Ike Plan Stumps Soviets

MOSCOW (AP)—Foreign diplomats in Moscow say the Kremlin genuinely fears President Eisenhower's Middle East program and is trying desperately to find an effective counterattack.

The diplomats have talked with Foreign Minister Dmitri Shepilov and other Russian leaders. They say the Soviet reaction sums up to this:

1. The Russians see the Eisenhower doctrine as another step toward Western encirclement of the Soviet Union.

2 Their opposition is not just anti-West propaganda.

3. The Kremlin knows it has to come up with something concrete, not just propaganda, to defeat the new U. S. move.

The foreign diplomats point out, however, that the satellites are draining the Russian economy so heavily the Soviet Union can't hope to match U. S. dollars.

Several diplomats in Moscow, including some friendly to the West, also say emphasis on the military side of the Eisenhower program, on the heels of the British-French invasion of Egypt, was a mistake.

"If the military aspects had been dropped or minimized, the program would have been hard to beat," one commented.

One diplomat after discussing the Eisenhower proposals with Soviet leaders said he believes the plan "still has the Soviet bosses off balance. They fear it and are seeking effective means of combatting it."

Finance Committee Meets To Organize

AUSTIN (AP)—Sen. William Fly's powerful Finance Committee met briefly today to organize and appoint a five-man subcommittee.

The committee processes appropriation requests from state agencies.

Sen. Floyd Bradshaw of Weatherford was named chairman of the subcommittee. Other members named were Sens. David Ratliff of Samford, Ray Roberts of McKinney, Crawford Martin of Hillsboro and Wardlow Lane of Center.

The committee agreed to hold no hearings on "single shot" appropriation bills until the general appropriation bill is acted upon. This is the procedure followed on the Senate floor.

Knife Slayer Waits For Electric Chair

HUNTSVILLE (AP)—Alvaro Alcorta, 37, of San Antonio, scheduled to die tonight for the knife slaying of his wife, appeared calm and relaxed today.

He read a Spanish New Testament and didn't have much to say.

The former Kelly Air Force Base civilian worker was convicted of stabbing his wife, Erlinda, June 19, 1955, in San Antonio.

Is Snyder A Friendly City?

Do you have fun shopping in Snyder? How friendly are the merchants? How friendly are employees at places of business and in offices? Do they make you want to come back tomorrow, and the next day?

Snyder has a reputation of being a friendly town. To boost that reputation, The Snyder Daily News begins asking its readers two questions

(1) Who is Snyder's "friendliest and most courteous" woman employee?

(2) Who is Snyder's "friendliest and most courteous" man employee?

Yes, it's a six-week voting campaign. That one woman employee and the one man employee receiving the highest number of votes over the next six weeks will each receive a $50 U. S. Savings Bond and a framed award from The Snyder Daily News. The awards will be publicly presented.

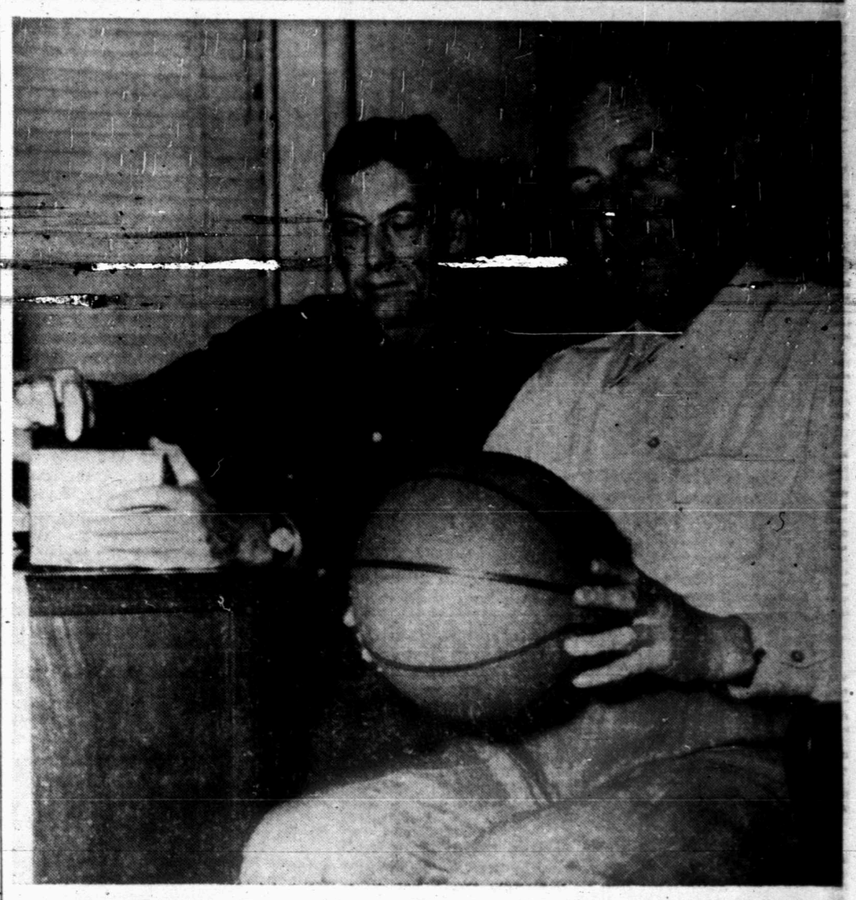

You, the readers, will be the jury, and your ballots will determine the winners. Deadline for voting will be February 28, and anyone and everyone can vote, is urged to vote.

Only requirement is that you use the award voting ballot which will be published daily in The Snyder Daily News. Vote your choice and vote as often as you wish.

Winners of the "Friendliest, Most Courteous" Employee Awards will be announced in the "Let's Get Acquainted" edition of The Snyder Daily News in March.

And, in keeping with the theme, people will take over the spotlight, the butcher, the banker, the appliance dealer, the auto dealer — all our employers — and, most important their employees, the people you deal with every day, the ones who serve you, keeps in Snyder.

Give your favorite [illegible] recognition today. Mark your choice on award voting ballot on page 10. Please bring or mail your nominations to The Snyder Daily News. The two honored winners will each receive a $50 Savings Bond and framed award certificate, publicly presented.

POINTS FOR POLIO—The more times the basketball, such as Carl Herod is holding, goes through the hoop for the Tigers against Lamesa next Tuesday night at Tiger Gym the more it will mean for the Scurry County Polio Fund. Herod is the chairman of the "Polio Committee" of the Scurry County March of Dimes of which Forrest Beavers, left, is the president. The MOD is sponsoring the "Points for Polio" basketball game. Note related story for full details. (Lee Watson Photograph)

Daniel Pleads For 'Local Option' In School Integration

Speech Draws Cheers

AUSTIN (AP) — Legislators applauded Gov. Price Daniel's plea today for a local option system to deal with the difficult problem of racial integration in the public schools.

The new governor promised the Legislature he would support every legal means to make sure that such steps are "respected and not overruled by federal force."

The lawmakers interrupted Daniel's 50-minute speech another time with handclaps. That was when he said he was proud that his last act as a U.S. senator was to vote against a gag rule advocated by the executive branch.

Galleries of the House chamber where Daniel made his first major address to the lawmakers were comfortably filled as he spoke.

Daniel said he still believed the U.S. Supreme Court's anti-segregation decision was wrong and that in most Texas school districts both white and Negro citizens want to continue separate schools.

He urged a "calm and Christianlike" approach to the problem.

The governor offered the Legislature a 25-point program in his 6,100 word message, emphasizing also the possibility that he would work to avoid new taxes but cautioning that some new levies might be necessary.

He urged doubling of the proposed 100 million dollars revolving fund to help local districts build conservation dams, and urged the lawmakers to approach the water emergency "without timidity." He suggested long range research through a state agency to help local districts coordinate local, state and federal activities with emphasis on local control.

Daniel made a strong plea for "throwing the spotlight of whole truth" on wrongdoing by state officials or employes, added that "purveyors of false charges" in that connection should be exposed.

He placed restoration of public confidence in state government in the emergency category along with water conservation. He urged modernization of eminent domain laws to help highway expansion and safety on the highways, where he said death and destruction was already at the disaster level.

Daniel proposed that the Legislature create a state law enforcement commission with a member from each Supreme Judicial District plus one member named by the Supreme Court's chief justice to "investigate allegations of misconduct on the part of state officials and employes." It would not be a state grand jury, he said, but a body authorized to hold public hearings and report its findings to the legislature, the governor and local grand juries.

All Hell Freezes Over In Cold Snap

PINCKNEY, Michm (AP)—It was downright cold in Hell today. In fact, it was 10 degrees below zero, there was a foot of snow, and ice was everywhere.

Or as one resident put it: "Hell is frozen over."

Hell is a tiny southeastern Michigan community about four miles west of this Washtenaw County town.

BANKS WILL CLOSE HERE ON SATURDAY

Both Snyder Banks were reminding patrons today to transact their weekend banking business before closing time Friday.

Both the Snyder National Bank and the West Texas State Bank will observe a holiday on Saturday, which is Robert E. Lee's birthday.

Princess Dies

PASADENA, Calif. (AP)—Princess Laura Orsini, member of a pioneer Los Angeles family, widow of a papal nobleman and mother-in-law of Sen. John Sherman Cooper (R-Ky) died yesterday. She was 76.

MAN IS SAVED AFTER HEART STOPS BEATING

ST. CROIX FALLS, Wis. (AP)—William Fruehling was alive today because three quick-thinking physicians used an ordinary lamp extension cord to administer shock treatment after his heart stopped beating.

Fruehling, 49, was on the critical list but "doing as well as can be expected" and unaware of yesterday's drama to save his life.

He was walking in the business section of St. Croix Falls yesterday when he suffered a heart attack. He was rushed to the town's small hospital.

The three physicians, who asked that their names not be used, then gave this account:

"The man's heart stopped beating. Without waiting for a washup we made an incision.

"One of us spread his ribs over the heart, reached in an massaged the heart with a bare hand. Another began giving artificial respiration. Oxygen was tubed directly into the lungs.

"The first reponse we got from the massage was a quivering—a spasm of the heart.

"Such a quivering ordinarily is that of a dying heart.

"We didn't have the equipment that a large hospital would have for administering electric shock so we pulled the end off an extension cord. We gave direct shock to both sides of the heart muscle twice without results. The third shock stopped the quivering.

RECORDING CONTRACT SIGNED

Snyderite Writes Songs

Hollywood contracts for recording and writing country and western songs have been signed by two Snyderites.

Buddy Shaw, an employe of Southwestern Bell Telephone Co., is the recording artist who has signed the singing contract and has already made recordings, some of which are to be released to disk jockies and record shops in the near future.

Shaw's first record to be released will feature "Just Like A Fool," on one side, and "I Belong To You," on the reverse side.

Both songs were written by Shaw's manager and agent, Ruth Snider, another Snyderite, and music for the songs was composed by Tim Dennis, director of the Snyder Junior High School band, and arranger of music for the bands of the entire Snyder school system.

Dennis is noted locally not only as a band director and musical arranger, but as a composer as well. One of his most prominent compositions is the "Diamond M Jump," which was written in honor of C. T. McLaughlin, Snyder oilman-rancher.

The Snyder song writer and singer have a unique arrangment in that Ruth Snider writes the lyrics for all of Shaws recordings.

So far he had made master tapes for foour recorings, including the two-sided record to be released soon.

"The record will probably be released in the next two to three weeks," Miss Snider said.

So far work of the team of singer-writer-composer has worked about as Miss Snider explains:

"I write the words, Buddy sings and hums them until he picks up

See SONGS, Page 2

SIGN HOLLYWOOD CONTRACTS—Miss Ruth Snider and Buddy Shaw sign contracts with a Hollywood music publishing and recording company while George R. Killam, attorney, looks on above. Miss Snider signed a contract for publicattion of songs she writes, and Shaw for recording of the songs with him as vocalist. Their songs, in the country and western vein, have music composed by Tim Dennis. Two of the songs will be released soon. The contracts are with Starriet Publishing Co., and Starday Recording Co., affiliated firms of Los Angeles. (Lee Watson photograph)

Polio Game Set Here

Next Tuesday's Tiger-Lamesa basketball game has been designated as "Points for Polio" night, accirding to Forrest Beavers, chairman of the Scurry County March of Dimes committee.

The "Points for Polio" works like this:

Fans and other interested persons may pledge a certain amount for each point the Tigers score against Lamesa with the entire amount taken in going to the Scurry County Polio fund.

For example:

If a person pledges 10 cents per point scored by the Tigers and the Tigers score 50 points, against Lamesa, the amount pledged would come to $5.

The Kiwanis Club has already kicked things off by pledging 50 cents per point. Using the 50-point number as mentioned above, the pledge by the Kiwanians would come to $25.

A person may pledge any amount he or she wishes from 5 cents per point on up.

Beavers has designated Carl Herod as the chairman of the "Points for Polio" game and all interested persons who wish to pledge are asked to call Herod at 3-3762.

Another suggestion handed down by the committee is that all civic clubs and other private clubs render pledges for this worthy cause. "You can't give to any worthier cause than to the March of Dimes," Herod said today. "We have had several of our own children that have benefitted from the polio fund," Herod pointed out.

