VOL. I—No. 30 SNYDER, TEXAS, FRIDAY EVENING, JUNE 9, 1950 5c COPY

Truman Jovial Before Big St. Louis Address

COLUMBIA, Mo., June 9. (AP)—President Truman on the way to Columbia, Mo., took time out to interrupt an argument between a sailor and a taxi driver in St. Louis and to pilot an engine for a few miles.

The President boasted to his breakfast companions—his sister, Miss Mary Jane Truman of Grandview, Mo., Federal District Judge Roy Harper, and Tom Van Sandt of Fulton, Mo.—of having helped pilot the train after a brief visit to the engineer s cab.

IN GAY MOOD

"You noticed the difference when I had my hand on the throttle," he quipped.

He gave his fellow diners this account of the sailor-taxi driver incident that varied the customary routine of his early morning walk near the Jefferson Hotel in St. Louis:

He ran into a sailor having a vigorous argument with a cab driver.

The sailor turned, then stared in open-mouthed amazement when he saw that the grinning man tapping him on the shoulder was the President of the United States.

LEAVES IN PEACE

Mr. Truman wanted to know about the sailor's battle scars. The flustered gob stammered out the information the best he could. And the President resumed his stroll.

An important foreign policy speech is set for St. Louis at 3 o'clock tomorrow in Jefferson Park. This one will be broadcast in 24 languages by the Voice of America, the government's overseas broadcasting agency.

While he told his last news conference the peace outlook is better than it has been for five years, the President has made no secret of his belief that the road ahead is an uneasy one and that there must be continued help for other free nations.

Bridge Widening On 25th Street Half Completed

About half of the project to widen the Twenty - fifth Street bridge, near Avenue O, has been completed, and the other half is expected to be finished some time this month, according to B. R. Wilkinson, resident engineer for the highway department.

The south side of the bridge was completed this week, and workmen are ready to begin widening the north side to make a four - lane bridge with a 56-foot roadway and a wide pedestrian walkway on each side.

Work on the bridge, which had an original roadway about 20 feet wide, began May 1. Originally the bridge would accommodate only two lanes of motor traffic, and the highway approaches is—being four-lane slabs—created a continual hazard because of the bridge sidewalks being in direct line with the outside lanes of the approaches.

When completed the bridge will have a total width of 70 feet from one side railing to the other. The bannister, curb, and sidewalk on each side of the roadway will measure 14 feet.

Another bridge to be widened on the East Highway, Wilkinson said, is the one about a quarter of a mile northwest of the Y of U. S. Highway 180 and 84, southeast of town.

This bridge, although considerably longer than the one on Twenty-fifth Street, will be widened in the same manner, Wilkinson said. It is expected to be completed

Warrencrest In City Limits; Noble Heights Next In Line

The area popularly known as the Warrencrest addition, extending from near Thirty-Third Street to Thirty-Seventh Street, and from the Big Spring Highway to Avenue V, was admitted to the city last night by an ordinance passed by the city council.

A petition asking admittance for the addition was signed by Mrs. R. L. Gray, Viola Warren, Bryan Jordan, Blanch Jordan, G. M. Heinzelmann, Fayette Heinzelmann, H. G. Towle, H. P. Brown and Mrs. H. P. Brown.

Admission of the new addition brings Noble Heights, another area south of town, adjacent to the city limits and makes it eligible to petition for admission.

A plot of Noble Heights, a 38-acre addition extending from Thirty-Seventh Street to Avenue O, was presented and tentatively approved. An ordinance to admit the area will be drawn up by city attorneys and will be presented for the council's approval not less than five days from last night's meeting and not more than 30 days.

HEALTH UNIT

Dr. Fred Linkler, director of the city-county health unit, and L. T. Barnard, senior sanitarian, met briefly with the council to discuss the 1951 budget presented by the unit.

It was agreed that a city county meeting to discuss the budget should be arranged, and Edgar Taylor, county judge, said today that the county commissioners would probably meet with the council tonight.

Judge Taylor said this morning that Bob Terry, alderman, telephoned him requesting that he contact the commissioners and ask them to attend the meeting.

He said he would ask them to meet tonight at 8 o'clock at the city hall.

The council also passed an ordinance last night requiring all city machinery and road equipment to be kept at the warehouse behind the city hall when not in use.

SCHOOL TAX OFFICE

An agreement was made to give the school district the use of city land now occupied by the Recruiting Station for a temporary tax collection office. The office has been temporarily at the school since being moved from the city hall.

By action of the council the salary of A. M. McPherson, city judge, was raised from $125 to $150 a month.

The police department was instructed to order all unauthorized persons living around the city tabernacle to move. This instruction applies especially to trailers parked around the tabernacle and on streets and on streets and alley-ways in that area.

A motion to issue a taxi operator's license to Simon Terrazas for Steve's Taxi Service was passed.

William W. Remington, commerce department economist, poses at the telephone in his lawyer's office in Washington after a federal grand jury indicted him on one perjury count for denying he ever was a member of the Communist party. Remington issued a statement repeating he has never been a Communist and expressing confidence a jury would acquit him. (AP wirephoto).

Senator for Subpoena Of Forrestal Diary For Amerasia Investigation

WASHINGTON, June 9. (AP)—Sen. Knowland (R-Calif) demanded today that Senate investigators looking into the 1945 Amerasia case subpoena the diary of the late defense secretary, James Forrestal.

Knowland noted that Forrestal had been named as possibly being the high government official reported to have suggested that arrests in the case be delayed.

He told the Senate that Forrestal, who died in a plunge from a tower window at the naval hospital near here last year, cannot speak for himself. But, he said, there is a diary in custody of the White House that can speak for the late defense official.

IN FAIRNESS

He said that in fairness to Forrestal, who had a patriotic record in government, the investigating Senate foreign relations subcommittee should immediately subpoena the diary.

Knowland said that if Forrestal suggested any delay in the arrest, he must have felt that Soviet espionage was involved.

Knowland spoke out as authoritative sources in New York said a federal grand jury investigation of the Amerasia matter was started without sanction of government officials there or in Washington.

STRONG HINT

The informant, who declined use of his name, was asked whether the action was that of a "run-away grand jury"—a grand jury which goes far beyond investigative limits outlined by prosecutors.

The informant replied:

"Well, Washington isn't too happy about it—so draw your own inference."

The case involves the wartime discovery of secret government papers in the New York offices of Amerasia, a magazine no longer published.

Earlier, Sen. Capehart (R-Ind) had demanded still another congressional inquiry into the case. He blasted the Justice Department for its handling of the matter.

Census Booths On Square Collect Late Registrations

Census booths are to be in operation today and tomorrow to take names and addresses of Snyder residents who were not counted in the 1950 census.

Booths will be placed on the north and south sides of the square. It is important for those who have not been counted to give addresses sufficiently accurate so that they can be found by the census investigator.

A trailer court address will be insufficient, unless the location is fully described.

Names and addresses will be sent to L. D. Whiteley, regional census director, in Lubbock, who approved this unusual method of completing the census because of the difficulty in making an exact count in Scurry County.

No official count has yet been made in the county and Whiteley said he expected to complete Scurry County's census last of any county in the region because of the great number of newcomers.

Census booths are being sponsored by the Junior Chamber of Commerce, Scurry County Chamber of Commerce, radio station KSNY and the Snyder Daily News.

Census officials ask that persons who feel they have not been enumerated check at their homes to ascertain that they were not counted. If they are certain they have no been enumerated, they should register at the booths.

Two Negroes Turned Down At University

AUSTIN, June 9. (AP) — Two Negro students applying for graduate instruction at the University of Texas were turned away yesterday.

President T. S. Painter said the courses they desired are offered at Negro institutions in Texas.

He said only Negroes seeking courses not available in the separate facilities provided for them will be accepted on an unsegregated basis here. Two Negroes already are enrolled and are attending classs on the main university campus. Turned down were Harold Ray King and Aaron Monroe Cash, both of Austin.

Cash told reporters he would give up his job here and leave Austin June 23 to enter the University of Southern California.

"However, after I get my master's degree at Southern Cal in January, 1951, I will attempt to enter the University of Texas for a doctorate in music education," Cash said. "It is my information that no Negro institution in Texas offers work on the doctorate level."

King could not be contacted for comment. His mother, Mrs. Roosevelt King Bryant of Austin said he had applied for admission next

Lone Star Gas Gets Huge Loan

DALLAS, June 9. (AP) — The Lone Star Gas Co. today borrowed $85 million to finance an $81,406,856 five year expansion program and to retire a debt.

Twelve financial institutions loaned the money. The deal was concluded shortly after 10 o'clock in the board room of the Republic National Bank. Fred Florence, president of Republican National, said it was the largest transaction ever handled by a Texas bank.

Lone Star President D. A. Hulcy said the loan was "evidence that the strong institutions believe in the future of Lone Star Gas and have faith in the vast territory in which it serves in Texas and Oklahoma."

FOUR ELECTROCUTED

PEARSON, Ga., June 9. (AP) — A high voltage power line snapped and fell to the rain-soaked ground yesterday, and electrocuted four linemen. Two other crewmen were outside the charged area and escaped injury.

Southwest Kent Has Promise Of More Production

Another Canyon Reef discovery seems evident in Southwest Kent County. Kewanee Oil Co. No. 1-C Will Connell recovered 3,005 feet of clean oil on a drillstem test of the reef section.

On the two and one-half hour test at 6,845-70 feet, the medium to good flow of gas surfaced in 15 minutes and continued throughout the remainder of the test.

After 43 stands of pipe were pulled, 37 gravity oil started unloading from the drill pipe by heads. Oil fill up in the pipe was estimated at from 10 to 12 barrels an hour. No water was recovered.

Open flowing bottom hole pressure varied between 100 and 500 pounds. Shut in bottom hole pressure after 15 minutes was 2,725 pounds.

Operators planned to core 10 feet deeper and test again late Friday.

This possible discovery is four and one-half miles west-northwest of the Codgell-Canyon field and 1,980 feet from south and east lines of section 3, block 4, H&GN survey. It is approximately 20 miles north and slightly west of Snyder.

It topped the Canyon Reef at 6,850 feet on a minus datum of 4,630 feet.

FLOW FROM WOODSON

Skelly Oil Co. No. 1 Woodson, Central-West Scurry County exploration in the undeveloped area on the west side of the Kelley Snyder field and north of the Diamond M field, flowed 192.56 barrels of 42 gravity oil in two and one-half hours.

The flow was through a 1-inch opening on tubing and was natural. There was no water. Gas-oil r— was 849-1. Open flowing tubing pressure was 175 pounds.

The well is now shut in to take potential and complete.

The production was from perforations in the five and a half inch casing between 6,776 and 6,518 feet.

This extender topped the Canyon Reef at 6,760 feet to give it a datum of minus of 4,281 feet. It drilled to total depth of 6,929 feet and cemented five and one-half inch casing on bottom.

Location is 647 feet from east and 1,480 feet from north line of section 255, block 97, H&TC survey. And seven miles west and a little north of Snyder.

TO TEST CANYON

Skelly Oil Co. No. 1 L. M. McClammery is to be a 7,000 foot prospoector to test the Canyon Reef lime in Central-West Scurry County about eight miles west and slightly north of Snyder.

It will be outside the proven area of the Kelley-Snyder field and 467 feet from south and 2,162.7 feet

Own Guns Cause Bomber's Fire And Sea Crash

LONDON, June 9. (AP) — A United States B-29 bomber which fell in flames into the North Sea Wednesday with a loss of at least three lives shot itself down during gunnery practice, headquarters of the 3rd Air Division said today.

Bullets from the plane's 50-calibre machineguns struck the right outboard engine during a firing run on a gunnery range off the Norfolk coast, a spokesman said, setting the plane on fire.

Eleven crewmen were ordered to abandon the burning plane at low altitude. Four were rescued, three were recovered dead, and a search is continuing for the other four.

