

Champ Among Weeds

Farmers have been telling tall weed stories since the exceptional August rains, but Mike Shurtleff, left, and Howard Bradshaw point to this one as a likely champ of 'em all. Their careless weed measures more than 13 feet tall and 4 inches at the base. They potted it for fun Friday after it grew skyward outside Colorado Machine Shop.

Land Bank Meeting To Explain New Credit Act

Farm Credit Act of 1971, proposed legislation before Congress, will be explained at the annual stockholders meeting for Federal Land Bank of Colorado City.

The meeting is scheduled Thursday at 7:30 p.m. in Colorado City's Civic House, according to Martin Murphy of China Grove, president of the association.

Discussing the Farm Credit Act, viewed by land bank leaders as vital for the needs of farm and ranch, will be Charles C. Thompson, president of City National Bank.

Thompson is chairman of the

Farm Credit Board of Houston, top agency for farm and ranch credit in a multi-state area. The bank, headquartered in Houston, has been providing financing since 1917.

"This new Farm Credit Act is very important to the credit of farmers and ranchers," said Murphy, "and we feel sure that all persons interested in agriculture credit will want to hear Mr. Thompson's discussion and explanation."

Door prizes will be given and refreshments will be served to stockholders and their families and all other interested persons attending the meeting.

Association is one of 68 associations in Texas providing long term land bank loans. Like the other 68, the Colorado City association is owned by its customers.

Loan Assn. Expects To Convert In 6 Weeks

Only state and federal approval is necessary before Colorado Federal Savings & Loan Association converts its operation to broader financing provided in a state charter.

L. B. Elliott, president of Colorado Federal Savings & Loan, told the Record Saturday that formal action by federal and state authorities is expected within the next 30 days.

Directors of the 36-year-old

financial institution already have filed necessary data and requests for the conversion from federal to state charter.

Members of the association in a special meeting last week voted overwhelmingly for the change away from the more restricted federal charter operation.

Colorado Federal officers and directors had recommended to

the membership that the association convert its charter.

All members attending the special meeting voted in favor of the change. Total vote, including proxy ballots, was about 95 per cent for the change, according to Elliott.

With the vote to change to state operation, the association members also approved the same officers now at the helm of the association to continue

in their leadership position for the state charter operation.

The association's formal application is now before the Texas Savings & Loan Department, Federal Savings & Loan Insurance Corporation and Federal Home Loan Bank Board.

The state and federal agencies must register formal approval before the change is completed. However, no delay

is expected at the agency levels.

"We hope our entire change will be completed by the end of September," Elliott said. "It may come a bit before or after the date."

"But we are anticipating no problems."

With the change to the state more liberal state financing charter, the association will change its name to Colorado City Savings & Loan Association, dropping the federal designation which has been maintained since the loan association organized here in 1935.

There will be no inconvenience to customers of the association as the conversion is completed.

"All accounts in force now under the federal charter will remain in force under the state operation," Elliott emphasized. "There will be no necessity for a customer to make any change in his or her account."

Shotgun Wounds Man

Argument Leads To Shooting

Two early morning disturbances in opposite areas of the city sent 1 person to the hospital with serious gunshot wound and put 5 others in police custody.

Hospitalized was Pete Martinez, 29, of Big Spring.

Police say that Martinez was struck by a load of No. 4 shot from a 12 gauge shotgun while in the yard of Pilar Madrano's residence in 1700 block of Plum.

Held for questioning in the shooting was Manuel Vasquez Del Real Jr., 20, of 106 Riverside.

Three other men arrested at the shooting scene were charged Saturday with drunkenness.

Police Chief Jesse Browning said 2 police units were less than a block away from the Plum street address when they heard

the gunfire. Police were hurrying to the scene after stopping for speeding a car that had just left the Plum address.

Chief Browning said charges would be filed in connection with the shooting, which happened at 5:09 a.m., following an argument.

Less than an hour later, police arrested 2 men as they attempted to flee a residence at 949 East 15th Street.

Police had rushed to the East 15th residence of Mrs. Lupe Martinez, who they reported had called police for assistance.

