Briefly

Doctor reception

The Hospital Auxiliary will host a reception for Dr. Dee Roach Sunday, July 20 from 2:30-5 p.m. at the Housing Authority.

The public is invited to attend and meet Colorado City's newest physician.

Benefit dance

A benefit dance for Mary Reyes will be held Friday, July 18 at VFW Post 9178 from 8 p.m.-midnight.

Music will be by the Marcial Chapa's Conjunto.

Tickets are \$5 in advance and \$6 at the door.

GOP coffee

A reorganization coffee for the Republican Party of Mitchell County will be held Thursday, July 17 at 7 p.m. in the Medallion Room of Lone Wolf Electric, said Austin Helm, county chairman.

Tim Weatherby of San Angelo, candidate for state representative, will be guest of honor.

Helm said all Republicans are urged to attend as well as independents and Democrats for Bill Clements, gubernatorial candidate.

Senior dance

Senior citizens dance will be held Monday, July 15 from 8:30-10:30 p.m. at the Boy's Club.

More air conditioning has been installed and the public is invited to attend.

C. City Dancers

The C. City Dancers will host a dance for senior citizens Tuesday, July 15 from 7-10 p.m. at the Civic Center. A covered dish supper will be served at 7:30 p.m.

The Porky Proctor Band will provide the music.

The public is invited.

Ladies night

Ladies night at the Ruddick Park swimming pool will be every Tuesday from 6:30-8:30 p.m. with ladies of all ages admitted for \$1 per person.

Cornerstone

Mitchell Lodge No. 563, A.F. & A.M. will conduct a ceremony for the leveling of the cornerstone for the new fire station on 11th Street on Monday, July 21 at 2 p.m.

Graham Childers, of Sanderson, grand senior warden of the Grand Lodge of Texas, will officiate at the ceremony.

The public is invited.

Family games

VFW Post 9178 Ladies Auxiliary will sponsor a family afternoon of 42, dominoes, card games, checkers and other games Sunday, July 13 at the post home, 1284 College Avenue, from 2-5 p.m.

Cost will be \$1 per person. Coffee and cake will be served.

Around Town

BEN LANCASTER enjoys working the gate at the rodeo... H. L. WILLIAMS falls in a wishing well... JERRY HAMMOND gets rid of some old bleachers... World famous rodeo announcer, MARV PIERCE stops by the RECORD office.

Standpipe takes on new look

The historic standpipe which has been in use by the city of Colorado City for 100 years has a new look.

The structure, located in the southeast part of town near the Wallace Center, was sandblasted and sealed before being painted black with a red band.

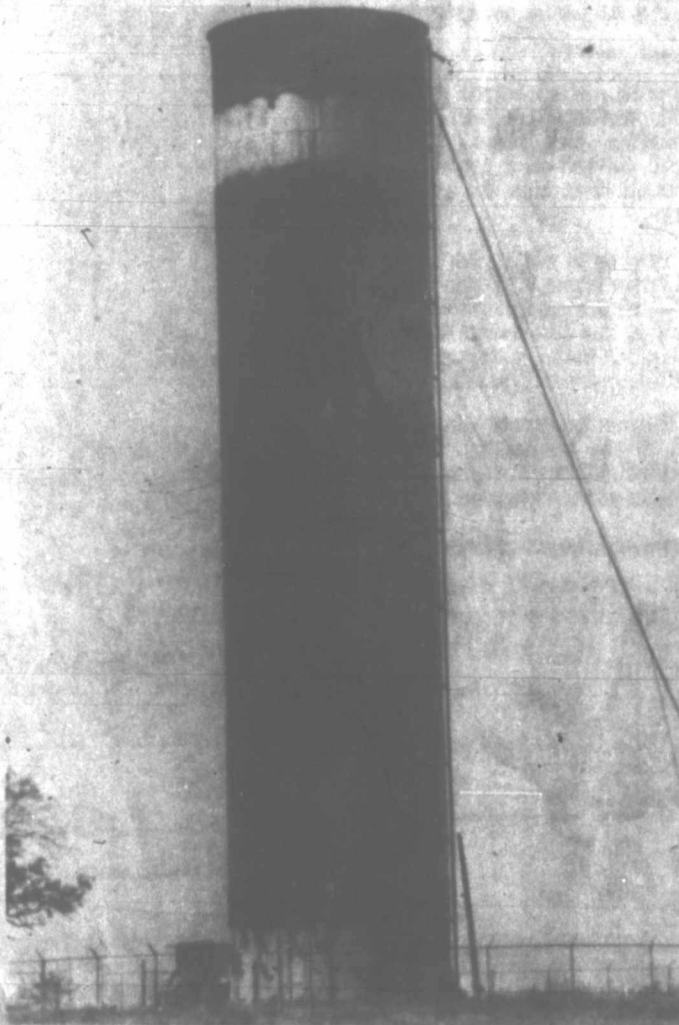

City Manager Brenda Tarter said the work on the project was completed this week and that the company doing the work inspected the water storage structure and declared it in "real good shape."

The standpipe has been in constant operation since it was built 100 years ago, said Mrs. Tarter.

A historical marker from the Texas Historical Commission was dedicated last year at the standpipe. A research institute from Austin is also in the process of obtaining a plaque for the facility because of its age and continued use.

The newly built swimming pool at Ruddick Park was officially opened Friday, July 4 and by Thursday, the city had collected over \$2,000 in swimming fees, said Mrs. Tarter.