The Air Force spokesman said failure of normal safety devices with which the big plane was equipped permitted the gunfire from its own turret to strike the outboard engine.

"It was just one of those things that happened," he said. "All normal precautions were taken."

McCarthy Erupts With New Demand Acheson Be Fired

MILWAUKEE, June 9. (AP)—Sen. McCarthy (R-Wis) loosed a bitter new blast at Secretary of State Dean Acheson today and demanded again that Acheson be fired immediately.

Referring to him as "the Red dean of fashion," McCarthy declared that Acheson had "worked on the team of world strategy to create a Red China and a Red Poland" and "should be removed from the high command of our foreign policy at once."

PREPARED SPEECH

McCarthy spoke out in a speech prepared as the keynote address of the Wisconsin Republican state convention.

Acheson, he said, is at the forefront of what he called the Truman administration's policy of "warmongering abroad while it permits the enemy within our gates to operate with impunity."

"You can condemn Communism in general terms," the Wisconsin senator declared, "in the Acheson manner with a lace handkerchief, a silk glove and a Harvard accent, if you please.

"But you can't fight Communists in that fashion. I know of not one single reason why Communists should be handled with kid gloves."

McCarthy devoted a large part of his speech to criticism of a $90 million American loan to Communist Poland in 1946, at a time when Acheson's former law firm was handling Poland's business in this country. Acheson was then undersecretary of state.

BITTER CHARGES

"Fifty million of that 90 million went to equip and arm the Communist Army and the dreaded U.B.—the Communist secret police just then being set up in Poland," McCarthy said.

"It was Mr. Acheson who placed the guns, the whips, the blacksnakes and the clubs in the hands of those Communists. It was Mr. Acheson who furnished them with bullets to keep a Chirstian population under Soviet discipline. It was Mr. Acheson who helped put uniforms on the masters of prostrate Poland."

Start Paving On Scurry Section Of New Highway

Paving operations are now under way on the Scurry County section of the Snyder - Big Spring highway, and construction is progressing according to schedule, B. R. Wjlkinson, resident engineer for the highway department, said yesterday.

Work is still being done on the Howard County section of the road too, he said, but the section in Mitchell County has been completed.

About May 1 specifications for the highway were altered and the plans for 18-foot pavement width were changed to make the blacktop pavement 22 feet wide. The road bed was also re-enforced and the base made thicker for greater support.

The entire project will be completed and opened to through traffic some time this summer. Wilkinson said. The road will be 34½ miles long. The nearest highway route now open to through traffic between Snyder and Big Spring is 64 miles.

Personnel At Pan American

Milton Crow, transferred to Snyder from Kilgore, will head the new West Texas Division of Pan American Pipe Line Co., Ira O. Walker, president of the company, announced from Houston yesterday.

Crow and his staff moved into the new Pan American Pipe Line headquarters five miles south of Snyder on the Colorado City highway about two weeks ago.

The entire list of personnel announced by Walker includes the following: Crow, division superintendent; Harry G. Egle, division foreman, from Alvin; Richard Lenczewski, division clerk from Alvin; Hayne Nelms, division mechanic, from Douglass; J. B. Johnson, district mechanical engineer, from Kilgore; Hall C. Hagler, connection foreman, from Alvin; Leonard A. Dodd, gangpusher, from Kilgore; J. F. Rogers, inventory engineer, from Kilgore; Eugene B. McLemore, senior field clerk, from Kilgore, and John C. Stanley, proration clerk, from Kilgore.

Permit To Build New Post Office

A building permit to construct a post office building at a cost of $8,500 has been granted George W. Gray, owner of the Snyder Gray Lumber Co.

Contractor for the building is Albert Basinger of Lubbock. It will take an estimated 90 days to complete the building, which is being erected at 2211 Avenue R.

Recreation For Boys Scheduled To Start Monday

Registeration for the boys' summer recreational program, to be conducted for six weeks this summer, will begin at 9 o'clock Monday morning in the high school gymnasium. Activities will also get under way the same day.

J. M. Moffett, high school athletic director, will be in charge of the American Legion-Veterans of Foreign Wars sponsored program, assisted by J. M. Kayser.

At a meeting of the Board of Directors of the Snyder Lions Club recently it was voted that the organization would furnish all the equipment for the program.

Moffett said that the program, which will be held at the high school, will be open for all Snyder boys between the ages of 7 and 14. Any boy between the above ages is welcome to attend, Moffett stated. A daily program of activities will be arranged for each age group.

Recreational activities will include basketball, tennis, baseball, softball, vloleyball, soccer, horse shoes, washers, darts and numerous other less strenuous activities.

"Later on in the program there Moffett said, "and we will also have a story hour for the younger lads."

Hours for the program are from 9 to 11:30 o'clock in the morning and from 3 until 6 o'clock in the afternoons, Monday through Friday.

There is no charge for the program.

DeMOLAY INITIATION

Snyder's new chapter of DeMolay's, boys organization sponsored by the Masonic lodge, will hold its initiation today, beginning at 3 this afternoon at the lodge hall.

Public installation of officers will be held at 8 o'clock tonight at the High School Auditorium.

Owls Gang Up On Detroit Couples

DETROIT, June 9. (AP) — A flock of nasty owls ganged up on a group of innocent people last night.

It was rough, too, until a gunshot drove off the birds.

Mr. and Mrs. Henry Sheppard were entertaining friends. As the guests were leaving, Sheppard walked out on the front porch with them.

Down came the owls. One clawed a gash in Sheppard's scalp. Others drove the group back into the house.

The sheriff's road patrol answered a summons. One shot by Deputy Henry Bates killed one owl. The rest flew off.

Cain Starts His One-Man Rent Control Filibuster

WASHINGTON, June 9. (AP)—Sen. Cain (R-Wash), bitter foe of rent controls, blocked today an attempt to set a date for a Senate vote on a bill extending controls beyond June 30.

Then he launched into an all out filibuster against the measure.

Cain's action touched off a bitter debate in which Senate Democratic Leader Lucas of Illinois accused Republicans of trying to keep the Senate from acting on the bill.

"We're going to vote on a rent control bill in the United States Senate if we have to stay here until Christmas," Lucas stormed.

The Senate bill would extend rent ceilings for six months and let communities keep them six months longer if they vote to do so.

Lucas asked for an agreement to vote on the bill Monday afternoon.

Cain countered with a proposal that the Senate vote then on a motion to send the measure back to the Senate Banking Committee.

Lucas said he wouldn't accept Cain's proposal. Cain replied that he may make the motion any time during the afternoon, at a night session which Lucas planned, or at a session tomorrow.

Cain, who got the Senate floor at 9:58 o'clock this morning, announced that he is going to talk against the measure as long as he is able to standup.

County Officials Plan Conferences On New Hospital Here

Edgar Taylor, county judge, said today that he and some of the county commissioners would go to Austin Sunday to talk with members of the State Hospital Board regarding the erection of the proposed county hospital here.

Judge Taylor went yesterday to Lamesa where he inspected the new Dawson County Hospital, scheduled to open next week.

"I wanted to see that new hospital in order to have a better idea how a hospital should be built," the judge said.

The hospital at Lamesa cost $1,250,000, he said, "which is a little too expensive for our county." Scurry County's proposed hospital will cost $800,000, half of which will be paid by the county, which has voted bonds for it. The other half will be paid by state and federal funds.

News Boys Guests At Carnival Tonight

Snyder Daily News delivery boys will be guests of the American Mid-Way Shows and Don Brashears, manager, tonight.

Tom Marlow, circulation manager, said about 18 boys would attend, chaperoned by him and J. T. Wheelis, assistant circulation manager.

EXHIBITION RIDE—Neither Harry Tompkins of Dublin, Tex., nor the horse lasted long enough to take bows as they attempted to spice a matinee performance of the Midland, Texas, rodeo. Tompkins, who was helped from the field with a sprained back, returned to take his turn on a Brahma bull and rode his animal for the limit. (AP wirephoto).

Senate Group Asks Halt To Speculative Coffee Trading

WASHINGTON, June 9. (AP) — A Senate committee today asked a Justice Department crack-down on speculative trading in coffee.

The request was made by the agriculture subcommittee, headed by Sen. Gillette (D-Iowa), which has been investigating the sharp rise in coffee prices in recent months.

The group recommended that the attorney general and his anti-trust attorneys take these actions:

1. Seek "injunctive relief" against figures contracts now used for speculative trading in coffee on the New York coffee and sugar exchange unless these contracts are promptly revised.

2. Bring a "civil suit under the anti-trust laws" unless coffee stocks held in this country by Colombian and other foreign coffee interests are immediately disposed of in channels of trade.

3. "That the attorney general of the United States investigate the details of the purchase of coffee by Mr. George V. Robbins, Maxwell House division, General Foods Corp., from the National Coffee Department of Brazil in the year 1948 to determine if any federal laws have been violated."

4. That the Justice Department have a representative present "at all future meetings of the special commission on coffee of the inter-American Economic and Social Council, or any similar groups that meet here or in which the United States participates."

The Weather

WEST TEXAS: Generally fair this afternoon, tonight and Saturday. Not quite so warm in Panhandle and South Plains this afternoon.

EAST TEXAS: Partly cloudy this afternoon, tonight and Saturday, with a few scattered showers. Moderate southeast winds on the coast.

The weather was warm and muggy in Texas today. Conditions were clear in extreme Southwest Texas and along the Texas-New Mexico border, and partly cloudy to cloudy elsewhere.

No rain was reported anywhere in the state at mid-morning but scattered showers were predicted for East Texas. Texas rainfall for the past 24 hours, ending at 6:30 a.m. included .03 of an inch at Presidio and .01 at Ozona.

The mercury went to 104 degrees at both Presidio and Wink yesterday.

The lowest reading in the state early today was 50 degrees at Dalhart, at the top of the Panhandle.

Thoughts Turn To Freezing As Berry Season Approaches

Mrs. Rex Woodward, from the Plainview community, is reportedly the first woman to enter the Extension Service offices in search of Mrs. Mildred Sparks, home demonstration agent, for information regarding the pruning of her dew berries.

According to Mrs. Sparks, berry time will be in full swing in these parts within two weeks. Of course, the yield here is generally light, as compared with those sections more conducive to growing the plants.

"You find blackberries here in some parts of Scurry County. I hear that the fruit trees are also going to produce well. The Von Roeder Orchards which are located near Knapp, are said to have escaped damage from the recent hail and will produce quite a crop for people who drive out to buy", Mrs. Sparks said. The first Von Roeder peaches were sold Wednesday to a San Antonio dealer.

Mrs. Sparks explained that a pressure cooking equipment is now in readiness in the Extension Service offices in the courthouse for the express purpose of testing Scurry County canners' cookers. She urges that women who will can any amount of foods play safe and increase efficiency by bringing in their pressure cookers for a check up.

HOME FREEZING

More and more inquiries about home freezing are pouring in, Mrs. Sparks added. Freezing now would seem to be an important type of home preservation. She explains that all releases from the Texas A. & M. offices of the Extension Service suggest the homemaker allow no delay between the gathering and freezing of food. If there is delay, the foods lose valuable nutrients.

It is necessary to scald vegetables in boiling water before freezing, to prevent loss of quality, and to preserve the vitamin content. Freezing alone does not stop the enzyme action in vegetables and if they are not scalded, this action will cause undesirable odors to develop along with the loss of flavor and color. When vegetables are properly scalded, packaged, processed and stored at about 0 degrees F., they will retain their quality for one year.

As for time-tried instructions on the ancient and honorable process of canning, Mrs. Sparks has them to offer, too. Still quoting from the Extension Service releases which she collects daily, she said, "The pressure cooker should be washed in hot soapy water and rinsed well. The lid of the cooker should not be immersed in water because the water will likely ruin the face of the pressure guage. Needless to say, your cooker must at all times be spotless and shining clean.

