New Fight Looms in Integration

By United Press International
Negro leaders and city officials at Jackson, Miss., apparently are moving toward another showdown on integration.

Six Negro women were jailed in the Mississippi capital Friday for picketing on a downtown street in the first anti-segregation demonstration since last summer. They were charged with parading without a permit and blocking sidewalks.

Negro leader Charles Evers said the demonstrations would continue until Jackson officials agreed to discuss racial grievances with Negroes. Mayor Allen Thompson said the city would continue its policy of not meeting with "aggressor groups" and would hire extra policemen to protect merchants from "intimidation."

At Birmingham, Ala., federal Judge H. H. Grooms is expected to rule Monday on a suit by Negroes seeking desegregation of all public facilities in the city.

Grooms took the suit under advisement Friday but said there was no evidence the present Birmingham city government was discriminating against Negroes. The suit was filed last year before a municipal election brought in a new city government.

Mayor Albert Boutwell said the city council last summer struck down all segregation ordinances and that all public facilities had been desegregated. Negro attorneys argued, however, that segregation still was "rooted in customs."

Elsewhere in the nation:

Oxford, Miss.: A federal court jury Friday night dismissed charges against five state law enforcement officers of mistreating a group of Negro civil rights workers. The all-white, male jury deliberated one hour and 45 minutes before returning the verdict.

Montgomery, Ala.: Negro leader Ralph Abernathy said Friday that plans are being made for Negroes to "march through Alabama like Sherman marched through Georgia" in the start of a "total assault" on segregation in the state.

Atlanta: A planned Christmas boycott of Atlanta stores was called off Friday after leaders said gains made in getting Negroes hired to better jobs made the action unnecessary.

Jackson, Tenn.: The city commission will hold a public hearing Tuesday on an ordinance to repeal Jackson's only segregation law.

Birmingham, Ala.: A Justice Department suit against the Jefferson County (Birmingham) Board of Registrars has been postponed at the request of the Justice Department. U. S. District Judge Seybourn Lynne said Friday.

Prayers, Taps Mark Pearl Harbor Day in Honolulu

HONOLULU (UPI)—Prayers, taps... a moment of silence... and the laying of a wreath above the rusting hull of a once-proud battleship.

This was to be the quiet observance of Pearl Harbor Day today, 22 years after Japan's attack on the naval base here that triggered U.S. entry into World War II.

Some 70 representatives of 26 veterans' organizations planned the quiet observance at 3:15 p.m., EST, at the white concrete memorial above the battleship USS Arizona.

The Arizona was sunk in the first wave of the Japanese attack that long ago Sunday. Her rusted hull still entombs

SPREAD IT EVENLY—Mrs. John Holt, adult leader of Girl Scout Troop 5, is shown handing Natalie Skelly a can of paint with instructions to "spread it evenly." The senior troop volunteered to paint the Pioneer Cottage at Starkweather and Yeager. (See story on Page 10)

New Factors Crop Up In Assassination Case

WASHINGTON (UPI)—Government sources said Saturday the FBI report on the assassination of President John F. Kennedy and his accused killer, Lee Harvey Oswald, probably will be kept under top-secret wraps for at least another week.

The additional delay in making public any details of the FBI's findings was decided on to allow the blue ribbon investigation commission headed by Chief Justice Earl Warren to study the report. But further details of the "bizarre background of Oswald prior to the Nov. 22 tragedy at Dallas, Tex., continued to crop up.

The latest was a report that further evidence has been found linking Oswald to the sniper attempt on the life of right-wing former Maj. Gen. Edwin A. Walker in Dallas last April.

The Chicago Sun-Times said the FBI has found a document among Oswald's effects in which the former Marine and one-time defector to the Soviet Union wrote of trying to kill Walker.

Fired Through Window
On the night of April 10, a rifle bullet was fired through a window of Walker's home narrowly missing the former general, who is now an ardent advocate of conservative causes. Sources also have confirmed that the FBI has other evidence

linking Oswald to the Walker episode. Oswald's Russian-born wife has told the FBI that on the night of the shooting her husband had told her that he had tried to kill the general.

The FBI has declined comment on the reports, but it is known that the federal agency has asked Dallas police for full particulars of the Walker case. The purported document, according to the Sun-Times, was found when FBI agents searched

Writings Revealed

CHICAGO (UPI)—Lee Harvey Oswald wrote of his attempt to kill former Maj. Gen. Edwin A. Walker in a document found by the Federal Bureau of Investigation, the Chicago Sun-Times said today.

The Sun-Times quoted government sources in Washington as saying the document was discovered in the effects of Oswald, the accused assassin of President John F. Kennedy in Dallas, Nov. 22.

Federal officials refused to disclose what Oswald had written about his attempt to shoot Walker or where agents had come upon the document. It was found by FBI agents a few days after Oswald was slain in Dallas police headquarters Nov. 24.

The Sun-Times said that presumably Oswald's writings about the Walker shooting were found in searches of the Irving, Tex., residence where his family lived or in the Dallas lodging-house room he occupied alone for days before the slaying of Kennedy.

The newspaper said the investigation revealed Oswald to be a prolific writer who corresponded with the Communist party and with agents of the Fair Play for Cuba Committee. It said Oswald also kept his own notes on his activities for the Fair Play Committee, which backs the Cuban Communist dictator, Fidel Castro, investigators said.

ed both Oswald's family home in Irving, Tex., and his lodging house in Dallas immediately after the Kennedy assassination.

Says FBI Advised
In another development, Mrs. Oswald's former landlady, Mrs. Ruth Paine, told newsmen in Irving that she had told the FBI less than a month before the assassination that Oswald was working in the Dallas book warehouse from where the fatal shots were fired.

Mrs. Paine said she had given the information to the agents sometime between Oct. 16 and Nov. 9 when they paid a routine call at her house. She said she was unable to tell the agents where Oswald was living at that time.

Mrs. Paine added that in response to questions she told the agents that Oswald was employed at the Texas school book depository building, which overlooked the Kennedy motorcade route during his Dallas visit. She said she was unable to tell the agents where Oswald was living at that time.

Pampa Braces For Norther

Pampans braced themselves Saturday in the face of the season's first norther, which pushed into the Panhandle on wind gusts up to 50 miles an hour.

The windy onslaught from the north was accompanied by a dry "duster" and a drop of 10 to 15 degrees in temperature.

Weather experts said the cold front was moving into Central and South Texas. Behind this front was a high pressure area centered over Idaho. It is this southeasterly moving high pressure area that influenced the winds. Wind velocity Saturday was 30 m.p.h. with gusts up to 50 m.p.h. These strong gusts picked up the loose dry dust.

Winds diminished after dark and the Weather Bureau said today winds should be from 15 to 25 m.p.h., with little dust.

The lowest visibility recorded Saturday by the Weather Bureau was one mile.

LBJ to Address UN in New York

Four Seriously Hurt In Two-Car Collision

Four persons were seriously injured in a two-car traffic collision just north of the Hobart and Foster Sts. intersection shortly before 8 Friday night.

The injured: Olen W. Banks, 25, of 733 Albert, reported in poor condition in Highland General Hospital Saturday night. Mark Robert Scott, 15, of 1710 Evergreen, reported in good condition in St. Anthony's hospital, Amarillo, where he was taken Saturday. Charles Wesley Clifton, 13, of 604 Magnolia, reported in good condition at Highland General.

General. Gary Paul Campbell, 15, of 2200 N. Nelson, reported in fair condition at Highland General.

According to police, Banks was driving alone in his car north on Hobart when he was in collision with a car driven by young Scott. Police said Scott reportedly was driving south on Hobart and apparently was attempting a left hand turn into Foster St. when the collision occurred. Clifton and Campbell were passengers in the Scott car.

All four accident victims were taken to Highland General Hospital in Duenkel - Carmichael ambulances. Scott later was transferred to the Amarillo hospital.

Police said Saturday afternoon they still were trying to piece together exactly what happened at the accident scene.

Police Capt. Denny Roan said any witnesses to the accident are urged to contact police at MO 4-2515.

Other officers elected included: Nathan E. Turnbo of the Kewanee Oil Co., Pampa, first vice chairman; E. C. Woodall of the Pan American Petroleum Corp., Pampa, second vice chairman; Milton Kihnenman of Texaco, Inc., Pampa, third vice chairman, and Leonard L. White of the West Pampa Repressing Association, Pampa, was re-elected to serve a fourth term as secretary-treasurer.

Another feature of the annual API session was the presentation (See API, Page 4)

Wife of Diamond Jim Shows Up in Court

SAN FRANCISCO (UPI)—James (Diamond Jim) Pattillo, high-living executive accused of embezzlement, was receiving help from a surprising source today, his wife.

News that the high-living business executive was married turned up dramatically Friday when an attractive brunette stood up in the court of Municipal Judge Clayton Horn and declared that since Sept. 9, 1960, she had been Mrs. James Anthony Pattillo.

Pattillo, 36, was taken into custody by the Coast Guard off Monterey Thursday aboard his out-bound cruiser. The 35-foot craft was stocked with such assorted items as seven television sets, six fur pieces, \$13,148 in cash, and blonde Carol Le Blanc, 23, Sausalito, Calif.

Pattillo, a \$750-a-month executive of the George Windeler Co., pleaded innocent Friday to charges he embezzled somewhere between \$27,000 and \$100,000 from his firm.

Jim's Married
Bail was set at \$27,000 and his attorney, Charles R. Garry, asked for a reduction of the bail.

"Jim won't be leaving town," Garry told the judge, "because he's married."

Mrs. Madeleine Pattillo, 34, then stood up to the surprise of everyone except Diamond Jim and his attorney. The judge re-

fused to lower bail and set Dec. 10 for a preliminary hearing.

Mrs. Pattillo later told newsmen she is willing to "stand by Jim and wait for him."

"I love him very much," she said.

She said she and her husband had lived happily together until last Sunday, when "Diamond Jim," so-called because of his fondness for wearing diamonds, had set sail with Miss Le Blanc.

A Jewel
"He was a good husband and a good provider," she said, and sometimes he brought home expensive gifts like diamonds and furs.

She did concede that he spent a good deal of time away from home.

Police said Pattillo arrived here three years ago from Texas as a rice and trucking tycoon.

The suspect Friday refused to discuss either his business, marital, or possible extracurricular affairs.

Miss Le Blanc was first booked on a conspiracy charge and then released.

Top Security

Being Planned For President

NEW YORK (UPI)—The tightest security precautions in New York's history will be taken Sunday when President Johnson makes a two-hour visit to attend the funeral of former Governor and U. S. Senator Herbert H. Lehman.

The President's Secret Service escort will be augmented by an estimated 5,000 New York City police, including 35 motorcycle patrolmen who will accompany the closed presidential limousine over an undisclosed route from Idlewild Airport to Manhattan's Upper East Side.

"Special attention will be given to underpasses, overpasses and all large buildings along the route," Deputy Commissioner Walter Arm told reporters in a briefing.

He said every window and vantage point along the 18-mile route from the airport to Temple Emanu-El, Fifth Avenue and 65th St., will be covered. News-men will not be allowed to meet the President at Idlewild, Arm said.

Johnson will return to the airport at about 1:30 p.m. following the service for Lehman, who died Thursday at 85.

If it comes from a hardware store we have it. Lewis Hdw. (Adv.)

Meeting Surprise To Press

By ALVIN SPIVAK
WASHINGTON (UPI)—President Johnson announced Saturday he will address the U. N. General Assembly in New York Dec. 17. He is expected to assure the world of continued American unity under his administration.

His announcement of this plan to "establish an acquaintance" with the United Nations delegates came in a surprise, informal "coffee klatch" news conference in his White House office.

The President also disclosed to reporters: —The Defense Department plans a series of major cuts in non-combat personnel at home and overseas to help reduce military spending next year by \$1.5 billion.

—Defense Secretary Robert S. McNamara will visit Saigon later this month as Mr. Johnson's personal emissary to "be sure we are getting maximum efficiency" in South Viet Nam's U.S.-supported war against Communist Viet Cong guerrillas.

—Johnson plans to see Mexican President Adolfo Lopez Mateos and Canadian Prime Minister Lester Pearson in Washington, probably early next year. A possible visit by French President Charles de Gaulle has not been decided.

—Sen. Harry F. Byrd, D-Va., chairman of the tax-writing Senate Finance Committee, has agreed to make the proposed \$11.1 billion tax cut retroactive to Jan. 1, 1964, as has Senate GOP Leader Everett M. Dirksen, Ill. But Congress may not pass the bill for several weeks or months after that date.

—Johnson has no present plans to accept invitations to visit foreign countries.

—He believes his administration has made "very good progress in showing the continuity in our transition" after the as-

DIAMOND JIM—James A. Pattillo, right, is escorted from the dock in Monterey, Calif., by sheriff's Capt. Robert Schuler after his arrest on suspicion of embezzling. Pattillo, a high-living San Francisco business executive known to his friends as "Diamond Jim," was caught as he tried to leave Monterey Bay aboard his luxury cruiser. Police say he embezzled more than \$27,000 and perhaps as much as \$100,000. (NEA Telephoto)

Latest Power Plants Allow for Peak Use

By JESSE BOGUE
UPI Financial Editor
NEW YORK (UPI) — Heavy clouds bank suddenly over a city in the early darkness of a winter afternoon. Millions of lights come on early.

A blanket of humidity settles over an industrial community on a July afternoon. Air conditioning units come into play by the thousands.

These can be times when electric utilities are called upon to produce sudden peak loads of power, sometimes at close to emergency speeds. This they do, and usually with such smoothness of operation that the average consumer of electrical power scarcely gives it a second thought.

But peak loading — raising the available supply to meet the demand at high points in the electrical day — has remained a problem even in today's skilled complexes of electrical distribution.

Two major industrial operations recently have come forward with systems designed to cope with the peaking load problem.

Babcock & Wilcox Co. announced it has developed a system power plant, which it calls the "ready reserve" thermal power plant, designed to provide ready reserve and peaking needs of electrical utilities at what it said were costs 20 to 50 per cent less than systems available today. S. T. Mackenzie, national sales vice president, said it could be used for continuous service at full rated capacity when needed; it has automatic control. It is gas and oil fired.

General Electric (GE) announced what it called a new "power block" concept for generating peaking electric power. It is composed, GE said, of four 14,000 - kilowatt gas turbine package units integrated into one plant, operated from a central control package which can prove 14,000; 28,000; 42,000 or 56,000 kilowatts to meet a system peaks.

Lock Cars, Chief Advises Shoppers

Pampa Police Chief Jim Conner Saturday urged Christmas shoppers not to leave packages in unlocked cars.

He suggested that the best place to put packages is in the trunk of a car and then make certain the trunk is locked.

In the case of vehicles without trunks, packages should be covered and the vehicle securely locked while parked on the street.

Chief Conner said packages in a car are a temptation to thieves, who usually are more active at this time of year because of the easy pickings afforded by careless shoppers.

The chief also suggested that purses and pocketbooks be securely held onto at all times while shopping.

run on either gas or distillate oil, whichever is available and most economical for the locality, the GE announcement said.

Although most major utilities systems in the United States have plans for expanding their resources of current, and for higher and higher voltage lines to carry it long distances or from one system to another, there still is a need for the peaking facilities — a market of perhaps \$1 billion potential, Mackenzie indicated.

The belief that there is a market for peaking facilities does not reflect any belief that there is inadequate supply of electricity available.

A recently issued booklet from the Edison Electric Institute noted that by 1980, expenditures for new construction in the industry will be at the rate of \$12 billion per year. The power plant and transmission capability of the industry "has always remained ahead of the demand for electricity," the institute reported.

Legion Opposes Dallas Meeting

QUINCY, Ill. (UPI) — A district unit of the American Legion announced Saturday it had passed a resolution calling for the 1964 national convention be held elsewhere than Dallas.

Melvin Koch, commander of the district comprising five counties in West Central Illinois, said the resolution was passed at the district meeting last Sunday.

The national convention is scheduled for Sept. 18-24 in Dallas.

The resolution asked that the convention be transferred to a "more favorable location."

"This is not a direct slur against the people of Dallas," Koch said. "Often the president or vice president is asked to speak at the convention."

Koch said the resolution "takes note of recent indignities against dignitaries in Dallas and the assassination of President Kennedy."

Teamster Attorney Indicted by Jury

NASHVILLE, Tenn. (UPI) — A local attorney for Teamsters President James R. Hoffa was indicted Friday on three counts of tampering with juries involved in federal court cases against Hoffa.

U.S. Attorney Kenneth Harwell who conducted the grand jury probe, said "other matters" were uncovered which require further investigation by his office and the FBI.

The federal indictments charge Z. T. Osborn Jr. with three attempts to bribe or influence jurors in Hoffa's 1962 conspiracy trial here and the union leader's forthcoming trial on jury-tampering charges.

MOST WANTED MAN—Timothy Goulding, 61, is the kind of man most wanted by the New York City Police department. The department now has two openings for full-time blacksmiths, providing they have five years experience shoeing horses or, as an ad might read, "the equivalent." Job pays \$24 a day; all interested please apply.

TO WRITE MEMOIRS — Ian plans to write his memoirs LONDON (UPI) — Former and publish them himself, it Prime Minister Harold Macmillan was reported Friday.

Underwriters to Hear Address by Group President

Harry Griffiths of Austin, president of the Texas Association of Life Underwriters, will address the Christmas banquet of the Top o' Texas Life Underwriters at 7:30 p.m. tomorrow in the Coronado Inn Starlight Room.

Griffiths has served in various offices of the TALU since 1933 and is a member of National Association of Life Underwriters' committees.

John McCausland, T o' T president, will be toastmaster and will introduce the speaker. Association members from cities over the Panhandle area will be guests at the Christmas party.

Railroad Man Found Shot in Ft. Worth

FORT WORTH (UPI) — Allen M. Drake, 56-year-old Texas and Pacific railroad employee, was found shot to death at his home Saturday.

A 22-caliber rifle was found near his body. Justice of the Peace Carl Elston returned a verdict of suicide.

Bathtub Too Short For Six Footer

BROMLEY, England (UPI) — George Bayden, who stands 6-foot-1 and weighs 252 pounds, complained Friday that the bathtub in his public housing apartment is only five feet long and said he was afraid he might get stuck some day.

"I can have only four inches of water, otherwise it comes over the top when I get in," Bayden said in asking the city council for a bigger bathtub. "Once I am in, I can hardly reach the soap."

Prison-Built Cane Used by Prosecutor

HOUSTON (UPI)—Dist. Atty. Frank Briscoe walked with a sprained ankle recently in two separate accidents. Prison officials suggested that he suffered an injured knee and a inmates donate the cane.

Notes From Wall Street

NEW YORK (UPI) — Martin Gilbert of Van Alstyne, Noel & Co. believes that a test of the all-time highs reached in October is a near term prospect with an even higher potential a good possibility.

Gilbert continues to see the outlook as optimistic for stock prices and that the buying side of the market provides the better chance for capital.

Analyst Eliot Janeway feels the market, as a whole, is now in a stronger position and poised for a more dramatic advance than it has been at any time since the sell-off following President Eisenhower's heart attack.

Richard T. Leahy of J. W. Sparks & Co. believes that new attempts to break into higher ground above the 60 level in the Dow-Jones industrial average can be expected over the near term.

Leslie M. Pollack of Reynolds & Co. says that with the Dow-Jones industrial average at 18.7 times the earnings estimated for the 12 months ended Sept. 30, the market does not appear over-priced at this time. Pollack feels that a break could be the forerunner of another substantial upward trend.

Clark Dodge & Co. feels the technical picture is now brighter than it has been for some time and the near term outlook is quite promising, particularly since the market is entering a traditionally bullish season.

4-H Members Given Awards at Banquet

Kathy Davis and Bill Skaggs received the highest awards given at the Gray County 4-H award banquet Friday night. Gold star awards were presented by Mrs. Jaunita Channel, assistant county home demonstration agent and Jerry Harland, assistant agriculture agent.
Other awards presented at the meeting were: Harold Barrett Ford Award by Harold Barrett to Cynthia and Danny Hogsett; automotive award by Dennis Taylor to Stanford Friend for the Firestone Tire and Rubber Co., and beef awards by Harland to John Spearman and Bill Skaggs for E. I. du Pont de Nemours and Co.
The Coates and Clark Co. clothing awards were presented by Mrs. Bernard McClellan of Marzell's Fabrics in McLean to Phyllis Atwood, Jennifer Cunningham, Willa Pearl Friend and Jan Osborne.
Connie Burger and Kathy Davis received the Simplicity Pattern Co. dress revue awards from Mrs. Erval James.
David Webster received the field crops pin of Arcadian Products department of Allied Corp. from Harland.
Lodema Cole received the General Foods Corp. award from Mrs. Tom Florence of Le-

Water Rates Due Commission Study

Discussion of a proposal to remove Pampa's special summer water rates until April 1 is scheduled for Tuesday's City Commission meeting.
Second reading of an ordinance to close Thut St. between Somerville and Russell Sts. and third reading of an ordinance granting Pioneer Natural Gas Co. a 10 per cent rate increase also will be on the agenda.
Other business scheduled Tuesday will include contract authorization for remodeling the Texas Railroad Commission offices in City Hall, approval of automatic salary increases, and approval of current bills.

Wind, Dust Fail To Slow Shoppers

Wind and dust had little effect on Christmas shoppers who moved into action full blast on all merchandising sectors in Pampa Saturday.
One merchant said it seemed that it marked the official opening of the holiday shopping season.
Stores and service establishments were busy all day.
Police said traffic in all sections of the city was the heaviest of the year.
As a result police renewed their warnings on double parking and urged motorists to drive with caution.

CLASSIFIED ADS GET RESULTS

Obituaries

Melver F. Helmick
Melver Franklin Pierce Helmick, 85, died Saturday afternoon at Highland General Hospital after a two-week illness.
Mr. Helmick lived at 800 E. Craven and came to Pampa in 1927. He was a retired school maintenance man. He was born in Illinois and was a Methodist.
He is survived by his wife; one son, G. R. Helmick of San Jose, Calif.; three daughters, Mrs. Louise Wittelkind of Cincinnati; Mrs. Helen Stephens of Marion, Ill.; and Kathleen Seamans of San Francisco; one brother, Gaylord Helmick, of Three Lakes, Wis.; one sister, Mrs. Margarette Winn of Indiana; four grandchildren and eight great-grandchildren.
Funeral services have not been announced.

Mrs. Mary Etta Florence
Mrs. Mary Etta Florence, 87, died Saturday night at Highland General Hospital. She had lived in Lefors for 30 years before moving to 2001 Coffee St. in September. She had been ill for two months.
Mrs. Florence was a member of Lefors Baptist Church.
She is survived by two sons; Robert Florence of Redondo Beach, Calif., and Tom Florence of Lefors; two daughters, Mrs. Geneva Allen and Mrs. M. B. Harper of Pampa; one sister, Mrs. Virgil Tyner of Auburn, Wash.; eight grandchildren and 17 great-grandchildren.
Funeral services will be held at 2 p.m. Monday at Lefors Baptist Church with Rev. Edd Spivey officiating. Burial will be at Fairview Cemetery.

Bessie M. Nicholson
Funeral services will be held at 10:30 a.m. Monday for Mrs. Bessie M. Nicholson at Dukenel-Carmichael Chapel. Rev. Jack Riley, pastor of St. Paul Methodist Church, and Rev. Curtis Lee will officiate.
Burial will be in Memory Gardens. Pallbearers will be Eddie Dittberner, Ralph Bynum, Virgil Frashier, Truman Ataway, J. R. Moore and Bill Cummings.
Mrs. Nicholson died Friday night at Highland General Hospital. She was born in Africa, the daughter of a Presbyterian missionary. Mrs. Nicholson married Charles T. Nicholson Feb. 16, 1903 at Albuquerque N. M. They moved to Pampa in 1912, residing on a farm four miles west of town. A member of the St. Paul Methodist Church, she was the oldest living woman graduate of the University of New Mexico in Albuquerque.
She is survived by two stepsons, J. R. Nicholson of White Deer and R. L. Nicholson of

LBJ (Continued From Page 1)

sassination of President Kennedy.
—He has not decided on the format of news conferences after the period of national mourning ends Dec. 22, but "I want to communicate with the American people, maintain accessibility... and a free flow of information, limited only by security."
—He has not yet decided whether to spend Christmas at his LBJ ranch in Texas or in the White House. He will be at the ranch Dec. 27-28 to entertain visiting West German Chancellor Ludwig Erhard.
—The administration is trying to "reduce anything we can" budgetwise for the fiscal year starting next July 1, but nothing has been decided.
—He will vote by absentee ballot in a special congressional election in Texas on Dec. 17 the day of his U. N. address, to fill the seat of Rep. Homer Thornberry, D-Tex., who resigned to become a federal judge.
Meeting Informal
Mr. Johnson unexpectedly called newsmen into his oval West Wing office just before noon to "have some coffee" and ask any questions they wanted. Not since Mr. Roosevelt was president 20 years ago has any chief executive answered questions in this way.
White House Press Secretary Pierre Salinger said the President may hold another such conference before the end of the year.

Kiwanis Entertained By Dancing Students
Students of the Beaux Arts dance studio entertained Kiwanians at their weekly luncheon Friday in First Methodist Church Recreation Hall. An inter-club group from the South Amarillo Kiwanis Club attended the meeting.

Here's why you'll tell other people you like it.

Some people think it's a bit frivolous to like a car just because it looks so nice. So what you'll have to do is bone up a little on all the other things that make a Pontiac a Pontiac.
Wide-Track, for instance. Wide-Track is what does away with tilting your way around turns. Pontiac's smoother, quieter ride is another thing you might point out.
Be careful, though. One ride in this car and everybody's going to think you're made of money. You can solve that problem by telling what you paid. Or you might just say, "You'd sure think this car cost a lot, wouldn't you?"
Or you could take everybody's mind off it entirely by giving your Pontiac some throttle. A big 369-cubic-inch Trophy V-8 is standard in each and every Pontiac. And you get to choose from 34 engine/transmission teams. (Happy choosing!)

ROBOTS AT HOME

WASHINGTON (UPI) — A self-propelled vacuum cleaner housed in the baseboard, and windows that close automatically when it begins to rain are just two indications of what's to come for the homemaker, reports the American Home Economics Association.

But that's not all. By 1962 many dishes will be of throw-away plastic produced by individual home molding sets. Closets, what's more, will be equipped with ultrasonic devices which will automatically rid garments of particles of dirt.

