# THE SCURRY COUNTY TIMES

VOL. 73, NO. 22 — SNYDER, TEXAS, FRIDAY, AUGUST 22, 1958 — EIGHT PAGES—PRICE 5c

# Hospital Expansion Master Plan Proposed Here

A master plan for hospital expansion through 1975, with a recommendation for immediate addition of some facilities, was proposed last night by a hospital consultant in a report to the county hospital board.

Ross Garrett, head of a Chicago consultant firm, made the report after completing a survey which the board employed him to make of present hospital facilities and of hospital needs here.

Present at last night's meeting were four hospital board members, Pat Falls, Hugh Taylor, Sam Chorn, and M. L. Wilson; the entire county commissioners court, County Judge Edgar Taylor and the four commissioners, Pat Moore, Cullen Toombs, T. B. Knight, and Doyle Parmer; Dr. E. A. Rogers, representing the medical staff of Cogdell Memorial Hospital; and Bill Newsom, superintendent of the hospital.

Garrett, who began his survey June 4, checked existing potential and projected it through 1960, 1965, 1970, and 1975, suggesting a master plan which would cover facility needs for those times. Growth trends of the county were based only on the present potential and did not take into consideration any sudden unexpected growth.

The suggested master plan was in phases, and Garrett had rough drafts of how Cogdell Hospital might best be expanded as needs grow. The first phase would be another south wing of the hospital, which would be built between the two present south wings. This would have two floors and could hold 20 beds per floor. The first phase, however, would include finishing only the ground floor. The top floor could be left unfinished until needed, and the latest in equipment could be installed at the time. Another phase would include extending the main portion of the hospital east for additional maternity rooms. Others would be expansion of central supply and kitchen facilities which would be necessary if the hospital were enlarged.

The big south wing would have about 7,970 square feet on the ground floor, plus other facilities, and 9,314 feet on the second floor.

The State Health Department classes some cities as regional health centers, some as area health centers, and some as only local. Snyder, as an area center, has a public need of three beds per 1,000 population in the county. If it were to become a regional center, the state department would allocate more need here.

According to state standards, Scurry County has a public responsibility for 70 hospital beds, Garrett said, adding that the public requirement is barely met here. Cogdell Hospital has 50 beds, all acceptable to state standards, while Snyder Clinic-Hospital, he said, has 40 beds, but only 20 are acceptable to the state.

Availability of an adequate number of acceptable hospital beds should be assured at the public-owned hospital, Garrett said, adding that the private hospital should not be expected to meet this need. The public has no control over a private business, he said, and the only way the requirement can have assurance of being met is by furnishing the facilities at the public-owned hospital.

Garrett told the board that Dr. Wilton N. Jones, head of Snyder Clinic-Hospital, had written him a letter, made a part of the public record of the survey, offering that hospital to the county for $225,000 plus drug inventory.

The letter was sent to him, Garrett said, rather than to the commissioners court so Garrett could fully evaluate the possibility of the county taking over that hospital and operating both facilities.

Garrett said he could not recommend such a move, adding that he believed the county could get more for the same amount of money spent by adding facilities at Cogdell Hospital. He said that the X-ray, laboratory, operating room, offices, and nursery at Cogdell Hospital could take care of the needs of both hospitals and that there would be no need of having separate facilities for these purposes. Also, he said, the county would have to spend much

**FIRE DAMAGE**—The hole above, in the wall and roof of the Rogers Men's wear building on the west side of the Snyder square, is a part of the damage caused by a fire which destroyed the Texas Theater and Owens Department Store buildings here early yesterday morning. Cause of the fire has not been determined. (Lee Watson photograph)

*FIRE DAMAGE SURVEYED*

# Rebuilding, Repairs Set For Structures

Demolition or major repair of two buildings on the west side of the square, and major repairs to a third has been recommended by D. A. Porter, fire chief and fire marshal, following an inspection made by him yesterday.

In a meeting of the city council, businessmen, property owners and insurance representatives here this morning, Porter's reports on four building inspections made yesterday were read.

Porter recommended that the Texas Electric Service Co. building owned by Mrs. D. P. Yoder be demolished, or that major repairs be made to three walls of the building before it could be considered safe for occupancy. He also made the same recommendation on the Rogers Men's Wear building owned by the Perkins Estate and admisinstered by Clifton Perkins of Sweetwater.

Porter's report said that there had been considerable damage to the front wall of the Rogers building and the south side wall, and that they were considered hazardous in their present condition.

An inspection report on the building occupied by Snyder Drugs No. 1, owned by the Ellis Estate of Big Spring, said that there was separation of the front from the north side wall and that the north wall was damaged. The Snyder Drugs building is believed to be repairable, and owners are planning to begin repairs immediately.

R. E. Patterson, owner of Snyder Drugs No. 1, said at noon today that he expected to be open again for business by Sept. 1.

Clifton Perkins said that plans for the Rogers building have not been completed, pending results of insurance claims.

The J. M. McDonald Co. building was also inspected, but no recommendations for condemnation as unsafe were made on it. It is owned by the Koonsman estate, administered by Alvin Koonsman, and J. M. Newton. The report did recommend some repairs.

No decision was made by the council this morning, except to recommend to the fire marshal that inspection of fire hazards throughout the entire business district be speeded and that every attempt be made to secure property-owner or tenant cooperation in making necessary repairs so that hazards can be removed as quickly as possible.

Harold Bennett, mayor, said that the city officials would work with the property owners and tenants of buildings and that no pressure would be used in any way.

"We just want to protect the building owners, tenants and people of Snyder by pointing out what we think are hazards, and hope for the property owners cooperation in making the necessary corrections," he said.

Porter pointed out that one unsafe building in a block could seriously endanger other buildings in the same block or area.

"The fire yesterday morning did not start in Owens Department Store, but the store was destroyed anyway," Porter said.

He added that other buildings were also seriously affected, although not destroyed, by the fire.

Rogers' Men's Wear has already moved to the old location of D & H Super Market, 1400 Twenty-fifth Street, and will be open for business in that location soon.

Texas Electric Service Co. has moved its offices to the south side of the square in the former location of Modern Beauty Salon, and is open for business in that location today.

Yesterday it was reported that Texas Electric would move temporary offices into Lone Star Gas Co.'s office, but plans were later changed.

Some discussion at this morning's meeting centered on explosions accompanying yesterday's fire and it was indicated that the explosions may play a major role in determining settlement of damage claims on buildings in the area.

Porter stated that there was a "very heavy explosion which hurled bricks all the way across Avenue S," in the Owens building.

Three firemen at the rear of the building were slightly burned when the explosion occurred and other firemen were almost trapped beneath the flying bricks in the front of the building.

## *WEATHER*

SNYDER TEMPERATURES: High Thursday, 85 degrees; low, 66 degrees; reading at 7:30 a.m. today, 67 degrees; precipitation, .11.

South Central Texas — Considerable cloudiness with scattered thundershowers through Saturday. No important temperature changes.

North Central Texas — Partly cloudy through Saturday. No important temperature changes.

West Texas — Considerable cloudiness through Saturday with scattered thundershowers. No important temperature changes.

# NAACP Asks Court To Break Barriers

By KEITH FULLER

LITTLE ROCK, Ark. (AP)—The National Assn. for the Advancement of Colored People will ask the U.S. Supreme Court today to knock down the legal barrier that would prevent Negro students from entering Central High School Sept. 2.

Gov. Orval Faubus kept his special legislative session plans in readiness in case the NAACP is successful in overturning the 8th U.S. Circuit Court of Appeals action that would block integration at the school until the Supreme Court has made the final decision.

Little Rock's school board is going ahead on the assumption the Central will be an all-white high school when classes resume a week from next Tuesday. Registration begins today and if Negroes apply they will be told to attend Horace Mann Negro High School here.

Thurgood Marshall, attorney for the NAACP, said he would ask the Supreme Court to set aside the stay granted by the appeals court yesterday. If this action should be successful the way would be clear for Negroes to re-enter the school on opening day.

The Supreme Court is in summer recess. Thus the NAACP's only hope for immediate action would be to contact one of the vacationing justices and seek an emergency order from him.

Faubus refused to back down immediately on his standby call for legislators to be ready for a session Monday when he heard that the 8th Circuit Court of Appeals at St. Louis had stayed its own decision that integration must proceed.

# Ike Says U. S. Ready To Halt Nuclear Tests—If

WASHINGTON (AP)—President Eisenhower announced today the United States is ready to suspend nuclear weapons tests for one year starting Oct. 31, provided Russia meets two conditions.

The conditions are if the Soviet Union agrees to maintain its current ban on nuclear tests, and further agrees to negotiations looking toward a permanent ban.

