Volume 51 | Tahoka, Lynn County, Texas, Friday, June 3, 1955 | Number 34

New Pastors At Wilson, Grassland

All but two of the Lynn county Methodist pastors were returned to their present charges, according to announcement made at the close of the annual Northwest Texas Annual Conference held in Lubbock, which ended Sunday afternoon.

Rev. Ray Elmore is the new pastor at Wilson, coming from Woodson, Throckmorton county. He succeeds Rev. Lynward Harrison, who has been at Wilson two years, and who is being sent to Wesley Chapel at Lockett, near Vernon.

Grassland's pastor, Rev. H. C. Mayo drew the assignment as Conference Evangelist, and he is being succeeded by S. M. Bean, who comes from the Whitharral and Pettitt churches.

Rev. Hugh B. Daniels is back ed to Tahoka for a second year and will also serve as the district pension endowment commissioner.

Rev. Marvin Menefee was returned to O'Donnell, and will be director of student work, also.

Rev. Silas Dixon was returned to Draw.

Rev. Hugh B. Daniels is back for a second year at New Home.

Appointment changes of some former Tahoka pastors included moving of Rev. George E. Turnetine from Crosbyton to Denver City, Rev. C. A. Holcomb from Childress to Sweetwater.

Rev. J. H. Sharp returns to Memphis, Rev. H. C. Smith to Amarillo, Rev. H. A. Nichols to Anson, and Rev. J. W. Rosenburg to Midland Asbury.

Among other appointments were these which will be of interest to Lynn county Methodists: Rev. James Price, reared in Tahoka the son of Mr. and Mrs. J. G. Price, from Rochester to Baird; Rev. Geo. M. Small, returned to Trinity Church, Plainview; Rev. J. B. Sharp, from Mark's, Midland, to Slaton; Rev. J. Mm. Syrios, Lubbock circuit, to Hamlin Faith Church; Rev. John Rakestraw, son -in-law of the John Prices, returned to Turkey.

Thirty Taking Swim Lessons

Thirty registered Monday for swimming lessons at Tahoka Municipal Pool, according to Milton Gardner and Dean Wright.

Although the first classes opened Thursday, anyone else desiring to start the course may do so next Tuesday morning.

Classes will meet on Tuesdays, Thursdays and Saturdays through a series of 12 lessons, with people 16 years of age and up meeting at 10 a. m., and those six to 15 inclusive at 11 a. m.

The pool operators hope to start another series of classes in July.

Wednesday morning at 10 o'clock a swimming session has been reserved for ladies only.

The first swimming party of the year was held Tuesday night, when young people of the New Home community used the pool.

Mr. Gardner said swimming is picking up with the coming of warmer afternoons, and there have been good crowds at the pool this week.

Father Local Lady Dies At Plano

George Offutt, 79, father of Mrs. H. L. McMillan Sr. of Tahoka, died Sunday morning at his home in Plano, near Dallas, after a long illness.

Funeral services were held there Monday at 2:30 p. m. He is survived by six children, nine grandchildren, and 11 great grandchildren.

Among those attending the funeral were: Mr. and Mrs. H. L. McMillan Sr. and Jimmy of Tahoka; Mr. and Mrs. W. E. Akin and family, Lamesa; and Mr. and Mrs. H. L. McMillan Jr. and family of Lubbock.

Fiddler Contest Set For June 24

Early settlers of Lynn county are being asked to make their plans well ahead of time for the one-day Pioneers' Reunion in Tahoka on Friday, June 24.

Business houses will again display pictures and relics of the early days in their show windows.

The dinner will be served this year in the school cafeteria, which, it is believed, will be more comfortable for the old folks than the Fair barn. Tommy White of Lubbock will prepare and serve the meal.

The morning will be given over to visiting.

After noon, there will be a program featuring the pioneers in the High School auditorium. Old settlers will be asked to have a funny or interesting story to tell of life 30 to 50 years ago in Lynn county. Old time quartets and old songs will be featured in the program.

As in the past, prizes will be given for the oldest man and woman present and for the person coming the greatest distance.

Following the program, there will be a tea and rest period for the pioneers.

An added feature this year will be on Old Fiddlers Contest, with cash prizes to the winners, starting at 3 p. m. Anyone knowing of an old fiddler is asked to contact R. C. Wells, Tahoka.

At night, there will be a dance for the old settlers at the Legion Hall, at which the old time music and old time dances will be featured.

Mrs. Ethel Robinson is president of the organization this year, G. R. "Bud" Milliken is vice president, Mrs. Eloise Nettles Griffin is secretary, and Mrs. Frankie Wells Fenton is program chairman.

The parade sponsored last year by Tahoka Chamber of Commerce will not be held this year, but the C. of C. is furnishing the prizes this year, which will be handsome loving cups.

Three Injured In Car Wreck

Three people were seriously injured when a pick-up truck crashed into a car at the intersection of U. S. Highway 87 and the Wells-Draw farm to market road between Tahoka and O'Donnell shortly after 8 a. m. Thursday.

John T. Eaker, 49, who lives on the Carl Sanders farm west of Wells, received broken ribs, a possible spine injury, bruises and lacerations.

Mrs. John (Pauline) Eaker, 34, his wife, received a broken pelvic bone broken ribs, facial and arm lacerations.

Richard Floyd Newcomb, 20, of Midland, received head injuries and facial lacerations, and was still unconscious a short time before noon Thursday.

Attendants at Tahoka Hospital, where all three were taken, said they did not think either of the three was in critical condition, but that examinations had not been completed and injuries could be worse than early examinations showed.

Mr. and Mrs. Eaker were traveling east toward Draw in a Plymouth car. Mr. Newcomb, employed by Lynes, Inc., of Midland and Houston, was traveling north in a Chevrolet pick-up. The pick-up apparently crashed into the side of the car, a State Highway Patrolman who investigated the accident along with Deputy Sheriff Tom Hale, told The News. Left side of the car hit a sign post, and both sides of the vehicle were crushed. Both vehicles came to rest in the barrow ditch and both facing west.

A Stanley ambulance brought the accident victims to Tahoka Hospital.

Mr. and Mrs. Eaker are parents of two children, John Franklin, about 17, and JoAnn, 14, who had remained at home as their parents had started to Draw.

Polio Chapter Elects Officers

New officers were elected at the recent annual meeting of the Lynn County Chapter of the National Foundation for Infantile Paralysis, according to Clint Walker, chairman for the past several years.

H. B. McCord, Jr., is the new chairman for the county; Ross Smith was elected as Vice- Chairman; Mrs. Charles Oliver, Secretary; Tom Bartley will serve as Treasurer; and Mrs. A. M. Bray was elected Woman's Activity Chairman.

