A Little Straight Talk

BY DAVE THOMPSON

When Peggy Jones passed away suddenly last Wednesday afternoon, Knox City lost one of the nicest and happiest ladies that most of us have ever had the pleasure of being acquainted with. A devoted wife, mother and friend to many, Peggy always had a smile and kind word for everyone she met. A person who liked to help others while staying out of the limelight, she was also a Christian benefactor to many a needy person who never knew where the help was coming from. While greatly missed by family and friends alike, the memory of Peggy Jones should be an inspiration to us all in our daily lives.

VISITING DURING the reception held last Thursday morning for Kathy Carriker, second from left, are Lillian Logan, Police Chief Gil Gillilan, hostess Kay Looney of Munday, and EMS director Tommy Guy Waldrip. Mrs. Carriker is the wife of Steve Carriker who is seeking the 30th District Senatorial seat and formerly served as state representative of the 78th District. (News Photo)

India and Texas

An Uncommon Meeting Ground

By DAVE THOMPSON

What do Knox City, Texas, and Calcutta, India, have in common? Most who know Knox City would have a hard time believing that a small community in the northern portion of Texas would have any international connections. Being extremely fortunate in that regard, Knox City has been the proud host community for foreign exchange students from both Sweden and France during the last two years while expecting two more foreign exchange students in the school system when studies resume at the end of summer. While awaiting the arrival of the newest foreign exchange students, our community also hosted visitors from Calcutta, India, when the parents of Heather Putnam visited here.

Heather is the wife of Byron Putnam, the new minister at the First United Methodist Church. The family moved here just a few short weeks ago when Byron assumed his duties following the reassignment and departure of former Methodist minister Bill Perkins and his family. Herself a native of India, Heather and Byron are both very interesting people to talk with. When meeting with them last week to gather information for this story, it was also my pleasure to be able to converse with Heather's parents, David and Margaret MacGillivray who were on vacation and visiting Knox City from their home in India.

The story behind the marriage of Byron and Heather Putnam is indeed an interesting one, a story that stretches from Texas to the country of India. After Byron was in college at McMurry studying for the ministry he took a trip to observe missionaries and the church at work in India. Enjoying his trip to India, Byron returned to study at Asbury Seminary in Wilmore, Kentucky and it was there that he met Heather, who was from India and studying for her degree in church music at Asbury.

When Byron and Heather made the decision to marry, family customs and traditions were observed and the wedding was performed at the same church in India where Heather's parents were married. That meant a return trip to India and a 1985 marriage ceremony that was truly out of the ordinary. Following a devotional in separate homes, Byron walked in a half mile processional to the church. Upon his arrival at the church, bells rang that signaled it was time for Heather to make the same walk along a roadway that was lined with hundreds of well wishers. With over 1500 invited guests in attendance, the couple said their vows in front of seven ministers who were present to show respect for the couple entering the ministry. The ceremony and reception that followed lasted over seven hours

and included a major meal and a separate setting for the traditional British custom of afternoon tea and cakes.

Following their wedding, Byron and Heather lived in India for four months prior to their returning to the United States. Further schooling for both resulted in the many degrees held by

the couple. Byron has his BA degree with a major in history and a minor in English. Heather has a BA degree in both English and music and a master's degree in church music.

Byron began his ministry as a student pastor in 1978 with one year of

SCOUTS WINNING in the Space Derby Contest held last week were, from left front row, Heath Turner, Nathan Rocha, and Brandon Lewis. Back row left to right are Michael McGaughey, Seth Johnston, Gaby Bernal, and Clint Lewis. (News Photo)

Local Scouts Win In Derby

By Den Leaders

The Knox City Boy Scouts held a Space Derby Race, Thursday, June 7. Each boy built his own airplane from a kit and painted his project.

The space derby ran on a suspended track of fish line. Excitement mounted as each boy cheered on his plane.

Winning first place was Brandon Lewis, first place; Nathan Rocha, second; and Heath Turner, third. Winning for best paint jobs were Gabriel Bernal, first; Clint Lewis, second; Jonathan Rizan and Seth Johnston, tied for third. The judge really was impressed with Michael McGaughey's entry and voted it "Most Original" paint job.

The space derbies were hard to put together and rather complicated, much more than the pinewood derby. We would like to thank all parents and Scouts for their participation.