Pledges will be taken right up to game time next Tuesday. The Tigers and Lamesa will meet at Tiger Gym.

After all pledges are in, the amount will be totaled up and it will be multiplied by the number of points the Tigers score against Lamesa.

It isn't necessary for the person wanting to pledge to be present at the game. To save a lot of paper work, the person pledging will be asked to mail or take his or her pledge to Herod anytime after the game next Tuesday.

8 IN AMARILLO

Snyder Chilled By Low Of 11

The coldest of the season, and it's not over yet. That was the weather picture here today.

Snyder was not the coldest spot in the state last night, but the low reading of 11 degrees recorded here was just a shade warmer than Amarillo, where a low of eight degrees was registered.

The sluggish mercury did not rise above the 28-degree mark here Wednesday, which meant that the area had experienced its longest continuous streak of subfreezing temperatures of the season.

At 7:30 a.m. the thermometer had edged upward to 12 degrees, David Strayhorn, official weather observer reported. Forecasts indicated that the cold spell would continue through Friday.

By The Associated Press

Freezing temperatures chilled Texas again Thursday except for the extreme south.

The Weather Bureau said the cold wave that has gripped the state most of the week will continue through Friday.

The mercury plunged to 8 degrees at Amarillo and Lubbock early Thursday. The high minimum was 34 at Brownsville.

Overnight rain included .03 of an inch at Palacios and .01 at Amarillo, Beaumont, Lufkin and Dalhart. Skies were clear in the north and partly cloudy in the south.

A ridge of cold air extending from Canada to the Gulf kept the air frigid.

Other overnight lows included: Dalhart 11, Abilene and Wichita Falls 14, San Angelo 15, Texarkana 16, Dallas 17, Lufkin 19, El Paso 24, Houston, San Antonio and Beaumont 26, Corpus Christi and Del Rio 28, Galveston 30 and Laredo 31.

Wednesday's highs ranged from 20 at Amarillo to 60 at Presido.

The Lone Star Gas Co. at Dallas said the subfreezing temperatures forced a 25 per cent reduction in gas service to large industrial customers.

Industrial users in the Sherman-Denison area also had their supplies cut 25 per cent. Industries as far south as Temple and Bryan had supplies curtailed by up to 40 per cent, the spokesman said.

A similar cutback was started at Fort Worth, but was lifted.

The spokesman said the industrial curtailment was to conserve gas for home users.

No frost was reported in the Lower Rio Grande Valley. Harlingen had the coldest temperature of 32 degrees. Rainfall reports in the valley included .04 of an inch at Brownsville, .03 at Mission, .02 at Weslaco and .01 at Harlingen.

WEATHER

SNYDER TEMPERATURES: Low Wednesday night, 11 degrees; high Wednesday 28 degrees; reading at 7:30 a.m. today, 12 degrees.

West Texas—Fair with slowly rising temperatures Friday and in Panhandle and South Plains this afternoon and tonight. Lowest 15-28 tonight.

Human Chain Formed To Save Dog's Life

COLLINGSWOOD, N. J. (AP)—Six men and a policeman formed a human chain to save a dog that had fallen through the ice on Cooper Lake just off busy Route 130 here yesterday.

Motorists stopped their cars to run to the rescue as the dog, about 15 feet from shore, floundered in the chilly water.

The volunteers joined hands with policeman Charles van Fossen. Van Fossen inched to the edge of the hole in the ice and scooped out the dog. Spectators from the cars lined along the boulevard applauded.

Prices On Crude Oil Are Reduced

HOUSTON (AP)—Prices paid for crude oil by the Continental Oil Co. were reduced yesterday in five producing areas.

A 10-cent per barrel reduction went into effect in North and West Central Texas, Oklahoma, Kansas and the Rocky Mountain states. A five-cent cut was posted in New Mexico.

The cuts were made on the 35-cent per barrel price raise posted Jan. 3 to meet competitive prices.

Israel's Failure To Withdraw Units Called Threat To Peace

UNITED NATIONS, N.Y. (AP)—Egyptian Foreign Minister Mahmoud Fawzi declared today that Israel's failure to withdraw her forces from Egypt is "threatening peace in the Middle East and beyond."

Fawzi led off a new round of Middle East debate in the 80-nation General Assembly as 24 Asian and African nations proposed that the Assembly in effect give Israel five days to get all its forces out of Egypt and the Gaza Strip.

Egypt, which requested the Assembly meeting, did not join in sponsorship of the resolution, which had been watered down considerably in the past few days and apparently did not go far enough to satisfy the Egyptians. Two other members of the 27-nation Asian-African group—Turkey and Laos—also declined to sponsor the proposal.

Fawzi said the Assembly faced a "glaring case of aggression which Israel unleashed on Oct. 29 and which persists even until today."

He accused Israel of destroying property and committing "countless atrocities against individuals" in the territory it occupies.

Israel, said Fawzi, "contemptuously refuses to comply" with Assembly resolutions ordering it out of Egypt and "does everything it can to turn our work here into a mockery and a sham."

He declared "the Assembly is requested to decide whether or not aggression will be allowed to reign and rule." He urged that the Assembly uphold the U.N. charter and "take all necessary steps for safeguarding peace and security."

UP COME THE EYEBROWS—Senator Harry F. Byrd (D-Va) presented this expression as he took a look at President Eisenhower's new budget. Byrd, who is chairman of the senate finance committee, will have a lot to say about how money will be spent during the next year. The President estimated expenditures of $71.8 billion and income of $73.6 for the 12 months beginning next July.

Chou Backs Action Of Communists

BUDAPEST (AP)—The Hungarian people were told today that Communist China fully endorses the action taken by the Soviet armed forces in crushing the revolution in November. The Chinese Reds also support Premier Janos Kadar's liquidation of remaining rebels.

Radio Budapest, the voice of the Soviet - supported Kadar regime, broadcast a joint declaration signed by Kadar and Red China's Premier Chou En-lai drafted during Chou's 20-hour visit here.

The declaration was similar in tone to the Chinese - Polish statement released yesterday in Warsaw, where Chou was also a visitor on a mission lining up restive Communist nations behind unquestioned Kremlin leadership.

Chou flew off in a Soviet jet transport for Moscow to report in person to the Kremlin on his Warsaw and Budapest missions. The declaration was broadcast three hours after his departure.

The statement was aimed mainly at the United States. It accused "imperialists" of starting the Hungarian "counterrevolution" in order to launch a conquest of the East European people's democracies. It charged the United States with manipulating the United Nations to interfere in Hungary's internal affairs.

It accused "the government of the United States, as the chief instigator of the imperialists," of trying to start a third world war with its activities in Eastern Europe and the Eisenhower doctrine for the Middle East.

'Dead' Woman Faces Charge

HOUSTON (AP)—A grandmother who has been "officially" dead for nine years was charged with driving while intoxicated today after her car was involved in a collision.

She is Mrs. Pauline Polk, 48.

Police fingerprint records reflect that she died in a Laredo jail July 7, 1948. Mrs. Polk said she has never been in jail in Laredo and never in Laredo "except once when I passed through there on a motoring trip."

She said she knew of the report of her death, that it appeared nine years ago.

Chief Deputy P. L. Flores of the Laredo sheriff's department said he remembered the case and expressed disbelief that Mrs. Polk could be alive. In her cell here, Mrs. Polk said "it is just a case of mistaken identity."

Cameramen Shoot, Chauffeur Fired

NAPLES, Italy (AP) — The Aga Kahn, 81-year-old spirtual head of the Ismaili Moslems, bumped into a group of newspaper photographers today. The upshot was that he fired his Italian chauffeur.

The Aga Kahn set out for a drive along the coast to Sorrento. When the car slowed near an intersection, a squad of cameramen quickly surrounded it. They snapped away as the blanket-bundled Aga Khan snuggled up in a corner.

He accused his driver of "fixing" the meeting, and the driver argued back. Ten minutes later the car was headed back to the Aga Kahn's hotel to pick up a new driver.

B50 Crashes On Takeoff

FAIRBANKS, Alaska (AP) — An Air Force B50 crashed on takeoff from Eielson Air Force Base near here early today.

A crew of 12 was believed to be aboard. There was no immediate information on the fate of the crew members.

Information officers at the base said it was "a serious crash."

Eilson base is about 26 miles from Fairbanks. The crash was about five miles from the field.

The plane was starting on one of the regular weather observation missions carried on in the north. The plane was attached to the 58th Weather Reconnaissance Squadron.

Turnip Green Crop Is Good

COBB'S SWITCH, Tex. (AP)—Devotees of turnip greens are getting their fill these days from perhaps the world's longest turnip green patch—a 16-mile strip along the Texas and Pacific Railway right-of-way.

This year's crop of turnip greens, which sprout voluntarily each season along the railroad between Terrell and Wills Point, is one of the best yet. The plants are six to eight inches high.

Some Texans say boiled turnip greens taste better than spinach. The greens are a favorite cooked with hog meat and served with corn bread.

The 16-mile patch has drawn praise from turnip green enthusiasts.

"God bless the T&P and its turnip greens," Mrs. Lola Grierson recently wrote. She said she drove the 70-odd miles from her home at Fort Worth just to get a mess of the greens.

Sanders Withdraws In Speaker's Race

AUSTIN (AP)—Rep. Barefoot Sanders of Dallas withdrew today as a candidate for speaker of the next Legislature, reducing the number of active campaigners for the top post to three.

Sanders said he made no deals with any other candidate.

Reps. Joe Burkett of Kerrville, Will Smith of Beaumont and Ben Glusing of Kingsville still are competing for the post now held by Waggoner Carr of Lubbock. Carr has not said "no" to another term as speaker, but few speakers have succeeded themselves.

Reports are that a darkhorse may be planning to announce, although Burkett seems to be running ahead now. He said his campaign "looks very good to me now."

BIRTHS

Mr. and Mrs. Leonard Partin, 316 Thirty-fifth Street, are parents of a six-pound, four-ounce daughter, born at 2 p.m. yesterday at Battenfield-Jones Hospital.

Suspects Captured

CALHOUN CITY, Miss. (AP) — Three Texans wanted in an $8,000 clothing store burglary were captured last night. They were booked as Joseph Brown, 28; Everett Burnett, 23; and Jimmy Williams, 21, all of Dallas.

SONGS

Continued From Page 1

a good tune, then Tim composes the music," she said.

In the first four tape recordings Shaw produced them in studios at Lubbock, but subsequent recordings will be made in Hollywood, Calif.

Both Shaw and Miss Snider signed contracts last week with music publishers and recorders. Shaw's recording contract is with Starday Recording Co., and Miss Snider's contract for writing is with the Starrite Publishing Co., both affiliated concerns in Los Angeles.

Shaw has gained some acclaim throughout West Texas already by appearing over radio and television stations. He has sung over television stations at Big Spring, Lubbock and Wichita Falls, and has appeared on the "Big D Jamboree" at Dallas and on several other radio station programs throughout the state.

"If some of our songs can become popular we will help put Snyder on the map," the couple said.

In making the recordings so far Shaw has sang with the Circle Four Ramblers of Big Spring. Included in the musical ensemble were Weldon Myrick playing the lead steel guitar, Ben Hall the rhythm, Dena Hall base, with Shaw playing rhythm and providing the vocals.

Both Shaw and Miss Snider are natives of West Texas, he from Hermleigh here in Scurry County, and she from Henrietta.

Zollie Has Happy Day

AUSTIN (AP)—Texas' new secretary of state, Zollie Steakley, was sworn in with a smile, a good word from Gov. Price Daniel and a benediction by his pastor yesterday.

Awaiting the governor, Steakley, an Austin lawyer, said, "This has never happened to me before, but I like it."

"This is your day, Zollie. You're a mighty good man," Daniel said later.

Chief Justice John Hickman, preparing for the ceremony, said, "I'm glad they've shortened this one." A recent change in the state constitution allows shorter, simpler version of the oath for appointed officials.

Daniel said after the oath:

"I believe it would be a nice thing for us to have a word of benediction from Zollie's and my pastor, Dr. Carlyle Marney (of the First Baptist Church in Austin)."

After the prayer, Texas' new secretary of state remarked, "Yes sir, this sure is a happy day for me."

Stassen Hits At Telegram

NEW YORK, Jan. 17 (AP)—Presidential assistant Harold E. Stassen today branded as "fraudulent" a telegram reported to have been sent by him to members of the Republican National Committee.

The telegram, given out by Rep. Carrol Reece (R-Tenn) in Washington, urged the committee members to "keep the future of the Republican party and country safe from the Nixons and Knowlands."

Stassen said:

"I have sent no telegram. I have authorized no telegram. This is a false and fraudulent telegram and I am starting an immediate investigation to find out who is responsible for putting my name on it."

Stassen said he would get in touch with Reece by telephone as soon as possible and tell him that the telegram was not sent by him.

Hearing On Proposed Feed Control Act Set

AUSTIN (AP)—A hearing on the proposed commercial feed control act was set today for Tuesday by the Senate Agriculture Committee. The committe set Jan. 29 for a hearing on the proposed egg grading law.

