Robert Hoffman to Appear In Piano Concert Here Sunday

Robert Hoffman, internationally known concert pianist, will be presented in Wellington Sunday afternoon, May 11, at 5:00 p.m. at the community building. This is a Music Week concert, sponsored by the City Federation of Women's Clubs, and the musical highlight of the county for the entire season.

Mr. Hoffman is a member of the piano faculty of the Musical Arts Conservatory at Amarillo as artist-teacher.

Fresh from a triumphal concert tour of 30 cities in America and Europe, he is currently filling engagements in West Texas and Western Oklahoma, in addition to his work with the Conservatory.

American born and trained, he plays with all the inherent fire, imagination, beauty and technical superiority that has drawn an ever increasing audience to his performances. He has been greeted enthusiastically, not only by his audiences, but by the press of both continents.

"It is unusual that the City Federation is able to present an artist of Mr. Hoffman's standing as a Music Week feature," Mrs. Kelly Pigg, president of the Music Club, one of the co-operating groups, said. "An artist who has won his place in America's circle of concert pianists, he appeals to all who like good music. This concert is for every one in the Wellington trade area, and the surrounding towns. Each person is invited to attend."

There is no admission charge for the concert.

ROBERT HOFFMAN

Attention has been called to the 5:00 o'clock hour, which was selected because of the many Mothers Day gatherings that will be under way earlier in the afternoon.

Mr. Hoffman is a native of California and after outstanding music achievements as a youth, he studied with Leo Podolsky at Sherwood School of Music, where he won three music scholarships and later taught.

In 1950 he received the highest award of the National Guild of Piano Teachers in National Com-

petition in Cleveland.

Mr. Hoffman has been an outstanding soldier as well as a musician. His musical studies were interrupted by five years military service as a fighter pilot and military government officer in Italy and Korea. Holding the rank of major, he was awarded the Distinguished Flying Cross and Air Medal with Four Oak Leaf Clusters. While stationed in Korea he gave a number of concerts for military personnel and several public concerts at Seoul and at Ewa University.

Coyote Trapper Retained by County Farmers

Members of the Collingsworth County Coyote Trappers Association voted Thursday night, May 1, to retain Trapper Bill Hamilton for another year, paying the sponsors portion of his salary; A. J. Fires, secretary, announced following the meeting.

During the next few weeks, a committee member from the association will contact all farmers relative to contributing toward the Association's part of the salary, Mr. Fires said, pointing that two thirds of Mr. Hamilton's salary is paid by the association and the remaining one-third by the state. None of the money comes out of county funds.

Mr. Fires also requested that farmers finding coyote dens on their places not to bother them, but to notify the trapper so that he may catch both the old coyote and the pups. Mr. Hamilton lives on the Dan Henard place, which may be reached by turning east off Highway 83 at the Henry Davidson farm just north of Salt Fork Bridge, traveling one mile east, then through the W. W. McClaskey pasture one half mile east and three-fourths mile south.

Mr. Hamilton trapped 593 coyotes during the past year and expects a larger catch this year.

Denzil Bevers for County Attorney

Denzil Bevers this week authorized The Wellington Leader to announce his candidacy for the office of county attorney, subject to the democratic primary. Mr. Bevers, in announcing that he will make this race, issued the following statement in regard to his candidacy.

Having been born, reared and schooled among you until the past ten years and having since that time tried to qualify myself for citizenship; first by hot-footing it over Europe to the end of World War II, afterward remaining in Europe for almost a year after the fighting was over and with the same Army, I was released and entered our State University after first receiving a degree in Texas Tech at Lubbock. I am just now completing my schooling in Texas University and was lucky enough to pass the examinations given which entitled me to be licensed as an attorney of Texas.

I am very happy and proud that I have succeeded to the extent that I have, but doubly happy to return to my home people with whom I hope to live through the future years.

I am asking you to have that faith and confidence in me that will permit me to sincerely and conscientiously carry on for you with credit to myself and the office of County Attorney of Collingsworth County, Texas.

I do this with a sincere hope that my earnest endeavors will make you to know and understand that what I do shall never give you cause to regret that you have helped me along life's way, and to feel that at no time have I let you down.

I will return to Wellington about June 1 at which time I will make an effort to see all the voters of the county.

Soil Conservation Tour May 16 To Outstanding Area Farms

The Salt Fork Soil Conservation District and Collingsworth County will participate in Soil Conservation Week, Sunday, May 11 through Saturday, May 17, an annual event when the entire public is made aware of the need for building and conserving the land.

Highlighting the week will be the annual Soil Conservation tour Friday, May 16, to farms over the county where outstanding soil con-

servation practices are under way, J. W. Thomas, county agent, reported.

The tour is sponsored by the Soil Conservation Service, with Joe Grigg as work unit conservationist, the county agent, and other farm agencies.

Also on Friday, the Wellington Kiwanis and Rotary Clubs will meet jointly to observe Soil Conservation Week, with each member inviting a farmer friend as his guest.

One or more guest speakers, distinguished in the field of soil conservation will attend. George Taylor, with the Soil Conservation Service at Childress, is scheduled to talk. Two other conservation leaders have been invited, Paul Walsler of the Soil Conservation Service, Temple, and J. C. Porter, vice-president in charge of soil conservation for the First National Bank in Wichita Falls. Mr. Porter spoke at a soil conservation meeting here about a year ago.

The Soil Conservation tour, which will give people of this area a chance to see what their neighbors and other farmers of the county are doing, will begin Friday morning at 8:00 a.m., when the cars leave the court house square. The following itinerary has been worked out:

Shelton Nunnell farm for terrace inspection. James Doneghy farm on the Quail highway for grass in pasture, weeping love and sand love grass inspection.

Paul Starr farm to see 160 acres of weeping love grass and clover combination.

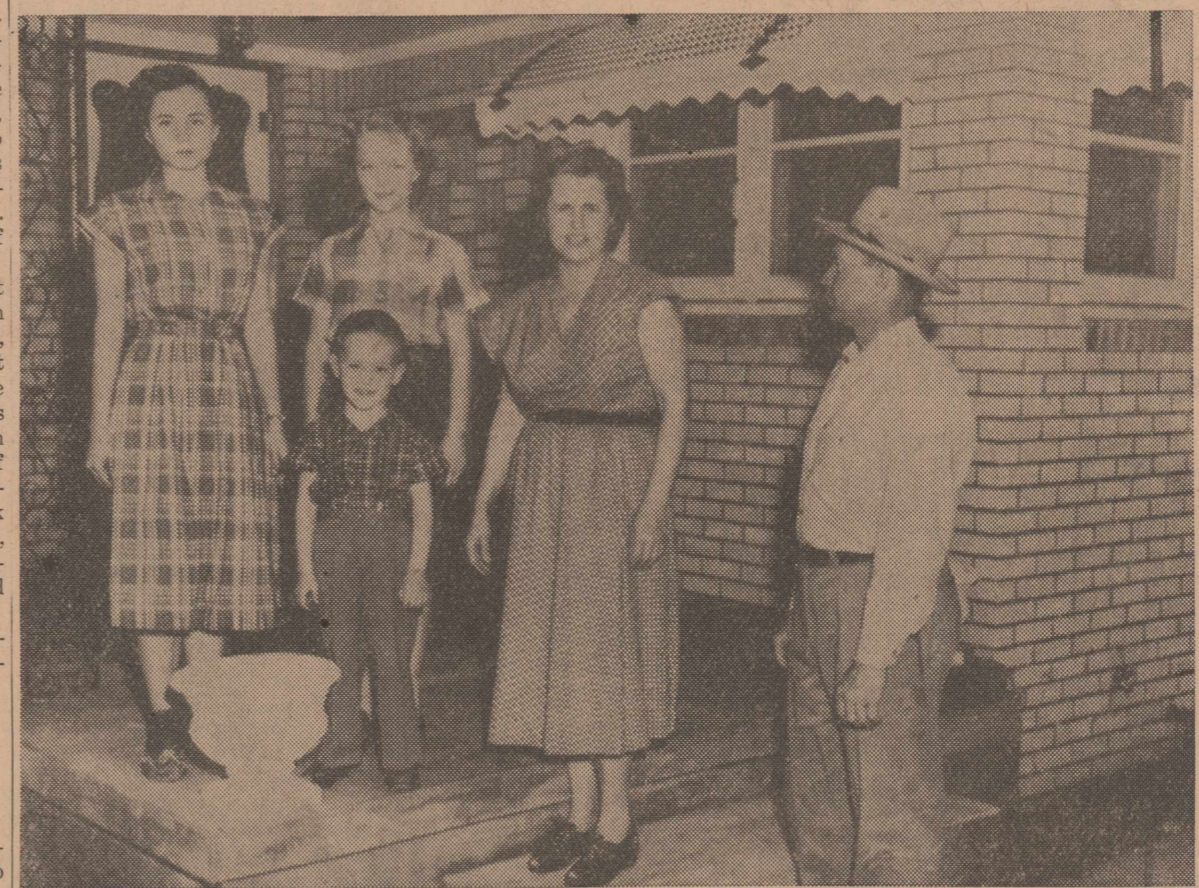

Lewis Morris and Ben Farmer farms at Mexella for alfalfa, grass and pasture mowing projects.

