Announce New Classes For County Fair

FIRE PLUG GOING IN—Shortly after the laying of new water pipe began in the southeast part of town last week, this new fire plug was erected on South Mill Street. Shown placing the plug are H. Anderson (left) truck driver, and W. E. Murray, machine operator's helper. Other workmen in the picture are digging the ditch for the new pipe.—(Staff Photo).

A new development which will assure a bigger and better Garza County Fair came this week when Miss Jessie Pearce, county home demonstration agent, announced that there will be open divisions at the Sept. 11 and 12 event for women who are not home demonstration club members and for girls who are not 4-H Club members.

The articles exhibited in these divisions will be the same as those listed in the fair catalogue for home demonstration club women and 4-H Club girls. Miss Pearce said Fair catalogues may be obtained at the Extension Service office on the ground floor of the courthouse.

Other divisions already announced in the catalogue are 4-H Club and FFA boys, 4-H Club girls and home demonstration club women.

Meanwhile, other plans for the fair, which is being sponsored by the Post Lions Club, are progressing, it was reported this week. The fair will be held at a site southeast of the business district, with the city warehouse being used for exhibits. Livestock exhibits, the midway and concession stands will be on the grounds east of the locker plant.

City of Post equipment has been used to grade and level the grounds and members of the Lions Club have been doing other work at the site in preparation for the event.

The Lone Star Amusement Co. carnival will be on the midway for four nights—the two nights of the fair and two nights before the fair opens, according to Les Short, carnival chairman. A representative of the carnival company was here recently looking over the grounds. Concession tents have been set up. See COUNTY FAIR, Page 8

NEW FRESHMEN SIGN UP—Shown here are a group of ninth grade students being registered by Herbert F. Aduddell (right foreground) and other teachers Friday afternoon in the high school gym. The two girls are Roxane Welch, left, and Barbara Wheatley. The boy at the left is Raymond Gary. To Miss Wheatley's left are Ronnie Kennedy and Howard Jones.—(Staff Photo).

HIGH SCHOOL TOTAL ALREADY ABOVE 1952-53 PEAK

New First-Week Enrollment Records Established Here

Enrollment in the Post Public Schools at noon Wednesday, the third day of the new term, totaled 919, setting a record for first-week enrollment here.

Figures released Wednesday afternoon by Supt. D. C. Arthur, High School Principal Chant D. Lee, and Grade School Principal Ellis M. Mills showed 342 enrolled in high school, 553 in grade school, and 24 in the colored school.

Wednesday's 919 enrollment figure was an increase of 36 over the 1952-53 school year first week figure of 883. At that time 315 were enrolled in high school, 540 in grade school, and 28 in the colored school.

The early enrollment figure indicates that last year's peak enrollment of 976 will be surpassed early in the new school term, officials said. The 1952-53 peak enrollment was 330 in high school, 601 in grade school, and 45 in the colored school.

High school enrollment by grades at noon Wednesday was: 12th, 37; 11th, 67; 10th, 68; 9th, 89; and 8th, 81.

Enrollment at the grade school was: 1st, 107; 2nd, 85; 3rd, 79; 4th, 62; 5th, 96; 6th, 70; and 7th, 54.

The new first grade class of 107 is believed to be the largest in the school's history, according to Mills. He said the class had been divided into four sections, each section larger than

it should be, because of overcrowded conditions. "Altogether, we are crowding 20 sections into an 18-room building with 22 teachers," said the grade school principal.

The second, third, fifth and sixth grade classes are divided into three sections each. An unusually small fourth grade class of 62 pupils has two sections, as has the seventh grade class of 54 pupils.

"If our present trend of enrollment continues, we will enroll from 75 to 100 more pupils before the end of the term," Mills said. He explained that an increase in enrollment is expected.

See SCHOOL OPENS, Page 8

Wolfforth Man Is Speaker At Lions Meeting

Herb Henderson of Wolfforth, zone chairman, spoke at Tuesday night's meeting of the Post Lions Club in the school cafeteria.

Henderson was one of three visitors from the Wolfforth Lions Club at the meeting. The other two were Milton Kirksey, a past president of the club, and G. A. "Sug" Edwards, present Lion "boss."

Joe DeArmond, chairman of the club's grounds committee for the Garza County Fair here Sept. 11 and 12, made a report on grading and leveling of the fairgrounds, southeast of the business district.

City equipment was used to put the grounds in shape. Women's and club girls' exhibits at the fair will be displayed in the city warehouse. On the grounds in that general area will be the midway, featuring the Lone Star Amusement Co. carnival, and Lions Club concessions stands. Livestock exhibits also will be outside.

County Payment Is Made To Schools

Payments totaling \$2,916 from the Garza County available school fund were authorized Saturday at a meeting of the county school board.

The payments were based on \$2 per capita for school children residing in the county. The amount received by each school district was as follows: Post, \$2,238; Close City, \$68; Southland, \$324; Graham, \$122; Grassburg, \$68; Justiceburg, \$58, and Garnolia, \$8.

A total of \$30 was paid to Crosby County for Garza County students who are attending school there. The board also authorized final transportation aid payments for the 1952-53 school year. Members of the county school board are: H. F. Wheatley, chairman; Sam Ellis, E. E. Peel, Mrs. Doyle Justice and Julius C. Fumagalli.

Jury Conviction Results In Fine, Jail Sentence

Fannie Daugherty, Post Negroess, was sentenced to a year in jail and fined \$1,000 in county court last Thursday after being found guilty by a jury of sale of beer.

The State enhanced its case by including a prior conviction on a similar charge, according to County Attorney Pat N. Walker.

Tom Clinton of Lubbock, counsel for the defendant, gave notice of appeal of the verdict.

Members of the jury in the Daugherty case were Don Robinson, L. P. Kennedy, Jr., H. G. Flowers, Truman Maddox, Wesley Northcutt and Floy Richardson.

Another liquor law case on the docket was disposed of when the defendant entered a plea of guilty before County Judge Oscar Graham and was fined \$100 and costs. It was a first offense.

In other cases at the term of court, which opened Aug. 24, Clyde McCain was sentenced to one year in jail after being found guilty of a pistol carrying charge, and an instructed verdict in favor of the defendant was returned in the case of L. C. Frazier on a liquor law violation charge.

In another jury case, Jack Long was fined \$100 after being found guilty of unlawful transportation of alcoholic beverages.

Gridders' Parents Hold Get-Together

The school lunch room was the scene Monday night of an informal get-together of members of the Post Antelope football squad, their parents, and several school officials. Approximately 100 persons attended.

Coach V. F. "Bing" Bingham, who presided, introduced John Christopher, high school vocal music teacher, who presented five of his pupils. Janelle Ticer sang "Indian Love Call," David King, "Old Man River," and Glenda Askins, "Chloe." Janie Gossett played piano boogie-woogie, and Jane Ballentine played "The Bells of St. Mary's."

A motion picture film of the 1951 state high school championship football game between Lubbock and Baytown was shown, with Coach Vernon Ray as projectionist. In a brief talk to the parents, Coach Bingham told them they could rest assured that a boy's physical well-being would never be sacrificed for the sake of a ball game. He also asked the parents' cooperation in the coach's PARENTS MEET, Page 8

TV Program Director Is Speaker Here Tuesday

Post Rotarians were "taken behind the scenes" of a television station at Tuesday's luncheon when Jim Black, station KCBF-TV program director, and Frank Lee, chief engineer, described a few of the operations of getting TV programs on the air.

Black, the principal speaker, brought with him a number of TV "props," which he used to illustrate his talk. These included reels, film, finished pictures, and other items.

"Basically, television is nothing more than a combination of radio and pictures," Black said.

He explained that the difference between film and kinescope programs is that the films are pictures of live subjects, while kinescopes are pictures of pictures of live subjects.

He also described the different types of cameras used, their movement, lighting, make-up, and a number of other operations necessary in getting the programs on the air.

Black said that when TV viewers see the announcers on their sets' screens they see only a few of the many workers. He explained the duties of the director, camera man, radio and video control men, and others.

The chief engineer answered a few technical questions following the program director's talk. In answering one question as to what causes "snow" on sets in this area, he said his station hoped to overcome this in the near future with installation of new equipment which will increase the station's power from 21,000 to 100,000 kilowatts. He said reception in Post is much better than had been expected by the station. "The caprock be- See ROTARY CLUB, Page 8

Rotarians Hosts To Teachers Sept. 8

The annual Rotary Teachers get-together will be held at 7:45 p. m. Tuesday, Sept. 8, in the school cafeteria. It was announced at Tuesday's Rotary Club luncheon by President Chant D. Lee.

This year's get-together, Lee said, will be an informal affair, with ice cream and cake being served. The Rotary membership roster has been equally divided, with half the members to bring ice cream and the other half cakes.

In past years, the get-together has been in the form of a banquet, but is being changed to an informal affair this year in the belief that it will enable more "getting acquainted" by those attending.

Post Roper Takes Top Rodeo Prize

Jack Kirkpatrick of Post rode off with the hand-made saddle Saturday night at the concluding performance of the eighth annual Roby rodeo.

The hand-made saddle was top prize presented to the roper with best time on four calves. His time was 72.8 seconds.

Daytime Vineyard, cowgirl from Kress, took home the girl's saddle, which was top prize in the girls' barrel race. Her total time for two rides was 40.8 seconds.

In Saturday night's second go-round, Jimmy Moore of Post split third and fourth money with Frank Pitman of Albany in saddle bronc riding. Moore was second in Friday night's bareback riding.

The Post Stampede Cowboys won the first place trophy in the parade opening the rodeo Thursday afternoon.

Stampede Cowboys Ride This Afternoon

In what may be their last appearance of the season, the Post Stampede Cowboys will ride this afternoon in the parade opening the three-night Lubbock Championship Junior Rodeo.

