.

Bess's constant companion, Roy Andrews, was a Volunteer Fireman having joined the department in September 1940 after it was organized in 1939. He remained active until his health would not permit him to participate and when he became bedfast Bess kept him at home, taking care of him until he passed away.

Bess kept their station wagon packed so they could go fishing at the words "go fishing". She and Roy spent much time at their place in London, Texas and Elnora's Lake Buchanan home.

After the fire on Main Street wiped out the block years ago, they built their home and business back. Elnora ran a cafe in the lower part until her marriage to Gus Love. There were rooms and apartments upstairs. Bess put in a dress shop later, which she ran for years before Roy's health demanded her time. After her failing health and Roy's death, she went to the S.C.M.C. Nursing Home to live and spread cheer.

On one occasion, God spared her life when she was almost hit by sixteen wheeler. She was calm as could be and finally consented to go across the street to the home and lie down. When I arrived, she immediately got up, went for the corsage she had promised me for years. It was made of two 25 cent War Bond Stamps, an American flag and red, white and blue ribbons. (Eldorado had hosted a convention and there were favors for the Ladies Auxiliary luncheon so this was a lot of money during World War II).

Bess loved her family and friends so much as was evidenced by the large host of friends she left behind.

The funeral procession stopped briefly by Claude's home as she no longer gets out of her home.

Woman's Club meets

The Eldorado Woman's Club met September 11th at 9:30 a.m. in the home of Mrs. Bailey in Ozona.

The President, Mrs. Stigler, called the meeting to order. She gave the welcome address and recognized the guests.

A prayer was offered by Mrs. Griffin and Mrs. Briggs led the group in the pledge and salute to the flags. Minutes of the last meeting were read and approved.

The members noted with sadness, the recent death of their Treasurer, Mrs. Mary Hext. Mrs. Sprigarlili was elected to fill her unexpired term.

The Fall Board meeting will be held in Eldorado October 13th and members voted to prepare and serve the noon meal for a money-making project.

Roll call was answered with cosmetic tips.

The leader for the day's program was Mrs. Bailey. She reviewed the year books, and noted that this year's programs would have as their theme, "Time" - time to look, think and work. The day's program was entitled "Time to Look at Yourself". Mrs. Bailey introduced Mrs. Milton Jones of Anson, Texas who gave a demonstration on color analysis. Using Mrs. Deal as a model, she showed how colors in clothes and make-up can drastically change one's appearance. This program was planned to encourage members to be more aware of color coordination.

There were seventeen members and five guests present at this meeting. After enjoying a delicious brunch served by the hostess, the meeting adjourned.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION

NOVEMBER 6, 1984

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 29 proposes a constitutional amendment that provides to state-chartered banks the same rights and privileges that are or may be granted to national banks of the United States domiciled in this state. For example, if national banks become authorized to maintain branch offices, this amendment would extend the same privilege to state banks.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide state banks the same rights and privileges as national banks."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 19 proposes a constitutional amendment that restructures the Permanent University Fund to provide: (1) for the expansion of the institutions eligible to participate in the bonding capacity of the fund to include the components of The University of Texas and Texas A&M University systems that have been added to those two systems of higher education since the Permanent University Fund was last restructured by constitutional amendment; (2) for the expansion of the purposes for which bond proceeds can be expended from new construction to include major repair and rehabilitation projects and the acquisition of major capital equipment (e.g., computers and laboratory equipment); and (3) for an increase in the bonding capacity from 20% (3% for The University of Texas System and 10% for the Texas A&M University System) to 30% (20% for The University of Texas System and 10% for Texas A&M University System) of the value of the assets (exclusive of real estate) in the Permanent University Fund in order to provide sufficient bond proceeds to care for the addition of 10 new institutions to those authorized to participate in the Permanent University Fund bonding program and to care for the expanded purposes for which the bond proceeds can be spent; and (4) for the dedication of the dividends, interest, and other income from the Permanent University Fund remaining after payment of principal and interest due on bonds and notes issued, to the provision of support and maintenance (over and above normal legislative appropriations) for Texas A&M University in Brazos County, Prairie View A&M University, and The University of Texas at Austin.

