Tahoka School Finances In Good Shape—Hanes

Tahoka Independent School District is in excellent financial condition, according to a report made last week by W. T. Hanes, superintendent, who resigned his position here effective June 1 to become superintendent at Cameron.

Mr. Hanes leaves the local district with a total balance of \$11,922 in the general funds, and a balance of \$9,700.00 in the sinking funds.

The district has on deposit a total of \$9,500.00 in the local maintenance fund, and a total in hand or due of \$6,962.00, of which \$4,302.00 is in the state and county fund, \$969.00 in transportation, \$1379.00 in tuition, and \$312.00 due in Federal home economics aid; making a total of \$15,462.00. However, the district has a note outstanding for \$3109.00, and owes \$440.00 on salaries in June, which leaves a balance of \$11,922.00.

In addition, the district has a balance of \$9700.00 in the sinking fund, against which there is one \$1,000.00 note due soon, leaving \$8,700.00, or almost enough to take care of bond and interest obligations for another year, or on bonds not yet due.

Members of the school board, however, are anticipating an increased cost in the operation of the schools in the future, due to the increasing of salaries.

Members of the board expressed deep appreciation of the manner in which Mr. Hanes has conducted the school during the seven years he was superintendent here.

Former Resident Is Buried Here

Funeral services were conducted at 2:00 o'clock Tuesday afternoon at the Harris Funeral Home here for J. C. Todd, 34, long-time former citizen of Lynn County, who died at his residence in Fort Worth early Sunday morning. Rev. Crawford, pastor of the Church of the Nazarene at O'Donnell, officiated, assisted by Rev. Levi Price of the First Baptist Church of Tahoka. Burial followed in the Tahoka cemetery.

Mr. Todd became seriously ill about eight months ago, since which time he had undergone much suffering. He had long been a Christian and about six weeks preceding his death he united with the Nazarene Church. He was a devoted Bible student and spent most of his wakeful hours during the last weeks of his life in reading and studying the Bible, and he could quote Scripture after Scripture from memory. Surviving him are the widow and three children. Two boys and a girl, together with numbers of other relatives.

Coming with his parents to Lynn County in boyhood, Mr. Todd had spent 23 years of his life in this county, most of the time in the Bethel community. For a time he lived and worked in Tahoka.

About fifteen years ago he was married to Miss Audrey Pearl Rodgers, daughter of Mr. and Mrs. Tom Rodgers. A few years ago he went into defense work, since which time he and family had resided in several different cities. In 1943 he located in suburbs of Fort Worth and continued to reside there until death claimed him last Sunday morning.

All of his close kin were here for the funeral with the exception of four brothers, who are in service overseas.

Mr. Todd was well known here and in other communities in the county, and he had a great circle of friends who deplore his untimely death and deeply sympathize with the bereaved widow and children.

Pvt. Herman Renfro is home on 15-day furlough. He recently was transferred from the Army Infantry to the Air Corps, and has been receiving training at Sheppard Field. He will be stationed at Clovis in the future.

Officers Elected By Tahoka A.F. & A.M.

Clint Sikes was elected Worshipful Master of Tahoka Lodge No. 1041 A. F. & A. M. at Tuesday night's meeting, election for the fiscal year beginning June 25.

Other officers elected were C. E. McClellan as senior warden.

Re-elected were G. M. Reid as treasurer, Harry L. Roddy, secretary; W. C. Jones, Tiler.

Other officers will be appointed by incoming officers, who will be installed at next stated meeting.

About 40 members and visitors were present.

City's Scholastics Show Increase

The following scholastic census report for the various school districts of the county has been compiled by County Superintendent Lenore M. Tunnell.

Mrs. Tunnell explains that the total will exceed the number given here, for this report does not include scholastics living in Lynn County in some county-line districts. Exclusive of these, the report shows a total of 2,954, not much change from last year.

Some thirty-eight other 4-H club members of the county who received a gilt in the gilt program will have gilts to turn back to this year's winners some time in the fall.

These first seven boys to return a gilt to the program are: Jackie Dulin, Marvin Hagen, Wilson Club; Bill Henry McKenzie, Bryan Gene Spears, Leonard Brierley, Wilson Club; Bobby Henley, O'Donnell Junior Club; Arvis Grogan, Wells Club; James McCall, Wilson Club; John Shepherd, Kenneth Parr, Grassland Club.

Sgt. Thurman Given Good Conduct Award

With The 32d Infantry Division in Pangasinan Province, Luzon, Sergeant Joseph R. Thurman, son of Mr. and Mrs. Joseph M. Thurman, Route 1, Tahoka, Texas, has been awarded the Good Conduct Medal.