The feed control act will regulate the manufacture, sale and distribution of various feeds, levy an inspection fee, provide penalties and provide for disposition of commercial feed which does not conform to the act.

Speedreading Course To Start

The second series of classes in speed reading and visual training held here will be started tonight.

Those interested in taking the course or desiring more information about it will meet at 7 p.m. at the Central Elementary School. The session will last 13 weeks.

Conducting the course will be Dr. Clyde Dawson, Dr. Jack Nesbitt, and Dr. John Blum, all Snyder optometrists.

In the first session of the course, completed here just before the holidays, all members of the class at least doubled their reading speed, with some increasing their speeds more than double.

Various pieces of special equipment are used in the course to show reading flaws and help correct them for better speed and comprehension.

In a recent Wall Street Journal feature, David O. Ives reported on speed reading courses, saying that most businessmen have never been exposed to advanced reading training and as a result creep across a page of type at an average of about 250 words per minute, which is a seventh grader's pace.

Reading experts at Purdue University say today's executive is "handicapped" unless he can read and assimilate a newspaper column at 350 words per minute, and on business correspondence a capable business reader should move only a little slower, perhaps 400 words a minute, and still get all the information he needs.

Since 1949 or 1950, industry has done much with better reading. Thousands of executives have increased their reading skill.

"Reading instruction is on the way to becoming a fully-accepted training tool for businessmen," the Journal said. "Genral Motors Institute in Flint, Mich., for example, has been offering reading courses since 1952. Over 500 persons have taken the courses and another 300 are on the waiting list. The company reports an average increase of 75 per cent in reading per minute."

Some companies, the Journal reports, are now experimenting with possibilities of typists doing faster, neater, and more accurate work if exposed to a course in effieient reading, as well as key punch operators, billing clerks, and others who use office machines. All the companies conducting the experiments report successful results so far.

"The literature of speed reading is full of tales of phenomenal achievement," the Journal continued, "None more startling than that of a Chicago lawyer who was cloked by the Foundation for Better Reading at 3,750 words a minute, fast enough to take in the entire front page of this newspaper in 90 seconds."

The Snyder optometrists invited any resident to attend tonight's meeting to learn more about speed reading and visual training, the techniques used, and the results found when the first local class was held.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

ADMISSIONS—Mrs. Leonard Partain, 316 Thirty-fifth Street; Tommy McKinley, 220 Thirty-fourth Street; Mrs. H. McKinley, 220 Thirty-fourth Street; Mrs. J. C. Smith, 605 Nineteenth Street; L. M. Richardson, 1904 Thirtieth Street.

DISMISSALS—Mrs. A. C. Massingill, 2711 Avenue U; Dianna Wolfe, 1302 Twenty-eighth Street; Grady Davis, Cabin Courts; Rosa DeHoyas, route 2, box 103; Mrs. Mattie Minor, 710 Twenty-sixth Street; Mrs. B. T. Couch, 2912 Avenue F; Mrs. Olan Griffith, 2309 Sunset.

COGDELL MEMORIAL

ADMISSIONS—Terry Lynn Finlay, 317 Twenty-ninth Street; Mrs. Ruth Floyd, route 2, box 185C; Raymond House, Clairemont Route; C. L. Banks, 1001 Twenty-sixth Street; Glen G. Roland, 134 Milburn; Elsie Meelchor, Box 102; Johnny A. Green, 201 Thirty-sixth Place; Mrs. Willie May Powell, Gen. Del.; Mrs. Cletys Ethelyn Owens, 414 Thirty-fourth Street; G. Fisher, Colorado City.

DISMISSALS—Debra Smith, Box 933; Mrs. Kathleen Pope, 3782 Avenue V; Raul Martinez, Gen. Del.; Mrs. Lois Layne and baby, Arah Route.

Carpenter Kills Boy

DALLAS (AP) — An unemployed carpenter shot and killed his teenage nephew when the boy advanced on him with an axe, Police Chief W. J. Cooper of nearby Irving said yesterday.

Cooper said M. K. Meredith told him he warned his nephew, James Sims, 15, to halt three times before he fired two blasts from a double-barreled shotgun.

Meredith told police he and the boy had quarreled several times over doing household chores.

He said the boy had lived with him since the boy's parents separated last October.

Meredith said the argument developed after he asked the boy to help him load up some kindling and was refused. After a fight, he said he ordered the boy to "get his clothes and get out."

He said the boy grabbed the axe and refused to heed his warning to stop.

Two Persons Killed In Gas Line Blast

PEORIA, Ill. (AP)—Two rapid-fire explosions in a city gas line leveled a house and a two-story building last night, killing two persons. Two others were missing and believed dead. Five were injured.

Killed by the blasts and subsequent fire were Perry Traub, 40, operator of a grocery in the building, and John J. Heitzman, 61, owner of both the building and the house.

Heitzman's son-in-law Robert J. Einfeldt, about 45, and Einfeldt's son Robert Jr., 11, were believed dead in the charred rubble.

Boy Has Fatal Burns

HOUSTON (AP)—Gordon Amos, 5, received fatal burns yesterday when fire destroyed a five-room frame house.

New Violence Reported In Tallahassee

TALLAHASSEE, Fla. (AP) — Windows in the house of an integration leader were reported smashed by gunfire last night during meeting of the Negro Inter-Civic Council.

The disorder was the most recent in a long series in smouldering integration difficulties here.

About 20 white persons attended the council meeting. They were identified as students at Florida State University. They were scattered through the church where the meeting was held.

The Rev. C. K. Steele, president of the council, told the meeting that "no group of Negroes could move freely in and out of white communities as long as youngsters have been moving in our community throwing rocks and shooting guns without being arrested."

After he went home, Steele reported two windows of his home had been broken by shotgun pellets. He also said the window of a car owned by Dr. M. C. Williams Negro dentist who is the council's secretary, was smashed with a brick. The car had been parked near the church.

TODAY'S MARKETS

FORT WORTH (AP) — Cattle 1,100; calves 50; steady; good to choice steer 16.00-19.00; common and medium 10.00-16.00; fat cows 11.00-14.00; good and choice calves 16.00-19.00; medium and low grade 10.-15..

Hogs 60; off 25; choice 19.0.

Sheep 3,200; steady; good and choice lambs 16.50-18.50; stock lambs 16.00-17.50; ewes 6.00-7.00.

AUSTIN (AP)— Poultry steady. East Texas 2½-3¼ lb 17-19, mostly 18. South Texas 18-18½. Waco 18.

NEW YORK (AP)— Cotton was unchanged to 25 cents a bale higher at noon today. March 34.43, May 34.44, July 34.20.

Body Of Historian Slated To Be Moved

AUSTIN (AP)—The body of Louis Kemp, prominent Texas historian, will be moved from Houston to the State Cemetery here. Kemp died Nov. 15.

The reinterment request was granted by the State Board of Control on the application of A. Garland Adair, Executive Director of the Texas Heritage Foundation and Curator of the Texas Memorial Museum.

Movie-Style Robbery Is Investigated

FORT WORTH (AP) — Police looked for leads today in a movie-style robbery reported by Mr. and Mrs. David Zips, who said they were beaten and kicked during a 25-minute invasion of their home last night by two thugs seeking money and jewelry.

The couple figured in a Federal Court suit last June when Judge Joe Estes signed a judgment against Mrs. Zips and her husband, ordering return of cash and blue chip stocks and bonds valued at $169,661 to the Royal Trust Co. of Vancouver, British Columbia.

The Thursday night intruders, one of whom wore a false nose, got an undetermined amount of money from Zips, took two diamond rings, mink and beaver wraps as well as some of Zips' clothing, but overlooked a diamond wrist watch in plain sight. The robbers threatened to tear the house apart in the search and blow it up if turned in to police.

Testimony in the federal trial was that Mrs. Zips was one of three women to whom George Westinghouse Jr., then 73, a naturalized Canadian and now adjudicated as of unsound mind, gave cash and stocks totaling $540,000 in a five-month period. The trust company is his guardian.

Jack Love, attorney for the couple, said today the judgment has been settled in full.

Colored Control

Beverly Hills, Calif. (AP)—A radar device is being perfected that will aid air traffic control by showing landing airplanes in one color, planes taking off in a second color, and planes at a certain distance in a third color.

Teacher Is Planning To Attend Meet

Ila Fern Warren, visiting teacher for the Snyder schools, is expected to be among those attending a meeting at 1 p.m. Saturday in Lubbock of the Panhandle-South Plains Texas Chapter of the National Association of Social Workers.

Miss Warren is a member of the chapter's executive committee.

At the Saturday meeting, Miss Margaret E. Adams, of New York City assistant executive secretary for chapter services for the national organization, will meet with the chapter for organizational and program planning purposes.

There will also be a tea from 4 to 5:30 p.m. Sunday for the chapter, when Miss Adams will discuss social work in the community.

The national organization has 146 chapters with 22,000 members. It was formed in 1955 to replace seven predecessor groups in the field of social welfare.

The Panhandle-South Plains chapter includes 27 counties in the Panhandle and 29 counties in West Texas, with 35 members.

The chapter's purpose is to promote the quality and effectiveness of social work practice in the U. S. through service to the individual, the group, and the community, to further the broad objective of improving conditions of life through utilization of the professional knowledge and skills of social work and expand through research knowledge necessary to define and attain these goals, to provide opportunity for the social work profession to work in unity toward maintaining and promoting high standards of practice and of preparation for practice and toward alleviating or preventing sources of deprivation, distress, and strain susceptible of being influenced by social work.

Motorist Builds Fire Under His Automobile

PHILADELPHIA Pa. — Firemen had no trouble discovering the cause of the blaze they put out in a burning automobile here yesterday.

The owner of the car told them it had frozen up on him in 13-degree weather. So he built a fire under the machine to thaw it out.

Does he serve your household needs, selling you furniture or appliances? Turn to page 10; clip award voting ballot from ad cast your vote for Snyder's Friendliest, Most Courteous" Employee Awards.

THERE'S THE HUMAN SIDE

Ike Skimmed Only Surface In His Drought Inspection

DALLAS (AP)— President Eisenhower saw crippling damage on his 1¼-hour, ground-level inspection of Texas drought land this week. What he couldn't see in full is the human side of the drought, and that adds up to a national problem.

For instance: he couldn't see farmers borrowing money for tractor fuel to keep their land from blowing away, once-proud farmers accepting food relief packages for their families, or the procession of young men going broke and leaving their farms for city jobs.

Nor could he, by the limitations of time and distance, gain an insight into the privation brought in by the 750-million-dollar drought loss suffered last year by Texas farmers alone.

State Agriculture Commissioner John White said today that the 750 millions are hard, specific figures based on production losses.

"That doesn't," he said, "include rangeland deterioration — you can't put that in dollars and cents. And it doesn't include the losses from premature sale of market cattle. And it doesn't include the losses caused by sale of foundation herds at less than replacement costs."

Most Texas cities are booming with their new industries, oil and oil-related wealth. On the other hand, dryland farmers and the small-town businessmen who depend on their purchases, are having a rough going.

The President didn't see the locked store entrances or the business places empty of customers. He heard a great deal of the need for cheap and easy federal credit for farms which have suffered seven years of drought, but he couldn't see exactly what it's needed for.

One great need is to prevent farm destruction by wind erosion — the weather phenomenon that results in great dust storms.

H. N. (Red) Smith, head of the Texas office of the U.S. Soil Conservation Service, said in November 870,000 acres underwent emergency plowing to protect them from wind erosion. Another 400,000 acres were treated in December. And 6,200,000 acres in 68 counties, he said, are in condition to blow when the winds really get fierce starting in February and continuing through May.

"The farmers are going to have to have to have help either in credit or in government cost sharing," Smith said. "This unquestionably is the worst we've ever had."

After all the dry years, he pointed out, there isn't much vegetation to help tie down the land. And the rainy season, if one should come to sprout protective vegetation, is in April and May after the winds already have gotten in some hard licks at the soil.

To buy tractor fuel for this emergency plowing, "they're having to go into debt," Smith said.

Said Agriculture Commissioner White: "Ninety per cent of Texas farmers and ranchers owe a great deal of money."

And, pointing to the lack of crops or poor crops in many sections in 1956, White said, "Ninety or nearly 90 per cent paid nothing on their mortgages."

Not all the state farm economy is in bad shape. Farm production and quality were superior, for instance, in the Lubbock area and in other South Plains and Panhandle sections where farmers can irrigate from wells.

This specialized production, mostly from cotton and grain sorghum irrigation, helped bring Texas farm income to within 9 per cent of the 10-year average.

But the "average" can be misleading because it includes seven straight years of drought and a couple of other dry years preceding the good rains of 1949.

Take one crop. The 10-year Texas wheat average is 50,722,000 bushels. Last year it was 26,388,000. But in 1949, a year of adequate rains and the kind of year Commission White talks about, production was 92,676,000.

From the viewpoint of human privation, of which the President could see little, Karnes County in south Texas is a serious example.

It once was one of Texas' leading agricultural counties and state leader in flax raising. Cotton, corn and grain sorghum were the other principal crops. The farmers are the kind you'd describe as "substantial."

