Grand Jury Indicts Electra Man For Murder In Connection With Girl's Death

AUTO DRIVER BILLED AFTER FATAL CRASH

Trusty Who Provided Saws For Attempted Break Also Indicted

27 BILLS RETURNED

Kelly Hunt Named in New Charge of Theft Over $50

R. H. Page of Electra was indicted for murder in one of 27 bills returned by the October grand jury in a report given Judge P. A. Martin in the 89th district court Wednesday noon after a session which opened Monday morning.

The indictment against Page resulted from investigation of the accident of Nov. 13 in which Miss Evelyn Patton, also of Electra, lost her life. Eschol Holbrook, the young woman's escort, suffered a broken leg in the same crash. Investigating officers reported that an automobile driven by Page crashed into the rear end of Holbrook's car which was parked beside the K. M. A.-Electra highway while a flat tire was being repaired.

Trusty Billed

The grand jurors also returned an indictment against James Bush, negro trusty at the Wichita county jail, charging him with having aided prisoners in an attempt to escape from the jail. Bush confessed Tuesday, after a near-break had been thwarted by county officers, that he had purchased saw blades for Richard Johnson, negro, who is under a death sentence for murder.

Charged with theft over $50 in connection with the disappearance of 33 joints of oil well pipe from the McCarty lease in Archer county, Kelly Hunt was named in the fifth indictment returned against him recently in state and federal courts. The stolen pipe was recovered recently in Wichita county, officers said. Hunt is now at the federal penitentiary at Leavenworth, Kan., under a two-year sentence for perjury. He also was given a 10-year sentence in Archer county recently on a charge of burglary in connection with the Dundee bank robbery last January.

In the grand jury's report, signed by W. Daniel, foreman, the new plan of having a grand jury convened on the first Monday of each month during a term of district court is commended. The jurors, according to the report, "found the plan very practicable, saving the county money in expediting the handling of the cases."

Fair Investigations Urged

Recommendations were offered in the report relative to the treatment of negroes by members of the constable's force, and with reference to the keeping of records in the various offices of constables in this county. The recommendations were as follows:

"We have investigated complaints regarding the activity of the constable's department and from reports obtained from officers find, they have been aggressive, but as far as the hearings were concerned no evidence was presented that would cause criticism by the grand jury, but the grand jury would sug-

Toys Needed for 4,000 Children at Municipal Tree

Send Your Gifts and Help Keep Santa Claus' Workshop Busy

Toys! Toys! Toys!

Hundreds of them; thousands of them!

They are needed for Wichita Falls' municipal Christmas tree, to provide a bit of Christmas cheer to more than 4,000 kiddies who will otherwise be overlooked.

Old toys that can be worked over or new toys will be welcomed.

If you have used toys that can be made serviceable with a little repairing, phone 2-2183 any time during the day and a truck will be sent after them.

In the basement of the Municipal auditorium Frank Creighton and his Boy Scouts have a Santa Claus workshop where the toys are being repaired. The scouts are being assisted by several unemployed men. They can handle as many toys as will be delivered them.

Remember the phone number is 2-2183, and the sooner the toys are gotten to the auditorium the better they can be handled.

The KGKO and Majestic Kids club will have a toy party at the Majestic theater Saturday morning at 9:30. The admittance will be a toy, either new or used. Immediately after the show the toys will be taken to the auditorium to be gotten in shape for the Christmas tree.

The need of every toy that could be recruited was emphasized at the first meeting of the municipal Christmas tree committee in the offices of the general chairman, John O'Donohoe, Wednesday afternoon. The committee faced the big task of gathering toys, raising funds and conducting the Christmas tree program and distribution

BERLIN 'REDS' AND FASCISTS CLASH ANEW

Government Takes Drastic Measure to Oppose Critics

BERLIN, Dec. 9. (UP)—Street fighting broke out tonight among Fascists and Communists.

One person was killed and at least six others were seriously wounded.

The street fights were the most serious in many weeks and occurred less than 24 hours after Chancellor Heinrich Bruening's government had warned Fascists and Communists that any political outbreaks would be dealt with drastically.

One fight was in the northern section of Berlin, where Communists attacked four Fascists. A volley of bullets wounded three Fascists, who were taken to a hospital. Five persons were arrested.

In a suburb of Charlottenberg 20 Communists and 30 Fascists engaged in a prolonged brawl. One Communist died of injuries and four others were seriously hurt. Nine Communists and four Fascists were arrested.

PAPERS SUSPENDED FOR ATTACK

BERLIN, Dec. 9. (UP)—The government of Chancellor Heinrich Bruening struck back tonight at the critics of its policy for saving Germany from economic collapse.

Berlin police suspended publication of both the Fascist and Communist newspapers in the capital until Dec. 17, and Finance Minister Herman Dietrich warned the nation by radio that the government would not hesitate to enforce drastic measures for maintenance of peace within the nation.

It was rumored that Bruening would resort to such extreme measures as dissolution of the reichstag if necessary to hold off the threatened attack extremists.

Adolph Hitler's Fascist party had rallied the opposition to Bruening in a caustic attack on the government's emergency decree slashing wages and retail prices throughout Germany. The Hitler newspaper Voelkischer Beobachter at Munich warned the chancellor that by such measures he was merely hastening his own downfall.

Jury Fails to Agree In Negro Death Trial

FORT WORTH, Dec. 9. (UP)—The jury which tried Carter Rollins, Marshall negro, for murder in criminal district court here, was dismissed late today when it reported it was unable to agree. It had deliberated since 5 p. m. yesterday.

Rollins, 19, was charged with fatally shooting David L. Reed, Crowley farmer, Oct. 19, with the farmer's own shotgun, taken a few minutes before from the Crowley home.

MEXICAN FESTIVAL

MEXICO CITY, Dec. 9. (US)—Festivities marking the 400th anniversary of the appearance of the virgin of Guadalupe today drew 100,000 devout pilgrims to the capital from all parts of the republic.

Two Jailed, One Injured When Truck And Rail Workers Clash Near Wichita

Driver Hurt When Jar of Liquor Crashes Windshield; Truck and Auto Mix in Highway Game of Tag

Ill feeling as the outgrowth of the railroad-motor truck industrial feud is believed by police to have been the origin of trouble between two rail employes and two truck men on the Henrietta highway near here Wednesday afternoon, when one of the truck men received a severe gash on his face from a hurled liquor jar.

The injured man, driver of a cotton truck, was said to have been struck with the jar after the two railroad men, driving a passenger car, allegedly ran their machine into the truck, two miles west of Henrietta.

Two Arrested

The railroad men were arrested by city motorcycle officers shortly after they drove into Wichita Falls. A passing motorist brought the truck driver, Paul A. Mitchell, Houston, to the city where he was attended by a physician. Ten stitches were taken in a long, deep gash in his face. One of Mitchell's teeth was knocked out by the jar of liquor as it passed through the cab of his truck and struck him in the face.

His companion, Francis Walton, also of Houston and owner of the truck, was uninjured.

According to the account given police by J. J. Connally, Fort Worth, the motorist who brought the injured man to Wichita Falls, the two rail men had pursued the cotton truck for a number of miles, passing it and dropping behind to repass it again, each time crowding the truck over to the side of the road.

The truck, it was said, had collided with the passenger automobile once before, and when the second collision occurred, one of the rail employes threw the jar of liquor.

Liquor Seized

Ten half-gallons of whisky were seized with the arrest of the two men by Frank Warfield and J. H. Pogue, motorcycle officers. They were lodged in the city jail, pending the filing of charges.

The two pairs of transportation representatives were not acquainted it was said.

Allred Limits Yule Holiday to Three Days

AUSTIN, Dec. 9. (UP)—Atty. Gen. James V. Allred, who recently filed suit for $17,000,000 against oil companies for alleged violation of Texas anti-trust laws, is not a Santa Claus to his employes. Though other state departments have been given 10 days Christmas holidays, his department will be limited to three. "It is a good time to catch up on back work" Allred told his force. "Besides other businesses do not give such holidays."

Kansas Road Costs Under Nation's Average

LITTLE ROCK, Ark., Dec. 9. (US)—Highway construction in Arkansas costs approximately 17 per cent less than the average cost for the entire nation, according to a graph prepared by federal and state highway engineers.

The graph shows that based on the cost in 1925 the national average cost is now 90 per cent while the cost in Arkansas is but 75 per cent due to use of locally produced materials.

BANDIT SHOOTS F-O-R EMPHASIS

Hijacker Takes $8 From Grant Street Station

A youthful bandit obtained $8 from the Magnolia filling station at 2301 Grant street early Wednesday night after he had convincingly commanded the attendant to open the cash drawer as he fired a shot into the office floor.

Taking the money the young hijacker, who appeared to be about 18 years old, forced the attendant, Charles R. Scott, ahead of him for half a block down a side street, and then ran back to an automobile parked at the curb in front of the station and joined an elder companion, said to be about 45 years old. The two then sped away in the automobile.

Scott told officers who investigated that the youth walked to the station and asked for gasoline in a can so that he could carry it to a stalled automobile. The boy followed Scott into the station office. As the attendant stooped in a corner to take up a gasoline can, the young robber drew his gun and fired into the floor.

Scott said he straightened up with his hands in the air at the boy's command, and then watched the youth ransack the cash drawer.

The attendant said that there was no established connection between the man in the automobile and the boy until the youth ran back to the car and the two drove away.

Residents of the neighborhood were disturbed by the shot.

O. U. Gridders in Counter Attack Against Josh Lee

NORMAN, Okla., Dec. 9. (AP)—With a petition asking removal of Walter Emery, debate coach, and Josh Lee, head of the public speaking department, University of Oklahoma football players today parried the agitation for a shakeup in the athletic department.

The petition, worded similarly to one in circulation which seeks to oust Bennie Owen, athletic director and Ad Lindsey, football coach, points out that the debate team "has not made any money this year" and "allowed an obscure team from Turkey to tie them in a debate Monday night."

President W. E. Bizzell took occasion to emphasize that members of the athletic staff "are employed on a full-time basis, and the terms of their employment are not contingent on their success in turning out championship teams."

Assignments Made for State Highway Patrol

Announcement of assignments of the state highway patrol in this section was made Wednesday in a special dispatch to The Record News from Austin.

For Wichita Falls and this county John Lowry and R. L. Wood were named. For Memphis territory G. L. Freese and E. C. White were appointed.

Lowry and Freese were reappointed to posts they already held, while Wood and White are of the 60 new men assigned to duty Wednesday.

Rumanian Prince Takes Exile With New Bride

BUCHAREST, Dec. 9. (US)—Prince Nicholas today chose exile with his bride, Madame Jana Lucia Delet, in preference to royal station. Court circles declare he announced his refusal to recognize the supreme court annulment of his marriage ordered by King Carol and is preparing to leave Rumania for good. It is most likely the couple will live in Switzerland.

Culbertson's Butler Calls Master Best Player in Big Bridge Battle

Editor's Note—Charles Natchett, called William for Euphony, is the bridge playing butler to the Ely Culbertsons, who will resume their 150-rubber challenge match with Sidney S. Lenz and Oswald Jacoby Thursday night. As butler he occupies at the moment an enviable position in the bridge world—from which, while changing ash trays and performing sundry duties, he can see as they are played the hands held in the bridge battle of the century and observe the players. With special permission from his employers he has written the following story for the Associated Press.

By C. (WILLIAM) NATCHETT
(Copyright, 1931, by the Associated Press)

NEW YORK, Dec. 9.—Not meaning to be disrespectful to Mr. Lenz and Mr. Jacoby, but from what I have been able to see in this bridge match Mr. Culbertson is by far and away the best card player.

"I'd say that even if I wasn't the Culbertson butler, and I'd only say it a little more discreetly if I was the Lenz butler, Mr. Culbertson takes more chances in the bridge play than anybody else, and yet he is always safe. He is deliberate and he takes every point to his account.

Next to him is Mrs. Culbertson. There's not another lady in the land could stand the gaff of such a big match. Ordinarily I don't subscribe to the view that a lady can come up to a man at cards.

Capt. Ernest Brown—he's head man of the hotel service and is helping out during all this commotion—disagrees with me on that point. He believes a lady, and especially Mrs. Culbertson, can stand toe to toe with any man that'll flip a card. I tell him time will tell if a woman can keep up to snuff through the long period.

Ernest is considerably smaller than I am—I'm six feet in stocking feet—and he takes a different view on most everything, so it isn't especially significant.

So far as the hotel service is concerned, the captain is the most important of all the many reporters and experts covering the match. As soon as a deal is over Ernest

NOBEL PEACE PRIZE GOES TO TWO AMERICANS

Jane Addams and Head of Columbia University Share Honor

BOTH WORLD-FAMOUS

New Recognition Given Dr. N. M. Butler and Hull House Founder

NEW YORK, Dec. 9. (UP)—Two famous Americans, one a veteran woman social worker and the other a brilliant college president, today won the Nobel peace prize for 1931 in recognition of their lifelong efforts against war.

Miss Jane Addams, founder of Hull House and regarded by many as this country's most illustrious woman, and Dr. Nicholas Murray Butler, president of Columbia university and leader of liberal thought in politics and education, were named by the Nobel committee of the Norwegian parliament to share the award which is worth approximately $46,350.

Jane Addams

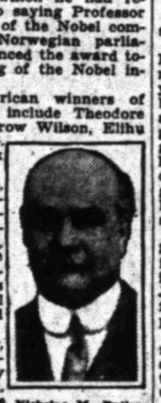

In the history of the annual Nobel prizes which date back to 1901, Miss Addams is the second woman to be recognized for her work in behalf of pacifism. In 1905 the peace prize was given to Baroness Von Suttner of Austria.

Announcement of the award was made in New York tonight by W. de Munthe Morgenstierne, consul-general of Norway. Through the United Press, Morgenstierne released a cable which he had received from Oslo saying Professor Stang, president of the Nobel committee of the Norwegian parliament, had announced the award today at a meeting of the Nobel institute in Oslo.

Previous American winners of the peace prize include Theodore Roosevelt, Woodrow Wilson, Elihu Root, Charles G. Dawes and Frank B. Kellogg.

Miss Addams, founder of Chicago's famous social service center, Hull House, was in Baltimore undergoing treatment at Johns Hopkins hospital when the award was announced.

Dr. Butler, president of Columbia university was in New York.

Nicholas M. Butler

Although the peace prize was worth $46,350 in 1930, it is estimated that because of the present exchange rate, the award this year will be slightly less, computed in dollars.

Dr. Butler said tonight he regarded his selection as "a most distinguished honor."

"This honor is as great as it was unexpected," he said. "I had no intimation that I would be selected to share this signal honor with Miss Addams. My gratification at the award can be explained best, perhaps, by my regard for others who have received it in the past, including many of my friends. For example: Elihu Root, Theodore Roosevelt, Frank B. Kellogg, Aristide Briand, Austen Chamberlain, and others."

When asked if the award would serve as a stimulus toward more intensive peace efforts, he replied:

"There is no need for such a stimulus."

The award is made from interest accumulating on a trust fund of $9,000,000 bequeathed by the Swedish scientist, Alfred B. Nobel.

Judge Bans Broadcast Of California Trials

LOS ANGELES, Dec. 9. (US)—Broadcasts of sensational trials direct from Los Angeles courtrooms suffered a severe blow, if not a positive end, today.

After the board of county supervisors decided the matter was one for the presiding jurist to determine, Superior Judge H. R. Archbald issued a statement declaring he is "unalterably opposed to such broadcasts" because "they are demoralizing and tend to detract from the real purpose of a trial, that of administering and receiving justice."

Two Men Indicted for Harrison Bank Holdup

MARSHALL, Texas, Dec. 9. (UP)—Henry and Angelo McCauley were indicted by the Harrison county grand jury late today for robbery with firearms of the Security State bank at Elysian Fields Nov. 18.

The two men, cousins, living near Center, Texas, were arrested Sunday after J. W. Flow made a statement involving himself, Bryan Crenshaw, the two McCauleys and Jack Peddy in a conspiracy to rob the bank.

Fraud Charge Adds To Muddled Status Of Murray's Tax Vote

OKLAHOMA CITY, Dec. 9. (UP)—The status of the special election Gov. William H. Murray has called on initiated tax reform measures was thrown into confusion tonight.

As the climax to a day of arguments and strife before the supreme court on two phases of attack on the measure, the governor late today issued a signed statement charging fraudulent registration in Seminole.

The governor said he sent state operatives there last night and they were registered by a man other than the election board official a day after the registration period had ended.

The supreme court in a five to four decision late today included state election board officials and State Auditor Frank Carter as defendants in an injunction suit to tie up funds for the election.

The court convened early today, ostensibly for the purpose of ruling on the injunction application which they had under advisement. Instead, the court opened hearing on protests to sufficiency of the petitions calling the election.

Attorneys for the protestants demanded of administration attorneys a statement they would abide by the decision of the court—a military election has been rumored—administration attorneys refused.

S. P. Freeling, opposing attorney then moved to delay the protest hearing until the injunction case had been decided. The decision late today called upon the state officials to appear before the court to testify whether they considered the governor's action in calling the election while the protest hearing was pending before the court was illegal or not.

The majority opinion was concurred in by Justices Fletcher Riley, Charles Swindall, Thomas G. Andrews, Robert A. Heffner and J. B. Cullison. The dissenting justices were Chief Justice E. F. Lester, J. W. Clark, E. R. McNeil and W. H. Kornegay.

Court Sentences 14-Year-Old Girl In Burglary Case

Special to The Record News.

