NUMBER 12

Waste Paper Pick-up Definitely Starts Friday

COMMUNITY WAR FUND DRIVE PROGRESSING NICELY

Committees Working Faithfully

Groups of workers under the direction of Geo. McClarty, Chairman, are working diligently to make Burk Burnett's quota of \$100,000 for the Community War Fund drive.

Baptist Church Announcements

Worship services, 9:45 a. m. and 7:30 p. m. Sunday. Union, 7:30 p. m. Wednesday. Mission Day, Oct. 22.

Tommy Harms has been in the hospital for the past 15 days enjoying a visit with his wife and son.

Michael H. O'Neill, has been in the hospital for the past 10 days with his wife and friends.

P. T. A. News

I. C. Evans urged a closer cooperation between the P. T. A. and the Community as a whole in the P. T. A. Tuesday meeting, adding, "there should be homes represented at each meeting." Mr. Evans stated the objectives of the P. T. A. are: 1. To promote the welfare of children and in the home, church and community. 2. To raise the standard of home life. 3. To secure adequate laws for the care and protection of children and youth. 4. To bring into closer cooperation the home and the school, parents and teachers may cooperate intelligently in the care of the child. 5. To develop between educators and general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual development.

Mrs. Vann and Mrs. Morrison, piano numbers; Morrison, Keith Hubbard, Milford.

Next meeting November 4, "Dad's Night" with Mrs. Dodson and Mr. I. C. Evans.

Mr. and Mrs. C. Bohner, Rt. 1 are invited to be guests of the Burk Burnett Star for the showing of Sun. or Mon. Picture at the Palace Theatre.

SEE AD FOR TITLE (This pass subject to 6c Defense Tax)

Teen Town Club Waiting For Building

The Teen Town Club, is still waiting on a building. Until one is secured they will not be able to get started. Several donations have been made the past week. Ensign R. H. Henry Jr. donated \$15.00 to the club, when he was home. Mr. Willis Bartley, gave \$10.00 and shall give \$10.00 per month as long as there is a Teen Town. What Burk Burnett needs is more citizens like this that is interested in our boys and girls. Other donations were University Study Club, \$25.00; Junior University Study Club, \$25.00; Hardin Demonstration Club, \$10.00; Order of Eastern Star, \$10.00. Any donation shall be appreciated by the boys and girls.

If you can't give but a nickel dime or quarter, only each week, drop it in the milk bottles you find in the stores with Teen Town Fund, on it. Donations of sturdy chairs, tables, games, floor pillows, mirrors, pans, puzzles, glasses, hot plates, and many other items will be appreciated. Come on, let's put this over for our Teen age group. Any information wanted or donations to be made, call either Alvin Hill, Treasurer; Mrs. J. M. Pogue, Co-Chairman, or Mrs. Geo. McClarty, Secretary.

Services Held For Burk Veteran

Funeral services for Thomas P. Duke, 66, of Burk Burnett, who died in a Dallas veterans' hospital Monday morning, were conducted from Owens & Brumley chapel here Tuesday afternoon.

Rev. A. E. Harrison, pastor of First Baptist Church, officiated. Interment was at Burk Burnett cemetery. A former resident of New York City, Duke moved to Burk Burnett recently and made his home with a brother, Jack Duke. Duke was born in Georgia and was a brick mason by trade. He left Los Angeles in 1906, just four days before the historic earthquake and fire at San Francisco. Later he returned to California to help rebuild the stricken city. Survivors are a son, Randolph Duke, with an army unit in India; two daughters, both residents of Des Moines, Iowa; five brothers, Alvin Duke, of Maine; Burns Duke, Birmingham, Ala.; Ivan Duke, Atlanta, Ga.; Grady Duke, Randel, Okla.; and Jack Duke, Burk Burnett, and two sisters, Miss Sarah Duke, Tulsa, Okla.; and Mrs. Emma Grice, Carrolton, Ga.

Community Prayer Service Tuesday, 8:15

Last Tuesday evening Rev. Devore of the First Methodist Church had charge of the Community Prayer Service which meets at the First Baptist Church each Tuesday at 8:15 P. M. Rev. Bill Munes was asked to have charge of the service next week and Mrs. Lewallen was asked to provide special music.

Pvt. Jack Alexander and wife and son were here last week-end to visit relatives and friends. Jack is at Camp Maxey, Paris.

George McClarty Buys Former Chevrolet Building Plans of Move Drug Store About First Of Year

It's Confoosing But Not Amooosing

A lot of folks will be glad when the date for Thanksgiving is settled once and for all. There was a time when one could look at the calendar and tell months ahead when Thanksgiving would be observed. But not any more. It's bad enough to be in doubt which week in November it will be, but when one gets mixed up on the month, that's bad. Last night a prominent Burk man read in the paper where Wichita Falls would observe the day November 23. He made several late calls to inform others before he realized this was not November.

Rotarians Hear Excellent Speaker

Tuesday at noon members of the Rotary club were favored by a prominent speaker from New York. Harold Van Loh had charge of the program and asked Ralph Davis to introduce the speaker, since the two had grown up together in East Texas. He introduced V. C. Arnsperger, vice-president Encyclopedia Britannica Films, Inc., who brought a very enlightening talk on "The Post-War World." Mr. Arnsperger has traveled extensively, and has been active in the research for better and faster ways of instructing children.

Visiting Rotarians from Wichita Falls, Ray Jones, Harley Goble, Dee Campbell, Frank Schram and Edd Bebb. Other guests and visitors, 1st Lieut. Ted Harwell, Harry Dodson and Jerry Jack Miller.

Gas Heaters Still Will Be Scarce

The O. P. A. has just released figures on Gas Heater production. Heater sales for the last normal year (1940) 1,897,000. Total estimated production this year, 510,000. This means only 27 per cent of those wanting gas heaters this fall will get them. 1,387,000, or more, will have to wait. Stove rationing must be continued, so those, whose needs are most urgent are taken care of first. If you really need a gas heater this fall, buy it today, and help the critical transportation problem.

Mrs. Willie Shields Succumbs at Sherman

Mrs. Willie Shields, an aunt of Mrs. Ottis Hash, succumbed at her home in Sherman, Texas, Wednesday morning, Oct. 18, she had been ill for some time. Mrs. Shields is survived by her husband, a daughter, Mrs. Roy Wooten, and a son in the army, Casey Shields. Mrs. Shields has visited several times in Burk Burnett, and has many friends here.

Mrs. O. E. Melton returned Friday from Dallas, where she had attended an Executive meeting for officers of Women's Clubs.

400 Soldiers Enjoy Barbecue

Wednesday night the local USO sponsored a barbecue at the City Light Plant for soldiers from Sheppard Field. This is the second such barbecue, funds for which were furnished by business men of Burk Burnett. Paul Browning was chairman. Barbecued pork and beef, beans and everything to add to occasion were in abundance. Besides the 400 soldiers, a few local citizens joined the festivities. More than 600 pounds of meat was consumed.

City Water Meter Room Enlarged

Work has been completed extending the meter room in the Fire Station out to the sidewalk even with the front of Town Hall. The room is now twice its original size.

Those 13's Again

Friday, Oct. 13, W. A. Roberts completed his 13th year as president of the Volunteer Fire Dept. At a meeting called that night, there were 13 Firemen present at 8:13.

