Lone Star Farmers

Four Earn Degrees

Four Future Farmers of America from Olton High School attended the annual Texas Association FFA Convention last month in Houston. More than 6,000 FFA members and guests attended the meeting in the Astroarena.

The four who attended and were presented Lone Star Farmer degrees, highest award that can be bestowed in the state, were Leslie Mills, Kelly Slover, Gregg Smith and Marty Walters. Vo Ag instructors Jay Henderson and John Harney also attended.

Keynote speakers for the convention were John Connally, former governor of Texas, and Gil Strickland, humorist whose material has been described as "clean as ginned cotton" and "fresh as new plowed soil".

Mills has been in FFA three years. His freshman projects included two finewool lambs which he showed locally and in the Lamb County Junior Livestock Show.

As a sophomore and junior, Leslie raised medium wool Hampshire and Suffolk for show. He also raised some breeding stock.

In addition to exhibiting his lambs in the Olton and county shows, Leslie also took entries to San Antonio. He received the Lamb Production Award.

Leslie's parents are Mr. and Mrs. Jim Steele. He is a senior at Olton High School and plans to continue in FFA with his Suffolk and Hampshire sheep.

Slover, who makes his home with his grandparents, Mr. and Mrs. Weldon Petty, is also a senior at OHS. His projects for the coming year will include lambs and two steers.

Kelly has showed lambs all three years in FFA. He claimed third place with entries in both his freshman and sophomore years.

As a junior, Kelly also had a steer for exhibition. He showed in the Olton, Lamb County Junior Show, San Antonio and Lubbock shows.

Kelly was a member of the dairy judging team as a sophomore and junior. His sophomore year they placed second in contests at West Texas State University. The team was third in Plainview District the past year.

Smith is a senior at OHS, the son of Mr. and Mrs. T.J. Smith. He served the past year as president of the local FFA chapter.

As a freshman, Gregg was elected Chapter Greenhand. His projects were show pigs. He exhibited the breed champion Chester White and Berkshire barrows in the Olton show.

Gregg showed lambs, pigs and a calf his sophomore year in ag. His Berkshire barrow was named breed champion of the local show. He showed the champion Chester the past year and also had a calf for exhibition.

In addition to the local show, Gregg showed in the County, Houston, San Antonio, Lubbock and Plainview shows.

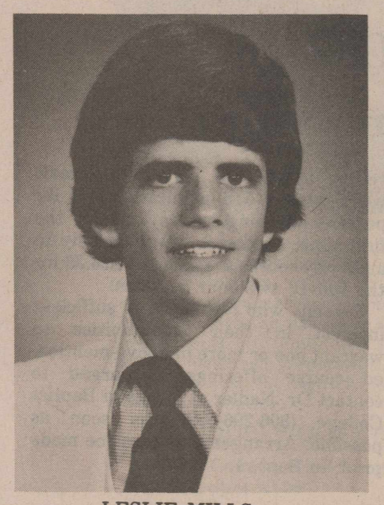

He has already begun work with a calf for next year's show and will have a lamb and possibly other projects.

Walters did not begin his FFA work until his sophomore year. That first year he had show pigs for his project. He had show pigs and feeder calves as a junior and show pigs his senior year.

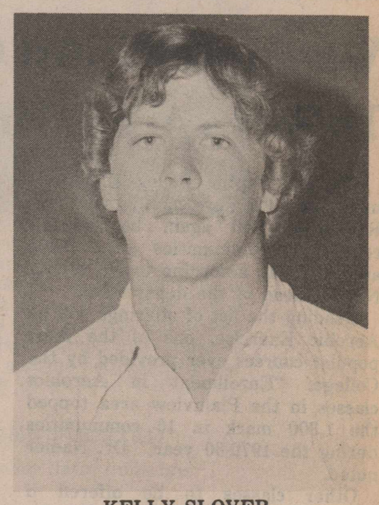

He competed in stock shows in Plainview, Lubbock and the Lamb County Junior Livestock Show in Littlefield as well as the local show.

Marty was Greenhand president of his first year and served as vice-president and treasurer in succeeding years.

Son of Mr. and Mrs. Travis Walters, he plans to major in animal science at Texas Tech University.

MARTY WALTERS

Rain

Belatedly - rains fell late Thursday, a possible backlash from Hurricane Allen. Official measurement by Rex Witten, two miles east of the city was .65.

"Coffee Shop Reports" indicate a heavier fall to the north and northwest. In-town measurements of two inches have been given.

Registration Set Aug. 28

Days remaining before another school year begins are rapidly passing. Only one more week of "vacation" remains for faculty members and just two for students.

A general faculty meeting has been set for 9 a.m. Monday, Aug. 25 in the school lunchroom. Faculty, aides and principals will travel Tuesday to Abernathy for a one-day In-Service on special education.

Registration for all students will be held from 9 a.m. until 4 p.m. Thursday, Aug. 28. Classes will begin Tuesday, Sept. 2.

Band Practice Begins Monday

Summer band practice will begin Monday, Aug. 18 for all members of the Mustang Band. Practice sessions will be held each Monday, Tuesday and Thursday night from 7 to 10 p.m. and will continue through Thursday, Aug. 28.

Band members and other interested persons are invited to view an upcoming TV special. The 1980 Drum Corp International will be seen at 7:30 p.m. Saturday, Aug. 16 on Channel 5. Live from Legion Field in Birmingham, Ala. it is the "Super Bowl" of drum corp contests and will feature the top 12 drum and bugle corps of the United States and Canada.

Flag Camp has been scheduled for Monday through Friday of next week from 8 a.m. until 12 noon and 1 to 4 p.m. daily. Flag instructor is Janie O'Brian of Wayland.

Japanese Youth Visit

Amazed At Farms

At age seventeen, Masahiko Maesawa has traveled half around the world as a Lions Club Exchange Student. He is currently a guest in the home of Mr. and Mrs. Fred Ketchum and Dwain. As a touch of 'Americana' his host family calls the young visitor 'M & M'.

The son of Tosihiko and Mitue Maesawa, he is a sophomore student in the city of Sendai, a suburb of Tokyo, Japan. Located, as he is, in the fringe of the city he attends a smaller high school. He has an older brother, who is a college student; and a younger sister.

M&M has many interests. He enjoys playing volleyball and swimming; he also takes his turns at table tennis and basketball and plays some tennis. He enjoys baseball as a spectator sport. Last Sunday he played his first game of golf on ORC fairways...confidentially, he liked driving the cart most of all.

He rides a bicycle, for both enjoyment and transportation, plays indoor soccer and ice skates.

He has plans to attend Siyoudai University, after his high school graduation, to study business. It is his desire to do some type of office work.

The young visitor explains that his is a typical Japanese home with low type furniture...except for one room of Western Style furniture. Evidently this room contains the television. Like American youth he watches a great deal of television and is critical of local channels for having so many commercials. World news, via television, had prepared him for the intense heat Texas has experienced this summer, for he had seen pictured the 'frying of eggs in the Dallas sun' - he therefore did not find Olton's weather as hot as he had expected.

M&M plays piano and sings (a little). He lists modern jazz, 'soul music' and Country Western as his favorite listening.

The lad likes America's favorites... Levis. He has bought one new pair and wants more since they are very

Impressed By Plains

Eihachiro Miyawaki, 20, Exchange student of International Lions Club, has been dubbed "Eddy" for the duration of his stay in Olton. His countenance lights up when he is so addressed.

He hails from Osaka, Japan's second largest city with a "population of six or seven million". His parents are Mr. and Mrs. Hiromu Miyawaki. He has one older sister and two younger brothers.

Eddy is a sophomore in Kyoto University of Foreign Studies, where he is majoring in English. He is also studying Economics to facilitate his work upon graduation. He would like to work with an International Trading company but, if not, will work with a wire netting company of which his father is president. When asked about the use of wire netting, Eddy explained it was for baseball field backstops, fences, bird cages and related uses.

Eddy is a member of the University Glee Club and has an interest in music. He plays the piano, but is not a student of music.

He says his chief interest is in winter sports. He likes very much to ski and ice skate.

He was one of 250 exchange students who arrived in Los Angeles after a long and tiresome 9 hour flight from Japan. Twelve of the students were brought to Texas; nine to Lubbock, two to Houston and one to Dallas. He is scheduled to leave the city Aug. 30 for a flight to San Francisco. After an overnight stay he will board a plane for his homeland.

Eddy's father is a member of Lions International. They have entertained at least three exchange students in their home, all of them girls from California. Knowing these girls and talking with a Japanese student who had visited last year near Fort Worth, prompted him to apply for the opportunity to visit the United States.

