Chief Stops Easter Dance — After Barrage of Fists, Six-Pack

Police Chief Jesse Browning lost his patience Sunday night and called a halt to an Easter dance.

He stopped the party after:

A bloody fight broke out in the men's room.

Police met resistance in moving the fighters to police cars.

Two men struck the chief in the face with their fists.

Another person slugged the chief in back of the head with a cold six-pack of beer.

The trouble erupted at a Latin American dance sponsored by a men's church group in VFW Club, which had been leased for the Sunday event by the church organization.

Lake Patrolman Mardell Sheppard had been hired by the sponsoring group to be in attendance at the dance.

"I thought it was supposed to start at 7 p.m.," Sheppard told The Record, "but when I got there they said the band had been playing since before 6 o'clock."

It was about 9 p.m. when Chief Browning and Assistant Chief Truman Henderson stopped at the dance.

"I wanted to see how things were going along, meet with some of the people and visit a while," said the chief, who has been on the job only since moving here March 1 from Snyder.

About 20 minutes later Sheppard was informed by persons at the dance there was a fight in the men's room.

"There were two of 'em in there fighting another man," Sheppard said.

He took two of them out and headed for the outside. While police were ushering the combatants to the outside one punched the chief.

Outside, while police were getting 'em into a car, he was struck again.

The six cans of cold Coors hit him in the back while he was escorting the fighters outside, but he didn't know from where the pack came.

By that time reinforcements had arrived — more city police, sheriff's department and highway patrol.

"I walked back into the club and told the crowd the dance had got out of line . . . that it was closed as of right now."

That was at nine o'clock. But police reported it more than an hour later before everybody cleared out.

"You have to stop a party for those who were having fun and not causing any trouble," Chief Browning said. "But a few rowdy ones ruined it for everyone else.

"When it became serious, we just had to stop it."

The chief, who has been attired in civilian clothes while awaiting arrival of a new uniform, said he was talking with some of the leaders at the dance when the fight started in the rest room.

"One of the fighters apologized to me and said he was sorry to have caused trouble," Browning said, "and we turned him loose.

"Then he hit me."

As the melee progressed outside, the police used handcuffs to quell two persons.

State Highway Patrolman Buddy Hertenberger said he heard threats from some of the rowdy element while the arrests were taking place.

Moises V. Garcia Jr., Daniel Garcia and Jesus Garcia — none of them related — were booked in Municipal Court for fighting. Jesus forfeited $25 bond and Judge Perry Barber sent Moises and Daniel to jail in lieu of $25 after the pair entered pleas of guilty to fighting.

Then, County Attorney Frank Ginzel followed up with aggravated assault charges against Moises Garcia Jr. and Daniel Garcia for aggravated assault against Chief Browning, while Browning was "in lawful discharge of duties" and while the defendants were "informed and knowing Browning was an officer discharging official duty."

Bond for the pair in County Court was set at $500 each.

Watch 'Em In Relays Saturday

These tracksters at Colorado High will have prominent roles in Lone Wolf Relays here Saturday. The Wolves' fine mile relay team is shown in top photo — Donnie Higginbotham and Robert Brown, standing; Larry Campbell and Bobby Pineda. Campbell also is the teams's stellar 880-yard runner.

12 Track Teams Due For Relays

Eleven West Texas high schools send their track teams to Colorado City Saturday to join Coach Dell Riley's Wolves in the annual Lone Wolf Relays.

The AAA,AA and A athletes will compete in five field events and nine races with preliminaries scheduled for the morning along with two finals and 12 finals in the afternoon.

PAUL PAGE, the former all-Southwest Conference fullback at Southern Methodist University when Doak Walker and Kyle Rote were in the fabulous Pony backfield, will be relays referee.

The former SMU star, who was named on some all-America teams, is now a business man in Eldorado.

Carroll Nail of Midland will be starter, Bob Reily will be head timer and members of Colorado City Quarterback Club will assist as timers, judges in addition to operating the concessions.

Winners will be awarded trophies furnished by Colorado City Chamber of Commerce.

THE WOLVES, who last week finished third in Division 3 of San Angelo Relays, will be one of the favored contenders here Saturday in their own stadium.

But the field will include strong entries from Hamlin, Anson, Haskell, Sweetwater, Eldorado, Crane, Stanton, Coahoma, Wall, Roscoe and Wylie.