The White House said Great Britain also stands ready to join in a one-year suspension of weapons tests under the same conditions specified by the United States.

Eisenhower stressed in a statement that the United States is not proposing that nuclear tests for peaceful purposes be halted.

Referring to technical talks on policing a ban, concluded at Geneva this week, Eisenhower said:

"The United States, taking account of the Geneva conclusions, is prepared to proceed promptly to negotiate an agreement with other nations which have tested nuclear weapons for the suspension of nuclear weapons tests and the actual establishment of an international controls system on the basis of the experts' report.

"If this is accepted in principle by the other nations which have tested nuclear weapons, then in order to facilitate the detailed negotiations, the United States is prepared, unless testing is resumed by the Soviet Union, to withhold further testing on its part of atomic and hydrogen weapons for a period of one year from the beginning of the negotiations."

The President's announcement reflected a major shift in U.S. nuclear policy.

He said that as part of the contemplated international agreement the United States would be prepared also to suspend nuclear weapons tests on a year-by-year basis subject to determination at the start of each year that:

"(A) The agreed inspection system is installed and working effectively; and

"(B) Satisfactory progress is being made in reaching agreement on and implementing major substantial arms control measures such as the United States has long sought."

The implication seemed to be that the United States is willing to renew the proposed initial 12-month suspension on a year-to-year basis while negotiations looking toward a possible permanent ban are being conducted.

The President said U.S. negotiators will be ready by Oct. 31 to open negotiations with Russia and perhaps other Communist bloc countries, together with Western allies of the United States.

Amplifying this, an American official said the year's suspension the President offered would go into effect Oct. 31 provided Russia has not meanwhile resumed tests, and has agreed to enter long-range negotiations.

As for any long-range agreement, Eisenhower said that in addition to treating with a ban on nuclear weapons tests it should deal with "the problem of detonations for peaceful purposes, as distinct from weapons tests."

# CROWN JEWELS STILL SAFE

By EDDY GILMORE

LONDON (AP)—The boss at the Tower of London confessed to Scotland Yard today he set off the burglar alarm to see how well England's crown jewels are being guarded.

"I'm delighted with the test," said Brig. Leslie Frederick Ethelbert Wieler. "It worked extremely well."

Brig. Wieler is resident governor of the ancient tower over the Thames River and the man responsible for safeguarding one of the world's most fabulous collection of jewels.

"Why didn't you warn us, sir, that it was only practice?" asked a Scotland Yard sleuth.

"What's the use of having a test," snapped the brigadier, "if it's not carried out properly?"

It was carried out properly, all right.

Shortly after breakfast the recorded voice on an automatic burglar alarm boomed out in Scotland Yard: "Intruders have entered the jewel house at the Tower of London."

At the tower, alarm gongs clanged like engines racing to a three-alarm fire.

Scots guards jumped to action posts, scores of yeoman warders lumbered to emergency stations, the flying squad roared out of Scotland Yard, radio cars dashed to the tower, police boats churned down the Thames, bobbies cordoned off tower hill, a 16-ton steel cage clanged down around the jewels.

It was the biggest scare since Capt. Peter Blood stole the royal ce from the tower nearly three hundred years ago.

All the jewels—which include the priceless Cullinan diamonds and the Koh-I-Mor diamond — were safe, of course. But, in revealing what happened, the governor let out a secret of the security arrangements surrounding the gem collection, viewed annually by more than 300,000 persons. When Brig. Wieler broke an electric eye beam, the burglar alarm went off at the tower and in Scotland Yard.

Back at the tower the governor was happy.

"It's been a perfect morning," he said. "Now excuse me, please, I must show a party of Middle East sheiks the jewels."

## Many Fail To Register

A large percentage of Snyder school students did not register during the regular registration days held early this week.

At a staff meeting this morning, principals decided they would complete the registration on the first day of school, Sept. 2, according to Pat Falls, director of instruction.

High school students who have not registered will do so on Sept. 2 from 1 to 3:30 p.m.

Elementary and junior high students who have not registered will register on the morning of Sept. 2, when all students will be in school.

Half a day of school will be held on Sept. 2, with buses running at noon.

About 750 students had registered at the high school, while 20 students new to Snyder registered at the junior high. Other junior high students were pre-registered last year.

Elementary school registration included 412 at East, 635 at West, 380 at Central, 212 at North, 188 at Northeast, and 65 at Lincoln.

## Living Costs To New High

WASHINGTON (AP) — The government reported today the cost of living in July set another record high. Its consumer price index rose two-tenths of 1 per cent to 123.9.

At the same time, the take-home pay of factory workers rose to a record for any July. This rise was contrary to the usual seasonal trend.

The Bureau of Labor statistics figured the average take-home pay of a factory worker with three dependents was $75.88 a week, a rise of about 30 cents from June.

The July rise in living costs will mean a further small pay raise for about 500,000 workers—chiefly in aircraft and electrical equipment industries—whose union contracts are geared to the government index.

The 1947-49 average is 100 in the index.

## John Stavely Dies Today

John Allen Stavely, Jr., 62, Fluvanna postmaster, died late this morning in Hendrick Memorial Hospital at Abilene.

Mr. Stavely, a Fluvanna native, operated the Fluvanna Mercantile Store many years.

Funeral arrangements are pending at Bolger Funeral Home.

Survivors include the widow, Mrs. Ola Stavely; one daughter, Mrs. Rose Nell Greenhaw of Dallas; five sisters, Mrs. Wallace Jones of Fluvanna, Mrs. Russell Jones of Seminole, Mrs. Jess Dietz of Seminole, Mrs E. H. Carter of Amarillo, and Mrs. J. W. Sewalt of Jayton; two brothers, B. O. (Boss) Stavely of Haswell, Colo., and Mack Stavely of Brownfield; and three grandchildren.

# Dag Plans To Leave Monday

UNITED NATIONS, N.Y. (AP) — Dag Hammarskjold prepared today to embark on an Arab-sponsored peace mission to the Middle East which won unanimous approval from the U.N. General Assembly.

The secretary general told a news conference today he will leave Monday for the Middle East. He said he would go first to Amman, Jordan for talks with King Hussein and later to Cairo and discussions with Egyptian President Nasser.

The 81-nation Assembly wound up its two-week emergency session last night by voting 80-0 for the Arab resolution. It assigns Hammarskjold the job of making arrangements to facilitate early withdrawal of U.S. troops from Lebanon and British forces from Jordan. The Dominican Republic was absent.

The plan promises to safeguard the political and territorial integrity of Jordan and Lebanon by reaffirming the Arab nations' pledges to refrain from interfering in each others' domestic affairs.

Hammarskjold also was asked to make plans for economic development of the Middle East in consultation with the Arab states.

Secretary of State Dulles commended the Arabs for agreeing on a peace plan. But he warned against expecting that mere passage of a resolution would solve all the Middle East's problems.

"These problems have deep roots," Dulles declared. "They have explosive aspects which can surprise us at any time."

Soviet Foreign Minister Andrei Gromyko, who withdrew his own resolution in favor of the Arab plan, also had reservations.

# Voters To Select Nominees For 3 Local Posts Saturday

Scurry County voters will go to the polls tomorrow to complete their slate of Democratic nominees in the second Democratic primary.

Only three local offices still lack nominees because no candidates got majorities in the first primary last month.

Those are the offices of county treasurer and commissioners of precincts 2 and 4.

The candidates with the most votes tomorrow will be nominated and, like those who won majorities in the first primary, will go on the ballot in the November general election as nominees of the Democratic Party. Usually in Texas, nomination by Democratic voters means election.

The polls will open at 8 a.m. and close at 7 p.m. All the county's 20 regular polling places will be open. All the city election precincts will vote in the courthouse.

The candidates for local offices, as they are listed on the ballot:

Commissioner, precinct 2—Earl Sneed, Bill Herring.

Commissioner, precinct 4—Doyle Parmer, J. C. Massingill.

County treasurer — Molly Pinkerton, Agnes Brown.

Voters in precincts 1 and 3 will have only one local race on which to vote, county treasurer.

Two of the local candidates, Parmer and Mrs. Pinkerton, are incumbents. In precinct 2, the present commissioner is Cullen Toombs, who was not a candidate.

A large number of candidates have already been eliminated from those races. There were nine for precinct 4, eight for precinct 2, and three for county treasurer in the first primary.

In other races in the first primary, J. Ray Martin won nomination for county judge over Edgar Taylor, incumbent; Buford Browning was nominated as county superintendent over Forrest Beavers, incumbent; and Mrs. Eunice Weathersbee was nominated district clerk. Frank Darby county surveyor, Dudley Mayes constable of precinct 4, L. L. Eubank constable of precinct 3, W. C. Davidson peace justice of precinct 1, and Mrs. Viola Carmichael peace justice of precinct 2, all without opposition.

