Emerald Water District vote underway

In 1987 a group of interested Crockett County citizens began deliberations to create an underground water district for Crockett County. It was felt that the control on one of the county's most valuable resources, underground water, should remain in local hands rather than be relinquished to some state or regional agency with no local representation.

In recent years, there have been many cases where large municipalities have extended their influence and control of water resources through their political and financial muscle sometimes to the detriment of lesser populated, outlying counties. The trend seems to be increasing and may even eventually lead to state control altogether.

Public meetings were held in Ozona and a steering committee was chosen to work with elected officials to pursue this idea. In September of 1989, a bill was passed by the legislature and signed by the Governor authorizing the formation of the Emerald Underground Water Conservation District.

Since that time, preparations have been made to hold the upcoming election in which the voters will make the decision whether or not to approve the district along with the approval of a tax to support the district and the election of the initial board of directors. These are the issues that you will be asked to vote on.

Crockett County citizens who initiated these deliberations to form the district feel that it is very important to the future of this area and hope that the voters will support it. They feel that our economy has been strained during the last few years and do not want to lose any more of our local authority over natural resources if possible. They feel that our neighbors will more likely do what is right for our area than some politician in Austin or San Antonio.

Absentee voting began Jan. 7, 1991 and will continue through Jan. 22 at the Ozona Airport, weekdays 9:00 a.m. - 4:00 p.m.

Election day is Saturday, Jan. 26, 1991, at the Ozona Airport and the Rio Pecos Power Plant in Girvin between the hours of 7:00 a.m. and 7:00 p.m.

To be eligible to vote, you must be a registered voter and live in the district. The district encompasses all of Crockett County except for the town of Ozona and Crockett Heights.

As our nation stands ready to defend, in a matter of hours, the ideology that we have stood and fought for since our founding in 1776, people all over the world and at home are cursing and burning the American flag. I wonder if their opinions would change if they were the ones wearing the shoes of the Kuwaitis?

The free world can not and should not allow this mad man to continue his rape and massacre of people at peace. After Kuwait, who will be next, Italy, France, Palestine or the United States?

We have been told that Iraq is on the brink of nuclear capability, and we already know as fact that chemical warfare has been used as a tool in murdering its neighbors in Kuwait. This alone should be enough to frighten and outrage the entire free world.

Let's stop this mad idiot now while we can. If we wait, as many propose, the whole world may be engulfed in war, one in which survival would be slim. Our children may have to live in a cave, unable to crawl out to see the sun unless gas masks and nuclear survival suits are worn.

I truly believe that our sons and daughters in the sand in Saudi Arabia had much rather fight now than wait later when the odds would be stacked up against them two fold.

I am sorry that other nations are not supporting us with men, money and machinery, but our loss at this time may be our gain in the future. Maybe it is better that we found out now their true color.

Stand up America, and let's show our true colors.

When the census-taker asked her how old she was, she couldn't remember whether she was 38 or 39 so she said 25.

The sneakiest two words in the English language are - "plus tax".

FIRE is the word that empties buildings, and SALE is the one that fills them.

God gives us the ingredients for our daily bread, but He expects us to do the baking.

Most modern girls detest four-letter words such as wash, iron, cook and dust.

It seems that our modern churches are full of willing people: some are willing to work, and others are willing to let them.

If you burn the candle at both ends you are not as bright as you think.

To love and to labor is the sum of life, and yet, how many think they are living when they neither love nor labor?

Success is sweet, but its secret is sweat.

Heads, hearts, and hands could settle the world's problems better than arms.

Work is the meat of life; pleasure the dessert.

The world has finally achieved perpetual commotion.

Our national and international problems would soon fade away if we could find the key to the deadlock.

It's a weird world. The strong take away from the weak, the clever take away from the strong, and the government takes away from everybody.

There will always be enough worry for today without taking on yesterday and tomorrow's burdens.

Instead of counting their blessings many people magnify their problems.

Lobbying topic of Thursday program

Lobby? You? Of course you can...and you should!

Anyone who can make a phone call or write a letter can lobby. If you believe in some cause or other, you should let those in government know your opinions.