House Joint Resolution 19 also annually appropriates \$100 million in each fiscal year, beginning September 1, 1985 (from the first money coming into the state treasury that is not otherwise appropriated by the constitution) for the use of those

agencies and institutions of higher education which are not included in The University of Texas or Texas A&M University Systems and, therefore, not eligible to participate in the Permanent University Fund bonding program. The amount of this appropriation could be adjusted every five years by a 2/3 vote of the Legislature, but could not be adjusted in such a way as to affect outstanding bonding indebtedness. Each institution of higher education that is eligible to participate (i.e., those institutions of higher education outside The University of Texas and Texas A&M University Systems) would be authorized to expend directly its share (such share to be determined pursuant to an equitable formula) of the \$100 million appropriation for the purposes of acquiring land, constructing and equipping buildings or other permanent improvements, major repair and rehabilitation of other permanent buildings or improvements, and acquisition of major capital equipment (e.g., computers and laboratory equipment) and library books and materials. Additionally, each institution would be authorized to issue bonds backed by a pledge of up to 50% of its share of the \$100 million annual appropriation for the purpose of land acquisition, new construction, and major repair and rehabilitation projects.

Except in the case of fire or natural disaster and in other extraordinary cases, verified by a two-thirds vote of each house of the legislature, all institutions of higher education would be precluded from receiving appropriations of general revenue funds for the purposes of land acquisition, new construction, and major repair and rehabilitation projects.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to create from general revenue a special higher education assistance fund for construction and related activities, to restructure the Permanent University Fund, and to increase the number of institutions eligible to benefit from the Permanent University Fund."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 65 proposes a constitutional amendment which authorizes the legislature to provide for the payment of assistance to the surviving dependent parents, brothers, and sisters of officers, employees and agents of the state or its political subdivisions, including members of organized volunteer fire departments and members of organized police reserve or auxiliary units authorized to make arrests, who die in the course of performing hazardous official duties. Payments to surviving spouses and dependent children of

such officers, employees, and agents are already authorized by the Constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to provide for payment of assistance to the surviving dependent parents, brothers, and sisters of certain public servants killed while on duty."

PROPOSITION NO. 4 ON THE BALLOT

Senate Joint Resolution 20 proposes a constitutional amendment which abolishes the office of county treasurer in Bexar and Collin counties if a majority of the voters in each of those counties vote in favor of abolishing the office of county treasurer in a local election to be held on the issue. All the powers, duties, and functions of the office of county treasurer in each of these counties would be transferred to the county clerk.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to abolish the office of county treasurer in Bexar and Collin counties."

PROPOSITION NO. 5 ON THE BALLOT

Senate Joint Resolution 22 proposes a constitutional amendment which provides a new method of filling a vacancy in the office of Lieutenant Governor. The amendment requires the President pro tempore of the Senate to call together the committee of the whole Senate within 30 days after a vacancy occurs in the office of Lieutenant Governor. The committee would be required to elect one of its members to perform the duties of the Lieutenant Governor until the next general election. This individual would continue his duties as Senator at the same time that he performs the Lieutenant Governor's duties. If the Senator who is elected ceases to be a Senator before the next general election, another Senator must be elected according to the above procedure to perform the Lieutenant Governor's duties. The President pro tempore would be required to perform the Lieutenant Governor's duties pending the election of one of its members by the committee of the whole Senate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the state senate to fill a vacancy in the office of lieutenant governor."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 73 proposes a constitutional amendment that permits the use of public funds and credit for payment of premiums on non-assessable life, health, or accident insurance policies and annuity contracts issued by a mutual insurance company authorized to do business in this state. The constitutional prohibition against a grant of public money to an individual, association, or corporation or against becoming a stockholder in a corporation, association, or company has limited life and health group policies of political subdivisions to non-mutual insurance companies. The amendment would permit mutual insurance companies to bid for those policies.

The proposed constitutional amendment will appear on the ballot as follows: The constitutional amendment to permit use of public funds and credit for payment of premiums on certain insurance contracts of mutual insurance companies authorized to do business in Texas."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment to change the membership of the State Commission on Judicial Conduct to include one Judge of a Municipal Court and one Judge of a County Court at Law, who shall be selected at large and appointed by the Supreme Court with the advice and consent of the Senate.

The amendment also provides additional grounds for removal from office of judges or justices of Texas courts, and provides additional disciplinary actions that could be taken in lieu of removal or censure. The amendment would extend the Commission's disciplinary authority to masters, magistrates, and retired or former judges who hear cases by designation. The amendment creates a tribunal to review recommendations of the State Commission on Judicial Conduct for removal or retirement of a judge or justice. The review tribunal would be composed of seven (7) Justices or Judges of the Courts of Appeals selected by lot by the Chief Justice of the Supreme Court. The amendment also provides for appeal of the review tribunal's decision to the Supreme Court of Texas and grants an accused judge the right to discovery of evidence.