"We've had in excess of 200 people every day since the pool opened," said Mrs. Tarter. In addition to the regular swimmers, there have been four private parties held after the pool closed. The pool is open from 12:30-4:30 p.m. except Sunday when it is open from 1-5 p.m. Private parties can be booked from either 6:30-8:30 p.m. or from 8:30-10:30 p.m.

Workers prepare to paint standpipe

Tarter.

Gary Porter, 49, is the newest addition to the Colorado City Police Department.

The new officer comes to Colorado City from Big Spring where he was an officer with the Big Spring Police Department. He is retired from the military.

Porter and his wife have two married daughters.

Bids are to be opened Thursday at 10:30 a.m. for the seal coating project at the city airport.

The city received a grant from the Texas Aeronautics Commission in the amount of \$57,000 with the city to pay \$18,000.

In addition to seal coating the runway, painting and striping will also be done, said Mrs.

Pre-trial hearings set for local pair charged in murder

Hearings have been set for two Colorado City residents charged in the March 23 shooting death of a Snyder convenience store clerk.

Dorsie Johnson and Amanda Miles, both 19, will face pre-trial hearings on August 14 and September 3.

Judge Gene Dulaney of the 132 District Court set August 14 as the date for hearings on the voluntariness of statements given by the defendants after their arrest. The September 3 hearing will be for a change of venue.

The pair was charged with capital murder following their arrest April 9 in Colorado City. They are charged with killing

Allsup clerk Jack Huddleston during the course of a robbery of that College Avenue convenience store.

Sweetwater attorneys Frank Conard, a former Colorado City resident, and Peter Sheridan have been appointed by the court to represent the pair.

Defense motions for "discovery" were granted for both defendants to allow their attorneys access to written statements and other evidence against them currently in the possession of District Attorney Ernie Armstrong. The motion for discovery is considered routine and was not opposed by Armstrong.

Stolen art work recovered; grand jury to hear case

A painting taken from the office of a physician at the Rolling Plains Hospital in Sweetwater two years ago has been recovered in Colorado City and the case will be referred to a Mitchell County grand jury, said Police Chief Bobby Sparks.

Sparks said the painting, valued from \$1,200-\$5,000 and weighing 50 pounds, was taken from the office of Dr. Preston Nash at the Sweetwater hospital two years ago.

Sparks said his department acted on a tip and recovered the painting from a local residence

at 1 a.m. on Wednesday. He said no charges have been filed, but the case will be presented to the grand jury.

Sparks described the painting as a 30 by 30 inch work of art in turquoise and ceramic. The painting is an original work by Jenie Roce and is of an Indian dancer.

Sparks said that because of the painting's value, felony theft charges could be filed in the case. The painting has been returned to the Sweetwater Police Department.

Deadline extended for acreage reports

Deadline for reporting 1986 planted, diverted, idled and other farm program acres has been extended from July 15 to July 25, according to Don Stewart of the Mitchell County Agricultural and Stabilization and Conservation Service.

"Before program participants can receive the benefits of price support, deficiency payments and other benefits, the entire farm must be certified correctly," Stewart said. Program participants are required to report crops and acreages planted and the uses to be made of these crops, acreage conservation reserve or idled cropland, and

acres diverted for payment. He said that producers not participating in the 1986 programs should report their crops to insure future benefits and to protect acreage bases.

After farmers report their acres, the ASCS county office will select farms at random to verify that acreage reports are accurate.

Spring seeded crops may be certified by any time between 8 a.m. and 5 p.m.

"We encourage farmers to certify as soon as possible after planting and not wait until the deadline date to report their acres," Stewart said.

Homeowners beware Grub worm alert issued

May or June beetles are emerging from the soil and starting to swarm late in the evening. Females are laying eggs and white grub worms that hatch will soon be feeding on roots of bermudagrass and St. Augustinegrass in home lawns. Once grubs begin feeding, control measures should be taken, said Mike Mauldin, Mitchell County extension agent.

Treatment time varies with the particular area of the state and ranges from early July in South Texas to mid-August in the Panhandle. Homeowners in Mitchell County will need to treat between July 15 and August 15. Timing of application is critical for adequate control, said Mauldin.

White grubs in excessive numbers can heavily damage lawns. Check for white grubs by cutting

a square foot section of sod with a shovel and examining the roots and soil to a depth of 4 inches. Examine at least one square foot of sod for 1,000 feet of lawn area. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon, Dursban, or Dylox provide adequate control and should be used at recommended rates given on the chemical container label.

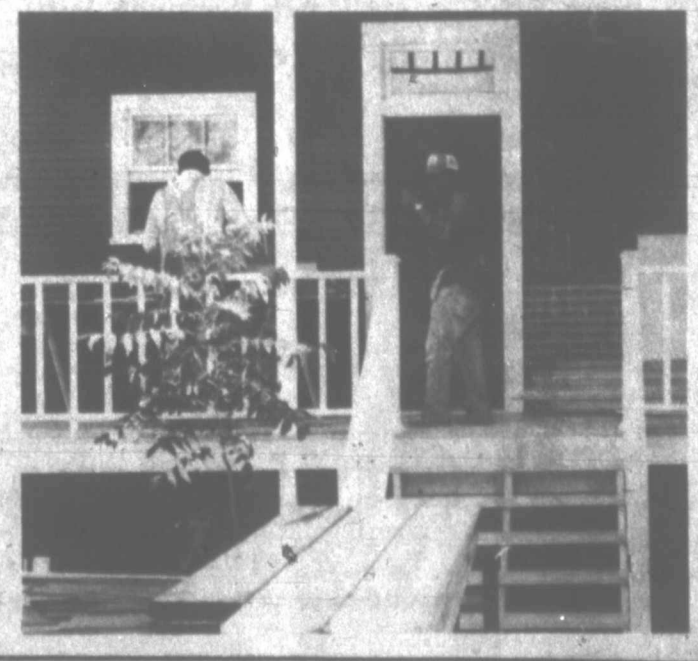

If granular formulations are used, drag the grass with a tow sack or water hose to knock the granules down to the soil. Then apply enough water to soak the granules into the soil.