Of course, there's a right way and a wrong way. The right way to make your voice heard will be the topic of the Progressive Extension Homemakers Club meeting on Thursday (tomorrow), Jan. 17, at noon at the Ozona Civic Center.

Any interested person may attend, and visitors are urged to bring a sack lunch and attend on their lunch hour. "There is no obligation to join, and we think you'll find the topic fascinating," said Tedra Ulmer, County Extension Agent-Home Economics.

Along with information on lobbying, you'll learn to build coalitions

of other people interested in your issue, whether it's the education your children are receiving, crime prevention, or the local health care system. And you'll get information on the 1990 Teen Sexuality Survey conducted in Ozona High School, along with ideas of ways you can help combat this problem.

To find out more about the program or Extension Homemakers, programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

Harrells celebrate 60th anniversary with reception in their home

A reception at the home of Mr. and Mrs. Alvin Harrell the afternoon of Jan. 8 marked their 60th wedding anniversary. The couple married in 1931 in the Ozona Methodist Church.

Lucile and Alvin Harrell welcomed 119 well-wishers who called between three and six o'clock. Family members joining them in receiving guests were: Mr. and Mrs. Nelson Boothe of Fort Worth, Mrs. Dudley Ingham of San Angelo, Mr. and Mrs. Roger Dudley of Ozona, Mrs. Sue Littleton of Austin and Major and Mrs. Tom Boothe of Abilene.

The lovely home was filled with arrangements of cut flowers in shades of apricot and orange. Pictures made of the couple at the time of their marriage were placed on the piano along with sheet music for the ever-popular "Always".

Both Mr. and Mrs. Harrell are natives of Crockett County. He attended Ozona schools and then the University of Texas at Austin from 1922-25. Upon returning to Ozona he leased the Harrell Ranch 20 miles south of Ozona from his father, George Harrell. He later acquired ranch land eight miles east of Ozona.

Following his marriage to Lucile Ingham, daughter of Mr. and Mrs. B. B. Ingham Sr., the couple built a ranch home adjoining that of his parents.

The Harrells are parents of two children, Roy A. Harrell Jr. and Cynthia Harrell Hodges.

Roy, an economist/diplomat with the U. S. Foreign service, makes his home in Falls Church, VA, with his wife, Charlotte. Their daughter, Carol Elizabeth, is a student at College of Wooster, Wooster, Ohio.

Cynthia and her husband, Bob Hodges, live in Arnold, MO. They are the parents of three children, Christy, Harrell and Grant Alvin.

Mr. and Mrs. Harrell give freely of their time to church and civic organizations. They are devoted members of Ozona United Methodist Church where he has served as chairman of the board and was a member of the Board of Global Ministries of the Southwest Texas Conference of the United Methodist Church and a lay delegate to the General Conference of the United Methodist Church. He also served as a member of the board of directors of Ozona Community Center.

Mr. Harrell served as chairman of the Crockett County Soil Conservation board, vice-president of the Southwest Texas Electric Cooperative, Inc., was director of the Texas Sheep and Goat Raisers' Association and a member of the school and water district boards. He is a member of the Crockett County Historical Commission and Historical Society.

Mrs. Harrell served as president of

Ozona Music Club, Crockett County Historical Society and Ozona Community Center board. She is currently secretary/treasurer of the Historical Society.

At the time the museum collection was moved from the high school to its present location in the courthouse annex, Mrs. Harrell was chairman of the museum committee. She has served as chairman of the Crockett County Historical Commission and is vice-president now.

During the flood of 1954, Mrs. Harrell was disaster chairman of the American Red Cross and served for many years as Home Service chairman of the organization. She also chaired the Crockett County Centennial Committee.

She teaches Sunday School at Ozona United Methodist Church and was church organist many years.

Both the Harrells have strong attachments to their alma maters - the University of Texas where they have attended many sporting events through the years, and Texas Christian University where she received her bachelor of arts degree.

Although the Harrell children and their families were unable to attend the anniversary celebration, they shared the joy of the occasion by telephone.

