## Finance Drive Will Start In City Oct. 13

### Budgets Approved For Six Agencies Included In Fund

A goal of $97,500 was set for the Community Chest campaign in a meeting of directors this morning at the Community Chest office. The drive will start on Oct. 13.

The goal compares with last year's goal of $86,845 and the 1946 goal of $92,143, the increased cost being due to greater costs of operation of agencies participating in Community Chest funds.

**Budgets Are Adopted**

The board of directors adopted the following budgets which had been recommended by the budget committee after detailed study:

Boy Scouts, $18,870; Milam home, $12,000; Junior Optimists, $2,285; Lubbock boys club, $20,295; Girl Scouts, $13,105; Salvation Army, $13,355.

The board approved a $9,590 total for administrative and campaign costs. The administrative figure was the same as that last year and campaign allowance was $200 higher.

An $8,000 shrinkage and emergency reserve was approved.

**Amounts Last Year**

The amounts appropriated for the six participating agencies last year were: Boy Scouts, $16,672.50; Girl Scouts, $11,470; Milam home, $10,800; Salvation Army, $13,142; Junior Optimists, $2,225, and Boys' club, $20,195.

Each budget approved for this year was higher than the amount appropriated last year, although the increase in one case, that of Junior Optimists, amounted to only $60 more than last year.

**Some Cuts Are Made**

Some cuts had been made from amounts requested by the various agencies. The reductions from amounts requested were: Boy Scouts, $130; Lubbock Boys club, $70; Girl Scouts, $100; and Salvation Army, $2,100. The Milam home and Junior Optimists approved budgets were in the amounts requested.

Directors voted not to add the children's nursery at Veterans Village to Community Chest participating agencies, because the location of the nursery limits its

## Price Of Food Again Soaring With Little Hope For Relief

(By The Associated Press)

Food prices are headed upward again after declining for several weeks.

With meat prices still the big problem in stretching the family budget, the Justice department filed in federal court in Chicago a civil anti-trust suit against the "big four" meat packers, charging them with suppressing competition in the sale of meat and meat products.

**Would Divide Them**

Attorney General Clark said the suit is aimed at dividing Swift and Co., Amour & Co., the Cudahy Packing Co., and Wilson and Co. into 14 "separate and competing companies." Swift and Armour would be divided into five companies, and Cudahy and Wilson each into two.

Wholesale meat prices in New York have moved up a few cents from a week ago, and grade AA butter is 3½ to 4 cents a pound higher than last week at 77½ cents a pound wholesale.

Increases in a variety of other items sent the Dun & Bradstreet food price index up for the first time since July 13 when it hit a peak of $7.36 for one pound each of 31 foods in general use. The wholesale index declined gradually from that high point to $6.86 a week ago. Now it has moved up to $6.95.

Some of the foods accounting for the advance were flour, wheat, rye, beef, hams, lard, butter, cheese, eggs and lamb. Prices of corn, oats, barley, sugar, coffee, beans, peas, potatoes, steers and hogs were lower. Most crude vegetable oil prices declined from 2 to 3 cents a pound this week, but buyers showed little interest.

The Associated Press food index, for which 1926 equals 100, also reversed its direction, rising to 193.02 from 191.50 a week ago. Livestock rose to 260.20 from 258.00.

Food distributors hold out little hope of much relief for the family food bill in the near future. They point out that expenses of producers, processors, wholesalers and retailers are high and still going up.

### Legation Members In Romania Recalled

WASHINGTON, Sept. 16. (AP)—The State department disclosed today that four members of the American legation staff in Bucharest, Romania, have been recalled on the demand of the Romanian government.

Romania had accused the four of taking photographs in a forbidden zone.

The United States rejected the accusation and declared that the Romanian government's complaints "do not conform to the facts."

### Pioneer West Texas Merchant Succumbs

ABILENE, Sept. 16. (AP)—John E. Robertson, pioneer west Texas merchant, died in an Abilene hospital early today. He was the father of French K. Robertson, Abilene oil operator and member of the Texas prison board.

Robertson was a former president of the Mineral Wells chamber of commerce and once operated several merchandise stores in Baird, Haskell, Clyde, Putnam, Anson, Goree and Weinert. He formerly lived in Houston.

Funeral services will be held in Haskell tomorrow.

## Three Trailer Camp Residents Dead As Fire Sweeps Court From Oil Explosion

(By The Associated Press)

INGLEWOOD, Calif., Sept. 15—Three trailer camp residents were dead today from burns suffered when flames were spewed over the court by an oil tank farm explosion. Seven other persons were burned less seriously.

Dead were: Mrs. Lillian Reynolds, 35; Mrs. Olive Ziegler, 27, and her three-year-old daughter, Judy Ziegler.

The chain explosion blasted 12 of 16 tanks at the Basin Oil company's five-acre tract yesterday.

George Synold, assistant superintendent for the oil firm, said he saw big blobs of flaming oil flash across a street to the camp where some 56 trailers were parked. All of those injured lived at the camp. Seven trailers were destroyed, a half-dozen others scorched.

Preliminary investigation disclosed, Synold said, that the first explosion and fire followed a "boiling over" in one of the tanks where 1,300 barrels of crude petroleum was being heated to remove impurities.

Synold estimated the company's damage tentatively at about $117,000 in the loss of the tanks and the 9,000 barrels of oil they contained.

Another Ziegler girl, Roberta, eight, and Mrs. Ernest Arrondale, 38, also remained in Centinela hospital. Others burned were released.

Four firemen were overcome while fighting the blaze, which sent a column of smoke rising several thousand feet over Inglewood and the southern Los Angeles sector.

Al Smith, operator of the trailer camp, was credited with rescuing three people. The Red Cross set up temporary facilities near the camp.

## Part Of Ship's Crew Rescued

NEW YORK, Sept. 16. (AP) — Thirty-nine crewmen of an abandoned British freighter have been rescued in the hurricane-whipped North Atlantic, her owners said today, but the fate of six others is unknown.

Earlier, Coast Guard headquarters here said 38 men had been rescued from the freighter Leicester by an American and an Argentine ship in mountainous seas. The New York agent for the Leicester had said she carried a crew of 42.

The Leicester's skipper, Capt. H. N. Lawson, messaged the London owners, however, that 39 had been rescued and the fate of six others was un-known.

**Struck Last Tuesday**

Lawson told the New Zealand Shipping Co., owners, his 7,266-ton vessel was struck by the Atlantic hurricane last Tuesday. In mountainous seas and powerful winds the ship listed to 55 degrees, he said. The vessel was en route from London to New York in ballast.

The ship was abandoned today, Lawson reported. Twenty survivors were picked up by the American rescue ship Cecil N. Bean. Eighteen others and Captain Lawson were rescued by the Argentine ship Tropero.

Meanwhile the Royal Canadian Air Force said from Halifax that several vessels, including two Halifax tugs, were racing at full speed through heavy seas in the hope of salvaging the Leicester.

The city commission, in special session this morning, appointed R. L. "Red" Oldham acting city engineer and took under advisement a drastic 25,000-word fire prevention ordinance recommended by a committee from Lubbock Fire Insurance exchange.

Oldham, who has been city paving engineer since January, succeeds John Ruhmann, who resigned recently to become city water engineer in Wichita Falls. Oldham will receive $350 a month and the city's cost-of-living bonus, now amounting to $86 monthly. Ruhmann's salary is $450 plus the bonus.

**With Highway Department**

Oldham came to Lubbock from Gainesville in about 1930. He was with the state highway department five years, worked privately for several years and operated his own consulting firm for a time.

The commission deferred until its semi-monthly meeting next Thursday consideration of the appointments of a successor to the late Dr. J. W. Rollo as city health officer and to the new position of city auditor.

The commission was advised that a committee from the Lubbock County Medical society wants to appear in connection with the health office selection.

The fire prevention ordinance submitted by the insurance exchange committee consisted of 53 single-spaced typewritten pages.

**Provisions Are Cited**

A few of its provisions would include:

The creation of a bureau of fire prevention with a personnel of undetermined number at a cost

### Chances For Peace Good, Barkley Says

WASHINGTON, Sept. 16. (U.P.)—Sen. Albert W. Barkley, Democratic vice presidential nominee, predicted today on his return from Europe that the Berlin dispute will be settled peaceably.

Barkley told reporters that the Soviet blockade of the former German capital was "annoying and exasperating."

But he said he believes the chances for peace are good and that outstanding difficulties "gradually will be worked out."

Students Swarm Over College Campus And—

## Registrar Claims Tech Could Top 10,000 If Space Allowed

As Texas Technological college was enrolling its fall student body today, belief was expressed by Registrar W. P. Clement that Texas Tech could have a student body of 10,000 if facilities were available.

Enrollment is expected to reach a total of 6,500 to 7,000 for the fall semester. "I still think this will be the peak year of our enrollment and I think enrollment will continue to increase next year—with increased facilities," said the registrar.

"I sincerely believe we could have 10,000 students if we had room for 10,000 people," he said.

Both the fall semester enrollment and the long session total are expected to exceed last year's record figures of 6,114 students and 6,689, respectively. The long session total includes fall semester enrollment plus additional students entering in the spring semester.

Enrollment was running smoothly today, due to advance pre-registration days. About 6,000 students had ob-

## Wage Dispute Settled With Hourly Boost

### Equipment Union Workers Will Get 8-15 Cents More

(By The Associated Press)

NEW YORK, Sept. 16—A coast-to-coast strike of 25,000 telephone workers was averted today when the Western Electric company reached an agreement with representatives of the CIO communication equipment workers.

Federal Mediator Thomas R. Steutel said the pact had averted the strike set for 7 a. m. (EST) tomorrow.

The agreement, subject to membership ratification, provides hourly wage increases of nine to 15 cents in some sections of the country and eight to 14 cents in others.

**43 States Affected**

The settlement affects telephone equipment workers in 43 states and the District of Columbia.

G. A. Johnson, a company spokesman, said the pact also provides adjustments in expense allowances.

Johnson said he understood the agreement has been submitted by the union negotiating committee to the union's board of directors with a recommendation that it be approved.

The agreement was announced shortly after negotiators resumed conferences this afternoon after an all-night session.

The talks brought together representatives of the CIO Association of Communication Equipment Workers and the Western Electric company, manufacturing subsidiary of the American Telephone and Telegraph Co.

**Original Demand Higher**

The union, which originally asked a 31-cent across-the-board hourly pay boost, later was reported to have slashed its demand to 11 cents an hour. Current wages average $1.15 an hour.

The company's most recent announced offer was an 8 to 14 cents an hour increase.

It was not indicated what new figures, if any, were considered during the last night's meeting.

The union threatened a strike in June, but President Truman appointed a fact-finding board to forestall the stoppage. Before hearings began both sides agreed

### Debate Challenge Is Sent Coke, Johnson

AUSTIN, Sept. 16. (AP)—Drew C. Nichols, Progressive party candidate for U. S. Senator, today challenged the Democratic nominees to public debate on the question: "Resolved, that Communism is the greatest menace to democracy in the world today."

Nichols said he would take the negative.

The challenge was directed to "whoever is finally put on the ballot as the Democratic party nominee for the U. S. Senate."

### Progressives Will Hold Houston Rally

HOUSTON, Sept. 16 (U.P.)—A Progressive party rally here tonight gained approval of the city council, with an announcement that the council had made a city park available to the Wallace followers.

The principal address will be made in Emancipation park by Charles P. Howard, negro attorney and publisher from Iowa.

Howard's speech will be preceded by remarks from Herman Wright, Houston attorney and candidate for governor of Texas on the third party ticket.

### Meat, Milk Boycott Scheduled By Wives

CEDAR RAPIDS, Ia., Sept. 16. (AP)—A group of housewives voted last night to launch a citywide meat and milk boycott but their M-day is a "deep, dark secret."

Mrs. Mervin Myers, at whose home representatives of several auxiliaries met, said final plans would be laid at a Sept. 23 mass meeting.

We're going to appeal by telephone to every housewife in town to aid us in our campaign to end high prices," she said.

(By The Associated Press)

FORT WORTH, Sept. 16—Dallas oilman L. L. Horne planned to set out today with four Eskimo women, a penguin, a polar bear skin and a parka to collect more than $20,000 in bets.

The women — Miss Molly Blatchford, Mrs. Lona B. Welch, Miss Alice Walker, and Mrs. Lorena Gray, chaperone—flew here so Horne would win bets he made with Texas friends while at Flathead, Mont., for a rest.

Their first reaction to Texas when they landed last night was not unexpected. "Oh, it's hot down here," said Miss Blantchford and Mrs. Gray, almost in unison. unison.

Then they scrambled into a refrigerated van for a trip to their hotel. "I'm going to get into a tub of cold water as soon as I get there," declared Mrs. Gray, a native of Kotzerbue, Alaska.

Horne said he would take the girls with him to Dallas, Houston, Taylor, Mission, San Antonio and Midland to pick up his winnings.

## Two Killed In Truck Mishap

SEMINOLE, Sept. 16 (Special)—The lives of two men, one from Texas and one from Oklahoma, were tragically snuffed out shortly after midnight about nine miles west of here when the light truck in which they were riding apparently went out of control and overturned several times.

Dead are Weldon Oscar Elliott, 25, believed to be of Rising Star route 2, and Harold Eldon Thomas, 21, whose residence has been established by local hospital officials as somewhere in Oklahoma.

**Taken To Hospital**

Elliott was taken to Tomb hospital here, where he was pronounced dead on arrival. It was believed he was killed instantly. Thomas, the only other occupant of the truck, died at Tomb hospital at 7:35 o'clock this morning from critical injuries, including two broken legs and a crushed skull.

State Highway officials and the Seminole sheriff's office said that the truck, a one-ton Dodge panel truck, apparently went out of control on U. S. Highway 180 about nine miles west of Seminole and overturned several times. Tools and papers in the truck indicated the men were working on a job at Seagraves.

The bodies of both were taken to Singleton Funeral home in Seminole, where efforts are being made to contact relatives.

(By The Associated Press)

FORT WORTH, Sept. 16.—John C. Calhoun, of Corsicana, newly elected state Democratic chairman of Texas, will call a meeting of the purged state Democratic executive committee and resign unless conferences now in progress with high party leaders convince him he can "bring Democratic forces of Texas together for the national nominees."

That statement was made today by Calhoun in an exclusive telephone interview with the Fort Worth Star-Telegram conducted from the Hillsboro law office of Robert W. Calvert. Calvert's tenure as state chairman ended in Fort Worth Tuesday night when he refused re-election at the state Democratic convention.

**Did Not Seek Job**

Calhoun's statement, which was taken down by Calvert's secretary follows:

"I am convinced that under the law I am the duly elected state chairman. While I made no effort whatever to secure the place, it came to me unsolicited and unexpectedly.

"I will confer with party leaders within the next few days, and if I find that my acceptance will be of service to the Democratic party in bringing the Democratic forces of Texas together for the national nominees, I will accept.

**Will Offer Resignation**

"If I find I am unable to render that service I will call a meeting of the state Democratic executive committee and tender my resignation. But for the time being I shall consider that I am filling the place."

Calhoun sought the advice of Calvert, a lifelong friend since the retiring chairman's boyhood days in Corsicana. First, he said he

## Jury Holds No One Guilty In "Holy Spirit" Death Of Girl

(By The Associated Press)

PALMER RAPIDS, Ont., Sept. 16.—A coroner's jury refused last night to blame any one for the "Holy Spirit" death of Violet Goggin.

Witnesses testified at the inquest that Violet, 18, walked into the Madawaska River and drowned Aug. 22 because she was impelled to do so by the "Holy Spirit."

"I guess," her father told the five-man jury, "it was pleasing to God that way."

The witnesses said Violet's death occurred at the height of a night-long family religious service at Violet's farm home near here. They told the jury she walked into the river after 'receiving the blessing" at 4 a. m., at the end of seven hours of "praising the Lord."

Violet's sister, Viola, 23, stood on the meeting house dais in an angle-length dress and recounted how she saw her sister die in the moonlight. She testified:

"Violet said, 'faith is the victory.' She was praising

## Johnson Seeks To Force Name On Voting List

### Injunctive Relief Against Coke Also Is Goal Of Suit

(By The Associated Press)

AUSTIN, Sept. 16.—The United States senatorial race fight went to the door of the state Supreme court today.

Attorneys for Lyndon B. Johnson asked the appeal court for permission to file a mandamus action seeking to force Secretary of State Paul Brown to certify Johnson as the Democratic nominee for U. S. senator for inclusion on the November general election ballot.

Brown said the suit was "unnecessary."

"That's what I intend to do anyway unless I am served with some court order stopping me."

**Seeks Injunctive Relief**

The suit Johnson attorneys hope to file, if granted permission of the court, also seeks injunctive relief to prevent Johnson's opponent in the Senate race, Coke Stevenson, from interferring with the certification. The action was apparently Johnson's answer to action of Stevenson's attorneys, who yesterday were granted a federal court injunction to halt the certifying of Johnson's name to Brown.

"I was not made a party to that suit," Brown said. "I have the proper certification of Johnson's name and as everything stands now it will go on the ballot."

The Supreme court action was sought by Attorneys James V. Allred, Alvin J. Wirtz and John Cofer. Their petition went immediately to the high court judges who took it under consideration before recessing until 2 p. m.

**Tomorrow Is Deadline**

Brown previously set tomorrow as the final deadline for certification of party nominees for inclusion on the November ballot.

Johnson's name, he said, was received properly certified in his office at 11:29 a. m. yesterday, was accepted and filed.

The federal court order aimed at preventing the certification to Brown was granted yesterday by Judge T. Whitfield Davidson.

Coke Stevenson obtained the restraining order to prevent the secretary of state from putting Johnson's name on the November general election ballot.

**Named In Order**

However, the restraining order is directed against Tom Tyson, state Democratic convention chairman, and Vann Kennedy, state sec-

## Farm Burglary Probed Here

Investigation into burglary of a farm residence belonging to M. S. Watson of two miles west of Becton had not been completed, the sheriff's department said this morning.

The place was entered after a window had been smashed and venetian blinds jerked away.

Despite the opening of a drawer in which men' rings, tie clasps and stickpins were kept, and an ice box door having been left open, nothing was believed removed from the premises, preliminary announcements said.

**Taxi Driver Arrested**

The sheriff's department and Texas Rangers arrested Horace Simpson, 24, a Lubbock taxicab driver, on a telegraphed warrant from Lea county, N. M., charging swindling by worthless check. Simpson waived extradiction, officials said, and New Mexico authorities will accept his custody here. The check, for $10, was payable to a Hobbs drug store, the telegraphed instrument alleged.

A 39-year-old Brownfield man who had been fined $200 and 30 days in Yoakum county, on an aggravated assault charge, was delivered to the Lubbock sheriff's department for custody.

**$100 Fine Assessed**

A fine of $100 and county court costs were assessed this morning against Phillip Gant, 25, a Lubbock negro who pleaded guilty of liquor law violation.

J. B. Perrin, about 36, of Lubbock was fined $25 and county court costs on a charge of check

# Polo Player And Coal Miner's Daughter On Honeymoon After Surprise Trip To Georgia

FOLKSTON, Ga., Sept. 16 (AP)—Polo-playing Francis Hitchcock and tall, willowy Stephany Saja, a Pennsylvania coal miner's daughter, were honeymooning today after a surprise elopement to this south Georgia "greina green."

The 23-year-old bride, who left her native Windber, Pa., and went to New York to become a clerk in a brokerage firm, was married to the balding 39-year-old Hitchcock here last night by Charlton county Judge A. S. McQueen.

A simple single-ring civil ceremony was used in the nuptials. It was the first marriage for the bride, the third for the socialite groom.

**Wife Wins Countersuit**

The last legal barrier to the wedding was removed Tuesday at West Palm Beach, Fla., when circuit Judge C. E. Chillingworth granted a divorce decree to Mrs. Marie Grammer Hitchcock, the groom's second wife, on her counter suit.

Hitchcock, however, still faces the possibility of a perjury investigation directed by the court at the time the decree was entered. The question raised was whether Hitchcock had perjured himself in obtaining a Florida marriage license by saying he was divorced.

A Georgia license issued by McQueen was used in the wedding here last night. In New York, William P. McCool, Hitchcock's attorney, said the Georgia license was obtained because no waiting period was required after the application.

Folkston has become a favorite marrying place for many Floridians and others who do not want to observe Florida's three-day waiting period.

**Bride Wears Slacks**

The Florida license had been issued by Flagler county Judge E. W. Johnston at Bunnell several weeks ago. The judge said Hitchcock told him at the time that he was divorced.

The spacious living room of Judge McQueen's eight-room home a few blocks from the Folkston business district was the scene of the wedding. The bride and groom were accompanied by a friend Judge McQueen said he believed to be Col. Arch Wall.

Stephany had been staying at the home of Col. and Mrs. Wall south of Daytona Beach at Wilbur-by-the-sea. Earlier reports had said the wedding was to be in "White Castle," the Wall's ocean-front home.

The bride, described by McQueen as a "right pretty girl," was attired in slacks and a print blouse. Hitchcock wore light tan slacks and a sport-shirt.

**Wedding Place Secret**

"They were very calm, both of them," McQueen related.

Firt word of the ceremony came from McCool who said the wedding reception would be held today noon at the exclusive Kentucky-Florida club near Deland. Hitchcock is a law student at Stetson university.

The place and time of the wedding had been a closely guarded secret. Yesterday, it had been indicated the vows would be spoken before the Rev. Demosthenes Mekras, Greek orthodox priest of Miami.

Father Mekras, pastor of St. Sofia church, said he would fly to Daytona Beach for the marriage as soon as the perjury investigation was out of the way.

The perjury investigation was awaiting certified copies of the marriage license application which State Attorney Sams at Deland said he had asked from Judge Johnston. He said he would study them to see whether further action is necessary.

# Wartime Pilot To Take Stand For World Government At UN

PARIS, Sept. 16. (AP)—Garry Davis announced he will take up his stand for world government today on the doorstep of the United Nations assembly building here.

The 26-year-old American wartime bomber pilot and son of orchestra leader Meyer Davis, who gave up his citizenship to plug for a stateless status, has been camping since Sunday morning on the steps of a restaurant in the inviolable U. N. assembly area around the Palais De Chaillot.

**To Move Across Street**

Davis' move across the street from the restaurant would come as the Security council met on the Hyderabad question.

Davis crossed the street from the restaurant to the palace yesterday but was stopped at the door by a guard, but hundreds of other persons were permitted to go in and out without passes. The U. N. assembly convenes in the palace next Tuesday.

Davis said he will pitch his tent on a narrow strip of grass in the shade of Eiffel tower, which stands across the Seine river from where the delegates will enter the general assembly.

**Decides On New Step**

He said he had decided to attempt his new step after reading headlines in this morning's papers.

"The world is falling apart," Davis said, "and I am going to try my best to see that we have an international government."

Davis seemed very tired after his fourth night in a sleeping bag restaurant.

## Laundry Forgotten By Omaha Residents

OMAHA, Neb., Sept. 16, (U.P.) — Omaha residents are losing their shirts and quite a little other clothing at the new self-service launderettes.

A survey revealed that forgotten items are piling up at the laundries, left there by forgetful patrons.

Clothing is not the only item left there by the customers. A launderette manager said.

"They leave tablecloths, towels, rugs, shirts, ladies' unmentionables, dish rags and mop heads."

Another launderette reported that one woman overlooked a sheet in the washer. It is still unclaimed.

Enough clothing to outfit one person completely is found in the course of a month at one Omaha establishment.

The operators have a hard time matching up the articles and owners. There is no identification on the forgotten wash and the launderettes don't keep any record of who uses the machines.

