Clean-up Campaign Underway in Lamesa

Lamesa is a thriving little city and every citizen should justly be proud of the progress and development that has been shown during the last ten years. Right now every available house in Lamesa is occupied, and there is a great demand for rooms, houses, and apartments. A number of new houses have been built since the first of the year, and several are under construction at present. This crowded condition here in our town, however, brings on a problem which is not easy to solve without the fullest co-operation of everybody. This problem is the sanitation and cleanliness of our town. Many of us are careless in caring for our premises. We allow rubbish and trash to accumulate in our yards and alleys, without any thought of it becoming a nuisance to our neighbors or creating a health hazard to our people, but many times such is the case. Everyone can make some improvement in the sanitation and appearance of his home and yard, and there isn't anything that adds more to the attractiveness of a town than its general cleanliness and certainly no one can doubt the value from a health standpoint.

The Civic Committee of the Chamber of Commerce is sponsoring a clean-up and beautification program, which began Monday, April 5th. The committee is composed of M. C. Lindsey, as chairman, Owen C. Taylor, Dixie Kilgore and W. D. Arnett. This committee, City Officials, and local Health Authorities are asking that all trash be cleaned from the yards and alleys, and all trash that can be burned should be destroyed in that manner, but the trash that cannot be burned should be piled up in the alley, where it will be accessible to the city wagons.

Let's all co-operate in this matter. A concerted effort on the part of everybody will make our town sanitary and clean.

E. A. Phipps Passes Away Wednesday

E. A. Phipps, aged 70 years, passed away at his home here on Wednesday April 7th.

Funeral services are being held this afternoon (Thursday) at the Higginbotham Funeral Home. Burial will be made in the Lamesa cemetery.

Survivors are his wife, and the following children: L. A. Lee, and Lacy Woods of Lamesa; Leslie Phipps, of Woodland, California; and Mrs. M. E. Wells, Lamesa.

Miss Margaret Fay Kelsie of Big Spring visited friends here Saturday.

Sign-Up For 1937 Farm Program To Begin Monday

The County Agent's office will begin the sign-up of 1937 Work Sheets, Monday, April 12. The following information is needed in connection with the Work Sheet sign-up for every farm:

Name and address of 1937 operator.

Name and address of 1937 owner (if other than operator.)

Name and address of previous operators and/or owners, if changes are made for 1937 from those of 1936.

1936 acreage cotton planted and yield in pounds lint cotton per acre. (500 pound bale equals 478 pounds lint.)

The yield per acre of feed produced on planted acreage in 1936 if a diversion was made in 1936 from the base.

A brief legal description such as section number, block and township, if the farm is not the identical farm covered in 1936.

The normal acreage of soil conserving crops in the farm.

For farms which have never been under any contract it will be necessary to have a complete cotton base history from 1928 to 1936 inclusive of acreage and yields.

Signing of Work Sheets in 1937 does not place any obligation upon the signers and payments will be made only on the basis of crop measurements.

Vernon D. Adcock New County Attorney

The Commissioners' Court appointed Vernon D. Adcock to fill out the unexpired term of Louis B. Reed who resigned to accept appointment as District Judge.

Adcock came to Dawson county nine years ago and taught school two years at Woody and two years at Patricia. His wife also taught four years in this county. She was formerly Miss Hallie Jess Millsapp and was a graduate of Lamesa High School with the class of 1927.

Adcock was admitted to the bar by the Texas Supreme Court in 1931 and has had five years actual experience in the practice of law and served two terms as County Attorney of Kent County.

Adcock came to Dawson county nine years ago and taught school two years at Woody and two years at Patricia. His wife also taught four years in this county. She was formerly Miss Hallie Jess Millsapp and was a graduate of Lamesa High School with the class of 1927.

Grading Work on Highway Starts

Grading work, preparatory to starting a new type of paving for this section, is under way on highway 15 from Seminole to the New Mexico state line. George M. Garrett, division engineer, reports. First grading work began last week and the job is expected to be completed in from four to five months. "Tank bottoms" or the refuse of oil tanks is to be used for surfacing. It will be mixed with sand and spread from four to seven inches thick. Thickness will depend upon the character of the sub-base.

The present road is being graded up and barrow ditches built for drainage. On some of the hills, where there is plenty of caliche it is not expected much grading will be necessary.

Something like 20,000 barrels of bottoms will be necessary for the surfacing. Delay in the grading work was necessary until the highway department could locate enough oil to complete the job. A considerable bit of correspondence and travel was necessary in order to contact oil company officials. The bottoms came from several concerns, in amounts from 1,000 to 8,000 and 9,000 barrels.

Plans Completed For Scout Camporal

Invitations are being mailed this week to Boy Scouts at Brownfield, Tahoka, O'Donnell, Slaton, Post and Bar to attend the Tri-District Scout Camporal to be held here on Friday and Saturday, April 23 and 24.

Over 200 scouts are expected to be in Lamesa for this Camporal. The program will begin at 4 o'clock on Friday afternoon and will continue to 4 o'clock on Saturday afternoon. A Boy Scout parade through the town will take place at 5:30 on Friday. Tents for the visiting group will be located on the high school athletic field.

Mr. Henry Norris is in charge of the Camporal and is asking the cooperation of everybody in making this event a big success. The public is invited to attend and witness the many contests.

MARRIAGE LICENSE

Marriage license was issued the past week at the County Clerk's office to W. C. Boland and Miss Evelyn Cherry, and Homer Herring and Miss Thelma Bankhead.

NEW CARS REGISTERED

New cars registered this past week at the County Tax Collector's office were: W. W. Holland, Ford V-8 Tudor sedan; W. P. (Buddy) Savage, Studebaker Tudor Gris, St. Regis; L. W. Alexander, Ford Truck; E. W. Cope, Ford V-8 Truck; W. T. Webb, Ford V-8 Deluxe Tudor sedan.

Presents Charter

FRED WEMPLE
Of Midland, Texas

District Governor of the 41st District of Rotary International

Rotary Club Holds First Official Meeting

The first official meeting of the Lamesa Rotary Club was held in the Williams Hotel last Friday evening. Elmo Wasson, president of the Big Spring club, presided, and Fred Wemple, District Governor of the 41st District of Rotary International presented the charter. Kenneth Oberholzer of the Lubbock club gave an interesting address in which he outlined the principles of Rotary. The Big Spring Club was the sponsor in the organization of the local group.

One hundred and twenty people attended this meeting and banquet including the twenty-five local Rotarians and their wives as well as members and wives from Lubbock, Sweetwater, Littlefield, Tahoka, Slaton, Brownfield, Big Spring, Post, Midland and Levelland. The visiting clubs, either jointly or individually, presented the local club with some useful and appropriate gifts. The Lubbock club presented a large felt banner bearing the inscription, "Lamesa Rotary Club" and the Rotary insignia. Midland and Sweetwater jointly presented Rotary pins to each individual member. Post and Tahoka gave a large American flag and Slaton presented individual certificates bearing the principles of Rotary. Levelland and Brownfield presented as their gift a beautiful plaque of dark wood with the Rotary insignia inlaid with metal. Big Spring's gift was a gong and gavel to be used by the president in calling and dismissing meetings.

Mr. Ribble of the Ribble Floral Co., Lubbock, presented the club with six dozen roses to be used as table decorations for this occasion.

The music for the meeting was furnished by Mrs. W. J. Beckham, Miss Wilda Boldin, and Mrs. Carl Rountree. Greetings and congratulations were extended the new club by the Lion's Club through its president, Mr. A. G. Bearden. Likewise Dr. V. L. Lawson, president of the Luncheon Club, extended greetings and best wishes from that club. Interesting speeches of welcome and congratulations were made by many members of out-of-town clubs.

The present membership of the Lamesa Rotary Club is as follows: Carl Rountree, president; W. D. Arnett, vice president; G. M. Roberts, secretary-treasurer. The Board of Directors consists of G. C. Canon, Irvin Wright, S. L. Forrest, and J. H. Pierce. Other members are Dr. J. C. Lovess, Arthur Hull, Swanson Hurt, Gordon B. McGuire, Jr., W. B. Collins, V. Z. Rogers, Clyde Brannon, S. G. McIntosh, Dr. Noble H. Price, C. O. Stone, M. C. Lindsey, Joe Alexander, O. H. Morris, Owen C. Taylor, V. O. Key, David J. Murray, J. H. Harp, and M. Q. Martin. The club meets each Friday at noon.

30-ft. Addition Added To Canon Building

W. V. P. Baker has under construction a 30-foot addition to his brick building on the north side of the square, occupied by the Canon Variety store.

The addition which is of brick construction, will house the radio and refrigeration department of the Canon store which has grown to such proportions that additional space was necessary for display and sales purposes.

Construction has started on an English style stucco on North Sixth street. It will have four rooms with bath, and with all modern conveniences. The house is the property of Tim Boyd and will be occupied by the Boyd family when completed.

Among the recent additions being constructed in Lamesa is a two-room addition being completed to the home of L. B. Vaughn on North 6th street.

Car Owners Urged To Send In Cards

According to the latest available report from the Highway Planning Survey, 123 car owners of Dawson county have mailed the post cards which were handed to them at the time they paid their 1937 automobile license fees at the office of R. W. Herndon, Tax Assessor and Collector. Since the number of cards thus far returned from this county are insufficient to give complete proof of the real needs of the county, every car owner should fill it in and mail it at once because information so collected, together with information compiled by other branches of the survey, will be used by the State Highway Department and the U. S. Bureau of Public Roads in allocating federal funds which will soon be spent in improving the secondary road system and in planning the future construction and maintenance of the roads and highways.