The Execution Committee for the coming year will be made up of the following: Clint Walker, Wynne Collier, John Ellis of O'Donnell, A. L. Holder of Wilson, Mrs. Elnora Curry, and Mrs. Mildred Sherrill.

Lacrosse, is the national game of Candaa.

REV. JOE NORTON

Nazarenes Plan Revival June 8

Rev. Joe Norton of Hamlin will do the preaching in a revival meeting at the Tahoka Church of the Nazarene, beginning Wednesday, June 8, and continuing through June 19, with special services each evening at 8 o'clock, Rev. Ray Smith, the pastor, announces.

The pastor writes:

"These services will include an abundance of good spiritual singing, special numbers and music.

"The preaching will be under the anointed ministry of Rev. Joe Norton of Hamlin, who is an evangelist devoting his full time to service in the Church of the Nazarene.

"Prior to entering the evangelistic field in 1948, for 16 years he was a pastor in Oklahoma and Texas. He is a graduate of Bethany Peniel College, Oklahoma.

"Mr. Norton has conducted extremely fruitful revival campaigns, with hundreds of seekers kneeling at his alters. A sound Bible preacher, he places emphasis on the word of God, prayer and fasting, and personal evangelism. He is certainly a man with the message needed for these critical times.

"The pastor joins the friendly 'home-like' Church of Tahoka in extending to you and each of your friends a hearty welcome to attend these services."

Seven Going To State Round-Up

Seven Lynn county boys and girls accompanied by County Agent Bill Griffin and Home Demonstration Agent Wanda Roach will leave next Wednesday for College Station to attend the annual state 4-H Round-Up at Texas A. and M. They will return Saturday, June 11.

Jerry Cain of Tahoka will represent District II in the 4-H public speaking contest.

Lynn county's entomology team, which will also represents the district, is composed of Hilton Wood and Denver Ford of Tahoka, Dan Seely of O'Donnell, and Joe Roper of New Home.

Delegates from Lynn county representing the girls' 4-H Clubs will be Sarah Prather and Sandra Singleton, both of O'Donnell.

Tracy Brown, teacher in Tahoka High School, expects to complete work for his M. A. degree this summer at Texas Tech.

C. C. HUFFAKER ILL

C. C. Huffaker, 91, of Grassland, has recently been a patient in Post Hospital with pneumonia. He has recovered from the pneumonia, but still is bedfast.

Mr. Huffaker is the father of Mrs. T. J. Murray and E. E. Huffaker, both of Grassland.

Kenneth Reed is home from North Texas State College, Denton, where he received his degree last week.

New Oil Test Adjoins Tahoka

A new deep oil test for central Lynn county, to be located near the southwest corner of the Tahoka city limits, was announced last week end by Argo Oil Corporation.

The test will be on T-Bar Ranch land, owned by Mrs. Willie Mae Edwards of Fort Worth, on the section immediately west of the H. B. Howell farm, and less than a mile southwest of the Tahoka City Park.

Exact location is 660 feet from the east and 1,980 feet from the north lines of section 224, block 2, GB&CN survey.

Contract depth is 9,500 feet to test the Pennsylvanian, and the test will be known as the Argo Oil Corporation No. 1 Willie Mae Edwards et al.

Although a number of deep tests have been drilled in Lynn county, this is the first deep test in the central portion of he county.

Several years ago, a test was made about six miles southwest, and about 25 years ago two tests were made just west of Tahoka, but they were shallow tests by comparison.

Cancer Fund Is Over The Top

Lynn county has exceeded its quota by $300.00 in the annual Cancer Fund and there is yet some money to come in, reports H. W. Carter, county fund chairman.

Through Tuesday a total of $1,839.00 had been turned in to Mr. Carter. The county quota was $1,500.00.

He said Pat Campbell had assisted in raising $174.00 at Wilson since last report. There is still some to come in from both Wilson and New Home and possibly from other communities.

He asked The News to relay his thanks especially to Mr. Campbell at Wilson, Mrs. J. B. Edwards at New Home, Charles Cathey and Mrs. J. M. Noble at O'Donnell, as well as to all others who worked on the drive or contributed funds to this very worthy cause for research and treatment of cancer.

TEST ABANDONED

The oil test four and one-half miles north of Wilson is being plugged and abondoned following a 30 minute drillstem test at 4,980 to 5,114 feet in which sulphur water was recovered. This is the Ashmun & Hilliard No. 1 Acuff on section 32, block 24, HE&WT survey.

"Lynn County Mystery Farm," No. 47:

This is some Lynn county farm home? First town and first rural reader to call The News and correctly identify it will each receive six month's credit on their paper. Also, a free enlargement of the picture will be presented the farm owner on calling at The News.

Cotton Coming Up, More Rain Needed

Scouts Will Spend Week At Camp

Ten to fifteen Tahoka Boy Scouts will attend the week-long camp at Camp Post next week, Scoutmaster Rush Dudgeon states.

The boys will leave here Sunday, and will return from the camp on Saturday.

A full schedule of events is planned for the camp this year, and the boys will receive instructions in many lines of Boy Scout work.

Two adult leaders from Tahoka are expected to stay with the boys each night, and one local leader will be with them during each day of the camp.

Funds Donated To City Park

Initial work has been started on improvement of the remaining five acres of the 10 and one half acre Tahoka City Park.

About five acres of the park was sodded in grass and planted in trees two years ago, and this section is a credit and an asset to the town and county.

West of this site, City Supt. Pat Hines had the ground grubbed, broken, and leveled, and grass will be set out in this area. Plans have been made for a sodded baseball diamond for Little League baseball which the town expects to sponsor next year.

A kiddies' merry-go-round is the latest addition to the park, and two or three weeks ago a small shelter was built for picnickers.

Some of these improvements are being made possible by the recent donation of $500.00 from the J. W. Elliott Estate.

Southwestern Public Service has contributed more than $50.00 to be used in adding more playground equipment to the park.

Last year, Mrs. Silas Russ of O'Donnell donated same playground equipment, and others have made donations for this purpose.

The three-inch irrigation well drilled on the site is just about taking care of all water necessary for the lawn and trees.

The swimming pool is filled only once a year, as water is cleaned and purified by running through the filtration system and chlorinating tanks.

Mrs. Lida Howell, Fort Worth, Dies

Mrs. B. C. (Lida) Howell, about 60, sister of Mrs. D. W. Gaignat of Tahoka, died Tuesday night at her home in Fort Worth.

Mr. and Mrs. Gaignat left immediately on receiving the death message at about 9 p. m. Tuesday for Fort Worth.