Lil' Folks To 'Show Off' Saturday Night

The third annual pageant sponsored by Retail Merchants of Knox City is coming up this Saturday evening at 8:30 o'clock in City Park.

This year's pageant includes the little misters as well as the little misses featured in the past two pageants and has become the "Lil' Folks Pageant."

According to Retail Merchants president Lane Davis, the pageant will have five divisions, toddlers through two years of age; three-four; five-six; seven-eight; and nine-ten. Little interest has been shown the past two years in the nine-ten division and it was at first decided to do away with it this year; however, Retail Merchants

Voss Resigns From Appraisal District Board

At the June, 1988 meeting of the Knox County Appraisal District Board of Directors meeting, Clyde Voss presented to the Board his resignation.

Voss had served on the Board since it was originated in 1980. According to the minute book, Voss had not missed a board meeting in his nine years of service. This depicts a true dedication to a job that paid nothing except the satisfaction of knowing that you are performing a service for your fellow citizens.

At the July, 1988 meeting, the Appraisal District Board of Directors named W.R. Baker, who had been nominated by the taxing units, to serve the remainder of Voss's unexpired term which ends December 31, 1989.

RETIRING FROM the Knox County Appraisal Board is Clyde Voss, at right, who is shown as he received a plaque for his many years of service to the board. Presenting the plaque is Bud Carver. (News Photo)

CITY OF KNOX CITY

July 15, 1988

To the Citizens of Knox City:

RE: City Dog Ordinance # 1106

We are once again having a problem with "nuisance" dogs. All dogs are
required by law to be vaccinated against rabies. All dogs that run loose
must display his rabies tag and City dog tag at all times. Any dog found
running loose without either tag may be impounded and carried to the vet
at Munday. The animal will be kept for a period of five (5) days, after
which time the animal will be destroyed if not claimed. If the animal
is claimed, the owner will be responsible for various fees, including
the cost of vaccinations if the animal has not been vaccinated, the cost of
feeding and care, etc.

An individual who feels a dog is being a nuisance may file a complaint
against the owner. At such time, the owner should be given a warning, and
there after may be filed upon by the complaining party.

The City of Knox City has once again started trapping "nuisance" dogs.
Several citizens have turned in complaints about dogs tearing up their
newspapers. We seem to have a concentrated problem with "nuisance" dogs
in the North-East section of town, in the areas of Avenues A, B, C and D.
Please make sure that your dog's tags are up-to-date. Also, if you have
reason to believe that your dog is being a "nuisance" to another individual,
it is suggested that you keep the animal penned up or on a chain.

Sincerely,

Lynward Wilcox

service in Rochester-Weinert prior to Megargel-Elbert. He then went on to Nolan and pastored a church in Sweetwater prior to the move to Knox City. He is a 1981 graduate of McMurry College.

Beginning a marriage and family when coming from two totally different cultures is not, according to Byron, as difficult as people might think. When asked about it, Byron stated that he has been amazed at Heather's ability to adapt to any circumstance, especially when considering that she had to adapt to life in small town America as well as being a minister's wife. "She is very supportive of my ministry," commented Byron. The couple now has two children, 19 month old daughter Katherine Joy and 4½ month old son Jonathon Cameron.

The opportunity to visit with Heather's parents was not to be missed. They are two very interesting persons.

Both are well educated and possess the old world charm and personality associated with those in their country who were raised prior to the independence of India from Britain. While David MacGillivray, Heather's father, speaks several languages fluently, his English as a strong British accent. The holder of a master's degree in commercial studies and a member of the prestigious British Institute of Management he is a lawyer, or advocate as lawyers are called in India. He is employed by a firm named Berger, a multinational company with 40 factories all over the world and primary interests in the manufacture of special hi-tech paints. His responsibilities with the firm include heading both the legal and administrative departments and specializing in the international laws faced by a multinational industrial firm.