As officers approached the front and back doors, a scream was inside the darkened house. Moments later 2 men were apprehended as they ran out the back door.

Browning said a pipe, which smelled of burned marijuana, and a pipe head were taken from the pockets of a 26-year-old Colorado City man.

Inside an automobile registered to a 28-year-old Colorado

City man and parked in the drive was a police type club.

Both men were being held for filing of charges involving possession of drug equipment and possession of a prohibitive weapon.

2,049 Students C-City Moves Toward 1,700

Colorado City's school enrollment is expected to climb toward the 1,700 mark this week and all three schools in Mitchell County reported 2,049 pupils enrolled.

Pre-class enrollment during the last week totaled 1,599 -- down 51 students from last fall.

However, between 30 and 40 more high school students are expected in other grades, too.

Supt. Lloyd McKee, on the basis of initial enrollment and

census figures, is expecting the 1971-72 enrollment to peak at 1,700 or above. If this peak is reached, it will surpass the top of 1,692 students reached last January.

Enrollment figures compiled through Friday are as follows: bil - lingual kindergarten and kindergarten - 89; first 3 grades at Kelley Elementary -- 367; fourth and fifth grades at Hutchinson -- 260; sixth grade at Wallace -- 146; special education -- 8; seventh and eighth grades at Junior High -- 249;

top four grades in high school -- 482.

Westbrook schools have a total enrollment of 150 following the first week of school, a drop of about 9 students from the number attending classes at the end of the last school year.

The enrollment includes 12, 5-year-olds in kindergarten which is being held this year for the first time in Westbrook as well as most other schools, Supt. L. M. Dawson said.

Loraine 11 Named Scrimmage Rematch Set

Loraine Bulldogs coach Gerald Guthrie Saturday announced the names of the starting line-up for Loraine's first home game against New Home Sept. 10.

The announcement came after Friday night's scrimmage with Sterling City, an experienced team that edged out the Bulldogs by an 18 to 6 score.

Coaches Guthrie and Freeman Lamkin weren't exactly pleased with what they saw but they weren't totally displeased. Guthrie said the Bulldogs, who have won only four games in the last two years, are inexperienced.

The Loraine touchdown was scored by Bimbo Stewart who caught a 40-yard pass from David Minter. The Sterling City touchdowns came on two long passes and an intercepted pass.

Other than the scoring plays neither team could crank up an offense, Guthrie said, noting that he intends to put more emphasis on offensive work before the Bulldogs meet Sterling City in a rematch next Friday night at Loraine.

Guthrie said he was pleased by the play of the defensive unit.

Members of the starting offensive unit line-up announced by Guthrie are split end, Stewart; tight end, Adon Madrid; tackles, Gilbert Galvan and Roy Ritchey; guards, Doug Graham and Gary Scarber; center, Richard Hill; quarterback, Minter; fullback, Cleon Williams; tailback, Robert Darnell, and wingback, Michael Jones.

2 Changes In Lunch Program

Coffee, tea and carbonated drinks bow to milk in Colorado City school cafeterias this fall, as far as students are concerned.

Free and reduced price lunch policies also will be in effect for school children unable to pay the price of their meals.

Gary Gardner, administrative assistant to the superintendent, called the attention of parents and students to both policies Saturday.

Girl's Rescuer Named Parents To Thank Californian

Doug Simmons and his wife, Dot, now know the identity of the man responsible for saving the life of their daughter, Ange, 7, who was almost drowned Tuesday when she was swept over the low water crossing and dam across Lone Wolf Creek in Ruddick Park.

However, identification of the

man came too late for the Simmons to thank the rescuer in person.

The rescuer was identified as Bob Stanton of San Jose, Calif., by his wife's parents, Mr. and Mrs. Blakely Wingo, of 1117 Elm. They came to the Record office Thursday after seeing a story that told of

Simmons wanting to meet and thank the man who saved his daughter.

Wingo said he, his son-in-law and two of his grandchildren, Leslie Stanton, 10, of San Jose, Calif., and Darlene Henderson, 13, of Austin, had gone to the park so the children could play on the swings.