'Visiting' Dog Caused Scare Over Rabies

A female wire-haired terrier, visiting in Pampa over the Thanksgiving holidays, resulted in the Gray County Sheriff's office conducting a hurried search for the dog who bit a child in the south portion of the city Nov. 29.

The dog was turned in to the Sheriff's office by a Mrs. J. W. Gist, 1053 Huff Rd., late Thursday.

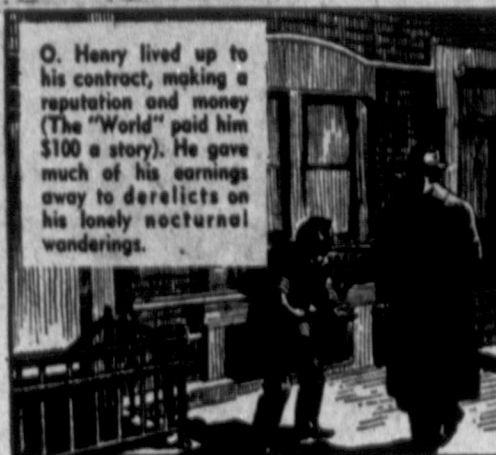

The dog, belonging to Mr. and Mrs. G. B. Crawford, former Pampa residents, of Chambers, Ariz., lost the dog while visiting with Crawford's parents, Mr. and Mrs. J. T. Crawford, 1120 S. Nelson, during the holidays.

The Crawford's had to return to Chambers and left without the wandering dog.

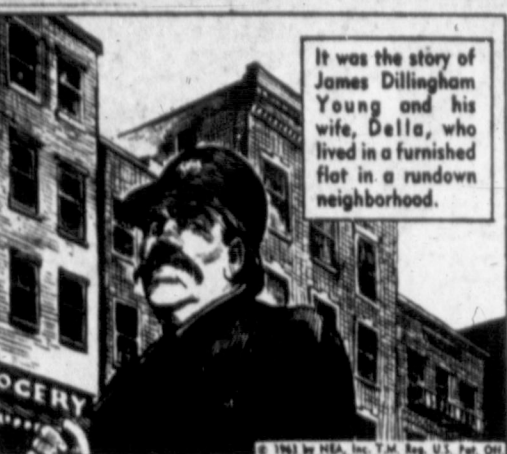

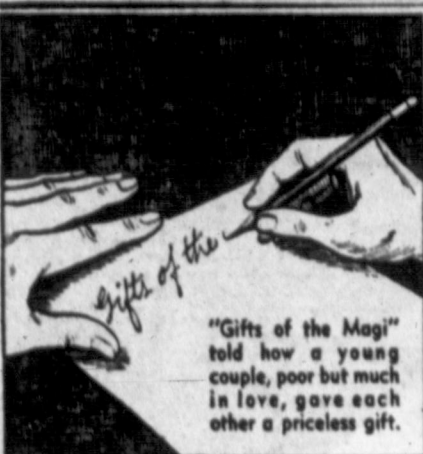

Sheriff Jordan said, "The dog has become attached to Mrs. Gist and will remain with her for the next 10 to 15 days under close observation."

Sheriff Jordan said, "Our department would like to thank all of the Pampans who displayed an interest in this search and assisted in any way."

Gifts of the Magi

"Gifts of the Magi" was first published in the "World" Dec. 10, 1905. O. Henry wrote it in lead pencil in two hours, throwing each page to Orr as he finished it.

LIATS FOR BUS

LONDON (UPI)—The Daily Mail today published a large frontpage picture of former Premier Harold Macmillan waiting

patiently in line for a bus yesterday in midtown London.

Macmillan has been working at the offices of his family publishing firm.

BUYS VENDING FIRM

CHATTANOOGA, Tenn. (UPI)—Seeburg Corp. of Chicago, leading maker of jukeboxes and vending machines, has acquired

Cavalier Corp., Chattanooga vending machine manufacturer. The price was not disclosed.

WARDS NATIONWIDE SERVICE IS JUST A PHONE CALL AWAY — WARRANTY EXTENSION AVAILABLE

Down on the Farm, American Style--

Out of her native Thai costume and in the familiar blue jeans, Patchanee Natpracha enjoys a look around the Minnesota farm of her host father, Louis Zander.

Patchanee explores the bounties of a supermarket with Mrs. Zander.

Guest speaker at a 4-H Club meeting, Patchanee explains the beauties of her country via postal card snap-shots she brought to her American home-away-from-home.

Patchanee Natpracha is one of 143 4-H International Farm Exchange students who has been learning about Americans by living with them. Pat, as she is known to her friends, is from Bangkok, Thailand. She finds the chief difference between America and her native land is that mechanization gives us much more time to do and enjoy other things. In Thailand, farmers work from dawn to dusk. At home, Pat, who has a degree in home economics,

works for the Thai Ministry of Agriculture. In addition to this, she is a rural youth leader. She shows young Thai girls how to cook rice without losing vitamins, and how to cook pork, beef, and fish long enough to make them safe. When she returns home, she will be able to tell her 200 students about American farming and about her host parents, Mr. and Mrs. Louis Zander, and their Howard Lake, Minn., farm.

USDA Cotton Division
Two More Classers

The USDA cotton division at Memphis has been assigned two additional classers, making eight classing tables in operation.

A third micronaire has been set up, which will mean the micronaire of over 4,000 samples a day.

These additions result in an increase of personnel, and this makes it possible to continue a prompt and efficient classing service for the farmers and ginners of the Memphis office classing territory.

As mechanical harvesting increased, samples reduced in grade because of preparation, bark and grass also increased. More than 6 per cent of the cotton classed last week was reduced in grade compared with slightly over 3 per cent the previous week.

Several inquiries were made as to the CCC loan rate and penalty on cotton reduced in grade because of bark, grass and preparation. The bale will go into the loan on the basis of the grade shown in the grade box on the Form 1 or green class card, and a penalty of 1 cent a pound is assessed against the bale because of bark or grass said K. E. Voelkel of USDA. There is no penalty against a bale that is reduced because of preparation, and it is eligible for the CCC loan on the basis of the grade shown in the grade box of the Form 1 or green class card. A gin cut bale,

which reduces a bale three or more grades is not eligible in the CCC loan.

Statistical estimates showed very little change in quality compared with the week earlier. Thirty-nine per cent of the cotton classed was white with 18 per cent middling. Sixty-one per cent was in the colored grades, with 35 per cent middling light spotted.

The predominant grade and staple length was middling light spotted.

The market activity slackened some, with the sales amounting to 65 per cent of that of the previous week.

Cotton reduced in grade because of bark was bringing 20 to 45 points above the CCC loan rates.

Cottonseed prices at gin points were generally \$51 per ton.

Boy Killed Friday
In Bicycle Collision

DUNCANVILLE, Tex. (UPI) — An 11-year-old boy was killed Friday night in a head-on collision of two bicycles on a rain-slickened street.

The victim was Larry Glenn Allen. He was thrown from his bicycle and hit his head on the pavement. He suffered a broken neck and a fractured skull.

Ken Shamberger, 11, riding the other bicycle, was slightly injured. The accident happened in front of Ken's home.

Texas Farm Bureau Announces Stand

WACO (Sp) — The Texas Farm Bureau is for less government in agriculture and will make this stand next week in Chicago to formulate national policies for 1964, said the FB information department at Waco, Wednesday.

Texas will be represented in all phases of convention activities at the Chicago meeting, said C. H. DeVaney, president. The Texas delegates will seek to gain approval by the national delegate body of policy positions on national issues recommended by 808 county FB voting delegates at the recent state convention. The TFB stand on

national farm programs for 1964 is in essence a reiteration of past Farm Bureau policies calling for a gradual return to the market price system as a guide to needed adjustment in all areas of agriculture.

In the field of foreign affairs, the TFB convention recommended that foreign aid be limited to technical assistance, provided such assistance does not hurt American interests. They opposed trade with Communist nations.

In other domestic issues, the TFB opposes further expansion of federal school aid, a domestic peace corps, socialized medicine, use of Social Security for medical programs, and a tax cut that would further unbalance the budget. The TFB recommends a 10 per cent cut in federal budget that would permit both a reduction in the deficit and a tax cut. It also favors amending the Social Security Act to make participation optional.

Farm News

By VAN MILLS

Soil Conservation Service
D. W. Swain plans to level approximately 10 acres of irrigation land on his farm south of Kingsmill. Turner Kirby plans to do some land leveling on his farm east of Groom. Jack Benton plans to install some irrigation pipeline on his farm east of Pampa. Jack plans to drill another irrigation well. Stan Kretzmier is in the process of installing irrigation pipeline on his farm northwest of Pampa.

Jack Bailey completed a cross fence on his farm northeast of McLean. Roland Williams plans to construct a cross fence on his farm northeast of McLean for better grazing distribution.

R. J. Bradley has started constructing some more terraces on his farm south of Pampa to control erosion. R. W. Adams is in the process of constructing diversion terraces on his farm west of Kellerville.

For assistance in conservation work contact your SCD supervisor, Milton Carpenter, Curtis Schaffer, Stan Friend, James Clett or W. C. Epperson, or your local Soil Conservation Service office.

Quotes From
The News

By United Press International
FORT WORTH, Tex. — Mrs. Marguerite Oswald, mother of Lee Harvey Oswald, accused assassin of President Kennedy, speaking at a news conference:

"I have to face the fact he is the accused assassin, even though I think he is innocent."

SANTA MONICA, Calif. — Comedienne Martha Raye, at St. John's Hospital where she was taken after accidentally swallowing an overdose of sleeping pills:

"I have no problems and nothing is worrying me."

HAVANA, Cuba — Cuban Premier Fidel Castro, lashing out at Venezuelan President Rómulo Betancourt who has called for military sanctions against Cuba:

"Betancourt and all the lackey nations of Latin America would not last 24 hours in an attack on Cuba."

D. W. Lewter of Lubbock and J. O. Parker of Canyon were presented awards by Cattleman magazine at the Third Annual Southwestern Cattle Feeding Conference in Fort Worth, this week.

The awards, in the form of leather plaques, were presented by assistant editor Dick Wilson, with Parker receiving for the Parker Cattle Company. The company is operated by both J. O. and Foster Parker.

Parker feeds from 2,000 to 3,000 cattle a year. Among special features of their lot are fogging nozzles for summer cooling, and applications of barnyard fertilizer back on the land.

Lewter operates the largest and most modern feed lot in Texas. He is a member of the American Hereford Association, the American National Cattle-men's Association and a director of the Texas and Southwestern Cattle Raisers Association. His feedlot capacity is 50,000 head. Lewter has won a number of banners in champion fed cattle in car-lot competition.

Construction
Decline Tagged

WASHINGTON (UPI) — The Labor Department blames a decline in construction activity among other factors for the surprising sharp increase of a half-million persons in the unemployment rate last month.

The Labor Department reported Friday that 483,000 workers were without jobs bringing the total in November to 3,936,000 unemployed. The number was the highest since last May.

OPERATION DOWN
HOUSTON (UPI) — The Hughes Tool Co. said Tuesday rotary rig operation in Texas last week was down 24 to 517. The total number of rigs in action in the United States and Canada dropped 50 to 1,750.

Letters to Santa Claus

Dear Santa, I want a Tiny Timbuletta doll and her rocking crib and play pen and her check-up table. I would like this; but if it is too much don't worry about it. My brother Kelley has a big fire truck, a Superman suit and a Crane Truck. Love, Terri Baker-age 5
Keller Baker-age 5

Dear Santa, I want a chemistry set and a basket a race car set and a basket for 1963. My sister wants a Bible and a book with a light. Gary wants a bike with training wheels. Jimmy wants a rocky horse and stuffed toys. Your friend, Felton, Marty, Gary, Jimmy Garrison, 128 Lefors

Dear Santa, For Christmas I would like cowboy boots, Etc-A-Sneetch, Barbie Game, Barbie Car, Ken doll, Stinger Doll and Ken clothes, Barbie Clothes, Debra Kay Butler and Red Deer

Dear Santa Claus, I would like to have Table and Chairs and a set of dishes. You know where to find me because I have been so good. Thank you Santa Claus
Gail Quick 708 Zimmerman

I am a big boy seven years old. I want a bike and a football. I want a basketball set. I want a army army. From, Phillip Schuch 611 N. Dwight

Dear Santa, I am five years old and I would like to have a Tiger Don Tank, a race car set and an army set for Christmas. My brother is one year old and he would like to have a little tractor to ride on, a knock-out bench and a snappy dog. We have been pretty good boys. Thank you, Eddy and Rente Hensley, 313 Anne St.

Dear Santa, I would like a Tressy Doll, watch camera for me, I would like a Vee-Tee Form for Eddy, Denny, and I. Also I would like a pair of Super Skates most of all. Love, P. I've been a good girl. Eddy, Denny, Eddy, too.

Dear Santa, Me and my sister would like a tan transistor radio each. My sister will like a Barbie and Ken doll and a play set. I would like a hair kit also. We will leave you some cookies and milk.
Marge and Kay Barker 325 Canadian

Dear Santa, I want a lion, a French Poodle, a doll crib, a little red spinning wheel, Barbie doll case and a bike.
Sasha wants a hair dryer, bike, baby in a blanket, vanity, electric oven, cake mixer, Barbie case, kitchen, watch, bath, and Penny the Poodle.
Debra wants a fire truck, racer, tractor, with trailer, also and a big ship, airplane, Whimsy, a station, a bear, Big Zoo, Taylor Gun and target, and a game, Shee Ball.
Yours truly, Lorette Turner

Dear Santa Claus, I would like a vacuum for I would like a race car set. I would like a camp. I was pretty good.
Jimmy Keel 1015 S. Christy

I would like a midge. I would like a girl a shoe projector. I would like a Tammy. I was pretty good.
Debra Keel 1015 S. Christy

Dear Santa, Will you bring me a Barbie doll and clothes, and a sports car, red or green the star for Barbie and Ken. Also some luggage for Barbie. My baby sister wants a penny poodle that walks. Teresa and I both want bikes. My Grandpa is writing you for us. Please remember my name and daddy and both my Grandmas and all my friends. We love you.
Cheryl Ann and Teresa Fisher 1015 S. Christy

Dear Santa Claus, I want a cowboy hat and a tiger. Love Santa Claus.
Mike Grass Think You

Dear Santa, Please bring me a Hobby Horse, tractor and truck.
Love Rhonda Parsley 624 Graham

Dear Santa, I would like a Barbie Doll, Doll House, Barbie Tights and a Ken Doll-clothes. I have been a good girl. Bring my brother a pick up truck and a horse. Love, Debra Parsley 624 Graham

Dear Santa, I want a big shot Blazer and a fire truck for Christmas. I have been a good boy some time. Love, Donald White 2224 N. Dwight

Dear Santa, I am 6 years old. I would like for you to bring me a new bicycle and a play mobile, and a army truck. My little brother's name is Charlie he is 3. He wants a new tricycle, little car and truck. God bless you. Love, Marty and Charlie Scott

Girl Scouts Organize Paint Party at Cottage

Senior Girl Scouts organized a painting party Saturday. They brought brushes, ladders, and cans to paint the Pioneer Cottage, set aside as a historical marker at Yeager and Starkweather Sts. in Pampa by the Texas State Historical Committee.

The purpose of senior Girl Scouting is to give service to people and the community and Troop 5, an active senior troop in Pampa has been trying to do its part. The girls have been working on individual projects in the different businesses and shops over town, but what they really needed was a troop project.

One of the girls suggested that the troop help in restoring the Pioneer Cottage. All the girls agreed it would be a project which would not only benefit the community and thousands of people but would also be a different and exciting project.

The "Pioneer Cottage Museum," now being restored by the Pampa Genealogical & Historical Society as a shrine to early-day Panhandle home life, is located in the park area and the foot of Starkweather and Yeager.

The cottage was presented to the Society by Cliff and Edna Carr Vincent, son and daughter-in-law of the builders, Mr. and

MDA Now Taking JFK Memorials

The Muscular Dystrophy Association is now accepting memorials to the late President John F. Kennedy, according to J. C. Roberts, local M.D. chairman.

Mrs. Jacqueline Kennedy, who has been honorary chairman of the national muscular dystrophy drive since 1961, will personally acknowledge all gifts in honor of her husband.

Roberts said that she has requested that memorials be sent to your favorite charity.

Contributions may be sent to Muscular Dystrophy, in care of First National Bank of Pampa, where a record will be made here and then sent on to Mrs. Kennedy.

She will send each donor a card of recognition.

The interior in antiques typical of the day, rebuilding of the front porch and reshingling of the roof, are all areas that various clubs, organizations, and interested individuals can help bring to completion by donating money, building material, household furnishings, plants and trees, to the project. When the cottage is opened to the public, it is expected to bring thousands of historically minded visitors to Pampa each year to see it.

Any group or person wishing to make a contribution to the Pioneer Cottage museum may contact Tracy D. Cary, MO 5-5528 or Mrs. Willie B. Gull at MO 4-8311 or MO 4-7528.

Experiment On Oxygen Continues

SAN ANTONIO, Tex. (UPI)—An experiment to learn how man thrives while breathing only oxygen continued smoothly today at the school of aerospace medicine.

Four young Air Force men are living in a mock space capsule on a simulated flight to the moon. The day before President Kennedy was assassinated, he was here and viewed the experiment.

The airmen are in the last week of a 30-day confinement in the gray iron cabin. The oxygen test will end Dec. 11.

"The cabin test is still running smoothly," Air Force surgeons said, "atmosphere control is functioning as planned. All measurements have gone on as scheduled. The men are in good health."

The men in the cabin are airman 3C Jerry Huber, 18, Hope, Mich.; Phillip B. Jamieson, 18, Clearwater, Fla.; Thomas A. Rusiecki, 19, Niagara Falls, N. Y., and Ronald D. Taskey, 19, Westernville, N. Y.

Airmen 3C Gary L. Morrill, 18, Eaton Rapids, Mich., and George G. Vandall, 21, Milford, Mass. remained on the outside of the cabin breathing regular air as control subjects.

The new sound of music is you at the Hammond

Now that you've decided to buy an organ, read why it should be a Hammond

During all the years you've yearned for an organ for your family, you have probably heard very nice compliments paid to the Hammond Organ. But there's more to our story than these gracious words of praise. Actually, the Hammond Organ is a different kind of instrument than other organs. The difference involves physics, mathematics, musical theory and electro-mechanical engineering. Now, you are about to make that once-in-a-lifetime choice. So read these important facts about organs, and the Hammond Organ.

On some happy day... very soon... we hope someone at your home will race to the keyboard of a new Hammond Organ; press the keys, and fill your home with music. At that moment, you will know that this is, truly, a unique and superior musical instrument.

But what makes such a difference?

The difference comes from outstanding inventive genius. The whole concept of the Hammond Organ stemmed from a passion for perfection. So the instrument created is a marvel not only to musicians and music lovers, but to engineers. The basis of this invention is a tone generating system which even after more than a quarter-century has not been matched for simplicity, purity of tone, nor in the remarkable scope of its musical expression.

There is no need to understand the physics of sound waves, or our use of minute electrical impulses, to appreciate the Hammond tone system. Let us explain simply that the system works with small rotating metal tone wheels; an electrical method of producing sound waves; and methods for making and blending thousands of tone variations.

You'll hear five great superiorities in Hammond Organ performance

1. No other instrument, no other organ, offers the tonal modulations of Hammond's exclusive Harmonic Drawbars. To explain the effect, let's suppose you want the sound of reeds and

The Self-Contained Hammond Organ from \$2450
AVAILABLE IN 4 STYLES, 3 WOOD FINISHES.

woodwinds. Move one or more of the Drawbars in or out, and the "reedy" quality changes quite magically. Make it soft, mellow, dulcet. Or strong and vibrant.

Other organs cannot do this. Instead of modulation, you get only a sharp change of tone by pushing tabs. Remember: only Hammond Organs have Harmonic Drawbars.

2. Another exciting and exclusive Hammond invention is Customized Tone Selection. This makes your Hammond Organ truly your personal instrument, in this way: Our console model organs come from the dealer's showroom with a conventional "orchestration" of 18 pre-set tones. These 18 settings are the ones most generally preferred, for basic organ effects. Yet every player has an individual ear, taste and style. So we now offer Customized Tone Selection, for simple change of your 18 pre-set tones to any registration you wish. Test a number of combinations if you care to, before settling on one. And... your selection can be changed again, easily, at any time.

3. Reverberation is basic to true, rich organ effects. Your Hammond has a special reverberation system so unusual it's patented. Play a one-finger melody in your living room, and make it sound as if you were playing in a concert hall.

Make this depth of sound as moderate or as big as you like. From the first time you touch the keyboard, Hammond Patented Reverberation makes you a better musician.

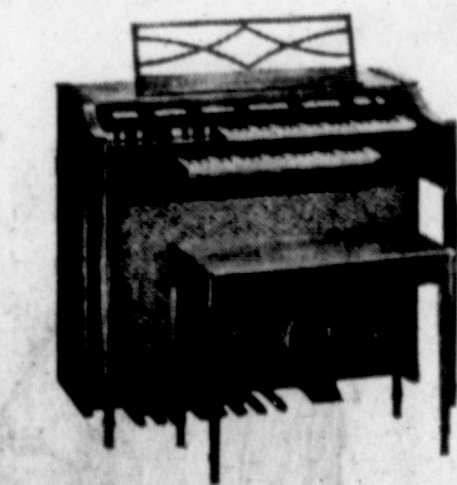

4. The Hammond Organ never needs tuning. By never, we mean never. With the basic Hammond tone system, it is physically impossible for the organ to lose pitch, or produce sour flats or sharps. This is true regardless of heat, cold, humidity, moving or usage.

5. Touch-Response Percussion is a great distinguishing feature of Hammond Organs. Nearly all organs have percussion of some kind, to produce the effect of plucked strings, chimes, xylophone, or emphatic piano tones. But the big Hammond difference is this: with other organs, you get all percussion or none. Every note is percussive until the switch is turned off. With Hammond, however, you can bring percussion in or out on a given note, or phrase or passage. You do this simply by the way you touch the keys.

Not exclusive, but choice

Some of these great Hammond features, as noted, are exclusive. Others, equally important to your satisfaction, are simply the marks of uncompromising quality found in all products that are finest in their field.

Hammond cabinets, for example, are crafted with the same care and attention to detail as all mechanical elements. Woods are selected with careful eye, and worked with loving care. You will notice the special luster of a Hammond cabinet instantly. Your guests will notice it, invariably.

The Hammond Luxury Spinet Organ from \$1520
AVAILABLE IN 4 STYLES, 3 WOOD FINISHES.

About the money... Are Hammond Organs terribly expensive? No. Can you actually buy a Hammond for about the same money you had in mind for some other organ? Yes. Model for model, and type for type, Hammond Organs are certainly in the same price brackets as any reputable organs. If you pay much less, you get much less.

The Low Priced Hammond Spinet Organ \$865
BENCH EXTRA, AVAILABLE IN 3 STYLES, 3 WOOD FINISHES.

Guaranteed, money-back home trial offer:

Would you like to have a new Hammond Organ in your home for a trial deposit of just \$25? You can — on Hammond's Guaranteed Play-Time Plan, available through us. For \$25, you enjoy a Hammond Organ at home for 30 days — and get 6 lessons from a professional teacher. If, at the end of 30 days, you are not satisfied with your musical progress, or the organ, your \$25 is refunded. But — if you decide to buy the organ, the \$25 is your full down payment.

About the decision...

This is not the time to put it off. You will never be younger than you are today. Nor will your spouse, or your children. Get your Hammond Organ now, and you can be playing within 30 days. So drop in today. Let us give you a handsome color booklet that will show you how a Hammond Organ will look in your home. And we hope to be the first to say...

Congratulations!

New Hearing Scheduled On Mexico-U.S. Land Treaty

WASHINGTON (UPI)—Chairman J. W. Fulbright of the Senate Foreign Relations committee, acting on President Johnson's request, has set a hearing for Dec. 12-13 on the "Chamizal" treaty.

Fulbright said Thursday his committee had not planned to look into the Mexico - United States treaty until the next session of Congress, but Johnson requested the immediate action. The speed - up could settle the matter this month.

In other action the Senate Appropriations Committee said the U. S. - Mexican International Boundary and Water Commission should set aside \$77,000 of its pending appropriation for work on the Chamizal.

The Chamizal is a 437.18 - acre area of El Paso, across the Rio Grande from Juarez, Mex., which the two countries agreed last summer belongs to Mexico.

Since much of the disputed area is north of the present course of the Rio Grande, the settlement proposes straightening the channel so all Mexican territory will lie south of the river.

The committee recommendation was contained in a report accompanying its approval of a \$715,000 appropriation for salaries and expenses of the commission for the current fiscal year. This sum was \$14,000 under the president's budget request.

For the Commission's construction activities, the committee recommended \$6.5 million. This was \$1.5 million under the House allowance. "But is the amount which the Department advised would be sufficient to meet the anticipated obligations of this fiscal year."

The committee suggested that \$77,000 of the Chamizal funds be appropriated for compiling data, making engineering investigations and preparing a report... to implement from the bill as possible before the settlement with Mexico.

CHINESE PLAN TRIP

TOKYO (UPI)—The Communist New China News Agency said Saturday that Red Chinese Premier Chou En-Lai and Foreign Minister Chen Yi both will visit Algeria and Morocco during the course of their African tour.

Radio Peking said earlier that Chou also would visit the United Arab Republic as a guest of President Gamal Abdel Nasser. However, it was not clear whether Chen Yi was going to Cairo with Chou.

No departure date for the two Chinese officials was announced.

Rinse towels well—three times if washed by hand and all rinse cycles if washed by machine.

Aid Bill Supporters See Hope of Passage

WASHINGTON (UPI) — Senate and House negotiators hoped that another closed-door session today would finally bring agreement on a compromise version of the long-stalled foreign aid bill.

Still to be resolved in the measure were money differences voted by the House and the \$3.7 billion Senate version. Little trouble was expected on that score. President Kennedy originally had asked for \$4.5 billion to finance another year of economic, military and technical assistance abroad.

The conference group reached agreement Wednesday on a number of minor non-money provisions. But still to be settled was the question of restoring the President's authority to grant "most favored nation" trade treatment to Communist Poland and Yugoslavia.

The Senate bill would restore

the authority which was removed by the 1962 Foreign Trade Act; the House bill did not contain the provision.

Other Congressional news: Taxes: The Senate Finance Committee may get an advance look at President Johnson's budget for fiscal 1965 to help speed up action on the 11 billion tax cut bill. The lengthy public hearings on the House-passed bill are expected to end Monday. Then the committee plans executive sessions to vote on between 25 and 30 pending amendments.