In the service since March, 1943 Thurman trained at Camp Roberts, California, before departing for overseas duty in October, 1943. He is a veteran of three major engagements in the Southwest Pacific and holds the Philippine Liberation Medal, the Asiatic-Pacific Ribbon and the Combat Infantryman Badge. He is now fighting with the 32nd "Red Arrow" Infantry Division on Luzon.

Cpl. Charles Reid, son of Mr. and Mrs. Tom Reid, writes from Alsburg, Austria, that he is still rounding up German soldiers.

O. B. Peddy and family have been up from Houston visiting his parents, Mr. and Mrs. John Peddy at Post and his sister, Mrs. Lulu M. Young here.

Lynn County War Bond Sales Near \$400,000.00 Mark

Lynn county War Bond sales in the Seventh War Loan had reached a total of \$363,960.25, more than half the quota, according to reports made to County Chairman Truett Smith Monday night.

Sales in Tahoka totaled \$301,000.00, of which the First National Bank had sold all but \$3,000.00.

Sales at O'Donnell First National Bank and postoffice totaled \$38,872.75, and the Wilson State Bank and postoffice reported sales totaling \$24,087.50.

Several community committees have not yet canvassed their territories, and these are urged to do so at once. However, citizens are urged not to wait to be asked to buy bonds, but to go to their bank or postoffice immediately and place an order.

Lynn county's over-all quota is \$650,000.00, of which \$335,000.00 in E bonds must be bought if the county reaches its quota.

Lt. Col. J. Minor Decorated Again, Is Coming Home

Lt. Col. James L. Minor, commander of the 1st Battalion, 142nd Infantry, 36th Division, one of the youngest Infantry colonels in the Army, who has advanced from private to his present high rank, has recently been awarded further decorations for outstanding achievements in combat.

Major General John E. Dahlquist of the Seventh Army, which has fought up through the Mediterranean, Italy, Southern France, and into Germany, writes Lt. Col. Minor's wife at Post that James "has just been awarded the Oak Leaf Cluster in lieu of a second Silver Star for gallantry in action."

Previously, Col. Minor had won the Silver Star, Distinguished Service Cross, Bronze Star, Purple Heart with two Oak Leaf Clusters (indicating that he has been wounded in action three times) and the Presidential Unit Citation.

A recent copy of the 36th Division "Patch" says: "The 1st Battalion, 142nd Inf., 36th Division. (Cont'd. on last page.)"

Cpl. 'Slick' Clem Home From War

Cpl. Rowland W. "Slick" Clem, son of Mr. and Mrs. C. A. Clem, arrived home last Friday for a month's furlough, after having been overseas 28 months and two days with the U. S. Marines. He will report back to Corpus Christi on July 1st.

Cpl. Clem has seen much action against the Japs, first in the North Pacific, and more recently in the Central Pacific. In fact, he has been on most of the islands that have been in the News, in the Cape Gloucester campaign on New Britain, and was present at the Russell, Marshall, Palau, and Marianas, including Saipan and Tinian of the latter.

He wears the Naval Unit Citation for the landing at Palau.

He declares we are making tremendous power on the Pacific islands for the final assault against the Japs, and he doesn't think the Japs can keep back for long our tremendous power.

Cpl. Clem entered the service on July 15, 1942. His brother, Sgt. Gale Charles Clem of the Army Infantry was killed in action a few months ago.

BUYS SERVICE STATION

L. E. Isbell, former night watchman, has bought the Texas Service Station business on Main Street, and has been operating the same since one day last week. A. L. White, Texaco consignee, will continue to maintain his office at the station.

Rev. John M. Neil of Huntsville, who will conduct the revival beginning Sunday at the local Methodist Church.

Methodist Church Will Start Meeting

The annual summer protracted meeting at the Methodist Church will begin Sunday and continue through June 24, according to the pastor, Rev. H. A. Nichols.

Rev. John M. Neil of Huntsville, one of the general evangelists of the Methodist Church, will do the preaching. He is considered one of the leading evangelists of the church.

Rev. Nichols says: "We are fortunate in securing him to lead in this meeting, as his time is taken for months ahead, but due to the fact a meeting was postponed he agreed to come to Tahoka. He has held three meetings in Alabama since the first of the year. Great success has attended his preaching and work in the various churches of this and other states. A great meeting is expected here, and will be if the church people will heartily cooperate with the evangelist."

At this time he is holding a meeting in Gonzales, which will close Sunday. He may not be here before Monday, but the meeting will begin and continue until he arrives.

A singer will be secured sometime this week, the pastor says, one who will work with the children and young folks, as well as leading the singing.

The church extends a welcome to all the people of the county to attend.

Pate Is Awarded Bronze Star Medal

Technician Fourth Grade L. D. Pate of the Field Artillery, U. S. Army, has been awarded the Bronze Star "For heroic achievement in connection with military operations against the enemy near Talsay, P. I., on April 10, 1945. When his position was subjected to enemy mortar fire, Technician Pate transmitted data through his radio to bring neutralizing fire on the enemy mortar position. Although painfully wounded, Tech. Pate operated his set until relieved and taken to the rear." as recited in the Bronze Star order.

