A CORRECTION

In giving the court docket last week several serious errors crept in which the News regrets very much, as it is the policy of this paper to give everyone a square deal, any erroreous reflection on any one, is gladly corrected.

One was in the indictment of Oscar and Bernadine Smith, through error this read Oscar and Bernadine Killion.

Again in the indictment for violation of the compulsory school law it read J. W. Killion. This should have been J. W. Killison.

There is no Oscar and Bernadine Killion in the county nor a J. W. Killion, and the family of I. N. Killion felt that it was an unjust reflection no the Killion family.

While every care is used to give correct court information, on last week, the News was unable to secure the docket and court procedure untill Thursday morning, and while this error was not the fault of the court employes of the officials, but of the News office.

We trust that Mr. Killion and family will accept this explanation, and our regrets for any embarrassment and hulimination which the error caused.

A SENSIBLE MESSAGE

Out of the great mass of Gubernatorial messages that have been prepared with meticulous care, delivered with much pomp and emphasis to legislative assembles recently, only one is unique and outstanding. The rest, though they have been spread upon every newspaper in their respective states, are now forgotton. They were too long. What a pity.

The message of Hon. Richard C. Dillon, reelected Republican Governor of New Mexico, is the exception. It is agreed on every side that he deserves the croix de guerre, congressional medal cross of the Garter and no end of blue ribbons for his heroism in delivering a message deleted to but very short paragraphs and couched in language even a sheep herder could understand.

In but few words, almost as few as these, he suggested his law makers:

Finish their business in thirty days.

Pass no unnecessary legislation whatever.

Repeal all unnecessary laws existing.

Abolish state inheritance tax.

Fix one cent tax on gasoline to create fund for advertising New Mexico.

Fix two cent tax on gasoline to complete highway system.

Abolish property tax on automobiles.

Abolish tax on gas used in airplanes.

Premit visitors to remain in the state over six months without buying auto license.

Take schools out of politics.

Pass prohibition enforcement act.

Pass legislation for capital and labor remembering there can be no job without capital and little capital without contented labor.

There is the message that must come from a Governor without binoculars on. He is looking miles ahead of most politicians or better yet, years ahead of them.

Once upon a time Dillon was a cowboy. What there is about cowboying that puts sense in a man we can only guess. But as to the feeling among a large electrorate, some of our governors might better herd cows than a lot of crooked politicians, there is no guess whatever.

PUT A CRIMP IN CRIME

In New York state the Baumes Crime Commission is expected to endeavor to amend the jury law at the 1929 session of the Legislature.

One of the chief difficulties is in securing intelligent jurors. Inconveniences met with; time lost by talesman from business; "old fashioned obslete" statutes covering jury duty, low pay of jurymen and the many exemptions that have been made by law make "one wonder that any intellegent jury is ever obtained," says the commission.

Those who are urging a change say that the present body of the jury duty is in many respects archaic and does not serve a useful purpose today. Similar conditions will be found in all the states and it has been suggested that a study of all state laws relating to jury duty be made for the purpose of eliminating parts which have become obssolete.

The intelligence of jurymen and quick selection of a jury has a marked effect upon the proper expedious administration of the law. Courts become confused and interest is often lost in cases where proceedings are slowed up by out-of-date technicalties of law which are applied to selecting jurles and trying criminals.

Improvements in the means of apprehending, trying and punishing criminals, in a speedy manner, will do no more to reduce crime than all the anti-revolver laws, which affect only law-abiding citizens, that can be proposed or passed. Let the heavy hand of the law rest on the law breaker and not on the individual who minds his own business and respects the rights of others. —Canyon, (Texas) News

PUTTING OUT POISON

A case in the district court last week shows the importance in using care in putting out poison. The time of the year is at hand when the poisoning of rabbits will begin on a large scale.

If care is used in the placing of poison there will be no danger to live stock. The Federal Government, through the county agents, give intsructions in the method used with safety.

Where salt is used, it is placed in boards, with a hole bored in the board to contain the poisoned salt. This is so placed that the rabbits have no trouble in reaching the salt, but so that the livestock cannot get to it.

The best results from poisoned salt is to remove the salt from the feed lots so that the rabbits will seek the poisoned salt.

Where poisoned grain is used, is should be put in very small piles in the rabbit runs of the field. A spoonfull in a place, will not attract livestock, but will prove effective to rabbits.

After a sand storm or rain fresh posion should be put out, as the blowing sand or rain cuts or washes the poison off the grain.

Poison should be set from line fences so that cattle cannot reach through to it. All fences should be tight and in good shape, to prevent livestock from getting into the field where poison is exposed.

The writer has used both methods of poisoning rabbits with success, and in no instances have livestock been damaged by the methods used.

The rabbits do thousands of dollars damage to growing crops in this county each year, and every method for their extemination should be used.

Th poisoning of rabbits is dangerous to the dogs on the farm, but it has been found that by gathering up the dead rabbits, removing the stomach and burning it, there is no danger to dogs. But where the rabbits are premitted to remain in the feild or pastures, after drying up the dogs will eat the dried stomach, and cattle will chew the bones, often results in losses.

A little cooperation between the farmers and stockmen will result in much good and saves loss of cattle.

THE TOMATO INDUSTRY

The tomato industry is becoming one of the most important industries of the Portales Valley. During the past season there were 30 cars of canned tomatoes put up and an equal number of fresh tomatoes shipped out by express and truck.

This industry is now in its infancy, with the increased acreage now being planned by the farmers of the Portales Valley, there is no reason why the above may not be doubled.

The Portales Valley produces an excelletn quality of tomatoes for canning and for fresh tomato market. With due care in the production of only the best, the reputation of the Portales Valley product will win recognition in the markets of the nation, until all that can be produced can find a ready market.

When this crop produced in sufficient quantity to make train load shipment instead of single car shipments, the farmer of the valley will realize a greater profit, and also secure more favorable freight and express rates on this commodity.

There is sufficient acreage now lying idle to produce triple the amount if crops now prodduced in the valley, and the development of this acreage will have a large influence to lower the taxes of the county and state.

WE FAVOR GENEROSITY

The University has complied a budget of needs which is masterpiece of budget workmanship and evidences the business like efficiency with which such matters are handled at that institution. There have been columns of editorials written setting the pressing necessities of the state college, which is saving the farmers hundreds of thousands of dollars in its research and demonstration work. The Las Vegas Normal University is doing a great educational work, the state teachers' college is well managed and growing lustily, the state museum is working on a shoe string when it ought to have its appropriation doubled; the people of Portales are convinced that the cry for the education must be answered with a new Normal school there, John Conway has made a fine practical institution at El Rito, The Military Institue returns over a hundred per cent to the state on every dollar invested, and the school of mines, the penitentiary, the insane asylum, the welfare home, the public health and welfare divisions, the reformatory, the miners' hospital—all these institutions need greatly increased appropriations. We must have more supreme court judges, the salaries of the state officials ought to be raised to keep pace with the high cost of motoring, we need a commissioner of labor with salary, the state capital needs a lift from the legislature.

The state should treat all these institutions, officers and departments with the greatest and most public spirited liberality. So we strongly urge that all appropriations for such purposes be made without niggardliness and in a spirit of open-handed generosity, so far as the coney available will permit.

THE FIRST LAW OF MOTORING- be sure of your OIL

IF motorists could only be thoroughly impressed with the paramount importance of *proper* lubrication, cars would last longer, depreciation would decrease and operating costs would tumble to a fraction of their present staggering figure.

When you allow an unknown, unbranded, "mystery" oil to go into your crankcase you are violating the first law of economical and efficient motoring.

By demanding the tried and tested brands marketed by the Continental Oil Company you are *sure* of your oil. Back of each of these brands stands the experience of almost 50 years —and a reputation which stands for nothing but the best. Ask for these brands at service stations and the better garages.

Conoco Motor Oil insures protection. It seals compression—saves gasoline—fights friction. Flows freely at low temperatures. Stands up under most intense cylinder heat. In short, does a complete lubricating job in all kinds of weather. Ask for the grade made especially for your car.

Gargoyle Mobiloil meets the lubrication problem of *any* motor with scientific exactness.

The continued use of Mobiloil insures less wear, fewer repairs and replacements, a minimum of carbon and greater freedom from overheating.

RICHLAND

The farmers are all busy breaking their land, they also have the help of the Gentle West Wind.

A number from here attended singing at Garrison Sunday night. They have new books and a good class. This should inspire us to build up our class again.

Mrs. Park's sister, of Littlefield, spent the week-end with her.

Mr. and Mrs. Coleman Rice spent Sunday and Monday in the J. H. Short home.

Mrs. Maud George has been ill for the past two weeks. We hope she will soon be well again.

Friends from Texas were visiting in the H. B. Cooper home Sunday.

Miss Blanche Partin spent the week with friends and relatives in Amarillo.

Our Sunday School is progressing fine. Our crowds and interest are increasing and the cold weather does not bother us. Everyone come and help us.

A number from here attended the program at Dora Friday night.

The boys and girls motored to Milnesand Friday to play ball. Richland boys won and girls lost by two points.

Mr. and Mrs. Boyd Rice were visiting Mrs. Rices mother, Mrs. Stigall Sunday.

Causey will play Richland on our home court Friday.

Our Normal School is coming. Get ready to enter when it opens. Private lessons in person or by correspondence.

2-Door Sedan, $745 Body by Fisher

announcing The New PONTIAC BIG SIX

Introducing Big Car Standards of Luxury, Style and Performance at $745

TODAY a new type of low cost motoring luxury is available. It embraces big car style. It provides big car riding comfort. It embodies big car quality in unseen parts. It is offered by a brand new automobile—the New Pontiac Big Six.