Baker: The Senate Rules Committee resumes its investigation of the "outside activities" of former Senate Democratic Secretary Robert G. (Bobby) Baker Friday. The witness list made public by Committee Chairman B. Everett Jordan, D-N. C., suggests that most of the testimony to be taken be-

Texans Favor Cotton Subsidy

WASHINGTON (UPI) — The Texas delegation voted 18-5 in a roll call vote Wednesday by which the House passed a bill extending cotton subsidies to textile mills, 216 to 182.

The only Democrats voting against the bill were Reps. Beckworth, Casey, Fisher and Teague.

Texas' two Republicans split on the issue, with Rep. Foreman voting for and Rep. Alger against.

hind closed doors will center on Baker's vending machine enterprises.

Payments: Sen. Stuart Symington, D-Mo., today attacked proposals for an international bank to aid the U. S. balance of payments position. He said the plan would put the nation's economic policies "completely at the mercy of our creditors." In the fourth of a series of speeches on the payments deficit, Symington warned that the bank idea was getting "growing support" in Europe.

Johnson Refuses Resignation of Aviation Chief

WASHINGTON (UPI)—President Johnson has refused to accept the resignation of federal aviation Administrator Najeeb E. Halaby, it was learned last week.

Halaby, authoritative sources said, submitted his resignation as a matter of courtesy to the new Chief Executive. The President promptly summoned him to the White House for an informal meeting during which Johnson assured Halaby he wanted him to stay on as head of the powerful Federal Aviation Agency (FAA).

There had been speculation that Halaby would not stay in the Johnson administration for several reasons. The outspoken FAA chief, for one thing, has been feuding with at least one Texas congressman (Rep. Henry B. Gonzales, D-Tex.) and still is embroiled in a bitter

Lefors Beats McLean In Shamrock Tourney

By ROCKY RANDALL
News Sports Correspondent
SHAMROCK — Don McCool and Terry Bromlow led Lefors to a 38-32 overtime victory over McLean and the champion-ship of the Shamrock Basket-ball Tourney last night.

McLean trailed through most of the game until Derrick Welch tied the score at 30-all with 45 seconds to go in regula-tion time. McCool broke the tie with a layup and then he and Bromlow went on to score four points apiece to offset a single basket by George Green.

Top O' Texas players making the All-Tournament teams in-cluded Welch, McCool and Bromlow and Mendall Hunter of Wheeler on the boys honor squad, and Gwen Barnes, Vicki Walker and Estelle-Fillingham of Wheeler and Mary Helen Gudel of Mobeetie on the girls team.

Favored Spearman won the girls bracket in a low-scoring 33-23 tilt over Wheeler. Holding a 7-6 quarter lead, the Lynettes made it 19-9 at the half and held the edge the rest of the way. Diana Patterson had 14 points for the winners and Estelle Fil-lingham 14 for the losers.

Samnorwood broke a 14-14 quarter tie with double figures in the second and third quarters to hold off a last-period Sham-rock rally and win a 43-34 deci-sion and the girls consolation honors. Kay Purkey had 18 points for the winners and Diane Gragg 14 for the Lasses.

Wellington won boys consol-ation honors with a third-quarter explosion after trailing 23-16 at the half for a 51-44 win over Shamrock. John Palmer had 18 points for the Irish, Roger Weems 11 for the Rockets.

In second-round games, McLean continued unchecked as it rolled to a finals meeting with district rival Lefors by rolling over Briscoe, 60-39, while the Pi-rates were upsetting power-houses Samnorwood, 51-43. Shamrock went into the consol-ation finals with a 58-20 smash-ing of Kelton, while Wellington was joining them by virtue of a 67-49 victory over sorefooted Wheeler.

Other Friday boys games had Wheeler over Mobeetie, 45-36, and Briscoe over Spearman, 58-41. Girls action saw Shamrock over hapless Lefors, 29-7; Whe-ler crushed Kelton, 42-18. Samnorwood eliminated Mobeetie, 51-33; Spearman rolled on unopposed as they brushed aside Briscoe, 69-19.

Derrith Welch continued rack-ing up the points with 38, and logging the backboards, aided by Eddy Windom, as the Tigers took a 19-7 quarter lead and a 35-11 halftime bulge, going on from there, with reserves play-ing the fourth quarter.

Wheeler and Mobeetie battled it out for three quarters, with Richard Wallace finally leading the Mustangs to a fourth quar-ter break-through. The score was 9-8 Mobeetie at the quarter,

tied at 18-all at the half. Kent Sims put the Horses two points ahead in the third quarter, they held at 28-26 going into the fi-nal frame and Wallace then can-ned eight of his 16 points. Dunk Porter added 10 tallies. Big Ray Corcoran was held to 13 points, his lowest total of the season, by the defense of Men-dall Hunter.

Wheeler then was eliminated by the Skyrockets as the re-bounding of Gary White domi-nated the game, overshadowing the defensive play of Neil Rog-ers. Wellington took a 13-9 quar-ter lead, stretched it to 31-19 at the half, 49-30 at the three-quar-ter mark. Ten players hit the scoring column for the sharp-

shooting Rockets, with Roger Neems canning 16. Hunter had 15 for the Horses.

Up-and-coming Lefors simply outthrust Samnorwood to send the Eagles down to their first defeat of the season. With the defensive work of Terry Brom-low and Phil Woodring holding high-scoring Jimmy Martindale to only 11 points, Lightning Cole-man and Bromlow did the ma-jor portion of the offensive dam-age, rolling Lefors into narrow leads at the quarter stops, 6-5, 13-11 and 26-22, but opening it up at the free throw line in the final frame for the win. Brom-low had 17 to lead the Pirates, Wayne Lindley had 14 for the losers.

Green Bay Rally Tops Rams, 31-14

LOS ANGELES (UPI) — Bart Starr threw three touchdown passes to Max McGee Saturday to pace the Green Bay Packers to a come-from-behind 31-14 win over the Los Angeles Rams.

The victory kept alive the Packers' hopes of winning the title in the National Football League's Western Conference

where they trail the first-place Chicago Bears by a few per-centage points.

The Rams delighted the crowd of 52,357 by grabbing a halftime lead of 14-10. But in the third quarter Packer full-back Jim Taylor, who had been held to 23 yards in the first half, broke through the Ram line on a draw play and bobbed and weaved 40 yards to a touch-down.

Jerry Kramer's conversion put the Packers out in front 17-14 and the Rams seemed to fall apart after that.

Green Bay opened the scoring in the first period on a 25-yard pass from Starr to McGee, who fooled the Ram defenders all afternoon.

Carver Shannon took the en-suing kickoff on a 35-yard run back after he appeared to have been stopped in a pileup on the Ram 22. He was finally run out of bounds on the Packers' 39-yard line and nine plays later Dick Bass went over from the three for a touchdown.

The Rams went out in front 14-7 midway in the second quar-ter when quarterback Roman Gabriel engineered a 74-yard, nine-play touchdown march that included a 43-yard pass to full-back Ben Wilson. Gabriel rammed the ball over himself from the one-yard line.

Kramer kicked a 40-yard field goal to end the first half scor-ing.

After Taylor's 40-yard touch-down run in the third quarter, Starr hit McGee with a 16-yard six-pointer, and in the fourth quarter connected to McGee on a 13-yard touchdown play.

The Rams scored on two runs with recovered fumbles, ran one intercepted pass back for another score, and Goodman opened up the second half with an 88-yard touchdown runback of the kickoff.

Goodman, a 175-pound half-back from Alton, Ill., also scored on runs of 9, 1, and 24 yards. He was named the game's out-standing back. Slippery Rock end James McElahney, who scored one of the Rockets' two third-period touchdowns, was named the top lineman.

Navy vs. Texas In Cotton Bowl
PHILADELPHIA (UPI) — Navy's acceptance of a Cotton Bowl bid Saturday made this the second straight year in which the nation's No. 1 and 2 ranked teams were paired in a post-season bowl.

The Shockers were never headed in taking their seventh straight win of the season. With Ken McWilliams, Gunner Brown and Ronnie Curlee sparking the way offensively while Mike Wise, David Frasier and McWilliams were all over the Lit-tle Demons defensively, Pampa rolled to a 17-7 quarter lead.

As Wise, Frazier and Brown controlled the boards while everyone was hitting, the Shock-ers rolled on to a 31-17 halftime bulge and a 42-32 lead after three quarters.

Curlee finished with 16 points, Brown 15 and McWilliams 13 to lead the scoring.

Phillips took third place in the tournament by defeating Perry-ton while Borger won the consol-ation round over Hereford.

The Shockers had fought their way to the finals with a repeat victory over Perryton, 58-48. The Deputies took a 20-15 quar-ter lead, but the backboard domi-nation of Kenneth McWilliams and seven timely points by Ted-dy Bird put the Shockers into a 36-30 halftime edge. With McWilliams still sparking the play, Pampa held the edge at 50-44 in the third quarter.

Mike Wise had 18 points and Gunner Brown 14 to lead the Shocker attack.

Dumas won the other berth as they upset Phillips, 43-37. Other second round results saw Bor-ger beat White Deer, 62-29 and Hereford nip Canyon, 50-48.

Shockers Slam Dumas for Title

PHILLIPS (Spl) — The Pam-pa Shockers won the champion-ship of the Phillips Invita-tional B Team Basketball Tour-nament last night as they rolled over Dumas, 60-40.

A tense herd of Does couldn't get started in the first half, but came out relaxed and confident for the second half to pull out their win. Trailing 7-2 at the quarter, and 15-8 at the half, the Does came galloping back on the defensive rebounding of Lin-da Hawpe and the sharpshooting of Cindy Hubbard to tie the

score at 26-all and then pull it out in the final frame.

The Does added another to the injury list, however, when Linda Davis sprained her ankle as the final gun went off.

Cindy had 28 points, 14 on free throws, with Linda Hawpe drag-ging down 13 rebounds. Judy Matthews, hitting long shots from the corner, canned 19 for the losers.

The Canadian Wildcats came back to take the consolation hon-ors as Jumping Joe Schaeff led them to a 53-45 win over Higgins. Schaeff, playing the finest game of his career, joined Butcherboy Bennie Eckles on the boards and Kenny Willis in the shooting as the Cats led all the way.

Schaeff, Willis and Eckles domi-nated the rebounds in the first quarter while Willis was hit-ting jumpers from 15 feet out and Schaeff was canning them close-in and the Cats moved out to a 13-5 quarter margin.

In the second quarter, it was the Butcherboy on the back-boards against Jack Hawkins, while Willis and Schaeff contin-ued their gunnery for a 28-19 halftime bulge.

Schaeff led a one-man show in the third quarter as he domi-nated the boards and blocked shots and Canadian went into the final stanza with a 40-30 lead.

Lennie Johnson led a Hig-gins rally until fouling out and

take a one-point lead at the three-quarter mark and stretch it for the win as Richard Haw-kins had 13 points for the win-ners and Bill Hughes 11 for the winners.

The Canadian-Darrouzett girls game switched back and forth with Kiffy Howie matching buckets with Dixie Petree. Darrouzett took a 13-7 quarter lead, Canadian came storming back for a 25-20 halftime margin, Darrouzett came back again for a 33-28 edge at the three-quarter mark, and slowed the game down for the win. Kathy had 29 points and Dixie 22.

Butcherboy Benny Eckles led the Canadian Wildcats to a 15-5 quarter bulge over Clarendon as he scored 14 points in the opening half, and the Cats went on from there. With Jumping Joe Schaeff and Deadeye Kenny Willis joining Eckles in domi-nating the backboards while Tony Steidle and Keith Yarnold led the floor play, the Cats took a 30-15 halftime lead and a 45-22 margin after three quarters. The Cats cleared the bench in the final frame with Guy Har-rel and Baggy pants Henderson sparking the reserves.

Led by 5-10½ Barbara Rampey on the offensive boards and 5-10 Betty Bannister on the defensive rebounds, Clarendon broke open a 16-all halftime tie, despite the shooting of Linda Rickey, who canned 32 points. Linda Kelly headed Clarendon with 19 points. The Miami Warriorettes fol-lowed (See MIAMI, Page 14)

BALANCING ACT — Jody Holland of Miami comes down like a crane on one leg with a rebound during the semifinal tournament game with Groom. Teammate Ray Guerrero goes up in the air with him, blocking out Groom center Jerry Roberts. (Daily News Photo)

White Deer, Bucks, Does Win at Sunray Tourney

By RICHARD ULRICH
News Sports Correspondent
SUNRAY — The White Deer Bucks led all the way in win-ning their consolation round game Friday over Hartley, 55-29, while the crippled Does ar-ried in the second half to pull out a 39-35 win over Sunray.

Other Friday games saw pow-erful Sanford-Fritch top Sun-ray, 57-50; Textline clobber Fol-lett, 54-43; and Stratford smash Gruver, 61-49. In girls play, Follett took a 57-44 win over Textline, Hartley dropped San-ford, 40-29 and Gruver belted out Stratford, 61-49.

The Bucks were never headed as everyone hit the scoring column, while Larry Carter and Monty Hawpe completely domi-nated the backboards. Carter dragging down 18 rebounds and Hawpe 17. WD opened a 10-3 quarter lead, a 25-11 halftime margin, 39-19 at the end of the third quarter. Dan Simmons had 12 points and Carter 10. The Williams brothers, Jay and Roger, had eight points each.

A tense herd of Does couldn't get started in the first half, but came out relaxed and confident for the second half to pull out their win. Trailing 7-2 at the quarter, and 15-8 at the half, the Does came galloping back on the defensive rebounding of Lin-da Hawpe and the sharpshooting of Cindy Hubbard to tie the

score at 26-all and then pull it out in the final frame.

The Does added another to the injury list, however, when Linda Davis sprained her ankle as the final gun went off.

Cindy had 28 points, 14 on free throws, with Linda Hawpe drag-ging down 13 rebounds. Judy Matthews, hitting long shots from the corner, canned 19 for the losers.

The Canadian Wildcats came back to take the consolation hon-ors as Jumping Joe Schaeff led them to a 53-45 win over Higgins. Schaeff, playing the finest game of his career, joined Butcherboy Bennie Eckles on the boards and Kenny Willis in the shooting as the Cats led all the way.

Schaeff, Willis and Eckles domi-nated the rebounds in the first quarter while Willis was hit-ting jumpers from 15 feet out and Schaeff was canning them close-in and the Cats moved out to a 13-5 quarter margin.

In the second quarter, it was the Butcherboy on the back-boards against Jack Hawkins, while Willis and Schaeff contin-ued their gunnery for a 28-19 halftime bulge.

Schaeff led a one-man show in the third quarter as he domi-nated the boards and blocked shots and Canadian went into the final stanza with a 40-30 lead.

Lennie Johnson led a Hig-gins rally until fouling out and

take a one-point lead at the three-quarter mark and stretch it for the win as Richard Haw-kins had 13 points for the win-ners and Bill Hughes 11 for the winners.

The Canadian-Darrouzett girls game switched back and forth with Kiffy Howie matching buckets with Dixie Petree. Darrouzett took a 13-7 quarter lead, Canadian came storming back for a 25-20 halftime margin, Darrouzett came back again for a 33-28 edge at the three-quarter mark, and slowed the game down for the win. Kathy had 29 points and Dixie 22.

Butcherboy Benny Eckles led the Canadian Wildcats to a 15-5 quarter bulge over Clarendon as he scored 14 points in the opening half, and the Cats went on from there. With Jumping Joe Schaeff and Deadeye Kenny Willis joining Eckles in domi-nating the backboards while Tony Steidle and Keith Yarnold led the floor play, the Cats took a 30-15 halftime lead and a 45-22 margin after three quarters. The Cats cleared the bench in the final frame with Guy Har-rel and Baggy pants Henderson sparking the reserves.

Led by 5-10½ Barbara Rampey on the offensive boards and 5-10 Betty Bannister on the defensive rebounds, Clarendon broke open a 16-all halftime tie, despite the shooting of Linda Rickey, who canned 32 points. Miami Wins Both Ends Of Own Cage Tourney

By MILO O'LAUGHLIN
News Sports Correspondent
MIAMI — Host Miami won both ends of its own basketball tournament last night as the Warriorettes squeaked by Allison, 27-24 and the Warriorettes came from behind for a 45-35 win over Clarendon.

Darrouzett finally won out over Groom in a consolation boys game that saw the lead switch hands throughout the contest, with the Longhorns breaking it open in the final two minutes for a 64-57 victory. The board work and sharp-shooting of Jerry Roberts had given Groom the lead, but the smooth Longhorns proceeded to steal the ball four straight times in the last two minutes to blow the game wide open. Roberts finished with 30 points and Dan Craig added 16, Scotty Jergenson had 23 for Darrou-zett.

The Warriorettes, for once without the height advantage, trailed 14-11 at the end of the first quarter. Cheryl Gill tied the game at 22-all at the half, then opened the third quarter with a bucket to give Miami the lead for the first time, and they never lost it again as Connie Dodson and Marilyn Murphy raked the nets for 23 and 22 points respectively.

Ray Guerrero's field goal with 1:28 left in the game, and Jody Holland's insurance free throw with 14 seconds left gave the Warriorettes the tourney title in a low-scoring tussle with Allison. Defense was the order of the day as Guerrero and Lonnie Richardson fought each other to a standstill, but despite Guerrero's and Jody's board con-trol, the Warriorettes were unable to find the bucket.

With both teams missing badly, Miami crept into a 7-5 quar-ter lead. Wayne Daugherty started finding the range in the second quarter and the Warri-orettes moved into a 16-11 edge, holding a 23-19 margin going into the final frame.

Richardson, who had been held to only four points in the first half by Guerrero, broke loose with two minutes left to tie the score at 24-all, but Guer-erro matched him and Jody added the joker for the win. Daugherty led the scoring with 12 points and Richardson had 11.

The Canadian Wildcats came back to take the consolation hon-ors as Jumping Joe Schaeff led them to a 53-45 win over Higgins. Schaeff, playing the finest game of his career, joined Butcherboy Bennie Eckles on the boards and Kenny Willis in the shooting as the Cats led all the way.

Schaeff, Willis and Eckles domi-nated the rebounds in the first quarter while Willis was hit-ting jumpers from 15 feet out and Schaeff was canning them close-in and the Cats moved out to a 13-5 quarter margin.

In the second quarter, it was the Butcherboy on the back-boards against Jack Hawkins, while Willis and Schaeff contin-ued their gunnery for a 28-19 halftime bulge.

Schaeff led a one-man show in the third quarter as he domi-nated the boards and blocked shots and Canadian went into the final stanza with a 40-30 lead.

Lennie Johnson led a Hig-gins rally until fouling out and

take a one-point lead at the three-quarter mark and stretch it for the win as Richard Haw-kins had 13 points for the win-ners and Bill Hughes 11 for the winners.

The Canadian-Darrouzett girls game switched back and forth with Kiffy Howie matching buckets with Dixie Petree. Darrouzett took a 13-7 quarter lead, Canadian came storming back for a 25-20 halftime margin, Darrouzett came back again for a 33-28 edge at the three-quarter mark, and slowed the game down for the win. Kathy had 29 points and Dixie 22.

Butcherboy Benny Eckles led the Canadian Wildcats to a 15-5 quarter bulge over Clarendon as he scored 14 points in the opening half, and the Cats went on from there. With Jumping Joe Schaeff and Deadeye Kenny Willis joining Eckles in domi-nating the backboards while Tony Steidle and Keith Yarnold led the floor play, the Cats took a 30-15 halftime lead and a 45-22 margin after three quarters. The Cats cleared the bench in the final frame with Guy Har-rel and Baggy pants Henderson sparking the reserves.

Led by 5-10½ Barbara Rampey on the offensive boards and 5-10 Betty Bannister on the defensive rebounds, Clarendon broke open a 16-all halftime tie, despite the shooting of Linda Rickey, who canned 32 points. Linda Kelly headed Clarendon with 19 points. The Miami Warriorettes fol-lowed (See MIAMI, Page 14)

Pitt Panthers Upset Penn State, 22-21
PITTSBURGH (UPI) — Quar-terback Fred Mazurek shook off the effects of an injury and dashed 17 yards for a touch-down early in the fourth period Saturday to lead Pitt to a 22-21 squeaker over upset-mined Penn State.

Fullback Rick Leeson, whose 35-yard field goal in the third period gave Pitt a momentary 15-14 lead, kicked the extra point which provided the victory margin. Pitt wound up its best season since 1937 with nine vic-tories against a sole defeat.

Penn State, gunning for its fourth consecutive victory over its traditional rival, ended its season with a 7-3 log.

But like all battles between the intrastate rivals, the game was not without its thrills. With 1:29 left in the game Ron Coates' attempt for a 37-yard field goal was barely wide to the left.

Cooper Wins At Plainview
PLAINVIEW (Spl) — Abilene Cooper, second-round vic-tors over Pampa, won the Plain-view Invitational Basketball Tournament last night by de-feating host Plainview, 60-53.

Plainview and Abilene Cooper set up their finals meeting by respective wins over Midland Lee and McAdoo in the semi-finals. Plainview, which had never been extended as the bracketing fed them easy op-ponents, walked over Lee, 64-37, while the Cougars had to edge the Class B state champs, 79-75, in a thriller which had seen the score tied at halftime.

McAdoo went on to beat Lee for the third place honors in another hair-raiser, 77-72. Floydada won consolation hon-ors as they beat Phillips, 60-53. The little speedboys had elimi-nated Littlefield Saturday morn-ing, 63-56 while Phillips was crushing Muleshoe, 70-38. (See story on Friday's games on page 14.)

Pitt Panthers Upset Penn State, 22-21

The little speedboys had elimi-nated Littlefield Saturday morn-ing, 63-56 while Phillips was crushing Muleshoe, 70-38. (See story on Friday's games on page 14.)

Royal Named Coach of Year

NEW YORK (UPI) — Darrell Royal, who led the University of Texas to its first unbeaten and untied football season since 1920, was named the college football coach of the year Satur-day by the Football Writers Association of America.

The 38-year-old native of Hol-lis, Okla., won the award in a close vote over Coach Pete El-lott of Illinois. Bob Devaney of Nebraska was third for the second straight year.

Royal, who previously won the honor in 1961, is the first coach to repeat since the award was founded in 1957.

Royal's Texas teams have compiled a 57-11-2 regular-sea-son record over the last seven seasons and have played in bowl games after six of those seasons.

Coming Through — Connie Dodson of Miami drives between Glenda Miller and Pam Stout of Higgins to score a bucket in their semifinal game of the Miami Tourna-ment, won by the Warriorettes.

GET TWO — Jumping Joe Schaeff of Canadian lays a two-pointer up and in, despite the strenuous objections of defender Timmy Ray of Clarendon. Schaeff led the Cats to consolation honors in the Miami Tournament this weekend.

Tech Integrates
LUBBOCK, Tex. (UPI) — Tex-as Tech's Board of Directors voted unanimously Saturday to integrate its athletic program.

Isaacson Leads AF Over Colorado, 17-14
AIR FORCE ACADEMY, Colo. (UPI) — Terry Isaacson missed the national scoring crown but rescued the Air Force Academy from fired-up Colorado Saturday as the Fal-cons closed their home foot-ball season and won a Gator Bowl bid with a 17-14 victory over the Buffaloes.

Isaacson ran for one touch-down and passed for another, in setting a team record, but fell five points short of matching the scoring mark of 84 points held by Cosmo Iacavazzi of Princeton and Dave Casinelli of Memphis State.

The Falcons immediately ac-cepted a bid to meet North Caro-lina in the Gator Bowl at Jack-sonville, Fla., Dec. 28.

Isaacson's one-yard scoring run came with 17 seconds re-maining in the third period. The score followed one earlier in the same period by Colorado's pow-erful fullback Noble Milton.

Milton, after CU had recover-

ed an Air Force fumble on the Falcon 30-yard line, smacked off left tackle and drove 30 yards for the score.

Air Force kicking specialist Bart Holaday opened the game scoring with 7 seconds remain-ing in the first

Sporting Sidelines

by JEFF COHANE

PAMPA SPORTS fans stick only with a winner. This was proven very conclusively this week at the Plainview Basketball Tournament when five fans attended the first day's games from Pampa, and the Harvesters cheerleaders had a total of perhaps 10 rooters to urge on the following day.

The cause? Obviously the fact that the Pampa Harvesters started off the season by losing three straight games, regardless of the fact that all three games were nip-and-tuck affairs, lost by totals of one point, four points and two points.

In the opinion of this writer, a game like that, decided in the final seconds and full of excitement every moment of the way, is far more interesting to watch than some of the lopsided slaughters last year's undefeated district champions used to put on.

However, the local spectators apparently prefer to watch a winner, no matter how dull and boring the game actually is, than to watch a loser, even if the game is the most exciting.

ACTUALLY, what the so-called basketball fans of Pampa are doing is making sure that the basketball team WON'T be a winner... because in order to win, a team needs the wholehearted support of its school and community... and this team is very definitely not getting it.

No team, not even a professional one, can go all-out without good, loyal support to urge them on and let the players know they are proud of them, regardless. No team is going to give its best without support, so it is very obviously up to you, the fans, to see whether the team can get up and get going, or go on losing.

For the first time in many years, a home opener basketball game saw the Harvesters Fieldhouse half-empty last week. For the first time in even more years, there weren't any fans from Pampa at a Plainview tournament. Which may very well be the cause of there not being a Pampa team in the finals of that tournament.

THE SITUATION has been very discouraging at football and baseball games... but the fans' typical excuse was that Pampa hadn't had winning teams in years, it wouldn't be any different this year, so why expect more? However, this basketball team has been a consistent winner at least as much as any team in the state... why quit without giving them a chance to get rolling? ... two or three losses don't make a season.

Frankly, people are expecting far too much. Pampa basketball coaches have been coming

up with champions for years, teams that have gone on record-setting winning streaks. Pampa fans, therefore, are just plain spoiled! They have had a winner for so long, they take it as a personal affront if the team doesn't win every game... and they get even by staying away in droves!

WHAT IN heaven's name do people expect? Even Red Auerbach couldn't afford to lose his entire starting team and still come up with a winner! Coach Terry Culley, in this writer's opinion, has done a good job with what he has. He has taken a group of part-time players, B teamers and inexperienced sophomores... without the height that has long been a Pampa trademark and is almost a 'must' for a 4-A competitor, and has made a scrapping, hustling ball club out of them... one that is exciting to watch and that gives the big boys a run for their money.

Last year's Pampa champions, at a comparative stage of development, weren't any better. Yet they became champions, with the support of the fans of Pampa. This team, rated far down in the cellar, has been losing games... but to powerhouse teams!

