

A Purer Cane Syrup, Cannot Be Made

If we should spend three times the money and
three times the care that we are now putting into

VELVA Breakfast Syrup

the result could not be one whit better. Velva is the pure juice of the choicest Louisiana sugar cane, clarified and then sealed in cans that prevent even the possibility of inside fermentation or deterioration from outside influences. There is no cane syrup made that equals Velva in natural flavor or natural food value.

All good grocers who try to please keep Velva Breakfast Syrup or will get it if you ask.

Pythians Meet in Conclave.

Abilene, Texas, April 24.—A week of unusual interest and activity in Pythian circles was inaugurated here today with the assembling of the Grand Lodge convention of the Texas Knights of Pythias. Today was devoted chiefly to the welcome and entertainment of the visitors, the program including a 150-mile automobile ride and a public reception. The Grand Lodge will begin its business sessions tomorrow. The Pythian Sisters of the State are holding their annual meeting in conjunction with the Grand Lodge. The business session of the city is elaborately decorated in honor of the visitors.

Heresy Charge Against Professor

Pittsburg, Pa., April 24.—A special meeting of the Pittsburg Presbytery went into session behind closed doors today to consider the overture directed against Professor William Adams Brown of the Union Theological Seminary, New York. The overture, which was introduced by the Rev. Dr. M. L. McKewen of this city, asks for an investigation of certain alleged heretical statements made by the New York professor in reference to the Bible and miracles. It is believed likely that the local Presbytery will decide to refer the overture to the Presbyterian General Assembly which is to meet in annual session in Atlantic City next month.

Times Want-Ads bring results.

Unwritten Laws and Traditions

There is a class of unwritten law which does not and can not become written law, says Case and Comment, because it approaches so near the danger line that man dare not recognize it to the extent of publishing it and declaring it as a part of the positive law.

It is an unwritten law of the sea that a captain must go down with his ship. Men dare not write it into the contract, and nations dare not incorporate it in their navy or marine regulations, yet the tyrants of the sea know the law, and believe that to obey it betters their service, and there are few instances of its being disregarded.

It is the unwritten law of the army and navy that an officer shall not seek cover, or at least shall not show apprehension of danger to his person, in time of battle and in the presence of enlisted men or common sailors. In the Franco-Prussian war nearly 4000 officers of the German army were killed and the great majority of them gave up their lives because they believed in the law of conduct.

In obedience to this law Farragut bound himself to the mast, Lee rode to the head of his surging column at the bloody angle, and Lee on walked coolly in front of the line and was shot in the presence of his men.

The law of the right of revolution has been much talked about and much written about. Every intelligent citizen believes that he has the right under certain conditions to oppose the establishment of government of his own land and join in an effort to establish another in its place. Just prior to and during the civil war there was much discussion in this country by learned men on either side of the right of revolution and the "higher power" and the "greater law."

The law justifying one person in the killing of another has required the serious consideration of every country. Every criminal code provides certain punishment for homicide, and many of them graduate the punishment with minute particularity according to the circumstances of the killing, so that any one of six crimes may be involved in a single tragedy. Such codes also attempt to define what killing is justifiable and what is excusable and with their interpretation by the courts attempt to describe the only condition under which one human being can kill another and not be guilty of crime.

The Hebrew code almost stands alone in its recognition of man's desire to kill and his right to have that desire and that climax of all satisfactions which comes to him, who under great provocation slays another. It is not at all strange that in this branch there should be an extended code of unwritten, as written law, which now and always to be un-

written for the reason that the recognition given by its embodiment in the statutes would be taken as a license by dishonest men and would result in harm rather than good.

It is an unwritten law among the officers of the army that if a subordinate officer kills a superior officer because that officer has publicly disgraced him by striking him or other action equally humiliating, then the court-martial will not convict. During the civil war at Louisville, Ky., General Nelson said to General Davis: "How many men have you?"

General Davis replied: "About," giving an approximate number.

Nelson said: "You an army officer and say about. Why don't you know how many men you have?" and with that he struck Davis in the face with his glove. Davis shot and killed him and the court-martial acquitted Davis.

LOCAL FIRM WILL CONTINUE VALUABLE AGENCY

Miller Drug Co. of this city has just closed a deal whereby they will continue to be agents for ZEMO—the well known remedy for eczema, dandruff, and all diseases of the skin and scalp.

The extraordinary leap that this clean liquid external treatment for skin affections has made into public favor in the last few years proves its wonderful curative properties and makes it indeed a valuable addition to the fine stock of remedial agents carried by Miller Drug store.

They have a limited supply of samples. One of which will be given free to any skin sufferer who wishes to test the merit of the medicine. A booklet "How to Preserve the Skin," will also be given to those interested.

Toronto, Ont., April 24.—Results of an important and widespread nature are expected from the official investigation which was begun by the Railway Commission in this city today into the rates and methods of the telegraph companies doing business in Canada. The investigation is due to a complaint made by the Winnipeg Board of Trade, but the issues involved are of general interest throughout the Dominion.

Calendar of Sports for the Week

Monday.
Spring Athletic meet at Yale, New Haven.
Opening of the fourth annual tournament of the Vancouver Bowling Club.

ONLY FIVE MORE DAYS

IN WHICH YOU CAN WORK FOR OUR GREAT ARRAY OF PRIZES WHO THE SUCCESSFUL CONTESTANTS WILL BE NO ONE CAN TELL.—PLEASE DON'T ASK THE CONTEST MANAGER FOR ANY "STRAIGHT TIPS," AS HE HAS NONE TO GIVE.

Ten o'clock last Saturday evening ended the most liberal vote offer of the Times' great voting contest. Your opportunity to secure 50,000 Bonus Votes in addition to the regular number allowed is now passed. But you still have oceans of time before the contest ends next Saturday evening to materially help your present standing.

A world of achievement can be crowded into the intervening five days. Several six month and yearly subscriptions can be secured before the close of this contest.

From now till the end of the contest we intend giving 12,000 votes for each yearly subscription of \$5 and 5,000 votes for each six months subscription of \$2.50.

Where delivery is made by mail at the \$3 rate we will allow 7,000 votes for a yearly subscription and 3,000 votes for one of six months. A subscription for two or more years will count the same as two for one year, etc. Three month subscriptions will only carry the regular third period scale of votes.

Contestants in the outside districts had the privilege of depositing their subscriptions and money in the post office before 10 o'clock last Saturday night. This permitted them to work up to the last minute that the 50,000 Bonus Votes were allowed.

This is the week to make the last forceful, determined effort to gather in the six and twelve month subscriptions. Every extra means an additional bunch of votes for the final count.

It is no time for hesitation. Shut your teeth down hard and make this the hardest weeks work you have done during the entire contest. It will pay you and you should never have occasion to regret the activity displayed. You will not if you and your friends work the hardest.

If you have been reasonably diligent and consequently successful you will have more than ordinary reason to be thankful when the contest is over and the winners are announced. Always remember that many a ball game is won in the ninth inning.

The American people are essentially daring. This is the last opportunity to get lost in transit. We shall immediately issue the votes on everything received in deposit them in the Ballot Box for the final count April 29th.

We wish to call the attention of every contestant and his or her friends to the fact that they must have every vote or subscription in the Times office before 11 p. m. Saturday, April 29th.

You will not be permitted to deposit your votes or subscriptions in the post office as heretofore, they must be in this office before the closing hour, 11 p. m. next Saturday. All those not received by the hour cannot be included in the totals for our magnificent array of prizes.

Just an extra effort put forth this week may make all the difference between your winning the \$500 or \$250 in Gold and one of the lesser prizes.

In looking around for subscriptions should you find them hard to secure, don't forget the fact that all your competitors have exactly the same conditions to contend with.

It will not pay you to stop for a single instant. If you are one of the leaders your position is very precarious. You will appreciate just how precarious it was when the final results are published and you notice how near some of your competitors came to having about the same number of votes that you now have.

Without any exception last Saturday was the best day so far of the whole contest, as more subscriptions were taken in during the day than on any preceding one. This is a favorable sign for a good finish.

The handsome Solid Mahogany Rocking Chair that Messrs. Freear-Birn donated has been won and lost. The winner will receive an order for it after the contest closes next Saturday night.

There is one contestant that will be able to rock in comfort and congratulate himself on having entered this contest. You will realize why we cannot divulge the winners name at this writing, as the Post Office department insists on our showing the amount of business the winner did. The winner would be the first to complain if we told what it took to win the chair.

Don't labor under the impression that the contest manager or anyone else can tell you correctly what amount of business it will take to win our first grand prize, as this is something that no man can tell till the contest ends.

Please don't ask the contest manager how you stand in comparison with any other contestant; it would be wrong for you to ask and unfair for him to tell, as we have aimed to treat every contestant alike and we shall so continue to do, till the winners are announced.

It is purely a case of work, and if you work the hardest you get our \$500 in Gold. Will you work the hardest? Saturday next will tell.