Frankly, the New Pontiac Big Six was designed to appeal to a certain group. This group is made up of people who are beginning to move up in the world. Many of them will soon make the first *step up* in the quality of their cars. The New Pontiac Big Six was designed for them.

It comes to them entirely new in appearance. Stunning new bodies by Fisher contribute to the big car beauty and big car style presented by the car as a whole.

Progressive people are seeking greater luxury. The Pontiac Big Six offers them the luxury for which bodies by Fisher are famous the world over. It provides the smooth-riding qualities of a car 167 inches in overall length, with accurately balanced rotating mechanical parts and such advanced comfort features as adjustable drivers' seats.

It is a six with the added power of a larger L-head engine and the added smoothness imparted by a dynamically balanced, counter-weighted crankshaft and the famous Harmonic Balancer. Its new brakes are of the dirt-and-weather-proof internal four-wheel type.

It reveals big car performance even to the point of developing big car power and big car speed.

Only a few highlights in its construction have been mentioned. Just enough to prove that the Pontiac Big Six is entirely new and capable of meeting progressive Americans' demand. *But the amazing thing about it is that it gives so much big car luxury, style and performance at prices which come within practically everyone's reach!*

Prices $745 and up, f.o.b. factory, plus delivery charges. Bumpers and rear fender guards regular equipment at slight extra cost. Check Oakland-Pontiac delivered prices—they include lowest handling charges. General Motors Time Payment Plan available at minimum rate.

Ed. J. Neer's Birthday Celebrated.

Friday was Ed. J. Neer's birthday and to celebrate the occasion, he and Mrs. Neer asked eleven of his old time friends to help him remember the day by serving to them a most delicious three course dinner at seven o'clock. The Neer home made a wonderful setting for the party and Mrs. Neer was a most gracious "waitress" for the time.

The guests were seated around one large table centered with sweet peas, and with tall pink candles at each end. Seven of the men present were born in the 70's and the topic of conversation was "old times." Several of these had been in this country for more than 20 years, and had endured great hardships, but not one of them but has had faith in the country at all times and financially were able to say it paid to stay. Ed. J. Neer has lived in Portales for 26 years has seen the town grow from a few hundred people, to the several thousand now living here, and from the time of wooden shacks until now the brick buildings. All these men endured many hardships and handicaps during this period of development, and through it all Ed. J. has stood out.

The guests for this party were Rev. Joe F. Grizzle, Rev. T. B. Sowell, J. B. Sledge, G. W. Carr, Coe Howard, T. E. Mears, J. H. Lee, J. B. Priddy, Authur F. Jones, Dr. N. F. Wollard and E. N. Neer, all of them prominent business and professional men in the town.

Baptist Missionary Society With Mrs. Oldham.

Last Thursday all circles of the Baptist Missionary society met at the home of Mr. and Mrs. W. B. Oldham. This was a business and social meeting. The president Mrs. J. S. Green presided and the Treasurer, Mrs. W. B. Oldham made her report for the year.

After the business meeting the hostess served delicious refreshments.

About twenty of these ladies are planning to attend the quarterly meeting of the W. M. U., at Clovis Thursday.

42 Party at Ribble Home.

On Tuesday afternoon, Mrs. A. D. Ribble, Mrs. Lillian Taylor, Mrs. T. A. Martin and Mrs. J. G. Greaves were hostess to one of the largest 42 parties of the season. The guests arrived at the Ribble home at 2:30 and spent the time until 4:30 in the game of 42. At that time they were served a two course luncheon. A note of spring was added by the quartet tables being centered with pink roses, and the ice cream being in the form of pink roses.

The guest list included:

Mesdames Maude Smith, J. V. Mauk, J. B. Priddy, T. E. Bell, W. B. Oldham, Ike Hughes, N. F. Wollard, E. T. Hensley, Harve Waltom, J. C. Compton, T. B. Sowell, R. W. Means, G. W. Christain Ladies Aid.

On Thursday afternoon January 24th, Mrs. R. D. Wright was hostess to the Christian Ladies Aid. Not withstanding the inclemency of the weather ten members and four guests were present.

The afternoon was very pleasantly spent socially and in the days program which consisted of the scripture lesson the 15 chapter of Mark read by Mrs. Lulu May—prayer by Mrs. W. H. Catt and a discussion of the Bible questions.

A most delicious plate lunch was served to Mesdames, Effie McCarty, J. J. Spires, J. W. McMinn, E. T. Hensley, Henry Bremer, Russell Williams, Ben Gruing; Lulu May, W. H. Catt, Maggie Wright, and R. D. Wright, and Misses Mae Belle McCarty and Anna Louise Williams and Warren Wright.

Next meeting Thursday, February 7th at the home of Mrs. W. H. Catt with Mrs. Ben Gruing and Mrs. Catt joint hostess.

...ome Economics Installs Officers

...The installation services which ... held by the Home Economics ...b in the Auditorium last even- ... was very pretty and most ef-fective. Everyone was dressed in white.

The president Eulia Williams with the other officers of the club were seated on the stage behind small tables.

The services were opened by the president of the club.

A knock was heard at the door, which proved to be a group of associate members wishing to become active members of the club. The president asked them to enter after they had pleged to abide by the laws, aims, and ideals of the Club. The girls marched out on the stage and were led by the secretary to their respective positions.

A musical reading, "Life" was given by Christa Taylor, accompanied by Miss Davis at the Piano. After the reading another knock was heard. This was the spirit of the home Economics, acted by Ruth Wheeler, who wore a long white robe and carried a candle which repersented the flame of service she was bringing to the girls. She said that she represented the spirit of happy, healthy, girl-hood, contented home life, and ever advancing communities.

After the spirit finished her talk the president lighted her candle of the spirit of Home Economics Thus accepting the light of service she then stepped forward to the center of the table on which were three large yellow candles and lighted one at a time saying that the three candles represented the three aims of our club . 1. To serve our homes and communities. 2.To be active and efficient in Home Economic work. 3. To furnish opportunity for social training.

The girls who lighted the candles from one of the spirit of Home Economics thus pledging their service.

After giving a welcome to the new members the president then asked the girls to follow the gleam into the Home Economics dining room where a banquet awaited them

As they marched into the dining room carrying their candles they sang, "Follow the Gleam."

The banquet room was decorated in the club colors, yellow and white

The installation service and banquet were both planned and prepared by the active members of the club.

Twenty-one girls were installated as active members, making a total of 47 members now in the club.

The girls who served for the banquet were, Berta Rickard, Ruby, Hatch, Willie Oldham, Nora Belle Grizzle and Rosamond Deen.

The menu consisted of:

Fruit Cocktail
Candied Sweet Potatoes
Chicken en Bouchettes
Rolls
Combination Salad
Date pudding with whip cream
Coffee
Mints Nuts

Eulia Williams acted as toastmistress.

The program was as follows:

It Cost Money To Run a Bank

We were talking with a banker the other day. We asked him, in the course of the conversation what the biggest item of expense is in conducting a bank.

He said, "GIVING SERVICE."

And then he explained. "You'd be surprised, how many people issue checks the day before pay day, then deposit just enough the next day to meet those checks. All the bank can hope to get out of such a practice is the privilege of being bookkeeper for those customers. And that privilege costs money."

We have an idea that we, as a community, abuse our banking privileges. We don't hear our local bank complaining, but we wonder if it wouldn't be well to consider our individual banking practices. In other words, would we welcome our own accounts if we were the banker?

Normal Budget Is Presented

"Prospects for the Eastern New Mexico State Normal are favorable," was the statement made by F. D. Golden, Superintendent of Portales High School.

A committee composed of Sam Seay, F. D. Golden, Ezra Watts, Ted Martin and W. G. MacArthur were sent to Santa Fe by the Chamber of Commerce, to prescnt the budget for the Normal which is located at Portales.

The budget was presented to the finance committee of the House of Representatives at 11 a. m., Saturday and to the finance committee of the Senate at 4 p. m., Saturday.

As the chief problem of congress is now concerning the taxes it will also greatly concern the building of the Normal, because all land must be under a tax in order to supply sufficient funds for the building, preparation, and maintenance of the Normal.

Grade School Notes.

Seven new pupils enrolled Monday morning at the grade school, making a total of 650, this being an average of 38 pupils to the teacher.

Simple Wedding

Among the African Bushmen the marriage ceremony is of marvelous simplicity. The boy goes to the wind-screen of the parents of his chosen girl and bargains with the father and mother about the size of the dowry. When this is agreed upon, he returns to his own quarters, eats hi: fill, an enormous amount, and goes to sleep. The next morning he arises at the call of the bird, takes the first trail of gazelle or duiker that he finds and follows it until he is able to catch his game alive, and alive presents it to the girl's parents as a proof of his ability to hunt and provide food. Then he takes the girl to his screen and the ceremony is over. The Bushman may marry as many wives as he can support, but, according to C. Ernest Cadle, Denver explorer, he can seldom take care of more than one.

Department of Chemistry Aid In Improving Soil

Recent investigations of the Department of Chemistry, New Mexico A. & M. College, in cooperation with various extension agents thru out the state, have shown that wheat raised under the conditions prevailing in the Easten counties of the state is of exceptionally high protein content. This information is valuable to the wheat farmer and the farmer who is potentially a wheat raiser.

In this work four samples of wheat from Roosevelt county were analyzed and found to contain an average of 15.85 percent protein. Inasmuch as premiums are paid on wheat, based on protein content in excess of considerable premium. At the present time premium afforded by the market amounts to about six percent per bushel for each one per cent in excess of 13. According to the investigations conducted by the Chemistry department, the yield decreases and protein percentage increases with lowe amounts of rainfall.