Apply sprays at the rate of 25 gallons of water, including the insecticide per 1,000 square feet

See GRUBS, Page 2

RESTORATION work on the Scott-Majors home, now called the Heritage House, is nearing completion. Mrs. Marion Bassham, who plans to donate the facility to the city after the sesquicentennial year, said the house, built in 1883, will be open to the public the first of August. Furnishings from the 1900 era from the Colorado City Museum will be used to help furnish the house located on Chestnut Street.

James Strain descendants hold first reunion

Saturday, July 13th, the family of the late James M. Strain held their first reunion at the Thompson Room in Colorado City. Of Mr. Strain's three surviving children only Mrs. Olen (Bobbie) Jeter of Abilene was able to attend. His sons of Abilene are Thomas (Billy) and James Strain. Walt L. Thorpe, a son-in-law of El Cajon, California traveled the greatest distance. Drue W. Cawthron of Westbrook and Olen Jeter of Abilene were

the other sons-in-law present. Mrs. J. R. (Bessie) Strain of Tahoka was the oldest person in attendance. She and Mrs. E. T. (Susa) Strain of Colorado City are daughters-in-law. Robie Morris, daughter of Nub and Maureen Morris of Colorado City was the youngest person present.

Others attending were: L. A., Mary, Stephen and Ester Strain of Big Spring; Tim, Robin, Michael and Katy Strain of Big

Spring; Jim and Terina Strain of Big Spring; Barbara, Luke, Zeb and Mindee Robinson of Round Rock; Margaret Strain Edwards of Tahoka; Janey and Mike Jones and Curtis Clyburn of Abilene; Rex and Irene Klepper of Clyde; Frank, Sylvia, Ross and Shelley McDonald of Sweetwater; Jerry Deil, Jimmy, Jim Bob and Jennifer of Lenora; Sawanna, Larry and Halley Strain of Lenora; Kevin, Kathy, Matt and Chris Uzile

of Mesquite; Glenda and Bridgette Rankin of Lubbock; Larry, Mary, Laurie and Christie Edwards of Garland; Mr. Dyer of Baird; Gloria (Uzile) and Charles Veuters of Oklahoma City, Okla.; John, Alyssa and Adam Strain of Odessa; Pat and Ruth Chapman of Borger; Ramona and Jason Elrod of Cloudcroft, New Mexico; Foley, Blanche and David Preston of Salado; Cohnway and Linda Johnson of Salado; Ronnie and Karen Pres-

ton of Salado; Ricky, Juana Kay and Amber Preston of Salado; Weldon and Monna Johnson of New Mexico and R. E. (Junior) McMillan.

Attending from Colorado City were Waddell and Jerry Strain; Tommy, D'Dee, Jennifer, Paik and Jennifer Morris; Preston and Scott Morris; Jack and Nelwyn Strain; Jodi Cade; Janice and Jerrod Goff; Ross, Barbara and Misty Strain; Mark Brooks; Eddie, Roxie,

Jeremy, Coty and Maudy Strain; Dee and Minnie Lee Boyd; Cliff Greaves; Raymond and Virginia Fuller; Mary Womack; Wilma Womack.

A friendship quilt that was pieced in 1928 with family and friends names was on display and was especially enjoyed by the older members attending. There were also some family group pictures on display. Lots of good food, visiting and picture taking was enjoyed by all.

Grubs

From Page 1

to wash the insecticide into the soil. Wetting the lawn before spraying also helps. Always keep children and pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where grubs are feeding, said Mauldin.

Further information is provided in the publication, "White Grubs in Texas Turfgrass," available at the extension office.

RIBBON CUTTING ceremonies were held Wednesday for The Clothes Barn located in the Wood's Boot complex on Interstate 20. Cutting the ribbon were owners Tommy and Betty Fuller.

Letters to the editor

To the editor:

I, Linda Hyden, wish to thank the people of Colorado City, Loraine and Westbrook for their help in buying at our store (Center and Shelter for Abused Women and Children).

I also want to thank the 25 families for their donations of items for the store.

The fund raising for the shelter has come to a halt. Due to county funds being cut back and job layoffs and hard times, we are unable to get the funding we need.

I do know that the people we have come in contact with and

got to know are caring and loving people. I have enjoyed having our building and hope we have helped some who have needed our help.

Now is not the time for finding funds for the shelter, but, people, there is a need for a shelter for women and children here in Colorado City. There is a need for a foster home and young adults shelter here in Colorado City.

I have learned so much being involved in this program and grew to love so many of you out here.

Again, thank you Colorado City, Loraine and Westbrook for your help.

Items that are left in the building at 118 South Elm will be

taken to the Mitchell Auction building and auctioned off. The money proceeds will be donated to the Colorado City Volunteer Fire Department.

Food items that have been donated will go to the senior citizens meal program.

We do hope that the decision we have made will meet with your approval.

The program for the Shelter for Abused Women and Children is still being checked out. We are by no means giving up on the shelter; we are only waiting for items to pick up and find the funding we need.

We plan to reopen our store at a later date.