GRAHAM, Texas, Dec. 9.—Ross Lee Wilson, 14, Wednesday afternoon was sentenced to spend the years between now and her 21st birthday in a state reform school after she pleaded guilty to burglary before Judge Allan D. Montgomery in the 30th district court here. The girl was indicted Tuesday. Judge Montgomery said that good behavior might win her release before the seven years are spent.

Ross admitted entering the J. B. St. Claire home in Olney and taking dresses she found there. She is the daughter of Mr. and Mrs. Joe Wilson of Tyler. The court refused their plea to have the girl paroled in their care.

Ross has hitch-hiked alone over most of Texas, according to the story told the court, and is known to authorities in Big Spring, Corpus Christi and other towns.

'Strike' Over Spying of College Head Ended

LARAMIE, Wyo., Dec. 9. (AP)—Smiles replaced frowns today as the student strike at the University of Wyoming was called off after a truce had been reached by faculty members, a student committee and Laramie business men.

Students, including university coeds who said they would not go back to school until Dr. A. G. Crane, university president apologized for statements he made concerning "petting" and drinking returned to their classes.

Dr. Crane did not apologize but withdrew his order expelling all striking students.

Solar System Not So Big, Says Scientist

WASHINGTON, Dec. 9 (US)—Always belittlin'.

Frederick H. Sears of the Mt. Wilson observatory told Carnegie institution members today that the size of the solar system had been greatly exaggerated.

Scientists failed to consider the dimming influence of dust when they computed its diameter as 200,000 light years, he said.

Extra Holidays Given Pupils of Wichita Schools

Wichita Falls students will have two extra days of celebration during the Christmas holidays, it was decided by the board of education at a meeting Wednesday afternoon.

Classes will be dismissed at 12:30 o'clock Wednesday, Dec. 23, and will not be resumed until Monday morning, Jan. 4. The two days lost from the regular classroom schedule will be made up later in the year, the board decided.

TEXAS PILOT HURT IN CRASH

Fort Worth Man Injured on Waggoner Ranch

Special to The Record News.

VERNON, Texas, Dec. 9.—Henry Woods, Fort Worth airplane pilot, was seriously injured this afternoon at Zacaquiesta, Waggoner ranch headquarters, when his plane plunged 150 feet to earth as he was taking off.

Although the plane was virtually demolished by the crash, the pilot escaped with a broken leg, broken hip, broken arm and numerous lacerations and bruises. He was rushed in an ambulance to a Vernon hospital, where physicians said his condition is not likely to prove critical.

Woods was taking off for a return to Fort Worth and after circling the ranch house had gained altitude of but 150 feet when his plane "pancaked" and dropped straight downward. The pilot was called to Zacaquiesta Tuesday by A. B. Wharton Jr., grandson of W. T. Waggoner of Fort Worth, according to W. T. Waggoner Jr., of Electra. Mr. Wharton also is of Fort Worth.

The nature of the aviator's business at Zacaquiesta was not revealed.

W. Q. Keen Injured In Auto Crash

W. Q. Keen was in a critical condition at the Wichita General hospital here Wednesday night following injuries received early in the day when his automobile and a car driven by D. O. McNeely crashed head-on.

Mr. Keen, who resides at 2140 Avenue F, received a fracture at the base of the askull and other less serious injuries. Mr. McNeely, 1009 Eighth street, was attended at the Wichita Falls Clinic hospital shortly after the accident for minor lacerations and bruises.

The collision occured about 7 a. m. as both cars turned into the intersection at Brook and Eighth streets. Investigation of the collision was conducted by Herbert Pogue, city motorcycle officer.

Expert to Assist With University Observatory

AUSTIN, Dec. 9. (AP)—Dr. William De Sitter, director of the Leyden, Holland, astronomical observatory, will arrive here Sunday and accompany Dr. H. Y. Benedit, president of the University of Texas, on an inspection of probable sites for the $1,000,000 observatory to be established for use of the university from funds left by the late William J. McDonald of Paris, Texas.

PARTY SHUNTS HOOVER'S PLAN FOR OWN IDEAS

Return to 40 Per Cent Surtax Expected in New Bill

LOAN INVESTIGATION

Senate Remains Deadlocked On Election of Moses' Successor

By FRASER EDWARDS

WASHINGTON, Dec. 9, (US)—After studying the Hoover-Mellon tax boost program, Democratic leaders in congress today decided to ignore most of its features and write one of their own, which will win enough Progressive support to insure its enactment.

The Progressive Democratic tax plan, which will be evolved by the joint policy committee of senate and house Democrats, is expected to return to the 40 per cent surtax maximum of 1924, boost estates tax rates, impose a gift tax, but retain, in part, most of the exemptions on lower income taxes.

Republicans Lukewarm

Acid criticism was poured on President Hoover's proposal to make the increases apply to the 1931 incomes, and Secretary Mellon's recommendations for a series of luxury and nuisance taxes. The administration's program received only lukewarm support from Republican leaders.

Meanwhile, the stage was set for far-reaching inquiry into the flotation of foreign securities in the United States by international bankers in a resolution presented by Senator Hiram Johnson of California. It is expected to be adopted tomorrow.

In view of the fact that President Hoover secured pledges in advance for support of his debt moratorium, Johnson has little expectation that the investigation will have much bearing on that vote. But he found leaders of all shades of political opinion supporting his resolution as the first step to block any debt cancellation proposal.

Deadlock Holds

A hard and fast deadlock over ousting Senator Moses of New Hampshire as president pro tempore continued almost without change. After four more ballots, on which Senator Pittman of Nevada received 43 votes, Moses 32, and 16 scattering, the senate adjourned for the day.

The only real change from the three ballots taken yesterday was the vote of Senator Lewis of Illinois, added to Pittman's total, and Senator Brookhart of Iowa, one of the "sons of the wild jackass," who deserted Moses and voted for Senator Jones of Washington.

This matter, being the "unfinished business" of the senate, will come up again tomorrow after the president's special message on the debt and reparations moratorium has been read. It may continue to occupy most of the time of the senate for the remainder of the week.

Neither to Yield

Neither the old guard nor the Progressives show any sign of yielding and unless a compromise candidate can be agreed upon, who can win the necessary majority, Moses is expected to occupy the chair throughout the 72nd congress.

With no legislation yet ready for action, the house held a political "field day." The Democrats roundly denounced President Hoover's recommendations, while the Republicans stoutly defended the administration's program.

No sooner had the administration's tax program been laid before congress than Democratic Leader Rainey in the house and Senator Pat Harrison of Mississippi, ranking Democrat on the finance committee, announced the Democrats would formulate their own program.

Harrison Caustic

Harrison was particularly severe in his criticism of the president's suggestion for a series of miscellaneous taxes, declaring that Hoover "goes back to the Spanish-American war as a precedent to put a tax on checks and drafts." He asserted such a tax would add to the burden of commerce, communication and banking.

Senator Watson of Indiana, Republican leader, declared the program was "very good" and added

DEMOS DISCARD GOP TAX PLAN

Party to Offer Different Revenue Program

(Continued From Page One)

that some new sources of revenue as well as increased income taxes must be found, as "big business" could not bear all the burden of the new levies.

Chairman Collier of the ways and means committee announced he would oppose returning to the 1924 act on income tax exemptions, preferring to present provisions.

Sales Tax Unlikely

While a number of leaders expressed opposition to a general sales tax, some agreed that a tax on certain specified articles probably will be necessary to raise enough revenue to make a dent in the huge treasury deficit.

The essence of the administration program follows:

Individual net incomes up to $4,000, now taxed 1½ per cent, would pay 2 per cent.

Second $4,000 net, now 3 per cent, jumped to 4 per cent.

Net incomes above $8,000 now 5 per cent, advanced to 6 per cent.

Surtaxes would start at 1 per cent for more than $10,000 net income, gradually increase to 37 per cent for between $100,000 and $200,000 and reach 40 per cent on incomes of more than $500,000.

Exemption Levels Drop

Personal exemption levels would drop from $1,500 to $1,000 for single persons and from $3,500 to $2,500 for heads of families. Exemption for each dependent would be $400.

Corporation income tax would be increased from 12 to 12½ per cent and the $3,000 exemption eliminated.

Miscellaneous tax recommendations:

Increase of one-sixth in present rates on tobaccos except cigars.

Increase of one-cent in stamp tax on sales or transfers of capital stock.

Extension of the present tax on admissions through reduction of the present exemption to 10 cents.

Tax on manufacturers' sales of automobiles, trucks and accessories at 5, 3 and 2½ per cent, respectively.

Document Tax

A stamp tax on conveyances of realty of 50 cents for each $500 of value in excess of $100.

A tax of 5 per cent on manufacturer's sales of radio and phonograph equipment and accessories.

A stamp tax of two cents on each check and draft.

A tax on telephone, telegraph, cable and radio messages of five cents for charges of 14 to 50 cents and 10 cents for charges of over 50 cents.

Secretary Mellon also recommended a super-tax on inheritances to bring in $11,000,000 for the last half of the 1933 fiscal year and an increase in postal rates to provide $150,000,000 a year.

Borah Wants Changes

Republican independents in the senate refused to accept portions of the plan. Senator Borah said he wants "some radical changes" before it gets his vote.

Late in the day Representative Hawley, Republican chairman of the ways and means committee in the last congress, explained the income tax proposals to the house. He said these would affect 3,600,000 persons, of whom less than 300,000 would pay 90 per cent of the taxes.

The ways and means committee may get under way next week on putting the legislation into bill for protracted hearings are likely.

Meanwhile, Senator La Follette of Wisconsin paved the way for a show-down on the direct federal aid issue by introducing a bill providing for a $250,000,000 federal fund to be spent on a 50-50 basis with states and cities. The fund would be administered by an emergency relief board.

At the same time, the administration's program began to take concrete form. Measures were introduced in the senate by Senator Watson of Indiana, and in the house by Representative Luce, Republican of Massachusetts, for creation of a federal home loan discount system.

Carrying out the president's recommendation for strengthening agricultural credits, Senator Steiwer of Oregon presented a bill to increase federal land bank stock to $10,000,000.

Butler Writes Of Bridge Match

(Continued From Page One)

whispers the result to one of his waiters in the hall. The waiter takes it to the nearest bellhop and the bellhop rushes it to the elevator boy. Within a few seconds, Ernest tells me, the news is down in the boiler room.

There's one thing Ernest and I agree on perfectly. We don't believe good bridge can be played when there's any drinking going on and I'm glad to say I've never been called upon to carry a drink to a bridge table since I've been the Culbertson butler.

I rather like Mr. Jacoby as a bridge player. He is quick and he plays his cards safe, and, while I still don't want to be disrespectful to Mr. Lenz, he seems to me to be a little erratic and uncertain in the play.

Gallant 'Ham' Lewis Takes Oath Resplendent in Brown Ensemble

WASHINGTON, Dec. 9. (US)—Resplendent and debonaire as ever in a symphony in brown, James Hamilton Lewis of Illinois today returned to his place in the senate.

He had the stage all to himself as he sauntered jauntily down the center aisle to take the oath, arm locked with Senator Otis Glenn of Illinois.

There was not a single jarring note in Lewis' gay, but not gaudy attire as all eyes in the senate and galleries followed his progress. From his brown cutaway, brown cravat, faun colored spats and yellow handkerchief, he was sartorial perfection.

Senator Henry Fountain Ashurst of Arizona, himself a nifty dresser in the style of statesmen of bygone days, was so struck that he applauded—a tribute seldom paid in the senate.

Standing in the rear of the chamber gazing on the scene with envy was former Senator Tom Heflin of Alabama, famed for his jimswinger and white waistcoats.

Senators on both sides of the chamber rushed forward to greet Lewis who gave them all his famous two-handed shake. With the usual gallantry, he went immediately to the seat of Mrs. Hattie W. Caraway of Arkansas, to welcome her to the senate.

PRICE FIGHT CLOSES MART

Tobacco Sale Halted After Growers' Threat

GLASGOW, Ky., Dec. 9. (AP)—Threats of tobacco growers to destroy their crops rather than accept low prices led to the closing of the burley tobacco market here today.

Prices today were lower than yesterday, when the average was approximately $9 per hundred pounds. The growers demanded $11 to $12.

Cardless Christmas Urged for Vatican

VATICAN CITY, Dec. 9. (US)—A cardless Christmas for all members of the Sacred college was proposed today by Cardinal Dean Granito Belmonte. He suggested the money usually spent on Christmas greetings by his colleagues could be put to better use in the pope's fund for relief of the unemployed.

Gifts Needed For 4,000 Kids

(Continued From Page One)

on Christmas eve. It was conceded that the job this Christmas was a far bigger one than ever before in Wichita Falls. Toys are coming in slowly and while the number of contributors is necessarily smaller this year than before the number of children to be given a bit of Christmas cheer is larger than ever, so it is important that every used toy that can be repaired be gotten to the auditorium. The toys, with fruits and candy are to be distributed at 5 o'clock on the afternoon before Christmas.

The committee is not undaunted by the size of its task and asks the cooperation of all in the undertaking.

At the meeting Wednesday afternoon reports were heard from a number of committees and plans announced for redoubled efforts to put something in the stocking for every child.

The committees are:

Finance Committee—A. E. Kelley, chairman; Jno. F. O'Donohoe, W. S. Abbott.

Purchase of candy, fruits and solicitation of toys: Mrs. W. Newton Maer, chairman; Mrs. Wm. E. Huff, Mrs. C. E. McCutchen, Mrs. B. K. Booth, Miss Mary Virginia Barron, Mrs. Horrace Robbins, Mrs. G. D. Fox, Mrs. J. P. Bowen, Mrs. J. C. Mytinger, Mrs. W. W. Cook, Mrs. P. P. Langford, all members of the Woman's Forum and Junior Forum.

Distribution of toys, fruits, candies: Frank Creighton, chairman; C. C. Bunnenburg.

Publicity: B. D. Donnell, chairman; D. A. Kahn, C. H. Stewart.

Program committee: R. E. Shepherd, chairman; Mrs. Wayne J. Holmes.

Christmas tree: V. N. Armstrong, chairman; T. A. Bradley, C. C. Bunnenburg.

Ushers: Jas. W. Lyle, chairman; Lester Jones, safety council, fire department.

Ticket committee: Mrs. Orr Bentley, chairman.

The above named chairman and members may add such names to their committees as they might desire in order to properly handle the work assigned to them.

John F. O'Donohoe is general chairman and Mrs. W. Newton Maer vice chairman.

AMERICANS WIN NOBEL AWARD

Jane Addams, Dr. Butler Share Award

(Continued From Page One)

inventor of dynamite. His will specified that prizes should be awarded annually to those who had most contributed to the benefit of mankind during the preceding year. Prizes of the same size as the peace award are given yearly to leaders in the fields of physics, chemistry, medicine and literature.

MISS ADDAMS CALLED "GREATEST"

CHICAGO, Dec. 9. (UP)—Jane Addams, at the age of 71, has been described as America's greatest woman so many times that the description has almost become trite. Men and women alike concede the title and there are those who hold no man has ever been more of a humanitarian than the founder and head of Chicago's world-famous Hull House.

Award of the Nobel peace prize to Miss Addams is by no means the first international recognition she has received. To Hull House, year in and year out, come dignitaries from all over the world—statesmen, sociologists, philosophers, philanthropists—to pay tribute to the woman whose 40 years of vigorous crusading have stamped her name indelibly upon the pages of American and world history.

Miller's Daughter

Her beginnings, as in so many instances of great accomplishment, were humble enough. She was born in 1860 at Cedarville, Ill., daughter of a Quaker miller.

From her earliest childhood she remembers that she experienced a sense of revolt against poverty with all of its manifestations. She went to college at Rockford, and was a member of that institution's first graduating class in 1881. Having chosen her life work—relief of misery in the slums—she decided to study medicine and attended the Women's Medical college at Philadelphia.

From then on her life has been an endless round of effort. She once said she might have been married, except that her labors occupied so much of her time that she had no opportunity to think about it.

Works for Peace

Having built Hull House into a veritable monument—an institution unique in the world and whose manifold activities defy listing—Miss Addams in her later years devoted herself to the cause of world peace. She has crusaded for insurance against unemployment and poverty in old age, for improved living conditions among the poor, for limitation of child labor, woman suffrage, and any number of other causes. But the matter of world peace has become a part of her very being.

BUTLER HOLDS MANY TITLES

NEW YORK, Dec. 9. (UP)—To Dr. Nicholas Murray Butler, the foremost American internationalist of his time, the Nobel prize awarded him today was just one more honor.

He is a member of the Institute de France, of the Academy of Letters and Sciences in Naples, president of the American Slav society of Prague, a member of the Red Eagle of Prussia, of the White Lion in Czechoslovakia, and is grand officer in two grand orders of Jugoslavia.

With degrees and honors he is Nicholas Murray Butler, A. B.; A. M.; Ph. D.; LL. D.; D. Litt.; Jur. D.; D. C. L.; Sc. D.; A. A. A. L.; G. O. L. D'H. C. O. R. E.; G. O. R. O. R.; G. C. O. St. S.; G. C. O. L.; G. O. O. P. R., M. De l'I De France; C. O. S. M. L.; G. C. O. C. I.; O. W. L.; G. C. O. R.

To Americans, the president of Columbia university is best known as an advocate of world peace, an opponent of the 18th amendment, a Republican who dissents from the Orthodox teachings of the Republican party, and a liberal ever ready to crusade for the liberties and rights of the individual

In Europe he is known as an authority on government legislation and political theory. He has advised the former German kaiser, the British cabinet and innumerable crowned heads. He is on the most intimate terms with a great majority of world leaders.