The group was to load out at 1:30 o'clock this afternoon and meet at 3:30 at Ave. Q and 40th St. in Lubbock. First, second and third place trophies will be awarded.

The Stampede Cowboys won first place in the parade at Roby last Thursday afternoon.

Post Jaycees Meet Tonight At Levi's

A regular meeting of the Post Junior Chamber of Commerce will be held at 8 o'clock tonight at Levi's Ranch Cafe, according to Jack Rex, Jaycee president. On the agenda for discussion at tonight's meeting are the club's safety reflector tape and lawn reflector sign projects.

September Tries To Start Off 'Rainy'

September tried hard Tuesday and Wednesday to start off as a rainy month, but up to noon Wednesday not enough rain had fallen to be classified as more than a "trace" on the Double U Company rain record sheet here.

A hard, but brief, shower hit shortly after noon Wednesday to add to the traces received Saturday, Sunday and early Wednesday morning.

August's rainfall in Post totaled 1.98 inches, making the month the "wettest" thus far this year. The total for the year is 7.70 inches, more than half of it having fallen in July and August.

Practically all county farmers with irrigated crops have ended watering operations for the season, and cotton is beginning to open over the county.

PMA Committee Is Elected

J. C. Fumagalli and Claude E. Spence were re-elected to the Garza County Production and Marketing Administration committee at Friday morning's county PMA convention, and Will Wright was named as a new member.

Fumagalli was elected chairman of the committee, Spence, vice chairman, and Wright, regular member. During the past year, Spence had served as chairman, and Fumagalli as vice chairman. As regular member, Wright succeeds Glenn M. Davis.

Ray Hodges was elected first alternate member, and Davis second alternate member. Delegates and alternates to the county convention were Henry J. Edwards and Carlton R. Lancaster of Community "A"; George Carpenter and Quannah R. Maxey, Community "B"; and Bruce A. Tyler and Novis N. Rogers, Community "C." The responsibilities of the new county and community committees will be increased for the coming year, according to Mike E. Custer, county PMA office manager. "These officers will have the job of determining farm acreage allotments on any crops placed under allotments for the week.—(Staff Photo).

NEW PMA COMMITTEE—Shown here is Garza County's new Production and Marketing Administration Committee, elected at Friday's annual county convention. Left to right are Will Wright, regular member; J. C. Fumagalli, chairman, and Claude E. Spence, vice chairman. The new committee took office this week.—(Staff Photo).

### Thursday to Thursday

By CHARLES DIDWAY

The Post High School gym was a busy place Thursday and Friday, with dozens of high school students registering for the new term. On the job to assist in the registration were most of the school's teachers, apparently as eager as the students to complete last-minute arrangements for Monday's opening.

It was the grade school pupils' turn Monday, their enrollment coming on the first day of school. The size of this year's class of beginners is being watched with interest by many, since last April's scholastic census indicated that it would be the largest first grade class in the school's history.

In towns and cities where there are swimming pools, the opening of school finds those busy summer recreation spots closing for the season. New pools just completing their first season are those at Falls, Slaton and Taboka. Perhaps it won't be too many summers before the Post Dispatch can report the closing of a successful first swimming pool season.

The city's newest organization is the Post Skeet Club, organized at a recent meeting, with more than thirty members. Officials of the skeet club hope to increase the membership roster to at least forty before seeking incorporation. Shooters interested in joining are asked to contact Oscar Garner, president; Julius Stelzer, secretary, or any of the other officers or members.

Our sports to the west, Tahoka, shared in the neighbor spotlight one day last week when Gorgeous George, one of the nation's top drawing grunt-and-groan artists, stopped at a beauty shop there en route to Lubbock for a Wednesday night match. The Lynn County News reports that the gorgeous one needed some of his curly locks attended to, but that the proprietress, apparently unimpressed by her distinguished visitor, declined on the grounds that the shop's time was all "booked up" for the afternoon.

A salute is very much in order for the Post Lions Club on their work in sponsoring the Garza County Fair here Sept. 11 and 12. Where many organizations would have given up on such a project, considering the crop outlook, the Lions have worked that much harder, with the result that enthusiasm is running high, not only among the club members, but also among the prospective exhibitors and townspeople in general.

While we're in a congratulatory mood, we wish to call attention to the accomplishment of the Post Stampede Cowboys in winning first place last Thursday in the parade opening the Fisher County Fair and Rodeo at Roby. It's another nice trophy for the riders to add to their already-imposing collection, and just about winds up the 1953 riding season.

We've had a number of inquiries in recent weeks as to what's happened to the city's re-mapping project. It's only natural that some of those wanting to know ask us, since we gave the project such a play several weeks ago in our news columns. The project has been

## Thousands Of Young People Are Deprived Of Privilege Of Working During Summer

GLOUCESTER, Mass.—It's a shame that so many young people have been deprived this past summer of the privilege of vacation employment. About the only plentiful jobs this summer were in sales. Unfortunately, all young people do not have aptitudes for selling. Young people ask me how they can learn to swim if no one will even let them near the water. So what do they do after a while? They lie about the facts and present themselves as full-time job seekers. On that basis, they get jobs. Then there is hard feeling when they leave for school again after Labor Day.

There seem to have been several reasons why more students haven't worked this summer: (1) not many companies have hired young people for summer work; (2) the tax structure penalizes father for letting son work; (3) union pools of unemployed have been given preference over summer job seekers; (4) the unreasonable labor laws of some states.

**Summer Jobs—Business Obligation**  
Many businessmen complain that our young people don't know how to work. Often it is these same businessmen who give the cold shoulder to young summer job seekers eager to learn how to work. Reports from employment agencies, from college and high school placement offices indicate that there were fewer summer jobs this year than last. Incidentally, business also failed to respond in the spring to a project to give summer work experience to college professors. I have been told that guards had instructions to bar summer job hunters from many plants.

I know that in recent years, with higher costs, mounting taxes, and union contracts, many company work-schedules have been arranged to eliminate summer jobs. Perhaps the plant shuts down completely for the vacation period so that no fill-ins are required. Or maybe the union contract compels management to fill vacancies from the pool of unemployed union workers before it can go outside to hire other workers. These are facts we have to face, but I feel that the company who doesn't hire a few carefully screened young people for summer work is both shirking a patriotic responsibility and short-changing it-

### NOT THE ONLY TOWN . . .

There probably isn't a town of any size in the United States that couldn't join Wetumka, Okla., in celebrating "Sucker Day." Few, if any, towns or cities have escaped what happened to Wetumka.

In case you are not familiar with Wetumka's Sucker Day, its celebration started a few years ago after F. Bam Morrison, a city slicker, went there and talked the merchants into putting up money to bring a circus to town. One feed merchant even put up money to feed the elephants.

All this feed merchant and his friends were doing was feeding F. Bam, who disappeared as soon as he had milked the circus lovers dry.

But the merchants, instead of calling in the law, decided to hold Sucker Day every year to commemorate F. Bam's coup. The celebration has since gained national prominence.

The difference between Wetumka merchants and those of Post and other cities is that there they blamed themselves and decided to set aside one day every year for the "wearing of sack cloth and ashes" in atonement for their costly gullibility.

Of course, it isn't always a circus promoter who fleeces a town's merchants. It can be any one of a variety of smooth-talking floaters. Sometimes a town isn't "suckered" as completely as was Wetumka, but it's usually the same old story. Some fast-talker came in with something to sell and he sold it.

If every town whose businessmen have been "gypped" by F. Bam Morrisons would follow the pattern set by Wetumka and hold a special day in commemoration of the event, the "promoters" might soon find themselves facing the necessity of getting into an honest racket. We, for one, would hate to try to "put over" something in Wetumka, now that the merchants have awakened to such schemes.

completed insofar as the re-naming of streets and re-numbering of lots and blocks are concerned. There remains, however, the important requirement of having the re-mapping officially okayed by the proper authorities, including the county and state and the insurance commission.

The new maps have been printed, but city officials aren't going to make them available until the re-mapping project is official. It will require publishing of an ordinance in this newspaper. After that—expected within the next few weeks—the re-mapping project will have been completed.

At last, we've found out to our own satisfaction that the Garza-Little Elm Dam project is nowhere near Garza County. A few weeks ago, the Lubbock Avalanche-Journal called wanting to know if we could identify the project for them, since they had received a wire story from Washington that it had been approved. Some questioning on our part established that the project was not in Garza County, but no one here—at least no one we asked about it—knew where it was located nor where it got the name Garza-Little Elm. This week, our Associated Press news pictures included a photo of construction workers applying finishing touches to the outlet works tower for the Garza-Little Elm reservoir, under way near Lewisville, in Denton County.

### Roger W. Babson Writes This Week

## Thousands Of Young People Are Deprived Of Privilege Of Working During Summer

self. Any company intent upon fulfilling this obligation will find a way—summer work-schedules and unions notwithstanding.

**Chance To Hire Proven Workers**  
Actually the summer employment of young people can work very much to the advantage of small businesses that seem most hesitant about summer hiring. Summer employment can give management the chance to size up the young person, to see the kind of character stuff he has, how well he works, and how he gets on with fellow workers. In those days when it is so difficult to hire, it is good to know what kind of worker you're hiring.

If a worker has what it takes, then the boss has a direct line to a tried and tested full-time employee when he graduates from school or college. And if he does not pan out during the summer it costs much less than hiring him as a full-time worker later on. These are the findings of companies that are using summer employment as a trial work period.

**Father, Summer Jobs, And Taxes**  
Another distressing problem of summer employment of minors is the tax situation which penalizes father for his children's job success. It happens more often than you'd suspect that father loses a tax exemption because son earns more than the allowed \$600 during the year. For example, it would cost a father with a \$10,000 net income, after exemptions, \$174 in taxes if his son earns over the \$600 exemption limit and the son would then become a taxpayer too.