Thank you,
Linda Hyden.

To the editor:

Greetings. I am writing you because I am concerned about our teenagers who are night after night out drinking and taking dope.

With beer in nearly every store and liquor stores, they are in trouble—maybe not in trouble with the law, but with God. Maybe the teenagers are not told about the love of God in the home. God loves each one of them but Satan is robbing them of life.

Teenagers, God loves you. I am praying for you. Please, before you lose your lives, stop drinking and taking dope. I know, for dope and beer put me in prison. The grave is the final place—then it is heaven or hell.

So teenagers, please see the danger of drinking and dope. Seek a church or if you like, talk to me. I know, for I have been there.

Local News

Cook's Corner

Olibas shares recipes

Mrs. Heidi Olibas was exposed to good cooks throughout her life. Her mom, being of German descent, cooks a variety of German and Hungarian dishes. Her sister branched out to experiment with many styles of international cooking.

Mrs. Olibas says she first began to cook when "I was 18 and started living on my own." She claims this was a matter of "cook or starve." She experimented with different international dishes. Her favorite food is Chinese. "You can get the most taste for the least calories," says Olibas.

Even though she enjoys eating a variety of international cooking, Mrs. Olibas claims her family is made up of "meat and potato" eaters. In order to try out a recipe she often has to wait until a party is given or guests are invited to dinner. So if you are extended an invitation to dinner by Mrs. Olibas, be on your guard—you may be the next guinea pig!

Since Chinese food is her favorite, Mrs. Olibas has decided to share three of her recipes with the RECORD of a well-known Chinese dish—egg rolls! In order to wrap the stuffing, she purchases the egg roll sheets from a local grocer. Mrs. Olibas pointed out that recipes for Chinese dishes do not call for a large amount of any certain ingredient but you do have to purchase items in large quantities. You can also experiment with your favorite vegetables. You can often "add or delete whatever you like" says Olibas. However, NEVER mix beef with any other meat. The mixture of beef with any other meat has a tendency to spoil.

These are the three recipes Mrs. Olibas has decided to share with RECORD readers:

WITH CABBAGE
5 oz. cabbage (Chinese or celery)
6 medium shrimp, chopped
1 teaspoon soy sauce
1 tablespoon cooking oil
1 teaspoon sherry
1/2 teaspoon ginger juice
Salt and pepper to taste
Cut cabbage into 1/4 inch lengths. Clean and shred shrimp. Remove the veins and chop into small cubes. Mix with sherry, soy sauce and ginger juice. Heat cooking oil, saute the cabbage over high heat for 2 minutes. Add in the shrimp and fry for 1 more minute. Add salt and pepper to taste.

SAUTEED PORK WITH BAMBOO SHOOTS & DRIED CHINESE MUSHROOMS
1/2 cup shredded bamboo shoots
6 oz. shredded pork fillet
1/2 teaspoon sesame oil
1/2 teaspoon corn starch
4 oz. dried mushrooms, shredded (never fresh ones)
1 teaspoon soy sauce
1 tablespoon cooking oil
1 scallion, chopped
Salt and pepper

Soak dried Chinese mushrooms in hot water for 15 minutes. Shred them into 1/4 inch lengths and set aside in water for later use. Shred canned bamboo shoots and soak in hot water, drain. Mix the shredded pork fillet with soy sauce, corn starch, and sesame oil. Heat oil in a pan; saute bamboo shoots and pork fillet for 3 minutes. Put in scallions then add salt and pepper to taste.

SAUTEED CHICKEN WITH BEAN SPROUTS
8 oz. bean sprouts
4 oz. shredded chicken breasts
1 teaspoon sherry
1/2 teaspoon corn starch
1/2 teaspoon soy sauce
1/2 tablespoon cooking oil

1 teaspoon salt
Dash of ginger juice
Wash and remove roots from bean sprouts; drain and set aside. Mix shredded chicken breasts, sherry, ginger juice, corn starch and soy sauce in a bowl. Heat 2 tablespoons cooking oil, saute chicken meat. Add the bean sprouts and saute for 2 minutes, adding salt and pepper to taste.

Folding egg roll skin
Place 2 tablespoons filling on each skin. Fold one end over filling, then wet both ends with egg yolk. Fold two sides and roll up the skin to enclose the filling. Seal with egg yolk. Heat oil in wok and place rolls in heated oil. Fry until golden brown. Drain on napkin. Serve with sweet sauce if available.

If you have any recipes you would like to share with the RECORD, please contact Emma Santana at 728-3413.

Heidi Olibas

Snider reunion held in Westbrook July 5-6

The Snider reunion was held in Westbrook at the high school Saturday July 5, and Sunday, July 6.

Host and hostess were Don and Sharon Truelove of Westbrook. Co-hostess was Sadye Burt of Colorado City.

Approximately 75 people attended. Out-of-town visitors were from Fort Stockton, Monahans, Midland, Jai, N.M., San Angelo, Odessa, Andrews, Colorado Springs, Col., Abilene, Early, San Antonio, Johnson City, Big Spring, Coahoma and Hawley.

Puzzled about disposable contact lenses?

(Here is how the system works)

- First Visit**
Your eyes will be examined and fitted with extended wear soft contact lenses.
- Second Visit**
In two weeks you return to our office for a follow-up exam to make sure the lenses are performing properly. At this time you receive a set of replacement lenses to take with you.
- Three Month Visit**
At the end of your first three month cycle, open your replacement lenses and mail your old lenses to our lab in a provided mailer.
- Six Month Visit**
You return to our office for a follow-up exam and four new lenses.
- Nine Month Visit**
You repeat the three month procedure.
- One Year Visit**
You return to our office for your yearly exam and start the replacement procedures again.

