

County Historical Commission Seeking Histories Of Local Families For New Book

The book committee of Fisher County Historical Commission has received many questions concerning the length of the family stories to be submitted. As explained in the brochure, no additional space will be sold. It was the decision of the Committee to allot space for a five-hundred-word story for each family unit that ever lived in Fisher County.

Five generations of some families have lived in the county. This means that each family in every generation may submit a five-hundred-word story. Unmarried persons who have lived and maintained a home in Fisher County will be treated as a family unit. Several have asked if all children in a family will be placed together in the book. All family stories

will be arranged alphabetically. However, in the story of a family who have married daughters, the daughters' married names will be given in the history of the parents, so that any reader may easily find the entire family.

Below is a story of one of the pioneer families of Fisher County. ANDY SHIPP FAMILY Andy Shipp was born on August 9, 1890, in a dugout on the bank of the Double Mountain River. His family lived on the Fisher County line in Longhorn Valley. His parents were John and Betty Shipp, and Andy was the youngest of ten children. When he was orphaned at the age of fourteen, he went to work for the O-O as a wrangler, a job for which he was paid twenty-five cents a day and room and board. He learned the work of a cowboy well. While working on the range, he slept on the ground with his saddle for a pillow. His first saddle was given to him by a Mr. Sampson of Claremont. Andy went to school very little, but a teacher who was staying at the ranch taught him to read and write. He always read the Farm and Ranch

loud. Andy married Ollie Gray, the daughter of Jeff and

Malinda Gray, on March 6, 1918. Ollie was born in a dugout sixteen miles northwest of Rotan August 15, 1896, on the Gray farm on Little Rough Creek. She attended County Line School. One of her most vivid memories of the school was her hitting a boy over the head with her lunch bucket because she was picking on her little brother. Ollie attended Simmons College in Abilene, which later became Hardin Simmons University. Ollie had six brothers and one sister: William, Alfred, Joe, Elmer, James, Oscar, and Mary Jane, who died when she was a small child.

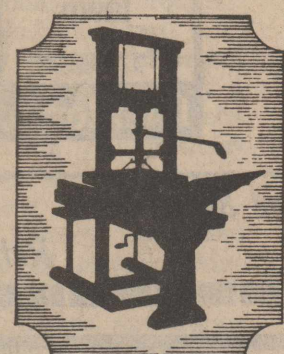

In 1940, Andy and Ollie bought the Gray homeplace on Little Rough, but Andy still worked as a cowboy for Criswell and Pitchfork ranches. Ollie was baptised on September 6, 1926, in the Rock House tank on the O-O. She always wore a bonnet. She was the first school lunchroom manager at Hobbs School. Andy and Ollie had eight children: J.D., Billy, Joe, A.V., Margie (Hankins),

Lavern (Young), Frances (Morgan), and Dora Lee, who died in 1925. They celebrated their fiftieth wedding anniversary March 6, 1966.

Andy Shipp continued to work all his life. He rode his favorite horse Patches almost all afternoon only three days before his fatal illness. He died February 6, 1969. He was buried with his hat and his saddle in the Claremont Cemetery. Ollie Shipp died January 12, 1985, after a long illness.

Andy and Ollie Shipp left twenty-one grandchildren, fifty-two great grandchildren, and ten great great grandchildren.

Andy and Ollie Shipp taught their children to know God and to know that any kind of work is honorable so long as it is honest. Besides their children, they reared two grandchildren, Billie Joe and Simms Reddin. They never refused anyone a meal or a helping hand. No one ever heard Andy Shipp say a harsh word about anyone; he always said, "If you can't say anything good, just don't say it."

Annual Fisher County Fair Activities Begin Aug. 29th

The Fortieth Annual Fisher County Fair and rodeo is to be August 29-31 on the Fair Grounds in Roby. Numerous people have already put in a lot of time planning and preparing for the fair. The fair catalogue is at the printer's and expected to be ready soon.

Tempie West is general superintendent of the exhibits to be exhibited in the building. Assistant superintendents include Elizabeth Billingsley, Florene Stuart, Louise Mahaffey, Nell Park, Louella Waddell, Karan McClure, and Dorothy Decker.

This year China painting is a division added, to be judged. In previous years, it was only entered for display. Dorothy Decker is in charge of this division and has secured a very competent judge.

Louella Waddell is in charge of the art exhibits again and has done an outstanding job of this division for several years.