Most farmers haven't made a substantial crop in Karnes County in five to seven years, and credit sources have been exhausted.

County Judge W. S. Pickett said that as of today, 7,899 perosns are on the relief rolls in a county with 17,500 population. Many are farmers who earlier won state or local recognition for their modern farming practices.

To anyone who says the farmer should be left to fight his battles alone, Judge pickett said, "I wish they'd come down here. We're about to starve to death."

Earlier this year, there were 10,000 on relief, but many, said Judge Pickett, went to less hard-hit areas this fall to pick the cotton crop and haven't returned. He said 25 out of 150 businesses in town closed last year.

The judge's voice got a little husky when he said, "All of our young fellows have left. They're not coming back here. They never will.

"Eventually we'll have nothing but farmers that are growing older by the day."

ARTURO TOSCANINI
. . .Dies At Home

Viewing Of Toscanini Body Slated

NEW YORK (AP) — The body of Maestro Arturo Toscanini, musical genius beloved by millions for more than two generations, will lie in state for public viewing today and tomorrow.

The Maestro died in his sleep yesterday morning at his home in Riverdale, the Bronx, after a stroke. He would have been 90 in March.

Not only the great personages mourned the loss of the diminutive man who wove magical webs of entrancing music with his baton. There were also the countless "little people" — their lives enriched by the tapestries of sound produced for them by a dedicated artist.

Said President Eisenhower in a statement:

"As man and as magician he gained the admiration of the world. He spoke in the universal language of music, but he also spoke in the language of free men everywhere.

"The music he created and the hatred of tyranny that was his are part of the legacy of our time."

There will be a Solemn Requiem Mass in St. Patrick's Cahedral at 10 a.m. Saturday. Later the body will be flown to Italy for burial in the family chapel in Milan.

Outside the Milan opera, La Scala, the Italian flag was lowered to half mast yesterday. The orchestra there halted rehearsal for one minute of silent tribute when word of his death was received.

Church Proposal Made In Midland

MIDLAND (AP)—A meeting of the El Paso Presbytery of the Presbyterian Church, U.S., voted yesterday to change the book of church order to provide for the ordination of women as ruling elders.

The proposal, approved last year by the church's general assembly, is now being considered by its presbyteries. If a majority of the 87 presbyteries approve the measure, it will be sent back to the general assembly for final action.

Wanted: Any Old Money

AUSTIN (AP)—Rep. Frates Seeligson of San Antonio wants the state to pocket any old, unused money lying around in Texas bank vaults.

That is, if no one has made a move to claim the money within the past 15 years.

A House bill ready for introduction by Seeligson would declare that it be the policy of the state "while protecting the interests of the owner thereof, to utilize unclaimed property held by banking organizations for benefit of all the people of the state."

Under provisions of the bill an account in a bank or similar financial institution would be presumed abandoned if there had been no change in the account or contact with the depositor for 15 years. This also would apply to funds removed from safety deposit boxes for nonpayment of box rent.

Big Spring Airman To Get Medal Friday

SAN FRANCISCO (AP)—Specialist 3.C. Jackey N. Parrott, 26, of Big Spring, Tex., will be awarded the Soldier's Medal tomorrow, the Sixth Army has announced.

Parrott, son of Mr. and Mrs. Julius N. Parrott, Frederick, Okla., will be awarded the medal for rescuing the operator of an overturned bulldozer here on May 11, 1956.

Is she a receptionist in a business office? Turn to page 10; clip award voting ballot from ad; cast your vote for Snyder's "Friendliest, Most Courteous" Employee Awards.

Kiwanis Plans For Banquet

Arrangements have been completed for the Snyder Kiwanis Club's installation banquet scheduled for the night of Jan. 29.

Wayne (Red) Smith, manager of the event, it was announced at the Kiwanis luncheon meeting Wednesday in the Hilander. The banquet will be held at the Martha Ann Woman's Club.

Officers and directors for the new calendar year will be officially inducted at the banquet. Kiwanis Club members, their wives and guests will attend.

In other business at the Wednesday session, Kiwanians voted for the club to contribute 50 cents per point in the "points for polio" basketball game next Tuesday night. The club will contribute 50 cents for each point scored by the Snyder High School team in its game against the Lamesa Tornadoes.

"Swede" Swanson was inducted as a new member of the club. He was introduced by H. W. Cargile, chairman of the membership and attendance committee.

Backs Ike's Policy

PLAINVIEW (AP)—The national commander of the Veterans of Foreign Wars said last night he approves President Eisenhower's policies in the Middle East.

Cooper Holt, a native of Chattanooga, Tenn., told a VFW meeting the VFW does not want war, "but we know what war is."

Williamson Services Set

Funeral services will be held in Marble Falls on Friday for William C. Williamson, 79, who died at his home there Wednesday morning.

Mr. Williamson, a retired rancher, was the father of Mrs. Ocie Vest of Hermleigh and of Roy Williamson of Snyder.

The funeral service will be held in the Marble Falls Baptist Church and burial well be in the Marble Falls Cemetery.

Survivors include the wife, Mrs. Lilly Williamson of Marble Falls; three daughters, Mrs. C. R. Shugart of Utopia, Mrs. Dorf Ridge of Robstown, and Mrs. Vest; five sons, Ray Williamson of Lubbock, Earl Williamson of New York City, Ira Williamson of Burnet, Emmett Williamson of Denver, Colo., and Roy Williamson.

Two Killed, One Hurt In Head-On Collision

MARSHALL (AP) — The head-on collision of two cars about a mile north of here last night took the lives of two persons and injured another.

Dead were Mr. and Mrs. R. C. Swisher of Port Arthur. They were about 52.

Billy Jerald Wyatt, 19, of Marshall, was injured.

Man Is Charged In Stabbing Of Airman

VICTORIA (AP)—Roberto Jimenez, 22, was charged with murder yesterday in the fatal stabbing of a Wisconsin airman, Frederick Taylor, 18, of Kenosha. He was stabbed to death in a tavern Tuesday night.

Witnesses said Taylor was sitting at a table in the tavern with another airman when an argument developed between a man and a woman. Taylor received a stab wound in the heart when he attempted to break up the argument.

Jimenez was held in jail without bond.

Ballet Steps Presented At Meeting Here

Beta Sigma Phi held their regular meeting Tuesday, January 15, in the home of Mrs. Ann Kent, 1916 Coleman, at 8 p.m. with twelve members and seven guests present. Guests were Mrs. Kay Williamson, Mrs. Elaine Lambert, Windy Sikes, Jan Detrich, Shelly McMullan, Sue Hodges and Brenda Townsend.

Program number eight in the "Paths of Loveliness" series was given by Miss Shirley Ann Goss who presented Mrs. Elaine Lambert, her guest speaker, and several of her ballet students. Mrs. Lambert gave a sypnosis of the history of ballet.

The first organized school of ballet originated during the rein of Louis IV in France. Jan Detrich, Windy Sikes and Shelly McMullan illustrated the beginner steps and techniques. Miss Brenda Townsend demonstrated the beginner advance steps and techniques. The advance steps and techniques was illustrated by Miss Sue Hodges.

Several difficult advance exercises were shown to the club to show that there is work to ballet and not all play. Miss Hodges concluded the program with the "Get Happy Boogie" dance which she did the chorography herself.

Following the program refreshments of coffee and cake were served to the members and guests.

The next meeting will be held in the home of Mrs. Dutch Monzingo, Lamesa highway.

Officers Of Local Club Are Elected

Officers for 1957 were elected in the Tuesday meeting of the 20th Century Club held at Martha Ann Women's Club.

Mrs. J. E. LeMond was elected president, Mrs. G. W. Hicks, first vice president, Mrs. Fred Beaty, second vice president, Mrs. John Reaves recording secretary, Mrs. Dale Clemmer corresponding secretary, and Mrs. B. J. Bartel treasurer.

Mrs. F. O. Griffith was hostess for the meeting.

On roll call Mrs. I. W. Boren asked that members answer with a club woman whom the member admires.

Mrs. I. T. Huckabee discussed clubs of yesterday. She told how a small group of women meeting in the home of Mrs. Jennie June Croly in 1868 formed what had grown into the Federation of Women's Clubs.

Mrs. Huckabee listed achievements of the Texas Federation of Women's Clubs from 1897 to 1912.

In another part of the program Mrs. Griffith discussed clubs of today saying that today's clubs are clubs of action—civic minded locally and nationally.

Mrs. Griffith said that club women of today are responsible for get-out-the-vote campaigns, world hospitality, mental health programs, guards for school crossings and many other civic programs.

In concluding the program Mrs. Bartel discussed common ailments of women's clubs. She stressed that clubs should be active, have a purpose or goal, and that there shoud be dissension among club members.

Refreshments were served to 12 members.

HOMEMAKER OF TOMORROW—Tennie Eades was presented an award as Snyder High School's Homemaker of Tomorrow in an assembly program yesterday by T. D. Wiman, Jr., high school principal. Miss Eades is wearing a dress she made as a homemaking project. (Katherine Northcutt photograph)

Tennie Eades Is Selected Homemaker Of Tomorrow

The Betty Crocker Homemaker of Tomorrow in Senior High School is Tennie Eades.

She received the highest score in a written examination on homemaking knowledge and attitudes, administered Dec. 4, to senior girls in the graduating class. Her examination paper will be entered in competition to name this state's candidate for the title of All-American Homemaker of Tomorrow and will also be considered for the runnup award in the state. For her achievement, she will receive an award pin designed by Trifari of New York.

The national winner in the third annual Search conducted among 300,526 young women in 11,636 of the nation's public, private and parochial high schools will be named May 2 at the American Table banquet in the Waldorf-Astoria Hotel, New York City.

General Mills is sponsor of the program designed to assist schools in education for home and family and to emphasize through a sound scholarship award program the personal qualities and sense of values necessary to successful homemaking. A total of $106,000 in scholarships will be awarded.

Each state Betty Crocker Homemaker of Tomorrow will receive a $1,500 scholarship and an educational trip with her school advisor to Washington, D. C., colonial Williamsburg, Va., and New York City. A $500 scholarship will be awarded the runnerup girls in each state. The school of the state winner will receive a set of the Encyclopedia Britannica.

The scholarship of the young Homemaker of Tomorrow will be increased to $5,000. This year for the first time girls who rank second, third and fourth in the national finals will receive $4,000, $3,000 and $2,000 scholarships, respectively.

WHAT'S GOING ON

MR. AND MRS. W. Q. MCCLANAHAN of Tulsa, Okla., recently visited in the home of their daughter and her husband, MR. AND MRS. S. MYERS, 2001 Avenue E.

• • •

MRS. MARY JANE WOOD of Houston recently visited in the home of her daughter and her husband, MR. AND MRS. HARRY NEWTON, 2612 Avenue E.

• • •

MR. AND MRS. JOHN LANCASTER, Woodstock, Ver., visited this week with MR. AND MRS. ARTHUR BLANCHARD, 2434 Sunset.

Acacia Study Club Elects New Officers

A new slate of officers was elected by the Acacia Study Club at its regular meeting in the Martha Ann Woman's Club.

Mrs. DWane Collins was elected president for the next club year. She will succeed Mrs. Charles Hooser as head of the club.

Other officers elected include Alice Birdwell, first vice president; Mrs. Tim Dennis, second vice president; Mrs. Jack Liscomb, recording secretary; Mrs. Dan Warren, treasurer, and Mrs. Jack Nesbit, corresponding secretary.

The new officers will begin their respective terms in May.

Mrs. Tim Dennis was hostess for the club's meeting.

Dunn Eastern Star Visited

Mrs. Paul Cain of Sweetwater, deputy grand matron of District 2, section 2, Grand Chapter of Texas, made her official inspection and instruction visit at a recent meeting of the Dunn Chapter No. 358, Order of the Eastern Star.

Officers of the chapter are Mrs. J. E. Shipp, worthy matron; J. E. Shipp, worthy patron; Flossie Hall, associate matron; N. F. Hall, associate patron; Vernice Laster, secretary; Edna Laster, treasurer; Maxine Barkley, conductress; Frances Billingsley, associate conductress; Era Sandifer, chaplain; Myrtle Billingsley, marshal; Laura Bell Bowers, organist; Jewel Ellis, Adah pro-tem; La Juana Solomon, Ruth; Iva Byrd, Esther; Ruth Scott, Martha; Lorena Mattson, Electra; Stella Billingsley, warder; Frank Wilson, sentinel pro-tem.

A dinner was given in honor of Mrs. Cain, and a stole was presented her. Also honored was Aletha Murphy, charter member.

Following the meeting pie and coffee were served to visitors and members from Snyder, Colorado City, Abilene, Sweetwater, and Roscoe. Three past deputy grand matrons were present.

Gift Presented To Miss Ruby Butts

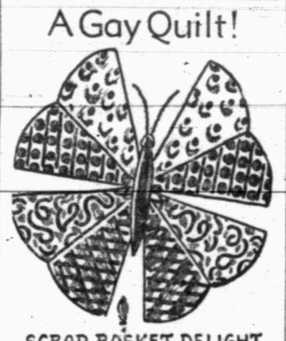

Miss Ruby Butts, County Home Demonstration agent, was presented a gift and Joyce Rodgers received her secret apl gift at a meeting of the Plainview 4-H Club Tuesday.

