11 MASKED MEN LYNCH NEGRO IN OKLAHOMA

(By Associated Press)
MUSKOGEE, Okla., Nov. 3.—Dallas Sowell, held in jail on a charge of attacking a white woman, was lynched by a band of eleven masked men at Eufaula, county seat of McIntosh county, early this morning, according to word received here.

Sowell was recently returned to the county jail here after a break for liberty across Oklahoma and into Texas.

The masked band appeared suddenly at the jail, overpowered two deputies and took the keys and made their get-away with the prisoner. The mob cut the telephone wires leading to the jail before they attempted to take the prisoner.

Officers followed the masked men and took up a search which led them to a barn in the outskirts of the town where Sowell's body was found hanging. The lynchers had dispersed, leaving behind no trace of their identity.

Sowell is described as a Mexican, or half-breed negro, and was accused of assaulting a white woman.

CALORIES VALUE SUCCEED WEIGHT IN BUYING FOOD

(By Associated Press)
WASHINGTON, Nov. 3.—To show what 100 calories looks like, the bureau of home economics of the Department of Agriculture has prepared an illustrated chart showing in a series of 20 pictures just how a portion of food containing 100 calories looks on a plate when compared with other familiar foods commonly appearing on the American table. The chart is intended to furnish aid in the economical and correct selection of food for the family. Housewives today are learning to choose, think of, and purchase their foods in terms of calories or food value, rather than by pounds or quarters, the bureau declares.

DIPLOMATS HOLD SECRET CONFLAB

(By Associated Press)
PARIS, Nov. 3.—Myon T. Herick, American ambassador, called on Premier Poincare this morning. The two men were in a long conference and the strictest secrecy regarding the subject being discussed in the conference was maintained at the French foreign office and the American embassy.

A Havas News Agency dispatch from Berlin says that it has been learned upon good authority that the Bavarian government has sent an ultimatum to Chancellor Stresemann demanding the establishment of a national dictatorship. The Bavarian government, the message adds, intends moving forward with troops now assembled at the frontier unless such dictatorship is created with the briefest delay.

The Bavarian government is demanding the creation of a dictatorship for the German Reich, based on the Bavarian model.

BERLIN, Nov. 3.—New York's appraisal of the German mark on the basis of one and two-thirds trillion to the dollar, has moved Chancellor Stresemann to convene a midnight session of the cabinet. Several ordinances have been proclaimed to forestall a similar collapse of the mark in Berlin. The ordinances will permit payments to be made in foreign currencies, although it is prohibited to specify gold exchange as the sole medium of payment.

The government also decreed that foreign currency must be reckoned on the basis of official rate specified by the Reichsbank. The rate for today was fixed at four hundred and twenty billion marks for a dollar.

AUTO BREAKS OFF FIRE HYDRANT

One of the big fire plugs near the home of Mrs. G. B. Nixon, and only a short distance from the city standpipe was smashed off by an automobile early Friday night, and a big slush of water was sweeping down hill when persons living near the hydrant observed the waste waters and reported it to the city administration.

It was reported that someone driving a car butted into the hydrant, broke it off and left without reporting the collision. The car seems to have escaped serious damage in the smash, as no crippled car was found in that neighborhood.

The broken fire plug crippled the city's fire protection for a short time, or until the water department could make the repairs, and the water was cut off for several hours during the night.

50,000 Extra Votes to Be Awarded on Nov. 8th

The first big extra vote offer in The Ledger's subscription campaign will close Thursday, Nov. 8th.

All candidates should bear in mind the fact that with each \$15.00 turned in up to and including Thursday, November 8th, they will receive 50,000 extra votes. The following two weeks this extra vote will be considerably reduced and the last week of the campaign positively no extra votes will be given. While all candidates have been handicapped by bad weather we should all now get busy and make up for lost time. Both cars and oil, equipped with spare tires, and just waiting to be driven away by the proud winners on December 1st.

HOUSTON MAN SLAIN IN CALIF.

(By Associated Press)
HOUSTON, Nov. 3.—The relatives of Harry Wylie, age 22, of Houston, are trying today to obtain information from Los Angeles authorities regarding the death of Wylie yesterday in that California city. A message received here by the family of the young man stated that he was slain, but did not give the details of his death.