Throughout the State the car owners have been returning these cards in a highly satisfactory way. This county in order to furnish information which places it on a comparable basis with other counties, should return these post cards from as high a percentage of its car owners as its neighboring counties.

Singers to Meet At Ackerly April 17-18

The Dawson County Singing Convention will meet on Saturday night and Sunday, April 17-18, at Ackerly. The meeting will be held at the school auditorium.

The V. O. Stamps singers have been invited, also the Burleson Quartette of Lubbock and singers from Sweetwater. All singers in Dawson and surrounding counties as well as those interested in good singing are urged to be present.

New Theatre To Open Friday Night

Announcement is made of the opening on Friday evening of the new Col. Theatre on North Austin street, one half block north of the First National Bank. The show will begin at 7:15 p. m., showing a musical Western picture, "Arizona Days", starring Tex Ritter.

Workmen have been busy for the past two weeks remodeling the building and preparing it for occupancy by the theatre. Equipment is being installed and finishing touches are being put on the building by workmen today.

The new theatre will be owned and operated by Mr. A. G. Cole, an independent operator who has just moved his family to Lamesa from Colorado, Texas, where he formerly made his home.

Mr. Cole has been connected with the moving picture industry in various capacities during the past twenty years, and assures Lamesans that he will give them the best in entertainment. He is installing the latest thing in sound and projection equipment in the new theatre.

ATTEND DISTRICT MEETING OF AGENTS AND COMMITTEEMEN

A district meeting of County Agents and County Committeemen was held in Midland Wednesday. The county agents meeting was conducted by Mr. H. H. Williamson, Director Texas Extension Service. Mr. E. C. Martin, District Agent of this District, and Lester M. Young, Assistant Field Officer from the State Office of the Agricultural Conservation Program, College Station, Texas. Information was given concerning the 1937 farm and ranch program as it applied to this area.

A meeting of the committeemen in attendance was held at which Cliff Day, President of Texas Agricultural Association, discussed the activities and policies of his organization. George Chance, cotton farmer of Brazos county, was also in attendance at the meeting and discussed problems confronting Texas farmers.

From the local county agent's office Joe C. Williams, Joe L. Matthews, and W. E. Hoskenson attended the agent's meeting. The other meeting was attended by W. M. Yates, county judge; County Commissioners Olin Earnest, W. W. Beaman and Oscar Keefe; Mayor W. L. Marr; C. Baldwin, A. G. Bearden, B. F. Day, and L. A. Duff.

FIVE MILE SCHOOL TO BROADCAST

Five mile school will be presented in a thirty minute radio broadcast from station KBST at Big Spring on Sunday, April 11. The program begins at six p. m. This program will be sponsored by the Mother's club.

4TH STATE APPOINTMENT HAS BEEN RECEIVED

Miss Pauline Bulsterbaum, county superintendent, states that the 4th State apportionment of \$3 per capita has been received this week. This makes a total of \$11.00 received.

Another Oil Test To Be Drilled In Dawson County

A derrick is being erected on location in the center of the northwest quarter of the southeast-quarter of Section 45, Block M. E. L. & R. R. Ry survey in Dawson county, which is about a mile and a quarter southeast of the Albaugh-Robinson No. 1, discovery well in this territory.

Drilling will start as soon as the derrick is finished and supplies are placed on the ground, and trucks are busy hauling timber and other material to the location this week. E. L. Wilson and associates of Dallas have the contract for the drilling and will move 18 families into Lamesa, the heads of which are to be employed in the drilling operations.

The new well will be on land owned by the Texas Land and Mortgage company, and will be about twelve miles northwest of Lamesa. This is probably the beginning of an extensive drilling campaign in that section of the county as offsets will probably be started adjoining the discovery well before long.

Lamesa Band To Enter Abilene Band Festival

The Lamesa High School Band, under the direction of Mr. Conway King, will leave early Friday morning for Abilene where they will enter the 10th annual High School Band Festival, sponsored by Harbin-Simmons University, on Friday and Saturday.

Dr. H. A. Vandercreek, head of the Vandercreek School of Music of Chicago, will be supreme judge for the affair. Twenty gold loving cups, including the grand prize trophy, which may be won by any band, will be given winners. Several dozen medals will be awarded solo winners.

Bands from the following towns will take part: Memphis, Baird, Coleman, Brady, Haskell, Abilene, Big Spring, Brownwood, Bangs, Blanket, DeLeon, Comanche, Porsan, Paul Seeds, Wichita Falls Municipal Band, Kermit, Lampasas, Electrica and Lamesa.

Forty-eight members of the local band will make the trip, accompanied by director Conway King, Mrs. King, Mrs. George Norman, Mrs. A. G. Barnard, Mrs. Guy Weekes and daughter, Lois Jean, and Miss Thelma Palmer.

Weaver Nursery Plants 65,000 Trees

Mrs. J. R. Weaver has just planted 65,000 Chinese Elm trees on the Weaver property just north of town on Highway 9. This extensive tree planting program is in conjunction with her nursery and she is planning them with a view of getting them acclimated to this section of the state. The trees are planted in checkerboard fashion and the land will be plowed in two cardinal directions enabling better cultural results.

This nursery may also be enlarged to include the growing of better ornamental shrubs which will thrive and are hardy in West Texas.

This plot of ground should soon become a beauty spot, which may be enjoyed by the citizens of Lamesa and travelers who pass along the highway at that point.

Luncheon Club Hears Talk By C. O. Stone

Members of the Business Men's Luncheon Club met in regular session Tuesday at noon at the Williams Hotel.

Mr. C. O. Stone, secretary and treasurer of the Federal Farm Loan Association was the principal speaker for the meeting. He explained the many features of the Federal Land Bank and the service it has rendered to the farmers of this section since its organization, especially during the time of the depression, when many farmers were on the verge of losing their farms. He also stated that practically all the Federal Land Bank loans in Dawson county were at present in good shape, and the outlook in general was very good.

Owen C. Taylor, postmaster, gave the club a report on the progress of the Federal building project, and stated that prospects for an early construction were good.

Miss Addie Ruth Fulkerson entertained the group with two readings which were appreciated very much.

LOCAL MEN ATTEND MEETING IN LUBBOCK

A group of local business men went to Lubbock last Friday evening where they attended an International Truck show and a banquet given at the Hilton Hotel.

Those making the trip were E. R. Yates, F. J. Yates, Oren Speck, Ralph Stuart, F. V. Wilkes, J. R. Flaniken, Homer Thornton, Ernest Rhodes, Bernice Holt, W. L. Marr, Roy Speck, Emmett Peterson, and Blaine Wiggins.

Mr. Carol Brannon of Wilson, Texas spent the week end here visiting relatives and friends.

Permanent Fair Organization Planned

Encouraged by the success of last year's Fair, several local business men and farmers conceived the idea of a permanent Fair Organization for Dawson County. Accordingly, a temporary committee, appointed by Joe M. Peterson, President of last year's Fair Association, has made preliminary organization and drafted By-laws and Constitution, which will be submitted to the Directors of the permanent organization as soon as the permanent organization set-up is made.

The Constitution provides for a non-profit corporation, capitalized at \$5,000.00, the stock to be divided into 300 non-assessable shares of \$25.00 each.

The management of the Association will be in the hands of a Board of Directors, chosen from stock-holders, and it is hoped that permanent organization will be completed and the stock subscribed in the near future, in order that substantial preparation can be made for a Dawson County Fair this fall. Starting from a modest beginning, it is hoped that the present stock outlay and annual earnings of the Association will be sufficient to provide an adequate fair plant to meet present needs and to take care of future growth.

There is not a better agricultural section in the State than we have in Dawson County and surrounding territory. Certainly if successful fair associations can be maintained in sections with less agricultural resources, there is no reason why we cannot have a fair organization equal to the best.

There is nothing better to encourage the development of agriculture than an active fair organization, whose purpose it is to conduct annual fairs, and foster other activities conducive to better farming. For that reason, we should all lend our efforts to the early completion of our permanent fair organization.

A number of good fairs have been held in Dawson County despite the fact that we have no facilities for holding a fair. Last year it was necessary to rent tents to house the fair at a cost of approximately \$400.00. This money could have been used on permanent structures. Of the \$2300.00 gross returns from the 1936 Fair, \$1,000.00 could have been applied on the cost of a permanent fair plant.

There is certainly no need of argument to the statement that Dawson County needs an active Fair Association, capable of providing the necessary facilities for holding a good fair each fall. Then it behooves everybody to help put this Fair Association over.

Weather Man Shows Section a Few Tricks

The weather man showed West Texas a few tricks again Sunday when after three days of beautiful spring weather had ushered in the month of April, old Sol was sent to the showers and Jack Frost placed on the pitching mound.

The day broke clear but about ten a. m. snow began falling in Lamesa and between the snow and sleet about 20 inches of moisture was registered here. It was not quite cold enough for the snow to remain on the ground long in Dawson county but farther north on the Plains it was reported to have reached a depth of almost six inches. The snow was general over the Plains and will be of great benefit to the coming crops, especially wheat.

Farmers say that Dawson county has the best season in the ground at this time it has had in several years and all predict a good crop year, barring unforeseen disaster.

An estimate on the coming wheat crop released this week predicted a 40 million bushel crop for Texas.

Final League Events Held April 3rd

The remaining events of the Dawson County Interscholastic League were held in Lamesa Saturday, April 3. These events were Volley Ball for girls and Playground Ball for junior boys and junior girls. Large crowds witnessed these games and the following results were announced by Mr. Bass, Director of Athletics.