Earl Tollett farm for pasture improving work.

Frank Coleman farm at Marella to inspect grass, alfalfa and terracing.

A. F. Wischkaemper Jr. farm to see established fields of sweet clover.

STATE HOME MAKER OF THE YEAR — AND HER FAMILY

Collingsworth County gets to see a side of the Texas Homemaker of the Year that didn't appear at the Awards Banquet, or anywhere else. It's Mrs. Rufus Sweat and her family at home. They are pictured here, the children ready for school, Mrs. Sweat for her housework, and Mr. Sweat

for his farming, on the front steps of their home a mile north of Wellington. The children are Doris Clo, Varue, and Don Paul. A story of the Awards Banquet, where Mrs. Sweat received the plaque designating her honor, will be carried in the Leader next week.

Republican Delegate Chosen

Democrats Name 5 Delegates In Harmonious Convention Tues.

Collingsworth County voters, taking greater interest than since the days when Joe Bailey was wheeling and dealing in Texas politics, turned out for precinct and county conventions in unprecedented numbers Saturday, May 3, and Tuesday, May 5.

The Democrats Tuesday named five delegates to the State Convention to be held at San Antonio next week, in a convention that the men experienced in the ways of local politics called peaceful and

harmonious.

Members of the delegation are Judge C. C. Bishop, chairman, Judge Luther Gribble, Alex Coleman of Dozier, S. B. Owen and Judge R. H. Coker.

The Collingsworth County delegates were not given any instructions at all, but the sense of the body was that they go un instructed to the state convention at San Antonio and the state delegates go un instructed to the national convention at Chicago.

L. A. Manzer, county Democratic Chairman, presided at the opening of the meeting, then turned it over to the newly elected permanent convention chairman, Judge C. C. Bishop. James Richardson was elected permanent secretary. Alternate delegates named were Paul Spillman, Henry Sullivan, Dr. C. B. Jones, Duard Scott and Jack Gibson.

The Republican County Convention named F. C. LeDerer delegate to the State Convention to be held at Mineral Wells, and D. O. Beene of Wheeler alternate. Under the Republican setup, the delegate must live in the county he is elected to represent, but the alternate can live in any county in the district, according to Mr. LeDerer.

Mr. LeDerer also presided as chairman of the convention with Claude Savage as secretary and R. H. Ball sergeant at arms. They did not instruct their delegate.

The Precinct convention had been held Saturday, with eight members of the Party attending.

In the Democratic Precinct conventions Saturday, approximately 65 persons attended the South Box meeting and a smaller number the North Box convention. In both boxes, there was discussion of sending (Continued on Page Twelve)

J. W. Kromer President

Vinson Alumni to Hold Annual Reunion May 31

The annual Vinson High School Alumni Reunion will be held Saturday night, May 31, at the high school, J. W. Kromer, president of the alumni association, has announced.

The meeting will open with a general mixer at 7:00 p.m., followed by the banquet at 8:15. A short business session will be held, and this will be followed by a western square and round dance.

Assisting Mr. Kromer with plans are Loyd Vaughan, vice-president, and Mrs. Doris Davidson, secretary.

Invitations have gone out to all members of the Association whose addresses are available, Kromer said, but he emphasized that any graduate who did not receive a card notifying him of the reunion, to consider himself invited, since some omissions were inevitable.

The Vinson Alumni Association is one of the oldest in this area. The first graduating class, that of 1915, organized and annual meetings were held. This expanded with the following graduation classes, and the association functioned until World War II, when it was disbanded. It was revived, however, a few years ago.

One unusual feature of the association are its honorary memberships. Any parents who have had as many as four children graduate from Vinson high school are eligible for honorary membership. This year, invitations have gone out to 410 alumni association members and their families, 78 honorary members, and the 12 members of this year's graduating class.

There are far more than 400 graduates of the school, but these are the ones whose present ad-

resses are known and who are members of the association, Mr. Kromer pointed out.

Vinson graduates are now filling positions of responsibility throughout the country, and some in foreign lands, while a number have gained places of eminence in various fields of work.

From 150 to 200 attend the reunion and banquet each year.

J. E. Blevins Gave School Land

Quail Graduate Breaks Tradition Of 50 Years in Blevins Family

In 1903, J. E. Blevins gave a piece of land for the Quail School, and every year since then, there has been a Blevins by name, either a child or grandchild, enrolled there. But this tradition will be broken when the school term opens next fall, for there will be no Blevins child as a student.

Jo Blevins, youngest daughter of Mr. and Mrs. Clarence Blevins, graduates this year. She is the granddaughter of J. E. Blevins.

Mr. Blevins, settling at Quail in 1903, was one of the men who gave the town its name, from the birds that then were so numerous.

That same year, he took the first school census of the Quail district, riding a horse from farm to farm to take the names of the children of school age. It took four days of the hardest riding he ever did. The census finished, his next act was to set aside the plot of ground in the northwest corner of

JO BLEVINS

his farm for a school and cemetery.

The first building was a small one-room structure, but large enough to take care of the students who attended. Squire Atkinson was hired as the first teacher.

The school had no water supply, and it had to be carried from a well located in Quail near the post office. This water carrying was a much sought after task by the students, for it gave them half an hour out of classes.

Mr. Blevins, who still lives at Quail, had two children enrolled in the first school, Willard and Sarah. These other children attended later on, Clarence, Carrol, Beatrice, Emiline, Dodson, Stella, Maude, Leonard and John.

Eleven grandchildren have attended, Iris, Johnnie, Bonnie, Marvin, Mae, Jo, Howard and Ginger Blevins, Rufe, Stuff and C. R. Jones. There have been four great grandchildren, also, Nell, C. H., Boyd and Loyd Jones.

360 Hollis Children Ride Special Train to Wellington Friday

Hollis grade school students, some 360 in number, are eagerly looking forward to Friday, May 9, when, accompanied by their teachers, Hollis Rotary and Kiwanis Club members, and a quantity of Mamas, they will board a "special" MK&T train in Hollis, ride to Wellington, and return.

This extra-ordinary excursion was arranged by Ray Claiborne, superintendent of Hollis schools, and as might be expected, has the full backing of the youngsters and faculty members involved.

According to present plans, the youngsters, about 80 per cent of whom have never ridden on a train, will embark on the trip, equipped with their own lunches and will be permitted to dine en route.

Textbooks will be allowed, but like as not will not be used, "since this is an educational tour in itself," according to Claiborne. It might be added here that Claiborne is having the time of his life in arranging the party.

The tourists will leave Hollis at around 11:30 a.m., stop briefly at Dodson, then journey on to Wellington, where the train will be switched for the return trip. The train will remain here for a

time under special arrangements, according to Silas Henry, MK&T agent. Wellington's part in this excursion is now being planned, and will include a delegation to welcome the visiting boys and girls.

The train is due back in Hollis at around 2:30 p.m., and local mamas can then lay claim to their junior tourists. There's even a rumor going the rounds that the returnees may be greeted by the band with "special speeches" by local dignitaries if time allows.

Some changes in the schedule of events may occur between now and departure date, but unless the trains quit running, the trip is a sure-thing.

Funeral for J. A. Honeycutt Held At Dozier Saturday

Funeral services for J. A. Honeycutt, aged 91, were conducted from the Dozier Church of Christ Saturday afternoon by Minister Van Bonneau of Dodson.

Mr. Honeycutt, who had lived in this county many years, passed away Wednesday, April 30, at the home of a daughter, Mrs. Ralph Reed in Rogers, Arkansas. He was the father of A. L. Honeycutt of the Dozier community.

All the pall bearers were grandsons except W. R. Breeding.