In A Nutshell
New, fresh contact lenses every three months.

Cost
About the same as most people spend on regular yearly contact lens care. — Your cost can be paid monthly.

For complete information call 267-2020 and request tape #40 or call me personally.

Grandparents certificates available

The Texas Department of Aging is again offering free certificates to honor outstanding grandparents on National Grand-

parents Day.

These certificates, signed by Texas Governor Mark White and Department on Aging Executive Director Bob Bobbitt, will be special two-color editions commemorating both National Grandparents Day on September 7 and the Texas Sesquicentennial.

Certificates can be obtained by writing to: Texas Department on Aging, P.O. Box 12786 Capitol Station, Austin, TX 78711. The agency's telephone number is (512) 444-2727. All organizations needing more than five copies are asked to order now. Individuals should order in early August.

Those who are ordering certificates are asked to give their own address, not that of the recipient or recipients. Due to the large number of orders received, the Department on Aging regrets that it cannot engrave the names of grandparents on the certificates.

GIANT STEP 5

"Project Giant Step" is a summer adult education program sponsored by the Colorado City RECORD. In order to enroll and obtain answers to the mini-lessons which are carried in each

Sunday's RECORD, contact Orville Center or Bob Ratty at the Wallace Center on Tuesday from 2 p.m. to 5 p.m. For more information, call the Wallace Center at 728-2392

MATHEMATICS

DECIMALS:

Decimals are another way to write fractions. In a number, a decimal point is used to separate the decimal fraction from the whole number. All numbers to the left of the decimal point are whole numbers. All numbers to the right of the decimal point are fractions with denominators of only .10, .100, 1.000 etc. As in money, \$3.15 shows three whole dollars. It also shows fifteen cents which is 15 of a whole

dollar. Each decimal place to the right of the decimal point has a label to indicate the size of the decimal fraction. The smaller the fraction, the more places the number has.

NO. OF DECIMAL PLACES NAMES FRACTION PROPER FRACTION

one place = tenths .4 4/10

two places = hund. .19 19/100

three places = thous. .115 115/1000

four places = ten-thous. .0067 67/10000

five places = hund-thous. .00813 813/100000

six places = mil. .000072 72/1000000

PROBLEM 1. Fill in the blanks in the table below.

three places = hund. .098 14/100

five places = 393/100000

COMPARING DECIMALS

Sometimes it is necessary to compare the value of decimals. In the number 3.56, 3 is the whole number. The 5 in the tenths place is greater in place value than the 6 in the hundredths place. There is no number to the right of the 6, so the thousandths place value is 0.

When comparing the place value of decimals, arrange the numbers vertically with the decimal points exactly in line.

For example, .6, .67, 3.045, and 1.70 should be arranged as follows:

.6
.67
3.045
1.70

2. Begin from left to right comparing numbers in each place. Three is a greater whole number than one, so 3.045 is greater than 1.70. There are no other whole numbers, so 1.70 is greater than the remaining decimal fractions.

3. Both of the remaining decimal fractions have a six in the tenths place. Go to the next smaller (hundredths) place. Seven is greater than the zero in the hundredths place of .6 (.60). Decimal .67 is greater than .6.

4. In order of greatest to least in value: 3.045, 1.70, .67, .6

PROBLEM 1. Arrange these decimals in order of greatest to least in value:

.25, 2.5, 1.25, 1.025, 1.20, 1.1, 1.01, .25

ADDING AND SUBTRACTING DECIMALS

When adding and subtracting decimals, arrange them vertically with the decimal points exactly in line. Remember that a whole number has a decimal point after it (96 IS 96.). Then add, keeping the decimal point in place.

Example: 312 + .297 + 2.53 + 46.7 =

312
.297
2.53
+ 46.7
361.527

Example: 2.6 - 63.87 = 61.27

PROBLEM 1. Mrs. Barnes paid her bills yesterday. She wrote these checks: \$250.00 for rent, \$165 for her car loan, \$68.75 for utilities and \$9.18 for telephone. What was the total amount that she paid in bills?

PROBLEM 2. Your checkbook shows a balance of \$183.65 before you write checks for \$24.62 and \$6.50. What would your checkbook show after the checks have been written and deducted?

MULTIPLYING DECIMALS

Each number to the right of a decimal point is called a decimal place. When multiplying decimals, it is important to count the number of places in all numbers being multiplied and mark off that many places from the right in your answer. When multiplying, it is not necessary to keep decimal points in line.

1. Multiply as you would with whole numbers.

.412
x .35
2060
1236
14420

2. The numbers being multiplied have a total of 5 places. In the answer, from right to left, count off the 5 places in the answer and write the decimal point.

PROBLEM 1. 36 x .42 =

PROBLEM 2. 42.006 x .05 =

Sometimes there are more decimal places to be counted off than there are places in the answer. When this happens write as many zeros as necessary to the left of the answer, and then write the decimal point.

.004
x .03

.00012

PROBLEM 3.

Clyde makes \$4.30 per hour at the papermill. How much does he make in an 8 hour day?

DIVIDING DECIMALS:

answer (quotient)
divisor dividend

When dividing a decimal by a whole number, move the point in the dividend straight up into the answer and work the problem.

5/2.5 = 5.2.5 = 5.2.5

2.5
0

To the right of the decimal point in the answer there must be a number above each place in the dividend. In the following example, the 15 does not divide into 10, therefore a zero is written to the right of the decimal point.