Attending from out-of-town were: Mrs. Ray Boothe of Sweetwater, Mr. and Mrs. Tom Boothe Jr. of Abilene, Graham Childress of Sanderson, Mr. and Mrs. Fred Case and Mr. and Mrs. Elton McGinnis of Eldorado, Mrs. Clifton Brooks, Mr. and Mrs. Tom Gregg Jr., Preston Gregg, Mr. and Mrs. Norman Thompson of San Angelo, Joseph T. McMillan, Raymond Manuel, Dr. Charles Laing, and Ms. Sue Littleton of Austin, Billy Green of Sonora, Mr. and Mrs. Thomas N. Boothe of Fort Worth, Bishop and Mrs. Ernest T. Dixon Jr. of San Antonio.

Belated greetings for a happy birthday go to J. D. Borrego who celebrated on Jan. 5.

Lip Sync

Milli Vanilli, the winners of the 1989 Best New Artist grammy award and whose first album sold 10 million copies, has been stripped of that award. Why? Because these "singers" didn't sing a note - they are lip syncers. Pretenders. Hypocrites.

Why do you reckon that this popular duo would sink to just lip service? They knew that they weren't singing long before their pretense was unveiled. Did they fake it for fame and fortune? Maybe both.

"Read my lips - no new taxes." You remember that line don't you? Lip service. It didn't mean a thing. Just because you see lips moving, and hear a sound, it still doesn't necessarily mean a thing.

It seems that there is a lot of lip

1990 Income tax forms

Have tax questions? Where to file? Need tax advice? Call 1-800-829-1040. As a courtesy to our patrons we are providing federal tax forms as a public service in the library. Remember that librarians are not trained tax experts, so don't ask them for tax advice. We can help you choose the tax form that fits you best. It may save time if you are able to use one of the shorter forms. You could get a faster refund if you can file Form 1040EZ. Plain or fancy, we've got the forms you need. Don't put off 'till April the dreaded chore of reporting your taxes. Come by the library and get the forms you need!

Library Board elects officers

CCPL is governed by a 7-member board appointed by the commissioner's court. New officers have been elected for 1991. Elliott Barrera will serve as president, Donnie York as vice president and Mrs. Mary Daniels as secretary. Members include Mrs. Camille Jones, Flint Henderson, Mrs. Jill Seahorn and Mrs. Mary Jo Mason. We are starting off this 1991 Crockett

county centennial Year with a new slate of officers and members for the library board. Their interest and enthusiasm in the library will keep it a vital, expanding part of our community. The library board is the heart of the public library, and we couldn't operate without them. If you see any of these board members, please give them a pat on the back for a job well done. Remember, libraries are not made, they grow with love and interest!

Ozonans pray for peace at service

Ozonans joined together Sunday night in a non-denominational service to pray for peace in the Middle East. The names of those from Ozona serving in Saudi Arabia were especially lifted up in prayer as family members or friends came to the altar at Our Lady of Perpetual Help Catholic Church to light candles.

Oscar Flores called the names of: Travis Burks, Tommy DeHoyos, Rico De Hoyos, Victor De La Garza, Chris A. Dunn, Robert T. Flores, Scott Hensley, William H. Ivey, Jerry Kessler, Jose Perez, Gregory Dale Perry, Benjamin Sanchez, John F. Sessom Jr., Ray D. Tambunga and Derold Vargas as the glow of candles increased.

Members of the congregation were then invited to put forth the names of others serving in the military.

Music from the church choir included "Follow Me and I Will Give You Rest", "Because He Lives", "Peace is Flowing Like a River", and "Lord, Make Me a Means of Your Peace". The congregation joined the choir in singing "America the Beautiful".

Mr. Flores read Isaiah 32: 15-20, Ephesians 2:13-18 and Gospel of John 14:27.

The congregation was asked to pray for President Bush and the leaders of this country and for Saddam Hussein.

"United and in one accord, we can tear down those barriers of hostility," Flores said.

His brother, Robert Flores, father of Robert T. Flores who is in Saudi Arabia, closed the meeting asking for prayers for the parents, wives, husbands, children and all the persons of the Armed Forces.

Rev. and Mrs. Miguel Jimenez and Ilene have returned from a holiday trip to Los Angeles, CA, where they visited family members.