The proposition will appear on the ballot as follows: The constitutional amendment relating to the membership of the State Commission on Judicial Conduct and the authority and procedure to discipline active judges, certain retired and former judges, and certain masters and magistrates of the courts."

PROPOSITION NO. 8 ON THE BALLOT

House Joint Resolution 22 proposes a constitutional amendment which increases the per diem of members of the Legislature. The amount of per diem allowed during a calendar year would be equal to the maximum amount set in federal income tax statutes as of January 1 of that same year as a deduction for ordinary and necessary business expenses incurred by a state legislator. Current per diem is \$30; the maximum deduction is now \$75.

The proposed constitutional amendment will appear on the ballot as follows: "The constitutional amendment to provide a per diem for members of the legislature equal to the maximum daily amount allowed by federal law as a deduction for ordinary and necessary business expenses incurred by a state legislator."

Estos son los informes explicatorios sobre las enmiendas propuestas a la constitucion que apareceran en la boleta el dia 6 de noviembre de 1984. Si usted no ha recibido una copia de los informes en español, podrá obtener una gratis por llamar al 1/800/252/9602 o por escribir al Secretario de Estado, P.O. Box 12887, Austin, Texas 78711.

Eagles take 2nd win

The Eagles continued their winning ways Friday night when they traveled to Iraan to pound out a 27-14 victory over the Braves. It became obvious that it would be a spectacular game when the first quarter ended with either team remaining scoreless. But that mood was broken midway into the second quarter when Eagle Quarterback Tim McAngus connected with split-end Victor Gutierrez from 23 yards out for the touchdown. Gutierrez came back and put the kick in for the extra point.

The game then slipped back into a defensive battle in which the Braves put their only 14 points on the scoreboard.

The Eldorado offense brought the score to 14-14 at the half-way point of the third quarter when

McAngus culminated a long drive with a bootleg play from the 7 yard line. Victor Gutierrez came back in for the extra point.

The crushing play was dealt the Braves early in the 4th quarter with the clock showing 7:55. McAngus hooked up again with Gutierrez for a long pass starting at the 20 yard scrimmage line and ending in another touchdown. Once again, Victor's kick was good setting the score 21-14 in favor of the Eagles. With only 1:19 remaining in the game, McAngus bootlegged right for another touchdown.

The Eagles reflected 319 yards in offensive play compared to the Braves' 232. Throughout the game, the Eagles were plagued with cramped leg muscles, but only one injury was dealt out by the Braves.

Brian Daniels, split-end, could possibly be out of commission for two weeks with a twisted knee, stated Coach Larry Mitchel. The Athletic Director went on to cite Tim McAngus, Victor Gutierrez and Mike Moore on the offensive squad. Defensive shiners were Wade Wallis, Lance Blair and Brett Nikolauk. Mitchel stated that the Eagles put out a good showing against a good team but, the upcoming game with the Sonora Broncos Friday here in Eldorado, would be a real test to the Eagles. Mitchel said that this will be the best team Eldorado will face in pre-district play and that the Broncos are very physical, well-disciplined and well coached and due to the two schools' rivalry the Eagles were definitely looking forward to this game.

Another Brave passing effort was rendered fruitless when Eldorado's Brett Nikolauk and Brian Daniels applied too much pressure to the Iraan receiver. The Eagles' defensive

team once again had a strong bearing on the game's outcome. The Braves were allowed to only hit the scoreboard twice for a total of 14 points against Eldorado's 27.

Official Memorandum

By

MARK WHITE

Governor of Texas
AUSTIN, TEXAS

GREETINGS:

Agriculture is one of the most hazardous occupations in America in terms of serious injuries and fatalities associated with accidents. It is also one of the most valued and productive enterprises in America. Therefore, special emphasis must be focused on the prevention of farm accidents.

As physically separate, independent operating units without access to corporate safety guidelines, resources or training in accident prevention, each farm or ranch has special hazards related to topography and ground cover. No occupation has greater exposure to sophisticated machinery and its moving parts than agriculture and no other industry includes wives and children in its labor force.

