## Last Rites Conducted For W. R. 'Bob' Norfleet

Last rites were held Monday afternoon in the First United Methodist Church for William Robert (Bob) Norfleet, 93, long-time area resident.

Officiating were the Rev. Tommy Nelson, pastor, and Rev. Wayne Gray of the Valley View Baptist Church. Burial

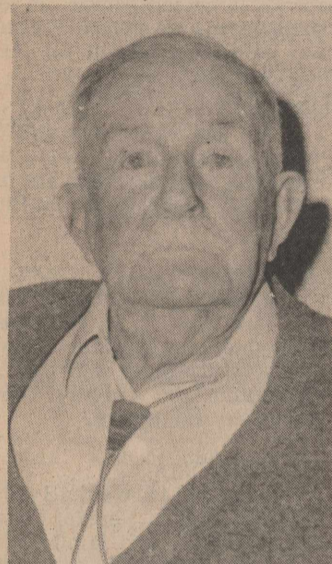

three weeks. Norfleet was born Nov. 6, 1876 in Tom Green County, son of Jasper Holmes Benton Norfleet and Mary Shaw Norfleet. He came to West Texas in 1891, at the age of 15, and worked for the Spade Ranch, south of Olton.

He was 15 when he picked out land northeast of Olton which he someday hoped to own. When he was 21 he bought that land, a ranch near the Valley View community where he and his wife lived since their marriage Oct. 6, 1910. Mrs. Norfleet, the former Fannie Norris, was the only woman in Hockley County at the time of their marriage.

Norfleet was a member of the Church of Christ and the Masonic Lodge.

Survivors include his wife; three sons, Robert Norfleet of Westville, Okla. and Owen and John Norfleet, both of Olton; four daughters, Mrs. Gladys Campbell of Canyon, Mrs. Katherine Reed of Carlsbad, N. M., Mrs. Helen Montgomery of Grand Junction, Colo. and Mrs. Mary Hope Herrington of Loveland; a sister, Mrs. Betty Jameson of Fritch; 19 grandchildren and 25 great-grandchildren.

Pallbearers were J. Frank Daugherty, Frank Daugherty, Frank Cornelius, W. B. Dickenson Jr., Parley Myers and James Williams.

BOB NORFLEET

was in Plainview Memorial Park by Parsons Funeral Home. A retired farmer-rancher, Norfleet died at 6:30 p. m. Saturday in Plainview Hospital where he had been a patient

## Juvenile Officer Slated For PTA Program Nov. 20

The next Olton PTA meeting will be held at 7:30 p. m. Thursday, Nov. 20 in the school cafeteria. The program will feature Captain Bill Cox of the Lubbock Police Department as guest speaker.

Captain Cox has been a member of the Lubbock Police Department for almost 20 years. He has worked in every division and assumed the duties of his present position—Captain of the Juvenile Division—in 1959. In preparation for his career Capt. Cox has attended schools in Police Science at Texas A&M, Texas Tech, and Northwestern University. He is also a grad-

uate of the F.B.I. Police Academy in Washington D. C. Capt. Cox helped organize and was the first president of the Panhandle South Plains Youth Council. He was also instrumental in organizing a group of citizens in Lubbock entitled "Council On Youth Problems."

His understanding of young people is increased by the fact that he has two daughters of his own, both currently attending Texas Tech. All interested persons, whether or not members of the PTA, are cordially invited to attend the meeting.

## First Timer Is Winner, Grid Contest Nears End

It was a most upsetting week for the pigskin predictors!

Only one person missed as few as three games in the Enterprise football contest last week. That person is Glen Wilson of Hereford who entered the contest for the first time. Second place was claimed by Mrs. V. J. Trusty with four misses but the closest on her tie-breaker guess of 21-7. She ranks high in the season standings, too, with 102 points.

Percy Parsons and Trent Sharp of Sunray will divide third place money by virtue of being the same number of points off on their tie-breaker guesses. Each missed four games and was 28 points off on the Olton-Friona game. Parsons picked it 28-6 and young Trent thought it would be 21-13.

Four other contestants missed four games but were eliminated from the prizes by their tie-breaker picks. They are

Margaret Parsons, 30-7; Alan Duncan, 25-13; Floy Sluder, 28-14 and Trinidad Gomez, 28-14.

Quite a few contestants who normally "know how to pick 'em" missed five, six or more games. In addition to the Cincinnati-Houston tie, which was a miss for everyone, grid contests which proved to be the most troublesome were Lockney-Dimmitt, Dunbar-Colorado City and S.M.U.-A&M.

Despite missing five games, Norene Roberson was able to gain one point over her closest competitor. She has 110 points followed by Trent Sharp and Don Franks with 106 points each. Contestants with 100 points or more are listed on page 11.

This week's issue of the Enterprise carries the final contest of the season. The season winner might yet be any on that list.

## City Council Adopts New Trash Dumping Ordinance

A comparatively light agenda greeted the city councilmen as they met for their regularly scheduled meeting Tuesday night.

Discussion of the condemnation of old houses in the city was held but action was delayed on the destruction of such houses because of the fact that the houses have not yet been appraised.

J. D. Lively entered into a contract with the city of Olton which entitles him to pump the waste water from the lagoon for the next five years. The action was unanimously approved by the council.

An ordinance pertaining to the dumping of trash and rubbish on vacant lots in the city was adopted by the council. The ordinance is printed in its entirety on page 11. Failure to comply with the ordinance may result in a fine of up to \$200.

The councilmen unanimously approved a benefit for firemen who have served 20 years as an active member of the fire department. Those persons would be entitled to free use of water and trash services, after such member is certified by the Fire Chief to the city secretary. Free use of water and trash would be for residence only.

In final action, the council adopted a resolution protesting the application for an increase in gate rates by The Pioneer Natural Gas Co. The application was made to the Railroad Commission of Texas. The vote was unanimous.

# Drawing Begins Saturday, \$100 To Be Given Away

Some lucky persons are going to be \$50, \$30 or \$20 better off after the first drawing sponsored by 20 local merchants.

The drawing, first of six weekly Saturday drawings, will be held at 3:30 p. m. Saturday, Nov. 15, just west of Kelley's.

The person whose name is drawn MUST be there to win. A husband CANNOT get the money for his wife, nor can the wife claim the money for her husband.

Likewise, children and parents may NOT claim the prize

for each other. The person who signs the ticket must be there in person to accept. If the person is not present, another ticket will be drawn.

In connection with the drawing, each Saturday the participating merchants will offer an extra special savings in their stores for their customers. These items are advertised on page 5 of the Enterprise this week, and there are some real bargains listed throughout the paper.

Next week's drawing will be held at the same time and an

additional \$25 will be added. Each week \$25 will be added and at the end of the promotion, the drawing will have mounted to a sizeable sum, which will be drawn for at 2 p. m., 3 p. m. and 4 p. m.

Arrangements are being made to have Santa visit Olton a few weeks before Christmas and also the last day of the drawing, at which time some young lady from Olton will be named Miss Christmas.

Girls wishing to enter the Miss Christmas contest, who are of high school age are asked to come by the C-CA office and register.

MORE FUN THAN BUILDING BLOCKS and educational, too. These second graders are busy with math problems using Cuisenaire rods. ## Primary Boys & Girls Begin New Cuisenaire Math Program

Boys and girls in the first three grades of H. P. Webb Elementary School might appear to be playing with pretty little wooden rods if you should visit one day while the students are studying math.

The brightly colored little wooden pieces are called Cuisenaire (quis-n-air) Rods, part of a relatively new concept in teaching math. Cuisenaire rods are named for M. Georges Cuisenaire, a Belgian primary school teacher who invented the rods to show relationships to numbers.

Cuisenaire is the author of a book "Nombres en Couleurs" which was first published in 1952.

Olton is one of 23 area schools to host pilot classrooms in the new math program.

Attending a two-day workshop in the new program held two weeks ago in Lubbock were Mmes. Brenda Giles, Carmelita Barnett, Barbara Tollett, Ann Burkhalter and Wilma Hines. Sister Alice Hunter, a well-known consultant and specialist in the Cuisenaire Rods math program conducted the study.

Earlier in October, Fred Gordon, elementary principal, attended a Cuisenaire workshop for administrators.

The rods each have a cross-section of one square centimeter but vary in length from one centimeter to ten centimeters. They are white, red, light green, purple, yellow, dark

green, black, brown, blue and orange.

Using the rods, a student is guided to make mathematical discoveries for himself, to understand and appreciate patterns and structures found in mathematics.

The mathematics program using the Cuisenaire rod approach may be divided into four stages. Time spent on the different stages depends on the group of children. As in other math programs all children do not learn at the same rate.

Beginning in the first grade the child is given an independent exploration period. He builds and plays with the rods. In order to build, he discovers for himself spatial relationships.

The second stage adds directed activities to the independent exploration. Relationships are observed and discussed. The child is still given time for building but encouraged to talk about and discuss whatever he has built.

The third stage becomes directed activities in which mathematical notation is introduced. Number value of the rods is still not used. Letters are

used to name the color of the rods.

Examples of problems they might solve are G+P= space maker+D. (Space maker is a small blank square representing the factor to be discovered by the child). In this problem W is the space maker. In "old math jargon", the problem reads green plus purple equals what color plus dark green.