Peace I leave with you;
my peace I give to you;
not as the world gives
do I give to you. Let not
your hearts be troubled,
neither let them be
afraid.
Gospel of John 14:27

....until the Spirit is poured upon us
from on high,
and the wilderness becomes a
fruitful field,
and the fruitful field is deemed a
forest.
Then justice will dwell in the wilderness
and righteousness abide in the
fruitful field.
And the effect of righteousness will
be peace,
and the result of righteousness,

quietness and trust for ever.
My people will abide in a peaceful
habitation,
In secure swellings, and in quiet
resting places.
And the forest will utterly go down,
and the city will be utterly laid
low.
Happy are you who sow beside all
waters,
who let the feet of the ox and ass
range free.

Golf association receives charter

The state charter incorporating Ozona Golf Association as a non-profit organization was received last week, Orlando DeHoyos said Monday.

Ground preparation is well underway on the public golf course located approximately nine miles out of Ozona on the Big Lake highway. Organizers

of the association aren't able to forecast an opening date yet, however.

Negotiations are underway to drill a second well on the property for watering the course.

Memberships will be available at a later date. Those who use the course infrequently may choose to pay a green fee each time they play.

Daniels elected hospital board president

Appreciation plaques were presented to Armando Arredondo and Fred Deaton at a Jan. 10 meeting of the Crockett County Hospital and Care Center board. The men were recognized for their service on the board along with Beth Smith who was not in attendance.

Arredondo has been reappointed by commissioners court for a second two-year term on the board and steps down as president.

Officers elected Thursday were: John Daniels, president; Martha Gries, vice-president; and Carmen Sutton, secretary. Other members of the board are Concha Zapata and Cecil Buckner.

The board has five possible candidates for scholarship funds, reported Mrs. Zapata, chairman of the board's education screening committee. Financial assistance for two qualifying Crockett County applicants pursuing health care careers, was approved in 1990. Any interested persons should contact Mrs. Zapata for details.

Marilee Robertson, director of nurses at the care center, reported on two recent inspections at the facility. Both inspections resulted in good reports, she said.

Deficiencies found during a Jan. 2 survey for licensure were: no social worker contracted to work at the center.

Commissioners discuss potential lawsuit in executive session

New commissioners Rudy Martinez, Pct. 3, and Fred Deaton, Pct. 4, participated in their first court session Monday. The two were given an explanation of county fund designations, payment procedures and sources of county revenues by Auditor Sandy Stokes. The auditor presented his year-end budget report and commented that the year had ended with less money than he had expected but that December tax collections were greater than usual.

Garland Young, director of the civic and youth center, reported that the center's board voted to use youth center funds to purchase a cassette player, FM receiver and amplifier for the facility. The band, Tommy Gunn, has been hired for the Valentine Dance.

Young was asked to talk with J. C. Schroeder regarding problems with wiring in the center (it is all aluminum), and the director suggested that a more powerful fan might correct problems with the kitchen's vent-a-hood.

Helping Hands for the Elderly served 746 meals in December to 53 clients according to Janet Hill. Of the 746 meals, 436 were under the new state funded program, Mrs. Hill explained. The meals program has 30 state clients and 23 others.

Commodities were distributed to 76 families representing 155 people in December.

On Friday, Mrs. Hill and other Helping Hands representatives will meet with Betty Ford, executive director of the Concho Valley Council of Governments' Department of Aging to continue exploring possibilities of grants to help citizens of Crockett County.

Commissioners voted to purchase a new copier for the road department during a report by Eddie Moore, supervisor.

Judge Kathryn Mayfield suggested that commissioners get with Moore to determine their paving locations in 1991. Each precinct is allotted two miles of seal coat but no new road construction for the year.

Martha Gries, newly-elected vice-president of the hospital and care center board, presented that body's monthly report. Mrs. Gries' re-appointment to the board was confirmed by a vote of the court. She had been appointed earlier to fill a vacancy on the board created by the resignation of Beth Smith.

Firemen receiving the 18 new bunker suits will be assigned their gear once all the equipment arrives, said Bob Falkner, fire chief.

Falkner's year-end report for Ozona Fire Department showed 11 public

service runs, 20 in-county grass fires, two runs to assist at grass fires in other counties, 12 vehicle fires, 28 structure fires, eight oil field fires and eight rescues.

