Initial Work For Starting County Road Building To Begin Next Week

Initial work in preparation for building of a \$249,700 contract building job in Cochran county is scheduled to begin next week, County Judge Glenn Thompson said. The first item to come when the county starts building R. E. A. lines over to 25 miles of right-of-way. The contract was let by the commissioners court on 42 miles paved farm-to-market roads. The right-of-way, the county will move the electric lines to provide a width of 80 feet for the roads.

Morton's Clean-Up Drive Held Successful

Official Clean-Up for Morton and ended last Friday with J. W. McDermott, general chairman, reporting a very successful drive. McDermott reported that as a whole the people co-operated a hundred per cent. He stressed the work done by the trucking and selling committee under the direction of Van Greene. Approximately 85 loads of trash were hauled to the city dump ground during the day. Debris boxes for the trucks were placed at the homes. A "follow-through" campaign the part of all citizens is urged. Dr. W. S. Dove, city health officer, has asked that all householders provide suitable garbage cans for garbage disposal. He also requested that out houses and sanitary nuisances have been sprayed with DDT to keep down breeding of flies, mosquitoes and other disease carrying insects.

District Legion Convention Held in Plainview

Points were stressed for auxiliary work at the 19th district convention of the American Legion held in Plainview May 22-23. These points were: Child Welfare, Juvenile Delinquency, Cooperation in local units; Activity in the community; Educating Public in the Program and Cooperation between State and Local organizations. Delegates from Morton attended the convention were: Mr. and Mrs. Jim Gast, Mrs. Hattie B. Spotts, Mr. and Mrs. Albert Morrow and Zeke Sanders.

Morton Mexican Released Friday On \$1,000 Bond

A Morton Mexican man was released from the Yoakum County Jail Friday on \$1,000 bond, following his arrest eight miles from the town of Plains Wednesday night. The man was charged with possession of untaxed beer and transportation of beer into dry area. Arrest of the Mexican was made last Wednesday night following an automobile accident involving the Mexican's 1941 Mercury and a Model A Ford. The Mercury rammed the other car from the back. Both cars were headed north. Local people who reported the accident said that the Yoakum county sheriff's department took possession of beer from the local Mexican's car.

Two Major Improvement Items Undertaken By Legion Auxiliary

Two major items for community improvement have been undertaken by the local unit of the American Legion Auxiliary. A Junior activity program will be inaugurated by the unit sometime in June. Tentative plans are for a Junior activity or teen age night to be held twice a month under the guidance of individuals interested in children's welfare. Supervised entertainment will provide wholesome and educational recreation for young people. The second item on the list of the Auxiliary's community improvement program is beautification of the cemetery. Plans have been made to plant flowers and shrubbery along the 600 feet of west road running through the cemetery. Paved roads are expected along the north and south sides of the cemetery with a connecting loop at the west end. The Auxiliary plans to landscape the new roads when they are completed.

Actual construction on the roads by Bryan and Hoffman, Plainview contracting firm, is set for early beginning.

State requirements on farm-to-market roads is for an 80-foot right-of-way. Cochran County hopes to secure state maintenance for the new roads, Judge Thompson said, so they will be built in compliance with state requirements.

In addition, the Cochran commissioners court continues to press the State Highway Commission for early letting of bids on the state's portion of the county's farm-to-market roads scheduled for construction. Part of the contract will probably be let in June, and the remainder in July.

Surveying on the state's portion of the construction on roads has also begun. Plans and specifications have been completed on the route from Bledsoe north to Oasis.

Funeral Services Held Tuesday for Louis B. Kelso, Jr.

Funeral services for Louis B. Kelso, Jr., 17, were conducted in the Methodist Church of Morton at 3:00 p. m. Tuesday with A. A. Kendall and Ike Harris officiating. Burial was in the Morton cemetery. Young Kelso was killed instantly Friday afternoon when struck by lightning. Survivors include his parents, Mr. and Mrs. L. B. Kelso, two sisters, Rena Maude Kelso and Mrs. H. W. Miller of Whiteface. The funeral had been delayed until Tuesday while authorities were attempting to locate Mrs. Miller, who with her family, was on a vacation trip through Colorado. Judge Glenn Thompson had a telephone conversation with Mrs. Miller Monday evening. At that time she was in Colorado Springs, Colorado.

VISITED MOTHER SUNDAY

Mr. and Mrs. Carl Ray spent Sunday with her mother, Mrs. J. H. Rowden, in Brownfield, Texas.

Boy Scouts Going To Lake Kemp Sat., June 5th.

Morton Boy Scouts and scout leaders, R. E. Dunham and T. K. Williamson, plan to leave Morton on Saturday, June 5 for the Williamson camp at Lake Kemp. They will be accompanied by Roy Allsup and Nath Crockett. Dunham and Williamson have requested all scouts wishing to make the trip to contact either of them not later than Saturday, May 29. "Lake Kemp, near Wichita Falls, Texas, is an ideal spot for fishing, swimming, recreation and out door sports of all types", Williamson said. "The boys will camp out and do their own cooking while on the trip as a part of their scout training", he continued.

VISITED PARENTS

Mrs. Clinton McClintock of Tulsa visited her parents, Mr. and Mrs. L. A. Cochran, here Tuesday and Wednesday and attended the Kelso funeral.

VISITED NEAR PORTALES

Mr. and Mrs. L. A. Cochran spent Sunday with their daughter, Mrs. Bill Harrison and Mr. Harrison, at their farm home near Portales, New Mexico.

ATTENDED AMERICAN LEGION AND AUXILIARY CONVENTION IN PLAINVIEW SAT. AND SUN.

Mr. and Mrs. Albert Morrow, Mr. and Mrs. Jim Gast and Mrs. Hattie B. Spotts attended the 19th district convention of the American Legion and Auxiliary in Plainview last Saturday and Sunday.

BITS ORMAND, daughter of MR. and MRS. R. D. ORMAND, is confined to her home with the chicken pox.

GAYLE BISHOP, manager of Morton Lumber and Supply Company, was a business visitor in Lubbock, Monday.

Preparations Made To Feed 800 At Chicken Barbecue Friday Night

Everything is in readiness at Veterans Hall for the large crowd expected to attend the chicken barbecue being held Friday night. Enough food has been prepared by an expert barbecue cook to feed 800 people.

Out door stands have been erected for the speakers platform. Three candidates for the state senate have accepted invitations to speak. Political aspirants scheduled are: Kilmer Corbin, Lamesa, Sterling Parish and Dudley Brummett of Lubbock. Ralph Brock, also a candidate for the senate is expected to be here or send a representative. Political talks will be limited to ten minutes each.

Representatives of Veterans Administration, Lubbock, have also been invited by the local American Legion Post to attend the barbecue.

Funds derived from the barbecue will be used to finance a junior baseball club and to help in defraying expenses of the American Legion representative to Boy's State. Legion members

also expect to use a portion of the fund for paving of the streets around Veterans Hall.

Tickets may be purchased in advance from any member of the American Legion or at the hall on the night of the barbecue.

American Legion Auxiliary Poppy Day Saturday

Saturday is American Legion Auxiliary Poppy Day and plans have been completed for the sale of the red paper emblems of disabled veterans.

Headquarters for the poppy sales personnel will be the Ben Franklin store and a window in that store will be appropriately decorated with poppies and wreaths.

Poppy wreaths and white crosses have been made by the Auxiliary and these symbols of gratitude will be placed on the graves of our war dead in the local cemetery Sunday by members of the American Legion.

4-H Dress Revue Committee To Meet Thursday

The entire 4-H Club Dress Revue Committee will meet Thursday, May 27 to make final plans for the Cochran County Dress Revue. The Committee Chairmen are: Staging, Martha Willis; Judging, LaVon Cunningham; Awards, Helen B. Henry. Reception, Mary Helen Keith. The Revue will be held June 4th. The girl placing first in the 14 year old and above, group will be given a trip to the State Roundup at Texas A. and M. College, College Station, Texas. At the Round-up the winner will represent the County in the State Dress Revue.

Willard Cox One Of First Ford Dealers To Receive Four Letter Recognition

Willard Cox, local Ford dealer, was advised this week by A. E. Klemmedson, district manager of Ford Motor Company, that recommendation for approval of his dealership for a four letter certificate had been acted upon favorably in the regional and central offices, making Cox one of the first dealers throughout the country to receive this recognition.

