Kitty's Korner By Kitty Montgomery

The function of a weekly newspaper, such as The Stockman, is to inform the people in the area of events and happenings of interest in their locale. People who write news stories do not express their personal opinion, nor do they editorialize.

It is the policy of this particular paper to present the facts as given to us and when direct quotes are used they come directly from the "horse's mouth", so to speak in other words, when you read that so and so said "such and such", you may be sure they said just that. It is not the reporter's job to agree or disagree with their statements, when writing a news story.

Now this particular column is something else entirely, mostly my own opinions, for which I take full responsibility. Speaking of my opinion, I seriously doubt that many, if any, of our readers hold us responsible for what other people say. However, I wanted to clarify the paper's position in case anyone is in doubt.

— k k —

We hear quite a lot about teen-agers and their antics these days, in fact it has grown into a problem of national proportions.

I noticed an article in the paper the other day stating that 42 residents of North Dallas had petitioned police to erect stop signs to slow down fast-driving teen-agers. I think it would be a gracious gesture if the city of Ozona would send them our stop signs, since one one uses them anyway.

— k k —

There is always something to take the joy out of life. Only yesterday I read that doctors have linked coffee drinking to coronary disease. The article stated that 2½ cups of instant coffee significantly increased cholesterol in the blood and that the increase is similar to that produced by nicotine, but last longer.

However, there is a bright spot for those who use sugar in their coffee. The article said that the fatty acids rose only a fifth as much when sugar was used.

I seem to be completely out of luck; it takes four cups of instant coffee to wake me each morning — and wouldn't you know it, I don't use sugar.

— k k —

I deplore riots, mob violence and demonstrations. Mainly because I think civil rights issues should be settled in the court room.

However, I am glad the scene has shifted from the South to the smug North. From the scenes of violence lately on television, I dare say that their problems are much worse than in the South.

— k k —

We installed a new addressing system some months ago and have discovered to our dismay that several names were left off. So if you have been missing your Stockman, drop us a line and accept our apologies. "To err is human, etc." and we seem to be abnormally human around here sometimes.

— k k —

Did you ever notice that the folks who get the maddest at you are the ones who make the mistake you predicted they would make?

Olson Resigns As Administrator of Local Hospital

Norman Olson, who came here a year ago from Kerrville, resigned this week as administrator of the Crockett County Hospital.

The resignation was handed to the Commissioners Court at its monthly meeting Monday, the effective date August 31, 1966. Mr. Olson announced that he had accepted a job at Clifton, Texas.

The hospital board, composed of citizens appointed by the Commissioners Court to act in a supervisory capacity as representatives of the court in the hospital's operation, was not advised of Mr. Olson's pending resignation when it met in regular session Thursday night prior to the Commissioners Court meeting on Monday.

Members of the board said yesterday that no subsequent meeting had been held by the board and no move made to date toward the employment of another administrator.

J. B. Post, long time administrator of the hospital, who asked to be relieved of the duties as administrator last year because of ill health will become acting administrator unless a replacement is secured before Mr. Olson leaves. Mr. Post has remained with the hospital as assistant administrator since retiring from the top job.

Dr. Tate is 29 years old and has been associated with an Austin hospital the past two years. Prior to this, he served three years as a Navy doctor.

Mr. and Mrs. Perry Hubbard and children are vacationing in California.

Reading Workshop August 25-26 For Ozona Educators

A reading workshop for elementary educators in the Crockett Consolidated School District will be conducted on August 25 and 26. It was announced by L. B. T. Sikes, superintendent of schools. Educators in surrounding school districts are cordially invited to attend the reading session which will be held in the Ozona High School Auditorium from 9:00 a. m. to 3:30 p. m. daily.

The consultant for the workshop will be Mrs. Marguerite Holley, Garland, an educator in Texas schools for the past 23 years. She is currently serving as superintendent and principal of the Holley Private School in Garland. Mrs. Holley will explain the use of "Phonetic Keys To Reading" for Grades 1, 2, and 3, and "Keys To Independence In Reading" for Grades 4, 5, and 6. She will also demonstrate the actual classroom techniques of phonetic reading instruction. There will be a question-and-answer period following both reading sessions in order that teachers may discuss various aspects of this program.