It is probable that the dry farming wheat of New Mexico will always run high in protein. When there is scarcity of high protein wheats in other states we should get the highest premium for high protein.

According to U. S. D. A. bulletion No. 1460 it is not unusual for high protein wheat to receive five to twenty cents per bushel premium.

After an extensive study of wheat at the Nebraska Experiment station it is stated that the protein content of wheat shows a higher than any other test. Most of the Nebraska millers prefer the protien analysis as a basis for purchase. From other reports it appears that all other wheats shipped east are analyzed for protein. Protein percentage are unusually based on a 13.5 per cent moisture content. Wheat raised in Eastern New Mexico caries 4 per cent less moisture which would mean 4 per cent less freight on water in shipping. It should be remembered that definite conclusions cannot be made with data from one years crop. However, the report of investigations of this year should be encouraging to the wheat farmers of New Mexico.

ROGERS

Games with Fairfield.

The boys' and girls' team of Rogers went to Fairfield last Friday night. The girls were defeated in the last quarter. The final score was 16 to 21 in favor of Fairfield. The boys' score was tied with a score of 9 to 9. Because of the cold gymnasium the tie was not played off. However, both teams are eager to meet again sometime soon.

Coming Games.

The boys will play Balleyboro here next Saturday night. The girls do not have a game matched so for.

Sophomore Play.

The Sophomores have begun work on "The Road Back." Try-outs for the parts were held at noon Tuesday. Watch for announcements.

The Senior English class is beginning a study of some of Shakespeare's plays. According to the information given to Miss Savage quite a few of them have read "Romeo," but have never read "Juliet."

Clarence Kirksey is back in school again after an absence of about a week.

Paul Jones has been absent from school because of illness.

Miss Cravy is with us again. We are very glad to have her again.

Causey has been having practice games with Rogers on Wednesdays.

We Wonder Why?

Nell and Mable hide their letters from Miss Savage.

If Mr. Wilhite still thinks its thundering.

Johnnie and Oleta are such friendly enemies.

Paul has a broken heart.

Miss Savage thinks that the guards are the strongest position on the team.

Elbert, Bob, Charlie, and Buel never study.

Bill Morrison and Lowell wanted Ola to go to the ball game.

Una prefers jumping centers.

Doyle threatened to take Esther Mullins to Portales.

Mr. Wilson is more agreeable just after the end of the month.

All the ball-players have been sneezing and hugging the radiator since they came from Fairfield.

Party at Wilhites.

Last Saturday night a number of young and old folks enjoyed a good time at the home of Mr. and Mrs. H. H. Wilhite. The playing of games, with a few minutes intermission to munch on popcorn, candy and peanuts, made the time pass very quickly.

Local News.

Mr. and Mrs. L. G. Ross left for a visit at Lamesa, Texas, yesterday.

Mrs. Margaret Littlefield is building an addition to her house which has been moved near the schoolhouse.

Tris Kirksey has returned from Texas.

Union Sunday School meets at the school house every Sunday morning at 10:30. Everyone is invited.

Singing will be held at Rogers Sunday night at 7:00. Everyone come!

Miss Vida Savage suffered a sprained ankle which was injured while practicing basket ball last Monday.

Thelma and Anna Post has been absent from school the last couple of days on account of sickness.

Mrs. Jap Post has also been on the sick list the past week or so.

Rev. Lorts will fill his regular appointment at Rogers next Sunday at two thirty.

The Methodists will hold their quarterly conference here next Saturday and Sunday. The presiding elder will preach at eleven o'clock Saturday morning. Dinner on the grounds and a business session Saturday afternoon. Presiding elder will also preach Sunday morning at eleven o'clock.

Mr. and Mrs. James Wilson and Ray Smith were Clovis visitors Saturday.

Society Annex

(By The Boss.)

On last Saturday evening a hand bill announcing that hell had been located 18 miles from Portales caused many comments. The exact location was not given, but on Sunday evening many cars drove out this distance from Portales, evidently for the purpose of seeing this much advertised attraction.

Hell has been the subject of discussion for thousands of years, and it has been described in the Bible and by many Devines as a bottomless pit of fire and brimstone.

?

Modernists have asserted that hell is a modern place wherever sin and reverly around.

Should the location of the literal Hell be discovered in this commerical age then some promoter would lease it and charge admission, featuring it as a great tourist attraction.

The Social Annex contends that the Modern Hell is to be found in many places. Where ever bootleg whiskey is sold or given to the younger generation is hell. Whereever the character of anyone is traduced and dragged in the mud is hell. Whereever the laws of mankind, which are made for the protection and benifit of humanity are ignored is hell.

The Annex believes in th literal hell—a place of eternal torment, and the modern hells which are scattered over the nation are merely the chutes leading to the literal hell, and on entering these shutes they are so steep and so slick that once started on the down grade it is next to impossible to climb back to respectibility.

The Colfax Stockman says that the way to solve the state tax problem is to collect the delinquent taxes. This would at least put the non payer and the men who always meets his tax payments on an equal footing.

Sunday's Roswell Dispatch carried a section dealing with th working of the office, carrying pictures of the entire staff, among these was the picture of Chick Taylor, formerly lino-op of the News. The issue of the Dispatch was a splendid issue, and gives the public information of the big task of publishing a daily newspaper.

On Monday morning it was feared that the News office had been burgalized. The editors sheers was missing and for a while it was feared that he would not be able to get out the paper this week.

It has been rumored that the burgular who broke into the Priddy & Poashee grocery store on Saturday night, left a note on Leon desk, saying that he could not use any of his goods that they were too high.

This department has been cussed and discussed the past week by a number of the readers of the News. Some if the dis-cusses accompanied their cussings with a renewal for the coming year.

If the burgulars who entered the Portales stores on last Saturday night will call at the New office, this department will be glad o give a true account of their oprations and also run their picture. This department desires to give only accurate account of all "social" engagements.

If you are contemplating a burglary, please call at the News office and give details of your plans, so that the public may keep posted as to your progressive methods.

Now that the new Methodist Church is assured, Ed. J. Neer has the nerve to come out and say that the new building will need a pipe organ, and offers to be one of five that will buy such an organ. The only objection that the editor of this department has to a pipe organ, is that he fears that it will interfere with slumbering in church. Tot Smith and Ham McDonald will probably agree with us in this. However if Ed. J. and five more agree to put one in, we will have to be satisfied with dozing at home after chuch services. The Soc-Annex has thought that the new church would be a mighty fine thing, but now that a pipe organ is in prospect, Portales is certainly putting on city airs.

The editor of this department had intended covering the birthday dinner of Ed. J. Neer, but the society editor beat us to it. Ed J. is not so old that he has quit having birthdays, and here is hoping that he will celebrate a score or more like this occasion.

The Soc-Annex editor was peeved this week, when the Mrs. Soc. editor pulled a dinner with several of the neighboring ladies, and told us that we could eat at the restaurant. We will get even by not mentioning this dinner in this department.

Billie Judevine is developing into a real good trader. Last week he tried to match a trade, exchanging his bull pup, Buddy, against the latest addition to the News family, Beans.

It seems that the people who have been entertaining in our community have entered whole heartedly into the matter. We hope that this will continue. All that is lacking is the interest in Sunday night singing and afternoon Sunday school. Some one is going to have to lead. Who is it going to be? The others are waiting for you.

Friday night was a most enjoyable experience for everyone present, when the "Blues" rendered their program in the school auditorium. The result of every act was a laugh from the audience. The play, "How the Story Grew," was rendered with a few errors. But all errors in the former were forgotten when "Sam'n Henry," presented themselves.

Clean Sportsmanship.

The most beneficial thing to a school is clean sportsmanship. Not only in basketball and other games, but also in your other studies. If you flunk on examination don't blame anyone but yourself, just smile and try again.

If you lose in a basketball game, don't blame the other team, but blame yourself, don't lose with a frown, but with a smile. You will not only win friends in your own community, but in others. But if you lose and blame it on the other team and if you do not show clean sportsmanship your own community is going to turn against you. So let's back our teams, and make them one of the cleanest.

The girls have a game on their home court, with Milnesand for Feb. 8. Come and boost your team.

Miss Wren Drew took sick at school Monday, and was taken home at noon. We wish her a speedy recovery.

A fruit supper at Mrs. Lee Hall's home Saturday evening was a round of fun for everyone present. A variety of games preceded eats which were cake, fruit and hot chocolate. After this more games were played. Time fled fast as everyone was enjoying themselves then the hour arrived for their departure.

Mr. Arthur Brown happened to an accident, when he overturned his truck two and one half miles south of Dora, Monday night. He was not injured, and the truck was slightly damaged. The cause was a dark night without lights.

VOLUME XXVII — PORTALES, NEW MEXICO, THURSDAY, FEBRUARY 7, 1929. — NUMBER 16

T. A. Martin, Local Mgr. N. M. Utilities Receives Promotion

T. A. Martin, local manager of the New Mexico Utilities Company general manager of the Missouri Utilities Co. This company operates in 23 towns in Southeast Missouri. Besides being assistant Mgr., Mr. Martin will be Superintendent of Distribution and Transmission for the company, and will leave about the 15th of this month for Sikeston, Missouri, which will be his new home.

Since coming to Portales Mr. Martin has been closely identified with every movement for the advancement of Portales, and his work on the committee of the Eastern New Mexico Normal School has been of great value.

Mrs. Martin has been valuable in club and educational work in Portales, and for a year or more was connected with the Portales Valley News as special writer, her articles on New Mexico Pueblos, being copied in papers over several states.