Another problem might be 1/2 of 6W= spacemaker (3W). Fourth and last stage is the directed activities stage in which mathematical notation is extended and number values are assigned to the rods.

The equation then becomes 2+3=5 or 3+space maker = 7. The brightly colored little rods have even made math

## Local Phillips 66 Jobber Given Honor

G. H. Bley, Phillips 66 jobber, Olton, Texas, was given special recognition today by Phillips Petroleum Company for outstanding community service.

L. E. Rapier, District Manager, J. L. Shea District Representative and J. A. Gilmer, Consultant with Phillips Amarillo Sales Office participated in presenting Bley the Phillips Petroleum Company's Mr. Phil Award. This is a gold-plated, "Oscar-like" statuette of a "Stylized man" in Phillips uniform. It is an award symbolizing achievement.

"A Mr. Phil Award is made to distributors of Phillips products for outstanding sales efforts, customer services, community services, or other activities that bring credit to the individual or his organization," Chisholm explained.

Nominations for the Mr. Phil Award are obtained from letters from customers calling special notice to an individual, or from recommendations of Phillips Sales Division Managers. A special committee periodically makes the selections of those to receive the distinction of being a Mr. Phil Award recipient.

"This award is being presented to Bley in appreciation for his active interest and par-

ticipation in civic and community affairs," Chisholm stated. "These activities include the Chamber of Commerce; past mayor of Olton;

Volunteer Fire Department; Lions Club; Olton Post of the American Legion; Booster Club for Athletics of the Olton High School; member of the Board

of Trustees of the Westview Boys Home at Hollis, Okla.; Boy Scouts of America, and as an active member of his church."

G. H. BLEY was given special recognition by the Phillips Petroleum Company Wednesday when he was presented an "Oscar-like" gold-plated statuette by J. A. Gilmer, consultant of the Amarillo sales office. Pictured left to right are Gilmer, Mr. and Mrs. G. H. Bley, L. E. Rapier and J. L. Shea, district manager and representative, respectively. ## Community Thanksgiving Services Slated Nov. 23

The annual Community Thanksgiving service will be held Sunday, Nov. 23 at 7 p. m. in the First Baptist Church.

The Rev. John E. Lewis, host pastor, will preside. The Rev. Tommy E. Nelson, pastor of the First United Methodist Church, will deliver the message. Ministers from other local congregations will also participate in the service.

A joint choir will render special music. Offering made that night will be used by the Ministerial Alliance to help

needy families in Olton. Everyone in the community is cordially invited.

## Bulletin

Gaynette Edwards, daughter of Mr. and Mrs. Robert Edwards, was injured in a car mishap Wednesday night, returning from Lubbock, where she and her family had visited with Jim Bob Edwards who is in the hospital with a broken arm. Miss Edwards is reported to be in good condition in Methodist hospital in Lubbock.

### Food Abundance

(Editor's Note: The following guest editorial is reprinted from the Nov. 1969 issue of "Progressive Farmer".)

Five million farm workers in the United States produce enough food and fiber for 195 million Americans and 60 million foreign consumers. Thus, America today is blessed to be the only civilization in the recorded history of man to enjoy the "Age of Food Abundance."

One American farm worker produced enough to feed and clothe himself and almost 50 others, Foodpower, USA! Miracle of all time!

In the 18th century, Adam Smith, the noted economist, earned much derision from his fellow economists by predicting:

"When the time comes that one farm worker, through improvement and cultivation of the land, can provide food for just two people, the labor of half of the society will be able to provide food for the whole society. Then and only then can the other half of the people be employed in providing the other wants and fancies of mankind."

Through the unparalleled efficiency of American agricultural producers, 95% of the United States population is free to dream, to study, to strike, to launch rockets to the moon, to indulge in "other wants and fancies."

Adam Smith's hoped-for utopia has been so far exceeded by America that his explosive

idea seems rather ridiculous. But Smith's 18th century dream is reality in Russia today. There, half of the population is required to produce enough food for the other half. In Communist China, a "guesstimated" 75% of the population is required for production of the barest food subsistence.

Think about it.  
In 1900, every American family spent 40% of its disposable income on food. Today, the average family spends only 17% of its disposable income on food.

In the past 20 years, average farm prices have gone down 9%. Hourly earnings of manufacturing workers have gone up 127%. Corporate dividends have gone up 251%.

In 1920, it took 4 hours and 29 minutes of work to buy a pound of steak, a pound of pork, a quart of milk, a dozen eggs, a dozen oranges, and a 10-pound sack of potatoes.

Today, it requires only 1 hour and 30 minutes of work to purchase those same items—plus built-in maid service of frozen orange juice, frozen ready-to-cook potatoes, and other conveniences of packaging. The remaining hours of work can be used to buy color TV's, boats, swimming pools, air conditioning, dishwashers, weekend cabins, and three-week vacations.

Thus, we can all join the Psalmist in his thankful cry: "The earth has yielded its increase; God, our God, has blessed us."

### A Letter To The Congressman

(a parody) Adapted by Mrs. Larry Witten

Dear Mr. Congressman,  
Will you hear me? Will you listen to my words? I have something I want to say.

There are millions just like me! You see me everywhere... on country roads, community streets or city freeways, in cars, trucks, tractors or pickups, at implement houses, farm stores, gins, elevators or warehouses.

You see me at local supermarkets---mingling with other consumers repurchasing farm products, in high school auditoriums---attending PTA or desperately trying to save a local school, at experiment stations, conferences, tours and fairs---trying to keep up with times; to be more and more efficient.

You see me in banks, PCA's and ASCS offices---filling out forms, forms, forms or financing next years crop, at post offices---sending off tax payments or mailing a letter to a soldier in Vietnam, in voting booths---choosing a representative or registering my "yea" or "nay", in coffee shops---talking about the weather, crops and prices, at Sunday services ---reading God's Holy Word or bowing in prayer.

Yes you know me.  
I'm a 20th century American farmer.

I'm the kind of citizen who really strives to make my home and your home, my community and your community, my country and your country, the place we so love.

I'm grateful to every person who sailed on the Mayflower and founded a colony, signed the Declaration of Independence and wrote our Constitution, that we might have a nation under God.

I'm aware and mindful of the U. S. delegation as they strive for peace in Vietnam, the Senator as he introduces a new bill, the laborer as he fights for his cause, the lawyer as he strives to preserve justice, the doctor as he mends broken and wounded bodies and the pastor as he guides faith so that we may maintain the belief "that all men are created equal."

Yes, I'm an American farmer.

The Olton Enterprise,  
Here's a little quip I heard way back in 1924, but it is nearer the truth now than then. Thought you might put it in the Enterprise.

Mary had a little skirt,  
Twas the latest style no doubt.  
When Mary was half way in  
Mary was half way out.

### How To Cause A Revolution

Bun Combest believes the following article has a great deal of merit and we believe you'll agree. It is from the New Mexico State Police publication, "Road Runner," and was printed in the Alpine Avalanche.

"Every now and then when one asks the question 'Why?' when trying to come up with an explanation for some of the events of today, he might come up with better answers by going back to some pages in history.

"From a file on 'Community Rules for Revolution' which was obtained by the armed forces in Dusseldorf, Germany back in 1919, were these words of direction for revolutionists:  
"A. Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial, destroy their ruggedness.  
"B. Get control of all means of publicity and thereby:  
"1. Get people's minds off their government by focusing attention on athletics, sexy books and other trivialities.  
"2. Divide the people into hostile groups by constantly harping on controversial matters of no importance.  
"3. Destroy the people's faith in their natural leaders by holding the latter up to contempt, ridicule and obloquy.  
"4. Always preach true democracy but seize power as fast and ruthlessly as possible.  
"5. By encouraging government extravagance, destroy its credit, produce fear of inflation with rising prices and general discontent.  
"6. Foment unnecessary strikes in vital industries, encourage civil disorders, and foster a lenient and soft attitude on the part of government toward such disorders.  
"7. By specious argument cause the breakdown of the old moral virtues; honesty, sobriety, continence, faith in the pledged word, ruggedness.  
"C. Cause the registration of all firearms on some pretext with a view of confiscation of them and leaving the population helpless."  
"Does anyone still wonder what's behind some of the disorders of today?"

#### MOTHER VISITS

Mrs. Mary Hogue who lives in the Littlefield Knight's Rest Home, is staying this week with her daughter and family, Mr. and Mrs. Denver Offield, Bonnie and Robert.

#### PARENTS VISIT

Mr. and Mrs. Frank Mandrell of Miami, Okla. were recent guests of their son and family, Mr. and Mrs. De Vurn Mandrell, Jimmy Dale and Jana.

#### SISTER VISITS

Mrs. Daye Adams of Crowell was a house guest two days last week of her sister, Mrs. I. D. Grimsley.

#### IN COX HOME

Visiting Sunday with Mr. and Mrs. Lester B. Cox and Kelly Joe were the Cox's son and daughter-in-law, Private and Mrs. Darwin Cox and another son, Phil Cox, student at Texas Tech. Other guests in the Cox home Sunday were his father and sister, Brad Cox and Miss Alma Belle Cox who live east of Plainview, and Mrs. Cox's parents, Mr. and Mrs. W. L. Hurt of Plainview.