Most of the firms donate their finds to charity. But one manager said. "We keep them. My wife hasn't had to buy anything for a long time."

# High U. S. Red Called To Tell Of Party Activities In Union

BY HOWARD DOBSON
Associated Press Staff Writer

WASHINGTON, Sept. 16. — A high ranking U. S. Communist was called to Capitol Hill today to tell about Communist activities —if any—in the CIO Fur and Leather Workers' union.

Ben Gold, union president and a member of the Communist party's national executive committee, headed a list of nine union officials called in by a house labor subcommittee as it wound up an investigation of the union.

Chairman Max Schfabe (R-Mo) said each of the nine would be asked whether he is a Communist, and he predicted again that most of them would refuse to answer. Associates of Gold have told reporters he would decline on constitutional grounds.

**Prediction Missed**

However, Schwabe missed yesterday on a similar prediction as the first union witnesses were heard. Only one of eight refused to answer the question.

He was Sam Burt, manager of the furriers' joint board, who objecetd on grounds that the question violated his constitutional guarantee of free assembly and that an answer might incriminate him.

Schwabe told reporters later the subcommittee will decide whether to recommend that Burt be cited for contempt of Congress, adding: "In my opinion, it was a clear case of contempt."

**Other Witnesses Called**

In addition to Gold, the witnesses called for today are San Mencher, president, Joseph Winogradsky, assistant manager, and Jack Schneider, business agent, all of the furriers' joint council; Thomas Maestri, president of a chauffeurs and helpers local union; Herbert Kunzer, manager of a floor and shipping clerk's local; Lyndon Henry, business agent of a fancy fur dyers local; Ida Langer of the joint council's executive bboard, and George Kleinman, editor of the International Union's publications.

As they awaited their turn, the House Un-American Activities committee called in more witnesses for closed-door quizzing in its atomic espionage case. Public hearings are scheduled to begin some time next week.

**Red Influence Denied**

Most of the witnesses before the Schwabe subcommittee yesterday denied that Communist influences are at work in the union led by Gold although two were critical of the union for other reasons. The subcommittee is investigating complaints of Communist infiltration into the union.

Lee Pressman, former CIO general counsel now associated with Henry A. Wallace's Progressive party, represented several union officers. He asked that the union be allowed to question fur industry witnesses who testified last week and earlier this week. Schwabe told Pressman to submit written questions, and the subcommittee will decide whether industry witnesses must answer them.

MAKING MASKED MARVELS—Prof Holt L. Sherman of Ohio State University's college of fine arts has invaded football with this gadget, a mask to sharpen a passer's target eye. The prof (left) pulls the string, opening the face flap on the mask, and Quarterback Pandel Savic of the Buckeyes is given a quick look for a receiver, then throws as the flap drops. It's just for practice; the passers don't have to wear them in a game. Demonstration in Columbus, O.

## Body Of Dallas Man Found In Tennessee

CAMDEN, Tenn., Sept. 16 (U.P.) The badly-decomposed body of Jack Rose of Dallas, Tex., was found buried in a cornfield near Kentucky about seven miles from Camden last night. The find was made by Dallas, Jacksonville, Fla., and Tennessee police.

The police were led to the body by James Corbett of Dallas. He was one of two former convicts who confessed to Jacksonville police about two weeks ago that they murdered Rose, wrapped his body in a blanket, and drove along a highway until they came to Kentucky lake where they buried it.

The other convict, Frederick Miller of Dallas, remained in the Jacksonville jail.

Miller and Corbett confessed the murder while undergoing routine questioning after being picked up with a third man for investigation.

## Two Negroes Face Burglary Charges

TEXARKANA, Sept. 16 (AP) — Charges of burglarizing Red Bank community homes near here were filed yesterday against two Texarkana negroes.

They are Prater Willis, whom officers said is an ex-convict, and Bessie Hill.

Deputy Sheriff J. Frank Riley of Bowie county said Willis offered him $4,100 for his freedom, pulling 47 $100 bills from beneath a rug in his house.

## Young Girl Victim Of Father's Pistol

LONGVIEW, Sept. 16 (U.P.)—Funeral services were pending today for Betty Sue Reid, 4, victim of her father's loaded pistol.

The child climbed up on a chest of drawers yesterday and picked up the weapon that the father, I. F. Reid, carried on his job as a night watchman.

The slug struck her in the temple.

# Cotton Crop Lacks Pickers

MEMPHIS, Tenn., Sept. 16 (U.P.) The value of the greatest cotton crop in Mississippi delta and hill country history was threatened today by a lack of pickers.

The present need for pickers already exceeds the supply, cotton men said, and the problem will be even more difficult next week.

A warm September sun and dry days have combined to ripen the lushest crop of all time at an early date this year. The plants are being rapidly defoliated and the bolls are popping open.

**Values Vulnerable**

But it is just such conditions at this time of year which make cotton values most vulnerable.

Most of the cotton in the delta which stretches from Missouri to Louisiana through Arkansas, Tennessee and Mississippi is of 1 3/32 inch variety. That which is being picked now is of strict middling class, worth 34.21 cents a pound in the U. S. government loan. But if it stands in the fields and is rained on, the class will drop to low middling and be worth only 26.81 cents a pound. That means a loss to the farmer of about $37 on each 500-pound bale.

Local labor has not been plentiful since World War II when many southern negroes migrated to northern industry. And an expected bonanza of 22,500 Mexican pickers has not materialized.

Mechanical pickers and strippers at best can pick only about five per cent of this year's crop, the cotton council spokesman said. That leaves the remainder to be harvested by hand at prices which will range upwards from $3 a hundred pounds.

## Dealer Has Double Reason To Be Happy

INDIANAPOLIS, Sept. 16 (AP) Maynard Masten, local real estate dealer, was doubly happy today to have his automobile back.

Several hours after someone stole it, the car was found returned to its original parking space. And undisturbed in the lining of the trunk were $4,000 in cash and a $500 check Masten had hidden there.

## MARY HAWORTH'S MAIL . . .

### Woman Is Worried Because Of Attitude Toward Her Mother Before Her Unexpected Death

DEAR MARY HAWORTH: I read your coumn daily, and you seem so wise and help so many people that I thought perhaps you might be able to help me. Here is my problem:

Ten years ago my mother died. She was not of very sound mind and it was hard for us children to get along with her at times. On the evening of her sudden death (we hadn't expected it), I said to her "Shut up," when she was yelling at my father.

Two years ago I started to worry about this and it has been preying on my mind ever since. I can't throw off the despondency I feel. What is the reason for this? What's wrong with me?

I have lost all my friends because I don't want to go any place or do anything. I don't feel worthy of anyone; and I lose days from work because at times I feel that I just cannot go on. Is there any help for me? Please advise.

Signed: R. B.

**WOMAN'S ANXIETY HAS OTHER ORIGIN**

DEAR R. B.: I have discussed your story with a specialist who confidently says that your despondency isn't really related to the fact that you happened to tell your mother, "Shut up," just shortly before her sudden death.

He says that rueful recollection just happens to coincide with your first conclusive, worried awareness of your own sickminded state.

Your dejection has to do with feeling unworthy of human society, you say; and the doctor says this is a typical confession of a struing the meaning of others' attitudes toward him.

The schizoid personality is lonely and withdrawn, also gentle and sensitive as a rule, and to compensate for lack of trustworthy, affectionally satisfying companionship, he deals too much in introspective thinking, the burden of which is usually self-accusatory.

**SCHIZOID DRIFT DATES AWAY BACK**

IN GENERAL, the origin of this unhappy trend is to be found in a neglected childhood, in an unfortunate family background: unfortunate in the sense that it afforded the patient little, if any, sympathetic, maternal advocacy, a form of love-nurture that is indispensable to the development of robust self-confidence.

Denied such mothering, a child will grow up without emotional roots or anchorage; haunted by an unconscious shadow conviction that he doesn't belong, isn't accepted, anywhere; that he is outcast and merits rejection for guilty cause that he can't quite fathom. Which is somewhat the gist of your worry, I gather.

It is a dangerous drift in adult years, if allowed to go untreated; but the schizoid patient who recognizes his need of specialist help—and you do—is in most cases permanently restored to healthy activity of mind, when given clear insight into the dynamics of his sick, anti-social, anti-self attitudes. So, for advice, take this problem to the psychiatric clinic of the finest hospital in your city, and ask steering-information on how to get help.

M. H.

## DISCOVERY OF INGREDIENT 'X' ENDS MANY YEARS OF RESEARCH

Today in announcing the discovery of the new ingredient "X", the Hi-lex Company successfully marked the end to its research program labeled, "Find the way to give Hi-lex Bleach complete stability."

"Twenty years ago," said A. A. Eldredge, president of the Hi-lex Company, "we found the first half of the answer to this problem when we developed a special temperature control to the manufacturing of our household bleach. We found this greatly improved the quality of bleaching fluids.

"The second part of the answer was discovered after more than two decades of constant research. It is this new ingredient "X". Its principal action is to stabilize the chlorine used in household bleaches. The result is complete uniformity . . . from bottom to top, every drop of the New Hi-lex is identical.

"That's why the New Hi-lex is so much more gentle, so much more safe—its bleaching strength is evenly distributed throughout. That's why the New Hi-lex bleaches clothes even whiter than before—its uniform action works with uniform results."

Because the New Hi-lex is so different from ordinary bleaches, homemakers are requested to read the directions found on the label before using. These easy instructions should be followed exactly. The thorough action which ingredient "X" gives Hi-lex Bleach means greater economy, too, because just a little now does so much more.

## Day Nursery Stresses Need for Germ Control

Omaha, Neb.—Marie Carlson, Superintendent of the Junior League Day Nursery, emphasizes the need for constant germ control programs wherever there are children.

"Our Day Care Center," she said, "gets a thorough cleaning every day. We are extra-careful to make sure our bathrooms and toilets are sanitary. We've found that Hi-lex Bleach is excellent for this purpose as well as for deodorizing.

"The best way to clean a toilet bowl is to first swab it and flush. Then add one-half cup of Hi-lex and let it stand for a few hours, or better still, over night. Tubs and wash bowls should first be cleansed and rinsed with clear water. Swab them with a solution of one ounce (two tablespoons) of Hi-lex mixed in one quart of water and allow to dry.

"It just doesn't pay to overlook any possible precaution in your war on germs. Simple steps like those mentioned above can help to keep your children healthy."

## INGREDIENT 'X' PUTS HEX ON STUBBORN STAINS

White cottons and linens which have been stained by fruits, beverages, mildew, medicines or even scorched can almost always be restored to their original whiteness by using the new Hi-lex containing ingredient "X". Merely rinse the fabric well, then soak for about 15 minutes in a solution of two tablespoons of Hi-lex mixed in a quart of water and rinse well in clear water before drying or ironing.

For ordinary bleaching of white or fast colors, cottons and linens, mix one ounce of Hi-lex Bleach to each gallon of regular suds solution. The average washing machine holds about 14 gallons of water. Use about 1½ cups of Hi-lex to a tub. Rinse well in clear water before drying clothes.

**Twenty Years A Leading Bleach**

In many important cities, Hi-lex has won its way to outstanding leadership because of its premium quality. An unbiased survey shows that Milwaukee homemakers buy five times as much Hi-lex as the second place bleach.

## Grade 'A' Milk Producer Uses Hi-lex As Disinfectant

"You don't dare take chances with improper sanitation measures when you're producing Grade A Milk," said Dairyman Melvin Benson of Sioux Falls, S. D. "I've found that just one cup of Hi-lex mixed with eight gallons of water is the most economical—most easily used and most effective disinfectant I've ever used for my dairy equipment."

Hilex does a thorough job as a dairy and farm disinfectant when used as directed—even in the poultry house for cleaning equipment and disinfecting drinking water.

In the laundry to brighten the clothes and free them from work-stained grease and odors—in the kitchen and bath as a cleaner as well as a disinfectant.

### AUTOMATIC WASHER BLEACHING

Says Mrs. J. J. Muleady
Dallas, Texas

"I've found that many of my friends didn't know how to use Hi-lex Bleach with their new automatic washers so this suggestion might be useful to many of your readers, too. First, wash clothes as directed and rinse. Separate the clothes to be bleached and return to washer. Use warm water. Turn time control to 10-minute wash. When water is all in washer, add one cup of Hi-lex mixed in one quart of warm water."

### "TOUCH-UP" SOLUTIONS

Says Mrs. A. Boatman
Kansas City, Kansas

"Since there are so many uses for Hi-lex, I've found it to be a great time-saver to keep an already mixed solution in a covered quart jar. I make the solution with one tablespoon of Hi-lex to a quart. This is perfect for doing those little 'touch-up' jobs like wiping of the stove and refrigerator, etc."

### PET ODORS KILLED

Says Mrs. P. L. Pares
Omaha, Nebraska

"We like pets, but we certainly didn't enjoy the 'kennel' odors that our dog caused. Then I tried adding just a small amount of Hi-lex Bleach to our dog's bath water. It's amazing the way Hi-lex removed all traces of animal odors. Our dog has the run of our house now."

### BLEACH BREAD BOARDS

Says Mrs. Florthine Garcia
St. Paul, Minnesota

"I like to see natural white woodwork in my kitchen. I keep my bread boards and other unpainted wood surfaces spotlessly white and pure with Hi-lex Bleach. The last thing I do in the kitchen each day is to pour a small amount of Hi-lex on these surfaces and rub lightly with my dish cloth and, by merely rinsing my cloth in clear water I have disinfected and deodorized the cloth, too."

# West Exposes Itself At Big Four Meeting, Russia Claims

MOSCOW, Sept. 16. (AP)—Pravda, Communist party newspaper, said today "Anglo-American colonizers exposed themselves" at the Big Four meeting on Italy's prewar colonies this week in Paris.

The article said that in the refusal by the British and Americans to consider new Soviet proposals, "the people of the world received the possibility once again to convince themselves what are the intentions of the advocates of the imperialist world." It accused the Western powers of "doing everything in their power to postpone a decision on the Italian colonies."

**Proposal Resisted**

"It is by no means by chance," the Pravda article said, "that during the long night session of Sept. 14 and 15, representatives of France, England, and the United States stubbornly resisted a proposal by the Soviet delegation that the conference appeal in the name of the four governments to the secretary-general of the United Nations with a request to include the question of the fate of the Italian colonies in the order-of-the-day at the third session of the General Assembly of the United Nations opening Sept. 21."

(The colonial question was referred to the United Nations, without recommendation, under the terms of the Italian peace treaty.))

**Confused Silence Reigns**

The article claimed that when Andrei Y. Vishinsky, deputy Soviet foreign minister, introduced the new Russian proposal for United nations trusteeship over the former Italian colonies, " a confused silence reigned around the conference table" and that (U. S. Ambassador Lewis W.) "Douglas demanded an intermission in the session."

Pravda added it was possible to sympathize with Douglas "for he had to find an argument to refute proposals made not long ago by his own government."

**BLITZ IS LAUNCHED**

ST. BONIFACE, Man., Sept. 16 (AP)—Police have opened a blitz on law-breaking bicycle riders in St. Boniface. The drive began when they found six cyclists on one bike.

More than 534,000 business concerns, or one-sixth of all firms, in the United States are in automotive fields.

**NOW SHE SHOPS "CASH AND CARRY"**

**Without Painful Backache**

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

CALVARY BAPTIST CHURCH GOING UP—The outline of the new Calvary Baptist church begins to take shape at Eighteenth and Ave. T as structural steel is erected and brick masonry walls go up. Rev. C. J. McCarty is pastor of the church. Cost of the building will be approximately $125,000. Designed by O. R. Walker, Lubbock architect, the structure is being built by BMFP construction company of Lubbock. (Staff Photo).

## Three Peppercorns Pay For Lend Lease

CHAMPAIGNE, Ill., Sept. 16 (AP)—The University of Illinois leased an acre of rich Illinois farm land at a rental of "three peppercorns per year."

The 99-year lease, made in 1868, came to light here with the formation of a new consolidated school district. The acre is leased to the Percival School, located on part of the university's farm area near Memorial Stadium.

The "three peppercorns" mentioned in the lease, which terminates if the school is closed, corresponds to similar "$1 a year" leases of today.

Incidentally, so far as anyone knows, the university has never collected the prescribed rent.

## Christian Science Lecture Set Today

"Christian Science: the Revelation of Man's True Being" is the title of a free lecture to be given at 8 p. m. today at the First Church of Christ, Scientist, 2202 Broadway.

James Harry McReynolds, C. S. B., the lecturer, comes from Dallas and is a member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass.

In announcing the lecture, officials of the local church announced, "We believe we are providing a means for reaching many people with answers to frequent questions about Christian Science —what it teaches, how it heals, why thousands have become its adherents. A cordial welcome is extended to the public to attend."

## Law Writings Show How U. S. Is Getting International-Minded

WASHINGTON, Sept. 16 (AP)—For the first time in history the U. S. government is writing more international "law" than domestic law.

State Department officials disclosed that international treaties and agreements with various countries will take up about 4,500 pages in the next edition of the official U. S. compendium of new "laws."

Domestic laws enacted by Congress this year take up only about 1,100 pages. That's about par for an average peace-time session.

When Congress first began passing legislation back in 1789, it gave the job of publishing its laws and international agreements to the secretary of state. At first he was required only to publish domestic laws in three newspapers.

**Huge Volumes Now**

Now, he puts them out in huge volumes called "Statutes at Large" which line the book shelves of lawyers' offices.

Twenty years ago the pages of domestic law turned out each year outnumbered the pages of international agreements four to one. This year, it's just the reverse.

"The tail is now wagging the dog," one official said. But he added that it's a good sign, a sign that this country now is assuming more responsibility as world power.

The major reason for the increase is that the chaotic post-war period required many new treaties and international agreements. For example, the edition this year will include several lengthy peace treaties with former enemy nations.

Also there is the big tariff-cutting agreement which the United States and 21 other nations signed at Geneva last fall. That alone will take up about 2,000 pages.

**UN Adds To Volume**

The creation of the United Nation also added to business on the international front.

Still another reason for the boom in the publishing of internatonal agreements is that the State Department now is publishing everything, including such things as an agreement setting up an "educational foundation in Burma." In the past it sometimes considered such agreements too insignificant to publish.

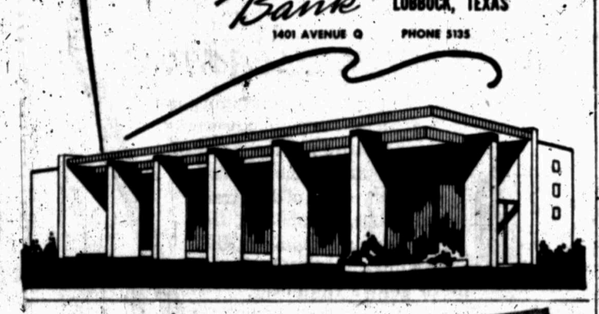

But now it's taking no chances. It doesn't want to be accused of keeping any of its hundreds of agreements secret.

U. S. business for the first 50 years, including domestic laws and international agreements, has been jammed into a few volumes. But it will take six new volumes to chronicle this year's business.

# UN Will Talk On Hyderabad

By CHARLES A. GRUMICH
Associated Press Staff Writer

PARIS, Sept. 16 — The United Nations Security council meets today to see what can be done to stop the war in Hyderabad.

The complainant is Hyderabad. It seeks a cease-fire order, removal of invading Indian dominion troops from its Nizam's domains, and U. N. mediation of the dispute.

The council is meeting (9 a. m. EST) in the great hall of the Palais De Chaillot on Place Du Tracadero, where the U. N. General Assembly will convene Tuesday for two or three months to ponder the world's great problems.

**Preparations Apparent**

Preparations for the assembly meeting already were apparent as the 11-nation council responded to the summons for the meeting on Hyderabad.

The assembly already has an agenda listing 60-odd items, including the frustrated attempts to settle the atomic and arms reduction issues. The assembly also has two new items of a unique character to consider.

One is the disposition of the prewar Italian colonies—Eritrea, Libia and Somaliland. The Big Four powers failed to agree on their future.

**Davis Is Problem**

The other new problem, which may or may not be officially acknowledged by the assembly, is posed by Garry Davis, 26, wartime aviator son of orchestra leader Meyer Davis. He claims to be the first world citizen and demands recognition as such.

Davis, who has been sitting it out on the steps of the new U. N. restaurant in the area made "extra-territorial" by France for the duration of the assembly, addressed a letter yesterday to U. N. Secretary-General Trygve Lie. He demanded formation of a world government and recognition of him and his following as a stateless people without passports. Davis has given up his American citizenship in his zeal to sell the world on unity.

Now, Davis has used up his visa time in France and is camping in the inviolable U. N. area, a man without a country and not wanting one, he says.

**CONVERTED STORAGE ROOM**—Spacious living room of the Paul Munroe's apartment was transformed from a run-down commercial storage room. Peggy Munroe is serving supper in the dining alcove which features shelf-lined counter placed outside kitchen. Framed photo-montage above couch tells story of young couple's wartime romance. Paul made simple white wood frame for fireplace. Wall-to-wall carpet hides unsightly floor; dark green paint covers former mustard-colored walls.

**GIRLS' PLEAS HEEDED**

NEW YORK, (U.P.) — Heeding the pleas of three little girls, police spent two hours digging through two layers of a brick chimney of a tenement to free a cat, the girls' pet.

**GOLD TEETH TAXED**

MANILA (U.P.)—A gold tooth is considered a luxury under a new Philippines tax. It is subject to a 30 per cent levy. The tax has brought protests to the government from dentists.

**INCORPORATION, WONDERFUL**

KINLOCH, Mo. (U.P.)—The first official act of the alderman in the state's new all-Negro city was to call a mass meeting of its 2,400 citizens entitled "Praise the Lord for Incorporation."

## What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

# Texas Schoolboy Gridders Face Tough Foes This Week

## District 3-A Games Slated

The thud of footballs and the cries of the stands will resound again Friday night at District 3-A football teams go into action once more against outside opposition.

Crosbyton seems to have picked the toughest opposition, with the Tahoka Bulldogs playing host to the Chiefs on their own gridiron. The Bulldogs were a strong threat in District 4-A last season and appear to be almost as strong this year in the South half of the same district this year.

**Opened With Victory**

The Chiefs opened their season last week with a 19-0 victory over Hale Center. Coach Fred J. Cunningham has a young, spirited team and the battle with Hale Center did them a world of good. The test against the Bulldogs this week should be a pretty good indication of what they can do.

Tahoka was upset by a Sundown eleven that bears promise this season in District 5-A, losing a 19-7 game. Sundown promises to be rugged opposition, on the basis of that game, but Tahoka will be a coming eleven and the Chiefs will have their hands full with the Bulldogs.

**Ralls Meets Levelland**

Ralls' Jackrabbits, working under Coach Red Amonette, take on another power Friday night in Levelland's Lobos, meeting the strong South Plains oil city's team at Levelland. Ralls lacks depth and power this year, absorbing a 40-6 defeat at the hands of the Post High school team last week.

Despite that licking, Ralls is determined to do better against Levelland, which showed strength in holding Lamesa of 3-AA to a 7-0 victory. It should be an easy victory for Levelland, but the Lobos may be extended before Ralls falls.

Lockney's Longhorns shouldn't have too much trouble in beating Kress, giving Coach Curtis Kelley a chance to get another good look at his reserves. The Steer starting eleven, pretty strong in spots, still has need of a lot of polish. Coach Kelley should have a smoothe-working team by the time he gets into conference play and Friday night's encounter with Kress is welcome.

Floydada, which showed strength in bowing to Slaton's Tigers 21-12, will get a good, stiff workout against Tulia High school. And the Whirlwinds need this game under their belt. Coach L. F. Gresham has a good squad with which to work, a hefty line and eight lettermen on which to build. The Tiger clash was experience and Tulia will provide a better chance to study improvement.