The meeting was held in the Roy Staton home, and Betty Staton presided.

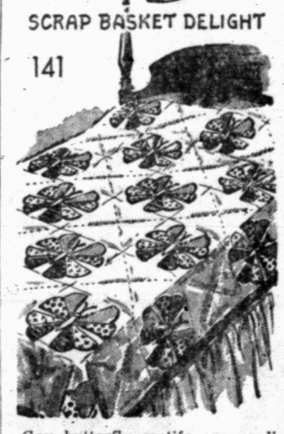

Miss Butts gave a demonstration on tomato surprise, and a new member, Carolyn Hollis, was received into the club. Games were played and refreshments were served.

Alma Nell and Fern Hillis will be hostesses for the next meeting.

Send 25 cents in coins for this pattern to MARTHA MADISON, care of Snyder Daily News, Box 438, Midtown Station, New York 18, N.Y.

'CONSUMPTION' AND 'THE WHITE PLAGUE'

Tuberculosis is an ancient disease, as old as the history of civilization. Tubercular lesions have been found in Egyptian mummies, and old manuscripts refer to tuberculosis which was also known as "consumption" and "the white plague" during the Middle Ages. At one time, tuberculosis was the No. 1 killer among diseases. Today, relatively few people die from it because education, modern medical care, and new drugs such as isoniazid have greatly reduced the TB death rate.

Only your doctor is qualified to diagnose tuberculosis. Be sure to visit him periodically for a chest X-ray and a physical examination. If you have a prescription to be filled, only your pharmacist is qualified to fill it promptly and accurately. Bring your doctor's prescription to Burgess Professional Pharmacy. Located at 40th St. and Big Spring Highway. The Phone number is 3-7582.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

DESPITE THAT UPSET defeat at the hands of Lake View Tuesday night, we can still reasonably expect the Mustangs to give the Tigers a terrific scrap tomorrow night when the two teams tangle here.

Have ever seen a Tiger-Sweetwater game in recent years that haven't been terrific battles, regardless of the pre-game ratings of the two teams?

To put it into a nutshell, "Snyder would like nothing better than to beat Sweetwater and vice-versa."

This is what makes each Tiger-Mustang athletic contest an interesting spectacle to watch.

Last fall's football game between the two schools bears out what we are trying to get over.

The Tigers defeated Big Spring, 39-0, and Big Spring whipped the Mustangs, 27-7. But when the Tigers and Mustangs clashed, the Bengals were hard pressed to win 3-0.

So, here we go again. The Tigers basketeers shellack Lake View, 66-49, and then Lake View comes right back and upsets Sweetwater, 40-38.

Several members of the Tiger basketball team were also members of the football team so they won't have to be told that these comparitive scores don't amount to a "hill of beans" when Snyder and Sweetwater teams hook up for an athletic contest.

If we still haven't gotten through to you, Sweetwater will be at its best tomorrow night and the Tigers will also have to be up to "snuff" to emerge victorious.

Lamesa On The Prowl

There's an old saying that "experience is the best teacher."

Lamesa, apparently, is using this bit of strategy in moulding together its basketball team.

The Tornadoes played their 23rd game of the season Tuesday night in defeating Colorado City. Victories were few and far between for better than one-half of this schedule.

But in recent games, the Tornadoes have suddenly caught fire. The overall season record of the Tornadoes is only 6-17.

However, the Lamesans have won three of their last five games including a 55-54 decision over a better-than-average team, the Abilene Eagles, members of Class 2-AAAA.

Tiger coach J. P. Ward took advantage of the open date his team had Tuesday to take a personal look at the Tornadoes against Colorado City.

Ward, as result, will probably spend a few sleepless nights between now and Tuesday when the Bengals meet the Tornadoes at Tiger Gym.

"Lamesa has a run-and-shoot ball club and when they shot Tuesday night they were usually connecting with that basket," Ward moaned.

The Tiger coacher said the Tornadoes hit no less than 56 per cent of their field goal aims against the Wolves Tuesday night.

Next 2 Tilts Vital

Well, the next two games will be vital ones for the Tigers.

It's necessary to win your home games in basketball and after next Tuesday, the Tigers still must go to Lamesa and Sweetwater. As you know, it's much tougher to win on the road in basketball and if you drop a home game, your title chances take a severe jolt.

It doesn't happen often but last year Sweetwater defeated the Tigers here and then the Tigers returned the favor by downing the Mustangs in Sweetwater.

The best thing, of course, is to win them all. That's what we're hoping for the Tigers in their remaining District 3-AAA games.

Oklahoma A&M 57, Oklahoma 43
Bowling Green 94, Western Michigan 82
Seattle 76, Portland State 64

Ex-Woodard Aide To Coach Ottawa

OTTAWA, Kan. (AP)—Ottawa University yesterday announced it has named Dick Peters as head football coach and athletic director.

Peters held the same post at Ottawa from 1949 to 1953 when he joined Chalmer Woodard's staff as an assistant at Southern Methodist University.

IN GRID SPORT

Rules Remain Almost Same

NEW ORLEANS — The Football Rules Committee of the National Collegiate Athletic Assn. termed the game "pretty good as it is today," but cracked down on face mask grabbing as a growing danger.

The three-day sessions ended yesterday with Committee Chairman H. O. (Fritz) Crisler, athletic director at the University of Michigan, calling the get-together "unusually satisfying."

The committee, with final say on football legislation, imposed a 15-yard penalty for protective face mask grabbing and declined to expand the present substitution rule.

E. E. (Ted) Wieman, committee secretary and athletic director at the University of Denver, said the 25-man group felt the practice of grabbing the masks could lead to "dangerous situations."

Strict enforcement will be left to the officials, Crisler said.

Expansion of the substitution rule, proposed by retired Columbia Coach Lou Little as a representative of the American Football Coaches Assn., met with strong opposition, Crisler said.

Under the plan offered by Little, substitutes as well as starters would be permitted to return to the game once each quarter. Only starting players can return now.

Crisler said the committee felt the change could lead to a return of platoon system football. He said schools with large squads could train specialists in offense and defense and still another unit both ways.

"The feeling among committee members," he said, "is that we've got a pretty good game just as it is and there's no sense in changing it."

STEADY TIGER—Ronnie Smith, senior guard for the Tiger basketeers, has been a steady performer for the Bengals this season. Smith crashed the starting lineup at the outset of the season after moving up from the "B" team last year. Smith, at 6-0, has scored 68 points in the 12 Tiger games to date. (Lee Watson photograph)

Tigers Prep For Mustang Invasion

The Tiger cagers sharpened up their fangs with a long drill yesterday in preparation for the invasion of the Sweetwater Mustangs tomorrow in a District 3-AAA game.

Coach J. P. Ward held a lengthy "chalk talk" with his players before taking the floor for the regular workout. Ward gave a scouting report on the Mustangs prior to taking the floor.

Both Ward and his players realize that the Mustangs will be tough to beat despite the 5-11 season record the Ponies are sporting.

The Tigers are expected to be in the peak of condition for the 3-AAA scrap here tomorrow night.

The Tigers and Lamesa currently share the District 3-AAA lead, each with 1-0 records. In their lone loop start to date, the Tigers dumped Lake View, 66-42.

Lamesa trounced Colorado City 76-38, in its lone district outing to date.

While the Tigers are entertaining Sweetwater here tomorrow, Lamesa will be meeting Lake View at Lake View.

Lake View and Sweetwater currently share third and fourth place in the 3-AAA standings, each with 1-1 marks.

Colorado City, 0-2, occupys the cellar.

Sweetwater returns one starter from last year in guard John Craft. The most promising among the newcomers to the Mustang fold are Sammy Harvey, Doug Wright and Nelson Greer.

Tomorrow's game here will start at 8. It will be preceded by a "B" game between the two schools at 6:30.

Pro Football Is A Business

WASHINGTON (AP)—The government contended today that professional football is a business and ought to be subject to federal antitrust laws.

Solicitor General L. Lee Rankin took this position in a brief filed with the Supreme Court, which scheduled oral arguments this afternoon in a suit charging the National Football League (NFL) seeks to monopolize pro football.

The suit was filed by William Radovich, former lineman for the University of Southern California and the Detroit Lions. Radovich claims $105,000 in damages from the NFL, its Commissioner Bert Bell, the nine remaining clubs that were in the league in 1948, and others.

Radovich says he was boycotted because he jumped from the Lions to the Los Angeles Dons of the defunct All America Conference. He also says the NFL prevents players from becoming free agents by use of a contract reserve clause and a blacklist. The reserve clause binds a player to a club.

Losing out in the lower courts, Radovich appealed to the Supreme Court.

Suggest Czar To 'Clean Up Boxing'

SACRAMENTO, Calif. (AP)—A Southern California legislator, banging away at reported evils in California boxing, called today for "an all powerful czar" to oversee state control of the sport.

Assemblyman Frank G. Bonelli (D-Huntington Park) said he wants a director "separate and distinct" from the State Athletic Commission.

Bonelli is chairman of an Assembly subcommittee which probed boxing and wrestling last year. He introduced a series of bills which he described as "drastic boxing and wrestling legislation."

LOUISVILLE ROLLS ON

Sooner Aggies Dump OU, 57-43

By BEN OLAN
The Associated Press

Kentucky, the state renowned for swift race roses, has come up with two crack college basketball teams in the Kentucky Wildcats and Louisville's Cardinals. The Cards are showing signs of becoming the top team in the territory.

Racing to a 45-23 lead in the second minutes, Louisville easily registered its sixth straight victory last night, clobbering Eastern Kentucky 104-67. The triumph was the 10th against setbacks for the Cardinals, ranked fifth nationally.

Kentucky (11-3) is fifth in the latest Associated Press poll.

Only two other clubs among the first 20 saw action last night. Seattle (No. 7) defeated Portland State 76-64 and Oklahoma A&M (No. 19) beat Oklahoma 57-43.

In other games, Maryland whipped Georgetwon 82-69, Clemson nipped Furman 80-77 in overtime, Syracuse trounced Penn State 75-45 and Villanova dumped Penn 63-47.

Louisville had an easy time. Bill Darragh led the scoring with 28 points.

The Oklahoma Aggies-Sooner game was a rough one. Joe King of Oklahoma and Joe Crutchfield of A&M were ejected for scuffling under the basket. After a relatively slow start, A&M forged to a 48-30 lead in the second half.

Maryland led Georgetown by 30 points at one point in another rough game. Fifty personal fouls were called and Nick Davis of Maryland and Ken Pichette of Georgetown were put off the floor for fighting.

Bill Yarborough climaxed a brilliant Clemson career by scoring 32 points, including all four Clemson made in the overtime. The six-foot senior, who has used up his eligibility under Atlantic Coast Conference rules, broke 19 school scoring records in finishing with 1,553 points for 85 games.

Mathews Inks $32,000 Braves Pact

By The Associated Press

The Milwaukee Braves had another of their leading sluggers signed today as major league baseball clubs continued to line up players for 1957.

Third baseman Eddie Mathews, who hit 37 home runs and drove in 95 runs, came to terms with the Braves yesterday. He inked a one-year contract calling for about $32,000. First baseman Joe Adcock a 38-homer man in 1956, signed a two-year pact Wednesday.

While the Braves satisfied Mathews, the New York Yankees were unable to make any headway with Mickey Mantle, their star centerfielder. Mantle, who returned his first contract unsigned, had a 30 minute "exploratory talk" with Lee MacPhail, the team's personnel director. Mickey is believed to be asking for $60,000 on the strength of his triple (batting, runs batted in and home run) success and his most valuable player designation.

Jackie Jensen of the Boston Red Sox and Wally Moon of the St. Louis Cards put their names on the line. Jensen, a .315 hitter, was the first Boston player to sign. Moon hit .298 and will get around $18,000 for his 57 efforts.

Infielders Ransom Jackson and Charley Neal of Brooklyn and Johnny Temple of Cincinnati came to terms. So did Pitcher Hoyt Wilhelm of the New York Giants, catcher Mack Burk of Philadelphia and outfielder Jim Pisoni of Kansas City.

The world champion Yanks received the signed contracts of three of their younger players—infielder Tom Carroll, catcher Jim Blanchard and outfielder Marvin Zipfel.

Gil Cadilli Upsets Miguel Berrios

BOSTON (AP)—Miguel Berrios' upset loss to Gil Cadilli today added further confusion to boxing's unsettled featherweight division.

Cadilli beat Berrios, the second-rated feather contender, on a split decision in a nationally televised 10-round bout last night at Mechanics Building.

The verdict came only a few hours after the National Boxing Assn. stripped Sandy Saddler of the title for not defending his championship within a specified time.

Bryant Will Return As Cat Manager

FORT WORTH (AP)—Clay Bryant will return as manager of the Fort Worth club in the Texas League.