Contestants Take Notice

From now on, no more votes will be returned to out of town contestants, as it is getting too near the close of the contest. All subscriptions sent in from now on should be sent by Special Delivery, so that you will be sure the same will be received before the close, as the counting of ballots will take place immediately after the contest closes. The out of town contestants, together with those residing in Wichita Falls, must have every vote and subscription in the Ballot Box before 11 p. m. Saturday, April 29th, as that is the hour set for closing this great contest. Don't put your subscriptions in the postoffice, as heretofore, expecting that they will count for you in winning one of our prizes. THEY MUST BE IN THIS OFFICE AT 11 P. M. APRIL 29th, 1911. OR THEY WILL NOT BE COUNTED. ON THE LAST DAY OF THE CONTEST NO PERSONAL CHECKS WILL BE RECEIVED FROM ONE INDIVIDUAL FOR A GREATER SUM THAN \$25. IF YOU HAVE MORE SUBSCRIPTIONS THAN THIS AMOUNT, BRING THE CASH, A CERTIFIED CHECK, A BANK DRAFT OR MONEY ORDER.

FOR A SMALL EFFORT.

Contestants should remember these facts. In each of the three districts THE TIMES will give absolutely free one \$50.00 award, one \$25.00 award, one \$10.00 award and one \$5.00 award. Then there are the two \$500.00 and \$250.00 awards respectively. All that is necessary to win is to receive the largest number of votes, according to the conditions in THE TIMES.

BACK PAYMENTS COUNT.

Subscribers to THE TIMES who are in arrears on their subscription account and who pay up the same are entitled to votes according to the amount paid. When you pay up your subscriptions be sure and secure the votes to which you are entitled, because it will be impossible for us to allow them afterwards; they must be secured at the time payment is made. And remember that no votes can be allowed on a subscription for less than three months to THE DAILY TIMES or one year to THE WEEKLY TIMES.

HOW VOTES ARE SECURED.

Votes are secured by subscribing to THE DAILY or WEEKLY TIMES, or by purchasing a Classified Advertising Book. These ballots can be held and voted later in the contest by the person holding them, but the daily coupon clipped from THE TIMES are only good for one week, from date of publication and will not be counted if voted after the vote date printed upon them expires.

HOW TO WIN.

Any resident in the three districts mentioned in our double-page announcement, who desire to compete in this great contest and win one of the valuable awards offered, should at once see that their names are sent to the Contest Manager. Those who get in on the start have the best chance of winning, so it is desirable that the names be entered at once. Candidates who enter do not necessarily have to subscribe to THE TIMES. Enter your name and your friends will assist you to do the rest. Should there be a tie for any one of the prizes offered the same will be divided equally between those so tying. The time is short, as the contest will end April 29th. There is no lottery attached to it in any way, you must get the votes to win. There is no lucky number or element of chance connected with it, and you will never know how popular you are until you enter a contest of this kind.

DON'T MISS THIS GREAT CONSOLIDATION SALE

ANOTHER WEEK OF REMARKABLE VALUES

A big sale like this doesn't just happen. There must be something more tangible and forceful than big claims and black type. It can result only from the keenest and shrewdest methods of modern merchandising by taking quick advantage of trade conditions and opportunities. That's why we can sell them for short prices. No mystery about it. Simply a kind of eternal vigilance in your behalf—if you recognize it. We hope to see you here every day this week. We know you will enjoy the visit. Displays are still complete. But the safe way is to come today.

Does Advertising Pay?

Is a problem that doesn't tax the minds of the progressive business man any more, its rather "What advertising will pay most," he is considering. There are lots of ways in which advertising can be made to pay, but chief among them is NEWSPAPER ADVERTISING—keep an ad in the leading papers.

Just as important is the matter of telling your friends and customers that you want their business, and appreciate it by writing them a neatly written, well worded heart to heart letter—it makes him know you KNOW HIM.

We've got the world outclassed in producing the letters that get results and we do it with a Printograph—come up and see a demonstration.

THE WIDE WORLD'S PRAISE OF OUR BIBLE WHOSE 300TH BIRTHDAY FALLS THIS WEEK

For seven days, beginning last Sunday, all Christian churches throughout this land will celebrate the tercentenary of the translation and first publication of "The King James Version" of the Holy Scriptures. Two score brilliant tributes to "The Book of Life to All Men" chosen from the writings of high scholarship, and pure devotion, compiled and arranged by Warwick James Price follow:

GRATEFUL "TE DEUMS" OF THE HEART THAT SOUND IN WELL-LOVED HYMNS

How firm a foundation, ye saints of the Lord,
Is laid for your faith in His excellent Word!
George Keith

Word of Life, most pure, most strong!
Lo! for thee the nations long
Spread till from its dreary night
All the world awakes to light.

—J. F. Bahmeier

Holy Bible, Book Divine,
Precious treasure!—thou art mine.
Mine to tell me whence I came,
Mine to teach me what I am,
Mine to chide me when I rove,
Mine to show a Savior's love.

—John Burton

Lord, I have made thy word my choice,
My lasting heritage;
There shall my noblest powers rejoice,
My warmest thoughts engage,
I'll read the history of thy love,
And keep thy law in sight,
While through the promises I rove
With ever-fresh delight.

—Isaac Watts

Breaking through the clouds of darkness,
Black with error, doubt and fear;
Lighting up each sombre shadow
With a radiance soft and clear;
Filling every heart with gladness,
That its holy power feels,
Comes the holy Christian Gospel:
Sin it kills and grief it heals.

—F. L. Heywood

Upon the Gospel's sacred page
The gathered beams of ages shine;
And, at it hastens, every age
But makes its brightness more divine.
On brighter wings, in loftier flight,
From year to year does knowledge soar;
And, as it soars, the Gospel light
Becomes effulgent more and more.

—John Bowring

HOW GREAT STATESMEN AND SCIENTISTS HAVE PAID HOMAGE TO THE TESTAMENTS

The bible is the Magna Charta of the poor and oppressed.—Thomas Huxley.
The bible is a book of faith and a book of doctrines, of morals and religion—of especial revelation from God.—Daniel Webster.
All human discoveries seem to be made for confirming the more strongly the truths come from on high, and contained in the holy writings.—Sir John Herschel.
It is in fact of the weightiest importance that the bible has become the basis of the Christian church; henceforth each individual enjoys the right of deriving instruction from it for himself, and in directing his own conscience in accord with it.—George Wilhelm Hegel.
As those wines which flow from the first treading of the grapes are sweeter and better than those forced by the press, which gives them the roughness of the husk and the stone, so are those doctrines sweetest which flow from a gentle crush of the scriptures, and which are not wrung into controversy and commonplace.—Sir Francis Bacon.
I read often and with pleasure in the bible which lies on my night table, and in which I have underscored the most precious thoughts. I cannot understand how so many men neglect the Word of God. In all my thinking and action I always put before myself: what would the bible say to that? In hours of trouble and anxiety I turn to it for sure comfort.—Kasler Wilhelm II.

FROM THE MELODIES OF THE POETS AND THE EULOGIES OF HISTORIANS

Out from the heart of nature rolled
The burdens of the Bible old.
—Ralph Waldo Emerson, Milton.

with the songs of Zion, no orations
equal to those of the prophets.—John Milton.

There are no songs to be compared
Before me lay the sacred text.
The help, the guide, the balm of souls
perplexed.

John Arbuthnot.

I love the tenderness and majesty
The Saxon simplicity and the pre-
natural grandeur of our Bible.—James
Anthony Froude.
Starres are poor books, and oft times
do mislead.
This book starres lights to an eternal
bliss.

George Herbert.

The English Bible—a book, which,
if everything else were to perish,
would alone suffice to show the whole
extent of its beauty and power.—
Thomas Pabington Macaulay.
A glory glides a sacred page,
Majestic like the sun.
It gives a light to every age—
It gives, but borrows none.

William Cowper.

SOME WORDS OF GLORY, LAUD AND HONOR FROM SEERS, REFORMERS AND DIVINES

The central fact of the Bible is the
superiority of spiritual over physical
power.—Mary Baker Eddy.
Even humanly considered, our
Scriptures are compositions among
the most sublime and beautiful ever
penne.—Cardinal Newman.

Read the Bible reverently and at-
tentively; set your heart upon it and
lay it up in your memory, and make
it the direction of your life. For it
will make you a wise and a good man.
—Matthew Hale.

In the poorest cottage is one book,
wherein for several thousands of
years the spirit of man has found
light and nourishment, and an inter-
preting response to whatever is deep-
est in him.—Thomas Carlyle.

I count it very confidently the most
precious part, and on the whole, the
essential part of my education that my
good mother required me to learn by
rote whole chapters of the Holy Bible.
—John Ruskin.

If you want to know what a won-
derful book the Bible is, write an-
other. It is not possible that you
know what it is till you try to enlarge

it, amend it, or even speak in its own
tone. Other books have been written
in ancient tongues, but this book was
not "made by hands."—Joseph Park-
er.