Wingo said his son-in-law heard two girls screaming, "Ange fell in," and Stanton ran to the water, jumped in and pulled her out.

Ange had gone to the park with two other girls, Dee Ann Griffith, 9, and Christy Hudgins, 11. She was attempting to follow the girls through water flowing over the low water crossing when she apparently slipped and was washed over the dam.

She held onto some weeds until she was rescued.

Simmons, Farm Bureau insurance agent here, said he and his wife paid a visit to the Wingo home Thursday night but Stanton had already left to return to California.

Simmons said he plans to write Stanton to thank him for saving Ange's life.

Wolves Win Scrimmage

Coach Impressed With Team Effort

The Colorado High School Wolves scored three touchdowns Friday night and held Ballinger scoreless at the top 25 players from each squad met in their first contest of the 1971 season.

Wolves coach Weldon Brevard said he was real pleased by the effort of the boys as they attempted to overcome in-

experience. Many mistakes were made but the boys hustled to make up for errors including recovering their own four or five fumbles, Brevard said.

Skip Maines scored one Wolf touchdown; Melvin Jackson caught a long pass from the arm of David Matthews for another six points and another touchdown was set up on a pass

to Russell Hertenberger from Amador Guerrero.

Each team ran 20 plays on offense and another 20 on defense. Dewain Nix looked good at quarterback, Brevard said. Other top offensive players singled out by Brevard included Larry Dearen, at fullback and John Ridge at guard.

Defensive standouts included

Skip Maines, Scott Hudson and Tim Stansel, according to the coach.

Brevard said he will determine the starting lineup for the season's opening game against Monahans Sept. 10 following next Friday night's scrimmage against Haskell at Haskell beginning at 7:30 p.m.

Ruth COFFEY'S CONVERSATION CORNER

"SUMMER TIME and the livin' is easy"...houses are sweet with visits from kin...tables are full of food, laughter and talking...and the air itself sings with hello, then goodbye.

Goodbye is probably the least favorite word in our language. Nobody likes to say goodbye. But on the joy of saying hello again!

Took to wondering the other day if maybe one of the best reasons for having children is having grandchildren to bless the house too quiet, too empty, until it gets to be summer time and the livin' is busy...complicated...and so very dear to the heart.

OUR TOWN has been full of visiting children, grandchildren, and other beloved ones this summer time.

Girlie Lowe (Mrs. Delmer) had her two granddaughters, Marla, 16, and Terry, 14, during most of the summer. They flew in from their home at Anchorage, Alaska, where they live with their parents, Jackie Sue (nee Lowe) and Fred Lowe, and their brothers Boyd Lowe, aged 12, and Steven Dale, seven months old.

Fred, engineer in Alaska, Jackie, and the boys came later. The Nalls also visited Jackie's sister Margie Wulfjen, her husband James, and their family.

WHILE HERE they got to see Fred's mother, Mrs. M.B. Nall of Dallas and Wichita Falls, his sister Cassie Swartzwood and her son Robbie of Dallas, his sister Willie Sue and her husband Lynn Lobbe of Wichita Falls.

And they went to Big Spring to see his uncles and aunts, Mr. and Mrs. Howard Nall, Mr. and Mrs. Jack Nall, and Mrs. Tom Currie.

The Nall family loves Anchorage where favorite family sport is dog-sled racing. But, like so many other transplanted C-Citians, they love coming back here to say hello every two years. When they say goodbye they add "Until next time!"

NOTE from Mary Post Hart (Mrs. Bruce) of Odessa was happy over a seven-week visit from daughter Martha and her baby daughter Lisa who live in Naples, Italy where Martha's husband Mario Cianciulli is an attorney.

"Miss Lisa," writes our Mary, "is the blondest little Italian you ever saw. It was great fun spoiling her. If she never says another word in English at least I can boast that her first three words were TEXAN."

Bill Post and his family of San Bernadino, Calif., visited the Harts, Martha and the ba-

by for a week in Odessa. Ila, widow of USN Commander Bob Post, Jr., and her three children of Dallas drove out to be with them, too.