Those nominated, if elected in the November general election, will take office next Jan. 1.

## More Rains Logged Over Scurry Area

Showers continued yesterday afternoon and last night in a rainy season here which started three days ago.

Practically all the Snyder area got some showers yesterday, ranging from very light rains up to two inches or more.

The heaviest rain in this region apparently was in the Hobbs area, where there were reports of 2.3 and three inches.

North of Camp Springs there was also a heavy shower, bringing the total for the week to about three inches. The total for the same period at Camp Springs was 1.3.

In Snyder, there was only ¼ of an inch. The story was about the same in many other communities, especially southwest of here.

Hermleigh had 1.7 in the week's rains. Yesterday about .35 fell about a mile west of Hermleigh.

Fluvanna had about half an inch of rain yesterday.

In Borden County, there were reports of about two inches on the Plains, where rain was the heaviest. Gail had 1.5 in three rains yesterday afternoon.

Lake J. B. Thomas had not caught much more water. By noon, elevation at the lake stood at 2,254.95, up .22 of a foot from the level of the lake before this week's rains.

Water had almost quit running into the lake.

The local rains were a part of those accompanying a cool front across Texas from Texarkana to the Big Bend.

Rains measured up to 4.21 in the Texarkana area, while Presidio had 2.03. Other late rainfall reports for yesterday were 1.14 at Lufkin, .55 at Waco, .37 at Junction, .19 at Beaumont, .12 at Sherman, .08 at Dallas, .06 at El Paso, .05 at Fort Worth, 1.27 at Palestine, .45 at Riverside, and .01 at Austin and Wink.

## Department Stores Sales Show Increase

DALLAS (AP) — Texas department store sales were up one per cent from last year for the week ending Aug. 16.

# Heart Surgery Discussed At Rotary Meet

Dr. Wilton N. Jones, Snyder physician, discussed heart surgery yesterday at the weekly luncheon of the Rotary Club here.

In his discussion, Jones covered heart trouble in two categories, that which a person has from birth and that acquired after birth.

When a baby is in the process of being developed, chambers of the heart are developed individually until the four begin to grow together. Occasionally an imperfection develops when these chambers are growing together.

The result is that the heart contracts and expands, pumping blood from one chamber to another, and does not get enough blood out into the body's distribution system. This causes more work on the heart and causes it to grow to many times its normal size.

Within the last five years, Dr. Jones said, great advances have been made in heart surgery, and this type default is corrected by making an incision into the chest and actually laying the heart open, sewing up the hole in the chamber. A heart and lung machine is used during the operation, and the heart is actually stopped.

Of the types of heart trouble acquired after birth, the most common is hardening of the arteries, slowing down circulation of blood back to the heart. In surgery for this problem, an incision is made in the chest and the heart abraided to help it grow more blood vessels around it. Sometimes circulation is increased by the tying of two veins which run up either side of the chest.

## Lauren Bacall Wants Larger Allowance

HOLLYWOOD (AP) — Actress Lauren Bacall wants her allowance from the estate of her late husband Humphrey Bogart increased from $1,000 a month to $2,500.

Miss Bacall told the court yesterday that the actor's estate was officially appraised at $847,540. She said the allowance ordered for her support and that of the two children, Stephen, 8, and Leslie, 5, has proved insufficient.

Miss Bacall said her personal and household expenses have exceeded $4,500 a month since her husband's death Jan. 14, 1957.

A hearing on her petition was set for Sept. 12.

## Young Weissmuller Is Ward Of Court

SANTA MONICA, Calif. (AP)—Actor-swimmer Johnny Weissmuller's 17-year-old son John has been made a ward of Juvenile Court.

He was ordered to a forestry camp for rehabilitation yesterday.

Young Weissmuller was arrested on suspicion of drunk driving last Friday.

THE SCURRY COUNTY TIMES

# Report Heard On One-Man Industry

Information on a local one-man industry was heard yesterday by members of the industrial committee of the Chamber of Commerce in its regular meeting.

R. C. Young of Hermleigh told the committee about the insecticide business he heads. Young, who as head of the company is the only employe, has a partner, O. B. Paty.

His plant is a 30-by-60-foot building in Hermleigh.

While most of his products are custom mixed by a chemical firm, Young is still mixing a roach killer. He does that in a cement mixer. Even that, Young said, will be mixed by the chemical firm beginning this fall.

The company's products, which carry the brand name of Young's, now number eight items but will be expanded to 10 in the near future, Young said.

Young now markets dieldrin, plant food, rose dust, floral and shrubbery dust, ant killer, roach killer, dog flea powder, and mouse killer. Plans call for adding malethion and liquid dieldrin. Later Young plans a second rose dust.

The business is now five years old, Young said, and during the past few years he has been devoting his time to that after having traveled for 30 years selling products for other firms.

So far, Young said, he has distribution of his products in more than 2,000 retail outlets in Texas, while there is distribution in small parts of Oklahoma and New Mexico. Sale of the products are handled through a brokerage firm.

Young's plant is in the building formerly used for the Veterans Vocational School in Hermleigh. There he cans and sacks his products, which are shipped to him by the chemical firm in drums. Canning and sacking are done by hand.

The Hermleigh man said he could get his products in 400 to 600 more supermarkets in Texas easily if he could supply the demand. He has not made any plans for major expansion of the plant, he said.

"Insects are here to stay," Young said, adding that with a good product and a good label he can sell all he produces of the insect killers.

Most of the products are "impulse" items, which are picked up in the store when the shopper sees them, Young said, and the label is very important in selling the product.

In other committee action yesterday, the committee discussed its current advertising program in the Wall Street Journal. The committee is using Journal advertisements to help promote the Scurry County Industrail Foundation, and its latest promotion appeared in the Eastern Edition of the Journal this week.

# Two Killed In Bomber Crash

LUBBOCK (AP)—A B25 bomber crashed and exploded last night about 23 miles southwest of here, killing two men aboard.

The bodies were found in the wreckage of the plane from nearby Reese AFB. Air Force officials said the plane normally carried a crew of two.

Residents of the area reported seeing a brilliant orange flash.

Reese identified the men as Aviation Cadets Kent Berg, 22, of Wellington, Kan., and Phillip Findley, 21, of New Orleans.

## TODAY'S MARKETS

FORT WORTH (AP)—Cattle 400; calves 100; steady; good to choice steers 22.00-22.50; feeder heifers 24.00; others untested.

Hogs 10, one lot sold at 20.00.

Sheep 70; steady; good to choice lambs 21.00-22.00; stock lambs 17.00-1900; ewes 7.50; breeding ewes to 17.00.

## Corpse Identified As Serviceman's Widow

HONOLULU (AP) — A corpse, deceptively youthful appearing because of silver blonde hair, has been identified as that of the widow of a serviceman.

Police said the nude body—found strangled with its owner's pink panties—was identified by a caretaker at her apartment house as Mrs. Helen M. Peoples, in her late 50s or early 60s.

The body was found in a driveway.

The woman apparently had fought fiercely. Her face was badly battered.

Police said they had no motive or suspect.

The Liberty Bell was cracked while being tolled in memory of Chief Justice John Marshall in 1835.

## Kiddieland Rides Close After Sunday

The Kiddieland rides, located at Fortieth Street on the Big Spring highway, will be closed after Sunday night, according to R. T. Roberts, president of the Junior Chamber of Commerce.

The rides were opened almost three weeks ago under sponsorship of the Jaycees.

Roberts said those who bought books of tickets should use them between now and the Sunday night closing time.

Funds raised by the Jaycees in the project will go to the Southwestern Diabetic Foundation, which supports Camp Sweeney at Gainesville. The foundation is a project of Texas, Oklahoma, and Louisiana Jaycees.

## Enters VA Hospital

Ruel C. Stinnett of 2108 Avenue O, entered the Veterans Administration Hospital at Big Spring for extensive medical treatment.

## Jones Rites Held Today

Funeral services were held this morning here for Buddy Richard Jones, 21, of 3000 Avenue J, who died Wednesday afternoon in Garza Memorial Hospital at Post from injuries suffered in a truck accident.

Services were at the Union Baptist Church, with Dr. Roy Womble, pastor, officiating, assisted by the Fev. S. A. Sifford, pastor of the Methodist Church at Cotton Center. Burial was in Hillside Memorial Gardens under direction of Bell Funeral Home.

The young Snyder man was born in Scurry County June 1, 1937. He was married to Patricia Hale on Nov. 30, 1954. He was Baptist.