It strikes me there is something morally and economically unsound about a system that discourages the industry of youth, whether it be a policy of taxation, summer employment procedure, or clauses in a union contract. Part-time jobs, and especially summer jobs, today are important influences in the molding of the leaders of tomorrow. Perhaps, too, if we had busier "teen-agers," we might have fewer "teen-age" problems. Businessmen ought to begin now to make plans so that in future summers our young people will find valuable work experiences available for them.

## Getting Out On The Limb

by EDDIE the editor

**SUDDEN THOUGHT:** The only thing that keeps many people out of college is high school.

The definition of a chaperone has been given as an old maid who never made the first team but still hopes to intercept a few passes.

The husband who is busy as a bee may wake up to find his honey missing.

I haven't yet found time to get around to reading Kinsey's report on the sex life of the American female. Come to think of it, I haven't even read his report on the sex life of the American male, and that momentous volume was published more than two years ago.

If I ever lose interest in the happenings in Dogpatch, most recent of which has been birth of a baby to Mr. and Mrs. L'il Abner Yokum, I may take a gander at Kinsey's second report—but not without first taking a belated look at his earlier report on the American male. I feel I would be placing myself in a precarious position to learn all there is to know about the American woman without first knowing what little there is to know about the American male.

Getting back to Dogpatch and L'il Abner's and Daisy Mae's new baby, it seems to me that they got along all right without reading either of Kinsey's reports. I'll bet neither of them ever heard of the prying Indiana professor who knows so much about sex, much less perused one of his reports.

Nearly every current magazine on the newsstands has an article or story purporting to tell "all" about the second sex survey of Prof. Kinsey. I'll bet if someone is looking for something spicy to read he'll come nearer getting it out of one of these magazines than he will the weighty report itself, which I understand is a scientific treatise designed for the information of scientists and medical men.

'Tis said that the facts contained in the Kinsey reports were obtained in private and confidential interviews. Now if I could learn more about what went on in some of those interviews, I might be in a position to elevate my eyebrows at a mention of the Kinsey report. But as long as the report itself is nothing more than a chain of complicated tables and charts, I'm going to keep right on reading about the doings in Dogpatch.

A hick town has two classes: (1) nobodies, and (2) those who can overdraw at the bank.

On a good hot weekend, yard work ceases to be a hobby and becomes a test of character.

**THE WOMEN, GOD LOVE 'EM:** A woman usually has eight excuses to buy something: (1) because her husband says she can't have it; (2) it will make her look thin; (3) it comes from Paris; (4) her neighbors can't afford it; (5) nobody has one; (6) everybody has one; (7) it's different; (8) "because."

Well, they've toned down the old Texas motor vehicle inspection law until those who used to cuss it will hardly know it. The new law, under which car owners must have their autos inspected between Sept. 15 and April 15, does not require checks on windshields, mufflers, steering mechanism and front end alignment as was the case under the old law, one of the most controversial measures ever to emerge from the hopper of the State Legislature.

To be checked are horns, windshield wipers, foot brakes, head lights, tail lights, stop lights and license plate lights. The new law, like the old one, makes no provision for inspection, or other controls, of back-seat drivers.

Psychiatrist to sad-eyed patient: "My dear fellow, you have no complex. You ARE inferior!"

**EPITAPH:** "Here lies the body of Instructor McPharr; he gave an 'F' to the football star."

An irate old gentleman rushed into a pharmacy, bottle in hand. He was bald, and two large bumps stood on his head, one on either side.

"Look what this damn hair tonic did to me head," he shouted.

The inexperienced clerk took the bottle in his hand and, looking at the label, blushed and said, "My goodness, I made a mistake and gave you the bust developer."

Proof that the Communists' hides are being gotten under as never before is seen in the news coming out of East Germany that they have made Texas No.

## THE AMERICAN WAY

Stewing In Their Own Juice

### Our Contemporaries Are Saying:

**Could Happen Here**  
Do you have an old ice box propped up in the corner of the back yard? Then our advice would be to junk it—or at least remove the handle so that the door cannot be closed. Within the past month 11 children over various parts of the United States have died of suffocation after being accidentally locked in old ice boxes. A tragedy like that could happen in Crosbyton unless we take the precautions to prevent it. — The Crosbyton Review.

**One Way To Sleep**  
We read a short story the other day which is appealing. It was of a boy who slept through a terrible storm, simply because he had tied down well the hay stack on which he was working before dark. His conscience did not bother him and therefore he slept. Too many men and boys refuse to assume responsibility which will allow them to lie down during a storm and rest. They have to spend the night in worries. This is a waste of human efforts which accomplishes nothing. — The Canyon News.

**They'll Eat Anything!**  
While dining at the Western Hills we overheard two elderly women at the adjoining table discussing their domestic trouble, which had to do with dog food. "Tootsie just doesn't have an appetite anymore," one dwager commented to the other. We thought of suggesting that we ship her one of the purebred mongrels that roam the streets of Olton. They'll eat anything, including each other. — The Olton Enterprise.

**A Handy Prescription**  
Local pharmacists tell us that all three local medicos write pretty legible prescriptions. But Bob Turner was telling about a doctor who wrote a prescription for one of his friends. The patient used it for two years as a railroad pass. Twice it got him

**Music Was Missing**  
There was a real exciting chase around the west part of the county Monday morning, all of which we heard over the police radio in the sheriff's office. Only thing missing was the music and it would have been just like "Dragnet." The climax flopped when the suspect took a side road and got rid of his loot before the police caught up with him.—County Wide News.

**Enters Two Eras**  
Stanton has entered the automatic era and the atomic age, too, for that matter, but the former we have with us in Stanton. The rural district of Martin County is soon to join Stanton "automatically."—The Stanton Reporter.

**Did We Win—Or Lose?**  
The majority of the GI's in Korea feel that the Korean War is the first in history which the United States has lost. This is the opinion of 1st Lt. Jack Taylor, a nephew of Mrs. Charlie Barton, who has just returned from 100 missions as a Sabre jet pilot. Taylor, guest speaker for the Rotary Club's noon luncheon session Tuesday, said that the United States has lost face with Orientals and many neutrals by not going ahead and winning the war. — The Hockley County Herald.

**Getting Impatient**  
With talk over town picking up on the subject of football, we're getting rather impatient for the season to start. Somehow, about this time of year, the fever starts hitting, and it's all we can do to wait until the time gets here. Seems as if the fever hits quite a few people in Slaton, because nearly everywhere you go, if you stay and talk any length of time, the subject gets around to football. —The Slaton Slatonite.

**Case Of Incongruity**  
Attention is frequently called to the beauty of some particular woman without thought or

I in their hate parade. That could well be the beginning of the end for the Commies. Anytime a galoot gets weak-minded enough to cast aspersions at the noble Lone Star State he's headed for the dogs with a one-way ticket.

HELPING BUILD WEST TEXAS SINCE 1917

**FIRST PAPER MILL**  
 STAFF, Ariz. (AP) — Ariz. first pulp paper mill is set up here. It will produce about 25 tons of a crude paper, known as wet lamp daily. Jack pines from nearby forests will be used for the mill.  
 Australia lies directly in the path of the two main migrations of whales on their seasonal trek to warmer waters says the National Geographic Society.

## "You've Got To Eat"

The man who eats just because "he's got to" is not the person to whom the American will particularly appeal.  
 The man who likes and appreciates excellent food, perfectly prepared and served... the man who eats for sheer enjoyment... will find the American a delightful place to dine.

## Completion Of Shallow Discovery In Northwestern Garza County Reported

Three-way Drilling Co. and S&W Co. of Midland No. 1 J. R. Durrett has been completed as a shallow pumping discovery in northwestern Garza County, according to the Lubbock Avalanche-Journal.  
 The strike pumped 58.75 barrels of 36-gravity oil plus 35 per cent water daily on the potential test. Perforations from 3,317-3,323 feet were acidized with 1,500 gallons. Gas-oil ratio was 350-1. Top of the pay was picked at 3,317 feet. Plugged back total depth is 3,860 feet and five and one-half inch casing has been set at 3,403 feet, total depth.  
 The discovery is 930 feet from north and 330 feet from west lines of the lease in Section 4, Block A, Scrap File Survey 1442, three and one-half miles northwest of Post.  
 Other recent completions in Garza County are:  
 PHD—Clifton Thomas et al No. 1 Honolulu-Speck, 330 feet from north and west lines of the southeast quarter of Section 1282, BS&F Survey, pumped 111.5 barrels of 37-gravity oil plus 60 per cent water daily. Gas-oil ratio was nil. Perforations from 3,494-3,520 feet were acidized with 4,500 gallons.  
 Garza—Brown Brothers et al No. 1 City of Post Unit 32, 362 feet from north and 235 feet from east lines of lease in Section 1227, EL&RR Survey, pumped

## Post Seaman Takes Part In Exercises

PACIFIC FLEET (PACFLT) — Among the 12,000 men who participated in the largest and most extensive training exercise since World War II was Horace Tyree, seaman, USN, son of Jack W. Tyree of Post, aboard the heavy cruiser USS Los Angeles.  
 The exercise was code-named "Destraex" and the units involved made up Task Force 12. A unit of the First Fleet, the task force consisted of two cruisers, 15 destroyers, four submarines, two destroyer tenders, and a fleet oiler.  
 A visit to Seattle was a breather for the task force. The 24-ship armada, joined by 12 destroyer escorts from the 11th, 12th, and 13th Naval Districts paraded single file over a 12-mile course along the shores of Elliott Bay as a part of the Seattle Sea Fair.