Tech. Pate is a son of Mrs. Vallie Pate of Tahoka, now on a visit in California, and he is a brother of Mrs. Leo Kennedy of Tahoka.

He was wounded in action on Negros Island in the Philippines on April 10, according to a telegram received by his mother from the office of the Secretary of War.

T-4 Pate entered the service in July 1941 and was sent to the Hawaiians in October, 1942 and on to the Philippines later.

New Manager For Tahoka Co-op Gin

H. G. Hodges of Memphis is the new manager of the Tahoka Co-op Gin Association here, having been named to the position Saturday of last week.

He was manager of a gin at Memphis several years. He succeeds Arthur Hodge, who resigned several weeks ago.

Negro School Will Be Erected Soon

Truett Smith president of the board of Trustees of the Tahoka Independent School District, stated to a representative of the News Monday that he had received assurances from the lumber company having the contract that the Negro school building, for which the foundation was laid last fall, will be ready for occupancy when school starts in September.

The building is to be constructed by the Higginbotham-Bartlett Lumber Company. It is to be about 20 by 40 feet in size and to be constructed chiefly of tile. It will be divided into two rooms and the partition wall will be constructed when deemed necessary.

Thus far only one teacher has been employed in the colored school but it seems likely that two teachers will be needed hereafter.

Mr. Smith says that the school board has sufficient funds in the treasury to construct the building.

Stephens Writes From Jap Prison

Roy Stephens, son of Mr. and Mrs. L. R. Stephens of Midway has been a prisoner of the Japs since December, 1942. Last week they received the following letter from him, dated Sept. 14, 1944, Shanghai War Prisoners Camp, which his many friends will be interested in reading:

Dear Mother, Dad, and All: This 14th day of September finds me still in the best of health. So far I have had no illness during this present international disturbance. I can only hope that each and every member of the family has weathered the storm as I have.

My memory has become so short, or I have been here so long, that I hardly remember what home was like, though I am looking forward to a change in my standard of living before long.

I have received two letters recently, one each from Muriel Kelsie and Marcellene. Was good news to know that all were well in April, 1944. Marcellene spoke of sending pictures, which I would like to have had, but did not receive them.

Wishing everyone the best of luck and health and hoping to be with you soon.

Love to all, Roy Stephens.

Cpl. Pebsworth Gets Merit Certificate

Cpl. Jephtha A. Pebsworth of the 87th Air Service Group was awarded a beautiful Certificate of Merit on April 20, 1945, by Lt. Donald S. Williams of the Air Corps, commanding, for "meritorious achievement in the performance of outstanding service from July 1944 to 1945 while a member of the Headquarters and Base Services Squadron."

Cpl. Pebsworth is a son of Mr. and Mrs. J. A. Pebsworth of the Midway community and was operating during the period named with the U. S. Air forces in India. He entered the service on October 31, 1942, and had been overseas about 17 or 18 months.

Cpl. Toe Roberts is here this week visiting his mother and daughters.

Lynn county is in position to receive 29.5 miles of paved farm-to-market roads at the end of the present war, County Judge Tom Garrard has been informed by the State Highway Department. That many miles of road in this county were "conditionally designated" on May 29 by the department.

The proposal to pave roads in this county is a part of a proposed state-wide program, in which the average county will receive about 20 miles of farm-to-market roads; Texas has been granted 30 million dollars for this purpose by the Federal government, and the State government will match the amount.

The four projects for this county are: Wilson to New Home, crossing U.S. 87, 11 miles; Grassland to U.S. 380, at Central, 2 miles; Draw to U.S. 87, 3 miles northeast of O'Donnell, 9 miles; and Wells to U.S. 87, 3 miles northeast of O'Donnell, 7.5 miles; a total of 29.5.

In fact, survey has already started on the Wilson to New Home road, which, it is believed, will be the first project in this county.

Actual construction will not be started, however, until the end of the war, and the program is expected to cover a three year period.

O'Donnell, Gail, and Seagraves citizens also are pushing a plan for a new highway designation linking these three towns, and the Lynn county commissioners court is backing the proposal.

H. C. McKenzie Died Last Week

Following an illness which confined him to his bed for more than a year, H. C. McKenzie of O'Donnell 69, died at his home in that city at 9:45 Wednesday evening of last week and funeral services were conducted in the Methodist Church there at 4:30 Thursday afternoon by Rev. E. H. Crandall, pastor, assisted by Rev. Crawford, pastor of the O'Donnell Nazarene Church and Rev. Mr. Burnes, Baptist minister at Seminole.