He has not found Olton's torrid weather too hot, since his home city is subjected to high summer heat. He explains "We have four seasons. Summer is very hot. Winter is very cold. Spring and fall are our nicest days."

In response to a question about flowers in Japan, he immediately thought of the cherry blossoms which are lovely in spring. He mentioned that his home has several of these beautiful trees.

By way of comparison of foods he explains, "The foods are not too different, it is only in the way of preparing them. We eat many fish, very little beef...it is very expensive since it all has to be shipped in from Australia and other points. Rice, of course, is used daily, but I do miss it."

Since his city is surrounded by hills, he is impressed with the great distances of this plains country. He comments that he has never seen such

MRS. BESSIE COWART

School Lunch Increased, Bus Drivers, Aides Hired

School board members Royce Collins, Doug Goen, Bub Holt, Charlie T. Burrus, Joe Harrell and Johnny Hodges met in called session Monday prior to the regular meeting at 9 p.m. The session was called as a public hearing on the proposal to raise taxes. Jim Brown, board member, was absent.

A called session will be held Wednesday, Aug. 20 to vote on the proposal.

In the regular session, routine business was transacted.

Superintendent Joe Turner gave a report on the school lunch room. An increase of five cents was approved for lunches. Lunches for students in grades kindergarten through five went from 70 cents to 75 cents with lunches for grades six through twelve and teachers now set at 80 cents. No change was made in the $2 cost for outsiders' lunches. Cost of breakfast remains at 20 cents.

Aides whose employment was approved were Virginia Miller, Alva Roberson, Mary Dennis, Karen Livesay, Kathleen Rose, Glenda Moore, Catherine Stroebel, Hortencia Villanueva, Veanna Roberson, Irma Almanza, Patricia Sandoval, Louise Clark, Marian Durham, Teresa Valdez, Aurelia Reyes, Lucy Casares, Amelia Casares, Enid Givens, Gladys Oursbourn, Olivia Saldivar, Nadine Casarez, Helen McClure and Linda Rodriquez.

Employment of Santry Rush as junior high coach and teacher was also approved.

Bus drivers employed were Lydia Ross, Sharlotte Boyd, Les Spradley, Jack Williamson, Wandie Hutson, Pedro Carabajal, Melinda Strickland, Larry Boyd, Edisy Hackler, Linda Lopez, Ollie Ross and Frank Rivera.

Milk bids were opened and Bordens given the nod to supply milk during the 1980-81 school year. Walker Texaco's bid for gasoline was accepted.

In other action, the board approved Williams and Sudduth as auditors and amended the budget $12,300 to pay for the renovation of bleachers at the football stadium.

Mrs. Bessie Cowart's Rites Conducted Here Monday

Services were held Monday, Aug. 11 for Mrs. Nancy Elizabeth (Bessie) Cowart, 93, mother of Mrs. Irene Souter and Mrs. Leona Martin.

Officiating last rites, held in Victory Baptist Church, were the Rev. Sam Estes, pastor of Cumberland Presbyterian Church of Lubbock, and the Rev. Jerry Wyatt, pastor of First United Methodist Church. Interment in Olton Cemetery was under direction of Parsons Funeral Home.

Mrs. Cowart, died Saturday, Aug. 9 in Plains Convalescent Center, Plainview, following a lengthy illness. She was born Dec. 21, 1886 in Erath County, Texas. She had been a resident of Oton since 1928.

She was a faithful member of Olton's Cumberland Presbyterian Church for many years.

Other survivors include two sons, Edward Burris of Coos Bay, Ore., and Buster Edwards of Oklahoma City; 16 grandchildren and many great and great-great grandchildren.

Pallbearers were K.Y. Givens, Bailey Hair, J.L. Snider, Tom Sluder Jr., Don Spain and Cloys Fancher.

Annual Boys Ranch Rodeo Set Labor Day Weekend

The young cowboys at Cal Farley's Boys Ranch are getting ready for their thirty-sixth annual rodeo that will be held over the Labor Day weekend.

About 150 contestants will be seen in the riding events, competing for the best times on bareback broncs, Brahma bulls, steers, calves and stick horses. It is the only rodeo of its kind in the nation. The only contestants are boys riding professional rodeo stock under R.C.A. rules. The rodeo is also a traditional homecoming for the Ranch's graduates. More than 3,000 have lived there since 1939.

Most sections of the rodeo arena were covered with a roof last year to provide protection from the elements, and the general admission sections were enlarged to accomodate an extra 150 people. For those wanting to eat lunch before the rodeo, boys will prepare and sell Texas-sized barbecue beef plates for only $2.

Reserve box tickets for $3.50 have gone on sale at the Boys Ranch Office, 600 West 11th Street in Amarillo. They can be obtained by calling 806-372-2341. General admission tickets are $2.50 for adults and $1 for children six through twelve. Performances are scheduled for 2:30 each afternoon.

Wayland Baptist College To Serve Area Communities

Wayland Baptist College's Department of Health, Physical Education and Recreation will again be offering courses in communities around the area this fall, according to Dr. Sylvia Nadler, head of the department.

Heading the list of offerings will be Aerobic Exercise, one of the most popular courses ever provided by the College. "Enrollment in Aerobics classes in the Plainview area topped the 1,300 mark in 16 communities during the 1979-80 year," Dr. Nadler noted.

Other classes to be offered if sufficient interest exists are Karate, Weight Training and Conditioning, Nutrition and Figure Control and Self-Defense. All courses may either be taken for college credit or audited, depending upon personal preference and need. Each course provides one semester hour of college credit.

Cost is $50 per person for credit work, plus a $15 application fee for persons enrolling in Wayland for the first time. Students who wish only to audit any course are charged $33.33 for the full 13 two-hour sessions.

Persons who feel there is sufficient interest in their communities to warrant one or more of above-mentioned course offerings are urged to contact Dr. Nadler at Wayland Baptist College (806-296-5521) as soon as possible. Arrangements must be made prior to Sept. 1.

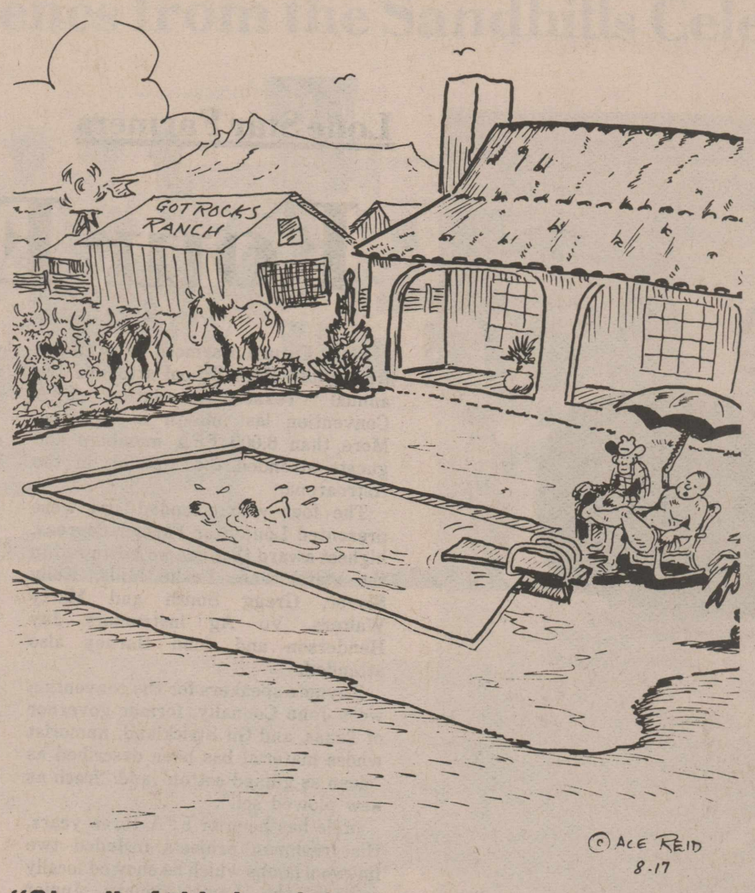

FIVE W'S

In journalism, the famous 5-W formula is Who, What, When, Where and Why.

BLUE JAY

The blue jay is a vegetarian except in the summer.

COW POKES — By Ace Reid

"Oh, all of this is mighty nice, but we all hafta be outta the pool by 5 o'clock, cause the stock hafta water!"

Adult Classes Slated Sept. 15

Registration for Adult Education courses offered during the Fall Quarter at TSTI in Amarillo will be the week of Monday, Sept. 15.