VOLLEY BALL
High schools: Klondike, 1st place; Lamesa, 2nd; Ackerly, 3rd.
Rural schools: Munger, 1st; Lou, 2nd; Ballard, 3rd.
Ward schools: Klondike, 1st; Ackerly, 2nd.

PLAYGROUND BALL
High school boys: Ackerly, 1st; Klondike, 2nd (No points).
High school girls: Klondike, 1st; Ackerly, 2nd (No points).

Ward school girls: Lamesa, 1st; Klondike, 2nd; Ackerly, 3rd.
Ward school boys: Lamesa, 1st; Sparenburg, 2nd; Ackerly, 3rd.

Rural school girls: Weaver, 1st; O. K., 2nd; No third place determined.
Rural school boys: Ballard, 1st; Mt. Olive, 2nd; Wilson, 3rd.

Dept. of State Writes Of Securities Act

Abilene, Texas
March 22, 1937
Dawson County Courier,
Lamesa, Texas.
Gentlemen:

Owing to the fact that there is a great deal of activity in your part of the country in the lease and royalty business, the Securities Commission is earnestly requesting you to bring certain valuable information before your citizens, which we feel is a matter of far reaching public interest.

The Texas Securities Act was passed in May, 1935, for the protection of the citizenship of Texas against unscrupulous dealers and fraudulent practices.

Under this act, all oil instruments, including oil leases and royalties are held as securities. Any person or firm dealing in oil leases or royalties is compelled to be registered with the Securities Commission, Austin, Texas, and violation of this act is a felony, punishable by a maximum of a two-year penitentiary sentence or a fine of one thousand dollars, or both.

The law specifically states that anyone offering to sell or offering to dispose of, for any valuable consideration, or otherwise settling himself out as a dealer or trader, either as a broker or trader on his own account, must obtain a license. Even though a person or firm buys and sells with his own money, he is deemed to be a dealer.

However, farmers, ranchers, and other fee holders are exempt under this act, where they simply lease their own land for mineral purposes and where they are not otherwise engaged in these transactions.

The Securities Commission wishes to take this opportunity of warning farmers and other land holders to make oil and lease dealers show their identification cards before dealing with them in any manner whatsoever, because trading with an unlicensed dealer may mean endless litigation. It is the opinion of the Securities Commission that deals made by an unlicensed dealer may be held invalid by the courts. This has been true in many other states operating under a license system.

Unlicensed dealers should immediately apply to the Securities Commission, Department of State, Austin, Texas, for necessary application blanks for the purpose of qualifying under this act. A cashier's check for \$35 should be mailed at once, which will entitle the dealer to a temporary permit, pending his formal application.

The Securities Commission will be deeply obligated for bringing this information before the public.

With kindest regards and best wishes,
I am,

Yours very truly,
F. B. Byrd, Jr.
Securities Commission,
Department of State,
Austin, Texas.

GOVERNOR ALLRED PROCLAIMS CHILD HEALTH DAY MAY 1

Austin, April 6. Governor James V. Allred has proclaimed May 1 as eleventh annual Child Health Day in Texas in connection with a national observance of the day under proclamation issued by the President of the United States. The State Department of Health is sponsoring May Day in Texas.

Governor Allred said "May day has become an incentive for campaigns to immunize our children against smallpox, diphtheria, typhoid fever, whooping cough—to encourage child health clinics—to encourage prenatal, preschool and to find and treat crippled children—to wage safe milk campaigns, realizing that the health and security of our children are essential to the well-being of our state and nation, and as such deserving encouragement through the development of plans to promote maternal and child health and to extend child welfare, now therefore, I, James V. Allred, Governor of the State of Texas, do hereby proclaim May 1 as Child Health Day in Texas."

Dr. Geo. W. Cox, State Health Officer, and the Division of Maternal and Child Welfare of the State Department of Health joins with Governor Allred in an earnest plea for coordinated efforts of all health agencies, and voices the hope that May Day may be the incentive for better health conditions throughout the year.

MR. AND MRS. A. C. BOREN NEW LAMESA RESIDENTS

Mr. and Mrs. A. C. Boren have recently moved to Lamesa to make their home, coming from Eluvanna, and are making their home at the Inman residence on North Travis Street. Mr. Boren, a brother of M. E. Boren, is employed at the Randal Lumber Co.

Mr. and Mrs. Boren are only recently married, she being the former Miss Mossle Brown of Midland.

BURKHART QUARTETTE BROADCAST SUNDAY

The Burkhardt Quartette, composed of Delbert, T. C. and Leslie Burkhardt and Clois Bristol broadcast a thirty minute program over radio station KBST from Big Spring Sunday afternoon. Religious songs were sung. All of these young men reside in the Wilson community.

Robert V. Aven, son of Mrs. Lizzie Scarborough of Sand recently enlisted in the 82nd Field Artillery at Ft. Bliss, Texas.

Mr. and Mrs. W. D. Arnett made a business trip to Big Spring Thursday.

Bryant Fulkerson, Condon Dealer, has recently purchased a new Ford Truck.

APRIL 7 NEW LONDON SCHOOL MEMORIAL DAY

Austin, April 5.—(Special)—City and county school superintendents through out the state were called upon last week to cooperate with Governor James V. Allred's New London School Memorial Committee by making it possible for every school child in Texas to participate in memorial donations.

The Governor designated April 7th as "New London Memorial Day" and called upon teachers throughout Texas public schools to conduct classroom memorial exercises and allow each child to contribute a penny toward the erection of a suitable memorial. The funds collected will be forwarded directly to the Governor at Austin for use by the Memorial Committee.

Hundreds of school children had written him and asked for permission to cooperate in the movement. Governor Allred said in his proclamation.

"Such an expression of love and sympathy from the school children of Texas would be comforting to the grieving parents of those who so short a time ago shared the joys of the classroom," said his proclamation. "Such an expression from the living would say of New London's heroic little victims 'your sacrifice was not in vain,' that those who carry on in the classroom will do so under every protection known to state government."

Governor Allred suggested that the memorial will serve a two-fold purpose of memorializing the young victims of the school blast and as a perpetual resolve that so such disaster should ever again be visited upon a Texas community.

All donations should be addressed to the New London School Memorial Committee in care of the Governor's Office, Austin, Texas.

FAIRVIEW HOME DEMONSTRATION CLUB

The Fairview home demonstration club entertained the Bartlett club with an Easter Egg hunt at the home of Mrs. A. W. Hatcher, on March 29. Mrs. Bartlett of the Bartlett club received the prize for finding the largest number of eggs. Mrs. Johnson also of the Bartlett club received first prize for making the best Easter bonnet.

The Fairview club will meet at the home of Mrs. R. L. Miller at 10 a. m. April 12, for an all day meeting to make foundation patterns. Each lady is asked to bring a covered dish—Reporter.

DAWSON COUNTY CRIPPLED CHILDREN BEING HELPED

During the past eighteen months the Crippled Children's Division in the State Department of Education and the Texas Society for Crippled Children have provided hospitalization, surgery, where needed, braces and artificial limbs for 2500 children at a cost of at least \$250,000.00. These funds have been provided by both State and National governments and private donations to the Texas Society for Crippled Children. In spite of the fact that this large number have been cared for there are yet more than 6,000 crippled children in Texas homes, whose parents are not able to provide the needed care, and we now have on file in the Austin office more than 500 applications for hospitalization. During the past two months we have been able to provide hospitalization only for emergency cases and keep on hand funds necessary to care for those children who are constantly returning to the hospitals for further treatment. In a state as large as Texas, the number of emergency cases is always large and when such tragedies as the terrible explosion at New London occur the loss is made much larger.

In Dawson county during recent months the Crippled Children's Division has cared for 11 children at a cost of approximately \$1500 and the work is still being done on a number of these children. There are now on the waiting list four children from this county who will be hospitalized just as soon as funds are available. One emergency case will be cared for within a few days.

In addition to the work done for crippled children the State Department of Education through the Division of Vocational Rehabilitation has helped to rehabilitate 15 persons in Dawson county by providing training schools or trades. This has been done at a cost of nearly \$2900. At the present time there are 7 people in State schools who are being aided by this division.

During the Easter Season each year the Texas Society for Crippled Children present to the people of Texas the Crippled Children's Seals. These seals are sold for the benefit of the crippled children of Texas and the money is used only for that purpose. No salaries or rents or office expense of the Crippled Children's Division is paid for out of these funds. During the Easter Season these seals will be offered for sale in Dawson county by the school, the Rotary and the Lions Club of Lamesa. Help the Texas Society to meet these emergency demands by buying and using Crippled Children's Seals.

MISS MARGUERITE FLANKEN ATTENDED COTTON BALL

Miss Marguerite Flanken, daughter of Mr. and Mrs. J. R. Flanken, was recently elected by the senior class to represent Texas Wesleyan College at Fort Worth at the Cotton Ball at A. & M. College which was held on April 2. Miss Flanken wore a pink starched chantilly lace gown with orchid accessories. Her escort was Mr. B. J. Anthis, student at A. & M. Miss Katherine faculty member at T. W. C. was her chaperon.

Miss Flanken is vice-president of the Thespian dramatic club, a member of the Kornophan literary society, Delta social club, Alpha Chi honor society, and debate and glee clubs. Her major is speech.

To Choose Texas Sweetheart No. 1

Perhaps a girl from Lamesa will be chosen as Texas Sweetheart No. 1.