GRID HOPEFULS TO TAKE PHYSICAL TODAY

Coach Sam Mosley wants all boys who are coming out for high school football to be at one of the local doctor's offices this afternoon at 4 o'clock, in order to take football physicals. Coach Mosley will meet them in front of the office buildings at that time.

Funeral Services Here Today For Colonel Carden

Funeral services for Col. Henry Hugh Carden, 66, will be held this afternoon at 5:00 o'clock from the Ozona Methodist Church with military burial in Cedar Hill Cemetery under the direction of James Funeral Home.

Col. Carden died Tuesday morning in Brooks Army Hospital in San Antonio after a lengthy illness. He and Mrs. Carden, the former Gussie Watson of Ozona, had made San Antonio their home since his retirement from the Army.

He was born Feb. 25, 1899, in Gatesville. He and Miss Gussie Watson were married in Ozona in 1930.

Col. Carden's distinguished career in the military service began with a hitch in the Marine Corps during World War I. He was called back to active duty in 1940 and saw combat duty with the 36th Division, U. S. Army, in the North African, and Italian operations and in Japan and Korea. He received the Silver Star and the Purple Heart in the Italian campaign of 1943. He retired with the rank of full colonel in January, 1959, for medical reasons.

He was a member of the Masonic Lodge at Belton.

Surviving are the widow, one daughter, Mrs. Henry Sellers of Seminole; one son, Ralph Carden of Albuquerque; two brothers and one sister of Belton, and two grandchildren.

Chamber Members, Citizens To Meet Mon. Night, Aug 15

A meeting of the membership of the Ozona Chamber of Commerce plus all interested citizens, will be held Monday, August 15, at the civic center starting at 7:30 p. m., Bill Watson, chamber president, announced.

Purpose of the meeting will be to inform the people about what the Chamber is doing, what it would like to do and to hear suggestions from the membership and from the public at large on what it should be doing, Watson said.

The Ozona Chamber of Commerce is in its fourth year. It is presently operating without a manager, Mrs. Winnie Allen manning the office as secretary.

County To Pay \$1250 On Debt Left By Jubilee

The Crockett County Commissioners Court meeting Monday voted to appropriate \$1,250 from county funds toward retiring the fat debt left by the Crockett County Diamond Jubilee celebration in June.

Mrs. Bernice Jones, county judge, said that the court was within its legal right in appropriating the funds for the purpose, the law permitting the county to allocate funds for any exhibition pertaining to the county.

The request for county help in liquidating the celebration indebtedness came from James Baggett, general chairman of the Jubilee.

"The court felt that it would be a reflection on Crockett county if the debt is not paid and did what it could within the budget limits," Mrs. Jones said. The celebration ended with a net loss of \$2,904. A small amount has been donated by interested citizens as memorial gifts toward paying off the debt.

One Wounded In Friday Night Shooting Spree

Samuel Vargas Rivera, 21, is in the Crockett county jail charged with attempted manslaughter, as a result of a shooting spree which took place late Friday night and seriously wounded Domingo Cantu, 53. Cantu, shot in the upper chest, is in the intensive care unit at Shannon Hospital in San Angelo where he is listed in fair condition. Bond has not been set for Rivera, pending further developments in Cantu's condition.

Sheriff's officials were alerted at 11 o'clock Friday night. Sheriff Billy Mills, along with deputies Jack Hyde and Ralph Gonzales, investigated. Rivera allegedly was shooting a .25 caliber automatic pistol in the draw near the Cantu residence, according to Sheriff Mills, when Cantu went out to see what the disturbance was and was shot in the chest. After being shot Cantu chased his assailant until he collapsed.

Officers found Rivera several blocks down the street leaning against a tree. Sheriff Mills said when he approached him, he threw the gun at his feet. The gun had a live round of ammunition in it.

Justice of the Peace A. O. Fields said yesterday that bond will be set for Rivera within the next few days if Cantu's condition continues to improve.