Pallbearers were Lee Hembree, Melvin Head, James Spradlin, Bobby James, Ray Burch, and James Lindsey.

Survivors include the widow, one son, Ricky, 3; one daughter Linda Ann, 14 months; his parents, Mr. and Mrs. Ruben Jones of Snyder; and one brother, J. R. Wayne Jones of Snyder.

## HOSPITAL NOTES

SNYDER HOSPITAL

ADMISSIONS — W. T. Renfro, Wells Trailer Courts.

DISMISSALS — Vernon Sager, 505 Thirty - fifth Street; Joe Breiten, Box 1175; Mrs. Maye Stubblefield, Route 3, Box 314; Elizabeth Rosson, Ira.

COGDELL MEMORIAL

ADMISSIONS — Dan Comer, Route 3; Joann Thompson, Box 1648; Bill Allen, Duke Hotel; Henry Lofton, 3722 Avenue U; Doris Stokes, Clairemont Route; Anna Brown, Route 3; Don Boone, 3105 Forty - first Street.

DISMISSALS — Beatrice Antu, Dermott; Helen Allen, 318 Twenty-eighth Street; A. L. Nuttal, Snyder; Jim Mears, 2208 Avenue L.

## BIRTHS

Mr. and Mrs. J. C. Watson, 1411 Twenty - fourth Street, are parents of a son weighing eight pounds, 12¾ ounces, born at 1 p. m. yesterday in Cogdell Memorial Hospital.

A seven - pound daughter was born at 11:48 p.m. yesterday in Cogdell Memorial Hospital to Mr. and Mrs. T. S. Thompson, Box 1648.

## Tickets Being Sold For Supper At Dunn

About 30 tickets have been sold to Snyder businessmen so far for the farmer-businessman supper to be held at Dunn Monday night for Dunn-China Grove area farmers.

The tickets are available at the Chamber of Commerce office. Tickets are $3, and one ticket pays for the meal of a businessman and for one of the farmers.

The supper will be held at the Dunn Methodist Church at 7:30 p.m. Monday and is sponsored by the agriculture committee of the chamber and by Snyder merchants.

# 30 Students Sign For DE Program

A total of 30 students have registered for participation in the Distributive Education program at Snyder High School this fall, and four others have expressed a desire to enter the program.

Of the total of 34, all but 11 are already placed in the part-time jobs they will hold in addition to their school work during the school term.

Heading the DE program as coordinator is Curtis Wise, who has been in the Snyder school system for two years and in the teaching field five years. All of his teaching has been in the commercial field, and he just began work in the DE program this year. A graduate of Abilene Christian College, Wise taught at Sanderson and at Westcliff, Colo., before coming to Snyder.

Prior to teaching, Wise was in the accounting field three and one-half years, and during the other years of his adult life he has been in retailing and private business.

The DE program is one which trains high school students who are preparing for jobs in the field of distribution. The program, which has been in the school system here a number of years, developed because operators of retail, wholesale, and service businesses expressed an interest in more efficient workers being graduated from the schools and because youths wanted specific training and experience to find a place in the highly-competitive business world.

Distributive Education puts these two interests into a program which combines supervised work experience with practical classroom instruction. Wise will conduct the program, both teaching in the classroom and advising students in their lines of work. Employers will have a part in the teaching, as students get practical experience in their businesses.

Some 15 Snyder businesses so far have joined the program for this school year, furnishing such jobs as grocery retailing, hospital clerical work, banking, ordering stock work, variety retailing, department store retailing, auto and farm equipment parts work, newspaper circulation, office clerical and reception work, and others.

Wise is now in the process of contacting Snyder businessmen in the field of distribution who might have possible training stations. Those who desire to contact Wise can reach him at HI3-6302 or HI3-7668.

## Ground Observer Meet Set At Camp Springs

Jim Beavers, newly appointed supervisor of the Civilian Ground Observer Corps observation post to be organized at Camp Springs has called a meeting at 8 o'clock Tuesday night in the Camp Springs Methodist Church.

All residents of Camp Springs and the surrounding area are urged to attend the meeting, which will consist of a film, an explanation of Ground Observer Corps work and a question and answer period.

S-Sgts. J. R. Hyde and L. J. Poiner of Abilene, Air Force representatives of the Dallas Filter Center, will be on hand to conduct the meeting, and explain the GOC.

## Archie Hilliard Dies; Rites Pending Here

Archie Hilliard, former Snyder resident, died yesterday morning in Cortez, Colo., where he had lived for the past three months.

The body was to be returned to Snyder by Bolger funeral coach for funeral, still pending.

Survivors include his widow, one daughter, Mrs. Margie Allen of Aztec, N.M.; two sons, Charles Hilliard and Donald Hilliard of Cortez; one sister, Mrs. Pearl Vickers of Beaumont; and four brothers, Harley, Leland, Elmer, and Hulen Hilliard, all of Norton.

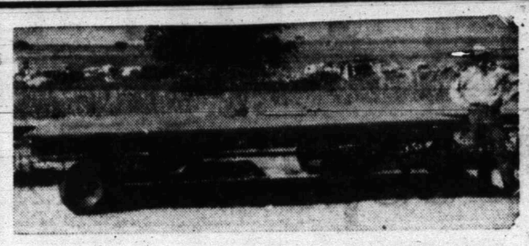

## Florida Man Shoots Self In Cathedral

GALVESTON (AP) — A man who shot himself in front of the altar at St. Marys Cathedral yesterday was identified by officers as Leroy Stanford, 26, Pensacola, Fla.

## Two Daughters At Bedside Of Father

Now in Snyder because of the serious illness of their father are two daughters and a son of E. M. Johnson, 700 Twenty-fourth Street.

They are Mrs. Daisy Rinehart of Brownfield, Mrs. Beatrice Johnson of Seminole, and Allen Johnson of Ruidoso, N. M.

## Central P-TA Executive Meeting Held Thursday

The Central Elementary Parent-Teachers Association executive committee met Thursday at 2 p. m. in the school, with the president, Mrs. Elmo Crowder, presiding.

The committee discussed the plans and budget for the coming school year.

From the presidents packet, Mrs. Crowder gave each officer and committee chairman their materials.

Officers and chairmen for this year are:

Mrs. Leston Edwards, vice-president and program chairman; Mrs. Kay Page, secretary; Mrs. G. L. Shested, treasurer; Mrs. L. T. Kramer, parliamentarian; Mrs. N. T. Lee, publicity; Mrs. Dewey Lester, publications;

Mrs. Herman Trigg, hospitality; Mrs. Frank Welch, city council representative; Mrs. Robert White, character, spiritual and youth development; Mrs. Bobbie Glasscock, health; Mrs. J. W. Edmonson, legislation;

Mrs. J. C. Chandler, parent and family education; Mrs. Joe Alexander, citizenship; Mrs. J. D. Dempsey, membership and preschool; Mrs. Philmon Kelly, audio-visual service; Mrs. Joe Pitts, budget and finance;

Mrs. Ruby Holt, home room representative; Mrs. Florence Shaw, safety; Mrs. Jodie Bynum, yearbook; Mrs. Helen Weise, scrapbook; Mr. Herman Trigg, child welfare and principal and Mrs. Douglas Burney, co-chairman.

## Clinta Blackard Invited To Leaders Meeting

Miss Clinta Blackard, daughter of Mrs. Ophelia Blackard, 2209 Thirtieth Street, has been invited to attend a Campus Leaders' Conference at Stephens College, Columbia, Mo.

From September 11 to 13, the campus officers will participate in leadership training program to aid them in carrying out their responsibilities during the school year.

Stephens will open its 126th fall term Sept. 15, under the leadership of the new president, Dr. Seymour A. Smith formerly of Yale University. A two-year college for women, Stephens has an enrollment of over 1500 students representing every state and many foreign countries.

## Ira P-TA Meeting Held

The Ira Parent-Teachers Association met Thursday at 3 p.m. at the school for their first meeting of the new school year. Mrs. Fred Gullett, president presided.

Mrs. R. D. White read the minutes of the previous meeting.

Mrs. Harold Hester, Mrs. J. L. Byars, Mrs. Howard Sterling and Mrs. Robert Erwin were appointed as a committee to make arrangements for a get-acquainted supper to be held the first week of school. No definite date has yet been set.

Other officers to serve the coming year include, Mrs. Leon Sterling, vice-president; Mrs. R. D. White, secretary, and Mrs. Bernard Bishop, treasurer.

Sixteen members were present.

MIDDY—Little Pammy O'Grady wears a black and white checked corduory jumper in new middy silhouette with black knit trim. It is worn with a white shirt.