Jimmy Gruben and Jaye Niece Clements will again be in charge of the photography contest. This has been an excellent addition to the fair.

Jaye Niece and Jimmy always do an outstanding job of this division.

Florence Stuart has consented to be in charge of the Grand Parent's Brag Contest again. She seems to always do a very good job of this.

The Ice Cream Crank-Off Contest will be in its second year. Tommie Jack

and Carol Stuart are superintendents of this contest. This could really be a fun contest if everyone would join in, so come join the fun in this contest

on Saturday morning August 31, at 9:45 a.m. on the fair grounds near the fair building.

Fisher County should be very proud of the tradition

of being able to keep our County Fair alive for so many years. The majority of small counties no longer have County Fairs. Finances of the association are

limited, therefore, in order to keep this tradition alive, we should all work together to make this year's Fair and Rodeo alive and on stable ground.

Gary Teague Honored With Lone Star Farmer Degree

Gary Teague, son of Mr. and Mrs. Joe Teague of Roby, received his Lone Star Farmer Degree during the 57th Annual Texas FFA Convention in Houston on July 10-12. The Lone Star Farmer Degree is based on three years of a student's Vocational Agricultural Program and of his supervised Occupational Experience Program. While in Vo. Ag., Gary has been on Judging Teams, Chapter Conducting Teams, is the current

Roby FFA President, and the 1985-86 Double Mountain District FFA Vice President. Gary's FFA SOE Program consists of Swine Production with a herd of registered Durocs. Gary has worked long and hard, kept excellent

records in his record books, and put in many diligent hours to the FFA. Other members attending from the Roby FFA were Jimmy Carreon and Jeff Branson. Jeff was the Voting Delegate at all the business sessions of the

convention. The State FFA convention is the highlight of any FFA members years in Vo. Ag. Over 920 chapters throughout the State attended the 57th annual Texas FFA Convention.

WTU Refunds May Hit County Next Month

West Texas Utilities Co. customers may receive refunds as well as slightly lower fuel rates as early as next month.

A tentative agreement was reached this past week in meetings with the Public Utility Commission staff in Austin, and the matter is expected to go before the Commission July 26 for a final order hearing. That would be just in time for the refunds to go on the August bills for all of WTU's retail customers.

The full amount to be refunded now stands at \$17.6 million. This is an increase of \$3.9 million over the amount in WTU's original request, which included only fuel costs savings achieved from August 1984 through May 1985.

The new figure includes savings made in June and an additional \$2.3 million representing a lump refund of fuel costs savings balance, plus interest, realized before last August. Refund of those total savings had begun in mid-November and were scheduled to be completed in November 1985.

WTU estimates that the total refund now will result in a \$41 credit to the average residential customer's bill. The refund is made possible by WTU being able to spend less for power plant boiler fuel

than was anticipated when fuel cost factors were set by the PUC last fall.

Former customers will not receive refunds. The reasoning is that if the former customers had been undercharged for fuel, they could not be

billed in the future to make up the difference.

Any refunds will vary with the amount of electricity a customer used during the period from August 1984 through June 1985. Interest will be included.

Fisher County May Apply For Weatherization Plan

"Applications are now being taken for our Home Weatherization Program." This announcement comes from the Community Service Center located at 301 West Arkansas Street in Sweetwater.

Applications are now being accepted from persons in Scurry, Fisher and Mitchell counties. The purpose of this program is to improve the energy efficiency of the homes of

low-income persons and families. The result is lower energy consumption and more comfortable homes.

Weatherstripping, caulking, insulations installation, replacement of broken window panes and skirting are some of the services which can be provided to eligible applicants. For more information, contact the Community Service Center at 235-8455.