Summer Band Practice Starts Monday, Aug. 15

Summer Band starts Monday, August 15. Rehearsals will be held at 8:00 a. m. and at 4:00 p. m. at the band hall, according to Tommy Sanders, band director. All high school band students including this year's freshmen are expected to be on hand.

Sanders said he expects 65 band members this year, at least, and is looking forward to a well organized band.

Thunder Shower Brings Over Inch Moisture Here

A thunderstorm dumped an inch to an inch and a half of rain on Ozona and the surrounding countryside early this morning.

At mid-morning skies were heavily overcast and a light mist was falling.

This morning's rain brings the total rainfall for August to 2.18 inches, a record for the usually dry month.

Couple Employed To Teaching Staff

L. B. T. Sikes superintendent of schools announced the employment of two more teachers this week. John Oliver, an English major with an M. A. from Texas Christian University, will complete the high school English staff. His wife, Mrs. Oliver, will teach 8th grade English in junior high school. She has her B. A. Degree from Texas Tech.

Mr. Sikes announced that a full list of the school faculty will be ready for next week's edition.

The first full day of school for all student will be Monday, August 29.

Ozona football Coach Sam Mosley announced Monday that varsity candidates for the 1966 Lion football team were to report at 9 a. m. Monday, August 15th, for equipment issue. Mosley indicated that the first full practice will be held at 5 p. m. on Monday, and that the Lions would have two workouts daily until school begins, with the morning sessions to be in shorts and afternoon workouts in full pads.

Those who are to be candidates for the OHS B-Team squad will report on Monday, August 22, at 8 a. m. Lions hopes suffered a severe blow, this week when Coach Mosley, who begins second year as Lion mentor, learned that three-year letterman Randy Upham would be lost to the squad for the 1966 campaign. Randy moved this week to Jal, New Mexico, with his parents, who received news only last week of the transfer. A rugged 160 lb. halfback, Upham was a vital cog in the Lion defense as well as an offensive threat from his right halfback spot.

The loss of Upham will leave the Lions with 11 returning lettermen from last year's squad which had a 7-3 record, losing two 12-14 decisions and 0-14 defeat to the high ranking Sonora team.

A recent poll placed the Sonora 11 third in the state ratings and had Ozona second behind the Broncos in District 8A.

Rev. Bradley To Preach During 1st Baptist Revival

Rev. Floyd Bradley, pastor of the First Baptist Church of Floydada, Texas, will do the preaching during a week-long revival at the First Baptist Church in Ozona. Rev. Max Brown, pastor, announced this week.

Services will be held each morning at 10 o'clock and the evening services will begin at 8 p. m. A fellowship hour will follow each evening service.

Song services will be directed by Sam Beam of Fort Worth. The sermon series by Rev. Bradley has been preceded by a series of special nightly services conducted by the pastor, Rev. Brown, beginning Wednesday of this week and continuing through Sunday, with Tommy Sims leading the song services.

Rev. Bradley has served the First Baptist Church at Floydada for the past five years. He is a member of the Executive Board of the Baptist General Convention of Texas and is a trustee of Wayland Baptist College at Plainview. Rev. Bradley is an outstanding pastor and preacher, Rev. Brown says, and he invites all members and friends of the church to hear him all next week.

Paving Work In County Discussed At Court Meeting

Paving work under way in town and in various parts of the county came in for discussion at the Commissioners Court meeting Monday.

The county has been engaged in a cost-share paving project on the road leading to the J-M gas field on the Mitchell ranch in extreme southwest Crockett county. Three miles of road has recently been paved in the Powell Field area and some local streets are being surfaced or repaired.

The court purchased a safe from the North Estate for use at the jail to keep personal belongings of prisoners while they are in the pokey.

Mr. and Mrs. Joe B. Keeton of Dallas are here for a visit with Mr. Keeton's mother, Mrs. J. T. Keeton.

Following the opening clash with the McCamey Badgers on Sept. 9th and two non-district games against Bronte and Big Lake, the Lions will meet the Broncos headon in the first district ballgame.

New interscholastic league rulings will permit Mosley's crew to get in two scrimmages Robert Lee (in Ozona) and Seagraves (in Odessa or Midland). Additional rulings call for the first game to be on Friday of the second week of school instead of Friday after school begins on Monday as well as the elimination of the traditional open date in the schedule.