Portales regrets to lose Mr. and Mrs. Martin, but as this move means quite a promotion, they will go with the good wishes of the entire town, and with the hope that at some future time that they will again make their home in Portales.

F. E. Sleeper, who has been with this company at Clovis for the past year will succeed Mr. Martin as local manager.

Mr. Sleeper is a competent man, and he and his family will find a place in the community interests, and will be welcomed by the people of Portales.

Mr. Martin's leaving is only temporary however, and he will return to Portales to make his home.

Boy Scouts to Edit Next Issue News

The Portales Valley News of next week will be edited by the Boy Scouts of Portales.

The Portales Scout Troops have made one of the best records in the state and this issue will be watched with interest by those in sympathy with the scout movement.

Rev. Sowell Praises Building-Committee

On Wednesday night of last week, at a meeting of the building committee for the new Methodist church, and members of the congregation, Rev. Sowell stated that of the 10 churches that he has helped build he has never found a more congenial and competent building committee than that in charge of the erection of the new church at Portales.

The members of this committee are as follows: G. W. Carr, chairman, J. B. Sledge, treasurer, E. N. Smith, secretary, A. F. Jones, C. M. Compton, Ham McDonald and C. V. Harris.

Plans for the new building will soon be completed and work of construction will commence at once.

Steinberger Well to Begin Drilling Sat.

The tools and machinery are now on the ground for the drilling of the Steinberger well 8 miles south and 4 miles east of Portales, and actual drilling will begin on Saturday of this week, unless some unforseen hinderance interferes.

This well is being watched with interest by oil men of Texas and Oklahoma, and it is the opinion of many that it will result in the opening of an oil field in Roosevelt county.

Mildred Whiteman's Dancing Revue

On last Thursday night, Mildred Whiteman presented her dancing class in a revue at the Portola Theatre, in a very entertaining and instructive program consisting of New Mexico Indian dances by Ridgely Whiteman, accompaning himself with song and tom tom. Chas. Whiteman gave an intrepatation of the Scare Crow dance.

Mildred Whiteman starred in an acrobatic dance. Several numbers were presented by the class.

The Portola presented the picture, "Fighting Eagle," which was one of the best pictures shown in Portales in many months.

Mr. and Mrs. H. W. Richards spent Sunday visiting Mr. Richards parents, Mr. and Mrs. J. W. Richards of Plainview, Texas.

Bob Grissom, of Elida, was in Portales Wednesday.

Henry T. Jones, Pioneer Stockman of Co., Dies Suddenly

On Monday, February 4th, Henry T. Jones, one of the pioneer stockmen of this section of the state died at home on Colorado street at 1:30 o'clock.

Funeral services were held on Wednesday evening at the First Methodist church, Rev. T. B. Sowell conducting the services.

Burial took place in the Portales cemetery, Ed. J. Neer being in charge of the funeral arrangements.

For a number of years Henry T. Jones ranched in the Olive community, and when the cattle slump came during the war, he was practically wiped out. Being of the staunch pioneer stock which has made the history of the west, he did not dodge his obligations, but put his shoulders to the wheel and at the time of his death had come back and was numbered among the leading stockmen of the state.

For the past several years his family have resided in Portales, while he spent the greater portion of his time on the ranch.

As a token of the respect in which he was held by his fellow citizens a large crowd of cattle men and business men from Elida were in attendance at the funeral.

The west has been a hard master for the pioneers, and many have fought the good fight and have been called to the last round-up by the Herd Master of the Universe.

Mr. Jones has been a good citizen, a devoted husband and father and a man whom all have felt it an honor to have known.

He is survived by a wife and three children.

School Election to be held on Tuesday 12th

Elsewhere in this issue will be found the election proclamation for the Portales school district, which will be held on Tuesday, Feb. 12th, for the purpose of electing three directors for the term of three years.

Rabbits Now Paying Good Dividend

Many of the farmers of Roosevelt country are finding the killing of rabbits a profitable business.

The hides of jack rabbits are now bringing from 5 to 15 cents each, according to the care in preparing the hides.

As chicken feed the carcus is worth 4 cents each.

Every rabbit killed at this season of the year means many rabbits less in the spring, when the crops begin to come up, and the killing of the rabbits pays a good dividend from more than one angle.

The page advertisement of C. W. Ison in this issue contains many attractive bargains, which will be welcomed by the buying public. His new spring stock is now on display.

SOUND WAVES REVEAL EARTH'S ORE STORE

Iowa City, Iowa—Geophysics is the divining rod of the modern prospector in his search for the earth's stores of iron, patroleum, sulphur, lead, zinc and silver.

Dynamite, electricity, and delicate recording instruments now are called upon to locate ore deposits and oil pools, according to Richard B. Whipple of the University of Iowa engineering school.

Sound waves from a charge of dynamite exploded beneath the surface of the earth travel rapidly thru the dense formations of petroleum, buried granite, salt and sulphur, and instruments thus are enabled to record the deposits, the Iowa teacher says.

Similarly, a magnetometer which records variations in magnetic intensity serves to locate iron ore deposits and petroleum which has accumulated near the peaks of subterranean granite deposits.

Mrs. C. M. Compton left Saturday for her home at Marble Fall, Texas, in response to a message that her father was seriously ill. Word from her today is that her father is still alive, but very low with pneumonia. He is 87 years of age and the condition is quite serious.

Girls and Boys to Play at Clovis

The boys and girls basketball teams of Portales high school meet the boys and girls teams of the Clovis high school Friday night at Clovis.

Both of these games are return games, the local girls won over the Clovis girls the first game of the season and by all appearance they are out to repeat this victory.

The Portales boys lost to Clovis boys, but they are determined that the score board will be the reverse to what it was in the first game.

Remember both games Friday night at the Clovis high school.

Mr. and Mrs. J. B. Priddy left Sunday for St. Louis where they are now making selections of new spring merchandise.

Their selection of ladies ready-to-wear and millinery, will be of the best they have ever displayed in Portales, and as this new stock arrives, the buying public will find that they will be able to secure the very latest styles here in Portales.

Uncle Sam Parks of Oklahoma City, Father of Mrs. Ed. Wall, of Elida, and grandfather of Mrs. Lewis Nelson, of Portales, died Jan. 29, at the age of 80 years. He has visited in Elida and Portales and made many friends, who will regret to hear of his death. Funeral services was conducted by the Rev. W. S. Vanderpool, former pastor of Clovis.

Legislature Is Half Over With Tame Session

ONLY THREE BILLS THROUGH BOTH HOUSES; NO FIREWORKS BETWEEN PARTIES

Santa Fe, Feb. 4.—Now is the time for those who did not believe there could be such a thing as a 30-day session of the legislature to say, "I told you so."

The ninth state legislature will be half over at noon tomorrow; that hour marks the expiration of the 30th legislature day.

So far only three bills have passed both houses and two of them have been signed by Governor Dillon. The senate bill to retire the national guard debentures and the house bill to pay the per diem and mileage of the lawmakers have been passed and signed by the governor and HB-2, the legislative printing and expense bill has been passed by both houses.

House bill 18 to pay the printing costs of the legislature has been passed but awaits concurrence of the house in a senate amendment.

The senate has passed 10 senate bills on which the house has yet to act and the house has passed 17 house bills.

The death rate has been high in both branches. Four bills have been killed in the senate and seven in the house, all by the adoption of adverse committee reports. Not a single bill has been defeated by a roll call on the floor in either house.

The bills introduced in the house stand at 100. That is about a fourth of the number usually introduced there for a session. In the senate there have been 49 introductions.

The legislature has been rather tame so far. The only fireworks were produced by the labor commissioner bill, but that flare-up was only a temporary nature, leaving no scars so far as is apparent on the surface. Despite the large majorities of the G. O. P. in both houses, harmony has been preserved—so much so that it has been painful to the legislative reporters to whom a hot scrap means big headlines.

Not only have the republicans kept their ranks intact, but moreover there has been no friction between them and the minorities. No bill as yet has brought a division along strict party lines in either house.

Methodist Church

Thomas B. Sowell, Pastor.

Things are going in a great way at the Methodist Church, and every body is as happy as a lark, and all the congregation is working together, we are leaving no stone unturned on the building project.

As the days pass the work progresses more and more, and soon there will be forth coming definite announcements as to the time the actual building will start.

The attendance at all the services of the Church continues to increase, and the old building is being filled to capacity, remember, you have a standing invitation to attend every service of the church.

Next Sunday will be filled with good things for all who come our way, we shall be glad to number you with those in our congregation.

We have three good Leagues and they are doing some fine work, there is a place for those who would like to get into this fine and helpful work.

Remember that Sunday School begins at 9:45 a. m. and it will do you good to be there on time, you will be very helpful to the school, so do your best to be on time.

All the other services of the church at the regular hours, and a warm welcome awaits you at these services.

MORLEY'S CATTLE BILL GETS INTO U. S. SENATE

Washington, Feb. 4.—Payment of $17,680,000 by the war finance corporation to persons who on March 1, 1924, owned cattle in Mexico bearing the brand of the corporation was proposed in a bill introduced today by Senator Glenn, republican, Illinois, in behalf of Senator Larrazolo, republican, New Mexico.

The bill would provide that the payments should be in full settlement for losses sustained and "attributed to mismanagement" of the corporation and expressly named cattle shipped by W. R. Morley in 1922 to the Iowa farm credit corporation for which a payment of $47,500 was specified.

Miss Beth Hall and Miss Carolyn Paddock were guests in the home of Mr. and Mrs. Fred Ohr Sunday.