Courses offered will be Auto Body Repair, Under the Hood for Ladies which is an automotive maintenance program for women, Cabinet Making, Basic Electronics, Computer Programming, Basic Welding, Basic Plumbing and Typing I.

For information about any of the continuing education programs or advance registration, those interested should contact the Texas State Technical Institute Adult Education office.

Booster Club Meets Monday

Olton Booster Club members met Thursday evening and set Tuesday, Aug. 19 as their next meeting date.

Parents of all student athletes are invited to attend the 8 p.m. meeting in Anita's Kountry Kitchen.

PRINTER

Benjamin Franklin became a printer because his father couldn't afford to give him a formal education.

DEFEATED

James Madison was defeated for re-election to the legislature in 1777 because he refused to provide the voters with free whisky.

Everything But The Kitchen Sink!

By Mozelle Trotter

Methinks I was probably born in the wrong era. I'm just not a "today's woman."

I'm as liberated as I care to be and the big push for ERA at "The Convention" this week has thrilled me about as much as defrosting a refrigerator!

Perhaps I should remember that "fools rush in where angels fear to tread" and keep my mouth shut on all this. I'd just as soon everyone knew it - I'm "agin 'em."

My rights as a woman are not threatened by the Republicans' choice to not endorse ERA but they may well be by the Democrats' support.

Is it my "right" that the labors of my toil be taken to help finance some "poor woman" obtain an abortion? Her lack of money is not her only problem!

The best part of the convention, I thought, was the zoom shots which picked up the wild hats and catchy buttons and posters - not to mention the people show.

Art Linkletter was right - people are funny! Isn't it fascinating how we come in such assorted packaging? That was the entertainment treat of the week.

Panhandle-South Plains Fair To Feature Barrow Show

Duroc, Hampshire, Crossbred and other purebred barrows will be gunning for $6,850 in prizes during the 63rd annual Panhandle South Plains Fair here Sept. 20-27.

Only 600 barrows will be permitted in the competition and entries close Sept. 8, according to general manager Steve L. Lewis.

Judging will begin at 9 a.m. Sept. 22 in the swine barn. Barrows will be divided into the following classes at weigh-in: light, 200 to 215 pounds; medium, 216 to 230 pounds; heavy, 231 to 250 pounds.

The show is a "terminal" show and there will be no "take home" barrows.

Class champions will receive $150 and a banner and reserve champions will pocket $100 and a banner. A whopping $1,250 and trophy will go to the grand champion barrow while the reserve grand champion will get $1,000 and a trophy.

Each exhibitor, Lewis noted, is limited to three barrows in the show. They may be from the same litter, of the same or different breeds and may show in the same or separate classes. A non-returnable entry fee of $5 per barrow must be submitted along with an entry card for each barrow. Competition is open to the world, but all barrows must have been owned by the exhibitor at least 60 days prior to the entry deadline.

A fiddler's contest will help launch the fair on its eight-day run, followed by seven stage shows.

Booked for engagements are: Merle Haggard and Susie Allanson, Sept. 21; the Oak Ridge Boys, with Joe Sun, Sept. 22; Marty Robbins and Little David Wilkins, Sept. 23; Eddie Rabbitt and Susan Raye, Sept. 24; Moe Bandy and Joe Stampley, Sept. 26; Larry Gatlin and the Gatlin Brothers Band, Sept. 27. Show times are 5 p.m. and 8 p.m. daily except there will be one performance only at 8 p.m. by Bandy and Stampley.

Tickets are $4, $5 and $6 and all seats are reserved.

In addition, South Plains College, the Maines Brothers and South Plains Bluegrass will team up to present the "Golden Years of Country Music," a three-hour show set at 7 p.m. Sept. 25. Tickets for this show are $2 and $3.

Tickets may be obtained at the fair office, 105 E. Broadway, or by mail at P.O. Box 208, Lubbock, Tx. 79408. Mail requests must be accompanied by a stamped, self-addressed envelope.

Golf Tourney Is Postponed

Golf Pro Harold Payne announces the postponement of Men and Women's Club Championship Tourney originally scheduled to be played at ORC Aug. 16 and 17.

The tourney will be played at a later date, possibly in September. Golfers should watch these columns for re-schedule and details.

Our Spotlight Is On:

Beverly Huguley

one of our friendly employees

Coming to her position with bookkeeping experience, Beverly Huguley has been an employee of Olton State Bank for some two and one-half years.

Beginning as a PBS operator and telephone receptionist, she is presently in the bookkeeping department where her main duties include checking signatures and filing checks.

A 1971 graduate of Olton High School, she prepared for her business career by attending Draughn's Business College, Amarillo. She has since studied Principles of Banking at Texas Tech University.

A hometown girl, she is daughter of Mr. and Mrs. Joe Roberts. All of her elementary and secondary education was received in the Olton school system.

Beverly and her husband, Daryl, are parents of two children. Cody is eight years of age, Misty is six. The family attends First Baptist Church.

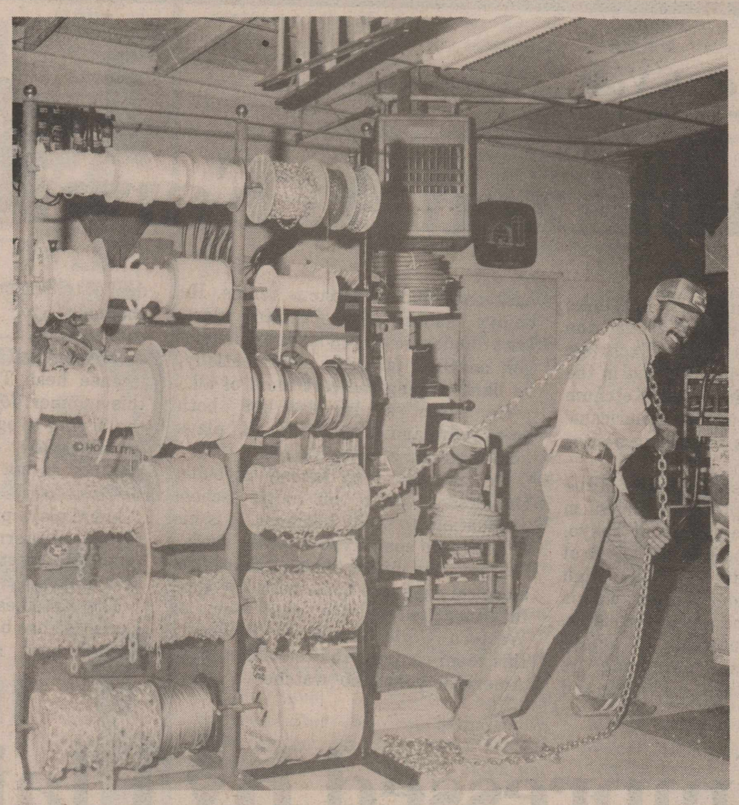

The young bookkeeper lists her hobby as reading; but a fellow worker adds another - "trying out new recipes on Bank employees".

One of Olton State Bank's friendly employees, Beverly is always anxious to lend her assistance in any way possible.

KELLI SMITH

Recipe Revue

By Mozelle Trotter

Kelli Smith has been cooking since she was big enough to wield a mixing spoon, although she smilingly describes her first efforts as "making messes".

When she was just nine years old, before the Pee Wee Division was added, Kelli entered her first 4-H Food Show. She has advanced to the district level of competition four times. One of her winning dishes - apricot foldovers - is among the recipes she shares this week with Enterprise cooks. Cooking is still one of her favorite things.

Kelli's older brother, Rodney, also competed in 4-H Food Shows and little sister, Londi, is following their footsteps, having started as a Pee Wee.

Selected the past year as Lamb County Gold Star 4-H Girl, Kelli has been active in 4-H work nine years and has begun her tenth year.

Daughter of Mr. and Mrs. Landon Smith, Kelli has lived on an Olton area farm all her life as has her mother. Her dad came to the Olton area when he was about nine years old.

Active in band, Kelli is a flag carrier with the Mustang Band. She has been elected to serve as president of the Student Council this year and will also head the OHS chapter of Future Homemakers of America.

Kelli was just recently chosen by the Olton Young Homemakers as Outstanding Future Homemaker and is eligible to be named Area I Future Homemaker.

Following along her work in 4-H Club, Kelli is also an active member of the Future Farmers of America. She is a member of Future Teachers, too.

Kelli likes all kinds of sports and was a member of the District Golf Championship team the past three years.

She is a Baptist and active participant in the youth program at First Baptist. Just last week the youth choir returned from a tour in which they presented the Christian youth musical, "Believer", in churches in Oklahoma and Gainesville.