## Planetarium Is Built By Dallas Youngster

DALLAS (AP)—Visitors at the home of 14-year-old Harrison Sarraffian are a little startled when he flicks a switch and 1,500 stars in 89 constellations appear on the living room ceiling.  
 It took the junior high school student a year to build the instrument—a dodecahedron planetarium. During that time he taught himself German because

The Post Dispatch Thursday, Sept. 3, 1953 Page 3  
 A clinic for the examination of cerebral palsied children will be held Monday, Sept. 14, at the Cerebral Palsy Treatment Center, 3502 Ave. N, Lubbock.  
 Mr. and Mrs. Leroy Potter and grandson, Bill Smith, of Lawn visited Potter's sisters, Mrs. W. A. Oden and Mrs. R. W. Babb, during the weekend.  
 Mr. and Mrs. James Foster of Lubbock spent the weekend with her parents, Mr. and Mrs. W. J. Huddleston, at Grassland.  
 Mrs. Charles Didway and sons, Walter and Curtis, visited in Childers Sunday with her mother, Mrs. Nora Bain, and other relatives.

## Panhandle South Plains Fair Exhibit To Answer Questions About Irrigation

LUBBOCK (Spl.)—For the first time in the history of the Panhandle South Plains Fair there will be a complete exhibit designed to answer practically all questions about irrigation in the area, according to W. L. Broadhurst, chief hydrologist of the H. Plains Underground Water Conservation District.  
 Among the several displays of special interest to farmers using irrigation in the South Plains, two will be of particular interest.  
 The first of these will be a working model of a water stage recorder, 18 inches long, 14 inches wide and eight inches tall. There are approximately a dozen of these recorders now in operation in the South Plains area, supplying government agencies and the conservation district with invaluable data on water levels in wells throughout the area.  
 Although some of the recorders have been in constant use at the same site in Texas for more than 20 years, the longest uninterrupted service in the South Plains area is about six years, Broadhurst says.  
 "There is no guesswork in the data we compile on changing water levels," he says. "In each of the recorders is a drum driven by a clock mechanism so that as water levels vary they are recorded as to the time of day and month on a strip of paper ten feet long."  
 A sensitive float, dropped on a flexible cable to the water level of an unused well, activates the recorder mechanism. U. S. Geological Survey field workers replace the record strips and rewind the clock mechanisms each month.  
 Detailed data can thus be assembled.  
 What is expected to be the second major attraction at the booth will be three larger colored cross-section maps prepared by the Texas Board of Water Engineers in cooperation with the U. S. Geological Survey.  
 The first of these maps will be shown in Lubbock for the first time, Broadhurst reports. It is a north-south cross-section extending from the Oklahoma Panhandle to Lamesa through Stratford, Dumas, Amarillo, Canyon, Happy, Tulia, Plainview, Abertathy, Lubbock and Tahoka. Geological formations, depth of water-bearing sands and other similar information is pictorially illustrated.  
 Ships from Norway, Great Britain, South Africa, Japan, the Netherlands, Russia and Panama hunt whales annually under an agreement that limits the total catch.

## Panhandle South Plains Fair Exhibit To Answer Questions About Irrigation

lustrated.  
 A second map will be a cross-section of the area between Fort Sumner, N. M., and Post, through Clovis, Muleshoe, Littlefield, Shallowater and Lubbock. The third will be from the Canadian River north of Tucumcari to Roaring Springs through Dimmitt, Hart, Plainview, Lockney and Floydada.  
 On hand at all times will be men "who know the answers" to answer questions by those visiting the booth.  
 "We must face the facts," Broadhurst said. "Twenty years ago there were less than 300 irrigation wells in the South Plains area (irrigation was used as early as 1910). Now there are over 20,000. Every irrigation farmer should understand the principles involved in the consumption of our underground water resources."  
 "I sincerely hope this booth will be one of the most popular at the fair."  
 As to the rest of the fair, improvements in facilities and new thrilling free acts have been scheduled. Fireworks shows will be presented nightly, and the famous Bill Hames Shows will be featured on the midway.  
 Fair officials predict a larger attendance than last year, when a record-breaking 165,369 admissions were paid.

# COX'S PAINT HEADQUARTERS IN POST

**COOK'S Satin Enamel**  
 FLAT AND SATIN ENAMEL  
 \* A TRUE SYNTHETIC RESIN ENAMEL - REALLY SCRUBBABLE

## Parking's a pushover with Ford Power-Steering

It's a brand new Ford "Worth More" feature—costs up to \$40 less than any other power steering in its field and it's the newest and finest power steering.

With one finger, while the car is standing still, a woman can turn the steering wheel. No longer will rough road ruts "throw you". Should ever a tire blow out, power steering assistance helps you to keep safe straight-line control. Ford Power Steering does up to 75% of the work; and it has a more natural "feel" than many others. You don't have to change your driving habits radically. The steering gear ratio is the same as without power steering and the hydraulic system gives you just the right assistance when you need it.

Graham News

By MRS. DILLARD THOMPSON Please Send News Not Later Than Monday To Graham Correspondent

Mrs. Harley Wallace visited relatives in Slaton Monday. Mrs. Quannah Maxey and daughters, Orabeth, Jane and Dianne, and Marie Howard visited from Tuesday until Friday at Roaring Springs with Mrs. Maxey's parents, Mr. and Mrs. J. D. Green. The group attended the old settlers reunion at Roaring Springs Wednesday and Thursday.

Mrs. Juanita Coleman and Patti Peel of Post spent Wednesday with Mrs. W. O. Fluitt. Thursday visitors included Mrs. J. F. Mason and Mrs. Ray McClellan.

Visiting Mr. and Mrs. Allen Oden Friday were Mr. and Mrs. Leroy Potter and grandson, Billy Smith, of Lawn, Mrs. R. W. Babb and Ganell of Post, Mrs. L. S. Turner, Mrs. Billy Johnson and Mrs. Dillard Thompson.

Mr. and Mrs. D. G. Porterfield left Friday for their home in Grapevine after spending the summer with his parents, Mr. and Mrs. Gus Porterfield, D. G. will enter medical school in Dallas this month.

Those enjoying an ice cream supper last Tuesday night at the Lonnie Peel home in the Close City Community honoring Mrs. Peel on her birthday were Mr. and Mrs. Glenn Davis and son, Mr. and Mrs. Delmer Cowdrey and sons, Mr. and Mrs. Elmer Cowdrey and granddaughters, Elvius Davis and Jerry and Mr. and Mrs. Iva Reno.

Mr. and Mrs. Chester Morris entertained her Sunday School class with a swimming party Sunday afternoon and a wienner roast at Second Bridge that evening. Those present were Mason McClellan, Lewis Mason, Kenneth and Patsy Thompson, Sheila Morris, Ann Judy and Charles Morris and the hosts.

Visiting Mrs. Carl Fluitt last Tuesday were her mother, Mrs. Minnie Gandy, and Dale of Tahoka and an aunt, Mrs. W. C. Cox, of Mullin.

Mr. and Mrs. Surman Hill and son of Lubbock attended Sunday School here Sunday.

Mr. and Mrs. Gerald Ramage of Levelland were Friday night guests of his parents, Mr. and Mrs. Gerald Ramage.

Mr. and Mrs. Vernon Dalton and son and Mrs. H. W. Dalton of Lampasas and John and Judy Ross of Beeville were weekend guests in the Alfred Oden home.

Mr. and Mrs. Charlie Ross of Stephenville visited Thursday and Friday in the home of Mr. and Mrs. Theibert McBride Mrs. Ross and Mrs. McBride are sisters.

Alfred Oden and Glenda and Vee were in Levelland Monday for a visit with Mr. and Mrs. H. A. Oden and Mrs. Ima Oden. They visited Mrs. Ruby Dalton and family in Meadow in route home.

Simeon Maxey spent Friday night in the Close City Community with his uncle and aunt, Mr. and Mrs. Arthur Floyd.

Mr. and Mrs. Allen Oden were Saturday dinner guests of their son-in-law and daughter, Mr. and Mrs. Billy Johnson, at Pleasant Valley. They drove to Lawn that afternoon and spent the night with the Leroy Potter family en route to Temple where Mrs. Oden is going through Scott and White Clinic.

Mr. and Mrs. Bob Fluitt and Emma and Butch Freeman of Hobbs, N. M., visited Saturday night and Sunday with Mr. and Mrs. W. O. Fluitt.

Mr. and Mrs. John Wallace spent Sunday at Lorenzo with their son and family, the Harold Wallaces.

Mr. and Mrs. Robert Lusk visited Sunday afternoon in Post with the Ross Sullivan and Lee Newberry families.

Mr. and Mrs. Archie Warren visited in the Arthur Floyd and S. D. Lofton homes Sunday.

Mr. and Mrs. Leo Cobb and family returned home Friday after vacationing in Midland, Irving and Dallas with relatives. Miss Leah Cobb, who had spent a month here with her father and family, returned to Irving.

Mrs. H. L. Mason spent Thursday in Slaton with her sister, Mrs. Billie Meeks.

Mr. and Mrs. John Rogers were weekend guests of her mother and sisters in Lovington, N. M. Mr. and Mrs. Elgie Stewart and Mr. and Mrs. Harry Lee Mason and family visited at Levelland Sunday with the Blanton Masons.

Jerry Crockett of Dayton is a guest of Wayne Parrish this week.