15/1.05 = 15/1.05 = 15/1.05

.07

PROBLEM 1. 16/1.44

PROBLEM 2. 22/24.2

When the dividend is smaller than the divisor, it is necessary to put zeros after the decimal point in the dividend. To solve this type of division, follow these steps:

EXAMPLE: 25/5

1. Put a decimal point to the right of the last digit in the dividend.

25/5.

2. Move the decimal point straight up to where the answer will be.

25/5.

3. Work the problem by adding zeros to the right of the decimal point in the dividend as needed.

25/5.0

In this following problem, 3 zeros are needed to achieve a remainder of 0.

.375
8/3.000

PROBLEM 3. 4/1

PROBLEM 4. 14/2.8

When dividing a decimal by a decimal, remember that the divisor must be a whole number before you begin dividing. Follow these steps:

25/2.25

1. Make the divisor a whole number by moving the decimal point as many places as necessary to the right and put a caret there (A).

25/2.25

2. Move the decimal in the dividend the same number of places to the right and place a caret there.

25/2.25

3. Move the decimal straight up to where the answer will be.

25/2.25

4. Work the problem.

25/2.25

PROBLEM 5. 1.28/1536

If there is a decimal point in the divisor and the dividend is a whole number, add zeros to the dividend and place the caret.

3.2/6.000

PROBLEM 6.

Mr. Swift bought a 13.5 lb. turkey for \$8.91. What was the price per pound of the turkey?

CONVERTING FRACTIONS AND MIXED NUMBERS TO DECIMALS

Any fraction and mixed number can be converted to a decimal by dividing the denominator into the numerator.

1/2 = .5 23 1/4 = 93/4 = 23.25/4 = 5.8125

PROBLEM 1. A painter mixed 4.33 gallons of paint and used 1 and 3/4 gallons in the hall. How much does he have left?

ROUNDING OFF

Some division problems will never have a remainder of zero. If the directions call for an answer in a specific number of places, continue dividing to one place more than asked. If the direction asks for an answer "rounded off" in hundredths (2 places), then continue dividing until the answer has 3 places (thousandths).

Look at the last number in your answer. If it is 5 or greater, then increase the previous number by one and drop the last number from the final answer. Ex: .345 = .35

PROBLEM 1. 4368 to the nearest hundredth =

PROBLEM 2. Give the answer to the nearest hundredth: 25/493

If you would like a decimal review sheet, send a self-addressed, stamped business-sized envelope to the address below.

Rangers, Pirates tied for lead

Little League baseball, in its final week of regular season play, has yet to have the Freshman League title clinched following victories by the Pirates and Rangers Tuesday night that left the teams tied for the lead with two losses.

Both teams were to have been in action Friday night—the last night of regular season play. If necessary the Pirates will reportedly play a make-up game Monday night. A playoff game between the Pirates and Rangers is also possible.

The Rangers stayed in contention for the title with a 25-5 shellacking of the Astros in game two Tuesday night.

Pitching for the Rangers was Jason Blassingame, who allowed five hits and walked six in the four inning contest.

The home standing Rangers used only three bats in the win and jumped on Astros starting pitcher Chris Beatty for eight runs in the first inning. Second baseman Kyle Shaw batted in two of the runs with an over the fence that scored third baseman Avan Ceballos. Justin Sullivan, the Rangers centerfielder knocked in another two runs with a double to right and stole home for a score along with Blassingame.

The visiting Astros answered with three in the top of the third. Blassingame walked in a run and Beatty batted in the other two with a double on an error.

The Rangers broke the Astros with a ten run second inning in which Ryan Galey relieved Beatty. Galey was relieved himself by Zack Findley.

Sullivan hit another two run double for the Rangers in the second. Ceballos provided the knockout punch by following Sullivan with a three run home-run. Kyle Shaw, catcher James Franco and first baseman Jesse Gonzales stole home for other

scores in the inning and Gonzales and Blassingame batted in a run with singles.

Blassingame walked an Astro then struck out the next three in the top of the third. In the bottom of the inning the Rangers added seven runs. Left fielder Mike Dossey hit a double to score a run and also clean hitting in the inning were shortstop Curtis Shaw and right fielder Joey Arispe. The Astros got two final runs in the top of the fourth with Findley scoring one with a single to center.

In game one the Pirates finally subdued the upset-minded Yankees with four runs in the bottom of the fifth in a 13-10 win.

Pitching for the victory was Christopher Molina, who went to the mound to start the fourth with the Yankees leading 9-5. Molina struck out five over the final three innings and the lone run scored on him was a home plate steal by Yankees catcher Johnny Martinez, who doubled to right to reach base.

Third baseman Artie Rivera stole home to give the visiting Yankees a 1-0 lead in the first.

Catcher Michael Humphrey doubled in the bottom of the inning and scored along with

right fielder John Forbes to put the Pirates ahead 2-1. The Yankees used a double by shortstop Andrian Martinez and a triple by J. Martinez to score five second inning runs off Pirates starter Mark Monroe, who was relieved in the inning by Richard Gomez.

Gomez gave up three runs in the third before giving way to Molina for the final three innings.

The Pirates began the second and third bats with solo home-runs.

Second baseman Gabriel Salazar sent a high and inside 1-0 pitch over the leftfield fence to make the score 6-3 in favor of the Yankees. After the Yankees added the three off Gomez in the top of the third, Molina began the bottom half by sending a 1-0 pitch deep over centerfield. Salazar singled to score Monroe and also singling in the inning was left fielder Jesse Espinoza.

