

Portales Eulogy

By E. A. OIN SHRDLO

You got your paper a day early this week. Which is probably a good thing, what with the barbecue, football game and other activities scheduled for Thanksgiving day making a pretty full day of it. You might have had to lay your paper away until the day after Thanksgiving. But now you will have ample time to digest these pages and awake Thanksgiving morn a more enlightened person.

Thanksgiving—Football—barbecue—turkey—hilarity. More than 300 years ago our New England forefathers declared a day of Thanksgiving, lifting their voices and souls to the Almighty in thanks for the mercies of the closing year. The custom spread, and in 1863 Lincoln issued a proclamation setting aside the last Thursday in November of that year as a day of national Thanksgiving. This example has been followed each year by each succeeding President. So tomorrow is the seventeenth national Thanksgiving day.

Of course these facts are well known. So well known that they are accepted, in a manner, as the weather, as the plains and the hills, as the night and day, with too little thought given to the real significance of the day.

The first Thanksgiving day was in 1621. Our forefathers were spiritual minded. Their labors were many and their rewards few. Yet they realized that without the guidance of God their labors would have been for naught, that without that guidance they would have had to face the New England winter without provisions and supplies, and perhaps would have had to see their children retire at night whimpering with cold and hunger. But they had worked, prayed, trusted. Their cupboards were full. And they gave thanks to the Lord.

We are emerging from a very trying period. Want has not been unknown. But surely the dawn of a better day is in the making. Shall we not pause during the festivities of the morrow and offer our thanks?

And personally, the writer has something to be thankful for. Through the goodness of the Editor, Mr. Greaves, in moving up the publication day for this issue we will be able to enjoy a bountiful turkey dinner with old friends in Texas. Turkey—cranberry sauce dressing—hot rolls—pickled peaches—

Now for our weekly brainstorm. Mr. J. C. Boyce sent in a problem which lack of space prohibited us printing last week. And it is a pretty good one. You will have an extra day to wrestle with this one.

A man had a bar of silver worth \$30. (Personally, we don't believe it). He stayed at a hotel 30 days and paid \$1 a day hotel bill. What is the fewest number of times he could cut the bar of silver to settle his account every day?

An orchid for the editor. He has worked long and hard in the interest of the public work program, as well as many others, and of course without remuneration. And 190 men are to go to work this week in Roosevelt County on the nine different projects.

Says Herr Hitler: "My title of recognition is the reputation I have made for myself out of my own strength." Let's see. It seems that another gentleman by the name of Wilhelm was once heard to say "Me and Gott." And Herr Wilhelm was at that very moment riding for a fall. Look out, Herr Hitler, pride goeth before a fall.

According to astronomers, our earth looks blue to the people, if any, on Mars. Well, it sometimes looks a little blue to us earthlings, too.

Scientists say that rainbows are not semi-circles, but complete circles. No wonder we haven't been able to find that pot of gold.

Mrs. H. T. Ward and Mr. and Mrs. Virgil Cobb and child, and Mr. and Mrs. Joe Marquis and children, came in from Aspermont, Texas, Sunday for a visit with friends and relatives. They will also attend to business while here. Mrs. Cobb and Mrs. Marquis will be remembered as Misses Ara and Eva Ward. They are twins.

Dr. and Mrs. J. W. Hendrix and Miss Gladys Beavers of Hereford came through Portales Sunday on their way to Phoenix, Ariz. Mrs. A. W. Freeman accompanied them on the trip, and will return home Sunday or Monday.

RAMS TO MEET WILDCATS TODAY

190 MEN ARE GIVEN WORK IN COUNTY THIS WEEK

EMPLOYMENT COMMITTEE WORK ALL DAY SUNDAY AND SUNDAY NIGHT

GET 9 PROJECTS

EVERY EFFORT MADE TO DIS-TRIBUTE EMPLOYMENT WITH JUSTICE

The committee which went to Santa Fe last week to hasten the public works program returned Friday night after securing the approval of nine projects for Roosevelt county, the projects being as follows.

Portales city park, 5 men and one 4-up team.

Portales streets, 20 men, 5 wagons and teams, and 5 4-up teams.

