

CITIZENS OF THE YEAR—Carolyn Bley, daughter of Mr. and Mrs. Winston Bley, and George Jones, son of Mr. and Mrs. Owen Jones, have been named Olton High School's "Best Citizens of the Year." one of several awards made last Friday at the school. For photos of other award winners, see page 16.

SNAKES ALIVE!

Beware the uninvited guest. Especially when it's a rattlesnake!

Police Chief Emmett Burrows issued this warning this week in connection with the roadside park on Highway 70 east of Olton.

"I've noticed picnickers out there," Burrows said, "and I don't imagine they know there are rattlers around the park."

Burrows went on to say they had killed seven in the past year before last and two last year.

"We haven't killed any this year, yet," he noted, "but they're around there just the same."

Mrs. Thurman Services Held

Funeral services for Mrs. F. L. Thurman, 77, were held Monday, May 18 at 10 a.m. at the First Methodist Church with the Rev. R.H. Campbell and the Rev. Cecil C. Hardaway officiating.

George Jones is valedictorian and Margaret Schaefer, daughter of Mr. and Mrs. R.W. Schaefer is salutatorian.

Little League Opens Monday Night

"Play ball!"

That old familiar yell will ring out Monday night at 7 o'clock as Olton's Little Leaguers open play officially.

The opener will pit the Red Sox of Halfway against Olton Co-Op Gin.

Then Tuesday night, the other four teams in the league will see action in a doubleheader. The first game at 6 p.m. will see Olton State Bank going against Farmers Gin.

Second game at 7:30 p.m. will feature the Halfway Blue Sox against Thompson Implement.

The rest of the action in the first week of play will go this way:

May 28-7 p.m. Thompson Implement vs. Farmers Gin.

May 29-6 p.m. Red Sox vs. Blue Sox; 7:30 p.m. Olton Co-Op Gin vs. Olton State Bank.

PeeWee action will get under way June 1 with four teams in

that league. The PeeWees were scheduled to start this week with three teams, however league officials decided to add a fourth team in order to handle all the boys wanting to play. This necessitated delaying the schedule a week.

125 Head Lambs On Sale Here Saturday Afternoon

About 125 head of lambs will be sold Saturday at Olton Sheep Breeders' Association's Annual Lamb Sale at the stock show barns.

Local and area buyers, along with many from other parts of the state, are expected to be on hand for the event.

The sale will begin at 1:30 p.m.

Cotton Showers Dot Olton Area

Olton area farmers and ranchers welcomed "cotton showers" last Friday and those who received heavier amounts at that time were blessed again with rainfall Wednesday night.

Although Olton itself was dry Wednesday night, farmers in a strip south of town received more moisture.

D. C. Eby, who farms 5 1/2 miles southeast of town received an inch of rain late Wednesday afternoon and early evening. He had received 1.30 last Friday.

Last Friday, rains brought 2 1/2 inches to the Merrill Brigrance place six miles south of town. Late Wednesday afternoon, the Brigrances already had received a half-inch and rain was still falling.

At the same time, J.F. Cole, five miles south of town, also had received about a half-inch, with rain still falling. The Cole farm received an inch last Thursday and Friday.

"We've been very fortunate, but we're still wishing for a lot more," Cole said.

In other parts of the area, the moisture from last Friday's fall was lighter, but just as welcome.

The Robert Meinecke farm northeast of Olton received .20 last Friday, and Mrs. Meinecke commented, "It helped our cotton come up."

E. S. Huckabee, also northeast, received about a half-inch at his home and about three-fourths on the east side of his place.

Mr. and Mrs. Huckabee had just returned from a trip and she said, "It's wonderful to come back and find our cotton and maize coming up."

The Dan Quigley farm six miles west and three north got about .90 of an inch of rain. Mrs. Quigley's comment: "It was wonderful and we enjoyed it."

The Norris Sampler farm eight miles north and four west,

however, was described by Mrs. Sampler as still "dry as a bone." The Samplers had not received any rain and were irrigating.