Mrs. Howell was well known in Tahoka, having made many extended visits here. Her parents were pioneer business people of this town.

She suffered a heart attack several days ago, and her passing was not entirely unexpected.

Funeral services were held Thursday at 2 p. m. at Mount Olivet Cemetery in Fort Worth.

Survivors include the husband; one son, Bennett Howell, Jr.; two daughters, Mrs. Al Owens and Mrs. Fanchon Freeze, all of Fort Worth; two sisters, Mrs. D. W. Gaignat of Tahoka and Mrs. W. V. McElroy of El Paso. Mrs. Charles Verner of Tahoka is a niece.

Mrs. Winston Wharton and Mrs. Charles Verner returned home Tuesday from a visit of a few days in El Paso.

Much cotton is up or coming up over Lynn county this week, but there are spots scattered over the county where the moisture has not been sufficient to bring up cotton—or even to plant in some cases.

Most farmers would like to see a good general rain.

Although Tahoka received 3.70 inches during the month of May, and 4.58 since April 29, and parts of the county have received similar amounts, the rains have not been sufficiently general to insure planting of crops.

Threatening rain clouds late Wednesday failed to turn loose any appreciable moisture in the county.

Some of the cotton planted was in soil too dry, or the soil was dried out by high winds of the past two weeks, and the young plants have died after sprouting.

Very few farmers have planted any great amount of feed.

Rainfall in Tahoka this year is above normal, however such is not the case over most of Lynn county. Also, there was practically no rain last fall to put a bottom season in the ground.

Normal rainfall at the Tahoka station for the first five months is 6.12 inches. This year, the rain here has totaled 7.14 to the first of June. Normal rainfall for May is 2.93 inches, and this year Tahoka has received 3.70 during May.

Members Give Rotary Program

Three relatively new members of Tahoka Rotary Club told their "life histories" as the principal part of the club's program Thursday noon of last week.

These three were Bob Gibbs, partner with Rollin McCord in the Plains Motor Company, who was reared at Plainview and Brownwood; Dr. Noble Rumbo, local physician, reared here; and A. V. Barnes, local manager of Pioneer Gas Co., a former member of the club who has renewed his membership.

Otis Spears, superintendent of schools, also talked briefly on problems of the local schools.

Travis Hanes of Cameron, former superintendent here, was a visitor while passing through town and spoke briefly. Hanes is currently District Governor of the 187th District, which includes, Austin, Waco, and Temple. He was en route to Lubbock on business prior to going on to the International convention in Chicago.

Local Rotarians were told the O'Donnell club now is meeting at the Jackson Drive-In there Tuesday at 12 noon.

Mariana McGinty, club sweetheart, thanked the club for its gift to her.

Charles Townes and Clint Walker will be in charge of programs for the month of June.

Grassland Co-op Meeting Monday

Monday night at 8 o'clock is the time set for the annuad meeting of Grassland Cooperative Gin members, according to Odis Tew, gin manager.

There will be talks by several cooperative leaders, a financial report by Claude Donaldson, auditor, distribution of dividend stock and checks, and three directors will be elected.

Refreshments will be served.

E. J. Cooper entered Tahoka Hospital Wednesday night for treatment of a heart condition. He was reported resting better Thursday morning.

Dysentery May Be Fatal To Child

Austin, June 2—The summer season always brings an increase in the incidence of dysentery, diarrhea and enteritis, all of which are major menaces to the lives of small children, annually causing the death or illness of hundreds of Texas youngsters.

Dr. Henry Holle, Commisioner of Health, declares that the chief cause of these intestinal diseases are contaminated milk, water or food; allowing the child to get over heated or exhausted; excessive sugar in the infant's formula and foods that have been improperly refrigerated.

All foods should be clean and fresh and all leftovers should be refrigerated so as to avoid spoilage. The utmost care should be used in preparing the infant's formula which should, of course, be prescribed by a physician and his recommendations as to sanitation precautions and correct refrigeration should be implicitly followed.

The Commissioner of Health warned parents especially of the disease transmission by flies. Children in any home that is not free from flies are in danger of contracting dysentery or other intestinal diseases which may be fatal.

If dysentery or diarrhea sympotoms appear in your child, call your doctor immediately, Dr Holle advises. His treatment of the disease is your best insurance against fatal results, since such diseases are really a very serious threat to the child's life. Do not depend on home remedies for diarrhea or dysentery; consult a competent physician and let him start the safest and best treatment which medical science has available for combatting these diseases.

PRESS CONVENTION SPEAKERS—When the Texas Press Association holds its 76th Annual Meeting in Galveston on June 10 and 11, three of TPA's top speakers will be Erwin Canham (left), editor of the Christian Science Monitor; Texas' Attorney General John Ben Shepperd (center); and Houston Post's Columnist George Fuermann, who is pictured on the right. TPA President W. R. Beaumier, publisher of the Lufkin Daily News, reports that advance reservations indicate the attendance of more than 300 daily and weekly newspaper men and women. The convention will mark the completion of 75 years of service on the part of the TPA.

Mrs. J. L. Jolly returned home Saturday from a two week's visit in California with a son, Pete Jolly, near Riverside, and a daughter, Mrs. Syble Hayton, at Orlando and with other relatives and friends. She was accompanied by another son, Edwin (Tiny) Jolly, wife and two children, all of Dallas.

Mr. and Mrs. Urban Brown and Mr. and Mrs. Joe Marshall, accompanied by Mrs. Roger Brumley of Hereford, spent last week at market in Dallas. Sharon Brown visited with her grandparents in Shamrock while her parents were in Dallas.

Mr. and Mrs. David Renfro and Mrs. W. J. Kahl left Wednesday for Fort Belvoire, Va., adjacent to Washington, D. C., to visit with W. J., who is in the Army stationed there. W. J.'s wife and parents, Mr. and Mrs. Walter Kahl, recently visited him.

Rollin McCord, who received a severely broken ankle when he jumped from a rearing horse nearly two weeks ago, was able to be down town on crutches for the first time Tuesday afternoon.

J. B. Ables, who has been attending Texas Tech, visited here Sunday with his brother, L. W. Ables, and family. J. B. is working for Hobbs Trailers this summer.

The Statue of Liberty was designed and made by M. Bartholdi, a French architect and sculptor.

Gordon News

MRS. EARL MORRIS
Correspondent

Elmo Corbell of Houston is visiting his mother and brother, Mrs. L. L. Corbell and Bunyan. Sunday, they all went to New Home to visit another brother and family, the Dwight Corbells. Mr. and Mrs. Lewis Manley were also visitors of the Dwight Corbells that day.