The remains were laid to rest in the O'Donnell cemetery.

Survivors include the widow, Mrs. Emma Dial McKenzie, and three children of a former marriage, Mrs. K. (Annie) Dolloff of Seagraves, Mrs. F. A. (Lorene) Buchanan of O'Donnell, and Lonnie McKenzie of O'Donnell, and a number of other relatives.

Deceased had been a member of the Methodist Church for 41 years and was devoted to his church. For many years he was also a member and an official in the Woodmen of the World.

Born in Van Zandt county on November 26 1876, deceased was a native Texan and had spent almost his entire life in Van Zandt and Lynn Counties. He came from Van Zandt to Lynn County in September, 1915, resided in the Three Lakes community about ten years, and then moved to O'Donnell.

He was first married to Miss Lillie Boyles in Van Zandt county about 1897, and of this marriage the three children named above were born, his wife dying in 1904. In 1910 he married Miss Emma Dial in Wood county, and she survives him.

Mr. McKenzie was well known in the county and especially among the citizens of O'Donnell, Three Lakes, and other communities in the southwestern portion of the county. Many friends attended the funeral services and in many ways evidenced their esteem of their departed friend and neighbor.

Mrs. Edd Cobb has received word that her son Pvt. Billy Jack Hancock of the U. S. M. C. is in a hospital on Okinawa suffering from blast concussion and shot nerves. Billy is 19 years of age and has been in the South Pacific seven months.

CPL. W. G. LOYD WRITES HOME FROM ITALY

Mrs. J. A. Loyd received a letter a few days ago from her son, Cpl. W. G. Loyd, from some undisclosed place in Italy.

With the letter, a clipping from some newspaper was enclosed which stated that the 455th Bombardment Group, with which Cpl. Loyd has been serving, had recently received its second Distinguished

Unit Citation, when Brig. Gen. William E. Hall, Dept. Com. General of the 15th AAF, pinned the blue battle streamer to the group's standard.

The veteran Liberator Group was cited "for outstanding performance of duty in armed conflict with the enemy" while leading its wing on a mission against the Moosebierbaum oil refinery, Austria, last June.

While on this mission, the formation was attacked by 80 twin-engine fighters and 60 single-engine fighters, but succeeded in dropping many bombs on the target. In the air battle, which was one of the fiercest of the war, they succeeded in destroying 34 of the enemy fighters with a loss of only ten of their own.

The group had received its first citation for its successful attack on the Steyr Walzlagerwerke, vital enemy ball-bearing plant in Austria in April, 1944, when it destroyed 27 Luftwaffe fighters.

The group flew 235 bombing missions in 14 months of combat operations.

In his letter to his mother, Cpl. Loyd scarcely alluded to this distinguished service in which he had participated.

We quote from his letter at length which was written May 10:

"Dear Folks: I am out here in the armament shop with nothing to do right now and listening to the radio. After about a week of loafing, I am pretty busy again. Our planes are carrying cargo now and I was up most of last night helping load it. They carry food and a lot of other things.

"As for where I will go when I leave here, I don't know for sure. Most of our ideas are based on rumors and none of us really know. If you read the papers you should know that I will see service in the Pacific before it is all over. The big question is whether I will get home first. Well, just hope for the best.

"I hope they work things out good for a lasting peace at San Francisco. I don't see how the world could stand another war. Even if I have been, you might say, comparatively out of the war to what some of the boys have seen and been through, I have seen scenes of utter devastation. I would hate to see some of our cities in ruins like some over here. When I saw Cassino, I could hardly believe it was once a town. It was nothing but a pile of rubble."

He indicates that he is well impressed with President Truman and thinks he is trying to carry out President Roosevelt's policies.

"We sure have good programs on the radio over here. This air force has a broadcasting station at Foglia and we have all the latest music," he observes before closing.

Pfc. Herman Reid and wife of Montgomery, Ala., recently visited his parents, Mr. and Mrs. Tom Reid.

It rates a great big hand!

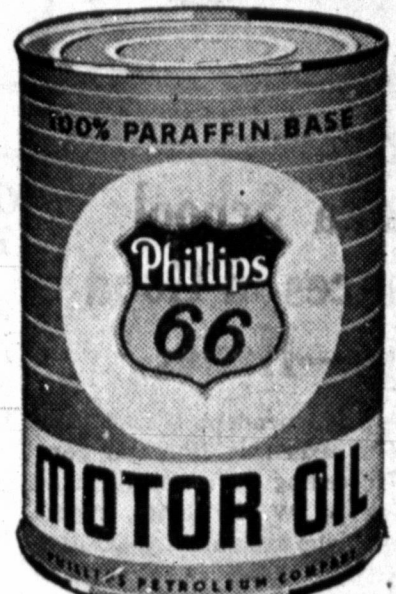

Even a child can understand a story as simple as this:—Every day thousands of cars are wearing out. There are no new ones to replace them. That is why it is so important to give your automobile the best possible care.