### Suggestions

Through research and study, it has been shown that (1) smoked meats are best stored tightly wrapped, in the refrigerator; (2) steaks and chops should be salted after browning; (3) all meats should be cooked at low temperatures; (4) frozen meats should not be refrozen after they are completely defrosted; (5) meat should be carved across the grain.

The first cows to visit America and stay were those brought over to the Jamestown Colony in 1611.

Dry or normal hair often calls for a hair dressing to keep it from looking dry and frizzy. The best time to apply such a dressing is after your hair is dry and has been brushed and combed. Apply only a little and be certain the ends benefit from the dressing.

Flattering eyebrows often emerge when a woman merely plucks stray hairs. These hairs give a shaggy, unkept appearance After plucking, apply eyebrow pencil by making tiny strokes that look like actual hairs. These give the eyebrow a more natural look than a long continuous line.

**WE APPRECIATE**

The outstanding job done by the Snyder and Colorado City Fire Departments in controlling Snyder's downtown fire.

The losses would have been much greater if it had not been for the courageous fire fighting job by these men.

## *Maureen Stapleton Not Impressed By Hollywood*

By BOB THOMAS
AP Motion Picture Writer

HOLLYWOOD (AP)—"I never thought Hollywood would use me. There's no place out here for a fat girl. . . .

"I can't stand the sunshine in California. It's so relentless. But it's good for you, I guess. Even the old ladies out here look better than I do. . . ."

This was Maureen Stapleton talking, and she was living up to her billing as the female Marlon Brando.

She is like the early Brando—before he became husband, father and film producer. She has a similar disdain for the niceties of attire ("I hate clothes"). She is unimpressed by herself, Hollywood protocol and nearly everything.

Also Brando-like: She is a great performer, universally admired by her fellow actors.

Dore Schary is the man who got her to do a movie. He and director Vincent Donahue sought her to play the important role of an unhappy housewife in "Lonelyhearts" with Montgomery Clift, Robert Ryan and Myrna Loy.

How was she landed?

"Vinny called me up and asked me if I wanted to do it," she reported. "I loved the book and I liked the setup so I said yes."

Maureen has been called the American Magnani. She has originated two roles which have befallen Magnani in the movie versions—"The Rose Tattoo" and the forthcoming "Orpheus Descending."

She also did the stage original of "27 Wagons Full of Cotton," which turned up on the screen as "Baby Doll" and made a star of Carroll Baker.

She'll vanish back to her New York haunts and a fall play as soon as "Lonelyhearts" is finished.

### Silver Tips

Place silver along with cucumber peelings in an aluminum pan. Cover with warm water and let soak an hour. Then wash silver and you will find it very bright and free from tarnish.

The season's foot comfort still reflects an Oriental influence through the thong sandal. These run from definite sports models to jewel - encrusted versions for more formal wear. Inexpensive versions feature a foam - cushioned innersole, making a relaxing shoe for after-office or housecleaning hours.

COMBINE—Margaret Dodge of Chicago wears a bright orange coat-style jumper cut on trapeze lines, over a striped cotton chemise dress. Both may be worn separately.

Did you know? One quart of milk weighs 2.15 pounds.

## Britain Has Pub Troubles

THE HOUSTON CHRONICLE:

By virtue of the various nationalization acts made into law when its Labor party was in power, Britain is a big business as well as a government. It operates mines, hospitals, railroads, power plants, communications, even radio and television. But is comes as a surprise to learn her majesty's government also runs 168 pubs near the Scottish border. This intelligence comes to light in a dispute between Home Secretary R. A. Butler and the Civil Service Union over the discharge of managers of six of these pubs because, Butler explained, they were failing to get 300 pints of beer out of 288-pint barrels. They were failing to put big "heads" on the brew. In this country, Hoover commission reports are loaded with examples of the evils of government competition with private industry but this example from Britain is the most convincing of them all. Here we have a government operating pubs and discharging its faithful servants because they refuse to short-change the thirsty patron by selling him foam for beer. O tempora, O mores!

## Don't Forget To Vote

Tomorrow is election day again, and despite the fact that most races this year already have been settled those who go to the polls will be exercising their rights as citizens just as surely as they would if there was a yard-long ballot.

Throughout the state there is evidence that the turnout at the polls Saturday is expected to be a mere fraction of that for the first Democratic primary four weeks ago. Indeed, a few counties will not bother to hold second primary elections tomorrow.

Scurry County, of course, will have a second primary, with two commissioners races and the race for county treasurer being involved in runoffs, in addition to the one state post to be filled.

There is some evidence to indicate that the turnout here will be greater than in many other counties. Absentee voting, although substantially below the total for the first primary, was rather brisk.

The same trend should continue tomorrow at the polling places. This is no time for Americans to take their citizenship for granted.

# Arab Plan Offers Graceful Way Out

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—They all got their necks out of the wringer — the West, the Soviet Union and the Arabs — when the United Nations Thursday night approved 80-0 the Arabs' plan for peace in the Middle East.

They voted themselves a graceful way out of an embarrassing situation. The only question left is: Will the plan work? Or does it just provide a calm before a new storm breaks in the Middle East?

The plan, which the United States also approved, did not contain specifically a single one of the six proposals President Eisenhower made to the U.N. earlier this month to bring peace to the Middle East.

But at least he can feel some of his suggestions are in the plan, if only in a general way. In the end, although the plan is an easy way out for everyone, it may result in loss of the West's last, lingering grip on the area.

The Arabs — humiliated and angered by the presence of American troops in Lebanon and British forces in Jordan — can now claim credit for getting them out by the ingenuity of their plan. The Soviet Union wanted the troops out. And now they seem sure to go.

And it gets the United States and Britain off a hot spot. Even though invited in by Lebanon's President Chamoun and Jordan's King Hussein — they've shown signs of wanting out ever since they saw the world's bad reaction to what they did.

But there's no evidence anything in the Middle East has been solved or settled except for paving the way for American-British withdrawal. The Arab plan, or resolution, left it up to Secretary General Hammarskjold to arrange the withdrawal.

Secretary of State Dulles, seldom sunny about the Middle East, warned it would be folly to think the simple resolution by itself solved Middle East problems. For example:

Hussein asked for the British troops to save him from overthrow: It's been reported that once the British left he'd be assassinated or expelled. How does the Arab plan protect him if the British go? It doesn't say. Yet he approved it.

Eisenhower proposed a U. N. police force in Lebanon and Jordan to keep peace. The Arab plan says nothing about such an outside force. That seems to leave the door open for all the shenanigans to start as soon as the Americans and British leave.

True, the Resolution says the Arabs renew an old pledge among themselves not to be aggressors against one another. But they forgot about the pledge before and that's what caused the trouble this time. No reason to think they won't forget again.

For example: What reason is there to think United Arab Republic President Nasser, trying to bring the whole Arab world under his wing in one way or another, will stop his intrigue. To think he will sounds like a fairy tale.

But if the Americans and British withdraw — and after the present mess they'll be reluctant about going into the Middle East again — Nasser ought to have the field pretty much to himself.

And since the Soviets want Western influence in the area eliminated, the Arab resolution must taste like duck soup to them.

The resolution also called on Hammarskjold to try to work out with the Arabs some plan for a redevelopment institution. Eisenhower had proposed such an organization, to be run by Arabs.

It will take a lot of time to work out anything like that.

# Exporters Eyeing Soviet Markets

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Americans who have been watching their export business fall off sharply this year are eyeing hopefully today an opening chink in the Iron Curtain.

But it will be two months before they are told just what new items they may offer for sale to the Soviet Union and its satellites.

Their competitors in Western Europe, Canada and Japan meantime will have a long head start. These nations now are freeing 40 per cent of the products formerly embargoed for sale to Eastern Europe and Red China. The latter will still be off limits to American exporters.

The U.S. Commerce Department doubts if lowering the trade barriers a bit more — as provided in the recent Paris agreement with 14 other nations of the NATO Coordinating Committee on Control of East-West Trade — will open up much more of a market for U.S. goods in Eastern Europe.

American trade with Eastern Europe is off this year from last year's 10-year high, and it accounts for only half of 1 per cent of total U.S. foreign trade.

Washington holds that what the Communist countries want from us mainly is what we still won't want to sell them, come October. That is, products and commodities which we feel could be used for military purposes. The Commerce Department doubts if the Reds will buy many purely civilian goods from Americans.

Western European industrialists are much more hopeful. For example, they are now freeing copper wire for export to Eastern Europe and Red China. Copper wire was once a major British export to the Soviet Union. Red China has been getting its copper from South America. The British think they can recapture the Soviet market and add the Chinese to their customer list.