Born in the East, clothed in Jew-
ish imagery, the Bible walks the ways
of all the world with familiar feet,
entering land after land to find its
own everywhere. There is no other
book which reflects so many aspects
of human experience which alone
would suffice to give it worldwide in-
terest and make it everywhere popu-
lar.—Henry Van Dyke.

To this day the words of the
prophets resound from every pulpit,
in menace and admonition, for com-
fort and salvation, and those words,
first spoken thousands of years ago,
do not fall now of their effect. From
the depths of the heart they welled
forth; divine inspiration was the
source from which they sprang; they
were addressed to men burdened with
passions and frailties—and, hence, to-
day they have kept their power
through all the centuries.—Prof. D. G.
Muller.

AS TO THE MERELY EDUCATIONAL VALUE OF THE MOST SACRED OF ALL VOLUMES

It is to the authorized version that
one must go to find our English
tongue written in its perfection.—Hen-
ry Hallam.

The greatest storehouse for enthu-
siastic meditative imagination are the
prophetic and lyrical parts of the
scriptures.—William Wordsworth.

It is a book to say nothing of its
holiness or authority, contains more
specimens of genius and taste than any
other volume in existence.—Walter
Savage Landor.

It was the King James bible, read
by all classes and by every freeman
that gave final form both to the En-
glish language and the English char-
acter.—Prof. F. E. Pattee.

The study of its holy pages stimu-
lated activity, its precepts embodied
character and governed conduct, its
language improved the common speech,
its treasure of history and poetry added
to the popular intelligence.—Prof.
F. V. N. Painter.

Reading in our Bibles we feel the
stress of human nature in all its
articulate moods. This gives to the
poetry of the scriptures an attribute pos-
sessed only by the most creative and

impersonal literature of other tongues
—that of universality.—Edmund Vance
Stedman.

The bible lives in the ear like a mu-
sic that never can be forgotten, like
a sound of church bells. Its felicities
seem to be almost things rather than
words; it is a part of the national mind
and a part of national seriousness; the
memory of the dead passes into it; the
potent traditions of childhood are ste-
reotyped in its verses, the power of all
the griefs and trials of a man are hid-
den beneath its words.—Thomas De
Quincy.

The "authorized" English bible rep-
resents the tongue of no historical pe-
riod, but is an artificial product, se-
lected with exquisite care, from the
sacred felicities of two centuries and a
half. Its effect upon later authorship
has been constant and of infinite ben-
efit to style. Not a native author but
owes something of his melody and
charm to the echo of those biblical ac-
cents, which were the first fragments
of pure classical English to attract his
admiration in childhood.—Edmund
Gosse.

WHAT OKLAHOMANS WILL VOTE ON TOMORROW

Oklahoma election officers have re-
ceived the ballots for the constitu-
tional amendment tomorrow.

While sections two, six, eight, nine,
eleven and thirteen of article nine
are mentioned in the ballot, the
being superseded by the proposed
amendment, section nine is the chief
object for amendment.

Section nine of the state constitution
reads as follows: "Neither shall any
railroad company, transportation com-
pany, or transmission company, organ-
ized under the laws of this state con-
solidate by private or judicial sale, or
otherwise, with any railroad company,
transportation company, organized un-
der the laws of any state or of the
United States.

Here is the section to be substituted
or rejected: "Any foreign or do-
mestic railroad, transportation or
transmission company may lease, sell
or otherwise dispose of its property
and franchise to, or may lease, buy or
otherwise acquire and operate out of
the state, and may exercise the right
of eminent domain under the laws of
this state, or as may hereafter be pro-
vided by law; provided that the pro-
visions of this section shall not be
construed to affect the power of the
corporation commission to regulate
and control the business of all corpo-
rations in this state, or to affect the
provisions of section 36, article 12 of
the constitution of this state."

Florida Press Association.

Tallahassee, Fla., April 24.—Many
prominent newspaper publishers and
editors are in Tallahassee today, called
here by the annual meetings of the
Florida Press Association. Begin-
ning tonight, the sessions will con-
tinue over tomorrow and Wednesday
and will include addresses by a num-
ber of prominent speakers. Harry
Brown, of St. Augustine, is the pres-
ident of the association and the pre-
siding officer at the convention.

WHY HESITATE?

An Offer That Involves No Risk For
Those Who Accept It.

We are so positive our remedy will
completely relieve constipation, no
matter how chronic it may be, that
we offer to furnish it free of all cost
if it fails.

Constipation is caused by weakness
of the nerves and muscles of the al-
imentary or descending colon. To ex-
cept a cure you must therefore tone
up and strengthen those organs and
restore them to healthier activity.

We want you to try Rexall Order-
lies on our guarantee. They are as
easy as candy, and are particularly
ideal for children. They act directly
on the nerves and muscles of the
bowels. They have a neutral action
on the other organs or glands. They
do not purge or cause any inconve-
nience whatever. They will positively
overcome chronic or habitual con-
stipation and the myriad of associa-
ted dependent chronic ailments. Try Rex-
all Orderlies at our risk. Two sizes,
10c and 25c. Sold only at our store—
The Rexall Store. The O. F. March-
man Drug Store.

Earl Grey Competitions.
Winnipeg, Man., April 24.—His Ex-
cellency the Governor-General, accom-
panied by Lady Grey and a party of
friends, has arrived in Winnipeg to
attend the annual competitions for
the Earl Grey Musical and Dramatic
Trophy. The competitions begin to-
night and will continue through the
greater part of the week. The con-
testants this year are more numerous
than at any of the previous competi-
tions. They include representatives
of dramatic clubs and musical organ-
izations in Toronto, London, Winal-
peg, Edmonton, Portage, Prince Al-
bert, and Regina.

Notice.
From the fact that our property has
been injured, we will be compelled to
abandon any and all persons from fishing
in our lake at the waterworks plant,
and those who do not heed this notice
will be prosecuted under the law for
trespassing.

MEMBER ASSOCIATED PRESS

Wichita Falls, Texas, April 24, 1911.

THIS DATE IN HISTORY.

- April 24.
- 1750—Nathan Daboll, originator of the "Connecticut Almanac," born in Groton, Conn. Died there March 9, 1818.
 - 1775—News of the battles of Lexington and Concord arrived at Philadelphia and caused great excitement.
 - 1781—British occupied Petersburg, Va.
 - 1815—Anthony Trollope, famous novelist, born. Died Dec. 6, 1882.
 - 1833—The New York Mechanical Institute was incorporated.
 - 1854—Marriage of Emperor Francis Joseph of Austria and Princess Elizabeth of Bavaria.
 - 1864—A European conference on the Schleswig-Holstein question opened in London.
 - 1868—United States Government concluded a peace treaty with the Sioux Indians.
 - 1872—Judge Stevenson, Messrs. Cline and Dutro assassinated on a train near Holden, Mo.
 - 1877—War began between Russia and Turkey.
 - 1898—President McKinley called for 125,000 volunteers.
 - 1910—The French elections resulted favorably to the government.

The recent good roads bonds election held in Hall county was almost unanimous in favor of the proposition. Out of 295 votes cast, only sixteen were against the issuance of bonds. Wichita county needs good roads as bad as any county in the state, and should by all means issue bonds to build them. The money that is now being spent on her public roads can give nothing but temporary relief.

Tomorrow is the day set for the election in Oklahoma to amend Article 9, Section 9 of the Constitution, affecting the construction of railroads. If it carries, it has been authoritatively stated that the Northwestern will build from Wichita Falls to Lawton, therefore it is to the interest of Wichita Falls people to do what they can to assist in the carrying of that amendment. There are also other roads that will increase their mileage in Oklahoma if the election is favorable on tomorrow.

The Houston Post, bitterly pro-Bailey, but against prohibition publishes this:

Come Johnson is listed to speak at the Waco love feast. And we suppose Tom Henderson, Wash. Riddle and Yancey Lewis will also be on hand. The anti-Bailey has been seen to have been annexed by the state-wide.

The Houston Southwestern Farmer, bitterly anti-Bailey, but against prohibition, publishes this:

If anybody doubts that the state-wide movement was put out to help Bailey, let them look at the list of men that organized and control the movement. Colonel Tom Ball of Houston, a Bailey man; Tom Jones of Tyler, a Bailey man; William Poindester of Cleburne, a Bailey man; Rice Maxey of Sherman, a Bailey man, and on down the line. The purpose? It is to wonder.—Denton Chronicle.

Styes, Red and Granulated Lids

Are treated by many with eye waters and salves. We positively cure such troubles with glasses by overcoming the cause. The cause is eye strain and nerve strain. Our glasses will give relief in the most stubborn cases.

