Three Youth Jailed

Two motorcycle incidents and a high-speeding automobile chase resulted in three young men being confined to jail overnight and being fined, according to a local police report.

Friday night a young man was reportedly racing on a cycle with a pickup when he ran a red light. He failed to stop when the officer tried to stop him. After a chase of approximately seven miles, the subject was stopped and brought back into Olton and jailed for the night. He appeared before the city judge the next morning and was fined $152.50.

Sunday night, an attempt to stop a cycle which was reportedly causing a disturbance, was ignored by the rider. Following in pursuit of the speeding cycle, the officer caught the young man, who was also brought to jail for the night. He appeared the next morning before the city judge who assessed his fine at $152.50.

Also Sunday night, an officer was approached by a teenager, who reported having a beer can thrown in his face by another teenager. Both subjects were asked to come in Monday morning and discuss the offense with the police chief.

Monday night, a road block was set up by Lamb County officers to stop a high-speed automobile whose driver was reported to be in pursuit of another auto. Subject was stopped and was jailed in Olton. He was taken to Littlefield Tuesday morning.

Window glass breakage was reported by a local firm to the police Sunday. Police determined either rocks had been thrown at it or it had been shot at, although it didn't break through. Investigation is continuing.

Sue's Views

By Sue Cannon

The little town of Olton sure did look good to me and my two boys last Saturday night!

We had been in the Dallas-Fort Worth area for a week, where I had attended a photographers seminar.

Now, don't get me wrong...I like people, but that place has just a few too many people, all trying to get somewhere quicker than the other one it seems. From the looks of the homes in the area, it seemed to me that each one was trying to outdo the other when it came to building. No one seemed to have time to LIVE.

Then there's slow moving, beautiful Olton. Well, maybe not too beautiful to look at, but certainly beautiful to live in. And of course, that's because of the people who live here.

You couldn't give me the whole cities of Dallas, Fort Worth, Grand Prairie, Arlington and all those other little towns of 25 years ago that have grown into a huge monster.

I'll take the little town of Olton any day! I'd like to see Olton grow a little and certainly not lose any more businesses than we have already lost, but heaven help me, I wouldn't want the same thing to heppen to Olton that happened to the little town down in the Fort Worth area that I used to live in.

Let's keep Olton small and friendly but big enough to meet our needs. We can help by trading with local businesses.

********.

From the tone of Mozelle's column, she was kinda looking forward to getting me back on the job. I don't know if she was really that anxious for me to get back or she just pretended like I was that valuable so I wouldn't leave again very soon.

Anyway, I thought the girls did a great job on the paper. Just goes to show you, you're not as indispensable as you might think.

****

As a mother of two boys who play baseball each summer, I surely hope that everyone will continue to support the program. I would hate to see it die out because we don't have time for our boys.

And I'm just as guilty or maybe more guilty that the next person when it comes to giving time to my boys. But this program is a great program, we have great facilities for them to play on and have had great participation from the boys, so surely we can find in our midst a few that will have time to coach the teams and help out in other ways so that the program will be successful.

Olton's Friendliest Employee To Be Named At Breakfast

Olton's "Friendliest Employee" will be recognized Tuesday morning at the quarterly membership breakfast of Olton Chamber of Commerce and Agriculture. The recipient of the first such tribute paid to an Oltonite will receive a plaque in recognition of the honor.

Breakfast is being sponsored by Frontier Savings and Loan Association. All members and prospective members are invited to attend.

Chamber Manager Frances Redinger announced this week that a good meal and a good program are in store. Musical entertainment will be provided by OHS's FFA Talent Team winners, Naomi Lewis, Jay Harrell and Bart Barnett.

Door prizes will be given. The meeting will be concluded by 8 a.m.

Olton's History To Be Discussed Monday

Persons interested in being a part of preserving the history of Olton and the surrounding community are urged to attend a meeting Monday, April 4 at 7:30 p.m. in the community room of Olton State Bank.

A representative of each early day family to this area is needed to consider proposed plans for a special project featuring Olton's beginning and early years.

Plans also include steps in officially organizing Olton Historic Preservation Society, a group of people dedicated to recording and saving information about Olton pioneers and preserving historic buildings and other features.

Honda Program Discussed By Teachers At Lions Meet

Thirty-five of an active membership of 36 persons were present for Tuesday's regular luncheon meeting of Olton Lions Club. Two new members, Don Russell and Jim Ferguson, were recognized.

Also attending were former club sweetheart Tammy Williams; Miss Brenda Herron of Canada, a former Lions Youth Exchange visitor to Olton; Jackson Ashburn; Lionesses Russell Strain and John Ratliff and special education teachers in H.P. Webb Elementary School, Mmes. Melvin Rape and Bill Gary.

Lion Strain introduced the program of the day with a quip, "This is be kind to your favorite teacher week," and asked Mmes. Rape and Gary to share information about the special education program of Olton schools.

Mrs. Rape explained that Olton is the "O" in HONDA, a co-op program with Hale Center, New Deal and Abernathy. The Plan A program, she said, is for students with language and/or learning disabilities.

Olton schools have five teachers working in special education. Mrs. Carmaleta Barnett is speech therapist; Mrs. Gayle Allcorn has been junior high resource teacher but this year is also working with some high school student; Sandra Hanes works with the early childhood group and Mmes. Rape and Gary with students in grades one through five.

"We try to help people reach their potential," said Mrs. Gary. "We help students who can't cope at some level, those who have a poor self-concept."

"It's a slow process," she said, "but we give encouragement. We don't look at what they can't do, but they can do."

Lion Rape reported that the Boy Scouts had requested permission to conduct a bulb sale later this year as a fund project.

Community Services Set Sunday Morn

Community-wide Easter Sunrise services will be held at 7 a.m. Sunday April 10 in First Baptist Church. All persons in the community are invited to join in the union worship service.

The Rev. Ron Winckler, pastor of Hillcrest Temple, will be speaker. Barry Feriend, music director of First Baptist Church, will direct special song services rendered by a choir composed of persons from various churches in the city.

Coffee and doughnuts will be served in fellowship hall of the church following the worship observance.

Funeral Services Conducted For Mother Of Oltonites

Services were held at 2 p.m. Monday in First Baptist Church for Mrs. T.D. Lewis, 83.

Officiating were the Rev. John E. Lewis, pastor, and the Rev. Ron Winckler, pastor of Hillcrest Temple. Interment was in Plainview Memorial Park under the direction of Parsons Funeral Home.

Mrs. Lewis died Sunday in a Plainview convalescent home.

The former Meta Idell Gore was born Aug. 15, 1893 near Bullard in Rusk County. She was the daughter of a Baptist preacher and moved with her family to a number of East and Central Texas towns during her childhood. She was converted at 13 years and worked faithfully in her church until stopped by failing health.

She and Thomas D. Lewis were married Dec. 17, 1914 in a double wedding ceremony in Coryelle County with her brother, Carroll Gore and Mr. Lewis' sister. She and her husband moved to Williamson County and, in 1925, to Anton where they lived 23 years. They moved to Muleshoe in 1948 and to the Valley View Community in 1950. Mr. Lewis died in 1954.