Elda-Kenna school bus road, 20 men and 4 4-up teams.

Portales to Arch road, 20 men, 5 4-up wagons and teams and 5 4-up teams.

Arch-Friendship project, 20 men and 10 4-up teams.

Floyd project, 25 men and no teams, as teams will be supplied by highway department, unless set-up is changed.

Rogers project, 10 men and 10 4-up teams.

Milensand project, 15 men, teams to be supplied by highway department.

Elda city streets, 5 men and 1 truck.

Panhandle project, 5 men and 1 4-up team.

Under this set-up it is the intention to get 190 men to work this week, and the committee ruled that where a 4-up team was put on that a driver out of another family would be supplied.

The object is to spread the employment to as many families as possible.

The Civics work committee and the Reemployment committee went into joint session at 10 a. m. Sunday and worked until 1:30 Monday morning selecting men for this work.

Under the federal set up, 50 per cent were to be selected from the relief rolls or until they were exhausted, and 50 per cent from ex-service men with dependents or until that roll was exhausted, and to be filled out by farmers of the county in need of drouth relief.

There were registered for this work over 1500 names, so it can readily be seen that the task of the committee was great.

The work was not completed Sunday night, and the committee met again Monday night to complete the rolls.

Single hand laborers are to receive 50 cents per hour not to exceed a 6-hour day and 30-hour week.

4-up teams will receive \$4.00 per day for 6-hour day, and 30-hour week.

This committee used every means at their disposal to make this selection with fairness and justice to all, and when it is found that a mistake has been made, the man employed will be removed and the place given to some one more in need of employment.

In some instances the work may be staggered to give a greater spread of the work. The county commissioners will supervise the county work, and the cities of Portales and Elda the city street work.

The city park of Portales is under the supervision of the Woman's club, and work was started on this project Monday morning. A. E. Hunt has been designated by the federal government as paymaster and is under heavy bond.

Those working will receive their pay each Saturday for the work done up to Thursday night of that same week.

Paul Wurster and Tilden Cissell were business visitors in Roswell Sunday.

THANKSGIVING

If there was ever a time in the history of the nation when we should return thanks to the Supreme Ruler of the Universe it is at this time.

We are thankful that the nation is recovering from the great financial depression, which has brought hardships and sufferings to millions of our people.

We are thankful that we have at the head of the nation a man of understanding and sympathy; that we have in President Franklin D. Roosevelt a man who is alert with all matters of affairs.

We realize that our President is not divine; that he is merely a mortal, but his human sympathy for the people of United States, is evidently of divine inspiration.

We are thankful that in his wisdom he has conceived and put in motion the machinery for public work, enabling every man to earn a living to which he is entitled.

We are greatly thankful that this week, we have been able to see 190 men from this county put to work at good wages, on constructive work.

We are thankful that health has been spared to the many of our people, and that we are free from war and pestilence.

Let this day be a day of true Thanksgiving.

Rate Hearing Held in Clovis on Monday; Vital to County Farmers

A formal hearing on the suit brought before the Interstate Commerce Commission by various commercial interests of Roosevelt County was heard before Commissioner Clyde B. Atchison, member of the I.C.C. at Clovis on Monday of this week. This suit was filed last spring by the Portales and Elda Chambers of Commerce, and several farmer cooperative marketing associations of Roosevelt county, the purpose being to call to the attention of the Interstate Commerce Commission in justice and in equalities in freight rates that exist in this territory and that discriminate against Portales and Elda.

By an intervening petition certain shippers and farmers in the Melrose territory became a party of the suit insofar as the rates on broomcorn and grain are concerned. S. J. Cole, Traffic Attorney of Amarillo, Texas, who for the last few years has represented Amarillo commercial interests in traffic matters, was in charge of the case for the Roosevelt County shippers and farmers.

For a number of years Portales and Roosevelt County have realized they were discriminated against in the matter of freight rates and that various attempts have been made to get freight rate adjustments by direct negotiation with the railroad officials. It was only recently realized that attempts to negotiate direct with the railroad would continue to prove futile, and that if any progress was to be made the matter would have to be handled in a formal way.