SWIMMING POOL AT ORC OPENS AT 2 P.M. SATURDAY

Last one in is a rotten egg....

It's a far cry from the old swimming hole but it's a safe bet Olton Recreation Center's pool will be just as crowded come Saturday.

This is the official opening of the pool for the summer. Hours are set 2 to 8 p.m. weekdays and 2 to 5 p.m. Sundays. Mornings will be left open for instruction.

Classes will be taught this year by Ann Nicholas. Anyone interested in enrolling is asked to meet at ORC Saturday, May 30 between 9:30 and 10 a.m.

First session of swimming classes will get underway June 1.

Effort To Abolish Office Continues

The battle line in the debate over whether the office of county school superintendent should be abolished was firmly drawn this week.

Shots were fired by both sides.

County Supt. C. Roy Stevens, his office under fire and criticized as a "waste of money," put forward a list of his office.

"There are other duties too numerous to mention," he said, "but these are among the major duties. I have little trouble keeping busy."

From opponents of the office came this retort: "It is merely a rubber stamp position."

To get both sides of the story, the Enterprise asked Stevens to forward a list of his duties, then did some checking of its own.

The issue first came up two weeks ago when the Olton Chamber of Commerce and Agriculture board of directors endorsed a movement to call an election to determine whether the office should be abolished.

Petitions were circulated in Olton and at last count, more than 250 signatures had been obtained.

The petition must be signed by 25 per cent of the qualified voters who cast a vote in the governor's race in the last general election.

This means that more than 1,000 signatures of qualified voters will be required on the petition before it is presented.

Signers must be qualified voters, but are not required to have voted in the last general election.

In endorsing the movement, the Olton C-CA tabbed the office a "waste of money," as expressed by Melvin McReynolds, C-CA manager.

Stevens fired back that his job "doesn't cost the county anything," explaining that all of the money to run the office "comes from the state."

If the office became part of the county judge's, as an ex-officio post, Stevens said, "this would cost the county a minimum of \$5,200 annually."

He said the "county judge would be paid \$2,600 a year and a secretary would be allowed a like amount."

The Enterprise learned after a check with a county judge in another county, one which does not have a separate county superintendent, that:

1. Money for county superintendent's work comes from the state, regardless of whether the office is separate, or whether it is an ex-officio post and part of the county judge's work.

2. The \$5,200 which can be set up for the ex-officio post is a maximum, and not necessarily a minimum.

Stevens forwarded the following list of duties to the Enterprise:

1. Compiling scholastic census for county.

2. Compiling transfers and transfers reports.

3. Preparing budget for the County Administration.

4. Preparing Minimum Foundation applications and reports.

5. Registering and recording teacher certificates.

6. Filing teachers' credentials, and service records.

7. Calculating teacher salaries, and employing teachers.

8. Preparing withholding tax reports.

9. Preparing teacher retirement reports.

10. Approving teacher contracts.

11. Giving general supervision, conducting teacher meetings, etc.

12. Preparing annual reports to the Foundation Program, for Commissioner of Education.

13. Promoting public relations.

14. Approving purchases of school buses, and other bus equipment through State Board of Control.

15. Acting as Secretary of County Board, meeting, and keeping proceedings record, etc.

16. Assist State representatives in school inspections of County.

17. Keeping financial records of school funds.

18. Operating as Appellate Board for school matters.

19. Supervising Supervisors and others on Cooperative basis.

20. Handle trustee election ballots, etc.

21. Participate in Superintendents meetings and dinners.

22. Community talks and general liaison work.

23. Help preparing and approving bus routes for all schools.

The Enterprise checked with people who are familiar with school procedures on several of the duties listed by Stevens.

On no. 1, the school census duty, the newspaper learned that such census are compiled by each local district. They are submitted to the county superintendent and forwarded to the state.

On no. 2, school transfers, it was learned that both districts must consent to a transfer and thus the county superintendent's job in these cases is a formality of carrying out the two districts' desires.