PINEAPPLE DELIGHT
Crust:
2 c graham cracker crumbs
1 stk melted margarine
Mix together and press into bottom of 9x13 Pyrex dish. Refrigerate until chilled.
Filling:
1 lge (9 oz) carton whipped topping
1 lge can (20 oz) crushed pineapple, drained
2 sm cans (6 oz) frozen pineapple concentrate, thawed
2 cans sweetened condensed milk
Mix all together, stirring until blended. Pour into crumb crust. Garnish top with maraschino cherries, cut in half. Sprinkle chopped pecans over top. Refrigerate until well chilled before serving.

PEANUT BUTTER BON BONS
2 c peanut butter
½ c margarine
3 c Rice Krispies
1 box confectioners sugar, sifted
Melt together peanut butter and margarine. Mix well. Form into ½" Balls and chill until firm. Melt 1½ 6 oz. bags chocolate chips and ½ block paraffin in top of double boiler. Dip chilled balls in mixture and serve.

APRICOT FOLDOVERS
1½ c butter
12 oz sharp processed American cheese
4 c sifted flour
6 T water
Filling:
3 c dried apricots
3 c sugar
Cream butter and cheese till light. Blend sifted flour into creamed mixture. Add water and mix well. Chill 4 or 5 hours. Cook apricots and drain off liquid. Stir in sugar and cook till mixture is smooth. Cool.
Divide chilled dough in 6 parts. Roll out. Cut into 2½" squares. Put 1 t apricots in center, raise two opposite corners together and seal. Cook in 375° oven 8-10 mins.

BLUEBERRY DESSERT
Crust:
2 c flour
1 stk oleo, melted
1 c chopped nuts
Mix together and press in 9x13 pan. Bake at 350° until light brown. Cool and chill.
Filling:
2 envelopes whipped topping
1 lb powdered sugar
1 8 oz pkg cream cheese
Whip whipped topping, then add powdered sugar slowly. Set aside. Beat cream cheese until smooth and mix with whipped topping and sugar. Spread over chilled crust. Chill.
Topping:
Top chilled mixture with can of blueberry pie filling.

Cross-Vancleave Vows Exchanged

Mr. and Mrs. I.L. Johnson of Abernathy announce the marriage of their daughter, Valerie Vancleave to Gary Cross, son of Mrs. Leah Muller of this city and Gerald Cross of Lubbock.

United in marriage in Lubbock Aug. 11, the couple will make their home in Abernathy. Cross is employed with the Coca Cola Company of Lubbock.

Olton Extension Homemakers To Sponsor Fabric Sale

Members of the Olton Extension Homemaker Club have been offered a unique fund raising opportunity for their club. This opportunity is the project of a Fabric Sale by Roadrunner Fabrics out of Pampa, Texas.

The sale will be held at the Olton Ag Center Saturday, Aug. 23, from 9 a.m. until 6 p.m. All persons are invited.

Some clearance fabrics will be available at very low prices, with a great selection of prints, colors, solids, stripes and coordinates also having excellent low prices.

Funds raised by the Olton Extension Homemakers on a percentage of the fabric sold will be used for scholarships and educational programs.

Take advantage of this opportunity to buy fall fabrics at low prices while helping Olton Extension Homemakers.

Thousands of yards will be available.

Young Homemakers Still Seek Recipes For 1980 Cookbook

Olton Chapter of Young Homemakers are collecting recipes for their 1980 Cookbook. Any recipe may be submitted. Area homemakers are encouraged to submit several of their favorites. No recipe from the 1976 book will be used unless it is re-submitted. The cookbook is scheduled for sale before Christmas.

Recipes may be left at the Chamber of Commerce, 9-12 noon each day; with Mrs. Ronnie Key, 1402 Ninth Street; at Wayne's Print Shop; at Olton Enterprise, Mailed to P.O. Box 79, Olton, Texas 79064; or given to any member of the Young Homemakers.

Members include Mary Bass, Sharlotte Boyd, Valda Burkhalter, Cindy Burnett, Emma Lou Carson, Jeana Ferguson, Delores Garcia, Jimmie Gipson, Susan Jones, Janie Perez, Francine Ramage, Pam Roberson, Mary Spradley and Amelia Zamora.

Final day for submitting recipes is Friday, Aug. 29.

Student Serves As Missionary

Linda Ratliff, daughter of Mr. and Mrs. John Ratliff, is serving a 10-week term as a Southern Baptist Home Mission Board student summer missionary.

Miss Ratliff, a student at Wayland Baptist College, is serving in Oklahoma.

She is among 1,480 students appointed by the Home Mission Board and state Baptist student unions to work with churches and missionaries in many aspects of home missions including general and special missions.

LEARNED TO READ

The Bible was the first book that Abraham Lincoln learned to read.

FIRST NEWSPAPER

The first daily newspaper in the United States made its appearance Sept. 21, 1784.

Problem walls? Staple on patterned sheets, and use more sheets for coordinated draperies, tablecloths, throw pillows. Cleaning even stubborn fabric stains is a snap with Lestoil, the powerful laundry pre-spotter. It dissolves "impossible" stains, like grease on tablecloths, so you get maximum wear from all your beautiful washables.

ENTERPRISE PRESENTS - Jill Brenneis, eight months old daughter of Mr. and Mrs. John Brenneis. The little miss is the granddaughter of Mr. and Mrs. Vance Estes and Mr. and Mrs. Joe Brenneis of Windthorst.

A spell of hot, humid weather takes its toll of nearly everyone, from sedentary citizens to gymnasts and joggers. Light suppers not only are appealing but also provide respites from hot, steamy kitchens. An antipasto platter can be prepared several hours in advance, and Double Duty Pink Frosted can serve as both beverage and dessert. Two scoops of lemonade flavor drink mix eliminate difficult beverage preparation, and the addition of grenadine lends just the right touch of color to this creamy, smooth concoction.

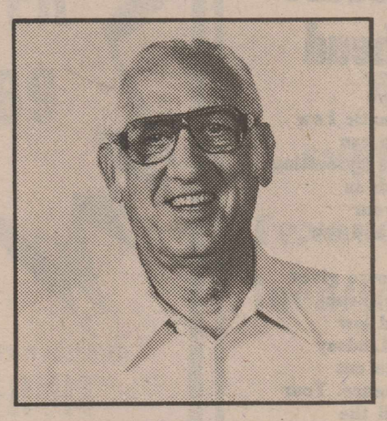

DOUBLE DUTY PINK FROSTED

2 scoops Country Time lemonade flavor drink mix
2 tablespoons water
1 cup milk
1/4 cup grenadine syrup
1 pint vanilla ice cream
1/2 cup club soda

Combine drink mix and water in electric blender container, blend until dissolved. Add milk, syrup and ice cream; blend again until smooth. Just before serving, stir in club soda. Makes about 3 cups or 3 servings.

SOUTHWESTERN PUBLIC SERVICE

Internal Revenue Service Offers Free Publication

September 2, is the date by which most owners of large trucks, truck tractors, or buses must file a Federal Highway Use Tax Return, Form 2290, the Internal Revenue Service said today.

The tax year for Highway Use Tax begins July 1, 1980, and runs through the following June 30, 1981. Vehicles placed in service after July must have Form 2290 filed with the IRS Service Center by the last day of the month following the month a vehicle is used on a public highway for the first time.

According to the IRS, the tax generally applies to single unit trucks weighing 13,000 pounds or more, 2-axled truck-tractors weighing 5,500 pounds or more, 3 or more axled truck-tractors regardless of weight, trucks of 9,000 or more pounds equipped for use in combinations, and buses with a gross weight of more than 26,000 pounds.

Revenue from the Highway Use Tax Program assists states in Financing the Interstate Highway System; but the tax is imposed on those vehicles using any public highways, city streets, state roads, and interstate roadways.

Form 2290 and the free IRS Publication 349, "Federal Highway Use Tax on Trucks, Truck-Tractors, and Buses," are available from IRS District Offices.

In 1913 the highest building in the U.S. was the Woolworth building in New York City at 792 feet!

CATHY PRENTICE

Staffer 'Kitt' Prentice Finds Busy Camp Program

Cathy Prentice, daughter of Mr. and Mrs. Floyd Prentice, has returned home after nine and one-half weeks at Caprock Council's Girl Scout Camp Rio Blanco. She has been serving on the Camp staff in the capacity of Kitchen Assistant.

A junior student in Olton High School, she has spent three years at Camp Rio Blanco as a camper. Attending as a "staffer" was quite different. She states that she likes, very much, working with Girl Scout Campers, but she was hardly prepared for all the work involved in the process of feeding them. She feels that she has spent her summer "scrubbing pots and pans". The well supervised kitchen dictates unquestionable cleanliness.