Accordingly last spring a citizens committee was formed in Portales to interest Roosevelt county people in a formal traffic program similar to programs carried on by larger commercial centers. Before freight rate adjustments of any importance can be made by the I.C.C. a formal complaint must be filed by some competent traffic attorney who is licensed to practice before a commission. The commission assumes that rates are satisfactory to shippers unless there is some complaint to the contrary.

After the formal complaint has been filed the commission makes preliminary investigation to determine whether or not a meritorious case is involved. The hearing is then arranged for and both the complainants and the railroad, who are defendants, through their attorneys present evidence and testimony bearing on the case. This testimony consists of two general cases, commercial or lay testimony and expert or technical testimony, which consists of exhibits showing various freight rates that are in effect, tariff references being given to support such exhibits.

Space this week does not permit us to give full proceedings of this hearing, but it will be given in full in the next issue of The News.

Invaders Hold Undeclared Record For Season; Unofficially Declared State Champions by Clovis Paper

Local Gridsters Reported to Be In Peak of Condition; Only Two Defeats During 1933 Season

By EARL STRATTON

The Portales high school Rams are slated to meet the Clovis Wildcats on the local field today. Although the Clovis invaders have been undefeated during the 1933 football season Coach C. F. Brown and his Portales gridsters display high hopes of a victory.

This is to be the last game of the season, and if Clovis wins over the Portales Rams she will be declared the state champions for 1933. Clovis has had an unusually successful season, having won victories ranging from 12 to nothing to 65 to nothing, and will come to Portales confident of an easy victory over the supposedly weak Rams.

Although Portales has been defeated twice, they have shown increasing power through the season and have a great chance to upset the dope-bucket. In the last few games the Rams have shown power equal to that of the champion team that Coach Brown has produced in past years.

The dope favors Clovis by several touchdowns, but with determination on the part of the Rams to put a successful climax to a season which has been marred by two defeats, the Wildcats will meet one of the hardest fighting crew of Rams Portales has produced for several years.

The line will be in first class shape to hold the Wildcats, having held the Ft. Sumner team for no first downs. Floyd Gregory and Noble Kirksey will be the main stays of the defense. The local fans have hopes of Gordon Halch snagging one of those long passes, a feat at which he has become quite adept. Other men who will probably see service in the line are Bill Briggs, Albert Woodburn, Allen Leifer, Pat Landers, Junior Moody, and Lory Whitten.

In the backfield J. F. Taylor will be directing the offense against the Wildcats in the position of quarter. Fans hope that Douglas Turrell will break loose for one of his famous long, sweeping end runs. Pete Briggs will be up to his usual form in passing and punting. The hard-hitting Harry Burke can always be depended upon for a first and ten. Other men who will be seen in the backfield are Donald Briggs, Tilden Cissell and Junior Whitworth.

The officials for the game are Capis, Gratton, Storm, and Kelly of the New Mexico Military Institute.

The meeting of the Chamber of Commerce at noon Tuesday of this week was one of the outstanding meetings of this organization.

The Portales football team and coaches were guests of the organization. Bert Rawlins acting as toastmaster, named the boys.

While luncheon was being served a number of songs were a feature of the program. After the lunch, Marion Stinnett, assistant coach was the first speaker, and told the boys if they handled the Clovis team like they handled him last week that there was no doubt as to the outcome of the game.

Elwin N. Neer made a short inspirational talk to the boys. Coach Brown, stated that the team was in good shape and had made a good record this season, winning four games, losing three, and tying one—Tucumcari.

Harry Burke spoke for the football boys, and expressed his confidence in a victory on Turkey day. J. F. Taylor another member of the team, made a short talk.

J. P. Steiner spoke on being a good loser as well as a good winner, and expressed the utmost confidence in the team.

J. H. Lee spoke as to the regards which the business men held the local team, and also urged everyone to give President Roosevelt the fullest backing in his programs.

Coe Howard read a telegram of confidence, which the Chamber of Commerce adopted and authorized that it be sent to President Roosevelt.

PORTALES 100 PER CENT FOR THE RAMS

Today (Thursday) the Portales Rams will meet the Clovis Wildcats on the local gridiron, and this game is expected to be the very best of the year.