O. F. MARCHMAN'S
THE REXALL STORE.

702 Indiana Ave. Phone 124.

The minister or preacher of any denomination may have his views on how best to control the liquor traffic, and should be allowed to express them when he sees proper, without criticism, but it is a noticeable fact that at least 99 per cent of them take the stand that the saloon should go.—It matters not whether that end can better be accomplished through our present local option laws, or through an amendment to the Constitution providing for statewide prohibition. Occasionally, however, a minister will take the stand that statewide prohibition is wrong in principle, and that better results can be obtained under local option. It matters not how prominent or how insignificant such a minister might be, the mere fact that he takes that position is a guarantee that he will come into notoriety and prominence, and all that is necessary for him to get in on the front pages of the anti papers is just simply to write his views on a piece of paper and send it to anti headquarters. The papers will not only give it prominence, but it will be sent out broadcast in circular form from anti headquarters, along with other literature condemning his 99 other brother ministers for "playing politics instead of sticking to the pulpit." From an anti view-point, a minister of the gospel has a perfect right to leave his pulpit when he agrees with them on prohibition, but those who do not should keep out of politics.

The Daily Times has a circulation that more than justifies the price at which it takes advertising, and its circulation books are always open to those who have money to spend for advertising, and who want to get their money's worth. No employee of the Times is authorized to misrepresent to advertisers or others in order to get business, and if they should do so and the matter is brought to the attention of the management, the misrepresentations will be corrected. Not only that, but if any one has been induced by solicitors or others to spend their money with this paper for advertising through misrepresentations as to circulation, the advertiser thus misled can get his money back by calling on the management. The Times is conducted strictly on business principles, and while it wants all the business it can get, it will not resort to dishonest methods to accomplish that end. As to the rates for advertising now, they are but a little above what they were a year ago, and at that time the circulation of the Times was but little more than half what it is today.

Tomorrow is the day for the aldermanic election. There are only two candidates. Both were members of the old council, and both were defeated on April 5th by small pluralities, but owing to the fact that one candidate who received a majority, but was afterwards found to be disqualified to hold office, another election had to be held to fill the vacancy, and the friends of both the defeated aldermen urged them to become candidates. Both yielded to the wishes of their friends and agreed to serve if elected. Both are excellent men, and served the city faithfully and to the best of their ability while in office, and will do so again, but only one can be elected. It is up to the people of Wichita Falls to make their choice.

CORPORATIONS NO NEW THING.

This Country Was Settled By Corporation Companies From Old Country.

It is a fact, though people have forgotten it, that this country was colonized by corporations, says Business. It was set going by monopolies. The colony at Jamestown was planted in 1607 by the London company, which was a corporation.

The colonists who landed at Plymouth Rock were sent out by the Plymouth Company, which was a corporation. The pioneers who settled Boston represented the Massachusetts Bay company, which was a corporation. And so on down the list of American colonies.

Even after they cut loose from England the Americans created their state governments after the pattern of these British corporations. Who ever would understand fully a state and its form of organization must dig up the history of the Massachusetts Bay company and the other corporations that flourished when George III. was king.

But these corporations died out, or were bought out, as the colonists grew large and independent, and for a time there were practically no corporations at all. In 1790, for instance, there were only three banking companies of any kind in the whole United States.

The first corporations were started in a spirit of patriotism after the war of 1812. At that time the United States was mainly a farming country. It bought its manufactured goods from England. Its clothes, its books, its tools, its furniture, all came from England.

This was an intolerable situation where the United States and the English were at war and no tremendous effort was made to secure industrial independence. Stock companies were formed. English goods were boycotted. Factories were built. The first wave of business enterprises swept over the young country and wherever it went up sprang corporations.

Cald Carson left yesterday for Lawton, Okla. where he will superintend

NINE RECORDS WERE BROKEN IN MEET

ANSON CONTESTANT WAS WHOLE TEAM TO HIMSELF WINNING 21 POINTS.

GUICE ELECTED PRESIDENT

Wichita Falls Team Won in Athletic Meet Saturday—Gowies Was Second.

Wichita Falls won in the Northwest Texas Athletic Association meet here last Saturday afternoon, scoring 55 points. Bowles was second with 39 points and Anson third with 21. E. Winter, of Anson, won individual honors with the score of 21 points. He was Anson's only entry but a whole track team in one man, as is shown by his winning first prize in the hammer, shot and discus, second prize in the 100 yard dash and high jump.

C. Bullock, of Wichita Falls, came second with a score of 15 points. Records of the Northwest Texas Athletic Association were broken in 9 events, all except the 100 yard dash, 50 yard dash, pole vault, and discus hurl. C. Crowell, who won fourth honors did remarkably well in his races considering the fact that he ran on a lame foot, fell down, ran clear around a man who was in his way and then won first place in the 100 yard dash. This accounts for the poor record on the 100 yard dash.

Special mention should be made of the work of the Bowles team, popularly known as the "Bowles Jack-rabbits." They did themselves proud. Their records were great. They were all the more remarkable considering the fact that they had just gotten off the train from a 50-mile trip. E. Wilson, their star, has a style of his own in running and runs with a smile. He won third honors.

Following the meet a business session was held at which Prof. H. H. Guice of Anson, was elected president; C. E. Grady of Iowa Park, vice-president; and W. M. Craig of this city, secretary and treasurer. The place for the meeting next year will be decided later.

The following is the official score giving the 1st, 2nd, 3rd runs.

100 yard dash, time 11 seconds, 1st C. Crowell, Wichita Falls. 2nd Winter, Anson. 3rd Bullock, Wichita Falls. 380 yard run. Time 2 minutes 13 1/2 seconds. 1st T. Davis, Bowie. 2nd E. Wilson, Bowie. 3rd H. Bachman, Wichita Falls.

1 mile run. Time 5 minutes 25 seconds. 1st E. Wilson, Bowie. 2nd T. Davis, Bowie. 3rd O. Allred, Bowie.

50 yard dash. Time 6 2/5 seconds. 1st C. Crowell, Wichita Falls. 2nd Bullock, Wichita Falls. 3rd W. Strong, Bowie.

220 yard dash. Time 25 4/5 seconds. 1st O. Allred, Bowie. 2nd A. Hamlin, Wichita Falls. 3rd C. Crowell, Wichita Falls.

100 yard instructors race. Time 12 2/5 seconds. 1st Prof. Craig, Wichita Falls. 2nd Prof. Guice, Anson.

440 yard dash. Time 58 4/5 seconds. 1st E. Wilson, Bowie. 2nd P. Boedecker, Bowie. 3rd A. Hamlin, Wichita Falls.

1760 yard relay (4 men) Time 4 minutes 3 seconds. 1st Bowie team. 2nd Wichita Falls team.

100 yard (free for all) Time 12 4/5 seconds. 1st Maricle. 2nd Martin. 3rd Courtney.

3 legged race. 1st Hamlin and Luecke. 2nd Martin and Maricle.

Pole vault. Height 8 feet 6 inches. 1st R. Jones, Wichita Falls. 2nd J. Halcher, Wichita Falls.

Running broad jump. Distance 18 feet 1 inch. 1st Bullock, Wichita Falls. 2nd L. Scheurer, Wichita Falls.

3rd P. Luecke, Wichita Falls.

Running high jump. Height 5 feet 3 inches. 1st Bullock, Wichita Falls. 2nd Winter, Anson. 3rd R. Jones, and L. Scheurer of Wichita Falls tied.

12 pound shot put. Distance 34 feet 11 inches. 1st Winter, Anson. 2nd W. Strong, Bowie. 3rd J. Halcher.

12 pound hammer throw. Distance 107 feet. 1st E. Winter, Anson. 2nd L. Sommerville, Wichita Falls. 3rd K. Hammond, Wichita Falls.

Discus hurl. Distance 84 feet 4 inches. 1st E. Winter, Anson. 2nd B. Luecke, Wichita Falls. 3rd C. Bullock, Wichita Falls.

The officials for the meet were: A. Boyer, announcer; G. W. Pond, photographer; H. H. Guice, referee; F. W. Householder, scorer; W. M. Craig, starter; B. Lawyer, C. Ingram and Moore finish judges; W. Yeager, R. Darnell, B. Stayton and L. A. Webster, field judges; T. Jones and L. A. Webster, time keepers.

The banquet given the officials and visiting track teams of the N. W. T. A. by the Senior Class was the feature of the year in High School social circles. After the banquet Dr. J. L. McKee responded to the toast "Reminiscences of Old Track Days." In his speech he stated that it was his belief that athletics properly conducted constitute a very large part of a man's real education and that it was his hope that the day would soon come when every school would recognize the importance of athletics in character building and make proper arrangements for their proper conduct. He also gave some interesting reminiscences of track work when it was in its infancy.

Mr. Guice of Anson, responded to the toast, "Athletics and High School Spirit," and showed how a teacher may at times be a pupil, the pupils nearer each other, and how a friendly relation between different schools might be established by the proper conduct of athletics. He ended with a toast to the Senior Class by whom the banquet was given.

Mr. Medders and Mr. Bishop of Bowie, responded with short enthusiastic remarks showing their interest in school athletics.