One of the best ways to do that is to use a really fine, quality motor oil. If you are not quite sure how to select such an oil, why not ask the man whose business it is to help keep cars running smoothly?

Your Phillips 66 Dealer will tell you frankly that, of all the different oils Phillips makes . . . for different preferences and pocketbooks . . . Phillips 66 Motor Oil is our finest quality. It is the highest grade and greatest value that Phillips offers to car-owners like yourself.

Time to change! Drain winter-worn oil, and refill with fresh, summer-grade Phillips 66 Motor Oil.

SENATE JOINT RESOLUTION NO. 7

PROPOSING AN Amendment to Article VI of the Constitution of Texas providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch or component part thereof, or the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if the same is held while the United States is at war, or within a certain stated time thereafter; providing that members of the regular Army, Navy, or Marine Corps of the United States shall not be permitted to vote; providing that other members of the armed forces shall be entitled to vote under certain conditions; providing the form of the ballot for voting on said proposed amendment; fixing the time for holding an election; directing the Governor to issue the necessary proclamations; and making an appropriation.

Be It Resolved by the Legislature of the State of Texas:

Section 1. There shall be submitted to the qualified voters of the State of Texas the matter of amending Article VI of the Constitution of Texas by adding thereto a new section which will modify the present restrictions concerning voting. This new section shall be inserted between Section 2 and Section 3 of said Article VI, and shall be known as Section 2a, and shall read as follows:

"Section 2a. Nothing in this Constitution shall be construed to require any person, who at the time of holding of an election herein-after referred to is, or who, within eighteen months immediately prior to the time of holding any such election was, a member of the armed forces of the United States or of the Armed Force Reserve of the United States, or of any branch or component part of such armed forces or Armed Force Reserve, or of the United States Maritime Service, or the United States Merchant Marine, and who is otherwise a qualified voter under the laws and Constitution of this state, to pay a poll tax or to hold a receipt for any poll tax assessed against him, as a condition precedent to his right to vote in any election held under the authority of the laws of this state, during the time the United States is engaged in fighting a war, or with-

in one year after the close of the calendar year in which said war is terminated.

"Providing, however, that the foregoing provisions of this section do not confer the right to vote upon any person who is a member of the regular establishment of the United States Army, Navy, or Marine Corps; and provided further, that all persons in the armed forces of the United States, or the component branches thereof, not members of the regular establishment of the United States Army, Navy, or Marine Corps, are hereby declared not to be disqualified from voting by reason of any provision of sub-section 'Fifth' of Section 1, of this Article."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state on August 25, 1946, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the following:

"FOR the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if the same is held while the United States is at war or within a certain stated time thereafter."

Those opposed to such amendment shall have written or printed on their ballots the following:

"AGAINST the amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or any branch or component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if the same is held while the United States is at war or within a certain stated time thereafter."

Sec. 3. The Governor shall issue the necessary proclamations relating to the publication of the foregoing Resolution, in the various counties of the state, and shall cause the same to be published as required by the statutes and the

Constitution in connection with the submission of proposed amendments to the Constitution, to the people for their action at a statewide election. If it shall appear from the returns of the election at which the foregoing amendment to the Constitution is voted upon that a majority of the qualified voters have voted for said amendment, same shall then become a part of the Constitution of Texas.

Sec. 4. There is hereby appropriated out of the General Fund of the State of Texas, not otherwise appropriated, the sum of Fifteen Thousand Dollars (\$15,000.00), or so much thereof as may be necessary, to pay the expenses of advertising said Resolution in each county in the state and for such other purposes as may be necessary, or required by law, or by the Constitution. 42-4c.

LOCAL POULTRY

Housewives were reminded today by Mrs. Margie Conway, price clerk at the local War Price and Rationing Board, that poultry is under ceiling prices and that they should check these prices when they buy. In Lynn county, live broilers and fryers, under four pounds, must sell for no more than 38 cents per pound in store Groups 1 and 2. Broilers and fryers under two and one-half pounds, sold drawn, that is, with head and feet off, entrails out, and plucked, must sell for no more than 60 cents per pound in Group 1 and 2 stores.

In addition to broilers and fryers, roasters, roosters and hens also have maximum prices, Mrs. Conway said. "Grocers are required to post their ceiling price list, so watch for them when you buy."

Mrs. Conway also pointed out that person-to-person sales have the same ceiling price as Group 1 stores.

Mrs. D. C. Roberts received a telegram from the War Department Tuesday telling her that her son, Pvt. Jack Yandell was wounded in Germany May 3. However, she had just had a letter from Jack himself the day before. He told her that he was in a hospital in England with a broken leg.