Saddler Loses Claim To Title

MILWAUKEE (AP)—Spindly legged Sandy Saddler, no longer the boss of the featherweights in the eyes of the National Boxing Assn., may be reinstated if he proves "physically unfit" at an examination next week.

The NBA stripped Saddler of his crown yesterday for failing to sign for a title defense but said it would "reconsider" if the examination shows "he is unable to fight."

Sandy was injured in an auto accident last July and hasn't fought since. He last defended the 126-pound title Jan. 18, 1956, when he stopped Flash Elorde of the Philippines in the 13th round.

This is the third time, in and out of the ring, that Saddler has lost the championship. He first lost it to Willie Pep on a 15-round decision Feb. 11, 1949, after he had won it from the Hartford, Conn., fancy dan four months earlier.

Then, on Dec. 14, 1954, the NBA dethroned Saddler for failing to defend his crown within a six-month period. The New York State Athletic Commission declined to take similar action.

The New York commission also leans toward Saddler in the latest hassle.

"We're not going to take any man's championship away if he's got a legitimate reason for not fighting," said Chairman Julius Helfand in New York. "His condition will be determined shortly and the New York commission will act accordingly."

ETS Coach Joins Wichita Staff

WICHITA, Kan. (AP)—Don Fambrough, 34, has been named an assistant to Coach Chalmer E. (Woody) Woodard at the University of Wichita.

Fambrough is currently an assistant at East Texas State, Commerce, Tex.

A native of Longview, Fambrough attended the University of Texas in 1941-42, playing guard. After serving in World War II, he played guard at the University of Kansas in 1946-47.

GETS NEW POST—Pete Elliott, former Michigan quarterback, has been named head football coach at the University of California. A three-year contract estimated at about $18,000 a year lured him from his head coaching job at the University of Nebraska. (AP Wirephoto).

Hermleigh, C-City Girl 6s To Clash

Hermleigh will host Colorado City in two girls basketball games tomorrow night.

The "B" game will start at 6:30, the varsity at 8. The games are non-district affairs.

In other games involving 16-B teams tomorrow, Westbrook goes to Fluvanna and Ira to Loraine with both boys and girls teams seeing action.

Giese Turns Down Lucrative Offer

COLUMBIA, S.C. (AP) — Warren Giese has let the cat out of the bag.

He finds the head football job at the University of South Carolina "wonderful" and intends to stay there.

Despite a reportedly tempting offer of $17,500 a year from the University of Houston, Giese announced last night that he is going to continue at South Carolina.

Brooks Oilers Bow To Webb, 65-55

Brooks Oilers, playing their first game in a month, dropped a 65-55 decision to Webb Air Force at Big Spring last night.

Webb grabbed a 28-19 halftime lead and then retained that margin until the finish.

Gil Gilpen led Webb to victory with an 18-point performance.

High pointer of the game, however, went to Howard Jones of the Oilers who bucketed 21 points. Two other Oilers hit in double figures, Bill Voss with 13 and Ray Isaacs with 11.

Webb also had two others scoring in double figures, Sweeny with 14 and Bates with 11.

Two Oilers and one Airman fouled out of the game. Using up their foul quota for the Oilers were Dock Dawson and Isaacs. Shaffer fouled out for the Airmen.

Three Are Killed In Kansas Explosion

LIBERAL, Kan. (AP) — An explosion flashed through a big pipeline compressor station here in the southwest corner of Kansas yesterday, killing three workmen and threatening natural gas supplies as far east as Detroit.

Officials of Panhandle Eastern Pipeline Co. said they hoped to restore deliveries to 70 per cent of normal today.

They indicated this would mean no curtailment of gas for household use along Panhandle Eastern's system in Kansas, Missouri, Illinois, Indiana, Ohio and Michigan.

Industrial users in the six states were cut off immediately.

The whole area presently is in the grip of a cold wave.

The were about 25 men in the plant. Fourteen were burned and battered by the explosion. Three were reported in critical condition. Four were released from a hospital after treatment.

The blast blew the metal roof and sides off the main compressor building, 364 by 68 feet. It wrecked the engines and compressors. An adjoining machine shop was heavily damaged. Five other buildings and eight houses on the 80-acre plot 15 miles northeast of Liberal had lesser damage.

One company official said the loss might run several million dollars.

"Everything just went off in my face," said J. D. Armstrong, one of the workmen injured. "Pieces of metal and glass were flying all over the place and everything was on fire."

The fire burned two hours, fed by gas from broken lines, before valves could be closed.

Those killed were Melvin Swafford, 35, who lived on the station; James Hanes, about 30, Paul's Valley, Okla.; and Ivan Hill, about 40, Liberal.

A company spokesman said failure of a piece of equipment on a compressor engine caused the blast. Workmen said they heard a hissing noise just before the explosion.

The central station collects gas through small pipelines from fields in southwest Kansas and Oklahoma and Texas Panhandles, compressing it and boosting it along 24 and 26-inch mains to the East. It once was the largest compressor station in the world.

Congressmen Oppose Power Rate Increase

WASHINGTON (AP)—Rep. Rogers (D-Tex.) joined eight other congressmen from drought-stricken states in asking President Eisenhower to delay proposed rate increase for Southwestern Power Administration customers.

The Interior Department has filed proposed higher SPA rates with the Power Commission. The congressmen said a postponement, of at least nine months, would "help our distressed people." They said it would appear justified in view of the section's economic condition.

Fort Worth Native Is Given Church Position

SACRAMENTO, Calif. (AP) — The Very Rev. Clarence Haden Jr., a native of Fort Worth, was elected Coadjutor Bishop of the Episcopal Bishop of Sacramento yesterday.

Haden said he would confer with church officials in Sacramento next week before deciding whether to accept the post. He now is dean of the Grace and Holy Trinity Cathedral, Kansas City.

Haden formerly held posts at Denton, Gainesville and Corsicana, Tex.

Television Plan Set Up

AUSTIN (AP)—Special procedures were spelled out yesterday for radio and television reporters by the House Rules Subcommittee. It said no equipment would be allowed on the floor of the chamber.

It said space would be provided for radio and television equipment and personnel in the gallery, except on special occasions when it may be allowed on the main floor.

The subcommittee also adopted a 30-second warning signal of an electric "on air" sign and to issue credentials to the radio-TV reporters.

It also said program sponsors would have to be approved by the Rules Committee 24 hours in advance of a broadcast or telecast. One exception is when the work is done for part of a regularly scheduled news program or as a public service.

A violation of the rules could mean a revocation of credentials, the subcommittee said.

Children Ordered To Be Vaccinated

CORPUS CHRISTI (AP) — Two children of a chiropractor have been ordered not to return to school until they are vaccinated against smallpox.

Dr. L. E. Barrows, who recently moved here from San Antonio, protested the vaccination requirement at a meeting of the school board Monday. He accused the schools of "practicing medicine without a license."

NO TUMBLING ACT

BALTIMORE (AP) — Sandra Phillips, 11, fell through the ice into Back River. Her friend, Leona Rynarzewski, also 11, tried to pull her out and fell in too.

Mrs. Rynarzewski ran from her home and hauled Leona to safety, but when she tried to save Sandra, she fell in.

Mrs. Nancy Oechsler, a neighbor, got Sandra out, then tumbled in while trying to help Mrs. Rynarzewski.

Neighbor Mitchell McFarland and an unidentified truck driver pulled the two women out. They did it without falling in.

Commission Upholds Order To Consolidate

AUSTIN (AP)—The Texas Railroad Commission has upheld its previous order to consolidate Missouri-Kansas-Texas passenger trains north and southbound between Dallas and Denison after an appeal by rail unions.

After the commission had approved MKT's request for consolidation on Dec. 19, rail employes protested on Jan. 7. The commission rejected the appeal.

The order allows MKT's southbound passenger trains Nos. 1 and 7 between the Oklahoma state line near Denison and Dallas to be combined. Also, the road will join together its northbound passenger trains Nos. 2 and 8 between Dallas and the Oklahoma state line near Denison.

Development Meet Slated For Abilene

ABILENE, — Approximately 250 community leaders are expected to attend the Fourth Annual West Texas Industrial Development Conference in Abilene Jan. 24, E. L. Buelow, chairman of the industrial committee of the West Texas Chamber of Commerce, announced today.

The program for the conference, planned by some 29 persons from 13 West Texas cities, presents a complete outline of community industrial development techniques, Buelow said.

Two well-known industrial development leaders will address the conference. Dr. W. Paul Brann, associate director of the University of Arkansas' Industrial Development Commission, will discuss "Preparing the Community to Attract Industry." Dr. Brann is author of several studies and articles in the field of industrial development and has served as consultant to federal and state agencies and to private business. A member of the President's Committee on the Southwest economy, he has also worked with the area development division of the U. S. Department of Commerce.

Fred H. Husbands, executive vice president and general manager of the WTCC, will discuss "Industrial Prospects — How to Find Them, What to Do With Them. During the nine years he was manager of the Waco Chamber of Commerce, such nationally-known firms as General Tire and Rubber, Holly, Norwood Manufacturing, Weston Biscuit, and Wolf manufacturing chose Waco locations for branch factories and re-location.

The conference begins with registration from 4 to 6 p.m. Jan. 23 in the lobby of the Wooten Hotel in Abilene. Registration resumes Jan. 24 from 8 to 9 a.m. in the lobby of the Wooten.

Morgan Jones, president of the Abilene Chamber, will welcome the conference to the city. George Jordan, manager of the Brownwood Chamber of Commerce and president of the Chamber of Commerce Managers' Association of West Texas will give the response. Buelow will preside.

During the morning the two speakers will be heard, with the afternoon devoted to questions and answers and group discussions.

Cost Of Taxes To Valley Estimated

WESLACO (AP) — The Valley Chamber of Commerce estimated yesterday that the per capita share of each resident in the Rio Grande Valley would be $372 if the proposed U.S. Budget is approved.

It said the proposed budget would cost the Valley 150 million dollars in federal taxes.

Two Aggies Suspended

COLLEGE STATION (AP)—Four sophomores were suspended by Texas A&M College yesterday for hazing freshman students. Eighteen other students received lesser punishment.

Col. Joe E. Davis, commander of the Texas A&M Cadet Corps, said the suspensions are for an indefinite period of not less than one semester and are effective at the end of examinations this week.

All the students disciplined were members of the same Cadet Corps infantry company. Col. Davis said release of their names was against college policy.

The four sophomores were charged with paddling freshmen with brooms and requiring personal service from the first-year students.

"Hazing . . . and disciplinary exercises of freshmen are a clear violation of college regulations and will bring prompt and effective punishment whenever they are proven," Col. Davis said.

Truck Ban Sought

SACRAMENTO, Calif. (AP)—In a move to reduce highway accidents Assemblyman Charles H. Nelson (D-Los Angeles) proposes in a bill to ban trucks from freeways from Saturday noon until Sunday midnight.

BURIED DOG DIGS OUT OF GRAVE—Three-year-old Andrew Wallace of Jasper, Ga., visits his pet Collie, Butch, in an animal hospital at Gainsville. Butch was hit by an automobile and injured badly and a neighbor shot a bullet into his head to put him out of his misery. The neighbor buried Butch in a shallow grave 5 miles from his home. Twelve days after the accident the dog came whimpering at the back door of his masters' home suffering from two broken legs and pneumonia plus the bullet wound in his head. Butch was taken to a veternian and is now on the way to recovery.

Vaccinations For Polio Are Lagging

Concern over lagging polio vaccinations was expressed this week by state and local health authorities.

Just slightly more than 10 per cent of the Texas population under 20 years of age has received the full course of three shots, while locally the figure is estimated to be closer to 15 per cent. Neither figure is high enough, however, health officials say.

In making his announcement on the state situation, Henry A. Holle, state health commissioner, said the start of the 1957 season is "just a brief three months away." The polio season usually starts in Texas in mid-April.

Holle predicted the relative number of cases among teenagers and young adults would steadily increase because many persons in these age groups discount the possibility of falling victim to the disease and fail to take the protective shots.

"The facts are that about 29 per cent cent of all polio cases last year occurred among persons over 15 years old," he said, adding that polio among persons of those ages is more highly fatal than to younger ages.

In Scurry County, apparent good results of the Salk polio vaccine is evident in that there have been only three bonafide polio cases in the county since the shots were started here in April, 1955, almost two years ago.

In the four years prior to that time, the average was five per year. There were nine cases here 1954, one in 1953, seven in 1952, and three in 1951.

There were two polio cases here during 1956. Although there were others reported as polio, only two were reported as proved out cases to the Scurry County Health Unit, according to Leah Davis, senior health nurse. Those victims were James Ernest Davis, 2, son of Mr. and Mrs. Wade Davis, 2709 Avenue Q, reported June 30, and Rosa Torrez, 5, daughter of Mr. and Mrs. Faustino Torrez of Dunn, reported Aug. 20. Neither had vaccine, and both have residual effects.

Holle said fair progress has been made in vaccinating infants and grade school-age children, but unless high school and college students quickly avail themselves of protection through vaccination, "the heaviest percentages of future cases will affect them," he said.

Vaccine is now in plentiful supply, Holle said, "But it doesn't do any good in the bottle."