C. of C Go After Basket Ball Tournament

At Tuesdays luncheon of the directors of the Chamber of Commerce, the committee on entertainment were instructed to go after the district basket ball tournament, and use every effort to have it held in Potrales this year.

This tournament has been held in Clovis for the past three or four years, and it is now time that it be brought to Portales.

The district is composed of several counties, and is one of the major athletic events of the year.

W. W. Hensley Buried on Last Thursday

W. W. Hensley, aged 92 years passed away on Wednesday of last week, surviving his wife by 28 days.

Deceased came to New Mexico 27 years ago, and has been one of the substantial citizens of the county during that time.

For several years he has been in very feeble health and confined to his wheeled chair. As he was wheeled over town he became a familiar figure to every man, woman and child in the town and always had a cheerful word to say to all with whom he met.

He was the father of Dr. E. T. Hensley.

The funeral was held from the family residence on last Thursday afternoon, and the remains were laid to rest by the side of his wife in the Portales cemetery, Johnston and Wheeler being in charge of the funeral arrangements.

HOUSE OF N. M. LEGISLATURE IS IN SHORT MEET

Then Adjourns to Thursday Afternoon; Many Members Coming to Roswell.

Santa Fe, Feb. 4.—The house of representatives with only twenty-two members present was in session about ten minutes today and then adjourned until four o'clock Tuesday afternoon.

The greater part of the members had already left for Roswell for the Wool Growers' convention, but the house did some business anyway.

Concurrence was given to senate amendments to house bill 2 after which the house recessed. House bill 2 was amended by the senate to provide for the expenses of the institutional investigating committee.

Portales Experiences A Flurry of Snow

Thursday morning Portales witnessed a touch of real winter, the thermometer dropping to 15 above zero, and as the News goes to press snow is falling.

A. A. Beeman Dies At Elida Home

Between 9 and 10 o'clock Wednesday night, A. A. Beeman, president of the First National Bank at Elida, was seized with a coughing spell, which resulted in a hemorrhage, which cost him his life.

Mr. Beeman had been in apparent good health just before the seizure.

Mr. Beeman had been president of the First National Bank at Elida for the past eighteen years, and was one of the outstanding bankers of the state. During the finarfcial depression during which many banks of the state went under, his bank weathered the storm in good shape, and for the past eighteen years paid a good dividend, as an evidence of his expert management.

Funeral will be held at Carlsbad Sunday, the Masonic order, of which he has long been an important member, will escort the body to the train Sunday morning.

Perhaps no man in the county has been closer identified with the development of Roosevelt county than has A. A. Beeman. He was a thorough banker, and a town and county builder.

The entire county will feel his loss.

Cotton Can Now Be Used to Insulate Electric Wires

New York,—Discovery that washing in pure water makes cotton as good an electric wire insulator as silk, was announced today before the meeting of the American institute of electric engineers.

The discovery was announced by R. R. Williams, E. J. Murphy, H. H. Glen and E B. Wood, of the Bell labortories technical staff.

Long research showed that salt water is the element causing electricity to leak through the ordinary insulation. The salt comes from various solid saline elements in the insulating fabrics, which are turned into minute portions of salt water by moisture absorbed from the air Having discovered that the principal source of leakage is something soluble in water, the engineers proceed to get rid of it by plenty of washings in advance.

"Cotton," they announced, "can be substituted for silk, or less silk can be used. One type of wire widely used in the Bell System can now be insulated with two instead of three coverings of silk. By water treatment the electrical resistance of the textile can be increased about fifty times."

Bascom Howard in Collision With Passenger Train

On last Wednesday evening about 6:50, Bascom Howard narrowly escaped death when his automobile was struck by the incoming passenger train.

Howard had attempted to cross the track near the K. Robertson residence, when evidently his his engine became stalled.

A cold mist was falling, freezing on the windshield making driving very difficult. The car became headed down the track, and as the passenger train slowed up coming to the depot, it struck the automobile head on.

The car was completely wrecked, and Howards escape from death was miraculous.

The engineer stated that the car was on the track with lights out when the engine struck it.

The injured man was rushed to the Baptist Hospital at Clovis for emergency treatment, where it was found that his injuries were not of a serious nature.

He received a bad cut on the head and his body was considerably bruised.

RULES AND REGULATIONS FOR COUNTY ATHLETICS.

The Athletic Committee met on January 12, 1929, in the County Superintendent's Office and has the following rules and regulations for the County Athletic activities for 1929.

1. There shall be a County Class "B" Basketball Tournament held in the gymnasium of Portales high school building on the Saturday preceeding the District Basketball Tournament.

All rural schools not belonging to the State Athletic Association are eligible to compete. Class "A" schools of the County may enter one team composed of players from the 7th, 8th, and 9th grades, and who have not competed in Class "A" basketball during the year of 1928 or 1929.

2. Eligibility. All grade students must have an average minimum grade of 75 per cent in three-fourths of his school subjects during this school year. High School students must have an average minimum grade of 75 per cent in three subjects during the school year. All students must have been in actual attendance one month preceeding the tournament. An eligibility list signed by the head of the school must be presented to the County Superintendent one day before the opening of the tournament. The undersigned Athletic Committee shall be in charge of the tournament.

3. Entries and Drawing of Opponents: All entries must be in before noon of the day preceeding the beginning of the tournament. Entries shall be mailed to the County Superintendent. Opponents shall be drawn for on the day preceeding the tournament in the office of the County Superintendent. Each team will be charged an entrance fee of $2.00 to be paid at the County Teachers Meeting to be held in Portales on March 8th and 9th. The money from entrance fees to be used in buying awards for the winning teams. The referee to be chosen by the coaches at the County Teacher's' Meeting. Coaches may vote if their school has paid the $2.00 entrance fee.

4. Track Meet: A class "B" track meet to be held in Portales the second Saturday in April. Teams entering must meet the same requirements and fees of the Basketball tournament.

Note: the following suggestion did not come before the Committee and is added by the Chairman as an after thought.

Season tickets for the tournament shall be sold at the gate during the tournament, the receipts to be used in hiring a referee, paying for ball, advertising and sundry expenses. The price of the season ticket for all the games of the tournament to be 35c for adults and 25c for students.

Signed John P. Steiner, Chairman.
Agrie Jones.

COMPULSORY EDUCATION

New Mexico has a compulsory education law, requiring every child in the state between the ages of 6 and 16 to attend school. In many sections free transportation has been provided for the convenience of the children living at a distance from the school. In keeping your child at home, you are not only violating the state law, but you are robbing your child of the opportunity to fit itself for its life work. The day has passed when the child without education can compete with those who have prepared themselves with a high school education.

The providing of transportation is expensive, and it is up to you to get the full results. The News is beginning to believe that it is a mistake to provide transportation, as it is becoming abused to such an exten that the parents take the attitude that they have no responsibility in the matter, and that regardless of the expense, the trucks should come to their door to pick up the children. In the old days, some of the leading national characters walked many miles to a school and secured an education under many handicaps. Today the child on the farm has equal educational advantages with the child in town.

The editors of the state are called to meet at Santa Fe on the 15th and 16th of this month to perfect the organization of a state press association, and the publishers of the state are feeling the effects of lack of re-organization. Without organization, the profession becomes the football of politicians and will never gain the recognition that they are entitled to.

Last June the Editor of the News attended the National Editorial Association at Memphis, Tennessee, and was brought face to face with the necessity of organization. He presented the invitation to the governor for the next meeting of this national association to meet in New Mexico, but lacking the backing of the press of the state got nowhere in the proposition. Chicago and Wyoming were there with an organized move to secure the meeting and Cheyenne secured the plum. In July the News editor intends attending the National Editorial Association convention at Cheyenne, and again inviting this organization to hold their annual meeting in New Mexico. New Mexico has fewer members in the national organization than any state, and this membership will have to be increased to gain proper recognition. Every publisher in the state should take out a membership at once. The cost is only $3.00 per year, and the applications may either be sent to the secretary's office at St. Paul Minn., or to J. G. Greaves, state vice president for New Mexico.

Let every publisher boost the state organization and the National Editorial Association as well.

THE NORMAL SCHOOL.

The Eastern New Mexico Normal School will mean hundreds of thousands of dollars to this section of the state in development. It will bring a high class citizenship to Roosevelt county, and will advertise this section of the state all over the United States. No effort should be spared to secure the necessary appropriations to get this school in operation within the next year.

The Normal committee has done excellent work and they should receive the backing of every citizen of Roosevelt county.

THE NEXT OIL FIELD.

It is the opinion of the oil men of Texas and Oklahoma that the next oil field to be brought in will be in Roosevelt county.

While this may be the case it will require several years to develop it, but with the drilling of the well south-east of Portales this development may be hastened.

It would be wise for Portales to consider this development and prepare for it. At this time the town is short on hotel accomodations, and as a result oil men will go to Clovis and Roswell to make their headquarters.

Driving over the south plains, the editor was impressed with the hotel accomodations of towns the size of Portales. Many are now erecting modern hotels of from forty to 150 rooms.

A hotel of 50 rooms equipped with private baths would soon bring hundreds of tourists and traveling men to Portales as a stopping point, which now go through the town on high.

With the development of an oil field it would take a hotel of several hundred rooms to handle the business. Now is the time to prepare for this before some nearby town takes this business from us.

ROEBUCK

It is still dry in this part of the country. There is pretty good moisture in the ground, but we would like to see moisture falling, as we would feel better assured of good crops this year.

Mr. Fred Smith received word a few days ago that his mother is real sick. She is with her daughter, Mrs. H. T. Ward, near Swenson, Texas. We are very sorry to hear of Grandma's condition and trust she will soon recover.