On no. 14, school bus purchases, the Enterprise found that local districts make their own decisions as to buses needed, and that approval of the county superintendent is a formality.

C-CA Manager McReynolds, after inquiring among what he termed "responsible sources," made this statement:

"The county superintendent has no authority, nor responsibility, in connection with any local independent school district. This includes all areas such as finance, election of teachers, school program, transportation, supervision, or any other area."

"He is involved, however, in three areas. First, the census from each district, which is forwarded to the state by the county superintendent; second, transportation orders, routes and problems are solved locally and then rubber-stamped by the county board--his office has no authority, responsibility or right to question a local district; and third, transfers, if agreeable to both the receiving and home districts."

"The very fact that this office exists means that he must apply to the state for his salary and operational money, and then submit an annual report on his administration of funds."

"Lamb County has only independent school districts, and so the county superintendent has little or no work to do in the fields of employing teachers, calculating teachers' salaries, approving teacher contracts, or other such things. These and other such items are handled by each local school district."

A WHOLE HOUSE FULL--Dent McGill, son of Mr. and Mrs. Lowell McGill, has his hands full with his pet, "Lady Bird" and her eight pups. If you count only seven, you're right--one pup hasn't come out of hibernation yet and has to be served personally in the barn. Papa McGill says his grocery bill is running sky high and he's willing to part with some of the pups--for free.

Letter To The Editor

Dear Mr. Turner:
Mr. Ray Noblett and I were down your way this week and dropped in to say "hello," but you were out of the office at the time, and so we missed you. We dropped in to let you know about the 25th anniversary of the Ranch, that we will be having on the 24th, and to extend an invitation to you to be with us at that time.
We did leave some pictures and a copy of our little paper

Teacher Golf Winners Named

The Bob Allfords beat the Leslie Rosses in the first annual Olton Teachers' Golf Tournament which ended last weekend at Olton Recreation Center.
Although billed as a tournament to be played according to the rules of Moore (Elmer J. Moore, director), it actually didn't turn out that way.
Moore was on the losing team, captained by Ross.
The Rosses shot a net of 917 over the 54-hole route, compared to a 905 carded by Allford's team.
Joe Turner fired the low net score of the tournament, winning with a 92, 16 under par.
Max Malone had the low gross total, a 126, 18 over par for the 27 holes.

with you that should give you some information for a story in the Enterprise, in case you would like to help the more than 300 youngsters, making their home with us, in this way. We are expecting several thousand people at the Ranch, on the 24th, and many of them will be coming from your area.

There are so many fine folks in and around Olton, who have been helping the boys ever since the Ranch began in 1939 and who continue to help today. Mr. Farley gives much of the credit,

to the progress of the Ranch, to his friends in that area and I am sure that many of them will be sharing this anniversary celebration with our boys.

Be sure to accept our invitation, to be with us on the 24th if you possibly can, and this invitation is open to you, of course, throughout the year. With all good wishes to you, I am

Sincerely yours,
Cal Farley's Boys Ranch

Philosopher Asks How Egypt Swings Hand-Outs

Editor's note: The Running Water Philosopher on his careless weed farm on Running Water Draw comes up with a hard question to answer this week.

Dear editor:
I was glancing through a newspaper last night and ran across a picture of President Nasser of Egypt giving Premier Khrushchev of Russia a bear hug and a continental kiss on the cheek in appreciation for half a billion dollars in aid and my reaction was, some people will do nearly anything for half a billion dollars, but then I read the article accompanying the picture.

According to it, Russia has spent half a billion dollars building a big dam for Egypt, and Mr. Khrushchev was in Egypt to get the proper credit for it.

On the other hand, the United States has spent nearly a billion and a half, three times as much, on aid to Egypt, on the theory I guess that avoiding a kiss from Nasser comes high. Surely we could have found somebody who would have volunteered, just to save the country a billion dollars.

I don't know anything about this guy Nasser, but I'd like to. I'd like to learn some more

about his system of getting money from the United States to keep from going communist and money from Russia to keep from going capitalist.