They have won their share of games and they will continue to win their share of games. With your active support, they may rally to win more than their share. Without it, they may be unable to get up that little extra something and they may fail miserably.

IT IS UP TO you, the sports fans of Pampa... if you want a winner, go out and support it!

Scott Appleton Is Lineman of Year

NEW YORK (UPI) — Scott Appleton, the prize of Coach Darrell Royal's national champion Texas Longhorns, Saturday was awarded the blue ribbon for his breed when United Press International named the strapping tackle 1963 college football "Lineman of the year."

Appleton, a mountain of strength in the tough Texas forward wall, was a landslide victor over runnerup Dick Butkus of Illinois in the nationwide poll of sports writers and broadcasters. Appleton received 101 of a possible 277 votes while Butkus, a center, was named on 55 ballots.

In a close race for the third spot, Bob Brown, huge Nebraska guard, edged Minnesota tackle Carl Eller, 31-27. Vern Burke, record-breaking end at Oregon State and former teammate of Terry Baker, UPI's "Player of the Year" last season, was fifth with 18 votes.

Other leading vote-getters included Washington's Rick Redman with 7, Iowa's Mike Reilly with 5, Southern California's Damon Bame and Boston University's Bill Budness with 4 apiece. All of the above four are guards.

Others who received three or more votes were: Ernie Borgetti, Pittsburgh tackle; Jim Kelly, Notre Dame, end; and Ralph Neely, Oklahoma, tackle, 3 each.

The 6-foot-3, 235-pound Appleton, one of the Longhorns' tri-captains for this season, bulldozed a rugged Texas defense that surrendered only 65 points in 10 games and was second in the nation in rushing defense.

Texas finished the season 10-0 for its first perfect season in 43 years, the Southwest Conference title and its third straight trip to the Cotton Bowl.

"I'm certainly very honored," Appleton said when informed of the award, "and very proud as far as the team is concerned." Appleton's finest moment, and that of the entire Texas team, occurred in the Cotton Bowl earlier in the year when the Longhorns demolished Oklahoma, the then No. 1 team in the country, 28-7.

The pros are very high on Appleton. Both the Dallas Cowboys of the National League and the Houston Oilers of the American League picked him first in the recent draft meetings. Which is just fine with Appleton, who is "very glad to stay in Texas."

Scott, a star in the last two Cotton Bowl games, received more points than any other lineman on the recent UPI All-America squad. He was second in popularity only to Navy's brilliant quarterback, Roger Staubach.

ALL ALONE — Pampa cheerleaders (from left) Linda Cox, Betty Brown and Paula Sealey try their best to get a response from the sparse crowds that have appeared to support the Pampa Harvesters so far this basketball season. (See 'Sporting Sidelines', this page).

Bowling

By MAXINE HAWKINS

The junior star again this week—in the Thanksgiving Turkey Shoot Tournament in Amarillo, Roger Flowers, age 16, rolled a 255 game and 664 series scratch. Congratulations, Roger.

The Bantam team event was won by the Coca Cola — Kist team. In the two game team event, they rolled a 1418 scratch for a 1626 handicapped series. The team average was 562. Team members were Chris Beck, Leon Osborne, Dale Morgan, David King, and Randy Beck. We expect their pictures to appear in the A.J.B.C. national magazine for this high Bantam score.

This has been a good week for shooting above averages. Cliff Wilson (137), shot a 210 and 192 for a 524. J. T. Horton (139), rolled his highest series with games of 173, 156, and 173 for a 502. Rita Stedman (130), rolled a 516 series. Leone Williams (139), rolled a 173, 165, and 192 for a 530. Alicia Heil (149), had a 519. Virginia Pettit (133), had a 167 and 187 for a 489, and Marion Gooch had a 482. Patsy Gray (106), rolled a 146; Elsie Eaton (106), rolled a 160; Carleta Poulton (114), rolled a 159; and Lee Ledford (105) rolled a 158. Rose Blackburn (133), had a 505 series.

Bowling as a sub, Dan Farley had a 210 for a 563. Dub McKendree (136), had a 215 for a 510. M. J. Kihnehan (149), had games of 182, 181, and 178 for a 541. Lawrence Macha (118), had a strange series — 210, 138 and 203. Others above were V. Eck (129), 190; C. A. Jones, 212 for a 532; Bob Brandon, 194 for a 517; Don Knutson with no open frames, 196; and Jim Carter, 215.

The Pampa Tent and Awning team must have been shaken after winning the first game by only nine pins. Art Ziebarth rolled a 171 and a 91 while teammate Ken Stehlin rolled a 193 and a 124.

We tried to shake the Harvesters Bowl Coffee Shop team — but failed. Mary Pryor took high game of the league with a 213 for a 555 series. Barbara Moore rolled a 210 and a 212 for a 577 taking high series. The team set high game and high series for the year. Eudell Burnett did not like the idea of being low with a 498.

The Garden Lanes ladies team took first place in the traveling league when the league bowled at Garden Lanes last Sunday.

L. R. England rolled a tri-plate 146 on a 158 average. Art Lornac just missed with a 191, 191, and 192. Aline Keel rolled a 138, 203 and 138.

As usual many of the bowlers had very high and very low games. Bowling for the St. Matthews Saints, Paul Hinton and William West ran into this problem.

Lee 7th grade defeated Austin of Borger 7th here Friday night by a 42-24 margin. Gary Parrish had 14 points, Johnny Epperson nine and Jay Johnson eight to lead the scoring.

Winners of last week's Charity Tournament were Allene Coker and Mike Clark at Garden Lanes and Mary Morgan and Nadine Fletcher at Harvesters Bowl.

The Charity Tournament will end next Saturday night. If you have not bowled in it — please do. Your donation will be greatly appreciated by the local Exceptional Child Association.

REBELS WIN

BORGER (Spl) — The Lee Rebels beat Perryton, 51-35 in Friday's opening round of the Borger Junior High Basketball Tournament, Pampa 9th grade lost their opening game.

George Mitten was Bowler of the Week with games of 203, 213 and 165 for a 581 or 685 handicapped series. Wilburn Nall rolled 200, 195 and 201 for a 596. Other highs were James Evans, 220; Floyd Yeager, 217 for a 541; George Gray 229; R. O. Johnson, 223; Stan Brake, 213 for a 580; George Railsback, 221; Larry Parsley, 202 and 204; Ned Pryor 226; Horace Prince, 210; Glenn Sanders, 213; Abbie Crumrine, 212; Bob Perkins, 196 and 200 for a 586; Ray Covalt, 209 for a 585; James Lewis, 201 and Ray Low, 200.

Dick Abbott (150) and Dub Brown (153) bowl on the same team and each rolled a 533. Wallace Jouett rolled his highest series of the season, 545.

Peg Kastein rolled a 218 for a 555. Lela Swain is getting back on her game as she posted a 224 in one league and a 221 in another. Other highs were Kathy Parsley, 542; Paulette Gilbert, 512; Vi Dunham, 506; Billie Gray, 505; Aline Keel, 303; Elaine Riddle, 205; Wylene Patrick, 507; Tiny Harmon, 514; and Ruth Abbott, a 199 for a 516 — still looking forward to her first 200. Some real nice shooting was done by Billie Halley who converted the 8-10 split.

Winners of last week's Charity Tournament were Allene Coker and Mike Clark at Garden Lanes and Mary Morgan and Nadine Fletcher at Harvesters Bowl.

The Charity Tournament will end next Saturday night. If you have not bowled in it — please do. Your donation will be greatly appreciated by the local Exceptional Child Association.

Favorites Win In Most Football Semifinal Tilts

By United Press International
Favorites, with one exception, romped or squeaked their way into 10 of the 16 Texas school football semifinals here Friday night with Class AA's second-ranking Sinton the only major casualty.

Garland, Spring Branch High and Corpus Christi Miller made the grade by divergent routes in Class AAAA; La Marque was the lone AAAA advance; Missouri City Dulles and Liberty made it in AA, and title-favored Albany, Petersburg, Hallsville and George West filled out the Class A bracket.

The other berths were to be filled today and tonight with Amarillo Tascosa at San Angelo in AAAA; Dumas vs. Graham at Borger, Corsicana vs. McKinney at Dallas and Gonzales vs. Pharr-San Juan-Alamo at McAllen in AAA, and Rockwall vs. Paul Hewitt at Commerce and Dalhart vs. Crane at Lubbock in AA.

Owls Fly High
Garland crushed Fort Worth Paschal 34-0, Spring Branch played its second 14-14 tie of the

season with Pasadena but won 3-2 on penetrations in the final 30 seconds, and Miller beat San Antonio Lee 21-19.

La Marque was pushed to get by Conroe 21-14, but Liberty romped to a 38-22 victory over Taylor and Missouri City Dulles turned four interceptions and two Sinton fumbles into a 30-20 upset over the Pirates.

Albany breezed to a 36-16 victory over Van Alstyne and now plays Petersburg, which got by Merkel 14-6, while Hallsville blanked Bastrop 19-0 to set up a semifinals meeting with George West, which came from behind to beat Woodsboro 22-12.

Garland, cashing in on a torrid running attack and a sticky defense, stamped itself as a prime title contender with its manhandling of a Paschal club which had smashed Dallas South Oak Cliff the previous week. Paschal didn't get a first down until well into the second quarter and didn't get to the Garland 20-yard line until late in the game. Gary Bridges, who gained 101 yards, led Garland with a 32-yard scoring run and a 65-yard interception touchdown.

Spring Branch scored two in the first half on one-yard plunges by Freddie Kay, then saw Pasadena tie it up in the last quarter on James Jackson's 35 and 6-yard passes to Mickey McCarty. But, the Bears drove from their own 39 to the Pasadena 19-yard line in the final seconds to gain the 3-2 penetration edge and advance against Miller.

ing the margin with a two-point conversion toss to Gary Alexander in the final period to break a 19-19 tie. Lee's Linus Baer scored all of the losers' points on runs of 1, 4 and 31 yards, kicked one extra point and gained 130 yards rushing.

La Marque had to drive 84 yards in the final quarter to subdue stubborn Conroe. Norman Bulach had pushed the Tigers out in front with 60 and 6-yard scoring runs and Johnny Crowder picked up the last one from three yards out.

Liberty scored in every quarter and added four two-point conversions to batter Taylor.

Halfback Ralph Senior scored 24 points — three TD's, three conversions and a 24-yard field goal — to spark Dulles past error-prone Sinton.

Albany struck for the long gainers — a 76-yard run by quarterback Johnny Woodward, a 94-yarder by Gary Hise and a 94-yard interception runback by Garry Bartee — and Woodward, starting his 57th game for the Lions, threw two touchdown passes in the humiliation of Van Alstyne.

Spring Branch scored two in the first half on one-yard plunges by Freddie Kay, then saw Pasadena tie it up in the last quarter on James Jackson's 35 and 6-yard passes to Mickey McCarty. Cooper Nips Harvesters, Eliminated From Meet

PLAINVIEW (Spl) — A three-point play with two seconds to go by 6-7 Don Ray gave Abilene Cooper a come-from-behind victory over Pampa, 43-41 in the second round of the Plainview Tournament, eliminating the Harvesters from competition.

Faced with the Cougars' overwhelming height, led by Ray, 6-5 Leon Lucas and 6-4 Lonny Willis, Pampa took a one-point lead at the half and then put the ball in the deep freeze, stalling the game out and maintaining the edge until the final minute, when missed free throws by Pampa gave Cooper the win and the right to meet mighty Little McAdoo in the semifinals.

Pampa has now won two games and lost four, the four losses being by a total of nine

points. Once again the Harvesters dropped it at the free throw line as Cooper fouled in an effort to get the ball, with Pampa missing 11 of 26 charity attempts.

Willis was red-hot in the first quarter, sinking three straight field goals and totaling 10 points but 6-3 Roper fought the boards with the big boys and hit on rebounds and close-in shots to cut the Cooper edge to 19-13 at the quarter.

Ray opened the second quarter with two quick buckets under the goal, but Rick Stewart and Kenny Hebert started hawking the ball and driving down on fast breaks. Pampa rolled off 13 points in a row and moved into a 26-25 lead. The score rocked back and forth as Charlie Price canned rebounds for Pampa, aided by Roper and Hebert on the boards, and the Harvesters held the one-point edge at 31-30 at the half.

Pampa stole the second half tip and the Green 'n Gold immediately went into a stall with Stewart and Charley Snuggs dribbling out the clock. The Cougars started to come outside and Stewart and Hebert drove around them for four points each, but Willis and Ray matched them on rebound tips and it was 39-38 Pampa going into the last period.

Roper climbed the sky and took the tip from Ray and the Harvesters went right back into the stall, never taking a field goal shot in the period. The pressing Cougars fouled and Price made a free one for a 40-38 edge. Abilene drove down with the ball and Ray slammed in a rebound to tie it at 40-40. With a minute left, Stewart was fouled and made the first shot of a one-and-one good for the lead. Hebert stole a pass and was fouled with 35 seconds left.

Wolves Crush Crane, 38-0

LUBBOCK, Tex. (UPI) — Quarterback Ronnie McLendon ran for three touchdowns Saturday to lead Dalhart to a crushing 38-0 victory over Crane in a Class AA Texas schoolboy quarterfinals football game.

McLendon, a converted end, ran 2 and 9 yards for touchdowns in the first quarter and then rolled out and scampered 43 yards for another in the third period.

Jeff Colquitt added two touchdowns for the winners, one on a 4-yard plunge and another on a 32-yard punt return. The final Dalhart touchdown was by reserve quarterback Pete Scardell, a 1-yard plunge with 25 seconds to play.

Crane was able to gain only 40 yards rushing and 33 passing and their deepest penetration was to the Dalhart 33. Dalhart rolled up 349 yards on the ground.

TKO's Feature Skellytown Fights

SKELLYTOWN (Spl) — Don Clements of Amarillo opened a cut over George Sanchez' eye to take a third-round TKO over the Borger boxer in the feature fight of the evening at Oddfellows Hall Friday night.

The fight between the two open class boxers had been even until the cut gave Clements the win in the Skellytown Optimist Club bouts.

High school class fights saw two TKO's, Ronnie Sutton of Tri-City losing a 135-pound bout in the second round to Larry Austin, and David Smith of Borger winning a 140-pounder over Ricky Garrett of Tri-City via the TKO route.

Other high school results: Joel Smith, Skellytown, 155 over Larry Taylor, TC; Gary Jones, Borger, 135 over Dale Burns, TC; Harold Austin, Amarillo, 135 over Butch Lasater, Borger; Robert Moss, 135, Borger, 135 over Ronnie Fitzgerald, Amarillo; Kenneth Davis, Sk., 115 over Jimmy Doane, TC; Dan Chapin, Sk., 200 vs. Charles King, Borger, no decision (exhibition).

Pee-wee results: Glenn Davis, Borger over Tommy Latham, Amarillo; Mike Tietz, Sk. over Larry Pyle, Amarillo; Johnny Vick, Pampa over Mike Ledford, Sk.; Steve Garrison, Sk. over Mike Clements, Amarillo; Weldon Bennett, Pampa over Kenneth Fanning, Sk.; Ricky Austin, Amarillo over Larry Mercer, Sk.; Bill Ledford, Sk. over Dale Busley, Amarillo; Jerry Ledford, Sk. over Mel Vick, Pampa; Raymond Moore, Borger over Tommy Lynch, Amarillo; Mike Houseman, Pampa over Mike York, Amarillo; Howard Clements, Amarillo over Dennis Sanchez, Borger; T. R. Burns, Amarillo over Tommy Sargent, TC; Billy Taylor, Perryton over Larry Skaggs, Amarillo.

but missed the first shot and the Cougars got the rebound with time about to run out. Willis shot from 25 feet out and missed and Ray dunked in the rebound, being fouled, and added the extra point.

The hot-handed Cougars hit 18 of 36 from the floor for a 50 per cent average, Pampa hit 40 per cent on 13 of 33.

In other second-round games deadly McAdoo outshot Borger, 80-71. Plainview coasted over Levelland, 69-50. Midland Lee stopped tough little Quitaque, 68-55. Muleshoe defeated Brownfield, 60-42. Floydada nipped Farwell, 55-53. Littlefield edged Andrews, 51-48 and Phillips rapped Tulia, 74-65.

Tascosa Upsets On Penetrations

SAN ANGELO, Tex. (UPI) — Quarterback Pat Harkins' (UPI) — minutes touchdown game Amarillo Tascosa a 13-13 tie with favored San Angelo Saturday and sent the Rebels to the Texas Schoolboy Class AAAA semifinals by a narrow 3-2 edge in penetrations.

Harkins touchdown came with 2:01 to play in the game. The extra point attempt that would have given Tascosa an outright victory failed. Tascosa will face Garland next week.

San Angelo scored first in the opening period on a 1-yard plunge by fullback Jim Rich and built its halftime lead to 13-7 on halfback Jim Bihl's 4-yard run into tackle. The second score was set up by a Tascosa punt that died on the Rebels' 21.

Tascosa's first touchdown came on the opening play of the second quarter on a 14-yard pass from Harkins to end Billy Hobbs.

Jeff Colquitt added two touchdowns for the winners, one on a 4-yard plunge and another on a 32-yard punt return. The final Dalhart touchdown was by reserve quarterback Pete Scardell, a 1-yard plunge with 25 seconds to play.

Crane was able to gain only 40 yards rushing and 33 passing and their deepest penetration was to the Dalhart 33. Dalhart rolled up 349 yards on the ground.

High school class fights saw two TKO's, Ronnie Sutton of Tri-City losing a 135-pound bout in the second round to Larry Austin, and David Smith of Borger winning a 140-pounder over Ricky Garrett of Tri-City via the TKO route.

Other high school results: Joel Smith, Skellytown, 155 over Larry Taylor, TC; Gary Jones, Borger, 135 over Dale Burns, TC; Harold Austin, Amarillo, 135 over Butch Lasater, Borger; Robert Moss, 135, Borger, 135 over Ronnie Fitzgerald, Amarillo; Kenneth Davis, Sk., 115 over Jimmy Doane, TC; Dan Chapin, Sk., 200 vs. Charles King, Borger, no decision (exhibition).

Pee-wee results: Glenn Davis, Borger over Tommy Latham, Amarillo; Mike Tietz, Sk. over Larry Pyle, Amarillo; Johnny Vick, Pampa over Mike Ledford, Sk.; Steve Garrison, Sk. over Mike Clements, Amarillo; Weldon Bennett, Pampa over Kenneth Fanning, Sk.; Ricky Austin, Amarillo over Larry Mercer, Sk.; Bill Ledford, Sk. over Dale Busley, Amarillo; Jerry Ledford, Sk. over Mel Vick, Pampa; Raymond Moore, Borger over Tommy Lynch, Amarillo; Mike Houseman, Pampa over Mike York, Amarillo; Howard Clements, Amarillo over Dennis Sanchez, Borger; T. R. Burns, Amarillo over Tommy Sargent, TC; Billy Taylor, Perryton over Larry Skaggs, Amarillo.

WHAT'S THE SCORE? . . . Harvester cagers (from right) Roper Roper and Kenny Hebert check the scoreboard during a time out in the Plainview Tournament. Teammates Rick Stewart, Charlie Price and Charlie Snuggs on the bench, and Lanny Lewis and Davy McDaniel, behind him, listen to strategy propounded by kneeling coach Terry Culley.

Navy Takes Fifth Straight Win Over Army In Thriller, 21-15

PHILADELPHIA (UPI) — Fullback Pat Donnelly ran for three touchdowns Saturday and hard-pressed Navy captured its fifth straight victory over Army, 21-15, when the clock ran out with the Cadets just two yards short of a score in a football game dedicated to their slain commander-in-chief, John F. Kennedy.

Directly after the game, Navy announced it had accepted a bid to the Cotton Bowl at Dallas, Tex., on Jan. 1 where it will meet unbeaten, top-ranked Texas.

Donnelly ran four, one and 20 yards for his touchdowns, tying a Navy record set by Joe Bellino in the 1959 game.

But almost equally tremendous was Army's Rollie Stichweh, who scored 14 of Army's fourth-period "onside" kick which sent the Cadets on a furious assault that finally died when time ran out at Navy's 20.

Clock Runs Out

Stichweh dashed 10 yards for a first-period touchdown to put Army in front 7-0 and then, with Navy out in front, 21-7, on Donnelly's three scores and three conversions by Fred Marlin, Stichweh scored on a one-yard run in the fourth period and then ran for a two-point conversion.

With 6:13 to play, Dick Heydt booted a short "onside" kick for his kickoff and Stichweh recovered it on the Navy 19. That set the red-hot Cadets on a final desperate drive, but Navy defenders, led by Capt. Tom Lynch, repelled it as time expired and 102,000 throats set up a roar.

All America Roger Staubach, chief engineer of Navy's record that now stands at 9-1 for the season, was a constant threat with his runs and passes, but twice was intercepted and failed to bring off the big play to put the points on the scoreboard.

Navy's winning touchdown drive, launched in the fourth period, after stopping Army on the Middle nine, went 91 yards, aided by two consecutive foul calls against the Cadets for roughness. The second penalty

gave Navy a first down on Army's 28. Two plays later, Donnelly swept around his left end, fought his way past the secondary defenders and ran 20 yards for his third score.

On To Dallas

Despite their care, the second-ranked Middies lost little time debating whether to go into the Cotton Bowl.

"We want to go to Dallas, get out of our way," roared one Navy player to newsmen blocking the path of the players to the lockers room.

Shortly thereafter, a roar came from the room indicating the Midshipmen had voted promptly to test their No. 2 ranking against No. 1 Texas.

Saturday's game was played at the request of the Kennedy family, which urged Pentagon officials to allow the show to go on — after a one-week postponement — despite a 30 day period of national mourning for the late President.

Traditional hi-jinks and elaborate floats were missing. The mood was sombre until the teams took over.

Army Cadet Richard Chilcoat of Minneapolis led an honor guard of 200 men, 100 from each service academy, in a pre-game sweep over half the length of the field in the vast Philadelphia Stadium.

At the end, the colors were dipped and a Navy band played the National Anthem.

Chilcoat, first captain of the Corps of Cadets, then announced the game was dedicated by both academies to the fallen President. Midshipman Walter W. Kessler, brigade commander at Annapolis, asked for a minute of silence and the throng, bareheaded, bowed for a moment of prayer.

Army Gets Off Fast

But the game itself was played at fever pitch and Army started it in a hurry.

The Cadets shocked Navy by rolling 65 yards to a touchdown the first time they had possession with Stichweh, who ran 40 yards of that distance in four rollouts, negotiating the final 10 yards on a sweep around his left end.

Navy stormed 69 yards to the Army one before losing the ball

on downs at the start of the second period. But regained possession on the Army 42 on a 10 yard punt return by Ed Orr and a personal foul penalty.

Staubach had an apparent touchdown pass to end Gary Kellner nullified by a holding penalty but Roger passed and ran to the four from which Donnelly scored for a 7-7 halftime score.

Navy Takes Lead

Navy, led by Staubach passes and Donnelly runs, smashed 80 yards to score a third-period touchdown. Donnelly, who contributed 19 and 16 yards on bolts up the middle, drove over from the one for his second touchdown and Marlin's conversion made it 14-7.

The Midshipmen moved out in front, 21-7, on Donnelly's third TD from 20 yards out in the final period. But then the Cadets drove 52 yards with the kickoff, with Stichweh leading the drive. Rollie Stichweh the final yard on a rollout to his right and ran for the two-pointer on a rollout to his left to make the score 21-15.

On the kickoff, Heydt dribbled a boot to his right where Stichweh was waiting to recover on Navy's 49. Stichweh, Ken Waldrop and Ray Paske battered at Navy's defense while the clock ran on and Stichweh hit an 11 yard pass to Navy's seven. Don Parcels, then Waldrop twice, tried to make up precious distance to the goal but the clock ran out.

Army	7	0	0	9-15
Navy	0	7	7	21
Scoring:				
Army-Stichweh 10 run (Heydt kick)				
Navy-Donnelly 4 run (Marlin kick)				
Navy-Donnelly 1 run (Marlin kick)				
Navy-Donnelly 20 run (Marlin kick)				
Army-Stichweh 1 run (Stichweh run)

Graham Blanks Dumas Demons

BORGER (Spl) — The Graham Steers ended the Dumas Demons' two-year winning streak and their hopes for a repeat Class AAA state championship when they took a decisive 13-0 victory here in the quarterfinal playoffs yesterday.

The big Graham interior line thoroughly outplayed the vaunted Demons, who never got inside the Graham 20-yard line, while Graham moved almost at will, in the air and on the ground. Dumas could gain only 100 yards rushing and complete one short pass out of 12 attempts as Graham picked off two of Doug Holtzclaw's aerials.

● Miami

(Cont'd from Page 12)

lowed a familiar pattern in winning their fifth straight, with the offensive height of Marilyn Murphy and Connie Dodson and the sharpshooting of Cheryl Gill rolling up a big score while the defense headed by Cindy Coffee and Ruth Ann Cunningham, stopped Higgins cold. The Warriors opened up a 21-9 quarter edge, a 36-17 halftime bulge, and a 48-26 three-quarter lead, substituting liberally in the second half, with Cheri Jackson sparking the reserves. Marilyn had 26 points and Cheryl 13.

Richardson's tremendous performance overshadowed a smooth-running team effort by Darrouzett, headed by Danna Duke on the floor and Scotty Jergenson on the boards. Richardson fought the backboards, brought the ball downcourt, set up teammates, grabbed their rebounds, led the scoring and did everything but sell programs and keep the scoreboard.

Allison took a 15-12 quarter lead, a 29-21 halftime edge, a 38-31 three-quarter coming all the way. Richardson finished with 21 points, and Clinton Hanshu led the Longhorns with 13 markers.

The Miami Warriors broke a slow game open in the third quarter for a surprisingly lopsided win over the undefeated Groom Tigers. Jerry Roberts, hampered by a bad back, was beaten to the boards by Ray Guerrero and Jody Holland, and Dan Craig was far off his usual smooth performance as he was outplayed by opposite number Little 'N Holland.

The first quarter was a defensive battle as Guerrero and Roberts blocked almost every shot thrown up, and it was 4-2 Miami at the quarter.

The action opened up in the second frame as Roberts started hitting from the bucket to offset Bean's poppers, set up by Little 'N's ballhawking, and it was 18-12 Miami at the half.