In recognition of the high standards in finances, management, spirit and facilities evidenced in the local business a Plaque will be sent to the firm.

Mr. and Mrs. Cox flew to Oklahoma City last Sunday returning to Morton Tuesday. While in the city Cox saw the new Ford, which he described as, "Out of this world."

Cox is rushing completion of his new building and hopes to

have a new Ford on display at the time he has the formal opening sometime in June.

13 Charges Filed By Tom Neal Over Week-End

Thirteen charges were filed by Tom Neal, City Marshall, in City Court last week-end, charges included speeding, gambling, driving without license, and drunkenness. Fines in the amount of \$182.00 were assessed.

One man arrested last week by Neal was charged in county court with driving while intoxicated. He was released from jail by County Judge Glenn W. Thompson on a \$25.00 bond, Neal said.

Morton Receives 1.32 Inches Over Six Day Period

The first general rains for the South Plains in eleven months fell during the past six days, bringing relief and new hopes to farmers from the Oklahoma border to the Rio Grande valley.

The rain was spotted over Cochran county, ranging from slightly more than a trace to four inches. The north, west and east parts of the county had general rains. Judge Thompson reported approximately .75 inches on his farm 7 miles northwest of town. E. D. Courtney, 5 miles east, reported about .50 inches. W. G. Yates, 9 miles south and east estimated 3 inches of rain fell in an hour Monday evening. L. L. Hooper, 6 miles southeast, received about the same amount.

Eight miles directly west a downpour of 4 inches was reported, while three miles to the northeast only about .25 inches of moisture was received.

The rainfall was gauged by the Soil Conservation District in Morton as follows: Friday evening, .50; Saturday, trace; Sunday, .05; Monday, .67; and Tuesday, .10 inches bringing the six day total to 1.32 inches.

This was the first planting season most of the county's farmers had received. The south and central portions of the county received local showers early in May and some crops had been planted. Reports that all parts of the county will now have sufficient moisture for planting.

Morton Seniors Hear Address By Lloyd Croslin

Thirty seven Seniors, their parents, friends and school patrons heard District Attorney, Lloyd Croslin, Lubbock, in an address at the 1948 commencement exercises of Morton High School on Tuesday night, May 25 in the school auditorium.

Croslin, who chose as his subject, "By What Stars Shall I Steer My Course", emphasized five stars in steering one's course through life, the first being "Constancy in Ideals", second, "Self Reliance", third, "Purpose", fourth, "Good Citizenship" the fifth and most important was that of, "Faith" in which he said, "without faith in God, one's fellowman and ideals the course is run in a circle."

Concluding Mr. Croslin's address, awards were presented by J. W. Watson, high school principal, to the three high ranking students of the class: Jimmy Willis, J. B. Carter and Catherine Rush.

Carl Macon, superintendent of schools, assisted by R. C. Ross, chairman of the school board, presented the graduating class with diplomas.

VISITING IN MORTON

Mr. and Mrs. Earl Evans, of Claypool, Arizona, are visiting friends and relatives in Morton.

Louis B. Kelso Killed By Lightning While Driving Tractor Fri. Evening

Tragedy struck a Cochran county farm family Friday evening, taking the life of a 17-year-old boy, only son of Mr. and Mrs. L. B. Kelso. Lightning struck and instantly killed Louis Bruce Kelso, Jr., while he was driving a tractor pulling a plow.

The youth was working on the farm of Robert E. Waddell, six miles southwest of Morton. The Kelso family, residents of Cochran county for about 10 years, live on a farm seven miles northwest of Morton.

Mr. Waddell found the boy dead shortly before 7 p. m. with his head and shoulders lying backward on the tractor, and his foot caught under the clutch. Tracks made by the tractor indicated that the machine had circled after lightning killed the youthful farm hand.

Along when he found young Kelso, Waddell rushed to Morton for authorities. An inquest was held on the scene of accident shortly afterward by Alvin O'Pry, justice of the peace. Justice O'Pry reported in his coroner's verdict that the boy was accidentally killed by lightning and that death was instantaneous.

Also present for the investigation and inquest were Sheriff Hazel Hancock, Chief Deputy H. D. Crockett, City Marshall Tom Neal, County Attorney M. C. Ledbetter, County Judge Glenn Thompson, Dr. N. A. Monk from West Plains Hospital and Mrs. Monk, night supervisor of nurses at the local hospital.

Dr. Monk reported finding burns on the back of young Kelso's head.

Body of the death victim was brought to Singleton Funeral Home in Morton in an ambulance following the inquest.

Besides his parents, the 17-year-old Cochran Countian is survived by two sisters, Mrs. H. W. Miller of Whiteface and nine-year-old Rena Maude Kelso, local school girl.

Local authorities were making every effort Saturday to locate Mrs. Miller, who with her husband and their two children were on a vacation tour of Colorado and Utah. Telephone and radio, both short-wave and regular channel, were being used.

The Millers spent last Wednesday night in Salt Lake City, Utah, after leaving on the automobile trip the previous Sunday, but at noon Saturday no further information had been received.

Sheriff Hancock said Saturday that young Kelso apparently was killed at 5:54 p. m., because his watch stopped at that time. The boy was working in the field alone, Deputy Crockett said.

Kelso was born at Tulsa, August 6, 1930. Until the last school year, friends said that he had attended Morton schools. Last year he stayed with the Millers and attended school at Whiteface. Funeral arrangements were awaiting word from Mrs. Miller.

Irrigation School

On June 3 a one day school on irrigation and farm problems will be held at the Lubbock Experiment Station, 2 miles northeast of Lubbock. This program deserves one day of your time.

Vacation Bible School Slated To Start June 3

A vacation bible school will get underway here at the Missionary Baptist Church on Thursday morning, June 3 at 9 a. m.

No concluding date for the school has been set. Mothers are cordially invited to enroll their children in the school.

Bible studies, handicraft and recreational programs will be offered the youngsters.

Two Local Girls To Attend Girl's State In Austin

Two local girls will attend Girl's State in Austin June 2-8 under the sponsorship of the American Legion Auxiliary.

Lois Wilson, with an outstanding record in 4-H Club work is being sent by F. O. Masten, prominent rancher and Wanda Yarbrough, an outstanding scholastic winner, is being sent by the Lions Club of Morton.

Two girls from Plains, the two Morton girls and Mrs. Albert Morrow will make the trip by automobile.

Mrs. Morrow has been named one of the twelve Councilors at Girls State.

Mexican Arrested On Liquor Law Violations Wed.

City Marshall Tom Neal and Chief Deputy Sheriff H. D. Crockett arrested a Mexican from Amherst and another from Midland last Wednesday night on the Plains highway. A total of 31 cases of beer were confiscated from the two cars driven by the Mexicans.

Tried before County Judge Glenn W. Thompson in Morton, the two out-of-county Mexicans each were fined \$200 plus costs. Both pleaded guilty.

The two Mexicans were charged with possession and transportation of beer into a dry territory, according to local law enforcement officers.

Cochran Well On Way Of Having An Airport For Citizens To Be Proud Of

Cochran County is well on its way toward having an airport of which county people may well be proud.

The acreage has been seeded to grasses and other improvement measures taken.

Three years ago the county bought 160 acres of land three-quarters of a mile northeast of Morton as an airport site. Since that time a hangar has been built, a flying club has been organized and private planes in the area have found a haven.

Weeping lovegrass, sand lovegrass, blue gramma and side oats gramma have been sown on the entire acreage with the exception of the three runways, County Judge Glenn W. Thompson said. There is an east-west runway, a north-south and the third is from northeast to southwest.

At present members of the local Flying Club number 14, and five private planes are stored in the hangar when they are not in

use early mornings or late afternoons by the local fliers.

The county has arranged for a contractor to move highlines on the east side of the airport a half mile east, so that the lines will not interfere with flying.

Federal aid totalling \$1,250 has been received to help in financing the grass seeding and moving of the REA lines. Seventy-five acres have already been sown with the recommended grasses.

Pioneer Airlines has been contacted in regard to establishing a stop in Morton on the regular flight between Lubbock and Clovis, Thompson reported. No encouragement for immediate action was given by the airline officials, however, the case will be reviewed later, he said.

High hopes are in evidence, the judge added, for making Cochran County's airport a scenic spot as well as one of flying activity.