Paducah, the co-conference champion, gets back into action against Crowell, after nosing out Chillicothe 13-12. The Dragons need more work and there is a lot of room for improvement, if the Chillicothe game is any basis for judgement. Coach O. M. Isbell is after a victorious season and a clear-cut title for the Dragons.

In other games Friday night, Abernathy entertains Petersburg, a Class B school, in which Coach Boyce Box will get another look at his Antelope squad, bare 6-0 victors over New Deal. Matador, victims of a 19-0 licking at the hands of Turkey, goes after Estelline at Matador and Coach Rafe Nabors hopes to hit the victory trail in this one. And in the final game, Spur's Bulldogs take on a Post eleven that showed class, poise and power in beating Ralls 40-6. That victory brooks no good for Coach Sam Hawks and his team.

The games again for Friday night are Kress at Lockney, Floydada at Tulia, Paducah at Crowell, Petersburg at Abernathy, Estelline at Matador, Crosbyton at Tahoka, Spur at Post and Ralls at Levelland.

## Weidner Is Victor In Go With Getz

A timely uppercut by Referee Jack Dempsey helped Boston Billy Weidner to a victory over tough Al Getz of Pittsburgh in the feature two of three falls main event Wednesday night at Sled Allen's arena.

Getz, a rough grappler and a veteran of mat warfare, took the first fall of the grudge match in 16 minutes with a back-breaker hold on the Boston strong boy. But Weidner evened the count five minutes later with a full nelson on the durable Dutchman.

The two grapplers were battling in the crucial third fall when Dempsey ordered the two contestants to break. Getz, with amazing indifference for the record of the Manassa Mauler, who held the world heavyweight boxing crown two decades ago, made a threatening motion toward, the former champion.

Dempsey, with some of the power that carried him to the ring crown, flattened Getz with an uppercut and Weidner took advantage of his opponent's dazed candition to apply a body pin and clinch the triumph.

The crowd roared and Getz protested—but the decision remained unchanged.

Rod Fenton of Edmonton, Canada, fought to a draw with Rex Mobley of Borger in the two of three falls semi-final setto. Fenton took the first fall in 23 minutes with a single leg reverse crab, then Mobley bounced back to take the second fall in six minutes with a rocking chair cradle. The time limit caught the grapplers in the third go.

Popular Dory Detton of Amarillo used an airplane spin and body pin to take a victory over George Curtis in the preliminary bout.

A capacity crowd jammed the arena to see one of the top mat cards of the year and Dempsey, still one of the greatest names in sports.

## Amarillo And Pampa Open Series Tonight

AMARILLO, Sept. 16. (AP)—The Amarillo Gold Sox and Pampa Oilers open their seven-game play-off series for the West Texas-New Mexico league championship here tonight.

Amarillo took out Lubbock and Pampa eliminated Albuquerque in the opening round of the play-off.

## Junior League To Open Play

Competition in the new South Plains Junior High school football league will get underway today, with the J. T. Hutchinson gridders of Lubbock clashing with the Seminole juniors in a spotlight tilt at 7:30 o'clock tonight at Chapman field.

In the three other loop contests the strong O. L. Slaton team of Lubbock invades Lamesa, Carroll Thompson (Central) of Lubbock journeys to Brownfield and Littlefield goes to Plainview.

Lubbock grid fans will have an opportunity to see one of the favored elevens in action here tonight, when the Seminole representatives battle the Hutchinson gridders under the arcs at Chapman field. The Seminole team, coached by Morris Southall and Earl Brasfield, boasts a fast-breaking T-formation attack and a sturdy line, and should prove a major factor in the first race for the championship of area junior high football.

**Rangers Are Hampered**

Coach Howard Price's Hutchinson Rangers are hampered by lack of weight and inexperience, and will go into the setto definitely the "underdog" eleven. But if Price's crew can pick up valuable game experience against potent teams such as Seminole, the Hub city crew may upset some of the top teams later in the season.

Probable starting lineup for the Rangers will include Donnie Presley, left end; Don Mills, left guard; Buddy Rhinehart, left guard; Joe Don Boyd, center; Donnie Cowart, right guard; Thomas Cadenhead, right tackle; Jimmy Livingstone, right end; Jerry Owens, blocking back; Jerry Rooker, tailback; Don Davis, wingback; and Billy Presley, fullback.

The feature setto at 7:30 will be followed by a game between the "B" teams of the two junior highs.

**Slaton Faces Test**

Powerful O. L. Slaton of Lubbock, another pre-season favorite in the South Plains loop race, faces a stiff test at 3:30 o'clock this afternoon at Lamesa. The Slaton gridders operate from the "T" and single wing on offense and feature a heavy line and a speedy backfield.

Coach Bennie McWilliams announced last night that he will probably start Jimmy Crawford at left end, with big Bill Waters at left tackle. Other players slated for starting assignments include Sherrill Manning, left guard; Tommy Elliott, center; Bob Newell, right guard; Max Daniels, right tackle; and Joe Ferguson, right end.

Charles Brewer will handle the quarterback slot on the T, with Dwayne Rampy at left half, Johnny Tatum at fullback and Bo Sexton at right half.

Coach Finis Vaughn's Thompson (Central) crew will tangle with the Brownfield juniors this afternoon in another spotlight encounter. Vaughn has not announced his starting lineup, but he reportedly has a fairly heavy, fast squad.

## Lone Star Playoffs Are Nearing Climax

One play-off series in the Lone Star league is certain to be finished tonight at Longview. Tyler plays Longview with each team holding three victories.

In the other series Henderson leads Kilgore three games to two and it could end should Henderson win. The two clubs shift to Kilgore tonight to finish the seven-game series.

Last night Kilgore got back into the play-off by beating Henderson 9-6. Tyler squared its series with Longview by winning 7-5.

Kilgore, which led the league race over the full season route, belted 18 hits to subdue Henderson.

Dewey Jacobs won his second pitching victory of the series as he elbowed Tyler to its decision over Longview. He was effective in the pinches and left 12 Texans stranded on the bases.

## Top Raters To Receive Tests

By HAROLD V. RATLIFF
Associated Press Sports Editor

The relative strength of the city and class AA conferences will be tested repeatedly this week-end in Texas schoolboy football with North Side (Fort Worth) at Odessa and Abilene at Brackenridge (San Antonio) the major battles.

North Side, city conference team that last week tumbled Tyler 12-0, will be facing a rugged test in Odessa, always a power of class AA ranks.

Brackenridge, which last year won the state championship when there was no division between conferences, will clash with an Abilene eleven that beat a highly regarded Breckenridge team last week. Brackenridge was showing it would be about as strong as usual with a 20-7 trimming of Austin.

Other stand-out games over the state this week-end have Corpus Christi at North Dallas, Corsicana at Forest (Dallas), San Angelo at Lubbock, Denison at Wichita Falls, Denton at Gainesville, Kerrville at Brownwood and Austin at Waco.

The week's schedule by districts:

City conference—

District 1—Thursday: Ennis at Crozier Tech (Dallas); Friday: Corpus Christi at North Dallas, Sunset (Dallas) at Quanah; Saturday: Corsicana at Forest (Dallas).

District 2—Thursday: Breckenridge at Paschal (Fort Worth); Friday: El Paso at Arlington Heights (Fort Worth), North Side (Fort Worth) at Odessa, Amon Carter-Riverside (Fort Worth) at Weatherford; Saturday: Adamson (Dallas) at Fort Worth Tech.

District 3—Thursday: Baytown at Lamar (Houston); Friday: Milby (Houston) at Pasadena, Poly (Fort Worth) at San Jacinto (Houston), Sam Houston (Houston) at Conroe, Austin (Houston) at Galena Park, Jeff Davis (Houston) at Brownsville.

District 4—Thursday: Reagan (Houston) at San Antonio Tech; Friday: Abilene at Brackenridge (San Antonio), Burbank (San Antonio) at Orange, Lanier (San Antonio) at Falfurrias, Harlingen at Harlandale (San Antonio), Del Rio at Alamo Heights (San Antonio); Saturday: Temple at Thomas Jefferson (San Antonio).

Class AA—

District 1—Friday: Childress at Amarillo, Borger at Capitol Hill (Oklahoma City), Lamesa at Plainview.

District 2—Friday: Sunset (Dallas) at Quanah, Pampa at Graham, Denison at Wichita Falls, Mineral Wells at Electra, Vernon at Altus, Okla.

District 3—Friday: North Side (Fort Worth) at Odessa, Abilene at Brackenridge (San Antonio), Chico at Big Spring.

District 4—Friday: Ysleta at Carlsbad, N.M., Douglas, Ariz., at Bowie (El Paso), El Paso High at Arlington Heights (Fort Worth); Saturday: Kermit at Austin (El Paso).

District 5—Friday: Denton at Gainesville, McKinney at Sherman, Sulphur Springs at Greenville, Tyler at Paris, Bonham at Commerce.

District 6—Friday: Irving at Grand Prairie.

District 7—Thursday: Breckenridge at Paschal (Fort Worth); Friday: Kerrville at Brownwood, Cleburne at Stephenville, Amon Carter-Riverside (Fort Worth) at Weatherford.

District 8—Friday: Port Neches at Longview, Gladewater at Fair Park (Shreveport).

District 9—Thursday: Ennis at Crozier Tech (Dallas); Friday: Austin at Waco, Bryan at Waxahachie; Saturday: Temple at Thomas Jefferson (San Antonio), Corsicana at Forest (Dallas).

District 10—Friday: Henderson at Nacogdoches, South Park (Beaumont) at Lufkin, Hillsboro at Palestine, Sam Houston (Houston) at Conroe, Edgewood at Jacksonville.

District 11—Friday: Burbank (San Antonio) at Orange, Marshall at Beaumont.

District 12—Thursday: Baytown at Lamar (Houston); Friday: Austin (Houston) at Galena Park, St. Thomas (Houston) at Freeport, Wharton at Texas City, Milby (Houston) at Pasadena, Kirwin (Galveston) vs Galveston.

District 13—Friday: Kingsville at Laredo, Robstown at Victoria, Corpus Christi at North Dallas.

District 14—Friday: Edinburg at Mission, McAllen at Pharr-San Juan-Alamo, Jeff Davis (Houston) at Brownsville, Harlingen at Harlandale (San Antonio), Freer at Alice, San Benito at Weslaco.

## Bosox Margin Over Foes Melting Away

By RALPH RODEN
Associated Press Sports Writer

The Boston Red Sox inability to hold their own with the cellar dwelling White Sox in Chicago this year could cost them the American league pennant.

Murdered in Boston's Fenway park where they dropped 10 of 11 games, the White Sox have whipped the league leaders in 7 of 11 games at home.

**Add Insult To Injury**

Ted Lyons' crew yesterday added insult to injury, by handing Joe McCarthy's outfit its worst beating of the season. The White Sox exploded for ten runs in the seventh inning to blitz the Red Sox, 17-10.

The defeat melted Boston's margin over the runner-up New York Yankees to a game and a half. The third place Cleveland Indians, who like the Yanks were idle, also picked up a half game and they now trail by three and one-half games.

Taft Wright was the big noise in the White Sox rally. The veteran outfielder went to bat twice in the big seventh inning and drove in five runs, four of them on a grand slam homer which climaxed the uprising.

**Williams Gets Five**

The only bright spot as far as Boston was concerned was the hitting of Ted Williams. Williams collected five singles in six trips to boost his league-hitting batting mark to .377.

While the White Sox upset the Red Sox, Chicago's other last place entry in the majors, the Cubs, continued to act as "cousins" for the National league's pennant bound Boston Braves.

The Braves, aided by four errors, clipped the Cubs, 5-2, in their final meeting of the season.

The triumph enabled the Braves to stay five games ahead of the runner-up Pittsburgh Pirates, who whipped the Giants, 8-3, in New York. Dixie Walker drove in three of the Pirates runs with a single and double. Ernie Bonham checked the Giants on seven hits, two of them homers by Whitey Lockman and Johnny Mize.

**Cards Move Up**

The St. Louis Cardinals moved into a tie with the Brooklyn Dodgers for third place, a half game behind Pittsburgh, by beating Philadelphia, 2-0, while the Dodgers split a twin-bill with the Cincinnati Reds.

After the Reds edged the Dodgers, 3-2, in the opener behind the six hit pitching of Howie Fox, Brooklyn grabbed the nightcap, 2-1, as Lefty Preacher Roe spun a seven hitter for his tenth victory.

In the other American league games, the Detroit Tigers beat the Washington Senators, 4-2, and the Philadelphia Athletics nipped the Browns, 8-7, in 12 innings in a night game at St. Louis.

Eighteen members of the present squad of the Cincinnati Reds served in the Armed Forces—11 in the Army, five in the Navy and two in the Coast Guard.

## Tulsa's Oilers Lead Playoffs

(By The Associated Press)

The Texas league play-off shifted locations today with Tulsa boasting a two-nothing lead over Houston and Fort Worth and Shreveport all-square.

Tulsa whipped Houston 5-3 last night to put the Buffs in a hole but they'll have the chance to dig out in three games scheduled at home starting tonight.

**Second 11-Inning Battle**

Fort Worth and Shreveport hooked up in their second 11-inning battle with the cats winning this one 4-3. Shreveport had taken the opener 1-0.

Houston planned to use little Pete Mazar a 15-game winner, in an effort to get back into the series while Tulsa will call on Bud Byerly, who has a 10-7 record.

As Fort Worth and Shreveport rolled into Shreveport to resume the series, the Cats called on Eddie Chandler (12-13) to oppose Garth Mann, who has won 10 while losing 16 this season, or Warren Hacker, with a 16-14 record.

Kim Avrea and Mike Schultz turned in strong relief pitching in the ninth to shut off a determined Houston rally as the Oilers put the Buffs two-down. Avrea fanned two and Schultz the third after the Buffs had sent Harry Perkowski, the league-leading pitcher, to the showers with four straight hits and a couple of runs. Perkowski had allowed only six hits until the last-frame flare-up.

**Two Run Homer**

Elbie Flint's two-run homer in the sixth provided Tulsa's ultimate winning margin.

Pitcher Dwain Sloat scored the winning run for Fort Worth as a force play at second base went wrong. Sloat had doubled and was on second with George Scmees on first through a base on balls. Walt Fiala grounded to third baseman Vern Petty who threw to Al Mazur at second but the latter stumbled and fell wide of the bag. Schmees was safe and Sloat rounded third and beat Mazur's throw to the plate by inches.

A total of 13,810 saw the two games last night with 7,935 at Fort Worth.

Of the four highest priced yearling race horses — New Broom, Hustle On, Pericles and Broadway Limited—only Pericles ever won a race, and that was an obscure contest for four-year-olds. Hustle On never went to the post.

## 16 Tilts Will Feature Card

Three conference tilts will feature a 16-game schedule for District 4-A and 5-A grid teams this weekend, as torrid races for the championships of those two sprawling loops get underway.

The first shot in the north half 4-A title chase will be fired Friday night at Morton, when the still untested Littlefield Wildcats tangle with the Morton gridders. Coach J. S. Fikes's crew was rated as one of the top 4-A elevens in pre-season forecasts, but injuries have hampered the development of the Littlefield squad.

Morton's Indians had to go all out last week to edge by little Whiteface, 13-12, and will face another tough battle against the Wildcats. Littlefield chalked up a 24-0 triumph over Dalhart in the opening setto last Friday.

**Lobos In Feature**

The feature north half 4-A non-conference tilt will be unreeled Friday night at Levelland, where Coach Truett Rattan's rebounding Lobos will attempt to get back into the win column with a victory over the Ralls Jackrabbits of 3-A. The Lobos, defending regional champs, lost by a touchdown to the Lamesa Golden Tornadoes of District 3-AA last week, but will be heavily favored to clip the Ralls crew.

Rattan reported Wednesday night that the Lobo gridders have exhibited plenty of hustle and spirit in drills this week, and that he will probably start the same eleven boys against Ralls Friday night. The probable starting lineup includes David Willett, left end; Ed Byerley, left tackle; Joyce Gray, left guard; Pete Morris, center; Charles Tyer, right guard; Bob Kennedy, right tackle; James Couch, right end; Don Taylor, quarterback; J. T. Pugh, right half; John Branch, left half; and Lonnie Northam, fullback.

Three other north half 4-A members clash with District 3-B elevens this weekend. Sundown's potent Roughnecks battle the Hale Center Owls at Hale Center, Sudan's Hornets invade strong Dimmitt for a clash with the Bobcats, and Olton goes to Muleshoe.

**Five Games In South**

Five games are carded for south half 4-A elevens, but all of the tussels are non-title meetings. Lubbock's Cowhands, always an impressive crew, test the Seagraves gridders on the Eagles' home turf; while New Deal of 4-B takes on the surprising Slaton Tigers at Slaton. Crosbyton's Chiefs journey to Tahoka for a tilt with the Bulldogs, Spur tangles with the highly-rated Post eleven at Post, and Meadow of 4-B meets O'Donnell in other games.

Two conference battles are slated in District 5-A Friday. Pecos, winner over the Brownfield Cubs last week, tests Andrews at Andrews; with Denver City's Mustangs playing host to the Wink eleven.

Four non-title settos will be unreeled, with favored Monahans jousting with little Rotan at Monahans; Fort Stockton goes to Sonora; Iraan moves to McCamey for an encounter with the Badgers; and Kermit meets Austin High of El Paso at El Paso. The Kermit-Austin tussle will be a Saturday game.

## High-Scoring Game Predicted In City

Lubbock High's Westerners closed out contact drills for their non-conference tilt with the San Angelo Bobcats of 3-AA, slated here Friday night at Jones stadium, with a lengthy leather popping scrimmage session Wednesday afternoon at Chapman field.

The Lubbock schoolboy gridders were sent through lighter drills the first two days of this week, as mentors worked on the Westerner pass defense, but the coaches made up for lost time with the lengthy, head-knocking yesterday afternoon. The Westerner squad was divided into two teams for the scrimmage, and all the boys saw action in the rough setto.

Stellar play by the forward walls spotlighted the session, although a half-dozen backs turned in creditable performances. The linemen opened up gaping holes in the strong defensive setup, and the backs—Donald Decker, Malcolm Young, Bill Bridge, Bobby Brown and Jack King—romped through for consistent gains.

**Drills Taper Off**

Coach Pattison reported that the Westerners will taper off with a light limbering up drill this afternoon in preparation for the Friday night encounter. The Lubbock squad is in good physical condition for the game, Pattison reported, with no player definitely out of the lineup.

The San Angelo squad, accompanied by Head Mentor Red Ramsey and his assistants, were scheduled to leave the sheep and goat city at noon today by chartered bus. The group will stop at Big Spring for a late afternoon meal, then will arrive in Lubbock in time for a practice session at the stadium tonight.

Several changes have been made in the San Angelo lineup this week, mentors have reported. Lynn Westbrook, 200-pounder, will get the right guard slot over Lewis Woodward, who started against Denison last week. Dwight Trice, speedy 160-pounder, is slated to start at right half instead of Bobby Beall.

Only one regular will miss the Lubbock tilt. Sam McKnight, a tackle who did not get to play against Denison because of a knee injury, will also be out of action this week.

The Westerner-Bobcat setto looms as a high-scoring battle, with Lubbock's powerful single wing attack matched against San Angelo's fast-breaking T-Formation. The Bobcats, a 3-AA power, have one of the best passers in the state in Quarterback Bobby Clatterbuck. Other backfield standouts are Cliff Rowland, speedy left halfback, and Fullback Pat Hall.

Tickets for the Lubbock-San Angelo game will be on sale today at the Senior high school athletic office, officials have announced. Reserved seat ducats will also be sold Friday night at ticket windows under the west stands of the new Jones stadium. All Lubbock students must obtain their tickets through their local school officials.

## Frogs Are Favored To Defeat Kansas

LAWRENCE, Kas., Sept. 16. (AP)—Texas Christian and Kansas universities, to all indications, will open their football season Saturday on a new note—sweet for one, sour for the other.

Saturday's game points to a new and better beginning for the Texans, who appear to have the strongest line in a decade, plus a good backfield, to throw against the comparatively light Kansans.

Missing from Kansas this year is Ray Evans, the All-America back who is now in the pro ranks.

## Between ... The Lines

— By JOE KELLY —

**CANYON — The West Texas** State Teachers college football team will embark on a make or break football game Saturday against Texas Tech with only one thought in mind—victory. The Buffaloes, far from indifferent, feel that this is their year. They believe that they have the strength, power and skill to defeat Tech and that is all you hear on this campus.

• • •

**We stopped by here on the way** to Amarillo Tuesday afternoon and watched the Buffs work out for half an hour. There wasn't much chatter, there wasn't much work, but there was a lot of quiet confidence. The Buff players did not go through the exuberant drills that has marked Tech workouts. They appeared lethargic, they didn't rush anything and much of the time they stood around without doing a thing. But the observor who was fooled into thinking that it was indifference to Saturday night's game would be mistaken.

• • •

**The players exuded quiet confidence.** They were, and are, sure that they are going to spring a terrific upset on the Red Raiders. They are living for this game more than any other on the schedule. We look for the Buffs to come to Tech Saturday night ready to shoot everything in the book in an effort to win. They are in top physical condition, with only one injury and that to a second string guard, J. D. Covington. Covington suffered a slight ankle injury and may not be ready to go this week end, which would hurt slightly. He won a letter last year and was considered one of the toughest players on the squad last season.

• • •

**The Buffaloes, working from a** tricky version of the T formation, perfected by Coach Kimbrough, will be tough to beat on any given Saturday this year. The former Baylor mentor has a rugged squad with which to work and he is getting the most from each player. In Boyce Box at quarterback he probably has one of the finest ball players in the Southwest. Box is a big boy, well over six feet tall and weighing 195 pounds, 195 pounds of solid muscle and bone. Box is big as most T quarterbacks go, and as most T quarterbacks go, he does. His passing arm is one of the best and his signal calling leaves little to be desired.

• • •

**But the Buffs also have a few** other players besides the capable Box. For instance, he has one of the best players in this part of the country in Bill Cross, the little 145-pound right halfback. Cross is like a mess of fleas on a dog; they bite like the dickens and they hurt. He could hurt Tech a lot Saturday night and the Buffs are counting on him. Along with the Canadian boy, the invaders are looking toward a lot of fullback from Lloyd Johnson, their 190-pound fullback. He's another letterman that Tech lettermen from last year won't forget. He made them beat a lot of pigskin before the Buffs were beaten 21-13.

• • •

**Coach Kimbrough is looking for** these boys to turn in a whale of a job Saturday night and he might not be wrong. The Buffalo coach isn't optimistic, having a tremendous respect for Dell Morgan's defensive work, as well as his offensive, but he gives the impression of a coach working with destiny. He quite frankly stated that Tech gained more from their drill against ACC than he gained from the game with Flagstaff. He thinks that the Raider eleven, for all its poor showing to date, will be more than ready for West Texas, although he has hopes of catching the Lubbock eleven off balance. If he does, he's got a pretty good wedge to throw in, just as he did last year.

• • •

**Sport magazine seems to have** done it again. In the next issue, due off the press any day now, is an article on Bing Crosby and the Pittsburg Pirates. The Buccaneers, as you know, have gone into second place in the National League chase after the Braves and Jack Sher's article seems unusually smart acumen. Of course there is the distinct possibility that Sport had articles lined up on all the clubs and merely shot in the one that was the most timely. But at the same time, Sher is a good writer and an article on Crosby and the Pirates right now is worth reading.