## THE FAMILY LAWYER

### Ultimatum for Drinking Drivers

Alcohol-related car accidents are killing more than 25,000 Americans per year. To help catch the drunk driver, science has come up with new and improved chemical tests for sobriety. These tests, which check blood, breath, urine, or saliva, are far more accurate than such old standbys as walking a straight line or pronouncing "Methodist Episcopal."

But there has always been one big problem: what to do about the motorist who, after being stopped by a policeman, refuses to take the test. To force him to submit is

to raise touchy questions of constitutional rights.

Now, however, a growing number of states are finding the answer by passing an "implied consent" law. This law says that a motorist, just by using the public streets, gives his implied consent—in advance—to a sobriety test. Then, when he is halted, he faces a kind of ultimatum: either take the test or lose your driver's license.

True, he cannot be put to this choice without reasonable grounds. An arresting officer may not insist on a test unless there are visible signs that the driver really is intoxicated.

Furthermore, it does not count as a refusal to take the test if the motorist is simply unable to carry out the officer's instructions.

In one unusual case, a motorist was unable to blow into a testing balloon because of difficulty with his dentures. A court ruled afterward that, under these circumstances, the state had no right to revoke the man's license.

On the other hand, a refusal to take the test is not excused by the fact that the motorist is later acquitted of having been intoxicated. His license can be revoked anyhow, not as a penalty for drunk driving but as a penalty for his refusal to obey the officer's lawful request.

"It must be remembered," said one court, "that it is a privilege to operate a motor vehicle on our highways and not a right. The state may prescribe conditions on which that privilege is exercised."

#### VISIT SON

Mr. and Mrs. Doyle Pinson were in Brownfield during the weekend with their son and his wife, Mr. and Mrs. Jackie Pinson.

#### SON VISITS

Spending the weekend with Mr. and Mrs. J. E. Huckabee were their son, daughter-in-law and granddaughter who live in Littlefield, Mr. and Mrs. Gary Huckabee, and Elaine.

#### IN HEREFORD

Mrs. Era Mae Walthall spent the weekend in Hereford with her daughter and family, Mr. and Mrs. Jack Coleman, Bentley, Lisa and M'Lee.

#### ATTEND MEETING

Mr. and Mrs. Tom Smith attended Campers Caravan club meeting at Brownfield community center Saturday and Sunday. Enroute they visited with Mrs. Smith's cousin, Mr. and Mrs. Joe Durham of Ropesville.

#### FROM MISSOURI

Mr. and Mrs. Marvin Cryer and family of St. Joseph, Mo. visited in the Winston Bley home Thursday. Mrs. Cryer and Mrs. Bley are sisters.

MRS. ELMER MOORE

### Cook Of The Week

A student at Olton and now a teacher in H. P. Webb Elementary school, our Cook of the Week is Mrs. Elmer Moore. Mrs. Moore, the former Pearl Brigance, moved with her parents, Mr. and Mrs. A. C. Brigance, to Olton when she was in the fourth grade. She attended Texas Technological College and received her degree in education.

Add 1 cup chopped onion. Cook until tender but not brown. Place 3 cups noodles (1 pkg.) over meat. Combine 3 cups tomato juice, 1 tsp. salt, 1 1/2 tsp. celery salt, dash of pepper and 2 tsp. Worcestershire sauce and 2 tsp. Worcestershire sauce. Pour over noodles and meat and bring to boil. Cover and simmer over low heat for 20 minutes.

Pearl and Elmer have two children. Jerry and his wife Sue live in Los Angeles, Calif., where he is associated with a stock brokerage firm. Daughter Judy and her husband, Rodney O'Neal, live in Syracuse, Kans. where he is grade school principal. They have two children, Shell, almost seven years old, and Scott, almost two.

Add 1/4 c. finely chopped green pepper. Cover and continue cooking about 10 minutes or until noodles are tender. Then stir in 1 cup sour cream and 3 oz. can of mushrooms. (drained) Heat and serve. Serves 6 generously.

The Moores lived for a few years in Shamrock where Elmer was superintendent of schools. Pearl was her husband's secretary. She began teaching fourth grade in Olton nine years ago.

**YUM YUM SALAD**  
1 pkg. lemon jello  
2 c. crushed pineapple  
1/2 lb. grated cheese  
1 pkg. marshmallows  
1/2 pt. whipped cream

She is a member of the professional educator's organizations - local, state and national levels - Classroom Teachers Association, Texas State Teachers and National Educators Association.

Dissolve jello in 1 cup hot water. Cut marshmallows into this, let stand a few minutes. Add pineapple and cheese. Chill until partially set. Fold in whipped cream. Chill till firm.

She is a past member of Olton Study Club and New Century Study Club. Pearl and Elmer love to travel and attended Expo '67 with a tour of Canada. They also have fond memories of a trip to Mexico City and Acapulco.

**ORANGE BALLS**  
1 lb. box vanilla wafers - crush fine  
1 stick oleo - melted  
Mix together. Add 1 - 6 oz. can frozen concentrated orange juice and 1 lb. box confectioner's sugar. Mix well and then roll into small balls and roll in angel flake coconut or crushed nuts.

They are members of the First Baptist Church.

**GROUND BEEF IN SOUR CREAM**  
Lightly brown 1 lb. ground beef in large skillet (or pot).

**A Garden**  
Contributed by Floy Sluder

Here is a garden that we all might plant.  
First -- plant four rows of peas:

- PRESENCE
- PROMPTNESS
- PREPARATION
- PERSEVERANCE

Next -- plant three rows of squash:

- Squash Gossip
- Squash Indifference
- Squash Criticism

Then -- plant five rows of lettuce:

- Let Us OBEY Rules and Regulations
- Let Us BE TRUE to our obligations
- Let Us BE FAITHFUL to Duty
- Let Us BE LOYAL and Unselfish
- Let Us LOVE one Another

No garden is complete without Turnips:  
Turn Up at Meetings  
Turn Up With a Smile  
Turn Up With New Ideas  
Turn Up With Determination  
to Make Everything Count for Something Good and Worthwhile!

**RETURN HOME**  
Mr. and Mrs. Pat Perdue, who have been visiting her parents, Mr. and Mrs. Ray Gabehart, returned Friday to their home at Yellville, Ark. They will move to Percy, Ill. in the near future.

### LEWIS LLEWELLYN

## Reduce Crime by This Method?

A "task force" of 14 members, headed by UCLA psychologist Evelyn Hooker, has hit upon a way to lower our constantly increasing crime rate.

The crime rate, as you already know, has been skyrocketing, year by year.

Stores are being closed in some cities because they have been robbed so many times that the managements have decided that it is no longer worthwhile to take the risks of doing business in those places.

The declining level of general morality in the country is a cause of concern among national leaders.

But now the "task force" has the answer to a way to decrease crime in at least one category—immoral acts between members of the same sex, known as homosexual crimes.

#### Eliminate This Crime

The remedy for the situation, the group suggests, is to legalize such acts, when committed by consenting adults in private.

This method of lowering the crime rate has fascinating possibilities.

The next step might be to make adultery legal, when committed by consenting adults in private.

Already it has been suggested that the use of marijuana be legalized, thus doing away with another class of crime.

In Denmark, they have eliminated completely the crime of publishing and selling pornographic literature by the simple expedient of legalizing this type of activity.

#### IN MEMPHIS

Mr. and Mrs. J. J. Moses were in Memphis Sunday and Monday with her brother and his wife, Mr. and Mrs. Jim Beeson.

#### IN LUBBOCK

Mrs. Homer Worley was in Lubbock Hospital Sunday with Mrs. J. C. Pendleton of Hart Camp who has been hospitalized 12 weeks following a car accident.

In this country, we are moving in the same direction. Are there any other laws that you would suggest we might do away with, in decreasing the incidence of crime?

Or do you favor, instead, holding to the laws that we have and enforcing them, so that decent people may have a decent country in which to live and bring up their children?

Immorality—and especially homosexual acts—characterized the city of Sodom just before it was destroyed by fire because of its wickedness.

Should We Take This Course? Here is what the Bible says about homosexuals, referring particularly to some in the past who practiced this vile sort of immorality, but recording these thoughts for our admonition and instruction.

"For this cause God gave them up unto vile affections, for even their women did change the natural use into that which is against nature. And likewise also the men, leaving the natural use of the woman, burned in their lust one toward another, men with men working that which is unseemly, and receiving in themselves that recompense of their error which was meet.

"And even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind, to do those things which are not fitting—being filled with all unrighteousness, fornication, wickedness, covetousness, maliciousness."

Is this the course which you think we should follow?

## Folk Musical To Be Given

"Tell It Like It Is", a folk musical about God, will be presented by the youth choir of the First Baptist Church at 7 p. m. Sunday evening in the church sanctuary.