She was also preceded in death by a son, Jesse.

Survivors include five sons, Thomas Earl of Englewood, Colo., Walter D. of Stratford and Raymond L. Charles E. and Elmer, all of Olton; two daughters, Mrs. Trudy Pointer of Littleton, Colo. and Mrs. Mary Ellen Epstein of Denver, Colo.; a sister, Mrs. Curl Moore of Altus, Okla.; a brother, Spurgeon Gore of Ennis; 19 grandchildren and 10 great-grandchildren.

Summer Baseball Program In Danger Of Termination

Parents of boys who want to play Pee Wee, Little League or Babe Ruth Baseball this summer are asked to be present Wednesday April 13 at 7:30 p.m. in the community room of Olton State Bank. All other persons who are interested in seeing the baseball program continued in Olton are invited.

Olton Baseball Association president Dale Haynes says that other officers are yet to be elected and persons to work in the program are needed. A lack of support from enough persons will spell the doom of the summer baseball program.

New Local Board Member Sought For Organization

According to announcement by Mrs. Joe Chester, board member of Lamb County Community Action Group, voting will be in progress all next week for a new board member representing minority and low income groups of this vicinity.

Appearing on the ballot is the name of Raquel Salas. Space is provided for write-in candidates. Votes may be cast at Lamb County Community Action Center in Olton (in the building formerly occupied by Dr. James Kirkpatrick). Further information may be had by calling 285-2423.

The Clinic will be open 8:30 a.m. to 5 p.m. during the week.

Gun Club Plans Shooting 3rd Sundays

Olton Gun Club will hold shootings each third Sunday afternoon, it was announced this week.

The club is in the process of reorganization and is seeking new members.

Membership fee is $15.00 for the first year and $5 thereafter. Former members who wish to become active again may pay the $5 fee and be a member in good standing.

Everyone is welcome to come out to the shooting range and practice, a spokesman stated.

Blood Drive To Be Held For Burgess

A blood drive will be conducted here Wednesday, April 13 from 1 to 7 p.m. in the agricultural community building.

Persons who will donate blood are asked to participate in the drive. Blood is needed to replace that used by Freddie Burgess during his recent open heart surgery.

Western Store To Open In Olton

The man with a yen for western wear, a style which has reached sophistication and knows no territorial restrictions, will find selections for his choosing at the new J Bar S Western Wear in Olton.

The new business, owned by Johnny Jennings and Susan Rape, opens for business at 9 a.m. Monday, April 4 in the building next door to Martin Pharmacy. Business hours will be 9 a.m. to 6 p.m. Monday through Saturday.

Additional merchandise is scheduled for arrival in the near future but already the new shop has a good selection of men's western wear from student sizes through the large sizes for the big man. Stock includes pants, shirts, belts and buckles, boots and hats.

J Bar S Western Wear will offer well known brands with boots, belts and buckles made by Tony Lama. Western hats by Resistol and Miller Brothers will be stocked. Shirts will be by Tem-Tex and H Bar C.

The ever popular Levi's and Wranglers will be offered in a range of fabrics and styles.

A Miller Brothers hat will be given away. No purchase will be required in order to register and you do not have to be present to win.

Previously rented by L & M Construction and Luster's TV & Radio, the building has been extensively remodeled.

Ceilings have been lowered and new lighting installed. Paneling in rich brown provides a handsome interior complemented by carpeting in colors of brown and orange.

Owners of the new shop invite everyone to stop in to see Olton's newest business and to view their lines of merchandise.

California Woman Killed In Mishap

Jack Loftis escaped injury Thursday afternoon in a car-truck accident near Anton that took the life of a California woman, Mrs. Cecil Lee Brooks.

Driving a grain truck for Olton Grain Coop, Loftis was traveling north on FM 168 when the car driven by the dead woman's husband collided with the truck at the intersection of FM 597.

From Lemon Grove, Calif., Brooks was reported in satisfactory condition late Thursday at a Littlefield Hospital. He reportedly suffered head injuries. The couple's four-year-old son, Joseph, was treat and released. He suffered a broken collar bone, contusions and abrasions.

Examined at a Littlefield hospital, Loftis suffered only minor injuries.

Sounding Board

Have your say. Call 285-2631 and tell us what's on your mind. No names asked.

Should Stay Home

I want to agree with the person who wrote last week to the Sounding Board. I don't like it and I think it's bad for our kids to be turned loose in Lubbock after the banquet is over, without supervision. It's dangerous to take them over by carloads, because of wrecks.

Why can't we have it like we used to - banquets in the school lunchroom. What I really object to is that after the banquet's over, there's no one to supervise them, no one to see they come home.

The weather during the evening of the junior-senior banquet was terrible and there could have been a serious accident with them traveling so far for the banquet.

I just feel that they ought to be held at home.

Your Responsible

Dear Concerned Parent,

I sincerely regret you did not write your letter well before the Band Banquet. My friend, I have faced this situation many times in the last several years and would like to offer a suggestion or two for next time.

If your teen-ager drives a car then either tell your child he can not go, to come home right after the banquet, or know fully his plans for the evening and set a deadline for his coming home. After all he is still your child, and I hope you are in command of the situation.

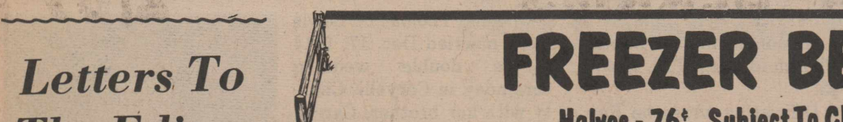

If your youth does not drive then how about loading your car with other kids in the same situation. Take them to the banquet and then on to the show, skating, bowling, or whatever. I know this may interfere with your plans but believe me my friend, all too soon your child will be gone and you will have plenty of free time.

Please don't blame the band director, principal, or school for turning your child loose. You are the parent and you should be the one to supervise. There is really no place in Olton to have a banquet such as this except the lunchroom. Most of the kids go there every day and they are like every one else - they enjoy and deserve a special occasion in a special place.

Not School Function

In answer to the complaint about the school allowing the band to make trips to Lubbock and then turning the kids loose after the banquet without any supervision, this is a Band Parents sponsored affair.

It does not have to have to sanction of the school board or the consent of the administration. It has nothing to do with the school. It is strictly up to the Band Parents Organization.

Letters To The Editor

Dear Enterprise Girls:

I am so sorry for all the deaths and sad reports from up there but I am so happy to keep in touch in a small way with so many of you.

I'm getting lonesome again to come up but can't drive yet for some time. I dressed this afternoon for the first time since Feb. 11. Wish I could have visited with each one that came to see me but guess you all understood.

My love and thanks to all my family and friends who gave to me so liberally of their attention and love in so many ways during my hospitalization. So many blessings come through prayer. Thanks to every one of you for yours. Love to you,

Vernie Campbell

'I Thank God For March'

By Rex Boyles

It happened in March. Summer came charging on, sunshine and green. Winter refused to leave and hung on with frost and a north wind. And in the midst of all the wind and rain and sun and sand Mother Nature gave birth to Spring.