Mr. Will Croft has a new radio, his neighbors go and stay until a late hour at night enjoying the music.

Mr. F. Wooley has a new four door Chevrolet. He and his son, J. B., have gone to Oklohoma in the new car.

Luther and Lois Blakely have gotten moved to their new home thirteen and one half miles west of Muleshoe, Texas. They spent a day and night last week with Mr. and Mrs. R. M. Harding.

Mrs. Fred Smith and children, spent the day with Mr. C. T. Crofts' family last Sunday.

Our school is progressing nicely. They are getting up a program, which they will render on Saturday night, Feb. 16th, also intend to have a pie supper that night, every body is cordially invited. Ladies bring pies, (and the gents bring their purse). Don't forget the date.

Miss Blanche Seefeld of our community and Mr. Clint Judah, of Causey were united in the Holy bonds of matrimony Sunday, Jan. 27. We wish for them a long and happy life.

Mr. Joe Everett and family of Post City, Texas, have moved on the Boggs place east of Causey. Mrs. Everett is Mrs. Boggs' oldest daughter. We are glad to have them in our community.

W. F. Bennett, of Elida, was in Portales Monday.

FLOYD

—o—

Tuesday of last week, Mrs. Vina R. Gardner, State Supervisor Home Economics Education, inspected the Floyd Home Economics department. She was pleased with the activities and work the class is doing.

Our Floyd girls basket ball team remained unbeaten and were decidedly victorious in the two games they played last week. Pleasant Hill, who until Friday night were unbeaten, gave Floyd the best game they have had this year, however the final score stood 46-16, in favor of Floyd. The game with Portales was easily won by a score of 57-16.

Don't forget the games with Melrose Saturday night and Rogers Friday night. The games will be called at 7 o'clock.

The Vocational Agriculture class room and shop looks like a new place since Mr. Foster and his class have painted the walls, woodwork and bulletin filing boxes, and put up new window shades and curtains, the "Home Ec'ers" made for them. The H. E. girls squinted their eyes and approved the boys decoration except in one particular, they said the concrete floor in the shop was not quite dark enough to make a perfect foundation. However the boys overcame this objection by saying that when they got all their litter on it, it would be.

Mr. O. D. Vickers has purchased a new Ford truck for the route on which Mr. Ray J. Lofton is driver.

Portales boys won over Floyd boys by a score of 29-4.

Mrs. Vina R. Gardner was the guest of Mrs. Don C. Foster Tuesday night.

Mr. Wilson, Supt. Rogers school, refereed the games both Friday and Saturday night. His work was entirely satisfactory. Many commented on the splendid refereeing.

—Laura Hall.

MIDWAY

We are glad to report the people of this community are about to recover from their colds.

Our Sunday School is progressing nicely.

Bro. Hannah preached a good sermon Sunday at eleven. His text was building the walls around.

Bro. Lee Vick preached Sunday night. He preached a good sermon on Christ. We all know Brother Vick is a young preacher and we want to congratulate him.

Mr. and Mrs. Botter, Mr. and Mrs. Willie Coder and Uncle Sam and Aunt Sana Williams took dinner with Mrs. Tom Gragrey Sunday.

Mr. and Mrs. Tom Russell spent the week end with the Glach Russell family.

Mr. Charlie Kinebrough spent Saturday night in Walter Ashbrook's home.

Miss Lucile Palmer spent Friday night with Louise Jork.

We are very glad to report that Mr. and Mrs. Walter Clifton and daughter, Helen, is back in our community again, they have been living at Portales for a good while. Mr. Clifton is caring the mail from Emzy to Portales and he is sporting a new Whippet coach.

The party fever is raging in this community. There was one case at Mr. and Mrs. Wilks home Thursday and one at the Horner home Friday night, a large crowd and a nice time was reported from both.

Mr. Toll Corder went to Bledsoe Wednesday on business.

THE PLACE OF MY DREAMS.

By Virginia Frances.

An old brown house away out west
Is the most wonderful place it seems
The willow trees and the robins' nest,
That's the place of my dreams,
An old windmill pumping cool and slow
Those wonderful crystal streams,
That's the cheerfullest place in the world I know,
Is the wonderful place of my dreams.

Out there where the coyotes howl at night,
Out there where the rabbits run,
I long for the open country, where my happiness begun,
The cows come drifting in at dusk
And gather 'round the trough,
A great dust from their stamping hoofs,
As they slowly pull hay from the loft.

If I can ever return way out there,
With peace and happiness,
I'll love even more the one who gave
Me that wonderful place in the west,
There's no one calling now and then,
There's no one dropping around,
I think I can never learn the ways
Of city folks and town.

There is no smoke rising way up high,
To cover up the stars.
There is no hum of automobiles,
Like in the city there are.
You can whoop and hollow and cry,
It's not what the big city means,
Now can you blame me for calling it,
The wonderful place of my dreams.

This poem was written by Virginia Frances, who has recently moved to Big Springs, Texas, from the Greaves ranch near Elida.

First Baptist Church of Clovis Makes Great Record

The First Baptist church of Clovis, celebrated the sixth anniversary of the pastorate of Rev. J. F. Nix last Sunday. The records show that during this time there have been eleven (1100) hundred additions to the church, 500 by baptism, and an eight ($8000.00) thousand dollar indebtedness reduced to $2400.00.

A full house greeted the pastor Sunday morning, when seven came with the fellowship of the church.

Dora

Editor—Joyce Brown.
Reporters — Wesa Drew, Ethel Radcliff, Louis Hall, Laverne Nickels.

Dora has grown to be quite a little town in the past five years. Five years ago the tall white store building, which is now run by Mr. Lee Hall, stood alone at the intersection of the two roads with a dwelling house to its right. Upon the school ground stood a small wooden building where a group of children attended school. These were the only buildings at Dora.

Now, there are two stores with two filling stations, a post office and a brick school building, with six teachers and a large number of pupils. There are residences scattered around which make Dora look very favorable. But there is something lacking in the beauty of this young town. It is trees. Very little energy is wasted when you plant a tree, and you will be repaid in the future by looking upon its beauty. The school grounds are bare without trees, which would add much to its appearance. People let's plant trees.

Rev. Moore preached Saturday night in the school building.

Singing Sunday night was almost a complete failure. We hope this community will organize a singing class in the future.

There will be sermons by Rev. Moore next Sunday at 3:00 and 7:30 p. m., in the school auditorium.

Rev. Randall, of Texico, and Farwell will preach at the Church of Christ Sunday at 10: a. m.

A birthday party was given for Glenn and Craig Nickles, Feb. 2, at their home. Some of their friends and neighbors were present and everyone spent an enjoyable day.

Mr. and Mrs. Fred Taylor entertained a large group of young people with a party Saturday night. Everyone enjoyed themselves, especially the eats which were doughnuts and hot chocolate.

The Dora Girls Basketball team played Elida Friday night at Elida. The game was very exciting from the beginning until the end, as first one team and then another took the lead. Just before the timekeepers whistle sounded, one of the Dora forwards threw a goal and the final score was 22 and 20 in favor of Dora.

There was some argument in regard to the last goal. Elida's time keeper agreed that the ball was in the air at the time his whistle blew, but at the same time maintained the goal illegal. Dora claims the game according to Rule six, Section 12, which states, "upon the sounding of the timekeepers signal, play shall cease instantly, except that if the ball is in the air on a try for the goal when the timekeepers signal is sounded, play shall continue until the ball has entered or missed the basket."

There is no hard feeling between the schols and we wish to congratulate Elida for their clean sportsmanship.

Don't forget the girls have a game on our home court for Friday, Feb. 8.

Mr. Walter McClintock has returned to school after a weeks absence of flu.

Mr. A. E. Lott and son, have finished threshing this week. They made around 3500 bushels of grain besides the many tons of maize and kaffir corn sold in the heads, which he gathered off of about 300 acres of land. Mr. Lott has about 375 acres of wheat which is needing rain very much.

SOCIETY and Club

C. E. Social.

About thirty young people enjoyed a very pleasant time together on Wednesday evening, Jan. 30, when the hospitality of the S. N. Hancock home was extended in a Christian Endeavor social. Various games and merry conversation occupied the evening and all enjoyed the dainty refreshments of sandwiches, pickles, dates, cake and cocoa.

Birthday Dinner.

Sunday, Feb. 3rd, was J. K. Robertson's birthday and in honor of the occasion, Mrs. Robertson prepared a fine turkey dinner and invited a few relatives and close friends to share it with him.

The guest list included J. A. Swagerty and Mrs. John Swagerty, of De Leon, Texas, the Z. T. Campbell family of Elida, R. H. Grissom and family, the S. N. Hancock family, Miss Bess Dohoney and G. W. Robertson of Portales.

Mr. and Mrs. C. V. Harris at Home.

Mr. and Mrs. C. V. Harris were at home on Friday evening with a delicious 3 course turkey dinner.

The guests were Mr. and Mrs. A. F. Jones, Mr. and Mrs. G. W. Carr, Mr. and Mrs. T. A. Martin and Mr. and Mrs. J. B. H. Young.

They were seated around one large table centered with a Crystal Tree, which was one of Mrs. Harris' prized Christmas presents.

The evening was spent in social conversation.

Mr. and Mrs. J. W. Maupin Entertain Friends.

Sunday at 7 o'clock Mr. and Mrs. J. W. Maupin were at home to Mr. and Mrs. T. A. Martin and Mr. and Mrs. E. A. Herndon. Mrs. Maupin served a delicious 3 course dinner.

Mr. and Mrs. Dehn Kirk at Home.