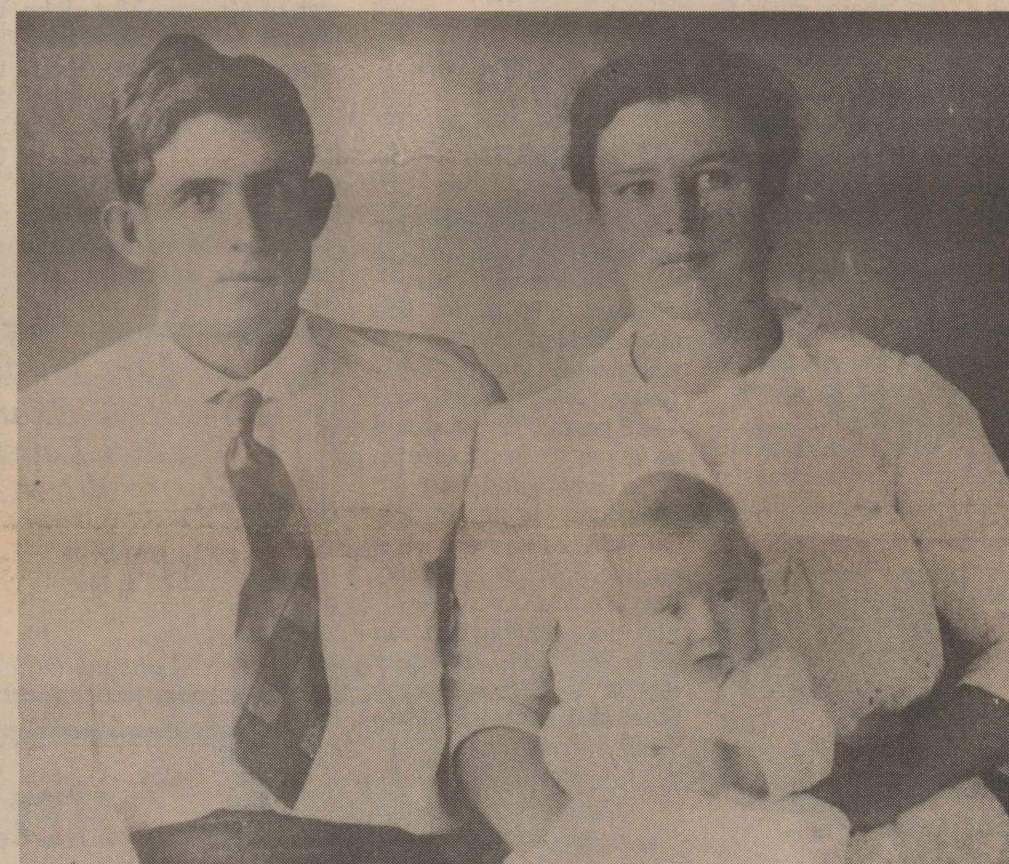

Sheriff Will Attend Meet In Corpus

Rotan Council Approves Collection Fee Increase

The Rotan City Council voted at their last regular meeting on Tuesday, July 16th to increase the fees for the collection of trash from \$5.00 for single family residences to \$6.00 effective with the July billing, according to Rotan City Secretary Kenneth Vann.

The increase was brought about because state regulations, after a recent inspection, are going to require the City of Rotan to provide "all weather" roads to the dump site and an additional requirement of additional fencing around the dump, according to Vann.

As a result of the inspection city crews are going to be required to cover and compact trash on a daily basis. "For the past fiscal year, we have averaged taking in approximately \$400.00 per month more than the amount being spent on trash collection. This is before the costs are figured in on the additional requirements laid down by the state at the last inspection.

Rates on two family residences increase from \$7.50 to \$9.00. There is also an increase in the commercial and business trash collection rate.

In other action, Vann explained that in the future all persons applying for peddler's permits will individually be issued a permit. There have been instances in the past where only one permit would be issued covering several door-to-door salespersons. In the future, all persons calling door to door should have in their possession a copy of the Rotan peddler's permit.

HELP SLOW YOUR ELECTRIC METER DOWN THIS SUMMER.

Set Your
Thermostat at
78° or Higher.

The recommended thermostat setting for summer cooling is 78° or higher. Portable fans or ceiling fans can help you feel comfortable at higher thermostat settings. Don't forget to turn fans off when you leave the room.

Check Your
Filter Regularly.

A dirty filter could keep your air conditioning system from operating as efficiently as possible. Clean permanent filters according to manufacturer's instructions, and replace non-permanent filters.

Tightly Seal
Air Leaks in
Your Home.

Make sure all cracks around windows, doors, pipes and wiring are tightly sealed with proper caulking and weatherstripping. Also, R-30 insulation in the ceiling, and R-16 insulation in the walls is recommended to adequately insulate your home.

For more information on how to help slow your electric meter down this summer, call your local WTU office.