March is a peculiar month. It is neither cold nor hot . . . it is both. It is a month of either frost-bite or sunburn. It is neither summer or winter . . . it is both. It is a month of either sweating or sniffling. It is neither a roaring lion nor a gentle lamb . . . it is both. It is a month of sandstorms or sunsets.

And even though it is a mixed up month of both enjoyment and endurance . . . sand and sun . . . beast and beauty, March is a special month. It is filled with special days, especially birthdays.

In March was born Spring; Alexander Graham Bell, the inventor of the telephone; Elizabeth Barrett Browning, the poet . . . "let me count the ways"; the Girls Scouts of America, more than just cookies; Albert Einstein, the genius; Andrew Jackson, the President. These children of March are famous for their contribution to their world and have made March a special month.

I know of three March children not among that list that have also made contribution to their world, (my world). They have contributed more than phones or programs or poems. They have contributed to my world tenderness . . . of the first sister-in-law; excitement . . . the excitement of the first nephew; warmth . . . the warmth of the second nephew. They are famous in my world for they have given the greatest of gifts . . . love.

I love you Lou, Eddy and Gary. I thank God that you are a part of my world. You also have made March special.

I thank God for March . . .

Rex

Everything But The Kitchen Sink

BY MOZELLE TROTTER

Chalk it up to experience. There's yet another calling I did not miss! Never could I have made it as a female lumber jack!

This enlightening discovery was made a couple of weekends ago although there had been strong indications of it several weekends before.

Seemed such a shame to take a saw to our magnificent Arizona cypress trees but you know the old thing about progress! Some time some thing has to give.

Those tall, pretty trees have through the years grown so that the Trotter back yard was almost virtually sealed off. Nothing very big could get in and vice versa. (Trash, however, was an exception. It can get in but it certainly seems incapable of getting out without the manpower of hauling it out - certainly it does not keep blowing on!)

Anyway, we needed an opening big enough for a small storage house (been needing a storage place for lo these many years because I have yet to learn how to throw away. I may need those old odds and ends some day!) Well, there was no way to get that small building inside that enclosure of trees except to take a deep breath and say "O.K., trees, you gotta go."

Two trees "bit the dust" a month or so ago but a recent Saturday brought the discovery that yet another had to disappear also. So, out with the little chain saw and on with the gloves and the drawing fourth of energy to run the little contraption.

Looked like fun to watch so I conned the Better Half into letting me have hold of the gadget. Was sorta fun, at first . . . that is, if you like saw dust flying in your face and hair and dust crowding into your eyes and ears and nose and small branches making little red notches and gorges in your hide!!

Timber!!!

The tree was downed but then the work began. Getting it into hauling away sizes and pieces and dragging them away. Ah, good exercise!

It was a shame that the trees had to go. We'd nursed those things from tiny six to eight inch babies till they have now become towering "giants" - some surpassing 20 feet in height and others some two or four or more feet shorter.

It's been an unending battle, too. Who would win? The trees and us or the bag worms and spider mites . . . or the young George Washingtons who felled a few "baby Christmas trees" in earlier years.

They've served us well, they have enclosed us from howling north winds, given us privacy of sorts and become a haven for little winged critters (the lovable kind - sparrows and pecan-thieving blue jays).

Such is life. We plant and nurture and tear down. But still in the name of progress - now we have a small building to paint and to clean and for me to fill with my "clutter of the ages."

Needlework Appeals

A pledge in the newly organized chapter of Beta Sigma Phi, Mrs. Ronnie Redinger anticipates finding pleasure and reward from being a member of that international women's organization.

Judy and Ronnie are graduates of Olton High School. Ronnie has lived all his life within a mile's distance of where he and Judy have made their home since their marriage. A graduate of Oklahoma State with a degree in agronomy, "farming is his cup of tea," Judy says.

Although her mother grew up in Olton, Judy had never lived here until her family moved here during Judy's seventh year in school. Olton was always a special place, however, since her grandparents, the L.L. LaDukes, have been longtime residents.

The young Redingers are parents of a two and a half year old son, Colt. A hooked rug for his room is one of Judy's newest projects. The colorful rug will be quite large when completed and features animals and "A,B,C."

All kinds of needlework appeal to Judy. She found lots of satisfaction in embroidering and crocheting on baby things before young Colt's arrival.

Boating is a family pleasure they share with Ronnie's family and something for which Judy smilingly says she's "getting ready." She tried water skiing last year but says she did not "learn to stay up."

The Redingers are Baptists.

SAUERKRAUT SALAD
1 can sauerkraut, chopped
1 green pepper, chopped
1 onion, chopped
½ c celery, chopped
1 sm can pimento, drained, chopped
⅓ c white vinegar
⅔ c sugar

Stir and mix well. Refrigerate overnight before serving.

BANANA PUDDING CAKE
1 or 2 sm ripe bananas
1 pkg (2 layer size) yellow cake mix
1 pkg (4 serving size) Jello brand banana or vanilla instant pudding
4 eggs
1 c water
¼ c oil
½ c finely chopped nuts, optional

Slice bananas into large mixer bowl; beat until well mashed. Add remaining ingredients. Blend then beat at medium speed for 2 minutes. Bake at 350° for 60-70 minutes. Cool in pan at least 15 minutes.

WESTERN POT ROAST

In heavy large saucepot brown on both sides 3 lb beef brisket, boneless round or chuck roast in 1 T. oil. Add 1 cup chopped onions; cooked until golden. Combine 1 cup catsup, ¼ cup Worcestershire sauce, 2 T. each of brown sugar and cider vinegar and 2 tsp. salt; pour over meat. Simmer, covered, until meat is tender, about three hours. Serve sliced with sauce along with onions, carrots and potato chunks, if desired.

Mrs. D. McGill To Be Honored

Mrs. David McGill, nee Miss Carol Ruth Jones, will be honoree at a post nuptial shower Saturday, Apr. 23, in the home of Mrs. Clovis Poteet.

Friends and relatives are invited to call between the hours of 3 and 5 p.m.

12-Year-Old Is Honored

Twelve-year-old Jimmy Kinser was honored Wednesday after school with a birthday celebration hosted by his parents, Mr. and Mrs. Lyndol Kinser.

Seven young friends were picked up along with the honoree at the close of school and driven to Plainview where they visited Miller Flying Service.

In two trips, the young guests were flown to Olton and taken on a circle over town with Jimmy's father pointing out each one's home from the air.

Birthday presents were opened at the airport. Enroute home, the group stopped for double-dip ice cream cones. Attending were Wade Nafzger, Jimmy Morris, Timmy Moore, Leonard Lawson, Bryan Rose, Danny Oursbourn and Randy Goen.

Other guests were the honoree's sisters, Sherree and Krystal; and Mrs. Clois Reynolds and Michelle and Belinda Vick, all of Floydada.

Mrs. Carder Wedding Guest

Mrs. Roy Carder attended the wedding of her great niece Lt. Toma Jan Greathouse to Capt. Edward Irvine Sunday afternoon in First Presbyterian Church of Portales, N.M.

