Methodist Hold Meet At Stamford, In Jan.

The Methodists of the Stamford district were greatly enriched spiritually on Tuesday in a District Missionary Institute at Stamford.

The meeting was opened by Dr. E. G. French of Haskell with a devotional based chiefly on the 15th chapter of Matthew. Brother T. M. Johnston, our district superintendent, then introduced Dr. L. N. Lipscomb of Lubbock who brought us a fine missionary message. Dr. Lipscomb is chairman of the Conference Board of Missions. Following Dr. Lipscomb's message, a fine turkey dinner was served by the women of St. John's Church, Stamford.

At the afternoon meeting some fine messages were brought by Dr. Frank L. Turner, president of McMurray College, Abilene; W. E. Hamilton, conference executive secretary of the board of education; Tom Ellzey of the L-Z Ranch near Perryton, Texas, and H. L. Thurston, district missionary secretary of Aspermont. All of the above are preachers with the exception of Tom Ellzey who is a very consecrated layman and chairman of the conference board of Evangelism. He spends a great deal of time over the conference with his work, often neglecting his own ranch work in order to do work in "the biggest business in the world—God's business." This is his motto and the motto of his family. When the writer asked Mr. Ellzey concerning one of his sons, Lawrence, he said that since finishing at S. M. U. his son has come back to the ranch to be a "rancher for God."

Those attending the meeting from Spur and vicinity included Rev. and Mrs. J. E. Harrell, Mesdames Gilbert, Wood, S. L. Benefield and J. H. Dopson and Rev. Wendell A. Burba.

Miss Isabelle Campbell left Monday morning for Georgetown where she will re-enter S. W. U. for the Spring semester. Accompanying her were her brother, Spencer Compbell, and Geo. S. Link Jr. Messrs. Link and Campbell will spend a few days visiting relatives and friends at Angleton and other South Texas points before returning. They also plan to attend Mardi Gras in New Orleans.

Miss Frances Gibson and Margaret Mae Weaver, returned Wednesday morning to Lubbock to reenter Texas Tech for the spring semester, accompanying Misses Gibson and Weaver to Lubbock were Mr. and Mrs. H. B. Thompson who spent the day in the Hub City.

Johnny Nichols left Sunday for Roswell, New Mexico, where he entered N. M. M. I., for the spring semester.

TO THE PUBLIC:

My resignation as manager of the Pitchfork Ranch prompts me to publicly express my sincere appreciation to all busniess men and other residents of this community for the many courtesies, both business and social that have been extended ne since I have lived among you. Now, I hope to have time for some visiting and creating closer acquaintance and friendships with many of you. In addition to close attention to the business, I have exerted much effort toward making the ranch an integral part of this community and an institution of and for Texas.

I wish to commend the men employed and especially the heads of departments on whom I relied. Their attention to their duties and the care of property was such that every article of inventory, both implements and livestock, was correctly accounted for, which speaks for their interest and efficiency.

I trust that all your relations with the ranch in the future will be as pleasant as mine have been with you.

G. W. Bennett Is Candidate For County Judge

To The Voters of Dickens County:

I take this means of announcing my candidacy for the office of County Judge.

First, I want to express my appreciation to the voters for the nice support they gave me four years ago. I hope that the faith you had in me then exists today, and that you will not only vote for me in the July primary but will help me to induce others to give me their support in that election.

I became a citizen of Dickens County 20 years ago, and bought a small farm home in the north-central portion of the county. It has been difficult at times to maintain and operate this property, but I appreciate very much to have had the opportunity of living among the good people of Dickens County, being one of its citizens, and to help support its many institutions. I am thankful to have had a small part in the development of our county from a sparsely settled country to one of the best developed farming sections of our state.

Not only have I tried to be a home builder in your midst, but I have taught in your schools and the schools of surrounding counties. I think we have a fine school system I have always advocated the raising of our standards when possible, in order to give our youth the best there is in education.

Before and during the intervals of my teaching, I obtained my education from the best universities of our state.

I have had the honor of serving the people of Dickens County, as chairman of the County School Board for the past six years, and I assure you, that in all my dealings with the board, and with the public, my greatest aim has been to be fair and unbiased, keeping in mind at all times the interest of the boys and girls of our land, trying to give them the best opportunities that could be afforded with the money at our disposal.

If you should honor me with this office, I promise to be faithful in the performance of my duties. I shall always be fair and honest in my dealings with the public, no matter where you live or what your vocation is.

Yours for service,
G. W. BENNETT.

I Give You Texas

Boyce House

The time is nigh at hand when patriots will begin announcing for public office.

Innumerable manifestos will begin:

"Yielding to the earnest solicitude of hundreds of friends"—(probably the only one urging the race in some cases is a brother-in-law who has been contributing to his support)—"I have reluctantly decided to make the sacrifice and run for --------."

Those Siamese twins, "point with pride" and "view with alarm," also will get another thorough working out.

Everybody will come out in favor of "efficiency and economy." Why doesn't someone—just to be different—come out for "inefficiency and extravagance?" That's what it usually works out at, anyhow.