FRESHNESS

It is a known scientific fact that when aspirin comes in contact with moisture it gradually decomposes into salicylic and acetic acids. It is for this reason that St.Joseph's Aspirin is wrapped in moisture-proof cellophane. This exclusive feature not only assures you of getting genuine pure aspirin when you ask for "St.Joseph's" but also of getting fresh aspirin with the purity and full strength of each tablet sealed in. Physicians everywhere prescribe St.Joseph's Aspirin because it meets every government standard. Remember, be safe, be sensible and always ask for "St.Joseph's." You always get 12 tablets of genuine pure aspirin for 10c. Last month alone, more than one million people asked for "the largest selling pure aspirin in the world for 10c"—St.Joseph's.

Paducah Negro Gets Life Sentence for Slaying White Man

PADUCAH, Texas, Dec. 9. (UP)—Arthur Adams, a negro, was sentenced to life imprisonment in the penitentiary here today as punishment for killing R. L. Autry, a white man, Nov. 21, of which act a jury found him guilty in 45 minutes.

Autry, whose home was at Aquilla, Texas, was shot after a card game and a discussion between him and the negro in which Autry refused to return the money he had won.

Adams was arrested at Quanah a few days later and admitted the shooting. He is kept well guarded here, as a precaution against possible mob violence.

Last Services Held For J. H. Davidson

Funeral services for J. H. Davidson, 49, Wichita Falls railroad man who died here Sunday, were held Wednesday from the First Baptist church, with Dr. S. S. McKenney, pastor of the First Methodist church, officiating.

The body was forwarded by the Merkle Undertaking company to Vernon for burial.

Mr. Davidson had been a resident of Wichita Falls for the past eight years, and during that entire time was an employe of the Fort Worth and Denver. He is survived by his widow, and a sister, Mrs. W. M. Cook.

SCOTT AVENUE FIRE

Fire caused damage of $500 early Wednesday night to the home of W. W. Riddles, 1203 Scott avenue. Members of the family were away at the time of the fire, and origin of the blaze was undetermined, according to fire officials.

POWERS NAMES 'OTHER MEN'

Bluebeard Indignant When Word Is Questioned

CLARKSBURG, W. Va., Dec. 9. (UP)—In the manner of a man sadly buffeted by horrible circumstances of fate, Harry F. Powers today sat in the witness box and gave his own version of the tragedy involving Mrs. Dorothy Pressler Lemke, with whose murder he is charged.

The well-groomed salesman of middle-aged love admitted, with eager readiness to answer his counsel's questions, that he had persuaded Mrs. Lemke, 50-year-old love-starved nurse, to leave her home in Northboro, Mass., and travel with him to Uniontown, Pa. He admitted, with a sheepish side glance at the jury, that he had sought relief from matrimonial troubles by advertising for a wife in a marriage journal.

Then, stubbornly and with the appearance of indignation, he repudiated the suggestion that he knew anything of her activities after she "deserted" him in Uniontown for "another man."

Throughout the direct examination of his counsel, J. Ed Law, he directed an intent gaze upon the jury, and answered each question with a show of meticulous correctness. At times he corrected himself, apologizing for an error in dates or names, and smiling at his own lapse of memory.

When, at the conclusion of his testimony, he encountered the savage cross-examination of the state, he stiffened to the blow, and expressed, by his manner, extreme indignation that his word should be questioned.

"Two other men," Powers explained in effect, "must have been responsible for whatever happened to Mrs. Lemke."

Garner Installs Toy Demo Donkey in Office

WASHINGTON, Dec. 9. (AP)—A well stuffed toy Democrat donkey with hide and mane like a mustang, was the first thing to be installed in the speaker's office today as Texas Jack Garner started moving in. This symbol was given to Garner last Christmas by Little Harry Floyd Sexton, 5-year-old son of the minority clerk.

How to Relieve Sick Headaches In 3 Minutes

When one of those sick, raging headaches come and you want three-minute relief, go to any drug store or soda fount and ask for a package or dose of "B-C" (10c and 25c) the wonderful new preparation of two North Carolina druggists that is guaranteed safe and speedy, without depression or bad after effects.

"B-C" relieves any kind of a headache, sciatic, neuralgic or female pain, because it contains several ingredients that function together for the relief of pain, regardless of its origin. The "B-C" formula is one of the most important medical discoveries of recent years, accomplishing in a few minutes what no one drug formula can do under 1 to 3 hours.—Adv.

Dog Halts City Traffic By Stand Under Car

CHICAGO, Dec. 9. (UP)—Twenty street cars clanged to a halt today. A hundred stalled automobiles tooted their horns. For 20 minutes the street cars clanged and the automobiles tooted while a motorman on the first car tried to persuade a dog named "Gyp" to come from beneath the trucks.

The dog strolled under the car while it was taking on passengers. The motorman started up, then stopped suddenly when women screamed "Gyp's" plight. The motorman and most of the passengers climbed out and tried to coax "Gyp" from his hiding place. No luck. Traffic was beginning to pile up alarmingly on Clark street when a small boy called "Here Gyp." Out came "Gyp" and peace was restored to the trafficway.

PAY BANDITS SLAY GUARD

Armed Quartet Attacks Employes

NEW YORK, Dec. 9. (AP)—Four armed men attacked two guards and the paymaster of the American Sugar Refining company in Brooklyn this afternoon, killed one of the men, and escaped with a $2,500 pay roll.

The dead man was William Herman, 58, he had been a special officer of the company for 38 years. The pay roll was snatched from the hands of the other guard, Michael Walsh, while William Deckerman, the paymaster, looked helplessly on. The shooting and holdup occurred just outside the company's main office. Both guards were armed.

The robbers opened fire as soon as they stepped out of a parked automobile in which a fifth man waited.

Seven bullets hit Herman but he pulled out his own revolver and fired three or four times at the men before he dropped to the ground, dead.

Walsh, holding the pay roll under his arm, turned back toward the main office of the refinery, whipping out his gun and firing two shots as he ran. Two robbers overtook him at the door to the office and wrested the pay roll from him. Walsh then ran to an upper floor and posted himself at a window in line with the waiting automobile. From this point he fired five bullets and said he saw one of the robbers stagger as if he had been struck.

O. E. S. at Iowa Park Gives Yule Program

Special to The Record News.

IOWA PARK, Texas, Dec. 9.—Tuesday evening 50 members of Iowa Park Order of Eastern Star, 42, enjoyed a Christmas party at the Masonic hall. Mrs. C. J. Shumake Jr., worthy matron, and N. H. Smith, worthy patron, presided during the business meeting.

Mrs. Julia Cain, past worthy matron, gave an interesting reading on "The Eastern Star," followed by a reading by little Miss Betty Jean Scarbrough. Bobbie Joe Bradford gave a reading, "The Patch Work Quilt." Little Miss Neva Joy Cain rendered a piano solo, "The Locus Grove." Marguerite Ralston amused the crowd with the "Story of "Maggie and Jiggs at the Golden Gate." Mrs. Mae Deakin gave a humorous reading, "The Old-Fashioned Church." Old-time songs by Mrs. J. F. Walker and Mrs. Anthon Scarbrough concluded the program.

An hour of games and contests was directed by Mrs. Julia Cain, Troy Hagar and A. Scarbrough. A banquet plate was served in the dining room, with Misses Viola and Dosia Smith, the refreshment committee, assisted by others.

Poultry Show in Haskell County Expected to Draw Many Entries

Special to The Record News.

HASKELL, Texas, Dec. 9.—Everything is being made ready for the first Haskell county poultry and pet stock show. The largest number of entries is expected of any show of its kind ever held in Haskell, due mainly to the fact that no entry and admission fee will be charged. Inquiries have been made from breeders out of the county and some out of county breeders are planning to show.

Separate classes of chickens will be held for 4-H club and vocational agriculture students in White Leghorn, Rhode Island Reds and Plymouth Rocks of the barred variety. Approximately 130 chickens are to be shown by Haskell students of agriculture and a large number are expected from Rule and Munday schools. 4-H club boys and girls of the county are also expected to furnish a number of entries. 4-H club members and vocational agriculture students showing other breeds or varieties other than those named above will have to compete in the open classes.

The show is to be held in the Rike building on the east side of the square in Haskell. Entries will be received from 6:30 to 9:30 p. m. Wednesday, Dec. 16, and from 7:00 to 9:30 a. m. on Dec. 17. The doors will be open to the public after 10 o'clock on Thursday, Dec. 17.

While it is not necessary that entries be sent in before the date of the show it would be greatly appreciated by those responsible for securing entries. Birds should be banded before being brought to the show but those unable to band their birds may secure bands at cost from members of the Haskell chapter of Future Farmers when the birds are brought to the show.

At present it is planned to have the judging take place Thursday afternoon and Friday morning. H. M. Rose of Sweetwater, Texas will judge the entire show. Mr. Rose comes to Haskell highly recommended as a judge of the standard varieties of poultry and pet stock.

On Thursday at 7:30 p. m. a meeting of poultry and pet stock fanciers will be held at which time Mr. Rose will be the principal speaker. Other speakers at that time will include R. C. Couch, C. B. Breedlove, Miss Minnie Ellis, and County Agent Joe Williams. Several selections will be rendered by the Haskell high school band on that occasion.

Communications regarding entries should be sent to H. K. Henry, teacher of agriculture of Haskell schools or the Cecil Reeves Haskell Future Farmer who is in charge of entries.

Iowa Park Child To Broadcast Song

Special to The Record News.

IOWA PARK, Texas, Dec. 9.—The Ladies Treble Cleft quartet of the First Methodist church of Iowa Park, composed of Mesdames Charles Coppock, Fenton Dale, James Sewell and Chester Zink, will broadcast a Christmas program over station KGKO Saturday afternoon at 1 o'clock as part of an amateur program. The following songs will be sung: "Oh, Little Town of Bethlehem," "It Came Upon the Midnight Clear," "Holy Cross Child" and "Holy, Holy, Holy."

"Behold the Cross Child" will also be broadcast by little Miss Blanche Phyllis Zink, 3-year-old daughter of Mr. and Mrs. Chester Zink of Iowa Park, who has been singing in public since she was 2½ years old and made phonograph records at Fort Worth last month.

Baylor Sheriff Arrests Couple After Car Chase

Special to The Record News.

SEYMOUR, Texas, Dec. 9.—Two men, John Potter, 19, and LeRoy Bolen, 25, both of Oklahoma, are being held in jail here on a charge of stealing a car at Wewoka, Okla.

Sheriff Arch Holmes received a telephone call from the filling station at Mabelle, stating that two men in a Chevrolet coupe had filled with gas there and driven off without paying for the gas.

Sheriff Holmes drove out on the Wichita Falls road and met the men. When they saw him stop they turned off on a side road. Holmes chased them about 14 miles and caught them when they left the car and started across a field.

Sheriff Holmes was alone and had to fire several shots before the men would stop. They were brought here where they admitted theft of the car and signed waivers. Wewoka officers were notified and Sheriff Holmes will meet them in Fort Worth today with the car and prisoners.

Bolen is under a two-year suspended sentence in Oklahoma.

Eldorado Lodge Elects Officers

Special to The Record News.

ELDORADO, Okla., Dec. 9.—Eldorado lodge No. 181, A. F. & A. M., held its annual election of officers this week. New officers elected for the ensuing year are Dean McKee, worshipful master; Carl Wilson, senior warden; Leland Farley, junior warden; W. O. Kelly, secretary; W. E. Joyner, treasurer; Dr. D. C. Buck, three-year trustee. The latter three officers succeeded themselves.

Outgoing officers are D. L. Jones, worshipful master; Dean McKee, senior warden; Carl Wilson, junior warden.

Officers to be appointed will be named by the worshipful master of the lodge immediately, and installation ceremonies will be observed Monday night, Dec. 21. Other work scheduled for that date is the conferring of the entered apprentice degree of masonry upon N. B. Drewry.

Oklahoma Game Board Oversteps Accounts

OKLAHOMA CITY, Dec. 9. (UP)—The state fish and game commission during 11 months of 1931 has spent $31,215.17 in excess of its income, a check of the records of the department in the offices of State Auditor Frank Carter, showed today.

During the period, Jan. 1 to Dec. 1, the commission collected $154,262.09 and spent $195,477.26.

MODERN LIFE JOLTS HEART

German Specialist Talks on New Abuses

NEW YORK, Dec. 9. (INS)—Ancient belief of the human race that the heart was the chief seat of feeling was not so silly as many other primitive notions, according to Dr. Franz M. Groedel, noted German heart specialist.

In an exclusive interview today he said that much of the modern increase in heart disease was due to the responsiveness of the heart and blood vessel to the shocks and stimuli of modern high pressure life.

Remarking on the increase of heart disease in recent years, Dr. Groedel declared much of the increase was due solely to modern civilization, with its vast increase of individual competition, opportunity for thrills, and multiplication of noises, shocks, narrow escapes, smashing effects.

In many cases of modern heart disease, he said physicians are now diagnosing the environment and habits of the patient, rather than the physical manifestations.

He offered a prescription to reduce the new and unusual heart cases about 40 per cent, among these suggestions were:

Adoption of a two-hour lunch period for all office workers.

Slackening of the will to get ahead in the world, especially between the ages of 30 to 40.

Going to bed instead of to wild parties—at least once out of every four week-ends.

Besides making persons happier and wiser, such measures also may make them wealthier, as they will be more efficient mentally, Dr. Groedel said.

P.-T. A. at Weeth Plans Program

Special to The Record News.

IOWA PARK, Texas, Dec. 9.—Officers of Weeth School Parent-Teacher association announce a meeting for Friday evening, Dec. 11, at 7:30 at the school auditorium. An interesting program has been planned and all patrons are urged to attend.

Although the membership is rather small this year the organization has been very active. Among other things they have conducted a checkup on the spring clinic, and chairs and other necessities have been purchased. Weeth school has entered the contest for the beautification of the rural school grounds founded by the Rev. O. P. Kiker, when a pastor at the First Methodist church in Iowa Park in 1928.

Dallas Fair Officials Count Profits And Plan Golden Jubilee in 1936

DALLAS, Dec. 9. (INS)—With the announcement that the recent Texas State fair earned a profit of $32,064, stockholders of the association today began work on plans for the golden jubilee fair to be held in 1936.

The golden jubilee fair and the Texas central exposition will be combined into one event.

T. E. Jackson was named permanent chairman of the committee and was authorized to take the necessary action toward planning the jubilee and exposition.

Severe cuts in operating expenses accounted for the profit made by this year's state fair, it was announced. Although there was a decrease in gate receipts from last year and the operation of the stadium and pavilion showed a loss, other features made up the deficit.

The total income for the fair was $357,583, and the total expenditure was $325,519.

Frank McErlane Freed On Bail in Slaying

CHICAGO, Dec. 9. (AP)—Frank McErlane was admitted to $25,000 bail by Judge A. M. Eberhardt today and the murder charge against him continued until Dec. 15 at the request of Assistant States Attorney Frank Mast.

McErlane, arrested Monday in a Wisconsin hideout, was charged with the murder of his wife, whose body was found recently in an automobile on a south side street.

Prosecutor Mast asked the court for more time to investigate the state's charge that McErlane "framed" his wife's death.

Youth Confesses Slaying His Aged Woman Relative

LOS ANGELES, Dec. 9. (INS)—Amos Monroe Lewis, 19, arrested here today at the request of Madison county, Missouri, authorities, nonchalantly confessed to police the murder of his 55-year-old second cousin, Mrs. Emma Cole, at Fredericktown, Mo., last Feb. 26.

Because of a similarity between the Missouri killing and the brutal murder of Miss Eugenia Vance, 55-year-old cleaning shop proprietor, police questioned Lewis as to his whereabouts last Friday night, when Mrs. Vance disappeared.

Lewis was arrested at work. When shown his picture on a police broadcast, he said:

"That's me all right."

Police said he then gave full details of the murder of his elderly cousin, later signing a written confession.

Commissioners to Be Honored at Luncheon

Special to The Record News

RYAN, Okla., Dec. 9.—The chamber of commerce decided last night to have a luncheon Thursday for the county commissioners who are to inspect the site for the poor house for which the excise board has made provision in their appropriation.

They also decided to hold the annual banquet sometime during the holidays, within the next two weeks, and have some special speakers on that occasion. The reports last night showed much activity along lines of road improvement, irrigation, and the possible retention of the bridge west of Ryan across Red river on the route to Wichita Falls, Texas.

Muscular-Rheumatic Aches and Pains

DRAW them out with a *"counter-irritant."* Distressing muscular lumbago, soreness and stiffness—generally respond pleasantly to good old Musterole. Doctors call it a "counter-irritant," because it gets action and is not just a salve. Musterole helps bring soreness and pain to the surface, and thus gives natural relief. You can feel how its warming action penetrates and stimulates blood circulation. But do not stop with one application. Apply this soothing, cooling, healing ointment generously to the affected area *once every hour for five hours.* Used by millions for over 20 years. Recommended by many doctors and nurses.

Keep Musterole handy; jars and tubes.

To Mothers—Musterole is also made in milder form for babies and small children. Ask for Children's Musterole.

Interesting Meetings Are Held By Wednesday Clubs

Wednesday study clubs met in weekly sessions for varied programs of interest on modern literature, the classics, drama and poetry.