Hamlin was just one point behind the Wolves in San Angelo and Crane, a chief rival for the Wolves in four meets this season, was just a notch lower.

POLE VAULT and discus with finals right then will open the relays Saturday at 9:30 a.m.

Preliminaries in six events will begin at 10 a.m. with the 440-yard relay entries, followed by 120-yard high hurdles, 100 yard dash, 440-yard dash, 330-yard intermediate hurdles and 220-yard dash.

The 220 at 11:25 a.m. will conclude the morning preliminaries.

FINALS WILL begin at 1 p.m. with three field events — high jump, broad jump and shot put.

The 440-yard relay finals will be at 2 p.m., followed by eight other running events. Concluding will be the mile relay at 3:30 p.m.

Colorado High's mile relay team of Bobby Pineda, Robert Brown, Donnie Higginbotham and Larry Campbell set a meet record at San Angelo Saturday winning with fast 3:24.8, beating the mark of 3:27.2 set in 1966.

Pineda, who turned in a sparkling first lap quarter for the Wolves, may run the open 440 here Saturday. And Campbell, of course, will be

Final Rush for License Plates

Tax Assessor - Collector Monte Hardegree and his office staff are bracing themselves for the last-minute rush for 1967 license plates.

And they expect the heaviest business will be today (Thursday) and Friday just ahead of the final deadline.

Hundreds of motor vehicle tags remain to be issued these last days.

Hardegree said his office will be open during the usual Courthouse hours 8 a.m. until 5 p.m. today and Friday.

A skeleton crew will be at the office again Saturday morning from 8 o'clock until 12 noon — for the final stragglers.

But to be certain you beat the office before 5 p.m. either today or Friday.

Another deadline is just ahead, also, for motor vehicle owners.

Citizens here and throughout the county are urged to get new 1967 safety stickers on all motor vehicles between now and midnight April 15.

David Hensley, vehicle inspector for the Texas Department of Public Safety, said Wednesday that about 30 per cent of cars and vehicles in Mitchell County still are without the new safety inspection stickers required by law.

"In order to avoid the last minute rush," Hensley said, "we urge that safety stickers be put on now."

Four inspection stations are in Colorado City. They are at Jay Adams Chevrolet, Craddock-Witten Ford, Frank Motor Co., and Emmett Banks garage.

Fee is $1 for inspection (plus any repairs necessary to bring the car up to safety standards.)

Passenger cars must be inspected for horn, windshied wiper, brakes, beam indicator, tail lamp, stoplight, license plate, red rear reflectors, headlamps and motor, serial or ID number.

School Board Vote Saturday May Hit 600

Voters in Colorado Independent School District go to the polls Saturday in City Hall to elect two trustees from a field of five candidates.

More than 500 ballots are expected to be cast in the election.

Campaigning, like in most previous school board elections here, has been quiet and low keyed — conducted mostly by friends and supporters of individual candidates.

However, interest has been warm in the election and the voting may reach top vote total of three years ago.

Here is the ballot, line-up that includes two incumbents and three others:

Curtis Latimer, incumbent, 51-farmer and rancher whose residence is at 159 West 11th, now vice chairman of the school board and seeking his second consecutive term after previously serving as a trustee in the 1950's.

Fred O. Brewton, 42, minister of First Presbyterian Church and current president of Mitchell County Ministerial Alliance.

A. K. McCarley Jr., 43, farmer who lives on Route 1 in Buford community, member of board and offices of Lone Wolf Electric Cooperative Inc. and honored in January by Chamber of Commerce as outstanding farm family of 1966.

A. M. Holman, incumbent, 57, farmer with residence on Route 3 south of Colorado City and acclaimed as No. 1 fan of Colorado High athletic teams, current member of board seeking his second consecutive term.

More Losses Reported Here

Thieves Keep Busy

Burglaries and thefts — on the increase all across this area of West Texas — continued to cause losses in Colorado City.

Five new cases were reported to police here over the weekend — one being at a motor company, another at a service station and three involving thefts from pickups.

Clues were meager in all cases — just as they have been for thefts and burglaries in recent weeks.

Police Chief Jesse Browning checked with police in Lamesa for two suspects picked up there with a load of cigarettes. But the stamp numbers on the cigarettes did not match those stolen here last week at Fuller's Skelly Service on Interstate 20 and in Westbrook at Green Top Restaurant.