Cathy's duties called for her to rise at 6:30 daily to ring the "wake-up bell" at 7 a.m. Her assignment as counselor in Wrangler Unit gave her a room full of small scouts in the living quarters. Many were the experiences of this detail, not the least of which was dealing with homesickness. She learned that the small teddy-bear she had taken as decor for her corner was very useful as she offered, time after time, to let some miserable little girl sleep with it.

Since Cathy was assigned to the kitchen, she did not make hikes nor cook-outs, but she did serve six weeks as pack-out supervisor. This meant counting out and packing necessary foods, recipes, etc. for those expeditions.

"Food at Camp Rio Blanco," she comments, "was excellent. I could not have had better food at home. The cooks prepared yeast breads and cinnamon rolls that were delicious... and I had gone thinking I might lose weight.

"Our detail had to see that all dishes were sterilized, and properly racked. And then those pots and pans had to be immaculate. We used rubber gloves, very hot water, and approximately one package of SOS pads each day."

The camp, filled to its capacity of 96 campers the first week, had progressively smaller groups through the summer, ending with only 18 campers the final week. Most of the campers were attending on "Cookie Camperships". The sale of 120 boxes of cookies entitles a girl to one week at the camp. A total of 180 boxes is required for a two-week campership. Cookie money supports the area established camp.

The young staffer had earned a campership for the year, which she has been allowed to retain as an $80 credit when she applies next summer for a "Wider Opportunity" assignment. She hopes, one of these days, to make an out-of-the-country trip as a Senior Girl Scout.

Presently she hopes to earn her WSI (Water Safety Instructor) badge so that she can attend some good camp as counselor on "The Waterfront".

Cathy has been in Girl Scouts for many years. She has been a member of Troop 309 since fourth grade, with Mrs. Bob Coen as leader. She took a few days off, during mid-camp to accompany her Troop on its trip to Six Flags.

Tax Credit Available For Private Sector Employers

Private sector employers may now receive up to 50% tax credit on wages paid when they hire from a targeted group of unemployed persons.

The Private Industry Council, comprised of local business leaders, is promoting this new hiring initiative, the Targeted Jobs Tax Credit, which is co-sponsored by South Plains Asso. of Governments and Department of Labor under its CETA program.

TJTC Specialist, Judy Sexton, stated, "private business has been asking Uncle Sam to 'give us a break' from high taxes and too much government regulation and red tape. Washington has heard this call and is responding."

It is believed that private employers will be willing to hire entry-level employees from certain targeted groups, i.e. Vietnam veterans, the elderly and handicapped, youth participating in public school cooperative education programs and others among the disadvantaged under this new plan, designed to provide substantial tax credits on the first two years wages paid the new workers.

The nation's governors met recently to endorse a tax cut, but not consensus was reached as to the method or the amount of such tax reductions. Targeted Jobs Tax Credit is a practical first step toward relieving the tax burden for private business. The TJTC is appealing not only from the perspective of tax savings, but also because TJTC embodies other attractive features such as minimum paper work for the employer, pre-vocational training for the newly hired and maximum autonomy for the private employer in the selection and subsequent management of the TJTC worker.

The Targeted Jobs Tax Credit has a good track record throughout the country, and is being utilized successfully and enthusiastically by Coca-Cola, the Marriott Corporation, Bethlehem Steel and numerous other large and small business operatives. One satisfied user of TJTC, commenting on this new response by government to private industry, said, "finally, Washington is scratching where it itches."

For more information about how your business may receive the advantages offered by Targeted Jobs Tax Credit, contact Judy Sexton at South Plains Asso. of Governments, 1709 - 26th Street, Lubbock, Texas 79411, or call 806-762-8721.

Call or write today! Help put America back to work!

Maid Of Cotton Committee Selects Judges, Slates Ball

Howard Yandell, Chairman of the Maid of Cotton Committee of the Lubbock Chamber of Commerce announces that the selection of this year's judges for the 1981 South Plains Maid of Cotton Selection to be held Oct. 10, 11, 1981 has been completed. They are Mr. Ed Schrumm, president of Carolina Mills Inc. of Maiden, N.C.; Marilyn Monroe, executive vice president Texas Society of Association Executives, Austin; Susan Porter Jones, former New York fashion model of Lubbock; Mr. W.B. Criswell, cotton producer of Idalou and Raymond Cooper, president Valkart Taylor Cooper Inc. of Dallas.

Most of this year's selection activities will be held at Lubbock's Memorial Civic Center with judging of the top twenty finalists to begin at 8 p.m. Oct. 10. The Maid of Cotton Ball will be at 8 p.m. Oct. 10 at the Banquet Hall of the Memorial Civic Center. Finals will be telecast live at 7 p.m. on KCBD-TV Saturday, Oct. 11.

The newly selected South Plains Maid of Cotton will receive an all cotton wardrobe, a trip to Memphis, Tenn. in December and a $500 scholarship from the Lubbock Cotton Auxiliary.

Tickets for the semi-formal ball may be purchased at the Chamber of Commerce at $10 each and will feature the Betty Tolley Combo, hors d'oeuvres, cash bar cocktails and dancing until midnight. At this event the twenty finalists will be presented along with escorts from Reese Air Force Base. Tables of eight may be reserved on a first come basis.

Application forms may be obtained at the Lubbock Chamber of Commerce, 14th and Avenue K for any eligible young lady. Applicants must be 19-23 years of age, never have been married 5 feet 5 inches tall or taller, a resident of the South Plains or a student at a sschool located in the South Plains.

For further information contact Bob Etheredge at the Chamber of Commerce at 763-4666. Entry deadline for applicants is 5 p.m. Sept. 19 at the Chamber offices.

Tri State Fair Set September 15-20

There will be something for all ages to see and enjoy at the 1980 Amarillo Tri State Fair, Sept. 15-20.

Livestock, poultry, rabbits, textiles, foods, free entertainment, product exhibits, art show, a midway of rides and first class entertainment in the coliseum each day by top western artists.

A special day has been set aside for the elder citizens in the area. Thursday, Sept. 18, a medicare card will admit any person to the fair free of charge. At 1:30 p.m. the same day, a program of free entertainment and door prizes have been arranged for the enjoyment of the senior folks in attendance.

All citizens of the tri-state area who have a medicare card are welcome to attend the fair and entertainment as special guests of the fair Thursday, Sept. 18.

Emergency Loans Available Farmers Home Administration

Emergency loans for farmers, ranchers, or aquaculture operators are available through county offices of the Farmers Home Administration (FmHA), Karson L. Bivens, FmHA County Supervisor, said today.

Mr. Bivins asked that those who need farm credit as a result of drought or hail make their needs known at the Farmers Home Administration office at 3109 Olton Road, Winchester Plaza Box 5065, Plainview, Tx.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home Administration until May 7, 1981 for physical and production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or building (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts. Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming (or ranching or aquaculture) operation.

"Funds can be used for essential operating and living costs," Mr. Bivins said.

Loans covering actual losses are made at an interest rate of five percent and are scheduled for repayment as rapidly as feasible consistent with the applicant's reasonable ability to pay. Loans beyond actual losses have various maturities, depending upon the purpose of the loan.

The interest rate for short-term loans for farm operating purposes is 13½% Long-term loans are being made at an interest rate of 12½%.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster and may be unable to get credit from other sources.

Emergency loans can be used to help the farmer restore damaged farm operations and additional loans based upon the emergency designation can be used to reporganize the farm for greater efficiency and better production.

Zimmatic Low Pressure waters down overhead

Cutting overhead is one of the keys to profitable irrigation. With a Zimmatic Low Pressure System over your crop you can unlock the door to big savings. Start by cutting horsepower requirements by as much as one-third and keep saving because your system will likely be more efficient and use less water.

And choosing Zimmatic Low Pressure gives you more than an economical center pivot You get the company that pioneered low pressure in center pivot irrigation. Lindsay developed Zimmatic Low Pressure to cut horsepower without cutting performance. Your pivot is still 100% Zimmatic with all the dependable features and top-quality material that Lindsay is known for.

If you're considering center pivot irrigation, consider Zimmatic Low Pressure, the pioneer. Come in soon and find out how to water down your overhead while you pump up your profits.

NEWS OF HEALTH

Diabetes, our third leading killer, now afflicts 11.5 million persons in the U.S. and Canada. Hundreds of thousands of children are victims, and for them the onset of diabetes is swift and severe, and the course is unstable. Insulin helps, but doesn't cure.

The Juvenile Diabetes Foundation (JDF) provides funds for ongoing research—research that will one day find a cure. Says the Foundation: "We want our children to learn to live with diabetes, but we're working so they can live without it."