Captain and Mrs. Irvine are stationed at the Airforce base near Phoenix, Ariz.

IN IRVING

Mrs. Joe Chester was a recent guest of her husband's uncle and family, Mr. and Mrs. Garra Brewer and Charles of Irving.

RALPH BELL AND MARGARET THOMAS

June Wedding Planned

Mrs. Juanita Thomas announces the engagement and approaching marriage of her daughter, Margaret, to Ralph E. Bell, son of Mr. and Mrs. William Bell of Hart.

Wedding vows will be exchanged in St. Paul's Lutheran Church in Plainview, June 11. Friends and relatives are invited to attend.

Miss Thomas, a graduate of Olton High and West Texas University is employed as speech and hearing therapist in Hart schools.

Bell, a Hart High School graduate, attended West Texas University and is presently employed with Cable TV in Plainview.

Miss Criswell Honored With Pre-Nuptial Shower

A bridal courtesy in the home of Mrs. Lonnie Smith recently honored Miss Melody Criswell, bride-elect of Mark McFadden.

Special guests were mothers of the honoree and prospective bridegroom, Mmes. Frank Criswell and Royce McFadden. Other honored guests were Mrs. Roy McFadden of Plainview and Mrs. Ernest Jones, grandmothers of the bridegroom-to-be.

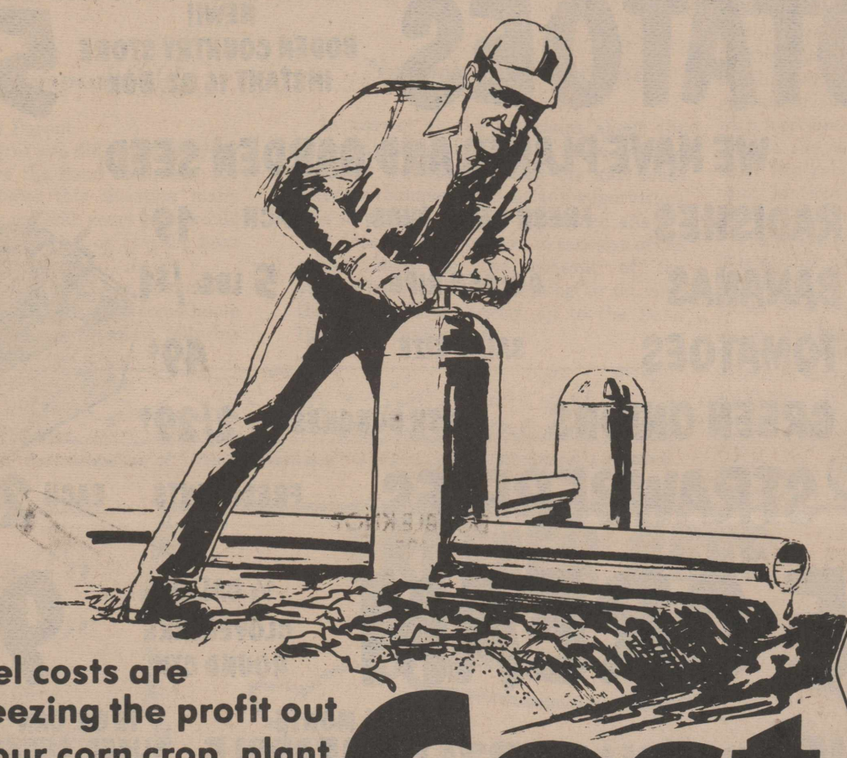

Corsages designed of small kitchen gadgets were presented to the honoree and special guests.

Guests were registered by Miss Melissa McFadden, sister of the prospective bridegroom. Gifts were registered by Misses Carolyn Smith, Judy Quigley, Tanya Morris and Tawni Thompson.

The party table was laid with white lace over white and centered with an arrangement of daisies, Devil's Ivy and baby's breath in milk glass with blue ribbon accents. Blue streamers were lettered in gold glitter with the couple's names.

Serving white cake squares decorated with blue bridal motifs, punch, nuts and mints were Dyana Smith and Melinda Johnson. Appointments were crystal and gold.

Hostesses presented the honoree with selections of her chosen china, Corning ware, broiler-oven, iron and tumblers.

If fuel costs are squeezing the profit out of your corn crop, plant

The Cost Cutter

PIONEER BRAND 3780

One Less Irrigation • Lower Harvest and Hauling Costs • Less Moisture Dockage • Lower Drying Cost • More Income and Profit per Acre

Pioneer brand 3780 improves corn profits four ways. It is an early hybrid that takes one less watering than the hybrids you've been planting. It also dries faster after maturity than other corns. Since it has good standability and ear retention, you can leave it in the field to dry. This means you harvest less moisture, haul less moisture, and have little or no dockage and drying cost.

SINCE IT DOESN'T COST AS MUCH TO GROW, IT CAN MAKE MORE MONEY

In 1976, farmers found that "Cost Cutter" 3780 produced significantly more net income per acre than competitive corns of much later maturity. Though the green weight yield of later maturity corns was greater, 3780 was usually much lower in moisture and thus higher in dry yield per acre. When the saving in irrigation fuel cost was added to the higher dry yield, it made a difference of $20 to $30 net income per acre.

This hybrid matures 11 to 13 days earlier than our famous 3369A but it doesn't concede yield for its earliness. Under most growing conditions, it will yield pretty close to the full-season varieties and harvest several points drier.

TOUGH ENOUGH TO TAKE IT

3780 is also a tough little hybrid that can take some stress. Head smut didn't bother it in 1976. It has good roots and stalks and holds its ears well. It is sensitive about getting pre-tassel water right on time, however. That critical irrigation time is fairly short since it passes quickly through each stage of growth.

Here are actual examples of 3780's ability to make more profit than later maturing, high yielding competitors:

		Yield wet weight lbs./acre	% Moisture at Harvest	Pay Weight after drying 1	Gross return per acre 2	Harvest and hauling cost 3	Difference in irrigation cost 4	Adjusted Gross return per acre for each hybrid	Dollar per acre advantage for 3780

1975 Oklahoma Panhandle and West Texas — six locations for Muleshoe, Stinnett, Guymon, Hereford, Black and Dalhart	PIONEER brand 3780	8,156	13.6	8,156	$ 326.24	$ 40.78	—	$ 285.45	$ 26.37

	M17N28* Station Cross	8,661	20.7	7,760	$ 310.40	$ 43.31	$ 8.00	$ 259.09	

*The most widely sold station cross on the Plains. It is sold under several different brand names and variety designations.

1). Drying and dockage charge was 2% per point of moisture above 15.5%. 2). Returns figured with corn at $4.00 per cwt. 3). Harvest and hauling costs at 50¢ per cwt. 4). The savings of one irrigation by 3780 at an estimated cost of $8.00 per acre.

STAGGERED MATURITY

If you're farming big acreage, 3780 is the perfect hybrid to use with Pioneer brand 3306 and 3195 in a Staggered Maturity planting program. This new Pioneer program allows you to:

- **Hedge against weather problems.**
- **Use water, labor and machinery more efficiently.**
- **Harvest each variety at the optimum time.**

MRS. JOE BOB DAUGHERTY

Daugherty-Miller Wedding Vows Exchanged In Lubbock Ceremony

In a recent candlelight ceremony in Ford Memorial Chapel of First Baptist Church, Lubbock, Miss Belinda Diane Miller became the bride of Joe Bob Daugherty.