NEEDS GUIDE

"It is best to can about what the family will consume between the growing seasons. This will vary with families and individuals, but here is a suggestion; 22 quarts of green and yellow vegetables along with the same number of quarts of other vegetables plus an additional five quarts of pickles and relishes for each member of the family. Store canned products in a dry cool place. And enjoy the fruits of your labors all through the winter months."

Mrs. Boren Hostess To Thursday Night Bridge Club Meeting

The Thursday Night Bridge Club met with Mrs. W. I. Boren, 2901 Avenue T., last night. High score for women went to Mrs. Billy Boren; high score for men to C. T. Hubbard. Mr. Hubbard also won the traveling prize.

Mrs. Boren served refreshments of ice cream and cake to Mr. and Mrs. G. B. Clark, Jr., Mr. and Mrs. Forest Sears, Mr. and Mrs. J. D. Scott, Mr. and Mrs. Alfred McGlaun, Mr. and Mrs. Wayne Williams, Mr. and Mrs. R. R. Schooling, Mr. and Mrs. Billy Boren, Mr. and Mrs. Hubbard, Mr. J. P. Nelson, Clyde Nelson and the Boren's son, John J. Boren, visiting from New York.

Youth, 15, Cleared In Father's Death

CHARLESTON, W. Va., June 9. (AP) — Fifteen-year-old Jimmy Basham gripped his chair as he watched the jury file back into the courtroom last night. It had been out for three hours.

To those 12 persons Jimmy had told how he thought he did the "right thing" by shooting his father to death . . . How on April 2, he took down the family rifle and shot Charles Ted Basham, 45-year-old coal miner, while he slept in a living room chair after a drinking bout.

He shot his dad, Jimmy had related, because "he threatened to kill me and because he had beaten me and mother many times."

The foreman rose.

". . . Not guilty."

Mrs. Shivers Kin Dies in Nebraska

AUSTIN, July 8. (AP) — Charles A. Roettelle of Elkhorn, Neb., father of Mrs. Allan Shivers, died there yesterday.

PERSONALS

Mrs. Herman Aweas of Tulsa arrived in Snyder Tuesday by air to visit her mother, Mrs. Dora Cunningham. Mrs. Cunningham plans to return Saturday by air with Mrs. Aweas to Tulsa and from there by air to Salt Lake City to visit another daughter, Mrs. J. M. Consley, Jr.

Mr. and Mrs. Fred Garner and Mrs. Bob St. John and baby are visitors in the home of Mr. Garner's sister and family, Mr. and Mrs. W. D. Fish, his parents, Mr. and Mrs. G. M. Fish, and his other sister here, Miss Winnie Garner. The group went to Brady Wednesday to visit Mr. Garner's brother, and family, Mr. and Mrs. Preuitt Garner. Mr. and Mrs. Garner and Mrs. St. John will leave Snyder in a few days to continue their trip to Enid, Okla., where they will visit relatives before returning to their home in Santa Ana, Calif.

Mrs. C. J. Terry from Hughes Springs, Tex., is a visitor in the home of her son and family, Mr. and Mrs. S. L. Terry, Highland Park.

Mr. and Mrs. Jack Romas and baby from Abilene passed through Snyder yesterday, visiting the oil fields.

Mr. and Mrs. Bud England and children and Mrs. Charles Walker all attended the Church of Christ revival in Lubbock last night.

Mr. and Mrs. Jim Templeton from Houston are here visiting with Mrs. Templeton's parents, Mr. and Mrs. Joe Strayhorn, 2111 Thirtieth Street.

Jack Gorman, son of Mrs. J. S. Gorman, and Robert Preuitt, son of Mrs. A. C. Preuitt, are home for the summer, after completing the year's studies at Arlington State College, Arlington, Tex. They were both sophomores. Robert Preuitt will enter West Point in the Fall.

Mrs. J. W. Bondurant will arrive here tomorrow from Fort Worth to visit with her daughter and family, Mr. and Mrs. Wayne Boren, 2901 Avenue T.

Mrs. Delphine Hardee, 1910 Fifteenth Street, had as visitors Monday Mrs. Eugene Robinson, and her brother, Mr. Glenn Hurt, from El Paso.

Mr. and Mrs. L. A. Crenshaw and son from Mineral Wells will be week-end visitors in the hom of Mrs. Crenshaw's sister, and family, Mr. and Mrs. W. C. Hart, 3116 Avenue T.

Mr. and Mrs. L. M. Irion, 2700 Avenue M. made a trip last week end to Abilene, returning Monday. They visited their son and family, Mr. and Mrs. Richard Irion. Their son had been ill, but is recuperating.

Mr. and Mrs. Roy Kennedy from Odessa visited Wednesday night in Snyder with friends, Mr. and Mrs. Ray Sue, in Boothland and in the home of Mr. and Mrs. Skeet Jones, 2800 Avenue X.

Miss Alva Jones went to Sweetwater on a shopping tour Thursday.

Mr. and Mrs. Doug Burney returned Thursday night from a vacation trip to Eagle Nest, N.M. Mr. Burney is a regular fireman with the Snyder Fire Department.

Thomas Franklin Hargrove Funeral Tomorrow Afternoon

Funeral services will be held at 4 o'clock tomorrow afternoon in First Baptist Church for Thomas Franklin Hargrove, 52, who died last night in Abilene Hospital.

Mr. Hargrove was born in Scurry County September 9, 1879. He lived with his sister, Mrs. John Taggert, 2526 Avenue R.

Mr. Hargrove was in the trucking business until four years ago, when a kerosene truck he was riding in turned over and ignited, severely burning him.

Survivors include his wife, Mrs. Odett Hargrove of Alpine; a daughter, Mrs. Joan Curtis of Lubbock; a son, Phillip Hargrove of Alpine; and two brothers, Emmit Hargrove of Snyder and Vachel Hargrove of Amarillo.

The Rev. E. K. Shepherd will officiate at services, and burial will be in Snyder Cemetery.

Hospital Notes

Admitted yesterday to Snyder Hospital Clinic were:

Frank A McAnally, general delivery.

Mrs. Jewel D. Oliver, general delivery.

Emmett Mulvehill, general delivery.

Gaylord B. Ridley, 1009 Thirty-third Street.

Kenneth Cook, Lamesa.

Ellis Montgomery, general delivery.

Arley G. Cleveland, 1102 Twenty-fifth Street.

Discharged.

Mrs. William W. Ellis, 1005 Twenty-seventh Street.

NEWS FROM FLUVANNA

BY MRS. C. A. DAUGHERTY

Pete Ainsworth left Tuesday afternoon to attend the Angus show and sale at San Angelo Wednesday.

C. A. Daugherty, R. V. Daugherty and Raleigh Mason spent Wednesday in San Angelo at the Angus show and sale.

Mrs. H. F. Fulford returned last Sunday from Missouri where she has been visiting Mr. and Mrs. Jess Bley.

Mr. and Mrs. Rey Walton of Lubbock spent last Sunday in the home of Mr. and Mrs. Ray Fulford.

Cemetery working was finished Tuesday about noon.

Wayland Cole and Thurston Cole on Austin, are visiting Mrs. Hattie Reaves and Miss Hannah Steele this week.

Fifty-second anniversary of First Baptist Church at Fluvanna will be observed with dinner on the grounds Sunday. This is the annual old-time reunion.

Mr. and Mrs. Jack Roddy of Portales, N.M., visited this week in the home of Mr. and Mrs. Nolen Fulford. Mr. and Mrs. Roddy and the Fulfords left Tuesday for Wichita Falls where they will visit several days with Mr. and Mrs. John Henry Roddy there.

Mr. and Mrs. Riley Miller, Miss Dewey Faye Everett, and Ralph Miller went Wednesday morning to Breckenridge where Riley and Ralph will enter bronc-and-bull-riding events in a rodeo there.

Mr. and Mrs. Bunyan Evans and family recently returned from a trip to the Ozarks in Arkansas.

Mrs. Jake Ross of Lubbock, Mrs. J. I. Boren, Mrs. Fowler Mathis, and Mrs. Annie Wills left Thursday for Belton for a visit.

J. J. Belew went to Post Tuesday. from Seminole visited Tuesday with Mrs. Hannah Steele.

Mr. and Mrs. Sid Reeder and family of Gail were in Fluvanna Tuesday for the cemetery working.

The Marshall Gleghorn's new home arrived here Wednesday morning.

Mrs. Maud Rankin, her daughter and granddaughter and a neighbor from Seminole visited Tuesday with Miss Hannah Steel.

E. C. Browning, reported doing well now, is at home again.

Mrs. Thelma Hacker of Hermleigh, Stanley demonstrator, was here Tuesday.

Cards Stacked For Death; He Could Not Win

BALTIMORE, June 9. (AP) —The story of a gamblers' gun duel — in which the cards were stacked for death — was recounted in police court last night.

James Singletary, 28, was given a preliminary hearing on a charge of shooting and killing Ben Jones, 29.

Before Singletary was held without bail for grand jury action, Patrolman Harry Bannon testified witnesses gave this account of the shooting:

The two men got into a quarrel while gambling in a card game.

They agreed to go home, get pistols, and decide the issue.

They met on a South Baltimore Street. Both drew their weapons. Singletary fired twice. Jones fell to the sidewalk, fatally wounded.

Singletary surrendered his pistol when police came.

Police found another pistol near Jones' prostrate form.

The cards had been stacked against him. Authorities found his weapon was defective and would never have fired.

FINN TO MOSCOW

MOSCOW, June 9. (AP) — Finland's prime minister, Urho Kekkonen, arrived in Moscow today to sign a new five-year Finnish-Soviet trade pact.

Divide State? Maybe It's Better With Just One Texas

By WILLIAM C. BARNARD
(Associated Press Staff)

Five states of Texas!
Five state capitols!!
Five legislatures!!
And 10 United States senators.

That'll teach those nine young gentlemen of the U. S. Supreme Court to swipe our tidelands and give them to Uncle Sam.

Gen. Ernest O. Thompson, chairman of the Texas Railroad Commission, and a mighty smart man, called on Texas Wednesday to exercise its historic right to divide itself into five states.

When Texas joined the union, a basic condition of the bill of entry, agreement, or whatever the legal term is, reserved the right of Texas to become five separate states.

HAPPY FAMILY

That inalienable right never has been exercised, because, we think, Texans like to fight among themselves just as one big happy family.

We just want Gen. Thompson to know we are behind him, putting in as much plotting time as possible, considering the 40-hour week.

He has already named the five new Texas states: North Texas, South Texas, East Texas, West Texas and Central Texas.

First let's name the new state capitals. For North Texas there's Amarillo. Or Lubbock. Or Wichita Falls, near the Red River. Just where the deuce is "North Texas?"

Anyway in South Texas, Houston, Corpus Christi, Brownsville and a dozen other places can fight it out.

Tyler, Lufkin and the Texas side of Texarkana can contest against the older East Texas cities.

WEST TEXAS

West Texas would be a free-for-all for all sizes and weights of towns and cities from the 100th meridian to the Paseo del Norte.

Austin might hold the Central Texas capttal. It could ge the moteer capital and keep peace among the brats.

That settles the problem of the five state capitals, ergo.

Bring on the other problems.

Five state universities? Yassuh.

Five more football teams?

Sure, what are we waiting for.

Gen. Thompson has sounded the tocsin for Texans, and it's been a long time since the state has had a good, rousing tocsin.

Arise Texans of the world — and to the barricades. Let's unite — so that we can divide.

We have only our inferiority complexes to lose.

Police Department Issues May Report

Snyder's police department made 346 arrests during the month of May, according to a report to the city council last night by Chief of Police Chester Barrington.

The arrests resulted in a total of 387 charges, the report said.