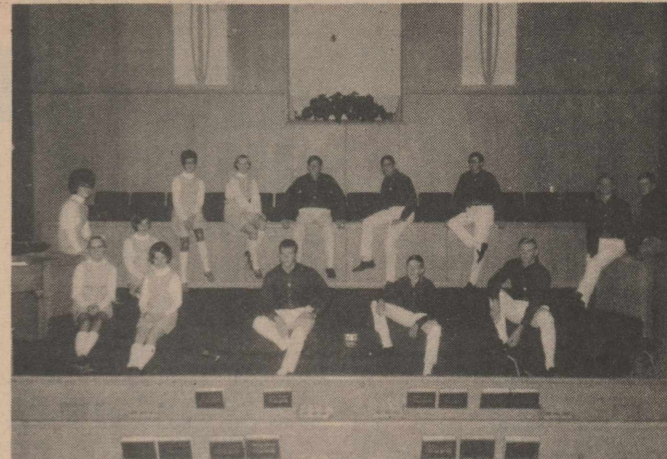

Accompaniment will be provided by harpsicord, organ, piano, bass and guitar.

The folk musical poses the questions of "Is There really a God?" "Where Is He?", "If there is a God, so what?", "The generation gap?", "Jesus Who?" and "So you want to be different from everyone else, eh?"

The program is an appropriate follow-up to the church's "Blacklight Fellowship" Friday night which attracted 110 high school youth because of its relevance to the problems of Olton youth.

Bob Strait, minister of youth and music says of the special program, "The folk musical uses popular sounds and speaks a very up-to-date language. Young people will 'groove' in it, and adults will find wisdom in it. You will enjoy it and so will your friends."

The Rev. John E. Lewis, pastor and Strait invite "All who will give an hour of their time to see, to hear, and to feel the good news of a living Savior proclaimed."

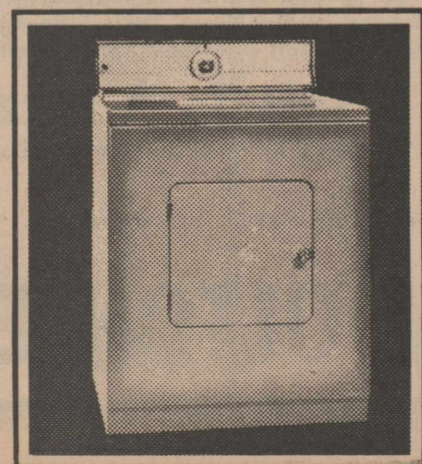

BAPTIST YOUTH CHOIR—These young people will present a folk musical Sunday evening at 7 p. m. in the First Baptist Church. The musical is entitled, "Tell It Like It Is." The public is invited to attend.

MRS. DICK WAYNE HALL (ENTERPRISE PHOTO)

### Dick Hall-Pamela Holt Pledge Double Ring Vows Saturday

Miss Pamela Kaye Holt and Dick Wayne Hall, son of Mr. and Mrs. R. S. Hall, pledged double ring wedding vows at 6:30 p. m. Saturday in the home of her parents, Mr. and Mrs. D. M. Holt.

The Rev. R. H. Campbell, retired Methodist minister, directed the candlelight ceremony before a setting of white chrysanthemums and gladioli with twin wrought iron candelabras holding white tapers, accented with turquoise bows and greenery.

Given in marriage by her father, the bride wore a floor length gown of corded ivory white satin fashioned with an A-line silhouette. Imported Chantilly lace accented the crescent waistline, elbow length sleeves and wedding ring collar. Her chapel length train, or swallowtail design, was attached at the waistline with a large self-fabric bow. A similar bow emphasized the hemline.

Her shoulder length veil of tulle was secured to a head adorned with appliques of lace and miniature pearls. She carried a cascade bouquet of white chrysanthemums centered with yellow carnations atop a white Bible.

"For something old", she wore jewelry belonging to each of her grandmothers. In one shoe she carried a penny coined in the year of her birth; in the other, a penny marking the year of the groom's birth. She also wore a blue garter.

Miss Betty Long, student at Texas Women's University, was maid of honor, Miss Sharon Hall, sister of the groom, was candlelighter.

Jacque Smith was flower girl. Ringbearers were Todd and Jennifer Holt, brother and sister of the bride.

Feminine attendants wore

street length dresses of turquoise Primo trimmed with bands of matching embroidered lace. The maid of honor carried a bouquet of white chrysanthemums with turquoise ribbon.

Bill Hall, brother of the groom, was best man.

For her daughter's wedding, Mrs. Holt chose a brown dress with beige accessories. The groom's mother wore a blue dress with white accessories. Each wore a corsage of white carnations.

A reception was held following the ceremony. The bride's table was laid with an ivory white crocheted cloth made by the bride's great-grandmother. Centering the table was an arrangement of chrysanthemums and forget-me-nots flanked by turquoise candles. Appointments were crystal and silver.

Serving the three-tiered cake and punch were Miss Jeana

Chester, Mrs. Doris Hall and Mrs. Mike Stockard of Canyon.

For travel, the bride chose a dress of turquoise knit with matching accessories and added a corsage of yellow carnations lifted from the bridal bouquet.

The couple will be temporarily at home in Plainview at 2312 16th, Apartment B. Following a 30-day leave, Hall will return to Vietnam for six months duty as an instructor in communications. He just recently completed a year of duty in Vietnam.

The bride is a 1969 graduate of Olton High School and attended West Texas State University.

Hall is a 1966 graduate of Olton High School and is serving in the U. S. Army.

Out of town guests included Mr. and Mrs. Dale Price, Holt and Curtis Dale of Mineral Wells and Mr. and Mrs. Jimmy Hall and children of Fort Worth.

**Everything But The Kitchen Sink**

BY MOZELLE TROTTER

With the second Vietnam Moratorium coming up this weekend, I just had to put in a bit. I can't take the credit for this, though. I clipped it, years ago, from the Texas PTA Magazine. Its author was not named.

**I AM THE UNITED STATES**

I was born on July 4, 1776, and the Declaration of Independence is my birth certificate. The bloodlines of the world run in my veins, because I offered freedom to the oppressed. I am the United States.

I am 185 million living souls, and the ghost of millions who have lived and died for me.

I am Nathan Hale and Paul Revere. I stood at Lexington and fired the shot heard around the world. I am Washington, Jefferson, and Patrick Henry. I am John Paul Jones, the Green Mountain boys, and Davy Crockett. I am Lee, Grant, and Abe Lincoln.

I am the Brooklyn Bridge, the wheat lands of Kansas, and the granite hills of Vermont. I am the coal fields of the Virginias and Pennsylvania; the fertile lands of the West; the Golden Gate and the Grand Canyon. I am Independence Hall, the Monitor and the Merrimac.

I am big. I sprawl from the Atlantic to the Pacific, three million square miles throbbing with industry. I am more than five million farms; I am forest, field, mountain and desert. I am quiet villages . . . and cities that never sleep. You can look at me and see Ben Franklin walking down the streets of Philadelphia with his bread loaf under his arm. You can see Betsy Ross with her needle. You can see the lights of Christmas, and hear the strains of Auld Lang Syne as the calendar turns.

I am Babe Ruth and the World Series. I am 169,000 schools and colleges and 250,000 churches where people worship God as they think best. I am a ballot dropped in a box, the roar of a crowd in a stadium, and the voice of a choir in a cathedral. I am an editorial in a newspaper, and a letter to a Congressman.

I am Eli Whitney and Stephen Foster. I am Tom Edison, Albert Einstein, and Billy Graham. I am Horace Greeley, Will

Rogers, and the Wright brothers. I am George Washington Carver, Daniel Webster, and Jonas Salk.

I am Longfellow, Harriet Beecher Stowe, Walt Whitman, Thomas Paine.

Yes, I am the Nation, and these are the things that I am. I was conceived in freedom, and, God willing, in freedom will I spend the rest of my days. May I possess always the integrity, the courage, and the strength to keep myself unshackled, to remain a citadel of freedom and a beacon of hope to the world.

I am the United States!

### Cong. Bob Price For Space Prayer

"Mr. Speaker, I join the gentleman from Ohio (Mr. Luken) in sponsoring a concurrent resolution that expresses the sense of Congress that exercises of faith as practiced by Astronauts engaged in space flight are compatible with the rights of freedom of speech and religion which are guaranteed by the Constitution of the United States.

The introduction of this resolution was prompted by the fact that certain godless individuals have instituted court action in my home state of Texas, action aimed at prohibiting Astronauts from conducting any religious activities while in space.

I am appalled that such a law suit has been brought in our courts. The fact that it was brought in the State of Texas increases my indignation.

Our intrepid space explorers are turning science fiction into reality. In so doing, they face dangers that boggle the mind. To deny them the right to express their religious faith during their voyages denies them the spiritual comfort which is their birthright as well as their constitutional right.

Mr. Speaker, historically, the courts of the land have been receptive to findings by Congress as to the constitutionality of various questions of fact. In my view, this issue is one of fact; and the fact is, that the Astronauts have the legal right to publically express their religious faith during the course of space flight.

### SWCS Invites Owners, Farmers To Meetings

Lamb County Soil and Water Conservation District recently elected new officers for 1970. The five-man board of directors will govern the local district. V. L. Barton of Earth will serve as chairman, W. B. Jones of Spade as vice-chairman, Marvin Bowling of Sudan as Secretary, with T. C. Favor of Littlefield and Frank Struve of Olton as members.