• • •

**It's a heck of a note when two** coaches turned spies have to travel approximately 3,000 miles for information about a team that is only about 400 miles away. But that's what Polk Robinson and Tipp Mooney will have to do this week end and most of the time they will be up in the air. In the air literally and figuratively, for they'll fly to the game and fly back, the game being Villanova vs. Texas A. and M. in Philadelphia, Pa. The week after this, Tech plays the Aggies at San Antonio and the Villanova tilt will be the only chance to scout the College Station eleven.

## Texas A. & M. Heads For Villanova Game

COLLEGE STATION, Sept. 16 (AP)—Coach Harry Stiteler and his Texas A&M football squad were to board a plane at Bryan today to fly to Philadelphia for Saturday's game with Villanova.

Stitler named 13 backs to his traveling squad of 37 players. Other coaches making the trip are Bill Dubose and Bob Gary.

Bobby Dew is not slated to make the trip, which means Bob Goode and Frank Torno likely will divide kicking chores in the Saturday game. Stiteler wasn't sure whether he would lead off with Jim Cashion, Buryl Baty or Don Nicholas at quarterback. All three have sparkled as passers in this week's drills.

## Porkers Will Use 2 Squads

By CARL BELL
Associated Press Sports Writer

FAYETTEVILLE, Ark., Sept. 16 The Arkansas Razorbacks will be double trouble on the football field this fall. Opponents will have to face two squads—one on offense and an entirely different one on defense.

Coach John Barnhill has installed the two-team system with several things in mind. Both the offensive and defensive teams can learn their trades better by not worrying about the other and Barnhill can have a fresh team on the field at all times.

And Barnhill is opening up his offense, mixing more passing and more deception with the power game of old.

The Razorbacks assuredly will be stronger than their Dixie bowl championship team of last year, but it can't be told now how their improvement compares with that of the other Southwest brethren.

Returning intact as the No. 1 offensive backfield are tailback Clyde (Smackover) Scott, who will be bidding for All-America honors; fullback Leon (Muscles) Campbell; wingback Ross Pritchard, one of the Southwest's best pass receivers, and Alvin Duke, seasoned blocking back.

**Second Backfield**

The second offensive backfield probably will include Gordon Long, veteran passing star, at tailback; Tracy Scott, Clyde's brother, at wingback; Geno Mazzanti, a 1947 squadman, at fullback, and Billy Troxell, two-year veteran, at blocking back.

Two sophomore triple-threaters, Buddy Rogers of Lake Village and Ray Parks of El Dorado, are sure to see plenty of action at tailback.

The first offensive line is seasoned. At the ends probably will be Jim Cox and Ed Hamilton. The tackle slots probably will be filled by John Lunney, a starter in late games last year, and Jim Reichert, who lettered at fullback in 1947. Guards will be as strong as any in the Southwest, with Captain Theron Roberts and Ray Peters freeing Barnhill of worries. Jim Grafton, with letters at both Arkansas and LSU, or John Ferguson, fast-stepping sophomore from Beebe, will be the top offensive center.

Not a single line position is "sewed" up, unless it is guard, and a flock of sophomores, squadmen and a few lettermen are battling for starting as well as second and third string berths.

On defense, the No. 1 backfield shapes up with three lettermen and a sophomore. Bud Canada, a brilliant punt returner in 1945, may see some action at end, where he started last year, but mostly will be at safety. Billy Bass and Sonny Henson are the likely halfbacks. Top choice now to play fullback and back up the line is Louie Schaufele, sophomore former all-stater from Little Rock.

The defensive line now looking best includes Billy Ray Thomas, a starter at center for two seasons; end Bill Hix, tackle Duval Thornton and guard Frank Lambright, all veterans. Other seasoned men have been crowded out, however, by end Jack Richards of Benton and guard Jack Rushing of Little Rock, sophomores, and tackle Bill Stancil, a transfer from Arkansas Tech.

Schaufele and Harold Cox, a left-footer who led the nation in 1943, leave little to be desired with their long, high boots. Clyde Scott has added to his threat value by developing into a capable quick-kicker.

Long will do most of the passing. Also throwing 'em will be Slyde Scott and Parks.

Tackle positions appear to be the one real weakness of the Porkers.

## Idalou And Cooper To Collide Tonight

COOPER, Sept. 16 (Special)—The initial conference tilt for the Cooper and Idalou High school squads will be unveiled here tonight before what is expected to be a capacity crowd, when these two District 4-B elevens collide at 8 p. m.

Idalou, heavy on experience, enters the game as the favorite, depending heavily on triple-threater Donald Seale to carry the squad to victory over the lighter, more inexperienced Cooper aggregation. Cooper, with a light, young line, will bank on three senior backs, Tommy Lemon, John D. Allen and Gains Temple, to carry the brunt of the burden.

Head mentor of the Cooper team is Ray Bailey, who last year was coach at Silverton. High school principal B. H. Baldwin assists Bailey with line tutelage. Coach of the invading Idalou squad is Muggs Johnson.

## Coaltown Victor In Jerome Handicap

BELMONT, N. Y., Sept. 16. (INS)—Calumet Farm's 1948 money earnings zoomed over the million mark Wednesday when Coaltown won the $25,000 added Jerome Handicap at Belmont Park by five lengths.

The classy Calumet colt sprinted the one-mile route in 1:36 to finish well in front of nine other entries, including another Calumet ace, Free America, which finished third.

C. V. Whitney's Mount Marcy was second.

Citation, Calumet's "triple crown" winner, was scratched.

The Calumet entry paid $2.70 to win and $2.10 for place and show.

Mount Marcy paid $2.30 for place and a surprising $2.40 for show.

## No Contender For Top Title

PHILADELPHIA, Sept. 16. (AP)—The National Boxing association said today there is no "logical contender" for Joe Louis' heavyweight title.

Following its usual custom in rating fighters, the NBA divided each weight division into four groups—champion, logical contenders, outstanding boxers and honorable mention.

At least one logical contender was listed in every division except the heavyweights. Among the heavies, the NBA named Jersey Joe Walcott, Ezzard Charles, Joe Baksi and Lee Savold as outstanding boxers.

**Tuesday Bout Awaited**

Although Louis has until Dec. 25 to officially notify the NBA whether he'll retire, Abe J. Greene, who yesterday was named to the newly created position of commissioner of boxing, said the association shortly will announce plans to provide either a new champion or a logical contender for the Brown Bomber.

Greene said the bout next Tuesday at Jersey City between Walcott and Gus Lesnevich will play an important part in the plans of the NBA to develop a possible successor to Louis. Lesnevich was rated as the logical contender for the light heavyweight title, stripped from him by Freddie Mills of England during the summer.

## DiMaggio May Ask $125,000 For 1949

NEW YORK, Sept. 16. (INS)—The New York Daily Mirror said last night in a copyrighted story that New York Yankee outfielder Joe DiMaggio will ask the Yankee management for $125,000 for the 1949 season.

DiMaggio, three-time winner of the American League's most valuable player award, is reported to be receiving $70,000 for this season.

The highest salary ever paid a Yankee player was $80,000 which Babe Ruth received.

The Mirror story, written in Detroit where the Yankees open a series with the Tigers tomorrow, also said that DiMaggio is playing with a painful right heel. In 1947, DiMaggio had a bone spur removed from his left heel.

The "Yankee Clipper," in his 10th big-league season, currently leads the American League in home runs (35), and runs batted in (136) and has a batting average of .307.

## Philadelphia Eagles Whip Los Angeles

DALLAS, Sept. 1. (AP)—Tommy Thompson, former Tulsa star, passed to two touchdowns last night to lead his Philadelphia Eagles to a 21-7 victory over the Los Angeles Rams in an uninspired exhibition football game.

With some 15,000 bored fans looking on, Thompson tossed a 16-yard pass into the end zone to give the Eagles their first touchdown. The Quaker City eleven had climaxed a 66-yard-drive down the field in 11 plays without losing the ball from the opening kickoff.

Cliff Patton booted the first of three conversions.

Jack Ferrante took a rifle pass from Thompson late in the third period that was good for 35 yards and a touchdown, while the third counter came in the final quarter when Pat McHugh recovered a fumble by Dick Hoerner and plunged down the sidelines to the goal line.

Successive passes by Freshman Jim Hardy to Tom Fears for 30 yards and Bob Agler for 45 gave the Rams their score in the final minutes. George Grimes converted.

## Dummy Drills Held At Tech

There wasn't any heavy work yesterday afternoon as the Texas Tech football players went through mock dummy drills in preparation for the West Texas State Teachers college game here Saturday night.

Contact work was kept to the minimum, as emphasis at the Red Raider camp was placed on timing in blocking and passing. Short bullet passes, in the flat, behind the line and over the center, drew a lot of attention for the coaches.

After extensive work on the short passes, longer heaves were perfected and the squad was sent through dummy drill on line plays.

Coach Dell Morgan, looking over the practice with critical eyes, was quick to spot weaknesses and call them to the attention of the players. As a result, plays began to function more smoothly.

**Maloney At Home**

The backfield men worked without Walter Maloney, called home Tuesday by the death of his mother, but the rabbit backfield runner is certain to be back Saturday and ready to go.

No one is taking the invasion of West Texas Saturday night lightly. The Buffaloes have a veteran team and their reserves showed up well last Saturday night, when the Buffs beat Flagstaff 28-0. In that victory, the first string played only nine or ten minutes and looked great in scoring two touchdowns.

Coach Frank Kimbrough said Tuesday that Tech gained more in its two hour practice scrimmage against Abilene Christian than the Buffs had gained in their game. He said that the varsity was ready to go and that they hoped to play a good game against the Red Raiders.

**Respects Kimbrough**

No one was fooled in Lubbock by that talk. They have the deepest respect for Kimbrough at the College avenue university and the Buffs will be down here with only one thought in mind; to beat Texas Tech. The Buffs have a big team, rangy, muscular and with a lot of beef. They are pointing to this game and the odds of Tech and two touchdowns seem a little foolish.

The Tech line holds the key to whether the Raiders will have a good season, or a mediocre one. Little could be gained from yesterday's mock scrimmage, but one of the strongest appearing lines had J. B. Mahler at center, Ted Cummings and T. K. Hardy at guards, Marshall Gettys and John Tom Baker at tackles and Frank Ottmers and Billy Kelley at ends.

Tickets for the contest still are going at a rapid clip at the Texas Tech athletic office and all fans interested in buying tickets in advance should stop by the athletic office immediately.

## Demaret Favored In Tacoma Tournament

TACOMA, Wash., Sept. 16. (AP)—Smiling Jimmy Demaret, the Ojai Cal. Beau Brummel, played the favorite's role today as the nation's top links stars teed off under cloudy skies in the $12,500 Tacoma open.

Demaret, the nation's third-ranking money winner, was the obvious choice as favorite in the absence of Ben Hogan and Lloyd Mangrum, golfdom's top two winners of the current season.

Hogan and Mangrum decided to skip the Tacoma show and catch their breath in a sunnier clime after sweeping the Denver, Utah and Reno tourneys.

The 72-hole tournament is being played over the rugged Fircrest course, a par 71 layout with a course record of 65.

## Texas Glamor Girl Loses, 3-2 To Dot Kirby In Women's Golf

PEBBLE BEACH, Cal., Sept. 16 (INS)—Dot Kirby, who first played in the National Women's golf championship fourteen years ago at the age of 14, continued her favored role in this year's event at Pebble Beach Wednesday when she turned back little Bettye Mims White of Dallas, 3 to 2 to enter the quarter finals.

The Atlanta, Ga., shotmaker, who has never won this coveted title, put on her best golf of the tournament to turn back the Texas glamour girl who was medalist in this event with one under par golf.

This afternoon the Curtis Cup ace will meet Beverly Hanson, young Fargo, N. D., star. Miss Hanson shot one under regulation figures in turning back the veteran Mrs. Gregg Lifur, Los Angeles, 5 and 3.

Other third round results:

Peggy Kirk, Findley, O., defeated Betty MacKinnon, Mount Pleasant, Tex., one up.

Helen Sigel, Philadelphia, defeated Patricia McPhee, San Mateo, Cal., 6 and 4.

Grace Lenczyk, Newington, Conn., defeated Dorothy Workman, San Gabriel, Cal., 6 and 5.

Polly Riley, Fort Worth, defeated Mrs. Ernest Blanton, Enid, Okla., 3 and 1.

## Old Timers Moan As Rookies In Pro Loops Grab Headlines

By OSCAR FRALEY
United Press Sports Writer

NEW YORK, Sept. 16—The old timers are moaning and groaning in the pro football locker rooms today for all they are getting is bumps and bruises as the new crop of hungry rookies grab the headlines and pave the way for a new look on the cash and carry gridiron.

In both major professional circuits, the National league and the All-America conference, the theme song has been the same mournful dirge for the old timers so far this season. And, while the NFL copped most of the "name" collegians of last fall, the lesser storied lads fresh from Alma Mammy are stealing all the thunder in the AAC.

**Makes Biggest Splash**

The biggest splash has been made by a youngster with the intriguing monicker of Yelberton Abraham Tittle — known more simply as just "Y. A." Tittle. This former L. S. U. ace gave the New York Damyankees what for in beating them, 45-28, suh, getting four AAC records in the process. These one-game standards were: 346 yards passing; 17 yards per attempted heave, 32 yards per completion, and 354 yards on total offense.

On top of which, Y. A. heaved for three touchdowns.

Then there's Tom Casey of the Yanks, who is a cinch to break the A. A. C. record for total yards on punt returns. The mark is 299 yards. Casey already has brought the pumpkin back 229 yards and the race is just under way. Jim Cason, L. S. U. and San Francisco 49'ers, is second in this department and Herman Wedemeyer of the Los Angeles Dons, third. They, too, are rookies.

**That Man Again**

Tittle, that man again, has sparked the longest play of the season, an 80-yard pass and run with rookie John North of Vanderbilt. Buffalo's rookie Bill Gompers has the longest interception return, 58 yards, and Baltimore freshman Rex Grossman has a record 53-yard field goal.

The A. A. C.'s leading scorer among the ends is another first year man, Iowa's Hal Shoener, with the 49'ers, and one of the best looking linemen is rookie George Strohmeyer, Notre Damer with Brooklyn.

Rookies have made a potential winner out of the New York Giants who last season were bad enough to be called lousy. Charley Conerly of Missisippi was a pip with the passes as the Giants beat the Chicago Bears. Bill Swiacki, Columbia end whose pass catching broke Army's long winning streak last year, was another star for the Jints.

**Lujack Still Going**

Johnny Lujack of Notre Dame fame showed in a losing cause that he can go just as good for real money as he could for cakes. The Detroit Lions have a pair to watch in triple threater Fred Enke of Arizona and Joe Watt of Syracuse. Ray Evans, the Kansas cyclone, is stirring the folks in Pittsburgh where he is giving the Steelers one of the best single wing attacks in history.

All in all, it shapes up as a tough season on the old timers, the guys who have made a monotonous habit of reaping the raves. The new crop is ready, in this one sport at least, and the payoff should be in bigger and better thrills for you folks who foot the bill.

# Soviets Charge German Youths Incited To Attack Red Police

(By The Associated Press)

BERLIN, Sept. 16—Some 150 German youths stoned three policemen in the Russian sector of Berlin today, the Soviet-controlled press reported.

This was the third stoning of eastern sector police in recent weeks. The first two drew gunfire from the police and resulted in the death of one Berliner and the wounding of more than 20 others.

The Communist police report said the three policemen were returning home from duty when a swarm of youngsters near a "black market center" set upon them and showered them with rocks from nearby rubble heaps.

The report said the youths were "incited by older people", one of whom was said to be drunk. He was arrested along with 15 boys. The latter were released after several hours, the account said.

**Reds Silent On Trial**

A former Berlin official, meanwhile, was reported facing a secret Russian court today, as the East-West war of nerves continued.

Last night, American authorities said the official—Dr. Curt Mueckenberger, former manager of the Berlin central coal organization—was to face trial in a secret Soviet court session.

The Soviet-licensed press has made no comment on the reported trial.

Mueckenberger was arrested by the Russians a month ago after they removed him from office for an "uncooperative attitude." Nothing since has been heard from him.

Economics officials in the American military government said the Russians refused a request they made to attend the hearing.

**U. S. Charges Violations**

An American announcement said the Russians had no authority to fire an official working for the city government and no authority to arrest him.

Both acts, it said, violated four-power agreements.

American officials said it was not clear what charges the Russians might bring against Mueckenberger. They said it appeared the only charge against him was his refusal to obey an order which Soviet authorities had no right to give.

His trial, however, would be in line with Russian efforts to squeeze out the regular city government and substitute their own.

Today's Soviet-licensed papers continued to hammer away at the western allies.

**Un-American Group Hit**

Neues Deutschland took a crack at the congressional committee on un-American activities and declared President Truman "had to admit after the resignations of several outstanding American scientists that the congressional commitee for the examination of un-American activities is progressing in a totalitarian way even in the field of science."

Neues Deutschland dashed back at the British press which scored the Soviet sentencing of five youths arrested during an anti-Communist demonstration Sept. 9. The youths received 25 years hard labor each.

The Soviet-controlled paper accused the British-licensed Telegraf of publishing "insulting lies" on the incident.

not estimated.

It would empower the fire chief or fire marshal to enter and inspect any premises he chose at any hours he deemed reasonable.

It would compel hundreds of Lubbock establishments to buy fire extinguishers or other fire protective apparatus.

It would govern rigidly the storage of materials of many kinds deemed explosive or inflammable, including household matches displayed in a grocery store.

It would empower the fire chief or marshal to conduct investigations of fires, to compel the attendance of witnesses and to require them to produce records, and to fine those not complying with these commands up to $100.

**Could Order Arrests**

It would empower those officials to order the arrests of those they suspected of arson or related violations.

It would require skylights in one-story business buildings.

Its affects would apply to dozens of different types of businesses in dozens of different ways. The proposed ordinance contains several hundred specific prohibition, ranging from the highest explosives to the weeds in a back yard.

Members of the committee submitting the proposed ordinance were L. E. Davis, Marion Sanford, Groves Denman, T. W. Stoneroad, Dick Turner and Henry Schulz, of Abilene, a public relations man for the fire prevention division of the U. S. Chamber of Commerce.

Present at the commission meeting were Mayor W. H. Rodgers, Commissions W. B. Price, John Spikes, Clarence Whiteside and E. K. Hufstedler, jr., and City Manager Marlin R. Smith, jr., and City Attorney Vaughn Wilson.

would next seek an appointment with Governor Jester, another lifelong friend, "for whom I would give my shirt."

Conferences will also be held with Tom Tyson of Corsicana, who was permanent chairman of the tumultuous Fort Worth convention, and Vann M. Kennedy of Austin, secretary to the state executive committee.

## BOWLING SCORES

Glassman's and Hemphill-Wells ladies chalked up impressive three-game wins in the Ladies' Commercial Bowling loop Wednesday night at Lubbock Bowling club, with Southwestern Public Service and Penrods' notching victories in other settos.

Lorie Beavers paced the Glassman's quint to the triumph over Lubbock Tailoring with a 171-461 tally, while Helen Henkel topped the losers with a 165-477.

Hemphill-Wells' crew was led by Alcene Hilton, who tallied a 208-556, with Silver Behrens chalking up a 176-504 for the Bluebonnet representatives.

Kathryn Tate's 157-466 high led the Public Service crew to a two of three games win over the Russell Hardin team. Bennie Pressley paced the losers with a 181-476.

Flo Christensen tallied a 165-458 to spark the Penrods' team to a two of three tilts victory over Home Lumber and Supply. Casey Kiser tallied a 156-426 for the losers.

Competition in the Business Bowling league was opened Wednesday night at Plamour lanes, with Hub Laundry taking the lead in the first week standings as a result of a three-game victory over Sears-Roebuck.

Household Supply, Plamor Lanes No. 2 and the City Employes tied for the runner-up spot with two wins each, trailed by Cunnyngham's, West Texas Gas and Plamor Lanes No. 1.

High game of the night was rolled by J. R. Nichols, with a 219, while C. A. Begey copped high series honors with a 515.

The standings:

| Teams | Won | Lost |

## Sunbeamers Advance To Semi-Final Round

OKLAHOMA CITY, Sept. 16 (Special)—Lubbock's Bluebonnet-Sunbeamers advanced to the semi-finals of the National Softball Congress tournament with a narrow 4-2 triumph over the Toronto, Canada, team here last night, as Ray Butler's double in the fifteenth inning scored Roy Butler and Willis James with the winning runs.

The Sunbeamers had tallied two runs in the fifth on Wally Fowler's single, two Toronto errors and a walk, but the Canadians tied the count with a two-run offensive in the bottom of the seventh. Neither team was able to count again until the top of the fifteenth frame, when Butler's timely base knock pushed across the winning runs.

Warren Pope, who hurled the final eight innings for the Sunbeamers was the winning chunker. Pope gave up five hits, while striking out eight, to notch the win. G. W. Warden twirled the first seven frames, giving up five hits and striking out eight.

The Sunbeamers will play a semi-final setto tonight against a California team.

## Sherman-Denison Is One-Up On Wichita

SHERMAN, Sept. 16. (AP)—The Sherman-Denison Twins, who led the Big State league over the full season route, were one-up today on Wichita Falls in the final pennant play-off series.

The Twins licked the Spudders 6-0 last night in the opening game of the seven-game series with southpaw Pete Mayor throwing a four-hitter at the visitors.

Mayor pitched a great game all the way around. He struck out 10 batters and faced only 30 Spudders in the nine innings.

Ed Cole pitched a good game for Wichita Falls, giving up eight hits, but Sherman bunched its blows and cashed in on some Spudder errors in the seventh and eighth.

## Midland Leading In Longhorn's Playoff

MIDLAND, Sept. 16. (AP)—Midland's Indians held a one-game lead in the championship playoff of the Longhorn league today.

The Redskins beat Vernon 3-1 last night in the opening game of the series.

Leland Crissman pitched a four hitter in turning back the Dusters. The Redskins got seven blows behind Crissman, scoring a run in the fourth and leading all the rest of the way.

## Lime Burns Football Players At Gonzales

GONZALES, Sept. 16. (U.P.)—Seven members of the Gonzales high school football team were under treatment today for burns caused by lime used to mark yard and sideline strips.

Coach Osborne Little said a heavy rain during a Friday game at Gonzales caused the lime to "boil," blistering the players on their backs and legs.

retary to prevent them from certifying Johnson as the candidate.

They were listed with Johnson in the petition that called for a stopping of the certification, and for cancellation of the certification if it already had been made.

The petition further asked for a judgment declaring Stevenson the Democratic nominee.

The restraining order will be in effect until Tuesday, when Davidson has called a hearing at 10 a. m., in U. S. district court.

**Papers Are Served**

Kennedy was served with a certified copy of the order Wednesday while still at the Blackstone hotel. The Dallas U. S. marshal's office was expected to hand the papers to Tyson today in Corsicana.

The U. S. district clerk's office in Fort Worth reported today that no copies had been ordered sent to the secretary of state.

W. E. Allen, Fort Worth attorney, who signed the petition against Johnson with T. R. James, C. C. Renfro and Dan Moody, said "we will have to decide later on what method to stop the placing of Johnson's name on the ballot."

"Brown has been notified of the court order," Allen stated. That was admitted in Austin by Brown, but it was only a telegram from Clint Small, Stevenson attorney, reporting the court action.

## Daily Markets

### Stock Market

MARKET IS QUIET

NEW YORK, Sept. 16. (AP)—The stock market was quiet and irregular today with steels and rails moving ahead slightly.

Volume of trading was estimated at above 500,000 shares.

Steels twice made a bid to bring the market out of the doldrums, but it was the rail group that finally pushed to the front. Santa Fe was the leader on that move.