The honor will carry with it a featured role in the Casa Manana revue of 1937 at the Fort Worth Frontier Fiesta as well as nation-wide publicity and an opportunity in motion pictures, it is announced by Billy Rose, world's greatest showman, director-general of the Frontier Fiesta. Lamesa was extended an invitation to choose an entry for the contest in Fort Worth on Saturday, May 22, in a letter just received by A. G. Bearden, Chamber of Commerce Secretary. Rose writes to the fact that while "Texas Sweetheart No. 1" might have held little meaning when last year's contest was announced, the title now is identified with the 1936 winner, Miss Faye Cotton of Borger, a glamorous beauty well on her way to stardom with Universal Pictures.

"Millions of people throughout the United States and in other lands read the Cinderella story of Miss Cotton, who was lifted from behind the cash register of the amusement world," Rose said. "Night after night, Miss Cotton appeared in the Casa Manana revue on the world's largest revolving stage, and in the world's largest cafe-theater. She wore a gown of real gold worth many thousands of dollars, and Everett Marshall sang love songs to her. One of these songs, 'The Night is Young,' has become a radio sensation. And now Rose is seeking a successor to Miss Cotton as Texas Sweetheart No. 1."

Every girl sent as the representative of a city to the state-wide contest in Fort Worth will be given an audition so that, even if she does not gain the highest prize, she may win the opportunity to appear in the Casa Manana revue, if she wishes. In addition, her fare—by train or bus—will be paid from her home city to Fort Worth and return, and, if the distance is such that it is necessary for her to spend a night in Fort Worth, her hotel room also will be provided by the Frontier Fiesta.

Last year, 80 cities took part in the contest, and every entrant and every city participating received a great deal of publicity. Twenty of the girls were given parts in the Casa Manana revue last year.

This is a real opportunity for an ambitious young lady, and the girl to represent Lamesa in the big contest at Fort Worth will be chosen in a county wide review and contest sponsored by the Palace Theater of Lamesa. Details of the contest will be announced later.

NW TEXAS BOYS CLUBS ENROLLMENT SHOWS INCREASE

Enrollment in boys' 4-H clubs already show a substantial increase over 1936 figures, county agricultural agents in Northwest Texas report. Work in these clubs is well under way.

The 18 4-H boys' clubs in Lubbock county will have an enrollment of well over 225 members for 1937, with most of the boys taking a crop demonstration as their work. A boys' terracing school at the J. L. Benton farm in the Pecos community attracted 10 club boys, who learned to operate a farm level and to run terrace lines. The boys ran lines on 160 acres on the Benton farm.

Callahan county 4-H clubs have enrolled 111 boys with enrollment incomplete. This exceeds the 1937 quota.

In Dawson county, 77 members were enrolled in club work in six meetings at which a movie reel of boys' work in that county was shown. One boy, R. B. Wilkinson, reported that he made a profit of \$39.77 on his flock of 160 hens during January and February.

The 4-H club enrollment in Stone-wall county has reached 56, and arrangements have been made whereby prizes will be offered for the best demonstrations in cotton, beef calf feeding, grain sorghums, swine, and poultry.

The Antelope Flat 4-H Club held a father and son meeting at which each of the 13 members of the club and all the fathers were present. Stunts, singing, and a supper which featured barbecue made up the program. "I wish this would happen more often," said father Henry Edens, who has three sons in the club, while L. L. Waldrop, another father with three sons in club work, added, "Community interest and enthusiasm is kept alive by such get-togethers as these."

Mrs. E. J. Yates and daughter Dela-jane will attend the Seventh District Federated Club meeting in Canyon this week and will spend the week end with her parents, Mr. and Mrs. L. T. Simmons of Amarillo.

Seven Buildings Dedicated at T.S.C.W. April 10

Pictured above is the Science Building at Texas State College for Women (CIA), one of the seven new structures erected during the past two years of the administration of President L. H. Hubbard. The million and a quarter dollar building program was erected with the assistance of the Works Progress Administration and includes the Music and Speech, Fine Arts, and Science Buildings; the College Hospital, and Stoddard, Houston and Austin Halls.

TSCW TO DEDICATE SEVEN NEW BUILDINGS APRIL 10TH

Denton, April 6.—Formal dedication ceremonies for the seven new buildings at Texas State College for Women (CIA) will be held on the campus Saturday, April 10, according to Dr. L. H. Hubbard, president of the college. Lt. Governor Walter Woodul and other state officials and visitors will be guests of the college for the day.

These buildings, erected during the past two years, represent an investment of \$1,250,000. Their construction

was made possible through the assistance of the Federal Government in its Works Progress Administration.

In addition to the Hon. Woodul, speakers for the Dedication Program at 10:30 a. m. include Mr. Julian Montgomery of Fort Worth, state director of the P. W. A., who will formally present the buildings to K. W. Denman of Lufkin, president of the board of regents; Mrs. Carney B. Fletcher of Austin, president of the Ex-Students' Association; Miss Jessie Humphries, associate dean of the college; and Miss Dorothy Ehlinger, president of the student body, who will make short talks of ap-

preciation. The ceremony will be presided over by President Hubbard.

Structures which will be dedicated include the Music and Speech Building, costing approximately \$146,000; Fine Arts Building, \$165,000; Science Building, \$165,000; College Hospital, \$35,000; New Stoddard Hall, senior dormitory, \$220,000; Sam Houston Hall, freshman dormitory, \$175,000; and Stephen F. Austin Hall, freshman dormitory, \$175,000.

Eight modern twenty-room cooperative residences have also been erected on the campus.

Lets Talk about Clothes

TEXAS STATE COLLEGE FOR WOMEN (CIA)

Denton, March 30.—Filmy chiffons and crisp taffetas, two popular extremes in materials this spring, have both brushed aside their traditional roles as fragile evening fashions and are blazing forth in daytime wear.

Chiffon appears in hat-trimmings, blouses, frocks and scarfs, with bright tones leading in favor. A navy blue dress, tucked from neck-line to hem and edged with white pique, makes a suitable number for street wear and demonstrates the practicality of the sheer weave.

Patent leather trimming is employed with a smart effect on chiffon, either in the belt or in bright-colored flowers for the dress or hat. Chiffon itself also makes good trimmings for hats and dresses of other materials, and it comes in solid colors and prints.

The clever idea of using taffeta for day dresses was discovered last spring by girls at Texas State College for Women (CIA), and they find that it is still a good trick. This crisp cloth is being shown in gaudy checks, stripes and plaids and demure blue so it can please anyone, whether her tastes run toward the more giddy or sober tones.

Nobby silk petticoats are being worn with sheer wools, dull crepes, suit skirts and ensembles, so the swish can be obtained without the purchase of a complete dress. Some of these under-skirts have fluted ruffle edges, and others lean toward flounces, but all of them rustle.

Denton, April 5.—Now is the time for all good women to figure out their hairdressing for the rest of the spring and summer. Most of the new hats are designed to expose the coiffure, so one must be sure to have something worth exposing.

Variety is as present in hair styles as in hats, with longer bobs, almost shoulder length, definitely coming in again. The flat on top styles are most favored except for formal wear, when small bunches of curls can be perched all around the crown of one's head. Unless a natural curl is present, the foundation of a permanent is necessary for every fashion.

For the pill-box or shallow basket hats, try the new page-boy coiffure, which some medieval picture contributed to the modern scene. The hair hangs straight to the nape of the neck, where it turns under in a thick roll. Straight bangs are effective with this style, if one can manage them without loss of dignity.

Large soft waves on each side of the face are best with profile hats, and for the rounded brims thick curls which lap over them give a polished completed appearance.

General rules which keep one on the right path are: First, those fortunates with perfect features can wear sculptured curls with the sides swept backward and upward; second, tall, slender-faced people usually find bangs becoming; and third, hair-dressing is a necessary preliminary to hat-shopping, because now more than ever before your hat and hair must complement each other, thus doubly complementing you.

NEW LONDON MEMORIAL COMMITTEE APPOINTED

Announcement was made today by Governor James V. Allred of the formation of the New London School Memorial Committee composed of Mrs. M. A. Taylor of Bonham, President of the Texas Congress of Parents and Teachers; Drury M. Phillips of Huntsville, Commander of the American Legion of Texas; George Clarke of Austin, to represent the Governor; Mrs. Fay Beidleman, President, New London Parent-Teachers Association; and Mrs. H. R. Whittington, President, Rusk County Council of Parent-Teacher Associations.

Contributions may be mailed directly to the New London Memorial Committee in care of the Governor's office in Austin. The Committee appointed by the Governor will handle funds received for this memorial.

Mr. Phillips has already asked commanders of legion posts throughout the state to begin their activities immediately.

"Hundreds of letters and telegrams have been sent to me," the Governor said, "asking information as to where contributions might be made for the purpose of erecting a suitable memorial to the memory of the school children and their teachers. I have deter-

mined upon this state committee as the proper central organization for the handling of these funds. I appreciate deeply the proffered services of the State Parent-Teacher Associations and the American Legion in this connection.

"I think it is only proper that voluntary contributions from the citizens of a stricken state and nation be accepted for this purpose. The horrible catastrophe touched not only the families and immediate friends of the victims but has reached out and shocked every home in America. Everyone has felt a sense of personal grief and has mourned with the bereaved parents."

"The State Memorial Committee will not conduct a drive for funds but will have an organization setup in every town through the Parent-Teacher Councils and the American Legion posts. These organizations will be available to those who wish to contribute any donation, small or large, as their expression of sympathy."

"The memorial will serve a two-fold purpose as a tribute to the passing of these boys and girls in the full flush of inspirational youth and as a perpetual resolve that no such disaster shall ever again be visited upon any community in Texas."

R. D. Morris and W. H. Burns, well-known local men, have this week accepted positions with the Lamesa Auto Company as Ford salesmen.