Both teams are good and those who attend will be given full value for their money. Each year on Thanksgiving Day Portales plays Clovis, first at one place and then the other. This year the game falls to the lot of Portales field.

After attending the barbecue, go out to the high school building and attend this game and give the local team your full support.

TODAY BIG DAY FOR PORTALES

Today (Thursday) Portales is host to thousands of people from different sections of the state, and is proud to be their hosts. Portales is proud of the Eastern New Mexico Normal school, and of the opportunity to show this building and its furnishings to the many visitors here today.

When statehood was declared, congress in its wisdom provided for a normal school on the eastern side of the state, and it was so written in the constitution.

Our townsman, Gov. W. E. Lindsey was largely responsible for this provision, and worked faithfully for its attainment.

About eight years ago the legislature selected Portales as the location for this school, and later congress appropriated 75,000 additional acres of lands for its support.

A later legislature made an appropriation for the erection of the first unit of the administration building, which is one of the most complete educational buildings in the state.

The last legislature allowed a portion of the funds accumulated to be used for the furnishings of the building and the balance for the maintenance of the school.

The board of regents plan the opening of the school the first of next June and have been receiving enrollments of students for the opening term.

Many have signed up the enrollment cards and now it seems as if there will be a much larger enrollment than the facilities of the building will take care of.

The opening of this school will be a bright spot in the history of Eastern New Mexico, and will save hundreds of thousands of dollars for this state that are now going out of the state to educational institutions.

Today we are celebrating the completion and furnishing of your school, and offer you a most hearty welcome.

STARTING OF EMERGENCY RELIEF WORK

With the starting of emergency Relief Work this week, putting 190 men to work immediately in this county, will go far towards rendering some relief.

This work will put into circulation about \$2,800.00 per week, and at the same time allow those receiving work to earn their living without having to resort to charity.

This work covers nine projects covering the entire county, and is so laid out as to give work and allow the workers to live at home, thus saving money on living expenses.

The selection of the men for this allotment is in the hands of the county welfare association and the federal employment committee and every effort is being made to make these selections with justice and the need of the applicants.

Those who receive employment under this program should do their best to give value received in service and not try to use it as a dole. The workers will be paid off every Saturday up to Thursday night preceding pay day.

This lends a much brighter outlook for the winter to the many who have been the victim of circumstances, and have met with reverses.

TO SECURE FAIR LAND VALUATIONS

To secure fair valuations for the farms of Roosevelt county so that fair loans may be received through the Federal Land bank, it is necessary for full cooperation between the farmers of the county, the appraisers of the local associations

and all interested.

Under the present set-up at Wichita, Kan., little relief can be expected. Mr. Fields is a despot, and his removal is one of the important steps necessary.

Bear this in mind at the next annual meeting of your associations and elect directors who will remove him.

In the mean while see that your lands have valuation of \$20.00 per acre or more, and you will have a better chance to secure the amount of loans that will give you relief.

Before making an application, make a brief of your loans and try and put them under one head, so that you will be able under the low government rate of interest to meet your obligations and clear up all of your indebtedness and then you will have the opportunity to pull out of the present financial difficulties, and operate your farm in a way that it will return you a comfortable living.

GOVERNOR TO BE CONGRATULATED

Governor Hockenbush is to be congratulated on his move for the establishment of a state park in this part of the state.

Not only will this aid in the reemployment situation, but it will also provide a much needed recreation center in this part of the state.

With an abundance of water in the Blackwater Draw, the possibilities of such a park are unlimited.

Then on many tracts of federal land scattered over the draw, the planting of timber will give much employment and in a few years will return a profit, besides providing ample protection for the game birds adapted to this section.

FLOYD

Presented by the intermediate grades, the program given in assembly the eighth period last Friday proved to be very entertaining and interesting.

Mr. and Mrs. J. Lofton entertained the senior class with a "Bunco" party last Friday night.

The Floyd chapter of the FFA held its regular bi-monthly meeting at the high school auditorium last Saturday night.

There was a nice crowd at the Sunday school party given in the home of Mr. and Mrs. L. H. Heck-a-horn last Saturday night.