Read Psalm 36:5-12

Jesus said to the city of Jerusalem, "How many times I wanted to put my arms around all your people, just as a hen gathers her chicks under her wings, but you would not let me!" —Matthew 23:37 (TEV)

RECENTLY I revisited Manitowadge, north of Lake Superior in Canada. At a twist in the road, I came upon a ruffed grouse and her chicks. The hen, frantic about the safety of her dozen fluffy chicks, dragged a wing in mock injury.

As I screeched to a stop, I struck a chick. The hen hissed, clucked, and stamped about to draw my attention away from her brood, now scattering into the aromatic wayside weeds. I picked up the warm, soft, motionless bundle, placed it amid a patch of Queen Anne's lace, and slowly drove past the mother hen, now mute, standing sentry-like, alone. She would soon issue an all clear, calling her chicks back.

When darkness descends upon my life, the picture of God caring for us as a hen cares for her chicks lightens my darkness. Beneath the canopy of my anxiety, I feel the warm heart of God communicating comforting waves of warmth and love.

PRAYER: Help me, O God, to respond to Your comforting call and make for the shelter of Your protective wings. Amen.

Tax Planning

By James Rodgers

YOUR COMPANY
(When You're Gone)

What happens to the family-owned business when the proprietor dies? What if the proprietor and the key employee are killed in a common accident? Who will have the authority to operate the company? Will the company be sold for less than its true value in a forced sale?

Most small business owners are very occupied with the day-to-day operations of the business. Some time should be set aside to plan for the sale or transfer of the business in the event of the owner's death. Sit down with a scratch pad and list a few "what if's." What if I die? What if I'm permanently disabled, physically or mentally? What if I disappear while on a fishing trip and cannot be found?

If something should happen to you, how do you want your company disposed of? Have you a friendly competitor with whom you could have a buy-sell agreement to cover these contingencies? Do you have relatives or friends knowledgeable enough to run your business with whom you could have a buy-sell agreement?

None of us likes to plan for something as unpleasant as dying. But the planning is far better done by you, than one who is knowledgeable about the business. Planning done after the fact will probably be less favorable to your family.

Businesses that depend on the daily input of the owner's expertise have an even greater concern. These businesses start losing gross revenue almost immediately upon the absence of the owner and are often more difficult to sell because of the expertise required of a new owner.

A written buy-sell agreement can help establish the business's value for estate tax purposes and provide a ready buyer in the event of your untimely absence.

Mrs. William Lewis Hayes

Tana Jean Tyer And William Hayes Are United In Marriage

Tana Jean Tyer of Floydada and William Lewis Hayes of Rotan exchanged wedding vows Saturday evening in First United Methodist Church with the Rev. Earl Blair, pastor, officiating.

Parents of the couple are Mr. and Mrs. Charles Tyer of Floydada and Mr. and Mrs. Louie Hayes of Rotan. Grandparents of the couple are Mrs. Wells of Kansas, Mr. and Mrs. Charles Tyer, Sr. of Snyder, Mr. and Mrs. Otis E. Firestone of Snyder and Mr. and Mrs. M.L. Hayes of Rotan.

Given in marriage by her father, the bride wore a white silk taffeta gown featuring an off-the-shoulder illusion effect. The short, puffed sleeves were accented with gathered silk roses. Overlapping layers of taffeta across the bodice led into a natural waistline and gathered at a silk rose. Fastened to the rose were silk taffeta streamers forming an asymmetrical effect. The full ballroom skirt cascaded into a mid-cathedral train.

She carried a cascading bouquet in shades of lavender.

Matron of honor was Tracy Tyer Zachary of Amarillo, sister of the bride. Bridesmaids were Tammy Tyer Hawkins of Odessa, sister of the bride, and Darlene Hardy of Canyon. They wore tea length gowns of Hawaiian orchid taffeta and carried small bouquets in shades of orchid and lavender arranged on white Bibles.

Best man was Weldon Hayes of Rotan, brother of the groom. Groomsmen were Ward Hayes of Rotan, brother of the groom and David Grounds of Jacksonville, Fla. Ushers were Tommy

Hawkins of Odessa, Michael Zachary of Amarillo, both brothers-in-law of the bride; and Keith Mullins of Rotan. Candlelighters were Shayla Moore and Eden Moore, both of Amarillo.

Musical selections were presented by Kelby Sue, pianist, Mrs. Stan Nowlin of Rotan, organist, Mr. and Mrs. Jack Gregory of Floydada and Rhonda

Campsey of Texline, soloists.