Charges were classified as follows: drunkenness (including drunkenness in an auto and drinking in public), 230; driving such as to endanger life and property, 14; disturbing the peace, 52; vagrancy, 13; running a disorderly house, 19; indecent exposure 2; rape, 2; reckless driving, 7; carrying a concealed weapon, 3; assault and battery, 6; grand theft, 2; gambling, 4; breaking arrest, 1; bribery, 1; aggravated assault, 3; insanity (held for safekeeping), 1; larceny, 5; resisting arrest, 4; held for investigation, 15; arrest for other jurisdictions, 3.

Court fines collected on thes earrests amounted to $7,910.

The report stated that due to "inadequate facilities of the department at the present time" it was impossible to make a more complete report, but that future reports would probably include such information at the number of citations made each month, number of calls answered by police cars, and gallons of gasoline and quarts of oil used.

Sharon Ridge Meet Will Be June 16

The Sharon Ridge Oil Producers and Royalty Association will meet Friday night, June 16, instead of tonight, as announced in yesterday's Daily News.

The meeting will be held at 7:30 o'clock at the Colorado City Country Club.

For a quick cake topping, soften a package of cream cheese and mix well with a container of strained baby-food fruit—choosing your favorite flavor. Add a dash of salt, too.

TALK OF THE TOWN

BY FRANCES BIOW

MRS. E. P. KETNER is the power behind City Floral Shop. We waited recently in her smartly decorated foyer while she changed into a pert little frock to be photographed against a flower arrangement, the idea being flower show publicity. Her 10-year-old daughter eyed us from big flowered chair and then "SIS" (as the town calls her, inexplicably) bounced in and cut and replaced marigolds and glads in a big black bowl to her heart's content while we flashed bulbs.

Everyone is talking about Sis' Ketner's triumph with corsage arrangements at the Hilton Lambert dance recital Tuesday. For BETTY CONNELL'S hair-do, she spaced garnet roses around a hat frame, and Betty's green and black gown and exotic coiffure made a big hit. For that Zeigfield-type chorus, the Honolulu dancers, she sprayed glitter on carnations and wound them through the hair over the ears. Hawaii called!

We also learned what glamelia is. T'is a clever collection of gladiolas, interspliced with red garnet roses. Easter, Sis worked overtime turning out these corsages, $3 a throw.

We finally shot the picture of her before her prized $25 brass candle holders, displayed on a yellow table with a lush group of brasses. Billowy yellow organdy curtains accent the windows, framed in flambouyant black and yellow draperies.

* * *

At the crowded bridal tea that MRS. GERGE LIGHT gave for MRS. LOUIS GORE Tuesday night, outstanding gift in the mountain of offerings friends from all over town brought, was BESS FISH'S green lamp, modern to a fare-you-well and one of those show pieces one sees through a picture window, driving past a lighted house.

* * *

Mrs. G. M. HEINZELMANN told of son Gerald's being accepted at Oklahoma University for further work in geology and her worries and hopes that Snyder continues an attractive spot for a young geologist to come back to when graduation day dawns. Of course approximately 12,000 other souls are wishing similar wishes, all to the effect that Snyder "stays that way".... An oldtimer on the square was heard to remark, "Rain always comes with discovery of an oil field. Look at the way it rained all year steadily when Midland brought in its first wells. Snyder will see lots more rain so long as they're drilling and letting all that gas escape into the air". Interesting theory!

* * *

MRS. GWENN OLINGER HICKOX relieves the monotony of a torrid day by squirting the air around her loaded cosmetic counter with this new arrival to those shelves. De Orsay perfume. It comes in colognes, day and evening scents, and just plain smells like a special occasion. Soda seekers are seen inching closer as they enter the Harris Pharmacy, just for that light, cool whiff.

Who of your friends has turned up lobster - red after over-cooking in their back yards or at the Club Pool or just walking around under this relentless June sun?

According to Mrs. Margie McClinton, cosmetician from Stinson Drug, you may avail yourself nowadays of certain preparations Grannie never heard of, and the result will be smooth, alluring tan and not yards of peeling person!

Mrs. McClinton carries the Doothy Gray line at the drug store, and here are a few timely and well-put suggestions to Snyder women about their tanning plans, if they haven't already suffered without them.

There's a famous sunburn cream, chemically tested in well-equipped labs, supposed to be the answer. Put out in a new plastic bottle, it is lightweight, easy to use, won't break or spill. A squeeze delivers a stream of cream to the palm, arm or leg. This product, noted for two-way screening action for more than 20 summers, was the first in this country scientifically compounded to filter the burning rays of this sun.

Mrs. McClinton explains that the same company also puts out other products handled through Stinson's, such as tanning oil and the suntan lotion, fragrant and beneficial to your skin as you lap up ole sol. All these suntan products sell for $1 each, and are a timely investment on paycheck Friday for the girl after a golden hued skin.

Bridge-Luncheon Held Wednesday At Country Club

A flaming bowl of red gladioli lent a dramatic filip Wednesday to a bridge luncheon at the Country Club.

Mrs. C. R. Cockrell was hostess, and she served lunch to four tables of women in the dining room.

Later the group retired to the card room, where Mrs. Garrett Harrell won both the high score prize and the traveling prize. Mrs. Jack Gorman took the guest prize.

The guest list: Mrs. Wayne Boren, Mrs. Billy Boren, Mrs. N. R. Clements, Mrs. Herman Doak, Mrs. Lucie Enfield, Mrs. R. H. Bedell, Mrs. G. B. Clark, Jr., Mrs. G. M. Heinzelmann, Mrs. R. C. Miller, Mrs. J. D. Scott, Mrs. Harrell, and Mrs. Gorman.

Mrs. R. H. Curnutte Entertains Club

Mauve and purple were the colors Mrs. R. H. Curnutte used in decorating her home at 2306 Thirty-Second Street, when the Thursday Afternoon Bridge Club met there yesterday. Clusters of stock with deft arrangements of gladioli and dahlias trimmed the rooms.

Mrs. Curnutte set up three tables for the playing. Mrs. Tom Boren won the guest prize; Mrs. C. T. McLaughlin, the club prize, and Mrs. Charlie Miller won the traveling prize.

A salad course was served to those present: Mrs. Boren, Mrs. McLaughlin, Mrs. Miller, Mrs. H. J. Brice, Mrs. J. C. Dorward, Mrs. A. J. Towle, Mrs. Bill Williams, Mrs. John R. Williams and Mrs. R. H. Bedell.

Guests in Hueppl Home in Hermleigh

Mr. and Mrs. Brook K. Moss and son of Wichita Falls, Mr. and Mrs. Roy Goeble and sons of Hermleigh, Mr. and Mrs. H. R. Seidenberger and children of Saint Lawrence, Mr. and Mrs. Otto Hueppl of Hermleigh all visited in the home of Mr. and Mrs. R. O. Hueppl this week to honor the birth of the Hueppl baby May 21.

Mrs. Myrtle Blackstock of Burleson, Mrs. Fritz Souls and daughters and Mrs. Pauline Blackstock all visited in the home of Mr. and Mrs. R. O. Hueppl Sunday.

Mr. and Mrs. Delmon Pieper and children of Roscoe, Mr. and Mrs. Frank Kubula and children were visiting Mr. and Mrs. H. R. Seidemberger at Saint Lawrence last week.

ANTHONY EDEN, left, former British foreign secretary, was granted a divorce yesterday in London from his wife, the former Beatrice Helen Beckett, right. Political observers pointed out Eden was endangering his political career which might have led to the Prime Minister's office, for in Britain no political leader has ever been Prime Minister who had figured even as the aggrieved in a marriage dissolution. (AP Wirephoto).

Book Reviews

The Way West by A. B. Guthrie, Jr., recent winner of the Pulitzer prize for the best novel of the year, is one of the current worthwhile books. Mr. Guthrie has told the story of a group of pioneers, solid and established folk, most of them, who have left behind prosperous farms and businesses because they shared a dream about the rich lands in the West. This proves to be fine reading, wise, emotional, brought to life with the convincing detail of firsthand experience.

No Marriage In Paradise, Myron Brinig's story of an immature woman and her late growing up is absorbing reading. "Alex", the mother of three children could not bear to be anything but young. Amusing herself with a series of affairs with young men, the last thing she ever suspected was that one of them would fall in love with her daughter. Set against a lush and beautiful Hawaiian background, this is the story of a woman who finds time and reality opposed to her personal desires.

A fetching young newspaper woman was Prominent Among The Mourners, a mystery with a capital M, by Carolyn Thomas. Behind the academic scenes in a quiet college town, the reader is carried into the dark quicksands of murder, of steadily increasing menace and terror bound up with a warm love story and abundant humor.

To the outsider, the house on Tragacanth Drive in Los Angeles appeared to contain several harmless lunatics. M. S. Marble's swiftly-moving story of comedy and tragedy, of murder—gruesome and bloody in the classic manner, will be welcomed by those who are on the lookout for an original idea and original treatment in a mystery story. Die By Night is the story of a murder in a peculiar household.

Sara Monday is the most unexpected and delightful heroine in recent fiction. Herself Surprised, by Joyce Cary is her story, from the time of her unpremediated marriage until her imprisonment for certain piccadillos, having to do with the property of Mr. Wilcher, whose mistress and housekeeper she was. Mr. Cary has written no livelier or more telling story, and his herione is a creature of brilliance and courage.

Al Cody spins out an action-packed, rough and tough tale of the Kansas in its stirring and lawless days in The Big Corral. Everyone knew a clash was sure to come with Rawe North and Tripp Devera fighting for the same things. But no one was ready for the sudden explosion when this fiery rivalry reached its crisis. A Rip - snortin' good western story.

Physicians Offer Advice On Healthy Hot-Weather Diets

A series of health articles for summer living has been issued by the State Medical Association of Texas, with instructions to the average woman about how to keep cool, enjoy your food, and stay as poised and feminine during these approaching torrid months as you would in balmy Fall.

First - off, take your vitamins from food, not bottles. This may throw a damper upon the earnest spirit of those who cherish full little beakers of tablets on medicine shelves. That "stoved-in" feeling that means Fatigue may be avoided every day after a grueling bout with the career if your good food intake is up to par.

Take plenty of precautions against spoilage in milk, eggs, and fish products. You need them all desperately, especially when that thermometer is dragging you up to its level. Even your favorite eatery may be cautiously watched these warm months. Many a soul has regretted not calling attention to a dish which just didn't seem quite right.

Mineral requirements are not affected by hot weather. Iodine from iodized table salt, calcium from egg yolk, turnip greens, spinach, beans, watercress, almonds, and dried figs; and iron from molasses, breakfast foods, prunes, spinach, egg yolks, dried peas, parsley, beans, lentils, fish and oysters are the backbone of your ideal summer meals. Try serving one of each of these mineral musts daily.

Everybody yells when we mention eating oysters in the R-less months. However sorry we are to dispell a good old wive's tale, today that is far from true. With our canned and frozen oysters subject to strict government inspection of oyster beds and packing houses, you can become an R-less month oyster-eater. And they are excellent, chilled, these warm dinner times.

Serve one hot meal daily, too, milady, though slaving over that heated range is far from an inviting prospect. Fats and carbohydrates are our chief sources of food. Of course these fatty foods lose their appeal first in the summer, but we must have them. Lack of fatty foods will cause a funny feeling that makes you seem hungry, though you have had plenty of intake. Fat sticks to your ribs, banishes hunger. You get this fat easily and healthfully through the dressings and oils you pour lovingly on those elegant salads you will be indulging in.

Watermelon and ice cream are the joys a child is never too old, even at 60, to grin over! We are warned, however, this year that pasteurization of milk is essential. Freezing, contrary to first thought, does not kill bacteria connected with undulant fever and Q fever, a disease transmitted by ticks. Freezing keeps these deadly germs from multiplying but does not wipe them out. So buy pasteurized milk and avoid any you are not completely sure about.

This undulant fever is so prevelent this year that special warnings are in order. Man gets it from two main sources: raw goat's milk or cow's milk or milk products made from raw milk, such as cheese, butter, ice cream, and also from contact with the secretions and excretions of infected animals, possibly through abrasions on the hands. Aureomycin is one of the new drugs which has produced encouraging results in treating undulant fever. But it is easier to prevent than to cure.