When asked about his impression of lifestyle differences between India and the United States, Mr. MacGillivray replied that he sees "a lot that is different and a lot that is the same." He observes the same type of friendliness here that is found in Calcutta, "people are just as friendly and open as in India." To sum up his feelings, he stated "We don't feel that we are in a different community. He was quick to point out that India is the largest democracy in the world, with over 600 million people more than the United States and all in a land mass that is just three fourths the size of America. While Hindi is the main language in India, there are actually over 40 different languages in use. The religions practiced in India are Hindu, Muslim and many different Christian denominations. While only 3 to 4 percent of the overall population are Christians, there are areas of the country where 98% of the local population are Christian. Mac Gillivray is a Methodist while his wife, Margaret is a Presbyterian.

Margaret MacGillivray is also a very interesting person. A teacher and school administrator with a Master of Education degree in philosophy and current affairs, she is currently the principal of the Calcutta Girls' High School in Calcutta. With over 74 teachers, an office staff of 12 and 7,000 students to tend to during the school year, Margaret is enjoying her summer break vacation. Her school instructs grades nursery thru junior college, with students having six weeks off during the summer and one month off at Christmas.

Byron's choice of the ministry was a decision to follow in the footsteps of several others in his family. He currently is the fifth minister in his immediate family. Byron's parents are James and Jewell Putnam and his

father is a minister who is currently on a 6 month disability leave. One of ten children, Byron has three brothers also in the ministry. His brother Wesley is a conference evangelist, brother Jerry is a minister in Sulphur Springs and brother Jan is a minister in Texohma.

Looking forward to their stay in Knox City, Byron and Heather are a very interesting couple. Both have a varied background and bring a wealth of international knowledge to our community. If you have the opportunity, stop and make them feel welcome. Just as their travels would be different experiences for most of us, they are currently the ones experiencing something new as they adjust to Knox City. Let's all take the opportunity to make them feel right at home here in west Texas, here in Knox City.

Streams In
Desert Places
By Ozelle Stephens

In the days of sorrows and death on every hand; disease, suffering, earthquakes in different places, famines and pestilences, we remember the words of Jesus, "All these are the beginning of sorrows." He also said, "Take heed that no man deceives you."

We must watch and pray for the coming of our wonderful Lord with great joy. We can rejoice in Him for He said, "When ye see all these things come to pass, look up, for your redemption draweth nigh." He said again even as the Father hath loved me I also have loved you, abide ye in my love. If ye keep my commandments, ye shall abide in my love, even as I have kept my Father's commandments, and abide in his love. These things have I spoken unto you, that your joy may be made full. The Streams of this joy is ever yours, receive it daily.

Sharon Wainscott
Shower Honoree

Mrs. Danny (Sharon) Wainscott was honored with a baby shower at the home of Norma Lowry Thursday evening, July 21, from seven to eight o'clock.

Teddy bears decorated the entertaining rooms and the guest register was hand decorated with Teddy Bears by Gary Conn. Approximately 30 guests registered from Haskell, Munday and Knox City.

Party sandwiches, nuts, mints and punch were served from a table with appointments of gold silver and crystal.

Sharing hostess duties with Norma were Lisa Cypert, Lavon Hamilton, Joyce Hardin, Dorethy Harrison, Tammie Jobe, Bobbie Neufeld, Sharron Pierce, Mary Rauch and Cathye Williams.

Locals' Grandson Plays In World Meet

Edward Muller, grandson of Mr. and Mrs. Eddie Shaver of Knox City and son of Mr. and Mrs. John Muller of Tyler, played in the Ninth Annual International Friendship Cup of the Colorado Soccer Tournament in Denver July 11-16.

He played the position of center forward for the Tyler Stars, an under 14 boys' soccer team from Tyler, Texas.

He and his teammates participated in the opening ceremonies at Jefferson County Stadium on July 10. Over 180

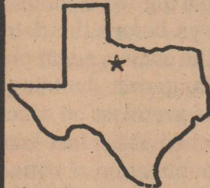

teams, representing 14 counties and 22 states, were invited to join in the world class soccer tournament.

During the tournament, the Stars defeated a team from Satellite, Mexico 5-1, but lost to a Mexico City team 2-1 and to a top-rated Colorado team 2-1. In the consolation bracket, they defeated a Norwegian team 5-2 but were eliminated from advancing in the tournament because of the points system.

The Stars, coached by Lenton

Newman, had an undefeated season. They won first place in the under 14 division in the Tyler Soccer Association. The Stars won the Tyler Spring Fling tournament in May, and the team also won the Dr. Pepper tournament in Arlington in May. The Colorado defeats were the Stars' only losses of the season.