You reckon he's working now on getting money from the Democrats to keep from going Republican and from the Republicans to keep from going Democratic? Has he thought of working Red China against Formosa? How about Degaulle against England? Lamb County against Castro County?

If he can keep the system going, it won't be long before the dessert sands of Egypt will flourish and it's possible we

can apply to him for aid to keep from going Castro.

Speaking of Castro, I have a notion he'll go down in history as the man who lost his country's cigar trade with the United States right when cigarettes were given a bad name.

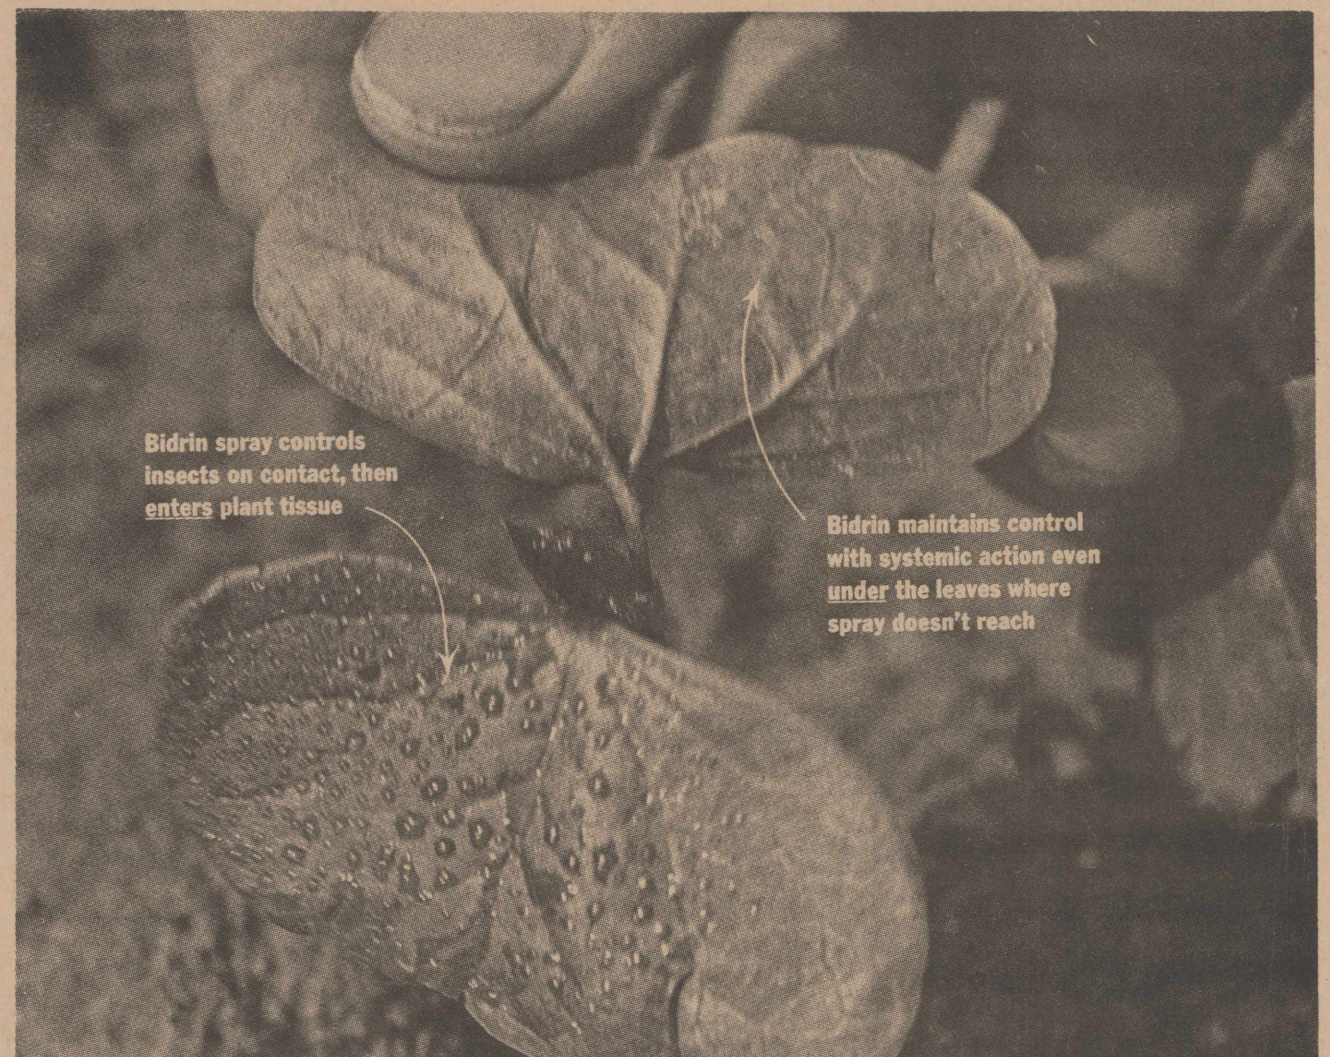

As for Nasser, we ought to study his methods a little closer. If I could just get two banks competing with each other to see which could lend me the most money.....

Yours faithfully,
J. A.

"GOD BLESS YOU," STUDENTS

Dear Amy:

My classmates and I had an argument with our English teacher. When someone sneezes, we say, "God Bless you." The teacher said that if you say this it shows ignorance and that you were not brought up right.

What do you think?
English Student

Dear Student:

I think your teacher should confine his teachings to English and leave his lectures on Philosophy and Religion to one who is better qualified. 'God Bless you' is a universal expression used by intelligent people the world over. P.S. You were brought up right. What I'm wondering is... was he?

Dear Amy:

Since everyone airs their problems through your column, I as a hotel owner would like to do the same.

Do you know people have a bad habit of taking towels wherever they go? I own three hotels in different parts of the country and the pattern is the same. Don't they know this is a form of stealing? Yet these same people wouldn't think of missing church on Sunday. Maybe if you print this letter, it would give the clergy a thought for a Sunday sermon.

Mr. R. Cecil

Dear Mr. Cecil:

'Towel-taking' has been a favorite hobby of travelers since way back when. I can't promise the clergy will do anything about it but I know how one hotel chain reduced this problem. They did away with the hotel name on the towel and took the fun out of the taking!

Dear Amy:

Last September, my daughter, age 18, started to go with a young man, age 24. A month later they were engaged and planned to get married. I was told that he used to take narcotics and was in the hospital for treatments two years ago. He said he was not taking narcotics at that time and his mother also told me that he was not taking narcotics nor anything else. So we planned a wedding.

In January, he was back in the hospital for drug addiction. He is still hospitalized and plans to

come back next month... and they are still engaged and want to be married. I just cannot accept this in my mind and am very much against this marriage. But what can I do to stop them?

Mrs. T.

Dear Mrs. T.:

The laws of your state permit 18 year old girls to marry without their parents' consent. But if your daughter is sensible, you can talk her out of it. Urge her to go out with other boys. At the present time this boy is a poor marriage risk.

Dear Amy:

I'm dating a man of 47 who is wonderful in every way. He has one peculiarity that I can't stand. Instead of keeping his change and bills in his trouser pocket or wallet like other men, he carries a change purse like a woman. When the occasion arises, he pulls out his little pocketbook in front of people and this embarrasses me to death.

I'm sure he's serious about me and if it weren't for the change purse, I would jump at the opportunity to land him. What would you do?

Bette

Dear Bette:

It matters little where he keeps his money so long as he is willing to share it with you. Surprise him with a wallet and make the change for him!

Dear Amy:

About two weeks ago I broke up with my steady. My reasons: He was neglecting his class work and me by clowning around with a boy I do not approve of. This boy he is clowning around with is causing him to fail his classes and I'm afraid the 8th grade also.