Members of the Readers club met at the home of Mrs. W. E. Bristol for a miscellaneous program. Mrs. John Rhea gave the opening number, reading a play entitled "Trelawney of the Wells." Mrs. John Thomas gave a character sketch, "An Abandoned Elopement by Joseph Lincoln," and Mrs. Homer Karrenbrock read "The Legend Beautiful" from Longfellow's tales of a Wayside Inn.

Following the numbers, the usual discussion was held after which in the business session, a Christmas party was planned for the evening of Dec. 15 when an open program will be given.

Those present were Mesdames Ben Bell, W. E. Bristol, Sterling Crumpler, Harry Fuller, E. L. Fulton, J. T. Harrell, Homer Karrenbrock, James G. Oakley, Charles Reid, John Rhea, John Thomas and Misses Jeannette Moore, Mary Hammond and Catherine Sue Ralston.

Standard Club

Mrs. C. E. Bailey led the lesson for members of the Standard club which met at the Woman's Forum clubhouse, and also talked on "Christian Mission Schools." Mrs. S. L. Conn discussed "Government Schools and Indian Schools" and Mrs. W. R. Little, "Silent Masses." "Ceylon" was the subject of an interesting talk by Mrs. J. Truman Stevens.

Those present were Mesdames C. E. Bailey, C. L. Baum, R. D. Bone, J. N. Catter, S. L. Conn, H. R. Cloughley, George D. Fox, J. M. Isbell, W. H. Weaver, R. A. Lincoln, W. R. Little, O. P. Maricle, D. M. Puckett, Houston Rogers, C. W. Staley, J. Truman Stevens, J. E. Wolf, and J. L. Elkin.

New Century Junior

Mrs. Gordon West was hostess to members of the New Century Junior club at her home when Mrs. O. B. Kiel gave a splendid review of Willa Cather's "Shadows on the Rock." Roll call was responded to with names of people in the limelight.

Those present were Mesdames Dillard Anderson, Ray C. Arnhold, Joe B. Carrigan, John Hampton, O. B. Kiel, Ted R. Krohn, Phillip M. Oviatt, Ray Puckett, Dwight Ross, Chester Wynne, Gordon West, and Misses Marguerite Fisher, Elva Killingsworth and Crystelle Waggoner.

Wednesday Study Club

Members of the Wednesday Study club met at the Forum clubhouse and under the direction of Mrs. Charles William Wallace, the leader, had a lesson on scenes 1, 2 and 3, act V of Macbeth.

Those present were Mesdames C. N. Alexander, Bert Bean, O. C. Dickson, B. L. Fain, Charles William Wallace, W. B. Hamilton, James C. Humphrey, Glen E. Laskey, J. J. Perkins, Bernard Martin, H. D. Fillets and John Davenport.

Junior Travel

Members of the Junior Travel club met at the Forum clubhouse in a business session when officers gave annual reports. Mrs. O. W. Wilson gave a parliamentary drill, and an interesting critic's report was given. The study of psychology was continued with Mrs. W. A. McCarty leader.

Those present were Mesdames O. T. Ailes, Clyde J. Brannan, F. T. Datson, D. G. Gray, E. A. Deaton, John Humphrey, D. O. Johnson, H. C. Lankford, W. A. McCarty, W. J. Morgareidge, Wayne Somerville, G. H. Watson, O. W. Wilson, Jozach Easley, Luther Wright and Grover C. Johnson.

Twentieth Century Junior

Miss Marguerite Peery was hostess to members of the Twentieth Century Junior club at her home on the Seymour road and roll call was responded to with assigned topics.

After a brief business session, Mrs. Jack H. Rankin led an interesting lesson on "Pulitzer Prize Awards." She gave the history of these awards and a biographical sketch of Joseph Pulitzer. Mrs. James E. Hay in a charming manner, interpreted "Years of Grace," by Margaret Ayers Barnes, Pulitzer prize novel for 1930, and Miss Mary Peters gave an unusually splendid dramatic reading of the play "The Inheritors," by Susan Glaspell.

The program was closed with reading the "The Woman's Collect."

During the social hour, refreshments were served to Mesdames F. P. Warren, A. B. Lipscomb and J. D. Bright, of the Twentieth Century club, and Mesdames T. C. Anthony, Shady F. Hale, Jack H. Rankin, Robert K. French, James E. Hay, Fulcher Armstrong, True Cauble and Misses Marjorie Woolsey, Mary Peters and Marguerite Peery, members, and Mrs. T. H. Peery, mother of the hostess.

Junior College Parent-Teachers Meet at School

"Home and School, Co-Efficients in Community Building" was the subject of an interesting program given by the high school and Junior college P.-T. A. at the school auditorium Tuesday afternoon with Mrs. Harry ten Brink, the president, presiding.

The program was opened with devotionals by Mrs. Finis Crutchfield after which Misses Lucille Snyder and Lucille Crouch played a violin duet with Mrs. J. H. Crouch at the piano. Mr. McCarty played a cornet solo preceding the meeting accompanied by Miss Lucelle Snyder, and talks were given by Howard Bunch and Mrs. A. J. Newby. Mr. Bunch talked on "How the School Assists in Developing the High Standard for Home Making," and Mrs. Newby had for her subject, "How the Ideal Home Contributes Toward Developing a Perfect Education." Mrs. Fred Sehmann was in charge of the program.

In the business session, Mrs. ten Brink told of the plan to help the lunch fund when milk bottles will be placed in cafeterias, drug stores and meat markets for pennies and small change to be dropped into by people passing by and a free will offering was taken for immediate needs.

A committee to arrange for this was appointed, composed of Mesdames Dudley Gordon, chairman, and Bert Magee, W. C. Krauss, C. O. Morris, John L. Gibbs, R. M. Little, John Marrs, P. B. Cox, C. O. Whitley, S. A. Covington, Thomas R. Wynn and J. S. Hargett.

It was announced that Fort Worth and Denver employes will give a benefit dance for the lunch fund and that Mrs. William Huff and Mrs. Bert Magee will help collect toys, candy or anything that one has for the municipal Christmas tree. Those wishing to contribute are asked to call one of these ladies.

Cards were passed to vote for the most valuable citizen and a brief talk was made by S. H. Rider.

Mrs. Ed Napier was hospitality chairman, assisted by Mesdames S. A. Covington, A. E. Hull and Lester Jones.

Epworth Leagues To Give Finals In Play Contest

Finals of the city-wide Epworth league play tournament will be held at the Wilson Memorial Methodist church Friday evening with four one-act plays competing for the three prizes offered. Prizes for individual characterization are also to be awarded at that time.

Titles of plays competing are "Saving Dad," a comedy sponsored by the Senior league of the First Methodist church; "Dust of the Road," a drama offered by the Cecil Porter Epworth league of the Floral Heights Methodist church; "The Rector," a comedy-drama sponsored by the Senior league of the Wilson Memorial church; and "The Semaphore," a comedy of western life by Harold White, local play writer.

Judging of the plays will be done by representatives of the F. C. McClung School of Dramatic Art. Interscholastic league rules will be used.

Those in charge of the tournament announced that an all star league cast will be selected from players of the tournament for a three-act play to be given as a city-wide Epworth league project in January.

Farmers Pay Off Federal Loans

Special to The Record News.

STAMFORD, Texas, Dec. 9.—Approximately 75 per cent of the farmers of Jones county who received government loans last spring have either paid their loans in cash or collateralized sufficient cotton to have the crop lien released, according to H. L. Johnson, assistant seed loan agent, whose territory includes Jones county.

Mr. Johnson said about 50 per cent of the loans had been retired in cash and another 25 per cent with cotton. Where cotton has been placed as security, settlement will not be made until the cotton is sold.

The loan agents are securing statements from farmers who have not retired their loans in full and the matter of renewals or extensions will be handled from the St. Louis office, Mr. Johnson stated.

Mr. Johnson has taken over the work in this county, succeeding Robert E. Skipworth, who has been given new territory.

Two Burkburnett Men Face Arson Charges

Complaints signed by William Garland, Burkburnett police chief, charging arson were filed Wednesday with Assistant District Attorney Mike Anglin against Pete Bryan and Ernest Wininger of Burkburnett.

The two men are accused of having set fire to a house which burned last August in Burkburnett.

Booth Tarkington Play To Be Presented Thursday

"Seventeen" by Booth Tarkington, a play of youth, love and summer time, with a cast headed by Bryant Creighton, who will be remembered for stealing the show in a minor role in "It Won't Be Long Now," will be presented at the Little Theater playhouse Thursday evening at 8 o'clock under the direction of F. C. McClung.

As young William Baxter, at whose age all life is a problem, Bryant Creighton will be supported by Cecelia Terrill as Lola Pratt, the baby-talk lady.

Miss Terrill took part in the winning one-act play in the Arkansas tournament last year.

Jane, the 12-year-old sister who appears at the most inopportune times, is played by Mary Kate Ard.

The mother and father who make a futile effort to understand their son, is played by Mrs. O. H. Gideon, formerly of the Breckenridge Little Theater, and Homer Donohoo, past president of the Blue Curtain club.

The charming group of friends of young Baxter are Wilmont Hunt in the role of Johnnie Watson; Lloyd Holmgren as Joe Bullitt; Clarence Dale, as George Crooper; Billy Mann as Wallis Banks; Roberta Wolford as Mae Parcher; Gayle Carey as Mary Brooks.

Mr. Parcher is played by Wendel Griffis and comedy is furnished by Jerome Allen as the colored Genesis and by Mrs. Thomas A. Korn as Ethel Boke.

All young people in the cast are well known in Wichita Falls and in junior college dramatic circles.

Hostesses will include Kay Cason, Gretchen Bowen, Jessie Lucile Raley, Niski Britain and Mildred Carey.

Tickets are on sale at the Putney Drug store.

DR. BRINKLEY SUIT REVISED

License Issued on 'Q-T,' Is New Claim

DALLAS, Dec. 9. (UP)—A claim that a medical license to Dr. John Richard Brinkley, "goat gland specialist of radio fame, was issued in Texas by the secretary of the medical board without the knowledge of other board members was made today in an amended petition filed in the suit to revoke the license.

The revocation suit was brought by the state of Texas in behalf of Dr. T. J. Crowe, secretary of the Texas state board of medical examiners. The first amended petition in the suit was filed today by Jack Lewis, assistant district attorney.

The petition declared that Dr. Brinkley's license was granted Jan. 10, 1919, but the license was void because it was granted on reciprocity with the state of Arkansas, where Dr. Brinkley had a license to practice. The requirements for a license in Texas and Arkansas were different, the petition stated. Dr. Brinkley's license in Kansas was revoked last year, the petition said.

The filing of the suit in Dallas county is based on allegations that Dr. Brinkley, who broadcast from his Del Rio station at Villa Acuna, Mexico, across the border from Del Rio, Texas, is receiving money from persons living in Dallas county through prescriptions which he broadcasts and which are filed for persons in Dallas.

Kansas Evaluates Cities Service Co.

TOPEKA, Dec. 9. (AP)—A present value of $71,606,408 was placed today on properties of the Cities Service Gas company and its subsidiaries by the engineering firm of Black & Veatch, Kansas City, Mo., employed by the public service commission in its investigation into gas rates charged by the Cities Service organization.

The valuation report, submitted today at the commission's investigation into reasonableness of inter company charges in the City Service company organization, placed present value of the concern's pipe line properties $21,336,805 under the $92,943,213 claimed by Cities Service.

Black & Veatch placed the reconstruction cost, new, of the properties at $80,028,129, compared with $99,208,072 figure given in Cities Service's own valuation.

Discrepancies in the two valuation reports included a difference of more than $5,000,000 in going concern value. Cities Service placed the figure at $8,898,532, and Black & Veatch gave the item as $3,820,000.

Negro Arrested Here In Henrietta Robbery

A negro was arrested by detectives here early Wednesday in connection with a burglary Tuesday night at Henrietta. He was returned to Henrietta by Clay county officials.

The prisoner is suspected of having burglarized the home of E. M. Hilgenfeld at Henrietta Tuesday night. The man had on his person two watches and a pair of gloves taken from the Hilgenfeld home.

Detectives Luke Hart and V. V. Musick took the negro into custody. The black had escaped Mr. Hart Tuesday when the officer was seeking the negro as a suspect in a previous Henrietta burglary.

Henrietta P.-T. A. Sees Children in Yuletime Program

Special to The Record News.

HENRIETTA, Texas, Dec. 9.—A Christmas program was given by the primary grades of the Lulu Johnson Ward school at a meeting of the Henrietta Parent-Teacher association in the high school auditorium Tuesday evening. In addition to cleverly costumed choruses, the children were presented in an entertaining Christmas playlet written and directed by Mrs. W. S. Culwell.

The program was opened with "Up on the Housetop" and "Silent Night," sung by a group of pajama-clad children hanging up their stockings. Santa Claus' home was the scene of the play, with Santa, Mrs. Santa, and their helpers answering Christmas letters. A chorus of paper dolls, a squad of toy soldiers, a dancing doll, an exquisite French doll, two baby dolls, two pickaninnies, a rag doll, a clown doll, and a parade of dolls from every nation were included in the performers in this scene.

The primary grades under Miss Lulu Johnson, Miss Lavonia Heath, Miss Rachel Brown and Miss Ruby Moore took part in the program. Miss Letitia Ramsey was in charge of the songs and music, and Mrs. Ed Hilgenfeld, Mrs. Harry Hilgenfeld, Mrs. A. J. Oheim and Mrs. J. L. Willis were in charge of the costumes.

In the room attendance contest Miss Lulu Johnson's first grade won first prize with 100 per cent parents present. The next meeting of the Henrietta P.-T. A. will be an executive meeting held Jan. 12.

Frederick Legion Holds Banquet

Special to The Record News.

FREDERICK, Okla., Dec. 9.—Thirteen new men were enrolled for 1932 membership in the John S. Kerr post of the American Legion at the banquet held at Tipton Monday night. All war veterans and ex-service men were honored guests at the affair.

Wednesday night the local legion, whose membership is now swelled to approximately 85 men, gave its annual banquet at the Presbyterian church. The 1932 membership cards served as tickets for admission. All Spanish-American war veterans and civil war veterans, North and South, were asked to attend by special invitation.

Frederick Spanish-American war veterans are R. H. Wessel, commander of the Rough Riders camp No. 21; George Mosby, A. R. Pierson, R. R. Couger and J. A. Garrett. Civil war veterans are Jesse Collins, L. M. Herrell, S. M. Oxford.

Milt Phillips, Norman, state adjutant, and Putty Gilmer, Tulsa, state commander, were special guests for the event.

The Cognac chorus, quartet from Altus, presented musical entertainment for the stag affair.

Negro Attendant At Whisky Still Testifies at Trial

TEXARKANA, Ark., Dec. 9. (AP)—A negro still attendant testified today at the trial of Sam Day, 20, accused of slaying Sheriff Walter Harris, that the defendant had carried a gun since being wounded by federal officers a year ago, and had often declared he "would fight it out if the officers ever came down on him again."

The negro witness, John Perkins, admitted he was present at the still last July when Sheriff Harris and other Miller county officers raided it. He said only one shotgun charge was fired. It struck Joe Watson, another negro still attendant, as he fled.

The defense claimed Sheriff Harris then opened fire on Day, who returned the shots from a "lookout," killing the officer. The defense maintained Day was wearing a hat at the time and that it was shot from his head.

Perkins testified today Day wore no hat at the time of the raid.

W. B. Branch and J. C. Crain, the officers who accompanied Sheriff Harris on the raid, had testified Harris did not fire after wounding Watson.

Mahatma Gandhi Visits Aged Swiss Teacher

VILLENUEVE, Switzerland, Dec. 9. (AP)—Mahatma Gandhi, accompanied by Miss Madeline Slade, motored today to the village of Le Sepey, where he visited the 75-year-old Swiss peasant woman who prepared Miss Slade for the simple life she led in India as his disciple.

Gandhi studied the old woman's spinning wheel, on which she taught Miss Slade spinning and weaving, and compared it with his own apparatus, which he designed himself. He leaves tomorrow for Geneva, where he will adress a pacifist meeting.

RECEIVER FOR WARNER ASKED

Stockholder Files Suit in Delaware

WILMINGTON, Del., Dec. 9. (AP)—Jules Endler, of Passaic, N. J., who says he is the owner of 310 shares of the common stock of Warner Bros. Pictures, Inc., today filed a bill of complaint in chancery court asking for the appointment of a receiver for the corporation.

Endler alleges the corporation is solvent and unable to meet his obligations, which are maturing. He says the losses suffered by the company during the last year were much greater than reported to stockholders.

The bill alleges that last year the company acquired a musical division of Brunswick-Balke-Collender company at an exorbitant price and by such acquisition has suffered irreparable loss, and has without success been endeavoring to sell the musical division at a loss of $8,000,000.

Record News' Program for Wichita Falls

1. **OIL**—Place the Wichita Falls district on a parity with other centers in the marketing of both crude oil and refined products.
2. **THE VALLEY**—Systematic, vigorous development of the irrigated valley in keeping with its possibilities as Wichita Falls' greatest physical asset.
3. **WATER**—An ample, assured supply of soft water.
4. **EDUCATION**—Maintenance of a junior college in Wichita Falls to give opportunity for higher education to our youth—the highest standards in elementary schools.
5. **THE LAKES**—Full development of the recreational opportunities offered by the three lakes.
6. **HIGHWAYS**—Early consummation of a highway program covering all the main routes radiating from this city and all the local roads that serve its agricultural community.
7. **DRAINAGE**—Solution of the drainage problem in all three phases; first, in the irrigated valley; second, with regard to Holliday creek; third, in those portions of the city now inadequately drained.
8. **GOVERNMENTAL ECONOMY**—The adoption of such means as may be found most feasible to reduce the cost of local government by elimination of unnecessary offices and consolidation of others.