Mr. and Mrs. Fred Babb and James and Ronald Joe were hosts for a wienner roast at their home last Wednesday night. Those present were Mr. and Mrs. Smith Lawson and Sandra of Oakland,

RARE PICTURE OF STATUE ATOP CAPITOL DOME—This rare picture, which came to the Texas State Library in Austin, Tex., by chance this year, will soon be displayed in the state capitol. It gives a seldom seen closeup look at the statue of the "Goddess of Liberty" which graces the dome of the state capitol. Apparently it was made just before the statue was raised to its lofty perch in the winter of 1888. The picture belongs to Lt. Col. William C. Lindley, son-in-law of Tom Hood, an Austin barber. Col. Lindley obtained the picture from a friend in Montgomery, Ala., who had purchased the picture for its antique frame.

ly it was made just before the statue was raised to its lofty perch in the winter of 1888. The picture belongs to Lt. Col. William C. Lindley, son-in-law of Tom Hood, an Austin barber. Col. Lindley obtained the picture from a friend in Montgomery, Ala., who had purchased the picture for its antique frame.

Old Picture Tears Shroud Of Mystery From 'Lady On Dome'

By MAC ROY RASOR

AUSTIN—(AP)—Texas' "lady of mystery" has lost some of her mystery.

No one seems to know whence she came or how, though she rose to the highest pinnacle in the state government and has firmly held it since 1888.

She is the "Goddess of Liberty" who stands atop the state capitol dome, an unsheathed sword

pointing downward in her right hand and the Lone Star of Texas raised high in her left. Recent generations have seen her only from afar. Then an old portrait came to the state library this year.

The picture was made just before the goddess was lifted to her lofty perch. She stood ceremoniously on a tiny plank platform that might have been a crate end. Grouped around her in the southeast grounds of the then-unfinished new capitol were several score men and women. Some were dressed in the best fashions of the winter of 1887-88. Some were obviously workmen playing hookey from their jobs.

Apparently the lady had just been reassembled. Biographical and historical notes in the state archives and the picture itself show the statue was made in sections and had to be put together before it was placed in position.

Thick hair wreathed by an olive branch hangs low upon her forehead while a plaited strand circles her neck and drops around her left shoulder. Stern eyes peer from under heavy brows. The jaw sets firmly with a square chin, drawing determined wrinkles between her cheeks and prominent nose.

Quipped assistant documents librarian Mrs. Elizabeth Bodenstein:

"Perhaps it is well that she rose to the heights she did."

Now you can tell better what she looks like—she's no lady fair.

But other details of the lady still remain a mystery.

Newspaper accounts of the statue at the time of its raising were vague and incomplete. They carried three versions of her height, 12, 14 and 19 feet. The picture indicates 12 or 14 is the goddess' likely height and 19 the overall height to the tip of the star.

An edition of the Austin Daily Statesman of Feb. 26, 1888, told that the goddess "has been raised" to her position on the dome, but exact date of the lift and other details were omitted. An archive letter says Al Friedley and Herman Vossart were "responsible."

Another archive document hints she may have come from Belgium but there's nothing to say conclusively.

The picture came to the library by chance.

Austin barber Tom Hood's son-in-law, Lt. Col. William C. Lindley, was stationed with the ROTC in Montgomery, Ala. It seems the Colonel had a friend interested in antiques who one day showed him the picture he had picked up for a song in Montgomery. The purchase had been made mainly for the antique frame.

The Colonel talked his non-Texan friend out of the picture and brought it back to Austin. Hood and Lindley arranged with Sen. Dorsey B. Hardeman, San Angelo, to have the picture suitably framed and placed on loan in the capitol.

Opium, henbane, peppermint and castor oil were all used as medicine in ancient Egypt.

son says it will be soon be hung on display in the library.

Texas Longhorn Cavern Heading For Second Quarter-Millionth Visitor

BURNET — Texas Longhorn Cavern, world's third largest cave and one of the state's top scenic wonders, is heading for its second quarter-million visitor.

A pretty blonde girl from Boston became the 250,000th visitor to the huge cavern when she was opened to the public more than twenty years ago.

Mrs. Marlene Chadwick passed through the cavern's Sam Bass entrance with a group of visitors from Houston. She was greeted by H. H. Galloway, manager, and other officials. She was presented with a complete western outfit and memento.

The quarter-million attendance record was established at high point of the cavern's tourist season to date, Mr. Galloway said. Attendance so far running ahead of the cavern's best year, which was 1952.

The record was also the second milestone in the past days for Mr. Galloway, who presides in brass as a Burnet director and chief booster of Longhorn Cavern.

He was recently presented with an engraved watch for his years service as cavern manager at a banquet here attended by more than 100 guests. The included Chamber of Commerce officials from the neighboring towns of Lampasas, Marble Falls and Llano.

Frank D. Quinn, chairman of the Texas State Parks Board, Max Starke, head of the Colorado River Authority.

The cavern is located in Longhorn Cavern State Park, 20 miles south of Burnet. Two of its eight miles of explored length have been developed and lighted. Guided tours are held seven times daily.

Gene Hays spent the weekend in Houston in the Roy Gilmore home. Carla Sue returned home with him for an extended visit with her grandparents, the Jim Hays.

Mr. and Mrs. Carl Cannon and children of Petersburg spent Sunday here visiting her father, Ray N. Smith, and other relatives.

Are you bothered by a shrinking BUDGET?

Shop And Save At Your Local Merchants

You may be spending more money than necessary and passing up opportunities for real savings, if you do not read your local merchants' advertising in this newspaper.

If, like most folks these days, you're having budget trouble, beat down costs when you shop for food, clothing or any of the dozens of things a family needs. Just read your merchants' ads in The Post Dispatch and you'll find plenty of bargains to bless your budget.

## Miss Tommie Scott Weds Larry Earhart

Mr. and Mrs. T. D. Scott of 1317 Prusser, San Angelo, and formerly of Post, are announcing the marriage of their daughter, Miss Tommie Lou Scott, to Larry Earhart, son of Mr. and Mrs. Ray Willis also of San Angelo.

## Mystic Club Meets With Mrs. Pierce

The Mystic Sewing Club met Friday afternoon in the home of Mrs. E. E. Pierce. Ice cream and cake were served by the hostess to the following members:

## Bits-Of-News

Roy Brown, Jr., accompanied by Alice Fay, Wayne and Diane Kiker, visited Wednesday and Thursday with his parents, the Roy Browns, in Carlsbad, N. M.

## Bits-Of-News

Mrs. Rusty Dean and children, Mrs. Lydia Odum and JoAnn and Mrs. Buddy Dunn and son spent Sunday in the home of Mrs. Odum's brother-in-law and sister, Mr. and Mrs. Glenn Cohall, who recently moved to Lubbock from San Antonio.

## Bits-Of-News

Mr. and Mrs. Bill Adcock and Roy of DoQueen, Ark., visited the Buster Shumards and Corky Bullards last week.

## Bowen-King Wedding Is Read In Lamesa Church Thursday Evening

Several Post residents attended the wedding of Miss Dathyl Janice King and Vernon Gayle Bowen in Lamesa Thursday evening. Parents of the couple are Mr. and Mrs. O. C. King of Lamesa and Mr. and Mrs. Mitchell Bowen of Brownwood and formerly of Post.

## Miss Bobbye Joyce Henderson To Wed Roger D. Hensley Sept. 23

Mr. and Mrs. Tom Henderson are announcing the engagement and approaching marriage of their daughter, Bobbye Joyce, to Roger D. Hensley, son of Mr. and Mrs. G. Q. Hensley of Tahoka.

## Girl Scouts Review Badge Work At Meet

At last week's meeting of Girl Scout Troop One, the girls reviewed badge sheets listing the badges they had earned. The group made plans for a party, at which time they will receive their first class badges and will display dolls which they have made to send overseas.

laced with white asters and white tapers in candelabra. Mr. King gave his daughter in marriage. She wore a gown of white embossed organdy over taffeta. The tiered, ruffled skirt had a floor length peplum. A tiara of seed pearls held her illusion veil. She carried a white Bible topped with a white orchid.

Mrs. W. T. Bowen of Duncan, Okla., Miss Joy Ralls of Fort Worth and Miss Annie Mae Henley were matron of honor and bridesmaids, respectively. They wore embossed organdy gowns,

## Kathy Stone Honored At Birthday Party

Kathy Stone was honored with a birthday party last Monday afternoon from 2 until 4 o'clock in the home of her parents, Mr. and Mrs. James Stone.

## Mr. and Mrs. Truman Goss and Family Left Thursday for Pasadena, Calif.

Mr. and Mrs. Truman Goss and family left Thursday for Pasadena, Calif., to visit her brother.

## Mr. and Mrs. Tom Johnson Had as Their Guests Saturday

Mr. and Mrs. Tom Johnson had as their guests Saturday Mr. and Mrs. Raymond Horton and children of Cleburne.

fashioned like that of the bride's, in shades of yellow and orchid. The bride's sister, Mary Lane King, was flower girl. Candelighters were Juanice Koen and Ruby Morton of Lamesa. Carroll Bowen attended his cousin as best man. Ushers were Boyd and Jerrald Bowen of Brownwood, brothers of the bridegroom, Harold Miers of O'Donnell and Charles Bowen, the bridegroom's cousin.

The church parlor was scene of a reception immediately following the ceremony. The serving table, laid in green linen, was decorated with an arrangement of white asters. A three tiered cake was served with punch.

For a trip to New Mexico, Mrs. Bowen chose a grey shantung suit with black accessories and an orchid corsage. Upon their return they will reside in Muleshoe, where he is music and educational director of the First Baptist Church.

The bride is a graduate of Lamesa High School and Hardin-Simmons University in Abilene. She received a Bachelor of Music degree in piano and was a member of Beta Mu Kappa, a music sorority.

Mr. Bowen was graduated from Post High School and Hardin-Simmons with a degree in religious education.

## Bits-Of-News

Mr. and Mrs. Truman Goss and family left Thursday for Pasadena, Calif., to visit her brother.

## Mr. and Mrs. Tom Johnson Had as Their Guests Saturday

Mr. and Mrs. Tom Johnson had as their guests Saturday Mr. and Mrs. Raymond Horton and children of Cleburne.