Following the banquet, the visitors

An \$875 House and Lot To Be Given Away

We have constructed on Block 18, original plat of the City of Wichita Falls, 14 four and five room houses. This property is located on the North side of Wichita Falls. Each house is piped for gas, and water pipes in the yard. We have decided to sell thirteen of these houses and lots at prices marked on each lot in the accompanying plat, and to give away house and lot No. 13 to one of the purchasers of the thirteen other houses and lots. The manner in which this house and lot is to be given away is to be determined by the purchasers of the other lots, and the owner. There are several ways in which this can be done, but we have decided that it will be more satisfactory to the purchasers of the thirteen houses and lots to decide this matter and settle upon a plan that will be most satisfactory to themselves.

Block No. 18

Bounded on North by Madison Street

14 FIVE ROOM AND BATH \$1050.00	1 FIVE ROOM \$1075.00

Bounded on South by Jefferson Street

DESCRIPTION OF HOMES

House and lot No. 1 is a frame house of five large rooms and a bath room. Price \$1075.00. Terms: \$375.00 cash; balance \$12.00 per month.

House and lot No. 2—Four large rooms and bath room. Price \$875.00. Terms: \$275.00 cash; balance \$12.00 per month.

House and lot No. 3—Four large rooms and bath room. Price \$825.00. Terms: \$275.00 cash; balance \$12.00 per month.

House and lot No. 4—Five large rooms and bath room. Price \$1100.00. Terms: \$375.00 cash; balance \$12.00 per month.

House and lot No. 5—Four large rooms and bath room. Price \$875.00. Terms: \$275.00 cash; balance \$12.00 per month.

House and lot No. 6—Four large rooms and bath room. Price \$900.00. Terms: \$275.00 cash; balance \$12.00 per month.

House and lot No. 7—Five large rooms and bath room. Price \$1100.00. Terms: \$375.00 cash; balance \$12.00 per month.

House and lot No. 8—Five large rooms and bath room. Price \$1100.00. Terms: \$375.00 cash; balance \$12.00 per month.

House and lot No. 9—Four large rooms and bath room. Price \$900.00. Terms: \$275.00 cash; balance \$12.00 per month.

House and lot No. 10—Four large rooms and bath room. Price \$875.00. Terms: \$275.00 cash; balance \$12.00 per month.

House and lot No. 11—Four large rooms and bath room. Price \$825.00. Terms: \$275.00 cash; balance \$12.00 per month.

House and lot No. 12—Four large rooms and bath room. Price \$825.00. Terms: \$275.00 cash; balance \$12.00 per month.

House and lot No. 13—Four large rooms and bath room. To be given to one of the purchasers of the other 13 above houses, and lots in a manner or after a plan to be afterwards determined upon by the purchasers and the owner.

House and lot No. 14—Five large rooms and bath room. Price \$1050.00. Terms: \$375.00 cash; balance \$12.00 per month.

My reason for disposing of this property is simply because we need the money, just at this time, more than we need the houses and lots, and every house and lot is a bargain at the price made. There will be no cutting of prices, nor changing of terms. Every home must bring the price named, except that the purchaser will be permitted to take up as many of the monthly payments at one time as will suit his convenience. Here is a most excellent chance to secure a home or a splendid investment. The rents for which these houses will readily rent for will pay more than 20 per cent on the investment, and besides the purchaser of one of these houses and lots stands an equal opportunity with the other twelve purchasers of attaining two houses and lots for the price of one.

SHERIFF'S SALE.

State of Texas, County of Wichita—By virtue of a certain order of sale issued out of the Honorable District Court of Wichita County, on the 7th day of April, 1911, by A. F. Kerr, clerk of said court, against the heirs of A. J. Willis, deceased, named below and costs of suit in cause No. 3881 in said court, styled Rebecca Willis, et al, versus Guy Willis, et al, and placed in my hands for service: I, R. L. Randolph, as Sheriff of Wichita County, Texas, did on the 8th day of April, 1911, levy on certain real estate, situated in Wichita County, described as follows, to-wit:

145 acres of land, patented to David Craig, and 160 acres out of the N. W. of Wm. Moyer survey; above described all in the county of Wichita and State of Texas, fully described by field notes in order of sale now in my hands and levied upon as the property of said Rebecca Willis, by Willis, Jane Scott, J. W. Scott, Grace Dutton, Earl Dutton, Odell Dutton, Robert Dutton, Susan Johnson, R. I. Johnson, Grace Kelley, Poney Kelley, Fred Pass, Rich Maxfield, Andrew Willis, Jessie Willis, Wm. Wofford, Ben Wofford, plaintiffs, and of defendants Guy Willis, Texas Willis, Sherman Maxfield, Berlin Willis, Walter Maxfield, Lula Maxfield, Mattie Maxfield, defendants, and of all other parties either plaintiffs or defendants in said cause, to said suit being the heirs of A. J. Willis, deceased.

And on Tuesday, the 2nd day of May, 1911, at the court house door of Wichita County, in the city of Wichita Falls, Texas, between the honor of ten a. m. and four p. m., I, R. L. Randolph, sheriff of said county, did sell real estate at public vendue for cash for the highest bidder as the property of said heirs of A. J. Willis, deceased, named above, by virtue of said levy and said order of sale.

And in compliance with law I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Wichita Times, a newspaper published in Wichita County.

Witness my hand this the 8th day of April, 1911.

R. L. RANDOLPH,
Sheriff of Wichita County, Texas.
285-291-297.

General Superintendent Gausewitz of the Fort Worth and Denver was in the city yesterday.

Joe Huggins, dispatcher for the Ft. Worth and Denver is at Decatur today as a witness in a damage suit.

Mrs. Sam Sealing has been quite sick for the past ten days and was reported but little improved today.

The infant daughter of Mr. and Mrs. Lane, who reside near the Lake, died this morning at 6 o'clock, the funeral service being conducted this afternoon and the remains interred at the Bowman cemetery.

Mrs. T. R. Roger returned today from Mineral Wells where she attended the district meeting of the Federation of Women's Clubs and contributed largely to the work of securing the next meeting for this city.

J. F. Dibrrell returned today from Galveston, where he had been at the bedside of his wife, removed to that place several weeks ago. He reports Mrs. Dibrrell improving as fast as could be expected and states that she was able to sit up in bed Saturday for the first time since early in February.

It is announced that the annual meeting of the Retail Merchants' Association will be held here in May at the time of the meeting of the merchants and a full attendance of the secretaries is expected. J. W. Thomas, who is secretary of the association at this place, stated to a Times reporter this morning that he expected an enthusiastic meeting of the secretaries on this occasion.

8 CASES OF LEPROSY IN SAN ANTONIO

By Associated Press.
San Antonio, April 24.—There are eight lepers in this city according to Dr. Manto M. Carlick, superintendent of the State Hospital for leprosy who is here to take up the duties. He says one of these lepers will recover.

33 Years Litigation.

By Associated Press.
Austin, Texas, April 24.—Before a special court consisting of Judge T. B. Cochran of Austin, Will G. Barber of San Marcos and Associate Justice Jenkins, of the court of civil appeals was submitted today the case of Hankrick vs. Hankrick from Falls county, which has been in the courts thirty-three years and to which has gone to the Texas supreme court three times and to the United States supreme court twice. The suit involves title to valuable lands.

TODAY'S LIVE STOCK AND GRAIN MARKET

HOGS DOWN 15 TO 20 CENTS TODAY

RECEIPTS AT FORT WORTH WERE 2200 HEAD—THE TOPS SOLD AT \$6.20.

CATTLE ALSO LOWER

Receipts Were 5500 Head Including 2100 for Grass—Market Closed Ten Cents Lower.

Special to The Times.

Fort Worth, Texas, April 24.—Hogs receipts 2200. The market opened slow and steady and closed from fifteen to twenty cents lower than Saturday. \$6.20 was the top of the market today and the bulk of sales ranged from \$5.30 to \$6.00.

Lightweights sold at \$5.25 to \$6.00. Mixed at \$5.75 to \$6.05.

Heavies from \$5.90 to \$6.20. Pigs at \$4.50 to \$5.00.

Cattle receipts 5500 head, including 2100 for grass.

Steers opened steady and closed a full ten cents lower. The top at noon was \$5.65 with three better loads unsold at that hour.

Stockers were quoted at \$3.80 to \$4.00.

Cows were steady, the run being light. Tops sold at \$4.50, stock cows ranged from \$3.00 to \$3.25. The market closed ten lower.

Calves were steady at last week's figures, the range being from \$4.25 to \$6.00.

Sheep 200 head of stocker goats have just arrived. The market unchanged and no sales have been reported.

OPERATORS DEMANDS REFUSED BY H. & T. C.

By Associated Press.
Houston, Texas, April 24.—Vice-President Fay of the Harriman lines has refused the demands of the Houston and Texas Central operators for a wage increase running from ten to twenty per cent. The men will meet tonight. Employees on other branches are watching results, and there is a possibility of a general strike.