At least one thing Hoover and these foreign emissaries can agree on is a statement that they have not agreed on anything.

Historical Myths

RAFAEL SABATINI, the author who permitted post-war readers to turn back to tales of piracy and other varieties of romantic adventure, declares that history is so full of myths that it takes years of research to find out whether any colorful incident of the past is fact or fiction.

Among the "historical" tales which are pure fiction, says Mr. Sabatini, are the famous yarn about the man in the iron mask, the William Tell episode and the story that Richard III of England made away with his two youthful nephews.

This, of course, is interesting information; and yet, when you stop to think about it, it makes very little difference whether these and similar historical anecdotes really have any truth in them or not. True or false, they point a moral, so to speak. They summarize certain times, certain people and certain events in such a way that they will live even if we prove them to be sheer invention.

The tale of the man in the iron mask, for instance—who hasn't felt a cold shudder or two at this story about the Bastille's hopeless prisoner? The story may be a fake—but it tells us more about the way France was governed in those old days than a whole volume of dry facts.

Similarly, there is Marie Antoinette's supposed remark that the starving peasants ought to eat cake—a remark which, historians assure us, was never made. Suppose she didn't say it? The whole ruling class had just such a stupid and flippant attitude toward the misery of the lower classes then; and once you understand that fact, the French revolution is easier to understand.

And William Tell—his story, true or false, expresses the Swiss fight for freedom so graphically that no one who has once read it will ever forget it. Tell may never have existed, but he is a valuable historical character just the same.

So it goes. These old anecdotes may never have happened, but they could have happened; and because they provide such illminating highlights for more sober history the world will go on using them for a long time.

Mitchell on Business

CHARLES E. MITCHELL, chairman of the board of the National City bank of New York, has expressed very aptly the great economic and social problem that faces the American people. Addressing a senate committee on the proposal for an "economic plan" to end the business cycle, he declared:

"As long as we live under a system of individual liberty we are bound to have fluctuations in business. Freedom for the individual . . . involves, however, the freedom to make mistakes. Mistakes are among the penalties of freedom."

This is quite true; and when the individual involved is a great financier or industrialist, his mistakes can make many of his fellow-citizens suffer intensely. One of our greatest tasks, in the coming decade, will be to decide whether this individualism is worth the price we occasionally have to pay for it.

New Rules for the House

ONE of the happiest results of the new alignment in the house of representatives will probably be a liberalization of the rules which govern deliberations.

For many years the house has been bound by rules under which there was little freedom of debate and little chance for any measure to gain serious consideration unless it had the approval of a small group of house leaders. The cause of representative government suffered.

Now, with a more nearly equal division of the parties, control will be less strict. We may get more debate than we need, but in the main the results should be beneficial. After all, congressmen go to Washington as representatives of the people.

European Air Supremacy

THE manager of a large middlewestern airport the other day declared that, contrary to popular opinion, commercial aviation in the United States is "at least 15 years ahead of commercial aviation in Europe."

This, he said, applies both to equipment and service. Night flying on passenger lines, he said, is still confined to North America; and he added that most of the patrons of the European lines are American tourists!

All of this is rather surprising, in view of all that we have heard about Europe's "supremacy" in the air. Overseas, apparently, military aviation is still the branch that gets most of the attention. Aviation in the United States has definitely established itself commercially, and has already made an amazing good record for service.

EXPLANATION OF YESTERDAY'S CARTOON

TOMMY DOWLER OF COLGATE—Dowler played so spectacularly early in the season of 1929 that W. A. Reid, graduate manager of Colgate university, kept accurate record of his performance during the balance of the season. His season record is remarkable, but the most astounding part of it is that he scored within the first five minutes in every game he played—eight out of Colgate's nine games—five times on triple reverse plays, twice on passes, and once from a punt received on his own 55-yard line.

THE FUEL COST OF A TON-MILE OF FREIGHT—Scientific research of fuel consumption on railroads has shown that locomotives of the modern type, with pushers and tender-engines, burn comparatively little coal for the amount of freight they move. A one-and-two-thirds ounce lump of bituminous coal will move one ton of freight one mile, and at that rate is would cost only 48 cents for fuel to move one ton from New York to Los Angeles.

THE PRISONER OF OAHU—The unusual prison record of Oriemon ("Happy") Fujihara started at Honokaa, Hawaii, in July, 1900, when he was sentenced to be hanged at the Hilo jail for the murder of one of his fellow Japanese farm hands. On the day before he was to be executed Happy escaped—no one knows how—and he then spent eight peaceful years in Waimea. After his capture there the death sentence was commuted to life imprisonment, and in 1919 he was pardoned. But on Oct. 4, 1931, Happy was convicted of arson and again sentenced to life imprisonment—thus having been sentenced twice to life imprisonment and once to be hanged.

OLD ENGLISH MONEY—Before the invention of modern coin, people's fortunes consisted of gold and silver formed into various ring-shaped ornaments which they could carry on their person. The horn-shaped money dates from that ancient period in the history of exchange. The wedding ring now placed on the finger of the bride is a survival of that period when the ring constituted the price paid in wife purchase.

"A FREE SOUL" By ADELA ROGERS ST. JOHN

COPYRIGHT, 1931, BY INTERNATIONAL MAGAZINE CO. INC. — DISTRIBUTED BY KING FEATURES SYNDICATE, INC.

SYNOPSIS

Stephen Ashe, the noted lawyer had brought his daughter, Jan, up to be a free soul, unfettered by petty conventions. He never interfered with her decisions until she fell in love with Ace Wilfong, a gambler. Stephen strenuously objected to marriage between a daughter of society and a son of the underworld, though he had no objection to Ace as a man. Jan makes an agreement with her father that she will not marry Ace as long as he refrains from drinking. It is the hardest trial either has ever faced. Jan phones Ace and before she can tell him of her gamble, he asks if she called to say she loved him.

CHAPTER XXV

"What very fickle ladies you must have been used to," said the voice, and if its gaiety was not quite genuine that was a matter impossible to determine over the telephone. "And besides, I simply will not discuss love over the telephone at this hour. What I wanted to say—Who was that, Ace, who answered your telephone?"

He chuckled. "That was my sister, Miss Curiosity." Sisters under their skins then, the white stars of heaven and the fireflies of the night. Not much, but a little.

"Oh! Your sister? I suppose I should have known her—some day. Do you think, Ace, that your sister would have liked me, a little? Women don't much, as a rule."

Rapidly Ace Wilfong went over that speech in his mind. He did not like its tenses. All through him the danger signal, that outside sense of his that made him a great gambler that warned him of things he could not see clanged like a burglar-alarm. There was something wrong here.

"Jan, darling," very quietly. He tried to make his voice sound like a rock, a rock upon which a girl might stand in any storm.

"Yes."

"Has anything happened?"

"Yes, dear. Something has happened."

"It isn't that you have found you—don't love me, after all?"

"No—oh, no. But—I am writing you a letter to explain. I—I have to go away for a little while. I won't see you before I go, and so I am writing you a letter. I am going with my dad."

His brows were knit as though he were in pain and his face was dark and lined with concentration. He wanted to pierce through her words and he could not.

"Couldn't you wait just a little while so I could see you? My God, Jan, I—" But he pulled himself up hard. If you were playing a hand blind it was better to wait and go cautiously.

The voice was very faint now, as though it were squeezed out between two sobs, but for all that it was still arrogant and crisp.

"If you will tell me where you live—imagine that, I don't know where you live—I will send the letter to you right away."

He told her the address. "How long do you expect to be gone?" He had himself completely under control now. Not a trace of emotion on his face, not a trickle of it in his voice. No way to tell what kind of cards such a man held, whether he filled or not.

And she was casual. They might quite well have been two acquaintances discussing vacation plans. "I don't know. I rather like going off like this, on an hour's notice, and not knowing where you're going or when you're coming back. I'm rather

"Are you going to marry her?" she asked.

sick of always knowing just where I'm going and when I'm coming back."

A silence. The wires hummed with the noises of the city that stretched between them.

Then she said, "Good-by, Ace."

"Jan—"

"Yes, dear?"

"I don't understand. I don't know what this is all about. I hate it. But—I trust you. I love you. Darling, darling, I cannot—but you know that there is nothing—"

"I know, Ace. Good-by."

"Goodby."

The switchboard operator at the St. Francis frowned at her board. She had pulled out both plugs when the light flashed over the outside cord on Miss Ashe's call. But the light still flashed on above Miss Ashe's room number. She wouldn't for the world have broken a connection for Jan Ashe. She had a sweet tooth, that operator, and since Jan did not eat candy she was the recipient of many beribboned boxes of Maskey's best.

She plugged in again. "Hello—hello, Miss Ashe," in the unmistakable telephone-girl voice.

There was no answer, but the light still testified that the receiver was down. The operator plugged in and out several times, that puzzled frown still on her face. "Hello," she said again. "Hello, Miss Ashe?"

"Hello, Martha," said Jan Ashe. "What's the matter with you?"

"Well," said Martha, "why don't you hang up your receiver?"

"Well, well," said Jan Ashe, "that's a good idea. I hadn't thought of it, but now that you suggest it so delicately, I believe I will." And she did.

Martha spent several minutes trying to figure out what had struck Miss Ashe and then gave it up, having decided that Miss Ashe was just one of those people you couldn't figure anything about.

Ace Wilfong went back to the breakfast-room.

His sister, who had been listening, looked at him once searchingly and then she poured him a hot cup of coffee.

"You'd better drink that," she said. Poor little Gwennie! At that moment she would have given the blood of her heart to comfort her brother. And yet her voice, that she meant to be tender, considerate, came out as cold and irritated as a suspicious wife's.

Ace Wilfong looked at her and then he laughed. It was good to hear, that laugh—courageous, unbeaten, a very profession of faith. He ran both hands through his hair and it stood up like a crest.

"I don't need your coffee, Gwennie," he said superbly. "Why, I'm not afraid! That girl—if you knew her, Gwennie! She's like—she's like some race-horses I've seen. Make 'em carry all the weight in the race, make 'em run in the mud, put a stable-boy up, leave 'em at the post—and still you know you've got a chance for your money because they're always trying. They come sailing down the stretch and win somehow. That's because they've got a thoroughbred's heart. And, Gwen, hat's all a woman's got to have. My Jan's like that."

A faint pink had grown in Gwennie's cheeks. Men could love like that, and she had been passed by. Her eyes fastened on Ace Wilfong's burning face.

"Are you going to marry her?" she asked.

Ace Wilfong winced away from that reminder of the suspense under which his heart labored, waiting for the letter that was to explain everything. He could feel it beating under the flow of their conversation, the surface of that commonplace breakfast-room, like some rumble of drums in a Wagner overture.

He scowled at her. He hesitated. Then, with a grin that was like drawn steel, he said, "Yes, I am."

Gwennie's fingers tortured her lower lip. "She isn't the wife I'd have picked out for you," she said.

TAMMANY MAY QUIT RASKOB

Wets Dislike Chairman's Plan to Rush Dry Issue

By LOUIS SEIBOLD

NEW YORK, Dec. 9. (US)—It is by no means certain that Democratic National Chairman Raskob will have the support of Tammany and other important eastern party blocs in his effort to write the national platform in advance of the nomination convention.

The fact is that some of the most ardent wets are slipping away from the control of the Raskob-Smith combination. A good deal of resentment against the manifest purpose of Raskob to impose his program is reflected in the comment of leaders who stood by him when he stirred up a typical Democratic hornet's nest last March.

The northern wets are just as wet as they ever were and will undoubtedly support any move made in the nominating convention to crush the dry elements in the South and West.

Raskob in Hurry

Recent developments clearly indicate, however, that the northern wets will join with the arid drys and moderately moist factions in voting to leave the settlement of the vexatious problem to the nominating convention itself. Raskob's plan contemplates the indorsement of a wringing wet plank at the meeting of the national committee in Washington next month.

If successful, the committee will adopt a resolution recommending the ratification of it by the convention. A few weeks ago it looked as if this line of strategy might prevail.

Recently, sentiment among northern and mid-western leaders has been crystallizing in support of the demand of southern wets and moderates that the national committee reject the Raskob plan and permit Democratic nature to take its course.

Watch Developments

The chief reason for the present view of northern leaders (including Tammany) is that it will be wiser to watch developments in congress and of the expanding wet popular sentiment before tackling the problem. A contributing cause is that convention delegates would certainly resent any attempt by the national chairman to impose in advance his ambitions to revise the party's present policy—if any.

There is manifest in the comments of northern wets as well as southern drys and moderates widespread disapproval of the questionnaire recently addressed by Raskob to the 90,000 contributors to the campaign fund of 1928.

The purpose of the questionnaire was obviously to impress the national committeemen and party leaders with the tremendous growth of wet sentiment, of which there is little question. It is expected that Raskob will be able to make an impressive showing of the extent of wet sentiment when the committee meets.

The exact value of this display in aiding Raskob to put over his plan is uncertain. But there is no question that he will have less support for it than when he launched it several months ago. The indications are that the Raskob-wet project and other features embraced in his manual to regulate party affairs will also be sidetracked.

Florist Convicted In Murder Attempt

TEXARKANA, Texas, Dec. 9. (AP)—A. R. Kemppler, 43-year-old florist, was convicted today on a charge of assault with intent to murder for injuring his wife with a knife. He was sentenced to 10 years imprisonment.

Mrs. Kemppler said her husband returned from Marshall while she was talking to John Whitecotton, insurance salesman, about a policy. She said Kemppler accused her of intimacy with Whitecotton and then cut her with the knife. Her testimony was corroborated by Norwood Petty, Kemppler's stepson, and another woman living in the house.

Kemppler admitted cutting his wife but declared he did so in striking at Whitecotton. Judge George W. Johnson reprimanded the defendant for defaming his wife's character.

PANHANDLE GAS BATTLE FORMS

Royalty Owners May Go To Court With Row

AMARILLO, Texas, Dec. 9. (AP)—A committee appointed today to represent gas royalty owners of the Panhandle field will meet Monday to outline a campaign to obtain a satisfactory price for gas from this area.

The campaign may take the royalty owners into court, the committee having been instructed to make a thorough investigation, negotiate for a better price, and finally to file a test suit if necessary to establish "an equitable price" for gas from this field.

Today's meeting was called after royalty owners had received their first checks from the Texhoma Natural Gas company, with a 1,000 mile line to Chicago, figured on a basis of two cents a thousand cubic feet. The 100 protesters who attended the meeting voted solidly to refuse checks on that basis, and to demand eight cents.

The committee of 10 is headed by M. T. Johnson, prominent landowner of Hutchinson county, and includes Wilbur C. Hawk, Amarillo publisher and vice president of the West Texas Chamber of Commerce. Hawk pledged support of the regional organization and its oil and gas division.

Johnson read telegrams from the Illinois public commission and the state comptroller's office at Austin, which he said showed the Texhoma company alleged in Illinois that it paid six cents at the Texas wells, while it was paying taxes on two and one-half cents. The royalty owners voted to ask the attorney general for an investigation.

MOORE COUNTY TAKES ACTION

DUMAS, Texas, Dec. 9. (AP)—Moore county commissioners have written to officials of the Texhoma Natural Gas company to state definitely whether the company is a public utility.

"On May 13," the letter states, "we granted your company rights to cross our public highways with gas pipe lines, with the understanding that you were a public utility. We are informed now that you claim your company is not a public utility.

"If our information is correct we do not feel that the right formerly granted should be held by you, and no other such rights will be granted."

The letter, signed by County Judge F. S. Makelg, was written in support of the campaign launched by gas royalty owners of the Panhandle gas, the commissioners said.

The royalty owners are asking county commissioners throughout the North Panhandle to take similar action, unless the company hikes its price.

C-C PROGRAM OF WORK

Members of the program of work committee of the chamber of commerce will meet Thursday at 3:30 p. m. in the chamber offices to give consideration to scores of suggestions offered by chamber members toward the preparation of a 1932 program of activities.

A committee probably will be appointed at the meeting to draft a tentative program for next year, Jack C. Barnard, chairman, said.

GRAND JURY FILES REPORT

Monthly Meetings Commended by Foreman

(Continued From Page One)

gest that the constable's department be admonished as to the treatment of negroes and that they always be accorded fair investigations.

"Our county auditor also appeared before the grand jury and duly reported that the county's affairs were in satisfactory condition.

"It is recommended that the constable's department throughout the county, be required to comply with the law, and that the records of their offices be properly kept and submitted to the auditor for approval quarterly and preferably he should examine them by the month. It is further recommended that succeeding grand juries inquire as to the filing of these reports and whether the constables are complying with the law.

Other indictments included the following: Will Glymp, two bills charging forgery and passing; John Alexander, burglary; David Moore, burglary; Dewey Hight, possession and manufacture of intoxicating liquor; A. M. Spruell, possession and manufacture; Buck Michna, theft over $50; Jimmy Shirley, driving while intoxicated.

Indictments on which the defendants were neither in jail nor under bond were for the following offenses: Child desertion, seven cases; burglary, one case; embezzlement over $50, one case; removing mortgaged property, two cases; embezzlement by a guardian of the funds of a minor, one case; theft over $50, one case; forgery and passing, three cases.

Speakers Club

"Mixed Letters," a one-act play, was given by Miss Lorraine Mathis at the regular meeting of the junior college Speakers' club Wednesday morning.

Miss Mathis was recently a successful candidate for a place among the college Blue Curtain players.