At the end of 1956, a total of 732 cases of polio in its paralytic form had been registered in Texas. Of that number only 48 were reported as having received at least one shot, and only two had received all three shots.

Holle appealed to parents of children who have had one or two shots to be sure they have the third shot on schedule. "The vaccine may give over 90 per cent protection when all three shots are administered as recommmended."

The recommended sequence calls for the second shot to be given a month after the first and the third shot seven months after the second.

"It is a major miracle that so many people have been vaccinated in such a short space of time, but we cannot rest on that laurel with less than 10 per cent of the job done and with another polio season coming up," he said.

Jury Named For Trial Of Robert Burns

JASPER, Tex. (AP)—A jury was selected yesterday for the trial of Robert Allen Burns, 21, charged with the robbery of the J. C. Holton Tourist Courts here last Nov. 5. Nine witnesses then testified.

Burns pleaded innocent.

He is charged along with Jerry Leonard Fairris, 20, and Anne Marie Fairris with taking $500 from the Holtons at pistol point.

Fairris, a member of a notorious southwestern crime-bent family, and his wife are jailed awaiting trial.

Attorneys Jack Redden of Odessa and W. W. Newberry of Jasper won a separate trial for Burns.

The witnesses, mostly law officers, told of capturing Burns and Fairris after a night long search.

Police Chief Gerald Newbill of Center said the pair had "nearly $500" in their pockets when they were captured.

Mrs. Fairris was arrested by Jasper Police Chief Rayford Gilbert when she returned to a service station run by the Holtons' son, Grady Holton.

The elderly Holton testified he gave the money to the pair after being told they were "just aching to kill somebody."

Hungarian Refugees To See Inauguration

PITTSBURGH (AP) — Fourteen Hungarian refugees who arrived here recently will have ringside seats at President Eisenhower's inauguration ceremonies next Monday at Washington.

Learning that some of the refugees had expressed an interest in the machinery of inaugurating a U.S. president, the Young Republican Club of Allegheny County invited the 14 to accompany them on their special train.

Dognapping

DENVER (AP) — Ocho, a black Labrador retriever puppy, is missing and his masters, Mr. and Mrs. Al Hansen, are convinced the dog is being held for ransom. Mrs. Hansen said a man's voice on the telephone asked her to describe the dog. Then he asked what reward she was offering. When she suggested $10, the man said "not enough," and hung up.

RULES PRESERV EJUSTICE

Are you hopelessly confused by court room procedure? Words such as "objections", "overruled", "sustained", "hearsay", "irrelevant" and "opinion" are meaningless to many persons.

The purpose of a trial is to settle disputes that the parties cannot settle by themselves. Before these disputes can be settled, the facts which give rise to them must be established. This sounds simple, but on the contrary it is a difficult task. If the parties agreed on the facts the job would be easy, but each side has its own version.

The trial court has the job of establishing the facts. This is accomplished by questioning witnesses and the introduction of physical evidence. This requires application of the rules of evidence.

Through the years the law of evidence has been established. The rules place restraints on what type of evidence is proper. They have the effect of protecting the rights of the parties by insuring a fair trial.

Hearsay is a word often heard during a trial. Hearsay may involve a statement by a third person of a conversation between two other persons. It would be hearsay if Jones were asked to tell the court what he overheard Smith tell Greene. With certain exceptions, evidence of this type is excluded because it is not reliable, and might open the door to false testimony.

A lawyer objects to evidence he does not believe is proper. If a lawyer objects to evidence because it is irrelevant, he means that the evidence is of such little importance that it has no bearing on the case, and if admitted it would bog down the trial so that the time needed doesn't justify its admittance.

Opinion evidence of one not an expert is not admissible since such opinion carries no weight.

When an objection is sustained by the judge the evidence is not received. Should the objection be overruled, the evidence is allowed to be presented.

The rules of evidence have been built up through many years of court trials. These rules are not arbitrary but are designed to see that justice is done in our courts. The judge is seeking to have the truth established and insure that all parties and witnesses in the trial are given a full and fair opportunity to present the facts.

(This column, prepared by the State Bar of Texas, is written to inform — not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the facts involved, because a slight variance in facts may change the application of the law.)

Snow, Wind Strike Some Areas Again

By The Associated Press

Temperatures moderated in some sections of the ice-chilled northern Midwest today but snow and blustery winds made a fresh entry and kept wintry weather much in the spotlight.

Meanwhile, no general relief from the season's longest cold snap across the eastern half of the nation appeared imminent.

The so-called warming trend in parts of the north central area was a little on the freakish side, climatically. Arctic air normally flows into the country from Canada. But during the night much warmer air spread across the border. It was expected to move slowly eastward into the Great Lakes and Ohio Valley today.

Readings in the north and central plains eastward to the Mississippi River, at subzero levels for several days, moderated considerably. However, they were still below freezing, but about 30 degrees higher in Montana and North Dakota than 24 hours earlier.

Interest Rate Boost Sought

AUSTIN (AP)—The Legislature will be asked to increase the interest rate to 4 per cent on future veterans' land loans because of the tight money market, the General Land Office said yesterday.

It would be a 1 per cent increase.

Land Office Chief Clerk Dennis Wallace said the present tight money market makes it impractical to sell the 100 million dollars in bonds the state was authorized to do last November.

Wallace explained the cost of selling and keeping the bonds now cost almost as much as the 3 per cent interest charged by the state. He said a bill already has been prepared asking the Legislature to set the duties and salaries of the now-mostly appointive board.

When the constitutional amendment was approved in November, the governor and attorney general were knocked off the board. Two members now are appointed to serve with Land Commissioner Earl Rudder. Former Gov. Allan Shivers made the appointments but the Senate has not confirmed the two.

Rock-Throwing

WARSAW (AP)—A gang of "hooligans" was blamed today for a rock-throwing attack on a police station in the northern Polish city of Bialystock.

Directors Of Ginners Group Slate Meeting

MCALLEN (AP)—Horace Etchison of McAllen, president of the Texas Cotton Ginners Assn., said the annual meeting of directors of the association will be held here next week.

The meeting, set for next Monday and Tuesday, will be attended by some 150 directors and their wives, Etchison said.

Lloyd M. Bentsen Jr. of Houston, former Valley congressman, will address the directors' banquet Monday night. Business sessions are planned both days.

Alarmed Firemen

LAGUNA BEACH, Calif. (AP) — When officials of Laguna Beach High School set out to learn who turned in a false alarm that emptied the entire school, they found Fire Chief Homer Mann. It was like this, mumbled Mann. He was inspecting a fire box in the gymnasium yesterday, when all of a sudden—.

Oil Hearing Is Scheduled

AUSTIN (AP)—The State Railroad Commission holds its monthly oil proration hearing here tomorrow, again faced with demands to increase production.

Major crude oil buyers submitted nominations yesterday indicating an increase of 118,742 barrels of oil daily in February over January. Total nominations of 3,344,643 barrels compare with 3,225,901 barrels for January submitted a month ago.

The commission will take into consideration the nominations and the forecast of demand by the Bureau of Mines in [illegible] at its decision. Nominations were up 141,000 barrels before the mid-December meeting but the commission kept the producing pattern at 16 days.

However, national stocks have continued to drop and many oil men believe the commission will yield to requests for increased production.

Nominations were up in all fields except for a decrease of 1,450 barrels in Dist. 1 and a decrease of 1,451 barrels in Dist. 4, both in Southwest Texas. Nominations in the other districts totaled 121,643 barrels.

Hit By Car, Dies

BROWNSVILLE (AP) — Jose Pequeno, 65, died yesterday of injuries received when he was hit by a car near his home here Tuesday night.

State Soldier Will Be Tried

SENDAI, Japan (AP)—Pvt. Orvis L. Boone, 24, of Galveston, Tex., will be tried by a Japanese district court in Miyagi Prefecture Jan. 20 on one count of arson, murder and robbery, it was announced today.

U.S. Army officials said the soldier, a member of the 5th Cavalry Regiment, is accused of two killings and a series of robberies. He was tried by an Army Court Martial in December and sentenced to life at hard labor, a 1st Cavalry Division spokesman said.

The Army charges included one count of being absent without leave, desertion, and murder and two counts of robbery. He was ordered dishonorably discharged, with forfeiture of all pay and allowances.

Boone was tried by the Army for the bludgeon slaying of Specialist 3.C. Edward K. Manuakea, 21, Honolulu, Hawaii near Sendai last July 31.

The Japanese court will try him for the slaying of Kikuko Muraki, 26, last Sept. 4.

He is being held in a U.S.Army stockade while awaiting trial.

Fatally Injured

PORT ARTHUR (AP)—Presley W. Womack, 46, of Riviera, Kleberg County, was fatally injured in a traffic accident last night at the apex of the Ocange-Pt. [illegible] bridge. Two others were injured.

2 Kingsville Men Rescued By Copter

KINGSVILLE (AP) — Five Kingsville men stranded on two small islands in Baffin Bay were rescued yesterday by a Navy helicopter.

Three of the men, Louis M. Myers, W. C. Tiffee and C. H. Mallard, went fishing Tuesday in a 16-foot boat near the Inter-Coastal Canal. Choppy waves kicked up by a norther made it impossible for them to return to the mainland. They spent the night on an island 20 miles east of Riviera.

W. C. Tiffee Jr. and M. R. Nix set out to look for them and were forced by rough water to seek refuge on another island.

The Coast Guard spotted the men and sent the Navy helicopter.

ACORN SQUASH CENTERS RECEIVE TANGY ORANGE NUT FILLING
. . .they're baked in oven until flavors are blended

Flavorful Brazil Nuts Can Renovate Variety Of Foods

Congeniality with a flourish describes the way Brazil nuts go with almost every food.

Sliced, salted and toasted, Brazil nut chips are a distinctive snack with canapes and beverages. The sliced nuts, plain or salted, create a "petal trim" for cake frostings, salads and casseroles.

Chopped, the nuts lend novel flavor and texture interest to poultry stuffings, rice, noodles, spaghetti and vegetable dishes.

Ground, they make a toasted nut crust supreme to complement chiffon pie fillings, or an interesting coating for candy and cookie balls, for cheese canapes and dried fruit confections.

To shell the nuts, place in the freezer several hours before cracking. Cover the unshelled nuts with cold water; bring to a boil and boil 3 minutes; drain.

Cover with cold water; let stand 1 minute; drain and crack.

BRAIL NUT GLAZE SPARKS ACORN SQUASH

3 acron squash
3 tablespoons butter or margarine
¼ cup sugar
½ teaspoon salt
½ teaspoon cinnamon
¼ teaspoon nutmeg
¾ cup chopped Brazil nuts
1 tablespoon grated orange rind

Cut acorn squash in half lengthwise, then scrape out seeds and stringy portion. Put remaining ingredients in mixing bowl. Cut in butter with two knives or pastry blender.

Place squash in baking pan, divide nut mixture among the 6 squash halves. Cover bottom of baking pan with hot water; cover and bake in moderately hot oven, 400 degrees, 30 minutes; uncover and bake 30 minutes longer. Serves 6.

COFFEE CAKE HAS CRUNCHY NUT TOPPING

2 cups prepared biscuit mix
2 tablespoons sugar
1 cup finely cut dates
2 tablespoons grated orange rind
¾ cup milk
1 egg
½ cup firmly packed brown sugar
2 tablespoons flour
½ cup chopped Brazil nuts
2 tablespoons butter, melted

Combine biscuit mix, sugar, dates and orange rind. Beat together milk and egg. Add to biscuit mixture; stir until blended. Turn into greased 8-inch square pan; spread evenly. Mix together brown sugar, flour and Brazil nuts. Stir in butter; sprinkle over top.

Bake in 375 degree oven 30 minutes. Serves 12.

PILAF IS COMBO OF RICE AND NUTS

3 tablespoons butter or margarine
½ cup sliced or coarsely chopped Brazil nuts
1 can (3 or 4 ounces) mushrooms
Water
1 cup diced celery
2 Bouillon cubes
½ teaspoon salt
1 cup uncooked rice
2 cups diced cooked ham, turkey, chicken or duck

Melt butter in heavy saucepan or skillet. Add Brazil nuts and cook slowly, stirring occasionally, until nuts are toasted delicate brown. Remove ¼ cup of nuts.

Drain mushrooms. Add enough water to mushroom liquid to make 2½ cups. Add to skillet with celery, bouillon cubes and salt. Bring to boil; add rice slowly.

Stir and cover. Reduce heat; simmer 25 minutes. Add mushrooms and ham last 10 minutes of cooking time. Top with reserved nuts. Serves 6.

BREAD PUDDING IS CRUNCHY TREAT

1-3 cup brown sugar, firmly packed
1 tablespoon cream
1 tablespoon melted butter or margarine
1-3 cup chopped Brazil nuts

Make and bake any favorite custard bread pudding. Blend brown sugar, cream and butter or margarine. Add nuts. Spread over hot pudding. Place under broiler until topping bubbles and browns slightly. Serve warm or cold.