Mrs. Dehn Kirk was at home Tuesday evening to a number of friends with a 42 party.

The guests were Mr. and Mrs. J. J. Spires, Dr. and Mrs. R. W. Means, Mr. and Mrs. J. Rex Forrest, Mr. and Mrs. Ike Hughes, and Mr. and Mrs. G. W. Carr, besides the house guests.

Home Makers Club.

The Portales Home Makers Club held a very interesting and profitable social meeting at the pleasant home of Mrs. James Christoe Wednesday afternoon.

A short business session was followed by a general discussion of club activities for the year. Miss Wetzel offered several interesting and practical suggestions in regard to the different projects to be taken up.

It was with regret the club learned that Mr. and Mrs. T. A. Martin are leaving Portales. Mrs. Martin has been a most efficient and willing worker in the club and the club wishes them success and happiness in their new home.

Before the meeting closed the Hostess and the ladies of the social committee served a delicious lunch, suggestive of St. Valentines Day. All voted the ladies charming hostesses. The next meeting will be at the home of Mrs. H. M. Livingston, Feb. 20th.

Mrs. W. K. Judevine Entertains Bridge Club.

Mrs. W. K. Judevine was hostess on Friday afternoon to the members of the Friday Bridge Club.

The club members present were Mrs. J. J. Spires, Mrs. P. R. Burn, Mrs. Herman Luper, Mrs. E. L. Wright, Mrs. Marjorie Richardson and other guests were Mrs. J. J. Turner, Mrs. J. Rex Forrest, and Mrs. Coe Howard.

Mrs. P. R. Burn won high score and Mrs. Herman Luper, second. Mrs. Judevine served a delicious refreshment course at the close of the game.

Dr. and Mrs. Johnson at Home.

Dr. and Mrs. I. D. Johnson had as guests at a one o'clock dinner on Sunday, Mr. and Mrs. P. R. Burn and children, Miss Bettie and Master Russell.

Invitations have been issued for a 42 party for Friday afternoon at the S. N. Hancock home, joint hostesses with Mrs. Hancock are Mrs. R. H. Grissom, Mrs. Lula May and Miss Bess Dohoney. Party will be reported in detail in next weeks issue of the News.

All Day With Mrs. Carr.

Mrs. G. W. Carr entertained a few friends on Thursday of last week with an old fashioned "Spend the Day."

The ladies came in the morning and brought their needle work. At 12 o'clock they enjoyed a wonderful duck dinner with all that goes with it. The afternoon was spent in conversation and the ladies spent a most pleasant day.

Those enjoying Mrs. Carr's hospitality at this time were: Mrs. O. S. Strickland, Mrs. T. E. Mears, Mrs. C. M. Compton and Mrs. J. G. Greaves.

U. D. C's With Mrs. Herndon.

Tuesday afternoon the U. D. Cs met for their regular monthly meeting with Mrs. A. E. Herndon, Mrs. H. P. Jones, presided. The ladies responded to roll call with a current event. The subject of the program was Washington and Lee and Mrs. Lula May and Mrs. W. B. Oldham made talks concerning these men.

After the program Mrs. Herndon served ice cream and cake as a refreshment course.

Mrs. J. R. King, of Slaton, Texas, and Mrs. Anderson were guests, besides the members present.

Miss Clara Florence Entertains.

Miss Clara Florence was at home to a few friends on Saturday evening. The time was most pleasantly spent in playing bridge and making candy.

The guests were Mr. and Mrs. J. J. Turner, Mr. and Mrs. Edwin Lanzer, Miss Nellie Rowse, Robt. Malone and Coyt Jackson.

Thursday Bridge Club.

Mrs. Jay Slone was hostess to the Thursday evening bridge club last week, at her home on State Street. The members present were: Mrs. J. H. Lee, Miss Sybil Lyons, Miss Mae Watts and Miss Bernice Hayes. The substitutes were Mrs. Norman K. Norris Mrs. P. M. Bailey and Miss Adele Oldham. After the game Mrs. Slone served delicious refreshments.

Mr. and Mrs. Kirk Entertain.

Mr. and Mrs. Dehn Kirk entertained with a one o'clock turkey dinner Sunday, and in the afternoon, together with their guests motored to the oil well southeast of town.

Those enjoying Mr. and Mrs. Kirk's hospitality were Mr. and Mrs. Palmer and daughter, who have recently moved here from Frederick, Okla., and Dr. and Mrs. E. T. Hensley.

Cecil Hammitt left last week for Carlsbad where he will work at the carpenter trade.

OUTLOOK DRAFTED FOR NEW MEXICO

During the week of February 11 to 15, the Agricultural outlook for New Mexico will be drafted. This outlook will take into consideration the facts and recommendations in the Agricultural Outlook for the United States which was prepared in Washington D. C. January 21-26. The New Mexico outlook will be adapted to the conditions within the state and based on the U. S. Agricultural Situation.

A. L. Walker Agricultural Economist and L. H. Hauter, Ass't Director of Extension, two experienced men in Agricultural Economics in New Mexico, were present at the National Conference in Washington D. C. held for the purpose of drafting the U. S. Agricultural Outlook. The experience of these men in the work of making the National Agricultural Outlook and their acquaintance with New Mexico conditions together with the knowledge and experience of other specialists of the State Agricultural College Expermient Station and Extension Service and 22 county Agricultural Agents will be combined in making up the New Mexico Agricultural Outlook.

The first New Mexico Agricultural Outlook was made in 1928 and this outlook reported through news services and publicity wide expression of appreciation. It is hoped that the 1929 outlook will be equally as hopeful to the farm and livestock interests of the state as was the one issued in 1928.

STATE HOME AGENTS SHOWS 1928 PROGRESS

In connection with the extension service of the state Agricultural College five county extension home agents are employed, these home agents being located in Bernalillo, Curry, Dona Ana, Roosevelt and San Miguel counties. The State Extension Service also employs a state home agent and two assistant state home agents, who work with these county home agents, and with seventeen county agricultural agents, in counties having but one extension worker, in helping with the development of home work in the rural communities throughout the state. This general plan of work has been followed since the establishment of the State Extension Service in 1914. However, the present plan of work was introduced four years ago.

The state home agents are employed by the State Agricultural College and the U. S. Department of Agriculture cooperating, and the county home agents are employed by the U. S. Department of Agriculture, the State Agricultural College, and the respective counties cooperating. These eight workers, in connection with the county extension agents in other counties, are working for improvement in foods, nutrition, clothing, home management, house furnishings and women's community organizations.

During 1928 work with foods was conducted in 18 counties of the state. Nutrition work, which includes the selection of foods for the most healthful diet, has been conducted in connection with the food selection and preservation. Selection of clothing materials and clothing construction and remodeling work were conducted in 12 counties. Four farm women's camps were conducted during the year, with a total attendance of 79, representing 17 different counties. A very popular line of work which showed much progress in 1928, is kitchen improvement. This work was conducted in eight counties in 1928, with 13 communities cooperating. Clubs of sewing, cooking, baking, canning, house furnishing and millinery have been conducted in nearly all the counties of the state and a large number of community women's organizations have been assisted with home economics educational programs.

There is a bargain awaiting someone, who has an old second hand Ford. Inquire at the News office.

Beware of COLDS NOW!

whether you've had the FLU . . . or not

This is the time of year when serious cold troubles, such as deep chest colds, bronchitis, and pneumonia are always at their worst.

Just now, with so many people in the weakened condition that follows a flu attack, it is more important than ever to heed every cold as a danger signal and check it promptly before complications can set in.

Quick Direct Treatment

At the first sign of a cold, melt some Vicks in a bowl of hot water and inhale its healing vapors. Also place some up each nostril and snuff well back. This quickly opens the air passages.

At bedtime, rub Vicks vigorously over throat and chest and cover with a warm flannel. Most colds yield overnight to Vicks two-fold action:

Acts 2 Ways at Once

(1) Its medicated vapors, released by the warmth of the body, are inhaled direct to the inflamed air passages, loosening the phlegm and easing the difficult breathing.

(2) At the same time, Vicks acts through the skin like a poultice, "drawing out" tightness and soreness, and thus helping the vapors to break up the congestion.

Mothers especially appreciate this simple external treatment because it cannot upset children's delicate stomachs, as too much "dosing" is so apt to do.

RICHLAND

Sunday School is still increasing in interest and attendance. We had 61 present Sunday.

We had good singing Sunday night. Everyone come out and help us. We are going to get new books soon.

Mrs. Ethel Page had the misfortune to get her hands burned last week. We hope they will soon be well.

Mr. Lon Partin and family took Sunday dinner with Mrs. Maude George.

Mid-Way boys and girls will play our teams on the home court Friday.

There was a large crowd out to witness the game last Friday, but Causey failed to come.

Several from here are attending the singing lessons taught by Prof. Tabor, at Garrison on Friday and Saturday nights of each week.

Last Sunday morning, Miss Blanche Partin and Mr. Mark Williamson were united in marriage. Rev. Marshall performed the ceremony.

The bride and groom have lived here for a number of years and their friends are numbered by their acquaintances. We hope for them a long and happy life.

Boys Beat Girls in Average Attendance

Though the girls outnumbered the boys in attendance for the three months of September, October and November, the boys have at last "come out of it" with an average of .5 over the girls during December.

In September the average number of days attended by the girls was 19.63 and for the boys 19.06, the girls outnumbering the boys .57. The number of girls enrolled was 139 and of boys 116, the total being 255. This was for the Senior high.

For the Junior high the boys outnumbered the girls .2, the average number of days attendance for the girls being 18.95 and the boys being 18.97. The number of girls enrolled being 67 and the number of boys being 72, a total of 139.