WHAT TERPEZONE DOES

Ordinary colds are broken up in a few treatments. In Laryngitis, Bronchitis, Hay Fever, Asthma, Tonsillitis, Pharyngitis and Pneumonia the response is almost immediate. Terpezone by actual laboratory test, kills tubercle bacilli, the tuberculosis germ. When breathed, it is brought into direct contact with the entire respiratory system. Terpezone is 50 percent more efficient than oxygen. It is a most effective treatment for respiratory diseases.

Resettlement Administration Helping Many

The Resettlement Administration, through Miss Gladys Wright, home management supervisor for Dawson county, is assisting 110 families to attain a more satisfactory home life by showing the level of living and the gradual development of higher standards of achievement.

Only in recent months, Miss Wright said, has the public become aware of this personal, far-reaching work as a part of this federal agency's varied program. The work of a home management supervisor, she explained, is designed to meet a multitude of immediate needs and at the same time prepare its borrowers against future emergencies. The home management approach to the problem of farm living, however, is making the approach from the angle of meeting a need rather than from one of producing a cash income. To attain this goal families with whom home economists come in contact are urged to adopt and follow a live-at-home program. This means producing every possible item needed by the family and utilizing the maximum amount of home-grown and home-made products.

Of course, Miss Wright pointed out, we do not encourage the sale of all surplus products, recommending that the income from such sales be used to purchase household needs.

Many people do not realize the relationship between the Resettlement Administration and the farm families who borrow money. In so doing they become business partners with the Federal government. Many of the services which the home management supervisor render to disadvantaged farm families with whom they work are of an entirely intangible nature. Much of the work which they do has a definite economic value. Much of it has a distinctly social as well as a spiritual value.

Here are just a few of the many services given by Miss Wright to those families who have borrowed money from the Resettlement Administration: Plan gardens which will meet the requirements of the family; determine what quantity and kinds of food are needed to supply the family's dietary needs; determine what foods may be utilized during the growing season and what foods may be processed for use during the winter months; plan the family's clothing budget, including an analysis of old clothing that may be utilized for wear or to make rugs; etc. help plan the family's household furniture budget, pointing the way toward replacements or the purchase of new needs; point toward the economy of fuel; lead the way toward improved health and health producing practices; encourage satisfactory community relationships.

Families are also aided in planning budgets whereby they may purchase household goods, stoves, pressure canners, and sewing machines.

Vivid examples of the fact that this program is being well received and is working toward the desired end in Dawson county may be seen on a tour of the county with Miss Wright. One will find that under the farm management plan families are working as a unit in all activities. In many homes the men help with the poultry, in the garden and assist the women with the canning.

Miss Wright has a copy of an editorial which recently appeared in one of the Southwest's leading daily newspapers. The last paragraph of this editorial reads: "The work of the Resettlement Administration will continue for a long time, for its earnest workers have placed the foot of thousands of families on the sure road to economic independence by giving them a broader vision of the future, by giving them help at a time when they were lost, and by working with them until they were financially able to stand on their own feet."

Miss Wright who is the home management supervisor for this county has an office in the court house in Lamesa.

Dawson County Pupils At District Meet

Dawson County School principals have been notified that the District Meet of the University Interscholastic League will be held in Lubbock at Texas Technological College on Friday and Saturday, April 16th and 17th. Pupils from this county in the meet and the events in which they will take part are listed as follows: Boys' Debate, Edd Davis and J. C. Bristo Jr. of Wilson. Girls' Debate, Kathleen Webb and Virginia Linder. Lamesa High School. Ten pupils will appear in declamations. These are Kilmer Corbin of Lamesa in Senior high school boys event; Wanda Moore of Ackerly for senior girls; Raymond Green of Ackerly, high school junior boys; Geraldine Richardson, Lamesa High for junior girls. Don Carter of Lou will represent rural schools in the senior boys contest and Patti G. of Wilson will appear for senior girls. Don Ballard of McCarty and Melva Kinard of Ballard will appear for junior boys and girls respectively in rural schools. The ward school junior declamers will both come from Lamesa elementary school and are Betty Hart and Wright Boyd Jr.

The Ready-writers Class A contest will be contested by Ina Mae Bennett of Lamesa High, Maude Lee Wiggins of Klondike will represent Class B division. Christine Maxwell of Munger will appear for the rural division and Reath Garrett of Lamesa

Elementary will represent her division. Ballard contestants, H. B. Wilkerson and Loy Dunn, will appear for boys and girls Extemporaneous Speech.

Lamesa High contestants, Edmond Dean, Carlton Lee Tune, Carol Jacobs and Geraldine White will compete for One Act play honors.

See Lee Hamilton of McCarty will appear in the Three-P contest.

Anna B. Randalls, Arlee Gowen and Mabel Dean Sasser are entered in the typing contest.

The District meet contestants must be registered prior to the meet and begins at ten A. M. on Friday, April 16th.

Dawson County pupils who will compete for honors in the District Meet are listed as follows: Eastman Davis, Schmidt, L. Davis, Easterwood, Blackwood, Roberts, Holladay, Blair, Osburn, Gordon and Jones of Lamesa High School with House of Sparrows; Wyatt, Edward Davis of Wilson; Robert's of Key, Vogler, Thurman, Corbin, Emfinger, Scott, Morrow, Gilt and Moss of Klondike; Wilkerson of Ballard; and Bond of Ackerly will all compete in track and field events.

Charles Coon of Wilson and Major Jeter will compete in the Rural Pentathlon.

Horace Tatum, Joyce Travis and Robert Carter will appear in Boys Tennis. Klondike will take three girls up for contests in girls tennis, and the Klondike High School Volley Ball team will meet the contestants from other counties in competition for district honors in this girls event.

South Plains Scouts To Attend Jamboree

Many Scouts on the South Plains are looking forward with a great deal of anxiety to the National Jamboree to be held in Washington, D. C. June 20 to July 9. Washington, the city that is known as "The City of Magnificent Distances" will be the scene of a mammoth tent city that will rise right in the shadow of the National Capitol and the memorable Washington's monument.

Scouts from every state in the union and most of the towns in the United States will make up the huge mass of boyhood numbering 35,000 that will gather in Washington for ten days of Scouting, Fun, and Fellowship.

The South Plains Council has asked that they be permitted to send two full troops of sixty-six Scouts and six leaders. The present registration shows that there are 29 boys and four leaders that have stated definitely that they plan to attend the National Jamboree.

E. V. Hicks, Scoutmaster of Troop 4, Lubbock, has been selected by the Jamboree Committee to be Scoutmaster of one of the Troops, and Joseph N. Spikes, Scoutmaster of Troop 22, Lamesa, as Scoutmaster of the Second Troop. These men are both men of character and have proved to the committee that they can do the job of leadership for a group of boys. Assisting these men will be successful Scoutmasters like C. E. Stobaugh of Lorenzo, Leslie Pratt of Lamesa, M. L. Penn of Tahoka, Joe Hutchinson of Sudan, G. B. Wadzeck of Spur, Joe L. Kennedy of Lubbock, and Jim White of Lubbock.

The Scouts that have registered for the Jamboree from Lamesa are: Skeet Noret, Malcolm Harp, Chuck Jacobs, Bob Crawley, and Allen Barnard.

42 TOURNAMENT AT FIVE MILE

There will be a 42 and game tournament at the Five Mile school house on Friday night, April 9th. The public is invited to attend.

S. C. S. DAMS HOLD

Of the 289,320 permanent dams built by the Soil Conservation Service, or under its supervision, only about four-tenths of one percent have failed completely under the stress of heavy rains. Fewer than 500 dams have been disabled, and they were easily repaired. The dams range in size from stabilization structures 1 or 2 feet high to storage dams about 20 feet high.

SHALLOW CONTOUR FURROW SAVES SOIL AND MOISTURE

Shallow furrows, cut by an ordinary plow following the contours of sloping and hilly pastures at right angles to the slope, rank among the least expensive and most effective of erosion-control and water-conserving measures, according to Charles R. Enlow, Chief Agronomist of the Soil Conservation Service.

Studies indicate that shallow furrows, close together, give better results than deep furrows farther apart. Shallow furrows and more of them do not turn infertile subsoil to the surface and do not prevent passage of farm machinery over the ground.

Calculations made by the Service give a good idea of the amount of water which contour furrows hold. For example, each linear foot of contour furrow six inches deep and 18 inches wide will hold about 5.61 gallons of water. Thus, the water-holding capacity of contour furrows on a 160-acre pasture, with furrows averaging 20 feet apart, is at least 2,250,000 gallons of water.

"Our observations show that contour furrows in pastures will hold a considerable share of the rain and melting snow where it falls and where it will do the most good," says Enlow. "Furrows have been plowed under wide by varying climatic, soil, and slope conditions, and in almost all instances they have held water, prevented quick run-off, and encouraged absorption of moisture. These facts have been established by measuring and comparing penetration on contoured pastures with adjacent pastures not contour-furrowed."

TRUCKS HAUL MOST OF CATTLE SHIPPED TO MARKET

The gentle art of driving cattle in to market has undergone an important and far-reaching change, according to a report recently made public by the U. S. Department of Agriculture.

The old way was for the rancher to take his cattle out on the road and ride herd on them, driving them along the highways to the market center.

For larger markets, the ranchers would drive their cattle into town and load them on railroad cars. Any way you look at it, a cloud of dust was the almost inevitable accompaniment of the market.

But today the truck has shown itself to be so economical and so effective that it now transports a large percentage of all livestock. The Department of Agriculture report shows that during the last year, 56 per cent, or more than half of all cattle; and 67 per cent, or more than two thirds of all calves, received at the principal markets of the country arrived by truck.