Candidates To Speak At Chicken Barbecue Friday Night

Kilmer B. Corbin, Lamesa

Sterling J. Parrish, Lubbock

Dudley K. Brummett, Lubbock

Candidates for the State Senate 30th district, who have accepted invitations from the American Legion, to speak here Friday night at Veterans Hall.

VISITED TWO WEEKS IN NEW YORK CITY RECENTLY

M. Markowitz, owner of The Fair Store, spent two weeks recently in New York City with relatives and friends. Mr. Markowitz flew to and from New York from Dallas. While on the trip he visited briefly in Oklahoma City with his daughter and family. He also attended market in Dallas.

Dr. L. A. Wood Delivered Whiteface Commencement Address Thursday

Dr. L. A. Wood, State Superintendent of Public Instruction, delivered the Commencement address to the graduating class of Whiteface High School on Thursday evening at 8:30. There were fourteen members in the class, nine boys and five girls. George Keith, son of Mr. and Mrs. G. C. Keith was valedictorian; R. J. McCasland, son of Mr. and Mrs. R. H. McCasland of Lehman was salutatorian.

Rev. A. A. Kendall, pastor First Methodist Church in Morton preached the Commencement Sermon, Sunday evening in the Whiteface Auditorium. Music for both occasions was furnished by the High School Girls Chorus.

The seniors accompanied by their sponsors, N. Tubb and Mr. and Mrs. Vern Beebe left Friday for a weeks trip in Colorado and New Mexico.

Dr. L. A. Wood

Improvement in both the academic and physical sides of the school are being made. A lighted football field and stadium are two projects that are underway. New homes for teachers will be constructed during the summer.

Senior Roll:

Ross Castle, June Eubanks, George Keith, Joe McKay, R. J. McCasland, Lillie Mae Newton, Ola Mae Padgett, Bill Phillips, Billy Ramsey, Floyd Smith, Billie Faye Taylor, Dale Thoms, Ray Vest and Jo Weaver.

You May Not Be Sick, But Far From Being Well

AUSTIN—"Although we may not be sick, we may be far from being well. There is a great and vital difference between high and buoyant health and the health of the average person, or of one who is only well enough to be out of bed," Dr. Geo. W. Cox, State Health Officer, said today.

"Unless we have the essentials of health in our daily habits of living, we are as sure to pay the penalty of impaired health, sickness and early death as we are of cause and effect in other situations," Dr. Cox continued. "We should ask ourselves, 'How long do I expect to live?' 'How long can I retain my efficiency, both in work and play?' 'Do I want to become incapacitated soon after middle life?'"

The alternative, according to Dr. Cox's statement, is to adjust one's program of living to insure the fundamentals of health and thus, barring accidents, keep young and retain active efficiency to an age of 70 or 80, or more.

The essentials of health are simple: sufficient fresh air and sunlight, good food and food habits, regular exercise and adequate rest. Yet, in checking the health of thousands of individuals who considered their health good, it has been rare indeed to find a single person who did not habitually disregard one or more of these essentials. Therefore, no matter how good or poor our health, we should check our daily program of living for health habits that are essentially faulty but of which we may be unaware.

WEEKEND WITH PARENTS

Mr. and Mrs. Billy Dane Burns of Lubbock spent the week-end here with their parents, Mr. and Mrs. Jess Burns, and Mr. and Mrs. Lloyd Evans, and other friends and relatives.

R. D. ORMAND made a business trip to Sudan, Texas, Monday.

Positions With State Health Dept. Announced

AUSTIN—May 26—Competitive examinations for positions in public health engineering with the Texas State Department of Health and affiliated local units has just been announced by the Merit System for the Texas State Department of Health. Examinations are for public health engineering positions in the Engineering Division of the State Department of Health and local affiliated units, and will consist of an evaluation of training and experience and an oral examination. Veterans preference will be allowed applicants who have been honorably discharged from the United States armed forces, and who make a passing score on the examination.

Application will be received continuously until further notice. Positions for which examinations will be conducted are: Junior Sanitary Engineer and Public Health Engineer. Qualifications required include graduation from an accredited school of engineering, professional license in Texas, and experience in public health. Preference will be given those candidates who have college training in sanitary engineering and public health engineering experience. Entrance salaries range from \$2700 to \$4200 according to classification.

Application blanks may be obtained from Russell E. Shrader, Merit System Supervisor, Littlefield Building, Austin, Texas.

VISITING FROM HEREFORD

Second Producer Being Tried In South-Central Cochran County

second producer in the Lan- field, south-central Cochran county, is being tried for with drilling of Stanolind Oil and Company's No. 2 Birdie M. This venture is a stepout from the discovery, which was a producer from the Strawn and is one quarter mile west of the first well.

This well will be 1,980 feet in north and 660 feet from east of section 14, block L. psl. It is slated to drill to a and 10,600 which is in the Strawn lime region and near unite.

Cities Service Oil company No. Masten, wildcat project in southwest Cochran county, 10 miles southeast of Bledsoe was started at 4,977 feet and was

testing late last last week. This development has shown considerable oil, but it has also shown some water. It was in doubt, at the end of last week, what the future of this venture might be.

C. U. Bay, et al, No. 1 Gardner, five miles southeast of Lehman, in south-central Cochran county and in the northeast corner of the lease in sub-division 2, league 131, Carson county school lands was bottomed at 4,260 feet in lime and was fishing for lost tools. When they are recovered the drilling will continue to about 5,000 feet to test the San Andres-Permian lime.

Anderson-Prichard Oil corporation No. 1 Dorothy L. Slaughter, four and one-half miles south of Lehman had drilled past 4,500 feet late in the week and was expected to encounter the pay section at any time.

Seaboard Oil company of Delaware No. 1 Masten, eight miles southeast of Bledsoe was drilling ahead under 4,580 feet in dry lime. It is contracted to go 5,000 feet to test the San Andres-Permian formation.

Parade of Stars Headed for Starlight Operettas To Be Held In Dallas

A brilliant cavalcade of the most popular stars of musical comedy, motion pictures, supper clubs and the operatic stage will head for Texas this summer to participate in the ten-week entertainment festival of the Starlight Operetta, to be presented in the State Fair Casino at Dallas under the auspices of the State Fair of Texas.

Setting a historic precedent in the summer musical theatre field, the Starlight will import a record number of celebrities from every branch of the amusement world. While the complete list for each attraction will not be available for several weeks, the preliminary casting has been on a scale to arouse national attention in theatrical circles.

Among the Hollywood notables who will appear in the Starlight's season of musical comedies and operettas are Gertrude Niesen, who scored a tremendous hit in Dallas last summer with her rendition of "I Wanna Get Married"; Kenny Baker, Arthur Treacher, Vivian Blaine, June Preisser, Carol Bruce, Allan Carney and John Carradine. The Broadway stage will be represented by Joan McCracken, the original Laurie of

"Oklahoma", who will repeat in the Casino the role she created in the New York production of "Bloomer Girl"; Helen George, Hal LeRoy and others. Carl Ravazza, a sensational success in such smart New York supper clubs as the Versailles and Copacabana, will be one of the stellar performers from this field and such distinguished Metropolitan Opera veterans as Walter Cassel, John Brownlee and Frances Greer also will be among the Starlight's galaxy of headliners.

The Starlight season will open on June 14 with "The Great Waltz", which will run for two weeks. The following attractions, for one week each will be "Anything Goes", "One Touch of Venus", "Rosalie", "The New Moon", "Bloomer Girl", "Naughty Marietta", "Hit the Deck", and "The Vagabond King". Season tickets, guaranteeing subscribers the same seats for every show, are now on sale at the Starlight ticket office, 206 South Ervay St., Dallas. Special attention will be given to mail orders.

PUBLIC INVITED TO ATTEND OES INSTALLATION SLATED MONDAY NIGHT, MAY 31

Last Rites Read Monday Morning For Otto Blevins

Funeral services for Otto Blevins, 53, were conducted at 10:30 o'clock Monday morning in the Methodist Church of Morton with Rev. A. A. Kendall officiating. Burial was in Gainesville, Texas.

Mr. Blevins was born April 13, 1895 and died at 2:50 a. m., May 23 in the West Plains Hospital of Morton.

Survivors include his wife, Mrs. Mary Julia Blevins of Morton, and two children, Bill and Joyce Blevins, of Gainesville. Also surviving are two sisters, Mrs. Isabella McGrady, Pampa, and Mrs. Mary McGrady of St. Jo, Texas.

Mr. Blevins' two surviving children were by a former marriage. Their mother passed away in 1941.