W. L. Barton stated that he thought the Lamb County Soil and Water Conservation District would have a good year in 1970. "The importance of conservation in this country is getting greater each year", Barton said. "Our chance to do something on the local level can be achieved through the Soil and Water Conservation District."

All land owners and operators in Lamb County are invited to attend all district meetings of 1970. The meetings will be held the first Thursday of each month at 7:30 p. m. in the Court House.

# Chieftains Scalped By Close Shave 6-0

Ronnie Sanders led the Olton Mustangs down victory lane Friday night. He was the big ground gainer for the Mustangs and scored the winning touchdown with only three minutes left in the fourth quarter.

Friona won the toss and elected to receive. Doyle Melton returned Stockdale's kick off back up the field 12 yards to the Friona 37.

The Chiefs started out on the ground and it looked as if they were going to be hard to stop. They picked up two first downs in moving to the Olton 37.

But on first down Olton's Alfred Garcia broke through and downed Friona's quarterback for a one yard loss at the 37. Second down found Gary "Bull" Durham causing a fumble only to have Friona recover it at the Olton 44.

Faced with third down and

long yardage, Friona went to the air. Defensive standout Luis Rey intercepted his first of three passes for the night and returned it out to the Olton 49.

Stockdale faked a pass and rolled out around his right end Mustang first down. Next Stockdale passed to Alonzo Springer at the 26 for another first down.

Things were looking up for Olton and it looked as if they were headed for T. D. land but a first down pass fell incomplete and two running plays left eight yards needed for the first.

On fourth down Sanders bulldozed his way to the 16 only for it to be short of the needed yardage.

Friona took over on their own 16 and gained only five yards before having to punt to Olton on fourth down.

Joe Dale Chitwood received the Friona punt back on his own 31 and returned to the Friona

34 only to have a penalty move the ball back to the Olton 33.

Olton also found it tough sledding and punted on fourth down. Stockdale's punt rolled dead on the Friona 33. Friona tried their big fullback up the middle on first down for no gain.

Second down found Olton recovering a Friona fumble at the Friona 33. On second down Stockdale passed to Springer for a first down at the Friona 23.

Olton moved to the 16 behind the running of Stockdale and Sanders. On fourth down Olton passed to end Mickey Crowder at the Friona nine. Crowder and Luis Rey who alternate at the end positions both had a great night.

Crowder boosted his season catch string to 30 catches and Rey intercepted three Friona passes.

With a first down at the Friona nine, Olton passed with Friona intercepting out of bounds at the nine but right or wrong Friona had the ball.

Friona picked up a first down aided by a penalty to their 20. The Chiefs picked up two more first downs moving to their 43. Friona tried passing on third down as they were tired of Gary Durham playing in their backfield and Olton's Mike Parsons snared this pass and returned it to the Friona 31 before being downed.

Sanders ran right up the middle for 12 yards and another Mustang first down at the Chief's 19.

Two passes fell incomplete, a running play lost yardage, and a fourth down pass fell short to give the ball over to Friona on their own 27.

Olton's gallant Mustangs pushed the Chiefs back and forced them to punt from deeper in their own territory.

Chitwood returned the punt to the Olton 29 for the Mustangs. Sanders got six hard yards to the 35 on first down and three more to the 38 on second down. Third down found

Stockdale passing to Crowder going down the side line to the Friona 21.

Olton's first down pass fell incomplete and the second one was intercepted by Friona quarterback Danny Kendrick. Kendrick, who played a fine game both on offense and defense returned the interception back 17 yards out of the end zone to the Friona 17.

Friona found it tough going and punted to Olton at the Olton 47. On first down Olton fumbled, with Friona recovering at their 44. Friona moved to the Olton 48 before fumbling the ball back to Olton with Marlos May recovering for the Mustangs at the Olton 48.

Olton's second down pass was intercepted by Chieftain Don Fortenberry who returned it to the Olton 45.

On first down Olton's Luis Rey intercepted his second Friona pass on the night and nearly went all of the way as he returned it to the Chief's 29 to end the first half of play with the score in a 0-0 deadlock.

Both teams were unable to go the length of the field in the third quarter as fumbles and interceptions marred each others way. Luis Rey intercepted his third Friona pass of the night late in the third quarter to kill a Friona drive returning it to the Friona 34 only to have the ball go over to Friona after a fourth down fell short of needed yardage for a first down.

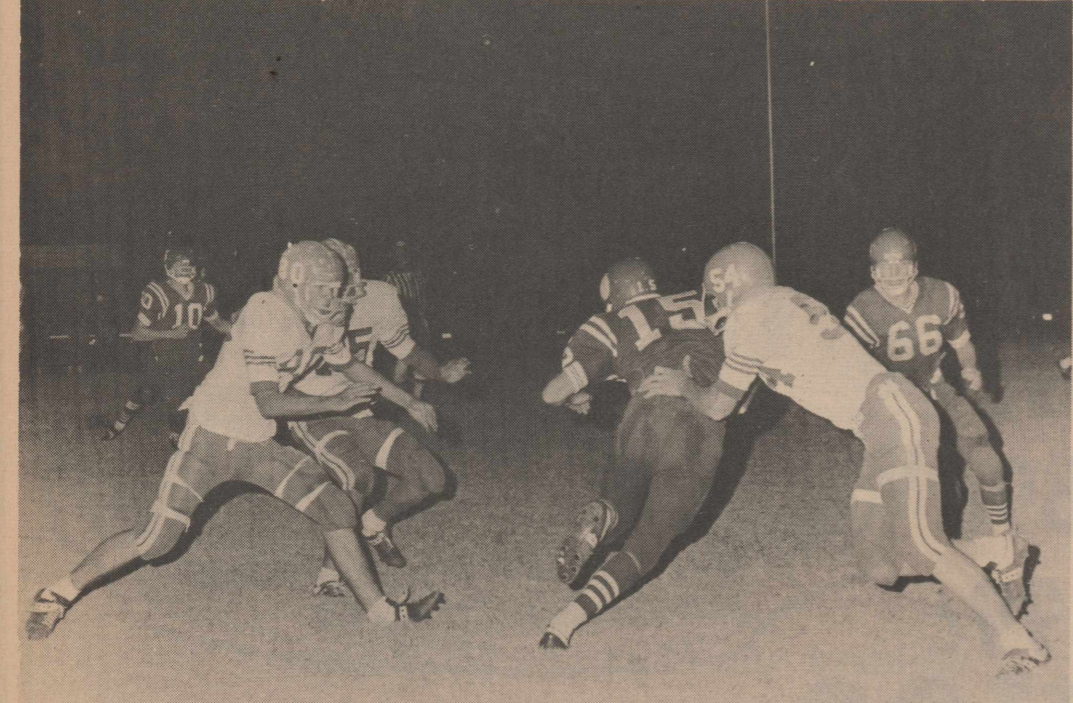

Olton finally began to smell pay dirt as Ronnie Sanders bulldozed his way to the Friona 11 for a first down. On second down Sanders moved to the six. Third down found Stockdale trying for a first down at the three.

But the officials said that Olton still needed a foot for the first down. Sanders got the foot and his fine second effort sent him into the end zone for the winning score with 3:09 remaining in the game.

Olton kicked off to Friona and withstood a last minute rally by the Chieftains as time ran out to end the game.

OOPSA-DAISY!---Steve Stockdale (12) turns his heels up after having his feet knocked out from under him by one of the Friona Chieftains. Looking for an opponent is Ronnie Sanders (21) and Carlos Talamantez (20) comes in to offer any assistance.

BLUE GETS THE RED---Marlos May comes in and drags down a Friona red man and Mickey Crowder moves in with another teammate to help get the Chieftain. The Mustangs won their last game of the season 6-0. Their record for district play was 4-2.

THROWING SOUVENIR FOOTBALLS ---Head cheerleader Sunya Sorley is shown here throwing souvenir footballs which were given by Sorley Supply to the Olton Mustang football fans at the last game.

## Seventh Grade

Olton's seventh graders downed the Hale Center seventh grade 34 to 12 Tuesday night.

Clarence Johnson led the way for the Ponies with TD gallops of 80, 75, and 30 yards each.

Sammy Coleman intercepted a Hale Center pass and returned it 25 yards for another Olton TD. Jimmy Parker scored four extra points and one touchdown to round out the score for Olton.

Leading the defensive charge for Olton with outstanding play was Coleman and David Garcia. Olton's defensive came up with the ball three times on fumbled punts by the home team.

## Eighth Grade

Olton's eighth grade Ponies clobbered Hale Center 14-0 Tuesday night.

Larry Franklin scored first for Olton in the first quarter of Play. Extra point try failed.

Hale Center tied the score in the second quarter only to have Melvin Williams score for Olton. Williams' TD gave Olton a 12 to 6 edge. Williams ran for the extra points to give Olton the final score of 14 to 0.

Defensive standouts for the Ponies were Larry Franklin and David McGill. James Edwards received a broken arm in the contest, but is reported to be doing fine now in a Lubbock hospital.

HOME FROM FORT WORTH  
Mr. and Mrs. Louis F. Clark and Deryl Max returned Nov. 1 to their home at Olton after residing several months in Fort Worth.