Here are the latest cases reported to police:

Dockrey Motor Company, East Highway 80, burglary in building over the week end. Loss included automobile tools and wrenches — including socket sets from 7/16 to 3/4-inch, open-end and box-end wrenches in various sizes from 5/8 to 1-1/16 inch.

O. D. Carter, 854 East 11th St. — Theft from his pickup Saturday in front of his home. Taken was a red tool box with handle containing assortment of wrenches and tools valued at approximately $50. These included nail bars, pliers, wire cutter, 8-inch and 12-inch crescent, box-end and open-end wrenches, ½-inch drive socket set and washers.

Lee Matlock, West Highway 80 — Thieves broke in to Matlock's truck parked at his station and took two crates of lettuce Sunday night.

At Phil's Texaco on Interstate 20 two men and a little girl Sunday night at 11 p.m. drove to the station and one man went into the station's grease bay, then ran back to the car. Then,

There will be a practice session from 3:30 to 5 p.m. for the Queens' Show to take place at 7:30 p.m. Friday in Midland Community Theater. A patio snack party is set for 5 o'clock.

All contestants must be high school girls between ages of 15 and 21 and will be judged on poise, beauty and personality. Points will be scored for posture, personal appearance and grooming, appropriate dress, and attitude.

Polls will open at 8 a.m. in City Hall with J. W. (Bill) Randle as election judge. Closing time will be 7 p.m.

Seven absentee ballots were cast in pre-election voting at the county clerk's office in Courthouse.

For the first time in years, advertising on behalf of school board candidates have been paid for in the Colorado City Record. This is indicative of keen interest in the campaign.

Last year with six candidates seeking two places on the school board, 533 persons cast ballots and elected a woman trustee — Mrs. Kenneth Cowan along with Arlene Morris, who later resigned.

When only three candidates sought three board placed in 1965 — therefore, producing an election without any contest on the ballot — only 66 votes were cast.

However, in 1964 six candidates trying for two places on the school board produced a turnout of 600 voters election day. It was that voting which named to the board Latimer and Holman, two incumbents in Saturday's election. And three years ago Latimer led the entire ballot with a whopping 403 votes out of possible 600.

GLEN NIX with a 40.8 time in the 220-yard intermediates at San Angelo for fourth will be in the hurdles. Hamlin's Jim Ponds, with 40.4, was second in San Angelo.

Colorado City won the sprint Medley relay at San Angelo with a time of 3:37, but the 440-yard sprint relay will replace that event here in the Lone Wolf Relays.

Here are the events the athletes will be aiming for here Saturday:

Three Plead Guilty in County Court

Three persons have pleaded guilty in County Court to offenses and a fourth is charged with bootlegging.

Two out-of-towners entered guilty pleas to driving while intoxicated, receiving fines and probated jail sentences.

Ray Dorsett Thomas of Abilene was fined $75 and $28.50 court costs for DWI. His 12 day jail term was probated for a year.

Isaac Winford Kimsey of Hermleigh, Route 2, was fined the same amount for same offense with a 10-day jail sentence probated for a year.

Luke Harrison, a truck driver of 443 West 5th St. here, pleaded guilty to passing a $5 worthless check Jan. 3 at Dairy Frost. He was fined $10 and $28.50 court costs with a 10-day jail term probated for a year.

Charged with selling beer March 16 is Simon Medrano on a complaint filed by Sheriff W. L. Claxton. Warrant for Medrano's arrest was issued last Friday, a day after the charge was filed in County Court by County Attorney Frank Ginzel.

his life.

His marriage to the former Miss Nora Reese took place in Sweetwater Dec. 21, 1922. The couple lived here at 821 Cedar St.

Mr. Smith was a member of the Church of Christ and a veteran of World War I. He was one of the backers of the old Frontier Roundup and Rodeo formerly staged here.

Funeral services will be conducted in Kiker & Son Chapel at 2 p.m. Thursday (today) by Bob Barnes, minister of the 22nd and Austin Street Church of Christ, with burial in the Colorado City cemetery.

Survivors are his wife of the home address and one son, Clay Mann Smith, Jr. of the Smith Ranch. Also surviving are two grandchildren, Mrs. John McCulloch, the former Miss Natti Lynn Smith, of Ft. Worth, and Miss Yolanda Smith of Big Spring.