Mr. and Mrs. Ed Denton returned last Monday after an extended visit with relatives and friends. They went first to Heywood, Okla., to visit a son-in-law and daughter, Mr. and Mrs. Amil Lichey; then to Cumby to visit Ed's sister, Mrs. A. W. Smith and family; to Commerce to visit a brother, W. C. Denton and family; to Campbell to visit another brother, Ollie Denton and family. Arriving home May 23, they left again on the 27th for New Mexico to visit Mrs. Denton's relatives, a niece, Mr. Bettie Tice at Artesia; two nephews, Curtis Williams and Amos Hampton in Roswell; and other friends and relatives in other parts of that state. They report a very enjoyable visit but were ready to settle down for a rest in good old Lynn County.

Week-end guests in the Martin Edmunds home were two sons, Merwyn of Lubbock and Donald and wife and son of Slaton.

Mr. and Mrs. Arlie D. Reed and children of Albuquerque, N. M., are visiting his parents, the J. O. Reed Srs., and her parents Mr. and Mrs. Curtis Powers of Lubbock.

The two Reed families visited a daughter and family, Mr. and Mrs. Thompson in Littlefield Tuesday.

Mr. and Mrs. Sammy Wall were Post visitors last Sunday afternoon.

Sunday guests of the Raymond Gatzkis were her parents, Mr. and Mrs. F. E. Bailey of Canyon, and her sister and family, the Clarence Potters of Lubbock.

Marilyn and Pamela Maeker of Lubbock are visiting their grandparents, the Earl Morrises, while their parents, the Arden Maekers, are vacationing in Santa Fe, Albuquerque, and other New Mexico towns.

Sunday guests of the Pat Taylors were his parents, Mr. and Mrs. Mark Taylor; a sister, Mrs. Punk Peel and daughter, Patti, all of Post.

Mrs. N. E. Jones, accompanied by her daughter, Mrs. John Leake, are visiting Billy Leake, son and grandson, in Louisiana.

Mr. and Mrs. Dub Pierce are visiting relatives in Vernon this week end.

Mrs. Ed. Milliken and sister, Mrs. Don Hatchett of Lubbock, are visiting relatives in Jacksboro.

Jimmy Morris of Lubbock visited his parents, the Earl Morrises, Monday.

Mrs. Hilda Cartwright and children of Plainview are visiting her parents, Mr. and Mrs. Gus Gatzki. Another daughter, Mrs. Dolly Clem, and two children of O'Donnell visited her parents last Friday.

Mrs. Woodrow Stuart was in Post last Friday assisting with a going-away party for little Sonny Gossett, who has polio and left for Dallas, where he will receive medical aid.

THANKS FRIENDS

I want to thank the friends and neighbors who donated their time to help me clean, repair and paint the building so that I could open the cafe at New Home. Thanks a lot, friends; your help is sincerely appreciated.—Ruth Smith Barr.

Mr. and Mrs. Howard Conrad of Kansas City, Mo., were here last week end visiting her mother, Mrs. T. J. Murray, and grandfather, C. C. Huffaker, and other relatives at Grassland.

Mrs. C. A. Thomas is having her home redecorated inside and out, the walls textoned, the floors carpeted, a new roof put on, exterior woodwork painted, and stucco re-dashed, and also air conditioning installed.

Roy Appling of Grassland underwent an operation for removal of his gallbladder in Methodist Hospital at Lubbock Monday of this week. Mrs. Appling reports that her husband is much improved this week.

William Howard Taft was the first president of the 48 states.

MRS. BOBBY D WAYNE CLEM

Miss Adrianna Evans Becomes Bride of Bobby D. Clem In New Home Ceremony

Miss Jammie Adrianna Evans became the bride of Pvt. Bobby Dwayne Clem in a candlelight service read Saturday at 8 p. m. in the New Home Baptist Church

The bride is the daughter of Mr. and Mrs. J. A. Evans of Tahoka, route 4. Clem is the son of Mr. and Mrs. U. A. Clem of Slaton.

The Rev. Robert Clements officiated a double ring ceremony before an altar of blue tapers and blue and white daisies with greenery. Flanking the altar were baskets of white gladioli and blue and white daisies with candelabra. Tapers and white satin ribbon marked the pews.

Miss Peggy Hemmeline sang "At Dawning" and Mr. J. B. Edwards sang "I Love Thee" and "I Love You Truly." Accompanying the soloists was Miss Sylvia Edwards at the organ.

Given in marriage by her father, the bride wore a nylon tulle dress over net and satin. The bodice, which featured a portrait neckline, was emphasized with rows of Val lace. The tiny sleeves were complemented by gauntlets The pleated tulle waltz length skirt had a fully-shirred tulle yoke with rows of Val lace. Completing the ensemble was a silk illusion veil joined to a coronet of lace and tulle embroidered with iridescent sequins and seed pearls. She carried a cascade arrangement of stephanotis and an orchid.

Mrs. Bill Smith served her sister as matron of honor. Bridesmaids were Mrs. Clifton Clem, Mrs. John Edwards and Miss Vynoma Clem of Slaton. The attendants' dresses were ice blue lace, fashioned with portrait necklines and ballerina-length full skirts. Each carried a cascade arrangement of roses.

Candlelighters were Miss Melba Clem of Slaton and Miss Wilda Ann Shockley.

Clifton Clem attended his brother as best man. Ushers were Milton Evans, Bill Smith and Rayburn Clark of Fort Eustis, Va.

Following the ceremony a reception was held in the church parlor. The table was centered with a four-tiered cake topped with a miniature bride and bridegroom. A white tablecloth, crocheted by the bride's grandmother, was laid over blue taffeta. In the houseparty were Mmes. Roland Clem, Leonard Nettles and Milton Evans and Misses Mary Allsup and Betty Fillingim.

After a wedding trip to Ruidoso, N. M., the couple will make their home in Newport, Va. For traveling the bride wore a navy blue linen suit with navy and white accessories.

Both the bride and bridegroom attended New Home High School. Clem is now stationed at Fort Eustis, Va.

Mrs. Abbie Whorton was in Dallas last week to attend the fall showing of ladies' wear.

CARD OF THANKS

We sincerely appreciate the many kindnesses extended by friends since Grandad has been ill including the beautful flowers, the visits, the food sent or brought in, those who sat up, the kind words of cheer. May God bless each kind friend.—Grandad C. C. Huffaker and children.