Edward and his mother and sister, Joan and Annica visited with the Eddie Shavers enroute from Denver to Tyler.

CITY OF KNOX CITY

Water Customers of Knox City

Dear Customers:

The United States Environmental Protection Agency (EPA) has adopted requirements that all public water systems notify their customers about lead exposure. This notification is intended to educate and inform consumers on this issue in light of the fact that your drinking water may be a potential source of lead exposure. This is being done even though your water system is not in violation of the current standard. There are also other potential sources of lead contamination in the environment.

The following specific language is required by EPA in this notice:

The United States Environmental Protection Agency (EPA) sets drinking water standards and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system, and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:

1. if your home or water system has lead pipes, or
2. if your home has copper pipes with lead solder, and
 - if the home is less than five years old, or
 - if you have soft or acidic water, or
 - if water sits in the pipes for several hours

Ways to avoid potential lead exposure are to "flush" faucets before use and to use cold water for drinking and cooking. You may wish to have your home tap water tested for lead content by a competent laboratory. You may also wish to check to see if lead pipes, solder, or flux were used in your home plumbing.

Truscott-Gilliland News

By Clara Brown

Weather for the trail ride turned out to be pretty good for July. Everyone was sure that the trail ride would bring on either a heat wave or a big rain but neither happened. The rain didn't come until early Monday morning. It was a nice shower, and probably most of the trail riders were so sound asleep in their own beds that they didn't hear it. Showers and good beds sounded high on the list for the returning trail riders Sunday afternoon.

A.E. "Son" Propps died Saturday night and funeral services were planned for Tuesday afternoon at four in Benjamin with burial at Gilliland. Gilliland and Truscott ladies were to serve a supper after the services for the family.

Those planning to attend the Truscott Homecoming Saturday, September 3, need to make reservations for the 6 p.m. meal. They should write Homecoming, Truscott, Texas, 79260, or telephone Ila Mae Bullion at 474-3330, June Looney at 474-3277, or Clara Brown at 474-3288.

Coffee and iced tea will be served at the center on Sept. 3 from 1:30 p.m. to 6:00 p.m.

The wagon train and trail ride was an event everyone involved will long remember, and memories will be mostly good. Debbie Bearden lost her horse crossing the China Creek bridge, or maybe it was that the horse lost her, but she came out of it with bruises, scratches and a broken rib so everyone was relieved that it wasn't worse. She said a canteen fell and the sound spooked her horse.

The ladies preparing the lunch at the community center were loading the vehicles to head out to Carroll Ranch when a messenger from the wagon train arrived to tell them that the train was behind schedule and to serve lunch at the Alexander Ranch instead. After lunch they went on to Carrolls, then cut through pastures to the Lowrance, arriving there around 5 p.m.

The wagons were parked on the west slope of a hill north of the headquarters, with the chuck tent set up just north of the barn. The trailers for the band were set farther west, right on the bank of Love Creek with trees, low hills and a beautiful sunset for a background. Everything was green and a soft breeze made the evening very enjoyable. After the delicious chicken fried steak supper, Buster and Sheryl McAlurie gave a western poetry reading. Both have received acclaim for their poems and everyone enjoyed it. Buster is the grandson of Seth and Madge Woods. Seth was foreman of Masterson's JY for many years. Following the poetry, the band played and many danced on the grass in front of the band. No one enjoyed the dancing more than little Emily Gray of Vernon who almost wore out her grandfather, Newell Looney.

We failed to get all the names of those who played but the list included Roy C. Daniel, A.L. Cook, Tommy Shaw of Fort Worth, and Jackie Brown of Crowell. Gail Dishman sang several songs both Friday and Saturday nights.

There were around 150 at the Friday night supper at Lowrances, but looking around there were only a few present who had connections with the ranch when it was the JY. That short list included Joe Gordon, Virgil Johnson, Q.D. Williams, Roy C. Daniel, and Jack Brown as men who had cowboied there, plus one man who told John Campbell he had worked there, but John couldn't remember his name. Of course, Buster McAlurie was there and Mrs. Tom Masterson. Myrtle Kirkey Guynn, had a car load of cousins in June and Newell Looney, Andres and Emily Gray and Farrah Looney.