Truck deliveries of hogs represented a total of 70 per cent of all hogs coming to market. The Chicago stock yards saw an increase in the number of hogs arriving by truck from 10 per cent in 1926 to 50 per cent in 1936.

A little more than 30 per cent of the sheep and lambs arrived at major markets last year by truck. The proportion of truck arrivals was smaller in these categories because of the longer hauls involved, the department's report stated.

Chevrolet has contributed greatly to this movement. More Chevrolet trucks were put into use in the cattle raising districts last year than those of any other maker, sales figures revealed. Approximately 10 percent of the 205,000 Chevrolet trucks sold last year went into service in the cattle country.

Twenty years ago, arrivals of livestock at market by truck amounted to less than two percent of the total received at the country's major markets. The gradual introduction of the light truck in special models peculiarly suitable for use by ranchers is credited with the rapid change in methods of cattle transportation that has occurred particularly during the last two years.

FLIES AND MOSQUITOES ON THE WAY FOR SUMMER VISIT

Austin, Texas, March 29—Word has just been received by the State Department of Health that Mr. and Mrs. Mosquito and Mr. and Mrs. Fly with their kinfolks, are on their way to Texas for the summer season. They state that, although many have died since last summer, they would soon have large families. Mrs. Mosquito raises from fifty to three hundred children at one time and only takes about two weeks to have full grown children. Mrs. Fly admitted that she and her husband could be ancestors to a million flies in one season.

Dr. Geo. W. Cox, State Health Officer, stated that Texas hospitality could be refused the Fly and Mosquito families if Annual Clean-Up Week from April 4 to 11 is used to begin a thorough campaign to eliminate the breeding spots of these pests.

Mosquitoes are responsible for the spread of malaria, dengue, and yellow fever. Malaria is spread by the bite of the anopheles or malaria mosquito. Dengue fever and yellow fever are transmitted by the Aedes Aegypti or Tiger mosquito. They breed in standing water, therefore you should drain, ditch or fill such places, spray oil on water each week, too, or stock the water with surface minnows as they will eat the wig-jettails, larvae should be screened.

Flies help spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax, and cholera. They breed, live and feed in filth. To prevent their increase all refuse should be disposed of at once, garbage kept in covered containers, privies made sanitary and houses screened. Every neighborhood raises its

own flies so that their number is an excellent index to the sanitary conditions.

POULTRY WORK INTERESTS NW TEXAS CLUB GIRLS

County home demonstration agents in Northwest Texas report that club girls are showing considerable interest in poultry work, and that many girls are using poultry to supplement the farm diet and income.

Fisher county club girls have ordered 2,200 baby chicks and in addition 130 hens have been given a setting of eggs. A demonstration on "Selecting Poultry Equipment for the Brooder House," given by the assistant home demonstration agent, attracted representatives from 26 girls' clubs. Club poultry demonstrators have added 10 pieces of equipment to brooder houses, and one house has been remodeled.

The flock of 25 hens owned by Bobby Williams, poultry demonstrator of the Girard 4-H club in Kent county, is occupying a new poultry house which is well ventilated, allows sunlight to enter, and is warm and dry in bad weather. The building is of the shed type with the front of the house covered with wire netting to provide ventilation. The plank floor is raised 12 inches from the ground to keep the wood from rotting and to keep the floor from absorbing ground moisture. Bobby has provided nests on the end walls, with one nest to each five hens. Roosts are set 12 inches apart and are placed at the back of the house.

The flock of Geraldine Haney, poultry demonstrator of the Carlisle 4-H club of Lubbock county, was infested with blue bugs and was not supplying enough eggs for the family. After Geraldine moved the hens, dusted them well, and started feeding them mash, they increased their production to the extent that in one week she sold seven dozen eggs. Her father has built a combination brooder house and poultry house for her flock.

Pan American Fair Traces Mexico's Mails Back Through Centuries to Indian Runners

PAN AMERICA, Dallas, Texas, March 29.—From the days when Aztec runners carried hieroglyphs of tribal chieftains to Montezuma and emperors before him, through the centuries down to today's super-efficient postal system of Mexico, the means of communications below the Rio Grande will be shown in an exhibit planned as part of the Mexican participation in the Pan American Exposition at Dallas.

Mexico's Postmaster General Alfonso Gomez Moratin

Postmaster General Alfonso Gomez Moratin of Mexico has not committed his government definitely to the idea. In a recent visit with Director General Frank L. McNeny of Pan America, however, he described the plan he has for portraying an intriguing story; how the mail has gone through between Mexico City and points outlying from the capital since the days when it was Tenochtitlan.

Long before European governments first thought of systemized postal service, the Incas and Aztecs had a runner system of carrying their cochineal-dyed writings on silkum and maguey fibers about official business of empires that flourished before the Golden Age of Greece.

In Montezuma's reign, communications had developed to the stage that, when Cortez landed his conquistadores at Vera Cruz the news was transmitted in less than twenty-four hours to the emperor at the capital, 200 miles away.

The mails from Spain and how they were carried, how mail was speeded up when the horse was introduced as a new and faster beast of burden and developments from the very start of the Mexican national government are on record as part of a treasured collection in the postoffice department at Mexico City.

SUPERFEX

THE "MIRACLE" REFRIGERATOR FOR RURAL HOMES

USES NO ELECTRICITY
...no running water
...has no moving parts
...makes cold from kerosene

Just touch a match to the burners once each day. That's all you have to do. Everything else is automatic. Your foods stay safely cold. You can freeze a plentiful supply of ice cubes—make unusual chilled salads and frozen desserts. And it's all done so quietly and at such little expense that you can scarcely believe your own eyes.

Brings the delights and convenience of city refrigeration to your home

1. Enables you to keep meats fresh for days.
2. Makes delicious frozen desserts.
3. Keeps butter delightfully firm.
4. Gives you plenty of sparkling ice cubes for cooling drinking water.
5. Eliminates thousands of steps each day.
6. Permits you to serve all kinds of chilled salads.
7. Eliminates necessity of buying or harvesting ice.
8. Permits you to make use of all leftovers.
9. Saves time.
10. Saves money by preventing waste.
11. Protects the health of your family.
12. Adds variety to your menus.

Burners in use about 2 hours to produce 24 hours or more of refrigeration

Superfex makes cold by burning kerosene and uses very little of it. The burners stay lighted for about two hours, then go out automatically. This makes all the cold you need for a whole day and night! Superfex, with its short burning time, brings you modern refrigeration in its most economical form.

8 years on the market

Though you may now be reading about Superfex for the first time, it has been on the market for more than eight years. And those that were bought at the very beginning are still operating as efficiently as they did when

new. But that's not at all surprising. Superfex has no moving parts. Not a single one! It's built to last a lifetime. And this year's models are greatly improved—they are still more efficient—still more convenient—still more beautiful. Their modern design and cream white porcelain finish go perfectly with any decor, decorative or otherwise. And the shelves are adjustable; you can move them about to accommodate even the largest turkey!

Telephone for free demonstration in your own home. Liberal purchase terms, if desired.

METHODIST NOTES

WELCH CHARGE

The sleet and snow did not keep all the people from Sunday school and League. There were 39 at Sunday School. All teachers were present except one. A very fine interest was manifested. When people go in such weather as it was Sunday morning you may know they are interested.

Twenty-nine present for League. Some on program absent, but others were substituted and entire program

carried out. No room for discouragement when people will come four or five miles in such as was had Sunday night to help in a League program. We are proud of our young people.

We have a special for you next Sunday in Sunday school, and also preaching hours. Come. Subject for the morning "The Shortest Route Is Not Always the Best."

J. G. Walker, P. C.

THE CHOKES ON YOU

—it drains your gas tank
5 to 15 times faster than normal

Listen in PHILLIPS POLY FOLLIES
Columbia Network ... Every Tuesday Evening

Watch out for this pickpocket!

The choke is guilty, say automotive scientists, of stealing your mileage and your money.

In laboratory and road tests, they have actually measured your loss and proved that every time you pull out the choke, the gasoline consumption of your motor is increased five to fifteen times.

This explains why Phillips 66 Poly Gas gives such amazing economy. Being higher test, it requires the least possible choke. And it is higher test without higher price, because Phillips is the world's largest producer of natural high test gasoline.

Cool days, warm days, snowy or rainy days; in any weather you get remarkable economy with this 100% custom-

tailored gasoline. Besides, every gallon has the extra energy units supplied by the patented POLYMERIZATION process.

So if you want more pep and power, want faster response to the throttle, extra speed and added mileage—the gasoline you want is Phillips 66 Poly Gas.

It costs nothing extra and it's easy to get. Just keep an eye out for the Orange and Black 66 Shield. Stop... fill up... and your very first trial tankful will prove there is a difference.

CHANGE YOUR OIL... NOW!

Drain and refill with Phillips 66 Motor Oil... for summer lubrication. Because it is the finest lubricant refined by Phillips, we recommend it as "the world's finest oil for your motor."

Phill-up with Phillips for Greater Mileage

THE OLIVER ROW-CROP "70"

Just a light touch on the steering wheel turns the new Row Crop "70" completely around. It's the easiest tractor to operate you ever saw. Every control's right at your finger tips—and you have steering and gear shifting like an automobile.

This is Oliver's new 6-cylinder Tractor that has caused so much talk. There are two "70's"—one designed solely for regular gasoline—and the other to get the utmost fuel economy out of kerosene or distillate.