Mr. Blevins and Mrs. Mary Julia Hale, who survives him, were married May 3, 1946.

Officers Elected At Methodist Youth Fellowship Meet

The following officers were elected at the meeting of the Methodist Youth Fellowship in the Methodist Church on Monday, May 16: President, Sue Smith; Vice-President, Jean Alford; Secretary and treasurer, Bunky Hargrove; and Publicity Chairman, Sidney Glenn.

Commission Chairmen were elected as follows: Worship and Evangelism, Barbara Lee; Pledge Secretary, Wanda Yarbrough; Recreation, Jim Grantham; Membership, Wilma Trice; Song Leader, Kathryn Fleenor; Community Service, Sue Waller and Missions and World Friendship, Irene Hamner.

The M. Y. F. had a weiner roast on May 19 in the home of Bunky Hargrove.

Ralph Brock Opens Active Campaign For State Senator Of 30th District

Ralph Brock, navy veteran and former County Attorney of Lubbock County, Texas, today opened his active campaign for the office of State Senator for the 30th Senatorial District with the following statement:

"I take this means of submitting to the people of the 30th Senatorial District, my candidacy for office of State Senator. With the realization that this is one of the most important offices within the gift of the people, I feel that I should give to every voter certain information concerning my background, experience and program in order that they may have a basis on which to determine their choice.

"I was born on a farm in Crosby County, Texas, December 2, 1915 and I have been a lifelong resident of this district. I received my education in the Lubbock public schools, Texas Tech and the University of Texas Law School where I graduated in 1938 and was licensed to practice law. In 1940 the people of Lubbock County honored me by electing me their County Attorney in the first primary over two opponents. They re-elected me in 1942 without opposition.

"In 1942 and soon after Pearl Harbor, I waived my deferred classification and volunteered as Apprentice Seaman in the V-7 program of the Navy. I resigned the office of which I was elected and relinquished my legal right to the salary thereof. I was on active duty for forty months and spent twenty months in the Pacific aboard a seagoing tug where I advanced to the rank of Lieutenant and was recommended for command.

"Upon my separation from service I returned to my home town of Lubbock and resumed my practice of law.

"To the end that you may better understand me and the things I propose to do, I submit the following statement:

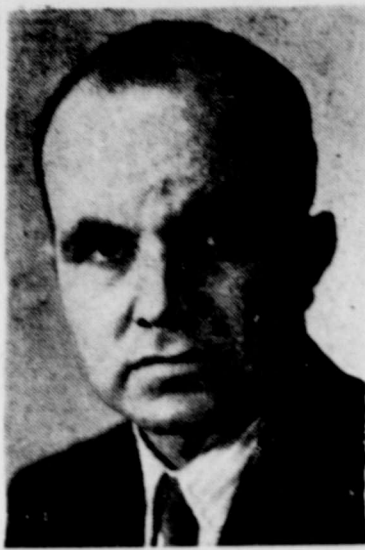

Beliefs and Program

"I believe that your Senator should be a fighting Senator. Although the legislative process sometimes makes it necessary to trade and to compromise, I will never trade my vote in the Senate for personal gain, nor will I compromise against sound principles, good morals or the interests of those who have, by their faith in me, elevated me to this high and important office. But, when all honorable efforts at compromise have failed to bring about a fair result for our district and the battle line is drawn, I believe that your Senator should have the ability and the courage to stand on the floor of the Senate and with vigor and with fire prosecute and defend the rights of the people he represents.

"I believe that your Senator should fight for fair and equal representation.

"I believe that your Senator should have the ability to wage a strong battle to keep our underground water under local control and away from down state control. We want a man who will do more than vote against this dangerous measure; we want a man who can and will fight against it.

"I believe in and will fight for Texas Tech, the Schools and

Ralph Brock

Teachers. Their operation and work should not be hampered by inadequate appropriations and salaries. Continued discrimination against Texas Tech and West Texas must be vigorously challenged.

"I believe that your Senator should introduce a resolution for submission of a constitutional amendment to nullify and repeal the recent 'College Building Amendment' which threatens to throttle the growth and development according to need of Texas Tech and other state colleges unless it be ruled invalid by the courts.

"I believe in and will work for an adequate system of farm to market roads and soil conservation.

"I believe in and will work for liberal old age assistance justly administered, and for adequate support of our Eleemosynary Institutions.

"I believe that the time limit on and infrequency of legislative sessions is the reason for hasty, poorly considered legislation—such as inadequate appropriations for rural aid to schools and the law, recently repealed, forbidding husband and wife to teach in the same college—or the lack thereof—such as redistricting. I believe that the legislature should convene every year and stay in session until the people's business has been properly disposed of. The best guarantee of a government of the people is a legislature that stays in session long enough to know and to feel the force of the people's will."

If you believe that I am the type of man that you want for your State Senator, I will deeply appreciate your vote and active assistance in this campaign.

VISITING HERE

Mrs. S. D. Barley of Wichita Falls, Texas, is visiting here with her daughter, Mrs. C. P. Monroe and family. Mrs. Barley attended graduation exercises of the 1948 class of Morton High School, of which her grandson, Merle Monroe was a member.

ATTENDED DALLAS MARKET

Jack Rice, manager of Cobb's Department Store, and Mrs. W. A. Johnson, manager of the ladies ready to wear department at Cobb's, attended market in Dallas this week.

NOTICE OF TIME AND PLACE OF HEARING AND SHERIFF'S NOTICE

STATE OF TEXAS VS. NO. 118

W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Townsite Company and J. T. Russell

In The County Court of Cochran County, Texas, May Term, A. D. 1948.

On this the 14th day of May A. D. 1948, J. B. Knox, W. E. Angley and Fred B. Brock, Special Commissioners, appointed by the Court to assess damages owing by the State of Texas to the defendant's by reason of the construction, reconstruction, and opening of Highway No. F. M. 395, upon, across, and through certain real estate described in Plaintiff's petition, reference to which is here made, to which real estate the fee simple title is in the said W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Townsite Company and J. T. Russell as is more fully set out in said petition of the State of Texas, acting by and through the Commissioners' Court of Cochran County, Texas, vs. W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Townsite Company and J. T. Russell

filed with the Honorable County Judge of Cochran County, Texas, on the 12th day of May, A. D. 1948, said Commissioners having been sworn to assess said damages fairly and impartially, and in accordance with law, do hereby appoint as the time and place for hearing said parties on the matter, the Office of the County Judge of Cochran County, Texas, at Morton, Texas, in said County on the 28th day of June, A. D. 1948; a copy of this order shall be served upon W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Townsite Company, and J. T. Russell, together with the unknown spouses of each of said defendants who may be married, and the unknown heirs of each of said defendants, their heirs and legal representatives, (and each of them respectively), and service thereof shall be notice to said Defendants(s) and each of them, to appear at said time and place at Ten o'clock, A. M., at the Court House for the purpose of offering any evidence they may desire as to the amount of damages to be assessed against the State of Texas, and to be paid to the said W. E. Dennis, Nelson W. Willard, C. B. Hudson, Lone Star Townsite Company, and J. T. Russell, (and each of them respectively) for the right-of-way and strip of land described in said Plaintiff's original petition filed with the County Judge of Cochran County, Texas.

WITNESS OUR HANDS this the 14th day of May, A. D. 1948.

J. B. KNOX
W. E. ANGLE
FRED B. BROCK
Special Commissioners.

LOOKING AHEAD

By George S. Benson, President, Harding College, Searcy, Ark.

A DEBT TO PROFIT

America has become rich and powerful, with high wages and the best living conditions in the world, because of good profits. When I say America, I refer to the people in America. All the people in this great country owe much to this system that allows profits to be made and used. When we appreciate that fact, it is possible to see the dangers that exist when we do things that limit profits or keep them down.

For example, today inflation has reduced the buying power of profits by about 40 percent from what they were a few years ago. On top of this, profit has been reduced in many industries. Many businesses made smaller profits in 1947 than in 1946. Quite a few are not making enough profit to replace worn-out tools and machinery. Others are borrowing heavily. Those that borrow do so because they find they have to borrow.

Question of Risk

An industrial enterprise can only borrow, however, on the basis of anticipated profits. "Profits do not come, then the future of that business is jeopardized. Nobody wants to lend it any more money then. The banks aren't interested. No one wants to buy any of the company's stock. It's a poor risk. So what happens? The machinery wears out. Wages hit rock-bottom. Workers drop out, top executives take jobs in better companies.