John J. Boren, son of Mr. and Mrs. Wayne Boren, will be home another week visiting in Snyder. A graduate from the University of Texas, he has recently been doing graduate work in the psychology department at Columbia University, New York. He will return there for further work.

Mr. Loren Keenan is here from Crowford, Neb., visiting with his brother and family, Mr. and Mrs. F. F. Keenan, 1609 Twenty-eighth Street. Mr. Keenan plans to move to Snyder permanently in the near

Modern Records Erased By Boston'S 29-4 Win Yesterday

By JACK HAND

Stephens, Williams, Dropo and Doerr;

Shed a tear for the Browns—29-4.

Fans will long remember the devastating 29-4 romp of June 8, 1950. How the muscular Boston Red Sox humbled the poor little boys from St. Louis. A few lines in the record books will note the route for posterity.

PRECEDENT FOUND

Not since the gay 90s of bicycles built for two and mustache cups has a major league club rolled up such a total. All scoring marks, except in ancient 1897 symbol, were smudged from the books by the Samsons of Fenway Park.

But hold, before you rush world series orders to the Red Sox front office! Boston still is third in the American League, four full games behind the leading New York Yankees. And precedent is all against them.

Not a single club that ever hung a scoring record in the book won a pennant. Not even the Chicago team that scored 36 runs against Louisville, June 29, 1897, in a National League game. When the season was over, Chicago nestled in ninth place in a 12-team league.

Take the modern records, smashed by the Sox in yesterday's gallop. The majors' old modern (since 1900) mark was 28 runs scored by the St. Louis Cardinals on July 6, 1929, in the second game of a doubleheader with the Phillies. The Cards wound up fourth as the Cubs won the flag.

Or the American League mark of 27 set by Cleveland against Boston, July 7, 1923, in the first game of a doubleheader. Know where Cleveland wound up? Third place, some 16 1-2 games behind the Yankees.

Bobby Doerr hit three home runs and drove home eight runs in yesterday's slaughter. Ted Williams and Walt Dropo each had two. The total of seven homers was only one short of the record.

Even pitcher Chuck Stobbs joined the rioting with two singles and four walks while subduing the Browns with eight hits.

Following Wednesday's 20-4 wrecking of St. Louis, the Sox boosted their scoring total to 104 runs in seven games in the past week. That's almost 15 a game.

YANKS BLAST

The Yankees, hardened to such news from Fenway, didn't let it bother them. They went out and hung another loss on the ambitious Detroit Tigers, blasting Art Houtteman in a seven-run inning, to win 11-4 before 62,624. Now New York leads Detroit by 2 1-2 games. Tommy Byrne did his usual job on Detroit for his 7th victory.

Houtteman struck disaster suddenly. He retired the first 13 batters in succession. With two out, nobody on and two strikes on Phil Rizzuto, he had a one-hitter in the sixth. When he hit Rizzuto with a pitched ball, the Yanks were off. Rizzuto'a 58-game errorless string, an American League record, was broken when he fumbled Bob Swift's grounder in the sixth.

Mickey Harris' ninth-inning single, scoring Johnny Ostroski, gave Washington a 7-6 edge over Cleveland despite Al Rosen's bases-loaded homer in the first inning off Bob Kuzava.

Alex Kellner survived a shaky three-run first inning to pitch Philadelphia to a 5-4 nod over Chicago, his first win since May 6.

The National League race is all scrambled again with St. Louis and Brooklyn once more tied for first and the Phillies back in third place, a half game away.

DODGERS BOW

St. Louis, taking a cue from the Red Sox, went on a run spree against Boston. After the Braves pushed home four in the first, the Cards came back with eight in their half and went on to an 18-6 triumph. Each team collected 17 hits.

Brooklyn lost to Pittsburgh, 4-3, as the Pirates broke a five-game losing streak. Cliff Chambers, Clyde McCullough and Ralph Kiner hit homers for the Bucs, who barely survived a ninth-inning Dodger rally. With two runs in, the bases full and one out, reliever Bill Werle struck out Roy Campanella and retired pinch hitter Eddie Miksis on a fly.

Ken Raffensberger, crafty Cincinnati lefty, ruined the Phils' chances of taking over the league lead as he pitched the Reds to an 8-4 victory. Johnny Wyrostek, Cincy's best hitter, drove in four runs with a pair of doubles, helping Raffy cop No. 5.

The New York Giants won another one, 6-5, from Chicago, making it six straight. The sizzling Giants, setting a wicked pace on the road, are only 5 1-2 games behind the leaders.

Odessa Loses Game, Still Leads League

(By The Associated Press)

Odessa lost a game last night, but that's not much consolation to the rest of the Class D Longhorn League. The Broncs still have a five and one-half game edge on second place Roswell.

San Angelo licked Odessa, 8-4, as Don Schneegold got four hits, including three doubles. Bill Cearley hit homer No. 12 for Odessa.

Roswell picked up a little ground on a 10-inning 8-7 victory over Midland. Chuck Pressley singled Russell Mayes home with the winning run.

Seven Ballinger errors and 11 hits gave Sweetwater an easy 11-7 victory.

Vernon and Big Spring split, Vernon winning the first game, 4-3, and Big Spring the second, 3-2. Potato Pascual's homer in the fifth helped Bi g Spring divide the doubleheader.

San Angelo	110	030	120	8	11	2
Odessa	300	100	000	4	8	3
Coxand Schneegold; Dugger, Rodriguez, Diaz and Escobedo.

TONIGHT'S GAMES

Roswell in San Angelo
Sweetwater in Ballinger
Odessa in Midland
Big Spring in Vernon

AMERICAN LEAGUE

Detroit at New York — Gray (5-2) vs Lopat (7-2).
St. Louis at Boston — Garver (4-4) vs McDermott (4-1).
Cleveland at Washington — Bearden (1-1) vs Marrero (2-1).
Chicago at Philadelphia (night) — Wight (3-7) vs Hooper (5-3).

NATIONAL LEAGUE

New York at Chicago — Jansen (3-4) vs Schmitz (5-2).
Brooklyn at Pittsburgh — Palica (0-1) or Banta (4-3) vs Werle (3-2).

Borger Leads West Texas-New Mexico By 1-Game Margin

(By The Associated Press)

Borger's Gassers can start worrying again. They've only got a game lead in the West Texas-New Mexico League.

Lubbock picked up ground last night on a 12-1 victory over Lamesa while Borger dropped a 6-3 decision to Clovis.

Pampa used 14 hits to crush Abilene, 13-1, and Jim Bynon's three-run homer gave Amarillo a 5-4 victory over Albuquerque.

Four runs in the sixth inning enabled Clovis to win while Lubbock won behind Bill Ewen's two hit pitching.

City Conference Crown Between Two Fort Worth Schools

HOUSTON, June 9. (AP) — Paschal and Arlington Heights, a couple of teams that finished one, two in the Fort Worth city race, meet tonight for the City Conference high school baseball championship.

Paschal last night beat defending champion Adamson of Dallas, 6-1, behind the one-hit pitching of Ronald Hauge.

Arlington Heights downed Jeff Davis, Houston champion, 3-0, in the other semi-final game.

Jeff Davis and Adamson play for third place in a game preceding the championship tilt.

Match Play In Men's West Texas Golf

FORT WORTH, June 9. (AP) — Match play in hte 22nd annual Men's West Texas Golf Tournament opens here today.

Jim Simpson of Fort Worth, Sammy Reynolds of Wichita Falls, and Billy Maxwell of Odessa tied yesterday with two under par 69s for qualifying honors.

At the annual business session Wichita Falls was awarded the 1951 tournament.

Registration Monday For Legion Ball

Registration for the American Legion baseball team will get underway at 9 o'clock Monday morning at the High School Gymnasium, it was announced following a meeting of the Legion's baseball committee.

The team will be limited to 16 boys under the regulations set up by the National Legion committee. All boys in the Snyder area who were not 17 years of age before January 1, 1950, are eligible for positions on the team. Tryouts for the team are scheduled to start Monday afternoon.

J. M. (Speedy) Moffett, athletic director at the High School, will be in charge.

Boys wishing to join the program may do so by contacting Forrest Beavers, county superintendent of schools and American Legion official, at the courthouse. In registering for the program boys must bring certified copies of their birth certificates.

"Boys who do not have copies of their birth certificates may obtain them by contacting my office," Beavers said.

Regular workouts will begin shortly after the team of 16 is selected, Moffett said. The local team will compete with others in this district which comprises 16 counties. Schedules will be released as soon as they are definite.

"Contrary to information going around the city," Moffett stated, "we will play Legion baseball this year. And for the outlook at the present we are not expecting to occupy the cellar," the baseball mentor continued.

Boys living closer to Snyder than to Hermleigh are entitled to play in the Snyder Legion competition.

ACTION IN SCORE-HAPPY GAME—Clyde Vollmer of the Boston Red Sox is forced at second as St. Louis Browns second sacker Owen Fried throws to first in a futile attempt to double Johnny Pesky after a grounder to shortstop Tom Upton in the third inning of game in Boston. The Sox set a modern major league scoring record with a 29-4 victory over the Browns. Vollmer, replacing the injured Dom Dimaggio in center field, went to bat eight times officially in the course of the slugfest. Umpire is Eddie Rommel. (AP Wirephoto).

Shreveport Beats Tulsa 1-0; Dallas Bows to San Antonio

(By The Associated Press)

Shreveport's ambition for a spot in the Texas League's first division may get a rude setback the next couple of days.

The Sports open a series tonight with Fort Worth, the team that's pacing the Class AA circuit by nine and one-half games.

Last night Shreveport bounced into a tie for fifth place with Dallas on a 1-0 victory over Tulsa while Dallas was bowing to San Antonio, 2-1.

In other games, Beaumont blanked Oklahoma City, 2-0, and Fort Worth nudged Houston, 1-0.

Tonight's switch in sites sends Dallas to Beaumont, Oklahoma City to San Antonio and Tulsa to Houston.

Lee Holloman pitched Shreveport to the decision, notching his fourth victory against two defeats. He bested John Bebber, who gave up only five hits.

Fort Worth Felines To Dedicate Stadium

FORT WORTH, June 9. (AP) — Rebuilt LaGrave Field, home of the Texas League-leading Fort Worth Cats, will be officially dedicated July 5, President John Reeves announced today.

The new, fireproof, all-steel stadium, larger and more comfortable, replaces the stands ravished by fire and flood 13 months ago.

Steers Headed For National Title Meet After Winning 6-A

AUSTIN, June 9. (AP) — Bibb Falk's Texas Longhorns — the club he said wouldn't have a chance this year — are going to defend their National Collegiate baseball championship.

Yesterday the Steers polished off Arizona, 7-3, to win the District Six NCAA baseball play off. The victory sends the Southwest Conference champion to the title tournament at Omaha, Neb.

Texas spotted Arizona a three-run lead in the first three innings, then come from behind to win.

Frank Womack's triple with mates on base in the sixth and first Jim Ehrler and Murray Wall the seventh were the decisive hits for Texas.

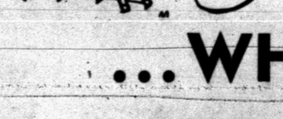

Jim Ehrler and Murray Wall combined to set Arizona down with five hits.

Youth Caravan Due in Snyder At End of June

The Methodist Youth Fellowship will sponsor a Youth Caravan June 24-30 to work with the youth of Snyder at the First Methodist Church.

The Youth Caravan team, composed of two college men, two college women, and adult counselor, will come to Snyder from a two weeks' training course at McMurry College in Abilene.

The team will conduct worship services daily, teach youth training courses, and lead the young people in a recreation program. All young people in the Snyder vicinity are invited to attend and join in observance of the week.