## Girls' Teams Lose Three

Olton's girls' basketball teams dropped three games to Muleshoe Tuesday night. The varsity Fillies were shut down 58 to 37. High point for Olton was Connie Hall with 22 points. Kathi Gary was the defensive standout for Olton.

The B-team was beaten by the score of 57 to 39. Brenda Leathers was high point with 11.

The OHS freshmen lost their game by only 10 points 42 to 32. Patsy Garza scored 14 points.

The next game for the girls will be here Nov. 18 against Muleshoe.

## Basketballers Begin Practice

Olton boys will take to the court for their first practice session Thursday afternoon. Returning lettermen for the Mustangs are Mike Parsons, Tony Miller, Gail McClain and Barry Cowart.

First game for the boys will be at Slaton Nov. 21.

## Booster Club Sets New Time

The last weekly meeting of the Olton Booster Club was held Monday evening. Future meetings will be held monthly on first Mondays.

Head Coach Jerry Blakely gave a brief report on the Friona victory and expressed sincere appreciation to all loyal Mustang supporters who had contributed so much to the successful football campaign. He announced that the Mustangs finished second in the district race.

President of the club, Percy Parsons, expressed the club's thanks to Coach Blakely and his staff for their work this year in developing a fine team and a team that had dignity and character.

Club members gave Coach Blakely and his staff a standing ovation.

Basketball schedules for this season were released by Coach Jim Curtisinger. He reported briefly on the program thus far and some future expectations.

The next meeting will be at 7 p. m. Monday, Dec. 1.

# SENSING THE NEWS

By Thurman Sensing  
EXECUTIVE VICE PRESIDENT  
Southern States Industrial Council

If the Communists and hardcore leftists have their way, the November 14-15 Vietnam Moratorium will be America's Dien Bien Phu.

The battle of Dien Bien Phu, fought in May, 1954, marked the end of the French military effort in Indo-China. The revolutionaries surrounded and captured a considerable French force in the field. As a result, the French government lost its will to win. The French people were demoralized.

Ironically, the United States seems in no danger of suffering a real Dien Bien Phu on the battlefield in Vietnam. In the last year, U. S. and South Vietnamese forces have enjoyed marked success, despite political limitations imposed by Washington. More than a quarter of a million Viet Cong and North Vietnamese regular troops have been killed by the anti-communists defenders of South Vietnam. Nevertheless, the U. S. is in real danger of experiencing a Dien Bien Phu at home.

For half a century, the communists have specialized in wars from within-- campaigns of propaganda and agitation directed at capitalist states. Never in the history of the communist parties has there been so successful an "agit-prop" campaign as has been waged in the United States in the last couple of years and, especially now, in the so-called Vietnam Moratorium protests.

The organizers of protests have duped many thousands of people into participating in what is fundamentally a communist political operation designed to crack the will of the American government and people.

Part of the tragedy is that the American people as a whole seem to have no real conception of the extent of the communist planning and organization in the Vietnam Moratorium effort.

The facts have been clearly set forth, of course. Sen. Paul J. Fannin (R-Ariz.) recently recounted in a Senate speech the organizational planning of the communists and other revolutionary elements.

Last Fourth of July, while good Americans were celebrating Independence Day, communists and other leftists held a planning meeting at Case-Western Reserve University in Cleveland, Ohio. Among those present were Arnold Johnson, public relations director of the Communist party, USA, and David Dellinger, now on trial in U. S. District Court in Chicago on a charge of crossing state lines to incite a riot. The schedule of protests, including the November Vietnam

Moratorium, was developed at that meeting and at similar gatherings held in Philadelphia and Washington later in the summer. The New Mobilization Committee was set up to run all the protests.

Unfortunately, the facts of subversion have not been adequately told. The networks and liberal news magazines have been too busy trying to publicize and dignify the "dissenters" to give the people the unvarnished facts about the revolutionary planners.

The communists and their allies have had a lot of helping hands in their propaganda effort. Less than one-fourth of one percent of the American people took part in the October Vietnam Moratorium, but they received tremendous publicity.

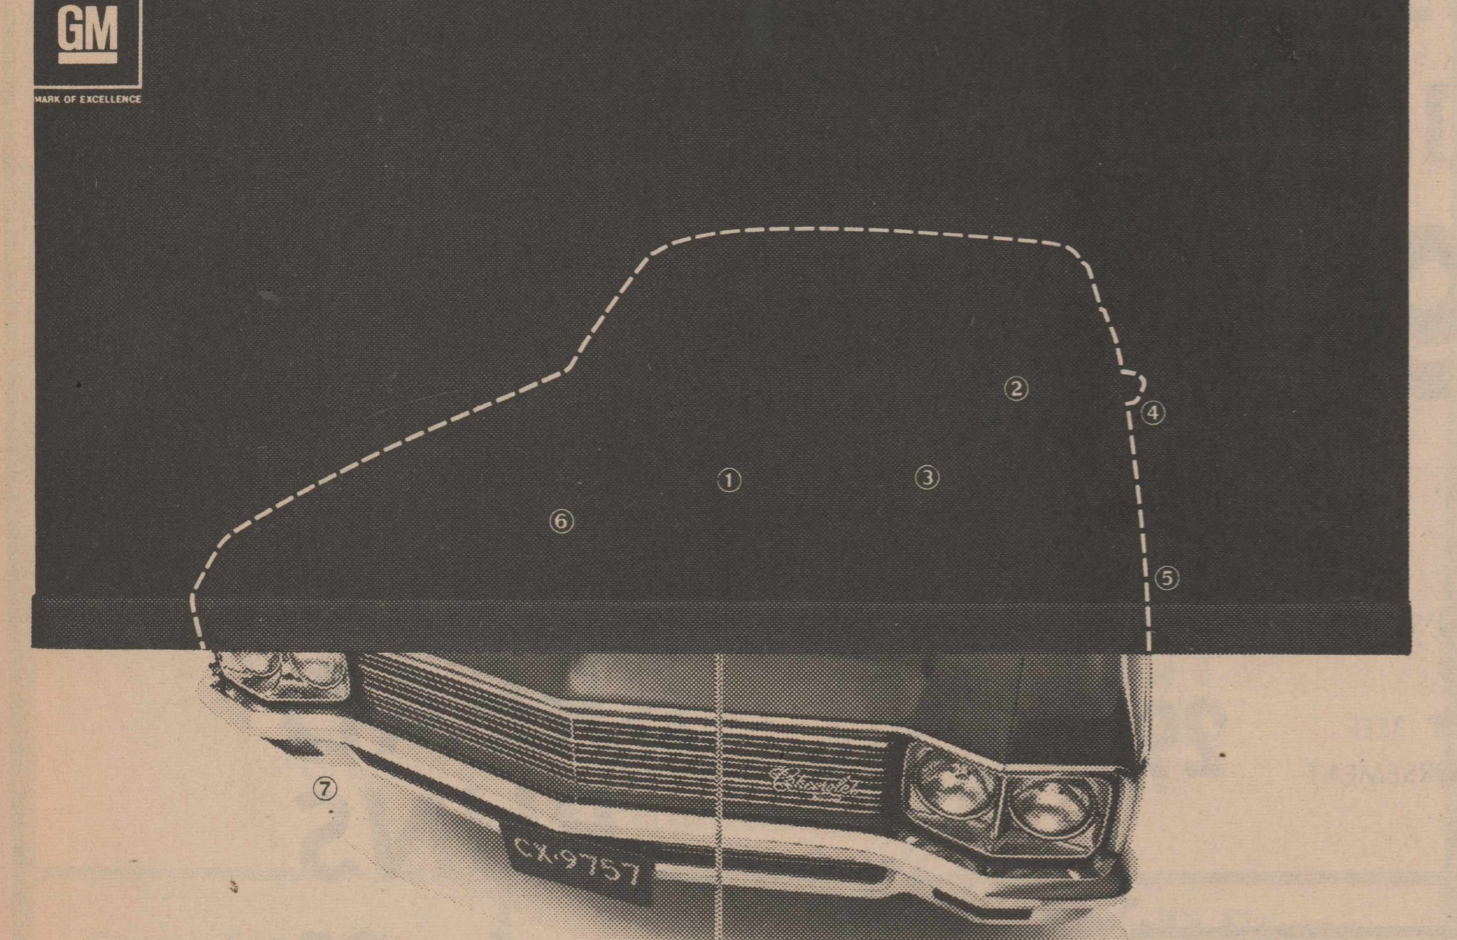

In Vietnam, combat units were busy fighting the communists October 14-15. Individual fighting men were performing deeds of dedication and heroism. But as one Navy officer recently complained in print, the Saigon-based press corps was busy describing a handful of servicemen who wore black armbands as a protest that day. The press corps was too busy to report what the fighting men were doing in the stretches of river and canal around Saigon.

The Communists' mastery of propaganda is the story of the Vietnam war. Five years ago, the communists made hay with the story of the Buddhist suicides. The minds of the American people were diverted from the real story -- the story of communist atrocities against anti-communist Vietnamese.

This month, the leftists are fighting on what they have come to regard as the principal war front -- the American home front. They skillfully employ the theme of "peace," whereas the only peace the communists want is the peace of the grave for the United States.