J. W. Johnson Rites Held Wednesday

John W. Johnson, 73, retired farmer, died Tuesday afternoon in a Wichita Falls hospital after an illness of about a year. He came to Wichita Falls two and a half years ago from Kamay and made his residence at 2131 Broad. He was born in Danville, Ark., and had lived a number of years at Lubbock, Texas.

Funeral rites were held Wednesday at 3:30 p. m. from the Merkle Undertaking Chapel by the Rev. N. A. Sanders, pastor of South Side Baptist Church, with Rev. A. E. Harrison, assisting.

Survivors include the wife; three daughters, Mrs. Lucy Clifton and Mrs. Ada Bell Johnson, of Wichita Falls, Mrs. C. O. Smith, of Burk Burnett; a son, Harold C. (Buck) Johnson, with an army unit in France; a brother, J. C. Johnson of Vernon; two sisters, Mrs. L. F. Raines of Electra, and Mrs. Mary Goodman of Houston; four grand children, two of whom are in the service and two great-grandchildren.

Census Reports Shows That 1885 Bales of Cotton Were Ginned in Wichita County From the Crop of 1944 Prior to October 1st

Census reports shows that 1885 bales of cotton were ginned in Wichita county from the crop of 1944 prior to October 1st as compared with 3,439 bales for the crop of 1943 to the same date. Cotton pickers are scarce this year and the rains of the last few weeks have kept pickers out of the fields. Lots of cotton still in the fields yet.

Circle No. 1 of the W. S. C. S. will meet with Mrs. Paul Browning, 506 Magnolia, Monday, Oct. 23 at 3:30.

Circle No. 2 will meet with Mrs. A. R. Bunstone, at Thrift, Monday, Oct. 23, at 3:30.

Circle No. 3 will meet with Mrs. J. P. Kurtweils, 509 E. Main, Monday, Oct. 23, at 3:30.

Patrol Leaders Training To Begin Oct. 23rd

A Patrol Leaders Training Course, begins Monday, October 23, at 8 p. m. at the Baptist Church. This course is for all Scoutmasters, Assistant Scoutmasters, Senior Patrol Leaders, Jr. Assistant Scoutmasters, Patrol Leaders, and Assistant Patrol Leaders of the Troops 35 and 155. By completing this course the Scout Troops here will have completed the Silver Jubilee requirements and will be entitled to attend the Silver Jubilee camp in Dallas, Texas. This would be an experience never to be forgotten by our Scouts.

Funeral Rites Held For Loyd Teal

Funeral services for Loyd Teal, were conducted from the Baptist Church, at Lubbock, Texas, Thursday, October 12, with Rev. Vaughn officiating. Interment was in the Lubbock cemetery under the direction of the Rex Funeral Home. Mr. Teal, 42, was born in Mark, Texas. He had recently moved from Portland, Oregon, to Oakland, Calif., where he was residing at the time of his death. He was stricken suddenly by a heart attack Oct. 6 which proved fatal. He is survived by five brothers, Will Teal, Burk Burnett, Ray Teal, Lubbock, T. Teal, Lubbock, Jim Teal, Crowell, and John Teal, Eugene, Oregon.

Lt. Paul Oksenkug, left Sunday by plane for Mt. Home Idaho, where he is stationed.

JIM'S Ration Reminder

Rationed Commodities
MEATS, FATS—
Red stamps A8 through Z8 and A5 through K5, good indefinitely. No new stamps until October 29.
PROCESSED FOODS—

Paper To Be Picked Up Each Week

Wednesday afternoon a large group of business men met at the City Hall and made definite plans to pick up waste paper in Burk Burnett every week, so long as there is a need for it. Paper in the business section of the town will be picked up every Tuesday and Friday afternoon. Pick-up for the residence part of town will begin every Friday afternoon at 4 o'clock.

Business houses are asked to do save all kinds of paper and cardboard cartons. Every kind of paper is needed, but there is a greater need for rough paper, cartons, etc., and this kind of paper brings up to \$37.00 per ton.

People in the residential part of town are asked to tie newspapers, magazines and cardboard in separate bundles and place it near the curb in front of the house. Every street and avenue in town will be made each Friday.

Six pick-up trucks have been pledged for use in this work. A man will drive each truck and have as helpers two or three Boy Scouts or Cubs.

Camp Fire girls will also aid in the campaign. They will contact each home in town to explain the urgent need of the paper, and the proper way to sort the different kinds of paper and the correct way to tie it so that it may be handled easiest.

Proceeds from the sale of paper will be divided among the Scouts, Cubs and Camp Fire girls.

Up to this time Burk Burnett has fallen down on its paper salvage effort. Several factors have hindered previous efforts. All former difficulties have been overcome and those in charge of the campaign now are very optimistic about the amount of paper that will be gathered. It has been discouraging to the housewives in the past when they placed the paper out for pick-up and no one called for it. They are assured now that it will be called for and it will not be left out in front of the houses to be scattered all over town.

Remember the time: every Friday afternoon beginning at 4 o'clock for the residence part of town. Tuesday and Fridays at the same time for the business section. Cooperate with those working on this worthy cause.

Properly flattened and prepared tin cans will also be picked up with the paper. Tin is badly needed.

Lions Club

Holman and Houser had charge of the program Tuesday night. Houser introduced Lieut. Tommie Harms who gave a fine talk on Alaska, where he has been stationed the past 16 months. The club enjoyed his talk very much and congratulates him on the showing he has made for himself in the armed forces.

The board of directors voted to contribute \$25.00 to the war chest drive.

Visitors were Tom Harms Sr., Capt. Hutton, Pvt. Ben Bradley of Burk Burnett and Sheppard Field and Mr. Collins of Vernon. Clyde Hollingsworth and Luther Hatch will have the program for next week.

A war bond is to finance war, war is not over so the financial need is necessary. Reports point to an increase in the cashing in of war bonds. There are some cases where there is real need to do so, but these are rare. If we cash in our bonds, then more are going to be issued to take care of the shortage. And what would we do with the money? Right now, quality is poor, prices higher than most articles are worth and in saving our money until after the war, we will then find lower prices probably, certainly more of a variety and surely a better grade of material. Even if war is soon over in Europe, it takes money to finance a Pacific battle. With war bonds as patriotic investments, and financial assets, let's keep them and keep buying them until it is ALL over, over there.

A FEW FACTS

By the end of this year there will be an immediate need for 6,000,000 automobiles just to put the same number of cars back on the road that were there in 1941. There will be need for 3,500,000 vacuum cleaners, 7,000,000 clocks, 23,000,000 radio sets, 5,000,000 refrigerators, 10,000,000 electric irons, 3,000,000 washing machines and millions of other household appliances. There are 600 differ-

ent articles made of steel and iron which have not been manufactured since 1942.

The mighty energy we found lying dormant and unused in this country at the beginning of the war must be turned from destruction to creation. There can and must be jobs for all who want them and a free, open door for every man who wants to start out in business for himself.

SCIENCE JOINS THE FIGHT

Fire prevention week is past, but during those seven days of concentrated battle against fire the public learned of new weapons to combat uncontrolled fire. Among those weapons are such innocuous sounding devices as fog, foam and snow.