GLAED ONIONS, NUTS FORM HEARTY DUET

24 small onions (1½ pounds)
3 tablespoons butter or margarine
½ cup sliced Brazil nuts
1 tablespoon sugar
¾ teaspoon salt
⅛ teaspoon pepper

Peel onions and place in baking dish with butter, Brazil nuts, sugar, salt and pepper. Cover and bake in 350 degree oven 1 hour or until onions are tender. Stir once after first 15 minutes of baking. Serves 6.

SWEET POTATOES HAVE SURPRISE IN CENTER

½ cup ground Brazil nuts
½ cup firmly packed brown sugar
2 tablespoons butter or margarine melted
2 tablespoons orange juice
½ teaspoon salt
2¼ cups mashed sweet potatoes (about 1½ pounds)
8 marshmallows

Combine Brazil nuts with brown sugar in shallow pan; set aside. Add melted butter, orange juice; mix well.

Place whole marshmallow in center of tablespoon portion of sweet potato mixture. Roll so marshmallow is in center of balls. Drop into nuts and brown sugar mixture and roll until ball is covered.

Place in greased baking dish and bake in 350 degree oven 10 minutes or until thoroughly heated. Serves 8.

BRAZIL NUTS ENHANCE CHOCOLATE FUDGE

2 cups sugar
½ cup evaporated milk
¼ cup water
2 squares unsweetened chocolate
2 tablespoons light corn syrup
2 tablespoons butter or margarine
½ teaspoon vanilla
½ cup chopped Brazil nuts

Combine sugar, milk water, chocolate and corn syrup in saucepan; place over low heat. Stir constantly until sugar is dissolved.

Cook, stirring occasionally until small amount of mixture dropped in cold water forms soft ball, or until candy thermometer registers 238 degrees.

Remove from heat; add butter. Do not stir. Cool until lukewarm, or until candy thermometer reaches 110 degrees. Add vanilla and beat until mixture begins to lose its gloss. Quickly stir in Brazil nuts. Turn into greased 8-inch squares.

Lightly mark off squares; if desired, press nut slices into center of each square. Cool; cut into squares. Makes 1¼ pounds.

NUTS DRESS THESE STUFFED FISH ROLLS

¼ cup butter or margarine
2 tablespoons finely diced onion
2½ cups soft bread crumbs, crusts removed
½ cup chopped (medium-fine) Brazil nuts
1-3 cup finely diced celery
2 tablespoons minced parsley
1 teaspoon salt
⅛ teaspoon pepper
3 tablespoons water
4 large or 6 small fish fillets
¼ cup butter or margarine
½ cup sliced Brazil nuts
2 tablespoons lemon juice

Melt butter in skillet over low heat. Add onion and cook until wilted but not brown, about 5 minutes. Add bread crumbs, nuts, celery, parsley, salt and pepper.

Sprinkle with water and mix lightly. Spread stuffing over each fillet; roll and place carefully in shallow baking dish. Bake at 350 degrees until fish is opaque through and flakes easily, about 30 minutes. Serve with sauce garnish.

To make this, melt ¼ cup butter, over low heat, in small skillet. Add ½ cup nuts and cook slowly 5 minutes or until butter is slightly browned; stir often. Stir in lemon juice; heat and serve with fish.

PILAF IS DANDY DEVICE FOR USING LEFTOVER MEAT
. . .mushrooms, Brazil nuts add unusual flavor

BRAZIL NUT COFFEE CAKE BASE IS MIX
. . .crumbly brown sugar and nut topping adds zest

Jail Sentence To Come Before Job

PITTSBURGH (AP) — Charles F. Graham, 44, won't miss any time from his job even if he has to go to jail for drunken driving.

After sentencing Graham to jail, in addition to fining him $100, Judge Loran Lewis learned he might lose his job if he missed any time. The judge stipulated that Graham can begin his sentence at 9:30 a.m. Saturday and end it at 6:30 a.m. Monday—in plenty of time to report for work.

U.S. Help Is Refused

WASHINGTON (AP)—A Houston firm, the Sea Engineering & Salvage Co. was turned down when it sought to help remove sunken ships from the Suez Canal, Rep. Albert Thomas of Houston said yesterday in a protest to the State Department.

Thomas said the firm had tried to get a subcontract with a Dutch concern engaged to handle the job.

"The United States," he said, "advanced five million dollars to the United Nations to pay for clearing the canal. By the time the work is finished we probably will pay 40 to 50 per cent of the total cost.

"In view of this it seems to me that a qualified American company deserves more than a curt brushoff from a Dutch company which will be paid eventually, for the most part, with American money."

Hungary Gets Loan

BUDAPEST (AP)—Radio Budapest announced today that Communist China has granted Hungary a loan of 200 million rubles (50 million dollars at the official rate) for reconstruction in the rebellion-torn country.

LEGAL NOTICE

NOTICE TO BANKS

WHEREAS, the Commissioners' Court of Scurry County, Texas in regular session on Jan. 14, 1957, passed an order which is of record in the Commissioners' Court Minutes, duly authorizing the County Judge of Scurry County to give notice to banks that Scurry County will select a depository for County funds including School Funds at the regular session of the February term of the Commissioners' Court and will enter into contracts with any banking corporation for such purpose.

THEREFORE, in pursuance to such order, and the provisions of Chapter 11, Revised Civil Statutes of Texas, and particulary Article 2544, I Edgar Taylor, County Judge of Scurry County, Texas, do hereby give notice to any banking corporation or Association that Scurry County will enter into a contract with such bank or banks of Scurry County for the depositing of the public funds of such County including School Funds in such bank or banks, and that such selection of such depository will be made at the regular term of the Commissioners' Court to be held at the Courthouse in Snyder, Texas, on the 11th. day of ..... 1957. Executed this 14th. day of January, A.D. 1957.

Edgar Taylor, County Judge
Scurry County, Texas

RADIO DIRECTED FIRE UNITS—Henry Treet, left, is shown above using the two-way radio unit in one of Snyder's four two-way radio directed fire fighting units. Driver at right is H. A. Smith, Jr. The city has a total of 11 two-way mobile radio units, one central base station in the police station, and interconnecting service with the radios of the county sheriff's department. (Lee Watson photograph's)

RADIO BASE STATION—Several mobile radio units of the city of Snyder and county sheriff's department are directed from the central base station in the police station shown above being used by P. W. Bailey, desk dispatcher. Federal government aid through the Civil Defense program assisted the city in acquiring several new mobile radio units last year. The Civil Defense Department paid one-half the cost of additional units. In addition to police, fire and sheriff's department radios, the city has two-way radios in the city manager's official car and in the car provided for the city engineer.

ON AUSTRIAN BORDER

Barking Dogs Are Ominous

BY INEZ ROBB

ANDAU, Austria — Dogs have bayed at the moon from time immemorial and their familiar clamor just ahead of us filled the white night as we three reporters slogged through the mud of a deplorable country road toward the Austrian frontier.

Andau is one of the many small towns on the border of Austria and Hungary now swamped by current history. It is a main collection point, just inside the border for fleeing Hungarians who choose the hazardous Einser Canal crossing because Hungarian marshes and swamps beyond offer a hiding place, or at least a difficult terrain for pursuers whether man or beast.

For I was suddenly shaken by the chill realization that the dogs barking somewhere ahead of us were not farmers' pets, but police and Army dogs ferreting out desperate men and women trying to get through the Iron Curtain to sanctuary in the West.

We — Pasquale Marranzino of Denver's Rocky Mountain News, Ron Collister of the Toronto Telegram and myself — had arrived at Andau around 12:30 a.m. after a quick, 40-mile drive from Vienna through a sleeping countryside, bathed in moonlight.

A few refugees had already arrived, but we were much, much too early for the real influx, the camp authorities told us. Most refugees arrive between 3 and 5 a. m., they said. And, looking at the brilliant moon flooding the stark winter landscape, they predicted that not many would try to cross this night.

So we decided to head for the border on the east, only a mile away. Our car got half way before it was stopped by the mud and the ice-encrusted pools in the road. (The road to the canal, five miles southeast of Andau, was impassable except by jeep and a huge tractor, towing a straw-filled farm wagon which brought fleeing women and children to the center.)

It was now after 1 a.m. and somehow we had lost the border. We had surely walked more than a half mile, and we had not yet seen any little red and white flags marking it. (Later we learned that the humorous Russians sometimes come out by day and destroy the flags or move them back into Hungarian territory, just to trap the unwary.)

Cornfields with the stalks still standing and vineyards, which offer cover for hunted men, lined the road, its gullies filled with dirty snow left over from December.

We walked on, not quite certain how far we had gone, when a burst of machine-gun fire on our right brought us up short. It was followed by sporadic rifle fire. And the dogs — and it was the dogs that really set the tum of the ender in me — redoubled their noise.

"They're trigger-happy tonight," said Ron as the firing was renewed and we stopped to listen again.

"About a half mile to a mile away," Packy judged.

Nothing stirred in the corn. There was no sign of movement in the vineyards. We walked a little further. We simply could not find the border. And when the machine-gun clattered again, we voted for discretion on the sudden realization that if every tree and vine and stalk was silhouetted in the white night, so were we.

It takes a special kind of guts to brave the border under a bomber's moon, and we didn't have them. But not so Carl. He was the 19-year-old Hungarian student who was just being unloaded from the jeep when we got back to Andau's little hotel whose dance hall is now a dormitory for Hungarian men.

Carl's student cap was still set at a jaunty angle on his dark head. Otherwise, he was tastefully clad, somewhat like a skeletal Roman senator, in two thick wool blankets.

Fired on by border guards, he had not waited for the little rubber dinghy that rescue teams send back and forth to bring escapees across the Einser Canal.

This boy had already escaped once from a police van, after his arrest on his way to the border from Budapest. And rather than risk capture again, he had flung himself into the frigid canal and swum to the Austrian side, where rescue teams wait through the night. (It was 20 degrees Fahrenheit this night.) When all you have in the world are the clothes you stand in, they are precious. And another refugee, a young artisan, came trudging in with his arms filled with Carl's soggy, freezing garments.

For a boy who had been through so much in the past eight hours, Carl was calm, dignified and a little abashed when a marvelously efficient and humorous German Red Cross worker made him take off his blankets and dress in dry clothes before all of us gathered in the men's dormitory.

The pair of pants given the slim boy were so much too large for him that even these harried men, only a few minutes from danger, laughed. He buckled them around him with his old belt. And then he very carefully spread out his own water-logged clothes to dry on the hard bench before the wood stove that warms a room where the villagers of Andau once danced and which now shelters as many as 100 refugees nightly.

Murder Trial Of Ramsour Continued

EDINBURG (AP)—Dist. Judge S. N. McWhorter yesterday granted a motion for continuance in the murder trial of J. Loy Ramsour, former Edinburg Peace Justice, because of the illness of his attorney.

The trial was re-scheduled for Feb. 25.

Ramsour is charged with murder in connection with the shooting death of his son-in-law, Walter Benson of Pharr.

Mrs. Doss Rites Scheduled Today

Funeral service for Mrs. L. G. (Ramona) Doss, who died early Wednesday in San Angelo, were to be conducted at 2:30 p.m. today at the Twenty-fifth Street Church of Christ.

Ted Norton, minister, was to officiate. He was to be assisted by Bomer Gist, minister from San Angelo.

Burial was to be in Hillside Memorial Gardens, under direction of Bolger Funeral Home. Pallbearers were to be Dave Manes and Doyle Reeves, both of San Angelo, Bud Dennis, Junior Corbell, Willie Martin and Rudy Minor, all of Snyder.

Rio Grande Projects Are Sought In Budget

BROWNSVILLE (AP)—Rep. Joe M. Kilgore said yesterday money for three Rio Grande Valley improvement projects was recommended in the proposed federal budget.

The budget Kilgore said, proposed $649,000 to continue the work of deepening the Brownsville ship channel and turning basin to a depth of 36 feet and $283,000 for a similar project at Port Isabel.

He said the third proposal called for $675,000 to be used for acquiring additional land and construction of a modern border crossing station here.

Named To Board

BUCK HILL FALLS, Pa. (AP)—E. D. McDonald, Harlingen, Tex., yesterday was named to the board of trustees for the newly-chartered Alaska Methodist College.

Deportation Bill Proposed

WASHINGTON (AP)—A bill to deport many of the Hungarian refugees admitted to the United States was introduced yesterday by Rep. Burleson (D-Tex).

A House Immigration subcommittee specialist said the Burleson bill would provide for returning extra-quota refugees here to the country from which they came—mostly to Austria, in the case of the Hungarians.

Burleson said the Hungarians deserving "a hero's applause" are "those who remain in Hungary and fight their Russian oppressors"—not those who flee.

The measure also would curtail further entry of Hungarian refugees and provide for an investigation into the Hungarian refugee situation.

President Eisenhower has recommended legislation to give the Hungarian refugees permanent residence in the United States.

Venezuela reports there are now more than 80,000 television sets in that South American country.

No Falling Out

LANSING, Mich. (AP)—No longer will members of the Michigan State Senate worry about debate being cut short by falling glass. Some 90 glass panels in the ceiling of the Senate chamber are being replaced by plywood. Several of the heavy glass panels had cracked.

Your Key To Greater Success . . .