Following the ceremony, a reception was held in the Fellowship Hall of the church with Julie Faulkenberry registering guests. Reception assistants were Kelley Myers, Felt, Okla.; Rhonda Campsey, Texline; Tanya Tyer, Hale Center, cousin of the bride; Mrs. Keith Mullins, Canyon, and Michelle Coulter, Allison. Lindsey Moore distributed rice bags.

The bride is a graduate of Floydada High School and West Texas State University. Hayes is a graduate of Rotan High School and WTSU and is employed with Cargill in Houston where the couple will live.

NEWS FROM SOUTH FISHER COUNTY

By Bertha Warren

Darlene Warren and her neighbor, Robbie, from Granbury, came on Tuesday to visit Ed and Ollie Ogden. They took a lot of things from the garden back with them. Everyone's garden and crops should do better now that we have had some rain.

Friends and relatives of Mrs. Elizabeth Hale gathered at the Longworth Community Center Sunday to celebrate her 96th birthday, given by Tommy Ed and Betty Hale and Couvart and Linda Hale of Euless. About 50 or 60 attended and she received so many lovely gifts. I talked with Ilene Hale and she said it was so good to see everyone and everyone had a wonderful time.

Gene and Buelene Shipp visited with Damon and Shelby Shipp at Albany

over the weekend of the 4th and went fishing. They caught about 50 lb. of catfish.

Edna Gordon had guests last week. Her niece from Justisburg, Freda Price, spent a couple of days with her, then her cousin, Delma Scott from Lorenzo stopped by to visit. As some of you will remember, Mrs. Scott was the Home Demonstration agent at Roby a few years back. She now teaches school at Lorenzo, Texas.

Wayne's brother and his wife from Houston, Leeman and Virgie Warren, have been visiting with us and their sister at Sweetwater, Mrs. Ben Benson this week and another sister, Maggie Wiley from Lubbock came on Friday, and returned home on Sunday. We were so glad

to have Leeman and Virgie as their health has not permitted them to travel in quite awhile.

Barney Toland is home in Sweetwater after his surgery at M.D. Anderson in Houston.

The movie that was filmed in and around Sweetwater and Fisher County, "Red Desert Penitentiary" was shown in Sweetwater Saturday night and again Monday night, the 22nd. There was a very nice turn out Saturday.

That's about all for this week. Call with your news and let us know what's going on in your world.

I am writing about a very special little girl. She's only 14 months old. She has gone through more than any one person I know. Before I finish telling you about her I hope you will agree with me. This little girl is LaTisha Marie Ortiz. She has Cerebral Palsy. She has been in and out of hospitals since she was 5 months old. It hurts to see her get sick and have to be away from us in the hospital. Tish has been in Fisher County Hospital, Children's Hospital in Ft. Worth, and Hendricks Hospital in Abilene. LaTisha has been in hospitals more than we can remember. Tisha is a winner, she has never given up (we haven't given up either). That's why she is very special to us. LaTisha's road has just begun and she has a long hard road ahead of her but together we will beat her illness. I am writing in hopes that all women who are carrying a child and drink or smoke will remember that it might be their child that pays for it. Remember it didn't ask to be born and it

is up to the mother to take care of herself and not harm the child.

LaTisha has been cared for by Dr. C.M. Callan of Rotan, Dr. Maslanka of Abilene and Dr. Hunt and Dr. Paul of Ft. Worth.

LaTisha lives with and is cared for by her Grandmother, Mrs. Manuel Ortiz and uncles, Manuel and Lupe Ortiz of Rotan.

Thank You, The Ortiz Family

County Agent Report

By Richard Spencer

A serious outbreak of screwworm cases has been reported in Mexico about 110 miles from the Texas-Mexico border.

As of Tuesday morning (July 19), confirmed cases had climbed to 106, according to officials of the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS). The cases are concentrated due south of Reynosa in the states of Tamaulipas, Vera Cruz and San Luis Potosi with the northernmost cases reported in communities around Soto la Marina.

Texas livestock producers, as well as owners of household pets, are urged to check their animals regularly for infested wounds. When worms are

found in wounds, a representative sample of the larvae should be collected and the sample mailed to the screwworm laboratory at Mission for identification. The mailing address is Box 969, Mission, Texas, 78572.