Man Held Here Not Connected With Los Angeles Outrage.

Detective William J. Burns, who arrested several men in Indianapolis Saturday night charged with being indicted in the dynamiting of the Los Angeles Times building has written Sheriff Randolph that he does not believe the man arrested here several weeks ago in whose possession was found a quantity of dynamite, was connected with the dynamiting of the Times building or other outrages. The man held here had told the officers that he had formerly worked in rolling mills in Pennsylvania and in Illinois, that he still worked occasionally in iron mills.

Burns had been furnished with a photograph of the man. His photograph had also been sent to the authorities at Los Angeles.

RECIPROCITY REFERRED TO FINANCE COMMITTEE

Senate Adjourns Until Thursday When Debate on Treaty Will Begin.

By Associated Press.
Washington, April 24.—The senate has adjourned until Thursday when it is expected organization of committees will be ready. The Canadian reciprocity measure was referred to the committee on finance without comment.

The Fort Worth and Denver will start a steam shovel at work near the city this week loading dirt for the fill from the river to Sixth street over the Fourth street viaduct.

Texas Industrial Notes

Farmersville has voted a bond issue of \$10,000 for permanent street improvements.

The city of Longview has voted a bond issue of \$50,000 for the purpose of paving the business streets, erecting modern lighting facilities, etc.

The Dayton Construction company is constructing and equipping a park in the suburbs of Greenville at a cost of \$20,000 to be used for amusement purposes.

Marion county has purchased mules, scrapers, etc., for the purpose of putting the county roads in good shape; also appointed an overseer to supervise the work.

Good roads are not so much a luxury, as a necessity and economy. By building good roads, thousands of dollars are saved annually to the farmer in hauling his products to market.

The septic tank for the Bryan municipal sewerage system has been completed and 2000 feet of the main trunk line pipe laid. The system will be ready for use in the business district within thirty days.

The Texas Steamship and Banana Company has established a regular steamship service connecting Houston with outside ports. The initial cargo consisted of thirty-three carloads of bananas.

An iron and brass foundry, machine shops and boiler works are being put up at Arkansas Pass by Chas. J. Stanzel of Brownwood at a cost of \$12,500. The plant consists of three separate buildings 40 by 100 feet.

No matter how carefully a road has been constructed, weak places are apt to develop, and these should immediately be repaired. Systematic maintenance of our public roads is an economy that should be practiced by all counties in Texas.

An ice cream cone factory has been established in Houston by the Casey & Eddy Company, of Des Moines, Iowa, for the making of ice cream cones and other confectionery novelties. The machinery is of the latest improved type known to the confectionery business.

Big Shipment of Cabbage. Reports from Marlington show that thirty carloads of cabbage were shipped to northern and eastern markets from that place recently. Texas cabbage is acquiring a reputation for its excellent quality and finds a ready sale in all markets of the country.

The contract has been let for the construction of the duplicate water main across Galveston Bay at a cost of \$66,383. This main is to be thirty inches internal measurements and approximately 10,766 lineal feet, to be constructed along the causeway from Virginia point to Galveston Island.

Seventy-five carloads of cantaloupes will be shipped this spring from Cotulla, one of the richest diversified farming sections of the state, to northern and eastern markets. The Texas cantaloupes rival the "Rocky Ford" product and is equal in size and flavor to those which made Colorado famous.

Laredo in Citrus Fruit Belt. In a recent report prepared for the Laredo Board of Trade, Prof. Fred W. Mally of the state Agricultural Department, recommends that district as being especially favorable for the growing of citrus fruits.

The citrus fruit district of Texas is rapidly increasing in area and the irrigation districts are fast taking rank with the sections more favored by an abundance of rainfall.

Col. H. E. Singleton of McKinney, the veteran hog raiser of Texas is touring the state preaching the gospel of progress and pleading the cause of the Texas hog. On a special train known as the "Hog special," he is visiting the farmers in different sections, and together with other noted lecturers, is showing the great revenues to be derived by the raising of hogs for consumption by the Texas packing houses. We raise 3,000,000 hogs in Texas per annum and a large per cent of the hogs used by the Texas packeries are shipped in from other states.

Paper Mill Enlarged. The Litcher Moore paper mill at Orange, which is the only paper mill in the world using yellow pine in the manufacture of its output, has recently doubled the capacity of their plant. The United States Government is rapidly increasing its use of yellow pine products, and is placing large orders with the Texas mill.

This is one of the instances of the possibilities for a varied utilization of our natural products, heretofore untapped and proves the enormous benefit to be derived by the manufacturer of our raw material.

Uncle Sam Meets the Texas Farmer. The doors of knowledge are open wide to the Texas farmers and the farmer who does not know the how, one of the hidden soil has himself alone to blame. The United States Department of Agriculture is spending millions of dollars annually in educating American farmers and of this amount approximately \$53,000 is expended in Texas in demonstration work special agents, etc., and this amount is supplemented by a contribution of an equal amount from commercial clubs and local communities. The State Department of Agriculture has done wonders for the agricultural interests on the small amount of money which the legislature has given them, \$25,000 per annum, and Commercial Clubs and other organizations are directing their efforts to furthering the interests of the Texas farmer.

With the help of the experiment stations, agricultural colleges, farmers institutes and demonstration farms, farm literature, etc., every farmer in Texas has an opportunity of keeping in close touch with agricultural methods and development.

These forces which are at work for the upbuilding of agriculture, besides educating the farmers of the state, are very materially increasing Texas farm production and he who would write the last chapter in the progress of agriculture, must await the procession of centuries.

Uncle Sam Marvels at Texas. Uncle Sam has traveled over Texas examining our water power and the energy he finds going to waste in our rivers, if utilized in running factory machinery, would furnish power for the manufacture of our cotton crop.

Uncle Sam goes about his work in a methodical and systematic manner, runs his lever, computes power and indicates the point where commercial dams should be built in our rivers and streams.

He marvels at the Guadalupe, the Brazos and other commercial streams and when he reaches the Austin dam the largest dam in the world across a stream he throws down his instruments in astonishment and picks up his camera and pen and writes an illustrated article of 23 pages on the commercial importance of that bold structure and then discusses the defects in construction which caused the dam to give away.

The report is replete with industrial advantages of Texas streams, and adds another asset to the many resources of the state.

Texas Press Ahead. The Commercial Secretaries' Association has compared the newspapers of Texas with many of the papers of other states and finds the Texas press far in advance of that of other states in the way of development news and industrial information.

The columns of the Texas press contain reliable information on the state and records the progress made in the development of the state's resources and they present the information in such a way as to put energy into the industrial life of the state.

To read the Texas press makes the farmer want to start another plow; the miner shoulder his pick; the manufacturer enlarge his plant and the banker increase his investments.

All hail the Texas press. May their shadows and their subscription lists never grow less.

Beaumont Wants Railroad. The Beaumont Chamber of Commerce wants a railroad to the grain and cotton centers of the state and they are offering bonuses, stock subscriptions and other customary inducements to railroad builders.

The last Congressional appropriations carried an item for the deepening of the Neches River, from Beaumont to the Sea to a depth of 25 feet and the Queen of the Neches is getting ready to make her debut in maritime society by decorating the city with smoke stacks, building new railroads and steamship lines. Transportation facilities are the key note to development and Beaumont is after them with her characteristic vim.

Dry Farming Special. The "Dry Farming Special" which is touring the state in the interest of dry farming, and which has with it men prominent in agricultural circles of Texas, heads of Departments of Agriculture, Government officials and other evangelists of prosperity are being enthusiastically received by the farmers in different sections of the state who come for miles to attend the meetings, listen to the lectures and witness the demonstrations.

Agricultural trains are becoming as common as excursion trains and Texas farmers are receiving benefits from these demonstrations which will materially assist in increasing production and better marketing.

Good Roads Convention. East Texas is becoming interested in the good roads question and campaigns are being launched in that section of the state for better public highways. At Rust last week four hundred citizens of Cherokee county participated in a good roads convention, at which addresses were made by leading business men of that section touching on the modern methods of building roads, and raising the necessary funds to pay for same. A good roads organization was perfected to encourage the building and improving of public highways in East Texas in general and Cherokee county in particular.

East Texas is coming alive now.

Wagon Factory Makes Shipment. Last week the Elmer Wagon factory of Houston shipped fourteen cars of high grade wagons, the product of their Houston factory, to points in New Jersey and other places on the Atlantic coast. This factory, from an output of a few wagons per month, has grown to be one of the largest establishments of its kind in the south and supplies a large per cent of the wagons used by the large business concerns of Texas, as well as enjoys an extensive trade in the East.

Texas Cantaloupes. Seventy-five carloads of cantaloupes will be shipped this spring from Cotulla, one of the richest diversified farming sections of the state, to northern and eastern markets.

The Texas cantaloupe rivals the "Rocky Ford" product and is equal in size and flavor to those which made Colorado famous.