One story told how a munitions ship collided with a tanker off the East Coast a few months ago. The crash exploded and sank the munitions ship and turned the tanker into a raging inferno. By all the rules, the tanker should have been a total loss. It wasn't twelve hours after the accident, Navy fire fighters arrived with some of the latest fire fighting tools. By then the heat was unbelievable. Bronze fittings like hot chocolate. Ahead of the Navy men as they went aboard the ship, traveled a ball of hissing fog. Sheltered behind it, they advanced toward the ship's stern. Arrived at the stern cargo tanks, they applied another modern fire fighting miracle: foam. From special nozzles they shot a smother of snowy bubbles which stuck on everything. The bubbles piled up in the tanks, floating on the burning gasoline like super-yeasty dough, choking out the fire. A \$3,500,000 ship and 70,000 barrels of war fuel had been saved.

The mysterious fog that saved that ship was made by dozens of needle-fine streams of water rushing from a hose at 100 miles an hour. Backed by 150 pounds of pressure, these streams aimed to shatter against each other, broke up every gallon of water into 23,000,000,000 particles — literally a drenching, cooling fog.

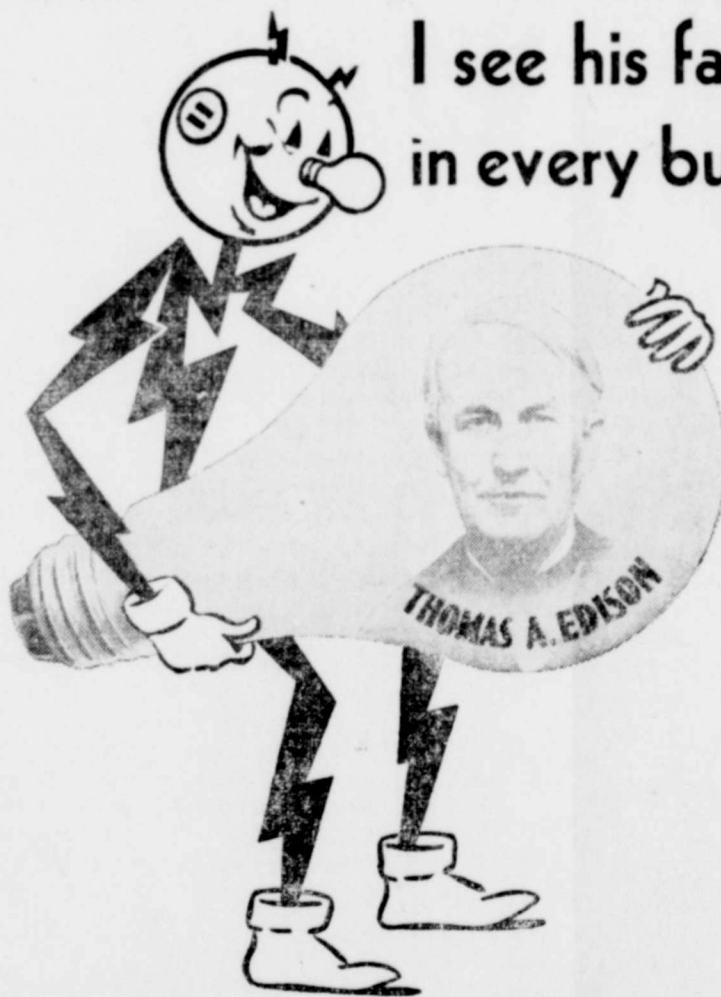

Snow, another fire-fighting miracle, is liquid carbon dioxide sprayed under high pressure. It leaves the nozzle at 100 degrees below zero. No fire can withstand it.

In spite of everything that has been done to prevent and extinguish fire, the tragic fact remains that fire losses are still rising — because we as a nation are too lazy and indifferent to use what science has given us.

WHAT NEXT?

Mechanized manure removal is the latest wrinkle now being developed for dairy farms. Agricultural engineers are experimenting with a slow moving, endless belt conveyor placed in the droppings trough. It is designed to deliver its load direct to the manure spreader outside the barn. This is not all that has come to light of late in the line of farm invention. A New York farmer, tired of pitching in hay by hand, cut off the blower end of his threshing machine, put the discharge shoot in the loft, and did as much work with two men as five would normally do.

People wonder how the American farmer has managed to get along during the war, in the face of labor shortage. He has done it through determination and ingenuity. If it had not been for these assets plus the effective help of his marketing organizations, the farmer would have been out of business long ago.

I see his face in every bulb

EVERY time you turn on an electric light, it becomes a glowing testimonial to the genius of Thomas A. Edison. Sixty-five years ago this Saturday, on October 21, 1879, Edison successfully completed the long series of experiments he'd started many months before to make a practical light source.

You know the rest. The brain of this one man, plus determination, perseverance and patience, created a small glass bulb that has had a vast influence over the living and working habits of people throughout the world.

Today, electric light is a commonplace convenience. On the farm and in the cities, in homes, offices, stores and factories; in one-room shacks and in mansions this man-made light source that pushes back the mantle of darkness at the flip of a switch has helped bring about many of the fine things of our modern civilization.

Edison not only invented the first practical incandescent lamp. He also established the first commercial electric generating plant to extend the benefits of his revolutionary invention. The electric industry, today supplying the greatest amounts of power in history as a result of war needs, pays tribute to Edison's lamp and his pioneer electric generating plant.

TEXAS ELECTRIC SERVICE COMPANY

The Community War Fund Deserves Your Support

Burkburnett's Quota \$4,600

HELP HIM FIGHT--HELP KEEP THOSE BACK HOME SAFE!

The soldier who lays down his life in combat deserves the assurance that his loved ones at home are properly cared for. He wants to know too, that the families of his fighting allies are getting our aid; and that we're going to keep right on establishing entertainment units for him near wherever he fights. The money you give our War Chest does all those things for you.

Be a giver and a doer: don't just think about it. That extra nickel, dime and dollar you contribute will go a long way to give our boys peace of mind and a sense of security.

THE OLD JUDGE SAYS...

"Quite a stack of newspapers I left you yesterday, Judge. Aren't you in the newspaper business, are you?"

"No, I just enjoy reading different papers so my nephew George sends them to me whenever he takes a business trip. I got a big kick out of some he sent me from several counties where they still have prohibition. Particularly from some headlines that read 'Drunk Driving Arrests Rise'.

"Bootleggers must post Ceiling Prices. Federal Agents seize 'Trick' Liquor Truck. Doesn't that go to prove, Joe, that prohibition does not prohibit?"

"I watched conditions pretty carefully during our 13 years of prohibition in this country. The only thing I could see we got out of it was bootleg liquor instead of legal liquor...plus the worst crime and corruption this country has ever known."

Improved Uniform SUNDAY SCHOOL LESSON

By HAROLD L. LUNDQUIST, D. D.
Of The Moody Bible Institute of Chicago.
Released by Western Newspaper Union.

Lesson for October 22

Lesson subjects and Scripture texts selected and copyrighted by International Council of Religious Education; used by permission.

RELIGION IN EDUCATION

LESSON TEXT—Matthew 7:12; Luke 6:39-45.
GOLDEN TEXT—Ye shall know the truth, and the truth shall make you free.—John 8:32.

Education without religion will make America a pagan nation in a generation or two. Even worldly-minded educators are concerned about the neglect of and opposition to Christianity in many branches of our country's educational system.