Since I have made this decision, I need to know if I have acted wisely or not.

Shook-up

Dear Shook-up:

Your decision was wise. He's too young to go steady, too old to clown around and had 'two' many distractions to pass his grades!

... to a lake resort in
General Telephone Country

Texoma - Water Wonderland

This great lake lying in the romantic Red River Valley, is one of America's most popular resort centers, with favorite access routes through General Telephone towns such as Sherman, Whitesboro and Gordonville. Seventy million people visited it in recent years exceeding Yellowstone National Park attendance. More than 8000 boats from small craft to luxury yachts make highways of its sparkling waters. Its millions of visitors are attracted by facilities which range from convenient camp sites to luxurious resorts, with overnight lake-side accommodations for 1500 or more people. It is, in fact, a water wonderland for swimming, fishing, boating, skiing and all water sports — a shining example of fabulous places to go and things to see in General Telephone Country.

BE PROTECTED AGAINST

HAIL

AN IMPORTANT MESSAGE TO THE FARMER FOR 1964

The PANHANDLE MUTUAL HAIL ASSOCIATION is NOT a RECIPROCAL and the farmers do not have to sign a "POWER OF ATTORNEY" to anyone when buying hail insurance.

REASONS WHY PANHANDLE MUTUAL HAIL ASSOCIATION IS ONE OF THE LARGEST CROP HAIL WRITERS ON TEXAS CROPS:

1. All Texas policies are reinsured by the LLOYD'S OF LONDON with billions of dollar assets.
2. Only PANHANDLE MUTUAL offers the complete "PACKAGE OF STEP LADDER" cotton coverage, the age of cotton STEP LADDER (PANHANDLE SPECIAL), the 10% STEP LADDER (FB-10), and the 5% STEP LADDER (FB-5). The whole package and combination of all the STEP LADDER policies are necessary to fit the West Texas farming conditions.
3. The PANHANDLE MUTUAL HAIL ASSOCIATION has paid back to the farmers an average of 84¢ of each premium dollar over the last 4 years for HAIL LOSSES. The loss benefits is the important and simple crux of any insurance policy, and much sweeter than any token dividend or deviation.
4. A-PLUS (EXCELLENT) RATING BY "DUNNE'S FIRE AND CASUALTY REPORT".
5. Required legal reserve (policy holders surplus) maintained at all times and deposits are kept in LOCAL BANKS throughout the West Texas area.
6. The PANHANDLE SPECIAL cotton policy DOES NOT have the REPLANT clause and we DO NOT use the PLANT POPULATION adjustment at any time.
7. The PANHANDLE Wheat Policy is the only policy with the "Extra Harvest Expense Award" benefits, also with the 10% credit on Tascosa and beardless wheat, only 48 hour waiting period and a nice premium saving in most counties.
8. Free cancellation on crop failures (See Dates) . . . arbitration clause.
9. Your PANHANDLE MUTUAL HAIL ASSOCIATION wants to serve you with "THE THINKING MAN'S HAIL INSURANCE".

Be sure and talk to your PANHANDLE MUTUAL AGENT now to compare and study the coverages and rates, because of the many coverages that are now being offered, you need to know about the complete "PANHANDLE STEP LADDER PACKAGE".

Stolen Tires

Are Recovered

Officers recently recovered four tires, wheels and tubes which were stolen from a trailer parked at Jack Straw Gin.

Police Chief Emmett Burrows and Deputy Sheriff Dave Sparks found the stolen articles behind a corn shed at the west edge of town.

The stolen goods belonged to Wayne Harris, who farms south of Olton. They were valued at about \$200.

Officers theorized they found the stolen tires and wheels before the thief returned to pick them up and later sell them.

Boyce Cleston Adams, 28, of Odessa, formerly of Olton, was reported in critical condition Friday at Midland Memorial Hospital from head injuries he received in an oil field accident Thursday, May 14, five miles north of Fort Stockton.