With either one you'll get unusually great power with light weight—and great speed. Under ordinary soil conditions, you can plow with two 14-inch bases at over 4 miles an hour! That gets the work done quicker and gives more spare time for other things.

The Row Crop "70" comes from the tractor factory of the founders of the tractor industry. You'll want to see this latest, modern tractor at once—with its complete line of mounted listing, busting, planting and cultivating equipment.

WOODY SCHOOL NEWS

The students of the Woody school have selected some of the outstanding members of the school who will be publicly honored at the close of school, along with the seniors at the commencement exercises. The selections are as follows: Most beautiful girl, Gladys Hall; most handsome boy, Hulan Wall; most outstanding student, D. L. Adcock Jr. Other students selected for special honors are: Beth Neely, Evelyn Bettis, Mary Catherine Farris, Virginia Edwards, Mary Foster, Laverne Kinnison, Horace Reeves, Wanda Lee Ashley, R. D. Merrill, and Osborn Drennon.

Within the near future a special program dedicated to the parents and their children will be held at the school. A special speaker will be invited to conduct the exercises.

Diplomas and honor awards have been ordered and will be presented during the commencement exercises. Special awards will be given to those who have attended school practically each day, also to those of each class making the highest grades.

Mr. Rivers has brought out a croquet set and a tournament is now being conducted to determine the champions.

The graduating classes of the Woody school have chosen speakers for their graduating services.

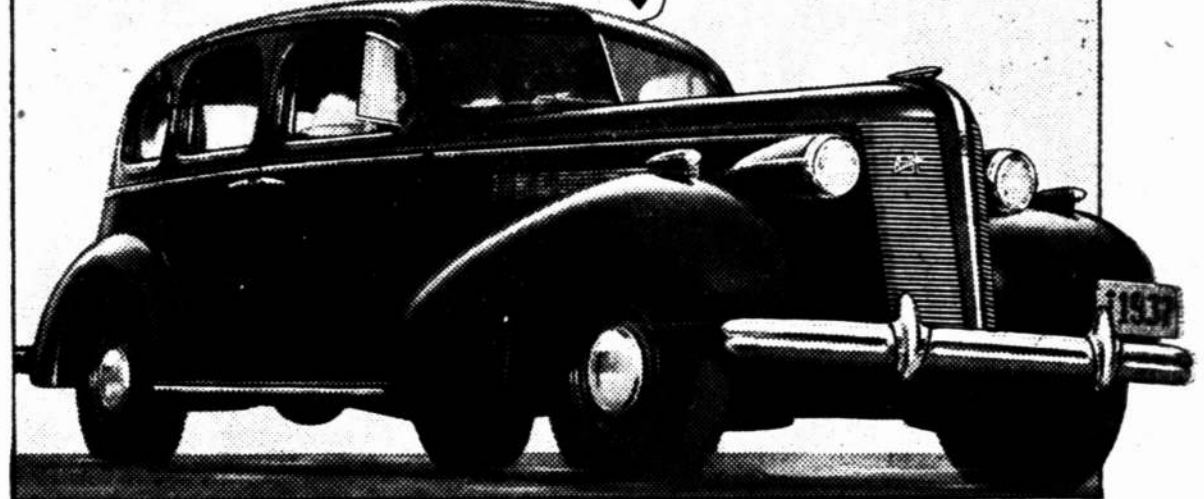

Mrs. H. V. Williams Jr., a former teacher in the school, and a former teacher of practically all the members of the graduating class, has been invited to deliver the Commencement address. It is expected that she will accept the invitation.

Rev. F. W. Adcock who is an uncle of one of the graduates has been chosen to give the baccalaureate sermon. Rev. Adcock is now in Dallas, but it is indicated that he will accept the invitation.

The members of the graduating class are Mary Foster, Zora Zimmerman, O. A. Kinnison, Marie Davis, Arlene Drennon, Dorothy McCown, Fred Jackson, Varnon Garrett, Marvin Drennon, Leveda Davis, Marie Hill, Mary Catherine Farris, Eddie Morris, D. L. Adcock Jr., Ruby McClure, Louise Garrett, Aladine Drennon, Maxine Bettis, Lorraine Benton, J. C. Arnett, Zelpha Whitten, Roger Etheridge, Ida Lou Etheridge, Virginia Edwards.

THE LEAD IS YOURS

with this **ACE** to play!

HERE's the kind of picture you can make this summer—if you hitch your wagon to this star performer and travel the Buick way!

The lead is yours whenever you want it with Buick's great valve-in-head straight-eight engine to pour out torrential power at your call.

Ease rides with you in the driver's seat—full-out or coasting, handling this phenomenal car takes about the same effort as handling your favorite rocking-chair!

Under your foot are the smoothest, surest brakes that ever brought you to a smooth, straight stop—all around you is the room you want and the comfort you've pictured in the car of your dreams—here's a ride as level as an honest man's glance—a car to be as proud of as your baby!

Why should you follow the leader, when

your Buick can show fleet heels to the whole roadful of cars? Why should you be satisfied with sixes—when this great straight-eight, bellwether car of the year costs only a soon-forgotten fraction more than the average kind?

It's an ace for power and an ace for steady buoyant travel—it's a winner for smart new style, and a sure trick taker for frugal ways and wear-defying toughness. Play your trumps and the game is yours—so give us the word, and you'll be driving this sensational beauty before the weather turns really warm.

BOYS' 4-H CLUB NEWS

A nice profit was made by the 4-H club boys who sold their calves during the club show last week. Ted Turner made a net profit of \$119.04 on the Grand Champion Beef Calf which was bought by the Green Hut Cafe at 20 1/2 cents per pound. The calf weighed 800 pounds and brought \$164.00. During the entire feeding period the calf won a total of \$35.00 in prizes at the Fair last fall and at the show last month.

Club boys who expect to use a cotton crop as their demonstration this year should make their plans to enter the cotton contest. The state-wide contest is being sponsored by Anderson-Clayton Company who are giving tour trips to Chicago to the four highest boys in

the leading county in this area of Texas. A contest is being arranged with local firms whereby a prize list will be offered for the fifteen best demonstrations in this county. Details of the contest will be announced soon. Any boy between the ages of 10 and 20 is eligible to enter and should see the County Agent if he is interested.

J. D. and Billie Baswell made a net profit of \$75.76 on their five acres of cotton in 1936. The yield averaged 294 1/2 pounds per acre.

ELEMENTARY SCHOOL NEWS

Published by the Seventh Grade

Miss Randall's room has started work on a Dutch play which will be presented in assembly.

Mr. Bryan visited Room 24 Monday, and brought each of the pupils a frostick. Later they went out on the school ground and took pictures.

The Hobby Club sold approximately

\$350 worth of sandwiches Saturday at the baseball tournament. With \$2.41 in the treasury, they now have \$5.91 with which they will pay for safety signs near the elementary school building and one backpack to the tennis court.

The Reading Club in Mrs. Brock's room gave a program last Friday afternoon. After the program the president, Robert Northcutt, appointed a new program committee consisting of J. B. Sanders, Allen Wayne Vaughn and Annie Lee Kitchens.

The pupils of the two seventh grade decided to leave a tennis court as a parting gift to the elementary school. The money which they received from selling magazines will be used for this purpose.

Mrs. R. A. Stuart entertained the Seventh grade civics class with a picnic at the City Park, Monday, April 5. A very nice lunch of sandwiches, cookies, pickles, fruit and lemonade was served to about thirty-four pupils.

The boys and girls' glee clubs are working on a cantata entitled "The Legend of Sleepy Hollow."

The honor roll for the seventh month is as follows:

Room 34: Tinnie Marie Dyer, Jo Ervin Bailey, Helen Ruth Allen, Genevieve Randle, Allen Barnard, Dorothy Well, Glenodine Esmond, Frances Hancock, Tommie Ruth Morris, Kathryn Norman and Wright Boyd Grant.

Room 33: Bettye Hurt, Reath Garfield, Madeline White, Edwina Jackson, Roy Wilson and Howard McSpadden.

Room 32: Frances McCollum, Irene Payton, Mary Sue Cox, Ella Frances Scott, Mary Horton and Owen Taylor.

Room 31: Marie Chisum, Imogene Crow, and Edna Faye Davis.

Room 23: Mary Frances Barnard, Doris Dale Wray, Mary Lu Murray, Wilma Fae Mitchell, James Boone, Jimmie Ruth Bowen, Dolores Spears, and Louise Dabmont.

Miss Ethel Barron was absent from school Tuesday on account of illness.

Mrs. A. L. Reagan substituted for her.

Mrs. Lindsey gave the Boys' Glee Club a winter roast at Mrs. Haip's home Wednesday evening at seven o'clock. Weiners, pickles, marshmallows and doughnuts were served to fourteen members.

GRANDVIEW SCHOOL NEWS

School is progressing nicely with Mr. Clanton, M. J. Bowerman, and Mrs. Heavin as teachers.

Instead of playing hooky on April 7, the children all brought a nice box of food to school and we had a wonderful dinner. A few visitors came and the day was enjoyed very much.

Mr. and Mrs. Jeff Lee was in Lubbock Saturday transacting business.

Buddy Shook and mother and father spent the week-end at Stamford visiting relatives.

Mr. and Mrs. Roy Bearden have been visiting at Anson.

The following pupils in the Primary room were on the honor roll in reading the past week: Bobby Joel Rhyne, Wayne Smith, Paul Houston, Bowerman, Jack Rhyne, Bonnie Joyce Clark, Melvin Smith, Eva Newsum, and Bob by Hugh Clanton.

The play presented by the Literary Society Friday was well attended. We were pleased over the results. We made fourteen dollars which will be used to carry on the work of the Society. We hope to have another play soon. Watch for the date.