Christians will want to be informed and to act as they have opportunity to bring Christian influence to bear on the education of children. They will want to give their hearty support to real Christian education.

I. Seek Wisdom from God (Matt. 7:7-11).

We have made great progress in the improvement of educational equipment, in the construction of fine school buildings, and in the provision of trained teachers. There have been earnest efforts to develop the most effective courses of study adapted to the needs of our day.

All this is commendable—except for one thing, and that is really a foundational error. We have given little, if any, attention to the development of character, without which the skills of hand and of head may be actually dangerous. Theodore Roosevelt is said to have observed that "to educate a man's mind without educating his conscience is to make him not a social asset, but a social liability" (Douglass).

The teaching in our schools of the evolutionary theory as though it were fact when it has never been proved has provided a foundation for all manner of denial of God and of the truth of His Word.

What shall we do? Surrender? Not at all. Let us look to God for His wisdom and grace. The promise is that the one who asks, receives, when he asks in faith and for God's glory (cf. James 1:5-8 and 4:3). Prayer is vital in real education.

II. Use Wisdom with Men (Matt. 7:12).

Education has as one of its important goals the ability to get along with our fellow men. As the Lord enables us to grow in wisdom and knowledge, it should show in our treatment of those who look to us for guidance and help.

This so-called Golden Rule is a high standard of conduct which many profess, but which only the grace of God can accomplish in a man's life. To always be positively doing for and to others what we would have them do for us is far more than the negative thing which most people assume it to be. They reverse it and are trying to avoid doing things to others that they would not have done to themselves.

Note again that this is on the positive and the active side. We are to go about doing good, such as we would desire for ourselves.

III. Follow Wisdom in Humility (Luke 6:39-42).

If the teacher is spiritually blind he will lead his equally blind pupil into the ditch. That is exactly what is happening in many schools and colleges. No pupil will rise higher than his teacher (v. 40).

Real education makes a man humble. He is not ready to destroy his brother's eye because it has a speck in it, for he recognizes his own weakness and sin. He needs the grace of God in his own life first; then he is ready to give help to others.

There is something fine about the genuine sweet humility of a man who is really educated. He is not pompous and proud, parading his learning so that the populace may be impressed. He is humble and teachable. Real scholarship calls for genuine faith in God.

IV. Find Wisdom in Godliness (Luke 6:43-45).

Every tree brings forth its own kind of fruit. Christian character is a fruit which grows only on the tree of Christian doctrine. The fear of the Lord is the beginning of wisdom (Prov. 9:10). That means that to be truly educated a man must be a Christian.

That which is good and noble and upright can be brought forth only from a mind and heart of which the same things are true. (v. 45). An evil man will teach others evil, a good man will teach them that which is good. Hence, the folly of thinking that if a teacher only has a brilliant mind, and is versed in the technical learning of his profession, it makes no difference what his morals are nor how he lives.

That theory has brought ruin to thousands of young lives, and it is high time that all who have to do with educational work demanded godly character as the first requisite of the teacher and made it the leading subject in the curriculum. "The fear of the Lord is the beginning of wisdom."

SEWING CIRCLE PATTERNS

Young, Smart Princess Frock Slip, Panty Set Designed to Fit

Well-Fitting Underwear

YOUR new fall suit deserves well-made underwear. Make up this slip and panty set—its nicely tucked waist assures a good figure line under your costume. It may be left plain or trimmed with lace. We're sure you'll want more than one set!

Pattern No. 8560 comes in sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38, slip with built-up shoulder and pantie requires 4½ yards of 39-inch material.

For this pattern, send 25 cents in coins, your name, address, size desired, and the pattern number.

Due to an unusually large demand and current war conditions, slightly more time is required in filling orders for a few of the most popular pattern numbers.

Leave It to the Irishman To Find a Bright Side

Two Irishmen, employed in a stone quarry, were blasting with dynamite when one of them was killed by an unexpected explosion. His mate was given the unpleasant task of conveying the news to the newly created widow.

Slowly and thoughtfully he plodded to her home.

"Mrs. Flanagan," he began, when she opened the door, "isn't it today the collector will be calling for your husband's life insurance payment?"

"Sure it is, but what is that to you?" replied Mrs. Flanagan.

"Then 'tis yourself that can be snapping your fingers at him," the man responded cheerfully.

ASK ME ANOTHER? A quiz with answers offering information on various subjects

The Questions

1. What is a milliard?
2. What is a lee tide?
3. What lake in the United States has no inlet or outlet?
4. What was Tokyo formerly called?
5. Is cement the same as concrete?
6. In South Africa what is a kraal?
7. A group of lions is called what?
8. What poet immortalized the story of Barbara Fritchie and the flag?
9. How many stars does a major general have on his shoulders?
10. What are the following: Adam's needle, Adam's peak, Adam's profession?

The Answers

1. A thousand million.
2. One running in the same direction as the wind blows.
3. Crater Lake, Oregon.
4. Yeddo (up to 1869).
5. No. Cement is but one of the ingredients of concrete.
6. A village of natives.

7. A pride.
8. John Greenleaf Whittier.
9. Two.
10. Adam's needle — popular name for various species of yucca. Adam's peak—a mountain peak in Ceylon, 7,353 feet high. Adam's profession—gardening.

Gems for Giants

Imagine a pearl so large that if dropped on your head from a height of six feet it would crush your skull. Such a pearl was brought from the Philippine Islands, where it was found inside an immense shell fish called the Tridacna. It weighs 14 pounds and is nine inches long and five and a quarter inches thick. It is easily the largest pearl ever found, yet has no value except as a curiosity, for only a giant could wear such a gem.

The world's largest opal was recently discovered in the United States. It is what is called a black opal, is flawless, but contains no less than 21 cubic inches of material.

AROUND THE HOUSE

A small magnet (if you can get one) is a handy item for picking up pins and needles off the sewing room floor.

Dusters that have become very soiled and greasy are more easily cleaned and give better results if a tablespoon of paraffin is added to every gallon of water in which they are washed. Rinse in boiling water and afterwards in cold.

To keep beets from losing their bright red, leave on the long taproot and an inch or two of stems.

Open space between garments hanging in a closet helps them to hold the press and keeps them from getting a stringy look.

A tablespoonful of epsom salts added to the starch will greatly stiffen articles such as men's collars.

When food has been spilled on the open coils of the electric range allow it to char, then brush it off with a soft brush.

Photographs that have become discolored and dirty from being displayed without frames may be cleaned by rubbing methylated spirits over them. This should be done very quickly, and in a room without fire or a naked light.

Sew a piece of strong material inside the back of the cuffs on men's pants. This will prevent that frayed appearance.

Life Insurance Policies Auctioned Off in London

For years in London, many a person wishing to cash his life insurance policy has put it up at a monthly auction where it may bring from 5 to 20 per cent more than its surrender value, says Collier's. Every detail about it, except the name and address of the insured (which are never disclosed) is furnished by the auctioneer.

As the successful bidder becomes the beneficiary and responsible for all further premium payments, he thus gambles that the face value of the policy will greatly exceed his investment in its purchase and premiums.

Qualifications?

"But you wouldn't marry a man just because he's a good dancer?" "Oh, no, Jack's clever at cards, too!"