FOUND GUILTY KILLING GIRL

(By Associated Press)
NEW YORK, Nov. 3.—Eulogia Lozada, a Filipino, charged with the slaying of Miss Blossom Martin, a nurse, last June, was found guilty of murder in the first degree this morning. Lozada was charged with having strangled the nurse to death. He was arrested as he was about to throw the body from a ferry boat.

NEW YORK, Nov. 3.—Cotton advanced sixty-five points at the opening of the market today, which represented a total jump of two hundred and sixty-five points, or \$13.00 a bale in the sensational trading of the last two days.

A realization of the shortage in cotton which is threatened this year brought in further heavy commission house and mill buying and carried all prices to new high levels for the present season.

PROTECT GEORGE MARTIAL LAW FROM THE IRISH BILL \$60,000

(By Associated Press)

NEW YORK, Nov. 3.—The police today were prepared for another skirmish with Irish republican sympathizers, who have made two demonstrations against David Lloyd George since he arrived in America a month ago. A heavy detail of uniformed police and plain-clothesmen were under orders to escort the former premier from the Waldorf-Astoria Hotel to the pier where the steamship Majestic sails with the British diplomat for his home today.

The former British premier was accompanied by his wife and daughter, Miss Meegan, and they sailed for their home after a triumphant tour of the United States and Canada.

R. S. Bowden, of the Maverick section, was in the city Friday, pulling in through the mud to attend to some important business. Mr. Bowden is putting in an irrigation plant and is taking out water rights. His application will be heard by the State Board of Water Engineers on November 26th.

(By Associated Press)

OKLAHOMA CITY, Nov. 3.—Martial law throughout Oklahoma during the period from August 14th to October 10th, cost the state approximately \$60,000, it was learned from authoritative sources at the capitol today.

A bulk of the items of expense have already been settled. The average number of guardsmen on duty during the sixty-seven day period was about two hundred and fifty.

WINTERS' METHODISTS TO BUILD A \$40,000 CHURCH

The Methodist congregation of Winters have put on foot a move for a new church building, and a meeting will be held in the near future to work out plans for raising from \$30,000 to \$40,000 for building purposes. This church has outgrown its present home in Winters. The present handsome brick structure is said to be too small to take care of the Sunday school, which numbers an attendance of more than 200.

The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited in this paper and also to local news published herein.

A little sunshine in Ballinger Saturday chased away the gloom which was getting a chronic hold on the natives.

Wheat and oats that were planted before the rains are looking up, but the farmer who did not do any planting is looking glum.

Be he republican, democrat or standard bearer for a third party, the next president of the United States will be a man who is in favor of enforcing the Volstead Act. No other can be elected.

The people of this nation will soon have an opportunity to observe the 143rd Thanksgiving Day. It was 142 years ago that the first Thanksgiving proclamation was issued, and perhaps there never was an occasion when the people of this country had more to be thankful for.

Two men in Texas were sentenced to the electric chair last week for murder. Human life seems to be on the bargain counter in Texas, and if other courts will follow the example set by the Mount Pleasant court and the Dallas court, and give the murderers justice, maybe our killing record will be reduced during 1924.

The average citizen is quick to complain about high taxes and the high cost of living, but the average citizen is just as quick to bite at some get-rich-quick scheme. Investigation by the authorities leads to the fact that

the people of Texas have contributed seventy million dollars to worthless oil stock companies and other grafters, during the last three years.

Runnels county is to have a public health nurse to spend a month or two in our public schools, examining the children, and teaching them rules for cleaner and better living. Some good can be accomplished within the short time for which the funds are available for keeping the nurse on the job, but only a partial program could be carried out. Nothing is more important than good health, and the patrons of the schools of this county could do no better thing for the children than to put up the money and employ a health nurse for the full school term.

A Good Thing—DON'T MISS IT.

Send your name and address plainly written together with 5 cents (and this slip) to Chamberlain Medicine Co., Des Moines, Iowa, and receive in return a trial package containing Chamberlain's Cough Remedy for coughs, colds, croup, bronchial "flu" and whooping coughs, and tickling throat; Chamberlain's Stomach and Liver Tablets for stomach troubles, indigestion, gassy pains that crowd the heart, biliousness and constipation; Chamberlain's Salve, needed in every family for burns, scalds, wounds, piles, and skin affections; these valued family medicines for only 5 cents. Don't miss it.