The bride is daughter of Mrs. Betty Smoot Miller, Lubbock. Daugherty is son of Mr. and Mrs. Bobby L. Daugherty of Lubbock, formerly of this city, and grandson of Mr. and Mrs B.C. Daugherty.

Directing the double ring ceremony was the Rev. Raymond Smoot, grandfather of the bride.

Mike Armstrong, organist, presented traditional nuptial selections. Laurie Hutson, soloist, accompanied by guitar sang "The Wedding Song" and "Annie's Song."

The altar area of the chapel was set with palms and multi-branch candelabra interwoven with lemon leaves and blue and white flowers. A Unity candle centered the area. Brass arches spanned the bridal aisle which was also marked with hurricane lamps.

Presented in marriage by her uncle, Dr. Bill Smoot of Austin, the bride wore a formal wedding gown of white chiffon and lace. Styled with a fitted bodice overlaid with Venice lace, the dress featured a stand-up collar of lace and fitted lace sleeves underneath soft angel-wing flares of chiffon, falling to wrist length. The full chiffon skirt swept into a chapel train. The three tiered mantilla style veil edged in lace, fell to full length. She carried a bridal nosegay of white roses, stephanotis and gypsophilla, tied with a cascading shower of white satin ribbons.

Mrs. Judy Carey of Lubbock, served as matron of honor. Bridesmaids were Misses Marla Deaver, Linda Hendon and Rita Barron all of Lubbock.

Feminine attendants were gowned in formal length dresses of blue. Sheer floral capes featured dark blue floral designs upon a background of blue. Attendants each carried a single long stemmed rose tied with baby's breath and blue satin streamers.

Jimmy Childers of Lubbock served as best man. Groomsmen were Greg Carey, Watly Padgett and Audie Kilpatrick, all of Lubbock. Guests were registered by Ann West.

For her daughter's wedding, Mrs. Miller chose a formal length gown of pink chiffon with white accessories. The mother of the groom wore a formal length gown of deep rose with white accessories.

A reception in the church parlors honored the young couple. Laid with a white ruffled cloth, the bride's table featured the traditional tiered wedding cake garnished with fresh white roses and baby's breath. A silver service and crystal completed the appointments. Misses Kathy Mullenix and Diane Eggenberger, both of Lubbock, served the cake, pineapple punch, nuts and mints. The groom's table featured a silver coffee service and German chocolate cake. Mrs. Judy Rudd of Olton presided.

Both graduates of Lubbock High School, the bride is a junior education major at Texas Tech University, with a minor in geology. The groom is candidate for graduation from Methodist School of Nursing.

For travel the bride selected a navy blue vested suit. Following a wedding trip to Arizona the couple will be at home at 2509 23rd Street.

Out-of-town guests were registered from Austin, Fort Worth, Plainview, Honey Grove and Olton, and from Ada, Oklahoma.

'Put On A New Face' Invites Northside Gift

"The whole world gets a new face for spring - why not you?" is the query posed by owners of Northside Gift Shop as they open a new cosmetic department for benefit of their patrons.

Cleo Patra Cosmetics will be introduced through Northside Gift Shop Monday and Tuesday, Apr. 4-5, when free facials will be given to interested persons calling at the beauty bar.

Owners Juanice LaDuke and Barbara Faver highly recommend this well-proven line of beauty products and invite friends and customers to call for appointment during the two-day offer, or to drop by, browse and question the licensed facial specialist who will be on hand to assist in corrective cosmetic application.

Coming to Olton for this introductory period will be one of the owners of the cosmetics company, Mrs. Pat LaDuke, remembered here as the former Miss Pat Harborn, 1955 graduate of Olton High School.

Pat describes Cleo Patra Cosmetics as approved by FDA in 1960. It was sold by World Gift Company until 1973 under the name "World O' Beauty".

Present owners bought formulas, repackaged and started business in May 1975. Mrs. LaDuke makes her home in Fort Worth.

Very enthusiastic about her line of cosmetics, Pat states that she is looking forward to seeing old friends in Olton and making new ones Monday and Tuesday.

IN ABILENE

Mr. and Mrs. Gene Conder spent the weekend with their son and family, Mr. and Mrs. Audie Conder, Don, Kregg and Kristi of Abilene.

MRS. MARK McFADDEN

Mr. McFadden-Miss Criswell Recite Twin Ring Vows

Wedding vows were solemnized Saturday evening in First United Methodist Church for Miss Melody Lee Criswell and Mark Wayne McFadden.

The Rev. Elton Wyatt, pastor, officiated the double ring ceremony on the date which has become traditional for weddings in the McFadden family, the anniversary of the marriage of his parents, grandparents and great-grandparents.

Parents of the couple are Mr. and Mrs. Frank Criswell and Mr. and Mrs. Royce McFadden.

Gold candelabras, arch and spirals, provided a semi-circular background for the nuptial setting. Entwined with greenery, they were interspersed with blue and white flowers. Standing baskets with arrangements of white gladioli and mums and large bows of pale blue ribbon completed the altar decor.

Mrs. Dewey Hukill, pianist, provided traditional selections and accompanied Miss Naomi Lewis who sang "We've Only Just Begun," "Annie's Song" and "The Wedding Prayer."

Given in marriage by her father, the bride wore a formal gown of white crystalline and lace. Her fitted Empire bodice was overlaid with a deep v-yoke of re-embroidered Alencon lace in front and back. Wide, scalloped lace enhanced the yoke and waistline with delicate lace edging accenting the wedding ring collar. Circular ruffles of crystalline and Allencon lace encircled the writsts of her long, slender sleeves.

Softly gathered at the waistline, her A-line skirt swept to a cathedral train with wide, scalloped lace encircling the hemline. Motifs of matching lace embellished the skirt and train. Lace appliques adorned her bouffant veil of silk illusion which fell shoulder length from a lace tiara.

She carried a cascade of white roses and three Japhette orchids atop a white Bible "borrowed" from the bridegroom's mother, which she carried at her own wedding.

Her gown was "new" and she wore the traditional blue garter. For "something old," she carried a handkerchief which belonged to the mother of the groom.

Dyana Smith was maid of honor. Other attendants were the bride's sisters, Judy Criswell, Cynthia Sue Trusty and Brenda Loveless. Candles were lighted by Melissa McFadden, sister of the groom, and Kelli Smith. Little Miss Londi Smith was flower girl.

Feminine attendants wore formal gowns of blue flocked organza and carried long stemmed blue carnations.

Monty McFadden was his brother's best man. Groomsmen were Marvin Tillman, Darrell DeBerry and Ken Sorley of Friona, cousin of the groom. Guests were seated by Terry Trusty, brother-in-law of the bride, and Rodney Smith. Michael McFadden, brother of the groom, was ring bearer.

Guests were registered by Sherri Hasha.