JDF needs energetic people who are willing to start new chapters, or willing to work with established ones. JDF needs your time and your enthusiasm.

For free information on the Juvenile Diabetes Foundation, call, toll free, 800-223-1138.

MASAHIKO MAESAWA & DWAIN KETCHU

Amazed

expensive in Japan, retailing for about $40.

He does not ride motorcycles in his homeland, nor does he drive a car, although he indicates that he is learning this art and can drive only when a licensed driver is seated beside him. He mentions that there are many cars on Japanese streets. He began naming all the Japanese makes, but he states that his father drives a Trans-Am.

Masahiko's father is a member of Lions International and it was at the father's instigation that the son has made this visit. He is very interested in Lions Club meetings and has already attended several, including a State chapter meeting hosted by Red Bud Lions of Lubbock. Here all Exchange Students visiting in the area, some forty or fifty, were hosted at a hot dog supper. He has plans to attend the meeting of Springlake Lions soon.

He has presented the local Lions with the customary banners from his home. He also presented his host family special gifts typical of his homeland....Dwain is the proud possessor of a very complete digital wrist watch.

The recent hurricane posed a problem for the student, for a young fellow-Exchange Student, a young girl in whom he is interested, is spending her six weeks stay in Houston...and he feared for her safety in that area.

His father, mother and young sister are spending a vacation period in California, the Los Angeles and San Francisco areas, but he will not see them until they all return to their home. He will leave for San Francisco and a Student Exchange flight Aug. 30.

In the meantime he is seeing as much of this area as he can. Last week both he and Eddy, a student in the Noack home, were guests at a presentation of the pageant "Texas" as presented in Palo Duro Canyon. Mr. and Mrs. Earl Robertson were their hosts.

This weekend the two boys flew to Dallas. They will visit Six Flags Sunday and Monday, returning to Olton with the Noacks who are already in that area.

During Olton's Sandhill Celebration M&M had the privilege of having his picture made astride a horse...with a real live Texas cowboy looking on.

He has visited some farms and is amazed at the size of them. In his land, people have only small plots. He is impressed with the big fields, the circular irrigation systems and the cool ditches of running water. He also likes the people he has met in West Texas. He is glad that he was assigned to a small town, he had requested the Texas area. He enjoys American food, but has no interest in the 'spicy Mexican foods'.

Masahiko has studied English in school for some five years. He states that he can read and write it much better than he can speak. That being the case, we hope that he will enjoy reading this account of his visit...more than he did the tedious interview.

NOT THE SAME

An area of two square feet and one of two feet square are not the same. The latter is twice as large as the former.

CLEOPATRA

Cleopatra was of Greek ancestry and an Egyptian only by birth. She had no Egyptian blood in her veins.

Texas Tech Offers New Opportunity

Are you retired and looking for an interesting way to spend those lazy autumn days?

Texas Tech University's Division of Continuing Education may have something that strikes your fancy. Under a special program, persons 65 and over may audit most classes at the university - except for workshop or laboratory courses requiring special knowledge and participation - and do so for free, said Dr. Michael Mezack III, director of Continuing Education.

In inflationary times, it's not possible to stretch a fixed income any farther than that.

Auditing courses do not receive a grade, nor do they receive credit toward a degree. Instead, they receive the same knowledge available to others in the class.

Auditees may improve their English, brush up on a foreign language, indulge themselves in a favorite period of history, examine the growing role of the mass media in society, study art or do any of a number of things they may not have had time to while pursuing a career.

Senior citizens interested in auditing courses at Texas Tech should register during special Continuing Education registration. Fall semester Continuing Education registration will be held Aug. 22 from noon to 8 p.m.; Aug. 23 from 8 a.m. to noon; and Aug. 25-26 from noon to 8 p.m.

Neither transcripts nor prior college experience are required of those auditing courses.

Auditees are given free library privileges at the Texas Tech Library and may use the campus bus system, Mezack said.

Further information about free auditing of courses for persons 65 and older may be obtained from Dr. Suzan H. Schafer, associate director of Continuing Education, at 742-2354.

Impressed

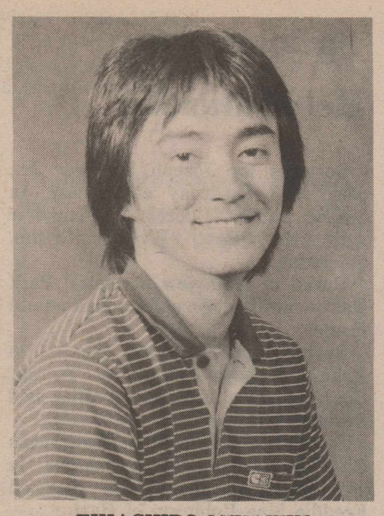

beautiful sunrises and sunsets as those to be viewed in Texas. He remembers that they were especially spectacular at Lake Amstead during a fishing trip he enjoyed with Leon Noack and his sons Kevin and Kyle.

Eddy is a house guest in the Noack home. He has worked a few days in Leon's Grocery and Market and would like to do other things for experience. "I would like to try to do everything, since I have so much free time. Land is very scarce in my home, we have no large farms...just many people. Some people have taken me to their farms here, and I like that very much." He has had a visit to the Olton Feedyards and was astonished at the number of cattle in that operation.

He was not present for the Sandhills Celebration Parade, Aug. 2, but was in attendance at the Street Square Dance in the evening. He liked both the action and the music.

Eddy admits that his homeland has a drug problem, but he could not identify the kinds used. Air pollution is also a difficulty of his native land and he adds, "We have many traffic accidents, there are too many cars. My father has a car, but I do not. Perhaps only half of the young people in Japan have cars. We do not need them, we have so much public transportation. But I can understand...in Texas they are indespensable. We have many motorcycles."

Eddy has found the people of Olton very kindly and friendly and he likes the town very much. He is enjoying his visit to the United States, but when he has finished his work at the University, he plans to be employed in his native Japan.

EIHACHIRO MIYAWKI

There are approximately 579 million credit cards in circulation in America today.

MOST POPULATED

The island of Java, in the Netherlands East Indies, is the most densely populated country on earth. It has 860 people to every equare mile.

BILLY SUNDAY

Billy Sunday, the world-famous evangelist, preached his last sermon Oct. 27, 1935, and died on Nov. 4, 1935.

MOVING MOUNTAINS

Moving coal is no small job. These two workers are dwarfed by a 170-ton off-highway truck at the Colowyo coal mine located near Craig, Colorado. Operated as a partnership by subsidiaries of W.R. Grace & Co. and The Hanna Mining Company, the mine has reserves of more than 200 million tons of low-sulfur, relatively high-BTU coal. When the mine reaches full capacity by 1983, it will yield approximately 4.3 million tons of coal per year and help to serve the country's energy needs for the next 35 years.

Lions Participate Tuesday In 'About Myself' Program

Spontaneous speaking was the program Tuesday when Olton Lions gathered for their regular luncheon meeting. Each member was called on to give biographical sketches of themselves, their families and work.

Good humor evolved as Lions attempted to tell of their vocations while avoiding any mention of business names and resulting "fines" for advertising.

Good natured banter resulted as Lions compared birthplaces (I'm from Oklahoma" and "I've never been to Oklahoma.") and birthdates ("I was born the year Lion So and So was born.")

Lion Boss Bill Yoakum announced that carnival proceeds to the club were $1,492.13 and gross monies from the sale of Lionburgers was $636.25.

The annual broom sale was announced for Sept. 18.

Guests were Lionesses Joy Hawkins, Masahiko Maesawa and Eihachiro Miyawaki, exchange students from Japan, and Karl Dirksmeyer, Boy Scout executive from Plainview.

Annual Field Day Event Slated Sept. 9 At Halfway

Texas Agricultural Experiment Station at the Halfway location will host the field day on Tuesday, Sept. 9, beginning at 1 p.m. Other agencies located at the Lubbock-Halfway Center and cooperating in the event are the USDA-SEA, National Weather Service, Texas Forest Service, Agricultural Extension Service and the High Plains Research Foundation, according to Dr. Douglas Owen, chairman of Field Day Activities.

Highlights and topics to be featured will include weed control, water management, cotton, and a low energy precision application (LEPA) irrigation system for more efficient moisture utilization. In addition, Specialists will be centrally located and available for discussions of specific problems.

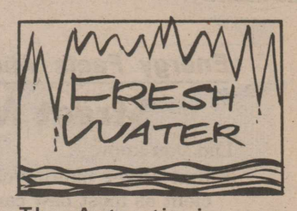

Displays and exhibits will also be featured for public viewing. Interested persons are cordially invited to attend.