JOHN Deere tractor engineers know that hard carbon, fine metal particles, grit, and similar abrasives in crankcase oil can do more harm to the working parts of your John Deere Tractor in a few hours than can be done in years of hard use in the field with clean oil. Therefore, the efficiency of the oil filter is most important.

The filter element in your tractor was designed especially for your tractor and, after exhaustive tests, was adopted because it surpassed all others in efficiency.

By changing the filter element after every 120 hours of use and using only genuine John Deere Purolators in your tractor, you are assured of the best possible protection for your tractor.

John Deere engineers take no chances on failure in the John Deere tractor because of the oil filter, so why should you take chances? Use nothing but genuine John Deere Purolators and protect your tractor investment.

THE FEPC GETS A JOLT

There are prospects that the FEPC will close shop for lack of funds at the close of this month, according to information coming out of Washington. Congress blue-penciled the line in the appropriation bill which would have provided funds for the committee, and so far the proponents of this un-American outfit have not been able to get the provision restored. Southern Democrats in Congress are chiefly responsible for the deletion, while the FEPC finds its support from Northerners, Democratic and Republican, who feel that they need the support of labor unions or Negro organizations, or both to remain in Congress.

You may have forgotten what the FEPC's is. It is that committee with the fair-sounding name — Fair Employment Practice Committee — created a few years ago by Executive order at the behest of the labor unions and the Negro organizations to prevent discrimination in war industries against any person on account of race, color, or religion.

It was construed to apply to almost every kind and character of business, for almost every business concern in the country was supposed to be contributing to the war effort. Accordingly, the agents of the labor unions and the Negro organizations began nosing around into all sorts of private business for infractions of the rules and regulations set up by the authorities in Washington and to report such infractions to the FEPC. Negroes in the South were supposed to be the

chief objects of discrimination in the employment of labor. Labor Unions and Negro organizations began insisting that Negroes be employed right along by the side of whites in various sorts of business, and if the FEPC is given a permanent lease on life by Congress it bids fair to become a real nuisance to Southern employers of labor if not to employers in every part of the country.

We Southern people yet feel that a business man has a right to employ or refuse to employ laborers in his own business in accordance with his own desires and preferences, without interference from anybody in Washington or elsewhere. For any committee to undertake to tell him whom he shall employ or not employ is regarded by him as a curtailment of his liberties that has no justification in common fairness and justice or in the Constitution of our country.

Hence Southern Democrats in Congress, together with some other honest and fair-thinking Congressmen, have sought consistently to put the FEPC out of business, and it looks now as if they have succeeded, temporarily at least.

The legislature recently enacted a law raising the rank of Prairie View State College for Negroes to that of the University of Texas. That is, it authorized the expansion of the curriculum at the Negro school to include all subjects taught in the University. That was right and proper, but the legislature doubtless was hedging against the possible forced admission of Negro students into the University by authorizing and offering equal opportunities to them in the Prairie View College. But to make opportunities real, the legislature neglected to do one necessary thing. It failed to provide funds for the employment of additional teachers and the construction of additional buildings at the Negro school. This must be done before it can in reality offer full university courses. It should be done, both as a matter of expediency and as a matter of justice to the Negroes. They are required to pay taxes in proportion to their ability in support of our institutions of higher learning, and we believe that institutions should be provided them that will meet every reasonable demand.

Practically every report that comes from Americans in Germany declares that the German masses have yet shown little compunction of conscience for having started and waged the recently-ended war for the cruelties that their leaders and soldiers practiced in this war. They are yet sullen and unrepentant. Their only regret is that they failed to win. The continued dissemination of the truth among them by every means possible, certain and quick punishment of the leading war criminals, the set-up of a democratic educational system and a just and generous government accorded them by allies may in time bring about a change of their attitude; but it will be a long time before the world will again trust them and permit them to re-arm. It would be a crime against posterity to allow them to wage another war.

Gold was known to the Indians as early as 1564.

A JOINT RESOLUTION

PROPOSING AN Amendment to the Constitution of the State of Texas, providing for a Supreme Court of nine members; prescribing their qualifications; and providing for their election, tenure of office and compensation.

Section 1. That Section 2 of Article 5 of the Constitution of the State of Texas be amended so as hereinafter to read as follows:

"Article 5. Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; provided, that when the business of the court may require, the court may sit in sections as designated by the court to hear arguments of cases and to consider applications for writs of error or other preliminary matters. How women and girls may get wanted relief from functional periodic pain

Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1—Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2—Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardul. If it helps, you'll be glad you did.

This raises a Question

A picture like this raises a question... for you to answer.

At this moment, hundreds of thousands of America's finest young men are fighting in the greatest military effort of this war. For them, there are no half-way measures.

Ask yourself—are you doing anything to match their supreme sacrifice?