For her daughter's wedding, Mrs. Criswell chose a formal gown of pink chiffon with an orchid corsage. Mother of the groom wore a turquoise formal gown and orchid corsage.

A reception was held in Fellowship hall. The bride's table was laid with white lace over blue satin and centered with an arrangement of white and blue daisies and mums. The traditional wedding cake and punch were served from crystal and gold appointments. Presiding at the bride's table were Sherri Hasha, Melinda Blessing and Iwana Miller of Roscoe, cousin of the bride.

Laid with beige lace over light brown linen, the groom's table was enhanced with a gold coffee service. Serving were Melissa McFadden and Kelli Smith.

For a wedding trip to Ruidoso, N.M., the bride chose a brown and camel pantsuit with yellow carnation corsage. The newlyweds are at home in Olton.

A 1976 graduate of Olton High School, the bride is employed with Olton Grain Coop.

The groom is a graduating senior of Olton High School and is presently engaged in farming.

Party To Fete Miss Dickenson

A prenuptial gift-tea, Saturday, Apr. 9, will honor Miss Chesna Dickenson, bride-elect of Bryan Sullivan.

Wedding Vows Read Recently

Mr. and Mrs. Buck Bradley of Hale Center and Mr. and Mrs. Elmer McGill of Paris, Texas, announce the marriage of their children, Carol Ruth Jones and David Lee McGill.

The single ring ceremony was performed in Olton Mar. 19. Attending the couple were George Thomas Butler of Plainview, and Miss Linda Bradley, Hale Center, sister of the bride.

Linda James To Be Feted

Miss Linda James, bride-elect of Sonny Duckworth, will be honored with a pre-nuptial courtesy, Saturday, April 9 in the home of Mrs. James Busby. Miss James is the daughter of Mr. and Mrs. J.B. James.

Calling hours are from 3 to 4 p.m. Friends and relatives are invited to attend.

IN AMARILLO

Mr. and Mrs. Ira Limbocker were Sunday luncheon guests of their daughter and family, Mr. and Mrs. Richard Garrett, Bryan and Allen. Sunday afternoon the Oltonites visited another daughter and family, Mr. and Mrs. Don Dalton, Julie and David. The Garrett's and the Daltons live in Amarillo.

Mrs. George Redinger Gives UMW Book Review

Mrs. George Redinger gave a review of Josephine Moffett Benton's book, "The Pace of a Hen," at Wednesday evening's meeting of United Methodist Women.

Citing the author's own views of "fulfillment for a housewife," the book's title was taken from the writing of a sixteenth century saint, St. Theresa.

"Why disparage going around in circles," quoted Mrs. Redinger. "Going on a trip around the world is going in a circle. The year is really a circle; spring to summer to autumn and winter. Even a day is a circle and the emblem of divinity, a halo, is a circle."

"A woman's life," she said, "is never really complete without the spiritual side of life. The cross is always a symbol for us. The vertical bar planted firmly in the ground, ever looking upward; we need to keep our feet planted firmly in our home soil yet ready to reach up. The horizontal bars - reaching out to others, helping neighbors and our family."

Mrs. J.L. Snider shared brief accounts of her work as a volunteer with the Central Plains Rehabilitation Center in Plainview. Established to help mentally retarded persons 16 years and older, the Center's "clients" build small wooden stools, folding stool and seat combinations and other useful crafts which are sold for very nominal fees with the proceeds going back into the work of the center.

Love gift contributions were given to be donated to the Center.

Presiding over the first joint meeting of the new program year was Mrs. Kenneth Williams. Yearbooks were distributed.

Hostesses for the salad supper meeting which was held in fellowship hall of the church were Mmes. Aubrey Smyth and Gene Trotter.

Simple Treatment

Salts May Save Your Life

(Editor's Note: Mrs. Roscoe Thomas, a dedicated Rock Hound, is always interested in rock-hunting with its attendant delights and dangers. When she recently found this simple treatment for snake bites, she immediately thought of Boy Scouts, Girl Scouts and other people of the out-of-doors who might profit by reading this article taken from The Southwest Gem, published in San Antonio. Wilma J. Peterson, 5119 Merlin Drive, San Antonio, 78218, is editor.)

Some have Snake Bite Kits which include suction cups, razor blades, tourniquets, etc., and then you are told to get to a doctor for serum and treatments. I want to tell you about what is used by a Missionary I have known since 1931, who has been in Africa for 42 years. He has a hospital there and treats all kinds of maladies including snake-bite.

Most snakes in Africa are poisonous and many natives are bitten. During the span of his 42 years only one patient died, and this was not the fault of the hospital, as it was too long after being bitten before any kind of treatment could be given the victim and he succumbed.

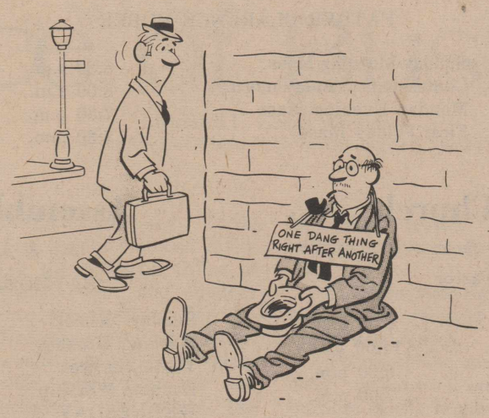

Rev. Otto Deming, at his hospital in Tatanda, Tanzania, Africa, uses a 10 percent solution of Epsom Salts, 2 cc being injected into and around the bite, which stops the pain and neutralizes the poison. An alternate used by the Austrailians is to enlarge the puncture and put the salts crystals into the bite. Both methods are effective.

If you wonder whether this material would work on rattlesnake bite, the Black Mambo makes the Rattler a gentleman by comparison. Some of the snake venoms cause blood poison, other nerve poison, and still others act on both blood and nerves. In using this remedy of Epsom Salts there have been no side effects in any case, nor has there been any snake poison that was not neutralized, which cannot be said for serums.

A few of the snakes whose bites have been successfully treated are the Black Mambo, Gabbon Viper, Puff Adder, Green Viper, Tiger Snake, Cobra, Spitting Cobra and many other species, all of which are poisonous.

The antidote can also be used on your pet if bitten. The method used on both humans and pets is the same. Take a sharp instrument, such as a knife blade and enlarge the wound. Then push either the solution described above, or just plain Epsom salts crystals into the bite. Both are effective. The dry crystals method is probably the one easiest to use by the rockhound. If your doctor has never used this method, he might not know by experience its effectiveness, and actually this doesn't matter. He will agree that 2 cc of 10 percent Epsom Salts (Magnesium Sulfate) could not hurt you, but could save your life, or that of someone else or of your pet.

So remember. Add Epsom Salts crystals to your first aid kit. This may save your life.

Obituaries

L.A. Robertson

Services were held Thursday afternoon in First United Methodist Church in Hale Center for Leonard A. Robertson, 76, brother of Earl Robertson.

Officiating were the Rev. Lewis Holland, pastor, and the Rev. Elton Wyatt, a former pastor of the Hale Center church. Interment was in Plainview Memorial Park under the direction of Freeman Funeral Home of Hale Center.