WOMEN HUNTERS

Nearly one million women in the United States go hunting.

from the desk of the Chamber Maid

This week the Welcome Wagon visited two new families in our community, the Tim Clarks and the Rickey Cooks. We are proud to have both become part of Olton.

Tim and Glenda Clark moved here from Plainview. He is a student at Wayland Baptist College and is youth and education minister at First Baptist Church here.

Since coming to Olton, they have welcomed a new addition to their family, little Joel who was born Aug. 1. They also have two little girls, Elizabeth, three and a half, and Emily, 20 months.

Glenda was born in Georgia and raised in Colorado Springs, Colo. Tim was born and raised on a ranch in Western Nebraska. When he was 17, he moved to Florida and lived in 11 other states before coming to Texas. He and Glenda lived three years in Salcha, Alaska where he worked for Glacier State Telephone Company and in the ministry.

The Clarks are enjoying living in Olton, helping their church and appreciating the "helpful friendly people here". They are also enjoying a garden plot on the Archie Sorley farm and particularly are enjoying the watermelons and cantaloupes they've never grown before.

Lola and Rickey Cook moved to Olton from Muleshoe. He works for the new SPS "Tolk" plant between Earth and Muleshoe.

The Cooks are parents of five children: Misty, nine; James, seven; Chris, five; Rickey, four and Douglas, two.

Lola enjoys crafts, especially macrame and ceramics. Rickey's favorite pastime is golf. Anticipating the start of school, Chris is looking forward to kindergarten; Misty and James to school and new acquaintances also. Misty and Chris are eager to be in dancing classes.

The family attends Kingdom Hall of Jehovah Witnesses Church in Muleshoe.

Energy Facts About . . .

Street Motorcycle Use

Did you know . . . .

- that street motorcycles are almost three times as efficient as most new cars and about four times as efficient as average cars in the motor vehicle population?
- that the use of street motorcycles for one-fourth of all passenger car commuting trips under ten miles would enable the United States to reduce its total oil imports by 3.1%, its gasoline consumption by 3.8%, and its total OPEC imports by 4.4%?
- that about 12 million motorcyclists currently ride over five million street motorcycles in the United States?
- that street motorcyclists save the nation almost $300 million every year that would otherwise be spent on an additional ten million barrels of oil?
- that two street motorcycles could be operated on the amount of gasoline wasted by an untuned automobile in a year?
- that street motorcycles account for about 7/10 of 1% of all passengers car mileage, however, they use less than 2/10 of 1% of all passenger car fuel?
- that the use of street motorcycles for one in five personal passenger car trips of ten miles or less would save the United States about $2.1 billion each year?
- according to EPA tests, the most fuel efficient motorcycles can get over 120 mpg and an average of 47 major brand on-highway models over 50 cc's was 71.8 mpg?

For further information, contact the Motorcycle Industry Council, 4100 Birch Street, Suite 101, Newport Beach, California 92660.

Springer Rites Held Saturday

Services for Joseph Springer Jr., were held Saturday at 11 a.m. in United Baptist Church of Plainview with the Rev. Walter Griffin, officiating.

Burial in Plainview Memorial Park was under direction of Parsons Funeral Home.

Springer died Monday, Aug. 11 in Arlington. A spokesman at Tarrant County Medical Examiner's office said Springer drowned.

Born April 27, 1947 in New York City, N.Y., he was a laborer in construction business. He married Freddie Mae Robinson of Hart.

Survivors include his wife; two children, Darin and Gregory both of Fort Worth; his father, Joseph Springer Sr. of New York City, his step father, Carl Houston of Arlington; two sisters, Josephine Springer and Bernice Houston both of Plainview; and two brothers, Alonzo Springer of Lubbock and Ervin Davis of Plainview.

Olton Woman's Mother Dies

Services were conducted at 10:30 a.m. Tuesday in Worley and Sons Funeral Chapel in Waurika, Okla. for Mrs. Annie L. Stewart, 87, pioneer resident of that community. Mrs. Stewart was the mother of Mrs. Jackie Miller.

The Rev. Bob Stone, pastor of First United Methodist Church in Waurika, officiated. Burial was in Waurika Cemetery.

Mrs. Stewart died Sunday, Aug. 3 following a long illness. Mrs. Miller had been at her bedside.

Other survivors include two other daughters, Mrs. Mickey Cole of Aransas Pass and Mrs. Jessie Schabram of Waurika; one son, Clifton Stewart; two brothers, Virgil Putman of Madill, Okla. and Harvey Putman of Kingman, Ariz.; 14 grandchildren and 20 great-grandchildren.

Mr. and Mrs. Paul Miller and girls and Mr. and Mrs. J.C. Miller and daughter of Hart attended the services.

FIRST GAS WELL

The nation's first gas well was drilled in 1821, at Fredonia, N.Y.

One of the greatest blessings
There could ever be
Is the blessings your friendship
And the joy it brings to me.

Mrs. Edrie Taylor of Crosbyton was a guest of Freda Worley over the weekend.

Mr. and Mrs. Bert Stewart and Mrs. Freddie Mae Hysinger visited their children Mr. and Mrs. Jack Hysinger and family in Muleshoe Sunday.

Mr. and Mrs. Robert Dennis of Lubbock were here last Friday to get his mother, Rena Dennis, who has been visiting Hattie Mae Gray and others the past week.

There was the "Gaskin Family" Reunion Saturday and Sunday at the homes of Mrs. G.F. Parker and Mrs. D.Y. Ray. Those who attended were Mr. and Mrs. Charles Gaskin of Artesia and Mrs. Sandra McDonald and children of Lubbock; a sister, Mrs. Bernie Tate of Dallas and daughter, Nelda Anderson of Odessa; a sister, Vera Hassic, Mr. and Mrs. James Craig of Robert Lee; Mr. and Mrs. Howard Parker of Vigo Park; and Mr. and Mrs. Jack Fox and children of Hereford; Mr. and Mrs. Gerald Ray of Claude; Mr. and Mrs. Lowell Ray and families of Halfway; and Mrs. Linda Prestridge of Wichita Falls.

Dr. and Mrs. Barry Prestridge of Wichita Falls were here for the weekend. The children stayed for a while with their grandparents, Mr. and Mrs. Barton Prestridge. Tuesday, they went to the circus in Lubbock.

Mr. and Mrs. Wandie Hutson, Sherrie and Jonny have returned from a tour of the southern States.

Friendship is a chain of gold
Shaped in God's all perfect medal;
Each link a smile, a laugh, a tear.
A touch of the hand a word of cheer.

Mr. and Mrs. Kevin Sparkman of Hereford visited the Roland Livesays Friday evening. Their son, Tommy spent the next week here, and Cody went home with the Sparkmans.

Mr. and Mrs. Tom Smith attended the funeral of Jean Craft Saturday afternoon at the First Baptist Church in Earth and went on to Muleshoe to visit Mr. and Mrs. Troy Thomas, Sunday evening. Mr. and Mrs. Earl Allen also visited in the Smith home.

Mrs. Jo McGill and her mother, Mrs. O.F. Dent of Austin, attended the Crawford reunion at Quartz Mountain Camp, Okla. Jo's granddaughter, Lisa Cook of Lubbock, also went along. Mrs. Dent remained here for a visit.

Visitors in the home of Mr. and Mrs. Gerald Nixon last week were Paula's grandchildren, Jill and Todd James of Omaha, Neb. Their parents Mr. and Mrs. Gene Jones went on to Santa Rosa, Calif. to visit her sister, Mr. and Mrs. Jim Gariss. They returned Saturday and stayed until Wednesday. The Jones and Paula went on to Abilene to her parents Mr. and Mrs. C.C. Allen to a family reunion at Hubbard Lake. Others who attended were the sisters Mr. and Mrs. Gerald Brown, Mr. and Mrs. Coy Searcy of Abilene and Nancy Allen of Tulsa, Okla. Most of the grandchildren and great-grandchildren were there. Sunday, Gerald's daughters visited with him. Mr. and Mrs. Bob Barton of Plainview and Mrs. and Mrs. James Brown and boys of Lubbock.

God scatters love on every side
Freely among his children all,
And always hearts are lying open wide
Where in some grains may fall.

Mr. and Mrs. Nicky Green and Cody were here last weekend from Clifton visiting his parents, Mr. and Mrs. Willie Green, his grandmother, Mrs. Lillian Green and John and Tammy Shirley.

Mr. and Mrs. Duane Eby had her brothers and sisters as luncheon guests last Saturday. Those attending were their daughter, Mrs. Robert Ausbrooks of Lubbock for the weekend; Herman Johnson of Goldthwaite; Nadine Hendrix of Houston; Clois Johnson of Abernathy; and Mr. and Mrs. R.B. Hall and Lonnie Johnson and son, all of Lubbock.