Safety in Spaces

Mrs. Horner—Be very careful crossing the street, Jasper.
Jasper—Don't worry, mother, I always wait for the empty spaces to come by.

His Solo Flight

The day after the steeplechase in England one of the jockeys awoke to find himself lying in a hospital bed, all bandaged up.

"How did it happen?" he asked the trainer, who sat beside him. "I thought I cleared that last hedge easily."

"You did," replied the trainer. "The trouble was that the horse didn't."

A Hollywood producer received a story entitled "The Optimist." He called his staff together and said: "Gentlemen, the title must be changed to something much more simple. We're intelligent and know what an optimist is, but how many people know it's an eye doctor?"

Feathers Flying

The young husband wrote home from his new job, saying: "Made foreman—feather in my cap." A few weeks later he wrote again, saying: "Made manager—another feather in my cap." After some weeks he wrote again, saying: "Sacked—send money for train fare."

His wife unfeelingly telegraphed back: "Use feathers and fly home."

And Works, Too

Moe—What has become of that watch you used to carry—it had such a handsome gold case? Now you have one with a brass case.

Less—Yes, you know circumstances alter cases.

Holds Good

Jean—It says here that the average person speaks 10,000 words a day.

Jasper—Yes, but I've always said you are far above the average.

To Relieve Bad Cough, Mix This Recipe, at Home

Big Saving. No Cooking. So Easy.

You'll be surprised how quickly and easily you can relieve coughs due to colds, when you try this splendid recipe. It gives you about four times as much cough medicine for your money, and you'll find it truly wonderful.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's no trouble at all. (Or you can use corn syrup or liquid honey, instead of sugar syrup.) Then put 2½ ounces of Finex (obtained from any drugstore) into a pint bottle. Add your syrup and you have a full pint of medicine that will soothe you by its quick action. It soothes the throat, soothes the inflamed membranes, and eases the soreness.

This simple mixture takes right hold of a cough. For real results, you've never seen anything better. It loosens the phlegm, soothes the inflamed membranes, and eases the soreness. Finex is a special compound of proven ingredients, in concentrated form, well-known for its prompt action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

for the beautiful twilight ceremony in which Miss Ruth Dixon, of Dimmitt, Texas, and T. Sgt. Harry Harris, of Burkburnett, exchanged impressive wedding vows Sunday evening, Oct. 15 with Rev. A. E. Harrison, directing the services.

Mrs. Harris is the daughter of Mr. and Mrs. Elmer Dixon, of Dimmitt, Texas. T. Sgt. Harry Harris, is the son of Mr. and Mrs. B. C. Harris, of Burkburnett.

Beautiful baskets of pink and white Gladiolus and Astors decorated the altar. Candelabra flanked the altar to provide soft illumination for the nuptial scene. Cascades of greenery centered the altar entwined together with white ribbons and silver bells. Similar floral decorations were used throughout the room.

Miss Peggy Dot Busby, gave a lovely rendition of "I love you Truly" and "Because" accompanied by Mamie Browning, the traditional wedding march "Lohengrin" and "I Love You Truly" afforded muted background music.

The bride given in marriage by her father, was lovely in a white floor length gown, featured with satin bodice, sweet heart neck, and short sheered sleeves, the skirt falling in folds of net. A fingertip veil of bridal illusion fell from a frilled tiara. The bride wore a lovely orchid and carried a white bible.

Attending as Matron of honor was Mrs. Wilmina Routh, sister of the groom, attired in a black suit with black accessories, and wore a corsage of white carnations and baby's breath. Mr. Curtis Echols, attended the groom as best man.

Immediately following the ceremony, a reception was held at the home of Mrs. Ola Sutton, sister of the groom, in Wichita

falls. Mrs. Sutton, presided at the beautiful three tiered wedding cake, and Mrs. Jack Bruce presided at the brides book. The reception rooms were decorated with the brides chosen colors of pink and white.

Mrs. Harris was a graduate of Dimmitt High School and attended Liepperts Business College, at Plainview, Texas.

T. Sgt. Harris, attended Burkburnett High School before he entered the armed forces. He has been a prisoner of war, and expects to return to Miami, Fla., November 6 for re-assignment.

Out of town guests for the wedding include the brides parents, Mr. and Mrs. Elmer Dixon, of Dimmitt, Texas, Mr. and Mrs. Curtis Echols, of Mission, Texas, the brides sister, Mrs. Nash, Dimmitt, Mr. and Mrs. Bradley, also of Dimmitt.

Faith Class Meets
With Mrs. Joe Todd

The Faith Sunday School class of the First Baptist church, met in the home of Mrs. Joe Todd, Monday night, Oct. 16th, for their monthly business meeting.

The class is planning a Halloween party for their husbands and prospective members, Oct. 30th, at the church. All members are urged to come. The class has planned to present prizes for those who have the best Halloween costume and to those who can not be identified. A wonderful time is in store for those who will attend.

Delightful refreshments were served to Mesdames J. D. Hash, Orville Morris, Elvis Welborn, D. T. Hash, Ralph Winkles, and J. D. Todd, Mrs. Jimmie Johnson the Department Superintendent also attended the meeting.

Typewriter Ribbons at The Star

Charlotte Whiteacre
Becomes Bride In
Rites Read Here

Miss Charlotte Whiteacre became the bride of Gene Looney in impressive rites, read Sunday, October 8, at the Calvary Baptist Church, immediately following the morning service, with Rev. Ray C. Morrow directing the ceremony.

Traditional wedding marches were played by the pianist, Mrs. M. E. Lewallen, and during reading of the vows, "I Love You Truly" Lohengrin bridal course and Mendelssohn wedding march. Miss Betty Barnett sang "Because" with Mrs. Lewallen accompanying.

The bride was attractive in a street length frock, of brown and beige with brown accessories. She wore a shoulder corsage of white carnations.

Attending the bride as maid of honor, was the brides sister, Miss Imogene Whiteacre, who was also attired in brown with brown accessories, and a shoulder corsage of white carnations.

The altar was decorated with large baskets of white carnations and mums, forming a beautiful background for the impressive ceremony.

A reception followed the wedding at the home of the brides parents. The couple chose Carlsbad, N. M., as the place of interest for their honeymoon.

University Study Club
Holds Guest Day
Program

The University Study Club met at the Town Hall, Wednesday, Oct. 18, for a guest day program. The hall was decorated with fall flowers. The receiving line included Mrs. O. C. Wills, R. C. Tevis, O. R. Wood, R. A. Lincoln, I. D. Russell.

Mrs. J. V. Brooksheir secured the names for the guest book. Mrs. Wells, the president, welcomed the guests, and Mrs. Brooksheir, announced the numbers on the program. First on the program was a piano number by Janice Caffee.

Mrs. Boyd I. DeVore was introduced as the guest speaker, she reviewed the "Emperors Physician" in a very charming manner, which was enjoyed by all. Mrs. DeVore, was presented with a gift by the club.

Mrs. R. A. Lincoln, and daughter, Norma, furnished delightful music during refreshment time. Mrs. W. R. Hill, one of the charter members poured for the occasion, a dainty tea plate was served to approximately 55 guests.

Mr. and Mrs. V. C. Arnsperger are visiting here in the home of Mrs. Arnsperger parents, Mr. and Mrs. S. A. King. Mr. Arnsperger is vice-president Encyclopedia Britannica Films, Inc., of New York City.