EXTRAVAGANCE

Americans are classed as an extravagant people, but American school children learned a lesson in saving during the World War which has swelled savings deposit accounts to higher than ever known before. The school children saved \$9,500,000 during the last school year.—Ballinger Ledger.

The assertion that Americans are extravagant people probably originated in the fertile brain of some foreigner who came over here for a couple of weeks and gained his impression of Americans from the few he saw in a few scattered places. Foreigners are good at coming over here for

a few days and then going back and calling America and Americans everything they can think of that isn't nice. Of course, they do not get into the heart of the American people. The foreigner walks up and down the streets of a large city and sees people buying all sorts of things and then goes back home and says all of us are extravagant.—Abilene Reporter.

The extravagance charge is one we can't deny. Perhaps the reason our foreign visitors class us as an extravagant people is because they had occasion to visit the kitchen of the average American family and saw more food going into the slop can than was consumed by the family. Prosperity breeds extravagance, and the American people as a whole are a prosperous people.

BABY SHOW WITH HOUSTON FAIR

(By Associated Press)

HOUSTON, Nov. 2.—Several hundred babies have been entered in the baby show to be held here in conjunction with the Houston Industrial Fair, November 1-12, according to Mrs. E. G. Burke, who is in charge of this feature of the fair.

The babies will be divided into five classes ranging from six months to five years, and in addition to the prizes offered in each class, a grand prize will be awarded to the most perfect baby.

WASH POISON FROM KIDNEYS

Kidney and bladder irritation often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast. Continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normal again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink which may quickly relieve your bladder irritation. By all means have your physician examine your kidneys at least twice a year.

The San Angelo Standard reports that a license to wed was issued by the Tom Green county clerk to Paul Frenzel and Miss Mary Haechten, who gave Runnels county as their home.

Good Health

If you would enjoy good health, keep your bowels regular. No one can reasonably hope to feel well, when constipated. When needed, take Chamberlain's Tablets. They are mild and gentle.

FOR CONSTIPATION

Black-Draught Recommended by an Arkansas Farmer Who Has Used It, When Needed, for 25 Years.

Waffield, Ark.—Mr. G. W. Parsons, a well-known farmer on Route 1, this place, says: "I keep Black-Draught in my home all the time. It is the best all-around medicine I have ever found for the liver and for constipation. We began using it 25 or more years ago and have used it whenever needed since. I have never found any other medicine as good for constipation, and that was what I suffered with till I began using Black-Draught. Black-Draught corrected this condition, and now we use it for the liver and for indigestion—a tight and sluggish feeling after meals, for bad taste in the mouth and sour stomach."

"My wife uses it for headache and biliousness. It sets on our shelf and we don't let it get out. It has been a great help to us. I believe a great deal of sickness is caused by hurried eating and constipation, and Black-Draught, if taken right, will correct this condition."

Get *Theford's*, the original and only genuine Black-Draught powdered liver medicine. Sold everywhere. NC-150

Judge and Mrs. Paul Trimmier are rejoicing over the arrival of a new boy at their home. The baby was born Friday night.

Chamberlain's Tablets Have Done Her a World of Good

"Chamberlain's Tablets have done me a world of good," writes Mrs. Ella L. Button, Kirkville, N. Y. "I have recommended them to a number of my friends and all who have used them praise them highly." When troubled with indigestion or constipation, give them a trial and realize for yourself what an excellent medicine it is.

MRS. G. R. TUCKER DIES AT ANGELO

A phone message to Judge and Mrs. A. K. Doss Saturday morning announced the death of Mrs. G. R. Tucker at San Angelo Friday night. Mrs. Tucker had been in bad health for some time, but the news of her death came as a surprise to Judge and Mrs. Doss, who are close friends of Mr. and Mrs. Tucker.

Mrs. Tucker formerly lived at Winters, where Mr. Tucker was engaged in the drug business, and where she spent a good part of her life, being the daughter of Mr. and Mrs. A. L. Roberts, pioneers of the Winters country. They moved to Fort Stockton several years ago, and later moved to San Angelo, where Mr. Tucker is at present engaged in the drug business.

A. F. H. M. and Lawrence Roberts, of Winters, are brothers of deceased, and many friends at Winters will be grieved to learn of her death.

It was announced that the remains would be laid to rest at San Angelo Saturday.

With the High School Classics

By MARGARET BOYD

(© by Margaret Boyd.)