Burial was in the Plymouth Cemetery by the side of his wife, who preceded him in death four years ago.

Farmers Urged to Get Castor Beans

Thursday, May 15, is the deadline for securing Cimarron variety castor beans for planting in this area, Charles Allen, manager of the Baker Castor Bean Corporation, reminded growers this week.

All seed of that variety left over in the local plant on May 15 will be picked up and taken to another area. Plenty of seed of the common variety will be available after that time. Mr. Allen reported that approximately 5,000 pounds of seed have gone out within recent days, and several growers have started planting.

Georgia Ann Durfey to State 4-H Dress Revue

By MRS. GEORGE ADKINS
Georgia Ann Durfey, daughter of Mr. and Mrs. Merritt Durfey of Loco, Saturday won a trip to the Texas 4-H Club Round-up to be held at A&M College this summer.

Miss Durfey went to Wichita Falls to the District III 4-H dress revue held in the student center of Midwestern University. Twelve girls representing 12 of the 14 counties making up the district met here to compete for the right to go to A&M, where they will compete with other girls from the state for a free trip to Chicago, to the national 4-H Dress Revue. Miss Durfey was representing Childress county.

Four girls were selected from this group of 12, and Georgia Ann was one of the four chosen on the merits of her dress.

A luncheon was given at the noon hour by the Chamber of Commerce for the home demonstration agents, 4-H club leaders and 4-H club girls. Mrs. W. M. Durfey, being sponsor of the Loco 4-H Club, also attended the luncheon. Following the meal, a program was given, and each girl was presented with entry prizes, and each one in the dress revue received a pair of pinkish shears from Sears Ro-

beck Co. Immediately after the luncheon the announcement of the four top winners of the dress revue was made.

There were contests in speech, dairy products, gardening, and shrub identification but no one from Childress county entered these events. Mr. and Mrs. Durfey and another daughter, Betty, took Georgia Ann to Wichita Falls.

Cloud Seeding Picture Shown Here May 14

A motion picture on cloud seeding, colored and in sound, will be shown in the District Court Room at Wellington Wednesday night, May 14, under the sponsorship of the Texas-Oklahoma Water Improvement Association, Monty Mitchell, executive secretary, announced this week. The time is 8:00 p.m.

Keith Brown, area representative for Water Resources Development Corporation, Denver, which has the contract for cloud seeding

in this area, will be in charge of the film.

Wellington is the first point at which the film will be shown, although it will be booked at all major points throughout the area covered by the association, Mr. Mitchell said. In it is explained the techniques developed by scientists of General Electric, which lead to practical cloud seeding. Shown, also are actual cloud seeding operations.

A Safer Texas Needed

When our early colonists traveled from settlement to settlement, they relied upon axe scars on the trees to find their way. Later, paths were cleared through forests and underbrush which were finely widened into pack trails for use by horses and oxen pulling carts and wagons. Some of these very same trails are now our major highways which carry heavy volumes of traffic twenty four hours a day.

The days of having to wait for good weather to travel are over, due to all-weather roads and the fine highway system we now have. Highway engineers have done marvels in the brief span of the time they have had since the automobile age has come into being.

Until recent years, however, these engineers were not primarily concerned with safety. Other problems at that time had precedent over this factor. With the motor vehicle registration growing at an unforseen rate and with people traveling greater distances, traffic volume soared. With increased traffic, the danger of accidents rises. One can easily see, that, if only one car leaves Dallas for Austin and another leaves Austin for Dallas, the chances of a collision between these two cars is quite slim. But, as cars are added to this one stretch of road, the probability of at least one accident increases. The

problem of the highway engineer, then, is to see that cars are prevented from making contact with one another or leaving the roadway. Engineers have shown that, under normal conditions, this can be done. Four lane divided highways have been designed and constructed to prevent oncoming cars from meeting head-on; sharp curves are being eliminated and being replaced by gradual curves; steep grades are being excavated to permit better visibility for the driver; traffic control devices are being improved in every manner possible for the safety of the motorist. All these things and more are being done with your safety in mind.

Recent events have proved, though, that in spite of all the engineers have done—even the best roads still take their toll—due for the most part by the fact that drivers, as a whole, are not keeping in step with the men who design roads and build cars. Most accidents are failure on the part of—not the road, nor the car, but the driver.

The Texas Safety Association, in their program for a safer Texas, urges you not to fall into a false feeling of security when you drive on our good streets and highways. Everything is being done for you that can be done—but your safety is up to you.

OTHER EDITORS SAY:—

Do You Follow Like a Lamb and Turn out to Be the Goat?

Regardless of what you think, most people are inclined to go along with the crowd. Undoubtedly, that is the reason dictators are so successful after they have organized small minorities which are taught to make a lot of noise.

To test the theory, a Swarthmore college professor conducted tests with several hundred students. He picked groups of eight each, and arranged for the first seven to give the wrong answer to a simple question. One-third of the time, the eighth student, nicknamed "the goat," would agree, contrary to the obvious fact.

Tested alone, the "goat" knew the right answer. He wasn't a simple-minded individual, since he was picked at random from the student body.

Determining factor seemed to be that he wasn't sure enough of himself to

disagree when the majority was against him.

That's why boys and girls should be taught to do their own thinking and be willing to express an opinion, even when wrong. One can disagree without being disagreeable.

Too often issues are decided because an organized minority speaks up confidently. Better thinkers permit themselves to be bewildered by the apparent show of unanimity and keep still or "go along."

Tell your son and daughter "going along" is one of the most dangerous practices in which a country can indulge.

It led Germany, Italy and Russia to dictatorship. It could lead America to the same end.

Bible Comment FOR MAY 11

Temperance Holds True Key to Happiness

"The Lord knoweth the way of the righteous, and the way of the ungodly shall perish."

That is as true concerning people and nations as it is of individuals. And it is as true today as it was in ancient times.

It is recalled that 10 of the 12 tribes of Israel revolted under Jeroboam against Solomon's son, Rehoboam. Successful in revolution, Jeroboam, leader of the Northern Kingdom, had a great opportunity to remedy the abuses of preceding reigns. But he set up idols and led his people in false ways.

Inner weakness left the nation unprepared when danger struck from without. The situation called for wise strategy and sound judgment, but what can be expected when there is a lack of sound and honest character?

The weakness from within had the familiar aspects of all social failure and deterioration—dishonesty and corruption in public life, licentiousness and debauchery among the well-to-do, disregard of the poor, exploitation of the people, and all the evils that have cursed society in the past and are still to be found today.

This is a temperance lesson, and the prophecies of the time in their revelation of the social abuses stress how large a part strong drink had in breaking down morale, bringing woe and destruction upon the nation.

Temperance lessons and lectures are not popular today. The prevalent psychology is favorable to drinking and indulgence, where a generation ago it was favorable to total abstinence. It is fair to make a distinction between drinking and drunkenness, between use and abuse of intoxicants as of other things.

But it is important to remember that intoxicating liquor has in it inherent dangers that do not apply to all other things. The Bible is a temperance textbook, full of warning, and its warnings are borne out in the history of men and nations.

The Northern Kingdom went down to ruin, and any nation that does not overcome evil with good is doomed to similar disaster.

Looking Ahead With George S. Benson

THE "ACADEMIC FREEDOM" ISSUE

Is academic freedom threatened in the United States? The answer is, yes. But it is not threatened, as some would have us believe, by the citizens who are protesting the teaching of varying degrees of Socialism in some of our school classrooms and in some high school and college textbooks. Academic freedom is threatened by the growth of Socialism in America and by Communism, both from within and from without our nation. Such freedom cannot survive in either a Socialist or a Communist nation.

The issue of "academic freedom" has been raised many times in recent months. Last week it was my privilege to participate in a radio debate on the question, "Is academic freedom threatened?" I presented the viewpoint that patrons of a school have the right to protest, for instance, against what they believe to be teachings in classrooms or textbooks that would make Socialists of their children. In my opinion such protests are not an infringement on academic freedom.

THE ISSUE STATED
The opposing viewpoint contends that school authorities should be free to select textbooks without interference from patrons, or parents, or taxpayers; and that teachers should be free to discuss their personal economic or political conclusions without interference from anyone, including school authorities. This issue ought to be understood by every American, especially all parents. For both the

Socialists and the Communists declare openly and repeatedly in their official party writings that a basic tactic is to lure educational people to their banner and get the textbooks written to favor their cause.

