Politics will take up the airways most of this week as the Republicans choose a candidate for the general election this fall. Nobody knows at this time who the nominee will be but there is strong indication that Richard Nixon will be.

Later this month, the Democrats will take another week to nominate their candidate. According to the polls Vice President Humphrey will be the nominee.

And, of course, former governor George Wallace will be in the race on the third party ticket. Mr. Wallace seems to be gaining headway and may prove to be a thorn in the side of both the major parties. But I cannot feature him being a major contender for the presidency. Should enough people be gullible enough to fall for his promises and elect him as president, there could be great trouble ahead for this country.

I am still of the opinion that for more progress to become a reality here, Loraine needs an organization that could and would help to get more business institutions here and also to encourage all people who live in this area to do all their trading that is possible in Loraine. If Loraine people do not help to keep our city a good place to trade nobody will.

Attention All Baseball Players

All baseball uniforms must be turned in to Ray Preston so they can be packed away to be used again next year. The uniforms should be washed and cleaned, ready to be used when the seasons comes around next year.

Also some of the boys have not paid for the T-shirts and this money is to be paid to Ray Preston as you turn in your uniform. Several have not paid this money for their T-shirts, and this will need to be taken care of by the time you turn in your uniform.

SOME FOLKS THINK OUR AUTOMATIC BANK DRAFT PAYMENT PLAN IS GREAT...

Others couldn't care less

Folks who use our Automatic Bank Draft Plan to pay their electric bills seem to like the idea. ♦ They like the convenience of having us draw a draft on their checking account for the amount of the bill. ♦ Then they don't have to bother writing a check, hunting for a stamp and remembering to mail it. ♦ And they don't have any trouble keeping their records straight because we immediately send them the portion of the bill they would normally keep, and it's marked "paid." ♦ Of course, many of our customers aren't interested in the Automatic Bank Draft Plan. They still want to get their bills at home and come in to pay us or send a check in the envelope we enclose each month. ♦ We started the Bank Draft Plan because some of our customers asked for it, and we want all our customers to know it is available. ♦ If you'd like to know more about the Bank Draft Plan, we'll be glad to tell you all about it. Then you'll know whether it makes sense for you. ♦

P.S. Naturally, this plan cannot go into effect on anyone's account until it is requested, and necessary authorization forms are signed.

A VIGNETTE FROM THE PAST

AUGUST 5, 1937

Loraine did it again. We have reference to failure of the county to vote \$30,000 in bonds last Saturday for the purchase of the Root Hospital to be converted into a county hospital. People in this precinct really did not care for the county to go into the hospital business, voting 155 against and 33 for the issuance of the bonds.

One fellow in Colorado City Monday intimated to a Loraine citizen that the voters over here got confused and thought they were voting on a wet or dry issue. We believe, however, that our citizens were aware of what they were voting on and showed in a convincing way that they do not want the county in the hospital business.

TELEPHONES, INCORPORATED

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

AUSTIN — Like the general cost of living, the price of outdoor recreation is going up for Texans. But the outdoorsmen will be getting more for their money.

However, the decision by the Texas Parks & Wildlife Commission to set entrance fees on 42 state parks did not mean an end to use fees.

In addition to the \$1 per day daily charge for entrance to 30 of the most developed parks in the state system and 50 cents per car for some others, Texans and out of state visitors still will pay use fees for campsites, shelters, recreation halls, cabins, lodges, swimming pools and fishing piers at Copano Bay and Port Lavaca.

But the dual fee system was designed to serve a dual purpose. The entrance fees, which are expected to draw \$9 million over the 10 years beginning September 1, will be used to

pay off principal and interest on the first parks improvement and acquisition bond issue by the Parks & Wildlife Commission.

Gov. John Connally, who urged the bond financing program, hailed the commission's action as the "opening step to bring a first class parks system within easy reach of every citizen of Texas." He said the 10-year land acquisition program that is contemplated will more than double the 60,000 acres of park land and bring recreation facilities within easy reach of every major metropolitan area.

Last November, voter approved an amendment to the state constitution which authorizes the Commission to issue up to \$75 million in parks revenue bonds so that parks expansion can catch up with the state's population growth. Sometime after September 1 the Commission will issue \$5.75 million worth of bonds, and it will take about \$7.5 million to pay them off.