For those who recall the JY days, T. Masterson died in December, 1953 and Floyce moved off the ranch in 1956. June recalls that Newell took a mixed load of items to Natchez, Mississippi for her that included tools, tack, saddles, dogs, horses and some other goods.

The Charles Carroll family made the

trail drive all the way. Kay drove the soft drinks and water pickup.

The Eddie Lowrances also participated as well as the family of Kathy's brother, Mike Dushan.

Joan Daniel said all their grandchildren participated Sunday even Jackie's little Sarah and baby Jimmy rode in the wagon from the Y's to Gaf-ford's.

The Johnny Daniel family was there, along with Janet's sister, Linda McVey and her son of Grapevine.

Darrell Hord was in charge of the horses for the weekend, and grandson Shad of Corsicana helped him out, along with help from other trail riders.

Margaret Daniel worked like a windmill in a 40 mile wind to help prepare for the trail ride, then had camera trouble during the actual event. It was bad enough to have her camera acting up, but all around her were grandchildren who really needed their pictures taken. Others pitched in and maybe she got enough pictures.

Neal and Nancy Overton and son, Gary Don of Palo Pinto, joined the trail ride Sunday morning and then visited the Don Daniel family at Truscott that evening.

Yula Hord says that their daughter-in-law, Dottie Hord of Corsicana, is back in the hospital. Saturday evening, Owen and Irene New were hosts to their granddaughter Vicki Sappenfield of Amarillo, her husband Kent, their three children Lindsey, Amanda, and Jason. They had attended the funeral of Linda's step-grandfather, Vernon Bridges of Knox City.

Bro. Parris Barton, pastor of the Gilliland Baptist Church, had a slight stroke which affected an eye on Friday. He preached Sunday but is going to a specialist on Monday since it is making him see double.

Yula Hord's sister, Rada Dunn of Crowell, visited her on Saturday.

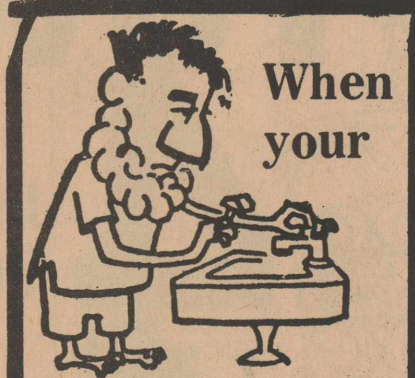

Ila Mae and Paul Bullion and their granddaughter, Crystal Dishman, were in New Mexico and Colorado last week. They met Sam, Wanda, and John Bullion and Wanda's parents, Mr. and Mrs. Carl Butcher (all of Lubbock) at Santa Fe. From there, they went to Durango and Mesa Verde in Colorado. This included a ride on the narrow gauge train out of Durango. Then the Truscott party went on to the Black Canyon of the Gunnison and came back by the San Luis Valley where they saw the Great Sand Dunes.

Don't forget to make your reservations for the supper at Homecoming September 3. You can pay that night.

CONTROLLING PET PESTS

As the hot dry conditions remain in the area, problems are mounting up that a pet is well aware. These problems are fleas and ticks.

Dub Cartwright of Benjamin contacted me last week about what measures needed to be done to control the problem of fleas and ticks in his lawn.

To successfully control the problem of fleas and ticks, treatment should be done simultaneously.

The first step is to dip your pet. There are several commercial dips on the market that control the pests. To add protection, I recommend that pets have a flea and tick collar attached. Again, there are several commercial brands that work.

The next step is to treat your lawn. Insecticides which control ticks and fleas include Dursban, Diazinon, Sevin and Malathion. Both liquid and granule are effective. If granules are used be sure to water into the soil.

If neighbors on either side have pets, it would be good to have them treat at the same time so the pests will be killed and not relocate. Also cost of products can be shared.

Be sure to treat your pets living quarters as well. The above mentioned products can also be used.

If your pet is allowed inside the home, control measures may also need to be taken. A product called Ficam-W or Dursban 4E will control fleas and ticks without staining carpet. If the infestation is heavy, control measures may have to be repeated 7-10 days later.