Robertson died Tuesday in Hi-Plains Hospital following a short illness. He was born Sept. 11, 1900 in Morrisville, Mo. He moved with his parents to Plainview in 1918.

Married to the former Gladys Burnett Oct. 29, 1935 in Plainview, they moved to a farm near Hale Center in 1941. He retired from farming in 1955 and served as business office secretary for Pioneer Natural Gas until 1965.

He was a veteran of World War II and was paralized from the waist as a result of injuries when a German bomb struck the ambulance he was driving as a member of the Air Force stationed in France. He was a member of the American Legion, Disabled American Veterans Association, Lions Club and served 15 years as a member of the Hale Center school board.

Other survivors include his wife; two sons; one other brother and four grandchildren.

Services were conducted Monday in First United Methodist Church of Merkel for the Rev. Newton S. Daniel, 76, brother of Raiford Daniel.

Officiating were the Rev. Russell McAnally, pastor, and Daniel's sons, the Rev. Wesley Daniel of Littlefield and the Rev. Hugh Daniel of Lockney. Burial was in Rose Hill Cemetery under the direction of Starbuck Funeral Home.

Rev. Daniel died Friday in his home following a sudden illness.

A native of Waco, he was married to the former Thelma Linkenhoger Feb. 20, 1924 in Plainview. He attended Wayland College and began his ministry in 1932. He served his entire ministry in Northwest Texas Conference and was appointed as pastor to the United Methodist Church in Merekel in 1965, retiring there in 1969.

Other survivors include his wife; two other sons, Sam and Phil, both of Alaska; one other brother, Frank of Hereford; three sisters; 10 grandchildren and two great-grandchildren.

H.J. Day

Rites were held Sunday in City Park Church of Christ in Floydada for H.J. Day, 54, brother of Mrs. Lois Rucker and Mrs. Sue Wright.

Melvin Byrd, minister, officiated. Burial was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

A resident of Telephone and former Floydada resident, he died Thursday in a Bonham hospital following a lengthy illness. He was a veteran of World War II and a member of the Telephone Church of Christ.

Other survivors include his wife, Peggy; two sons; one daughter; a brother; one other sister and six grandchildren.

Myrtle Moore

Memorial services for Mrs. Myrtle Moore, 73, were held Friday at 2 p.m. in Orient Street Church of Christ in Stanford.

Mrs. Moore died Thursday morning in Stanford Hospital where she was a patient only a few days. She was sister of Mrs. Gene Conder. Burial was at Stanford.

Survivors are four sisters, one brother and one step daughter.

Mr. and Mrs. Conder attended last rites.

Solon Higgins

Solon Higgins, 78, of Dalhart died Friday morning, Mar. 25, in High Plains Baptist Hospital of Amarillo after a brief illness.

Higgins, resident of the Olton area for some eighteen years, was father of Mrs. Quentin Redinger, and brother of Mrs. Juanita Adams.

Memorial services were Saturday in First Baptist Church of Dalhart with Dr. Roy D. Collins, pastor, officiating. Burial was in Dalhart Memorial Park Cemetery by Schooler-Gordon Funeral Directors of Dalhart.

Higgins was born in Florence Dec. 15, 1898 and moved to Wellington at an early age. A rancher he had lived in Dalhart thirty years.

He is survived by his wife, Ida; one son, Marlin of Dalhart; two other daughters, Mrs. James Baum of Roy, N.M. and Mrs. Travis Wilson of Brackettville; one sister; 11 grandchildren and eight great-grandchildren.

Bosquez Infant

Graveside rites were conducted at 3 p.m. Thursday in Olton Cemetery for Mary Bosquez, infant daughter of Mr. and Mrs. Dionisio Bosquez. Officiating was the Rev. Clarence Huber of St. Peter's Catholic Church.

Arrangements were by Parsons Funeral Home.

The infant was stillborn Wednesday.

Other survivors include grandparents, Mr. and Mrs. Jose Bosquez of Lufkin and Mr. and Mrs. Albert Ruiz.

FROM MIDLAND

Recent overnight guests of Mrs. Era Mae Walthall were her granddaughter-in-law, Mrs. Larry Bledsoe and Mrs. Barbara Watson, both of Midland.

Home Loans Available

Rural homeowners who can't afford a new home but need to bring their place up to minimum property standards or remove health or safety hazards may be eligible for a loan from USDA's Farmers Home Administration (FmHA).

Eligibility depends on income. If income is so low as to permit only removal of health and safety hazards, a repair loan may be available. For families with somewhat higher income, an improvement loan may be possible to bring the house up to FmHA minimum property standards.

Repair loans are for such things as repairing roofs, providing a sanitary water and waste disposal system, or installing screens, windows or insulation.

Home improvement loans are used to make changes for the convenience of the family, as well as for bringing the property up to minimum standards.

Terms of the loans vary, depending on family income. Very low income families can borrow up to $5,000. Repayment periods vary with the type of loan and are for 10 to 20 years. The interest rate is one percent.

Families with somewhat higher incomes can borrow up to $7,000 to bring their property up to standards, and the term is 25 years. Interest is one to three percent, depending on the family's adjusted income. Other home improvement loans for higher income families are repayable in 33 years at the regular interest rate, or less, depending on family size and income.

Adjusted income can be detrmined approximately by determined approximately by adding total income of all who live at home, subtracting five percent, and deducting $300 for each minor child.

People who own and live in a home on a farm, in the open country or in towns up to 10,000 population may qualify for a loan if credit cannot be secured from regular commercial lenders. Persons in towns of 10,000 to 20,000 will need advice on whether loans can be made in their town.

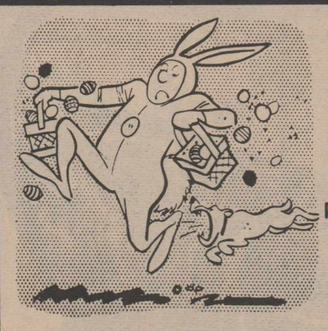

For security on loans, a real estate mortgage is required for loans of $2,500 (and sometimes for less). A cosigner is usually sufficient security for a loan of under $2,500 to a low income family.

Applications for loans are made at FmHA county offices. They can be located via the phone directory under U.S. Government-Agriculture.

FmHa also can make loans to build homes, buy existing ones, or to build rental apartments for low income or elderly people. The agency also can loan money to buy or operate family farms, build water and waste disposal systems, or establish community facilities such as fire stations, clinics, or community centers. FmHA guarantees loans to help establish job-producing businesses or industries.

LEGAL NOTICE

The Lamb County Electric Cooperative, Inc., P.O. Box 1071, Littlefield, Texas 79339, proposes to construct approximately 1.5 miles of 115 KV transmission line in Lamb County, Texas.

Standard Rural Electrification administration construction specifications will be used employing single pole tangent structures and three pole structures at the beginning and terminating points. The line will be constructed with three phase conductors and one overhead shield wire.