If you can say "yes" to that question—and no one can, who isn't actually under fire—that's fine.

If not... go out now and buy those extra War Bonds. The Bonds you didn't think you could quite afford.

Buy your Invasion Bonds Today!

Admiral Ernest J. King—"The dollars of every patriotic American must continue to build invasion ships to transport our men and materials in increasing numbers to the many active fronts. In 1945, more than ever before, the money we invest in War Bonds is of supreme importance."

General George C. Marshall—"The American people must give not only their full personal effort but the full use of their dollars invested in War Bonds to back these attacks. There is no alternative. Total victory is in sight, but it can only be won by concentrating every resource of America to the task."

It's easy to give everything you've got when you're scared to death and fighting for your life. It's hardest to bear down when things look "in the bag."

As the war looks today, for instance.

Over-confidence may not lose us this war. But if it makes us ease up, it can prolong it.

Even if only one extra day is added to the war—just one—thousands of American boys may die for it. Perhaps, God forbid, a friend of yours, or son, or brother, or sweetheart, or husband.

SO DON'T SLOW DOWN NOW. Don't coast. Buy Bonds with that extra cash—all the Bonds you can.

After all, buying Bonds is not only a

patriotic but a very wise thing to do. The dollars you put in Bonds now will come back to you—bringing MORE dollars with them. Dollars that can mean happiness, security, comfort—just when you'll want those things most.

BUY WAR BONDS for your Country. Buy them for yourself. They're the world's safest investment.

CHURCHES OF CHRIST

ROM. 16:16

SALUTE YOU!

The church is the body of Christ (Eph. 1:22-23). People become members of it when they are saved, and are added to it by the Lord. (Acts 2:47). No man or group of men can in any way exclude any person from becoming a member of the Lord's church. We can only exclude ourselves by not becoming obedient to the gospel which is God's power to save. (Rom. 1:16).

Christ is the head of the church and as such has all authority to direct its activities. Every individual member, as a part of the body of Christ must do as directed by the head in all matters of worship and Christian living. We have the rules for these activities laid down in the New Testament, and should be very careful to study the directions and follow them faithfully in order to be accepted to God.

You are cordially invited to study and worship with us.

Cpl. Buford Aten Killed On Iwo Jima

More details in the death of Marine Cpl. Buford Aten, son of Mr. and Mrs. G. C. Aten of O'Donnell, are contained in a letter from Lt. Col. J. B. Butterfield, 1st Bn. 28th Marines, 6th Marine Division.

He says: "Cpl. Buford Aten met death in the following manner: On Feb. 19, 1945, as we invaded Iwo Jima, Buford was moving from the beach across the island toward the enemy and the west beach, when a shot struck him in the head, mortally wounding him on D-Day, by fire from Mount Suribachi. Buford was buried in the 5th Marine Division Cemetery on Iwo Jima in Row 5, Plot 2, Grave 399. You may be assured that your son gave his life as a true Marine, gloriously, fearlessly, and proudly."

Cpl. Aten lacked five days being 21 years old. He entered the service Nov. 28, 1942, and previous to the Iwo Jima landing had three combat stars and the Purple Heart.

A brother, Pat Aten, EM 3/c, in the Navy, entered the service Sept. 30, 1942.

The father, G. C. Aten, is now county commissioner in northern Dawson county, but lives near O'Donnell. The family is well known in Lynn county, especially at Grassland, where they once lived.

VACATION BIBLE SCHOOL CLOSURES TODAY

The Vacation Bible School being conducted at the Methodist Church this week will close with a special program this afternoon beginning at 4:00 o'clock. Everybody interested in the religious welfare of the children is specially invited to be present.

The school opened at 4:00 o'clock Monday afternoon and the sessions have run from 4:00 to 5:30 each afternoon.

In addition to a goodly number of Methodist children quite a number from other churches of the town have been in attendance. The spirit and the enthusiasm are reported to have been fine.

Mrs. Roy Edwards has been the efficient dean of the school and Mrs. Ted Terry the song leader. The able corps of teachers and leaders consists of the following:

Juniors: Mmes. Era Stewart, Buel Draper, Notley Wyatt, and Callaway Huffaker;

Primaries: Mmes. G. C. Frank, Roy Edwards and Terry Thompson;

Intermediates: Mmes. G. C. Stewart and Walter Mathis;

Beginners: Mmes. Roger Bell and Paul Johnson.

Refreshments were served to the children each afternoon, the funds being provided by voluntary contributions.

REVIVAL IN COLORED BAPTIST CHURCH NEXT WEEK

Rev. O. D. Hollins, pastor of the Pleasant Grove Baptist Church, colored, announces that revival services will be held in his church throughout next week.