DON'T WAIT UNTIL IT'S TOO LATE

"When I quit this mortal shore And hobble around earth no more, Don't weep, don't sigh, don't sob- I may have struck a better job."

"Don't go and buy a large bouquet, For which you may find it hard to pay; Don't mope around and feel all blue- 'Cause I may be better off than you."

"Don't tell the folks I was a saint, Or any other thing that I ain't; But if you have jam like that to spread Please hand it out before I am dead."

"If you have roses, bless your soul, Why not slip one in my buttonhole While I am alive and well today- Don't wait until after I've gone away."

As you know, one tiny rosebud given to a person while they are alive, is worth more than many wreaths piled high on a grave.

To the Citizens and Businesses of Knox City:

RE: The Use of Dumpsters

It has been brought to our attention that a few individuals are using dumpsters other than their assigned one. Although the City of Knox City owns these dumpsters, individual Citizens and Businesses of the community pay for the use and maintenance of them, according to the size and frequency of pick up. If you have a problem with the size of your dumpster or the frequency of pick up, please contact City Hall and we will make suitable arrangements.

We also want to remind the Citizens and Businesses that you are personally responsible for the inside condition of the dumpsters. We highly recommend the use of plastic garbage bags in order to keep the flies and mosquitos to a minimum. Also, you may want to spray out the inside of the dumpsters occasionally to keep the odor level down.

Sincerely,

Lynward Wilcox
City Administrator

Texas Veterans May Buy

AUSTIN - The Texas Veterans Land Board (VLB) is offering 386 tracts of land for sale exclusively to eligible Texas veterans with no down payment required, Land Commissioner Garry Mauro announced today.

The tracts, located in 119 Texas counties, range in size from five acres to 53 acres. Detailed information on the tracts offered in the August 31, 1988 high bid sale of forfeited land is available by calling toll-free 1-800-252-VETS.

The Texas Veterans Land Board will finance the entire loan amount of winning bids. There is no limit on the amount loaned or on the number of tracts that an individual can bid on. However, eligible Texas veterans are limited to one land purchase in the sale.

SOFT DRINKS FOR BREAKFAST?

At least one major soft drink manufacturer is promoting cola instead of coffee as a breakfast drink. Here's how the two compare nutritionally: Two cups of perked, black coffee has 79 milligrams of caffeine and 0 teaspoons of sugar. Twelve ounces of cola (one can) has 45 milligrams of caffeine and 10 teaspoons of sugar. The best ingredient in both products is water.

Educational program conducted by the Texas Agricultural Extension Service are open to people of all ages, regardless of socioeconomic level, race, color, sex, handicap, religion, or national origin.

"I want to encourage all eligible Texas veterans who have been looking for quality rural land to take advantage of this sale," said Mauro, who serves as chairman of the Texas Veterans Land Board. "These tracts have never been offered for sale by the board and for the first time in our history, we are financing 100 percent of the loan on forfeited tracts."

Mauro noted that these tracts of land are offered exclusively to eligible Texas veterans because the VLB has always given Texas veterans the first chance to buy forfeited tracts. If any of the tracts do not sell in this sale, they will be offered to the general public in the next sale.

Eligible Texas veterans will receive an 8.75 percent interest rate with a 30-year assumable fixed-rate loan. A \$25 non refundable bid fee for each bid submitted has been set by the board.

The sale will be by sealed bid only, with the minimum bid set by the Texas Veterans Land Board. All bids must be received by August 31, 1988 at 1:00 p.m. Any and all bids received after that time and date will be rejected.

Details of the sale and a brochure describing each tract and its location can be obtained by calling the Texas Veterans Land Board toll-free at 1-800-252-VETS.

The circus will be presented at 6:30, 7:30 and 8:30 each evening. There will be no extra charge.

The Six Flags Circus will not be presented on July 30, or August 1, 7 and 13, when name entertainer concerts are scheduled for the Music Mill.

Carriker Addresses Rural Health Care

Rural Texans should have the same access to quality, affordable health care as other Texans, according to State Representative Steve Carriker. "No person should be denied access to basic health services at affordable costs just because they don't live in a metropolitan area," said the three-term lawmaker in a letter to the Special Task Force on Rural Health Care Delivery.

The Committee has been holding

field hearings and met in Abilene last Wednesday. It is chaired by Dr. Jim Bob Brame, former President of the Texas Medical Association.