The United States now embargoes 922 items for sale to the Reds. It isn't saying yet how many of these will be freed for trade. It is going to add some items because military advances have brought certain chemicals and electronic products into the strategic category. But America plans to drop more items from the list than it adds.

Strict controls were clamped on East-West trade in 1948 as a cold war measure. Last year there was some relaxation of controls and U.S. exports to the Soviet Union and the satellites rose to 86 million dollars, compared with 11 million in 1956. Imports from behind the Iron Curtain rose to 61 million dollars. Poland accounted for the giant share of the 1957 trade — 73 million dollars of our exports and 27½ million dollars of our imports.

Figures released this week by Commerce Secretary Weeks shows that in the first six months of 1958 licenses to export to the Reds totaled 10½ million dollars. Latest available figures show that imports from Eastern Europe in the first two months of 1958 came to 9¼ million.

# Strikes Curtail Auto Production

DETROIT (AP)—The auto industry is being harried by a wave of strikes which have idled some 3,500 workers and curtailed production of the first 1959 models rolling off some assembly lines.

Walkouts have hit plants of all the Big Three auto makers this week.

Workers struck at five locations in Michigan, Ohio and Illinois in the worst outbreak of trouble since contracts between the manufacturers and the United Auto Workers expired last Memorial Day weekend.

A Chrysler spokesman said a strike of 330 employes at its key stamping plant in Twinsburg, Ohio, may slow down production of all Chrysler's 1959 models. The Twinsburg dispute was touched off when the company fired a UAW shop committeeman for ordering 200 workers to refuse overtime work.

General Motors was the target for a strike of 70 workers at its Buick engine plant in Flint, Mich., idling some 1,400 employes. The walkout was staged over the same issue — the scheduling of overtime while other workers are without jobs.

Another GM plant was closed in Mansfield, Ohio, where die setters walked off their jobs and idled another 1,400 at the Fisher Body works. The company said the dispute arose when the workers refused to perform work along the lines of established procedure.

Ford's stamping plant at Chicago Heights, Ill., was hit by a walkout of 147 die setters Wednesday night and the operation was shut down when the work force of 1,050 failed to show up. The company said pending disciplinary action touched off the strike.

UAW members also threw picket lines up at a Chrysler plant in Detroit to protest what they called the company's policy in recalling laid-off workers.

Contract talks continued yesterday between union negotiators and all three companies but no progress was reported.

## Mother's Dream Of Death Comes True

GALVESTON, Tex. (AP) — A mother's dream that her boy was destined to die tragically came true.

Lightning struck and killed Kenneth Luker, 15, of nearby Lamarque, as he rode his bicycle.

Mrs. Allen Luker told of the dream after being notified of her son's death.

Luker's companions—George Allen, 7, and his brother, Sonny, 10, were uninjured.

## BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

Sports Bucking The Line Margie

**MAKEUP GAMES ARE** really piling up in the City League. City Leaguers, of course, welcome the rain but it's certainly going to crowd things now to get the season finished before school starts.

Tonight's game between the Tigers and Sun was to have ended the regular season play and the playoffs were set for the first part of next week between the first and second half champions.

But last night's rain-out of the Hermleigh-Blue Sox game was the fourth game that had to be postponed in the second half, meaning there will be four games remaining to be played after tonight if all games are made up.

Due to the closeness of the Second Half race, it will probably be necessary that all games be made up. At the moment, only a game and a half separates the first three teams.

### Time Running Out

City League officials, as far as we know, haven't decided definitely what to do about the make-up games. Before last night's postponement, it was decided to make the first three postponements up tomorrow night and Monday and Tuesday nights.

Now, with a fourth game to be made up, it would have to be played next Thursday night. And that certainly wouldn't ease much time for the playoff if the league is to finish up before school starts.

In all likelihood, doubleheaders will be scheduled to get the season completed. But this would work a hardship on the Hermleigh team. Hermleigh is involved in all four make-up games.

Hermleigh must play the Tigers twice and Sun and the Blue Sox once each in make-up games.

---

The Tigers are leading the second half at the moment and should they proceed to the pennant, most of their players wouldn't be able to compete in the playoffs if the season runs as late as Friday.

Practically all of the Tiger baseballers will be reporting for football next Friday. With two-a-day workouts slated for Friday and Saturday, the boys will be in no mood to play baseball the following nights.

### A Vote For Texas In Oil Bowl

CORRECTION DEPT. Geral and Jake Greene are nephews, not brothers, of AAU official Jim Greene of which we "boo-booed" en in this corner yesterday.

We extend our apologies to all concerned.

The annual Texas-Oklahoma Oil Bowl game will be played tonight in Wichita Falls.

Our prediction is Texas 23, Oklahoma 12.

*CHISOX ARE VICTIMS, 6-3*

## Bob Turley Bags 18th For Yankees

By ED WILKS
Associated Press Sports Writer

Bob Turley had to beat himself, you might say, before he could beat American League teams with consistency. Now he has a shot at becoming the New York Yankees' biggest winner since Lefty Gomez nailed 26 victories 24 years ago.

The big right-hander, who was a lad of four when Gomez did his big job for the Yankees in 1934, licked his wildness with a no-windup style, then gained more control and learned to pace himself by pausing for a couple of deep breaths between pitches.

Now he's won 18, hitting his one-season high with a six-hitter that beat Chicago 6-3 last night and ended the White Sox' winning streak at seven. With 33 games left, Turley could be the first Yankee to win 22 since Gomez, and the first right-hander to do it for the champs since George Pipgras in 1928.

Better yet for Turley, he now is 3-0 against the White Sox this season, a point he's always missed at contract time. "I'm particularly happy with this victory," he said, "because when I sit down to talk salary, they always tell me I never beat the top teams, like the White Sox." His lifetime record against 'em is 8-11.

While the Yankees regained an 11½-game lead with their fourth victory in 12 games, the Boston Red Sox moved within three games of second place Chicago by beating Cleveland 8-6. Baltimore tied Detroit for fourth by defeating the Tigers 7-6. Kansas City rapped Washington 7-4.

Turley, who had lost two in a row, had a four-hitter with two out in the ninth, when Jim Rivera hit a home run and Al Smith singled. But he didn't have it in the bag until the Yankees scored three runs in the seventh and ended a duel with Ray Moore, who had beaten them three times. Two singles and a walk loaded the bases in the seventh. Then consecutive sacrifice flies by Bill Skowron and Elston Howard, and Tony Kubek's bunt single gave the Yankees a 6-2 lead.

The Tigers, scoring four runs in the fourth with the help of an error, blew a 6-3 lead when Gus Triandos' 24th homer, with two on, capped a four-run Oriole seventh.

### ROUND ROBIN BONUS PRIZE BEING OFFERED

All contestants in the 2nd annual Round Robin Tournament at the Country Club will be eligible to compete for a special bonus prize Sunday, according to Shanty Hogan, club pro.

A $100 set of woods will go to the golfer with the best round (with handicap) in Sunday's play.

Only those who played in the Round Robin Tournament will be eligible to compete for the bonus prize. Hogan says all contestants who wish to compete for the bonus to see him for their handicaps. There is no fee for the bonus prize.

Sunday also is the day to determine the "Grand Championship" of the Round Robin Tournament. Winners and runnerups in each flight will compete for the grand title.

The flight champion and runnerups will tee off at 1 p.m. Sunday.

### JR. HI GRID WORKOUTS TO BEGIN MONDAY

Snyder Junior High football workouts will begin next Monday, Coach Ace Amos revealed today.

All boys who will be coming out for football at the junior high this fall, both 7th and 8th grade, are asked to report at their respective field houses at 8 a.m. Monday.

Each boy is to bring his own gym shorts.

Two-a-day workout will be held at 8 a.m. and 6 p.m. until school starts, Amos said.

## Braves Finally Win One From Bums, 4-0

By ED WILKS
Associated Press Sports Writer

Yep, it's almost fall and World Series time. There's the smell of burning leaves. There's football practice. And there's Lew Burdette, pitching the big shutout again.

It's been a long summer for the big right-hander who pitched the Milwaukee Braves to the world championship last October. At the All-Star Game in July he had only a 6-7 record. Those winter banquets that toasted his three victories and two shutouts over the New York Yankees in the Series were as much to blame as anything.

But since the All-Star break he's won 8 of 10. He beat the Los Angeles Dodgers 4-0 last night with a four-hitter.

It was only his second shutout of the season. He didn't walk a man, struck out five and didn't allow a base runner after Gil Hodges, who had two of the Dodgers' hits, singled with two out in the fourth inning.