"... those who do not think so deeply, and they were the greater number by a hundred to one."

—Ivanhoe.

Of those who do not think so deeply there are two classes: those who cannot think and those who do not want to think.

Not everybody is able to think deeply. We do have mental limitations, though few of us ever study hard enough or think deeply enough to reach them. For some people, however, the mental limits are quickly reached. Such people are variously classified as morose, subnormals and those who cannot "think so deeply."

Those who do not want to think are of two classes: those who are lazy and dislike mental exertion, and those who are afraid to think.

Jonathan Swift expressed the opinion that if people did much thinking they must go mad; and all of us recognize the fact that there are certain ideas that do not bear thinking about. Emerson warned of the risk attendant upon thinking when he wrote: "Be-ware when the great God lets loose a thinker on this planet. Then all things are at risk. It is as when a conflagration has broken out in a great city and no man knows what is safe or where it will end. There is not a piece of science but its flank may be turned tomorrow; there is not any literary reputation, not the so-called eternal names of fame, that may not be reviled and condemned. The very hopes of man, the thoughts of his heart, the religion of nations, the manners and morals of mankind are all at the mercy of a new generalization."

And again: "What is the hardest task in the world? To think. I would put myself in the attitude to look in the eye an abstract truth, and I cannot. I bleed and withdraw on this side and that. I seem to know what he meant, who said, 'No man can see God face to face and live.'"

Before a man can think deeply without danger to his community it is necessary that he should be well informed. Confucius is credited with the statement that "thought without learning is perilous," and there is no doubt that much of our present social and economic unrest is due to the thinking of men who were not sufficiently well-informed."

When thinking on social and economic problems it is necessary that the thinker should know not only the theoretical truth of his subject, but the psychology of humanity as well.

A Timely Suggestion

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is almost certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the first indication of a cold appears and before it has become settled in the system. There is no danger in giving it to children as it contains no opium or other harmful drug.

Mrs. Will Stuart and children left Friday afternoon for Houston, where they go to join Mr. Stuart and make their home. Mr. Stuart has a position with the Houston Compress Co.

A small want ad in The Daily Ledger often saves you money

THEATRES MOVIES

BEAUTIFUL SETS IN FORMAN PRODUCTION

Because the screen is essentially pictorial it owes much of its beauty to its art directors whose work it is to design settings. Tremendous strides along these lines have been made recently by Penrhyn Stanlaws in the productions he has recently directed, by Natascha Rambova in Nazimova's "Salome," and by Charles Seesel who was responsible for the sets in "Way Down East," "Dr. Jekyll and Mr. Hyde," and many Barthelme pictures.

Mr. Seesel designed and supervised building the sets for "The Girl Who Came Back," the next feature attraction at the Maeroy Theatre, on next Monday and Tuesday, November 5th and 6th. Seesel explains his art by saying that the sets should be to a player what a frame is to a picture.

"It should set off the player's good points and bring out his personality without 'hogging' the spectator's attention," says Mr. Seesel. "We poke fun at the nouveau riche who piles on diamonds to look wealthy; motion picture sets are a parallel. The more lavish the details, the less they impress us. Usually, the simpler the details, the richer they look."

In the cast of "The Girl Who Came Back" are: Miriam Cooper, Gaston Glass, Zasu Pitts, Ethel Shannon, Kenneth Harlan, Joseph Dowling, Fred Malatesta, Mary Culver and others of lesser note but at the same time capable of portraying their parts effectively.

Remember what you were paying for Theme Paper when we started selling it for 10c. Now 3 packages for 25c or 8 for 50c, at Ballinger Printing Co. tfd

"WHERE IS THIS WEST" COMING TO FO-TO-SHO

The settings for Jack Hoxie's latest Western starring vehicle shift from a small Middle Western town to a Western cattle ranch and the vocation of the star changes from that of a milkman to a rancher.

The Universal cowboy star will be seen in one of the fastest action plays in which he has yet appeared, in "Where is This West?" which comes to the Fo-to-sho Theatre next Monday and Tuesday, Nov. 5th-6th.

It is a satirical comedy-drama, built around the adventures of a poor milkman who becomes joint owner with a waitress of a large Western cattle ranch. His life is drab enough before he starts West, but when he gets to the little Western hamlet, near where his ranch is located, he has more adventures than were accorded Daniel Boone.