Officers of the Methodist Youth Fellowship were installed at the church Sunday night during a ceremony led by the Rev. W. W. Adcock, pastor. They are:

Hubert Strom, president; Kaye Weber, vice-president; Billie Alford, secretary; Marion Donald, treasurer; Bobbie Marsh and Adene Wells, worship co-chairmen; Edith Blakey and Danna Lee Floyd, evangelism co - chairmen; Don Head and Gene Knight, stewardship co-chairmen; Ed Frank Bayouth and Franklin Woods, missions co - chairmen; Steve Boone and Freida Davis, recreation co - chairmen; and Mary Sue Boren, community service chairman.

New Farm Wheat Deadline Is Set

Farmers who have not planted wheat for the past three years must make requests for 1951 allotments at the Scurry County Production and Marketing Administration office, Floyd M. Smith, secretary, said today.

Producers who did not seed wheat in 1948, 1949, or 1950, but expect to do so in 1951, must file a request specifying the wheat acreage desired for 1951.

June 26 is the last date on which the PMA office will receive applications for new farm wheat allotments, Smith said.

Youth Assembly In Abilene Draws Ten From Scurry County

Ten delegates from Scurry County are attending the Northwest Texas Conference Youth Assembly at McMurry College in Abilene this week.

More than 400 high school and college students arrived Monday for the six-day session. The Rev. Alsie Carleton, pastor of the Big Spring First Methodist church, is speaker for the assembly. Theme of the assembly is "Jesus' Way, Our Way—Through Church and Vacations."

Among the delegates are Billy Don Burk, Adene Wells, Billie Alford, Marion Donald, Freida Davis, Hubert Strom, and Don Ramsey of Snyder, and Charles Richburg, Jewell Pieper, and E. L. Vandiver, Jr., of Hermleigh.

Methodists Will Open Vacation Bible School Monday

Vacation Bible School which opens at the First Methodist Church Monday morning and continues each week day from 9 o'clock until 11 o'clock, will be conducted by the following women:

Beginners: superintendent, Mrs. Fred Davis; teachers, Mrs. M. C. Newell, Mrs. W. W. Park, Mrs. Cloy Lyles, Mrs. Paul Keaton, Mrs. Jimmy Shook, Mrs. Ellis McCawley and Mrs. A. C. Preuitt.

Primary: superintendent, Mrs. Herman Doak; teachers, Mrs. Sterling Williams, Mrs. E. C. Foster, Mrs. Frank Strom, Mrs. Lon Smith and Mrs. R. L. Gray.

Junior: superintendent, Mrs. Warren Dodson; teachers, Mrs. P. W. Cloud, Mrs. J. C. Gilmore, Mrs. Marvin Handback, Mrs. Robert White, Mrs. J. W. Burleson, Mrs. Ophelia Blackard, and poster and publicity, Miss Betty Bayouth.

Paul Keaton Named Head of Stewards

The board of stewards of the First Methodist Church Monday night elected Paul Keaton, chairman; Bob Dupree, vice - chairman; W. E. Holcomb, secretary; and T. M. Deffebach, treasurer.

The stewards also set the church's financial budget for the present fiscal year.

The board consists of 39 members who were elected by the church at its fourth fiscal quarterly conference early this year. They were elected to serve from June 1 this year until May 31, 1951, the fiscal year of the church.

New Mexico Visitor Tells of Organizing Several Churches

Mrs. C. M. Firestone of Clovis, N. M., who was in Snyder this week visiting her daughter, Mrs. M. H. Roe, is a challenge to most women who have ever had the organizer spirit. Embued with vitality, Mrs. Firestone, a widow, told friends in the First Baptist Church the story of her energetic life as a church booster and builder.

In Clovis, Mrs. Firestone can now attend church in the solid, stained glass structure which is the East-side Church and remember how she went there in 1932, to find the east side of Clovis a tent town, with no Baptist church or organization.

Mrs. Firestone went to work with vigor, collected people in cars and traveled miles with them to churches until someone suggested they organize their own. She opened services in an adobe house with no windows. Today that building is a meeting place of from 250 to 300 Baptists.

She then was moved to the west side of Clovis where she organized in a little, unused school what is now a thriving church with 175 members.

In fact, Mrs. Firestone, a hearty, gracious woman with a great interest in her fellowman, has dabbled with church building since her young womanhood, when she moved with the two small children to rough early-day New Mexico. Just outside of Melrose, N.M., she first talked her neighbors into organizing a place for the children to attend church and Sunday School People from a 12 mile radius came to meet in homes, which later grew into a sizeable church.

Mrs. Firestone left unexpectedly yesterday for her sister's home in Missouri, where there is illness.

J. L. Kemp Enlists In the Air Force

James L. Kemp, 17, son of Mrs. Mattie Kemp of Snyder, has enlisted in the Air Force for a period of four years, M-Sgt. William J. Wells, of the Snyder recruiting station said today.

Kemp attended Highland High School in Roscoe, where he participated in athletics, lettering in football two years. He has lived here for the past year.

After thirteen weeks of basic training at Lackland Air Force Base in San Antonio, Pvt. Kemp will be given a short leave before being permanently assigned to an air force unit.

Sgt. Wells states the quotas for the Army and Air Force are unlimited for the month of June, and that enlistments are being taken regularly. The local recruiting station is located at 1924 Twenty-sixth Street.

Four Czechs Given Death On Spying Charge

PRAGUE, Czechoslovakia, June 9. (AP)— Czechoslovakia wound up its big treason trial last night, meting out death sentences to four persons and life imprisonment to four others on charges of spying for western powers.

A state court convicted all 13 defendants at the conclusion of the eight-day trial. The remaining five received prison terms ranging from 15 to 28 years.

WOMAN GETS DEATH

One of those condemned to death was a woman — Mrs. Milada Horakova, former National-Socialist Party deputy in parliament.

The prosecution described Mrs. Horakova as "the criminal organizer of the whole plot" and said: "She is and remains an incorrigible opposer to our regime."

The court found that all 13 accused had been in contact with foreign powers and charged that the defendants gave away state secrets and acted as spies. All had pleaded guilty or "basically guilty" to the charges.

MORE CHARGES

They also were charged with organizing a fifth column with the aid of the embassies ov several Western Powers, including the United States.

(The U. S. has repeatedly rejected charges that American diplomats have been involved in spying in Czechoslovakia.)

Girl Scout Camp Will Be Held In Memorial Park

Snyder Girl Scout Council voted last night to hold the girls' day camp in the Memorial Park instead of the Von Roeder orchard.

It was agreed that girls would be able to spend more time in camp if the location was nearer town and that transportation money could be saved and applied on camp activities.

The camp will be open to girls between the ages of 9 and 17. Only the first 100 registering will be able to attend.

Registration for the camp will begin July 1 in the Chamber of Commerce office. A registration fee of $2.50 for each girl was set.

The camp will be held from 4:30 in the afternoon to 8:30 at night, July 24 through 28.

Camp activities will include outdoor cooking, nature study and a variety of crafts, Mrs. Lindy Clark, director, said. Milk will be provided for all girls attending.

Hilton Lambert, day camp chairman and council member, told the council that the park board of directors had set aside a block of land of the west side of Deep Creek to be used by Girl Scouts and suggested that the girls could help in improving the land for their own use.

San Angelo Minister To Be Guest Speaker

Dr. Ray N. Johnson, pastor of the First Methodist Church of San Angelo, will be guest speaker June 26 at an all-church supper at the First Methodist Church here.

The supper will mark the beginning of a final finance campaign to obtain sufficient cash and pledges to complete the $90,600 educational building started in April.

To date $46,000 in cash has been contributed to the fund. The campaign is being led by Guy Glenn with Ralph Odom, Wayne Boren, Joe York, and Herman Doak as divisional leaders.

The first story of the 3-story building has been completed, and the brick work of the second story is expected to be finished this week. The frame work of the second story is finished, and progress on the plumbing and electrical work is reported to be rapid.

The building will have 27 Sunday school classrooms and accommodations for fellowship, recreation, and week-day activities.

Agents and 4-H Boys To A.&M. Round-Up

Mrs. Mildred Sparks, home demonstration agent, will accompany O. M. Fowler, county agent, and a group of his 4-H boys to the campus of Texas A. & M. this week end for the annual 4-H Round-Up, a colorful event that attracts Texas 4-H workers for the judging of the year's work and team demonstration contests.

A blue jean and calico round-up will mark Monday night as something special, Mrs. Sparks said and then time will be given to presenting all the 4-H talent and the presentation of awards to the winners in the various contests. Mrs. Sparks will not be able to take any 4-H girls from Scurry County this year.

Nation All Steamed Up Over Summertime

CHICAGO, June 9. (AP) — The eastern half of the country is getting all steamed up about summer with another day of warm and humid weather.

The hot belt covered the southern states and from the Mississippi Valley and Great Lakes eastward to the Atlantic Coast. Temperatures in the 80's and 90's were forecast for most of the area.

Eisenhower Lists Military Expense Among Problems

NEW YORK, June 8. (AP) — Gen. Dwight D. Eisenhower said today that huge military expenditures are necessary but "if unwatched, may dangerously bleed the economy and even destroy what we seek to protect."

Eisenhower made the statement in a speech prepared for the 196th commencement exercises of Columbia University, which he heads.

He told the Columbia graduates that "stupendous military expenditures," though "essential for the country's safety," are one of the major problems to be faced in the future.

Eisenhower recently said before a U. S. Senate Appropriations subcommittee that our military budget had been trimmed as far as was wise—"even too far."

MIGHT HAVE ADDED

He said at that time that he might have added a few hundred million dollars—not more than $500 million—to the proposed budget for arms, if he had his way.

However, before the committee he also listed a healthy economy as an essential for national safety.

Gen. Eisenhower said today that the danger of wrong answers to the nation's own problems is as critical as the danger from "world revolution, with an announced purpose of destroying the American system of government."

PROBLEMS

He listed among the problems the graduates must face:

"The growing and, apparently, voluntary dependence of many groups upon governmental subsidies;

"The future character of our medical care and of our educational system;

"The economic and human deterioration incident to industrial strife;

"The effect of huge and mounting taxes upon competitive enterprise;

"An unbalanced national budget that is begotten out of group pressures, log-rolling and political compromise;

"Inflation, born of the unbalanced budget, that nullifies every income gain of worker and farmer and reduces to the vanishing point his slowly accumulated savings."

The general said ways also must be found "to protect the nation against insidious and even traitorous corruption in responsible places."

But such means, he said, should "neither endanger nor reduce our civil rights."

Unless constant progress is made toward solying these and other national problems, Gen. Eisenhower said, "the whole order of things as we know it will pass, and those who come after you will live in a world we of today would never recognize—or accept."

Youth Arrested On Charge of Stealing Truck

A 15-year-old boy was arrested here yesterday driving a stolen pickup truck belonging to James R. Isbell, southwest of Snyder, the sheriff's department said today.

Homer Whisnand and L. E. Haynes, deputy sheriffs who arrested the youth, said he would probably be taken to Monahans where he was paroled about a year ago to the care of his uncles who live near Hermleigh.

The youth was arrested in the 1900 block of Avenue T about 9 o'clock yesterday morning. He admitted taking the 1948 Chevrolet pickup truck from the garage of Isbell's home on the Horace Elland farm, the deputies said.

Haynes said the youth was arrested here last fall when he hid in an abandoned rural house near Snyder and fired at various nearby neighbors with a shotgun. Haynes said the boy attempted to fire a shot a Lloyd H. Merritt, sheriff, when Merritt approached the house but that the gun snapped and fail-

Revival Will Start Sunday At North Side Baptist Church

The Rev. A. J. Wall, pastor of the Longview Missionary Baptist Church and formerly of Lamesa, will be evangelist for a revival to start Sunday at the North Side Baptist Church, 1910 Sixteenth Street.

Revival services will be held twice daily through June 21, according to the Rev. Earl Creswell, pastor of the North Side Church.