Presently, the business is bankrupt. That way, it is a liability on the community, of no use to America. It no longer contributes to America's growth and to our good living standards. Every company that has to go broke for lack of profits puts a blight upon the record that belongs to America. Yet, right here in America we are today actually jeopardizing future jobs and future prosperity in the nation by bringing profits down too low.

Rails In Trouble

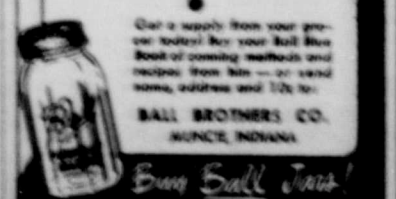

For example, the railroads cannot possibly replace their old equipment by depending upon their profits. New equipment like streamlined trains, latest model locomotives, lots of heavy equipment and modernization—all these things call for money. Profits aren't enough. Therefore, railroads must borrow. But suppose they do not make enough profits to repay the loans? These things keep the railroads in constant danger.

The need for investment and for new capital is so great that many industries right now are investing more than their total profits. Of course, they are expecting present conditions to be temporary. They make huge investments, without regard for present profits, only because they expect conditions to improve and better profits to come in later. Actually, this simply means that profits in 1947 (which look tremendous in figures) were much too small.

Crosbyton Rodeo Boosters Visited Here Wednesday

A motor caravan carrying approximately fifty Crosbyton people visited in Morton for a short time Wednesday, May 19, advertising the First Annual Crosbyton Rodeo being held on May 28, 29 and 30. An invitation was extended to the people of this city to attend.

Crosbyton has just completed a new \$25,000 rodeo plant, said to be one of the finest in West Texas. Evening performances are scheduled for Friday and Saturday, May 28 and 29, and a matinee Sunday afternoon at 2:30 p. m. The show is approved by the Rodeo Cowboys Association, with large cash prizes being offered.

In addition to the regular rodeo events, many special attractions have been arranged for each performance. These will include trick riding and roping, animal acts and a rodeo clown. Dances will be staged Friday and Saturday nights following the rodeo.

Morton also was invited to enter a contestant in the Cowgirl Sponsor contest. These young ladies will be given special recognition and valuable prizes awarded the winners.

A group of entertainers who accompanied the boosters presented a short program during the 30-minute stop here.

3 Major Disasters In 43 Midwest Counties Helped By Red Cross

The rebuilding of lives and homes as the result of 13 major disasters in 43 midwest counties during March and April has, to date, accounted for over one-half million dollars in American Red Cross funds and the services of 63 full-time national Red Cross workers, according to a report received here today by J. L. Wind, local disaster chairman.

Winder said that the report shows that 77 persons died and were injured in floods, tornadoes, explosions, and fires that occurred in the seven-week period beginning with the Centralia, Illinois, explosion of March 18 and ending with the May 3 tornadoes at McKinney, Texas, and Tishomingo, Oklahoma. Although a total of \$556,310.96 has been committed for the rehabilitation of disaster victims so far, the total will be several times that amount, the disaster chairman said, most of it going for building and repair of homes which the Red Cross does for families whom disasters leave without enough resources to rebuild their own dwellings.

Highest commitments to date are in the seven Illinois and three Missouri counties struck by floods and tornadoes in mid-March. In Bunker Hill and Gillespie, Illinois, devastated by a tornado March 19, there still remain 36 persons with serious and long-term storm injuries whose medical financing the Red Cross has undertaken as part of its rebuilding job. Many of the 295 injured in the tornado area suffered fractured spines, cracked pelvises, and fractured hips, the report

Here's what the
*** FARMALL SYSTEM**
means to
YOU!

For handling two 14-inch plow bottoms and comparable work, FARMALL M (above) is the choice.

The Farmall System of Farming is an American institution. Its roots are in the soil... on your farm, on the farms of your neighbors. To increase productivity and speed up field work, look to the Farmall System for the answer. A Farmall Tractor and matched machines can mean greater operating economy and efficiency on the family farm—and that brings better living!

Five basic models make up the Farmall lineup. There's a size for every farm, an endless selection of Farmall equipment to work in every crop and soil condition.

The answer to the power problem on your farm can be found in the Farmall System... and we have full details on the model that fits your farm.

Left: Farmall Super-A offers hydraulic Farmall TOUCH-CONTROL and new "combustion control."

E. L. BANKS Co.

* FARMALL is a registered trade-mark. Remember—Only International Harvester builds Farmall Tractors.

Smaller member of the Farmall Family is the Farmall Cub with matched Cub equipment.

Tribune, Morton, Cochran County, Texas, Thursday, May 27, 1948
THE OLD NIGHTMARE! By Mackenzie

states. To date, the organization has committed \$379,575.56 in the tornado area where the work of rebuilding and repairing scores of homes is well underway.

Other places in the Midwest where disasters recently have left long-term rebuilding tasks for the Red Cross include the North Dakota floods where over \$12,000 has been spent so far for aid; the Red River, North Dakota, and Minnesota floods in six counties where approximately \$3,000 has been spent; the tornado of early April in Wyandotte, Texas, where \$17,000 has been committed; a tornado in the same month at Chickasaw County, Iowa, where \$11,000 has been spent; a flood in Aitkin County, Minnesota, in which about \$5,000 was spent, largely for feed and seed for flood-stricken farmers; a tornado at Sioux Falls, South Dakota, where a preliminary allocation of \$5,000 has been made; an apartment house fire in Mena, Arkansas, on which no financial report is yet available; a tornado in Craig and Delaware counties in Oklahoma, which has called for rehabilitation expenditures of \$3,000 to date; and the most recent storms at McKinney, Texas, and Tishomingo, Oklahoma, where a preliminary allocation of \$50,000 has been made. Of this amount \$8,262.29 has already been committed, \$6,766.48 being spent for emergency feeding of disaster victims and volunteer workers.

Winder said that he was making the report public "in the interest of the public which makes such repair and rebuilding of disaster-stricken lives possible through the money it contributes to the Red Cross each March."

Morton and Cochran county reached fund quota, set by the American National Red Cross, soon after the drive began.

STEAM LOCOMOTIVES

Steam locomotives are generally described in terms of wheel arrangement, that is, a 2-8-4 locomotive would be one with two wheels or a leading truck, eight driving wheels, and finally, a trailing truck with four wheels.

It's Leap Year, Girls!

First girl in our town to "get her man" on Leap Year was the Cuppers' daughter, Jane, who wed Bill Webster's boy last Saturday.

When I asked Bill Jr. if it was true that Janey really did the proposing, Bill said: No, but she made it plain she'd make an ideal wife. Instead of looking for diversion or excitement every evening, she was content to chat beside the fire.

"I could plainly see," says Bill, "that we'd really have a happy home life—which is just exactly what I want from marriage."

BOYCE HOUSE 'Gives You Texas'

Sleep is a mystery. Someone said that man spends one-third of his lifetime asleep and yet fears to die.

But the mystery of sleep is its perverseness. Shakespeare has a cure-worn king declaim that slumber comes to the lad atop the giddy mast when to nod even a moment may mean death but avoids the couches of monarchs.

Shakespeare by no means exhausted the possibilities. For example—why is it that I can sit in an uncushioned chair in the reading room of a public library and drop into a doze; or can, after the cold boiled ham and insipid apple pie of a Rotary Club luncheon, find my head grow heavy and suddenly "come to" with the realization that I have been snoozing while the speaker of the day was saving the world—and yet, let me lie down at night on a bed in a hotel room which I am paying \$4 and I have had a hearty dinner, if the man in the next room is talking over the phone and his voice comes dimly through a wall, it keeps me awake?

I can sit bolt upright in a Pullman car seat—which is as unyielding as a law of the Medes and Persians—and, in broad daylight, I can slumber. But when the porter has made down the berth and I am arrayed in pajamas and all is dark, lo! sleep is far away.

But if I am driving at night, I may become so drowsy that I have to thrust my head out the window in the cool air, stop at a roadside cafe and drink a cup of coffee but still have to fight against falling to sleep at the wheel and so give up and stop at a hotel—and then become wide awake until almost dawn.

Why can't I go to sleep? But don't try to tell me; probably I'd be asleep before the explanation was half finished.

TO SAN ANTONIO

Mrs. Roy Hill left Tuesday for San Antonio to be with her daughter, Mrs. Autry Been, who was operated on for appendicitis last Friday afternoon.