## Miss Ammons, Raymond Jenkins Exchange Vows In Post Church

Jenkins chose a brown and white sharkskin dress with green accessories. They are at home here where he is employed by the Santa Fe Railway.

**Bits Of News From Here and There**

Mrs. W. J. Tubbs arrived home this week after spending several months with relatives in North Carolina, Virginia and Florida.

E. W. Williams III of Lubbock spent the weekend here with his grandparents.

Mrs. R. W. Babb and Ganell spent Sunday in Meadow with Truett Babb.

Mr. and Mrs. F. L. Dyer have returned from Honey Grove, where they had spent six weeks visiting relatives. Mrs. Dyer is Post High School homemaking teacher.

Mr. and Mrs. C. D. Morrel and Anne Wharton left last weekend for San Antonio where they will spend the winter months.

**County's 1953 Cotton Crop Yield Is Forecast At 4,000 Bales In Survey**

The forecast for Garza County's cotton crop yield is 4,000 bales, which would be less than one-third the 1952 ginning total of 13,324 bales.

The forecasts for Garza and other South Plains counties were made by V. O. Jennings, veteran Lubbock observer, following an area-wide survey.

Jennings forecast 1,335,000 bales for the entire area, but an even higher estimate was made in Lubbock Saturday at a meeting of the Plains Ginners Association by K. N. Clapp, who said the South Plains cotton crop would be "nearer 1,350,000 bales than 1,200,000."

If the South Plains yield is

as high as the forecasts, the 1953 crop will be the third largest in the area's history. The record 1949 crop of 1,688,638 bales came during an ideal season and under pressure of renewed acreage controls that prompted maximum plantings.

The second largest crop was last year when the yield hit 1,430,491 bales. To take third place, this year's ginnings would have to exceed the 1951 total of 1,283,688 bales.

Garza is one of the counties in the southern part of the area

in which effects of the continued drouth have blasted hopes for sizeable yields. Only about 6,000 acres of irrigated cotton were planted in this county.

**HAS GOOD EXCUSE**

ST. LOUIS (AP)—The Board of Election Commissioners recently sent G. Paul Hoffman a letter asking why he hadn't voted in the last four years. His reply seemed excusable enough. "I am 100 years old and cannot get out to vote," Hoffman was born Nov. 15, 1852.

**BITS-OF-NEWS**

Mr. and Mrs. W. S. Lawson and daughter, Sandra, and niece, Theresa, left Saturday for their homes in California after visiting relatives here for several days.

Two Garza County men, William Jackson Ballentine and Henry Trimble were among the Selective Service registrants reporting for induction on Aug. 26.

# ck From Capitol, Mahon To Visit His Constituents

George Mahon opened his office on Monday and plans to be in the next several sessions of Congress. Mahon expressed the hope that he could spend most of his time out among the people of the 25-county district, explaining, however, that both his Lubbock and Washington offices would remain open. In commenting on the general

situation Mahon made the following statement: "The present picture is dark in some respects. For this I do not blame the Democrats or the Republicans. We are thankful an agreement has been reached to stop the shooting in Korea, but there is every indication that there is no good way to deal with the Russian Communists and that the Korean truce will prove to be as frustrating as the Korean War.

"Except for the undiminished threat to our security posed by the Communists, now apparently in possession of both the A-bomb and the H-bomb, Congress could have worked wonders in dealing with taxes and the budget."

Mahon pointed out that the fiscal picture was not altogether dark. He said that a downward trend in spending could definitely be expected unless there should be a worsening of the international situation. He said that there was no reason for a spirit of defeatism, that in his opinion we should keep up our guard on the domestic and foreign fronts. He feels that we can successfully work our way through this difficult period. Mahon emphasized the fact that our country is essentially sound to the core and tremendously powerful and that we should not lose faith in each other or faith in our Commander-in-Chief, the President.

As to the new Republican Administration he had the following to say:

"The first session of the 83rd Congress was notable for the fine spirit of cooperation which existed between the President and Congress. I am not critical of the President. I think he is doing the best he can under the difficult domestic and international situation, and I have given him my best cooperation. I have voted with him on all is-

Representative In Area Is Appointed By Cancer Society

AUSTIN—Miss Katherine Daniels of Lubbock has been named as representative of the American Cancer Society for 60 West Texas counties.

J. Louis Neff, executive director of the Texas Division, American Cancer Society, said that Miss Daniels has been trained as a professional staff worker in the Society's programs of public education about cancer, service to cancer patients, and fund-raising.

She will assist volunteer directors in the organization of county executive committees and sub-committees for various education and service activities and will work with committee members to plan local work.

A native of Paris, Texas, Miss Daniels graduated from Waco High School and Baylor University. She has recently been associated with the Methodist Home at Waco, and is a former Campfire Girls executive director.

Counties to be assisted by Miss Daniels are, District 2: Andrews, Borden, Dawson, Dickens, Ector, Fisher, Gaines, Garza Glasscock, Howard, Kent, King, Lynn, Martin, Midland, Mitchell, Nolan, Scurry, Stonewall, Terry, and Yoakum;

District 3-S: Bailey, Briscoe, Castro, Childress, Cochran, Cottle, Crosby, Floyd, Foard, Hale, Hall, Hardeman, Hockley, Lamb, Lubbock, Motley, Parmer, and Swisher;

District 13: Archer, Baylor, Callahan, Clay, Eastland, Haskell, Jack, Jones, Knox, Montague, Palo Pinto, Parker, Shackelford, Stephens, Tarrant, Taylor, Throckmorton, Wichita, Wilbarger, Wise, and Young.

### First Junior Rodeo Slated At Lubbock

Many of the cowboys and cowgirls who competed in the Southwestern Championship Junior Rodeo here Aug. 13-15 are entered in the Lubbock Junior Championship Rodeo, which gets under way tonight. A parade at 4 o'clock this afternoon is to inaugurate the three-night show.

Sponsored by the Lubbock Optimist Club and the Lubbock Rodeo Association, the event is open only to boys and girls 19 years of age and younger.

The performances will be held at 8 o'clock each night at the rodeo arena at 98th Street and Avenue P.

A full schedule of events, including calf roping, flag race, calf riding, bronc riding, barrel race, bull riding and a kid pony race will be presented.

Amateur performers in the show will pay \$10 and \$15 entrance fees, with winners splitting the pot.

Bronc riding stock for the rodeo will be furnished by Goat Mayo of Petrolia.

This afternoon's kickoff parade will include sheriff's posses and other riding groups, plus a number of float entries.

### Two New Teachers At Rural School

The Grassland school, west of Post, opened Monday, with two new teachers. They are Mr. and Mrs. Claude Jones, formerly of Cone, who replace Mrs. M. F. Wylie.

The new Grassland teachers, originally from Sayre, Okla., have had 13 years of teaching experience.

Mrs. W. J. Huddleston and Garland recently visited their son and brother, Pvt. Wendell E. Huddleston, at Fort Riley, Kans.

Mr. and Mrs. E. A. Hargrave are moving to Ackerly, where he will manage the Coop. gin. He has been gin manager at Close City for three years.

### Signs Sales Pact With Distributor

Earl Rogers of the Garza Tractor & Implement Co., local Ford tractor dealer, has just signed a new sales agreement with The Stewart Company, Texas Ford tractor distributors of San Antonio.

"With the signing of this new agreement," said Rogers, "our company is looking forward to many years of service to Ford tractor owners in Garza County. With the aid of Ford Motor Company research, engineering and production, we hope to help our farmers with still better farm machinery to produce still better yields at lower cost."

The local firm's new sales agreement coincides with the farm equipment expansion program of the Ford Motor Company, which was announced recently. The Ford tractor division of the Ford Motor Company will now handle all of Ford's farm equipment activities having to do with Ford tractors, as well as Dearborn implements such as plows, cultivators, corn harvesters, cotton harvesters, combines, balers, etc.

"sitting pretty" in the wheel

This Bel Air model. First you'll notice is the quality interior. Rich-looking trimmings. Roomy seats with rubber cushions. The key to start the engine and you're ready to go.

Can see all around

Look out and down with a wide, curved, one-piece windshield. The panoramic rear window and big windows provide a clear view in all directions.

It's the lowest priced line

Demonstration will show you Chevrolet offers just about everything you could want. Yet lowest-priced line in the field.

Brakes for easier stops

Adjusts on the pedal smoothly, positive response now! Chevrolet's brakes are the largest low-price field.

**I figure this demonstration saved me many hundreds of dollars!**

**I expected to pay that much more for a new car until I discovered I was better off in every way with this new Chevrolet!**

**Let us demonstrate all the advantages of buying a Chevrolet now!**

**CHEVROLET**

**MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR!**

**You get greater getaway with the new Powerglide\***

A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

**You get more power on less gas**

That's because Chevrolet's two great valve-in-head engines are high-compression engines. In Powerglide\* models, you get the most powerful engine in Chevrolet's field — the new 115-h.p. "Blue-Flame." Gear-shift models offer the advanced 108-h.p. "Thrifty-King" engine.

**It's heavier for better roadability**

You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

**\*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional on "Two-Ten" and Bel Air models at extra cost.**

**THE FIRST STEP.....**

As baby takes his first step, parents watch, breathless with suspense. "First steps" are SO important, all through life. The first step toward financial independence, for instance. This generally means opening a bank account and setting up a regular program of deposits every pay-day. Keeping ever-lastingly at it is equally important, of course. But, first you must START. Why not take that "first step" today?