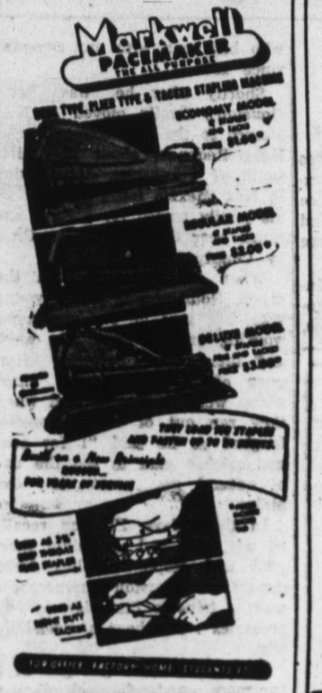

Mrs. Tom Mott of Dallas is expected here Saturday to visit her mother, Mrs. R. B. McCord, who will return with her to Dallas for a visit of a few days.

Mrs. Stokes Wins Insurance Plaque

Mrs. Gladys M. Stokes, representative here of Southwestern Life Insurance Company, has been awarded a plaque by her company in recognition of her achievement in producing more than a quarter million dollars of life insurance business during 1954.

Mrs. Stokes' name and her accomplishment are inscribed beneath the company name and seal, around which the following inscription appears: "For Professional Achievement in Quality Production . . . An Award Merit . . . "

Mrs. Stokes' 1954 production also earned her a trip to the company's agency convention held in San Antonio, where she received the plaque from Southwestern Life President J. Ralph Wood.

Looks like the Thunderbird— Acts like it, too!

A Test Drive will prove Ford's Trigger-Torque power lives up to the promise of Ford's Thunderbird styling

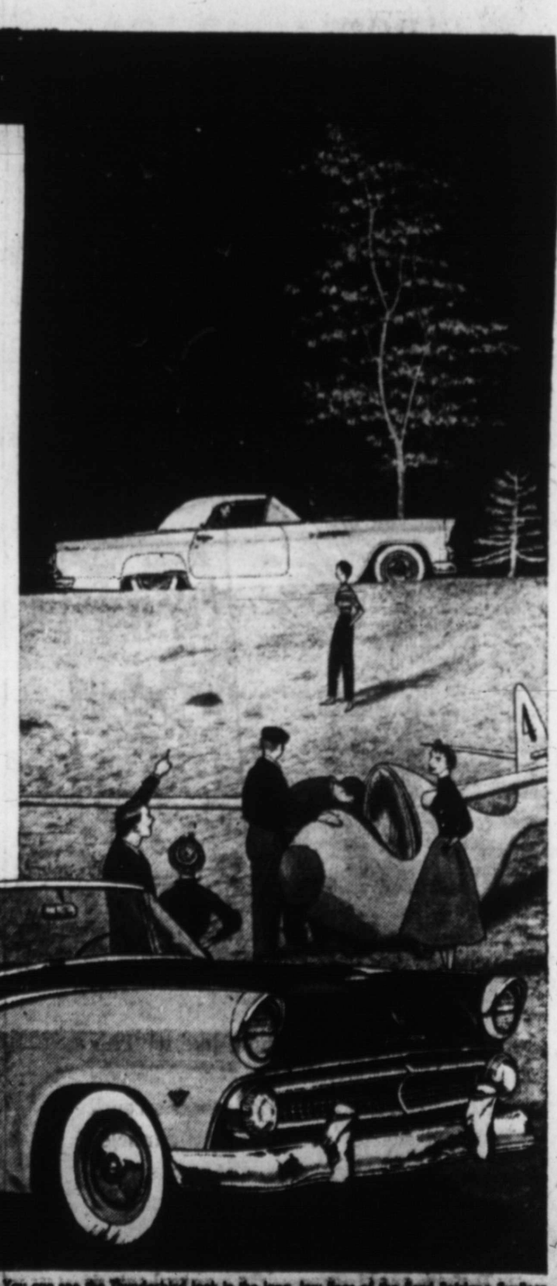

Ford used the long, low Thunderbird as an inspiration for the styling of its 16 models for 1955.

Ford also captured a lot of the Thunderbird's "Go" . . . a lot of its easy handling . . . and a lot of its interior beauty.

You'll find Ford's Trigger-Torque power gives you action right when you want it. You'll feel safer—pass faster.

You'll find Ford's Ball-Joint Front Suspension helps Ford hold the road like a coat of paint . . . and a new front suspension mounting gives Ford a silky-smooth Angle-Poised Ride.

Then, Ford interiors, like those of the Thunderbird, are rich, colorful and completely new! Come in and see why Ford's worth more.

You can see the Thunderbird look in the long, low lines of the Ford Fairlane Sunliner

Make today your day to Test Drive a FORD

FORD the new BEST SELLER . . . sells more because it's worth more!

THREE VEEPS—Three headliners on the Texas Press Association's 76th Annual Convention program in Galveston, June 10 and 11 are vice presidents. On the left, above, is Vice President of the United States Richard M. Nixon of California, who will deliver the banquet address at the close of the convention on Saturday night. Edward C. Logelin of Chicago (center pix) will speak on Friday morning. His topic is "Editors are Such Interesting People." He is vice president of the United States Steel Corporation. From Detroit will come the vice president of Campbell - Ewald Advertising Agency, E. A. Schirmer (right). He will speak on "The High Cost of Silence."

Featured In Pioneer Gas Magazine
Houston Spikes, Former Tahokan

Houston Spikes of Amarillo, formerly of Tahoka, is the subject of a story in the May issue of "The Gas Jet," house organ of Pioneer Gas Company. Following is the story, which will be of interest to the many friends of Mr. and Mrs. Spikes in Lynn county:

Our pioneer this month was born on a farm near Emma, Texas, in Crosby County, when there was no town of Crosbyton, and the nearest big settlements were Plainview and Amarillo.

He is the genial Tax and Insurance Commissioner for Pioneer, R. H. "Houston" Spikes, who has been with our company since 1933.

Shortly after he was born, Houston's family moved to New Mexico to the tiny community of Mesa Redondo, about 12 miles south of Tucumcari. After living in New Mexico for a year or so, his family traded for a farm and ranch near Cone, Texas, in Crosby County.

When he was living on the ranch, Houston was just a young tyke, but says he can remember working on the farm all week and then taking Saturday afternoon off to gather cow chips which were burned as fuel when they ran out of coal. Houston laughed as he said "I for one, was mighty glad to see the use of natural gas come to the plains."

In those days, Houston recalled, his folks had to freight their coal and staple supplies from Amarillo. Houston remembers making trips to Plainview to buy groceries . . . about a week-long trip.

Houston's schooling began in a one-room, one-teacher schoolhouse at Cone, where he said the students ranged anywhere in age from five to twenty-two years. Later his family moved to Lubbock where he attended high school.

A football star in high school, Houston started playing football by a strange quirk of fate. His brother was on the team and before one of the games, became sick. So even though Houston had never played the game before, he played in his brother's place. The next year he played all the games.