Medical experts contend that agriculture is the occupation with the highest level of general stress in the United States. A farmer or rancher must not only manage his business, maintain a wide variety of hazardous equipment and provide labor, he must also contend with weather conditions, disease and pest conditions, and fluctuating economic conditions. Such stress may divert a farmer/rancher's attention from safety.

To encourage renewed emphasis on making Texas farms and ranches safer places to live and work, a week-long, statewide campaign to inform rural residents about farm and ranch accident prevention will be conducted by the Texas Safety Association, the Texas Agricultural Extension Service of the Texas A&M University System, the Texas Farm Bureau, Future Farmers and Future Homemakers, and the Young Farmers of Texas.

THEREFORE, I, as Governor of Texas, do hereby designate the week of September 16-22, 1984, as

FARM AND RANCH SAFETY WEEK

In official recognition whereof, I hereby affix my
signature this 16th day of Aug 19 84

Mark White
Governor of Texas

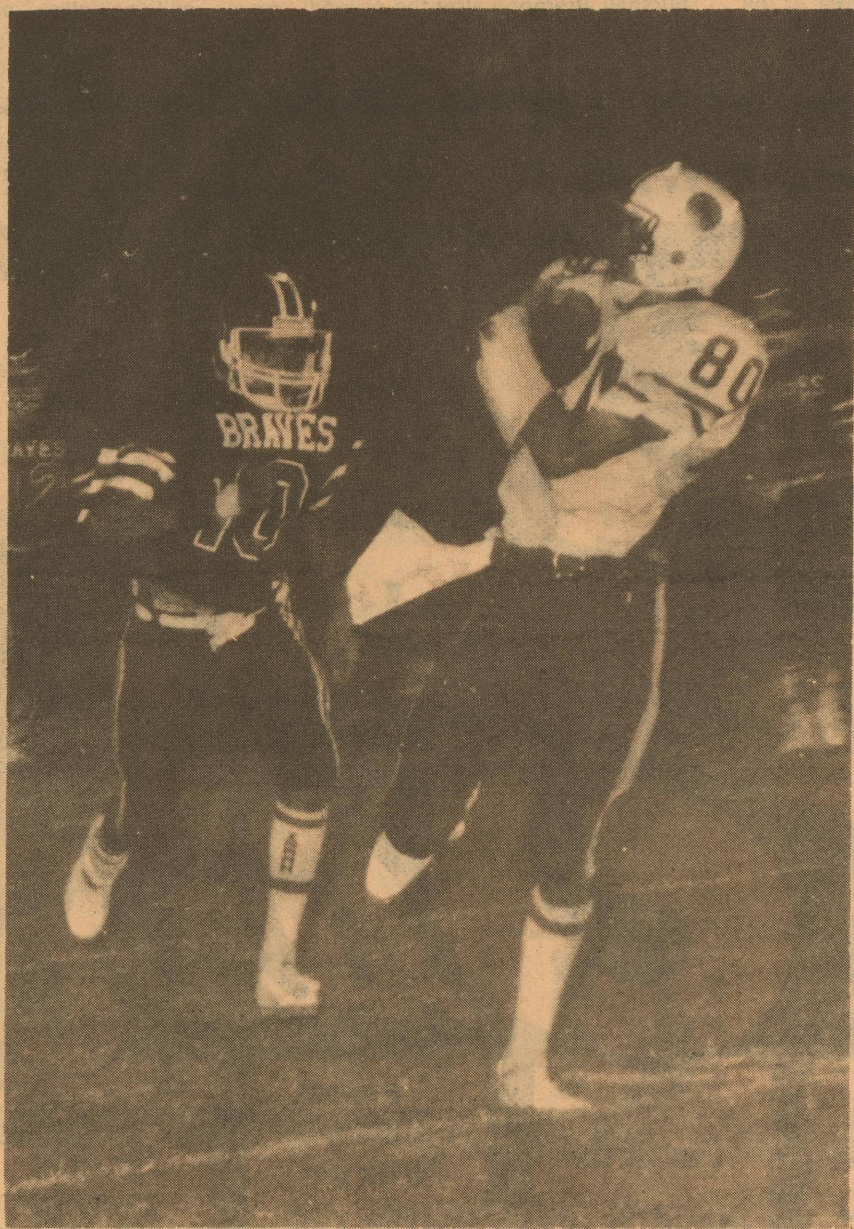

in Texas, and urge all who live and work on Texas farms and ranches to learn and use accident prevention rules. I also urge persons, organizations, and suppliers to help reduce deaths and injuries resulting from farm and ranch accidents.