### Close City News

Please Send News Not Later Than Monday to **MRS. WILL TEAFF** Close City Correspondent

School opened here Monday with 30 pupils enrolled. Mr. and Mrs. Wright are the teachers and Mrs. Horton is lunchroom cook. Mr. and Mrs. R. H. Sappington and children have moved back to their home here after living in Heckville for a month. Visitors in the home of Mr. and Mrs. Jim Barron Sunday were the Rev. L. T. Roy of Lubbock and the Rev. J. T. Campbell of Shallowater.

Mr. and Mrs. R. G. Murphy of Paducah visited in the Wright home last week. The Rev. and Mrs. R. E. Bratton spent Sunday in Snyder and Ira with their children. A daughter, Mrs. Boyd, returned home with them.

Mr. and Mrs. O. J. Johnston and Mrs. Blasingame of Fort Worth, Lydia Hall of Mesquite and Mr. and Mrs. Robert Golliehon of Littlefield were Sunday guests of R. B. and Bera Wilson.

Mrs. J. Barcus of Key West, Fla., and Mr. and Mrs. Harvey Mason and son of Cincinnati, Oh., are visiting in the L. R. Mason and A. M. Smith homes. Mrs. Barcus is the former Miss Ruby Mason. She is a Navy nurse and has been stationed at Key West for some time.

Mr. and Mrs. Ted Shults and Patsy and John have returned from Cleburne, where they visited relatives.

Ira Cook has returned from Temple, where he underwent surgery.

Visitors in the Will Teaff home Sunday were Mr. and Mrs. Milton Bayer and children and Mr. and Mrs. Harvey Stotts, Jr., and boys of Lubbock.

Those attending the "get acquainted" supper for the football boys at the lunchroom in

### Inter-City Meeting Of Rotarians Is Slated

A number of Post Rotarians plan to attend the Inter-City Rotary Meeting in Lubbock at 7 p. m. Tuesday, Sept. 15, and hear an address by Sen. Lyndon B. Johnson.

The meeting, which is the 29th annual affair for Rotary clubs of this district, will be held in Jones Stadium. The affair will include a barbecue.

Members of the Lubbock Rotary Club will be hosts for the occasion.

### Rotary Club ---

(Continued From Front Page) tween here and Lubbock," he said, "presents quite a problem, and we've been surprised at the generally good reception in Post."

The two visitors were introduced by Ted Hibbs, who was program chairman for the day.

Visiting Rotarians at the luncheon were Claude Anderson, Nat Heaton, Jack Berkley and Bruce Tucker, all of Slaton. Guests included Ronnie Bouchier, John Lott and Charles Diddy.

Post Monday night were Mr. and Mrs. Dillard Morris and sons, Mr. and Mrs. Will Teaff and Ernie Popham, Mr. and Mrs. Irvin Chandler and A. M. Smith and boys.

Miss Gwen Hodges of Barnum Springs spent several days last week with Onelta Jones.

Guy Shults and children were in Abilene last week.

Darwin Sanders of Kingsville is visiting his parents and brother, Mr. and Mrs. Sam Sanders and Sammy.

Mrs. W. D. Furr and LaVerne and Novis are at home after spending the summer in Plainview. Mrs. Furr is the bus driver.

### County Fair ---

(Continued From Front Page) ordered and are expected early next week, according to Almon Martin, concessions chairman.

This year's fair takes the place of the Garza County Fall Show held here the past few years for club exhibitors. The name of the event was changed to Garza County Fair after the Lions Club voted to sponsor it.

The club's general chairman for the fair is Virgil L. Short, club president; Victor Hudman and Jess Rogers. Others are: Noah Stone, treasurer; Garland Davies, agriculture; Joe DeArmond, grounds; Phil Trammell, lights; Walter Johnson, water; Howard Maddera, business exhibits; Ernest Pierce, advertising; and Walter Crider and Jim Sexton, insurance.

### Parents Meet ---

(Continued From Front Page) ing staff's efforts to develop a winning football team.

The informal gathering served as a "stage-setting" for opening of fall drills at 6 a. m. Tuesday.

Several members of the Antelope Boosters Club, including Bud Everett, president, also attended the meeting.

Cookies, coffee and cold drinks were served by the lunch room staff through the courtesy of E. E. Pierce, manager, and Mrs. Pierce, supervisor.

### School Opens ---

(Continued From Front Page) crease of 75 would make a total of 628, which would be 27 more than last year's peak enrollment of 601.

The high school already is 12 students above its peak 1952-53 enrollment of 330, which resulted in overcrowded conditions.

The decrease at the colored school is attributed to the fact that many of the pupils are out of the county with their parents, assisting in the cotton harvest.

Outside of the overcrowded conditions, the new school term got off to a good start. Registration of high school students was held Thursday and Friday. Grade school students enrolled the first day of school.

### PMA Group ---

(Continued From Front Page) coming year," he explained.

Wheat is one crop which definitely will be under allotments. This was established Aug. 14 at wheat referendums over the entire county by wheat growers. It will be grown on a 90 per cent parity basis.

Other jobs of the committee will include direction of price support loan programs, purchase agreements and storage facility loans. They will also direct administration of crop insurance and other activities.

The new community and county committees took office this week.

### BITS-OF-NEWS

Mr. and Mrs. Elwood Nelson returned Friday from a vacation in the northwest and Canada. They were guests of the Wayne Martins in Hayward, Calif., and the George Jones in Long Beach. They also visited Yellowstone National Park.

Mrs. Bill Jones has returned home after visiting her mother who underwent a tonsillectomy in a Waco hospital.

Robert Smith, who has been attending the summer session at Howard Payne College, Brownwood, is here with his folks until the fall semester opens. At that time, he will re-enroll as a junior student, majoring in music.

Jack McCrary who has spent most of the summer with his grandmother, Mrs. Nell McCrary, and at the OS ranch, left last week for his home in Houston.

Walter Boren has recently returned from Temple where he went through the clinic. He was accompanied by his sister, Mrs. Tom Wood, of Lamesa. Mr. and Mrs. Dee Coleman, who had been in Temple returned with them.

#### OFF-COLORED ADVICE

ST. LOUIS (AP)—Because her boy friend urged her to buy it, a young woman purchased a rust-colored spring coat recently although she herself thought it a little "loud."

Now she thinks maybe she made a mistake. She discovered her boy friend is color blind and had thought the coat was an ordinary shade of brown.

### Main Street ---

(Continued From Front Page) you with any lamp bulb dealer, Piggly Wiggly or the Southwest-tern Public Service Company. In the Bonus Bag you get three 60 watt bulbs, three 100 watt bulbs and one 150 watt bulb, a \$1.33 value for \$1.14—a saving of 24 cents.

Don't forget that Saturday night is the night for the big bedroom award being given away by the theatres and Mason and Company. Check the theatre ads in this issue of the paper for details.

#### Street "Seems."

Heard Hazel Stallings talking enthusiastically about the musical "Paint Your Wagon" which she and daughter-in-law, Allene, heard recently when Mrs. Stallings took cute little grandsons, Jimmy and Eddie Stallings, back to their home in Dallas after they had spent the month of August here with Alfred, the Santa Fe man, and Hazel, the personality singing gal. . . . New personality at Lanotte Furniture Company is Marge Gerheart. . . . Seeing Gay Nellie of the Post Dispatch unpack Christmas cards by the famous cowboy artist, Bugbee, reminded us that great day is only 110 days away. We are making a point to order EARLY and we mean EARLY this year. . . . New personality at the Post Clinic is the popular and most pleasant Helen Livingston.

'EXPENSIVE' TASTE LARCHMONT, N. Y. (AP)—Joe Cunningham, 8, was looking over a large assortment of little plastic auto models in a toy store recently trying to decide which he wanted. All the models were priced at 59 cents except one and that's the model he asked his daddy to buy—an "expensive" 69-cent Cadillac.

A 30-ton humpback whale will produce about seven tons of oil.

### Lubbock Man Buys Grocery Firm Here

Arnold Parrish, formerly of Lubbock, this week assumed management of the C. J. Josey Grocery & Market at 332 North Broadway. He purchased the business from C. J. Josey, who had operated it for the past six and one-half years.

Parrish and his wife are moving here from Lubbock this week. He has had several years experience in the grocery business, having been engaged in that line of work before serving three and one-half years with the Marine Corps in World War II. After returning from the service, he was graduated from Texas Technological College, and for the past few years has been in the insurance and real estate business in Lubbock.

Josey, his wife and their two children, Lois and C. J., Jr., are moving to Lubbock this week.

The new owner has made no change in the store's personnel, which includes Jack Kennedy, market manager; Truett Fry and M. H. Hutto. The store is a member of the South Plains Associated Grocers.

### BITS-OF-NEWS

Friday guests of the Rev. and Mrs. A. F. Duke were Mr. and Mrs. R. T. Blair and Mr. and Mrs. Jody Parker of Oklahoma City, Okla.

The Rev. and Mrs. A. F. Duke visited the first of the week with their son, Alex, and family at Levelland and their daughter and family, Mr. and Mrs. Hayes Denney and Alex Charles and Beverly Ann.

The Burney Francis family, accompanied by Mr. and Mrs. Glen Paschal and daughter of Mesquite have returned from a vacation in Colorado, New Mexico and Oklahoma.

### Large Crowd Attends Comanche Reunion

Three hundred and fifty attended the fourth annual Comanche County Reunion in Mackenzie Park, Lubbock, Aug. 23. After lunch, the group sang and visited.

J. S. Seitem was re-elected president and R. C. Cox, vice-president. Other officers are Douglas Stephenson, program chairman; and Mrs. Charlie Morrow, secretary-treasurer.

Guests registered from California, New Mexico and Texas. The reunion is held each year on the fourth Sunday in August.

### Tower Anniversary Shows Scheduled

Tower Theatre anniversary shows will highlight the week of Sept. 20-26 at the Tower Theatre, according to John Hopkins, manager.