"We have had a busy summer, as who has not, but we so enjoyed being together," concludes Mary, long-time Citan before her move to Odessa.

MAIL CALL also brought a friendly letter from Mrs. Lula B. Cooper who has been living in Aberdeen, Miss., for the past 32 years.

"Colorado City was my home for 32 years, too," she writes, "and we lived on Locust St." She is mother of Mrs. George Irvin, nee Alice Plaster, and grandmother of Jo Anne Merket, Root Memorial's supervisor of nurses.

Small world isn't it? Mrs. Cooper is a close friend of Martha Trotter, wife of the Rev. Robert W. Trotter, Jr. (Bobbie) of New Orleans. Martha's mother is Lula's ex-neighbor and they still visit often in Aberdeen.

SEEN LATELYS included Betty Howell who with husband Hubert and children Sue, Andy

and Beth, are vacationing in Houston by now.

Saw blond Jill Richards Groff, wife of Bill, who with little daughter Anne Marie is still visiting Jill's parents Bea and Pint Richards of Watson St. The Groffs live in Germany where Bill is on military duty.

Another guest in the Richards home is their granddaughter Kim, daughter of Lloyd Richards Jr. Kim lives in California where her daddy is stationed with the Navy.

Got to meet for the first time that handsome gentleman named Brice Webb the third. He is two and has been visiting paternal grandparents Rhee and Brice Webb. His daddy Brice (Carl) and mother Rose Ann (nee White) are West Texas University students at Canyon. Rhee, Brice, Carl and Rose Ann were planning to attend the Lawrence Welk show in Amarillo Friday evening.

FAMILIAR FACES various places belonged to Margaret Oyler...Doris (Mrs. Bill F.) Carter and Frances Webb...Selma (Mrs. Willie) Landau just back from a Dallas market

Valdez were a son, daughters and their families.

They were Mr. and Mrs. Jimmy Delp of Herve De Grace, Md., Mr. and Mrs. Bob Farmer, Mr. and Mrs. Joe Valdez and family, Mr. and Mrs. Manuel Herrera and family, all of Odessa.

The families traveled to Six Flags for a week end family outing.

Mr. and Mrs. Manuel Del Real are grandparents of a little girl, Eva, born Aug. 6 to Mr. and Mrs. Juan Del Real.

Arriving from Dallas were Miss Janine Hodge, daughter of Mr. and Mrs. Lawrence Hodge of 977 Marshall Street, and her room mate, Miss Philda McWatters of McAllen.

Miss Hodge is a secretary for Blue Cross Insurance in Dallas.

Recent guests of Mrs. L. H.

trip and bringing back greetings from Eva (Mrs. Otto) Berlin.

Swapped hello's with Virgil Moser...Pearl Lindsey who is working for Colorado Federal Savings and Loan again...G. D. Foster...Vera Simpson...Gladys Howard...Charlie Godwin...Ralph Sorrells...Wulma Womack...Bonnie Burt.

Sandy Channess and her little sister Debbie had with them their adorable little niece Mindy who is 14-months-old...Lena (Mrs. Buddy) Marcom, just back from a vacation in North Carolina was refreshment - breaking with her son Alan and daughter Anne.

OFF THE CUFF--Margie and Kelly Treadaway have as guest her mother Mrs. Thornhill, formerly of Loraine and now of New Braunfels.

The Treadaways were also-glow over an expected visit this week from daughter Kaye, her husband Carl Blomqvist and their small son of New Jersey.

Sefton and Aldred Pickens left Friday for California where their daughter Anita and her husband Terrence Duffy momentarily look forward to the birth of their third child.

IT'S LIKE the column said to begin with...Summer time...The livin' may not be easy but it's mighty sweet.

And to repeat...one of the best reasons for having children is having grandchildren about the time you feel entitled to a bonus.

P.S. Did you know that the J. P. Jamesons, who have been living in Carrizo Springs, have moved to McAllen?

Friends of LL (lovely lady) Lucy Berry, wife of Will Berry, will want to know she is improving following surgery in the hospital here.

And so...til next time!