Burdette also hit his third home run of the season—all at the Coliseum—as the Braves regained a 6½-game lead in the National League race after losing three in a row to the Dodgers.

Cincinnati broke loose for an 8-1 victory over second-place San Francisco, and the Chicago Cubs, with Ernie Banks hitting his 39th and 40th home runs, beat third-place Pittsburgh 5-3. St. Louis plunked Philadelphia back into the cellar 2-1.

In the American League, the New York Yankees ended Chicago's winning string at seven, beating the White Sox 6-3 as Bob Turley won his 18th. Boston defeated Cleveland 8-6, Baltimore spilled Detroit 7-6 and Kansas City rapped Washington 7-4.

Hank Aaron's 27th home run opened a four-run fourth for the Braves against losing southpaw Sandy Koufax (9-7). Duke Snider's error, Andy Pafko's double and Burdette's homer wrapped it up.

Don Newcombe, who has lost 11, picked up his third victory for Cincinnati with a six-hitter. Leon Wagner had half the Giants' hits, one his eighth home run in the second inning. The Reds scored four in the first inning, capped by Alex Grammas' three-run, two-out double, as Mike McCormick lost his sixth.

Banks drove in all the Cubs' runs. His 39th homer came with two on in the third inning off loser Vern Law (9-11), and he added an RBI double off the Buc right-hander in the fifth. His 40th homer was a solo shot in the eighth. Moe Drabowsky won his ninth with a three-hitter.

Larry Jackson won his 10th for the Cardinals, blanking the Phils on five hits for seven innings and then giving up five hits in the last two frames. He lost his shutout on three singles, the last by pinch-hitter Dave Philley, in the eighth, then got Wally Post on a grounder for the final out of the game with the tying run on third.

## Tigers, Sun Clash Tonight

The league leading Tigers will meet second place Sun in City League play tonight.

Game time will be at 8 p.m.

Last night's game pitting Hermleigh and the Blue Sox was postponed because of wet grounds.

Tonight's game is the regularly scheduled final game of the Second Half but four make-up games, including last night's postponed game, remains to be played.

Hermleigh and Sun will vie tomorrow night in a make-up game, starting at 8.

Hermleigh is also scheduled to go against the Tigers in make-up games Monday and Tuesday nights.

No definite date has been set for making up last night's postponed game.

Sun can pull even with the Tigers for first place by defeating the Bengals tonight. The Tigers are leading with a 5-1 record to 4-2 for Sun. Hermleigh is in third place with a 3-2 record while the Blue Sox are in the cellar with a .08 mark.

## Texas Favored In Oil Bowl

WICHITA FALLS (AP)—Texas and Oklahoma schoolboy squads clash tonight in the Oil Bowl football game with Texas a solid favorite.

The Texans took 11 of the first 12 and tied in the other one but last year Oklahoma broke through for a 21-7 victory.

Texas Coaches J. V. Sikes of East Texas and J. W. Bolton of Kilgore Junior College have what is considered the finest line ever presented in the charity game. The backfield seethes with top runners like Tommy Minter of Gladewater, Bert Coan of Pasadena and Ronnie Bull of Bishop. Directing this array and doing the passing will be Sonny Gibbs of Graham.

Coaching the Oklahomans are Lyle Berryhill of Cleveland, Noah Thomason of Wewoka and Noel Due of Cushing. They will depend mostly on running, featuring Danny Griffin of Frederick and Benny Boydston of Muskogee. The Oklahoma line is bigger than Texas.

Oklahoma also has passers, Bill Meacham of Clinton and George Aiken of Blackwell, but hasn't indicated it will make much effort through the air lanes.

---

Joe Hordubay, tackle on Penn's 1958 football team, is the brother of Ed Hordubay who completed three years of football at North Carolina State last fall.

### 2 No-Hitters Hurled In Softball Tourney

BROWNWOOD (AP)—Two no-hitters featured first round games of the State Men's Softball Tournament last night.

Monroe Craig of Adam's Mobile, defending champions from Austin, shut out San Angelo Merchants 7-0 in the first no-hitter.

Randall Reiger also hurled a no-hitter as Corner Drug of San Angelo beat the Abilene A's 4-0.

In other first round games the Bay City Redcaps beat Brownwood Floral 3-1 and Monsanto Chemical of Texas City shut out wood 4-0.

The double elimination tournament, with 19 teams entered, continues through Sunday.

THE CRISIS THAT WASN'T

Today, there are many quick victories over disease. Each might be described as a crisis that didn't quite happen — thanks to today's superior medicinal agents.

Modern medicines prescribed by your physician score amazing triumphs over diseases which, only a decade ago, were almost certain to become dangerously serious.

Present-day pharmaceuticals, such as the antibiotics, require complex equipment, intricate controls and highly skilled technicians for production. Although somewhat higher in cost, they actually are an investment in economy. They effect an earlier cure and cut down expensive sick-bed time.

We are staffed and equipped to fill your doctor's prescriptions promptly at prices that are fair.

## Junior Editors Quiz on FROGS

*QUESTION: How far can a frog jump?*

• • •

**ANSWER: Mark Twain wrote a famous short story, "The Jumping Frog of Calaveras County," which was about a frog jumping contest. Now such a contest is held each year in Angels' Camp, Calif., which is in Calaveras County, and frogs are entered from all over the world. In the most recent contest, the winner, Jim Tule, leaped nearly 14½ feet in three jumps, but this was short of the record of 16 feet, 10 inches set by a frog named Lucky in 1954.**

**Some frogs have recorded single jumps of six or seven feet, and if they could put three of them together in the contest, they could easily beat Lucky's record. Most of these long jumpers come from Africa, where some frogs are a foot long and weigh as much as a small dog. The average American frog jumps less than three feet at a time. There are some tiny frogs smaller than a penny who leap 20 times their own length, which is still less than two feet. If the foot-long African giants could do this, they would jump 20 feet.**

**Frogs have two large hind legs, two stubby front legs and a backbone reinforced by extra bones help break the force of landing on the ground.**

• • •

**FOR YOU TO DO: Next time you're near a pond, see if you can see a frog. They are easier to hear than to see.**

• • •

**(Bobby Boll of Bay Village, Ohio, receives $10 for sending in this question. Send yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: Who invented mathematics?**

## Borgnine To Pay $360,000

HOLLYWOOD (AP) — Ernest Borgnine has agreed to pay his estranged wife at least $360,000 during the next 15 years.

In return, Mrs. Rhode Borgnine said yesterday she'll amend her separate maintenance suit to ask for divorce.

The property settlement calls for the actor to give her 12½ per cent of his gross income during the 15-year period or $2,000 a month alimony, whichever is greater. Borgnine agreed to pay $150 monthly support for their daughter.

The couple married in Brooklyn in 1949 and separated last April.

After a baking session, wait until you oven is cool before cleaning it.

SNYDER AREA CHURCH NOTES

# Meeting Opens At Lloyd Mountain School Sunday

A Church of Christ meeting will open at the Lloyd Mountain schoolhouse Sunday and last through Aug. 31.

Services will be held at 8 p.m. daily and also at 10 a.m. on Sundays.

Evangelist will be Bill Owen of Coquille, Ore. He is formerly of Snyder and was a member here of the Thirty-seventh Street Church of Christ.

• • •

### First Baptist

Ray Ives, a layman from Odessa, will be guest speaker at both the 11 a.m. and 7:30 p.m. services at the First Baptist Church Sunday in the absence of the pastor, the Rev. G. M. Cole, who is in a revival meeting at the First Baptist, Church at Stephenville. Ives is the brother of Mrs. Cole.

Rev. Cole is to return Monday. Goals have been set at 700 for Sunday school and 300 for training union for Sept. 7, the day the church occupies its new educational unit. A dedication service will be held that morning and open house from 3 to 5 p.m. that day.

September is church music month, and the church will observe the special month in preparation for a music ministry program.

• • •

### 25th Street CC

"I Stand Alone" will be the subject of the lessons at both the morning and evening servides at the Twenty-fifth Street Church of Christ Sunday.

The first lesson will be at the 8:45 and 10:55 a. m. services, the second at the 7 p. m. service.

They will be delivered by Bruce Max Evans in the absence of the minister, Glen Pace.

• • •

### Northside Baptist

"Conserving the Harvest" will be the subject of the Rev. Jack Dean, pastor of the Northside Baptist Church, at the Sunday 11 a.m. service.

At the 8 p.m. service he will speak on "Blood on the Door."

At 8 p.m. Monday, the church will have as guest speaker the Rev. W. S. Goulding of San Jose, Costa Rica, a missionary of the churches of the American Baptist Association. Working in Costa Rica, a missionary of the churches of the American Baptist Association. Working in Costa Rica four and one-half years, he was previously in Panama nine years. He will show a 30-minute film on his work in Costa Rica.