The American Socialist Party, according to one of its longtime leaders, Dr. Harry W. Laidler, looks upon the "intellectual worker" (teacher) as "the primary instrument for social change." The official publication, THE COMMUNIST, said in 1947: "Communist teachers must take advantage of their positions, without exposing themselves, to give their students . . . working class education. They must be thoroughly grounded in Marxism-Leninism — inject it into their exposure . . ." That the Socialists and Communists have been successful to some degree in American education cannot be denied.

NOT A LICENSE

Academic freedom is a concept originated in the universities of Germany more than a century ago. It proposes, in effect, that teachers be unrestrained in searching out truth of facts and presenting their findings in the classrooms. Within certain limits this is good. But it does not give teachers license to teach fallacies as facts; nor does it give them license to use the classroom, without fear of protest, to inculcate students with economic or political doctrines which seek to destroy the very principles upon which freedom is maintained.

Actually, academic freedom is not a freedom explicitly stated in our Constitution. So far as I know there are no state or federal laws specifically setting forth and defining academic freedom. Therefore, this freedom must necessarily rest upon the foundation of Article I of the Bill of Rights which enunciates freedom of speech and freedom of the press. Article I doesn't give a college professor or a high school teacher any special kind of freedom that a parent or a John Doe taxpayer hasn't got.

JUST PLAIN FREEDOM
That still leaves an American educator free to teach anything he wants to teach (excluding the overthrow of the United States government by force or violence) if he can get a classroom and some students. If he is determined to teach, for instance, that government ownership of the basic industries is better than private enterprise and he can't get a public school classroom or students because of objections of parents or taxpayers, he can put a soapbox on a street corner and teach his Socialism to all comers. Or he can open a school of his own. That's academic freedom. It's also just plain American freedom of speech.

On the other hand, if a state university is teaching from an economics textbook that advocates forced redistribution of wealth and denounces the habit of thrift as anti-social (as some of the most widely used textbooks do), any taxpayer or parent of a university student has the freedom to demand the withdrawal of the textbook. Other taxpayers and parents have

the freedom to side with the university authorities or with those protesting use of the book. If carried to its final conclusion, the university authorities must act upon the wishes of the majority of the people whom the university serves — the taxpayers and patrons. That's the democratic process at work.

Who Said They Can't Get Together?

Beam Announces WTCC Immediate Objectives

N. C. Beam, Wellington's director of the West Texas Chamber of Commerce, this week announced the immediate objectives of that organization.

Mr. Beam said the WTCC's 1952 program of activities and services were developed from ideas and suggestions of individual members throughout its 132-county territory. He described it as "a grass roots expression of what the people want their regional chamber of commerce to do."

He appealed to the business men of Wellington to support the WTCC with their time and money. The immediate objectives are:

1. A state-wide conference on surface water problems.
2. Continuation of a campaign to obtain a U. S. — Mexico labor

agreement to meet needs of West Texas farmers and ranchers.

3. A long-range national advertising campaign to sell industrial assets and tourist attractions.

4. An exhaustive survey of Texas' highway problems.

5. Active cooperation with all forces devoted to soil conservation.

Holcomb Helps with Tech-White Sands Trainee Program

LUBBOCK — Dr. E. N. Jones, vice president of Texas Tech, has announced that Texas Tech will enter into a student-trainee program with the White Sands Proving Grounds, Las Cruces, N. M.

Seventy entering freshmen are called for in the initial program. They will alternate their time between Tech and the proving grounds, studying at Tech approximately six months of the year and spending the remainder of the time at the proving grounds in on-the-job training. They will work on special assignments at White Sands and will be paid on an hourly basis. At Tech, the student will be on his own.

Electrical or mechanical engineering majors will be given priority in the program. However, other students to be considered are those in other engineering fields, mathematics, and physics.

Dr. Jones said that a former Tech student and faculty member, Leverett Guess, director of civilian personnel at White Sands, was originator and a primary figure in establishing the program between Tech and the proving grounds.

Training at Las Cruces will include on-the-job work in guided missiles and electronics. At Tech the student would take the regular degree requirements. In five years, or more, the student will be awarded a bachelor's degree from Tech, and is obligated to work for the Ordnance Corps for a period of not less than 18 months. Besides his regular degree, he will also have from 25 to 30 months of practical experience.

Dr. Dysart E. Holcomb, dean of engineering at Tech, is in charge of a student recruiting program to secure students for the White Sands-Tech project. Dr. Holcomb stated that the program was a wonderful opportunity for the entering freshman, or recent high school graduate, who did not have a definite plan of financing his college education.

Plans for beginning the program are indefinite, but will probably start between July 15 and Sept. 1. The 70 students selected for the program will be divided into two groups, half starting at Tech and the other half at White Sands.

McClure Returns For Visit Here

Raymond McClure of Plainview, returned to Wellington to visit old friends Friday, May 2, accompanying the Hon. Harold LaFont, who was guest speaker at the Kiwanis Club.

Mr. McClure is manager of the Sears store in Plainview, moving there with his family a few months ago from Dallas. He has been with Sears Company for 13 years.

During his visit here, he contacted a number of friends with whom he had grown up. Mr. McClure, son of Mr. and Mrs. John McClure, now of Brea, Calif., graduated from Wellington high school in 1924, attended John Tarleton, then returned to teach at Kelly and later in Wellington Junior High, when it was located in the old East Ward building. He then attended Texas Tech.

Mr. McClure is married and has two sons, Bill a student in Texas Tech, and Dick, in Plainview High School.

Jasper Peeples Speaker QUAIL FUTURE FARMERS HONOR FATHERS WITH ANNUAL BANQUET

The Quail F. F. A. Chapter members honored their fathers with a banquet held in the Quail school cafeteria on the evening of April 24th at 8:00 p.m. This banquet is an annual affair sponsored by the boys and their adviser in order that the fathers and sons might be drawn closer together in fellowship.

The program began with the opening ceremony being given by the chapter officers and the invocation by Gene Pegram. The food was then served by freshman F. H. A. girls, Joan Lacy, Beatrice Claunch, Doris Cummings, Melba Langley and Juanita Bowen. Jessie Young served as Toastmaster. The welcome address was extended by Dewey DeBord and the introduction of guests was made by Alvin Homer.

Entertainment for the evening was furnished by Misses Andrea Leach and Effie Spears accompanied on the accordion by Mrs. Lowell Wells.

Miss Annie Mae Souder, the chapter sweetheart was presented an F. F. A. jacket from the chapter by Wallace Blasingame, Chapter President. Mr. Kennedy, the chapter adviser received a gift from the third year agriculture class.

Honorary degrees were bestowed on Herman Moseley and Clarence Blevins.

The address for this occasion was delivered by Jasper Peeples, relating the accomplishments and works of the F. F. A. chapter for this year.

Closing ceremony was presented

PHONE 526 FOR APPOINTMENT

Dr. Green explaining spinal nerves and their part in the function of various organs and glands throughout the body.

ELIMINATION

The average person believes that laxatives or cathartics, Epsom Salts for instance, is capable of moving the bowels. It never did move anybody's bowels. The simple truth is, that cathartics are obnoxious substances which are irritating to the body. The reserve vitality of the patient is called upon to remove the obnoxious substance. It does so by pouring into the intestines and bowels quantities of water from the blood stream, speeding up the peristaltic action of the muscles so as to eliminate rapidly the irritating substance and most everything else that may be present. In other words the bowels move the cathartic. The cathartic does not move the bowels.

The work of the chiropractor is to free the nerve channel of any mechanical obstruction that might prevent communication between different parts of the nerve system.

Chiropractic is recognized by millions of people who have enjoyed its benefits.

Chiropractic is not a cure-all. It holds that many conditions respond to its care, with recourse of medicine and surgery.

SALT FORK NEWS

By MRS. R. H. ISBELL

May has arrived and we have really had lovely weather. It makes us forget those cold windy days with the sand blowing so bad. This country can be beautiful at times. That is why we haven't all moved away.

Sunday school was well attended. We had thirty-seven present and Mr. and Mrs. J. P. Cummings and Mr. and Mrs. C. A. Wright were absent. They attended the quarterly conference at Fresno. We just have forty-one on our roll, so we almost had one hundred per cent present.

U. S. Bolton was in Wellington Friday looking for a place to move here. They have sold their home in Dumas. Mr. Bolton isn't well. He can't work and will have to have an operation before he can get better.