Representative Carriker presented the committee with a copy of a rural health care study done by a team of public and private professionals for Fisher County, Texas. The study is applicable to over a hundred similar rural counties throughout Texas, Carriker says.

Benjamin News

By Gladene Green

We extend sympathy today to the family of A.E. (Son) Propps who died Saturday in Paducah. Son had been in failing health for several years. Funeral will be Tuesday here in Benjamin.

Billy Ben Benson was admitted to the Bethania Hospital in Wichita Falls Saturday morning suffering from pneumonia. According to his daughter, Sheila, he is sure feeling rough and we hope he will be feeling better by the time this paper comes out.

The rain early Monday morning was nice. Lots of electricity skirted around the sky but I haven't heard of any lightning damage. I don't know how much rain we got, but it was nice while it fell and hopefully we will get some more.

HERE 'N THERE

State Game Warden Ronnie Ainsworth reported that he had taken approximately 700 feet of illegal trot line and fish trap out of the Benjamin Lake recently. He asked me to remind fishermen to be sure they know what is required when they put a trot line out. There are regulations that must be followed to make one legal.

Sue McCarthy of Iowa Park spent the weekend with her mother, Clodell Duke and her sister, Jan Pollock.

Aliene Groves spent the weekend with relatives in Fort Worth. Bonita Pyatt of Plainview was a weekend visitor in Benjamin and with her mom, Grace Snailum in the Brazos Valley Care Home.

Bo Milson was in Dallas last week to be with her son, David who underwent surgery on Wednesday. He's back home now and doing fine.

Beckie and Cody Taylor of Munday spent Friday night with me. Also on Saturday morning, Demp Emerson of O'Brien came by for a few minutes and left me some very good cantelopes. It's always good to see him when he's over this way. Other guests in my home recently have been Mac and Glenda McNeely of Aubrey, Michael and Tracy Fischer of Sanger, Mike and Cindy Thornton of Abilene and Jeff

McNeely of Aubrey.

Wanda West of Cisco is visiting Leroy and Gloria West a few days this week.

Relatives and friends attending a family reunion at the home of Jan and Fred Carver recently were: Mr. and Mrs. Herschel Tankersley, Mr. and Mrs. Marvin Jones, Mr. and Mrs. Sipe Griffith, John Lewis, Dorothy Anderson and Ricky Joe Carver, all of Knox City; Mr. and Mrs. Carl Brock, Johnnie and Michelle of Anson; Mrs. Jesse Thomas and Charles D. of Brownwood; Bertha Whitten and Mr. and Mrs. Larry Walling of Seymour; Mr. and Mrs. Dennis Anderson, Brandi and Dustin of Miami; Mr. and Mrs. Jerry D. Anderson of Kearns; Mrs. Elizabeth Neux and Laura Demars and Bertley of Wichita Falls; Mr. and Mrs. Kenny Elliott, Blake and Trevor of Stephenville; Stacia Antilley, Ryan and Kallie of Guthrie; Tammy Collins, Jacy and Tyler of Benjamin; Mr. and Mrs. Luke Coffman and Haley of Wichita Falls and Jan and Fred Carver of Benjamin.

They all enjoyed a full day of fun and fellowship.

Services Held At Benjamin For A.E. 'Son' Propps

Funeral services for A.E. 'Son' Propps, 76, were held in the Benjamin Memorial Building Tuesday at 4:00 p.m. with John Gaither and the Rev. Byron Garrison officiating. Burial was in Gilliland Cemetery.

Born September 9, 1912, in Truscott, he worked for Waggoner Ranch for 33 years and was horse division boss in Whiteface. He was manager of J.J. Gibson Ross Ranch for nine years before retiring in 1976. He was a 32nd degree Mason and honorary president of the Texas Cowboy Reunion. In 1977, he won first place in the Oldtime Fiddlers contest at the Cowboy Reunion. He was a member of First Baptist Church. 'Son' and Avis Williams were married December 21, 1934, in Oklahoma.

Survivors include his wife of Truscott; two sons Herbert E. of Benjamin and Joe of Guthrie; two sisters, Maurine McDonald of Seymour and Corrine New of Gilliland; three grandchildren, and two great-grandchildren.