Trading was slow from the start, and there were no spurts of activity to relieve the drift.

Chemicals and aircraft were better than average at one time, but they quickly turned back in a mixed fashion.

Packing shares were fractions to a point lower with Armour and Swift hitting new lows for the year. Pepsi-Cola also dipped to a new low for the year.

Mail orders and retail stores kept their head above water for most of the session by small fractions.

Among the better performers were Santa Fe, Union Pacific, Rock Island, Dow Chemical, J. C. Penney, U. S. Gypsum, and Greyhound.

On the downside were Oliver Corp., Consolidated Natural Gas, American Woolen Standard Oil (NJ) and Holly Sugar.

### Cotton Market

NEW YORK REPORT

NEW YORK, Sept. 16. (AP)—Cotton futures rallied sharply into new high ground for the day in late dealings on aggressive trade buying, credited both to mill and export accounts. The market was aided by reports that producers were holding cotton for better prices, supported by the higher government loan levels this season. Considerable short covering by locals also developed.

Futures closed 30 cents to $1.05 a bale higher than the previous close.

### Grain Market

CHICAGO REPORT

CHICAGO, Sept. 16. (AP)—Most grain futures held steady on the board of trade today despite a break in cash corn and soybean prices.

Wheat, oats and new crop corn held small fractional gains most of the session. Wheat and oats were aided by government purchases of these grains here yesterday. Some buying in new crop corn was based on the belief that prices are too far under the potential government loan.

In the cash market, a sale of No. 2 yellow was made $1.86¼ late in the session. Earlier the price was $1.90. The same grade yesterday ranged from $1.95 to $1.96.

Cash soybeans were bid around $2.65 against $3.90 earlier in the week.

FORT WORTH REPORT

FORT WORTH, Sept. 16. (AP)—Wheat—No. 1 hard 2.38½-2.43½.

## Business Club Men To Present Charter

Representatives from the American Business club of Lubbock will go to Clovis, N. M., Friday to present a charter to the Clovis ABC it was announced this afternoon by Bob Rose, trip chairman.

Rose said 20 members had been asked to meet in front of Hilton hotel at 10 a. m., there to leave in several cars.

The trip will have a dual purpose; representatives will wear range dress and assist in advertising the approaching Panhandle-South Plains fair.

B. Watkins, president of the Lubbock club, is slated to speak at the charter luncheon.

"We are asking that all who can go be at the Hilton on time," Rose said. "We will be back by 4 p. m."

## Policeman Offers To Pay Overparking Fine For Woman Because Of His Forgetfulness

**FORT WORTH, Sept. 16 (U.P.)—A Fort Worth policeman offered to pay a $2 traffic fine for an unidentified woman because of his absent-mindedness.**

**But the judge dismissed the ticket and commended the officer on his honesty.**

**The woman had given the policeman a nickel and asked him to feed the parking meter where her car was parked. She said she had to go to a doctor.**

**The officer agreed, pocketed the nickel and forgot about it. Next trip by, he ticketed the woman's car for overtime parking. He offered to pay the fine but the judge dismissed the ticket.**

## Soviet Envoy Demands Strike Policy In Japan Be Reversed

WASHINGTON, Sept. 16 (AP)—Soviet Russia's ambassador demanded today that the 11-nation Far Eastern commission reverse Gen. Douglas MacArthur's policy banning strikes by government employes in Japan.

The ambassador, Alexander S. Panyushkin, is Russia's representative on the commission, the top Allied policy-making agency for the Pacific.

Panyushkin charged in a statement that MacArthur's policy, which was carried out by the Japanese government, violated the 1945 Potsdam declaration and existing policies of the FEC.

"The Soviet delegation considers that the Far Eastern commission cannot by-pass such a gross violation by the supreme commander" of FEC decision, Panyushkin said.

He called on the commission to "request" MacArthur, the Allied supreme commander in Japan, to revkoe his no-strike directive of July 22 and a Japanese government ordinance of July 31 putting the directive into effect.

**Other Proposal Made**

The envoy also proposed that "repressive measures against the workers and employes of governmental enterprises and institutions should be discontinued."

In Tokyo and over the Moscow radio, Russia has been assailing the MacArthur action for weeks. Russia's representative on the four-power Allied council for Japan, Maj. Gen. Kislenko, demanded that a special meeting Aug. 28 that the order be revoked, Panyushkin noted.

## President Of Tech Speaks At Kiwanis Club Luncheon

Asserting that the field of human relations—the art of living peaceably together—is probably the major problem facing the world, and particularly higher educational institutions, today, Dr. D. M. Wiggins, new president of Texas Tech college, today appealed for sympathetic understanding by the world of business.

Speaking at the luncheon of the Kiwanis club at Hotel Lubbock, Dr. Wiggins, in one of his first public appearances since coming here recently, wants "to be one of you" in civic and other responsibilities, and appealed for public cooperation and understanding to the end "that Texas Tech may measure up to responsibilities" facing all such institutions.

**Touches On Free Enterprise**

Touching on free enterprise, which he called the foundation stone of the American system, the speaker said he opposes anything emanating from the college that is contrary to that spirit.

Dr. Wiggins said the war indicated paths to be taken by colleges and universities, and these institutions have been quick to catch the spirit and move toward those paths.

He asserted that America takes second place to no other part of the world in the field of science, engineering, and other fields of progress. Yet, the problem of human relations which involves living together in understanding was described by him as probably the greatest drawback today.

**Understanding Needed**

Observing that in a system of free enterprise, complete confidence is an essential, Dr. Wiggins believes that "our most pressing need today is a revival of common, everyday human understanding."

The speaker was introduced by Walter Clayton, program chairman. The address was preceded by a musical program by Mr. and Mrs. Elton Plowman. With his wife at the piano, Plowman sang "Without A Song," "Little Pickaninny Kid," and as an encore "I Love Life."

Dr. William Murphy was introduced as a new member, and Dr. J. J. Willingham, head of the dairy manufactures department at Texas Tech, as a transfer from Sherman. Invocation was by Dean A. H. Leidigh.

## Army And CIO Dispute Tense

SAN FRANCISCO, Sept. 15 (AP)—The dispute between the Army and the striking CIO longshoremen's union became more tense today as the Army prepared to use troops, if necessary, to handle military cargo at strike-bound West Coast ports.

Secretary of the Army Royall said in Washington that the Army would continue to hire civilian stevedores and added that troops would be used if enough civilians do not sign up.

Harry Bridges' CIO union charged the Army with "strike-breaking."

**Contractors Contacted**

Royall said the Army was contacting West Coast stevedore contractors in an effort to get vessels loaded with Army supplies. Under any Army contract, Royall said, the wage scale will be the same as that paid prior to June 15, 1948. It amounted to $1.67 an hour straight time, and longshoremen generally were working some overtime.

CIO pickets showed up today in front of the Army employment office here. Men applying for jobs were called "scabs" and told the ships they work would be listed as "hot."

More than 500 pickets milled about the Army employment office in Seattle and handed out pamphlets accusing the Army of 'strike-breaking on behalf of the shipowners."

**Army Estimates Need**

Army officers in San Francisco estimated they would need 10 gangs of 18 men each to load the 40,000 tons of cargo now lying on the docks awaiting shipment this month.

Wages and union-controlled hiring hall are the chief issue in the strike, with the shipowners refusing to do business with the longshore union until its officers sign affidavits saying whether they are Communists.

## "Prisoner's Song" Composer Claimed

BRIDGEPORT, Conn., Sept. 16. (U.P.)—Vernon Dalhart, 65, composer of the widely-known "Prisoner's Song," died today after a long illness.

Dalhart had been living here since his retirement in 1931.

Born in Texas as Marion T. Slaughter, Dalhart became a pioneer singer on phonograph records. In 1926 he collaborated in composing the famous song which begins "If I had the wings of an angel," just to fill out a record. An estimated 25,000,000 copies of it were sold.

Private services will be held Friday. Surviving are his widow, Sally, and daughter, Mrs. Lewis A. Shea, Westport, Conn.

## Red Cross To Help In Obtaining Blood

A group of six Lubbock Red Cross workers will go to Slaton at 6:30 p. m. Friday to assist donors there who have volunteered to give blood for a Slaton woman who has lain critically ill in a hospital for about three weeks.

Those to make the trip are Mrs. Grady Harrist and Mrs. Edna Lieske, registered nurses; Mrs. B. A. Schmidt, Red Cross nurses aid, who will handle physical examinations; Mrs. Val Williams and Mrs. E. E. Moss, who will handle clerical work, and Bob Edwards, blood bank laboratory technician.

The group will meet with prospective donors at the office of Dr. J. E. Loveless, 250 W. Lubbock street, Slaton.

Local blood bank officials also announced the need for donors with B positive type blood, that type having been nearly exhausted during the past three weeks because of emergency needs.

## Dalsie Meeks, 69, Dies In Hospital

Dalsie Monroe Meek, 69, of 1512 Ave. N, a resident of Lubbock for the past 20 years, died at 5:30 o'clock this morning in West Texas hospital as result of a cerebral homorrhage.

Funeral services will be conducted at 10 a. m. Saturday in Central Baptist church with Rev. Jeff D. Welch, pastor, named to officiate, assisted by Rev. C. J. McCarty, pastor of Calvary Baptist church, and Rev. J. T. Clinton. Interment will be in Lubbock Memorial Park.

Survivors include his wife, Mrs. Ina Meek; a daughter, Mrs. O. C. Higgins, and a son, M. M. Meek, both of Lubbock; two brothers, D. S. Meek of Pecos and E. H. Meek of Royce City; two sisters, Mrs. E. H. Hawkins of Greenville and Mrs. J. N. Shanks of Sudan, and three grandchildren.

Pallbearers will be W. R. Adams, Lewis Kinley, Rev. W. D. Morris, Charles Clark, R. G. Knott and W. M. Boldin.

# Red Denies Russia Makes Japs Slaves

(By The Associated Press)

TOKYO, Sept. 16—A Russian spokesman denied today the charge of General MacArthur's headquarters that Japanese prisoners of war are being used as slave labor by the Soviets.

N. I. Generalov, political adviser to the Russian mission to Tokyo, was quoted by the leftist newspaper Nimpo as saying there was "no profit" to Russia in keeping the prisoners.

"It increases expenses," the newspaper quoted him further.

MacArthur's headquarters on Sept. 8 accused the Russians of using Japanese war prisoners as slave labor to build air fields and to bolster the Russian war potential.

**Generalov Quoted**

Nimpo, quoting Generalov, as he talked with a delegation of 19 Japanese Communists, attributed this further statement to the Russian:

"I shall not go out of my way to deny these reports. A solution can be reached at once if repatriates are asked if forced labor exists."

Only Japanese permitted by the Russians have been repatriated MacArthur says some 500,000 of them are still held in Russia. Some of the repatriates have complained of their treatment by the Russians. Others have praised the Soviets.

Generalov told the Japanese that the repatriation issue is being used for anti-Soviet, anti-Communist propaganda.

The Japanese delegation called on Generalov to discuss repatriation and the seething Japanese labor problem.

**Attitude Not Changed**

Nimpo said Generalov explained that the Russia attitude on the ban of strikes and collective bargaining by government workers "had not changed." The Russians charged that the ban violated the Potsdam declaration and Far Eastern commission policies. The Russians have insisted that the ban be revoked.

The Communist delegates, the newspaper said, told Generalov that Japanese police were interfering with workers—as the Russians charged in the Allied council—and that the government was pursuing "Fascist trends."

"Keep bringing us these reports," Generalov told them. "We want to continue extending our efforts for you, the workers of Japan."

## Tokyo Braces For Typhoon As 12-Inch Rains Precede Storm

(By The Associated Press)

TOKYO, Sept. 16—Tokyo braced late today for a typhoon expected to strike the metropolitan area by 9 p. m. The center of the storm is expected to pass 35 miles east of Tokyo.

Heavy rains, up to 12 inches in some mountainous sectors north and west of here, preceded the high winds. At least 60-mile-an-hour winds are expected.

In the Kanto plains, scene of last year's disastrous floods which claimed 839 lives, river watches stood by levees. Some levees already had broken. A landslide at Mt. Fuji crushed an inn but there had been no report of loss of life.

**Lowlands Under Water**

Sections of the lowlands were under water late today from the drenching rains.

Business houses in Tokyo's famed Ginza dismissed their employes early to permit them to reach their homes ahead of the storm.

The United States Army's First Cavalry division evacuated 13 American families from the Tone river danger area at Hachimon late today. Twenty other families at the artillery post at Koizumi stood ready for evacuation if it became necessary.

The public information office of the First Cavalry division announced late in the day 250 Americans in rest hotels in Miyanoshita and Gora had been isolated by landslides blocking roads. They had rations for eight days, the announcement said.

**Allied Trains Cancelled**

Several hundred troopers on field exercises at the base of Fujiyama reported wind and rain playing havoc with their tents.

The Empress Dowager was forced to return to Kofu City when landslides blocked rail tracks from Fujiyama, where she had been vacationing. She was rushing back to Tokyo ahead of the typhoon.

Eighth Army headquarters reported rising tides and a swelling sea had dumped tons of water over the Yokohama breakwater.

All Allied trains were cancelled because of the weather.

A power failure late today in Tokya halted government trains, subways and street cars.

Kyodo reported the residents of Kiryu City and Ashikaga had been ordered to leave as waters of the Watarase river began overflowing its banks. The towns are 50 miles northwest of Tokyo.

law violation; Coleman Steen, about 35, a negro, $100 and costs on a charge of liquor law violation.

Police said there was a reported instance of shooting this morning at a two-day Mexican fiesta, but when investigators arrived they found none had been injured and whoever had fired the shots had "disappeared."

A charge of forgery of a $24.50 check was filed in the court of C. E. Lynn, justice of peace, against Don Newton Hull. Hull, the sheriff's department said, is held in Odessa. A "hold" request was placed by Lubbock officials with the Ector county sheriff's department, it was announced.

Theft of some awnings was reported to city police by Clarence McElroy of 1917 Sixth street.

## Injuries Slight In Amherst Car Wreck

Three Olney residents received treatment this morning at Amherst hospital for minor cuts and bruises received about 9:30 a.m. when the car in which they were riding went off a culvert on U. S. Highway 84 about a mile and a half from Amherst and turned over twice.

The injured, all of whom were dismissed from the hospital following treatment, include Mr. and Mrs. J. R. Womack, both 62, and G. R. Berry, 63, all of Olney. The driver of the car, Morris Ray Womack, 20, son of the injured couple and a student at Texas Tech, was uninjured.

The accident occurred when young Womack, driving a 1947 Pontiac coach, was forced to alter his course suddenly when a pick-up which he was driving closely behind attempted to pass another vehicle. The Womack car, headed northwest, went into a culvert off the left side of the road, according to highway patrol reports. An investigating officer said the car turned over twice, and was heavily damaged.

No charges were filed, patrolmen said.

Until yesterday, talks had been held in Chicago.

In another telephone wage matter, the American Union of Telephone Workers, also CIO, yesterday resumed talks with the A. T. & T.'s long lines department. The session was held under a wage reopening clause in an agreement reached in June without a wage increase.

A. T. & T. said after the session it would submit a wage offer to the union at another meeting Tuesday.

The AUTW also represents about 25,000 workers in 42 states and the District of Columbia. It originally asked a 30-cent hourly increase.

# General Elections In Sweden Threaten Rule Of Socialists

By GUSTAV SVENSSON
Associated Press Staff Writer

STOCKHOLM, Sept. 16—Sweden's 16 years of Socialist rule is at stake in general elections next Sunday.

Conservatives, Liberals and Agrarians have joined forces to wrest power from the Social Democratic Labor party which has governed the country since 1932.

Campaigning has been intense and recent public opinion polls indicate that under the concerted onslaught the Social Democrats may fail to secure a majority in the lower chamber of the Swedish parliament.

**Issues Are Domestic**

The opposition has played it's heaviest guns on domestic issues, charging the Socialists with "economic misrule, causing the worst foreign currency crisis in Swedish history."

Under the leadership of the late premier, Per Albin Hansson, Social Democrats in the last few general elections have polled roughly three times more votes than any other Swedish party.

Today they are fighting under a new leader, 47-year-old Tage Erlander, who took over as premier when Hansson died in 1946.

The 230 seats of the lower chamber are divided this way now: Social Democrats 115; Conservatives, 39; the Agrarian "Peasants Union", a center party, 35, the Liberal "Peoples Party," another center group, 26; Communists, 15.

**Vote Pool Arranged**

The Conservatives headed by 59-year-old Fritiof Dommo, the Agrarians led by Axel Pehrsson-Bramstorp, a 65-year-old landowner; and the Liberals, under the leadership of Bertil Ohlin, 51, professor of economics, have formed an election bloc. The arrangement makes it possible for them to pool their votes when any one of their candidates fails to secure a separate majority.

The three parties have submerged their policy differences with the aim of ousting the Social Democrats and forcing formation of a coalition government.

Foreign policy plays no part in the campaign. All the major parties are backing the government's proclaimed policy of keeping Sweden neutral in big power politics and war.

**Socialists Blamed**

The three opposition parties join, however, in blaming the Social Democrats for the almost complete exhaustion of Sweden's foreign currency reserves and most of the economic troubles of the country.

The governing party says Sweden's economic difficulties are part of a general postwar patterr.

Under fire from all other parties for their alleged subservience to Moscow, the Communists go to the polls under the leadership of

## New Pregnancy Test Described By Doctor

NEW YORK, Sept. 16 (AP) — A new pregnancy test, said to be the easiest yet, and which has been 100 per cent correct in its 250 first cases, is described in the September American Journal of Surgery, out today.

The test is injection of a female hormone, estrone, three times in five days. The answer comes within 24 hours, sometimes less, says the author, Dr. Sherman S. Garrett of Champaign, Ill.

The hormone causes a delayed monthly period to start if there is no pregnancy.

Dr. Garrett says this test is easier than the others. Four of the others require use of a rabbit, a mouse, a rat or frogs or toads. That means extra expense and sometimes inconvenience and delays. During the war, Dr. Garrett writes, the accuracy of these animal tests in some commercial laboratories declined to the point where they were of little value.

## Barber Shop Group Attends Boys' Meet

The Lubbock Barber Shop singers group and a movie program provided entertainment to 118 Boys Club members, 46 guests and 23 members of the Barber Shop singers organization at the Boys Club house Wednesday night.

The Plainsman quartet, composed of Robert Dennis, Robert Hufstedler, R. S. Roberson and Jack Hall, sang several numbers and G. A. Meiser did a novelty number.

Eighty-four Boys Club members are to begin chorus rehearsals at 7 p. m. today under the direction of Dick Richards. Rehearsals will be at 7 p. m. each Tuesday and Thursday and will last for an hour.

**JUNKMEN STEAL RAILROAD**

GREEN BAY, Wis., (U.P.)—Iron-muscled junkmen in Wisconsin are giving police trouble. Two junkmen stole an interurban railroad line which was being torn up near Port Washington, Wis. They were caught. Muscle-men then invaded Green Bay. A 3,000-pound steam boiler was stolen and sold as junk for $99.

# Demos Claim Truman "Frozen Out" Of Los Angeles Stadium

HOLLYWOOD, Sept. 16 (AP) — Politics reared its clamoring head today amidst the cultured surroundings of Hollywood bowl.

Los Angeles Democrats claimed President Truman has been shut out of the bowl and will make his local campaign address next Thursday at Gilmore stadium, instead.

But Republicans replied it is not a case of freeze-out.

The GOP standard-bearer, Gov. Thomas E. Dewey, will speak Friday night in the bowl.

From New Cork, Democratic national Chairman J. Howard McGrath accused the Republicans of "leasing an empty stadium to deny the use of the Hollywood bowl to President Truman."

**GOP Offers To Vacate**

Democratic leaders here said the Republicans had pre-empted the bowl for Thursday night also to test electrical installations and refused to give up the date.

Not so, retorted the local Dewey-Warren committee. The GOP signed a standard contract with the bowl, but offered to vacate if the President really wanted it.

Anyhow, the Democrats grabbed Gilmore stadium, whose management persuaded an auto race group to cancel its program.

While Republicans said the bowl was now clear for Thursday, the Demos said they were no longer interested.

Somebody, it seems, discovered that the bowl, whatever its cultural advantages, seats less than 20,000. Gilmore can accommodate 27,000.

**FIFTEENTH VICTIM DIES**

CHICAGO, Sept 16. (INS) — Beverly Moorman, 24, today became the 15th fatality in the Brach & Sons candy factory explosion Sept. 3 in Chicago. She died in St. Anne's hospital. Two other victims of the blast are still hospitalized. They are John J. Brassil, 21, and John Novotny, 43.

# Greek Rebels Have Success

ATHENS, Sept. 16. (AP)—High military sources said today the Greek army has pulled back along the southern side of the Vitsi triangle in the face of a strong Communist counter-attack.

The informants, who insisted on anonymity, said the Greek forces fell back as much as five miles in some sectors, but that the withdrawals were orderly, with few casualties.

The Greek general staff simply reported harrassing activity in the "free Greece" area, where the Communists claimed a major victory in the past week.

The communique said five Greeks were wounded and 11 rebels taken prisoner in yesterday's fighting.

**New Assault Prepared**

Military informants said that following yesterday's withdrawal, the Greek army is regrouping and reinforcing for a fresh assault in the hope of cleaning out the triangle before winter sets in.

When the nationals launched the Vitsi attack Aug. 31 an American source said the campaign was expected to take a week or 10 days. Rain and fog delayed the first thrusts and gave rebel leader Markos Vafiades a chance to strengthen his forces. He now is believed to have about 5,000 men in the area, where the Greek, Albanian and Yugoslav borders converge.

The nationals scored further successes in Epirus along the Albanian border. A communique said it claimed that three important heights were taken and the area steadily whittled down. There are about 1,600 to 1,800 rebels in that region.

United States Lt. Gen. James A. Van Fleet accompanied Sen. Chan Gurney, (R SD) to the front today. Gurney, chairman of the Senate armed forces committee, arrived in Athens last night.

## Television Is More Popular With Youth

NEW YORK, Sept. 16 (U.P.)—As far as the middle-income classes are concerned, it is the younger Americans, those between 18 and 25, who like television programs most.

That indication of what the nation-wide reaction has been to the newest entertainment medium is provided by a survey taken among a cross-section of the American Magazine's 2,480,000 reading families. The families selected have an average income of $3,850.

The national study disclosed what a vital factor age is in the television and radio preferences. It was learned that the interest of adults (those over 18) in television decreases, and his or her fondness for radio increases as the individual gets older. Also a good many Americans haven't formed any definite opinions as to whether they like television or radio best. More than four out of every ten, on an average, in the middle-income class said they liked both mediums about the same.

While only one per cent of all families surveyed now have a television set, 28 per cent would buy one if television became available in their area either this or next year.

## Actress Learns Lip Reading While Doing Deaf Mute Role

By HOWARD C. HEYN
Associated Press Staff Writer

HOLLYWOOD, Sept. 16.—A word of warning: Don't talk Jane Wyman if she's in sight.

She reads lips.

This newly acquired ability is a by-product of "Johnny Belinda." She plays a deaf mute.

Jane wouldn't have you believe that she learned lip reading for the sake of sheer realism in her role. Not quite.

**Ears Are Plugged**

After several disappointing tests early in the production period, Jane decided she wasn't getting the right facial expressions because she could hear the other actors' lines. So director Jean Negulesco plugged up her ears.

"A person who hears will betray that fact sooner or later on his face or in his eyes," she asserted. "Of course, anybody can deliberately look blank. But that won't do. Deaf mutes aren't expressionless."