The proposed 115 KV facility will begin at the northwest corner of the east half of Section 32, Block 0-2, D and SE Railroad Co. Survey. The transmission facility will extend from that point southward along State Highway 168 to a substation located in the southeast corner of the west half of Section 31, Block 0-2, D and SE Railroad Co. Survey. The substation will be a 10,000 KVA, 115 KV to 7.2/12.47 KV facility.

The Lamb County Electric Cooperative, Inc., also proposes to construct a power line crossing over State Highway 168 by a 69 KV transmission line to a substation in the northeast corner of Section 1, R.M. Thompson Survey, Block T-2, Lamb County, Texas. The substation will be a 5,000 KVA, 69 KV to 7.2/12.47 KV facility.

If there are any comments on the environmental aspects of the proposed construction, they should be submitted to the Cooperative on or before May 3, 1977. Additional information may be obtained at the Cooperative's office at the above address.

$1,000 FACTORY REBATE.

(through participating dealers)

Order a Zimmatic® quarter-section center pivot after February 15, take delivery by April 1 — and Lindsay will give you a $1,000 factory rebate. The offer is good only through participating Lindsay dealers and the number of Zimmatics that can be shipped by April 1 will be limited, so order now.

If your land is rough and rolling, order a Zimmatic 410, the hillclimber. The less expensive Zimmatic 307 will meet your needs if your land is level . . . it was the first successful long-span center pivot.

Whichever Zimmatic you choose, remember that the only thing being cut is your cost. You still get all of Zimmatic's idea-leading features. Like the Uni-Knuckle® and flex feature to ease stress on the line. Patented heavy-duty gearboxes, electric control panel with pivot and tower read-out meters and an external collector ring for dependable operation. Hot-dip galvanizing that adds years to the life of the system.

Under this program you can order a Zimmatic already adapted for the new Zimmatic Corner Pivot™ . . . to be installed now or ordered and installed at a later date. The Zimmatic Corner Pivot allows you to irrigate 150 acres on a quarter-section and is available for immediate shipment in limited quantities.

This is a limited offer so act now and have a Zimmatic for this year. Save $1,000 . . . and maybe your crop. Come in and see us for further details on Lindsay's factory rebate program.

Ice Capades Production To Be Presented In Amarillo

Don Knight is back! Former Canadian and North American Champion Don Knight returns with Ice Capades' latest edition coming to the Amarillo Civic Center Coliseum, Wednesday, Apr. 6 through Sunday, Apr. 10.

Tickets are priced at $3.50 - $4.50 - $5.00 and $5.50. Evening performances Wednesday through Saturday at 8 p.m., matinees Saturday and Sunday at 2 p.m. Special Youth prices (16 yrs. & under) ½ off regular adult admissions for Thursday 8 p.m. Saturday 2 p.m. and Sunday 2 p.m. perfs only.

Opening night, sponsored, by KVII-TV, Channel 7, is ½ off regular adult tickets for all. For additional ticket information call 373-6891.

Knight is most welcome after his three-year working tour abroad. Ice Capades proudly displays Knight's talent in a solo spot accompanied by "Pagliacci" and a sinuous trumpet solo in "The Duke -- Royalty American Style" production.

A dynamic skater, Knight as the powerful agility of the hockey player he once was. Ironically, Knight took up figure skating to improve his ability as a hockey defenseman. During his professional career, Knight's style has evolved into a precise interpretive art.

Skating ever since he can remember, Knight is a veteran on the ice, but he still feels the pressure before each show. "Nerves combined with practice keep us sharp. Everyone is a little on edge before curtain time," says Don, "no pun intended."

Knight adamantly defends skating as both a sport and an art. "We experience the same butterflies that afflict boxers, hockey and football players before a game," he explains. As a former hockey player and track runner, Knight knows whereof he speaks.

Knight brought many years of disciplined training with him to professional skating. He completely dedicates himself to the show for the months he is on tour.

Off season, Knight and his lovely wife, Janet (also an accomplished professional skater) reside in Knight's hometown of Dundas, Ontario.

Voice of Business

Richard L. Lesher, President
Chamber of Commerce of the United States

I have just delivered to President Carter a report which he requested at a meeting with the National Chamber's top officers on February 24.

The report presents our recommendations for reducing the federal paperwork burden. If adopted, it would be of direct benefit to millions of the nation's increasingly harassed business people, and of indirect benefit to consumers, who inevitably get stuck with the bill for all the time spent filling out forms in triplicate.

It's easy to spot the reason for the trouble. Right now, there is no single, powerful voice in the government asking such relevant questions as these:

(1) Is the information your agency will get from this form really worth the time required to fill it out and then process it after it comes in?

(2) Is someone else already collecting the same information, and if so, couldn't you get it from them?

(3) Do you really need these reports four (12, 52, etc.) times a year?

(4) Must you canvass each and every person/business affected? Couldn't you get acceptable results with a scientific sample, the way the pollsters do it?

Our first suggestion, therefore, is to create such a "voice" at the highest level of the bureaucracy. To do that, we recommend dividing the powerful Office of Management and Budget into two suboffices. One, the Executive Budget Office, would concern itself solely with preparation of the budget. The other, the Executive Management Office would help the President manage the Executive Branch. Among other things, it would serve as a clearinghouse for all new federal reporting requirements.

To help the Executive Management Office police paperwork, we recommend that all proposed bills or regulations calling for reports carry a "Paperwork impact statement." The statement would estimate the paperwork cost anticipated and offer justification for it. (To its credit, the Senate already has such a requirement.)

Those are the major steps. There are some other "common sense" suggestions:

-- The persons to be affected should have a chance to comment on proposed reporting requirements.

-- There should be a process through which burdensome requirements can be appealed.

-- Agencies should have to give their reasons for disregarding comments.

-- Proposed forms should be pilot tested on a representative group before use.

-- Sufficient time should be allowed to respond to a brand new report.

-- Forms should contain a clear explanation of the purpose of the request, the authority for the request, and the penalty -- if any -- for noncompliance.

-- The smallest businesses should be exempted from frequently recurring information requests.

Finally, we recommend that the Federal Government reimburse businesses for the cost of providing information that is not collected for the specific benefit of the businesses affected. Thus, the costs would be visible and subject to the disciplines of the budgetary process, rather than a hidden tax on certain businesses and their customers.

That's the package. Obviously it would not eliminate all the red tape that civilization is heir to. But it would help. And these days we need all the help we can get.

My thanks for the help we received from the Commission on Federal Paperwork, and especially for the often colorful comments and suggestions from thousands of American business men and women.

I salute President Carter for his interest in reducing the burden of government that falls so heavily on us all. In this endeavor, he will have the strong and continuing support of the U.S. Chamber of Commerce and the American business community.

IN MULESHOE

Mr. and Mrs. E.S. Huckabee spent Tuesday with his cousin and wife, Mr. and Mrs. Roy Taylor of Muleshoe.

CHILDREN VISIT

Mr. and Mrs. Russell Rucker had with them during the weekend their daughters and families, Mr. and Mrs. Tommy Burrows, Vic, Vince, Darla and Vernon of Liberal, Ks. and Mr. and Mrs. Bill Winn, Paul and Vanessa of Guymon, Okla.