Next Friday night, May 9, is the big concert time at Quail High School. The Darby family will present the program. They are full blood Indians. They are very much in demand all over the country and we are lucky to get them to come out here. They have been

across the country from Oklahoma to California. They have a radio program at Lawton, Oklahoma also. They use mostly sacred songs. Mr. and Mrs. Dee Harris of Lelia Lake are visiting in the Gollighugh home this week. They attended Sunday school here Sunday.

Mrs. Maxwell, Edna Ellen Wright, Mr. and Mrs. Bill Clifton, and Mr. and Mrs. G. C. Isbell and Billy were dinner guests in the Wright and Isbell home Sunday. Charles Wright, John Alf Thomas, and Dale Needham visited Clyde Gollighugh Sunday.

Mr. and Mrs. Horace Hallmark and boys visited Mr. and Mrs. Duard Harris and family near Lelia Lake Saturday night.

Mr. J. W. Gollighugh and C. A. Wright went to Dumas Sunday night to visit the Boltons and help them move down here.

Mr. and Mrs. Richard Peters and family visited relatives near Wellington Sunday.

Mrs. G. C. Wright and Mr. and Mrs. R. H. Isbell visited in the Clifton home in Wellington Fri-

Riders to Santa Rosa Roundup

Approximately 20 riders and their mounts represented Wellington at the Santa Rosa Roundup at Vernon Monday, April 28, taking part in the big parade which opened that event.

The riders included Mr. and Mrs. Guy Clay, Mr. and Mrs. J. W. Kromer and Carolyn and Jimmy, Fleet Pruden, Cameron Beam, Thad Roberts, Lon Alexander, Mrs. Bill Lowe, D. Kincannon, D. E. Kincannon, Drury Lacy, Don Lacy, Pete Nipper, Mish Dukeminier, Miss Nelda Nipper, Bruce Hite, Floyd Nipper and Wayne Jones. In addition to these a large number of county residents were on hand to witness the opening of the big rodeo.

J. R. Fusons Move To Arkansas

Mr. and Mrs. J. R. Fuson are leaving this week for Center Ridge, Ark., where they will enter the stock farming business and make their home.

They are long-time residents of the Quail community, except for short periods spent away from here.

The Fusons sold their farm, one mile north and a mile west of the Quail School, to Paul Bell recently. Their new home is 65 miles northwest of Little Rock, Ark.

Rev. and Mrs. Clyde Hankins and children of Dalhart visited Mr. and Mrs. Doc Barjenbruch over the week end.

The C. A. Wrights have been very busy the past few days getting everything ready to pipe water in their house. They had to build a new windmill tower and put up an over head tank tower. They installed a new sink and put down new linoleum in the kitchen. J. W. Gollighugh and R. H. Isbell helped them.

Cemetery Work Planned at Dozier

The Dozier Cemetery Association is sponsoring a Clean-up Day at the Cemetery Monday, May 19, when all those having lots in that plot are urged to come or send one to help with the work, Mrs. W. R. Breeding, secretary of the Association, announced.

Plans were made at a meeting held at the Glen Davis Memorial Methodist Church Friday night. Wood Coleman was elected president, Mrs. Breeding secretary-treasurer, and Pat Bradley to have charge of repair of the water system and building of a tool shed. This will be an all day meeting, with those present spreading their lunch at the noon hour.

Plans were also made for a memorial day service May 30, beginning at 10:00 a.m. and continuing through the day. Mrs. Ed Brown of the Abra community will be in charge. Lunch will be spread by those present. Those wishing to contribute to the Cemetery fund may send their money to Mrs. W. R. Breeding, Quail Route, Memphis, Texas.

LEGAL NOTICE

NOTICE FOR BIDS

The Board of Supervisors of the Salt Fork Soil Conservation District will receive sealed bids on the sale of a combination CULTI-PACKER - SEEDER. Bids to be received and opened at the next regular meeting of the Board, June 7, at 7:30 p.m. in the county court room.

Also bids may include a bid on a transport trailer, or separate bids may be made on each such drill-cultipacker and trailer.

Drill and transport may be seen and examined at the Jake Tarter farm.

The Board reserves the right to reject any and all bids.

DOZIER

By MRS. E. L. RANKIN

This area received 1 1-2 inches more moisture the first of last week. By now tractors are really humming to get the new crops underway.

Church services were well attended at all the churches here Sunday. A. F. Wischkaemper, Jr., underwent a knee operation in Shamrock General Hospital last week to correct a trouble of long standing. He thinks the operation will be a success.

Jimmy Jones and son, Carl Mack, and Ernest Schaub went to Vernon last week to the big rodeo

in that city.

Mr. and Mrs. C. H. Caperton attended the funeral of his brother-in-law J. S. Fischer in Amarillo Saturday. Burial was in the family lot in Shamrock Cemetery. Mrs. Fischer was the former Georgia Caperton. The couple have two sons.

While in Amarillo the Capertons received a message stating that a sister-in-law, Mrs. Charlie Caperton had passed away Friday night at her home in Washington, D. C. Her husband preceded her in death many years ago.

Mrs. Dora Ryan spent the week end in Tulia with her son and daughter-in-law, Mr. and Mrs. Forrest Ryan. The latter have recently moved into their new home there.

GOOCH RED CIRCLE CLUB CALF PROGRAM

Gooch's Best Feeds is offering 10 calves to be auctioned this summer to club boys and girls, to be paid for with Red Circle points, obtainable from every container of Gooch Red Circle Products. Each calf goes to the highest GOOCH RED CIRCLE point bidder.

We stock a complete line of Gooch Red Circle Feeds.

If you are not a user, come in and let us tell you about them. You'll find they give greater gains for less money. They're the kind of feed stockmen like.

We want to see some boy or girl from this county win a Gooch club calf. Save your points. Ask your neighbor for theirs. Any child wanting help should come to see us. We will do everything we can to help you get that calf.

CO-OP PRODUCTS

We handle a complete line of Co-op Products, including tires, oil and machinery. See us today and save money. We'll show you how you can

farm more economically.

We also handle seed, fertilizer and insecticides. Check up on your needs early.

COTTON SEED

We now have a good supply of Locket, Northern Star, Cluster, Half and Half, Macha Stormproof and Locket Stormproof Seed. Get yours now. Good seed is not plentiful.

The old building is gone, yet it served us for many years, we made many friends while serving you, and we hold those precious memories of your friendship and the pleasant business transaction, we appreciate your friendship now. We believe that we will be in better position to serve you than ever before. Our new building will be ready for occupancy within ten days. We invite you to be with us Saturday, May 17th to celebrate this occasion.

prizes, therefore four people will win. Be sure and come in, it might be you.

First prize, or the one coming the closest to the actual weight and the number of Grains of corn that he eats will receive all the Flatlux to paint the inside of your house, regardless of size. Second prize; all the paint it takes to paint the outside of your house. Third prize, One room of wall paper, no restriction on selection, and the fourth prize; you must take the TURKEY.

We will have some entertainment for you. One of the attractions will be a turkey in a coop. This will be in the office. When you register you give your name and address, guess at the weight of the turkey in pounds and ounces, and how many grains of corn he will eat that day, as thus: John Doe, Wellington, Texas, Rt. 5, 12, 3, 25 — 12 plus 3 plus 25 would be 40 your guess. There will be four

Now, should there be a tie, in guesses, the parties tying will decide who gets the prize, and so on until finished. No matter who wins you will be notified by letter the following day and you can come and receive that which you were fortunate to win. Four people will win. We are counting on you to be with us. Your presence will be appreciated. Till then we will be looking for you.

Loco News

By MRS. GEORGE ADKINS

All the farmers here are busy getting their land ready for planting. Some are planting sudan for early pastures, while others are re-planting and some will start the cotton planter this week.

The Baptist Church had a large crowd for services Sunday.

The Methodist Church had Sunday School.

May 4 there will be a conference at the Fresno Methodist Church. Rev. W. E. Hamilton of Clarendon will be there to preach at the 11 o'clock hour. There will be dinner and a business meeting in the afternoon. Everyone is invited to come.

The Loco school teachers entertained the children on April 25 with a Movie Picture show, "Navajo Land". The children enjoyed the show very much. The picture was shown by Bill Lockhart, Raymond Harris, and Bill Durfee.

Mr. and Mrs. R. J. Holland of Dodson visited Mr. and Mrs. E. V. McClendon Sunday. Mrs. McClendon is sick and taking treatments at St. Joseph hospital in Wellington.

Mr. and Mrs. Velman Warrick and children of Wellington were dinner guests in the W. D. Durfee home Sunday.