Other numbers on the program were several accordion solos by Joe Crouch of the high school.

His Favorite Topic Is Spinach

"Lobbying" was the subject of a talk given by John Gould of the Wichita Daily Times staff to members of the junior college Senate and visitors at the usual session Tuesday night in the little auditorium.

Lobbying is one of Mr. Gould's topics, and his talk furnished the feature of the program.

Hiking Club

Definite decision to have the annual Christmas grub on Dec. 23 was made by members of the junior college Girls' Hiking club at the business meeting Wednesday morning.

The hikers are inviting their dates to join them in making the grub a success. Members exchange presents at the grub and later give all the presents to poor children of the city.

The members of the club are also preparing for the big invitational dance to be held at the Elks club Dec. 28. All members are urged to send in the names of those to whom they want invitations sent, as no boy will be admitted without an invitation from a member.

Writers Club

Interviews of various types were read and criticized by members of the junior college Writers' club at the meeting Wednesday afternoon.

Besides studying the interviews, they discussed plans for the next two meetings.

Monday night at the studio of Miss Mora Katherine Douglass on Avenue L the members will have a Christmas party by candlelight. They will during the evening hear a play recently written by Curtis Cook and some other specimens of work of the members.

At the next regular meeting Wednesday afternoon all the members will bring anything they have written concerning Christmas. All members are especially urged to be present at that meeting which will be the last get-together before Christmas. Any original Christmas compositions will be accepted for criticism.

The members also discussed an offer from the college Spanish club to write a short and childish Christmas play that would be translated into Spanish and presented by the Spanish club at the annual program for the Mexican school children at the Benito Juarez school.

Volley Ball Games

The third period girls' gymnasium class of the high school won two volley ball games, each by a score of 15-14 Wednesday afternoon, when the third and fourth period classes of the school played the final interclass game to determine which class has the best team, according to Miss Davida Olinger, gym instructor.

The members of the victorious class team are Jesse Warren, captain; Irma Cline, Katherine Green, Anna Lee Dickey, Jacqueline White, Malinda Haynes, and Emma Smith. The opposing team consisted of Jean Worley, captain; Christine Grozier, Vergie Mae Stearman, Anna Lee Cherry, Arlene Cook, Frances Griffin, and Lois Hubbard.

Besides the interclass competition which goes on every year, the high school girls are this year going out seriously for interscholastic league volley ball and will compete in the district competition to be held here in January, Miss Olinger announced Wednesday afternoon.

GULF LINE TO TAKE DEEP OIL

Extension Planned to Run Chalk Hill Crude

The Gulf Pipe Line company has secured right-of-way and will begin at once an extension of approximately one and a quarter miles to its main line in Archer county to connect with the Deep Oil & Lindsay properties in the Chalk Hill pool.

The Deep Oil & Lindsay interests, according to Harry Hines closed a contract with the Gulf company whereby that concern will purchase the entire output of their wells in the L. F. Wilson ranch in this area.

Work on the construction will start in a few days and a corps of men from the Fort Worth headquarters are here looking after details. The daily output from the wells is approximately 700 barrels per day under proration measures.

Five Condemned Men Shot Trying to Escape

MEXICO CITY, Dec. 9. (AP)—A Tulanzingo, Hidalgo, dispatch to the newspaper La Prensa tonight said five of seven condemned prisoners were killed there today when they tried to escape from prison.

A small boy saw the jail delivery and gave the alarm. In the following battle with police five were killed and the other two prisoners wounded gravely.

Parched or toasted? No, sir!

CAMELS *are* FRESH!

THE bedrock of Camel popularity is the inherently fine quality of the tobaccos that go into our cigarette.

These tobaccos are notably mild, full-mellow, delicately flavored by nature — the finest Turkish and mild, sun-ripened Domestic tobaccos that money can buy.

To safeguard the essential goodness of these fine tobaccos we exercise every care to conserve their natural moisture and natural flavors.

They are never parched or toasted—the Reynolds method of scientifically applying heat guarantees against that.

That's why we say Camels are *made* fresh to start with—and why the Camel Humidor Pack can bring them *fresh* to you, in prime smoking condition.

If you want to know what a blessing that means in unalloyed smoke-enjoyment, switch to Camels for just one day—then leave them—if you can.

Orange Juice Helps Children Gain

"Come on, clean up your plate or you can't have any dessert!" In how many homes this speech is heard two or three times a day as the child is urged to eat, only to have him begin to whimper, spoiling the meal for the whole family. Mothers of underweight children usually make the mistake of trying to force them to eat; the child rebels and the battle begins. These mothers mean well, but they are not using the very best method for encouraging the child to gain in weight.

Usually the child who doesn't eat well will be of the type which I call the "Fox" type. Such children are often tall, thin, nervous, easily irritated and have a tendency to poor appetites. Eighty per cent of the patients having digestive trouble come within this type. One of the worst mistakes you can possibly make with this type of child is to try to stuff him to make him gain.

Mothers of these children are alarmed at the thought of the child being underweight and vainly try to get extra amounts of those foods which they consider "fattening" down the child's throat each day, paying little attention to the fact that the child is frequently not able to digest all this food and is harmed rather than helped. Forced feeding on rich mixtures may produce a few extra pounds but is likely at the same time to produce colds, enlarged tonsils, mastoiditis or asthma.

How much a child should be expected to weigh depends on whether he is large or small boned; whether he comes from family stock having an inclination to leanness or to plumpness; whether his food furnishes vitamins and minerals; and most important of all, his digestive power. Children should be fed according to their build and their ability to digest food. All children do not gain at the same rate, and it is impossible to expect that they should.

Here is where the wrong is done by the standard tables by which children are judged. These tables take it for granted that all children belong to one type, whereas they belong to two types. Those belonging to the "Fox" type will weigh less than those belonging to the "Ox" type of child, I will discuss the best way to increase both the weight and the growth of these youngsters.

The best single food for encouraging the gaining of weight, inches and appetite in these children is orange juice. I know that many of you will be surprised at this because you will expect me to name some high calory food. But the fact remains that in experiments made with school children in Berkeley, Calif., the children who were fed orange juice for a midmorning lunch made the best gains. I have also found orange juice extremely beneficial in my own practise for helping children to gain. The juice should not be served at meal time but in the midmorning and midafternoon.

We do not know exactly how it is that the orange juice produces an increase in weight together with stimulated growth; however, it does produce such an effect. The orange juice stimulates the appetite and makes the child hungrier for other foods. Tomato juice may also be used. Such juices are easily digested and encourage the retaining of greater amounts of calcium in the child's body, which is helpful for growths, and also help overcome acidosis.

QUESTIONS AND ANSWERS

Arthritis and Adhesions

Question—Mr. Theo. P. writes: "I have been troubled with arthritis for a number of years; have had various treatments without results. Now my doctor tells me that I have severe adhesions and prolapsed condition of the colon, and that he believes this is partly responsible for the arthritis. Do you believe this could be true? I am sending you some x-ray pictures."

Answer—I have looked over your x-ray pictures and I believe you probably require quite a number of treatments before the adhesions and prolapsed condition of the stomach and colon can be overcome. I will be glad to send you my article on arthritis by mail which would give you some additional helpful information; write me again giving me your name and address. It is my contention that the colon must function normally so that there will be two or three natural movements a day before arthritis can be overcome. I find that the Morse wave and manipulative treatments are very beneficial in bringing about prompt toning of the intestnies. I do not advise manipulative treatments of the joints in arthritis, but heat treatments such as diathermy are beneficial. You should be very careful with your diet, avoiding starchy foods and sugar for some time. Repeat a short acid fruit fast of five days at intervals of a month apart for as long as necessary, using plenty of nonstarchy vegetables and sufficient protein foods in between fasts. It is a good plan to drink from one to two quarts of distilled water in the morning and a similar quantity in the afternoon.

Treasury Adjusts 41 Big Taxations

WASHINGTON, Dec. 9. (INS)—Forty-one income and estate tax adjustments, involving more than $1,000,000 each, have been made by the treasury since March, 1929, at which time it started to make public its large refunds and credit abatements.

The largest went to the U. S. Steel Co., $21,096,879, of which $17,006,990 was a credit and the remainder a refund.

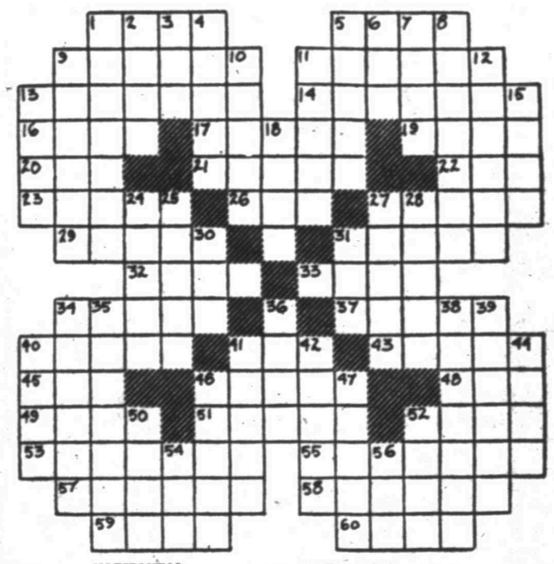

The estate of Payne Whitney of New York, received an abatement and refund of $16,966,259; Eighth Avenue R. R. of New York, $7,991,781 and the estate of Rodman Wanamaker of Philadelphia, $7,279,496, and Swift & Co. of Chicago, received $7,524,601.

Frank Lowden Spikes Presidential 'Boom'

CHICAGO, Dec. 9. (UP)—Former Gov. Frank O. Lowden of Illinois, who was a candidate for the Republican nomination for the presidency in 1920, halted a move at the American Farm Bureau federation convention today to endorse him as the candidate in 1932.

"I am not and do not intend to become a candidate for the presidential nomination," Lowden said from the platform where he had just concluded addressing the delegates.

GRIMES TRADED TO CUBS FOR HACK WILSON AND TEACHOUT

SLUGGER TO BE USED AS 'BAIT'

Cards to Keep Teachout, But Barter Wilson

By PAUL MICKELSON
Associated Press Sports Writer

CHICAGO, Dec. 9.—Chicago's Cubs solved two of their most perplexing baseball riddles today by trading Hack Wilson and Pitcher Arthur "Bud" Teachout to the world's championship St. Louis Cardinals for their notorious pitching Nemesis, Burleigh Grimes.

The deal, a straight trade with no cash involved, turned the big major league player mart into a lively one as the Cardinals immediately offered Wilson to either the Brooklyn Robins or the Cincinnati Reds.

In trading their dethroned home run champion, the Cub chiefs satisfied Owner William Wrigley Jr.'s, ultimatum that Wilson must go; in obtaining Grimes, they obtained the one pitcher who has ruined more baseball games for them than probably any two pitchers in the National league.

Great Deal, Says Hornsby

"Why it would be a great deal for us even if we just locked Grimes up so he couldn't pitch against us," said Manager Rogers Hornsby, who recounted Grimes' pitching success against the Cubs. "But I think he is just the man we need to bolster our pitching staff into one of the best in the major leagues. He has several good years yet and will win a lot of games for the Cubs."

As far as the Cardinals were concerned, Wilson will never play a game for the Red Birds but will be used as bait for a deal with either Brooklyn or Cincinnati. The Cardinals admitted they were willing to trade Wilson and either Outfielder George Watkins or Outfielder Ernest Orsatti to the Reds for Outfielder Este Crabtree or to Brooklyn for Johnny Frederick.

The Cardinals were certain they would keep Teachout, however, as they regard the 27-year-old southpaw as one of the best pitching prospects in the majors.

With Seventh Club

When Grimes dons the Cub regimentals next spring, he will have seen service on six National and one American league clubs.

His first major league service was with the Detroit Tigers in 1913 after which he pitched for Pittsburgh, Brooklyn, New York's Giants, the Boston Braves and the Cardinals. His longest residence on one club was at Brooklyn where he starred from 1918 to 1926. He is 39 years old and one of the four remaining "spit ball" hurlers.

Several deals still were on the fire tonight as the club owners of both leagues continued their business sessions. Cincinnati attempted a big deal by offering Jersey Joe Stripp, and Pitcher Larry Benton to Brooklyn for Frederick, Dazzy Vance, Catcher Ernest Lombardi and Outfielder Ike Boone; Detroit attempted to gain Joe Judge from Washington for a catcher or a pitcher, while several clubs were bickering for Outfielder Ralph Kress of the St. Louis Browns. The New York Yankees admitted they were ready to peddle Tony Lazzeri and John McGraw of the Giants was looking for at least one good pitcher.

Braves Complete Deal

The Boston Braves completed a big deal with the minors group by buying Third Baseman Fritz Knothe from Seattle of the Pacific Coast league for cash and players to be named later.

There will be no change in the sacrifice fly rule or any reductions in the umpiring staffs of the majors next year, it was learned from an authoritative source. President John Heydler of the National league also announced his circuit would continue with the 1931 baseball as all clubs were satisfied with the sphere.

The two leagues will hold their annual joint session tomorrow.

The Braves also announced the sale of First Baseman Earl Sheely and Catcher Bill Cronin to the Los Angeles club of the Pacific Coast league, at a reported price of $7,500 each.

The American league voted to make no change in its official baseball, and decided to hold its schedule meeting in New York, Feb. 22.

Texas Relay Races Won't Be Held This Year

AUSTIN, Dec. 9. (UP)—The annual relay races conducted by the University of Texas, which have drawn entries from all over the country, will be omitted in 1932, the athletic council decided today. Nearness of the Olympic games to be held this year in the United States was given as the reason for abandoning the Texas relays. They will be resumed in 1933.

Clarendon Captain Recovers And May Play Against Masons Here

BRONC BACK PASSES CRISIS

Pep Squad and Parade Plans Completed Here

By SAM BRASWELL JR.

CLARENDON, Texas, Dec. 9.—Raymond Nichols, fullback and captain of the Clarendon Broncbos who was stricken with a kidney ailment last Sunday, was pronounced out of danger by physicians today, and should he recover sufficient strength by Saturday he will be in the line-up when the Broncs meet the Masonic Home team of Fort Worth in the regional championship battle to be staged at Wichita Falls.

Nichols was up and around today, although unable to don a uniform. He appeared to be recovering strength rapidly, indicating that the plucky line plunger would be ready to go in Saturday's battle.

Boosters With Team

Scores of Clarendon folks plan to attend the contest. If the good weather of Wednesday continues, the team and fans will make the trip to Wichita Falls in cars, but should inclement weather prevail, arrangements have been made with the Fort Worth and Denver railroad for extra cars to be attached to the passenger train leaving here at 8:05 o'clock in the morning and arriving in Wichita Falls about 1 o'clock in the afternoon.

School officials today were busy with plans to send the entire Clarendon pep squad of about 35 members, and the Clarendon High school band, "the best band in the Panhandle."

The Broncs worked out today on a fast field, continuing their steady preparations for the championship battle.

OLNEY PEP SQUAD TO ATTEND GAME

Joe Ward and O. G. Stephens, member of William E. Huff's chamber of commerce athletic committee working on details for the Clarendon-Masonic Home game here Saturday, journeyed to Olney Wednesday and received virtual assurance from B. C. Shulkey, Olney superintendent of schools, that the red and white clad girls' pep squad of that city would be on hand for the contest here.

Mr. Shulkey received assurance from the Wichitans that it would be "okay" for the Olney rooters to whoop it up for the Masons. Mr. Shulkey had approached the matter delicately, stating he did not wish the Olney squad to attend the game in a body and root for the Masons if such action would not meet with the approval of sponsors of the game.

Mr. Shulkey was assured that the local chamber of commerce was almost on the point of insisting that Olney's snappy pep squad attend as a unit, and that it would be royally welcomed here.

Mr. Ward made an address to Olney students at the assembly period Wednesday morning. He reported that "half the town of Olney" intended to be here Saturday to watch the Masons, who defeated the Olney Cubs last week, 47 to 6, in the bi-district game.

Burk Squad May Attend

The local committee yesterday also received word that the Burkburnett pep squad planned to attend the game in a body.

Letters were dispatched to school officials in other surrounding towns urging them to have their pep squads on hand for the game. Archer City's pep squad has already been furnished tickets, and the Wichita Falls pep squad of 100 members, accompanied by the band will be on hand.

Most of the pep squads of this region were expected to root for the Masons, since they represent the region included in districts three and four. Clarendon, champions of districts one and two in the Panhandle region, will have its own pep squad here, and in addition the team will receive a large measure of support from the Wichita Falls rooters, who, being in a class A district, will stand on neutral territory.

Rehearsal Planned

Officials in some of the nearby schools suggested that all pep squads from districts three and four be organized into one unit to pull for the Masons. Following this suggestion, Howard Bunch, high school chairman, announced that all pep squads will meet at the Junior college here at 11:30 o'clock Saturday morning for a brief rehearsal of yells. Yell leaders will be selected from the various schools.

Following this rehearsal, the squads will go to the Fort Worth and Denver depot and welcome the arriving Clarendon team and fans, in case the latter decide to come to this city on the train. If the Clarendon fans arrive in cars, another meeting place will be announced.

If the Clarendon visitors come on the train, the pre-game parade will start from the depot at 1 o'clock. It will circle through the business section, breaking up at the hotel chosen by Clarendon folk as their headquarters. The hotel had not been designated Wednesday.

The committee announced yesterday that the American Legion Drum and Bugle corps will participate in the parade, and also will be on hand at the game with the Coyote pep squad and band.