The story was written by Geo. C. Hull, of the Universal scenarist department.

George E. Marshall, who directed "Don Quickshot of the Rio Grande," Hoxie's initial starring feature for Universal, guided the filming of the play.

A strong cast supports the star, including Mary Philbin, Universal's latest "find" as an emotional actress, who has the feminine lead in the play.

Others in the cast are Joseph Girard, Bob McKenzie, Sid Jordan, Slim Cole and Bernard Seigel.

PROGRAM AT MAEROY FOR COMING WEEK

Monday and Tuesday — Al Lichtman presents "The Girl Who Came Back," with Miriam Cooper, Gaston Glass and Kenneth Harlan; a Preferred picture. Also a Cameo comedy.

Wednesday and Thursday — Tom Mix in the famous Zane Grey story, "The Lone Star Ranger." Also round two of H. C. Witwer's short stories of "Fighting Blood."

Friday — Guy Bates Post in "The Masquerader," a First National attraction. Also an Educational comedy.

Saturday — I. C. Maloney in "Partners Three," "Where There's a Will," with Al St. John, chapter 4 of Ruth Roland's serial, "Haunted Valley," and Movie Chats.

FO-TO-SHO THEATRE PROGRAM FOR NEXT WEEK

Monday and Tuesday — Jack Hoxie in "Where is This West," a Universal special production. Also Billy Engle in "Hold On," a Century comedy.

Wednesday and Thursday — Film Booking Offices of America presents Roy Stewart in "Life's Greatest Question." Also

Jimmie Adams in "Pitter Patter," a Cameo comedy.

Friday — Associated Exhibitors presents "The Man Between," with Allan Forrest, Vola Vale and Edna Murphy. Also Aesop's Fables and a Universal comedy.

Saturday — Wm. Duncan in "The Steel Trail," chapter 9; Leo Maloney in "In Wrong Right," a Pathe Western; and "Our Gang," a Pathe comedy.

\$5 FOR A NAME

I want a name for my popcorn, peanut and pecan stand, and will give \$5 to the one offering the best name. The prize will be awarded on the first day of the Fair, and all names must be handed in to me by Nov. 13th. In case two parties offer the same name, the first one handed in will be awarded the prize. Hand your names to me at my stand near the Maeroy Theatre, or mail them in.

BALLINGER PRINTING CO.

Here's Proof That Advertising Pays

Famous Wrigley Building in Chicago Being Doubled in Size

The part of the Wrigley Building erected two years ago has filled such a want that the north section, nearly double the floor area of the south section, is being added.

This north section, nearly completed, occupies the entire block, immediately across North Water Street, fronting on Michigan Avenue and reaching to the height of the main part of the first structure, with a connecting bridge.

The space in the new section is already nearly all taken by high-class firms in advance of the completion of the building.

Here is a concrete (as well as a steel and glass) proof of the saying that "advertising pays." In these magnificent buildings Mr. Wrigley has erected an impressive testimonial to this great truth. They loom large and beautiful. They typify the achievements of the man who built them. They stand as a monitor over the activity of the Nation's second city—inspiring—dominating—massive—bearing unanswerable testimony to the POWER OF ADVERTISING.

School Notes

Senior Hallowe'en Social
On last Tuesday evening the Seniors were given a Hallowe'en social at the home of Mr. and Mrs. G. W. Dunlap on Hutchings Avenue.

Three rooms were attractively decorated for the occasion, two in Hallowe'en colors, witches, cats and jack-o'-lanterns, the third in the Senior colors, green and gold.

At the right hour when "spooks" and "haints" prowled, a crowd of them appeared at the party. Some who came unmasked delighted in disclosing the identity of the spooks.

After the crowd had gathered; the "corpse," which had been lying so silent, arose, and the signal was to unmask.

Forty-two, and other games were engaged in until a late hour. The witches' dice proved quite a lot of fun in telling fortunes. The "electric" chair was also an object of much laughter.

Refreshments consisting of salad, cheese straws, sandwiches, and chocolate were served to thirty Seniors and four faculty members.

Next, the guests were divided into families and each family favored the crowd with a stunt. The Seniors who belong to the orchestra rendered several good selections of music.

At a late hour the guests departed, declaring the hostess a charming one, and to always remember the occasion.