• • •

### First Presbyterian

At the First Presbyterian Church, the Rev. R. Charles Spivey, pastor, will speak on "The Good Christian" at the Sunday 10:55 a.m. service.

Sunday school is at 9:45 a.m. Westminister Fellowship at 5:30 p.m.

At 7:30 p.m. Sunday there will be a training class for all Sunday school teachers who will begin duties on the first Sunday in September.

• • •

### First Methodist

The Rev. Harry Vanderpool, pastor of the First Methodist Church, will speak on "How To Get Rid of the Devil" at the Sunday 10:55 a.m. service.

At the 7:30 p.m. service, guest speaker will be Gene Newton, ministerial student at McMurry College and member of the church here.

The men's choir will sing at that service.

• • •

### St. John's Episcopal

The Feast of St. Bartholemew will be celebrated in services at the St. John's Episcopal Church Sunday.

Communion will be at 7:45 a. m. At the 11 a. m. Morning Prayer Service, the Rev. Donald Hungerford, vicar, will speak on "A Man With No Guile."

• • •

### Bethel Baptist

"The second Coming of Christ," second in a series, will be the subject of the Rev. W. L. Cass, pastor of the Bethel Baptist Church, at the Sunday 11 a.m. service.

At the evening service, the Rev. Lusby Kirk will be speaker. The pastor will begin a meeting Sunday evening at Southland.

### Trinity Methodist

Guest speaker at both the 11 a. m. and 7:30 p. m. services Sunday in the absence of the pastor at the Trinity Methodist Church will be Fred Cary of Pampa, district lay leader for the Pampa District.

At the morning service, the choir's special music will be "His Eye Is on the Sparrow."

The week's schedule includes a meeting of the commission on education at 7:30 p. m. Tuesday, choir practice at 7:30 p. m. Wednesday, and a family night with ice cream and cake at the park at 7:30 p. m. Thursday.

## Northside Members Attend Youth Camp

Several adults and young people of Northside Baptist Church are attending the Missionary Baptist Youth Encampment at the Daingerfield Baptist Encampment Grounds near Lone Star this week.

Those attending from Snyder are Mr. and Mrs. Weldon Sumruld, Vondal and Lorell; Royce, Judith, and Janis Gladson; Eldon, Joe, and Henrietta Fowler; Rita and Pam Camp; Mary Beth and Tommy Norwood; Larry and Kathy Stokes; Patsy Westbrook, Dana Scarborough; Charlsie Lingle; Max Beasley; Tommy Eikes; Larry Lee; Don Lee; Jack Beane; James Sifford; Roy Sumruld; Bob McCarter; Frankie Younger; Ray Max Grimmitt; Carol Shoemake; and Elder Jack and Mrs. Dean and Jackie.

The reports from Rev. Dean have been that there were 523 enrolled as of Tuesday night. This is a representation of the Churches of the American Baptist Association.

## Dr. Bennett New McMurry President

ABILENE (AP)—The new president of McMurry College is Dr. Gordon Bennett, who has been executive vice president of the school for the last eight years.

Dr. Bennett, named president at a meeting of the trustees yesterday, is the first layman to head the college and its sixth president in the 35-year history of the Methodist school.

He succeeds the late Dr. Harold Cooke, who died March 17. Dr. Bennett, who has been acting president since then, was named to serve by appointment rather than being given a contract.

## Barger Is Speaker On Daily Devotions

The Rev. O. M. Barger, pastor of the Morningside Baptist Church, will be speaker next week on the Daily Devotions program on KSNY.

The program is at 9:15 a. m. daily, scheduled by the Snyder Ministerial Alliance.

## Teacher Pays For Lesson

JERSEY CITY, N.J. (AP) — Seven teen-agers got a lesson in civic duty yesterday, but it was their teacher who paid the tuition.

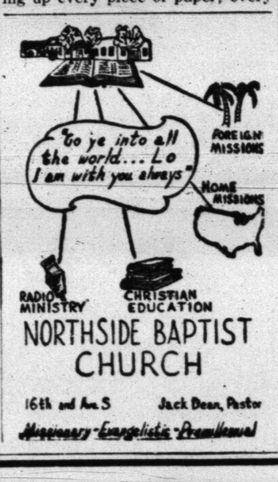

Director of Public Safety William V. McLaughlin was being driven to work when he spotted a paper shower from the rear window of a bus ahead of him.

A former policeman, McLaughlin halted the bus and nabbed the rear seat occupants, seven boys from Bayonne.

Then he had the youths march up and down the boulevard picking up every piece of paper, every matchstick and every cigarette butt.

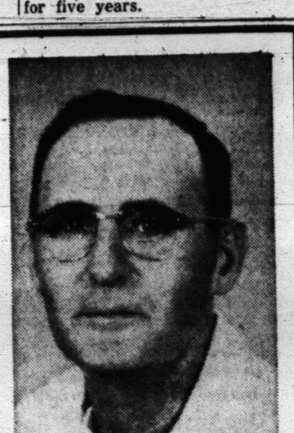

When he was satisfied, McLaughlin had to give them a dollar for bus fare home.

The new Federation of Malaya is an Eastern monarchy ruled by a king. But the king is not born to the throne. He is elected to it for five years.

## Thinks Fumes Cause Cancer

RENO (AP)—A Japanese surgeon says he believes automobile exhaust fumes and industrial smoke may cause more lung cancer in the United States than does cigaret smoking.

Dr. Komei Nakayama, professor of surgery at the University of Chiba medical school in Japan, told a regional meeting of the International College of Surgeons that the Japanese smoke far more heavily than Americans but have a very low incidence of lung cancer.

Dr. Ross T. McIntire, the late President Roosevelt's personal physician, concluded the panel discussion with:

"Now we can all take a puff."

## Peaceful Sitdown Cracks Race Barrier

OKLAHOMA CITY (AP) — A peaceful two-day "sitdown" by some 35 young Negroes has pierced another race barrier here.

The Katz drugstore yielded to the persistent Negro youths who solemnly lined its fountain, and started serving them.

Negroes previously have not been served in restaurants or fountains in the city. Mrs. Clara Luper, head of the Oklahoma City Youth Council of the NAACP, declared joyfully the Negroes will invade other businesses within the next few days, seeking the same privilege.

EARLY CHRISTIANS & THE BIBLE

(Question) Did early Christians ever see the Bible?

(Answer) Surely it is no startling discovery that the early Christians did not have the Bible (Old and New Testament) neatly bound in a leather cover on fine printed paper like we have it today. But they did have access to it, as revealed in numerous places. They received oral and written teachings from men who were guided by the Holy Spirit to write to them. The Septuagint, the first great translation of the Old Testament was made approximately 275 years before Christ came. But did the early Christians ever see it?—"And that from a child thou hast know the holy scriptures, which are able to make thee wise unto salvation through faith which is in Christ Jesus (2 Tim. 3:15) ". . . was returning, and sitting in his chariot read Esaias the Prophet" (Acts 8:28) "And searched the scriptures daily, whether these things were so" (Acts 17:11) "And when this epistle is read among you, cause that it be read also in the church of the Laodiceans; and that ye likewise read the epistle from Laodicea". (Col. 4:16) "These are written that ye might believe that Jesus is the Christ, the son of God; and the believing ye might have life through his name" (John 20:31) "Paul also, in many of his epistles has written things difficult to understand which the unlearned and unstable distort, just as they do the rest of the scriptures." (2 Pet. 3:15 ,16) Peter obviously thought that the early Christians had seen these scriptures as well as other inspired writings. Let us not be guilty of minimizing the authority of God's written word. Those who do, seek authority for themselves, which they know cannot be found in that which inspired men wrote.

(Address letters to Mr. Pace in care of the 25th Street Church of Christ)

THE THREE CROSSES

Three crosses on a hill. *Each cross means something.* They were all intended to mean the same... public recognition of guilt... just punishment for wrong-doing. But look closely! *Each has a very different meaning.* On one side, the Cross of hopelessness... hard, bitter,—"If Thou art the Christ, save Thyself and us." On the other side, the Cross of Penitence... "Lord, remember me when Thou comest into Thy Kingdom." In the center, the Cross of Atonement... "Today, Thou shalt be with me in Paradise." Before which cross are you bowing? Have you given up in utter despair? Have you thought of your own personal need of repentence... an about-face in life? Then go to church Sunday and kneel once more before the *Cross of Calvary* ...the *Cross of Forgiveness*... the *Cross of Atonement* with the God of all the universe... the *center Cross.*