FROM LUBBOCK

P. J. Ausmus of Lubbock visited in Morton last Wednesday, May 19. He formerly lived in this community.

When tea was first used in the United States, some people ate the leaves with butter and threw the brew away.

Soil Conservation District Notes

Fred W. Collins

The Cochran-Yoakum-Terry Soil Conservation District has seeded fifty acres of abandoned cultivated land to native grass on the A. C. Chessher farm, about fifteen miles northeast of Morton, this past week.

The Airport is now being drilled to Weeping Lovegrass, Sand-love, Blue Grama, Side Oats Grama and Buffalo grasses. The weeds will be clipped as necessary, throughout the year, to give the grass seedlings sunlight and more moisture.

Locations for irrigation wells have been made by the Soil Conservation Service personnel for W. G. Yates; E. C. Wynn; W. M. Neinst; R. Z. Dewbre; Emert J. Rose; Earl Crum and Floyd Rowland. This will be Rowland's second well. Mr. Greener, who lives northeast of Morton, completed his third well last week and is now drilling on his fourth well. Yates and Dewbre have both completed their wells.

Contour lines were recently established for O. B. Huckabee and L. E. Ruthardt. Lonnie Hooper, who lives six miles southeast of Morton, has constructed 4500 feet of large ridge type terraces with the aid of the county maintainer. These terraces have a thirty foot base with a ten foot flat crown. Mr. Hooper plans to list, plant and till his crops with the terraces. By keeping all tillage operations on the contour more moisture will be conserved for future crop growth, consequently more dollars per acre.

Livestock Life Lines

The boar is the principal spreader of swine brucellosis.

A pullet will drink about 6 ounces of water on a hot day.

Swine fed too much soybean meal may develop iodine deficiency.

Boiled linseed oil, given internally to animals, can cause fatal lead poisoning.

Fortifying sheep rations with cobalt and iodized salt is a promising means of cutting down lamb losses on some farms.

For controlling nodular worms in calves, pasture rotation and barn sanitation are more effective than drug treatment.

Horses often contract swamp fever by consuming infected feed and water or through bites from insects that carry this disease.

Animals which graze on sweet clover, buckwheat, sudan grass, or certain kinds of weeds and shrubs become allergic to sunlight.

Recent scientific experiments have shown that it may not be profitable to use sex hormone preparations for fattening and tenderizing turkeys.

Cattle are less susceptible to forage poisoning than horses, because the compartment-like digestive system of cattle tends to subdue the poisonous properties of some feeds.

TEXAS TECH ADMITTED FOR MEMBERSHIP IN AMERICAN STUDENT HEALTH ASSN.

Texas Technological college has been admitted for membership in the American Student Health association, Dr. E. R. Rose, director of the college program, has been notified.

The college was elected to membership during the recent annual convention held at Detroit, Mich., after a report at the meeting showed that Texas Tech meets council standards. There are 218 colleges and universities with student health programs in the American association. Dr. Rose represented the college at the national convention.

Missionary Baptist Church

THE SOON COMING OF CHRIST (Article 12)

THE JUDGEMENT
After noticing the many things that we have, surely we must consider the Judgement as we think of the coming of Christ. There are many Judgements mentioned in the Bible but we only have space to mention part of them. Let us notice them in connection with what God's word says about them. 1st., the judgement of the believer. All Christians are judged in Christ; John 12:31, John 5:24, and Rom. 5:9. Many other scriptures could be given but this will begin the

study for you. When Christ forgives sins, He forgives them forever, and He will stand before God in our behalf. 2nd. The Judgement of the Believer's works. In 2 Cor. 5:10, "For we must all appear before the judgement seat of Christ; that every one may receive the things done in his body, according to that he hath done, whether it be good or bad." Here we find that the Christian will be judged before Christ. 3rd, the Judgement of Nations; Matt. 25:32, shows this Judgement and this will be no time of fun, the Judgement of the wicked dead; Rev. 20:11-15. Let us notice the horror of this judgement.

John said, "And I saw a great white throne, and him that sat on it, from whose face the earth and the heavens fled away; and there were found no place for them. And I saw the dead small and the books were opened, and another book was opened, which is the book of life; and the dead were judged out of those things which were written in the books, according to their works." It would be useless for us to assume that this is the judgement of christian people, for these that are being judged have just arose from the dead. The christian's arose a thousand years prior to this time and are not even represented here. This is the wicked dead, that are being judged. Let us notice this face; the pure and trodden down man that was not a christian was there. The rich man and even those that are in-between, that are not christians are there. The small and great; can you imagine such a thing taking place. They all look alike to God and they have sealed their own judgement by saying no to our Lord. Brother do not get the idea in your mind that you can just join a church, or even climb to the top round of the ladder in society and escape hell. If you have not been born again, or had your robe made white in the blood of the lamb, you already have your ticket for hell. If you are in that position, why not get it changed while you can. The things of this world are destructive both to the Soul and Body. The things that are of the Lord will bring about the salvation of the Soul and Body.

John's Hopkins University is in Baltimore, Md.

McMurry College Dormitory To Be Finished By June

ABILENE—Bricklaying of the \$300,000 Gold Star Memorial Dormitory, shown in accompanying picture, will be completed by June 1, according to Dr. Harold G. Cooke, president of McMurry College.

The structure, built in memory of Methodist youth from Northwest Texas and New Mexico who died in World War II, will house 175 young men. Another building—President Hall—is of similar size and almost exactly like it and houses 150 young women at McMurry. Between the two dormitories is located the \$135,000 Iris Graham Memorial Dining Hall, completed last year.

Work on the interior of the Gold Star dormitory will begin within a few days and should be completed some time before the opening of the fall term next September. It will provide adequate accommodations for men students of the college, Dr. Cooke added.

Enochs H. D. Club Meeting Held In Autry Home Thurs.

Enochs Home Demonstration Club met Thursday, May 13 with Mrs. J. E. Autry.

During the regular business session reports of 27 garments completed and several gardens planted were made. A thank you card from Mrs. Bill Dick was read.

Members of the club decided to present a play at the Bula school, Tuesday night, May 18.

Three new members, Mrs. M. B. Short, Mrs. J. P. Ford and Mrs. Jack Powell were welcomed as new members.

Ice cream and muffins were served by the hostess to three visitors and 17 members.

Mrs. Arnold Archer will host the club on May 27. All members urged to attend.

Willie Ray Zuber Entertained With Chicken Dinner

Miss Willie Ray Zuber entertained a group of friends with a chicken dinner in the home of her parents, Mr. and Mrs. A. Z. Zuber on Friday evening, May 21.

After dinner the group of young people were entertained with musical recordings. Guests were: Misses Clara and Dorothy Taylor, Doris Sue Lindsey and "Skeet" Smith.

Joe and Lois Igo, David Rozell, Winston Jerden, Daryl, Vern and Merlin Roberts, Roy Dean Hill and Mark Daniels, Ft. Worth.

GUESTS IN ENGLAND HOME

Mr. and Mrs. Leroy Flinn of Levelland were week-end guests of Mr. and Mrs. Carl England. Among other guests Sunday in the England home were Dr. and Mrs. H. P. Redwine and three children, Harriet, Danny and David of Snyder, Texas.

Is Written In The Soil!

Productivity is our greatest natural resource. Because it lies within the top few inches of the surface, it is easily mined. . . .

Our unique system of free enterprise allows us to produce more food, more fiber, more fuel, more everything. The first of which is to retain and improve that system that has made America great! To achieve this aim we must give more serious attention to the welfare of our public schools, work cooperatively together to avoid the necessity for restriction, cherish more dearly our personal liberty. We must recognize sound soil conservation measures as the production boosters they are! A just but unrelenting Nature has conquered other nations that have ignored this fact. You must do your share in conserving the land on your farm for yourself—your children and your children's children.

Men who plan beyond tomorrow know that modern methods of agriculture will assure posterity of fertile, productive soil. That's why more and more progressive farmers demand MODERN MACHINES, TRACTORS and POWER UNITS to put conservation plans into operation. They know that the MM trademark is the recognized symbol for quality. Modern Machines of proved dependability and economy. . . .

Grasshoppers Threatening U. S.