Federated Missionary
Meets With Mrs.
R. A. Lincoln

The Federated Missionary Board members, met in the home of Mrs. R. A. Lincoln, Friday, Oct. 6th. The meeting was opened with prayer by Mrs. C. B. Beldon, the song "What a Friend We Have in Jesus", Devotional by Mrs. McMurtry, "Magnifying Christ in the Home". Prayer by Mrs. Butts.

Mrs. C. B. Beldon, president,

presided over the business meeting. The next meeting is scheduled for the 5th Monday, October, at the Central Christian church with Mrs. R. A. Lincoln in charge. The meeting was with special prayer for the hostess and co-served refreshments to Mrs. B. M. Cropper, F. R. M. W. Majors, C. B. M. McMurtry, A. H. Gamblin, Wid Phillips, DeVore, S. A. King, and Lincoln, visitor, Mrs. J. W.

HOME OFFICE • DALLAS

"What about me?"

LIFE looks pretty scary from where you sit, doesn't it, son? Dad's been overseas for months. And now Mom's so sick she has to go to the hospital. So what's to become of you?

Don't you worry. You've a lot of friends you don't know about. Thoughtful, generous people who will make sure you're cared for while Mom's away.

You're going VISITING! To a fine foster home, with folks who love and understand young fellows like you. They have toys waiting... a tree to climb... maybe even a dog!

So chin up, soldier! Everything's going to be all right!

Yes, everything will be all right for him and the thousands of cases like his—as long as you continue to support the agencies that make this help possible.

These services were here before the war and they will be continued afterward, but their needs in wartime have been greatly multiplied. This year, more than ever, they need your contributions.

Don't let them down. Give today!

Give generously to your

W. S. C. S. Continues Mission Study

The W. S. C. S. met at the Methodist Church, Monday, Oct. 16, for another inspiring lesson in Mission Study. Mrs. M. W. Majors gave the devotional, and the opening song was "Ozium Haste". Mrs. H. W. Prinzing, the vice president, presided over the meeting in the absence of the president, Mrs. Bertha Cropper. Mrs. J. P. Kurtzweil brought the lesson for the afternoon, the topic, "West of the date line."

The W. S. C. S. extends a hearty welcome to all the ladies of the Methodist church to attend and enjoy these Mission Studies. The topics cover so many of the islands where our boys are living and fighting for the freedom of our country.

Those present were Mesdames H. W. Prinzing, M. W. Majors, J. P. Kurtzweils, F. L. Pilkenton, Jud Exley, A. H. Bazill, J. H. Rigby, J. L. Caffee, M. C. Tucker, Boyd I. DeVore and Clyde Boggs.

THE RAINBOW CLASS OF METHODIST CHURCH

The Rainbow Class of the Methodist Church is made up of ten to twelve year old boys and girls. Children of this age are invited to attend Sunday School in the basement of the church.

Those present Sunday were: Mike Harms, Patsy Lundberg, Billie Lundberg, Billy George McClarty, F. T. Felty Jr., Chas. Wayne Counter, and the teacher, Mrs. A. H. Babell.

Pvt. and Mrs. Warren Bolinger and son Bobby, spent last week visiting Pvt. Bolinger's parents, Mr. and Mrs. Dave Bolinger and his sisters, Mrs. Russel and Roy Deavers and family all of San-Saba, Texas. Pvt. Bolinger, is on a fifteen day furlough and will report back to his station at the Red River Ordnance Depot, in Texarkana, Texas.

Mrs. L. L. Barber and Mrs. Bolinger, recently heard from their brother, S2/c Lonnie P. Freeman, who is stationed in the Hawaiian Islands. He states that he likes Hawaii fine but home sounds much better.

Mrs. J. H. Cecil and her son Hershel, have returned from a trip to Mexico and Arizona, after visiting her brothers and mother in Phoenix, Wickenburg, and Prescott, Arizona.

Methodist Church Announcements

A cordial invitation is extended to all who will attend the services of the local Methodist church.

Church School each Sunday at 9:45.
Worship Services at 11 A. M. and 7:45 P. M.
W. S. C. S. each Monday at 3:30.

Community Prayer Services at the First Baptist Church each Tuesday at 8:15 P. M.
Senior Choir Rehearsal each Wednesday, 7:30-8:30.

The Children's Choir rehearses each Saturday at 10 A. M. at the church.

Brother DeVore will attend Conference next week, but will be here to preach each Sunday morning and night for the rest of this month, which closes this conference year.

Mr. Leon Freeman is relieved to hear that his son-in-law, Howard Mayse, is improving. Mr. Mayse has been seriously ill.

Mr. and Mrs. D. H. Mabry have purchased a home at 306 Hayworth St. and are now residing at this address.

Corp. Troy Etier and wife are visiting their parents Mr. and Mrs. Ira Hullum, and Corp. Etier's parents of Randlett, Corp. Etier is stationed in Kinston, North Carolina.

Miss Louise Custer and brother returned to their home in Westplanes, Mo., after an extended stay in Burkburnett.

Mrs. Jane K. Hill of Burkburnett is among the 165 juniors and seniors on the dean's list at North Texas State this fall.

The dean's list, a campus honor roll for upperclassmen with a scholastic average of a "B", is released from the office of the dean of the college every school semester and exempts those persons having the necessary high average from the regular penalties for class absence.

Mrs. Hill is a senior student at NTSTC majoring in English. She is a member of Gammadions, Sigma Tau Delta, and Alpha Chi.

Amie Johnson, left Saturday night for Temple, Texas. She plans to work there, so she can be near her brother Preston, who is in the McClosky General Hospital.

Some Like 'em Raw

SALADS

Keeping the Fruit Bowl well filled, serving fruit for breakfast and a salad for lunch and dinner, is no longer considered a luxury; for more fresh fruits and vegetables in the daily diet are now known to be a sound nutritional investment. Save labor and be economy-wise, serve some fruits and vegetables raw every day... you get full flavor and all their natural vitamins and minerals.

Some Like 'em Cooked

QUICK COOKING

Conserve vitamins and minerals, cook fresh fruits and vegetables quickly and in as little water as possible. Cook until just done with some of the original crispness left. Do not add soda because it destroys the vitamins. Serve as soon as possible after they are cooked and seasoned. Use cooking water in gravies, soups or sauces. Quick-cooking is the modern method of insuring fruits and vegetables of finer flavor and greater food value for your table.

Raw or Cooked-Serve 'em

Large-Sized Vestee By Popular Request

5640

Snug and Warm

SO MANY readers have asked that I design a "large-size" vestee which could be easily knitted that I've done this one specially for sizes 38, 40, 42 and 44. Made in maroon or wine-colored yarn it's just the sort of winter vestee which is most popular. Button the lapel over for added warmth under your coat—wear the vestee for comfort in a too chilly house. And it will make a wonderful Christmas gift for the woman who is too busy to do her own knitting!

To obtain complete knitting instructions for the large sized vestee (sizes 38, 40, 42, 44 included) (Pattern No. 5640). Send your order to:

SEWING CIRCLE NEEDLEWORK
530 South Wells St. Chicago.
Enclose 15 cents (plus one cent to cover cost of mailing) for Pattern No. 5640.