The total number at the grade school was 620, the boys also outnumbered there by .37 average attendance for girls being 18.37 and for boys 18.74. The number of girls enrolled was 302 and number of boys 312.

The total for the entire school was girls 514 and boys 500, the total being 1014.

In October the girls still outnumbered in the senior high .21 average number of girls being 18.60 and average number of boys 18.39. Four girls and four boys dropped out this month leaving 135 girls enrolled and 116 boys, a total of 251.

In Junior high the girls outnumbered the boys in average days by 1.83, eight dropped out of Junior high. The enrollment for the girls being 62 and the boys 69, total 131.

The boys still outnumber the girls at grade school by: boys 281, and girls 274, the boys outnumbering by .7. The entire school, 969. The reason for the attendance not being any better this month is on account of so many having to help harvest the crop, according to Supt. Golden.

In November, the girls still had the best of the boys by .16, girls average being 18.23 and boys average 18.07. The enrollment being the same as in the month of October, except two boys have dropped out.

In Junior high the boys again have the best of the girls after letting the girls outnumber them in October. The average for the boys was 18.90 and the girls 18.30, difference being 60, five new girls have enrolled and two boys have dropped.

The boys still hold the greater number over the girls at grade school, the boys being 271 and the girls 268.

TRADE MARK REG.

Relieves the congestion, prevents complications, and hastens recovery.

The total for the whole school this month exceeds all other months by 87, the total being 1071.

In December, the boys at last outnumbered the girls by .4, average being 17.81 for girls and 17.86 for boys.

One boy and one girl dropped out this month, leaving 247 as total enrollment in senior high.

In Junior high, one new boy enrolled making a total of 134 in Junior high.

The average days attended were girls 17.58 and boys 17.83, the boys outnumbering.

In the grade school the boys take the championship for outnumbering the girls during the entire school this term. Average for boys is 265 and for girls 246, total 511.

Total of boys in entire school this month, is boys 487 and girls 472, total 959.

The reason for the attendance being so low this month is on account of the flu epidemic.

Junior Hi Building Progressing Nicely

"The basement for the new Junior high building has been completed and the forms are now being made for the foundation," said Supt. Golden last Monday. "It will take about two or three day to build the foundation then work on the brick will begin immediately. It will take about six weeks or two months to lay the brick." He also said that two new tennis nets and a new basketball had been purchased for the grade school, and two gross of library booster pencils had been purchased for the senior high.

A new tennis net will be put up soon for the senior high. It will be east of the high school building.

Agriculture Class

"The A. H. class will start the last of the week on leather and wood working," Mr. Harrell said, Monday. All of the boys now have some project in leather or woodworking. All that has been holding up the work on the leather projects, is that there was not any leather stamps.

All of the boys not taking either of the above will take up blacksmithing.

Ryan Entertains Monday Afternoon

Tommy Ryan, worlds ex-champion boxer, gave a program in the auditorium Monday afternoon, for the purpose of impressing upon the minds of the boys and girls the necessity of leaving tobacco and drink alone. The also gave some of his boxing feats and athletic stunts.

He is 80 years old and says that his nerves are as strong and steady as they were forty years ago. He proved this, when he called a boy from the audience and placed a potato in both his hands and cutting it with his sword without touching the skin of the boys hands. He did the same thing after placing the potato on the boys neck. He illustrated and told of the fight between Dempsey and Tunney. He showed the strength of an old man, who had never smoked or taken a drink of liquor, by first lifting a 200 lbs. weight with both hands and holding it above his head, then holding it on his shoulders, then by lifting the same weight with one hand and holding it above his head. He urged the boys who wish to obtain athletic success to refrain from smoking and drinking.

At the close of the program Mr. Ryan announced that he would give $50.00 to any cigarette smoker who could come to the stage and lift the 200 lb. weight with either one hand or two hands.

A number of the patrons of the school were present, also the grade school pupils.

There are many reasons for the ease of steering the new Ford

THE new Ford is exceptionally easy to steer because of the well-proportioned weight of the car, the steel-spoke wheels, the co-ordinated design of springs and shock absorbers, the size and design of the steering wheel, and the simple mechanical construction of the steering gear.

The Ford steering gear is of the worm and sector type used on high-priced cars and is three-quarter irreversible.

In simple, non-technical language, this means that the car responds easily and quickly to the steering wheel, yet there is no danger of the wheel being jerked from the hands of the driver by ruts or bumps in the road. A light touch guides the car, yet you always have that necessary feel-of-the-road so essential to good driving.

Strength of materials and careful workmanship give unusual stability to the Ford steering gear and housing.

The steering worm, for instance, is splined to the steering worm shaft and is stronger, of course, than if a single key were used to hold the shaft and worm together. The steering worm sector is forged and machined in the same piece with its shaft.

The housing of the steering gear mechanism is made of three steel forgings, electrically welded together. This housing is then electrically welded to the steering column. Such a one-piece steel unit is naturally much sturdier than if several parts were used and bolted or riveted together.

Throughout, the new Ford steering mechanism is so simple in design and so carefully made that it requires practically no attention.

The only thing for you to do is to have the front steering spindles, spindle connecting rods, and drag link lubricated every 500 miles and the steering gear lubricated every 2000 miles.

For this work, you will find it best to consult the Ford dealer. He has been specially trained and equipped to help you get the greatest possible use from your car over the longest period of time at a minimum of trouble and expense.

— PLAIN FACTS —

Anyone who will stop for a moment and study the situation, will realize the plainest and most outstanding fact about motor cars today is the **Sturdy, Outstanding Quality** of the New Ford Car and Truck. You can see its performance on our roads every day and know it is sturdy and standing up under hard use. Go ask any owner.

Another fact — The cost is less, the gas and oil consumption very low, its road balance gives more tire mileage, the parts cost less and Used Car Value will be much more. People all over the country are discarding off brand cars costing up to $3,000.00 and **using Fords.**

We have them on our floor. Come and see them.

It Cost Money To Run a Bank

We were talking with a banker the other day. We asked him, in the course of the conversation what the biggest item of expense is in conducting a bank.

He said, "GIVING SERVICE."

And then he explained. "You'd be surprised, how many people issue checks the day before pay day, then deposit just enough the next day to meet those checks. All the bank can hope to get out of such a practice is the privilege of being bookkeeper for those customers. And that privilege costs money."

We have an idea that we, as a community, abuse our banking privileges. We don't hear our local bank complaining, but we wonder if it wouldn't be well to consider our individual banking practices. In other words, would we welcome our own accounts if we were the banker?

Trip to Big Springs.

On last Friday, the editor and wife, Gordon King, and pup, motored to Big Spring, Texas to spend Saturday with the kinfolks of the Mrs. Ed.

Big Springs was found to be a booming oil town, and the merchants and everyone else were busy.

At Big Springs, the News party visited at the home of Frank R. King, owner of the two laundries of Big Springs, the Lamesa laundry and the Pecos laundry. At his home gathered the relatives of the Missus, C. M. Francis and family, fomerly of Kentucky Valley, Mr. and Mrs. L. M. McKinney, of Dallas, Texas, Mr. and Mrs. Max Howard of Big Springs.

A general family reunion was held, and the time spent in feasting and visiting.

On Saturday afternoon, the party went out to the air port, where Frank has an air plane, and all were given a ride up in the clouds.

The plane was piloted by Pilot Mitchell, who was onto his job, and who made the flying smooth and enjoyable. The missus had to be blindfolded and forced into the plane, and found when 1000 feet in the air that she could not do back seat driving. Gordon King and Charles Francis, were thrilled 2000 feet in the air, and given a few dips and short turns which enabled G. K. to lord it over his school mates on his return home.

On Saturday night the entire party of kinfolks met at the King home where the missus was surprised with a birthday party. A large cake covered with candles was the center of attractions—one candle for each year as near as possible to secure as the candle stock of Big Springs was exhausted in the attempt.

On Sunday morning the return trip was made by way of Slaton, where dinner was taken with the rest of the family, Mr. and Mrs. R. H. Todd and Mrs. King, mother of the Society Editor.

The trip was enjoyable and was three days well spent.

Coe Howard returned from a trip to Ft. Worth and Dallas on Tuesday of this week. He says that he did not qualify for this column by kissing some other mans wife while away. The editor of this department has asked its Ft. Worth representative to look into this and make a detailed report.

Tack, of the Amarillo News-Globe is all stuck up over the fact that he has written an article for the Saturday Evening Post, even if it was returned. The Soc-Annex Ed., has been writing for the Saturday Evening Post for a number of years, and as yet has never had an article returned. The articles referred to usually read, "Enclosed find check for years subscription," etc.

While the editor of this department was out of town last Friday, Saturday and Sunday, G. W. Carr, tried to bemean his character by bringing up the subject in Church Sunday morning, and J. W. King and others joined with him trying to create the impression that he was at home asleep. Now everyone who has heard the Mrs. Soc. Ed. talk knows that it is impossible to sleep at home in the day time, and unless an apology is received from above parties, some things that are not of general knowledge may be told about them in this column.

Last Saturday the Mrs. Soc. Ed. got into a place where she could not talk. She took an airplane ride. If your wife insists on the last word try it. It works fine.

Tuesday an interesting trading match was witnessed between Dave Isenberg and a Scotchman. The Scotchman had a rug which he was trying to sell Dave. He offered the rug for $350.00 and Dave came back with an offer of $25.00. Whenever you match a Jew and Scotchman on a trade, you see some real trading.

A. B. Cares of the Richland community, was in town Tuesday of this week, he states that they expect to make a bumper crop this coming season.