County Agent

One of the worst grasshopper infestations ever known is threatening the entire United States. In recent surveys there appears to be a large quantity of the hop-eating varieties not commonly found in this county. In the particular survey made in the breeding area of the south-

west part of Cochran county 150-500 hoppers were counted per square yard. Multiply these figures by the total breeding areas in the county and an idea of the infestation possibility can be calculated. Grasshopper bait is very effective this time of year and will go a long way toward control of the

Measures For Johnson Grass Control Given

County Agent

To clarify the Johnson grass control program the following comments are passed on to interested farmers:

The most effective control of Johnson grass, other than continuous cultivation, is the use of chemicals. Both atlatide and chlorine of soda are effective. Either can be applied as a spray or in the powder form. Spray is faster, as it goes to work immediately but when put on in its dry form a rain must fall before the chemical action sets in.

Either of the two forms of chemical requires about 3-5 lbs. per square rod. When used as a spray it should be mixed one pound to one gallon of water. Definite instructions are placed on the container of chlorine of soda and they should be carefully followed, because it contains a volatile substance that dries on clothing and shoes and has an effect similar to phosphorus.

These chemicals produce a temporary sterility of the soil, therefore cultivation of crops on the treated plots cannot be expected under 30 days. It is suggested that farmers having plots to be treated wait until their crops are laid by.

pests. Bait should be put out early in the morning, before the sun is up, so that moisture will be retained for two to three hours and before the hoppers start moving. The grasshoppers will move before the grass gets dry in the morning and go into the young growing crops.

A grasshopper bait mixing station will be set up within a week in the county, either at Morton or Whiteface. A man will be employed to mix and distribute bait to all farmers who want it. The bait should be secured in the wet form in the afternoon for spreading on the infested areas the following morning. All farmers should put out bait at the same time to secure the best results. The bait should be put in the low places in pastures, on the lake lands, in buffalo wallows and marginal grass land joining the fields or wherever the hoppers may be found in quantity.

Between now and June 20 is the most effective time for poisoning the insects. The County Agent has requested a shipment of wheat bran, sawdust and sodium fluosilicate, which is due this week.

DECORATION DAY

By COLLIER

357 A. Of School Land In Cochran To Sell July 6th

Bascom Giles, Commissioner of the General Land Office of Texas, has announced that approximately 357 acres of Public School Land in Cochran County will be offered for sale to the highest bidders July 6.

Over 400 tracts located in 60 counties have been listed for sale to the public through sealed competitive bids to be opened in the General Land Office in Austin at 10 a. m., July 6th.

As soon as available, pamphlets describing the location, size, classification and minimum bid acceptable to the School Land Board will be sent on request to all interested persons. Instructions on methods of submitting bids and application-to-purchase forms will be included, Giles said.

MR. and MRS. W. W. WILLIAMSON returned Tuesday night from San Antonio, Texas, where they attended a banker's convention.

Watkins Expected For Visit With H. S. Hawkins Family

Mr. and Mrs. R. B. Watkins and son, Jimmy of Nashville, Tennessee are expected this week-end to visit in the home of her parents, Mr. and Mrs. H. S. Hawkins, other relatives and friends.

The Hawkins family will meet them in Amarillo, Saturday. Mr. Watkins is pastor of the Humphrey Street Methodist Church in Nashville. He also attends Vanderbilt University where he is studying for the degree of Doctor of Divinity.

Mrs. Watkins is Home Economist for a Public Utilities Company in Nashville and appears weekly on a Nashville Radio program in the capacity of cooking and home making expert.

ST. CLAIR'S Department Store

-- annegrams -- by ann england --

Well—we've had this page marked "ae 1" in and out of the typewriter for so long it is nearly worn out. This certainly is one of our "un" instead of inspired occasions.

On top of everything else we have had this column written and on the hook by Monday for the past two or three weeks and both Bill and the spouse have come to expect it.

Just because we were scared was no particular reason for alarming our friends with that little note in Tribune last week to the effect we were going to hospital et cetera. However after receiving numerous long distance calls, telegrams and cards we gratefully realized that we did have a flock of friends who were actually concerned about our welfare.

Not being satisfied with long distance communication our friends, the Redwines, made a trip up here Sunday to see about us. Besides being enchanted to see them and their three lovely children we were terribly flattered.

However the removal of an unnecessary chunk of hide for laboratory examination purposes didn't bother us too much and we were back on the job Friday. It was the mental anxiety and not the lump that caused all the disturbance.

Lately tho it seems to take a retinue of doctors, dentists, chiro-

podists, nurses, cosmeticians and corsetiers to keep us repaired and going—sometimes we wonder if it is worth it? We overheard Dr. Dove telling Dr. Monk, "be sure and learn a little something of plastic surgery while you are studying in Houston as Ann will want and need a face lifting job in a year or so."

Up until the past few months tho we have been disgustingly healthy, so it seems we shouldn't complain if such colossal good luck does not go on forever.

The two occasions we have been a patient in the local hospital we have enjoyed it so much (that is after we decided we were going to live) that they have trouble getting us to go home.

Lots of women have crushes on their doctor—we are no exception to the rule—and our doctor has a sweet, pretty little wife (Alice) to whom we are devoted. Alice always stands by to hold our hand. Then too there are the other lovely nurses, including Mrs. Monk and Mrs. Cross, the latter gives the anesthetics for the hospital and we must say she is a whizz. Actually there are so many of the nurses popping in and out of ones room that we do not remember all of their names but we will never forget their individual kindnesses to us.

We would be afraid to write all about "Our Operation" except for the fact that the spouse said we had been so silly lately he'd quit reading ae—not that he ever

-annegrams presents-

David Michael Todd, son of Mr. and Mrs. D. C. Todd. Michael is eighteen months old. He recently won a prize in a better baby contest conducted at Slaton, Texas.

did much anyway.

Monday afternoon we went out to Mrs. Riley's for Gloria Jo's party. Everything was so nice and the best refreshments. The Riley home is set in a cool grove of Elm trees.

Couldn't tell who was enjoying opening the gifts more, Gloria or her mother, but both were beaming.

Gloria will be missed around here when she moves to Ft. Worth as Mrs. Taylor. Her fiancée is flying out here Saturday afternoon for the wedding that evening. She looked mighty pretty in a two piece stonecutters cloth dress and green slippers.

Mrs. Hodges had on a dark blue sheer with touches of white. She is so young looking to have a grown daughter.

Mrs. Rolly Hill is another attractive matron, she was wearing a spring print with touches of ruffling trim. She has the prettiest blue eyes.

Mrs. Seryl Reed is a beautiful brunette—alho we do not see her often we have been admiring her ever since we came here.

Little Jackie Neal Brown amused us no end when he asked some one to ask him the name of his dog. His answer was "Nothing" and it seems that is really the dog's name.

We have been told that the ladies rest room in the court house is in bad condition. The rest rooms in the court house are comparatively new—wonder how they get in bad conditions so fast? People who come here to trade expect to find clean public rest rooms.

The offending thing we have noticed especially on the square is that awful old wire incinerator on the east walk. The burned papers blow all over the streets making quite a mess.

The beer cans and broken whiskey bottles don't add anything to the looks of the square either. Funny how much more consumption of alcoholic beverages seems to go on in dry areas than in wet.

Bill Crome, good looking blonde chap, who works at Piggly-Wiggly, drives a nice looking Mercury Club Coupe. We never have seen him with a gal—don't know whether he has one or not.

Bill's brother, Manny Crome at the post office gets a daily scolding from us because he does not fill our box with letters.

The beam letter sent out by the Chamber of Commerce previous to the last meeting contained a poem we felt very appropriate.

Your Town And You
If you want to live in the kind of a town
That's the kind of a town you like.

You needn't slip your clothes in a grip
And start on a long, long hike.
You'll find elsewhere what you left behind.

For there is nothing that's really new.
It's a knock at yourself when you knock your town.
"It isn't your town—it's you!"

Real towns aren't made by men who are afraid
Lest somebody else will get ahead.

When everyone works and nobody strikes
You can raise a town from the dead.
And while you make your personal "stake"

Your neighbor can make one too.
Your town will be what you want to see,
"It isn't your town—it's you!"

Miss Gloria Jo Hodges Honored At Pre-Nuptial Tea Held In Riley Home

Members of the Friendship Club entertained in the home of Mrs. Virgil Riley, Monday afternoon in honor of Miss Gloria Jo Hodges, who will be married Saturday to P. W. Taylor.

Mrs. Riley assisted by other members of the club received the guests.

The many useful and beautiful gifts received by the honoree were on display in the dining room.