Of course, every candidate was born on a farm or, if not, he keeps quiet on the subject. They also came of "poor but honest parents." I never could understand the logic of the expression, "poor but honest;" why not "poor and honest?"

Nearly every candidate will modestly admit he is a "self-made man." I never hear the expression but what I think about the bald-headed fellow who made that claim and a small boy asked, "Then, mister, why didn't you give yourself a little more hair?"

Of course, the candidate is "clean as a hound's tooth" and "as straight as a string."

Most of them will proclaim a platform committing them to the "abolition of needless departments, bureaus and commissions" and think they have hit upon an idea as new as Columbus' discovery of North America. After being elected, many of those same candidates will try to get kinfolks a job in those "needless departments, bureaus and commissions."

Each announcement will pledge the aspirant to "conduct a clean campaign, free of mud-slinging and personalities." However, down near the close, there will be the promise to "let the chips fall where they may."

One thing about W. Lee O'Daniel's campaign in 1938, he gave folks something new with his slogan, "Pass the biscuits, pappy."

But I saw a sign on a cafe the other day that would rival that for a campaign cry:

"Thick steaks and thin pancakes."

Do you like to take part in contests? Most of us do, especially if there's the chance of winning a cash prize. Well, the Southwestern Exposition and Fat Stock Show—that's in Fort Worth, of course—is offering $25 to the person sending in the most appropriate name for the amusement spot on the grounds. It's a place where refreshing beverages and appetizing food can be obtained; dancing to the music of a "name" band can be enjoyed and there will also be a bright and sparkling floor show. Last year, the fun spot was called "the Roundup." A name with a Southwestern flavor, such as the Bunk House, Branding Iron or—maybe—Bum Steer, probably would have the best chance to win and all entries must be postmarked not later than February 9.

Memories of Old Rip, the Eastland frog, were revived recently when a rival was discovered in Crowell. Airless Joe is a toad, not of the horned variety, however, and is credited with living in a slab of concrete at the home of Mr. and Mrs. Jeff Todd for 20 years, which leaves Old Rip still well out in front with a record of 31 years sealed up in the courthouse cornerstone. Mr. and Mrs. Todd are the parents of the famous football player, Dick Todd.

•

During the past year, Brady witnessed the construction of 60 new homes. Long one of the most progressive and substantial cities in the heart of Texas, Brady materially increased its number of beautiful residences.

The McCulloch County capitol is one of this commentator's favorite towns. When I edited the Sentinel during the summer of 1921, there were no paved streets and, at each corner of the courthouse square, there was an overhead hose at which the sprinkling wagon replenished its supply of water.

Now not only is the courthouse square paved and all the vacant lots around the temple of justice have given way for modern business structures but the business area extends blocks in all directions and there are several miles of paving. The open-air moving picture house in which I saw Charlie Chaplin and Jackie Coogan in "The Kid" has made way for a film palace.

But two features remain the same—and those are the healthful and invigorating atmosphere and the hearty friendliness of the citizenship—priceless possessions in which Brady is equaled by few towns and surpassed by none.

LIFE

(An Editorial)

By JAMES FOX

Life is like a book. There are fifteen chapters in the book of life.

The first chapter is about the coming into this world to try to make it a better place to live in. From the second to the seventh chapter, you think that you can get along in this big world without an education. But the ones that go on to the eighth chapter will be able to live happily. From the eighth to the eleventh chapter, you go into the world to practice your profession. But at the beginning of the fifteenth chapter, you are beginning to get very tired and can not work very well.

Then the book of life will come to an end and you may have done your share for the world in making it a better place for others to live in.

Most coughs spread infection for thirty feet, which is one reason why colds quickly spread to every member of the family and through entire office organizations.

Mentho-Mulsion contains seven soothing, healing oils and unguents that relieve that stuffed-up feeling and stops coughing within a few seconds. Mentho-Mulsion also contains vitamins A and D to build up cold resistance, and genuine beechwood creosote for penetration. Its base of genuine California fig syrup gives Mentho-Mulsion a taste you will like and makes it cling to your membranes so its soothing, healing ingredients act quicker, better. If Mentho-Mulsion does not stop your coughing at once, and get you entirely over your cold cough quicker than any medicine you every tried, ask for your money back.

A well known druggist's wife recently stated: "I took Mentho-Mulsion for a bad cold cough, and my cough disappeared so quickly we now keep Mentho-Mulsion at home all the time ready to take at the first sign of a cold or cough."

Mentho-Mulsion is endorsed by your neighbors and guaranteed by leading druggists everywhere.–adv.

SITTING in one position all day is mighty tiring. But you don't have to *sit* all day on a John Deere Tractor—there's a big, roomy platform so that when you want to "unlax", you can get up and stretch, just like in the 7th inning of a ball game. It's a fine thing, too, in extremely dusty conditions.

Sitting or standing, you'll find the controls right at your finger tips—less strain, greater safety.

You can see the rows better and farther, sitting or standing, with a John Deere Tractor.

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try *Doan's Pills. Doan's* help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. *Ask your neighbor!*