Rev. Z. H. Hickerson, pastor of a large colored Baptist Church in Mineral Wells, will do the preaching, while Rev. Hollins himself will lead the song services. Hickerson is also vice-president of the Colored Baptist State Convention.

Hollins says that special seats will be provided for white folks and they are invited to attend. Especially does he appeal to the white folks, in town and throughout the country to urge the colored people on or about their promises to attend these services.

Rev. Hollins recently did the preaching in revival services conducted in Rev. Hickerson's church, which he says is one of the best and most attractive colored churches in the state. Hickerson will return the call next week. A great revival is hoped for.

E. J. Tanner has been confined to his bed the past several days with an attack of the flu but is reported to be improving now.

Mr. and Mrs. George Akln and children visited her parents at Winters over the week-end.

WELLS 4-H CLUB MEETS

The Wells 4-H Club girls met June 5th, in the home of Mary Sue Franklin.

Miss Dixon was present and gave a demonstration of "Table Service". The knife is placed to the right of the up-turned plate with the cutting edge toward the plate. The forks, with tines up, are placed on the left, and spoons, with bowls up, on the right of the knife in the order of their use. For instance, if two spoons are needed, the soup spoon is placed on the outside since it is to be used first.

Mary Sue served fried chicken, potatoes, tomato salad, green beans, corn bread, butter, milk, and fruit desert.

The next meeting will be with Carlene Eaker. Those present were: Mary Sue Franklin, Carlene Eaker, Margie Fleming, Janice Seay, La Honda and Melba Kizer. The visitors were Mrs. Dick Franklin and Mrs. A. I. Barnes.

They have the best wishes of many of their friends in this new position.

Mr. and Mrs. J. O. King of Dixie have as their guests this week their son Rev Paul King and family of Byars, Okla., and their son Staff Sergeant and Mrs. Wilson King of Camp Howze, Texas. The latter couple were married at Byars, Okla.

20 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Lt. Col. Minor...

(Cont'd from page 1)

commanded by Lt. Col. James L. Minor of Tahoka, Texas, has been awarded the Presidential Unit Citation for heroism, gallantry and outstanding achievement in defending Seestat, France, an important communications center linking Strasbourg and Colmar. The 1st Battalion was thinly spread on a broad-front in defense of the city just before dawn a heavy artillery concentration preceded a large-scale enemy attack. During the bitter fighting which ensued, the troops gained control of a factory area on the north flank, seized a half mile stretch of houses in the northeast corner of the city and succeeded in isolating small groups of the battalion. While the isolated units fought valiantly to repel the attackers, other units of the battalion counter-attacked. Only by blasting each house with tank fire and assaulting the strong points with small arms, grenades and bayonets were the battalion troops able to dislodge the Germans. The fight for Seestat raged furiously throughout the morning but by mid-afternoon the hostile troops were forced out of the city.

"The courage, individual aggressiveness and distinguished heroism displayed by the officers and men of the 1st Battalion resulted in the repulse of a strong enemy attack which, if successful, would have severed the Strasbourg-Seestat highway and opened the way for an attack against the rear of the Seventh Army."

The citation for the Bronze Star says, in part:

"James L. Minor—for meritorious service in action from 15 to 24 March in France and Germany. While attacking through a strongly fortified woods to contact a friendly unit in a nearby town, Lt. Col. Minor maintained personal contact with his companies. He directed them in overrunning a German heavy weapons company, inflicting numerous casualties on the enemy. On the following day, he led his battalion in the face of heavy small arms mortar and artillery fire to help crush all hostile resistance in the town. On March 19, during the attack against a town in the Siegfried Line, Lt. Col. Minor personally advanced with his assault company and braved intense enemy fire to move among his men, encouraging them and directing their fire on the enemy. As a result of his daring aggressiveness and intrepid personal leadership,

his battalion breached the main line of defense and penetrated a strongly fortified sector of the Siegfried Line."

Col. Minor, a graduate of Tahoka High School and Howard Payne College, is the son of Mr. and Mrs. John Minor. He expects to arrive some time this month.

STATE'S 4-H GIRLS SHOW HOW TO MAKE AND MEND CLOTHING FOR "V"

Intent upon following the wartime example set by 4-H Club members in "Making and Mending for Victory", rural girls in this state will enter their records of caring for, conserving and repairing family wardrobes in the 1945 National 4-H Clothing Achievement Contest. Among the activity's objectives are to have participants learn how to dress appropriately, becoming, healthfully, in keeping with, a well planned family budget; to develop initiative and imagination that will enable them to use to best advantage all available clothing material and to be of service to community organizations that are carrying on civilian or military clothing projects.

How women and girls may get wanted relief from functional periodic pain

Cardui, many women say, has brought relief from the cramp-like aching and nervous strain of functional periodic distress. Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come, started 3 days before "your time", it should help relieve pain due to purely functional periodic distress.