Bob Copeland of Lacasa, Okla. visited Mr. and Mrs. E. S. Copeland this weekend.

Pvt. and Mrs. Gene Cook from Fort Bliss visited her parents, Mr. and Mrs. L. M. Bartlett and family over the weekend. Mr. and Mrs. Woody Goforth from Sudan visited his sister, Mrs. L. M. Bartlett, and family last weekend.

Mr. J. C. Davenport has been on the sick list this week. Also George Adkins. There is quite a few in the community with bad colds and some children have the whooping cough.

Mr. and Mrs. L. A. Sachse and Mr. and Mrs. R. H. Lacy were transacting business in Dallas this week.

Mr. and Mrs. Thomas Barnes and Donna moved to Dallas this week.

Mrs. Frank Hall of Phillips, Mrs. Clinton Rodgers of Odessa, and Misses Jo and Juanell Wolf of Pampa visited in the L. H. Wolf and Bill Wolf homes Wednesday.

John R. Thomas, a former resident of this community, has undergone surgery in a Dallas hospital this week. He was resting very well Tuesday, friends said who had heard from him that day. We wish him a speedy recovery.

Mr. and Mrs. G. W. Adkins were called to Amarillo Friday morning by the serious illness of her sister, Mrs. Cecil Cayton, Jr. of Vega. Mrs. Cayton was seriously injured in a fall from a tractor. She was taken to St. Anthony's hospital in Amarillo, where she remains in a serious condition. Her head was severely cut and bruised and her chest was partially crushed. They remained until Saturday night, but will return the first of the week to visit her.

John Barjenbruch was re-elected manager of the Loco Co-op Gin for the 52-53 ginning season. Jess White will be bookkeeper. Bill Wolf, president of the board, called a special meeting of the board Tuesday night. Other members of the board are Coy Cates, Elvis

Crawley, Bill Harbin, and W. C. Harwell.

Mr. and Mrs. Tom Barnes and Donna and Mrs. L. H. Wolf visited Mr. and Mrs. G. B. Morris and boys at Roaring Springs Thursday night.

Mr. and Mrs. Bill Harbin were called to Hollis Sunday by the death of his uncle, Mr. Walter Harbin, who had been in critical condition in an Oklahoma City hospital for 2 weeks.

Mrs. J. K. Porter of Wellington is spending a few days with her daughter, Mrs. R. H. Lacy, and family.

Quail Junior - Senior Banquet Held May 3

The dining hall of the Community Building in Wellington was the scene of the Quail Junior-Senior Banquet on Saturday night, May 3 at 8:00 p. m.

The theme of the Banquet was "Hitch Your Wagon To A Star." The theme of the banquet was carried out by decorations, menu and program.

A background of blue sky studied with silver stars formed a most attractive setting for the tables. The tables were covered in white with blue runners down the center sprinkled with silver star dust.

Centerpieces were silver stars mounted on blue bases placed intermittently with bowls of red roses down the center of the tables. Nut cups were miniature blue wagons hitched to a silver star.

Place cards, napkins and programs were decorated with a "Hitch Your Wagon To A Star" motif.

The dinner was served by Sophomore girls dressed in skirts and white blouses, white organdy caps and aprons. The menu consisted of: Little Dipper, Zodiac Special, Peas Venus Style, Fleece Clouds, Northern Lights, Full Moon Salad, Half Moon and Star Dust, Milky Way and Floating Cloud and Big Dipper.

Special music was rendered by a group of Sophomore girls including: Sonja Atkins, Erma Lee Faris, Joan Kirkland, Jonelle Langford, Loretta Little, Vivian Mintre, Fayteen Peoples, Shirley Robinson, Sharlene Saunders, Barbara Weaver and Alice Wilkerson. Their selections included, "Moonlight Bay," "Shine on Harvest Moon," "Pagan Love Song and "Moonlight and Roses."

A trio of Sophomore girls, Fayteen Peoples, Barbara Weaver, and Sharlene Saunders, sang "Stars of the Summer Night" and "Dream a Little Dream of Me." They were accompanied on the piano by Sonja Atkins.

Shirley Robinson and Sonja Atkinson, accompanied on the piano by Mrs. Arthur Robinson sang "The Story of Love" and "The Valley of the Moon."

The program for the evening was as follows: Invocation—Gene Peggram, "Wishing Star" by Jasper Peoples, "Holiday in Stardom" by Jesse Young, "Hitch Your Wagon to a Star" by Supt. Herman Moseley, "Shooting Stars" by Dewey DeBord, "World Is Waiting

For The Sunrise" by Jo Helen White, Class Will by Joan Blevins, Class Prophecy by Jeannell Lacy and the Benediction by Wallace Blasingame.

Those attending the Banquet were: Supt. and Mrs. Herman Moseley, Mr. and Mrs. Lewis Morris, Mr. R. E. Bradley.

Seniors present, Jack Neeley, Gene Peggram, Garland Fielding, Douglas Little, Virginia Miller, Rosetta Burney, Joan Blevins, Jeannell Lacy, Jesse Young, Loyd Parker.

Senior Class parents, Mr. and Mrs. Johnny Parker, Mr. and Mrs. Joe Miller, and Mr. and Mrs. Clarence Blevins.

Senior Sponsors Bill Phillips and Mrs. Monty Mitchell.

Juniors present, Jasper Peoples, Wallace Blasingame, Troy Brown, Alvin Homer, Gaylon Tow, Donald Ray Kennedy, Dewey DeBord, Jo Helen White, Annie Mae Souder, Elizabeth Wilson, Loretta Kendrick, Fern Neeley and Marian Wilkerson.

Junior Class parents, Mr. and Mrs. Obie White and Mrs. J. L. Souder.

Junior Class Sponsors, Miss Evelyn Fancher and W. F. Howard.

Other guests were Miss Naomi Neeley, Mrs. Loyd Parker, and Mr. and Mrs. Arthur Robinson.

Miss Forbis Weds M. L. Hall April 24

Announcement has been made of the marriage of Miss Mabel Forbis, daughter of Mr. and Mrs. John Forbis of the Fresno community, and M. L. Hall, which took place April 24.

The ceremony was read in the home of the groom's sister and brother in law, Mr. and Mrs. Jim King of Pampa, by the Rev. Mr. Carter. Their attendants were Mr. and Mrs. Vernon Hall.

The bride has lived in the Fresno area all her life and attended school there and at Dodson. Mr. Hall is engaged in the nursery business.

The couple will make their home here.

Bounds - Nelson Wed In Ceremony Sunday

In a ceremony highlighting the spring season, Miss Waytashua Bounds became the bride of Billy Nelson Sunday, May 4, at three o'clock. The Rev. Gerald Squires of Quail, a close friend of the couple, officiated.

Parents of the couple are Mr. and Mrs. Roy Bounds and Mr. and Mrs. A. R. Nelson, all of Wellington.

The bridal pair recited their vows before an arrangement of palms and pink gladioli, while the steps leading to the altar were lined with white satin. Mrs. John Harper, organist, gave "To a Wild Rose," McDowell, and "Ave Maria," Schubert, was played softly during the ceremony. The traditional wedding marches were used.

Given in marriage by her father the bride wore a dress of imported Chantilly lace over white bridal satin, styled with a fitted bodice and Peter Pan collar, covered buttons extended down the bodice, which formed point below waistline, and full skirt was worn over pillow crinoline. Her head-dress was a small lace-over-satin hat with seed pearl trim, and the waist length veil was of bridal illusion. Her slippers were white satin with silver brocade. Something new was her dress, something old and borrowed were the pearl earscrews belonging to her mother and something blue was a garter. The bride's bouquet was all white illusion cascade bouquet with a white orchid and stephanotis.

Miss Treva Young was maid of honor, while Miss Alice Faye Lowrie, Miss Ina Jane James of Amarillo, Mrs. Tiffin Young, and Mrs. John Coffee were the bridesmaids. Anna Katherine Kelo and Margaret Sue Henard were the flower girls.

Bobby McAlister was best man. The ushers were Howard Moore of Lubbock, C. G. Gray of Lubbock, Glen Young, and Howard Fike. Morris Lynn Reed, ring bearer, wore a white linen suit and carried a white satin heart shaped pillow.