With wax and plastic stopples in her ears, Jane had to learn lip reading in order to pick up her cues.

**Tough Characterization**

Belinda was Jane's toughest characterization so far. She got the script a year before production started. She spent six months with technical advisers. She learned enough sign language to be convincing. She studied screen tests of girls who actually were deaf mutes.

She also stayed far away from the stage production of "Johnny Belinda."

Unschooled, naive, living in a world of her own, Belinda is a "dummy" to the townsfolk—and a challenge to any actress. Her unquestioning faith and trust in the doctor (Lew Ayres) could easily have been maudlin.

# GOP Senate Nominee Named

## H. J. Porter Is To Make Race

FORT WORTH, Sept. 15. (AP)—Texas Republicans hoped today to make senatorial hay in a field that has always been harvested by the Democrats.

They nominated H. J. (Jack) Porter, independent oil man of Houston for the U. S. Senate, calling the troubled Democratic senatorial situation a "shameful fiasco." They labelled Porter as a man "you can not buy or wheedle."

**Accepts Nomination**

Porter accepted the nomination saying Texas voters are entitled to cast their ballots for one who "is not a machine-picked candidate . . . under a cloud of suspicion of illegal voting in his selection."

Porter was nominated the day after the Democratic convention certified Lyndon B. Johnson as its candidate, and the same day Coke Stevenson filed a federal court suit seeking to block the printing of Johnson's name on the ballot. Stevenson has alleged fraud in the August 28 primary in which Johnson got an 87-vote margin.

"It was the most shameful page in Texas history regardless of which candidate was nominated," said Ralph W. Currie of Dallas in nominating Porter at yesterday's meeting of the Republican executive committee. Porter was named to fill the vacancy created when Carlos G. Watson of Brownsville declined to accept the Republican nomination made at the party's August convention in Waco.

**Others Were Asked**

The Republicans tried and failed to persuade two better-known political figures to capitalize on the Democratic muddle; Sen. W. Lee O'Daniel and former Congressman Martin Dies of Lufkin.

Porter himself went with Republican leaders to O'Daniel's home at Aledo yesterday to try to talk him into accepting the nomination.

O'Daniel told Porter and Henry Zweifel of Fort Worth, Republican state committee chairman, that he would stand on the statement that he wanted to retire from politics and rest.

Dies, who achieved nationwide publicity as one-time chairman of the House committee to investigate un-American affairs, told the Republicans that hecould not accept because of his business connections.

Zweifel said O'Daniel told him that he had taken part in the first Democratic primary. Both O'Daniel and Dies have been elected to office as Democrats.

**Never A Candidate**

Porter said he had been a Democrat until 1940. He has never been a candidate for office.

Porter, 52, was born on a farm

## New Pamphlet Tells Ways To Cut Taxes In Plain Language

WASHINGTON, Sept. 16. (AP)—For the first time in history the tax man is going to tell you how to cut your payments to the bone—and in plain language, too.

About next January 1 you and 52,999,999 other taxpayers will receive a brand new pamphlet—"Helpful Information on How to Prepare Your U. S. Income Tax Return.''

**Pamphlet Different**

Unlike the old four page "instruction" leaflet—which stressed what you could not do—the new 16-pager tells what you can do legally to make tax-paying as easy as possible on your wallet.

"We have attempted in this pamphlet to tell the taxpayer the things he wants to know in language he understands," said Internal Revenue Commissioner George J. Schoeneman.

Here's a sample of the new helpful treatment: After setting down the rules of what you can and cannot do, the new guide gives a list of examples like this one to help you with your deductions:

**Deductions Listed**

"You CAN deduct cost of:

"Safety equipment, dues to union or professional societies.

"Tools and supplies.

"Fees to employment agencies

"Entertaining customers.

"You CANNOT deduct cost of:

"Travel to and from work

"Educational expenses

"Nursemaids, even if she enables parents towork

"Entertaining friends

"Bribes and illegal payments."

## Chief At War With Speeding Wreckers

SAN ANTONIO, Sept. 16. (U.P.)—Police Chief Fred Palmer declared war today on spee ing wrecker drivers.

The chief mounted his campaign after two wreckers, travelling at 60 miles an hour, narrowly missed sideswiping his car.

After the wreckers dusted off his car, the chief joined the race. He flagged them after one mile of pursuit.

Palmer said investigation showed the wreckers were hurrying to the scene of an accident—a minor one, at that—to which they had not been summoned.

## Hollywood Actress Gets Divorce Decree

LOS ANGELES, Sept. 16. (AP)—Two months late, Actress Hedy Lamarr has picked up the final divorce decree from her third husband, John Loder.

Hedy got her interlocutory decree July 17, 1947. Her lawyer said, however, there was no particular reason for the delay in obtaining the final yesterday.

Hedy, 33, charged that the 49-year-old Loder became completely indifferent to her. She received custody of their three children and $300 monthly support. Fritz Mandl, Austrian munitions maker, and Gene Markey, film writer, were Hedy's other husbands.

INCIDENT OFF SIBERIA CONFUSED

## Flares Over Ship Result In False Report Of Gun Attack

TOKYO, Sept. 16 (AP) — Flares dropped over the liberty ship Moses Brown by two unidentified planes resulted today in an erroneous report that the Russian-chartered vessel had been fired on.

Capt. Kenneth D. Frye, skipper of the 7,176-ton freighter, radioed the ship's operators, the Shepard Lines, that the flares were dropped Saturday night in the Sea of Japan, off Russia's Siberian coast.

Because the Moses Brown is owned by the U. S. Maritime commission, copies of the message were relayed from San Francisco to the commission and to the company's New York offices.

**More Details Asked**

(In Washington, the Maritime commission said it received the report from the Shepard lines' Boston office and that it mentioned "an explosion 100 feet above the vessel," but that it wasn't clear whether it was a star shell or parachute flare.

(Anyhow, the commission relayed the report to the State department, which said it had a report the Moses Brown was fired upon, but that the department had no details.)

Meanwhile, in Tokyo, the Shepard lines' agent—Myles S. Waterman of C. F. Sharp co.—messaged the Moses Brown at the request of the operators to locate the incident other than "off the Siberian coast."

**"Routine Report" Results**

Skipper Frye, still proceeding smoothly from the port of Toro on Sakhalin Island to a port in Russian-occupied north Korea with a cargo of coal, replied that it happened about 50 miles east of the Siberian port of Tetyukhe—but that the ship was not fired upon.

A spokesman for the Far East air force said emphatically that no American planes dropped flares over the ship. Which would indicate they were dropped by

## Taft Charges HST Party To Law Defiance

CINCINNATI, Sept. 16 (AP) — President Truman "has encouraged the open defiance of the law now engaged in by some of the more radical labor bosses," Senator Robert A. Taft (R-Ohio) declared yesterday.

The Ohio senator made the statement in reply to a letter released Tuesday by the chief executive. The letter accused Taft of an "entirely improper" attempt to "put the heat" on the NLRB to act against the International Typographical union, AFL, engaged in a dispute with Chicago publishers.

Taft labeled the attack on himself as "merely an attempt to curry favor with the labor bosses who control the labor publicity to which he (President Truman) is looking for help in the election."

Taft, chairman of the senate labor committee, defended his appearance at a meeting with Chicago publishers' representatives and National Labor Relations board officials last July 28, in a statement that said in part:

"During the ten minutes I was present at the meeting, I made a general statement relating to the importance of prompt action in cases of this kind if the prosecuting division of the board found that the facts justified it. I urged that there be no delay simply because of Mr. Denham's (Robert Denham, NLRB general counsel) absence, which might be prolonged because of his illness. I did not purport to pass on the facts in the case, except to say that the publishers seemed to me to have made out a prima facie case.

"Of course, I have a special interest in the enforcement of the national labor relations act, as a chairman of the labor committee and as a member of the special committee to study the enforcement of the act.

"The President in his letter says that he does not expect to interfere in the internal affairs of the National Labor Relations board. If he finds that any branch of the executive department is failing to do its statutory or constitutional duty, it is not only his right but his duty to call them to task for such failure.

"The truth is that President Truman, by the veto message accepted so largely from the Communist sympathizer Lee Pressman, and by other public statements, has encouraged the open defiance of the law now engaged in by some of the more radical labor bosses."

# France Hit By Strike Wave In Aviation, Auto, Steel Firms

PARIS, Sept. 16 (AP)—A strike wave spread through France's aviation, automobile and steel industries today, touched off by demonstrations in which more than 100 police and 30 workers were injured yesterday.

The state-owned airline was tied up, involving 4,000 ground crewmen and other traffic personnel at Paris's two main airports, Le Bourget and Orly. Air France planes were not taking off.

Many of the strikes were Communist-led and held the threat of further clashes with police. However, discontent among non-Communist labor leaders—under terrific pressure from the Reds to join the walkout—was growing.

**Auto Factories Hit**

Production at Renault auto factory was halted by a Communist-led strike affecting about 35,000 workers. Nearly 12,000 more were idle at Peugeot auto factory. Fears were held the work stoppage would spread to Citroen auto plant.

At the port city of Brest, 6,000 Communist-led workers struck, but leaders of the Christian union pleaded with their followers to remain on the job.

Some 15,000 workers are on strike at the nationalized aviation plant. Yesterday's disorders started when 4,500 of these marched down boulevard Haussman protesting the dismissal of 1,700 of their fellow employes.

Some 40,000 steel workers struck yesterday in northern France demanding bonuses of 3,000 francs ($9) each to offset cost-of-living increases.

**Premier Under Pressure**

Communists, not being a part of the new coalition government, are avowedly seeking to overthrow the five-day-old cabinet of Radical Socialist (conservative) Premier Henri Queuille.

The new premier, faced with growing pressure from both the left and right, is drafting measures for additional taxes and price increases. Confronted by an increasingly grave economic situation, which has led to the downfall on wage and price policies of three governments in about 60 days, Queuille calmly told a news conference last night he is against general wage increases and will impose 50,000,000,000 francs ($160,000,000) in new taxes.

Although the French franc hit a new low on the black market of 440 to the dollar against a legal exchange rate of 311, Queuille denied reports in the French press that drastic monetary reforms were pending.

**New Election Sought**

"We admire his courage," a French observer said, "but we wonder how many more days he will stay in office."

On the right flank, supporters of Gen. Charles De Gaulle's rally of the French people (RPF) stepped up their campaign for new national elections through a stamp-buying plebiscite. Centrist and moderately leftist forces dominating the coalition government have opposed elections on the ground they likely would increase the strength of the Communists at one extreme and De Gaullists at the other.

Andre Malraux, writer and aide to De Gaulle, said squads of RPF supporters will plaster the country with posters urging all who believe in the wartime leader of the French to buy stamps for 50 francs each and send them with letters setting forth their stand to De Gaulle's home at Colombey-Des-Deux-Eglises. Promoters of the campaign expect to raise about 250,000,000 francs (about $1,000,000).

## Play Plans Subject Of 20-30 Club Meet

Plans for a Nov. 7 production of the Broadway play "Voice of the Turtle" at Senior High School auditorium were discussed last night at a meeting of Lubbock 20-30 club at Hotel Lubbock, it was reported.

The presentation is to be given with a Broadway cast, it was announced, but plans are still being developed. Committees to prepare for the production were named at the meeting.

Next week's meeting, also to be held at Hotel Lubbock, will feature a report on the Berlin crisis by Dick Feiden, government student at Texas Tech, who has done considerable research on the subject. Following his talk, a general discussion will be carried on, with W. T. Beamish, visitor from Gloucester, England, giving his views on the situation.

Guests at last night's dinner meeting were Beamish, and Keith Knight and John Smith of Lubbock. About 30 members were present. Charles Nelson, club president, was in the chair.

## Two Boys Set Fire To Man As He Sleeps On Lot In Denver

DENVER, Sept. 16 (INS)—A 48-year-old Denver man was in serious condition at Denver general hospital today as Denver police attempted to find the two young boys who sadistically made him into a "human torch."

Charles H. Munnell told authorities he saw two boys, about 12 years old, set fire to Ben W. Fuller as he slept in a vacant lot Wednesday afternoon.

When Fuller awoke and began running and screaming in agony the lads allegedly stood by and laughed.

Munnell, who witnessed the gruesome happening from the window of his house, said at first he thought the youths were burning brush. Then he saw the man leap up and wildly try to beat the flames from his clothing.

Munnell was unable to catch the fleetfooted boys.

Hospital attendants said Fuller suffered burns on more than 20 per cent of his body. He is on the "danger" list.

Police had only a scanty description of the boys to work on.

## Engaged Girl Cries; Bandit Returns Ring

CHICAGO, Sept. 16 (AP) — A gruff bandit bowed to love.

He had just forced five employes of the General Finance Loan Company to lie on the floor while he took $400 from the cashbox. Then he spotted a ring on the engagement finger of Miss Gladys Ross, 19, one of the loan company employes.

He reached down and pulled it off. She sat up and cried.

"Okay. Okay. Don't cry, sister," he said testily. "Here's your ring." Then he walked out with the money.

# California Governor Is Headed East On Fighting GOP Campaign

By BARNEY LIVINGSTONE
Associated Press Staff Writer

EN ROUTE WITH WARREN To Salt Lake City, Sept. 16.—Gov. Earl Warren headed eastward today on one of the most intensive political campaigns ever to be undertaken by a Republican vice presidential candidate.

His fourteen car special train will traverse 32 states from the Pacific to New England before completing an itinerary calling for a full month of campaigning.

He kicks off the 1948 Republican campaign at Salt Lake City tonight nearly a week ahead of the Republican standard bearer, Gov. Thomas E. Dewey of New York, who heads west at week's end.

**Colorado Speeches Set**

Warren's Salt Lake City address, first of a series of key talks, will be followed by major addresses Friday night at Pueblo, Colo., and Saturday night at Albuquerque, N. M. He speaks at Detroit September 25 and swings eastward.

Particular attention is being paid this year by the GOP to both Colorado and New Mexico, two of five states where Republicans hope to make Senate gains at the expense of the Democrats.

The GOP, confronted with the task of retaining a majority in the Senate as well as winning the White House are eyeing Montana, Rhode Island and Tennessee, as well as the mountain states of Colorado and New Mexico, as points of Democratic vulnerability.

**Anderson Seeks Post**

In Colorado, Sen. Edwin C. Johnson, Democrat, is up for re-election. In New Mexico, former secretary of agriculture Clinton P. Anderson is making the Democratic party's bid to retain the seat being vacated by Sen. Carl Hatch. The New Mexico Republican candidate is General Patrick J. Hurley.

Crossing Nevada, Warren was met at Truckee by Nevada Republican leaders. He spoke briefly in a rear platform appearance at Reno. Before arriving in Salt Lake City this afternoon, Warren will make another platform talk at Ogden. Tommorrow, en route to Pueblo, his train pauses at Malta, Salida and Canyon City, Colo.

The big, hearty California governor appeared to be in his customary health and good spirits as he set out on his campaign grind. Apparently he had locked a slight cold caught at Sacramento.

**Wife With Candidate**

"This is a new experience," he remarked. "All of political experience before this has been in my own back yard in California." With a broad smile, Warren indulged his true Californian's pride in the west.

"I want to make friends on this trip not only for myself but for my state and the west. I want people in the east to realize that development of the west and its strengthening means strengthening of the moral and economic strength of the whole country."

Making the trip with the governor is Mrs. Warren and their oldest daughter, Virginia, 20; and Senator and Mrs. William F. Knowland of Oakland.

## Head Of Boys Town Declares Holiday

BOYS TOWN, Neb., Sept. 16. (AP)—The Rt. Rev. Msgr. Nicholas H. Wegner began his tenure as head of Boys Town by declaring a holiday here today.

Almost half a day was consumed with the welcome for the successor to the late Father Flanagan yesterday, so he decided to postpone the holiday until today when the boys could have a full day off.

The new director said he would try "in every way possible" to follow the path set out by the late Father Edward J. Flanagan, founder of this home for neglected and underprivileged boys.

"If I can keep in that same path I will have some measure of success, he said.

# Georgia Governor Takes Side Of Doves In Hunting Dispute

ATLANTA, Sept. 16. (AP)—Georgia's governor, M. E. Thompson, sided with Georgia's doves today.

He jumped into the controversy between the U. S. wildlife service and the Georgia game and fish commission over the dove hunting season by declaring:

"I think it is absurd for any Georgia board to pass regulations in conflict with federal laws."

The chief executive of this deep south state referred to the 11-man constitutional board which fixes the rules governing hunting and fishing.

**Board Members Not Around**

The board fixed the season for shooting doves for north Georgia from Sept. 15 to Sept. 20, and from Dec. 15 to Jan. 31. The federal agency set the season from Dec. 18 to Jan. 31.

"I hope the board will meet and immediately rescind its action," Gov. Thompson said, adding he had unsucceessfully tried to communicate with board chairman Guy Rutland.

Neither could the governor find Charles Elliott, director of the state agency, who has said Georgia hunters could shoot doves beginning yesterday. The U. S. unit retaliated by moving in with 30 agents and two airplanes and insisted that anyone caught shooting doves before Dec. 18 would be arrested.

**Hunting Encouraged**

J. W. Harrell, game and fish commissioner for Georgia's Piedmont district with headquarters at Griffin, advised dove hunters to hide in the bushes if they saw an airplane overhead and to "run like mad" if they say a stranger approaching in a green uniform.

He also advised hunters caught by federals to fight—not in the woods with fists—but in the courts by hiring a good lawyer and pleading innocent.

No court in Georgia will convict them, Harrell said, because any jury must be chosen from Georgians who know that if north Georgia hunters wait for the federal season, all the doves will have migrated south.

**Agent Gives Situation**

Regional law enforcement agent Bill Davis said that on Sept. 7, 25 percent of the doves are still nesting and feeding their young, a condition which lasts through the middle of the month. To shoot the birds in September would deplete the already low stock, he concluded.

Secretary of the Interior J. A. Krug said in Washington yesterday he had asked Gov. Thompson to "take such measures as will eliminate" the conflict between federal and state dove hunting regulations.

Operations of federal agents have already resulted in the arraignment of four hunters at Athens, Ga. one, a second offender, was placed in $1,000 bond and the other three in bonds of $500 each.

Two entered guilty pleas. All four will be tried in federal court.

## Fan Not Used For Purpose Of Cooling

LOS ANGELES, Sept. 16. (AP)—The electric fan in Edward Renert's butcher shop wasn't exactly for the purpose of cooling him or the meat he tossed on the scales.

Renert, 40, pleaded guilty yesterday to shortweighting a customer. Inspector Patrick Gibbons of the Bureau of Weights and Measures testified that the butcher trained his fan on the sensitive scales—and the air stream depressed the scales.

Electricity is cheaper than meat but Renert must pay a $150 fine or go to jail for 30 days.

# Violence Ends In Oil Strike

RICHMOND, Calif., Sept. 16 (AP) Negotiations replaced tear gas and stone throwing today in the stormy CIO oil refinery workers strike.

Mayor R. H. Miller announced that representatives of the striking CIO union and two non-striking unions had agreed to extend indefinitely a "truce" that halted fighting around the big Richmond Standard Oil company refinery.

Across the bay in San Francisco the union and Standard contract talks were resumed.

The union is striking for a 21 cent hike above the pay scale of $1.68 an hour. Standard and the five other major companies have offered 12½ cents. Negotiations between the union and other companies have temporarily recessed at the union's request.

**Violence Flared**

Violence broke out in the 12-day-old strike Tuesday when AFL boilermakers and independent machinists attempted to enter the Standard refinery. Pickets fought with police, the strikers throwing stones and police using tear gas. Several persons were injured sufficiently to require hospital treatment.

A temporary peace was arranged yesterday and this was extended indefinitely at a meeting called later by Mayor Miller. He said promises to maintain order were given him by O. A. Knight, international president of the CIO union, P. Howes, business representative of the Independent International Association of Machinists, and H. E. Patton, international representative of the AFL boilermakers union.

No announcement was made of what was planned for non-strikers who have been in the Standard plant since Tuesday. They refused yesterday to leave the plant when offered a chance by CIO pickets.

## Mexico Celebrates Independence Day

MEXICO CITY, Sept. 16. (AP)—Mexicans by the thousands lined the streets today for a display of national military might on this 138th Independence anniversary.

The capital, like other cities throughout the nation, was decked with flags. Parades, participated in by troops, sports organizations and unions, drew throngs.

Last night President Aleman, flanked by diplomats and high government officials, stood on the central balcony of the palace and struck the bell rung by Father Hidalgo when he called together natives and started Mexico's War of Independence against Spain in 1810.

**LEWIS NOMINATED**

WASHINGTON, Sept. 16 (AP)—John L. Lewis has been nominated without opposition for re-election to the presidency of the United Mine Workers, the union reported today.

## Even Democracy Has Shortcomings

OSAKA, Japan, Sept. 16. (AP)—Mrs. Hisae Hashimoto tried twice today to break a thousand year old ban on women climbing the sacred Buddhist mountain of Nara Omine.

But each time irate men forced her down before she reached the top.

Ancient monks barred women as unclean from the mountain centuries ago.

Said Mrs. Hashimoto:

"I can't understand how in this day of democracy they do not grant equal rights to women. I believe, however, the time is coming when women will be able to climb this mountain openly."

Jeered the men:

"Even democracy does not make women clean."

## Actress Remains In Coma For Tenth Day

HOLLYWOOD, Sept. 16. (AP)—Movie Actress Rita Johnson was in a coma for the tenth day at St. Vincent's hospital as her personal physician Dr. Lee Siegel, declined to comment on her chances for recovery.

Miss Johnson, is suffering from a brain injury and an operation was performed to remove a blood clot. She suffered the injury, police believe, as a hair drier fell on her while she was getting ready to accompany a friend to an afternoon cocktail party. Authorities have ruled out the possibility of foul play.

**Take Off Ugly Fat With Grape Fruit Juice Recipe**

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active.

# Ethiopian Minister Receives Apology For Meeting Incident

WASHINGTON, Sept. 15 (AP)—"Profoundly humiliated," an organization of scientists has expressed its great regret to the Ehiopian minister for a "shocking" affront it said the minister suffered at its meeting Monday night.

The diplomatic official, Minister Ras H. S. Imru, was invited to the centennial meeting of the American Association for the Advancement of Science at Constitution hall, but left after an usher asked him to move from a section reserved for diplomats.

**Responsibility Undetermined**

The association, which said in a statement last night that the usher had acted at the instruction of an unnamed lady, released a letter of apology it sent to the Ethiopian legation after learning of the incident yesterday.

The association said it was unable to determine responsibility for "this grave occurence." The manager of the hall declared that the Daughters of the American Revolution—which owns the auditorium—had nothing to do with the usher's action.

The hall has been the center of previous controversy over a policy which bans concerts by negro artists except for charitable affairs, but manager Fred Hand pointed out that the D. A. R. does not segregate audiences in the hall.

**Traditions Violated**

The scientists' association said the incident was brought to its attention by a Yugoslav diplomat, who had witnessed it. The letter to the Ethiopian minister spoke of the association's "acute embarassment" and deep chagrin" and continued:

"We were entirely unaware of this grave occurence, which is the more shocking since it violates all the traditions of science and of our organization and so profoundly humiliates us."

The letter was signed by the group's president, Dr. Edmund W. Sinnott of Yale.

A legation official said it had not been decided whether to carry the matter to "higher levels." He said it might be dropped entirely, but added that Imru was profuondly shocked by the incident."

## Pioneers In Love Have Thorny Path

MIKAMO, Japan, Sept. 16. (AP)—Police tried to stop farm boys and girls from dancing in the fields.

"It is indecent," said the cops, "for young folk to clasp each other in their arms in the open like that."