J. P. Johnson, teacher of English and Bible analysis in the Missionary Baptist seminary of Little Rock, Ark., will conduct singing for the meeting.

Services will be held at 10:30 o'clock in the morning and 8 o'clock at night.

Senate Group Urges Extension Of Draft Power

WASHINGTON, June 8. (AP) —A three-year extension of the peacetime draft act was recommended to the Senate today by its armed services committee.

The present draft act is due to expire June 24.

The Senate bill will continue the President's power to order actual inductions of youths between 18 and 26 years if he finds that necessary.

AMENDMENT

It also includes an amendment by Sen. Russell (D-Ga) to require racial segregation in any of the armed services if this is requested in writing by any person drafted.

Under direction of President Truman all of the armed services—Army, Navy and Air Force—have been gradually eliminating segregation of whites and Negroes.

The Russell amendment apparently would require separate racial units for draftees who requested it.

The Senate bill differs widely from one previously passed by the House and on which Senate hearings were held.

HOUSE BILL

The House bill extended the present act for only two years instead of three asked by the administration. It also gives Congress control over actual inductions. Men could not be dafted until the lawmakers declared a national emergency or found that inductions were needed to meet manpower needs by concurrent resolution.

The Senate commitee acted behind closed doors and a report on actual votes was not immediately available.

The Transvaal district is around Johannesburg, South Africa.

Socony Official Denies Oil Imports Cause Coal Layoffs

WASHINGON, June 9. (AP) — An oil industry official said today that job layoffs in the coal mines are primarily due to factors other than imports of foreign oil.

The official, Charles L. Harding, director of Socony-Vacuum Oil Co., labor subcommittee.

gave his arguments to a Senate The committee is looking into it is being hurt by competition protests from the coal industry that from foreign oil. Rep. Van Zandt 18,000 soft coal miners have lost (R-Pa) has estimated that nearly their jobs since 1949.

Oil spokesman Harding commented, in a statement prepared for the committee:

"There have been many reasons other than oil imports which have accounted for this trend. (Less use

"A substantial portion of the oil of coal).

substituted for coal has consisted of products which are not imported.

The increased use of diesel engines by our railroads was directly responsible for a 33 million ton reduction in the consumption of bituminous coal.

"Anthracite coal, too, has failed to obtain its share of an expanded home-heating market, with many homeowners showing a preference for light heating oil, a product not imported.

"Among industrial users there has been an important replacement of coal by natural gas.

"Labor stoppages in the coal industry, the need for allocating dwindling coal supplies, mounting costs of operation, technological advances, the convenience and efficiency of oil, and a host of other considerations have been contributing factors."

Navy Plane Said Down in Norfolk

NORFOLK, Va., June 9. (AP) — A Navy Grumman torpedo bomber with a crew of three is down in the Atlantic about 70 miles east of Cape Henry and a massive aerial and surface search is under way.

The TBM was on anti-submarine training maneuvers with three 24.

Madame Chiang Kai-Shek's Brother Resigns from Party

TAIPEI, June 9. (AP) — T. V. Soong, millionaire brother of Madame Chiang Kai-shek, has quit the Kuomintang — China's Nationalist ruling party—rather than come to Formosa where his sister and Generalissimo Chiang Kai-shek have pledged to die.

The central executive committee of the party announced his resignation today.

Soong, a former foreign minister of Nationalist China, once acting premier of the government and a brother of Madame Chiang Kai-shek, was last reported in New York with his brother-in-law H. H. Kung, banker.

OF OWN CHOOSING

The Kuomintang said that Soong, one of the wealthiest men in the world, chose to resign rather than come to this Communist threatened island, refuge of all that Chiang has left of his once populous nation.

Soong left China shortly before the government fled to Canton from Nanking late in 1948.

At that time there was a move afoot to have him donate to the Nationalist cause a part of his fortune, reputedly scattered in French, English, North and South American, Indian, South African and waypoint banks.

CLAIMS ILLNESS

So far as is publicly known here he ignored the requests and left Canton hurriedly for British Hong Kong and then Paris. He said he was ill and needed medical attention.

Soong, dressed in western clothing and speaking faultless English, was last reported living on one of his eastern United States estates.

His resignation from the Kuomintang (ruling political party) actually means nothing. When he left China, most Chinese wrote him off. They felt that one of their wealthiest, best known men—a brother to the President's wife, a pillar of their modern world, had deserted them.

The swirling turbulence of war and their own fight for existence eclipsed his flight from his native land in their eyes and he was almost forgotten until his resignation from the party was announced today.

Thirteen New Wells Set In Canyon Field

Thirteen new Canyon explorations have been staked in the reef pools of Scurry County.

Of the proposed sites, The Texas Company has scheduled five more projects on its P. L. Fuller lease in the north part of the County.

Texaco No. 36 Fuller will be 2,108 feet from north and 467 feet from west lines of section 564; Texaco No. 37 Fuller will be 1,820 feet from south and 467 feet from west lines of section 652; Texaco No. 38 Fuller will be 733 feet from south and 2,002 feet from west lines of section 704; No. 39 will be 467 feet from east and 1,985 feet from north lines of section 704; and No. 42 will be 3,186 feet from south and 467 feet from west lines of section 497.

The five Texaco projects are in block 97, H&TC survey. Slated depth for each is approximately 7,000 feet to tap the Canyon in that area.

Magnolia Petroleum Company has scheduled three explorations on its leases in the Kelley - Snyder field.

Magnolia No. 2 J. E. Hardy has been staked two miles west of Snyder and 467 feet from north and west lines of the south half of the northeast quarter of section 207, block 97, H&TC survey.

Magnolia No. 3 J. T. Biggs will be 660 feet from south and west lines of the northwest quarter of section 206, block 97, H&TC survey, and four miles west of Snyder.

Magnolia No. 8 C. L. Noble is to be 660 feet from north and west lines of section 294, block 97, H&TC survey, and two and one-half miles northwest of Snyder.

Barnsdall Oil Company has scheduled two projects in the Kelley-Snyder field, approximately six miles northwest of Snyder.

Barnsdall No. 2 Charles Hardy

(Continued from Page 1)

from west line or section 298, block 97, H&TC survey. Operations are to begin at once.

MITCHELL COUNTY

J. W. Murchison No. 1 Womack Northwest Mitchell County wildcat, recovered 92.2 barrels of sulphur water during a 80-minute drillstem test in the top of the Ellenburger at 8,274-8,338 feet. There were no shows of oil or gas.

Operator is to plug back to about 7,760 feet and test at 7,685-7,760 in a Pennsylvanian lime. An electric log showed signs of fluid

Location is about 20 miles of some sort in that zone. southwest of Snyder, three miles south of the 1-well Dunn-Canyon field and 660 feet from south and east lines of northwest quarter of section 8, block 26, H&TC survey.

Pipe has been set on the Heyser No. 2 Lohman, Canyon reef wildcat in West-Central Kent County two and one-fourth miles south of the Hunt-Young field.

Seven-inch casing is set in the Canyon at 6,516 feet, and plug is scheduled to be drilled the latter part of the week.

The venture is bottomed at 6,530 feet in lime. It topped the reef at 6,470 feet on a minus datum of 4,343 feet, 217 feet low to the Hunt-Young discovery.

However it is believed the No. 2 Lohman is 44 feet above the water table of the discovery well of the Hunt-Young field.

Nine hundred feet of mud cut oil was recovered on a drillstem test at 6,472-6,525 feet before the pipe was set.

Drillsite of this prospective extension is 660 feet from north and west lines of section 114, block G, W&NW survey, and six miles west of Clairemont.

STANOTEX IN BORDEN

Standard Oil Co. of Texas has entered drilling activity in the Reinecke-Canyon area in Southeast Borden County; Stanotex is to start operations in the near future on its No. 1-1 T. L. Griffin, north offset to the Castleman & O'Neill No. 1 Griffin, producer on the west edge of the Reinecke pool.

Stanotex No. 1 Griffin will be 467 feet from south and east lines of section 60, block 25, H&TC survey, and six miles northwest of Vincent.

Slated depth for the proposed venture is 7,200 feet.

will be 467 feet from north and east lines of section 296, block 97, H&TC survey. Barnsdall No. 3-3 H. J. Schulze is to be 660 feet from north and west lines of section 293, block 97, H&TC survey.

Skelly Oil Company will drill its No. 6 W. H. Pairish 467 feet from south and east lines of section 385, block 97, H&TC survey, and six miles north of Snyder.

Standard Oil Company of Texas will drill its No. 9 Tom C. Davis in the Kelley - Snyder field seven and one-half miles northwest of Snyder.

Drillsite is 1,860 feet from south and 660 feet from west lines of section 339, block 97, H&TC survey.

Magnolia will drill its No. 2 R. A. Smith in the Kelley-Snyder field 467 feet from south and east lines of secton 292, block 96, H&TC survey, and four miles northwest of Snyder.

HOWARD WILDCAT

Shell Oil Company has encountered some shows of oil in a lower Permian lime at its No. 1 E. T. O'Daniel, Northeast Howard County wildcat, seven miles northeast of Coahoma.

This prospector ran a 90-minute drillstem test in the lime—possibly Wolfcamp—at 6,170-6,205 feet.

Senate Knocks Off Bills At 6 To The Minute

WASHINGTON, June 9. When the WSHINGTON, June 9 (AP)—When the Senat wans o, i can pass bills like fury.

Of course, it doesn't often want to. Yesterday it wanted to.

In four hours and a half the Senate whipped through 241 bills.

In one inspired minute, between 2:11 and 2:12 o'clock in the afternoon, it passed six bills. That's an average of one every 10 seconds.

All these bills aren't of earth-shaking importance, naturally.

But they may be important to the individual concerned.

Take Lyon F. Hibberd of Route 4, Elizabethtown, Ky. He was driving happily along the road, bothering nobody.

ONE CASE

Came an enlisted man from Fort Knox, Ky., driving a government truck on official business. He popped into Hibberd's car, damaging it to the tune of $21.85.

The Senate handed down the verdict: Pay that man $21.85.

Hibbered still is quite a way from Uncle Sam's cash register. The House must pass the bill, and President Truman must sign it, before it's a law of the land.

Or take the case of Dr. Ta Fu Wu. He's a Chungking, China, boy who is making good at St. Anne's Hospital in Fall River, Mass.

The Senate decided he should be given special permission to stay in this country. Here again the House and Mr. Truman still must give their okay.

On a day like yesterday — officially i's known as "calndar day" — the legislation supposedly is non-controversial.

When a bill comes up, the title is read and senators are given a chance to object. One objection is enough to stop the bill. If no one says anything, Vice President Barkley says the bill has passed.

TALK SHORT

In order to expedite matters, no senator may talk more than five minutes on any one bill. Which leads to peculiar situations.

Sen. Flanders (R-Vt), had a speech he wanted to make on peace.

Bradley Sees Inadequate Armed Forces Another Year

By JACK BELL
(Associated Press Staff)

WASHINGTON, June 9. (AP)—American armed forces won't be sufficient to fight a major war even by July, 1951, Gen. Omar N. Bradley has told Congress.

The chairman of the joint chiefs of staff added, however, in testimony before the Senate Appropriations Committee, that he feels the U. S. is on the way to attaining "the necessary forces to prevent a disastrous attack from crippling this nation."

"I also believe that our forces in being and our mobilization base will be sufficient, together with the forces and potential of friendly nations, to win a war if it comes," Bradley said in testimony released by the Senate committee.

BACKS BUDGET

The nation's No. 1 military man, testifying in support of a $13 billion military budget for the year beginning next July 1, said the aim is to build up forces which, in the event of an attack, "can strike a retaliatory blow that will be strong enough to slow down the aggressor while we mobilize."

In the same series of hearings, Secretary of Defense Johnson said that nothing in the military assistance program and the European recovery effort would permit Congress, in his judgment, to cut the proposed $13 billion budget "by one nickle."