Arrangements of Sultana blossoms and other spring flowers were placed at vantage points throughout the house.

Refreshments of punch and cake were served to the following guests:

Mesdames Loris Tanner, M. C. Ledbetter, Melina Dawdy, Ruby Hill, Juanita Brown, Harold Webb, J. C. Wylie Carl England, J. A. Gowdy, Carl Macon, Hume Russell, C. M. Cravy, Harvey Blackstone, Tom Brown, Beryl Reed, Clyde Cravens, O. D. Ches-shir, T. C. Hodges, J. H. Rhyme, George Igo, Beulah Woods, B. E. Deavers, Olan Harris, Andrew Es-sary, J. A. Love, Miss Helen Hodges and Miss Mabel Ann Manley.

Sending gifts but unable to at-

tend were: Mesdames Paul Arnold, James St. Clair, Jake Johnson, J. C. Reynolds, Paula Robertson, Tone Young, Bill Mills, Chester Strickland, N. H. Steed, Vernon Steed, Gene Huggins, Frankie Day, Mary Graham, Lou Ray, Joe Gips-son and Yvonne, Glenn Thomp-son, W. E. Grantham, Merlene Daniel, John Lloyd, Henry Ches-shir, Hazel Milton, W. M. Harry-man, Raymond Hoffman, A. D. Forehand, J. O. Mills and Miss Hazel Mills.

W. C. WRIGHT ATTENDED SOUTHERN BAPTIST CONVENTION IN TENNESSEE

Rev. W. C. Wright attended the Southern Baptist Convention in Memphis, Tennessee, last week-end. He accompanied Dr. B. P. Maddox of Clovis and returned by plane to Lubbock.

H. S. Hawkins Home Scene Of Bridal Shower Honoring Miss Doris Alford

The H. S. Hawkins home on First was the scene of a bridal tea-shower Friday afternoon, May 14, honoring Miss Doris Alford, bride-elect of L. J. Enoch.

Hostesses were three school girls of Miss Alford and their mothers: Mrs. H. S. Hawkins, Mrs. Wesley Lackey, Mrs. Dona Doughty, Misses Grace Ann Hawkins, Jo Ann Lackey and Virginia Lee Doughty.

Decorations in the entertaining suite consisted of arrangements of spring flowers. The arch between the living and dining room was covered in blue and bore the announcement, "Doris and L. J., May 25, 1948."

Misses Doris Wages and Betty Monroe sang "Always" and "So Far." Miss Jean Alford read the story of Doris and L. J.'s courtship.

Guests registering were: Mesdames J. B. Passmore, R. E. Wadell, E. L. Willis, Wendell Watson, R. C. Ross, J. W. McDermott, Carl Macon, J. D. Hawthorne, Carl Alexander, H. A. Nebhut, L. J. Enoch, W. S. Ingram and J. W. Alford. Misses Doris Wages, Betty

Monroe, Nell Brown, Peggy Lilljedahl and Jean Alford.

Sending gifts but unable to attend: Mesdames P. B. Ramby, Lee Taylor, Walter Taylor, Gayle Bishop, Cliff Davis, W. W. Smith, John Holloman, Lem Chessher, Joe Gipson, C. L. Taylor, Willard Henry, M. B. Lane, J. F. Lackey, J. T. Porter, Gene Hamner, C. A. Moore, E. P. Farmer, Kenneth Cass, L. H. Drum, Wayne Alkey, Hume Russell, Andrew Essary, M. C. Ledbetter, Mary Gowdy, W. W. Williamson, Ermon Miller, D. E. Benham, Reba Farmer, C. M. Cravy, Forrest Martin, Carl Ray, Paul Robertson, and Misses Geneva Famuliner, Clara Taylor, Lanora Jackson, Lois Ruth Hawkins, Katherine Rush, Edwina Williams, Jean Lackey, Wilma Heflin, Patsy Brock and Minnie Mildred Monroe.

CONVALESCING

Virgil Riley is convalescing at his home south of town following surgery performed at West Plains hospital last Friday afternoon.

VAN GREENE spent the weekend in Wichita Falls, Texas.

Small-Fry Ocean

NEWEST and safest of wading pools is this clear Vinylite plastic pond that is easily inflated by either lung or bicycle pump power. Made entirely of plastic, its three cushiony rings protect young tots from bumps and scratches. Brilliant blue fish and sea horses painted on the inside give a salty touch to this

pint-sized sea. Between splashing sessions the pond folds into a small flat bundle that can be tucked away in almost no space at all. Its heavy duty plastic requires no special care and will not crack, peel or stick together even when folded and stored for long periods of time.

Tribune, Morton, Cochran County, Texas, Thursday, May 27, 1948

shows. Stock from the Lightning C Ranch in Dublin, Texas, will be featured. This World's Championship Rodeo is the same that has attracted thousands of spectators at Ft. Worth, Houston, and Madison Square Garden.

The nightly shows will highlight raw-boned action, for Colburn matches some of the most able cowboys and riders in the business, with some of the fleetest horses, meanest Mexican steers, and toughest brahma bulls in the U. S.

The Lightning C. Ranch in Dublin is not only Rodeo headquarters; it is the home of the largest herd of Texas longhorn steers in existence. These prized steers will appear in one of the

rodeo round-up scenes.

A number of new acts are included in this year's program, to be held in the new Clifford and Audrey Jones Stadium at Tech, with plenty of clear-view seats for everyone. Tickets can be obtained from the ABC Rodeo Ticket Office, Hilton Hotel, Lubbock, Texas.

CAP ODEN RETURNS FOR VISIT WITH SON AND FAMILY

Mr. George W. (Cap) Oden returned recently from Crosbyton. He is at home here with his son, Elra Oden, and family.

The senior Mr. Oden has been in poor health for some time but is somewhat improved now, members of the family reported.

Weekly Cotton Market Review

Southwestern Area
(Texas and Oklahoma)

Spot cotton markets were more active during the week. Sales were up and prices remained about unchanged. Domestic mill demand was slow. Export inquiries were good. Moderate to light rains were beneficial especially in west Texas and southwest Oklahoma. Cotton made very good progress in central, eastern and southern counties. Blooms were prevalent in extreme southern areas and squares were forming in the Coastal Bend and adjacent counties. Chopping and plowing is making good progress in the central and eastern areas. In northwest Texas and western Oklahoma planting has been delayed by the drouth and much of the acreage planted has not produced good stands.

The Dallas price for Middling 15-16" on Thursday was 38.05 cents which is about unchanged from last week. The Houston and Galveston prices of 38.25 cents and 38.05 cents compares with 37.80 cents last week and 36.20 cents on the same date one year ago.

Sales of spot cotton in Dallas for the week amounted to 12,593 which was considerably more than the 5,144 bales last week. Sales in Houston-Galveston markets amounted to 7,381 bales which compares with the reported sales of 7,552 bales last week. Domestic mill demand was light but interest in the new crop was good. Qualities mostly in demand ranged from SM through

Lubbock ABC Rodeo Slated To Start June 9th

West Texans by the thousands will have their second opportunity in as many years to see the famous cowboy movie star, Gene Autry, with a personal appearance in Lubbock four nights beginning June 9. Autry stars in the World's Championship Rodeo, opening on that date and continuing through June 12, with nightly performances starting at 8:00 p. m. in the new Clifford and Audrey Jones Stadium at Texas Tech. The American Business Club again will sponsor the show, proceeds of which will be placed in the capital fund of the Lubbock Boy's Club.

The four days of rodeo action will be launched with a huge parade, headed by state dignitaries and other notables. Vehicles of the old West, and appropriate floats will be included in the procession. To date, Price Daniel, Attorney General of Texas, and Coke Stevenson, former Texas governor, have signified they will be among those distinguished persons to be recognized on the opening night's performance.

Gene Autry's appearance will be his second in Lubbock, and one of a number to be made outside of California this year. The western star's famous horse, Champion, Junior, will also perform.

There will be authentic western flavor for each night's rodeo performance. Everett Colburn, manager, is well known in rodeo circles as a producer of top-notch

SLM White cotton of medium staple lengths. Export inquiries were fairly numerous but prices offered were not attractive among local merchants and shippers.

The Japanese Board of Trade has announced intention to purchase a quantity of American Upland cotton. Qualities specified are Strict Middling through Good Ordinary ranging in staple lengths 13-16" through 1-1/8" all White cotton.