Adams, an employee of the FWA Drilling Company of Wichita Falls, was injured when a piece of radio antenna bracket fell from the rig and hit him on the head.

He received emergency treatment at Fort Stockton Hospital and then was transferred to Midland Memorial Hospital for surgery.

Adams is the son of the late A. B. Adams of Olton, and Mrs. A. B. Adams now residing at Portales, N.M.

NOW... GREAT NEW ENCO EXTRA!

PUT A TIGER IN YOUR TANK!

New Power-formula Enco Extra gasoline boosts power three ways...preserves the power of new engines...restores lost power to many older engines:

1. Cleaning Power! Dirt can clog even a new carburetor in a few months of normal operation—causing hard starting and rough idling. Your very first tankful of New Enco Extra will start to clear away these deposits to improve power and mileage.

2. Firing Power! Spark plug and cylinder de-

posits can cause misfiring, pre-ignition and hot spots. New Enco Extra neutralizes these harmful deposits to help your engine fire smoothly and efficiently.

3. Octane Power! Octane requirements for new cars are up again this year. New Enco Extra has the high octane that most cars now need for full performance, smooth acceleration and passing power without knocking.

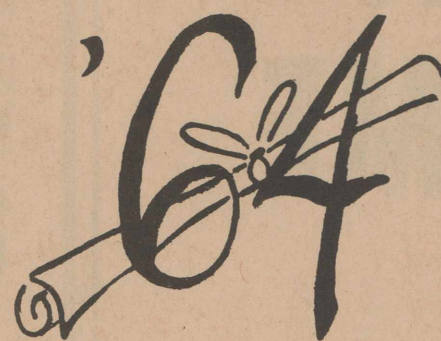

You'll get something extra for your money with New Power-formula Enco Extra—it's like putting a tiger in your tank! *Happy Motoring!*

OLTON, TEXAS

CHURCH HONORED--The Rev. Russell Walborn is shown above with the plaque awarded the Church of the Nazarene at the annual Abilene district assembly at Fort Worth last week.

Olton Church Of Nazarene Given Achievement Plaque

The Olton Church of the Nazarene was honored at the annual Abilene district assembly at Fort Worth last week for "outstanding church achievement." The church was cited for its growth in church membership, financial strength and service to the denomination and the local community.

The church won over 52 churches in the district with membership less than 50.

Certificates for membership growth, financial strength and youth activity were presented to the pastor, the Rev. Russell Walborn, by the presiding general superintendent, Dr. Samuel Young, along with words of praise to the pastor and people of the Olton church.

The pastor received a plaque and congratulations from the district superintendent, the Rev. R. W. Hurn of Lubbock in a home mission service Wednesday night, May 13.

Studies by The Travelers Insurance Companies show driver error and lack of judgment were responsible for 34,700 deaths on U.S. highways in 1963.

The plaque was given as the "1964 Small Church Achievement Award."

This is the first time since the church was organized in 1929 that it has received district awards.

Lions Attend District Meet

Six Olton Lions were on hand for the district convention held last Friday and Saturday at Snyder.

Voting delegates were Charles Polk, George Redinger and Herman Meyer, Lion Boss. Others attending were Percy Parsons, James Hall and G.H. Bley.

SUCCESS

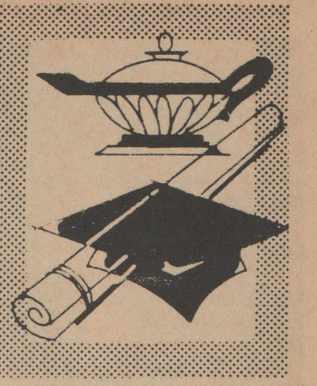

Success is a relative thing, someone said. But each of us strives for it and plans his life and actions to achieve it. We wish you success in this most complicated society, but we would remind you not to achieve it at the sacrifice of self respect. Many people write that our young people are weak and unable to carry on the American tradition. This we do not believe. We have the utmost confidence in you all.