Groom suddenly lost the directions to the basket as Miami hit on everything it threw in, adding to the score as the desperate Tigers fouled, and Miami pulled into a 38-14 lead, playing the reserves in the fourth quarter. Jody finished with 13 and Little 'N 11 points to lead Miami's scoring. Roberts had 11 for Groom.

on the running of Bill Ingram, a 175-pound guard - turned fullback. Ingram crashed over left guard from the one with 9:05 left in the half. The conversion snap was fumbled.

Dumas was unable to move in turn and the two teams swapped the ball back and forth through the rest of the half.

Freddy Gough kicked off for Graham to open the second half and Bonner took the kick on his five and returned it to the 16. Hit there, he fumbled the ball, which popped up in the air, only to be grabbed by safetyman Gough, who went back untouched for the score. Ironically, Dumas had won their bi-district game over Andrews with a similar fumble recovery which set up the only touchdown. Gough then kicked the extra point.

Dumas put on their biggest threat of the game at that point, moving to the Steer 28 before losing the ball on downs. Graham moved back to the Dumas 20 in turn, but punted.

A fourth-quarter Dumas threat was stopped when Gough intercepted a pass on his 44. Dumas got a march going in the final minutes, but it was stopped by the clock.

Rice Owls Roll Over Horned Frogs, 33-7

FORT WORTH (UPI) — The Rice Owls cashed in on six pass interceptions, a fumble recovery and two wind-blunted short Texas Christian punts Saturday for a 33-7 Southwest Conference victory before a meager crowd of 13,000.

While the Rice defense was making a shambles of TCU's offense, Walter McReynolds and Benny Hollingsworth quarterbacked the Owls to short touchdown drives of 11, 27, 29, 44 and 23 yards — every one of them ignited by breaks.

McReynolds threw 11 and 10-yard touchdown passes to end Jerry Kelley; Paul Piper and Russell Wayt each plunged one yard for touchdowns and Hollingsworth skilled seven yards around end for another as the Owls built up a 26-0 lead and coasted home.

TCU, held to two first downs and only 35 yards rushing in the first half, got on the scoreboard in the second quarter when Jerry Jack Terrell picked off a Hollingsworth pass and raced 67

What's in the Air---

BEST OF EVERYTHING—Designer of this odd craft apparently couldn't make up his mind whether he wanted a helicopter or an airplane. It's a helicopter, however—a modified Bell Model 47—being tested to develop an aircraft which can lift very heavy loads in excess of normal hover capacity. Early tests showed that the addition of wings allowed a 33 per cent increase in take-off weight.

OVER THE WAVES—Ship and airplane combine in the Navy's newest vessel, the 22½-ton Hydroskimmer, fabricated of aluminum. The largest vehicle of its type in the United States, the 65-foot-long SKMR-1 will cruise at 70 knots while supported a foot and a half over the surface of the ocean (not grass, as shown in picture) by a cushion of air. It will be operated by a crew of two and will carry a five-ton payload on an open cargo deck.

Pilot Gets Inspiration From Flying

(Editor's Note: Mrs. Lorita Timmens, a Pampa native is well-known to flying enthusiasts of the Top o' Texas area, having operated Perry Lefors Airport with her husband, Tommy Timmens, for many years until 1962, when the couple took over an airport in Arkansas. Mrs. Timmens is now visiting in Pampa and her husband is flying for a corporation out of Dallas.)

By MRS. LORITA TIMMENS
It was daylight and the take off was perfect. The faint rosy, haze of the sun just before it peeped over the horizon gave one a thrill of knowing they will see the most beautiful part of the day.

Flying has always been one of the most rewarding things I've ever done. My thoughts have been more inspired, my ambitions more lofty, and always I have pitied those who have never flown and will never. Somehow when one is flying, you have a great dedication, you feel a spiritual release that you never feel on Mother Earth.

Life seems more peaceful above, the violent struggle below seems of very little consequence. You wonder why the age-old battles still go on. Then there comes a sadness in your heart, because you want to cry out against the sickness, unhappiness, racial strife, wars and rumors of wars, ignorance, man's inhumanities against man.

You want the world to be peaceful, and in its early morning freshness, it almost seems like an innocent baby, but you know when the cities awaken, there will be people rushing here, rushing there. Men busy trying to get to work, women busy doing their duties and trying to get to work. Children busy getting ready for school, rush, rush, rush. So few take time to "thank God" for the beautiful day and ask for a rewarding day.

Our lives have become so busy, we are all guilty of forgetting who made this beautiful universe, of giving praise to our Maker and forgetting to ask, "May this world be peaceful and make man so dedicated he will strive for better understanding, be noble and pure in his dealings with his fellowman and give us the knowledge to make this world better and better, help make the suffering easier, the old and infirm happier and more comfortable, the young, patience, and knowledge to control their energy, those in their most productive years, clarity and the sane judgment to perform the vast duties and responsibilities resting on their shoulders."

Out of this jumble of thoughts, I look down upon the earth and notice the change that has been made. The sun is up high now and many miles have been covered. The land has undergone a subtle change, I am no longer in familiar territory. I see the long stretch of barren land, here and there a tiny patch of green, planted and cultivated by hands who yearn for green things growing. Many hours will be spent in the all, the earth will change from one scene to another; there will be lakes, trees, brown scorched earth, cultivated acres, grassland, hills, mountains, cities, large and small.

As we fly over this vastness, I wonder what goes on below. I ask God "to make life easier today for those so troubled, give peace-of-mind to those so worried, ease the suffering and pain of those who are sick, and give me the judgment to perform my duties to the utmost of my ability and the serenity to be at peace with my fellow man. Tonight may I see the sun go down and still have pure and dedicated thoughts and tomorrow, may I rise again, to see and witness the beauty of all things about me, and once again to fly and feel this wonderful, spiritual re-birth, to feel God's presence and to know he cares, and has made possible these wings that carry me.

No Hunting for Former Deputy

AUSTIN (UPI) — Former Travis County Deputy Sheriff Preston Carlton has been fined \$100 and lost his hunting license after being convicted of shooting a deer at night during last year's hunting season. Carlton admitted shooting the deer but said his rifle went off accidentally.

Warning Issued on Yule Fraud, Schemes

Wynn Veale of the Pampa Retail Merchants Association, said Saturday that now is the time for persons of Pampa to be warned of fraud and unethical merchandising schemes.

Veale, in accord with The Chamber of Commerce, warned against the acceptance of goods by mail that had not been ordered. Items including books, aprons, ties, handkerchiefs, fountain pens, wallets, stationery are among those that shippers often are reported as sending without order.

Recipients of unordered merchandise are generally not obligated to acknowledge its receipt, return it or pay for it, unless used. They ordinarily do not have to give unordered merchandise particular care or to keep it beyond a reasonable length of time.

Persons receiving unordered merchandise are obliged to surrender it to the shipper or his agent if called for in person within a reasonable period of time.

Another gimmick, the chamber said, was for mailers to sell so-called "distress" merchandise. Often the "list prices" of these items are fictitious, and the reason for gigantic deductions completely false.

The chamber gives these 10 points for buyers:

1. Don't be misled into buying an offbrand article that is higher priced than a standard brand item.
2. Don't be blinded by artificial "bargains."
3. Don't be talked into buying anything by talk of a "golden opportunity."
4. Don't allow a door-to-door salesman to leave merchandise with you on an "approval receipt."
5. Don't permit a household appliance, television or radio set to be taken from your home

for repairs without a written estimate of the cost.

6. Immediately notify the seller if an article delivered to you is not as you ordered.

7. Don't accept an oral guarantee.

8. Don't sign a contract without reading it carefully.

9. Don't make financial commitments which you cannot possibly meet.

10. Don't hesitate to investigate before buying.

Beware also of making donations to charities you know nothing about. Give, but give wisely by investigating first, warned Veale.

Reds Charge South Koreans

PANMUNJOM, Korea (UPI) — The Communists charged today that South Koreans are encroaching on territorial waters off the east coast of Red-held North Korea.

Allied spokesmen at a meeting of the truce commission denied the charge, saying South Korean naval patrol boats and fishing vessels stay well beyond territorial limits when they are north of the 38th parallel.

The continued Communist detention of U.S. Army Capt. Ben W. Stutts of Florence, Ala., and Charlton W. Voltz of Frankfort, Mich., helicopter pilots seized May 17, was not mentioned at the meeting.

An allied spokesman said the Stutts-Voltz question has been referred to the U.N. General Assembly.

"We want to wait and see what comes of that effort," he said.

WTSU Facing Problems in Accreditation

MEMPHIS, Tenn. (UPI) — Two Texas schools were threatened last week with loss of accreditation by the Southern Association of Colleges and Schools because of scholastic standards.

East Texas Baptist College of Marshall and West Texas State of Canyon were warned Wednesday that they had dropped below requirements.

The Association added the University of Dallas to its four-year college list. Lubbock Christian College and South Plains College of Levelland, Tex., were accredited as two-year schools. Schools added to the list of candidates for accreditation were San Jacinto Junior College of Pasadena and Hill Junior College of Hillsboro.

MIXED POLITICS
SACRAMENTO, Calif. (UPI) — Members of the Young Republicans and the Young Democrats at American River Junior College have merged into one group: the Political Affairs Club. They decided it would be more informative to listen to the opposing point of view.

Postmaster Gives Hints on Mailing Yule Cards, Gifts

Postmaster O. K. Gaylor offers some helpful hints on how to mail Christmas cards and gifts to insure prompt and safe delivery before Dec. 25.

Included in the postmaster's tip list are these:

If you use the new five-cent Christmas tree stamps on your Christmas cards, they will be sorted and delivered first and, if you include your return address with your ZIP Code number on each card envelope, they will be forwarded in the event of a change of address, or if they are undeliverable, they will

be returned to you for correction of your mailing list. Also, remember you can write personal messages only on Christmas cards sent first class mail. Nothing but your signature is authorized on cards sent at the unsealed, third class rate.

The postmaster warned against careless packing of Christmas gifts. He says it is unbelievable how some fail to use strong cartons, heavy wrapping paper and sturdy cord when packing precious gifts for mailing. He requests that special care be taken in packing breakable gifts — mark the cartons, "Fragile" — "Handle

With Care" and be sure to put an extra label carrying the recipient's and the sender's name and address inside of every package.

The postmaster also said:

"By giving special attention to Christmas mailings right now, by being sure mailing lists are up to date and by planning mailings so that cards and packages go out in groups, rather than all at one time, one can be certain that all Christmas greetings and gift packages reach their destinations before Christmas.

If Christmas stickers or seals are used, he stated, put them on the back of Christmas cards

and packages so that they will not conflict with the address on the front. Make sure the correct postage is firmly affixed to each card and package. When mailing gifts, it's a good idea to place a piece of transparent cellophane tape over the address portion of the label to prevent defacing in transit.

The postmaster says it will be a merrier Christmas for everybody if all Christmas presents are mailed before Dec. 10. Christmas cards for out-of-town delivery should be sent before Dec. 15, and those for local addresses should be mailed at least a week before Christmas.

— Quotes In The News —

UNION, N.J.—Fourteen year old Nancy Miller, who last month wrote to the then Vice President Johnson and received a quick answer, on her future plans for White House correspondence:

"...I want to wait until he settles down in his new job."

WASHINGTON — The Rev. Dr. Martin Luther King, head of the Southern Christian Leadership Conference, following his talk with President Johnson:

"I made it clear to the President that...we will have (civil rights) demonstrations until the injustices that have caused them are eliminated."

Couple Exchange Vows

Miss Doris Maxine Slater became the bride of John D. Howell in the home of her parents, Mr. and Mrs. Joe H. Slater, 801 N. Wells, last evening at 7 o'clock. Parents of the bridegroom are Mr. and Mrs. Wayne D. Howell, 405 N. Doyle.

The double ring ceremony was read by Rev. W. L. Hopper.

BRIDE

Given in marriage by her father with "her mother and I avowal", the bride wore a white Italian knit suit with white accessories and a feathered hat featuring a short veil. She chose a corsage of white carnations.

ATTENDANTS

Attending the bride as matron of honor was Mrs. Wynama Hamlin attired in a royal blue knit suit with matching accessories and a corsage of white carnations. Wayne Slater, brother of the bride, attended the bridegroom as best man.

Mrs. Slater chose a toast colored knit suit with matching accessories and a corsage of white carnations for her daughter's wedding.

Mrs. Howell was attired in a moss green dress, accented by brown accessories and a white carnation corsage.

RECEPTION

A reception in honor of the couple immediately followed the ceremony. Miss Kay Slater and Miss Shirley Slater, sisters of the bride, presided at the serving table.

Following a honeymoon to Oklahoma City, the couple will be at home in Pampa.

The bride is a graduate of Pampa High School and is associated with Motor Inn Auto Supply.

Mr. Howell, a graduate of Davenport High School in Davenport, Okla., is an employee of Wilcox Oil Company.

Socks, all lengths, are getting ready to produce a rather fashion best-seller for spring. Roberto Capucci's decorated knee socks, recommended for wear with suits, have back seams that explode into a daisy design at the knee. Other accents include ribbons at the knee, clocks made of block-shaped embroidery.

Mrs. John D. Howell

W.M.U. Circles Meet

The Sue Carter Circle met in the home of Mrs. A. French. The opening prayer was given by Mrs. Ross Buzzard. A short business session was conducted by Mrs. Van C. Mills. The mission book, "Mandelbaum Gate," was taught by Mrs. Mills. The meeting was closed with a prayer by Mrs. E. E. Shelhamer. Eight members were present.

The Anita Low Circle met in the home of Mrs. Lee Moore. Opening prayer was given by Mrs. J. A. McLain. Mrs. Lida Ramsey was in charge of the business session. The Royal Service program, "Life of Bill Wallace," was presented by Mrs. A. L. Prigmore. Mrs. R. L. Souter closed with a prayer. Five members were present. The next meeting on Dec. 18, will be in the home of Mrs. A. L. Prigmore, 1145 Terrace.

The Jackie Shaw Circle met in the home of Mrs. R. L. McDonald. The prayer calendar for missionaries was read followed by prayer by Mrs. C. L. McKinney. During the business session conducted by Mrs. McDonald plans were made to prepare a Christmas basket. The Royal Service program, "Life of Bill Wallace," was presented by Mrs. C. V. Forsman. The closing prayer was given by Mrs. L. H. Green. Eight members were present. The next meeting Dec. 18, will be in the home of Mrs. T. V. Lane, 615 N. Somerville.

The Alene Hunt Circle met in the home of Mrs. Ed Cantrell. The prayer calendar was read.

The Ann Coffman Circle met in the home of Mrs. Ophelia Morris. The prayer calendar was read followed by prayer by Mrs. C. F. Pennington. A short business session was conducted by Mrs. E. E. Brown. The mission book, "Mandelbaum Gate," was presented by Mrs. Carroll Ray who closed the program with a prayer. Eight members were present.

20th Century Allegro Club Hears Origin of Christmas Celebrations

The social hour of a recent meeting of Twentieth Century Allegro was followed by a program, "Christmas: Wit and Wisdom — Fact and Fantasy," which was presented by Mrs. R. H. Cory.

She stated, "Christmas probably stems from the Roman Saturnalia which was a festival for Saturnus, god of agriculture and took place in the month of December."

"During the 17th and 18th centuries, groups of colonists, mainly Puritans, Baptists, Presbyterians and Quakers objected to Christmas, but members of the Church of England, the Dutch Reformed, Lutherans and Roman Catholics observed the occasion as a religious feast and followed carefully their traditional celebrations."

"Most of the Christmas folk customs came from England, Holland and Germany. An editorial passage in 'Brother Jonathan' in 1842 indicates that Christmas was already regarded as the children's celebration in New York, mentioning Santa Claus with his sleigh and gifts. A botanist describes a Christmas tree in San Francisco in 1860, and writes about evergreen and Christmas trees. A new element was added to the American Christmas about the middle of the 19th Century."

"This was the 'Carol philosophy' of Charles Dickens, which combined certain religious and secular attitudes toward the celebration into a humanitarian pattern. 'A Christmas Carol' gained quick popularity in the United States and has become and important, and apparently enduring part of the American Christmas. In fact some people believed that Dickens invented Christmas."

"In 1875, Louis Prang of Boston, a well-known lithographer, produced and sold the first Christmas cards in America."

"Santa Claus, also named Kris Kringle, St. Nick, St. Nicholas — in his earliest American appearances was regarded as the patron of children and a special gift-bringer. Thomas Nast began a series of Christmas drawings for 'Harper's Weekly' in 1863 in which he portrayed St. Nicholas as a large jolly, white-bearded figure dressed in fur partaking in various activities. During the past 50 years, Santa Claus has become a symbol of charity and generosity."

After showing pictures of early Christmas cards, Mrs. Cory concluded her program by reading Peter Marshall's sermon, "Let's Keep Christmas."

Mrs. J. R. Reeve, vice-president, conducted the business meeting.

Members attending were Mmes. Curt B. Beck, W. P. Bridges, R. H. Cory, George Cree Jr., J. W. Cundith, D. W. Hayes, John H. Horn II, R. A. Johnson, LeRoy Ogden, J. R. (See ALLEGRO, Page 19)

KKK NAMES BEST PLEDGE—Miss Linda Selman, center, Kit Kat Klub pledge, was crowned Best Pledge at the presentation dance. Other pledges were; seated, left to right, Pat Masterson, Judy Ross, Susan

Howard and Judi Johnson. Standing, left to right are; Jan Kilgo, Carole Gates, Linda Selman, Jan Brown and Gail Newlin.

Kit Kat Klub Presents Pledges at Dance

New members of Kit Kat pledge walked through "Emerald City Castle" onto the golden light Poom of the Coronado Inn brick road, out into the poppy field, they were given a white velvet pillow with white chrysanthemums by Janice Johnson. The room was transformed into "Somewhere Over the Rainbow in the Johnson and Master Rick Lue-Land of Oz", and as each rich, son of Mr. and Mrs. Jim

Luerich. The "Swing Kings", directed by Fred Stockdale, played "Somewhere Over the Rainbow" throughout the presentation.

Kit Kat Klub pledges of 1963 include Jan Brown, daughter of Mr. and Mrs. E. E. Brown, escorted by Hank Henry; Susan

Howard, daughter of Mr. and Mrs. C. G. Howard, escorted by Goodwin; Gail Newlin, daughter of Mr. and Mrs. W. C. Newlin, escorted by Fred Tinsley; Judy Ross, daughter of Mrs. Frieda Ross, escorted by Phil Smith and the season's Best Pledge, Linda Selman, daughter of Mr. and Mrs. A. D. Selman, (See PLEDGES, Page 19)

Club Marks Americanism Day

Members of the Varietas Study Club heard a program of great interest presented by Mrs. J. E. Kirschman during a recent meeting.

In introducing the Americanism Day program, Mrs. Kirschman suggested that the program quotation, "I am not afraid of tomorrow. I have seen yesterday and I love today," became our philosophy in view of the nation's tragedy. In speaking on her subject of Indians, she cited the increasing populations, the varying degrees of poverty, unemployment, the scarcity of schools, skills and teachers; and the need for roads, water and electricity. The same ills that American foreign aid programs are designed to alleviate in overseas nations, are existing on Indian reservations of our own country.

As a specific example she named the Jicarilla Apaches of northwest New Mexico where the Indians are struggling to move into the 20th century

which is possible because of oil and gas developments on reservations. Modern housing developments are in evidence, school attendance is increasing, a weekly newspaper has been founded for the tribe, and efforts are being made to induce industry to move into their region. To them it is "God's Country" and they are never happy while living away from it. To state political leaders. A day was spent by the girls at the capitol where Girl Staters assumed the roles of state officials. It has been her privilege to present a bill. She summed up her impressions of Girl's State by stating that the Girl Staters were 450 reasons to look to tomorrow with hope confidence and pride.

Lastly, she thanked the club for financially assisting the auxiliary to make the trip possible. Members present were Mmes. Tilden Armstrong, H. Price Doster, Lee Harrah, Dow King, J. E. Kirschman, R. W. Lane, Otis

where they became the active participants of the governments and elected their own officials.

They were advised by junior and senior sponsors, a junior sponsor at Girl's State this year was Johnlyn Mitchell, a former student of Pampa High School.

High points of experience were speeches by Governor John Connally, Jack Cox and other state political leaders. A day was spent by the girls at the capitol where Girl Staters assumed the roles of state officials. It has been her privilege to present a bill. She summed up her impressions of Girl's State by stating that the Girl Staters were 450 reasons to look to tomorrow with hope confidence and pride.

Lastly, she thanked the club for financially assisting the auxiliary to make the trip possible. Members present were Mmes. Tilden Armstrong, H. Price Doster, Lee Harrah, Dow King, J. E. Kirschman, R. W. Lane, Otis

Nace, Luther Pierson, Sherman White and Cecil Dalton.

Guests attending were Mrs. J. Harold Hughes of Abilene, and Misses Carol Chase and Laurie Graay.

Mrs. Cecil Dalton, 1011 Christine, was hostess for the group.

Mrs. Sherman White presided during the business meeting as plans were made to entertain the Senior Citizens and the club voted to endorse the candidacy of Mrs. Kermit Lawson as third vice-president of the Top of Texas District. Mrs. H. Price Doster gave a resume of the resolutions adopted at the fall board meeting of the Texas Federation of Women's Clubs. These resolutions concerned Traffic Safety, Civil War Centennial, Psychological Testing in the Public Schools of Texas and Guadalupe Mountains Park.

The next meeting will be a Christmas program in the home of Mrs. W. A. Wagoner, 1308 N. Russell, Dec. 10, at 2:30 p.m.

Who's Who Lists Pampa Civic Worker

Mrs. Jack P. (Adrienne) Foster, 1228 Williston, well-known Pampa woman, has been listed in the third edition of Marquis Who's Who Inc. "Who's Who in American Women".

Mrs. Foster has served in civic, culture and social organization on the local, state, national and international levels.

She was named "Woman of the Year" by Beta Sigma Phi in 1954.

The wife of Jack P. Foster, Mrs. Foster is the mother of Suzanne Wade and co-owner in her husband's business.

"Who's Who of American Women" is a biographical dictionary of notable living women who have achieved the status of being outstanding as women without regard to their accomplishments or positions in relation with men to stress the woman who stands out from her sisters.

TO BE MARRIED

Miss Jon Naylor

Mrs. Roberta Wood, 908 E. Francis, announces the engagement and approaching marriage of her daughter, Jon Naylor to Bryann C. Speck; son of Mr. and Mrs. A. D. Speck, 1328 Garland. The wedding is planned for December 22 in the First Baptist Church. Friends of the couple are invited to attend.

Business Meeting Held by Auxiliary

Ladies Auxiliary to Pampa Post No. 1657, Veterans of Foreign Wars, met Tuesday in the V.F.W. Hall for a business meeting.

Mrs. O. F. Kreimeyer called the meeting to order and Mrs. Carl M. Wright, chaplain, gave the opening prayer. Members joined in the Pledge to the Flag. Mrs. Emmett Gee, secretary, read the minutes and the official correspondence. Thank you notes received from members who had received bud vase while they were ill were read. A note of appreciation for tray favors was received from Worley Hospital.

The resignation of Mrs. Mack Taylor, conductress, was accepted. Mrs. Vernon Stuckey will fill the vacancy. Applications for three new members were read and approved.

Members approved a motion to make lap robes for Amarillo Veterans Hospital. The local chapter of American Red Cross will furnish the materials needed.

Announcement of a turkey dinner to be furnished by Pampa V.F.W. Post No. 1657 for members, families and Auxiliary members, Dec. 10, at 7 p.m. in the V.F.W. Hall was made. Names of children to attend the Annual Christmas Party will be distributed at this meeting.

Plans were made for an Auxiliary Christmas party, Dec. 13, at 7:30 p.m. in the City Club Room. There will be a gift exchange and secret pals will be revealed at this time. Canned food should be brought for the Christmas basket which is being made up for the same family that received a Thanksgiving basket from the group.

The meeting closed with ritual. (See AUXILIARY, Page 19)

Miss Myrna Montgomery

MIAMI (Spl) — Dr. and Mrs. S. J. Montgomery announce the engagement and approaching marriage of their daughter, Myrna, to Wallace Cheek, son of Mrs. Winona Brusstar of Miami Beach, Fla. Miss Montgomery is a graduate of Pampa High School and Wichita University. The prospective bridegroom is a supervisor of Special Education at Northeast Independent School District in San Antonio. The wedding will take place December 26, in the home of the bride's parents.

New Officers of Desk and Derrick Will Be Installed Thursday Night

Mrs. Doris Thomas of Amarillo will conduct a Candlelight Installation Ceremony for the 1964 officers of Pampa Desk and Derrick Club on Thursday at the Coronado Inn.

Mrs. Thomas is currently serving as Region V Director of the Association of Desk and Derrick Clubs. She will serve as Association treasurer in 1964. An employee of Harrington and Marsh, she is a past-president of Amarillo Desk and Derrick Club.

The 1964 officers of the Pampa D and D are Miss Knoxline Russell, president; Cabot Corp.; Mrs. Jean White, vice-president, Creel Grady Co.; Mrs. Mildred Scott, secretary, Cabot Corp.; Miss Donna Day, treasurer, Studer Oil Co.; Mrs. Selma M. Heard, immediate past-president, Northern Natural Gas Co.

The two members of the Board, elected to serve two years, are Mrs. Helen Danner, Railroad Commission of Texas; and Mrs. Helen Sams, Thurmond - McGlothlin. Holdover members of the Board are Mrs. Marie Horn, Railroad Commission of Texas and Mrs. Betty Conatser, Frontier Perforators.

The purpose of Desk and Derrick is "...to promote among the women working in the petroleum and allied industries,

Mrs. Doris Thomas, installing officer through informative and educational programs, a clearer understanding of the industry which they serve, to the end that the enlightenment gained thereby may increase their interest and enlarge their scope of service.

Astronomers Can Really Stargaze

NEW YORK — Does your interest in stargazing go beyond the romantic?

Consider a career in astronomy. Since the advent of the space age the demand for astronomers has grown; this could be a good choice for students who excel in science and mathematics.

As an astronomer, you can be an "explorer," working at an observatory collecting data on

Pampa Pound Pirates Are Continuing To Win In the Battle of the Bulge

New officers have been elected by the Pampa Pound Pirates, local chapter of TOPS. They will be installed during the first meeting in January. They include Mrs. Eugene Leigh, president; Mrs. Bobby Alsbrook, vice-president; Mrs. Everett Cole, treasurer and Mrs. Richard Blain, secretary-reporter.

The club has also voted to buy a scale and to establish a Queen Fund. They will give tribute to a weekly queen, the member losing the largest amount. Each club member will donate one piece of fruit to this winner each week and the winner at the end of the month will receive the money from the Queen Fund.