Kits for mailing worm samples are available at most offices of practicing veterinarians, County Extension Service offices and area offices of the Texas Animal Health Commission.

Although work is continuing in Mexico to contain and eradicate the outbreak of screwworms, native fertile flies have been known in the past to travel well over 200 miles during a life cycle—and others "hitch hike" rides on animals in

transit—thus enabling them to create problems over wide areas. The area with the soaring number of cases also has received a lot of moisture, which is conducive to fly population buildups.

Thus, routine surveillance should be "beefed up" in Texas in an effort to keep the damaging and costly screwworm from re-infesting the state's livestock. The last screwworm case in Texas was confirmed on August 31, 1982.

Most of Fisher County received from 1 to 1½ inches of rain last week. This should certainly revive and mature the grain sorghum and the cotton has a real chance for a bumper crop.

Rotan Graduating Class Of '65 Reunion

The graduating class of 1965 from Rotan High School held its 20th year reunion on Friday and Saturday in Rotan.

Nineteen class members and their families attended the activities. Friday night an ice cream supper was held at the cafeteria, and was attended by 55 people. Besides class members and families, there were five special guests: Earl Martin, Lucille Eades, Erlene Tankersley, Madilene Brown and Ruby Long.

Thirteen class members and families enjoyed swimming and lunch at the pool at Hamlin Country Club on Saturday. A total of 36 had a great time splashing, dunking and visiting.

Saturday evening the group met at the Meeting Room at the firehall and had a steak dinner, catered by Woody's of Rotan.

Dennis O'Briant's To Celebrate 50th Anniversary

Mr. and Mrs. Dennis O'Briant of McCaulley will be celebrating their 50th wedding anniversary on August 4, 1985.

A reception will be held in their honor from 3-5 at the Fisher County Senior Citizens Building. The reception will be hosted by their four daughters, Mrs.

Nineteen members and spouses attended Saturday night. After dinner each one stood and told the group a little about where he had been and what had happened to him in the last 20 years and about his or her life now. Each one in their own individual way expressed a deep appreciation for having their roots in Rotan, for the small hometown advantages in growing up, and for the life-long friendships that were made. No matter the distances traveled, new friends and experiences that life has dealt in the last 20 years, the satisfying, exciting, feeling of "coming home" is appreciated.

Joe Kelley, Billy Dycus, Ralph McArthur and Jess Hudnall were recognized for their service in the Viet Nam War.

Billy Dycus was recognized as having travelled

the farthest, to Saudia Arabia.

Pete Garcia won the prize for travelling the longest distance to come for the reunion. He and his wife and 17 month old son drove for 22 hours from Chicago, Illinois, then spent the weekend with his old friends.

You can protect your home and your family from fire damage by taking certain precautions for your safety.

Install an early warning fire and smoke detection system. Most important, this will awaken you if fire starts while the family is sleeping.

Keep some portable extinguishers on hand for small fires. Know how to use them, when to use them, and--most important--when NOT to use them. In most cases, it is wisest to call the fire department and GET OUT.

Practice family fire drills. Know how you will get out of the house in case of fire, and where you will meet outside.

Post emergency numbers--especially the phone number of your local fire department--at every phone in the house. If there is a fire alarm box outside your home, find it. You may need it someday.

You may need fire insurance someday. Make sure you have enough. Come in for no-obligation review of your coverage at:

If You're Stealing Our Cable TV Services,

THE SHOW IS OVER.

Stealing Cable is a Federal Crime. ...some of your friends and neighbors are running up an astonishing bill for Cable Television service. Up to \$1,000 in fines and/or 6 months in jail! How? By stealing our programs.

United Cable Television has decided to get very tough with cable thieves. And, we can, with the new Federal law which has just been passed. Not to mention today's technological advances which make it very easy to both identify the thieves and to prove their guilt.

As a cable operator, we will not allow the theft of our services to continue any longer, and it's only fair to our many paying subscribers that we enforce these recently passed laws. But there is an easy way to get out of trouble. ...

Amnesty Program

If you have tampered with our cable television lines or are receiving any unauthorized services, call our AMNESTY HOTLINE immediately! Our representatives will be able to answer your questions or establish an account. No hassles. No questions asked. No installation fee will be charged.

If you have installed an illegal cable TV converter or you suspect that your present converter has been altered, please bring your unit to the cable office and we will exchange it for an honest one.