David Jacoby, Crockett county 4-H club member and Texas Delegate to the first National Range Youth Forum, held at Logan, Utah, August 27-30, was elected chairman of the Forum by fellow delegates.

Some twenty youth delegates, two per state, representing some ten western states attended the first National Range Youth Forum. Sponsored by the American Society of Range Management, the youth forum was held in conjunction with the Summer Meeting of the Society at Utah State University at Logan, Utah.

Plans were being made at the meeting to send David to the National meeting of the American Society of Range Management, which will be held at Seattle, Washington, in February, 1967. Young Jacoby, as chairman of the Youth Forum, will give a formal report of the activities of the first forum held to members of the National Society.

Purpose of the Range Youth Forum is to develop leadership in youth leaders, assist in developing youth programs in range management, provide new information to youth on range management and to provide information on careers in range science.

David was accompanied to the meeting by his parents, Mr. and Mrs. Pete Jacoby. Points of interest were visited.

THE "HART" OF DECEPTION

"Informed consumers are essential to the fair and efficient functioning of a free market economy." So reads the first sentence of the declaration of policy in the so-called "truth-in-packaging" bill introduced by Senator Hart of Michigan. We would agree with that statement, of and by itself. But now as the bill goes before the House of Representatives we would add that informed congressmen are essential to the functioning of a free market economy — to its very preservation against such destructive legislation as that introduced by Senator Hart.

The purpose of the bill is claimed to be prevention of "unfair and deceptive methods of packaging and labeling" of foodstuffs and other consumer goods. We see a lot more deception in the bill itself, and Senator Hart's promotion of it, than has been shown to exist in the practices of private producers and distributors of goods in American markets. The official title, "Fair Packaging and Labeling Act," strikes us as an attempt to give the impression that there is wide-spread unfairness in those regards at present. The "truth-in-packaging" slogan, which the bill's promoters have popularized, seems unquestionably designed to that deceptive purpose.

Senator Hart says passage of his bill would save each of us consumers \$250 a year. That's a nice round number — which may be a clue as to whose hat it came from. Not only did the senator fail to provide any proof of his claim of savings, he neglects to mention that producers of food and grocery products offer had evidence of major cost increases for consumers if they must change their machinery and processes to conform to uniform pack-

aging directives consistent with the present bill. Neither does the senator say much about the costs of the big, new administrative bureau his bill would require.

But maybe that's how we save the \$250 — buying that much less of groceries because we have to support, through taxes, a host of additional bureaucrats.

Seriously, when a member of Congress resorts to sloganeering and unsupported charges against private industries, there's reason to wonder just what's in the political packet he's selling. The Hart bill has passed the Senate, possibly because many other senators were too busy to examine it closely. So it may be worthwhile to ask our congressmen to take a good look at that "Giant Economy Size" package Senator Hart has put on the counter. And not just at the label — that "\$250-OFF" sticker may be a bit deceptive. They should carefully weigh the contents and compute the net cost per ounce.

A BAD TRADE — Rep. John Dowday (D.-Tex.) tells a story which should be considered by those requesting federal handouts. He said, "One day a bird was offered a worm in exchange for a small feather. This seemed to be an advantageous trade, and he didn't miss the feather at all. In fact, it was so good that the next day he gladly exchanged another feather for another worm, and continued for some weeks until one day he no longer had small feathers, and traded one large enough that he couldn't fly. He had traded his liberty for security."

From Your State Capitol

Austin, Texas — Never has the Texas Legislature had money problems like those it will face in 1967.

Although the fact has been little publicized, state agencies are requesting an unprecedented \$1,200,000,000 in appropriations from the general revenue fund during the next biennium. This figure does not include activities financed by extensive special fund revenues and federal aid. Neither does it allow for the \$120,000,000 pay raise sought by school teachers.

By way of comparison, present general revenue appropriations add up to \$623,900,000, so the agencies are seeking almost twice as much as they now are getting from tax sources controlled by the Legislature.

Although most forecasters are predicting that a sales tax hike of one per cent is inevitable, look for a "surprise" revenue bill with top-level backing.