The department used 48,780 gallons of water and logged 835.49 man hours and 113.29 truck hours in the course of the year.

Commissioners also heard reports from Onecimo Ortiz, parks department supervisor, and Louise Ledoux, county librarian.

Mrs. Ledoux reported that library board officers elected for the year are: Elliott Barrera, president; Donnie York, vice-president; and Mary Daniels, secretary.

Court members voted to hire one person to work in the office of justice of the peace for one week on an emergency basis.

During the afternoon session, the court met with Gordon Cox, supervisor of the Department of Health's Region 3, and Karen Huffman, public health nurse for Crockett County, regarding office space. Quarters being used in the county's medical building by Mrs. Huffman are now required for a doctor's office.

Alternate quarters and methods of paying for same were discussed with no resolution reached for lack of complete information on one property being considered.

Cox also outlined services offered by the Department of Health with emphasis on benefits to local citizens. According to Cox, Crockett County's designation in July as a health manpower shortage area might qualify the county for some government assistance.

After meeting with David Farris of the University of Texas Land Division and Jeffrey Sutton, commissioners voted to install two bump gates as requested and clean out a cattle guard. The bump gates will be installed on Live Oak Road (County Road #305) and at the I-10 Live Oak south side exit.

Commissioners Jim House, Fred Deaton and Sostenes DeHoyos voted for the motion to place the bump gates. Commissioner Rudy Martinez voted against.

Other action by the board included unanimous votes to: authorize advertisement for bids for county depository contracts, health insurance and fuel bids.

Mrs. Concha Zapata, Mrs. May Lay, Alonzo Lopez and Mrs. Lou Carson were selected from the grand jury list to serve on the salary grievance committee. County officials on the committee are: Judge Mayfield, Tommy Stokes, Debbi Puckett, Jim Wilson and Jim Dudley.

County holidays for the year were

The state highway department placed new signs on I-10 commemorating the Crockett County Centennial this year. Pictured are chamber secretary Nancy Moore and board members Diane Myers, Elizabeth Upham, Teresa Deaton and Ronald Shaw.

set as: March 29, May 27, July 4, Sept. 2, Nov. 11, 28 and 29, Dec. 24 and 25, and Jan. 1.

Court members signed conflict of interest affidavits, and voted to table action on the appointment of new members to the Historical Commission until the Jan. 28 meeting. No action was taken on the agenda item to appoint new members to the civic center board in the absence of recommendations from that board.

The court went into executive session under Article 6252-17-Section (e) to discuss pending or potential lawsuit.

Lease of land and salary of road department employee listed on the agenda for executive session are to be discussed at a later date.

Making a difference through lobbying

Lobbying—a dirty word in today's politics. We think of lobbyists as sleazy political cigar-smoking types passing bribes.

But think again! Any citizen can "lobby" for a cause he or she believes in. That's the American way, in fact. Speaking out on an issue we hold dear is an important facet of the freedom we cherish so dearly.

Speaking out, however is not necessarily the same as being heard. Whether we're going in to talk to our child's principal or speaking before the county commissioners on an important issue, or asked to speak before the state legislature on some matter affecting Crockett County—we want to be taken seriously and listened to.

Women have traditionally been leaders in our community. But all women have concerns, whether they relate to the family, to the way our local, state or national government runs, or even to international matters.

But perhaps the most pressing problems are those which affect our families. Strong leadership is vital to the well-being of families and communities—particularly when rapid social change continues to put new pressures on people and institutions. As a result, the activities of capable people are needed to effectively guide and direct schools, citizen groups, governments, and public service organizations. Such leaders can encourage the most efficient use of resources and motivate others to help find answers to local needs.

That's where this month's Extension Homemaker program, "Listen and Lobby" comes in.

It's one of my favorite lessons from a series taught at FCL training. What's FCL? It stands for Family Community Leadership, and is a volunteer training program—primarily for women—which develops the individual skills and confidence needed for leadership positions, and helps people understand public policy issues relating to families and communities.

FCL encourages people to become actively involved in important public issues. These issues include anything that affects the quality of family life, ranging from day care to educational opportunities to the adequacy of a community's health care or water supply.