Gainers are being fined one wash cloth for one pound; a hand towel for two pounds and a bath towel for three pounds. The winners will be given to the best loser at the end of three months.

Two new members, Mrs. Bobby Alsbrook and Miss Mary Hawthorne, have been welcomed into the club.

A "red pig" will go home to spend a week with any gainer. Mrs. Richard Blain was named Queen for October with a weight loss of six pounds. Mrs. Joe Kaes was runnerup with a loss of four pounds. Weekly Queens have been Mrs. Joe Kaes, Mrs. Leon Brown and

objects in space; a teacher at a college or university, possibly combining teaching with research; a government or industry employee, putting astronomical findings to practical use. To become an astronomer, you need a Ph.D. degree; your college major can be astronomy, mathematics or physics.

Mrs. Richard Blain. Queen for November was Mrs. Joe Kaes with a loss of five pounds. Mrs. Blain was named runner-up with a loss of four pounds.

Club members lost a total of 22 pounds in October and 19 pounds in November.

Guest speaker for the group recently was Mrs. Joe B. Griffin with a program on decorations for candles.

Mrs. Eugene Leigh will do a hand analysis for the winner this month; and Mrs. Richard Blain will make a table decoration.

New members are welcome to the club and may obtain further information by calling Mrs. Leigh at MO 4-4339, or Mrs. Blain at MO 5-4128.

The group meets every Monday at 1 p.m. in the Hospitality Room of Citizens Bank.

If enough interested persons can meet, the group will form a night unit, according to Mrs. Leigh, president.

Knee-Cappers Are A Slimming Choice

NEW YORK — If a few extra pounds are making you look terrible in pants, heed these tips on how to look slimmer while you get slimmer: Try culottes, especially if hips and thighs are your biggest problem. Knee-cappers or Bermudas also are a good choice. For less active sports, nothing is so flattering as an A-line wrap-around skirt, which pares away hips and tummy. Avoid anything that accentuates figure problems (stretch pants, knit tops, T shirts) and anything bulky.

Week of Prayer Slated At First Baptist Church

The Woman's Missionary Society of the First Baptist Church will observe the Week of Prayer for foreign missionaries Dec. 9-13. There will be a program and prayers each morning in the church parlor at 10 o'clock.

The theme for the week will be "Crown Him Lord" and the daily programs are "Among the Peoples of the Orient", "Among the Peoples of Africa, Europe and the Near East", "Of Every Kindred, Every Tribe", "Among the Peoples of Latin America", and "Crown Him Lord of Life."

A Little Moon Christmas offering will be taken every day. Everyone is invited to attend these programs.

Cartons Make Gala Wrapping for Gifts

NEW YORK — Wrap your precious gifts in sparkly little chalets and churches you build yourself.

It's easy to make the pretty packages out of milk cartons. First, gather your supplies — scissors, glue, straight pins, tape, lots of lacy doilies, colorful paper, and all the glitter and Christmas balls you can find. (Poster paint mixed with about a teaspoon of fine soap flakes will cover the waxed milk cartons.) When your houses are finished, place your gifts inside and tape the cartons together again.

Start now to collect milk cartons in four sizes: quart, pint, two-quart and gallon. Use colorful paper to make roof tops and windows. Fold paper in half for doors, and write the message inside. Then use your ingenuity to make the prettiest, sparkliest designs you can think of.

Manners Make Friends

Before a visit to a new beauty salon, ask friends who are customers who and how much to tip.

SHOP TALK When you shop for clothes, keep in mind the facts that they should fit well and feel comfortable. If a skirt is skintight, it's not only restraining, but it's not even fashionable.

Scouting Scoops

SUSAN DAVIS
Senior Troop 38
With Thanksgiving behind us and Christmas coming up sooner than we think, Girl Scouts and everyone for that matter, should stop a moment and review. Although it was celebrated last week, we should never cease in our thanks for what we have.

Then comes Christmas, like the year's first snow, erasing the past and preparing us for a fresh new year. Is it not then appropriate that we should be thankful and pause to think.

Following this pattern, Scouts look back on the old program and remember it. This is the program that started most of us in scouting, and by it we have grown. It was always beside us to guide and help us in our growing years.

Then let us look ahead to the new program, still based on the same principles, it is rich with new ideas and fresh hopes for the future. Does it not follow

the pattern of the current season. Let's not forget the old way, or throw it out, but rather move it over and make room for the new one.

One last word, by the time you read this the parade will be over, but scores of Girl Scouts will be participating in the Santa Day Parade.

See you next week.

Pledges

(Continued from Page 17)

escorted by Richard Organ; Linda was crowned by last year's Best Pledge, Jan Wells.

Janie Leurich, vice-president, presented the sponsors, Mrs. Bill Terrell and Mrs. Ben Organ, with gifts from the club. Marilyn Davenport, president, introduced the "Swing Kings" under direction of Fred Stockdale, who presented dance music throughout the evening.

Wom Schedule Christmas Party

Pampa Women of the Moose met recently at the Moose Home, 401 E. Brown, to prepare baskets for needy families to be given at Thanksgiving and Christmas.

The Christmas party, scheduled for Dec. 17, was announced. Members will bring gifts for exchange and games will be played, followed by refreshments.

Plans for serving Senior Citizens in January were discussed and the dance set for Dec. 18 was reported to have been rescheduled for Dec. 11. The Ink Spots will provide dance music. Members and guests may attend through obtaining immediate reservations.

Try Apple-Nog Noel This Year

By GAYNOR MADDOX
Newspaper Enterprise Assn.
For Yuletide parties or for Christmas dinner, special desserts are in order. This Apple-Nog Noel is made in a fancy mold and garnished with glace fruit and whipped cream. It's the invention of Grace Manney, noted for her way with a can of applesauce.

APPLE-NOG NOEL

2 envelopes unflavored gelatin
1/4 cup cold water
1/2 cup sherry, heated (x)
2 cups canned applesauce
2 eggs, beaten
1/4 cup sugar
2 cups light cream
Dash salt
1 teaspoon vanilla
1 cup mixed-chopped glace fruit

1 cup heavy cream, whipped
Softened gelatin in cold water; dissolve in warm sherry. Cool slightly, and stir into applesauce. In top of double boiler, mix eggs, sugar, light cream and salt. Cook and stir over hot water until mixture is slightly thickened and very smooth; stir in vanilla and cool. Combine applesauce and egg mixtures; stir in glace fruit. Chill until very thick. Fold in whipped cream. Turn mixture into a rinsed 1 1/2 quart fancy mold and chill until firm. To serve, turn out and garnish with additional glace fruit, or with cherries and whipped cream. Makes 6-8 servings.

(x) Or use 1/4 cup apple juice and 1 tablespoon rum extract in place of sherry.

Allegro

(Continued from Page 17)

Reeve, R. E. Reid and Charles Walsh Jr.

The group met in the home of Mrs. John H. Horn II, 915 Christine with Mrs. W. P. Bridges as co-hostess.

The next meeting will be held Jan. 7 at 1940 Fir.

Auxiliary

Double Ring Ceremony Weds Pampa Couple in First Christian Church

The wedding of Connie Rae Kuntz and Ronald Joe Wheeler was held in the First Christian Church, November 27, at six-thirty in the evening. Rev. Glynn Adsit read the double ring ceremony before a background of fall colored chrysanthemums. Mrs. John Gill, organist, presented traditional wedding music and a special solo, "Ave Maria."

Parents of the couple are Mr. and Mrs. Lloyd Kuntz, 1207 E. Francis and Mr. and Mrs. Leo Wheeler, north of the city.

BRIDE

Given in marriage by her father, the bride wore a street length dress of white tulle fashioned with a bateau neckline and elbow length sleeves. A lace overlay covered the bodice. Her veil of bridal illusion was secured by a tiara of seed pearls, and she carried a bouquet of white carnations, with white and blue streamers, on a white Bible.

ATTENDANTS

Attending the bride as maid of honor was Miss Louise Richardson. She wore a royal blue suit with matching accessories and a corsage of white carnations.

Bill Kidwell attended the bridegroom as best man. For her daughter's wedding, Mrs. Kuntz wore a beige and gold dress of polished cotton

Obtain an Early American 'Look'

NEW YORK — The newest teen holiday fashions have an old-fashioned flavor.

Country calico, quilting, blanket plaid, smocking, lace and pastels give Colonial charm to at-home clothes. High waists, long sleeves and choir-girl collars complete the effect.

Cotton calico ranges from bright, light tones to wear all year to deep-toned quilting for a warm winter look. Long dirndl skirts come in patchwork patterns or quilts; slim patchwork pants are quilted. Braid trimming creates a vest effect on long quilted calico, or trims real vests to wear with ruffy white blouses and long skirts.

Pastel pinstripes lend an ear-

Lynda Bird Johnson Goes to Class With 'the Brigade' Close Behind

By RETTA BAKER
Written for
United Press International
AUSTIN (UPI) — How does it feel to be living in the same

ly-American look to ankle-and street-length dresses. Pale aqua, peach and lilac come in long-sleeved Empires with white collars and cuffs, or cording at the neck and waist. The jumper look stars in shifts or make-believe blouses to wear with white crepe or organdy blouses. Dotted swiss, lace, ruffles, smocking and embroidery give long-sleeved blouses an old-fashioned femininity. They go best with soft, textured skirts in complementary pastels.

dorm with the President's daughter?

It is a most delightful experience if she is Lynda Bird Johnson, 19, elder daughter of President Lyndon B. Johns.

I am a student assistant here in Kinsolving Dormitory at the University of Texas, where things are generally pretty lively — as any building would be which housed 800 coeds.

Even before I had met Lynda early in September, I had noticed her as one of the more active and vivacious girls. Regardless of her new title of "President's daughter," Lynda is an extra special person.

Pace Quickens

The dorm pace quickened on Sunday night when Lynda returned from Washington with six secret service guards. The speculation among the other students had been increasing all week as to when Lynda would return and if she would be able to stay in the dorm.

I was working at the reception desk when Lynda arrived. She looked as calm and poised as ever and went about getting her baggage up to her room very quickly with the help of her roommate, Ruthie Hartman of Laveria, Tex., and some other friends.

Lynda likes to call her guards "the brigade" when they escort her to class. She is a good student, taking 19 hours, and keeps busy all the time. The agents have to hurry to keep up with her as she is a quick walker.

Just Made It

Lynda is usually on time but seldom ahead of time. She came to the lobby Monday morning with just enough time to make it to class.

"Come on sir," she said, "we are late."

The Secret Service men maintain a desk in the "fishbowl" — the glassed-in office at the entrance to the dorm. They don't go upstairs, but Lynda has two telephones in her room on the third floor and an intercom system is being put in.

All but one of the agents are married and the girls have established a brotherly relationship, feeling very natural and friendly to the well-mannered men as they move about the dorm, go to class and sign in and out for the evening.

The girls, being girls, feel free to joke with the agents.

Senior Center Corner

By MRS. O. A. WAGNER
Senior Citizens Center

When shopping for gifts, though it's hard to decide what others would like, I see plenty that I'd like. (Elinor Rose)

Most everyone was too busy playing games to tell me about their company or trips over Thanksgiving. But dinner guests of Mrs. Mollie Hethcock were Mrs. Jessie Van Huss, a granddaughter, Miss Dewina Hethcock and Yours Truly.

Miss Glenna Deal will remain here with her mother, Mrs. Maggie Deal, until the first of the year when she will be reassigned. She has been a government employee overseas for several years and returned to Washington D. C. in the fall where she underwent major surgery. Guests of Mrs. Deal over the holidays were two cousins, Mrs. Mittie Comford of Amarillo and Mrs. Lora Webb of Los Angeles and Miss Helen Wilson of New York. Mrs. Ila Arthur, a daughter who lives in Pampa, came over and they all enjoyed slides she had made in Europe when she visited her sister last spring.

Mr. and Mrs. Douglas drove over from Clovis Thursday for an overnight visit with his father, P. G. Turner and wife. Cards were signed and sent to Mrs. Bessie Nicholson and B. C. Rogers who remain in the Highland General Hospital.

Was good to see Mrs. Ollie Staton and C. C. DeMoss who were recently released from the hospital. Mrs. E. B. Smith is now at home with her foot in a cast and would love to have company and telephone calls.

Mrs. C. W. Thompson's father is visiting her from Fort Collins, Colo. and was a visitor at the Center Thursday. He will go on to Truth or Consequences in a few days. Mr. Lawrence used to live south of Pampa many years ago and has many friends here.

Miss Lucy Herlacher's sister, Mrs. W. H. Tarbox, came from Spearman and they went to Groom for Thanksgiving dinner with another sister, Mrs. T. G. Fields. Later they all went over to the Veterans Hospital in Amarillo and visited with their brother, Frank Herlacher. He was not doing so well for awhile, but Miss Herlacher reports that he is improved.

Guests of Mrs. Lizzie Collins was her daughter-in-law, Mrs. Lucille Collins and daughter, Carol Sue of Lone Grove, Okla. last week end. They went on to New Mexico to visit with other relatives before returning to their home.

Guests of Mr. and Mrs. A. H. Burgin over the week end were their daughter and family; Mr. and Mrs. Bill Lowe and two children, from Hebbronville, Tex.

Visiting with Mrs. F. W. Osborne were Mr. and Mrs. J. R. Youngjohn and two children from Valparaiso, Ind. Mrs. Youngjohn is a granddaughter. R. W. Tucker and daughter, Mrs. Perry Gaut drove up to Asa, Okla. and spent Thanksgiving with Mr. and Mrs. Autmiller, then drove on to Hot Springs, Ark. for another short visit before returning home Sunday. Mrs. Autmiller is a daughter of Mr. Tucker. Mr. Autmiller teaches at the college in Ada and is a former teacher in Pampa schools.

Guests this week in the home of Mr. and Mrs. C. E. DeMoss are their friends, Mr. and Mrs.

Ed Stine, Wichita Falls.

Mr. and Mrs. Jay Evans drove over to Amarillo Wednesday and spent the day with Mrs. Evans' daughter, Mrs. Wanda Oates and family.

Guests of Mrs. Elma Bailey Thanksgiving were Mr. and Mrs. Glen Shonerstadt and Mr. and Mrs. Marvin Bowman and children of Amarillo. Mrs. Bowman is a granddaughter of Mr. Bailey and Mrs. Shonerstadt is a granddaughter of Mrs. Bailey.

Mr. and Mrs. Fred Cullum are leaving today for El Paso to see their great-grandson, Mr. and Mrs. Henry Atchinson are the proud parents. Their daughter, Mrs. Lib Mitchell of Omaha arrived Friday to join them on the trip. Mrs. Mitchell is the proud grandmother.

Hostesses were Altrusa Club members. Those celebrating birthdays were Mr. and Mrs. DeMoss, Mrs. Norris and Mrs. Katie Vincent. Guests this week were Mr. and Mrs. O. A. Davis and Mrs. Davis' sister, Mrs. Edna Davis Ford from Sun City, Ariz.

The birthday cake was white, decorated with poinsettias, baked by Mrs. Emily Coston. Ice cream and coffee were served with it during the refreshment hour.

Altrusans serving this week were Mmes. Emily Coston, Charlene Yeager, Ann Kay, Lilian Snow and Miss J. Flanagan.

Gray Ladies providing transportation were Mmes. Jess Hatcher, O. F. Krelmeyer and Ruth Alexander.

The Christmas party will be held Dec. 12, and then the meetings will adjourn until the first Thursday in January.

So long—and God's richest blessings be yours.

Love, Mrs. Wagner

Fool the Eye With Hairdos

NEW YORK — Wear your hair up, but not up... with bangs that aren't always there... with leftover layers that don't look it.

Hairdos that fool the eye can add excitement to evening. A style that's up and down at the same time has a pony tail on top made from front hair only. A sleekly curved-under hairdo spotlights six-inch-long bangs that can be worn down or back. And "growing-out" hair with shorter top layers can be poufed at the crown, with the back in a long pageboy.

Fine hair that's hard to keep in place flourishes in a blunt, almost shoulder-length cut with brushed-back crown. To set, wind three large rollers back vertically. Across back, wind down three rows of three large rollers each, then wind two rows of three small rollers upward.

To comb out, part off crown section, then brush it back and secure with an elastic band. Brush the hair into a pouf, pinning the ends under neatly. Top it with a satin rose for evening, a bow for school. Brush the sides back and flip up the ends all the way around.

For all styles, begin with shiny shampoo-clean hair, a good setting lotion; finish with hair spray.

Program On Early Colonial Leaders Heard By Members of Civic Culture

An Americanism program in the form of a panel discussion was given by Mrs. A. D. Hills, Mrs. Frank Grantham and Mrs. H. S. Alexander to members of the Civic Culture Club which met in the home of Mrs. Carl Axelson recently. The panel was costumed in Colonial dress.

Mrs. Alexander, in reporting on George Washington and his influence on our country said, "In this age of new nations requiring millions of dollars in aid, we thank God for our forefathers who literally founded our nation with their bare hands. They had nothing but faith, hope and a tremendous amount of courage. It was in 1621 that they originated a day of Thanksgiving."

"More than a hundred years later, George Washington, the father of our country was born. It was his wisdom and guidance which helped give our nation a birth of freedom," she said.

Mrs. Grantham gave information on the Declaration of Independence and its author, Thomas Jefferson, saying that Jefferson championed the natural rights of all individuals and

the emancipation of all slaves and wrote it into the declaration of rights. It was repudiated by two of the states and stricken from the document before final passage. How differently things might have been now if Jefferson's wisdom had been heeded then. She urged all to hold ever higher and burn ever brighter our torch of freedom which was lit by this great American, Thomas Jefferson.

Mrs. Hills said, "The torch of freedom was also lit by Patrick Henry. In 1764, he was elected to the Virginia House of Burgesses where he soon became a leader. He upheld the rights the Colonies were guaranteed by their charters."

"He gave his most famous speech at a convention which met in the old St. James Church in Richmond in 1775. He was urging greater military preparedness on the part of his own colony when he said in part, 'Is life so dear, or peace so sweet as to be purchased at the price of chains or slavery? Forbid it, Almighty God.' Then he turned to those who were faltering and said, 'I know not what course

others may take; but, as for me, give me liberty or give me Death.' He became the first governor of the commonwealth of Virginia and served several terms," Mrs. Hills concluded.

Mrs. K. A. Sorenson, president, presided during the business meeting. Plans to hold a (See PROGRAM, Page 21)

High Plains HD Club Holds Meet.

Members of the High Plains Home Demonstration Club met in the home of Mrs. Joe Masengale to exchange ideas on Christmas gifts which could be made at home. Each member brought an item which was being made for a gift.

Refreshments were served to the 10 attending members. Announcement was made of the Dec. 10, meeting of all Gray County Home Demonstration Clubs which will be held at the Court House Annex in the form of a Christmas party and gift-exchange.

COUNCIL CHRISTMAS COFFEE — Members and guests of the Pampa Council of Women's clubs enjoyed a coffee Thursday. Pictured left to right are Mrs. Bruce Riehart,

(News Photo)

Council of Clubs Holds Coffee

Members and guests of the Pampa Council of Women's Clubs met Thursday in the City Club Room for a business session and program, following a coffee hour.

The serving table was covered with a Christmas green cloth inscribed "Merry Christmas" and centered with a flocked centerpiece holding a large white candle. Mrs. Bruce Riehart, vice-president of the Council presided at the silver coffee service, assisted by Mrs. Jess Beard, secretary of the Council, and Mrs. R. A. Mack, Council president.

Mrs. Lonnie Richardson presented a vocal solo, "O Holy Night", assisted at the piano by Mrs. Fidelia Yoder who also played the first movement of "Moonlight Sonata" to entertain the group.

Mrs. Evelyn Pierce Nace gave a Christmas reading, "The Night My Father Came Home" which depicted changes in persons that are directly related to the coming of Christmas. Guest speakers of the group included Keith Griffin, Pampa Key Club member, who spoke to the group on the Pilgrimage to be held in Pampa on Dec. 21. He told members and guests that Pampa has received nationwide publicity due to this Pilgrimage and urged all club representatives to relay the information to their respective clubs. He stated, "You go to your church and I will go to mine; but, let's all walk together."

John Warner and Burt Queen, representing the Pampa Junior Chamber of Commerce, gave additional information on the Children's Shopping Tour, a community project to allow children in the community ages 8 to 12, to buy gifts for brothers and sisters and parents, that might not be able to without this assistance. Couples are needed to take these children shopping. Warner asked that any couple wishing to aid in this manner call a member of the Jaycees or write to the organization, Pampa Jaycees, Pampa, Tex. Funds to promote this project are badly needed, he stated. He urged all clubs or individuals to contribute money to this community endeavor. Following the shopping tour, the children and chaperones will meet at Fellowship Hall of First Methodist Church and wrap

their purchases with materials that are being donated by several Pampa merchants. Refreshments will be served at this time. Money and names of couples wishing to help need to be listed by Dec. 16 in order that complete plans may be made by Dec. 21, the afternoon of the shopping tour.

Thirty-six members and guests

ENGAGED

Miss Judy Casey

Mr. and Mrs. John Casey, Laverne, Okla., announce the engagement and approaching marriage of their daughter, Judy to William Clayburn Light, son of Mr. and Mrs. O. L. Light of Dublin, Tex. The wedding is planned for December 11 in the Church of the Nazarene in Laverne.

● Couple

(Cont'd from Page 19)

green brocaded satin suit with matching accessories and a carnation corsage.

RECEPTION

The parents of the bride entertained with a reception in their home following the wedding. Miss Barbara Browning presided at the punch bowl and Miss Pat Stewart served the cake.

Registering guests was Mrs. Judy Stenbridge.

For a short wedding trip, the bride chose a suit of royal blue wool, matching accessories and flowers from her bouquet.

The couple is now at home at 422½ Hill. The bride is employed with Montgomery Wards and the bridegroom is associated with Highland Homes.

● Program

(Continued From Page 20)

dinner for the husbands and guests at the Black Gold Restaurant, later going to the home of Mr. and Mrs. Emmett Osborne. This event was scheduled for Dec. 10.

Members attending were Mrs. Louise Sewell, K. A. Sorenson, W. C. Scott, Emmett Osborne, George Neef, W. J. Morris, A. C. Houchin, A. D. Hills, F. R. Grantham, R. E. Dauer, Irvin Cole, Carl Axelsson and H. S. Alexander.

BACK TO BACK

Few take the time to give much care to the back. But, with fashion designers baring backs and exposing more shoulders, it is essential that these areas get a fair share of beauty treatment. When bathing use a back brush or a stimulating loofah sponge. Smooth a cream or lotion over your shoulders to rid them of any rough spots.

Take It From Kathy

By Kathy Peterson
Newspaper Enterprise Assn.
Dear Kathy: Maybe I'm a coward but I just can't seem to say "no." Please understand. It's always getting me into trouble.

One of my biggest problems is that last stretch on the way home from a date. I get chatty, silly and do everything I can think of to keep things in high gear, because I know I won't be able to say "no" if he gets ideas about stopping on the way home or kissing me good night when I'd rather he didn't. Can you help?—J. O.

Dear J. O.: When you're a tot, "no" is a sign of rebellion and completely taboo. Parents spend so many years teaching you to be polite that the word

"yes" begins to seem like a pass to popularity. It isn't. As a teen, you need that rusty little "no" for lots of situations. Habit can make you feel vaguely guilty at first about using "no." Many girls think a boy will be angry or actually dislike them unless they keep nodding agreeably about everything. It ain't so.

Everyone likes to be understood. Sort out your thoughts so you can talk of the things you believe. A discussion is easier and more fun than a one-word revolt. Try for understanding, but make up your mind to stand your ground on moral issues right down to that plain, unvarnished and emphatic, "NO."

Cheese Ball A Choice Snack

Snacks and hors d'oeuvres, to live up to their lofty party status, must be eye-appealing in form and varied in their offering. Versatile cheese helps them meet both of these requirements, as proved by an easy-to-make cheese ball recipe developed by the Borden Kitchen. The cheese ball, making a choice spread for crackers, owes its special taste appeal

Cheese Ball 'N' Crackers
(Makes one 5-inch diameter ball)

- | | |
|---|--|
| 2 (3-oz.) packages
Napoleon Brand
Roquefort Cheese | 2 tablespoons sour cream
1/2 teaspoon celery flakes,
crushed |
| 2 (8-oz.) jars Blue Brand
Pasteurized Process
Cheese Spread | 1/2 teaspoon instant minced
onions |
| 1 teaspoon brandy or brandy
extract | 3/4 to 1 cup chopped fresh
parsley* |

In small mixer bowl combine all ingredients except the fresh parsley. Beat until well blended and fluffy. Turn onto piece of aluminum foil large enough to wrap completely around the mixture. Pull foil up around mixture to form a ball. Chill in refrigerator about 8 hours, or until firm. About 30 minutes before serving time remove from refrigerator. Using the foil wrap, round up ball. Remove foil. Roll ball in chopped fresh parsley. Serve with crackers for hors d'oeuvres.

* 4 to 6 tablespoons parsley flakes may be substituted for fresh parsley.

HUG THOSE SPONGES

Even though synthetic sponges are superdurable and hold lots of suds, it's best to squeeze rather than to wring them.

English Throne To Have Four New Heirs

LONDON (UPI)—Four royal babies are expected early next year—a situation believed to be unique in the annals of British royalty.

Princess Margaret is the latest to announce that she is expecting a child. It was disclosed Monday that she expects her second child in April.

Princess Alexandra, 26, the queen's cousin, is due to have her first baby in January or February.

Queen Elizabeth II, 37, expects her fourth child in February or early March.

Margaret, who is 33, will have her baby in late April, a Kensington Palace announcement said.

The Duchess of Kent, 30, Alexandra's sister-in-law, is due to have her second child in May.

Margaret and her husband, former photographer Lord Snowdon, "are delighted," their press secretary said.

The couple are known to want a daughter as a companion to their son, David, Viscount Linley, who celebrated his second birthday Nov. 3.

Friends said Margaret and her husband delayed the announcement of her pregnancy so as to give the other royal mothers-to-be their full share of the spotlight.

The child will be seventh in

Dear Abby.... Buy Him a 'His' Chair, He'll Love It

By ABIGAIL VAN BUREN

DEAR ABBY: We have a problem for which there seems to be no solution. I asked my minister, and he just laughed and said, "That's a good one for Abby!" We are very friendly with another couple and we visit back and forth very often. When they come to our house they bring along an in-law who recently lost his wife, and is lonely. This in-law weighs about 400 pounds. He is a very nice person and we truly enjoy his company but, Abby, our furniture is beginning to break down under his weight. Can we diplomatically ask our friends not to bring this man to our home, and explain why? We have had to replace the springs in our best chair, and now the other one is going. Please help us.