Mrs. O. R. Bernien has been sick for the last few days and is up now.

Our school has a literary society which gives a short program every Monday morning.

Mr. Clifton and Carol Peacock of Brown community spent the week-end at Grandview.

Mr. and Mrs. S. T. Jeffries and family visited their son Bill Jeffries of Loop, Sunday.

James and Leon Phillips visited in the Brown community Sunday.

Homer Herrin and Thelma Bankhead were married Saturday.

(Too late for last week)

Our school took an active part in the county meet held at Lamesa last Friday and Saturday.

The choral club won second place in the rural school singing contest last Thursday night.

G. T. Clanton made a business trip to Lubbock Saturday.

A group of young folks from Grandview went on a picnic Sunday.

Mr. and Mrs. Jack Anthony are the proud parents of a 9 pound boy born Friday March 26. Mother and baby are doing nicely.

Mr. and Mrs. W. T. Prather spent the week end with their son at Munger.

A few from this community attended the play at OK Thursday night.

We want to take this opportunity of thanking the Davis Food Store of La-

mesa and the Blocker Grocery of O'Donnell for the nice gift of Easter eggs. With the nineteen pounds they gave us, together with what the children brought to school we had the largest Easter egg hunt here Thursday evening that we have ever had.

The pupils in the intermediate room are conducting a health campaign. Those who are on the honor roll this week are: Mary Ruth Anthony, Norma Stockton, Buddy Shook, Ruby Lois Shook, Laree Hilton, Robert Stockton, Charles Clark, Raymond Smith, Dorothy Moreland, and Louise Waggoner.

We hope all the pupils will get their names on the honor roll next week.

We are proud to report that the work in our room is progressing nicely.

We are all thrilled over our stars in reading. The following read perfectly every day: Bobby Joel Rhyne, Wayne Smith, Nora Mae Fortenberry, Paul Houston, Bowerman, Bonnie Joyce Clark, Jack Rhyne, and Melvin Smith.

We didn't win a place in Tiny Tot Story Telling, but we were proud of the showing that Paul Houston Bowerman made.

DEMONSTRATOR PROUD
OF NEW KITCHEN

"My kitchen is new, but I am so proud of the closet that has been added this year," said Mrs. King Preston, member of the Welch home demonstration club. "In this cabinet, I have space to store heavy cooking utensils, my ironing board, and irons and such things as potatoes in the way of staple groceries," she continued to say. There is also room for the broom and mops. Mrs. Preston's home was built last summer and she has experienced what many housewives experience in having an equipped kitchen, but no place provided for the storage of these items.

BUILDS MOVABLE CLOTHES
CLOSET SAYS DEMONSTRATOR

"I want to build my clothes closet so I can move it," said Mrs. W. R. Miller, wardrobe demonstrator in the Fairview home demonstration club. "The closet will be five feet wide, 30 inches deep and will extend to the ceiling, making it seven feet high. Shelves will be placed in it to place storage space for bed linens and folded garments and hats. A rod will be used for hanging garments. The material being used is panel board and will be finished in light oak. The cost will be about \$10, but it will be worth it to have a place to store my clothes out of the dust," Mrs. Miller said. She invites neighbors to see the cabinet.

DEMONSTRATOR CONTINUES
TO IMPROVE KITCHEN

Mrs. Gus Schmidt, kitchen demonstrator in the Central club, continues her improvement. A wall cabinet has been built across the north end of the kitchen. The base cabinet and sink are placed along half the north wall and under a window in the west. The stove will be in line with the base cabinet on the north wall. In building the wall cabinet, Mrs. Schmidt used panel board at the back and putty in the seams as insurance against sand. The sink, being one with a drain, is well built in a cabinet where dish washing utensils will be stored. The top of the base cabinet is made of hard wood.

4-H CLUB GIRLS TO BE
HONORED SATURDAY

Fifteen 4-H club girls will be awarded club pins Saturday, April 10th at 2:00 o'clock p. m. in the office of the home demonstration agent. These pins will be awarded to the following girls because of the quality of the club work they have done: They are: Zora Zimmerman, Eula Fay Miller, Zola Zimmerman, Eula Fay Miller, Zola Zimmerman, Eula Fay Miller, Zola Zimmerman, Eula Fay Miller.

Lou Carlton, Audine Summerlin, Loy Dunn, Ballard; Edna Earle Craddock, Elenora Bass, Oleta Harrison, Wilson; Marcella Edmonson, Marie Duff, Parlice Page, Klondike; Denver Pruitt, Maxine Southard, Key, Margaret Borden, McCarty.

BUILDS 8 FOOT CABINET
FOR KITCHEN USE

Mr. and Mrs. Jack Walls are building a cabinet for the kitchen which measures 8 feet in length and extends to the ceiling. The sink is so placed that room is left to the right for the storage of silver and linens in the base cabinet. Ample toe space has been provided the entire length of the stove and cabinet. Underneath the sink, space is provided for dish washing equipment. And to the left there are two bins for flour and meal. In the end of the cabinet which is next to the stove cooking utensils will be stored.

OK 4-H CLUB

"Anyone can look her best," says Miss Phenix. She gave a nice talk on how you can be good looking. There were 18 present. Some have been working on their gardens and bedrooms. Our next meeting will be April 16.

HANCOCK HOME
DEMONSTRATION CLUB

The Hancock club meeting was well attended on March 25 in the home of Mrs. Cleve Johnson. Several members told of improvements they had made in their kitchens.

Miss Phenix gave a demonstration on line and design for the individual. The next meeting will be on April 8 in the home of Mrs. Bob Johnson. A demonstration will be given on making candlewick bedspreads.

MIDWAY HOME
DEMONSTRATION CLUB

The Midway home demonstration club met March 30, at 2:30 in the home of Mrs. W. J. Stanfield. Eleven members were present. Roll call was answered with the mention of an "air-loom" in the family. Most of the members have year books and much more interest is being taken.

The 4-H club girls enjoyed an Easter egg hunt. Seventeen girls were present. A demonstration on candlewick bedspreads will be held at the next meeting which is with Mrs. A. S. Riddle on April 13. There will be an all day meeting at the Legion Hall on April 15.—Reporter.

SHUMAKE HOME
DEMONSTRATION CLUB

Garments in grandmothers days were expected to have seams that looked as neat on the wrong side as on the right side, but style is emphasized now more than the finish. Mrs. S. H. Stanfield.

wardrobe demonstrator for the Shumake home demonstration club, said in beginning her demonstration on finishing the garment, when the club met in the home of Mrs. F. M. Whitmire on March 26.

The finish of the garment is determined by the material, the design and type of the garment.

Plain seams are appropriate for almost all materials if the edges are properly finished. If the material does not ravel the edges may be left plain or pinked; if the edges ravel, they may be overcast, picoted, bound, or edges turned under and stitched. French seams are used to finish sheer materials, underwear and all childrens clothes.

There were seven members present. The club will meet next with Mrs. H. T. Richardson at 2:30 p. m. Friday, April 9th.—Reporter.

WILSON HOME
DEMONSTRATION CLUB

"Thank you for preventing me from buying a blouse that would not have been becoming to me," said Mrs. Lavern Johnson, secretary of the Wilson home demonstration club to Miss Mattie Phenix, after Miss Phenix had given a demonstration on making color combinations for the individual, at the Wilson home demonstration club meeting on Thursday, April 1, at the home of Mrs. E. L. Craddock.

Using club members as models Miss Phenix showed us that blends with light coloring should wear cool colors and ones with warm coloring should wear warm colors. Cool colors such as blue and green come from water and warm ones such as red and yellow come from the sun.

Mrs. Vernon Roberts was chosen as delegate to the short course at A. & M.

Mrs. Dora E. Barnes, who is state specialist on clothing will give some demonstrations at the Legion Hall on the next regular meeting date and the next club meeting will be held on April 22 with Mrs. Lavern Johnson.

Mr. and Mrs. Blaine Wiggins, Misses Marguerite Knox, Della Dean, and Edna Merrick spent Sunday in Sweetwater.

Mr. and Mrs. C. O. Stone and daughter and Mrs. G. E. Rothell made a trip to San Angelo during the week end.

Mr. and Mrs. R. P. Simpson and daughter, Katherine, of Seagraves, visited relatives here Saturday.

Mr. and Mrs. T. J. Stanley and Mr. and Mrs. Frank Stanley left Monday for a visit in Montgomery, Alabama.

Miss Bobbie Cleveland left Friday for Grand Junction, Colorado, where she is attending school.

Bill White and R. E. Echols made a business trip to Dallas this week.

Used car traders over this section are astonished at our prices, and can't figure out how we do it.

WELL, HERE'S ONE BIG REASON—

Henry Ford has built well over **twenty-five million** cars to give you the new 1937 V-8. The automobile buying public is rapidly agreeing with him that he is offering more value for the price than in any other Ford car he has ever built. More New Ford sales mean more and better used cars... bought right, sold right.

HERE ARE A FEW SAMPLES WHEN YOU SEE THEM YOU WILL BE SURPRISED — WHEN YOU OWN ONE, YOU'LL BE DELIGHTED

- 1936 V-8 Pickup, looks and runs like new ?
- 1935 V-8 Pickup, what services for the price ?
- 1933 Master Chevrolet... and you'll say "how can you do it" ?
- 1935 Dodge Tudor, a car you can drive with pride ?
- 1931 Ford Truck, a good bed, extra good rubber, ready for heavy duty ?

And plenty more on the lot. See them! Price them! Drive them!

NOW IS THE TIME TO BUY!