The maid of honor wore orchid chintilly lace over taffeta with a roll hat trimmed with pink carnations. Her bouquet was fan shaped with pink gladioli and carnations. The bridesmaids wore pastel shades of yellow, green, blue, and pink net over taffeta. They had colonial bouquets and tiered hats of illusion and carnations of the same color of their dresses. The flower girls wore yellow net over taffeta and yellow half hats with white flowers. They carried white maline baskets with yellow streamers.

The bride's mother wore a navy sheer dress with orchid accessories and a gladiolus corsage. The

groom's mother wore slate grey lace and linen with navy accessories and a corsage of white gladiolus.

A reception was held in the Community Building immediately following the ceremony.

Pink carnations were used for the reception. A three tiered cake decorated with pink flowers and outlined with fern and carnations centered the table. Mrs. Robert Henard of Plains served the cake and Mrs. Harold Morrow of Pampa served the punch. Joyce Warrick registered the guests at the church.

Other members of the house party were Mrs. Jimmy Kelo, Mrs. Lawrence Warrick, Mrs. Morris Reed, and Mrs. J. M. Hurst.

After a short wedding trip to Oklahoma City the couple will make their home here. Mrs. Nelson wore away a black with pink dots brocade faille, two piece, suit with pink hat, gloves, and neck-lace.

The bride graduated from Wellington High School in 1949 after doing her entire school work here. She worked for the Southwestern Associated Telephone Company here for 2 years and was employed by the Amarillo Telephone Company for a short time.

The groom is a graduate of Wellington High School and attended Texas Technological College at Lubbock and Abilene Christian College at Abilene. He served in the Navy in World War II. He is now occupied in farming near Wellington.

Out of town guests attending the wedding were: Dr. and Mrs. D. H. Cox of Hedley, Mr. and Mrs. Arthur Lowe and Mr. and Mrs. Harold Morrow, both of Pampa, Mrs. Ed Cherry of Big Springs, Mr. and Mrs. Horace Bledsoe of Olton, Mr. and Mrs. Milt Kimman, Mr. and Mrs. Howard Moore, and Mr. and Mrs. C. G. Gray, all of Lubbock, and Miss Ina James of Amarillo.

Lord Jim Says--

By Bill Hughes

I now give you the U. S. S. Princeton out of overhaul on its way back to Korea.

It is an aircraft carrier, a completely modern airfield stowed in a space approximately three blocks long, 100 feet wide, seventeen stories high. It is an airport that moves upon the water of which there is far more than land upon the face of the world. It displaces some 33,000 tons which its four engines capable of developing 150,000 horsepower at the shafts at 265 rpm's of her four bladed 147" diameter screws can drive her better than 30 knots per hour.

She carries a community of men 3,000 strong and all the supplies and facilities to make her a completely independent airbase capable of waging war anywhere that she goes.

She is so constructed vertically and horizontally into cells that any one or combination of them can be instantly isolated from the rest in case of explosion, fire, or water. At the same time everyone combination is made accessible by a triple system of communication and emergency channels for rescue.

In spite of its departmental organization and compartmental division, the Captain has means of instant knowledge of and access to all component parts and units under all but the most extreme conditions.

This trim, immaculately kept majestic hunk of flesh and steel is so complex that no less than 600 engineers are needed to keep her in leash.

She carries doctors, dentists, corpsmen, medical and surgical supplies and equipment capable of matching the ability of nearly any modern hospital.

There are six messes; the Captain's, the Admiral's when aboard, the officers, the Warrant officers, the Chief Petty Officers, and the men's. The best hotel cannot match them for quantity or quality.

There are repair shops of all kinds capable of not only repairing but manufacturing anything from chairs to aircraft when and if necessary.

Supporting all facilities is a supply department whose job you

can readily see is fantastic. Next week we will try to depict organization and personnel. After that actual events of the voyage. Then perhaps you can grasp a little of something that my feeble efforts here cannot adequately reproduce.

Navy Reopens Flight Program

Single men between 18 and 27 who have completed at least two years of college are needed immediately to apply for the Navy's Flight Training Program, it was announced today by Captain H. R. Nieman, Jr., USN, Commanding Officer of the U. S. Naval Air Station at Dallas.

After having been closed for nearly a year, the Naval Aviation Cadet Program is again "wide open." Captain Nieman's command in Dallas is charged with the responsibility of enlisting Naval Aviation Cadets — or "NavCads," as they are termed, from the State of Texas.

Captain Nieman said that a continuing need exists to interest college students, particularly graduating seniors, in Naval Aviation. For those who expect to have Selective Service obligations to full fill, Navy flight training offers an alternative to ordinary enlisted service.

Pre-flight and basic training is conducted at the "Annapolis of the Air," Pensacola, Florida. Advanced training is carried out at Corpus Christi, Texas. NavCads who successfully complete the 18-month period of training are designated Naval Aviators, and commissioned Ensigns, U. S. Naval Reserve, or 2nd Lieutenants, U. S. Marine Corps Reserve.

NavCads are paid \$105.00 per month, plus food, quarters and uniforms. Pay and allowances upon commissioning amounts to \$355.75 per month without dependents, or \$430.75 with dependents.

Men desiring further information on the program should write: NAVCAD, U. S. Naval Air Station, Dallas, Texas. Transportation costs are paid for applicants who wish to take the qualifying physical and mental examinations.

Final Operation of a Feeding Program

FUTURE FARMERS, 4-H BOYS, SEE OPERATION OF LIVESTOCK MKT.

By JOHN THOMAS
The business men and farmers of Collingsworth county have made it possible for the annual market and educational trip to Oklahoma City stock yard last two years.

Quail and Samnorwood furnished the two buses which were used. As transportation for the 4 boys, and one girl and six men.

The boys and the girl to make the trip were Barton Groves, John Thomas, Cecil Welch, Walter Spear, Bill Warrick, Winfred Bickerstaff, Devere Jolliff, Auburn Boykin, Eddie Slay, Boone Martin, C. W. Caison, Wayne Maxwell, Frank Jones, Perry Souder, H. C. Langford, John Farris, Bobbie Davis, Jackie Davis, Carroll Morris, Loyd Langford, Raymond Minatrea, Frank Whitley, John Jenkins, Franklin Knoll, Don Knoll, Ray Newkirk, Carrol Favors, James Massey, Doug Deviney, Charles Shields, George Cunningham, T. C. Newkirk, Troy Clark, Tom Whitson, Bob Baxter, Wayne Johnson, Jerry Martindale, Earnest Schaub, Bobby Roberts, Ger-

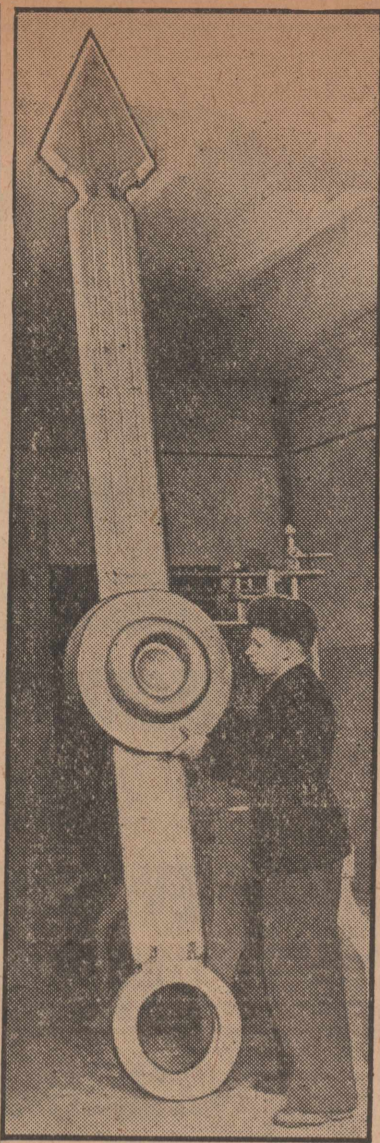

ald Billingsley, Truman Ledbetter, Jerry Reynolds, Tommy Jones, and Georgia Nell Galyean. The men to make the trip were J. W. Thomas, county agent; Lee Christie, ag teacher at Samnorwood; Frank Kennedy, ag teacher at Quail; Bennett Goodloe, ag teacher at Wellington; Purl Tippie, and Mrs. Knoll went as chaperones.

We left Wellington Sunday morning April 20, at 9:15. We stopped at Lone Wolf, Oklahoma, gassed and popped up at 11:00 a.m. and also at Fort Cobb at 12:25. We ate at Chickasha, Okla., at 1:25 and arrived at Oklahoma City limits at 2:25. We went straight to the stock yards to check and see if the cattle had arrived.