DESPERATE

DEAR DESPERATE: There are no words diplomatic enough to salvage a friendship after asking friends to leave a lonely in-law at home because he's too heavy for one's furniture. Go to a second-hand store and find the sturdiest and least expensive chair available. Buy it and call it "his" chair. No one will care what it looks like. They'll love you for it.

DEAR ABBY: We are not kids. I am 25 and he is 29. He says he wants to marry me, but he wants to be sure we are compatible first. So he has suggested that we have a trial living-together period for about three months to be sure. We have

it never occurred to me that we wouldn't be compatible when married. He tells me that automobile dealers let you drive a car before you buy it, and candy dealers always give samples, and I can't think of a logical reply. Only I know he is wrong. Can you help me?

STUMPED

DEAR STUMPED: A woman is neither an automobile nor a batch of candy. Tell him nothing doing. He will have to take his chances with you, just as you are willing (or had been!) to take yours with him. (P.S. Give this prospect some more thought.)

DEAR ABBY: When should a girl's father stop kissing her on the lips? Many girls have this problem, but I don't want to solve it my own way for fear of hurting Dad. Please print this, as I know it would benefit many.

"SAY WHEN"

DEAR SAY: If Dad's embrace is innocently offensive, tell him so, and offer your cheek. There are no set rules. That's a family affair.

CONFIDENTIAL TO KAREN: He sounds like a "swell" boy—with a head to match. Ask him to return your bracelet.

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 3365, Beverly Hills, Calif.

Hate to write letters? Send one dollar to Abby, Box 3365, Beverly Hills, Calif., for Abby's new booklet, "How To Write Letters For All Occasions."

A BLANKET RULE

When you launder fine wool blankets, use the wool setting or the fine fabric setting on your automatic washer. Wash and air woollens often to help protect them from damage by insects and dust.

New Officers Of TOPS Will Be Installed

Mrs. Irene Rodgers was named Queen for the week at a meeting of the Square Shooters, Mobette chapter of TOPS Monday. Club members has lost a total of 21 pounds.

Hostesses for the meeting were Mrs. Dorothy Mixon and Mrs. Georgia Corse.

Roll call was answered with "five reasons I want to lose down to my goal."

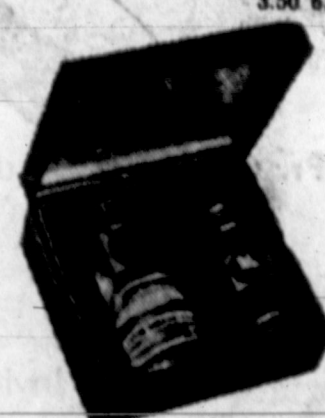

Installation will be held Monday at 2:30 p.m. Hostesses for the meeting will be Mrs. Eula

ABET NATURE
Your lips and the delicate skin around your eyes need special attention. Nature, it seems, did not provide as much protective lubrication for these areas as she did for the rest of our skin. Many firms have special lubricating eye creams for use at night and during the day under make-up. One firm has introduced an eye oil stick and lip emollient stick. These are to be applied under make-up and before going to bed. For best results, use these emollient-rich aids with every touch-up.

Johnson and Mrs. Mary Mixon. The program "Bacteria and Germs" was followed by a quiz on all past programs.

Make The Most of Height

By ALICIA HART
Beauty Editor

Newspaper Enterprise Assn. NEW YORK — (NEA)—Small children in her neighborhood point at her when she walks down the street. And, as children often do, they call her names. Their favorite is Lady Giant, but their tones when they shout after 6-foot, mezzo-soprano Elinor Parker are not

malicious. In return she greets them with a friendly smile. As a young girl growing up in California, Miss Parker was far from sunny about her height following a summer in which she grew six inches while her high school classmates seemed to shrink.

"I was all arms and feet and legs," she said while stopping here en route to Italy for an operatic season. "I suffered and I sympathize with girls who tower over their friends."

"Keep your sense of humor, or develop one, when those in the school halls make some cutting quip," she says. "I soon learned that often they made remarks trying to be clever or cute. They really didn't intend to hurt."

"So come back with a big smile instead of hunching your shoulders and skulking into the classroom. Whatever you do, don't slouch."

She laughingly revealed that her mother's sharp knuckles between her shoulder blades helped her stand up straight. She also was enrolled in acrobatic and ballroom dancing classes and other lessons that helped develop grace.

But these lessons helped little when she discovered beds in Germany, for example, were too short for her. She solves this predicament while touring by putting the mattress on the floor. A tall girl needs to be inventive, too.

If you are looking for styles that cut height but flatter, Miss Parker suggests you shop for dresses and suits with peplums or with broad diagonal stripes. Big collars, big cuffs and chunky jewelry also are illusory.

However, she abhors the flat shoes, no hats or no elaborate hair styles routine that most tall women adopt in an effort to fool themselves into thinking they are really petites.

"If you are tall, act tall," she advises. "High heels make the legs look prettier and what man doesn't like to look at pretty legs?"

ELINOR PARKER: "When 6 foot 3 in heels, you learn to laugh at jibes."

Create A Party Ham With Sauce

8 pound boneless, skinless cooked ham
1/4 cup honey
2 teaspoons Kitchen Bouquet
1/2 teaspoon ginger
1 1/2 cups red currant jelly
1-3 cup lemon juice
1 teaspoon prepared mustard
1/2 teaspoon powdered cloves
Have thin transparent wrapper removed from ham.

Have meat man slice ham in 1/4" slices and tie securely with string so that ham is in its original shape. Place ham on rack in a shallow pan and cover with aluminum foil. Bake in moderate oven, 350 degrees, for 1 hour. Combine remaining ingredients and brush over surface of ham. Bake until glazed, about 15 minutes longer. Just before serving, run a long skewer through the center of the ham. Cut and remove string. Serve with currant sauce made by combining and heating jelly, lemon juice, mustard and cloves in a small saucepan and stirring well. Makes 30 portions of ham and 1 pint sauce.

GAIN COMPLIMENTS

Sleeveless dresses are a popular holiday fashion. But if your upper arms are heavy, avoid the bare-arm look and choose a long-sleeved dress. You'll rate more compliments.

Hard Work Goes With Happiness

NEW YORK — "Life, death and miracles" — that's what a student nurse's world is made of.

So says 19-year-old Cheryl Johnson, who writes about her first year of nursing school in the December issue of Seventeen Magazine. "Ideally," she reports, "the student nurse arrives at the hospital dormitory for her 'probie' year equipped with silent strength, dedication and the will to serve. I came with a weak stomach, two suitcases and a nagging doubt that I should be there at all."

The student nurse soon found the work exhausting. "High school, even with all of its extracurricular activities, had not prepared us for a routine of getting up at 5:30 a.m.," she recalls, "rushing to classes and labs at the nearby university, rushing back to more classes held in the hospital and on some days squeezing in hours of experience with patients in the hospital."

But, "within a few weeks I had managed to shorten most of my uniforms and was on my way to being able to bend without letting the backs of my knees show (if they're visible, your skirt's too short)." My hair was shorter too, in order to just miss touching the collar of my uniform (later I learned to wear my collar low), and without really meaning to, I was obeying the rule on short fingernails; my prized long ones all broke. . . .

Dating revolved around "obliging old pals" from high school, interns and externs met at work. "They were at hand, interesting and attractive. Dating a full-fledged doctor gave a probie status."

"With boys 'on the outside,' the curfew and our shifting schedules weren't always the only obstacles," Miss Johnson reveals. "A few boys automatically classify any nurse, or student nurse, as an ugly skag who can't get her mind off bedpans and taking temperatures. Another will associate you with the monster who kept poking him and jabbing him when he was in the hospital last year to have his appendix out. Still other boys have a more simple view: since a nurse sees life in the raw, she must be eager for anything. Fortunately, boys will be boys; most of them regard a girl as a girl, not a nurse."

Festive Fare Taps Sausage For Top Honor

SEASONAL BREAKFAST
Chilled Tomato Juice
Pork Sausage Links
Scrambled Eggs
Quick Orange Muffins
Butter or Margarine
Coffee Chocolate Milk

On Christmas morning there is little need to coax the family out of bed. The excited cries of "ohs" and "ahs" can mean only one thing. . . . Santa's parcels are being inspected.

Actually, getting the family to the breakfast table might be quite an undertaking. . . . competition will be great. There is, however, one easy

way to solve this problem. Simply let the aroma of pork sausage links, scrambled eggs and orange muffins waft into the living room.

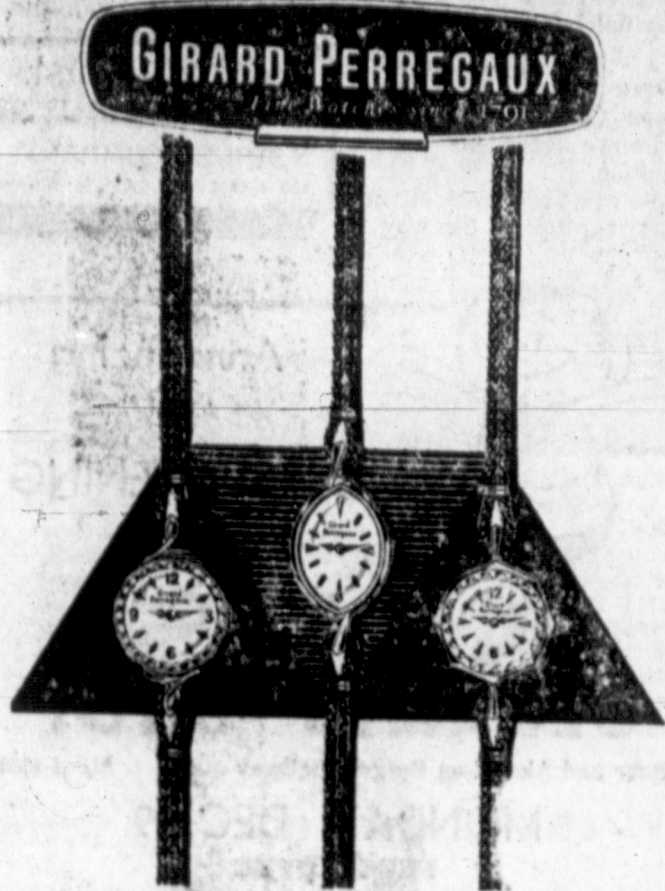

Breakfast, as well as all meals of the day, should be planned for good nutrition. Meat is a rich source of protein. . . . so important in building strong bodies and for supplying the protein needs of adults. Breakfast offers an excellent opportunity to supply part of the protein requirement with the meat choice.

Sausage is a breakfast favorite, both in links and bulk style. Bulk pork sausage made into patties and served with pancakes or waffles adds up to just plain good eating.

Pork Sausage Links
To cook the pork sausage links, just place them in a frying pan with about 3 tablespoons of water. Cover the pan tightly and cook slowly for 5 minutes. Then remove the cover and brown the links.

TALL TALE

NEW YORK (UPI) — One of the most colorful salesmen of all time was Colonel Powell, a seven-foot giant who traveled cart. He sold saleratus — baking soda — in the mid-nineteenth century.

To call further attention to himself, he wore a top hat and thick soled shoes. As a result, he appeared nine feet tall!

SWEET OLD LADY

PARSONS, Kan. (UPI) — Merchants in this small southeastern Kansas community are not very happy about a seemingly sweet old lady brimming with Christmas spirit.

Police said the elderly lady has paid for \$116.41 worth of gifts at local stores with bad checks.

Mr. and Mrs. Kent O. Eagle Have Established New Home in Panhandle

PANHANDLE (Spl) — Miss Sherry June Biggers, daughter of Mr. and Mrs. John Biggers of McLean, became the bride of Mr. and Mrs. Kent O. Eagle, son of Mr. and Mrs. Marlin Eagle of Panhandle in double-ring ceremonies on Nov. 28 in the First Methodist Church of Panhandle.

The Rev. J. Alvis Cooley, minister of the church, officiated at the exchange of vows, before an altar decorated with baskets of white mums and gladioli, flanked by white cathedral tapers in torchiers. Lighting the candles were Tonya and Tracey Thompson, Shamrock, niece and nephew of the bride.

Pre-nuptial music and the traditional wedding marches, used

as a processional and recessional, were by Mrs. Merle Lewellen.

Given in marriage by her father, the bride wore a gown, which had been worn by a cousin of the bridegroom, Mrs. Monty Bell, at her wedding. It was of Chantilly lace over taffeta, designed with a fitted bodice, Sabrina neckline, which was outlined in pearls, and long fitted sleeves, which came to points over her hands. The bouffant skirt fell into a demi-train. Her fingertip veil of illusion fell from a crown of seed pearls and sequins. Her only jewelry was a necklace of pearls, a gift of the bridegroom.

She carried a bouquet of white carnations, atop a white Bible, from which fell streamers of white satin knotted with stephanotis.

Honor attendant was Miss Marlene Eagle, sister of the bridegroom. She wore a teal blue street length dress of taffeta styled with a basque bodice and bell-shaped skirt. She wore a veiled metallic crown and metallic gloves. Her bouquet was a carnation nosegay.

The flower girls were Staci Thompson, Shamrock, and Tamara Biggers, Pampa, nieces of the bride. They wore blue organdy bouffant dresses and demi-hats of white carnations.

The ringbearer was Eddie Held, Panhandle, cousin of the bridegroom.

Serving the bridegroom as best man was Phillip Smith, Panhandle.

Ushers were Leslie D. Held, Amarillo; Derroll Held, and Jerry D. Eagle Panhandle, cousins of the bridegroom, and Monty Bell, Panhandle.

Following the wedding a reception was held in the church. The bride's table was laid with a pink linen cutwork cloth and was centered with a bowl of pink and white carnations, flanked by white tapers in crystal holders. Other table appointments were of silver and crystal.

Serving the three-tiered pink and white wedding cake, which was topped with pink satin covered bells, trimmed with seed pearls, was Mrs. Billy Jack Thompson, sister of the bride. Presiding at the coffee and tea service was Mrs. Billy Don Biggers of Pampa, sister-in-law of the bride.

Following a wedding trip to New Mexico, Mr. and Mrs. Eagle are at home in Panhandle.

Mrs. Eagle is a graduate of Panhandle High School and was employed by Marie's Foundations of McLean, before her

First Baptist Church of Panhandle Scene of Recent Afternoon Wedding

PANHANDLE (Spl) — Double ring vows were exchanged on Sunday afternoon, Dec. 1, at 3 o'clock in the First Baptist Church of Panhandle by Frances Louise Jones, daughter of Mr. and Mrs. E. L. Jones, Panhandle, and Roy George Hobbs, son of Mr. and Mrs. Clinton Hobbs, Matador.

The Rev. Miller F. Robinson, minister of the First Baptist Church of Matador, witnessed the vows before an altar banked with huckleberry leaves and baskets of white gladioli, which were complemented with red satin bows. Torchiers, holding white cathedral tapers, completed the setting.

Presiding at the punch bowl was Miss Sue Stephens, Matador, with Mrs. Monty Bell serving the three tiered wedding cake, which was topped with a miniature bride couple.

Following a wedding trip to New Mexico, Mr. and Mrs. Hobbs will be at home in Matador.

Mrs. Hobbs is a graduate of Panhandle High School and McBride's School of Hair Design in Plainview. She is employed by the Modern Beauty Shop in Matador as a hairdresser.

Mr. Hobbs is a graduate of Matador High School and attended John Tarleton Agricultural College and Texas Tech. He is employed by Higgenbotham-Bartlett Lumber Company of Matador.

Pre-nuptial courtesies for the couple included the rehearsal dinner in the home of the bride's parents, with parents of the bridegroom as co-hosts. Decorations were in cranberry red and white.

A bridal shower was given in the War Memorial building in Panhandle with Mmes. Otis Walker, Jack Martin, Arthur Cummings, Jerry Murray, J. O. Murray, Clarence Shepherd, Bob Walker, F. A. Metcalf, B. A. Williams, Monty Bell and Ralph Simpson as hostesses.

Mrs. Jack Powell and daughter, Margaret, were hostesses for a kitchen gadget shower in the Powell home, and Mrs. Jenks Wilson of Matador was hostess for a miscellaneous shower in her home.

Guests at the wedding and reception included the bride's grandmothers, Mrs. E. B. Thomas, Plainview, and Mrs. Boy Blackwell, Clarendon, and the groom's grandmother, Mrs. T. E. McCleary of Paducah.

Other guests were from Panhandle, Matador, Amarillo, Conway, Plainview, Hale Center, Paducah, Lubbock, Borger, Claude, Petersburg, Tulia and Groom. More than 300 guests attended.

Mr. Eagle is a graduate of Panhandle High School and has attended Texas Tech, Lubbock, and West Texas University in Canyon. He has recently returned from Germany, where he served with the U.S. Army. He is presently engaged in farming with his father and plans to attend West Texas State.

Attending the wedding and reception at which Mrs. Jerry Biggers, Shamrock, sister-in-law of the bride, registered the guests, were guests from Amarillo, Borger, McLean, Panhandle, Pampa, and Shamrock.

Mr. Eagle is a graduate of Panhandle High School and was employed by Marie's Foundations of McLean, before her

SPOTTIEST—Spots are fashionable this year, but this Paris-designed outfit goes the limit. Casual cloche, loose fitting coat with wide collar and boots are all in leopard skin.

Gift Tips Given To Puzzled Girls

NEW YORK — For girls who are puzzled about what to give their best beau for Christmas, here's a gifting guide offered by the December Seventeen "From a Boy's Point of View."

1. Don't buy him anything with the price so well known that you seem to be playing tag with him. "He might feel short-changed, and he doesn't need that kind of change just now."

2. Don't be embarrassed into spending too much on him either. "That might make his gift to you seem meager and make him very self-conscious when he uses that movie camera he gave himself for Christmas."

3. Don't give him anything to wear unless you're sure of his taste. Something he will use often — hence he will think of you often — is best, like a tie clasp, cuff links, pocket knife, pen, key chain or gloves.

To Be Really Sure Your Car Isn't Stolen — Leave It in a Snow Drift

By PATRICIA M. CORMACK
United Press International
NEW YORK (UPI) — If you're the cautious type and want to be really sure that the family car won't be stolen, do this:

—Park it in the middle of a snow drift in Connecticut, South Dakota or Iowa. Cramps your driving, of course, when there's no snow. But it's theft-proof.

If you're the carefree type who plays no attention to how much it will cost you to have the familiar buggy snatched, do this:

—Park it on a quiet, dim street in Chicago, in midsummer. Please leave the key in the ignition.

People who keep track of such things swear this is the way to

either keep or lose your car, depending on your wishes at a given instant.

Chicago, says the makers of a report on car thefts, had the greatest total number of car thefts last year, more than 30,000.

The same last complete comparison of car theft rates also showed that Connecticut had the lowest — 3.04 thefts per 100,000 registrations. It was lower during snow time.

South Dakota was second with 7.88; Iowa, third with 8.92.

Writer Says to Find Happiness In the Arts

NEW YORK — "Happiness, or even contentment, has to be planned for and worked for if it is to be achieved."

So says famed author Pearl Buck, who "Talks to Teens" about "The Pursuit of Happiness" in the December issue of Seventeen Magazine. "Each of us has certain talents and potentials for happiness and each of us is given the instrument by which we may put them to use," the Nobel Prize-winner believes. "This instrument is the will."

"What directs the will? Well, the mind directs the will. The mind says, 'This must be done, if happiness is to follow.' For the will is a laggard. It likes to sleep. It prefers not to exert itself unless forced. So mind must force. Will is what makes you get up in the morning, when mind says there is work to be done. It is so easy to change night into day by sitting up all hours doing nothing much. Then day changes into night, and nothing at all gets done. Discontent and unhappiness follow, since it is essential for the human creature to do and to be. Mind, then, is the planner, and will is the performer."

The celebrated writer believes that the best place to find contentment and happiness is in the arts. "Ideally one should decide what one likes best to do and then train the self to earn a living in that field. But this is not always possible," she says. "You will enjoy art more if you pursue it without thought of money. Pursue it for pleasure, for release, for enrichment of the mind and spirit for simple happiness."

Yule Schedule Given By High School Choir

The Pampa High School A Cappella Choir, one of five featured in the Christmas choral music festival to be held at 7:30 p.m. Thursday at Perryton High School Auditorium, will make four other appearances before Christmas.

The schedule: Lions Club, 7:30 p.m. Tuesday; KCNG and Sears Christmas Tree, Dec. 17 in Amarillo; Rotary, 12:30 p.m. Dec. 18; PHS assembly, 9:20 a.m., Dec. 19.

The choir is composed of 65 members under the direction of

Hugh Sanders. During the High School assembly, the choir will work in conjunction with the boys and girls chorus.

At Perryton the group will be combined with choirs from Perryton, Dumas, Borger and Phillips to tell the traditional Christmas story in carols. Each group also will present an individual performance.

When combined, approximately 500 voices will be heard under the direction of Dr. Houston Bright, director of the West

Center Wrap-Up

George Smith, Director
Pampa Youth and Community Center

The first of several new swim classes will be the Women's beginner class which will have its first meeting at 3 p.m. Women who do not know how to swim are invited to join.

Other swim classes being offered are intermediates and swimmer classes, to start Dec. 16. Children who have passed advanced beginners and intermediate phases of the Red Cross swim course may enroll. Intermediates will meet from 4-5 p.m. and swimmers from 5-6 p.m.

Enrollment is going on and parents may come by the center or send their children by to enroll. Lessons are given free to center members and a \$2 instructional fee is charged non-members. Center memberships for individuals are \$5 for six months and \$8 per year. For family memberships the fees are \$12 and \$20. There is also a sustaining membership which may be budgeted from \$25 on up and paid out monthly, quarterly, semi-annually or annually.

During the Christmas season various school homerooms will be having parties. The center suggests these parties be given at the center. Teachers need only call or come by to make arrangements. The financial arrangement is very simple. Non-members need only pay the building fee according to their age while center members are admitted free. Sometimes all the homeroom are members and there is no charge.

As Christmas approaches, it is time to think of gift giving. Santa asked the center to mention the fact that a membership to the center would make a wonderful gift. A year's membership to the center is so economical and the whole family could enjoy it.

The center basketball league has received very fine coverage on the sports page so it will be mentioned only briefly. Games this week find La Bonita

Beauty Salon vs. Pampa Independents; Montgomery Ward vs. First National Bank; Motor Supply vs. White Deer Jaycees; S. W. Public Service vs. Pampa Jaycees; Malcolm-Hinkle, Inc. vs. Citizens Bank and Panhandle Packing vs. Celanese.

Several volleyball players have asked whether the center will have another volleyball league in the near future. After the basketball league plays out the schedule another volleyball league is planned.

Determined Killer Difficult to Stop

NEW YORK (UPI) — Former President Dwight D. Eisenhower said today "there could be no absolute protection against" an assassin who is "determined" to kill a president.

Eisenhower, noting that he received an average of 250 "crackpot" letters weekly while in office, said he "thought it realistic to assume that my safety was largely out of my hands."

"If a determined individual was willing to die to accomplish his purpose, there could be no absolute protection against him," Eisenhower said in an article in the Saturday Evening Post.

Eisenhower also urged that succession to the presidency be changed to keep the administration "heading in the same political direction" in the event of an emergency.

21ST-CENTURY GOTHIC—This finely detailed miniature church is but one of more than 100 buildings being hand-crafted for the General Motors Futurama at the 1964 New York World's Fair. Some of the structures designed for the city of tomorrow will be 16 feet high. They will be viewed by millions of visitors during a 15-minute ride through a 3½-acre building at the fair. The Futurama will show what the world may well be like in the years to come if man utilizes the tools and techniques he has already perfected. To bring the city to "life," GM designers have created and animated 4,000 miniature human figures and 1,700 vehicles.

First Day on Job Gives No Indication of Perfection

By PATRICIA McCORMACK
United Press International
NEW YORK (UPI)—The first day on the job, the secretary wrote a letter asking accommodations for her boss in the firm's New York "sweet."

The next day, she typed a letter in which a reference to Wales was spelled "whales."

Nope. The boss didn't fire her. Three years later, in fact, he forgot all about the mistakes and nominated his Gal Friday for the "Perfect Secretary" title—an honor that this year went to 14 young women nationally.

The secretary who had several false starts, Sue Meyers, of Elyria, Ohio, was one of those honored.

Her boss, W. D. Raddatz, president of Electro-Alloys Division, American Brake Shoe Co., recalled the mistakes in his letter nominating her, and then said:

Improves Record
"Now she is the most efficient transcriber of letters... and is an excellent private secretary handling calls, sorting mail, making travel reservations, keeping records and filing."

In the search, sponsored by Sound Scriber Corp., letters from other bosses of secretaries

who won the "perfect" halo listed other marks of the ideal Gal Friday.

E. P. McRitchie, vice president of the Bank of America, main office, Los Angeles, said his secretary, Mrs. Bertie L. Spegal, is attentive to the welfare of the bank, her department and her boss.

"She is capable of maintaining confidence in confidential matters, assists others in their problems, training and performance," he added.

Other comments from bosses of "perfect secretaries" give less than perfect secretaries something to shoot for. Samples:

"Has intelligently handled all assignments for 15 years. Has retained fine sense of humor and dignity. Has protected me gracefully from unnecessary details."

"Saves Money, Headaches"
"She saves me time, money and headaches."

"Has responsibilities of an assistant in complex export business. Excellent language capabilities in English, Spanish, Portuguese and French. She is sincere and works hard."

EVER STRIVING FOR THE TOP O' TEXAS TO BE AN EVEN BETTER PLACE TO LIVE

The Pampa News is dedicated to furnishing information to our readers so that they can better promote and preserve their own freedom and encourage others to see its blessing. Only when man is free to control himself and all he produces, can he develop to his utmost capabilities.

We believe that freedom is a gift from God and not a political grant from government. Freedom is neither license nor anarchy. It is control and sovereignty of oneself, no more, no less. It is thus consistent with the Human Relations Commandments, the Golden Rule and the Declaration of Independence.

Hoover Asks 'What's Happening?'

J. Edgar Hoover, FBI director, lands some pretty stiff punches in the December issue of the FBI Law Enforcement Bulletin.

He wants to know what's happening to the time-tested principles which our forefathers set up for us.

But, we'll let Mr. Hoover take it from here. He says in part: "Are we Americans ashamed to be identified today with decency and morality? Are we forsaking the time-testing principles upon which our great country was founded for a substandard, more accommodating code of conduct?"