One youth retorted that policemen "have heads as tight as stoves."

The issue was taken before the police chief, who said:

"If the couple close their eyes and hug each other it is but natural they should get excited. It is dangerous."

But the youths paid no heed.

"In any age," they chorussed, "the pioneers must follow a thorny path."

## Belgians Apologize On Cemetery Issue

BRUSSELS, Sept. 16 (AP) — Two real estate firms which demanded the evacuation of an American war cemetery have apologized, the U. N. embassy says.

The two firms recently served a legal process requiring that the cemetery at Neuville-en-Condroz, near Namur, be evacuated "within eight days." The cemetery contains 12,000 American war dead.

The summons caused such a storm of indignation in Belgium that two government inquiries were ordered after representatives of the corporations were alleged to have refused to apologize.

A Belgian government spokesman said at the time the government might expropriate the land in order to make sure that American military government authorities remain in undisputed possession of the cemetery.

An embassy announcement last night said: "At their own request, the persons responsible for the writ have been received by the military attache on behalf of the ambassador and tendered their apologies."

It was presumed the government inquiries would be dropped now and the writ withdrawn.

## Shallowater Lions Plan Minstrel Show

A negro minstrel show featuring multiple laughs will be presented at 8 p. m. Friday, Sept. 17 in the Community Club House auditorium, Shallowater, by the Shallowater Lions club.

Members of the cast will be 22 Lions club members and seven girls, all of whom are wives of members of the Shallowater Lions club. Directing the show is Mrs. Varina Putman, and interlocutor will be C. H. Brown, president.

## Victim Of Collision Identified As Texan

MOCKSVILLE, N. C., Sept. 16 (AP)—One of two truck drivers killed in a head-on collision near here has been identified by the highway patrol as Tommie Thornhill of Whitewright, Tex.

The patrol identified Thornhill yesterday by checking his truck's license number and with the C. E. Hope Trucking Co. of Sherman, Tex.

# FBI Knows Most Of Angles As Draft Evasion Time Hits Again

WASHINGTON, Sept. 16 (U.P.)—Federal Bureau of Investigation agents have begun checking on draft-age youths trying to dodge Uncle Sam's call to duty.

Prospective draftees will find that the FBI already knows virtually all the angles from past experience. The bureau handled more than 609,000 reported violations of the World War II draft act.

The cases included everything from posing as a "bearded lady" to deliberately blowing off a hand with a shotgun. Of the 16,745 persons brought to trial, 16,173 were convicted.

Convictions through June 30, 1947, brought sentences totaling almost 40,000 years and fines aggregating almost $1,500,000. Most of the cases not brought to trial were closed when the accused complied with terms of the selective service act.

**Many Strange Cases**

FBI agents handled many strange cases under the act. And many odd excuses were offered for failure to answer the call to arms.

A side-show bearded lady in Detroit was found to be a man who had not registered for the draft and a Staten Island, N. Y., man said he didn't know a war was being fought.

One of the most amazing attempts to dodge service was made by a 40-year-old Knoxville, Tenn., insurance man. The night he was classified as 1-A, his left hand was shot off by a blast from an automatic shotgun. He claimed it was a horrible accident, adding, "Well, I guess I'm 4-F now."

FBI agents checked to find he had just taken out an insurance policy which paid $2,500 for the loss of a hand. Laboratory experts found the shotgun would not discharge without touching the trigger, something the Tennessee man said he had not done. He was sent to prison.

Still another draftee was convicted of trying to induce a physician to puncture his ear-drums to make him 4-F.

One youth went to great trouble to fake a drowning. When FBI agents found him a year later, it turned out he was physically unqualified for service. He was fined $500 and given a five-year suspended sentence.

FBI agents were painstaking in their search for evaders. One pursuit led to Alaska, where agents followed two men through wild country for three days in a small airplane. They finally caught both men because moose, which fear man, kept watching them.

The claim of an Alabama family that three boys were too young for the draft was shattered by FBI laboratory experts. The parents submitted the family Bible as proof of the birth dates of the three boys. But the experts proved it had been artificially aged and could not have been published before 1939. The whole family received four-year sentences.

# Jap Hermit Has Been Ringing Bell On Hour For 40 Years Because He Missed A Train

TOKYO, Sept. 16. (AP)—A hermit sculptor has been kicking the gong around—every hour, on the hour for the past 40 years—because he once missed a train.

The Japanese of Kasama village, 60 miles north of Tokyo, declare solemnly that this is true. They say that aging Toyomi Miura never has faltered in his self-imposed task—sounding a gong every hour of the day and night.

**Changed Situation**

In 40 years, Miura hasn't slept more than part of an hour at a time, the villagers say. Such things happen in the orient.

It seems that 40 years ago, Miura hurried to the Kasama station to catch a train on an important journey. He was a few minutes too late. Great trouble resulted. (Just what the apparently tragic consequences were, none could say.)

Many tragedies and comedies resulted from the villagers' failure to check the time in those days. Anyway, Miura decided he would fix it.

"I'll sound a gong and tell the people the correct time," he was supposed to have said. "All must know the hour."

**Time Signal Honored**

At first, the townsfolk considered him crazy. But later they came to rely on his time signal. They voted him an appropriation —20 yen a month, $5 U. S. on the exchange at that time.

Came the war and the militarists demanded that all bells and gongs be surrendered for production of warships and cannon. But Miura stoutly refused to chip in with his booming alarm clock:

The sculptor is 67 now. He's a bachelor, and doesn't take to visitors. About all the villagers hear him say is:

"I'll sound the gong so long as I live. The gong is a living thing."

# Man Earns Living Dynamic Way

CINCINNATI, O., Sept. 16 (U.P.) Capt. Leo Simon, who makes his living by twice daily crawling into a packing case with a stick of dynamite set to go off, has the Coney Island amusement park superintendent worried.

Twice in one week Capt. Simon blew himself uncohscious.

Each of the episodes was followed by the sight of stretcher-bearers and that's bad publicity, the park superintendent believes.

Simon says it's not the concussion which knocks him cold. He works on a platform and occasionally the blast rips a board loose and he gets hit.

The captain doesn't see anything particularly dangerous about his stunt and freely gives away its secret.

"My head," he says, "is only six inches from the dynamite. That's why I'm safe. I'm in the center of a vacuum. If I were three feet away, the blast would maim me."

After six months of playing around with explosive dynamite, he says the blast is still a "terrific shock."

Simon, who is deaf and never hears the explosions, is also an accomplished high diver, parachutist and wing-walker.

MOUNTING PURGE IS REPORTED

# Anti-Reds Seeking Refuge In Germany

(By The United Press)

BERLIN, Sept. 16—At least 125 anti-Communist political leaders in the Soviet sector of Berlin have requested sanctuary in the western sectors to escape a mounting Communist purge, American sources reported today.

German sources said an estimated 25,000 specially trained German police of the Seydlitz army captured at Stalingrad either have arrived or are being sent into the Soviet zone to complete the purge outside Berlin.

**Orders Are Issued**

Communist police, both in Berlin and in the Soviet zone, are under orders to eliminate or suppress all opposition groups, these sources said.

Fugitive Germans arriving from the Soviet sector said they had been warned that a major round-up of anti-Communists will be carried out later this week.

British authorities, receiving reports of the proposed raids last Tuesday, placed military police on a nightlong alert to prevent the raiders from entering the British zone.

Paul Markgraf, Soviet sector police chief, urged his Communist police to continue the attack against 'Fascist reactionaries and warmongers"—Communist labels for non-Communists.

**More Police Arrive**

Five thousand Moscow-trained police of the Seydlitz army have arrived in Brandenburg province around Berlin and another 20,000 are arriving in other Soviet occupied provinces, German sources said.

Other reports in the British licensed Telegraf said Soviet authorities had withdrawn large quantities of stored German tank ammunition from a former German army dump near Schwerin in the Soviet zone.

The tank ammunition was placed aboard railway cars and shipped to an unknown destination, the paper reported.

In addition to the Germans seeking haven in Berlin's western sectors, others have fled their homes to find refuge with friends in the Soviet sector, German sources said.

## Weather Is Fair Over Texas Today

(By The United Press)

Generally fair weather prevailed over most of Texas today with some scattered thundershower activity in the middle coastal region between Corpus Christi and Houston.

Yesterday was one of the warmest days in several days with Bryan and Texarkana reporting 94 degrees. Readings in the lower 90s were common.

The lowest maximum was 83 degrees at Lubbock although some points in the highlands west of the Pecos reported readings in the 76-78 degree range. The overnight low was 56 at Junction with Galveston's 75 degrees the highest minimum.

No precipitation of any consequence was reported during the last 24 hours with only traces along the coast and lower valley areas.

## Plainview Women Hurt In Accident

Local hospital attendants reported as good this morning the condition of two Plainview women who suffered injuries about 2:10 p. m. Wednesday two miles south of Monroe in a car overturn accident.

The accident occurred when a car driven by Joseph Condie Owen, jr., 20, of 1507 Galveston in Plainview, overturned one and a half times when a left rear tire blew out, according to state patrolmen. Injured were his mother, Mrs. Anna Brooks Owen, about 40, and an aunt, Mrs. Fannie Brooks Richey, about 45. Both were taken to Lubbock Memorial hospital for treatment.

Mrs. Richey, the most seriously hurt, suffered a fractured vertabrae in the neck and numerous bruises, contusions and lacerations, particularly on the arms and shoulders.

Mrs. Owen had no known fractures but suffered a cut on the forehead which required sutures, and also had a number of bruises and lacerations. Neither of the women suffered from shock, hospital authorities said.

## Truman Endorsed By CIO Textile Union

NEW YORK, Sept. 16 (AP)—Endorsement of President Truman for re-election was announced yesterday by the executive council of the CIO textile workers union.

The union, which claims 450,000 members—a fourth of them in the southern states—said it will back up the endorsement with "intensive ward and district work in all textile areas."

## Rites Set Today For Brownfield Woman

BROWNFIELD, Sept. 16. (Special)—Last rites were to be read at 3 p. m. today in First Methodist church here for Mrs. Billie Louise Riley, 35, a resident of Brownfield for 23 years who died Tuesday evening in St. Mary's hospital at Lubbock. Rev. H. W. Hanks was named to officiate, with Rev. Lynward Harrison scheduled to assist.

Mrs. Riley died from injuries received Sept. 6 when the car in which she was riding with her family was in collision with a truck on the Lubbock-Tahoka highway south of the Woodrow community. She was a mail carrier on a Brownfield rural route at the time of her death.

Survivors include the husband, Ernest L. Riley; a son, Malcolm Dwayne Riley; a daughter, Joyce Riley; and her parents, Mr. and Mrs. C. A. Duncan, all of Brownfield.

Pallbearers will be Malcolm Scales, Nolan Jayroe, Herbert Chesshir, James H. Dallas, Jim Quinton, and Howard Davis.

**CHARGE IS HURLED**

BATAVIA, Sept. 16. (U.P.)—Republican Premier Mohammed Hatta accused the Indonesian Communist party today of attempting to overthrow the Republican government.

## Dream School Would Prepare Its Pupils For Happy Life And Not To Earn Living

By HAL BOYLE
Associated Press Staff Writer

NEW YORK—If I had a son . . . if I had a daughter . . . I'd like them to go to a school that doesn't exist.

It is a school I wish I could have gone to when I was a child.

To begin with I would have one teacher for every five or ten pupils. Their job would be to try to create in the schoolroom the friendly, cooperative atmosphere that is found in the highest type American home.

Perhaps in that way they could learn something worth bringing home and teaching their own parents.

The object of this dream school wouldn't be to prepare the pupil for a job. It would be to prepare him to live a happy life with his fellow men. There are plenty of good technical schools he could go to later to learn how to earn a living.

**Would Be Coeducational**

My school would be coeducational. It would have a dormitory, and once a week the pupils would sleep there. They could stay up late, too, and tell stories and play games.

From kindergarten on they would be taught that the finest career possible is matrimony. I would try to disillusion the little boys from the idea that marriage is only a sissy thing for women and children.

At my school there would be the triple goal of educating heart, head and hand. The key word would be "togetherness."

**Cook Own Meals**

The children, boys as well as girls, would cook their meals in the school lunchroom. The different classrooms would take turns doing the cooking, dishwashing and waiting on tables. (There would be no tipping the waiters either!)

There would be napkins and table cloths, and they'd have the excitement of dining out—and learn proper table manners the easy way.

In my school every child would make at least one speech, write one poem, draw one picture and perhaps act in one play each month. And sing many, many songs. He would be expected to learn to play a musical instrument, and if he'd rather hum through tissue paper on a comb than violate a fiddle—why, that'd be just fine. The only purpose of the music anyway would be to make him feel good.

## Sauerkraut Day Is Slated In Illinois

**FORRESTON, Ill., Sept. 16. (AP)—Two tons of sauerkraut and a ton of wieners were the main fare in "the world's largest free meal" planned today for some 35,000 visitors at the 29th annual sauerkraut day.**

**Today was a virtual holiday for most of the residents living within a 50-mile radius of Forreston, a community of 1,000 population in northwestern Illinois. An all-day entertainment program was arranged.**

**Forreston is not a cabbage growing center but its citizens are almost entirely of German descent.**

**Doris Vietmeier, 16 year old blonde, was chosen "sauerkraut queen" by film actor Glenn Ford.**

## Andrews Well Permit Sought

Stanolind Oil & Gas company has filed an application with the Railroad Commission of Texas, requesting a permit to start drilling by September 19, on its No. 1 Frank Cowden, as a 5,400-foot wildcat in south-central Andrews county.

The prospector will be 660 feet from south and west lines of section 3, block 43, TP survey, T-1-N. It is just inside the south line of Andrews county, from the north side of Ector county, and is 28 miles northwest of Odessa.

The projected destination of 5,400 feet is expected to take the venture into the middle Permian formation.

**Parker Extension Seen**

Esperado Mining company No. 1 J. E. Parker, central Andrews county wildcat, one and one-half miles northwest of the Parker field, and 1,980 feet from south and 660 feet from east lines of section 2, block A-43, psl survey, drilled to a total depth of 4,750 feet in San Andres-Permian lime.

It did not log any indications of possible production below 4,705 feet. The venture is now plugged back to 4,705 feet, and operators are preparing to treat the horizon above that point with acid.

The section to be treated had bailed clean oil at the rate of one barrel per hour on a recent test, and interested observers think there is a fair chance that the prospector can be completed as a producer, and an extension to the Parker field.

**UN LEADER ACCUSED**

MOSCOW, Sept. 16. (U.P.)—Yakov Victorov, foreign editor of Pravda, today accused United Nations Secretary General Trygve Lie of "taking sides with the Anglo-American bloc" against Russia in the United Nations.

Victorov asserted that Lie's report to the United Nations "corresponds to the interests of the peace and security of nations."

# Seaman Confesses And Houston Police Look For Bank Robbery

HOUSTON, Sept. 16. (U.P.)—Houston police had a new job all mapped out for themselves today—finding a bank robber.

They already had the robber.

A 24-year-old Houston merchant seaman gave himself up at the sheriff's office yesterday. He said his name was Walter Blair, and that he had decided to confess he was "the trigger man in a New Orleans bank robbery eight or nine months ago."

**Blair Little Hazy**

Blair was a little hazy, though, when it came to remembering which bank, the name of two companions, or how much loot they carted away. He signed a written confession, but it couldn't be substantiated by New Orleans police.

Investigator Jake Colca talked to Chief of Detectives Joseph S. Heuering of New Orleans by telephone.

The detective said New Orleans, luckily, had been without any bank holdups lately, but there had been "a number" of robberies of loan companies, which in New Orleans often occupy buildings that look like banks.

**Robbers Get Drunk**

After signing a waiver of extradition to Louisiana, Blair told police, "we all got drunk after the robbery and when I came out of it the other two men and the money were gone."

Police records showed the man is under a two-year suspended sentence for auto theft last December. He was held in the county jail on a vagrancy charge, marked "hold for New Orleans."

## Houston Man Held In Fatal Stabbing

HOUSTON, Sept. 16. (U.P.)—A 27-year-old Houston man was held in jail today; charged with the fatal stabbing of a preacher's son after a minor automobile accident last night.

Dead was Willie J. Kitchens, 19, who collapsed after walking two blocks from the scene of the street fight. He was stabbed two times in the groin, police said.

The youth was identified as the son of Rev. and Mrs. William D. Kitchens of Houston. The Rev. Kitchens is an Assembly of God evangelist.

Walter Irvin Tippit, whose car was involved in the collision with one driven by Kitchens, was jailed and charged with murder.

He told police he drew his knife and stabbed Kitchens when the youth threatened to shoot him. When Tippit turned to walk away, he said, Kitchens and a man riding with him both "jumped" Tippit.

"Kitchens hit me in the head with something, knocked me down, and kept telling me he was going to shoot me," Tippit stated. "Then he jumped on me again, with the other man, and I hit him once with my knife."

The other passenger in Kitchens' car was not located by police.

Kitchens is survived by his parents, his wife and one daughter, all of Houston, and a brother who lives in Dallas.

## GOP Candidate

three miles west of Aledo in Parker county. His first job was clerk of the roadmaster on the Texas & Pacific railway at Aledo and the pay, he said, was $1.50 a day.

Later he worked for a bank in Oklahoma. He went into the oil business in 1921. He is rated as a highly successful independent operator, and was the first president of the Texas Independent Royalty Owners and Producers association.

Zweifel said Porter would make a strong stumping and radio campaign. He will not retire from his job as Texas director of the Dewey-Warren campaign.

The kindergarten belle wears a pint-size tailored shirtwaist with prim collar and fine tucking on a set-in yoke. Both designed by Judy Kent.

## Young Kansas Man Advertises For Wife -- One With $20,000

KANSAS CITY, Kan., Sept. 16 (U.P.)—Alex Pierre Jackson, 22, advertised for a wife today. One with $20,000.

Jackson said in an ad in a weekly paper that he could cook excellently and that he could dance all the fancy steps.

But, said the advertisement, he needed a mate with the "long green" so he could get back into glamour photography.

The advertisement said:

"Wife wanted. I need money to enter the business of glamour photography. Do you need a husband who can cook excellently, dance divinely, an excellent horseman? I'm 22, native of Paris and widely traveled. I speak English, French and Italian fluently. I'm five feet, 11 inches, weigh 165 pounds, with burly brown hair and blue eyes. I'm considered nice looking."

Alex Pierre Jackson makes his home now at Wadsworth, Kan. He explained today that his ad was motivated by the fact he was broke.

He estimated he needed $20,000 to get into the business of taking the right kind of glamour pictures. That was more important, he said, than glamour on the part of the lady.

Russian planes.

(In San Francisco, the Shepard lines west coast manager, F. C. Minnis, boiled the whole thing down to a "routine report." He said the Moses Brown was in an area where illuminating a ship for purposes of identification happens often.

(The freighter was following the normal route for shipping between Russian areas in north Korea and Sakhalin.)

**OLD CHURCH GOES MODERN**

LENOX, Mass. (U.P.)—John W. Gilmer, 73, who hand-pumped the organ at the Church-on-the-Hill (Congregational) for 61 years without missing a Sunday, doesn't have to do it any more. The 142-year-old church has been electrified.

## Air Parcel Service Abroad Will Begin

HOUSTON, Sept. 16 (U.P.)—International air parcel post will be inaugurated from Houston Saturday, Postmaster Granville Elder announced today.

## Movie Comedian And Wife Are Separated

LOS ANGELES, Sept. 16 (AP)—After 28 years of marriage, Movie Comedian Hugh Herbert and his wife, Rose, have separated and one of them may institute divorce proceedings soon.

Abram Robert Simon, attorney for the 61-year-old actor, said negotiations were underway for a property settlement. Mrs. Herbert, he said, is in Fort Worth, Tex., having gone there late last year. The Herberts have no children.

**DOGS TAKE IT BETTER**

ELIZABETH, N. J. (U.P.)—Health Officer George E. Laubach said dogs brought to fire headquarters here for vaccination against rabies took their medicine bravely with scarcely a whimper. The dogs' masters, on the other hand, stood by nervous and jittery.

were planning to exhibit some animals to attract customers to their new sweet cider stand here. He said the other men, who operated an animal exhibit on the east side of Marshall, objected to the Stocktons' plan on grounds it would hurt their business.

## San Antonio Man Is Shot In East Texas

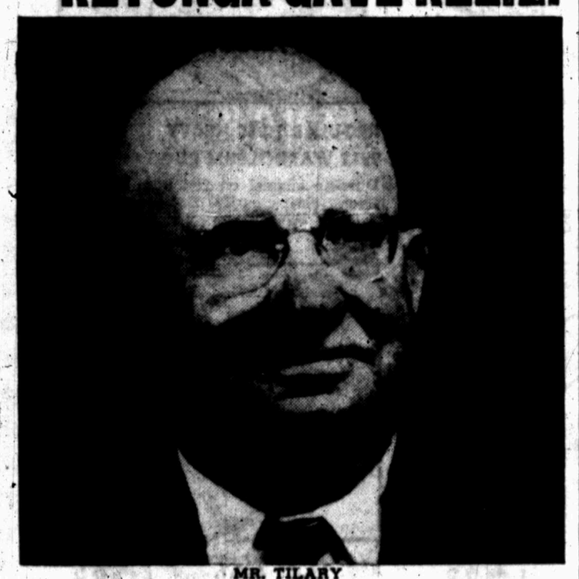

HALLSVILLE, Sept. 16 (AP)—A San Antonio man was shot to death and a father and son were wounded in a business dispute here late last night.

Harrison county Sheriff Barry Rosborough said the dead man, shot eight times, was identified through papers, as Finley Jack Graves, 35, of San Antonio.

The sheriff said Jack Stockton, Sr., 41, of Longview, shot Graves in self defense. Then, he said, Stockton and his son, Jack, Jr., 23, were ambushed and wounded.

The sheriff said the Stocktons

MISERIES STARTED AFTER EVERY MEAL; RETONGA GAVE RELIEF

MR. TILARY

Food Seemed To Lodge In His Chest And He Suffered Tortures From Acid Indigestion, Sour Stomach And Restlessness. Now Feels Like Real Self.

"I feel so much better I just had to tell you so," states Mr. John A. Tilary, highly respected citizen and home-owner of 1010 South 17th St., Waco, Tex., in a letter to the Retonga Medicine Company. Mr. Tilary was born and raised in Lamar County, Tex., but has lived in Waco for the past 16 years. He gratefully states:

"Just as soon as I ate a meal, my troubles started. I would suffer the worst kind of distress from acid indigestion. Food seemed to lodge in my chest and I would spit up much that I ate. Gas on my stomach seemed to build up so that at times I thought the pressure would cut off my breath. I just had to quit eating supper at all, because I would suffer so much during the night that I couldn't seem to get any sleep. Nothing I tried seemed to give me any relief and I was beginning to think I was at my row's end.

"So many people recommended Retonga to me that I gave it a trial. And the real relief that it brought me makes me awfully glad I took their advice. I eat three square meals a day now and don't suffer as I did. I can sleep good and restfully at night now and I'm feeling more like my real self again. I've told many of my friends how much Retonga helped me and I believe that anyone suffering as I did will be as grateful as I am for Retonga if they will just try it."

The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to bring you relief, your money will be cheerfully refunded. You can get Retonga at all good drug stores.—Adv.

TODAY'S POME

In our opinion

Which reminds us that the fellow who marries to dodge the draft is simply making a choice of whether he prefers to be bossed by a top-sergeant or a wife!

* * *

ONE of the most cherished of our current pet peeves is directed at the company which makes our favorite cigarets.

This company again is encasing its packages in cellophane, cleverly stuck up so you first have to pull a strip off around the top before you can begin to commence to wrench the rest of the cellophane off.