After graduating from high school, Houston attended Texas Christian University for one year, where he also played football. Last Thanksgiving Day in Lubbock, Houston was voted as one of Lubbock's all-time football greats.

After leaving school Houston went to work in the Lubbock State Bank and also worked in the Amarillo National Bank for about two years. And it was while working in Amarillo that he married Miss Peggy White of Cuero, Texas.

January, 1921, found Houston back on a farm near Lubbock, where he worked for a little over seven years. In 1929 he went to work for West Texas Gas Company on a part-time basis, and in 1933, took a full time job in Lubbock as a Warehouseman.

In July, 1937, Houston was transferred to Midland as a Main Line Foreman, where he also assisted in distribution work. From February, 1939, to January, 1943 he was Manager of the Tahoka office, and then served as District Manager in Slaton until Jannary 16, 1945, when he came to Amarillo Oil Company as Tax and Insurance Commissioner.

Houston and his wife live at 1812 Mustang in Amarillo. Their son, Bob, an Engineer with Pioneer, is quite well-known throughout the system.

Although he doesn't have any one particular hobby, Houston is interested in all sports, and particularly likes baseball and football.

Miss Stone Will Be Married Soon

Mr. and Mrs. W. E. Stone of Wilson announce the engagement and approaching marriage of their daughter, Venita, to Chester Watley, son of Mr. and Mrs. L. A. Watley of Ruidoso, New Mexico.

The wedding date has been set tentatively for June 26 at the First Baptist Church in Wilson.

Friends of the prospective bride and groom are invited to the wedding.

Largest known mass of pure iron in the world is located at Iron Mountain, Missouri.

Because there had been no mention, in the contract, of a cornerstone for the Texas State Capitol, Gus Wilke, the contractor, paid for it out of his own pocket.

San Juan is the capital of Puerto Rico.

JAYCEES CHANGE MEETING NIGHT

Tahoka Jaycees have changed their meeting night from Monday to Tuesday at 8 p. m., at the old Slover home place.

The Jaycees softball team lost a free-slugging game to the Draw Outlaws there Sunday afternoon 22 to 12.

The team will play the REA team Sunday afternoon on the field east of Chancy Service, and Monday night they go to New Home for a game.

John King, son of Mr. and Mrs Elbert King, who has just finished his first year of work in Texas Tech, is in Tahoka for the summer and is working at King's Department Store.

Miss Lola McWhirter, teacher in Post, is visiting here with her brother and faimly, Mr. and Mrs. Ivan McWhirter and son.

The late Franklin D. Roosevelt's hobby was stamp collecting.

Princeton University's mascot is a tiger.

The mouth watering aroma of good meat cooking over a charcoal fire — the sharp tangy smell of a bit of hickory smoke — the cool fresh look of a table set in a grassy, tree shaded yard: These are the things that make summer appetites grow and grow. Try it this week end. D & H has just the right things.

Mix 1-1/2 pounds Beef Chuck lightly with 1/3 cup catsup, 1 teaspoon prepared mustard, 1-1/2 teaspoons Worcestershire sauce and 1 teaspoon salt. Shape into 1-inch patties. Broll 8 minutes to a side. 6 patties.

Choose tender club, T-bone, porterhouse or sirloin steak. Trim off outer fat. Use this to rub on hot grill to keep steak from sticking. Broil first side of steak to desired browness; turn. Do not pierce meat. Salt and pepper browned side. Continue broiling till steak is done to a turn. Season second side. Top with a pat of butter. Come and get it!

Relax Penalty On Excess Crops

Dee Green, manager of the Lynn county ASC office, states the law affecting the over-production of allotment crops has been repealed.

A farmer can now earn ACP payments even though he may have harvested crops in excess of his allotment. However, repeal of the law does not in any way affect the marketing quota penalty involved in case he harvests crops in excess of his allotment.

Mr. Green announces that the wheat marketing quota referendum will be held in the Lynn County ASC office on Saturday, June 25. Both man and wife are eligible to vote, if their farm has as much as 15 acres allotment.

All producers will receive their 1956 wheat allotment notices before June 25.

Workers from the ASC office will start measuring cotton acreage immediately after June 15.

Bobby McMillan of the Army is home on furlough from Camp Kilmer, New Jersey, visiting his parents, Mr. and Mrs. Loyd McMillan. He will report back at Kilmer on June 10th, and expects to go to Greenland for duty.

Have News? Phone 35.

Congratulations:

Mr. and Mrs. Johnny J. Raindl on the birth of a daughter weighing 9 pounds 2 ounces Wednesday at 6:19 a. m. in Tahoka Hospital. Name Jonnie June.

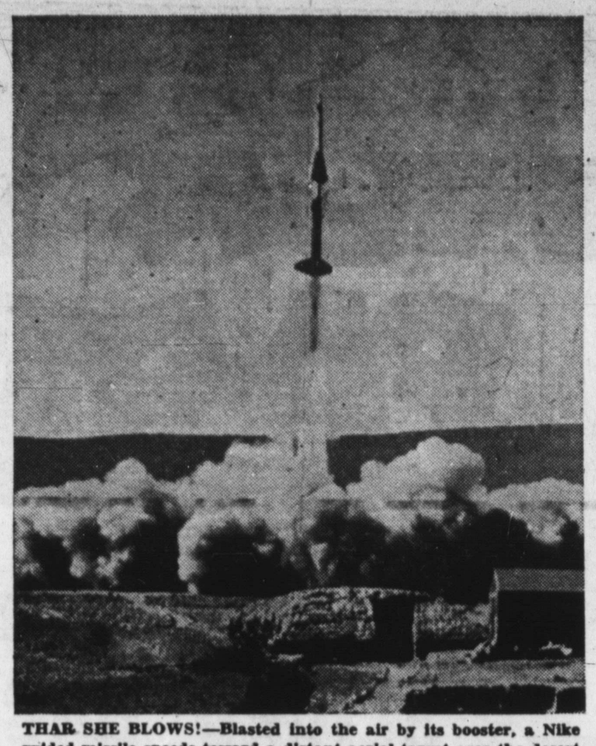

Mr. anw Mrs. Floyd Nolan Lebow on the birth of a son weighing 8 pounds 12 ounces at 10:40 a. m. Wednesday of last week in Tahoka Hospital. Name James Boyd.

Mr. and Mrs. Arthur Smith on the birth of a daughter weighing 7 pounds 6 ounces at 11:40 a. m. Monday in Tahoka Hospital. Name, Barbara Ruth.