Connally Backs Sentence — Governor Connally, returning to this capital city while it still was numbed with shock and grief over the senseless sniper slaying of 13 at The University of Texas, suggested a new state law ordering mandatory life prison sentences for insane killers.

Connally said he is considering a recommendation for a non-parolable life sentence because too many criminals escape extended pun-

ishment on pleas of insanity. Lt. Gov. Preston Smith promptly directed the Texas Legislature Council to study the feasibility of enacting mandatory life imprisonment provisions for accused killers pleading insanity.

Millions From Lease Sale — State permanent school fund received more than \$5,600,000 from oil and gas lease sale on 101,236 acres.

Total of 143 tracts were leased for average of \$55.35 an acre. Fifty-two tracts in the Gulf of Mexico leased for \$3,800,000.

Wade-Noelke Vows Are Exchanged In Iraan Ceremony

A double ring ceremony attended by members of the families was pledged August 2nd in the Iraan Methodist Church by Miss Normandy SueAnne Wade, daughter of Mrs. Jesse Sidney Wade and the late Mr. Wade and Herbert Clayton Noelke, III, son of Mrs. H. C. Noelke and the late Mr. Noelke, of Ozona and Sheffield, Texas. Rev. Norton Scrimshire assisted by the Rev. Joe W. Bickley officiated before the decorated altar. Tall white baskets of glads and fugi mums were placed at the foot of the white arch.

Nuptial music was presented by Mrs. Dan Stacy at the organ and Miss Jane Dixon at the piano. The bride was given in marriage by Floyd Carroll Hudman of Odessa, Miss Wade's brother-in-law, who was a stand-in for the bride's brother Jesse Sidney Wade of Anchorage, Alaska.

The bride chose a carpet-length formal gown of Sheer Point D'esprit over Peaut. The empire bodice was fashioned with a bateau neckline and full sheer sleeves closed at the wrist with a narrow velvet band. White velvet ribbon and a front bow accented the empire bodice ending in back streamers that fell to the hemline of the sheer full skirt. A 'chapel' of the traditional orange blossoms formed the bride's headpiece, secured to tiers of English silk illusion with a separate face veil. Her bouquet was of white feathered carnations centered by a large pure white orchid.

Maid of honor was Miss Dorothy Irene Morgan of Marysville, California.

Reid Holmsley of Ozona attended the groom as best man. Ushers were Gary Probst of Dallas and Wade Hudman of Odessa.

Setting for the reception was the church fellowship hall which was decorated with large baskets of mums and fugimums.

For their wedding trip Mrs. Noelke chose a two-piece white and gold silk suit. Her accessories were white.

Mr. and Mrs. Noelke will reside in Denton where they will enroll at North Texas University.

Mrs. Freida Noelke honored members of the Wade-Noelke wedding party with a rehearsal dinner August 1st at the Sheffield Community Center. Guests were present from El Paso, San Saba, Ozona, Iraan, Dallas, Sheffield, Marysville, California, Houston, Odessa and Phoenix, Arizona.

Down in Louisiana there's a spot which casts a spell of reverence upon my soul.

But what I have found along the bayou I have seen, too, in the awesome might of a granite peak, in the mystic wonder of a shadowy canyon. I have heard it in the restless symphony of the surf at night.

These, the shrines of nature, are God's hint of a spiritual meaning in life.

But, long ago, man responded to God's hint. The churches in which we worship and learn and serve—these are the workshops He inspired. Week by week, year by year, under the hand of the Master, lives are being fashioned to His blueprint . . . devoted to His purpose.

Yes, we can find God in nature! But the road of spiritual discovery only begins along the bayou. It goes on from there to our highest quest.

Proposed CONSTITUTIONAL AMENDMENT
NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

HOUSE JOINT RESOLUTION NO. 79 proposing an amendment to Article VIII, Constitution of the State of Texas, by adding Section 1-d to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article VIII, Constitution of the State of Texas, be amended by adding Section 1-d to read as follows:

"Section 1-d. (a) All land owned by natural persons which is designated for agricultural use in accordance with the provisions of this Section shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use. 'Agricultural use' means the raising of livestock or growing of crops, fruit, flowers, and other products of the soil under natural conditions as a business venture for profit, which business is the primary occupation and source of income of the owner.