Patrons are urged to check the theatres, advertisement in the Post Dispatch and the September calendar for titles of these anniversary shows.

It takes four tons of bauxite to make two tons of aluminum.

### TO ATTEND COM

Mrs. Fritz Greenfield of the Post Chamber of Commerce, plans to attend a Chamber of Commerce course in Big Spring on 11 and 12. The course is held for presidents, and secretaries of Chamber of Commerce.

**POWER that Pur-r-r-s**  
when the going gets tough!

**NEW FORD TRACTOR**

The reserve of power you want when the going suddenly gets tougher is here in this new Ford Tractor. Just take a look at its new Ford "Red Tiger" engine and you'll see why.

You'll see a new overhead valve engine, with big bore and short stroke that cuts the travel of each piston approximately 5 miles in a working day, reducing friction and helping to make possible greater power with new economy of gas and oil. You'll see an engine with big, rotating exhaust valves, new lightning-fast governor and dozens of other examples of advanced engineering. Ignition is completely weatherproofed. All oil is normally filtered every time around. The whole engine is extra strong, extra rigid as well as extra powerful.

The more you know about tractor engines, the bigger kick you'll get out of looking over the one in the new Ford Tractor. The more you know about tractors, the better you'll realize that here is the most modern tractor on today's market. Come in today... look it over!

**College Scholarship Offered To Readers**

Roger W. Babson, who has a weekly column in this paper, offers to our readers one free scholarship under the Utopia Plan of Education at his college of Business Administration at Eureka, Kansas.

Within the capacity of the college, the scholarship will be awarded to the first of our readers with the proper qualifications who applies. For catalogue and details address Mr. Babson's secretary, Don Chun, at Wellesley Hills, Mass.

**Mexican Cooks Are Luring Tourists**

MEXICO CITY (AP)—Mexicans who live by the tourist trade have started a campaign to substitute ceufs meuniers for huevos rancheros—scrambled eggs in a hot sauce which will knock the top of your head off. The Union of Cooks and Waiters, worried by the falling off in the tourist trade, started a special school of cooking for foreigners.

There is already a special Mexican cuisine for foreigners, but it is mostly poor French. A few restaurants serve a watered-

down meal of Mexican dishes for tourists. Another few, mostly owned by Americans, can do a plain ham-and-eggs without frills. Off the beaten tourist track, though, meals are limited to what Mexicans themselves like: strong black coffee, roast kid and always some form of hot sauce which is too hot for the casual visitor.

The use of cascara as a drug goes back to pre-Columbian American Indians.

Haynes and son visited Mr. and Mrs. J. P. Ray and family Sunday.

Mrs. C. E. Scott and sons were in Lubbock Sunday.

Wednesday evening visitors of Mrs. Wes Greer in Slaton were Mrs. J. P. Ray and Janet and Mrs. Don Rose of Post.

Bobby Del Rio, one of the country's foremost accordionists, will be among the guest radio artists to appear at the First Methodist Church here at 7:30 p. m. Thursday, Sept. 17, in the interest of the nation's hospitalized veterans.

Del Rio is a veteran showman, as well as a veteran of World War II. He was in the first unit to reach the front in the Pacific and has entertained our fighting men all over the world. He was wounded in one of the early uprisings in Korea and was told by doctors that he would never be able to play the accordion again. However, he miraculously recovered; this Del Rio attributes to the power of prayer. For this reason he has sacrificed much of his own career to reach these wounded veterans with clean, wholesome entertainment and with his Christian testimony.

The coast-to-coast radio program, "Cavalcade of America," presented a complete evening program about his life and experiences. Homer Rodeheaver calls him "the world's greatest sacred accordionist."

Everyone is invited to attend this Veterans Hospital Program, and the admission is free.

**Muleshoe Explorer Scouts Take Meet**

Competing with ten other Explorer Scout troops, Post No. 20 of Muleshoe won a Boy Scout meet held Sunday at C. W. Post Memorial Scout Camp, near here.

Approximately 66 boys participated in the meet, which was under the direction of Ray Luper, director of field service for the South Plains Council, Boy Scouts of America, and the Lubbock 20-30 Club.

The Muleshoe Explorers compiled 57 points to win the meet and the team trophy.

Winner of the rabbit shoot, which consisted of individual high score for all participating scouts, was Gene Pinson of Post No. 36 of Lubbock. He was awarded a rabbit after a shoot-off between 11 of the high scorers.

Competing teams were from Slaton, Littlefield, Lubbock, Sundown, Seminole and Muleshoe.

**Act Of Conscience Gives Birds Home**

CHATTANOGA (AP)—G. C. Dykes has a real housing project in his back yard here, all because he killed some birds as a boy.

Seventy-eight couples make their homes there and all of the families are named Martin. They are the bird branch of the Martin family.

The birds are all nesting in gourds suspended from two poles that Dykes put up after his conscience started bothering him years ago.

"When I was a kid, I killed quite a few birds," he says, "and for the last 25 years I have tried to make up for the birds I killed. I have spent hundreds of dollars on bird houses and boxes."

**FAST PAINT JOB**

OAKLAND, Calif. (AP)—The transport General Pope tied up here recently at a pier of the Oakland Dock and Warehouse Co., rusted and in need of a facelift job. Four coats of paint were applied on the hull and two coats on the superstructure in only 18 days, said to be one of the fastest such jobs on record.

**Bits Of News From Here and There**

Helen Bonita Carr of Brownfield is visiting with Mrs. H. V. Williams and Mrs. G. E. Fleming.

Mr. and Mrs. J. R. Mathis visited in Silverton Sunday with their son and family, the Edwin Mathises.

Mrs. Don R. Mitchell turned to her job in the engineering department at Post after a long illness.

Jack Kirkpatrick, who is a member of the Texas Tack Raiders, reported to the Post Sunday for football training.

**Composted Gin Burrs are Worth Millions to West Texas . . .**

|   |  |
|---|--|
| 60-60-60 per acre                           | All of this for only \$15.50 * including the distribution on your land |
| Over 5000 lbs. humus per acre               |  |
| Long lasting fertilization                  |  |
| Beneficial soil bacteria                    |  |
| Retain 3000 extra gallons of water per acre |  |
| Replace minor soil elements                 |  |
| Improve soil texture                        |  |
| Release "locked-up" soil elements           |  |
| Greatly increase crop yields                |  |

You could never get a fertilization value like this from the regular kinds of fertilizers. The chemical analysis value alone is worth the total cost.

Believe it or not . . . Composted gin waste and burrs are worth all this, and even more. The values listed above show the minimums which are based on laboratory reports, filed tests, and previous results.

Why burn such a valuable . . . and greatly needed . . .

# Antelopes Open Football Drills; Game Is At Ralls Friday, Sept 11

first game less than a week away, candidates for the Antelope football team will be selected today morning under the direction of Coach V. F. Bingham and Vernon ...

practice session began at 9 o'clock Tuesday morning as early as the "allow" since Sept. 1st the earliest date school could begin drills. Following Tuesday morning's opening practice session, the can-

didates were given physical checkups Tuesday afternoon by Drs. D. C. Williams and Harry A. Tubbs before reporting for their second practice session. Light, limbering-up drills the first few days will give way to strenuous head-knocking scrimmages before the season opener at Ralls on Friday night, Sept. 11. The first home game is Sept. 18 against the O'Donnell Eagles.

Meanwhile, many Antelope boosters are getting chuckles out of the pre-season ratings being given Coach Bingham's eleven by sportswriters. Herb Owens of the Fort Worth Star-Telegram has the Antelopes tying with Abernathy for third place in the six-team District 6-AA race. A high school football round-up periodical published at Amarillo rates the Antelopes no better than sixth in the district race.

Coach Bingham, while more inclined to agree with the sixth place rating than with the higher one, is methodically going about the task of molding as a good a team as possible with the material at hand. Although he has 20 lettermen back, only six of them played regularly last

season, and experience is lacking in vital spots, including the quarterback position. The six regulars returning are Don Moore, guard, 165; Nolan Williams, end, 165; J. C. Shedd, end, 140; Tommy Malouf, half-back, 160; Charles Chandler, half-back, 150, and Bobby Cowdrey, tackle, 175.

Other lettermen are: Audie Teal, end, 150; Billy Meeks, tackle, 190; Fred Long, 220, Bowen Stephens, 165, and Ted Tatum, 140, guards; Larry Waldrip, 190, and Novis Pennell, 150, centers; and Moody Graham, 135, Darrell Bruton, 160, Junior Smith, 160, Tommy Murray, 130, Darrell Norman, 150, Mack Terry, 130, and Homer Cato, 145, backs.

**YOUR J-B SATIN-X-TRA**

## Saturday Is Award Night At Drive-In

A three-piece bedroom suite will be awarded at the Sunset Drive-In Theatre at 9 o'clock Saturday night, Sept. 5, through the courtesy of Mason & Company. Tickets, available at Mason & Company, afford the holder an opportunity of being awarded the bedroom suite, according to John Hopkins, manager of the Tower and Sunset Drive-In Theatres. Showing on the screen at the drive-in theatre Saturday night will be Bud Abbott and Lou Costello in "Society."

# Meet Your New AG GROCER...

We want to invite you to come in and meet your new GROCER — MR. ARNOLD PARRISH, formerly of Lubbock, who has purchased the JOSEY GROCERY AND MARKET, and who is moving to Post to assume management and operation of the store.

Mr. Parrish is a splendid young man, and comes to Post highly recommended as an experienced businessman and grocer. It is with pleasure that we introduce him to you and welcome him to Post.

May we take this means of expressing our appreciation to the good people of Post and our territory for the splendid patronage given us during the six and one half years that we have served as your grocers. Thanks a million, and may we urge that you continue your patronage with Mr. Parrish.

**MR. AND MRS. C. I. JOSEY**