Many amusing games which were played and the very delightful refreshments which were served were greatly enjoyed. These socials, given in the homes of members of the young people's Sunday school class twice each month, have proven to be very helpful in increasing the attendance at the Floyd Sunday school and church.

Mr. and Mrs. Bert Brown of this community are having their home remodeled this week. Also Mr. Charley Warner who has charge of the janitor work at Floyd school is making a new addition to his home which is near the school.

Floyd was very successful in the district FFA judging and public speaking contests which were held at Clovis last Saturday, placing third in both the livestock and dairy judging contests and first in grain judging out of the five contestants entering the public speaking contest, Reacy Ren.

Floyd's representative won first place. This showing gives these boys a fine chance at winning the state FFA contests which are to be held at Albuquerque December 2, 1933.

Mr. and Mrs. Gooch entertained a number of their friends with a dance party last Saturday night. Work has begun on the new Floyd-Portales highway which is to be changed back to the north route. It was decided that the old north Floyd highway would be a more desirable base for a substantial highway than the south road. Road work on the highway leading north of Floyd was also begun last week.

This week ends the bi-monthly work in this section for this year, with only a portion of their feed to haul in and a few scattering fields of cotton to gather yet, the Floyd farmers will complete their harvesting within the next few weeks.

Mr. and Mrs. John Mayse and daughter, Dora, returned last Thursday from a trip to Mineral Wells, Texas. Mrs. Mayse was called there on account of the death of her father.

Ray Widener '32 was a visitor in the Floyd school last Friday. Mrs. Nell Morgan, English teacher, who is in charge of the school library this term reports that the library is giving the smoothest service possible and that so far nearly all students have given their cooperation in making this possible.

The general science class taught by Miss Irene McCam, has been running some very interesting experiments recently.

Let's everyone remember the free program and basketball game to be held at school on Thanksgiving day; also the big free picnic dinner. All parents and other members of the community are invited to come and spend the day.

Mr. and Mrs. R. E. Morgan spent the week end with relatives near Dimmit, Texas.

Mr. and Mrs. George Goldman of Deroeno, N. M., were visitors in the home of Mrs. Goldman's parents, Mr. and Mrs. Amon Bacon Saturday and Sunday.

There was a very good attendance at church and Sunday school last Sunday. Rev. Wylie Henton, Baptist minister from Melrose preached a most interesting sermon. It is hoped that there will be an even larger attendance next

Sunday which is Methodist day. Reverend Roper, Methodist minister from Elda will fill the pulpit.

Clyde Skeen, a member of the senior class who has been absent from school for the last two weeks started to school again the first of this week.

Don't forget the high school carnival next Friday night, December 1, at the Floyd school.

Glen Gooch, a member of the junior class, who has been attending school at Sapulpa, Okla., for the last few weeks, re-entered the Floyd school on Monday of this week.

"Deacon Dubbe" the Floyd school class play, is to be featured at the Floyd high school auditorium Friday night, December 15. Watch for the announcement of cast and other particulars later.

Ona Little, a member of the senior class, was absent from the school Monday.

The junior class of the Floyd high school is making elaborate plans for a real carnival and promises plenty entertainment and sale for everyone at the annual high school carnival, which is to be held at Floyd Friday Night, December 1.

A most interesting program has been prepared by various members of the high school which is to be given just ahead of the carnival attractions. Admission to this program will be 10 cents, 15 cents and 20 cents. Everyone will be admitted free to the high school gymnasium, where the carnival booths and other carnival attractions will be offered.

Mr. and Mrs. Jack Howard of Floyd were business visitors in Portales Friday.

There will not be a meeting of the B. W. M. E. circles on Thursday of this week.

CARD OF THANKS

We wish to thank each and everyone who assisted in helping us care for our dear loved one, during her illness and death. We shall always remember the beautiful floral offerings. May God's richest blessings be upon each and everyone of you.

Mr. and Mrs. Tom Lee and family,

Mr. and Mrs. Jimmy Laird were in Tucuman transacting business Friday.

EARLY MAILING

Post Office Department
Washington, Nov. 5, 1933.

During the holiday time the volume of mail increases approximately 200 per cent. It is a physical impossibility to handle this great mass of mail matter efficiently and promptly within a few days. Therefore to assure delivery of their Christmas presents, cards, and letters by Christmas Day, the public should SHOP AND MAIL EARLY.