"(b) For each assessment year the owner wishes to qualify his land under provisions of this Section as designated for agricultural

use he shall file with the local tax assessor a sworn statement in writing describing the use to which the land is devoted.

"(c) Upon receipt of the sworn statement in writing the local tax assessor shall determine whether or not such land qualifies for the designation as to agricultural use as defined herein and in the event it so qualifies he shall designate such land as being for agricultural use and assess the land accordingly.

"(d) Such local tax assessor may inspect the land and require such evidence of use as source of income as may be necessary or useful in determining whether or not the agricultural use provision of this article applies.

"(e) No land may qualify for the designation provided for in this Act unless for at least three (3) successive years immediately preceding the assessment date the land has been devoted exclusively for agricultural use, or unless the land has been continuously developed for agriculture during such time.

"(f) Each year during which the land is designated for agricultural use, the local tax assessor shall note on his records the valuation which would have been made had the land not qualified for such designation under this Section. If designated land is subsequently diverted to a purpose other than that of agricultural use, or is sold, the land shall be subject to an additional

tax. The additional tax shall equal the difference between taxes paid on the land, hereunder, and the amount of tax payable for the preceding three years had the land been otherwise assessed. Until paid, there shall be a lien for additional taxes and interest on land assessed under the provisions of this Section.

"(g) The valuation and assessment of any minerals or subsurface rights to minerals shall not come within the provisions of this Section."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use.

"AGAINST the Constitutional Amendment to provide that all land owned by natural persons designated for agricultural use shall be assessed for all tax purposes on the consideration of only those factors relative to such agricultural use."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the constitution and laws of this state.

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 8, 1966.

SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Section 49-d, Article III of the Constitution of the State of Texas, declaring state policy regarding optimum development of water reservoirs; providing for the use of the Texas Water Development Fund under such conditions as the Legislature may prescribe by General Law in the acquisition and development of storage facilities and any system of works necessary for the filtration, treatment and transportation of water from storage to points of treatment, filtration and/or distribution, including facilities for transporting water therefrom to wholesale purchasers, or for any one or more of such purposes or methods; provided, however, the Texas Water Development Fund or any other state fund provided for water development, transmission, transfer or filtration shall not be used to finance any project which contemplates or results in the removal from the basin of origin of any surface water and necessary to supply the reasonably foreseeable future water requirements for the next ensuing fifty-year period within the river basin of origin, except on a temporary, interim basis.

"Under such provisions as the Legislature may prescribe by General Law the Texas Water Development Fund may be used for the conservation and development of water for useful purposes by construction or reconstruction or enlargement of reservoirs constructed or to be constructed or enlarged within the State of Texas or on any stream constituting a boundary of the State of Texas, together with any system or works necessary for the filtration, treatment and/or transportation of water, by any one or more of the following governmental agencies: by the United States of America or any agency, department or instrumentality thereof; by the State of Texas or any agency, department or instrumentality thereof; by political subdivisions or bodies politic and corporate of the state; by interstate compact commissions to which the State of Texas is a party; and by municipal corporations. The Legislature shall provide terms and conditions under which the Texas Water Development Board may sell, transfer or lease, in whole or in part, any reservoir and associated system or works

which the Texas Water Development Board has financed in whole or in part.

"Under such provisions as the Legislature may prescribe by General Law, the Texas Water Development Board may also execute long-term contracts with the United States or any of its agencies for the acquisition and development of storage facilities in reservoirs constructed or to be constructed by the Federal Government. Such contracts when executed shall constitute general obligations of the State of Texas in the same manner and with the same effect as state bonds issued under the authority of the preceding Section 49-c of this Constitution, and the provisions in said Section 49-c with respect to payment of principal and interest on state bonds issued shall likewise apply with respect to payment of principal and interest required to be paid by such contracts. If storage facilities are acquired for a term of years, such contracts shall contain provisions for renewal that will protect the state's investment.