The Pirates caught the Yankees with four runs in the fourth for a 9-0 score. Molina and Espinoza singled and doubled, respectively, to score two of the runs and Molina also stole home. See PIRATES, Page 7

Pirates From Page 6

The Pirates used four Yankee errors to score four in the fifth. Humphrey doubled and Monroe and Michael Mayes singled in the run.

Taking the loss for the Yankees was James Lopez.

The losers of Tuesday's contests were involved in a game of their own Thursday night which the Astros won over the Yankees 10-8. Findley pitched for the win and taking the loss was Lopez with relief from Artie Rivera.

A 4-0 Yankees lead on a first inning double by Lopez and a single by David Castillo and a

triple by A. Martinez lasted until the bottom of the second in which the Astros scored six. Centerfielder Nikko Biggers homered in the inning, Galey doubled and Findley singled. Walks gave the Astros three in the third for a 9-4 lead and made it 9-6 in the top of the fourth on an infield homerun by the Yankees Lopez.

Astros first baseman Justin Dockrey scored his teams last run in the fourth and the Yankees ended their scoring in the top of the fifth on runs by Seneca Lee and Wesley Rich.

Dear Customer:
The City of Laramie has been notified by the Texas Department of Health that the water being supplied by our system exceeds the maximum concentration level for fluoride established by the Department's "Drinking Water Standards" which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523 (U.S.).

The limit for this area has been set at 1.6 milligrams of fluoride per liter of water. The samples of water from our system contained 1.9 milligrams of fluoride per liter. There is no immediate health hazard for drinking water containing fluoride at this level.

The excessive fluoride content of the water may cause mottling of the teeth in children under 14 years of age. All dentists in this area are aware of the fluoride level. The City of Laramie has applied to the Texas Department of Health for either a variance or exemption from the fluoride requirement while we search for alternate sources of supply and investigate available treatment techniques to lower the fluoride to allowable levels.

City of Laramie Water Department
Fluoride Level 1.9

LONE WOLF ELECTRIC COOPERATIVE, INC.

STATEMENT OF NON-DISCRIMINATION

Lone Wolf Electric Cooperative, Inc., has filed with the Federal Government a compliance assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the rules and regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this assurance, this organization is committed not to discriminate against any person on the ground of race, color, or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class or individuals, to be subjected by this organization to discrimination prohibited by Title VI of the act and the rules and regulations issued thereunder may be himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential, except to the extent necessary to carry out the purposes of the rules and regulations."

Lone Wolf Cooperative, Inc.

The City of Colorado City is accepting bids for the following construction: Approximately 5399 feet of 8-inch PVC and 162 feet of DIP gravity sanitary sewer, 8790 linear feet of 6-inch PVC gravity sanitary sewer, 1229 feet of 6-inch PVC and DIP force main, one 230 gpm lift station, one 2 HP grinder pumping station and one railroad boring.

Sealed bids addressed to Brenda Tarter, City Manager of the City of Colorado City, P.O. Box 912, 180 West 3rd Street, Colorado City, Texas 79512 will be received until 11:00 a.m., Tuesday, July 29, 1986 for the Texas Community Development Wastewater System Improvements Project No. 00066817084. Specifications may be obtained at City Hall. The City of Colorado City reserves the right to accept or reject any and/or all bids or select the bid determined to be to the City's advantage.

UGSA season comes to close

The Mitchell County United Girls Softball Association ended the 1986 regular season by naming All-star teams following victories by the Comets and A's Thursday night.

The Comets, sponsored by Woods Boots and Shoes, won a division I game 14-12 over the Cougars, sponsored by Myers Auto Parts.

Winning pitcher Emma Molina walked seven Cougars in the top of the first and the Cougars used them and ball contact by third baseman Tia Bassham to score the maximum five runs. The Comets answered with three in the bottom of the inning on an infield homerun by third baseman Crystal Wood that also scored Jennifer Mendoza and Jodie Duran.

Kam Ramage, first baseman and relief pitcher for the Cougars, singled for one of two second inning scores that made it 7-3 for the Cougars. The Comets took the lead with seven runs in the bottom of the inning. A continuation rule allows a team to score more than the maximum five runs. Lindsey Cathey, first baseman and relief pitcher for the Comets, did just that with an inning ending infield homerun that also scored winning pitcher Emma Molina and Duran.

Molina batted in two runs with a double and Angela Gray scored another with a single to right. Walks scored five runs for

the Cougars in the top of the third to give them a 12-10 lead.

Wood got her second infield homerun of the game to begin the Comets third and Gray hit a double to score three runs and end the ballgame.

The A's, sponsored by Anthony's, won a division II game 18-11 over the Bandits, sponsored by George's Roustabout.

The visiting Bandits got two first inning runs on walks but the A's got five in the bottom half on a three run infield homerun by third baseman Shelly Trammell and a two run homerun by winning pitcher Christi Hulme, who was relieved in the second by shortstop Angie Piccola.

The Bandits got within one at 5-4 in the top of the second but the A's made it 8-4 in the bottom on a triple by first baseman Tamy Harrison and hits by second baseman Windy Bradbury and center fielder Laura Green.

Errors gave the Bandits two more in the third. The A's scored seven in the bottom to make it 15-6 on a two run double by Harrison and an infield grand slam by Trammell.

A double by shortstop Holly Turner, a single by second baseman Shelia Hale and a two run triple by first baseman Tammy Lelek helped the Bandits to their final five runs in the fourth and fifth innings.

Angie Piccola made a two run

infield homerun for the A's in the fourth.