As far as we are concerned, they might just as well sell their product in a tin can, without an attached can opener.

* * *

With cigarets going up in price as the result of recent sweeping wage increases in the industry, it seems to us that one way to keep costs down would be to quit the cellophane wrapper.

We recall quite well the war years, when all cigaret companies had to fore-go cellophane wrappers because some of the ingredients in cellophane were used to make B-29s, ack-ack guns, gum boots, or submarines. We also recall that nobody seemed to care. People bought cigarets sans cellophane and howled like sin when they couldn't find any.

We remember seeing long lines of people standing in front of cigaret counters waiting to buy cigarets without cellophane wrappers on the packages.

We haven't seen any such long lines of expectant purchasers since the "iron wrappers" went back on.

* * *

WE'VE always thought that the people who run movie theaters were in a class by themselves when it came to doing everything they could think of to make their patrons unhappy, such as selling popcorn, peanuts, candy bars, etc., so that people chomping them could worry others who came to see the show, rather than to catch up on their calories. But it appears that at least one cigaret manufacturer has decided to follow the lead of the movie theater boys and throw at least one difficulty in the way of the customer.

Maybe there are such people, but we've never heard a guy say "I smoke Stinkerino cigarets because they are wrapped in cellophane," or because "they are in a pretty package," or because "their radio programs drive the intelligent listener wild by monotonous repition of parts of the alphabet."

The cigaret manufacturer who makes a cigaret most people think is better smoking is the guy who's going to get the grapes.

He's not going to get rich fixing his packages so getting the cigarets out is a job for an experienced safe-cracker!

Sudden Thought: It may be we've already had the "next" war—the next to the last one, that is.

That Man on Avenue Q says if Henry Wallace should start saying two-plus-two equals four, he'd begin to doubt arithmetic.

"Why be logical and reasonable," snarled the Office Grouch the other day, "when it's a lot more fun to be emotional and prejudiced."

* * *

A COUPLE of months or so ago, a man marched militantly into our office, introduced himself and proceeded to tell us that he and his family were leaving Lubbock and were darn glad of it.

Having met a few people who would kick if they were hung with a new rope, we weren't particularly surprised. Some folks don't like fried chicken, whipped cream, or even ham and eggs. Therefore, it is not surprising that you find a fellow, once-in-awhile, who doesn't like living in Lubbock and would rather live somewhere else.

We were interested, however, in the man's reasons for disliking our city, so we engaged him in rather lengthy conversation on the subject.

Boiled down, his squawks covered three major points:

1. He hadn't been able to find living quarters to his liking for the price he wanted, or could afford, to pay (a condition which applies to many people under current conditions).

2. Nobody seemed to be interested in helping him find the sort of living quarters he wanted; or in becoming friendly with him and his family.

3. A banker had declined to make a loan to carry out a business plan which the man thought would make him rich but with which the banker was unimpressed from a commercial standpoint.

In short, the guy had a hate on Lubbock and everything connected with it.

We told him we thought he was wise to leave.

* * *

A week or so ago, a young man came in.

He hasn't been here long and he came from a far-removed part of the country where people and living conditions are unlike those here.

He has a modest job, but it's with a good outfit and he sees a good future.

"We're just barely getting by," he said, speaking of himself and his young family, "but Lubbock has been good to us in the short time we've been here and we want to spend our lives right here."

There we interrupted.

"Yes," we remarked, "Lubbock and the people you've come into contact with have been good to you, and one reason they have been good to you is because you've shown your interest in them and in their affairs. You've tried to help things along—organizations and such — and you've been friendly and interested in other people's doings. Lubbock has been good to you because you've shown yourself to be the kind of guy who is worth being good to."

* * *

THERE are many newcomers in Lubbock, with more arriving every day. The same thing is true of Brownfield, Littlefield, Lamesa, Levelland—every community in these parts. So we pass these two true stories along, for whatever the information may be worth.

Newcomers in any city, whether it be Lubbock, or Saginaw, Mich., will find their neighbors will react toward them in pretty much the same way they react toward their neighbors.

The individual, or the family, which shows interest in church, school, or other public affairs in a new home town will cultivate interest in themselves on the part of older citizens. Those who make the best of the often difficult job of sinking new roots into new communities, will attract friendly and helpful reactions from those around them.

The fellow with a chip on his shoulder needn't be surprised to find that the people he meets have chips on their shoulders; the fellow who wants to get along with others will find that others want to get along with him.

* * *

"The truth is great and shall prevail," says an old proverb — but it doesn't say when.

BY DREW PEARSON: BISMARCK'S GREAT GRANDSON ORGANIZES REVOLT AGAINST U. S.

# Harriman Makes European Nations Aid Germany

WASHINGTON—An insignificant news item appeared in the press recently to the effect that Baron Heinrich Von Einsiedel, great-grandson of Bismarck, had been arrested in the western zone of Germany. Behind that news item is a story that goes to the root of our trouble in Germany. Actually U. S. and British intelligence had been trying to catch Baron Von Einsiedel for months. For this descendent of Germany's great hero has become one of Russia's most effective Communist agents.

PEARSON

The story has never been told, but Von Einsiedel, captured at Stalingrad, is considered the real genius behind the "free Germany committee" which the Russians organized from the surrendering Nazi army at Stalingrad. Field Marshal Von Paulus and General Von Seidlitz were the front men for this German army which collaborated with Russia, but the grandson of Bismarck was the backstage braintruster.

Since then, he has played hand-in-glove with the Communists. A Nazi aviator during the war, awarded the iron cross both first and second class, his prestige in Germany is great.

When caught in the western zone of Germany he was actually organizing Germans for "freiheit tag"—"liberation day"—in an effort to get the western zone of Germany synchronized for an uprising against the British and Americans. Significantly, he was sent into the western zone just as the Moscow talks began, which indicates what the Russians really thought of the Moscow conversations.

Note—Von Einsiedel was sentenced to six months in jail for carrying fake papers. Wonder what U. S. officials will do with him when the six months are over—let him go back to Russia?

* * *

**Rebuilding Germany**

It hasn't leaked out, but Ambassador Averell Harriman has been cracking the whip over the 16 Marshall plan nations to make them cut aid to western Europe in favor of increased aid to Germany.

At first the 16 Marshall plan nations refused to make this cut in their own reconstruction plans. They told Harriman the U.S.A. was setting the stage for the next world war by betting its money on the untrustworthy Germans, who are likely to make another deal with Moscow—after we rebuild them.

At first, Ambassador Harriman agreed. He knew U. S. military chiefs had warned that in case of war they would have to evacuate Germany, leaving German factroies, rebuilt by us, as lush prizes for the Russians.

However, Harriman had no choice in the matter. ECA boss Paul Hoffman, who in turn takes his cues from Secretary of Defense Forrestal and the banking group that wants to rebuild Germany, ordered otherwise. So Harriman flew to Brussels, Paris, London, whipcracked enough governments into line to put across the Hoffman-Forrestal plan for a reconstructed Germany.

Note—It was Forrestal's banking firm which made heavy loans to German munitions-makers shortly before Hitler came into power. Chief difference between today and the 1930's is that, though Forrestal is still masterminding loans to Germany, they are now made not by his banking firm but by the U. S. government.

WHEN President Truman visits Dexter, Iowa, this week his official escort will be a mounted drill team of teen-aged youngsters who have organized "the flying hoofs." The youngsters own their own horses, have rehearsed a special drill for Truman called "the presidential." . . . With the civilian population hungry, the American airlift is now flying champagne into beleaguered Berlin—for the French. American flyers say they can't help it since 25 tons daily is allotted to the French and they can import anything they want . . . G. O. P. political leaders in Washington state who don't love teamsters' boss Dave Beck say that Governors Dewey and Warren will have to decide pretty soon whether they are going to stick with Beck or with Republican ex-governor Arthur Langlie. Beck and Langlie have fought like cats and dogs . . . Myer Dorfman of St. Paul is slated to be the next president of the Jewish war veterans.

**Truman Meets Sons Of Italy**

President Truman showed plenty of fire against Tom Dewey when he discussed Italian colonies with a delegation of American sons of Italy the other day. Angrily, he accused his Republican foe of "playing politics" to win Italian-American votes.

"I'm leaving Italian colonies in the hands of the State department," he told his Italo-American callers. "I'm not going to be influenced by Tom Dewey, who is trying to make a political football of the issue."

The President did not know that one of his callers, Francesco Palleria, president of the New Jersey sons of Italy, was a Dewey elector. And from the way he talked it wouldn't have made any difference if he had. The New Jersey Republican grinned but said nothing.

"I think you know where my feelings and the feelings of most Americans lie," Truman said. "We are doing everything we can to help Italy and have spent over $2,000,000,000 a year on Italian aid in the last few years. That should provide a pretty good clue as to where we stand on the matter of those African colonies."

At this point George J. Spatuzza of Chicago urged:

If Italy is given her rightful trusteeship over the colonies, it will encourage the Italian people to fight all the harder against Communism."

"I'm aware of that," replied the President. He added that perhaps the best procedure would be to call another meeting of the four-power foreign ministers to settle the African colonies, but that this again was up to the State department.

* * *

ABOUT 3,000 American commies have been kicked out of cushy jobs as labor-union executives, don't want to go back to getting their hands greasy on the assembly lines. They're getting quite restless . . . Robert Bose and Mike Reilly, former White House secret service men—both experts—will take over the protection of Governor Dewey during the campaign. This is the first time a presidential candidate has had a special bodyguard prior to election day. Bose and Reilly are being paid by the Republicans . . . "Housewives for Truman"—lady Democrats traveling in trailers—are getting started this week in a campaign to emphasize the high cost of living, from street corners and market places.

His Regular Quadrennial Emergence

## Preparations Being Made For Final Step In War Of Nerves

WASHINGTON—The final step in the long, painful war of nerves with the Soviet Union over the ruined city of Berlin is now being prepared. In a sense it is a burial stone that is being engraved to marke the end of a tragic era of doubt and uncertainty.

CHILDS

State department experts who have been close to the negotiations are putting together a carefully documented record of what has happened from the very beginning. This will be published in the form of a white book.

The negotiators in the department believe it will prove beyond a doubt that this country has gone to the farthest limits of patience and consideration to end the dispute peaceably. They are convinced it will show any fair-minded person that deliberate Russian obstruction made a peaceful resolution impossible.

This step is being taken with a solemn understanding of what it can mean for the future. That future is darker now than at any time since the end of World War II.

Short of the ultimate calamity, which is the beginning of World War III, events in coming weeks are expected to take more or less the following course. With the end of negotiations, the U. S., Great Britain and France will refer the Berlin dispute to the General Assembly of the United Nations.

* * *

**U. N. To Be Battleground**

The U. N. will then become the battleground as it has so often in the past. Officials here who have followed the whole struggle at close range are convinced that the case of the Western powers is so strong that it cannot help but win support of all except Russia and its satellites.

Thus we shall see perhaps 48 nations lined up against five or six, and that, too, has happened before. The difference this time is that the issue is more crucial than any ever brought before the organization that has struggled feebly to impose order and law on a divided world.

It is for this reason that the split may finally put an end to the U. N. Conceivably, with every nation ranged on the other side, the Soviet could pull out, dragging along the states under her domination. Then the two worlds, which have been held in a frail and uncertain relationship by the U. N., would be in open opposition.

That, mind you, is the hopeful view. It is based on the assumption that the Soviet Union does not at this time want war. And that is a perilous assumption.

* * *

THERE IS, of course, one man who could reverse at least temporarily the present drift toward the brink of the precipice. That is Josef Stalin. One more meeting with Stalin was all that stood in the way of the final break. The results of that meeting may be known before this is in print.

Those who have had the closest dealings with the Russians over the longest period of time are today most pessimistic. And one reason for their pessimism is what happened in the aftermath of the previous meeting with Stalin.

Stalin at that earlier meeting gave the signal for four-power talks in Berlin to settle the basic quarrel over the blockade and the new currency introduced by the Western powers. A wave of hope was quickened in every capital of the world.

But it did not last long. The western negotiators in Berlin found the Russians demanding all or nothing. Never before had the promise of Stalin been so at variance with the performance of his underlings. The only possible conclusion seemed to be that the real intention of Moscow was to bring about failure and that the Kremlin talks were merely a stalling device.

* * *

**Mobs Have Power**

What is so frightening to the casual observer on this side of the Atlantic is that the decision seems to have been taken out of responsible hands, whether Western or Soviet. Rioting German mobs appear to have it in their power to set off the explosion.

The critics who view with hindsight are having a field day. 'If I had only been making the decisions this would have happened" is the theme of the more restrained. At the further extreme, the effort is to make it seem that a mendacious and willful crew led

"WHAT do you think I'm made of — time?" an impatient mother demanded of her five-year-old son, who wanted to stop and examine an interesting toy as he was being yanked along on a shopping trip.

MILLETT

The five-year-old made no answer to the question, yet the wistful look on his face showed he knew the answer. Mothers should be made of time. That's what a child need most.

He needs her to have time to answer his questions fully, instead of wearily brushing them aside.

He needs her to have time to listen, when he wants to talk, and to admire, when he acquires a new skill.

He needs her to have time for companionship with him—not just planned special events, but easy-going moments throughout the day.

* * *

**TIME TO TEACH**

HE needs her to have time to teach him things, to lend a hand when he is trying to do something that is just a little bit beyond him.

But most of all, he needs his mother to have time for shared gaiety, time to be pleasant and ready for fun, instead of being rushed and hurried and irritable.

Maybe mothers aren't made of time. But from a small child's point of view, they should be.

And the mother who gears her life so that she does have time for her children when they are small is more likely to find that when they are grown they have some time for her.

### "Try And Stop Me"

A TOUGH little Wichita youngster of six was scheduled to have his tonsils out, but rebelled at the trip to the hospital. His parents bribed him with a set of boxing gloves and a promise that he could engage in exhibition bouts at the hospital.

The operation was performed and the kid came out of it with a mighty sore throat. He fingered his boxing gloves lovingly and croaked, "I don't remember the name of the fellow who hurt me this bad, but I bet he outweighed me by thirty pounds!"

* * *

ON a road trip of the Brooklyn Dodgers, a rookie discovered four ducks paddling contentedly in his bathtub. Team members assured him that the ducks had flown in through a tenth-story window. "I guess that's right," said the rookie, "but how did they turn on the water?"

## Today's Journal Editorial

**MAINE AS AN ELECTION PROPHET**

Results of the gubernatorial and senatorial elections in Maine this week will add to the headaches of New Deal campaign strategists who already had little to cheer them in their contemplation of Democratic prospects in November.

While no practical person pays any attention to the Republican bromide, "As Maine goes, so goes the nation," election results there in September have been, in some degree, prophetical of the outcome of the national election in November.

A Republican landslide in Maine invariably has been followed by the election of a Republican president. A close contest there usually has foreshadowed a Democratic victory nationally. Not since the Taft-Theodore Roosevelt split in 1912 has the Democratic ticket carried that state.

In view of this record, New Deal bigwigs will have to search most diligently if they discover anything which justifies optimism in Republican majorities this week which ranged upward from 2 to 1.

# Housewives Urged To Go On Five-Day Week By "Expert"

BY ELIZABETH TOOMEY
United Press Staff Writer

NEW YORK, Sept. 16 — Housewives should work a five-day week, get the housework done in the morning hours and not expect constant praise from their husbands for being good housekeepers.

So advises 63-year-old Mrs. Pearl Cole Sherman in "The Bride's Primer."

After 37 years of married life, Mrs. Sherman decided it was time she wrote down some of the free advice on housekeeping she was always handing out to young married acquaintances, so she wrote her first book.

"Always get up in the morning ten minutes before your husband," she writes. Two people trying to get into the bathroom at the same time is just one of the petty irritations that she believes can lead to major quarrels.

Reading the book you get the idea that Mrs. Sherman must have a motto framed and hanging over her kitchen sink that reads, "keep moving."

### Advises Keep Going

She is a firm believer in doing the day's housekeeping chores as soon as the breakfast dishes are done, without taking time out to leaf through a magazine or sip a second cup of coffee.

"Keeping moving at the right pace is vital in successfull housekeeping," she sternly advises brides, "These morning minutes are precious."

Mrs. Sherman doesn't mean that life should be all housework. She has had time to take an active part in several community clubs and to learn to play golf with her husband, Ray. Her two children were born just a year and a half apart, but she insists that the bride who has learned her "keep-moving" lesson thoroughly can adjust her schedule easily when the baby arrives.

Besides general advice, Mrs. Sherman includes plenty of details to help the helpless bride become an efficient homemaker. She reminds her that there are eight corners in every room.

### How Not To Forget

"Four on the floor and four at the ceiling. If you clean the corners of a room," the author continues, "you are pretty sure to clean the middle, but if you start in the middle you may forget a corner."

The weekly wash, done on Monday, comes in for more detailed comment. Besides telling the novices which clothes go in the suds first, Mrs. Sherman explains how they go on the line. "Hang the shirts by the tail . . . undershirts by the shoulder seams . . . dresses by the shoulders, etc."

Tuesday is ironing day; Wednesday is the day "to catch up on all the little jobs that keep a house shining;" Thursday the bedrooms and bath are cleaned, and Friday the living section of the house and the kitchen get a thorough cleaning. That leaves the housewife free "for a two-day holiday with her family."

Mrs. Sherman is no dust-mop Amazon. She weighs only 115 pounds, but she claims all this housekeeping efficiency is just part of a woman's job.

Every child, including those of teen age, should have three to four cups of milk daily to supply the nutrients needed. Adults should drink two or more cups daily.

# Telephone Service Can Wait While Operator Does Chores

INDEPENDENCE, N. Y., Sept. 16. (U.P.)—Miles and miles of wires and cables terminating in a maze of switches and electrical brains are all the average city dweller has in mind when he hears or reads about "the telephone company."

Efficiency-plus is the keynote of telephone service in the city but a more liberal attitude is taken in rural areas.

Here in the hills of Allegany County in upstate New York a telephone conversation may be delayed while the operator is out doing farm chores such as milking the cow or feeding the chickens.

The tiny hamlet of Independence is serviced by the Independence Telephone Co., the central office of which is in the kitchen of a 125-year-old farmhouse.

A few leisurely turns of the crank on the old wall phone sets in the community usually bring a cheery voice saying, "Number please?"

If you should happen to say "Hello, Central," Mrs. Harley Hawks would answer to the name. For she is the switchboard operator and has held the position combined with her duties as farm wife for the past 24 years.

An annual salary of $150 does not warrant her full-time attention to her job as Independence's "hello girl." On such a small compensation she cannot afford to hire a substitute when she has shopping to do in town or has to take her little girl to the doctor.

"Everybody on the line understands how it is, and if anyone calls and wants to get switched when I'm gone, they just have to wait until I get back," Mrs. Hawks said.

Mrs. Hawks sleeps in a room near the kitchen so she will hear night sick calls, if any. Her duties, however, are not too arduous. The bulk of the calls are between persons on the same party line and do not have to be switched.

The switchboard itself is an antique. It doesn't have the familiar bank lights to indicate the incoming calls, but instead has an 1890 ringing panel.

Mrs. Hawks knows the tone of each bell and rarely makes a mistake in plugging in the right line when she has to run from outdoors to answer a call. After 24 years as "bell girl," she can recognize the ring of almost everyone on the party lines.

us into this impasse.

Naturally, mistakes have been made—mistakes of judgment, and serious ones, and wrong decisions. But it is a deep disservice to the country at such time as the present to try deliberately to smear those who have been struggling with the fearfully difficult problem of our time. It is hardly less than a form of sabotage.

## Railroad To Teach Freight Handling

TOLEDO, O., Sept. 16 (U.P.)—The New York Central Railroad has built a "school on wheels" to teach 12,000 of its employes the best way to handle freight.

A 54-seat auditorium and projection room have been built into a remodeled passenger coach. The coach will travel throughout the road's 11,000-mile system giving instruction by movies and lectures.

The purpose of the instruction is to combat NYC's freight loss and damage bill, which totaled about $9,000,000 last year.

# India Prepares To Take Over Hyderabad As Gains Are Made

By MARC PURDUE
Associated Press Staff Writer

NEW DELHI, Sept. 16.—India prepared today to take over the government of Hyderabad as soon as Indian troops, already deep in the princely state, win control.

The Indian government announced the appointment of two provincial officials to be joint civil administrators of Hyderabad, and of other Indian civil authorities.

At the same time, a military communique said spearheads of Indian forces pushing toward the Hyderabad capital from east and west now are only 125 miles apart.

**Zahirabad Reached**

In the west an Indian column reached Zahirabad, 63 miles from Hyderabad City and 20 miles south of a Razakar (Moslem volunteer army) stronghold at Bidar.

Another column rolled past Surlapet, to a point about 60 miles from Hyderabad and its military suburb of Secunderabad.

The appointment of D. S. Bakhle, home secretary of the Bombay provincial government, and D. R. Pradhan, secretary of the Bombay health and land department, as Hyderabad's civil administrators, was announced by V. P. Menon, secretary of the Indian states ministry.

**To Work With General**

They will work with Lt. Gen. Maharaja Shri Rajendrasinhji, commander-in-chief in the south. Menon said A. V. Patro of Madras had been appointed director of Hyderabad's police and that civil administrators had been named for each district of Hyderabad, to be installed as rapidly as the regions come under army control.

He emphasized that the appointments all were of an interim nature, to continue only until the people of Hyderabad decide for themselves what kind of government they want, as well as their future relationship to the dominion of India.

Zahirabad is 60 miles east of Secunderabad, garrison suburb of Hyderabad city.

**Advance Is Made**

Troops rolling through western Hyderabad have advanced nearly 30 miles since they took Homnabad yesterday, the headquarters report said. This places them 120 miles from Sholapur, the point from which the column jumped off at 4 p. m. Monday.

The headquarters spokesman said Hyderabad resistance in the west remains stiff. Troops moving on Hyderabad city from the east also were reported squeezing closer.

Informants in Madras who speculated yesterday that the capital might be reached by today or tomorrow revised their opinions today. They said they thought all the advancing columns would synchronize their movements to ring Secunderabad and Hyderabad before moving in on them. They declined even to hint how long they thought that would take.

**Troops Have Deadline**

They did say they thought the Indian government has laid down a deadline for the troops, who are operating under orders to restore law and order in Hyderabad and garrison the state until its future status and relationship to India is determined.

Hyderabad's ruler is a Moslem. Its populace is 80 per cent Hindu. The ruler has blocked all Indian efforts to bring Hyderabad into the dominion of India.

**GIRL DIES IN FIRE**

ROCKY FORD, Colo., Sept. 16 (INS)—Using coal oil to rekindle the flames in a stove proved fatal today to Alberta Rae Espinoza, 16, at Rocky Ford. The girl was seriously burned yesterday when the inflamable liquid exploded in her mother's farm home southeast of Fowler. She was taken to a Rocky Ford hospital where she died last night.

## Postmaster Solves Problem; Loses Job

MANILA, Sept. 16 (AP)—Postmaster Andres Abella of Cebu had an intricate problem.

He ran out of one cent stamps but he had plenty of two cent stamps. The problem was whether to sell two cent stamps for one cent or force people who needed only one cent stamps to buy two cent stamps.

Abella solved his problem; he cut the stamps in half.

He lost his job.

Long, slow cooking is the rule for mature poultry; and simmer rather than boil.

**SHIP IS FOUND**

MEXICO CITY, Sept. 16. (AP)—The Mexican merchant ship "Ensenada De Bandera," lost eight days ago, has been found off the coast of Mazatlan, officials announced today. Although the crew was suffering from lack of food and water, no casualties were reported, officials said.