Notice. All persons indebted to the firm of R. E. & C. B. Nutt will please call promptly at room 200, Kemp & Kell building, Wichita Falls, Texas, and settle same. R. E. & C. B. Nutt. 2935tc

Don't You Need Some Sauce Fruits This Week

How would some fancy apricots do? Nice bright clean fruit. Medium sized and very tender. They are only 20c per lb. Then there's peaches and we have as fine a stock of them as you will find in the city. Nature ripened, hand-picked, sun dried and as clean, fresh and tasty as can be. Two sizes; the large ones only 15c per lb., the small ones 12 1/2c. Prunes are scarce. Last year's crop was small and its almost gone. Wholesale prices and its almost gone. Wholesale stock lasts we will sell 4 lbs. for 50c or 15c per lb. After they are gone OUR prices go up too if we can get any to sell. Dried apples are fine, we have some very nice ones at 15c per lb. Then if you haven't had any stewed figs lately try some of them. 12 1/2c per lb. for pulled figs of fine quality.

Too Far From Field To Table Says B. F. Yoakum

New York, April 24.—B. F. Yoakum explains the high cost of living by saying it is too far from the farms to the tables.

Yoakum is chairman of the St. Louis & San Francisco Railroad board and has a few other big positions. He is intensely interested in the development of the country along the Frisco and is the author of many successful plans for improving the condition of farmers and fruit growers. Recently he has been making a study of the high cost of living and he concludes it is due to the intervening middleman standing between the man who raises the food and the people of the city who eat it.

"In this country," he says, "the value of farm products judged by the amount paid for them, is \$9,000,000,000. Of this the farmer gets about half and the other half is tacked on various enterprising business men while the produce is getting from the farm to the table. If the farmers get together and co-operate they should be able to eliminate the middleman and get as much or more than they are getting now for what they raise, and give the consumer a chance to get it for much less.

Railroads Desire Prosperity.—There seems to be a general idea among prejudiced preachers that the railroads are forever trying to get the best of the shippers. There is nothing more ridiculous. The modern railroad's first care is the prosperity of every farmer and fruit grower. If these men are prosperous they will have something to ship to market, which means revenue for the railroad. If they are not prosperous there is less for the railroad. If they fail altogether the railroad property becomes two streaks of rust and a right of way.

"Along the Frisco if there is any fruit grower who can show us where he needs better service we will give it to him and we go farther, when one of our shippers is getting the worst of it from a commission firm we step in and see that the shipper gets a square deal, because the more money he makes the better it is for us and we have long since learned to regard the people living along our lines as partners in business.

Co-operation Secret of Success.—"Co-operation among farmers is the secret of success and this has been done in nearly every country of Europe with astonishing results.

"Don't misunderstand me on this point. A good deal has been done in the United States in the way of all recting attention to this matter. We have got several thousand farmers' organizations now, which have been created for the purpose of getting greater returns to the farmers and making reductions of the selling cost of their products in the market.

"But it is nothing like what has been done abroad. The organization and co-operative societies in England commenced in 1844 with twenty-two members. In 1908, the last statistics we have, the members are given as 2,516,000 and the profits \$55,665,000. They show over 33 per cent advance to the producers without hurting the consumers.

Denmark Ideal For Farming.—"In Denmark in 1881, when co-operation was first taken up, the producer received for butter, eggs and bacon \$12,000,000. In 1908, the last statistics we have, through co-operative organization, that business had increased the farmers' profit by \$78,000,000. Their co-operative dairies number 162,000 and the egg export societies of Denmark have 22,000 members. This industry is now bringing them \$10,000,000 a year.

"Denmark is a low country with an area of 15,000 square miles. Take an instance of a big State where this thing has not been done. Nebraska is five times as large as Denmark and yet for the past twenty-five years Denmark's history is unparalleled among farmers, in spite of the fact that Nebraska is regarded as an ideal farming community.

"In Holland the co-operative societies have a membership of 60,000, and the wholesale society at Rotterdam in 1907 on a capital of only \$4350 did a business of \$575,000.

In Italy there are 700 rural co-operative banks with \$21,000 capital. Switzerland has made the most marked progress under co-operation. The retail societies show a membership of 172,000, with a capital of \$500,000, reserve funds of \$1,000,000 and a turnover of \$14,000,000.

"In Ireland in 1885 there was one co-operative agricultural society with a membership of fifty, and a turnover of \$22,500. In 1909 there were 912 societies there, with a membership of 100,000 and a turnover of \$12,500,000.

Texas and California Lead.—"In this country the Texas truck farmers and the California fruit growers have made the most progressive co-operation. In Texas they pay as much as \$7500 a year to an expert to tell the farmers how to farm and to market their crop. The farmers of the old school would have shied away from any such proposition as hiring a man who habitually wears a white shirt and cuffs to ride from farm to farm in an automobile and tell the farmer what to do next, but having made money out of this sort of thing the Texas farmers are satisfied to pay big salaries to an expert manager.

"The Californians have the fruit marketing business down to an exact science with a high-salaried man to look after every phase of the business, making the freight contracts, ship and market the product. The fruit growers with just as much system as is used in a big department store.

"A good deal more of this system, which is really needed in this country, all built along lines of shortening the distance between the farm and the table and cutting out profits of the middleman. Let's get together."

CURES CATARRH

Also Coughs, Colds, Croup and Sore Throat.

O. F. Marchman guarantees HYOMEI (pronounce J. High-mei) to cure catarrh, acute or chronic; to cure colds, coughs, croup and sore throat, or money back.

In cases of deafness caused by catarrh, there is no remedy so efficient. HYOMEI is a liquid extracted from the eucalyptus trees of Australia, and is a soothing, healing, germ killing antiseptic.

A complete HYOMEI outfit consisting of a bottle of HYOMEI and an inhaler costs \$1.00. For treating catarrh or any throat or nose ailment, pour a few drops into the inhaler and breathe.

That's all you have to do, and as the air passes through the inhaler it becomes impregnated with antiseptic HYOMEI, and this soothing, healing air as it passes into the lungs, reaches every particle of the inflamed membrane, kills the germs and heals the raw, sore catarrhal spots.

If you now own a HYOMEI inhaler or you can buy an extra bottle of HYOMEI for only 50 cents at O. F. Marchman or druggists everywhere. Free sample trial treatment from Booth's Hyomei Co., Buffalo, N. Y.

Literary Treasures at Auction.

New York, April 24.—The sale of the great library collected by the late Robert Hoe, to which book collectors and dealers throughout the world have been looking forward with eager interest, was commenced today at the rooms of the Anderson Auction Company in this city. The library comprises 16,000 books and manuscripts and it is expected the sale will bring the highest aggregate totals of any collection ever sold at auction, not only in America, but in the world. The most notable work in the collection is the celebrated Gutenberg Bible, the first book printed from movable type, and probably the last valuable copy that will ever be offered for sale. It is in two volumes in contemporary oak boards, covered with pigskin. This famous work was sold in London fourteen years ago for \$20,000 and those familiar with such books place its valuation today at no less than \$40,000.

Official graveyards in other sections, the colonel will return to the silence of the Oyster Bay cemetery—Atlanta Constitution.

Wires Are Grounded.—Mr. Bryan seems to be pulling the old wires and putting in new ones and taking charge of the whole democratic machine. The party is not disposed to follow Mr. Bryan to another defeat. It may be forced to do it, however—Birmingham Ledger.

Making It Three of a Kind.—There is room for ex-Senator Dewey on the Chautauque circuit if Tillman and LaFollette will move over—St. Louis Globe-Democrat.

Like Republicans at Offending On.—President Diaz seems to be in favor of having all his associates resign while he himself keeps right on at the old stand—Birmingham Age-Herald.

A Roosevelt Dam.—Speaker Clark has a gravel made from part of a dam. In Speaker Clark's case, now nothing but a gravel of the whole big dam would have filled the bill—St. Louis Republic.

Evidently Sees a Great Light.—When Guggenheimer announces he will not be a candidate for re-election to the United States senate from Colorado one wonders whether he fell or got pushed—Louisville Courier-Journal.

Makes Wu Look Like a Piker.—With a dozen democratic investigating committees at work, Wu Ting-fang will find his old job of asking question pre-empted—Washington Post.

New Grave Awakes Him There.—Having reviewed his numerous poli-

Dispatch.

The Story of Your Eye Troubles

When told to an Expert of Experience, qualifications and recognized standing, are at once fully understood, acted upon, and you benefit accordingly.

In all cases of Eye Troubles the Eyes should be thoroughly examined and tested to decide if your case is one which calls for the use of glasses or not.

I have many years' experience in this most important work. I do nothing else. My business is no mixture. I am fully qualified. I guarantee your satisfaction at an honest cost.