Mr. and Mrs. Dan Martin, Lubbock route 3, on the birth of a son weighing 7 pounds 12 ounces at 1:10 p. m. Thursday of last week in Methodist Hospital. Grandparents are Mr. and Mrs. J. D. Martin of Draw and Mr. and Mrs. Claude Thomas of Grassland. Both parents are graduates of Tahoka High School. They farm near Lubbock.

Mrs. Hall Robinson attended the fall show and market in Dallas last week, returning home Tuesday morning.

Coach and Mrs. Bill Haralson and two sons are visiting at Hearne, and Bill is catching up on his fishing in a near-by lake.

THAR SHE BLOWS!—Blasted into the air by its booster, a Nike guided missile speeds toward a distant aerial target over the desert during the first annual service practice of Nike battalions at Red Canyon Range Camp, N.M. The Army's famed supersonic missile uses a rocket booster through the early stages of flight.

Bible School Is Closing Today

The First Methodist Church Vacation Bible School closes today after a week of work and study by the children of the Sunday School.

A display of arts and crafts from the Bible School will be made at an Open House this evening, Friday, at 6:30 in Fellowship Hall.

Following this, all families of the Church are asked to meet at City Park, bringing a basket of food, for a picnic.

Those wishing to do so, are asked to bring a love gift for the pastor, Rev. J. B. Stewart, and his family.

Martha Washington, wife of President George Washington, was previously married to Daniel Parke Curtis.

The United States gained the sovereignty of the canal strip at Panama by the Hay-Bunau-Varilla Treaty of Nov. 18, 1903.

The Boy Scouts of America was founded in 1910.

On July 18, 1938, Douglas Corrigan landed in Dublin on his "wrong way" flight.

Pago Pago, in America Samoa, is pronounced pango pango.

During the War of 1812, Stephen Girard, a Philadelphia banker, assumed an entire Government loan of $5,000,000.

Methodist Juniors Going To Camp

About thirteen juniors from the First Methodist Church expect to attend the annual camp of the Brownfield and Plainview districts in Ceta Canyon, northeast of Happy, Monday through Friday.

Rev. J. B. Stewart, local pastor, will be one of the workers at the camp. Several other local adults will also possibly spend some time at the camp.

There will be from 115 to 120 youngsters at the assembly.

Mrs. J. T. Brice is back at home after visiting for two weeks in Dallas with her son, Jack, and family.

Mr. and Mrs. A. Y. Ellis of Fort Worth were here last week end visiting her sister, Mrs. Lucy Caveness.

Jupiter is the largest of the planets.

FOSTERS COMING HOME

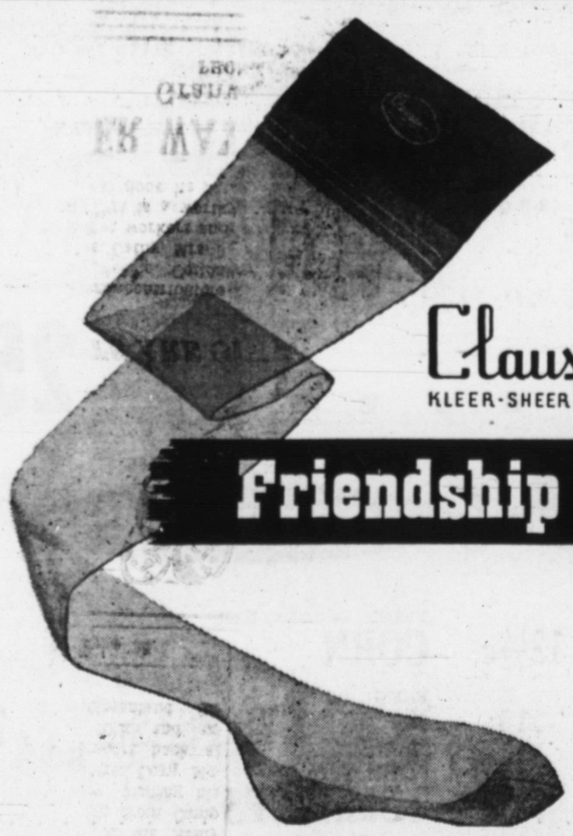

Mr. and Mrs. I. L. "Pete" Foster of Wayside expect to go to Cameron this week-end to visit his mother, and to bring home John Foster, who has been attending Texas A. and M. Mr. Foster's mother also expects to return with them to see her first great grandson bearing the Foster name, the son of Mr. and Mrs. James Foster. Also, James, in the Army at Fort Ord, Calif., has finished his basic training, and expects to come home next week on 13 days furlough to visit his parents, and also his his wife and baby who are now living with her parents, Mr. and Mrs. Jeff Huddleston of Grassland.

The Lynn County News

Tahoka, Texas, Friday, June 3, 1955

Cleve Littlepage Building Up Soil On Farm Here

Cleve Littlepage is the owner of this "Mystery Farm," located seven miles south of Tahoka.

Mrs. Lewis Phillips and Woodrow Brewer were the first to identify the picture. Others were: Bobby Carroll, C. E. McClellan, Mrs. T. B. Inman, Mrs. C. Littlepage, Mrs. W. R. McNeely, Welch Flippin, Junior Fitts, Glenn Ross Evans, and L. A. Forsythe.

Cleve, member of a pioneer family, has been on the place since returning from service in World War II in October, 1945. His dad, R. L. Littlepage, who acquired this quarter section in the Depression years, gave the farm to Cleve a few years ago.

Cleve farms about 1,000 acres of land, of which he tills 640 and runs about 350 acres in grass.

Both his maternal and paternal grandparents came to Lynn county nearly fifty years ago. Mr. and Mrs. C. W. Cleveland, from whom he gets his first name, came about 1907, settling in the Midway community in a half dugout on land they acquired. Elder and Mrs. R. P. Littlepage, he being a preacher in the Primitive Baptist Church, came in about 1911 and settled in the same community.

The parents of Cleve, Mr. and Mrs. R. L. (Bob) Littlepage were married here in about 1913 and still live in the same community. Cleve was born on the present Sam Miller place southeast of Tahoka.

The owner of this week's Mystery Farm grew up here, graduated from Tahoka High School in 1932, and went to Texas Tech, where he received his B. S. degree in Animal Husbandry in 1936 and his M. S. degree in Agricultural Educotion in 1940. While a college student, he was a member of the Texas Tech stock judging team which placed in both the Kansas City Royal and the Chicago International livestock expositions.

While attending Tech, he met Miss Mary Lee Fullagar of Lohn. She had graduated at Lohn High School in 1935, and then attended John Tarleton, then a Junior College, for two years before coming to Tech for further work. They were married at Lovington, N. M., in 1940. They have one daughter, Jean Ann, age 9.