All-star teams for divisions I, II and III were named following the games and will be at regional tournaments in Sweetwater July 24-26.

Division II All-stars from the A's are Christi Hulme, Shana Smith and Tamy Harrison. From the Boppers are Veronica Moreno, Cynthia Aguilar, Rosemary Rosas, Krishna Lamb, Kahla Lamb and Jennifer Munoz. For the Bandits are Irma Guerrero, Shelia Cates and Jennifer Ornelas.

Division I All-stars will be Crystal Wood, Lindsey Cathey, Angela Gray, Emma Molina and Jodie Duran of the Comets. From the Eagles will be Jamie Ward, Kamie Lamb and Lori Dockrey. Cougar All-stars are Misty Hall, Kam Ramage, Betsy Myers and Becky White.

The Chulas will be the division III All-stars and are Priscilla Rivera, Sandy Molina, Aubrey Wooddell, Rhonda Howell, JoAnn Ornelas, Elia Aguilar, Melanie Gilstrap, Linda Dockrey, Monica Hamilton, Letty Garcia, Melissa Rivera and Michelle Green.

County Oil News

Showing ability to pump at the rate of 65 barrels of 29-gravity oil per day on an open choke, the No. 191 Mary Foster has been brought on line in Mitchell County's East Howard Iatan Field in a lease about nine miles southwest of Westbrook.

Mobil Producing is the operator.

Mobil spudded the well on March 5 and probed to total depth of 3,450 feet. Production will be from San Angelo and Clear Fork Formation perforations ranging from 2,380 to 3,418 feet into the wellbore.

Besides crude oil, the well will make 33,000 CF casinghead gas and 475 barrels of salt water daily.

Commercial shows of crude oil have been recorded at the No. 9 W. L. Foster in Mitchell

County's portion of the East Howard Iatan Field. The well was spudded on March 15 with Chevron U.S.A. as the operator. It was drilled to total depth of 3,054 feet and was perforated to produce from the Clear Fork Formation at 2,926 to 2,961 feet into the wellbore. Location is about 10 miles southwest of Westbrook.

D. L. Ray Inc. has staked location for a 3,500-ft. developmental try in Mitchell County's Howard East Iatan Field, seven miles west of Westbrook. The Richardson, Tex., operator has 240 acres under lease with drilling site in the T&P Survey Sect. 39 Block 29. The well will be known as the No. 23 Mitchell "B."

Completion testing is scheduled at three developmental ven-

tures in the Sharon Ridge Field, Mitchell County, about three miles northeast of Cuthbert.

Mrs. W. M. Keck Jr. is the operator.

The wells are designed as the No. 16 J. D. Fuller, No. 7 Coleman Ranch and the No. 2 Coleman Ranch "A." The wells are bottomed at depth of 1,840, 1,589 and 1,660 feet, respectively.

An undrilled wildcat location has been abandoned by Chosen Resources Inc. about eight miles northwest of Colorado City. The well had been designated as the No. 1 Johnnie "5." The venture was a re-entry operation at a well that had been completed originally in 1963 in the Clear Fork Formation.

Rico Oil was the original operator.

Darden reunion held

The family of the late W. C. (Jack) and Lucy Darden held its reunion at the Inadale Community Center on June 28-29.

Children of the couple attending were Mr. and Mrs. Dempsey Darden of Colorado City, Mr. and Mrs. O. B. Darden of Hermleigh, Cecil Darden of Houston, Lillie Griffith and Mr. and Mrs. O. C. Darden of Roscoe.

Those out of state were Pat Saker of Kansas, Ila Ruth Brown of California, Mr. and Mrs. Charles Ray Darden and Julia of New York.

Others attending from Texas were Pauline Franklin of Corpus Christi, Mr. and Mrs. Billy Darden of Pasadena, Mr. and Mrs. Loy Darden of La Porte, Mr. and Mrs. Butch Diffie, Jana and Carol Tarrant of Mansfield, Mike Darden, Mildred Johnson of Fort Worth, James Darden of Odem, Mrs. Oroville Griffith of Colorado City, Sandra Gannaway of Snyder, Mr. and Mrs. Mel Kiddy and Mike of Abilene, Mr. and Mrs. Ed Wilson and J'Lyn of Midland, Mr. and Mrs. Sonny Darden and Ray of Clyde, Eugene Griffith of Roscoe, Mr. and Mrs. Jake Hardy of May, Richard Hardy of Glen Rose, Pat Weyers of Cleburne, Glenda and Lisa of El Paso.

Guests were Mr. and Mrs. K. P. Lofton of Hermleigh, Mr. and

Mrs. L. D. May and boys of Odessa, Roy Hallman of Roscoe and Rev. and Mrs. Eric Odem of Dunn.

SOME PEOPLE BUY AIR CONDITIONERS LIKE THERE'S NO TOMORROW.

When it's time to replace your old air conditioner,

it'll probably only take you a little while to find a new one that looks pretty good and doesn't cost much. But it'll take a lot longer to realize a quick bargain is likely to cause a slow burn on your wallet every month.

A high-efficiency air conditioner could make a difference in your cooling costs this summer and every summer. A high-efficiency choice means steady savings because you're getting the same amount of cooling using less electricity than with a low-efficiency unit. On top of this, you'll get a valuable rebate from your electric company if your central air conditioner or window unit meets our Energy Action standards.

See your recognized Energy Action air conditioning contractor or dealer for help in choosing a high-efficiency air conditioner or heat pump. Tomorrow, you'll be way ahead of the game.