Do your Christmas shopping so that you can mail your gifts, greetings, and letters to relatives, and friends, loved ones at least a week or 10 days before Christmas, according to the distance. This will not only make it certain that they are received before Christmas day, but will be a great aid to your postal service and to postal employees and enable them to spend the Christmas holiday with their families.

COACH BROWN IS OPTIMISTIC ON BIG GAME

In an interview Monday with Coach C. F. Brown, he gave the following statement:

"Apparently the team's in good physical condition. The improvement they have made in the last few weeks along with the experience gained in games thus far played, plus determination to upset the dope-bucket, I believe that the Wildcats are in for a busy day.

"The dope favors Clovis by several touchdowns, but with a desire on the part of the boys to go out and do big things, the Clovis team will meet one of the hardest fighting Portales teams, although they are not the most experienced."

Coach Brown personally feels that the game will be much closer than the score of the last games would indicate. He also adds "If the citizenry of Portales are expecting the Rams to play a good game it will take a whole of a crowd" to get the job done."

S. G. Wallace Dies Friday Night

S. G. Wallace, who resides on the Tom Jernigan place about four miles northwest of town, passed away some time during Friday night.

He had had several attacks of acute indigestion, and it is presumed that one occurred Friday night.

His children, Mary Edith, and A. M., heard their father leave the house during the night as they thought to drive some stock out of the yard. When the daughter awakened about day light, she went to the kitchen and finding no fire had been made in the stove began a search for her father. He was found some 100 yards from the house, lying face downward and sitting beside him was his faithful dog. Mr. Wallace had evidently dropped dead, after having driven the stock from the yard.

Mr. Wallace had been a faithful member of the Church of Christ and was a man whom everyone trusted and loved.

He leaves to mourn his passing two daughters, Miss Mary Edith, who lived with her father, and Mrs. Bennett Dougherty of Gary, Ind., and three sons, Merle, Douglas and A. M., all of Portales.

Relatives from out of town attending the funeral were a brother, J. A. Wallace, and family of Clovis, a brother, Drew Wallace, and wife, a nephew, a niece and a half brother of Holland, Texas.

Mr. and Mrs. Liles, Mr. and Mrs. Mark Jordan, Mrs. Joe Hilderbrandt, all of Vernon, Texas, Funeral services were held at the Church of Christ Saturday afternoon and interment made in the Portales cemetery.

Mr. and Mrs. Carl Yeacum drove out beyond Arch last Wednesday evening and were very successful in their duck hunt there. They spent the night and returned Thursday afternoon, after having a very enjoyable outing.

J. J. Jones of the Floyd community says his cotton and broomcorn are clearing more than they have the past two or three years.

Ollie Powell was getting a supply of the Portales Valley yams Saturday.

H. K. Watkins says his farm near Dora has produced lots of roughness, but not so much grain. His cotton is making some yield.

BROWN HOLDS FINE RECORD

Coach C. F. Brown of the Portales high school Rams, holds one of the best records ever held by a football coach in Portales.

During his six years he has been coach in Portales. Mr. Brown has had three undefeated teams; only once last year. In their final game with Clovis they were defeated by a score of 20-0.

Mr. Brown came to Portales in 1928. He graduated from the Southwestern University in Winfield, Kan., in 1926, coached one year in San Juan, Kan., and then came to Portales. In 1930 and again in 1931 his teams were undefeated. They were declared the state champions, no other team in the state holding an undefeated record. In 1929 and last year (1932) his team was defeated only once, each year.

Last year 12 lettermen graduated, leaving only four lettermen to start the 1933 season. With these four men as a nucleus Coach Brown has developed a machine which will put to a test the gridiron ability of the Wildcats, or any other team in the state.

The Portales Rams meet the Clovis Wildcats here Thursday in one of the most spectacular games of the gridiron season. The game will be played on the local field, and is scheduled to start at 2:30 p. m.

SCHOOL CARNIVAL AT FLOYD The Junior Carnival will be held at the Floyd school on Friday night, December 1. Plenty to eat and lots of excitement and fun is promised to everyone.