But the bond program can only apply to new parks land. Initial developments with bonds funds will be in a 120-mile radius of most of the state's 10 largest metropolitan centers.

Although PWC declined to state where the first funds will be spent, sources speculated that the initial developments may be as Velasco, Matagorda Island, Grapevine Reservoir, a five-mile "wild river" stretch

along the Guadalupe River, White River Reservoir and in Jefferson County.

Under the entrance fee plan, a family paying the \$1 per car entrance fee can go to as many \$1 and 50 cent parks in that day as they can and care to attend. But they could buy what Parks & Wildlife Executive Director Robert Singleton considers a big bargain -- a \$12 a year pass to all parks. Annual permits will be acceptable in all facilities charging fees except San Jose Mission in San Antonio, Varner-Hogg Plantation and Eisenhower State Park where present fee schedules will continue. Swimming pool fees also will remain unchanged.

State Highway Commission looked to better recreational facilities, too, and approved new parks roads for Atlanta State Park and Caddo Lake State Park, as well as \$100,000 worth of "arbor projects" in 12 roadside parks along Texas highways.

APPOINTMENTS — Governor Connally appointed Memphis attorney Jack B. Stone district attorney of the 10th judicial district which includes Carson, Collingsworth, Childress, Donley and Hall Counties.

Connally also named Dr. Herbert C. McKee of Houston and Dr. Wendell H. Hamrick of Dickinson to the Texas Air Control Board and Ray A. Foley to the Dallas County Flood Control District board.

New assistant district supervisor positions were announced by the Liquor Control Board for John R. Bacak of Kerrville, who will be stationed in Victoria; Donnie R. Hunter of Odessa, who will transfer to Corpus Christi; and Joe McCarthy who will remain in El Paso.

Department of Public Safety selected Elmer J. Terrell Jr. of Fort Worth as acting agent-in-charge of its narcotics section. Six agents in the section are retiring, including the present

Agent-in-Charge, W. E. Naylor. DPS named as new Texas Rangers L. C. White of Beaumont and Henry B. Ligon of Kerrville. Tilmon Barnett of Lockhart is DPS's first Negro officer. He is assigned to the capitol security guard.

House Speaker Ben Barnes named a blue-ribbon committee to study Texas employment wages and economic problems. Callan Graham of Austin is chairman, Lay members include Gustave Falk of Dallas, Harold Kilpatrick of Austin, Dean Geo. Kozmetsky of the University of Texas, Austin, and Dean H. O. Kunkel of Texas A&M University. Legislator members are Reps. Paul Longoria of Edinburg, Honore Ligarde of Laredo, Raul Muniz of El Paso, Ralph Wayne of Plainview and Rev. Zan Holmes of Dallas.

Barnes picked Reps. Menton Murray of Harlingen and Bill Clayton of Springlake to represent Texas on July 31-August 1 at the Southern Water Resources Conference in Miami.

LITTLE CHANGE — A subcommittee of the 25-member committee which is working on revisions of the Texas Constitution has recommended to the full committee that closed sessions of the Texas Senate be abolished.

Texas' constitution now allows the Senate to lock its doors when it considers approval or rejection of persons nominated to state offices by the governor.

Sub-committee headed by Rep. Dick Cory of Victoria voted down a proposal to allow 18-year-olds to vote. Also, one to permit the Legislature to set up a permanent voter registration system.

It did agree to retain the present system of legislative sessions every other year. Governor Connally and Speaker Barnes, who appointed most of the members of the committee, both favor annual legislative sessions.

These decisions will go to the full committee, then to the Legislature, which will decide which of the recommendations, if any, are to be submitted to the people for a vote.

POLLUTION JUDGMENT — State of Texas has won a judgment for \$17,500 against International Minerals and Chemical Corporation of New York after taking the company to court for polluting the air over Houston. Corporation operate a barite plant.

WELFARE REDUCTION — Some needy families with dependent children will be getting a reduction in state welfare aid effective September 1.

Reason is that a U. S. Supreme Court ruling (that needy children are entitled to assistance even though there is an able-bodied man in the house) will increase the AFDC rolls by an estimated 15 per cent.