It is sad but true that the communists find many homegrown leftists who are ready and willing to play Hanoi's game in the streets of Washington, San Francisco and other cities. That's the way to regard the Vietnam Moratorium marchers -- as Hanoi's and Moscow's fifth column in the United States.

The anti-American elements will be out in full force this month, trying to humiliate the President and the nation and attempting to force the United States to its knees. It is time for good Americans to point to the homegrown leftists and "tell it as it is." That is, some must dare and call it treason.

# Impala's hidden persuaders:

- ① **350-cu.-in. engine**  
A new more powerful standard 250-hp V8 makes the 1970 Impala move with all the more assurance. On good ol' regular gas.
- ② **Anti-theft column lock**  
A locking system is built right into the steering column. When you take your key with you, you lock not only your ignition but your steering wheel as well.
- ③ **Aluminized exhaust system**  
It simply means that your original muffler, tailpipe and exhaust are going to last longer than you'd probably expect them to. Fair enough?
- ④ **Side guard beams**  
They look like highway guard rails, and they're built into both sides of the car for extra protection in case of impact. Not too many cars have them.
- ⑤ **Inner fenders**  
Up inside every fender is another fender to protect against slush and mud and help keep your Impala looking young.
- ⑥ **Flush and dry**  
We build the car so that rain and wash water can run down through the inside of the rocker panels, then out. Air follows to do the drying.
- ⑦ **Full Coil suspension**  
Huge coil springs at all four wheels are four big reasons why a Chevrolet Impala rides smoother and quieter than a low-priced car has any right to.

Mr. and Mrs. Joe Roberts visited near Earth recently with their daughter and family, Mr. and Mrs. Don Sanderson, Debra and Donna.

**ATTEND BRIDGE PARTY**  
Mr. and Mrs. Robert Struve recently attended a bridge party hosted by Mrs. Guy Snelling in their home at Edmonson. Other guests from Olton were Mr. and Mrs. John Speck. Also attending were Mr. and Mrs. Don Sanderson of Earth and from Edmonson, Mr. and Mrs. Jack Witten and Mr. and Mrs. Bill Ed Pinkerton.

**ENTERS HOSPITAL**  
Mrs. Ira Foster entered Methodist Hospital, Lubbock, Sunday to undergo treatment for an arm and shoulder injury suffered some three months ago.

**FORAGE TESTING--** Because of unfavorable weather, forage testing for determining the quality of hay may be more important this year than ever. The quality of hay put up this year, in many instances has been low, and stockmen should be aware of this situation. A forage test will show how low quality forage can be supplemented so livestock will get the needed TDN and energy.

Mrs. Zona Guffey of Lubbock was a house guest from Wednesday until Sunday of her son-in-law and daughter, Mr. and Mrs. Homer Worley.

**SUNDAY GUESTS**  
Mr. and Mrs. Phelix Sipes, Glenda and Donald of Tuba were guests Sunday of Sipes' brother and family, Mr. and Mrs. Travis Walters, Jim, Sammy and Marty.

# FOOTBALL CONTEST

The teams that are playing in this week's contest games are listed in each of the ads on this page. Each team is numbered, 1 through 28.

Use the handy entry form at the lower right hand corner of the page and circle the numbers of the teams you predict to win. Print the scores you predict in the tiebreaker game in the spaces provided.

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries.

Sponsoring merchants may accept mailed entries. All late entries will be discarded.

In case of ties, prizes will be divided equally.

Each week the number of games predicted correctly will count toward each contestant's season total. The person picking the most games correctly for the entire season will receive the grand prize. The person with the second highest total will receive the second grand prize. In the event of a tie on the season total, a coin will be flipped to determine the winner.

The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted scores will be used to determine the top three places in that week's contest, if necessary.

Only one entry per person is allowed.

## ACROSS THE COUNTY LINE

MRS. C. D. TANNER  
Ph. 889-3820 HALFWAY

Mmes. D. L. Lewis, Tom Witten, Bill Pinkerton, Wayne Painter, Dan Kimball, Jack Witten, E. C. Freeman, Wayne Bankston, Homer Pirkle, Terry Hardy, W. B. Thompson, Ernest Jones, Elmo Snelling and Maurice McCarty, members of the Northwest Home Demonstration Club, met Tuesday afternoon at the Edmonson Community Center with Mrs. Wayne Painter presiding at the business meeting.

The group voted to again donate a Christmas offering to Boys' Ranch, Girls' Town and to the State Hospital at Wichita Falls.

Plans were made for the annual Merchants-Farmers Dinner served by the club.

Mrs. Bill Pinkerton gave the council report and announced that the Christmas county-wide salad luncheon will be at the Hale County Agriculture Center Dec. 6. Incoming council officers will be installed by Mrs. Clyde Witten. Mrs. Henry Heck will be the guest speaker.

Mrs. Clyde Witten was named chairman for the community Christmas party to be held at the Edmonson Community Center the evening of Dec. 11. A meal will be served with each member contributing and the families of members will be guests.

The program for the afternoon was presented by Mrs. Freda Sparkman, assistant county home demonstration agent. Her subject was "Gift Wrapping". She stated that gift wrapping may be quite expensive if precautions are not taken in selections. For inexpensive wrapping paper, attractive wall paper may be selected during a sale perhaps, and if expense is not to be considered, many beautiful wrappings are available.

Mrs. Sparkman demonstrated making several types of package decorations. She also demonstrated the proper method of wrapping a package, emphasizing that the box must be taped to prevent ballooning, that paper must be the correct size and placed tightly around the package to make an attractive finished gift.

Following the program, Mrs. Sparkman directed a "Show and Tell" period when each member displayed and explained procedure in construction of items brought. These ranged from hand painted pictures to angels made from Christmas decorations, a pair suit and other items constructed by the seamstress to "Texas Mosquitoes", made from Devils Claws dressed in holiday colors.

A recreation period was directed by Mrs. Wayne Bankston.

Mr. and Mrs. Clyde Witten visited recently with her cousins, Mr. and Mrs. Bill Moore, Bob and Bill of Leakey; with her aunt and sons, Mrs. C. R. Moore, Charlie and L. D. of Medina and with her cousin and son, Mrs. Ann Rankin and Mike, of San Antonio. For the weekend Mrs. Rankin and Mike and Mr. and Mrs. Witten fished at Mrs. Rankin's cabin on Lake Travis.

On the way home the Wittens stopped for a visit with Mrs. Robert Dobson in Brownwood. Dr. Dobson was attending the Southern Baptist Convention in San Antonio.

Clarence Gaither, Royal Ambassador leader, of the Halfway Baptist Church, had charge of the program at the Brotherhood meeting Saturday morning with other members assisting in the discussion.

Officers for the year were named, Lester Cox, president; Lewellen Hooper, secretary and treasurer; Claude Fargason, program chairman, and cooks, Oliver Harmel, Ike Moore and Eddie Pruitt. These cooks also prepared the morning meal.

Those attending the meeting were visitors Messrs. Harvey and Dale McEachern, and members, Messrs. Clarence Gaither, David Walker, Lewellen Hooper, Lester Cox, Billy Griffin, Claude Fargason, John Downey, Loyd Langford, Ike Moore, Eddie Pruitt, Oliver Harmel, and Neilan Smith.

Guests in the Lester Cox home Sunday were his father; her parents, Mr. and Mrs. Walter Hurt of Plainview; Mr. and Mrs. Darwin Cox and Phil Cox.

Weekend guests of Mr. and Mrs. R. S. Hall, Sharon and Bob were her sister, Mrs. Pauline Robison of Santa Barbara, Calif.; their son and family, Mr. and Mrs. Jimmy Hall, Tamara and Jimmy Garland, Jr. of Fort Worth; and their son, James, of W. T. S. U., Canyon.

Mr. and Mrs. R. S. Hall announce the arrival of a new grandson, Jimmy Garland Jr., son of Mr. and Mrs. Jimmy Hall of Fort Worth, born Oct. 16. The new boy has one sister, Tamara. Paternal grandparents are Mr. and Mrs. Alvin Carthel of Mineral Wells; great grandmother is Mrs. Ethel Hall of Gainesville.

Last Sunday a birthday dinner honoring Mrs. Edd Smith and Mr. and Mrs. Eddie Smith of Canyon was held in the Edd Smith home. Others attending the occasion were Mr. and Mrs. J. B. Monroe and children of Nolan, Mr. and Mrs. Rickey Smith of Canyon and Edd Smith.

Mrs. Eddie Smith, daughter of Mr. and Mrs. C. D. Tanner, a graduate of Olton High School, was named teacher of the month again in the Canyon High School in October.

Friday Mr. and Mrs. Dwight Lewis visited the Rev. and Mrs. Kent Kellogg, Robert and Michelle of Amarillo. Kellogg is a former pastor of the Valley View Baptist Church.

Saturday Mr. and Mrs. C. D. Tanner and Russell visited Mr. and Mrs. Bill Beck of Lubbock.

Mr. and Mrs. Loyd Langford have returned from a four days trip to Hartsville, S. C. After the first of the New Year the Langfords will be living in Lubbock and he will be employed by Coker's Pedigreed Seed Co.