Only One Chesapeake

Owing to the misadventures of the first American naval vessel to be called the Chesapeake, the U. S. navy has never given this name to another combatant ship, says Collier's. In 1807, the captain of this frigate, unprepared to fight, struck his flag and allowed his vessel to be searched after being fired upon by H.M.S. Leopard. Again in 1813, the crew of the Chesapeake, unwilling to continue a battle, surrendered and the ship was captured by the H.M.S. Shannon.

Best Known Home Remedy For Relieving Misereries of CHILD'S COLDS

The modern external treatment most young mothers use to relieve discomforts of children's colds... muscular soreness or tightness, coughing, irritation in upper bronchial tubes... is Vicks VapoRub. So easy to use, you just rub it on—and right away blessed relief starts to come as VapoRub...

PENETRATES to upper bronchial tubes with its special medicinal vapors
STIMULATES chest and back surfaces like a warming poultice
Often by morning most of the misery of the cold is gone. Remember this... **ONLY VAPORUB Gives You** this special penetrating-stimulating action. It's time-tested, home-proved, the best known home remedy for relieving miseries of colds.

SNAPPY FACTS ABOUT RUBBER

Economic conditions in the Latin-American countries have been greatly influenced by the demand for natural rubber. This is evidenced by the report that Nicaragua shipped to the U. S. 1,267 tons of rubber in 1943 as compared with only 60 tons sent in 1941. The B-29 Super fortress, our largest aerial weapon, has built into it some 5,000 pounds of rubber, covering more than 200 items. Thirty bullet-sealing fuel tanks alone account for nearly two tons of rubber. Rubber Director Dewey is authority for the statement that heavy-duty military tires made with 70 per cent synthetic rubber and rayon cord are better than the best military tires made before the war.

WEEKLY NEWS ANALYSIS Nazi Resistance Grows in West; Chinese War in Critical Stage; Strong Cattle Markets Forecast

Released by Western Newspaper Union.

Dark shaded areas on map show extent of Japanese occupation of China, and progress of drive along east coast to seal it off to counteract possible U. S. landings.

EUROPE:
Nazi Fight Back
Long famed for artillery fire, U. S. army units brought their big guns into full play as dogged doughboys slugged their way through the Siegfried line above Aachen in the face of mounting German resistance. Although the main fighting focused above Aachen, action remained heavy along the whole 460 mile front, with the Germans seeking to unsettle Allied advances with strong armored counterattacks.

With an array of 75 to 240-mm. field pieces laying a creeping barrage before advancing doughboys, and with squads of tanks rumbling over the countryside to blast enemy strong-points at short range, Lieut. Gen. Courtney Hodges' Third American army tore a big hole through the vaunted Siegfried line, finding stationary defenses manned by inferior German troops, with the best saved as reserves for counterattacking. Equally bitter fighting raged on either side of the Third army sector, with the Nazis counterattacking strongly around Nijmegen in Holland to blunt the British Second army's end run around the Siegfried line in the north, and elite enemy troops putting up stiff resistance to doughboys flushing them out of the great underground fortifications guarding Metz, key to the coal-laden Saar basin.

On the southern anchor of the western front, the enemy fought back viciously from prepared defenses in the rolling countryside in an effort to stop the U. S. Seventh army's thrust toward passes in the Vosges mountains and the wide Belfort Gap leading into southern Germany. In Italy, the U. S. Fifth army pushed closer to the great communications center of Bologna, through which the enemy has been routing reinforcements to his sagging Po Valley front. As the Russians increased their pressure against Hungary, and other Red forces drove across Yugoslavia for a junction with U. S. and British units, the Germans were put to it to plug up the Balkan gateway to southern Germany. Although the Nazis reportedly succeeded in withdrawing the bulk of 200,000 men from the southern Balkans before the British invasion of Greece and the Russian drive to sever communication lines along their escape route, the Reds pressed to nip off the straggling remnants. In driving across eastern Yugoslavia, the Russians overran rich metal deposits around Bor, which the Germans had been working extensively, and enveloped the capital of Belgrade. With Romanian troops fighting by their side, the Reds advanced to within 135 miles of Budapest, heart of Hungary.

CATTLE MARKET:
Prices Strong
Large government purchases of low-grade beef, and decreased hog shipments in the face of big demand, will tend to keep market prices at a high level this fall and winter, the department of agriculture reported. Because of the sale of more range cattle than last year, however, and the relatively smaller marketings of finished grades, overall prices may average lower than in 1943. With a much larger prospective supply, calves are also expected to fall below last year's prices. At ceiling prices throughout mid-summer, hog prices are expected to remain high through the next six months, with the government in the market for the smaller pork supplies reflecting the 24 per cent reduction in the spring pig crop.

PACIFIC:
Jap Ship Shortage
Effect of the heavy U. S. aerial and naval campaign against Japanese shipping in far Pacific waters was reflected in the Tokyo radio's announcement that a shortage in ocean tonnage had contributed to a food crisis. Flood and drought were other factors mentioned. Tokyo admitted the critical shipping situation as the destruction of 31 more vessels by U. S. warplanes and subs was revealed, and as army fliers intensified their attacks on enemy craft plying in the Philippine area. One of the principal U. S. targets was the great oil storage center of Balikpapan on Borneo.

EXPORTS
Best customers for U. S. goods in 1941 were Great Britain, which took 31.8 per cent of our total exports of \$5,147,000,000 including lend-lease; Canada, 19.3 per cent; Egypt, 4.9 per cent; and South Africa, 3.6 per cent. With 16.5 per cent, Canada sold U. S. the greatest percentage of foreign goods, with British Malaya second with 10.3 per cent, and the Netherlands Indies third with 7.2 per cent. Brazil followed with 5.5 per cent and Cuba with 5.4 per cent.

MISCELLANY
The first B-29 Superfortress cost \$3,392,396.90. Current production models are costing \$600,000.

Into the cost of the first model of any warplane go all the years of engineering, experiments, tests and changes. The very time it takes costs money—and the minimum time from the design of a new plane to the completion of the first production model is about three years. Sometimes it takes five years.

CLASSIFIED DEPARTMENT HELP WANTED

Persons now engaged in essential industry will not apply without statement of availability from their local United States Employment Service.

HELP WANTED

Watch Your Kidneys!
Help Them Cleanse the Blood of Harmful Body Waste
Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery. Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up at night, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. They are recommended by grateful people the country over. Ask your neighbor!

DOAN'S PILLS

What You Should Know About Frills

SO MANY women have learned to run intricate machines in the last few years that it is doubtful that ruffler or hemmer will ever seem awesome again. If you have a power machine and have learned to use the attachments there is quite a saving in making your own frilled curtains, dressing table skirts and bed valances. If you do not have a power machine or the use of one, by all means buy your frills. Sometimes an extra pair of curtains makes a

skirt for a dressing table with very little waste. Curtains that are ruffled all the way around may often be split for bed valances. Also, it is possible to buy ruffled material by the yard. Avoid skimpy fullness. Follow the guide given in the sketch and, whether you buy your frills and flounces or make them, take measurements first.