All pep squads and bands from surrounding cities will be given an opportunity to stage stunts between halves, it was announced.

A pep rally will be held at the local high school Friday morning, with Barry Holton, Coyote coach, and P. B. Cox as the principal speakers.

Ticket sales for the game, both among adults and students, continued to mount Wednesday and a huge crowd was anticipated.

Texas Aggies Honor Two Star Grid Players

COLLEGE STATION, Texas, Dec. 9. (AP)—Charlie Malone, all-Southwest conference end, has been awarded a trophy honoring him as the most valuable player on the Texas A. & M. college football team this season. Malone came to the Aggies from Dallas.

Walter Davis, star halfback from Fort Worth, was given a trophy in consideration of his selection as the best blocker on the Aggie team.

A committee of coaches and donors of the awards selected Malone and Davis for the distinctions.

An unexpectedly strong offensive by the Eagles took the visitors by surprise. Wright of Denton was outstanding as he scored 18 points. His long runs featured.

PLAYERS NAMED ON WEST TEAM

Speedy Mason Chosen by Nebraska Coach

LINCOLN, Neb., Dec. 9. (AP)—Coach Dana X. Bible of the University of Nebraska today announced a list of football players selected in midwestern states to participate in the East-West charity game at San Francisco New Year's day. The Nebraska coach and Percey Locsy of the San Francisco Olympic club will direct the West team.

Bible's selections follow:

End, Conard Fisher, Oklahoma A. & M.

Tackle, Basil Wilkerson, Oklahoma City university.

Guards, Charles Justice, Nebraska and George Koster, Nebraska.

Backs, Weldon Mason, Southern Methodist; Ishmael Pilkington, Tulsa university; Elvin McCoy, Emporia (Kan.) Teachers college; Walter Johnson, Haskell Institute.

Players considered but not available because of injuries included Hugh Rhea, Nebraska tackle; Henry Cronkite, Kansas State end; Louis Weller, Haskell halfback, and Marion Hammon, Southern Methodist lineman.

FRISCO SHRINE NAMES 12 MORE PLAYERS

SAN FRANCISCO, Dec. 9. (AP)—Twelve members of Pacific coast college football varsities were invited today by Islam temple Shrine of San Francisco to become members of the West team which will play here New Year's day in the annual East-West Shrine charity game.

The 12 players, with the eight selected by Coach Dana X. Bible of the University of Nebraska today, bring the West team strength to 20. A lineman and a backfield man still are to be chosen, Shrine officials said.

Those invited were Nell, Stanford university end; Fisher, St. Mary's college guard; Hurley, Washington state guard; Ehrhorn, Stanford university tackle; Edwards, Washington state tackle; Bican, Olympic club (San Francisco) center; Hammer, Oregon state center; Toscani, St. Mary's college backfield; Davis, Olympic club backfield and Hufford, Washington university backfield.

Austin Citizens Demand All-State Berth for Their Tiny Halfback Star

AUSTIN, Dec. 9. (AP)—His name is Peewee (which is to say, Half-Pint) Beard. His weight is officially announced as 128 pounds. With something closely akin to fervor, the citizens of Austin have nominated him for a place as halfback on the all-state high school eleven.

As formally estimated by the dean of the local sports writers, the man Peewee is 85 per cent of the Maroon football team. The Maroons were bi-district champions last year and they are again bi-district champions this year, though it is somewhat generally apprehended that Corsicana is going to take their number at a date no further off than Saturday. The club has never made a serious threat on the state title; and that, say the citizens, is one of the prime reasons why foreign critics refuse to put Peewee on their all-state selections.

The other reason, the citizens will tell you, is that critics in distant parts refuse to believe a man so small as Beard can be as good as he is reputed. Herein, swear the citizens, the critics are grossly deluded.

Peewee is freely conceded to be the class of district 12, howsoever the experts from abroad may rate him. The lineups list him as a half and he plays safety man on the defense. He is a triple threater and in each department—passing, punting and running—is the outstanding man on his team.

It is at safety, however, that he does the greatest damage. During the past two seasons he has run a really imposing collection of punts past the places whence they were originally booted. Against Breckenridge of San Antonio recently he ran one 90 yards for a touchdown, over a field where it had been raining for many hours previously. The field was so wet indeed, that one San Antonio citizen wrote the newspapers claiming someone had been working it over with a watering cart. How wetting down the field was supposed to help that 90-yard run was never satisfactorily explained.

The little man is not inordinately fast on the straightaway, but he has nearly all the tricks that make for elusiveness. He starts like a gunshot and has a beautifully deceptive change of pace. He runs with a high knee action and can whirl like a dancer when tackled without ever losing his feet. In the bi-district contest with El Paso he reversed his field twice on the same play. He has been known—catching a punt with the ends almost on him—to feint them into missing without moving from his tracks, simply by swinging his body.

He is a first class passer at long or short range. He gets good distance on punts, gives his ends plenty of time, and has a deadly aim when it comes to kicking out of bounds. He is a good pass catcher but seldom appears on that end of the play.

Peewee was the quarterback last year. This year he was so badly needed as a ball carrier that he was relieved of the duty of calling the plays. He still runs the team, however, when the regular field captain is out of the game.

In spite of his slight build he is astonishingly durable. He has never yet been hurt enough to leave a game.

Washington Leopards Play Vernon Friday

The Washington school football team will meet the Vernon colored high school team on the home grounds in its final game of the season Friday at 3 p. m. The game with Vernon was scheduled for Thanksgiving, but was postponed on account of wet grounds.

Both teams are now well rested from their heavy schedules and are in the pink of condition physically.

A large delegation of rooters from Vernon is expected to accompany the Bulldogs to Wichita Falls to see them battle the Leopards in what promises to be a fine game.

Deadline for Payment of Basket Ball Fees Nears

Special to The Record News

AUSTIN, Dec. 9.—Less than a week remains before the "deadline" for paying basket ball fees in the Interscholastic league without fine, according to Roy B. Henderson, athletic director of the University of Texas league bureau.

STUDENTS IN MIDWEST REBEL

'Big Business' Trend in Grid Sport Denounced

By CHARLES A. GRUMICH

KANSAS CITY, Dec. 9. (AP)—Rebellion against the big business and showmanship trend in football has flared up among college students of the Midwest.

Added to the perennial scalp hunting for coaches of losing teams, the agitation at this season's close strikes at both winners and losers and is directed at management of the sport in general.

At the University of Nebraska, where the 1931 Big Six title resides, the student newspaper Daily Nebraskan declares editorially "The Football team has become nothing except an advertising agency for the university." The editorial pleads for reform of intercollegiate athletics, principally football.

Concern over student apathy toward spectatorship and preference for sports in which they may compete themselves was manifest at the Big Six conference annual meeting here this week, at which, significantly, athletic budgets were cut to the bone to meet an average reduction of 20 per cent in football gate receipts last season.

Searching for reasons other than the economic conditions for the reduced revenues, the directors almost unanimously agreed student interest had waned and that the "hysteria" of the prosperity decade in athletics was passing.

Nebraska struck a cross section by selling football tickets to students at cut rates in a certain section. Athletic Director Herb D. Glish said at least half the occupants of the section were "old graybeards" to whom students obviously had sold their tickets.

Campus newspapers, petitions, counter petitions and hand-bills figure as ammunition and the Wisconsin state senate has voted to investigate the scale upon which athletic disbursements were made at the Badger institution.

A first-class sleeping coach in England weighs 40 tons and carries about 12 passengers.

LIONS PLAN YULE PARTY

Iowa Park Club to Treat Boys With Feast

Special to The Record News.

IOWA PARK, Texas, Dec. 9.—The Iowa Park Lions held an interesting meeting Tuesday noon at their luncheon hour when a Christmas party was planned for boys of the city. It was decided that each club member should bring from one to three boys as guests to luncheon Tuesday, Dec. 22. A special table will be prepared for the little guests and a special Christmas program will be rendered, supplemented by gifts appropriate for the occasion. A committee composed of W. R. Bradford, Dr. Gordon G. Clark, J. H. McDowell, and the Rev. C. B. Fielder will arrange details with B. L. Bradford and J. C. Searl arranging decorations.

The club voted to sponsor a banquet honoring Iowa Park volunteer firemen soon after the first of the year. The committee named two complete the plans is composed of Curtis Sewell, F. E. Hill and Gayle Parks.

Two new members, Troy Hagar and Jack Ralston, were voted into club membership. It was announced by B. L. Bradford, secretary, that all who secured two new members would receive a membership key from Lion headquarters in Chicago. Ladies' night will be observed with a special program Tuesday evening, Dec. 15.

B. L. Bradford, Curtis Sewell, C. C. Hudson, James A. Griffin, Dr. Gordon G. Clark, Earl Knox and J. C. Searl agreed to attend the group meeting of Lions at Wichita Falls this week. Visitors of the day were Dr. J. W. Parish of Holliday; Jack Kelly, Burkburnett, and J. L. Eggiestein and Jim Lyle of Wichita Falls.

Stickup Man and And Rescuer Use Imaginary 'Rods'

KANSAS CITY, Mo., Dec. 9. (AP)—R. B. Nelson of Los Angeles related today that he had been robbed and his money restored by bandit and rescuer, both armed with imaginary revolvers.

The California tourist en route to Austin, Texas, said he was accosted by a negro when he parked at the city market early today to purchase fruit. The negro, pretending he held a revolver beneath his coat, took Nelson's billfold.

"Just then," Nelson said, "another car drove up and stopped. A young man climbed out. He walked up to the negro, pretending he also had a weapon in his coat pocket.

He felt the negro for arms and when he found none, struck him in the jaw with his fist, picked up the billfold and handed it to me.

"Welcome to our city," he said.

Senior Class Wins Eldorado Contest

Special to The Record News.

ELDORADO, Okla., Dec. 9.—The honor of winning first place in the Kuser cup contest for the second six weeks of the present session of Eldorado High school was awarded the senior class, although the juniors ran them a close second.

Classes winning first place in the different classifications under which the points were determined were as follows:

Conduct, seniors; room neatness, juniors; scholarship, juniors; attendance, seniors; extra curricular, sophomores.

In making up the final averages of all classes 100 per cent students and "A" students help bring up the total averages, hence the reason for the seniors being awarded first place.

The Kuser cup contest was instituted in Eldorado schools last year for the purpose of encouraging higher standards of scholarship, better attendance, conduct and room neatness.

Hardeman Schools To Receive Aid

Special to The Record News.

QUANAH, Texas, Dec. 9.—Seventeen rural schools of Hardeman county will receive state aid this year in an amount approximating $15,000.

John T. Conn, secretary of the rural school division and rural aid inspector for Hardeman county this year, with the assistance of Miss Myrtle Porterfield, county superintendent, completed the inspection of 19 schools in the county last week. The money for the schools will come from the general rural aid fund.

After the close of terms in the various schools, applications for transportation aid will be filed with the state by those consolidated districts that operate school buses. As a result of these applications several hundred dollars additional will be turned over to the schools. This money will probably be received in July or August, it was stated.

Schools participating in rural aid are Bailey High, Forestburg, Elm Grove, North Groesbeck, Friendship, Clark, Big Valley, King High, Marshall, Middleburg, Liberty, Lazare, Star Valley, Medicine Mound, Acme, Goodlett, and Williams High.

Henrietta Church Plans Special Service Dec. 12

Special to The Record News.

HENRIETTA, Texas, Dec. 9.—The Christian church of Henrietta will hold its annual woman's day observance Sunday, Dec. 12. B. D. Sartin of Wichita Falls, will speak at the morning services, and a missionary program will be presented at the evening services.

"The Seeker of the Way," a pageant by Lelia Rothenburger, will be the principal feature of the evening program. It is being directed by Mrs. Paul J. Merrill and includes the following cast: George Twyman, Nell Powell, Dorothy McKinney, Dorothy Milner and Lola Gates.

RINGGOLD FIRE

Special to The Record News

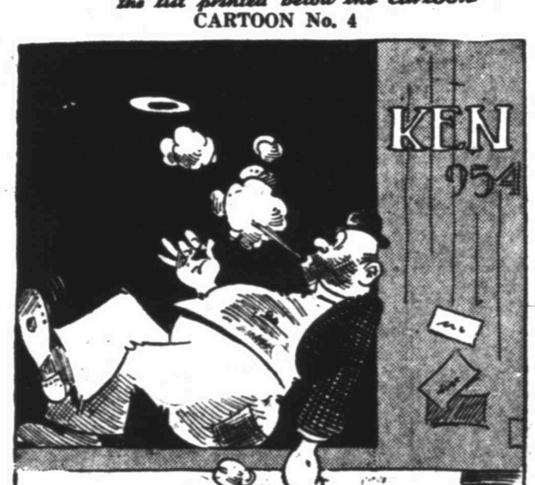

RINGGOLD, Texas, Dec. 9.—During the night, fire of unknown origin destroyed the barn belonging to Dick Clark in the east part of town. The loss on the contents of feed, harness, etc., is about $900 and is partially covered by insurance.

ORDINANCE NO. 1082

An ordinance regulating water supplies within the city of Wichita Falls, Texas, providing for a permit before engaging in the business of supplying water to the citizens of Wichita Falls, providing for the testing of water and water supplies and prescribing the penalty, and declaring an emergency. Be it ordained by the board of aldermen of the city of Wichita Falls, Texas:

Section 1.—Any person, firm, association, or corporation to operate any water supply within the city of Wichita Falls, Texas, from which water is sold to others through piping, in bottles, or otherwise shall make application in writing to the department of health and sanitation upon prescribed forms for a permit to do business in the city of Wichita Falls. When such water supply has been inspected by the director of health and sanitation or his assistant and has been found to comply with the ordinances of the city of Wichita Falls and the rules and regulations of department of health and sanitation covering same, said director shall issue a permit on a form prescribed by himself. Such permit shall be renewed annually.

Section 2.—All persons, firms, or corporations owning or operating water supplies from which water is sold in bottles, which water is bottled in the city of Wichita Falls, shall equip its bottling plant so as to comply with the rules and regulations of the health and sanitary department, so as to avoid contamination in bottling such water.

Section 3.—No dry toilet, septic tank, cesspool, unsanitary cow lot, horse lot, hog pen, or any collection of filth, garbage or any other filthy thing or substance shall be permitted within two hundred (200) feet of any such well or water supply or water bottling plant or farther if it is evident that pollution is reaching such well or other water supply from a source farther away than the distance mentioned above.

Section 4.—All water sold and distributed from any water supply, whether produced within the city limits of the city of Wichita Falls or whether shipped into said city, shall meet the requirements of the United States treasury department standards as applied to the interstate use of waters.

Section 5.—The director of the department of health and sanitation or his assistant shall at regular intervals take samples of water from any wells, bottles, tanks, or other receptacles that may be used in such water supply; and where such samples do not, from analysis, meet the requirements as to bacterial count and chemical content of the United States treasury department standards as applied to the interstate use of water, he shall cause such water to be disposed of in such a manner as not to be used for domestic purposes within the city of Wichita Falls.

Section 6.—Inspection and analysis of samples of water supplies shall be taken and made by the department of health and sanitation at such intervals as will assure the supplying of pure water and protect the health of persons, using such water supply.

Section 7.—Any person, firm, or corporation who shall engage in the business of supplying water to the public without first having procured a permit shall, upon conviction in the corporate court, be fined in any sum not less than ten dollars ($10) and not more than two hundred dollars ($200) and each and every day such person, firm, or corporation shall so engage in business without a permit, shall be a separate offense; any person, firm, or corporation violating any other provisions of this ordinance or any of the rules and regulations prescribed by the department of health and sanitation under this ordinance, shall, upon conviction, be fined any sum not to exceed two hundred dollars ($200).

Section 8.—The fact that there is no ordinance regulating water supplies and the sale of water within the corporate limits of the city of Wichita Falls, the further fact that water is being shipped into the city of Wichita Falls, and supplied from other sources which might be subject to contamination and affect the health of the citizens of Wichita Falls, creates an emergency; and this ordinance is declared an emergency measure and the rule requiring the reading of ordinances on three (3) several days is hereby suspended and this ordinance shall take effect from and after its passage and approval.

Passed and approved this seventh day of December, A. D., 1931. Walter Nelson Jr., mayor; attest: W. E. McBroom, city clerk.

Price Averages Hit New Lows on News of Mellon's Tax Program

By BROADAN WALL

NEW YORK, Dec. 9. (US)—All security "averages" slumped to new lows today. There was no incentive to buy either stocks or bonds, except in the intangible hope for a rally developing from "technical conditions." The day's news, however, was such as to influence continued selling with steady pressure against price levels.

Although not entirely unexpected, omission of the New York Central dividend, breaking a 61-year record of continuous payments, chilled bull hopes. The treasury program for overcoming the huge governmental deficit had the effect on the market which confirmed the remark here yesterday that the program was more eagerly awaited than was President Hoover's address. The fact that "special" and increased taxes would be promulgated by the treasury was exclusively disclosed by this column, which also named the industries and services which would be affected.

The market did not take kindly to the recommendation of stiffer taxes, but how else it is hoped to overcome the already-huge and increasing deficit is a mystery unless business improvement sets in soon.

Then, too, there is the likelihood that the Democrats have their own conception of a proper financial program for the government to follow. It is to be remembered that they control the house of representatives, from which tax legislation originates. Therefore, the Democratic proposals must be given weight equal to the Mellon plan. Nevertheless, the automobile, communications, motion picture, tobacco, and other groups of securities affected by the Mellon program were all in supply.