But, don't put it off too long! Once you're summoned -- the show is over! So, hurry, take advantage of our "NO QUESTIONS ASKED" trade in today, simply dial. ...

Hustling Around Hobbs

by Joy Walker

We have sure had some good rains round about here, some much lighter than others. Here at the house we measured almost an inch, but at Doc. Cochran's on the Roby Highway they measured 3 inches.

Up west of Hobbs we got a good rain, more than we did here at the house, and the cotton sure looks good everywhere after the moisture.

Mr. and Mrs. Rudolph Martinez attended the R.E.A. luncheon at the Roby High School auditorium on Saturday morning.

They report a real good turn-out with excellent food.

Mr. and Mrs. J.C. Cave report a good rain over the past two days; they measured 1 and three tenths inches.

Mr. and Mrs. Ralph Hardin from Bowie spent Saturday through Monday of last week visiting with Mrs. Bea Hardin. Morris Hardin and Alton Smith from Lubbock spent the day on Sunday visiting with Bea and her com-

pany. Mrs. Larry McBeth, Chris, Amber and Sarah from Abilene spent Tuesday, Wednesday and Thursday visiting with Bea. Also visiting were Kevin Weatherman and Christopher Barber from Abilene; they also spent Tuesday through Thursday. Wednesday Bea and Mrs. Lisa Nowlin went to Junction to take two of the Smith girls who had been here visiting, back to meet their parents.

Mr. and Mrs. David Etheredge from San Angelo spent the weekend visiting with Mr. and Mrs. J.W. Etheredge. It was David's birthday, so happy birthday to him.

The Etheredges had a whole houseful of company on Sunday. Those there were Mr. and Mrs. Sam Etheredge, Mrs. Lealon Wilburn, Mr. and Mrs. Randy Etheredge and Monte, Mr. and Mrs. Todd Etheredge, Jeremy and Chase, Mr. and Mrs. Wayne Jones and Josh and Mr. and Mrs. Corby Barrett and Lacey from Stephenville.

Mr. and Mrs. James Ratliff report a real good rain over on Rough Creek.

Don Phillips from Marble Falls spent the night with Mrs. Opal Phillips on Friday. Mrs. Neva Phillips, also from Marble Falls,

came on Saturday and visited with Opal for a short while.

There is a real good picture and write up about Brad Maule in this week's T.V. Guide. All about his role on General Hospital, and what he is going to be doing. Brad is the son of Mr. and Mrs. George Maule of Camp Springs, and we are sure glad that he is doing so well out in California.

Charles Kidd from Abilene visited with us for a short while on Tuesday; we really enjoyed seeing him. He is Jim's niece's husband. We went to Abilene early Wednesday morning, and then Thursday night we attended the rodeo at Snyder which was held in the Snyder Coliseum. It's sure a nice place to have a rodeo, even if its such a short run for the barrel racers. Mark

and Melody came here around dinner on Friday; they had been to a rodeo in Sherman-Denison on Thursday night, and then spent the night in Fort Worth with Mark's sister and her husband, Mr. and Mrs. Art Hammonds. Mark and Melody both rode in the Snyder rodeo on Friday night, and Mr. and Mrs. Pete Fincher from Sterling City visited

with us at the rodeo that night. Saturday Mark and Melody left here to go to another rodeo at Mason, but they ran into heavy rain at Brady and the arena at Mason was sure in bad shape.

Congratulations to Pache Parks on his 18th birthday which will be Saturday, July 27th. Pache is the son of Bro. and Mrs. Dutch Parks.

Card of Thanks

NEW 2157 2165

Superior grain yields with a good grazing bonus. Excellent straw strength, too!

Our researchers were impressed by the tremendous pasture production and grain yields from these new varieties during testing. And now that the varieties have stood the test of actual production on many farms under many conditions, the proof is in!

They grow off well and show strong resistance to SBMV, leaf rusts, fungal leaf blights, and the Hessian fly.

• New 2157 gives you good, early grazing, then stays with you through the winter. And the grain yields are right up there with anything you care to compare it against. Choose 2157 for dryland or limited water production.

• New 2165 works with your irrigation program to make the most of all you put into the crop. Pasture comes on strong in the fall and grain yields are among the best you'll find, bar none.

See your Pioneer dealer right away. He'll show you yield results and interesting new facts about the advantages of pure seed.