Wednesday Mr. and Mrs. J. Hollis Young returned home from a visit with his brother and family, Mr. and Mrs. Selby Young of Pasadena. They also visited friends in Pasadena, Mr. and Mrs. Virgil Thompson.

Mr. and Mrs. J. Hollis Young were at Oak Creek fishing from Friday until Monday. The main purpose of this trip was to bring their trailer home for the winter.

The W.S.C.S. of the Halfway Methodist Church met Wednesday in the home of Mrs. Freddy Bell.

The first portion of the program on the call to prayer of self-denial with the theme: "She Shall Be Called Woman" was brought by Mrs. Bill Edd Pinkerton, assisted by Mrs. Freddy Bell who read Genesis 1:9-12 and Mrs. W. A. Pinkerton presenting Genesis 1:29-31.

Mrs. Arthur Morris had charge of the pledge service - members making pledges to mission for 1970.

Members present were Mmes. Oran D. Smith, Lynn Barton, J. S. Bell, R. C. Williamson, Freddy Bell, Arthur Morris, Bill Edd Pinkerton and W. A. Pinkerton.

The Halfway Men's Club met at the Community Club Thursday evening. Their speaker was a representative from Pioneer Seed Company.

Members of the Halfway Home Demonstration Club prepared the meal and fed fifteen men. The ladies cooking were Mmes. Arthur Morris, E. C. Patterson, R. S. Pinkerton, J. Hollis Young.

Tuesday morning reports gave the Halfway Coop Gin having ginned 15 bales this season and the Paymaster Gin Company two bales.

The Hale County 4-H awards were presented at a county-wide meeting in Petersburg. Those receiving awards from the Halfway Club were Roger Pinkerton, gold star boy; Rebecca Baumgardner, entomology; Lesa Helm, horticulture and junior leadership; Donald Paul Bell, field crop science; and Linda McEachern, graduate certificate of past 4-H members.

Guests of Mr. and Mrs. J. S. Bell Sunday were his uncle and aunt, Mr. and Mrs. Joe Bell, and Mr. and Mrs. Durwood Bell of Bovina.

A "Come as you are" coffee honoring Mrs. James Wall and

daughter, Michelle, was held in the home of Mrs. James McCoy Thursday morning. The hostesses Mrs. McCoy and Mrs. Freddy Bell presented the honoree an angel mobile.

The coffee, spiced tea and spudnuts were served from a table laid with a pink tablecloth. The pink centerpiece was flanked by pink tapers in crystal candlesticks. Crystal appointments completed the setting.

Recently Mr. and Mrs. Ralph Beasley made a week trip visiting his mother, Mrs. E. E. Beasley of Raymondville, Mo., and their son and daughter and their families, Mr. and Mrs. Gary Beasley, Diana, Kristal and Trace and Mr. and Mrs. Don Riley and Shawn of Houston.

Mrs. Hubert Kayler has undergone surgery at Nichols Clinic, Plainview.

Sherrill Alexander of Lubbock visited his parents, Mr. and Mrs. L. M. Alexander, Sunday.

Weekend guests of Mr. and Mrs. Landon Smith, Rodney and Kelli recently were Mr. and Mrs. Royce Bearden and Larry of Amarillo.

To celebrate his tenth birthday, Rodney Smith had as guests following the football game Friday night and all day Saturday, Shannon Thomas and Sammy Watters.

Mike Fargason of Lubbock, son of Mr. and Mrs. Ray Fargason, spent last weekend with his grandparents, Mr. and Mrs. Claude Fargason.

Mr. and Mrs. Clyde Harrell were weekend guests of their son and family, Lt. and Mrs. Clyde Harrell Jr., Mike and Susan Lanette. They were accompanied as far as Austin by Mrs. Robert Field who visited there with her daughter and family, Mr. and Mrs. D. H. Schultz and son.

Sunday and Monday Mr. and Mrs. Grady Pillow visited in Colorado with their son and family, Mr. and Mrs. Bob Pillow, Gregg and Brian.

Rollo Harrell, Ben Sismore, Ralph Shannon, and Emmett Palmer are hunting pheasant in Kansas this week. They report getting their quota each day.

Johnny Downey has received his discharge from the navy. He, Mrs. Downey and David Winston are moving to Austin where he will be employed by Texas Instruments.

## Farmers Insurance Group Seeks Twins For Float

"Farmers Insurance Group is seeking four sets of twins, age 18 through 21, to ride our float in the 1970 Tournament of Roses parade," announces Robert E. Early, president.

Twins may be brothers, sisters, or a sister and brother. Winners of the contest will receive an all-expense-paid trip to Pasadena, Calif. to ride in the four floats on the company's "A Holiday in the Park" Tournament of Roses float, attend the Rose Bowl football game, plus sightseeing tours of southern California. Winners will share these activities with the float queen and her attendant, also selected in a national contest.

The float, which depicts people enjoying a holiday outing in a park, is done in the "Art Nouveau" style popular at the turn of the century. It contains an island in a park lagoon centered by a band playing on a bandstand whose canopy is reminiscent of the shape and stained glass effect of a Tiffany lampshade. Couples, dressed in the costumes of the period, listen to the band as they go boating in the lagoon. The bed of the float will be covered with roses, while the boats are surrounded by water made of swirls of white mums.

Twins wishing to enter the contest should write for entry blanks and contest rules to MULTIDENOMINATIONAL COINS

In 1968, 158 countries, territories, confederations and states produced and circulated approximately 900 denominations of coins; 437 were of nickel or nickel alloys.

### SUPERSTACK

As an environmental control measure, International Nickel is erecting in Canada the world's tallest chimney-1,250 feet high-at Copper Cliff, Ontario. The chimney's base will be 100 feet in diameter; the top, 40 feet.

### IN OKLAHOMA

Mr. and Mrs. Leon Hair returned during the weekend from visiting relatives in Oklahoma and in Fort Worth. At Davidson they were guests of his uncle and aunt, Mr. and Mrs. A. E. Ridings. At Lawton they visited Hair's uncle and aunt, Mr. and Mrs. Ed Hopkins. At Frederick they spent some time with Mrs. Hair's aunt, Mrs. Lanford Blanton, Hair's cousins in Fort Worth, Mr. and Mrs. G. B. Burke, were their hosts there.

## Texas Joins Fight Against German Measles

The Texas Easter Seal Society is joining with the National Easter Seal Society and the U. S. Public Health Service in a nationwide campaign to stop rubella, more commonly known as German measles.

From the cyclical character of the disease, health officials expect a large increase in cases in 1970 unless large scale immunization takes place, according to Robert W. Milam, M. D., Medical Advisor for the Texas Easter Seal Society. While rubella is a common disease of childhood, when adult women contract the virus, especially during the first month of pregnancy, it can become serious, causing babies to be born with abnormalities or the pregnancy can end in stillbirth or miscarriage. Some of the common defects of rubella-affected babies are cataracts, heart defects, deafness and mental retardation.

Past evidence shows that large outbreaks of rubella come every six to nine years, generally in late winter or spring. The last major epidemic, in 1964, was probably the largest in 30 years. Health officials estimate that 20,000 to 30,000 infants were born with severe defects during that epidemic.

Preventing exposure of the pregnant woman is the principal objective of rubella control, Dr. Milam pointed out. He said because of the possibility of risk to the expectant mother and to her developing baby, the best means of protecting the fetus is by reducing the likelihood of the mother becoming infected.

Since children are the principal reservoirs of the disease, health officials recommend that youngsters between one year of age and puberty be vaccinated.

### Public Hearing Notice

Olton Feedyard, Incorporated, P. O. Box 390, Olton, Texas 79064, has applied to the Texas Water Quality Board for an initial regular permit pertaining to the control of a variable amount of rainfall runoff containing wastes from its proposed feedlot operations (to be in operation in October, 1969) which are located immediately east of F. M. 1072 approximately two miles south of United States Highway 70 in Lamb County, Texas. The rainfall runoff is proposed to be wholly retained in a lake on company-controlled property. A public hearing on this application will be held in the Southwest Public Service Building, Reddy Room, 1120 Main Street, Lubbock, Texas, at 10:00 A. M. on December 9, 1969, to determine the conditions, if any, under which the permit may be granted. Additional data will be developed at the hearing, but further technical information concerning any specific aspect of the discharge, if available, can be obtained by writing the Texas Water Quality Board, 1108 Lavaca Street, Austin, Texas 78701.

## Red Cross Seeking Better Benefits For War Prisoners

The American Red Cross is intensifying its efforts to open channels of communications and relief to U. S. servicemen being held prisoners of war in North Vietnam, according to word received this past week at the local Lamb County Chapter Red Cross Office from National Red Cross Headquarters in Washington, D. C.

Mrs. Roy Wade, executive secretary of the local chapter, said at a regular monthly meeting of the board held Friday afternoon in the Red Cross offices in Lamb County Courthouse: That a resolution sponsored by the American Society urging that prisoners of war be given the benefits and protection of the Geneva Conventions was adopted without dissenting vote last month by representatives of 77 governments and 91 national Red Cross societies attending the Quadrennial International Conference of the Red Cross in Istanbul.

It was also stated that American Red Cross followed this action with a cable message to Red Cross Society of North