Pall bearers for the funeral rites will be John Morgan Hale, Bob McGuire, Felix Martin, Dwayne Feaster, Joe Weaver, and J. C. Windham.

Returns

Fred Mckay, who for years was manager of Safeway here, has joined the staff of Colorado City's Village Food Store. He resigned recently as manager for Safeway in Big Spring so that he and Mrs. McKay, long time employe of Rhode-Cowan Clinic, could return to Colorado City.

Thieves

the car sped away. Missing from the grease bay were tools.

Jerry Bryant reported a Polaroid camera valued at $60 and abby's car seat were taken from his pickup parked Saturday night at 821 East 11th St.

Something different, but a theft just the same was at the home of Lee Roy Craighead, 223 East 10th St. Craighead reported to police at 1:15 a.m. Sunday that a person pulled up a knee-high pine tree in his front yard and then ran off with the tree.

My Outlook For Our Public Schools

It is my opinion that all citizens in a community should take an active part in contributing what "He" or "She" can for the betterment of its young people. Youth is the life blood of a city — without it, we become stagnant. I realize also, that there is no substitute for the guidance of wisdom, or for the experience that comes with age. — I draw this conclusion: These two factions principals, — youth and wisdom — —working together, could and would produce a more sound governing body for our school system.

I, therefore, offer the zeal of my youth, my ambition and true concern for our young people to the citizens of Colorado City as a candidate for the school board.

CONVERSATION CORNER

Ruth Coffey's

USED to sing the verse to a song that began **"The Lawd He made the world, and He made a man all new. And after that much practice, He made a woman, too!".**

The Lord may or may not have been trying to improve on his first creation of human life. It's a debatable theory any way you look at it.

But most certainly the Lord added to his original formula many, many little feminine quirks, little differences that are still evident here in 1967.

Nobody but a woman would buy a pair of shoes marked down from $20 to $19.95 and come away thinking she's found a bargain.

NOBODY but a woman would spend hours and hours in the kitchen, then shake her head at compliments, saying "Oh, this meringue didn't turn out so well as usual."

Who but a woman would sit up all night with a sick child, then scream at him the first time he tracks mud on the carpet?

Who but a woman would wear a hideous hat just because it's new and "in?"

Who but a woman would forgive a husband all his trespasses so long as he calls her Honey in the proper tone of voice?

Who but a woman would window shop for hours with 89 cents in her handbag and not much more in the bank?

Nobody but a woman would figure that she saved at least $100 by all that looking, and leaving merchandise in the store, either.

DIFFERENCE in men and women is more an approach, an attitude, than anything tangible and visible to the average eye.

When a man worries it's a full-time occupation for him. It's a here and now thing. He starts by worrying about car tags, current bills, income tax and that catch in his back. And ends by going to sleep.

When a woman worries it takes only part of her attention. She can worry about one of the children coming home late, bury him and weep, while planning just what she's going to say to him when he does get there.

WHO but a woman would go to the trouble of weeping at old movies . . . laughing at a first-grader's jokes and riddles?

Who but a woman would go to the trouble of having her hair teased, tinted, swooshed and styled? Shop in four-inch heels?

Who but a woman would cater to the likes and dislikes of all the finicky family when she's planning meals?

Who but a woman would sit and watch sports on TV for hours because it suits the man of the house to have her there?

Nobody — but nobody but a woman would spend so much time trying to figure out and to understand and please some man!

SPRING, the singing season, is always especially dear to this heart with the coming of Easter music.

Hear tell that the **all-church sunrise music, directed by Frank Prewitt with Mrs. Dwight Tomb and Mrs. James E. Payne** as accompanists, was beautifully stirring.

And the music at First Baptist 11 a.m. worship hour was a thing to hear with **Jean Keeth** as one of the high soprano voices. She's daughter of the **Dalton Keeths.**

SAW the Olson Sweats at church with their daughter **Zora Mae**, her husband and their two handsome sons at church.

Greeted **Leonard Henderson, Jeff Taylor . . . Laura and Perry Barber . . . Ellon and Guy Burson . . . Lucille and Oren Trulock.**

Saw **Catherine and Arlene Morris . . . Bobbie and Dr. H. Jene Steakley . . . Miss Mable Smith . . . Ruth (Mrs. E. V.) Grantland** with her beautiful little granddaughter of Dallas, all dressed in a frilly Easter dress with matching bonnet.