"There appears to be a preponderance of evidence to indicate a truthful reply to these questions has to be in the affirmative. However, here a true answer is the 'wrong' answer, and it is high time righteous, freedom-loving people take a closer look at what is happening to our moral standards."

"Morality is one of the more perplexing and controversial problems facing our Nation. Why? Primarily, it is because of individual and collective moral cowardice on the part of our society. We do not have the courage to stand in conflict with the mad rush for material wealth, indulgence, and social prestige. We are condoning and appeasing practices which we distrust and disapprove but which we will not overtly oppose."

"The lack of morality and integrity stems from a false sense

of values. Many persons are so preoccupied with selfishness and greed they no longer know — nor care for that matter — where honor stops and dishonor commences. Others are simply confused. Rationalization and double standards have so clouded some moral principles that right and wrong are no longer clearly distinguishable.

"Moral retrogression is not confined to any one group or sector of our country. This social illness is universal. Immorality rears its ugly head in every American institution and profession. None is free from its stigma. It is reflected equally as much in price-fixing as in teen-age vandalism; in payoffs to politicians as in classroom cheating; in sports world bribery as in law enforcement scandals; and in income tax returns padding as in voting frauds."

"Immorality itself is not the only danger of the crisis. Some theorists suggest our moral standards be scrapped for a code by which our moral delinquencies can be justified. Such thinking is a flight from responsibility and an accelerator to further moral decadence."

"With the approach of the joyous Holiday Season, let us as God-loving people shoulder our moral responsibilities, not flee from them. Let us stand proud and erect, champions all, for morality, integrity, and godliness. Let us assure that it may always be said of our country, America is great because she is good."

Where Chaos is Illusion

Just about everyone talks about the American economy, reads about it, listens to discussions of it. Everyone has a stake in it—as a source of jobs and opportunities, and as a supplier of goods and services in almost infinite variety.

Then, in our day to day lives, we see it in operation. A shoe-shine stand is a part of it, and so is a gigantic factory. It contains room for every kind of skill, for every kind of enterprise from the smallest to the largest.

Back of all this — back of the stores and the industrial complexes, the power plants and the oil refineries, the car makers and the weavers of fabrics, and all the rest of the components that make up the economy — is something else. That is the system by which much of it is financed and kept alive and growing. It is, in large part the corporate system, whereby numbers of people voluntarily invest savings and earnings in the shares of companies. They hope for profit, naturally — and, at the same time, willingly accept the risks.

There is a place where fundamental workings of this system can be seen. That place is the

visitors' gallery of the New York Stock Exchange. Here, high above the huge trading floor, the uninitiated eye views a scene bordering on chaos and even, at times, on bedlam. All seems to be confusion. Men hurry back and forth between the kiosks where the shares of the various corporations are traded. On the far wall a vastly magnified ticker tape tells its endless story of changing prices. An infinity of paper work goes on and on — and that too, to the lay eye, has a look of disorder and purposelessness. But the fact is that everything is superbly organized, and the look of chaos is illusion. Here, you can say, is the world's foremost auction mart. Here is where the desires and economic opinions of prospective sellers and prospective buyers of stock meet, and become mutually agreed upon transactions.

More important, here is a true free market, in which price is established by the natural law of supply and demand, and that alone. And here is the center of what has been called "people's capitalism" — a capitalism in which more than 17 million Americans now directly share through the ownership of stocks,

Pampa's Yule Lights

The holiday spirit is manifest in Pampa this year because of new Christmas lighting decorations on downtown and suburban streets.

The lights have been turned on since the Santa Day celebration Thursday. There has been much comment from

persons who have found the streets ablaze with golden lights and tinsel, topped off with Christmas candles.

The Chamber of Commerce, Retail Merchants committee and the Jaycees deserve much credit for making Pampa streets a place of holiday beauty.

"We've got to stop meeting in the museum, Arnold... people will think we've gone arty!"

Edson In Capitol

By PETER EDSON

NEA Washington Correspondent

WASHINGTON (NEA)—American farmers have the good news from Secretary of Agriculture Orville S. Freeman himself that there should be an increasing world market for all their surplus food production through 1980, at least.

Speaking in Rome, before the biennial conference of the 107-nation Food and Agriculture Organization, FAO, Freeman gave the first meaningful estimates on how the world's food deficits can be met by expanding world trade and aid.

This is, in effect, the American answer to problems raised at the World Food Conference on "Freedom From Hunger," held in Washington last June. At that time it was estimated that world population would be doubled from the three billion today to six billion by 2000 A.D.

To meet a minimum requirement of 2,400 calories a day, including 70 grams of protein, it was estimated that food production would have to be quadrupled in Asia, tripled in the Near East and more than doubled in Africa and Latin America.

A \$12.5 billion, five-year program of surplus food distribution by the "have" nations for the "have-nots" was called for by FAO Secretary General R. B. Sen of India as part of a 40-point program to prevent malnutrition for a billion people.

As host nation for the 102 countries at the World Food Congress, the United States made no immediate response but said that the recommendations would be considered.

Subsequently, U.S. Department of Agriculture economist Willard Cochrane, Arthur B. Mackie and Grover Chappell went to work on the problem. Last August their findings were presented to the American Farm Economic Assn. meeting in Minneapolis. They have now been given to the FAO in Rome for its consideration.

In substance, the finding is that the world's food deficits cannot be met by merely increasing production in the developing countries. Their own supplies must be supplemented by imports from the surplus-producing countries of the world.

The key to these twin problems, Freeman told the FAO, is "trade and aid," which must be considered together. He sees the need for food aid and trade between now and 1980 as substantially greater than is generally realized.

Using ratios which have been observed since 1938 and which are expected to continue, it has been found that in a developing country where the population is growing 2.2 per cent a year, incomes have risen about 5.3 per cent a year.

Domestic food production in such countries has increased an average of about 3.3 per cent a year. This is faster than the population growth, but not as fast as the income growth.

Under the impact of higher incomes, therefore, the demand for food has increased about 4.3 per cent a year. This is nearly one-fourth more than food production increased.

"If the need for food resulting from this demand is not met," Freeman said, "billions of dollars of increased purchasing power will flow against inadequate food supplies and bring about price inflation."

The solution, therefore, is to supply these developing nations with surplus food from the more developed nations.

By calculations too intricate to go into here, it is estimated that the value of the over-all food deficit between now and 1980 is estimated at \$25.6 billion. The developed countries, however, can easily increase their food production by \$25.3 billion between now and 1980. So a balance can be achieved if there is free world trade and aid.

"It's as simple as that," Freeman told the FAO. He added: "These principles are much easier to state than to implement."

One of the main troubles pointed to is that highly industrialized nations — like the European Common Market members — tend to encourage uneconomic production of food. They raise instead of lower the artificial barriers to food trade.

This can be overcome only if the highly developed nations accept their share of the responsibility and the cost of providing food aid for the less developed countries.

This is the approach to the problem the United States will present at the General Agreement on Tariffs and Trade meet-

And What Can I Do For You?

Allen-Scott Report

Two State Department Officials Aided Oswald's Return, Rep. Feighan Finds in Probe of 'Laxity' in Immigration Cases

ROBERT ALLEN

PAUL SCOTT

WASHINGTON — Two high-ranking State Department officials were immediately responsible for clearing the way for the return to the U.S. of Lee Harvey Oswald and his Russian wife — despite the existence of a sworn affidavit by the assassin stating, "I affirm that my allegiance is to the Soviet Socialist Republic" and asking that his American citizenship be revoked.

These two officials are career diplomat Llewellyn Thompson, then-Ambassador to Moscow and now top Soviet adviser to Secretary Rusk, and Abram Chayes, chief legal officer of the State Department.

These are highlights of a number of significant facts uncovered by Representative Michael Feighan, D-Ohio, chairman of a House Judiciary Subcommittee that is closely examining the State Department's role in Oswald's checkered "Marxist" career. Feighan's findings will be submitted to the special commission named by President Johnson to report on the slaying of President Kennedy.

Another piece of striking information obtained by Feighan is that Oswald joined a paramilitary unit in Russia, apparently to improve his skill in rifle firing. This was brought to light by intelligence sources.

As ascertained by Feighan, Ambassador Thompson decided Oswald was eligible to return to the U.S. on the ground he had not formally renounced his citizenship.

This ruling was based on the fact, although the ex-Marine had submitted a sworn affidavit affirming allegiance to the Soviet, the U.S. embassy in Moscow had not issued final papers acknowledging his renunciation of citizenship.

On this technicality, Thompson held that Oswald had the right to go back to the U.S. Chayes sustained that decision. The State Department's legal officer also ruled that Oswald's wife could accompany him, waiving Section 212-A of the Immigration Act which bars the granting of visas to Communists. Mrs. Oswald had been a member of a Communist party organization which she claimed she had to join to get her laboratory job.

WHAT THE FILES REVEAL — In digging into Oswald's clouded record, Representative Feighan plans to interrogate a number of State Department authorities.

In addition to Ambassador Thompson and legal officer Chayes, they include Abba Schwartz, head of the Bureau of Security & Consular Affairs, and Miss Frances Knight, passport director. She is to be questioned particularly about the granting of a passport to the assassin after his return to the U.S. from Russia.

ing in Geneva, Switzerland, next spring.

For months, Feighan has been quietly probing the State Department's apparent lax handling of immigration cases, especially involving individuals from Iron Curtain countries and Cuba. He recently issued a report disclosing that more than 300 aliens from the Soviet bloc and Latin America had been allowed to enter the U.S. as Cuban "refugees."

Illustrative of the significant evidence already uncovered by Feighan on Oswald's dealings with the U.S. embassy in Moscow are letters in the State Department's files.

There has been no public hint of this revealing correspondence. Following is a letter by Oswald dated January 5, 1962:

"As I have already informed the embassy, exit visas for myself and my wife have already been granted. I can have mine at any time, but it will be good for 45 days only. Since I and my wife wish to leave the USSR together, I shall delay requesting my visas until such time as documentation from the Ministry of Foreign Affairs of the USSR and the American embassy is completed on my wife."

"This letter is to inform the embassy of the expiring of my former document of residence in the USSR; and the granting of a new document, expiration date July 5, 1962. I would like to be sure we can leave as soon as all documents are finished. I would like to make arrangements for a loan from the embassy for part of the plane fares. Please look into this and notify me."

The embassy replied, in a letter signed by Samuel Wise, counsel in Moscow, and approved by Thompson, suggesting that Oswald return to the U.S. alone as documents relating to his wife had not been approved by the State Department. The law required an affidavit from Oswald's mother that his wife would not become a public charge, and this declaration had not been forthcoming.

"Until these documentary requirements are satisfied," Wise wrote Oswald, "the embassy will not be able to take final action on your wife's visa application. In view of these circumstances, you may wish to reconsider your decision to defer your departure until Mrs. Oswald's documentation is complete, particularly inasmuch as it may prove difficult to provide the necessary financial support evidence while you are still in the USSR."

"Please inform us of your intentions in this matter. The question you raise of a loan to defray part of your travel expenses to the U.S. can be discussed when you come to the embassy."

Representative Feighan has run into a number of blank walls in his efforts to root out facts about Oswald's life in Russia. The Secret Service is

still barring efforts to question Mrs. Oswald.

The House investigator particularly wants to check on an intelligence report that the Soviet has a school for assassins near Minsk, where Oswald worked in a factory after his defection in 1959. He returned to the U.S. with his Russian wife in June 1962.

SOCIAL WHIRL

In Mrs. Kennedy's new home in swank, historic Georgetown, she will be surrounded by numerous prominent neighbors — and amazingly by what amounts to a \$450-a-night rooming house. It is called the Colony Club, and is a very handsome building furnished with excellent Victorian-style furniture. Owned by Mrs. C. M. Hudson, it has rooms for some 20 "professional people". Some of the rooms have a fine view of Mrs. Kennedy's new garden and blue-tiled swimming pool. Among her other neighbors are Representative and Mrs. Peter Frelinghuysen, R-N.J., who occupy the big red brick house on one owned by Robert Todd Lincoln, eldest son of the Civil War President. Mr. and Mrs. Abe Fortas, one-time Interior Undersecretary and now a close legal adviser of President Johnson; Stanley Woodward, retired career diplomat; Representative and Mrs. Richard Lankford, D-Md., and Robert van Rोजiens, who occupies one of the oldest Georgetown houses. All of these homes are valued from \$250,000 and up. One place, diagonally across from Mrs. Kennedy's, is on the market for \$350,000. . . . Postmaster General John Gronouski has yet to wear a tuxedo at a Washington shindig. He says he doesn't own a dinner jacket, and has no intention of getting one. If the Wisconsin sticks by this resolution, it will set some kind of a new record.

A thought for the day—President Lincoln said: "Truth is generally the best vindication against slander."

'MILITARY' PAY

How To Buy A Bloc Of Votes

By GEORGE BOARDMAN, Ph. D.

A bill to increase the pay of practically everyone involved in what is currently termed armed forces service is going thru the grinder in Washington. This little item will increase what bureaucrats call military payrolls by more than \$1.2 billion tax dollars per year. The Coast Guard, which even worries about numbers on boats with outboard motors is included in this proposed pay hike. Then there is the Coast and Geodetic Survey and also the members of the Public Health Service.

I do not know how many people will receive the increased pay if the bill is passed and to tell you the truth, I don't want to know. I do know there are a flock of potential voters involved and that next year is a presidential election year and that voters who are also recipients of pay increases may think once or twice about the political figures involved in the latest raid on the earners and investors. If the bill is enacted, it will probably go into effect late this year or early next year in order that it may be entirely effective as a vote buying bribe. The way it looks from here, you'll find many of your favorite socialist conservatives of both political parties, voting for this proposed bill.

Employees of government at all levels should be considered as a formidable block of votes, even if you are foolish enough to think of parasites from a kindly point of view. The majority will vote in a manner designed to please those politicians who steal from the earners for the benefit of the parasites. You can't really blame them but full realization of this unpleasant fact of life, should lead to a little profound and critical thinking. If you can spare the time away from TV or other intellectual pursuits of a similar nature. If you are an earner or investor and you believe you are not in trouble, your optimism must be based on what you read on the pages of the comic strips.

Deliberately, I will not increase my earnings to provide more taxes for this proposed pay raise if it goes thru. You can depend upon it. If taxes are increased we will buy less of what is taxed, right down the line. We haven't even started to work over the rabbit and quail population of our desert area, as yet — not to mention the rattlesnakes, even the rattlesnake meat brings a fancy price in some specialty food shops. If we can get a little more water, we will be able to increase our intake of fresh vegetables. We plan to make one relatively short trip which will enable us to get quite a load of fruit for canning.

Don't get me wrong. I don't imagine that what we do will have any effect on politicians attempting to buy another nice bloc of votes. I do know just how far we intend to go in the matter of resisting any further increases in the size and cost and power of government.

In connection with the same bill, please notice that some 39,000 officers, including retired colonels, generals and admirals would get increases ranging from a few dollars to more than \$5,000 a year and there's another potential voting bloc of 29,000, to consider.

Politicians never miss a bet at the expense of the earners: A new allowance of from \$30 a month, up, for dependents of service personnel unable to take dependents along with them, will be added to the taxpayer's burden and this will make many voting dependents very happy, whether a person

likes it or not. I'll bet you didn't even know that retired military personnel receive "cost of living increases" from time to time. Every so often we encounter a retired pensioner who believes he is capable of earning a living and realizes a few facts about the gigantic government rat race which is in progress. I know of one such man, who is about to resign from his retirement just so he can face his first grandchild with a clear conscience and that makes this day less dull and dreary. Good luck and good health to you, in Freedom.

It's Up To You

by HOWARD KERSHNER L. H. D.

Ten years ago the Communist Central Committee of the U.S.S.R. declared that heavy industry had been set up and that the next problem was to produce sufficient food. An abundance was promised in a matter of two or three years. This could easily have been realized if the land was turned back to individual farmers. It has not been done, however, under the collective system.

In 1960 half a billion hectares of land (one hectare equals 2.47 acres) produced about half of the meat, animal fats, milk, eggs, cheese and high-value foods consumed in the Soviet Union. The other half came from the little plots of land that the collective farmers were allowed to farm for their families and for sale in the local, uncontrolled markets. This acreage totaled only a little more than 1 per cent of the collectivized land.

One may conclude, therefore, that 1 per cent of the land, farmed by individuals in their own interest, is approximately equal, so far as these high-value protein foods are concerned, to the other 99 per cent farmed collectively. Of course the collectively-operated farms produced the grains and bulk products, but they have not proven successful for meat, eggs, milk, cheese, and quality foods.

Foreign minister Gromyko of the U.S.S.R. has written to Secretary General U Thant of the United Nations proposing that 1965 be named as International Cooperation Year. All the cooperating he proposes, however, is to be from one side only. Germany is to be permanently divided and a nuclear free zone established in Europe. Red China is to be admitted to U.N. and foreign troops taken out of South Korea and South Viet Nam allowing the unification of both of these countries under Communist rule. All Western colonialism is to be ended but Communist colonialism perpetuated.

Gromyko's ideal of international cooperation is just like the Communist proposal for co-existence — surrender.

Clearing House

Articles for this column are preferred to be 200 words or less in length. However, longer articles may be printed. All letters must be signed.

Editor: Thank you for your hospitality on the occasion of the "Sinclair Appreciation Day." We thoroughly enjoyed our visit to Pampa and appreciate the honor the citizens of Pampa bestowed upon Sinclair and its employees.

The visit gave us all an opportunity to meet and become better acquainted. Although I am back in the office and have returned to the daily routine, I find myself reflecting on the fine treatment we received at your hands.

There is no doubt that the special recognition Sinclair employees received during the "Appreciation Day" will enhance their feelings toward the community and especially toward the sponsoring business and professional people.

HENRY DAVID

IMC Engages Marketing Aide

HOUSTON (Sp) - Henry

David, former owner and presi-

dent of Milwhite Mud Sales,

Houston, has joined IMC Drilling

Mud, to assist in all phases of

marketing of the company's

products and services, C. P.

Loucks, general manager, an-

nounced.

David organized Milwhite

Mud Sales in 1951, after operat-

ing for many years as a sales

representative in the drilling

mud industry. He sold the com-

pany to Mississippi River Fuel

Corporation and left Milwhite

in 1957. He will continue to

maintain his office in Houston

at 246 Melville Esperson Build-

ing.

IMC Drilling Mud is a part of

International Minerals & Chemi-

cal Corporation. It was estab-

lished in February of this year

as a new major national sup-

plier of drilling muds and ser-

vices.

SHARECROPPERS CORNER

I'LL SELL, SWAP, BUY OR TRADE

Folks, knowin your busy, I'm not gonna fancy up this ad and I'm not gonna stay open all night. I maybe catch some sucker trade. Below is what I got, my askin price and what I think of the item, some good, some bad and some junk. Just remember there's always a difference between the asking and the selling price with any mule tradin.

TELEVISION SETS

17" Motorola table model, new picture tube, \$50. 17" portable, good set \$55. 21" Emerson cabinet model, it'll play, but it's an old model. \$20. 21" RCA combination radio and record player. Record player don't work and it's bigger 'n a cook stove. Offer me something. I've got several more TV's and 2 radios, if you don't think I'll sell—well—try me.

REFRIGERATORS

GONNA LIST A FEW, JUST TO GIVE YOU AN IDEA.

11" Kelvinator, small freezer, but a good clean box. 10" H/W good apartment box \$45.
 9" Coolerator, runs freezer, runs all the time, freezes anything in the box.
 11" Philco, this one looks like H—, but runs good \$40.
 14" Leonard, 68 lb. freezer cross-top. A good'n. Have 2 14" upright freezers and 2 chest type. All are guaranteed. They'll do the job and save some money.

GAS RANGES

running on my ears, from \$5.00 up. Have two or three really fine ranges, also 3 apartment stoves. Got a few heating stoves left too.

DINING & DINETTE

3 Duncan Phyfe sets, one complete with 6 matching chairs, dinette sets \$12.00 up to \$35. (There's a 6 chair unit in the pile).

BEDROOMS-BUNK BEDS

Have 3 complete sets, bunkbeds. One has new rebuilt mattress! The bunkie type, 1/2, 3/4 & full size single beds, poster padded and plain. Some now I've been loaded up with the biggest mess of odd dressers, chests, and beds you have ever seen. You might find the single item you need. Also have complete suites, one 3 piece solid oak with bookcase headbed.

(Things I don't want and stuff you probably wouldn't have) 4'x6' pegboards, swivel desk chairs, dining chairs, 6 maple captains chairs, TV knobs, casters, baby beds, strollers, dishes, end tables, coffee tables, radios and some junk I don't even know what it is.

GRAHAM'S

320 S. CUYLER

103 Real Estate For Sale 103

Merchants Reminded About Check Cashing

The Retail Merchants Association and Credit Bureau, supported by city and county law

enforcement agencies, issued a holiday reminder Saturday on the policy of Pampa merchants for cashing checks.

The policy carries these rules governing the cashing of checks:

Two items of identification must be shown. All checks must have approval of a store official.

Personal checks must have bank verification. Payroll checks will be cashed on identification of bearer.

Postdated, altered, second party or out of trading area checks will not be cashed.

Merchants also reserve the right to limit the amount of checks to be cashed.

The sheriff's department and city police joined in warning merchants to follow the rules on check cashing.

The officials said passing of hot checks usually increases during the holiday season.

RAYE RECUPERATES

SANTA MONICA, Calif. (UPI)—Comedienne Martha Raye was recuperating Friday from what police called an accidental overdose of sleeping pills.

Delay Looms In Retrial At Houston

HOUSTON (UPI)—Neither the defense nor the state will be ready for the retrial of Carolyn Lima and Leslie Ashley by Jan. 20, the first open date on the court docket, a defense attorney has predicted.

Lawyer Clyde Woody said the date has been mentioned by court officials as a possibility.

"But (Dist. Atty.) Frank Briscoe and I both are set for a trial in Bryan of an estate case Jan. 13," Woody said. "And I don't think the case can be disposed of in a week."

Miss Lima and Ashley won an appeals court reversal of their death penalties for the 1961 slaying of Fred Tones. Houston real estate dealer. The pair was returned from state prison to the Harris county jail this week for new trials.

New Books on Shelves At Public Library

New books on the shelves of Lovett Memorial Library this week are:

The Gates of the Mountains—by Will Henry; an adventure novel of the Lewis and Clark expedition and the love of a young scout for the Indian girl who guided the party through the Rockies.

Montenegro—by Milovan Djilas; one of the books written in a Communist prison by the Yugoslavian author of "Conversations with Stalin," this novel follows the struggle of Montenegro to exist as an independent state. Mysteries:

On Her Majesty's Secret Service—by Ian Fleming; the hero of Dr. No. James Bond, British Secret Service Agent 007, trails an old-time adversary from the French Riviera to Switzerland, where he falls in love for the first time.

Run Scared—by Mignon Eberhart; a novel about a crucial election with the Presidency at stake, in which a murder plays its diabolical part.

A Place for Murder—by Emma Lathen; against their will, the local squire and their ladies of Staatesbury, Connecticut, find themselves inexorably drawn into a sordid murder and its surprising denouement. Non-fiction:

Incurable Physician—by Dr. Walter C. Alvarez; America's family physician and popular columnist tells his life story from mining-camp doctor to Mayo Clinic specialist.

Elephants Arrive at Half Past Five—by Ilka Chase; the author and her husband are off on a safari to East Africa, and this is both a travel book and a personal record of adventures in Kenya and Egypt.

The Art of China Painting—

by Jessie McCarthy; in the last few years the interest in china painting has grown until it is now nation wide; and there is a need for this type of instructive book.

Crusade Against Crime—edited by Jerry D. Lewis; key cases of the F.B.I., the T Men, and other law enforcement agencies who cover every type of crime from murder to espionage.

The Wild Blue—by John F. Loosbrock; not a history, though it is packed with the raw stuff of which history is made; covers the full sweep of the development of American airpower.

The Education of American Teachers—by James Bryant Conant; this book brings to light answers to the serious problem of how teachers themselves should be educated and other problems which confront educators and public alike.

Faith For A Time of Storm—by T. Cecil Myers; by setting down the basic convictions of the Christian religion in plain language, the author hopes to enable the reader to clarify his beliefs and to find and hold fast to a "faith for a time of storm."

Biggest Election in History of Louisiana Conducted

NEW ORLEANS (UPI)—Louisiana Saturday staged the biggest election in its history. The primary balloting will nominate officers for nearly every office in the state.

A fiery statewide campaign was staged by 10 candidates for the Democratic nomination for governor. Racial integration, industrialization and other state

issues spiced the race. Most candidates promised to fight for segregation and new business for Louisiana.

There were 4,709 candidates for state offices, the legislature and local parish (county) posts. A record 1,182,676 persons were registered for the election and a turnout of 900,000 was forecast.

Run-off races Jan. 11 were expected for many posts. Besides the 10 hopeful Democrats for governor there are nine Democratic candidates for lieutenant governor, seven for comptroller, six for superintendent of education, five for commissioner of insurance, five for custodian of voting ma-

chines and two each for attorney general, treasurer and commissioner of agriculture.

Although there is a lone Republican candidate for governor, the Democratic nomination in Louisiana has historically been tantamount to election.

Former Gov. Robert F. Kennedy and DeLesseps S. Morrison, ex-New Orleans mayor and former ambassador to the Organization of American States were the most formidable candidates in the gubernatorial primary.

Christine Has New Profession

LONDON (UPI)—Playgirl Christine Keeler was awakened at 6:30 a.m. today to begin scrubbing floors in Holloway Prison.

Friday the red-haired party girl was sentenced to nine months in jail for attempting to frame one of her discarded Negro lovers, Aloysius (Lucky) Gordon.

Together with her former roommate, Paula Hamilton-Marshall, 23, and their housekeeper, Mrs. Olive Brooker, 56, Miss Keeler pleaded guilty to charges of perjury and conspiracy to obstruct the course of justice. Miss Hamilton-Marshall was sentenced to six months in jail and the housekeeper was given a conditional discharge.

Union to Hear Report Tuesday

L. G. Price, local delegate to the statewide credit union conference at El Paso in October, will report on the 1963-1964 program at an educational meeting Tuesday. C. R. Everhart, president of the Top o' Texas Chapter said the group will meet at 7 p.m. at Pools Steak House for this educational meeting.

The Top o' Texas Chapter includes 23 credit unions in this area. Some 500 similar meetings will be held this year in the United States, Canada and the Caribbean area to acquaint members with insurance services and programs for credit unions, said Everhart.