We checked all the calves and consigned them to Ralph O. Wright until morning, due to the rainy weather. We distributed them among the commissions Monday morning.

We left the hotel at 7:15 April 21 and arrived at the stockyards at 7:30. We went into the Livestock Exchange building where we consigned the calves. Mr. Mackey who is vice-president of the Stockyards Co., was host and director of our whole tour while we were in the city.

Most of the calves were consigned to Mr. Wright. Each boy stayed with his calf until it was

RED HANDS — One of the stainless steel hands, which Soviet sources say will be fitted to a giant clock on Moscow's Palace of Science, is examined by a Russian workman. Electric bulbs on the hands will render the 20-ton timepiece visible from a distance at night.

Mr. Mackey gave us the outline of the whole tour at 11:00 a.m. April 21. We saw Wood Throckmorton, who is the calf buyer for Wilson looking at some calves under 500 pounds. I met Mr. Richardson, the PMA market reporter on his run of the yard. He is the man who writes up the reports.

We then saw some cattle bought by Armour this morning.

They bought 60 head from Dexter, N. M. that would grade choice. Jim Perkins told us about the following cattle as we went from pen to pen. We looked at 16 of the 60 head from New Mexico and listened while Mr. Perkins told why he graded them as he did. There were 3 primes, 8 choice and 5 good from the 16 head.

The feeder of all these cattle does all his feeding mechanically and he uses all his fertilizer to keep his land fertile. He lives in the irrigated area and his land is worth about \$1,000 an acre. He uses home grown feeds and alfalfa silage as the main part of his ration. This man considers cattle feeding an essential operation in keeping up the fertility of his high priced land, and not so much as a cash enterprise.

We then went to a pen of 3 Angus which contained two prime and one choice. Mr. Perkins said they would dress out 62 per cent and Armour paid 26c a pound for them. We went to a pen of 34 head from Tucumcari, N. M. He said they would dress out 61 to 61 1-2 per cent and they weighed 968 at an average. They sold for 35 cents a pound. They graded 31 choice and 3 prime.

We then saw some very poor cows which would grade canners and cutters and will be used for bone purposes only. He said they would dress out 46 to 47 per cent and sold for \$19.25 a hundred. We

sold and followed it to the scales and saw every step of the sale.

While waiting for our calves to be sold we were very fortunate in being able to talk to Bill Hare, director of Public Relations for Livestock Exchange, who told us what was going on between the buyer and the commission and answered any questions we had.

Brook Rhurman, steer buyer for Wilson and Co. was the first buyer to look at our calves. Mr. O'Neil, head steer buyer for Armour and Jim Perkins, assistant steer buyer looked at the calves just before lunch.

Mr. Hare told us some of the history of the Stockyards. The yards cover 170 acres, there are 1700 pens with a capacity of 20,000 head of cattle. The yard was set up in 1910 by the Stock Yards Co. The yard is open for sales or trade only between the hours of 8:00 a.m. to 2:00 p.m. So that all the buyers and sellers will have an equal advantage.

Praises BIG 12 For Relieving Her Nagging Aches and Pains

Every day people from all over Texas write in telling how BIG 12 has helped them regain their old time feeling of well being. For instance, take Mrs. Blanche Styron of 402 West Henderson in Cleburne. Mrs. Styron is a nurse and it wasn't so long ago that she had a hard time carrying on her profession. Then she heard how BIG 12 was helping other people with a similar condition caused by deficiencies of Vitamin B1, B2, B6, Niacin and Iron and decided to try it. But let Mrs. Styron tell her experience with BIG 12 in her own words.

Mrs. Blanche Styron living. And remember, in addition to Vitamins B1, B2, B6, Niacin and Iron, the daily dose of BIG 12 contains as much of the new Red Vitamin B12 as a doctor usually gives in an intramuscular injection. These vitamins and the great iron content of BIG 12 (far more iron than any other tonic contains) when taken into the system, goes to work immediately so if you suffer from these deficiencies caused ailments, be fair to yourself, don't go on through life suffering nagging aches and pains, stomach distress, sleeplessness, nervousness, poor appetite and a general run-down condition due to a deficiency of Vitamins B1, B2, B6, Niacin and Iron but get a bottle of pleasant tasting BIG 12 from your drug store today.

Selective Service College Tests Set for May 22

AUSTIN — An additional Selective Service college qualification test to be held May 22 at 60 testing centers in Texas for the benefit of students prevented by illness or other emergency from taking the test in December and April was announced today by Brigadier General Paul L. Wakefield, state draft director.

General Wakefield emphasized that students who have a certificate of admission for either the December or April tests which they failed to use on the assigned date must submit a new application if they wish to take the May 22 test.

Application blanks for the May 22 test may be obtained from the nearest local board and should be sent in as soon as possible to the Educational Testing Service, Princeton, New Jersey. Applications postmarked later than midnight, May 10, 1952, will not be accepted.

The test on May 22 will be given at more than 1,000 testing centers throughout the nation.

Students who attain a prescribed upper class standing or make a score of 70 or better on the May 22 test are eligible for consideration by their local boards for deferment during the next academic

Frank Ford farm at Dodson for terraces.

Truitt Holland farm for blue panic and King Ranch Blue Stem seed plot inspection.

John Brim farm for grass, terracing and crop rotation program.

S. K. Parsons farm south of Wellington for terraces.

Any person interested in soil conservation is invited to go on the tour, or any part of it they desire to make, Mr. Thomas pointed out.

Local boards are not required to defer students who meet one or both of the criteria, General Wakefield pointed out, but their classifications are subject to appeal.

All Stars Play Paducah Here

Shamblee's All Stars, new name for the Black Cats, will play a team from Paducah here Sunday, May 11, at the old Fair Grounds, Earl Shamblee, manager, has announced.

The game has been called for 3:00 p.m., and white friends of the team are invited.

"Order will be maintained at all times," Shamblee said.

The all-stars hope to have their new uniforms for this game.

Two other games have been scheduled, The All-Stars will go to Pampa on May 18, and a return game will be played in Wellington May 25.

These are the only games lined up at present, Shamblee said.

Places Open on Quail Ball Team

The Salt Fork Baseball League that was organized on April 20 with the following towns taking part, Wheeler, Brisco, Mobeetie and Quail, will play their first game on Sunday afternoon May 11 at 3:00 p. m. on the Quail Diamond.

At the time of organization, Mr. Lewis Morris of Quail, was selected as manager for the Quail Team.

Boys who are still interested in playing with this team are urged to contact Mr. Morris or come out for ball practice.

The admission for the game to be played on May 11 is 50 cents.

the delegates to the county and state conventions uninstructed, and this was approved by both groups.

Eleven of the remaining 15 precincts reported meetings to County Clerk David Robinson. In at least one of the smaller precincts, when no voters appeared at the convention Saturday, the chairman went out and got his voters together for the occasion.

Characterizing both precinct and county conventions was the number of persons newly interested in politics participating actively, although some of these found the procedure confusing and later said they weren't sure what was happening.

A number of high school students fresh from study of Roberts Rules of Order and a study of political party procedure, attended as observers, and most of them came away to say that it wasn't the way they supposed a local political convention would be held.

Discussion in the county convention was confined principally to sending an uninstructed delegation, with a big majority favoring this point.

Free Stage Show Coming Today, May 8

Paddy Beach, "The Miss Who Mystifies," headlines and acts as mistress of ceremonies at the big free stage show tonight in the Wellington community building at 8:00 p.m. Miss Beach, one of the few decorative young ladies appearing on the American stage with a magic or mystery act, is said to be one of the leading performers in this field.

With Miss Beach on this Thursday evening program will be Miss Elaine Drew, who performs almost unbelievable tricks of contortion; Miss Susan Wallace, popular and well known artist who sings and plays today's Western songs; The Gareys, a man and wife team representing a variety of entertaining acts, and Happy Hall, novelty tap dancer.

New color movies will also be shown — travel, comedy and educational.

Every person in this trade area has a cordial invitation to attend this show, which brings entertainers to Wellington who are usually seen only on stages in our larger cities. There is no charge for admission; no registering is required.

This show is sponsored by the Scott Truck & Tractor Co., of Wellington, dealers in International Harvester farm machinery, but there will be no sales talks or merchandise displays.

"It's just a party we're having for our friends and customers, in appreciation of past favors," said Mr. Scott. "The whole family will enjoy the good, clean entertainment."