D.D. Lewis of Waco, Mr. and Mrs. D.H. Green of Ulysses, Kan. and Mrs. John Paris of Whittier, Calif. went home last Thursday after being here for their father, Otho Lewis', funeral. They were guests of Marguerite Hyatt. Guests now in her home are two of her grandsons, Michael Daran of Austin and Ryan Hyatt Lubbock. Marguerite spent from Friday until Tuesday in Lubbock visiting Lois Smith and her son James Ray Hyatt.

A blessed thing it is for any man or woman to have a friend, one human soul whom we can trust utterly, who knows the best and worst of us, and who loves us inspite of all our faults.

Have a nice weekend.

Card Of Thanks

Again we have been reminded how very wonderful the people of this community and area are. Your loving concern and generous helpfulness have done much to sustain us during our great loss.

We deeply appreciate every word of condolence, both written and spoken, every act of kindness in our hour of need, and the lovely flowers and meaningful memorials that were such beautiful tributes to our loved one.

May God bless each of you is our prayer.

Jim Craft, Tim, Glenn and Ken
Mr. and Mrs. L.F. Glenn

Words fail us when we try to express our gratitude to the many friends who ministered to us through their love and concern during our recent sorrow.

We deeply appreciate each visit and word of comfort, the lovely flowers, sustaining food, and the memorials to honor our mother and grandmother. We are very grateful to Brother Estes and Brother Wyatt for meaningful services, and to Sammy Thomas and Lezlee Pittillo for beautiful music.

May God bless each of you.

Leona Martin and family
Irene and Melvin Souter and family
Buster Edwards and family
Edward Burris and family

As inflation-beset homeowners seek to obtain the most for their money, classic colors and quality materials will increase in importance.

NOTICE OF TAX INCREASE

The Olton Board of Trustees proposes to increase your property taxes by 20.96 percent ($.13 on $100 valuation)

A public meeting to vote on the increase will be held on August 20, 1980, at 8:00 P.M. in the Board Room.

The Olton Board of Trustees has considered the proposal and voted in a public hearing on the tax increase as follows: *

FOR the proposal to increase tax rate:

Royce Collins - Board President
Doug Goen - Board Member
Bub Holt - Board Member
Charlie T. Burrus - Board Member
Joe Harrell - Board Member
Johnny Hodges - Board Member

AGAINST the proposal to increase tax rate:

None

ABSENT and not voting:

Jim Brown

* Designate by title the member who serves as chairman or president of the governing body.

agri-facts

There will be a new member among the ranks of wheat varieties going on the market this fall. That new member carries an old name . . . Tut. It is a rare variety in that it was developed by an individual, Leo Schraeder, rather than by a commercial company or an experiment station. The Kansas farmer has been developing the variety on his farm near Timken. He says the variety is 100 percent resistant to soil-borne mosaic, a plant virus that can reduce yields as much as 50 percent. Along with the Mosaic resistant, Tut is also reported to be drought tolerant. Mixing and milling results are considered about the same as most commonly-used varieties. With additional testing planned for the future, Tut could well become a common sight across the plains.

INSUR-MATION

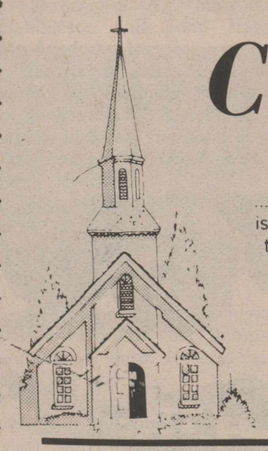

Recently my car wouldn't start and I had to call a service man to come and start it. Would my Automobile policy cover this extra expense?

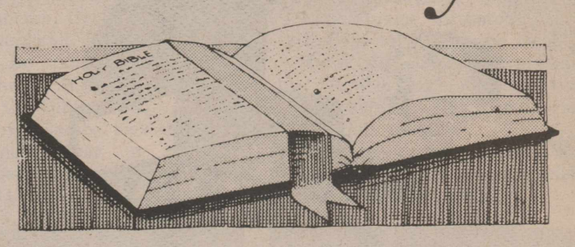

This extra expense will be covered if your Automobile policy contains "towing and labor" coverage, part of the physical damage coverage in an Automobile policy. This coverage will pay for the towing of the vehicle to a repair station and labor costs necessitated by the disablement of the owned auto or of any non-owned auto (driven by the policyholder) provided the labor is performed at the place of disablement. An example of labor performed might include service charges for jumping a battery or changing a flat tire. However, the repair of the tire would not be covered . . . only the labor of changing it. With "towing and labor" coverage, there is usually a maximum liability paid for each occurrence.

GSPA Requests Change In USDA Sorghum Call

Grain Sorghum Producers Association asked USDA to rescind the call on grain sorghum that is in the farmer-owned reserve. GSPA Executive Director Elbert Harp told USDA officials that if the call remains in effect, it will be grossly unfair to grain sorghum farmers who are holding their grain in the reserve.

USDA raised the loans and call levels for all grains the day after issuing the grain sorghum call. "To raise the loan and call levels immediately after issuing the call on sorghum without extending its benefits to sorghum farmers who hold grain in the reserve, cannot be justified," Harp said.

July 17, the call was issued on the "old" contracts when the average price received by U.S. sorghum farmers reached $5.00 per cwt. Prices continued to increase and quickly approached the $5.18 level for the call on "new" contracts. At the same time, it became obvious that an increase in loan rates and reserve call levels was forthcoming.

July 24, Harp requested that the Secretary of Agriculture exercise the discretion given to him under the law to postpone the call on "new" sorghum contracts. The call was not postponed and "new" contracts were called on Friday, July 25.

On the following Monday, July 28, the Administration raised the loan level for 1980 sorghum to $2.24 per bushel ($3.82 per cwt.). This also raised the call level to $5.54 per cwt.

It was noted that the call was issued on the "new" contracts the same day that notices were being mailed from local ASCS offices to farmers notifying them they had 30 days to redeem their sorghum under the "old" contracts, or they could switch to "new" contracts any time before "new" contracts were called.

Call Level - "Old" Contracts (entered before Jan. 4); **SORGHUM**, $2.80 per bu.; ($5.00 per cwt.). **CORN**; $2.94 per bu. and **WHEAT** $4.38 per bu.

Call Level - "New" Contracts (entered after Jan. 4); **SORGHUM**; $2.90 per bu.; ($5.18 per cwt.). **CORN**; $3.05 per bu. and **WHEAT**; $4.63 per bu.

Call Level - "New-New" Contracts (based on July 28 revision); **SORGHUM**; $3.10 per bu.; ($5.54 per cwt.). **CORN**; $3.26 per bu. and **WHEAT**; $5.25 per bu.

VOLUME IN RESERVES

"Old" Contracts - **SORGHUM**, 23.5 million cwt.; **CORN**; 286 million bu. and **WHEAT**; 134 million bu.

"New" Contracts; **SORGHUM**; 18.5 million cwt.; **CORN**; 610 million bu. and **WHEAT**; 122 million bu.

Milk Products Supply Nutrients

Some important nutrients needed in the daily diet are supplied by milk and milk products. The number of servings needed to supply these nutrients vary with the individual's age.

4-H'ers in the national dairy foods program, conducted by the Cooperative Extension Service and supported by Carnation Company, learn they need three servings daily from this food group if between the ages of nine and 12, and four servings daily if they're teenagers. Members in the program experiment with ways of preparing meals and snacks with a variety of dairy products, including whole, skim, lowfat and evaporated milk, buttermilk, nonfat dry milk, yogurt, ice cream, ice milk and cheese.

If concerned about fat in the diet, they use lowfat or skim milk which has less fat and fewer calories than whole milk.

These milk drinks are favorites with 4-H'ers: **PEANUT BUTTER MILK** - 4 c milk, one-third c peanut butter and 2 T sugar. Add small amount of milk to peanut butter in bowl. Stir and continue adding milk until thin. Add rest of milk and sugar. Mix well. Chill. Stir before serving. Makes one quart. (If made with nonfat milk, one 8-ounce glass contains 235 calories).

BANANA MILK SHAKE - ½ c banana, sliced, 1½ t sugar, ¼ t vanilla and ½ c milk. Beat banana with rotary beater until creamy. Add sugar and vanilla. Blend, then stir in milk. Chill and serve. Makes one glass. (If using nonfat milk, one 8-ounce glass contains 155 calories).

Final day to redeem filled cards for discount and free stamps is August 30.