If you are in the market for a house and lot in Ballinger, or a farm worth the money, see L. E. Bair. 3-1td

WINTERS AND BALLINGER TIE

Winters football fans were given a real treat Friday afternoon in the way of high school football when Ballinger High and Winters High played a 6 to 6 tie game on the Winters field.

The game was one of the hardest fought affairs ever staged in Rannels county and there were thrills enough for several games.

Jim Flynt and Tom Penn were the outstanding stars for Ballinger; while Fields, halfback, was Winters' most consistent ground gainer.

In the first few minutes of play Ballinger seemed to be at loss, but when Thomson replaced Woodson at quarterback the team settled down to hard playing. Flynt punted deep into the enemy's territory and the ball stayed in mid-field the remainder of the quarter. In the second period, Ballinger opened up a series of brilliant end runs by Penn and Rayburn, and Flynt bucked across for Ballinger's initial touchdown of the season.

Flynt's punting kept Winters from scoring until the last quarter when Fields, the speedy half, raced 55 yards for a touchdown in a beautiful broken field run.

Winters, like Ballinger, failed in her attempt at extra point.

Every man on the Ballinger team played superior football and but for fumbles the score would probably have been higher in favor of the locals. Curtis Street suffered a wrenched knee in the final period and is on crutches as a result. Street played a smashing good game on left end. Tom Penn, midget halfback, has a sprained wrist to keep fresh in his mind the hard fighting Winters bunch. Ballinger and Winters meet in Ballinger during the Rannels County Fair and both teams are already claiming a victory for this game.

GALVESTON — The national convention of the American Warehousemen's Association will be held here January 20-21. Delegates from all sections of the country will attend.

New Shoes for the Boys

Well, they are not new from the shoe store exactly, but practically new just the same. They were repaired from the boy's well worn old pair and they will wear like new ones. And they cost about one-third only.

I walk—I talk and go to sleep when you want me to. I will be given away
Absolutely FREE!

With each twenty-five cent purchase of Nyal Toilet Products made at our store between now and Dec. 1st, you receive 100 votes. The little girl having the largest number of votes to her credit on December 1st can take me home without paying a single penny.

Get your father, mother, sister, brother and friends to vote for you.

Any little girl under thirteen years of age is eligible. Enter your name as a contestant. Don't waste a moment's time.

Now On Display in Our Show Window
Weeks' Drug Store

WM. CAMERON COMPANY MAKING IMPROVEMENTS

The Wm. Cameron Lumber Co. are completing a display room adjoining their office and will carry a stock of high-grade building material, Minnesota paints and oils and wall paper. With the new display room this firm is installing, two big show windows are to be arranged, equipped with four color screen shade. Window lights and light fixtures will also be installed in the ceiling of the display room. The windows will face Hutchings Avenue and with the colored lights will attract the attention of passers-by. The new room is modern, and will give the local yard a much needed place to exhibit their goods. All house plans will be carried in this new department.

NOTICE TO MY CUSTOMERS

I wish to notify my customers and friends that I have moved to Woodson's Barber Shop near Weeks' Drug Store, where I will continue to serve you in the future as I have in the past. I wish to thank you for your patronage in the past and will appreciate your barber work.

OSCAR LEE.

He Tore Into the Town Like a Tornado!

Everything went with him until they picked on the girl he loved. Then he tore into the town like a tornado—and neither guns, gunmen nor Indians had any terrors for him! See this uproarious, action-packed outdoor romance with Jack Hoxie in the most thrilling and picturesque role of his career!

SEE
The terrific battle in that "bad man" town!
The fearful leap Jack Hoxie makes across the speeding train on the back of his flying horse!
The breathless and dizzying flight on horseback along the mountain ridge!
A romance that will keep you guessing and leaves you gasping!
Thrills and laughs in rapid-fire succession!
A UNIVERSAL PICTURE
Directed by George Marshall.

from Corsicana, where they had been to attend the funeral of Mrs. Bridges' mother. They went to Corsicana about two weeks ago in response to a message stating that Mrs. Bridges' mother was very low and not expected to live. They reached her bedside before she died. Rev. and Mrs. Bridges made the trip to Corsicana in their car, but the condition of the roads made it impossible for them to return in their car. They drove to Fort Worth Wednesday and left their car at that place and came home on the train.

ARE YOUR SCISSORS DULL?
I have installed a machine for sharpening scissors; bring your old ones to my barber shop and I will make them cut like new.
E. E. WOODSON.