Have You Tried Stenciling with E-Z-DYE

The latest and most up-to-date and only cold water dye on the market. Far superior to the old fashioned. Will dye a garment in cold water in a few minutes' time, when a half day's boiling with any other dye would be required. Always ready for use without mixing with oil, turpentine, vinegar or salt. Put up in collapsible lead tubes and any of the dye not required may be saved for future use. One tube dyes all fabrics. Has thirty-two different uses and you get them all for fifteen cents. Does not contain any odors of poisonous fumes and without used for dying, stenciling or any of its numerous uses is absolutely fast to washing and is the only dye that can be used for such delicate fabrics as chiffons and laces. This dye can be had in twenty different colors. In connection with above we also carry stencils of various exclusive patterns and brushes which can be had very reasonable. Will appreciate having you call and look at line.

WANTED

If you have any young stock to sell it will be to your interest to show them to John F. Kiel. I pay the highest market prices, \$3.50 for cows and \$3.75 for calves. I also have almost a train load of good farming tools to sell, which must be all sold by the first of August or I will trade them for stock. I will be away a good part of the sale, but W. H. Kiel will manage the sale.

PERSONAL MENTION

J. W. Henderson left this afternoon for a two weeks visit at Marlin, Texas.

Jas. A. Maddox, traveling representative for the Dallas News is in the city.

Train Master Murphy of the Fort Worth and Denver spent Sunday in Ft. Worth.

H. P. Barber, manager for the Byers Cotton Oil Company is in the city on business.

Miss Anna Baer of Fort Worth is visiting her sister, Mrs. C. S. Welch, 1401 Bluff street.

Miss Annie Snell from Byers is in the city the guest of the Misses Hughes, 1314 Ninth street.

Mr. and Mrs. R. E. Nutt, Sr., left this afternoon for San Antonio and other points in Southern Texas.

C. P. Moore with the Producers Oil Company at Petrolia, was here today looking after business interests.

E. A. Dale, J. A. Fisher and Jno. Anderson, prominent citizens from Electra are in the city on business.

G. W. E. Leberman, station agent for the Southern at Orf, was here today looking after business interests.

W. A. McCutchen, a capitalist from Denver City, Colorado, is in the city visiting his sister, Mrs. S. T. Coffield.

Miss Fay Robinson after a pleasant visit with relatives in this city left this afternoon for her home at Iowa Park.

O. P. Morse, who has been visiting his brother, G. W. Morse, for the past three months left today for his home at Medina, Ohio.

Mr. and Mrs. J. A. Lowery from Holland were in the city today on their return from Petrolia at which place they had been visiting their daughter, Mrs. H. W. Perkins.

F. T. Webb, manager for the Lyon & Gray Lumber Co. at Petrolia, was in the city today en route to Henrietta to attend district court.

J. H. Osborne from the Thornberry neighborhood was in the city today en route to Henrietta at which place he will attend district court.

Mrs. J. C. A. Guest returned from Fort Worth today where she has been with her husband, Dr. Guest who was operated on for appendicitis. The doctor is recovering nicely and expects to return in a few days.

Dr. Brown, Dentist, Room 206, Kemp & Keli Building. Phone 879.

SIXTY COMPLAINTS
SEWER ORDINANCE

That Number Will Be Filed If Property Owners Fail to Make Sewer Connections.

There were eight cases in the city court this morning, a majority of which were complaints against negroes for drunkenness and disturbances. Other cases included one which was settled on a plea of guilty the charge for which was a failure to comply with the sanitary ordinance of the city.

In this connection it may be stated that there is a disposition on the part of the city officials to rigidly enforce the sanitary ordinance with reference to the connection of closets with the sewer, and in discussing the matter with a Times reporter this morning Mayor Noble stated that as much as they disliked to file complaints against offenders, it was their duty and they would necessarily have to follow this course with reference to all who had failed or refused to comply with this requirement.

Discussing the matter further, he stated that the names of about sixty people who had neglected this matter were on file in his office and that process would at once be issued in the event that there was no response to the notices sent out. Included in this number are some of the most prominent citizens of the city, but as the mayor expressed it, there will be no respect of person and all must respond alike.

There will likely be some interesting developments along this line within a few days, and if not there, is sure to be some very busy plumbers in certain localities.

When your roof leaks phone 683, Willie's Tin Shop. 295-51c

THE WICHITA FALLS
SPIRIT A REVELATION

Knoxville, Tennessee Man More Than Pleased With Conditions Here.

Fred Dobson, of Knoxville, Tenn., arrived in the city Saturday and is the guest of his cousin, T. E. Dobson, of the Citizens Light and Power Co. Mr. Dobson, who is a man of considerable wealth, is seeking investment and came here with a view to associating himself with the new company, after visiting a number of cities over the country. In discussing the matter with a Times reporter this morning Mr. Dobson stated that he had visited several cities since leaving this home and had found none that compared with Wichita Falls in general appearance and in the manifestation of enterprise so necessary in promoting municipal development.

"Your city is indeed a revelation to me," said Mr. Dobson, "and from what I have seen, it is here that I expect to cast my lot."

Discussing the matter further Mr. Dobson stated that the only objection he had encountered was the fact that the company was not willing for him to take stock to the extent that he would like in the new light company, the future of which he considered very bright.

It is probably that Mr. Dobson will make extensive investments in the city and is also quite likely that he will conclude to make his home in Wichita Falls.

Sir George Nares 80 Years Old. London, April 24.—Sir George Nares, who won fame many years ago as an Arctic explorer and who retired from the British navy some twenty years ago with the rank of Vice Admiral, received the congratulations of a host of friends today on the occasion of his eightieth birthday anniversary.

Sir George first visited the Arctic region in 1852, a few years after he had entered the navy. In 1856 he commanded the expedition of the British warships "Alert" and "Discovery," which set out in search of the North Pole and succeeded in attaining the highest latitude that had been reached up to that time.

AN OUNCE OF PREVENTION

a long time ago was said to be worth a pound of cure. Nearly every one has had one or more serious illnesses that never would have occurred if they had received a little attention at the start. It

IS SAFER when you have any slight indisposition, or a cut finger, or a bruise to come in and get something that will prevent any chances of serious trouble, or better still to always have a few simple remedies on hand. We are always glad to give you any information or assistance within our power.

PULLMAN BUSINESS
GROWTH PHENOMENAL

First Report Ever Made By Company Shows Colossal Enterprise From Small Beginning.

Washington, April 24.—The Pullman Palace Car Company has filed a report with the Interstate Commerce Commission. It is the first ever submitted.

For approximately half a century the company strenuously insisted that it was not a common carrier and not subject to federal regulation. It claimed to be a hotel company whose hotels were run on wheels. But, it finally decided to tell about its business.

The company started nearly fifty years ago with \$120,000 capital. It never had any new capital paid in except from earnings. Stock dividends have increased its capital until now it is \$10,000,000. A man who owned \$1,000 of its capital at the beginning would have drawn down large annual dividends ever since and incidentally had his capital increased to \$100,000.

Last year the company gathered in \$33,334,073 from the operation of 5283 cars. It paid a 3 per cent dividend and distributed \$2,000,000 in stock. The only roads in whose sleeping cars this company has no interest are the St. Paul, the New Haven and the Great Northern. The company builds its own cars and many others; even exports cars to foreign countries.

A steel Pullman of the most modern type costs \$24,124; of the old wooden type \$14,122. People don't get telegraphed or burned up in the steel cars, but they come high and have less ornamentation about them. There are in operation many of the old fashioned Pullmans, with solid black walnut carved woodwork that could not be

duplicate today except for small fortunes. The average Pullman earns a profit per day of \$7.25. The report falls to state anything as to the wages of porters or the amount the public pays.

Naval Wedding at Newport. Newport, R. I., April 24.—The presence of many naval officers in full dress uniform gave added brilliancy to the wedding here today of Miss Marjorie Hobbs, daughter of Rear Admiral and Mrs. I. Goodwin Hobbs, and Ezra Gould, a prominent banker of Washington, D. C. The ceremony took place at the Hobbs home this afternoon, the officiating clergyman being the Rev. George R. Hazard, of Manchester, N. H., an uncle of the bride.

New League in the Northwest. Boise, Idaho, April 24.—The newly organized Union Baseball Association has everything in readiness for the start of its initial season. The association begins its career under conditions that promise well for the success of the organization. The circuit comprises Salt Lake, Missoula, Helena, Great Falls, Butte and Boise. W. H. Lucas, president of the Northwestern League, is the head of the association.

Robatch's Mineral Water. is highly recommended by physicians and patrons who have tested its merits, for indigestion, catarrh of the stomach, kidney and bladder trouble. This water stimulates the secretions of the stomach, increases digestion and favors a more complete absorption of the food, and prevents the action of germs that cause typhoid and other infectious diseases.

This water can be purchased at the well or delivered in jugs or cases. This well is located one mile south of Alamo school building in Floral Heights, two deliveries daily morning and afternoon. G. J. Robatch, Owner. Phone 1601—1 long—4 shorts.

Devote a certain amount of time each day to The Times' Contest.