FAMILIAR FACES, other places, belonged to **Mrs. Carl Kunkel . . . Bobby Lemons** whose wife **Jan** took in a recreation lab workshop at **Glen Rose** last week. She's a 4-H, G.A., and HD Club enthusiast.

Saw **Mildred Free (Mrs. A. A.)** on the downtown scene . . . **Mrs. Roy Dozier** headed for Easter Services at First Methodist . . . **Doris Carter (Mrs. Bill F.)** and her son . . . **Marie (Mrs. A. C.) Benson . . . Rev. Fred Brewton**, Presbyterian pastor.

Chatted a minute with **Joe Earnest** who with his sister **Martha** was a guest in the **George Leonard home at Sweetwater** honoring the Leonard daughter and her fiance who will be married in Austin in June.

HEAR TELL, that Jane Pickens Webb, wife of Ray Webb, spent the Easter holiday weekend as guest of her parents Mr. and Mrs. Elmer Pickens.

Hear, too, that the Jesse Pidgeons had their daughter, Mary Elizabeth, her husband Tommy Pendleton, and Elizabeth Ann, student in University of Texas all here from Austin. From Eagle Lake came their son Frank Pidgeon and his wife Gladys.

Also hear that **Susie Beal Snyder Rankin** was a Colorado City visitor during the holidays.

EASTER ECHOES include the fact that the Payne Baptist Church was full Sunday.

Several families in that community had houseguests, including the pastor, **Rev. Fred Smith** and his wife whose two daughters and their husbands were here.

The **Charles Williams** had daughter Nan, her husband **Doyle House** and their children from **Odessa** . . . their daughter Peggy, her husband **Brad Redman** and their children here from **Sweetwater** . . . and daughter **Penny with her husband Lucky Merket** and their children of C-City.

J. D. Gibson home entertained their daughter and her husband **Ken Deatherage** and their daughters Rhogena and Rhalynda of **Abilene.** They also had as guests Mrs. Gibson's mother **Mrs. C. B. Martin** of C-City and sister, **Mrs. E. G. Bruns and Mr. Bruns of Snyder.**

Donna Holman, who works in Austin, visited her parents the **T. L. Holmans**, too.

In the C-City home of his parents, **Jake and Kitten Richardson**, was their son **Bob Richardson, his wife Robin** and their two small sons of **Dallas.**

CANDIDATE FOR
CITY COUNCIL

(Pd. Pol. Adv. By Lacy Boles)

More Accomplishments –

That tall young gent by name of Bobby Lemons has prepared a new batch of data for Mitchell County farmers.

This is another example of the good work this county agent is doing for our community.

Of course, he gives a lot of credit for the new data — compiled from 1966 cotton demonstrations — to Rex McKenney, Travis Turner, Edward Roach Raymond Watlington and Linden Solomon, all members of Mitchell County Crops Committee.

But we've heard too many good words about this industrious county agent not to take advantage of his latest project and offer him a deserved pat on the back.

You can cook a steak in a Gas Infra-Red broiler before the ice melts.

Put an ice cube on a steak and put the steak in a gas infra-red broiler. The steak will be done *before* the ice cube melts. That's because gas infra-red broiling is so fast . . . up to 30% faster than ordinary broiling! And it's smokeless, just like all gas broiling. The flame inside eats up the smoke. And you broil with the broiler door closed with gas. Your kitchen stays cooler and cleaner. Next year he will want his own reading lamp. Next year he will need an extra waffle at breakfast too, and there will be school clothes to be ironed. All of this will require more electricity which is why demand in rural areas doubles every eight years. In 1948, the average family served by LONE WOLF ELECTRIC COOPERATIVE used 150 kilowat hours per month. Today, this same family requires 450 kilowatt hours. This constantly increasing demand calls for a constantly upgraded electric service requiring more money for improvements. LONE WOLF ELECTRIC COOPERATIVE is planning ahead now to provide this additional supply of electricity that is Helping Texas Grow.

'GRANITE 8' ENDS IN NOV.

Westbrook Phone Prefix Will Change To 644

All telephone number prefixes in Westbrook will change from GRanite 8 to 644 next November.

The new telephone numbering plan is known as All Number Calling (ANC).