It doesn't tell people which is-

sues they should be involved in. It teaches them the leadership skills they need to deal with the issues they feel are important. It provides participants with effective strategies for influencing policy decisions—and an understanding of how governmental decisions are made.

At Thursday's (Jan. 17) program, you'll learn how to build communication skills (vital at home as well as in the community!) and the steps in bringing opinions and information to the attention of the right people, at the right time, in the right way.

Plus, at Thursday's meeting, you'll learn more about last year's Teen Sexuality Survey taken at Ozona High school and what a coalition group here in Crockett County has planned to combat this serious problem. You'll have an opportunity to become involved and help reach other organizations with this important information.

Do you want to be able to say "I made a difference," or will you just sit back and let things happen as they will?

If you want to be a person who makes things happen (instead of being someone they happen to), join us at noon tomorrow, Jan. 17 at the Ozona Civic Center. There is no charge or obligation if you attend, and the program will last from noon to 1 p.m., so come on your lunch hour.

Participants can bring a sack lunch—and we also invite you to bring a friend.

For more information, contact the Crockett County Extension Office at 392-2721. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of socioeconomic level, race, color, sex, religion, national origin or handicap.

Too often, the responsibility for dealing with complex social problems has fallen solely on government officials; many are volunteers and lack the time, training and resources necessary to bring about lasting solutions.

People can make important contributions by becoming more involved in public policy decisions that affect their lives and those of their neighbors. It is a win-win situation. There are many chances for individuals to be leaders in their communities, but sometimes they need help in getting started. Why not start tomorrow?

4-H photography project begins Jan. 22

The 4-H Photography Project will hold an organizational meeting on Tuesday, Jan. 22, 7 p.m. at the Crockett County Civic Center.

All 4-H members signed up for this project should attend this meeting; 4-H members, 8th grade or younger, should be accompanied by a parent.

If you have not yet signed up and are interested, please attend and find out what the requirements are for the project.

Producers urged to file for 1990 wool, mohair and unshorn lamb incentives

Ranchers are urged to come into the ASCS office and file for their 1990 wool, mohair and unshorn lamb incentive. The deadline to file is January 31, 1991. If you are interested in applying for the ACP program for 1991, you

will need to do so by Feb. 1, 1991. The county committee will be going over applications at their Feb. 5 meeting.

The Crockett County committee has established the LTA (Long Term Agreement) sign-up for Feb. 1 - Feb. 22, 1991. If you are interested in long term conservation, contact the ASCS office.

The ASCS office will be closed on Wednesday Jan. 16, for computer training and on Jan. 21 for Martin Luther King Day.

Emergency loan applications being accepted

Applications for emergency farm loans for losses caused by drought and excessive heat during the 1990 crop year are being accepted at the Farmers Home Administration (FmHA) office located in Eden, Texas, FmHA county Supervisor, Ben Rucker said recently.

Crockett County is one of 70 in Texas recently named by Secretary of Agriculture Clayton Yeutter as eligible for loans to cover part of actual production losses resulting from the drought and excessive heat during the 1990 crop year.

Ben Rucker said farmers may be eligible for loans of up to 80 percent of their actual losses or the operating loan needed to continue in business or \$500,000, whichever is less. For farmers unable to obtain credit from private commercial lenders, the interest is 4.5 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FmHA emergency loan," Mr. Rucker said. Farmers participating in the PIK or Federal Crop Insurance program will have to figure in proceeds from those programs in determining their loss.

"Application for loans under this emergency designation will be accepted until Aug. 26, 1991, but farmers should apply as soon as possible. Delays in applying could create back-

logs in processing and possibly over into the new farming season," Ben Rucker said.

FmHA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living. Eligibility is extended to individual farmers who are U.S. citizens and to farming partnerships, corporations or cooperatives in which U.S. citizens hold a majority interest.

The FmHA Office in Eden, Texas 76837 is open from 8:00 a.m. to 5:00 p.m. Monday through Friday. Mr. Rucker also holds an office period on the 4th Thursday morning of each month at the Crockett County ASCS Office from 10:30 a.m. til 12 noon.