"The aggregate of the bonds authorized hereunder shall not exceed \$200,000,000 and shall be in addition to the aggregate of the bonds previously authorized by said Section 49-c of Article III of this Constitution. The Legislature upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue all or any portion of such \$200,000,000 in additional bonds herein authorized.

"The Legislature shall provide terms and conditions for the Texas Water Development Board to sell, transfer or lease, in whole or in part, any acquired storage facilities or the right to use such storage facilities together with any associated system or works necessary for the filtration, treatment or transportation of water at a price not less than the direct cost of the Board in acquiring same; and the Legislature may provide terms and conditions for the Board to sell any unappropriated public waters of the state that might be stored in such facilities. As a prerequisite to the purchase of such storage or water, the applicant therefor shall have secured a valid permit from the Texas Water Commission or its successor authorizing the

Any city which owns airport facilities not serving certificated airlines which are not purchased or acquired or taken over as herein provided by such Authority, shall have the power to operate the same under the existing laws and as the same may hereafter be amended. Any such Authority when created may be granted the power and authority to promulgate, adopt and enforce appropriate zoning regulations to protect the airport from

hazards and obstructions which would interfere with the use of the airport and its facilities for landing and take-off; an additional county or counties may be added to a petition of five per cent (5%) of the qualified taxpayer voters is filed with and an election is called by the Commissioners Court of the county or counties seeking admission to an Authority and the vote is favorable, then admission may be granted to such county or counties by the Board of Directors of the then existing Authority upon such terms and conditions as they may agree upon and evidenced by a resolution approved by two-thirds (2/3rds) of the then existing Board of Directors, provided, however, the county or counties that may be added to the then existing Authority shall be given representation on the Board of Directors by adding additional directors in proportion to their population according to the last preceding Federal Census."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1966, at which election all ballots shall have printed thereon the following:

Recipe of the Week From Kitty's Kitchen

Fresh Apple Cake

2 cups sugar
1 cup cooking oil
2 eggs
3 cups fresh grated apple
3 cups flour (sift-no-more)
1 teaspoon soda
1 teaspoon salt
1 1/2 teaspoon cinnamon
1 cup chopped nuts
1 teaspoon vanilla

Put all the above ingredients in a large mixing bowl and mix well all at once. Pour batter into a greased floured tube pan and cook in preheated 350 degree oven for 1 hour and 15 minutes, or until top springs back when touched lightly with finger.

This is the easiest cake recipe you'll ever find. It sounds impossible without mixing and beating ingredients separately, but it really turns out beautifully.

A lemon or orange glaze may be used if desired. Pour glaze on while hot.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 6, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 6. (a) No appropriation for private or individual purposes shall be made unless authorized by this Constitution. A regular statement, under oath, and an account of the receipts and expenditures of all public money shall be published annually, in such manner as shall be prescribed by law.

"(b) State agencies charged with the responsibility of providing services to those who are blind, crippled, or otherwise physically or mentally handicapped may accept money from private or federal sources, designated by the private or federal source as money to be used in establishing and equipping facilities for assisting those who are blind, crippled, or otherwise physically or mentally handicapped in becoming gainfully employed, in rehabilitation and restoring the handi-

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article IX of the Constitution of the State of Texas, be amended to read as follows:

"Section 9. The Legislature may by law provide for the creation, establishment, maintenance and operation of hospital districts composed of one or more counties or all or any part of one or more counties with power to issue bonds for the purchase, construction, acquisition, repair or renovation of buildings and improvements and equipping same, for hospital purposes; providing for the transfer to the hospital district of the title to any land, buildings, improvements and equipment located wholly within the district which may be jointly or separately owned by any city, town or county, providing that any district so created shall assume full responsibility for providing medical and hospital care for its needy inhabitants and assume the outstanding indebtedness incurred by cities, towns and counties for hospital purposes prior to the creation of the district, if same are located wholly within its boundaries, and a pro rata portion of such indebtedness based upon the then last approved tax assessment rolls of the included cities, towns and counties if less than all

In such connection, the statute shall provide against disposal or transfer of the assets of the district except for due compensation unless such assets are transferred to another governmental agency, such as a county, embracing such district and using such transferred assets in such a way as to benefit citizens formerly within the district.