Sales volume crossed two million shares, but an unbiased observation would allow that nothing of an untoward nature developed with the increasing total of offerings. Considerable nervousness was apparent in the afternoon because of widespread rumors of another "overhanging" situation.

New York Central dropped down to 25 following the directors' announcement, but recovered to close off but ⅝ on the day at 26¼. The directors' statement, of course, was intended to allay nervousness by pointing out that action on the dividend was being "deferred" until next May. But the fact remains that stockholders receive no payment this quarter and will get none for the three succeeding months. With Central forced to suspend dividends, it was but natural for skeptics to point to that the plight of other railroads even among the supposedly strong carriers.

News from the Chicago railway labor meeting was interpreted as indicating additional delay in reaching a decision on the question of wage-lowering, especially since it appears the intention of the union officials to force the railroad executives themselves to take the initiative in reducing wages.

There was plenty of bearishness in brokerage circles, and the potential good results from inauguration of the emergency financing corporation with its billion dollars or more of funds was forgotten in the new outbreak of nervousness. All groups descended in unison, the selling having the character of outright liquidation in many instances. Possibly 200 stocks reached new lows.

Sentiment was not helped by a further break in wheat of two cents or more. Northern Pacific directors voted to maintain the $3 rate on the stock, although a reduction had been expected.

NEW YORK COTTON

NEW YORK, Dec. 9. (AP)—Cotton was generally lower today under further liquidation of long accounts combined with some southern and scattered selling.

January contracts sold off to 5.89 in the late trading making a net decline of 8 points and closed at that figure, with the general market closing barely steady at net losses of 6 to 10 points.

The opening was steady 2 points lower to 1 point higher. Closing quotations were at the lowest price of the day. At 5.89 for January the price showed a decline of 117 points from the high level touched on the rally of late October and was within 31 points of the low record for the season.

Part of today's selling was attributed to liquidation of old long accounts through commission houses. Southern selling was not very much in evidence and there was nothing to indicate any change of importance in the southern spot situation. The weather in the South was considered unfavorable for the movement, but there were some who thought the rains might be beneficial from the standpoint of the "season" in the ground. One of the private crop reporting authorities issued a report pointing to an increase of about 10 per cent in the number of boll weevils entering winter quarters this year as compared with last which, however, seemed to have no particular effect upon the market.

Liverpool cables reported continental liquidation and hedging in that market and said there were improved sales of cotton cloths to China. Export today 20,312 making 3,277,093 so far this season. Port receipts 26,711. U. S. port stocks 4,652,425.

Futures closed barely steady, 6 to 10 points lower. Spot quiet; middling 6.00.

NEW ORLEANS COTTON

NEW ORLEANS, Dec. 9. (AP)—Trading was light in the cotton market today and price fluctuations were narrow most of the session with a slight downward trend mainly because of weakness in the stock market. Cables were lower but little attention was paid to foreign news. There was some trade buying on the scale down which helped to support the market and it is reported that there were buying orders under the market. The close was steady at net declines for the day of 5 to 7 points.

Liverpool is due tomorrow 1 to 2 penny points down on New Orleans.

Liverpool cables came in 5 to 7 penny points worse than due and sterling exchange showed some recovery. Private cables stated that there was local and continental liquidation and some hedge selling with sterling showing recovery. Manchester cabled that there were improved cloth sales to China.

January closed at 5.92, down 5 points net for the day, March at 6.09 down 7 points net and May at 6.28, down 6 points net.

Port receipts 26,711; for week 137,127; for season 5,502,532; last season 6,417,330. Exports 20,312; for week 245,893; for season 3,220,198; last season 3,368,611. Port stocks 4,692,697; last year 4,256,996. Combined shipboard stock at New Orleans, Galveston and Houston 166,841; last year 141,569; spot sales at southern markets 22,847; last year 21,654.

Futures closed steady at net declines of 5 to 7 points:

Grain

FORT WORTH, Dec. 9. (AP)—Cash grain demand fair.

Quotations ranged as follows, basis carloads delivered Texas gulf ports, export rate or group three points, freight paid:

Wheat—No. 1 ordinary hard milling 67@68c; No. 1 hard 13 per cent protein 69@70c; 14 per cent 69@70c; 15 per cent 67@68c; 16 per cent 71@72c.

Corn—No. 2 mixed 43@44c; No. 2 white 44@45c; No. 2 yellow 46½@47½c.

Basis delivered Texas group three: Oats—No. 3 red [illegible]

Basis gulf export [illegible] group three: Sorghums—No. 2 [illegible] maize 90@11c per 100 pounds, [illegible] white kaffir 90@11c per 100 pounds.

CHICAGO GRAIN

CHICAGO, Dec. 9. (AP)—More than 2½ cents new slash in wheat values today came about from extensive general selling that accompanied crumbling of securities. Contracts for May wheat the principal future delivery, went as low as 54⅜ cents a bushel compared with 73 cents just a month ago. Export buying of United States wheat was virtually at a standstill, with Canada capturing the only North American overseas business, and with Liverpool noting urgent offerings of new crop wheat from Argentina.

Wheat closed nervous 2@2⅝ cents under yesterday's finish, corn ⅞@1⅛c down, oats 1⅛@1⅝c off, and provisions unchanged to 12 cents decline.

Despite considerable speculative purchasing inspired by the fact that grain values were once more near the low level of October, fresh downturns in wheat prices began as soon as trading started.

Corn and oats weakened with wheat. Numerous holders of corn future deliveries relinquished ownership.

Provisions lacked support.

Closing indemnities: Wheat—Dec. 50⅝c, 54c; May 53@53⅛c, 56⅛@56⅝c; July 51@51⅛c, 54⅞c. Corn—Dec. 34⅛@34⅝c, 36c; March 38⅝c, offers; May 39⅛@39⅝c, 40⅝c; July 40⅝c, 42⅛@42⅝c.

MIDWESTERN LIVESTOCK REVIEW

KANSAS CITY, Dec. 9. (AP) (U.S.D.A.)—Strictly good and choice fed steers and yearlings sold at mostly steady levels. General bulk of supply consisted of medium to good short feds at steady to 25c lower levels with most of them at $5.00@7.75 and an occasional load of strong weight steers at $8.00@8.50. Inclement weather has played an important part in bringing about a slow, narrow trade for stocker and feeder steers. Today's trade maintained a dull, weak trend. Around 40,800 cattle were estimated at 11 markets as compared with 14,700 last Wednesday.

Steady to 10c lower figures characterized general hog trade with best butchers in Chicago and St. Louis up to $4.35.

Consignments of lambs at various points had to sell at steady to 25c lower levels with closely sorted kinds to outsiders at $5.75@6.15 while the general bulk of better grades were taken at $5.50 and down. Several lots of yearling wethers made $4.30@4.75. Range feeding lambs held mostly steady with $3.50@4.75 taking most of them.

FORT WORTH, Dec. 9. (AP) (U.S.D.A.)—Hogs—Receipts 300; trucks steady; no rails; truck top, $4.75; bulk good to choice 180 to 270-pound truck butchers, $4.50@4.55; packing sows $3.75 or steady.

Cattle—Receipts 2,400. Calves—Receipts 700; slaughter steers and yearlings weak at full recent declines; slaughter steers, $4@5.50; better fat yearlings scarce; butcher heifers, $3@4.25; other cattle mostly steady; good fat cows, $3.50; butcher grades, $2.50@3.00; packages sausage bulls $2@2.50; stock steers and yearlings, $4@4.50, about steady; demand for stock calves and yearlings slack; mixed stock calves $5.00 and less; slaughter calves weak to 25c lower; beavies, $4@4.50.

Sheep—Receipts 900; fat lambs steady; medium to good fat lambs, $4.25@4.80.

Marketing of Christmas Firs Requires Year's Work

The Christmas tree, contrary to public opinion, is not dropped on the market in a haphazard way a few days before Christmas to thrill the heart of every child.

The marketing of this product requires an organization operating 12 months of the year and employing hundreds of workers spread like a net work not only over the United States, but South America, Canada, the islands and even China.

Few people know that such an organization does exist. This highly specialized business is the result of 51 years of experience with Christmas trees by J. Hofert of Los Angeles, Calif.

The field men of his organization soar over mountains in airplanes, trek into vast forest on foot in search of the hardiest and most beautiful of these evergreen gems of the woods. After these pioneers locate the best growths of trees they spot them for the trained inspectors. A careful inspection is then made of all trees, and the cutting areas are mapped out so that operation will be confined to the sections producing only the choicest trees. In the fall at the proper time they are cut and brought out to civilization and prepared for shipping.

Certain types of Christmas trees grow all over the world, but Mr. Hofert found that some sections, because of their climatic and soil conditions, produce a superior grade of tree, and that trees grown in the rocky soil of the rain-drenched Pacific slope have more beautiful and bushy foliage and retain their needles, color and fragrance longer than any other evergreen tree.

The Elkin Transfer and Storage company is now unloading the cars preparatory to delivering the Christmas trees which have been ordered from Mr. Hofert by Wichita Falls merchants. The trees cut by the Hofert organization are identified as emerald brand fir Christmas trees, "Gems of the Woods."

Even though buying may be curtailed somewhat this Christmas, the Christmas tree business, Mr. Hofert feels, will not experience depression as there is nothing to take the place of the Christmas tree for the creation of real Christmas atmosphere.

School Tax Payments Lack Only $842 of Reaching December Goal

$1,775 Credited to Education Fund in Returns Wednesday; Total for 1931 $148,924

Only $842.80 was lacking Wednesday evening at 5 o'clock to bring 1931 school tax payments for the past nine days up to the total of $27,000 asked for by the school board on Nov. 30 to meet its Dec. 5 pay roll.

Wednesday's payments, Which included those from several firms, totalled $1,775.55. Since Monday morning, Nov. 30, local citizens have paid a total of $26,157.20 in response to the school board's request for especial effort toward providing the treasury with funds for current demands. A total of $148,924.40 has now been paid on the 1931 school tax roll, payments beginning shortly after Oct. 1.

Those obtaining their receipts Wednesday were J. W. Low, T. F. Courtney, Wichita Falls Building & Loan association, Mrs. J. T. Young, Dalton-Powell Funeral home, W. L. Dalton, Mrs. Roena Robertson, Walter L. Robertson, O. M. Pierce, S. G. Maddox, Liberty Cleaners, R. L. Rogers, Fred Thom, Mrs. J. Weldon, John Yates, A. Zundelowitz estate, Simon W. The 12th anniversary of the founding of Encampment No. 6, I. O. O. F., will be celebrated by members of the lodge at the I. O. O. F. hall, 807 Austin street, Thursday night.

A special program of entertainment has been arranged, it was announced by lodge officials, and invitations to the birthday party have been extended all lodges in this section of the state. Many visitors are expected.

Judge P. A. Martin, Wichita Falls, will be the principal speaker of the evening. The program of entertainment will include numerous comedy skits, readings and musical numbers. E. Q. Vestal, Dallas, secretary of the grand lodge, will be a guest at the anniversary celebration.

Aid to Rural Arkansas Schools Is Reduced

LITTLE ROCK, Ark., Dec. 9. (US)—Further curtailment of activities by Arkansas rural schools was threatened today by an announcement by Commissioner of Education Claude M. Hirst that aid from the state rural school equalization fund would be little more than 25 per cent of the amount pledged to the various districts. Not more than $100,000 will be available to apply on $500,000 pledged to rural schools.

NAVY OFFICER PROMOTED

Promotion of R. F. Gilmore, local naval recruiting officer, from torpedoman first class to chief torpedoman was announced in a message received by Mr. Gilmore Wednesday.

The new rank is the highest petty officer's rank in the navy, it was stated. The promotion was effective Dec. 7. Mr. Gilmore has been in the navy 15 years.

NEFF SPEAKS

Former Governor Pays Tribute to Garner In Address

Genuine sincerity and neighborliness are outstanding traits in the character of John N. Garner, new speaker of the house, according to Pat M. Neff, former governor of Texas, who spoke before members of the Optimist club Wednesday noon at the Kemp hotel.

Mr. Garner's success, the speaker said, is due to common ability coupled with uncommon affability and dependability. Mr. Neff called the new presiding officer in the lower house of congress a "man of the people, admired and revered by all who know him."

The speaker was introduced by County Judge John P. Marrs. The program included several readings by Mrs. O. H. Gideon. Dr. George T. Singleton presided.

TRUCK HEARING CLOSED HERE

16 of 23 Cases Dismissed by Commission

Hearings of applications for permits to operate as contract motor carriers was concluded here Wednesday by Pat M. Neff, railroad commissioner, with the disposal of three cases from a total of 23 heard Tuesday and Wednesday.

The three cases were those of Joel C. Dwight, Wichita Falls, who applied for a permit to operate to any point within the state; Empire Transportation company, Wichita Falls; and J. L. Jackson, Wichita Falls and vicinity to any point in the state.

The application of Dwight was withdrawn Wednesday, and that of J. L. Jackson was dismissed. Evidence in connection with the petition of the Empire Transportation company was heard by the rail representative, with decision defered to a later date.

Of the total 23 cases, 16 were dismissed for various reasons, evidence was heard in six, and one was withdrawn.

Evidence taken in the six cases was returned to Austin, where the decision to grant or deny permits will be made at a later date. In all hearings for contract motor carrier permits, the rail commission has not granted any licenses.

Recently enacted legislation requires the petitioner to prove that his proposed motor line will not impair the service of a parallel common carrier.

SEAL SALES SET RECORD

Wichitans Respond With Heavy Purchases

More Christmas seals for tubercular relief have been sold in Wichita county up to date than in the corresponding period of any recent year, according to a report given by Jack Jeffus, treasurer, at a meeting of the Wichita County Tubercular association at the Holt hotel Wednesday noon.

Purchases of stamps by 1,665 persons thus far reported have netted a total of $811.11, it was shown. Several hundred more returns from individuals to whom stamps were mailed are expected before Jan. 1, it was stated.

Envelopes containing on the average 200 stamps each were mailed to about 5,000 persons on Thanksgiving day, it was announced. Officials of the association emphasized the fact that any number of the stamps may be retained at one cent each. If an individual is inclined to buy but 10 cents worth of seals, he should return 10 cents and the remaining 190 stamps to the association, it was explained.

Proceeds of the annual Christmas seal sale are devoted to the relief of tubercular patients in this county.

Reports of speaking campaigns staged in support of the sale in nearby towns were given Wednesday, and Mrs. R. L. Hargrave reported activities of her committee in enlisting the services of P.-T. A. associations throughout the county in promotion of the sale. Dr. C. W. Stevenson, president, was in charge of the meeting, which was attended by 12 members of the directorate.

Maricle Gives Final Dates for Mailing For Delivery Before Christmas

With the announcement Wednesday that a postoffice substation will be opened next week to accommodate increasing Christmas mailings, O. P. Maricle, postmaster, issued warning that packages should be mailed early to assure delivery before Christmas.

The substation will be opened the latter part of next week at 819 Tenth street, the substation location the past several years. This station, it was explained, will be used only for the mailing of postal matter. No deliveries will be made.

With the opening of the substation the parcel post annex at the postoffice will be confined strictly to the disposal of mail for Wichita Falls delivery.

Packages should be mailed on or before Dec. 18, for delivery before Christmas at Augusta, Maine; New York City, Boston, Baltimore, Richmond, Spokane, Vancouver, B. C., or points in those vicinities, it was said.

Mailings should be made on or before Dec. 19, for delivery at Miami, Fla., Chicago, Pittsburgh, Cincinnati, Nashville, Atlanta, Los Angeles, San Francisco, Reno and vicinity.

For Denver, Kansas City, Memphis, New Orleans, Albuquerque, Des Moines, and towns of that section, mail should be posted on or before Dec. 21.

Mail for Texas and Oklahoma common points should be posted not later than Dec. 22, it was declared.

To assure delivery of mail posted late, mail should be sent special delivery, as this type of mail will be all that will be delivered on Christmas day.

"Toasting is certainly a great protection"

"Luckies for me every time. They don't leave an after-taste, they don't cause huskiness, they don't make me cough. Toasting is certainly a great protection. And that improved Cellophane wrapper of yours—it's great—I can actually open it without a knife."

Lilyan Tashman

Flo Ziegfeld once glorified Lilyan Tashman in the "Follies" sense—but Hollywood made her internationally famous. She's a prime Hollywood social leader, and one of the best dressed women on the screen. Do not miss her in Paramount's "Girls About Town."

* * * * * *

Made of the finest tobaccos—The Cream of many Crops—LUCKY STRIKE alone offers the throat protection of the exclusive "TOASTING" Process which includes the use of modern Ultra Violet Rays—the process that expels certain harsh, biting irritants naturally present in every tobacco leaf. These expelled irritants are not present in your LUCKY STRIKE. "They're out—so they can't be in!" No wonder LUCKIES are always kind to your throat.

"It's toasted"

Your Throat Protection—against Irritation—against cough

And Moisture-Proof Cellophane Keeps that "Toasted" Flavor Ever Fresh

TUNE IN ON LUCKY STRIKE; 60 modern minutes with the world's finest dance orchestras and Walter Winchell, whose gossip of today becomes the news of tomorrow, every Tuesday, Thursday and Saturday evening over N. B. C. networks.

*Is Miss Tashman's Statement Paid For?

You may be interested in knowing that not one cent was paid to Miss Tashman to make the above statement. Miss Tashman has been a smoker of LUCKY STRIKE cigarettes for 2 years. We hope the publicity herewith given will be as beneficial to her and to Paramount, her producers, as her endorsement of LUCKIES is to you and ours.