Cecil Fowler, manager for Southwestern Bell Telephone Company, for Colorado City Snyder area, said about three-fourths of the telephones in the United States have already been converted to All Number Calling.

The change to the new numbering system is necessary because of the tremendous growth in the number of telephones. Telephone companies will eventually run out of suitable numbers if they do not convert to All Number Calling, he said.

Fowler explained that for Westbrook customers the prefix is the only part of their telephone number which will change. The last four digits of their telephone numbers will remain the same.

Telephone directories listing the new numbers will be distributed when the changeover is made.

Giving an example of the new all-numeral numbers, Fowler said a customer with the present number of GAnite 8-9871 would find his new number to be 644-9871.

Persons who plan to order stationery and other printed material on which telephone numbers are needed, should keep in mind their number will change in November, the phone manager emphasized.

The changeover to all-numeral numbers in Westbrook is part of a Southwestern Bell program to convert all telephones in the states served by the company to All Number Calling gradually over the next few years.

"With All Number Calling, telephone numbers in Westbrook will be of the same type as most phone numbers throughout the country," Fowler said. "This standardization makes it more convenient for the telephone user when he travels on business, makes vacation trips or moves from one city to another."

"Without All Number Calling, Southwestern Bell and other telephone companies would eventually run out of telephone number prefixes," Fowler explained.

Within a few years the number of dial combinations using two letters and five digits, such as the present local numbers, will have been exhausted in many parts of the nation. Although this is not likely to be true in this immediate area, it is nevertheless a factor because no two telephone numbers can be alike in the same numbering plan area now that Direct Distance Dialing is in widespread use.

Fowler said All Number Calling is the best solution to the problem.

"All Number Telephone numbers allow us to expand the possible combinations of dial pulls by about 50 per cent in each numbering plan area," he said.

Fowler noted that all-numeral numbers will eliminate dialing errors caused by the confusion of the numeral "1" with the letter "I" and, the letter "O" with "zero".

All number calling is also a step toward worldwide dialing where the language problems negates the use of letters, he pointed out.

He said, too, that the trend in telephone instrument design is toward com- numbers can be smaller, yet actually more readable and both letters and numbers.

Once nematodes get at your cotton, yields go down and so do profits. But with FUMAZONE® 86 soil fumigant applied at only 1 to 2 gallons overall an acre, you can take care of root-knot, sting, meadow and other nematodes—those microscopic, worm-like soil pests that attack plant roots, suck away profits.

FUMAZONE 86 soil fumigant increases yields up to ½ bale an acre. Many High Plains farmers just like yourself tell us that's exactly what happened to their yields after their soils were treated with FUMAZONE 86. It can be applied right from the drum. No mixing, no diluting, no nozzles clogged with foreign material. You can use the chisel method, the plowsole method or inject FUMAZONE 86 into your irrigation water. Could you ask for greater flexibility? Sure you could. So here it is. Apply FUMAZONE 86 before planting, at planting or after planting. It's the only type of soil fumigant that can be used on living plants. Ask your Dow farm chemicals supplier about it.

CLEAN

Flameless electric ranges cook with heat as clean as electric light. There are no fuel combustion by-products to soil kitchen walls, curtains and woodwork. Pan bottoms stay bright. Your kitchen stays fresh and new looking longer with a minimum of cleaning and care.

COOL

With electric cooking, there are no flames to waste heat into the kitchen air. And because the flameless electric oven heats without combustion, it requires no flow of air into and out of it. The oven is insulated all around — including the bottom — to keep heat inside where it belongs.

MODERN

Only an electric range offers so many modern features for easier, more enjoyable cooking. Many models offer such features as color-lighted pushbuttons or dial controls, clock-controlled ovens, automatic surface units and meat thermometers. Some models even have ovens that clean themselves electrically.

Ask your dealer about his FREE WIRING INSTALLATION offer on a flameless electric range

how are things in your neighborhood?

Maybe they're nothing like this. But remember: every slum area once was *not* a slum. Neighborhood deterioration starts when people start not to care. And people start not to care where deprivation exists, where there seems to be no purpose to life.

What can you do to help in your town or city? You'll be surprised at what can be accomplished through your church or synagogue. *And if you care,* the same place where you gain spiritual strength can become, with your help, a force for community change.

Think for a moment about the hundreds of ways your world can be made a better place for you and your neighbors to live in. Then worship this week . . . and join with others in putting your faith to work.