NOTE: Here is news for homemakers. This sketch is from a new booklet by Mrs. Spears called MAKE YOUR OWN CURTAINS. This 32-page book is full of smart new curtain and drapery ideas with illustrated step-by-step directions for measuring, cutting, making and hanging all types from the simplest sash curtain to the most complicated lined over-drapery or stiffened valance. Whatever your curtain problem—here is the answer. Order booklet by name and enclose 15 cents. Address:

Sponges Were Used as Cups by Early Romans

It has not been established when sponges were first used, but they were certainly common among the Romans, not to wash with, but for carrying liquid refreshment. When Jesus asked for something to drink while on the Cross it was passed up to Him on a sponge.

Sponge-diving is a very fascinating study, but it is also dangerous. Mostly the divers work naked, as diving suits have frequently caused fatal accidents.

The divers risk death in many ways, especially from attacks by sharks and octopuses. Accidents are frequent, and sudden cramp has caused many deaths. Before the war hospital ships cruised round the sponge beds in the Mediterranean, and where the beds were near the shore there was generally a first-aid post or small hospital within easy reach.

Spreading Joy

Grief can take care of itself, but to get the full value of a joy you must have somebody to divide it with.—Mark Twain.

How To Relieve Bronchitis

Creomulsion relieves promptly cause it goes right to the seat of trouble to help loosen and soothe inflamed phlegm, and soothe inflamed bronchial tubes, tender branes. COOLING SOOTHING ANTISEPTIC DRESSING for MINOR CUTS and BURNS

HELPS BANISH COLD SORES

AUNT SASSIE and the FOLKS

I told Maizie Miller she ought to be spanked! Caught her right in the act of throwin' out some perfectly good ham. They were plumb tired of eatin' it, she says.

"Have it with Johnny Cake 'n Gravy," I says, "an' you'll relish it all over again. Use new Royal S.A.S. Phosphate Baking Powder an' see how light 'n tender that Johnny Cake is." Maizie does all her bakin' with new Royal now—swears by it! You will, too, folks. Get new Royal today.

Try Aunt Sassie's JOHNNY CAKE 'N GRAVY

1 cup sifted all-purpose flour
2 1/2 teaspoons Royal S.A.S. Phosphate Baking Powder
1 tablespoon sugar
1 teaspoon salt 1 cup corn meal
1 egg, beaten 1 1/4 cups milk
4 tablespoons melted Blue Bonnet Margarine or shortening

Sift together flour, baking powder, sugar and salt. Add corn meal, beaten egg and milk to make a stiff batter. Add melted margarine or shortening; beat until well mixed. Pour into greased 8-inch square pan. Bake in hot oven at 425° F. for about 25 minutes. Cut into 6 squares, split, put together, cover with creamed ham gravy. Serves 6.

FREE! New Cook Book with 24 delicious, tested recipes. Write today to Standard Brands Inc., Box 499, Grand Central Annex, New York 17, N. Y.

New! ROYAL S.A.S. Phosphate Baking Powder

Costs only 1/3 as much as old Royal

CONTAINS NO CREAM OF TARTAR!

Fourth Term For Brennan?

A three time Academy award
winner, Walter Brennan plays the
lead featured role in "Home In
Indiana," 20th Century Fox's
Technicolor filmization of the
famous Saturday Evening Post
serial, "The Phantom Filly," by
George Agnew Chamberlain.

Brennan was awarded one of
his "Oscars" for his character
role in "Kentucky," and he also
played the top character part in
"Maryland," both 20th Century
Fox hit productions. Based on
previous showings of "Home In
Indiana," Hollywood sages are
almost unanimous in the opinion
that his outstanding and moving
portrayal of "Thunder" Bolt in
the film puts Brennan in line for
a fourth "Oscar." The screen vet-
eran will only venture a "Who
knows?"

Palace, Sunday and Monday,
October 22-23.

Teen Town, Good Way To Combat Delinquency

Have you been hearing about
Teen Town? Wonder what it's
all about?

In order to combat the present
juvenile delinquency situation
due to present circumstances and
situations, seriously and earnest-
ly believing that the youth of
our community have been neg-
lected, that in a large measure
this neglect has contributed to
our present delinquent situation, a
local youth organization has been
organized and named "Teen
Town."

The object of this organization
shall be to provide the youth of
Burkburnett and the surrounding
communities with wholesome fun
and recreation.

The membership of this or-
ganization shall be limited to the
youth of Burkburnett and the
surrounding communities be-
tween the ages of 13 and 19 in-
clusive. Men in uniform are not
allowed.

The dues are \$1.00 for four
months and each member shall
be responsible for any wilful
misconduct. A paid supervisor

YOUR CASH MARKET

for . . .
CREAM, POULTRY
EGGS and HIDES

Burkburnett Produce

E. V. Thornton

shall be on duty at all times
when Teen Town is opened.

There is a governing body of
a board of directors of six mem-
bers who are Dr. H. C. Sullivan,
chairman; Mrs. J. M. Pogue, co-
chairman; Alvin Hill, treasurer;
Rev. DeVore, and Mrs. Ray
Mills.

The Student Body, board of di-
rectors are: Jean Boyd, James
McDonald, Jerry Jack Miller,
Treva Lane, Delores Casper, Alvin
Whigham, and Caroline Brad-
shaw.

There is an advisory board
made up of representatives from
each church and all civic clubs
and organizations.

These organizations are being
organized all over the country,
and are successful. After they
are once given a start the clubs
are self supporting and need
very little outside support. All the
managing and work, making their
club a place to be proud of is

done by the members of the or-
ganization.

Let Burkburnett's youth be a
proud youth and have a place
where you know your boy or girl
shall have wholesome fun and
recreation.

This shall not interfere with
school work as the club shall be
open only on Friday from 4 p.
m. until 10 p. m. and Saturday
from 4 p. m. until 11:30 p. m.
During summer vacation it is
planned to be opened more often.

His job will be ready...WHEN HE IS!

We remember when he first came to work for us...this smiling kid we now call G.I. Joe. He did a good job here, showing the initiative that was his American birthright. He made a place for himself with us, and we were regretfully proud when he answered the call to the colors....

Now he's back from the fighting...banged-up a little, but with the same gay smile on his lips that we used to like to see. He's looking forward to going back to the job he left when he went on leave to join our armed forces. You can bet his job with our Company will be waiting and ready when he is!

"Honest—Sometimes I Hate to Bring 'em"

YEP, I've been busy lately. Wartime delivery schedule, y' know. Mighty fine merchandise, too, if I do say so. Good, solid "made-in-America" items. Full range of sizes, shapes, and colors.

But, y' know, sometimes my pride in this job o' mine curdles when I see what's going to happen to so many of 'em. Honest, I read the papers, and listen to people talking, and sometimes I hate to bring 'em.

Nobody's fault, usually. Just these times and conditions. Fathers fighting a war. Mothers fighting a war, too—in factories. Farms. Lots of places. Families busted up. Hospitals jammed. Shortage of doctors and nurses. Babies neglected. Older kids running the streets getting into all sorts of trouble. Mess, all right.

That's why I wish you'd kind of dig down deep when you make your contribution to your local community campaign. Ladies and gents I need your help!

The problems of the home front loom large in this great united campaign. Not only do your dollars go out to do a job in 6 continents and 91 countries and every fighting front and occupied country, but they work right here at home, too. Infant welfare, child care, juvenile delinquency, all these are big vital problems too. These babies and children and adolescents are AMERICA'S FUTURE. And they are a pressing PRESENT problem—which you can help to solve by making your contribution now—and generously!