JOHNSON HAPPY

Johnson said national defenses are further ahead today than ever before in peacetime.

Bradley added that since it became known last September that the Russians have "solved the atomic bomb," he has been more concerned than ever before over defense of Alaska. He said any increases in military outlays ought to go first to the ground forces and Air Forces in Alaska and to the radar warning net projected for that area.

Gold Indicted On Spy Chrge

WASHINGTON, June 9. (AP) — A Brooklyn grand jury today indicted Harry Gold, Philadelphia chemist, and two unidentified persons on charges of atom spying against the United States.

The indictment was announced here by the Justice Department.

In addition to Gold, the indictment named "Joe Doe," alias John and Richard Roe, alias "Sam," and asserted that "the true and correct names" of these persons were unknown to the jurors.

Gold was arrested at Philadelphia last May 23.

The espionage information filed against him at the time of his arrest mentioned also a "John Doe" described as an agent for the Russian government.

This "John Doe" was alleged to have received from Gold atomic secrets which had been passed to Gold by Dr. Klaus Fuchs, the British scientist who has since been sent to prison in Great Britain.

By naming "Richard Roe," the indictment introduced another mysterious figure into the alleged wartime traffic in secret data.

There was no indication here as to who "Richard Roe, alias Sam" might be.

Presbyterian Speaker

W. Truett Walton, dean of students and vice-president of Hardin-Simmons University, Abilene will be speaker Sunday at the regular morning service of the First Presbyterian Church.

MODERN MANEUVERS

Modern may be aptly called "Furniture with a purpose." It has been designed with the function of each piece in mind, rather than the traditional appearance as is the case in most former period furniture. Naturally as our activities and modes of living change, so our requirements are different. Today we have many more properties — books, games, clothes, radios, televisions — and rooms are generally smaller. This undoubtedly inspired the design of Modern Unit furniture that is currently so popular.

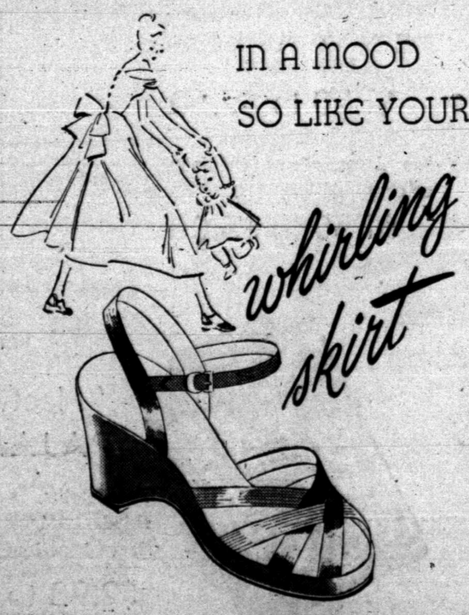

These logical, simple, soundly constructed units can be had in open stock collections, and additional pieces may be added as desired. They offer the maximum flexibility. May be piled vertically or banked horizontally as room plan dictates.

The wide variety of finishes available range from light blond tones, through middle colors, to dark glossy and dull finishes. Lighter tones appear to be lighter in weight and are preferable in small areas.

Sketched above: pale blond chests and bookcases become a center-of-interest group in a small room. A Chinese curtain hung vertically adds to Modern feeling. Yellow walls have been painted plaid to match chair upholstery of yellow, cocoa brown and turquoise. Rug is cocoa broadloom.

Come in, let us tell you about many more background ideas that will help bring out the beauty of Modern furniture.

Ray Insists On Innocence As He Goes to Electric Chair

HUNTSVILLE, June 9. (AP) — Claiming innocence to the last, William R. Ray was executed early today for the rape of a nine-year-old girl in a Fort Worth park in 1948.

The execution took place despite a weird involved maneuvering in his trials and appeals, two reprieves and a last-minute, desperate attempt to get his sentence commuted to life imprisonment.

Officers said he admitted his guilt at one time, but he had pleaded innocent in court. His attorneys said the admission of guilt had been obtained by coercion.

Twice the 35-year-old ex-Air Force cook had narrowly escaped the death chamber—once through a court error and once through a plea by his victim's parents.

LONG TRY

A long series of attempts were made—the latest a few hours before he was strapped in the chair —to get his sentence changed to life imprisonment.

"Well, I'm dying for something I don't know anything about," was his final statement.

Ray entered the death chamber at 12:02 o'clock this morning. The current was applied at 12:05 and he was dead three minutes later.

Relatives, including his mother, Mrs. Ed Ray of Vernon, who had visited him a few hours before the execution kept a death watch on the sidewalk outside the prison.

The rapist's last visitor was Prison Chaplain B. C. Anderson who went to the death cell at 11:30. The chaplain read the 19th and 103rd Psalms and the 14th Chapter of St. John—which says in part: "Let not your heart be troubled."

The body was taken to the Huntsville funeral home. Early today no arrangements had been made for burial.

Roy Starnes of Corsicana, a Church of Christ evangelist, visited Ray about 9 o'clock.

READY

"My heart is with God and I am ready," he quoted Ray as saying. "My sentence may be commuted but I could die in three months, so I think it is better this way."

While Ray spent his last day talking and praying in the death cell, his attorneys fought for a last minute reprieve.

Doyle Pevehouse of Corsicana went to Galveston yesterday and presented Federal Judge T. M. Kennerly with two writs designed to win another stay. Kennerly refused to take any action.

Then Pevehouse left Galveston, with the reported intention of finding some other federal judge who might help Ray. Pevehouse contacted Federal Judge Allan Hannay but was advised that Kennerly handled such matters.

Hobert Nelson In Snyder On Campaign Trip

G. H. (Hobert) Nelson of Lubbock, candidate for Judge of the Court of Criminal Appeals, was in Snyder yesterday on a campaign tour that will take him to Brownwood, San Antonio and the Rio Grande Valley.

Nelson was at one time a Scurry County resident, having been high school principal and coach at Hermleigh in 1924-25. He recalled buying his first automobile, a 1925 Ford, in Snyder.

He began his law career as city attorney of Tahoka in 1928. Since that time he has been county attorney of Lynn County, district attorney of the 106th judicial district,

G. H. (Hobert) Nelson of Lubbock, candidate for judge of the Court of Criminal Appeals.

senator from the thirtieth state senatorial district, and a candidate for lieutenant governor. Since 1936 he has lived in Lubbock, where he practices law.

Nelson, 48, was born in Hughes Springs, Cass County, Texas, and attended public schools there. He also attended East Texas State Teachers College and the University of Texas law school.

In announcing his candidacy, Nelson said he would like to be the first man from west of Dallas ever to serve on the court.

He said he believed the public generally knows little of the functions of the Court of Criminal Appeals, which passes upon all criminal cases appealed from trial courts in the state. It is composed of three judges, one of whom is elected each two years for a 6-year term, and two commissioners selected by the judges. Qualifications and salary are the same as for members of the Supreme Court of Texas.

Nelson is a candidate for the position left vacant when Judge F. L. Hawkins retired.

Telephone Service to Paper Stopped, Gambling Charged

YONKERS, N. Y., June 9. (AP)—All telephone service has been cut off from a tabloid newspaper here after police alleged the wires were being used for gambling purposes.

The Yonkers Daily Times said in this morning's edition that "we have done nothing illegal."

The newspaper said the New York Telephone Co.'s action in cutting off the service yesterday was "illegal and contrary to law." The published message to readers said "immediate steps are being taken to compel them (the telephone company) to restore all services."

CONTINUE PUBLISHING

Continued publication of a complete newspaper was promised by the Times.

Public Safety Commissioner Patrick F. O'Hara said last night that the newspaper's 12 trunk lines were deadened by the company at his request.

The city official said Sheriff Fred Rusco and Dist. Atty. George Fanelli of Westchester County for some time "have been discussing the telephone situation at the Yonkers Daily Times and I acted with their approval."

O'Hara said "the telephones were ordered discontinued because the police allege the wires were used in aiding and abetting gambling."

FOR RACING

He said, in answer to a question, that the wires were used for racing information.

The county grand jury handed up a presentment at White Plains last Tuesday saying that allegations of official graft in connection with gambling in the county were without foundation in fact.

The Times last official statement of circulation was 11,166 daily.

Mackey May Provide New Golf Stimulus

By WILL GRIMSLEY

ARDMORE, Pa., June 9. (AP) — Big time golf, ever on the lookout for a new and magic name, gazed at boyish Lee Mackey, Jr., today and wondered.

Could this grinning young man with the crew haircut and tremendous faculty for fine golf shots prove the electrifying stimulus the old pasture sport needs?

"He'll read those headlines and blow sky high tomorrow," commented one leather-faced pro as the crowd gathered around the club house and jabbered excitedly about one of the most astonishing rounds in golf history.

"Don't bet on it," countered somebody else. "That boy is as cool and relaxed as an old dish rag."

True, Mackey, 26-year-old bundle of icicles from Birmingham, Ala., seemed the least concerned about the blazing 64 that set old Merion on its ear yesterday in the first round of the national open tournament.

It was the best round of golf ever played in the 50-year-old fixture and most of the wise men of the links agreed it probably was the best 18 holes ever shot by anybody, anywhere, in major competition.

Certainly the 33-31—64 over Merion's myriad sand traps, weedy roughs and lightning-fast greens—six under par for the 6,694-yard layout—set the folks to buzzing.

He went into today's second round with a three-stroke lead over his closest challenger, Al Brosch, home pro of Garden City, N. Y., who had a 67.

Stewart (Skip) Alexander, 31-year-old barnstorming pro from Knoxville, Tenn., and Julius Boros, a new young pro now playing out of Southern Pines, N. C., pursue at 68.

Harold Williams of Tuscaloosa, Ala., and Henry Williams, Jr., of Secane, Pa., no kin, were tied at 69, only other players in the field of 165 to beat Merion's rugged par.

Defending champion Cary Middlecoff, who started 3-7, on the first two holes, finished with a fine Ben Hogan, playing on scarred legs, rallied from a shaky start for a 72, a score shared by masters champion Jimmy Demaret.

Sam Snead, who said he couldn't putt a lick, was just back with a 73.

Women's Golf Spotlight On Mary Villegas

DALLAS, June 9. (AP) — Pretty Mary Ann Villegas, the teen-ager who may be the answer to amateur golf's quest for a glamour ter-finals of the Women's Trans-Mississippi Tournament today.

The 17-year-old New Orleans brunette yesterday upset veteran Betty to advance to a meeting today with MacKinnon of Mt. Pleasant, 1 up, gal, faces a rough test in the quar Beverly Hanson of Indo, Calif.

Mary Ann, a pretty, tanned veteran of three years of serious golf, putted sensationally in ousting her tournament-wise opponent. She one-putted seven greens, five on the first nine, sank a 30-footer and had a medal score of 82.

Defending champion Betsy Rawls of Austin, and medalist Polly Riley of Fort Worth, were among those due to tee off today.

Miss Rawls defeated Bee McWane, Provo, Utah, 2 and 1, and Miss champion, crushed Pat Garner, Midland, 5 and 4.

Today Miss Rawls meets Gracie DeMoss, Corvallis, Ore., 4 and 3 victory yesterday over Mrs. Harlan Riedel, Dallas.

Miss Riley plays Marjorie Lindsay, Decatur, Ill., who advanced on a 6 and 5 victory over Mrs. W. K. Stripling, Jr., Fort Worth.

Betty Dodd, 19-year-old San Antonio, golfer, defeated Mrs. L. M. Keating, Houston, 4 and 2, and today meets Mrs. Frank Goldthwaite, Fort Worth, 1 up winner over Mrs. C. M. Burns of Dallas.

Miss Hanson polished off Bobbie Dawson, Indio, Calif., 4 and 3.

Electric welding equipment must be grounded forsafety.

Political Office Announcements

The Times is authorized to announce the following candidates for office, election to be subject to action of the Democratic Primary Saturday, July 22.