Welfare Commissioner Burton G. Hackney warns that unless the present \$60 million welfare ceiling is raised to \$75 million, as proposed in a constitutional amendment to be voted on in November, there will be even further reductions.

Families receiving a maximum grant of \$135 for four or more dependent children will get the biggest cut -- \$12 a month to \$123. Those now receiving \$124 will get a \$1 cut to \$123, those getting \$125, a \$2 cut, etc. In other words, \$123 a month will be the new maximum. Reductions will be made only for those receiving more than that amount now.

DRAFT QUOTA DOWN — Texas' draft call for September is 683 men, smallest since June 1967.

Col. Morris S. Schwartz, state selective service director, said budgetary limitations will prevent pre-induction physical-mental exams during August.

July call was 695 men. Calls in 1967 ranged from a low of 674 to a high of 1,421. Monthly quotas this year have ranged as high as 2,378 (last April).

TRAIL OF FORTS — Governor and Mrs. Connally led a group of West Texans by bus on a 680-mile "Trail of Forts" through Central West Texas.

Purpose was to publicize the Forts Trail which takes travelers to many of the historic points in the area where the Indians made their last stand against the U. S. Cavalry.

Two of the Forts, Richardson and McKavett, were acquired by the state and are to be restored and preserved as historic sites.

Starting in Brownwood, the two day tour included visits to Comanche, DeLeon, Mineral Wells, Jacksboro, Albany, Abilene, Bronte, San Angelo, Eldorado, Menard, Mason and Brady. It is one of 1 travel trails designated by the governor.

STAMP SALES UP — State Treasurer Jesse James reports increases in all stamp sales (liquor, wine and cigarettes) for July of 1968 over July of 1967. Cigarette Stamp sales are up \$1.1 million, liquor up \$760,000 and wine up \$26,533.

GRANTS APPROVED — A federal grant of \$16,875 has been approved for the city of Portland (San Patricio County) to develop a 13-acre park and outdoor recreation facilities. City will match the grant with local funds for the \$33,750 project.

Governor Connally authorized a \$5,273 regional planning grant to Brazos Valley Development Council (Brazos, Grimes, Leon, Madison and Robertson Counties and 12 cities).

Another \$4,000 grant for planning went to the Orange County Council.

A smaller grant of \$1,277 was cleared for Austin-Travis County Organization for Regional Planning which includes Austin, West Lake Hills, Manor, Rollingwood, Pflugerville, Austin Independent School District, Del Valley ISD 910 and Water District No. 11.

SECURITIES PERMITS — Twenty-eight applications for permits to sell \$18,472,706 in securities in Texas were filed last week with the State Securities Board.

This included application from three Texas companies -- Bethesda Bath House Corporation of Marlin for \$91,900, Crown Western Investments Inc. of Dallas for \$743,047, and Non-Commissioned Officers Life Insurance Company of Austin for \$215,000.

SHORT SNORTS
Rep. John Traeger of Seguin was re-elected urban affairs committee chairman of the southern conference of Council of State Governments.

Latest reports from the Texas Liquor Control Board shows 2,831 criminal complaints were filed by LCB agents in June with 2,500 convictions for violations of the liquor law and \$90,022 in fines and costs.

Delegations from the Fort Worth-Dallas metropolitan area appeared before the Texas Highway Commission to ask for planning of future big-city highways which between them would cost more than \$500,000,000.

Recent visitors with Mr. and Mrs. Buck Taylor were Mr. and Mrs. Jim Leslie and baby from Cisco, also Mrs. S. C. Leslie of Henderson.

Mr. and Mrs. Fred Davidson of Crane spent Wednesday night with her sister, Mrs. Harvey Leach, enroute home after a trip to Alabama and East Texas.

Mrs. Jasper Doyle and Tommy, and daughter Mrs. Chester Collier and Jimmy, visited another daughter and sister, Mr. and Mrs. Jackie Bodine in San Angelo Monday. Tommy remained to spend this week with them.

Visiting in the Ronald and Byron Bruce homes last week was a nephew, David Cook of Muleshoe.

Mr. and Mrs. G. W. Cocreham of Houston spent Wednesday night with his sister, Mrs. J. D. McDonald.