Cleve Littlepage is one of Lynn county's most progressive and active farmers. For nearly nine years, he has been a teacher in the Lynn County Veteran's School. He is president of the Farmers Co-operative Society No. 1 of Tahoka and also president of the South Plains Milk Marketing Association.

He raises livestock along with his farming operations, his principle interest being dairying. He milks about twenty Holstein cows, and his milk production is about 240,000 pounds, or 111,630 quarts, a year.

He tries to keep up with the latest trends in scientific farming. All his land is terraced, and he carries out all the conservation practices he feels will apply to his case when practical.

He spreads barnyard manure—all he has— on his land, and has greatly improved about 30 acres in this manner, changing the color of the soil in this manner and making it very productive. Some of his soil is the Bracket, or grey chalky soil, on which milo turns yellow, showing it to be weak in nitrogen. Addition of the manure greatly improves it.

He has about ten acres of improved pasture, planted to six grasses, buffalo, gamma, King Ranch bluestem, weeping love, sand love, and side oats gramma grasses. He expects to turn the lake on his place to improved pasture, but will plant blue panic grass on this.

Of course, the drouth has hampered his farming program, but he thinks the farmer should not sit idly by during dry weather, and quotes a saying from some one which runs thusly: "It is not right to pray for rain until you have made proper use of the last rain."

He inherited some of his beliefs in sound soil management from his dad, who was a charter member of the Lynn County Soil Conservation District board of supervisors.

Mr. and Mrs. Bill McNeely and Tom of Seagraves spent the Memorial week end here with the Harley Henderson and Bill McNeely families.

Mr. and Mrs. Carl Henry McMillan left Friday for a 10-day vacation visit with her parents, Mr. and Mrs. A. B. Andrews, at Santa Barbara, Calif.

Legion Convention This Week-End

Amarillo, June 2,—Members of the American Legion and the Auxiliary from 191 posts in the 16th, 17th, 18th, 19th and 21st Congressional Districts gather here Saturday and Sunday, June 4 and 5, for their annual Fifth Division Convention.

Presiding will be Division Commander W. G. "Bill" Abbott, Midland attorney and former department judge advocate of the American Legion. Others to participate in the convention with Division Commander Abbott are the five district commanders in the Fifth Division jurisdiction.

Host post of the convention is Hanson No. 54 of Amarillo, one of the largest in the state in point of membership and with one of the state's finest American Legion homes where the convention session will be held. It is commanded this year by Selden Simpson who has appointed a number of strong committees which are arranging this year's convention program.

Registration will begin Saturday morning. Starting at 1:30 o'clock that afternoon the 40 and 8 will be in charge of afternoon activities. A Dutch treat lunch at the American Legion home will precede the annual convention dance which will begin at 9 o'clock.

W. G. "Bill" ABBOTT
Fifth Division Commander

IF A DAIRY COW COULD TALK

College Station, June 2,—If a dairy cow could talk, she'd be telling about Dairy Month and the abundant, economical buys in milk, ice cream and other dairy products which await consumers during June.

Sponsored by the dairy industry, "Dairy Month" is so designated to coincide periods of highest milk production, making supplies plentiful at the grocer's. Milk surpluses during this time are causing problems for many producers. Much of the extra milk is going into ice cream, cheese, butter and evaporated, condensed and powdered milk.

Dairy authorities say that if consumers would step up their milk and related product purchases, these surpluses soon would disappear. Some 10,000 herds furnish Grade A milk for Texas, adding $200,000,000 to the state's farm income.

The Dairy Month program is under jurisdiction of a committee composed of representatives of various segments of the industry. Texans are urged by the committee to make June "have another glass of milk month" in their homes.

Nell Gwynne was an orange seller.

NOW! This Big Dodge V-8 priced below several small 6's!

New Dodge Coronet V-8 Club Sedan—biggest buy of '55.

This one's so hot you're going to have to see it yourself before you believe it.

It's a brand new model in the Dodge line: A big, roomy 6-passenger sedan with the dashing *Lancer* trim that's the high-style note for 1955! And its power plant is the Dodge aircraft-type V-8 that holds more records for performance, stamina and endurance than any standard production engine on the road.

But here's the news that will really make you sit up and take notice! This luxurious Dodge Coronet V-8 Club Sedan is priced within the range of the small car 6's. Yet it's up to 17 inches longer . . . with luxury, comfort and riding ease to match the costliest cars.

If you'd like to *step up* to the big-car class, yet keep costs down, come in and find out about this new Dodge Coronet V-8 Club Sedan.

Odds and Ends

(BY E. L. THE ELDER)

Since I have recently become able to use a typewriter with comparative ease, and since I am now living in a state of uncertainty respecting my own immediate future, I find it necessary or at least desirable for me to prepare this Column each week well in advance of the date of publication. So, the current facts that I may mention herein may sound like ancient history when they appear in print.

The first current fact that I wish to mention now is the terrific electrical storm that visited Waco soon after last night, or more exactly, this morning. I realize that we are prone to exaggerate the importance and the sensational or spectacular display of the forces of nature that have recently come under observation as against those that we may have observed many years ago. Nevertheless, I am sure that this electrical display that visited Waco at an early hour this morning was decidedly the most spectacular that I have observed anywhere, at any time, in my whole lifetime. For twenty minutes or more one stroke of lightning followed in quick succession upon another, each of them apparently striking the roof of our own residence or of the residence next door to us on one side or another, or some residence just acrss the street, followed a quick as a flash by a deafening crash of thunder. Honestly, I never observed anything like it in my whole life.

• • •

But far more depressing and far more disturbing to us was the incident revealed here early this morning that just a short time before this electrical storm broke loose upon Waco, my sister, Miss Mary Hill, with whom I am staying at the present time, received a special-delivery, air-mail message from our Brother Joe at Canyon, stating that his wife, Ola Davis Hill, had had another spell with her heart and grave fears were held that she might die at any moment. (Ed. Note: Mrs. Hill rallied later, and at last report was very much improved.)

So, it is within the shadow of this darkening cloud that I am writing this Column this week. Sister Mary, who was assistant librarian in the College at Canyon for several years in its early life and lived just across the street from Joe and Ola, is now making hasty preparations to leave for Canyon on short notice, if and when the call shall come to her; and others here, including myself, are planning to go if possible. I can now ride as well as write with comparative ease.

• • •

So, now, skipping other current events about which I intend to write some time soon, I am coming back this week for my Column to Miss Emma Jewell Ross' book entitled "Living Where Jesus Lived," In my last use of her book, April 29, I quoted from her chapter on "Nazareth and the Sea of Galilee."

This week I am finishing that and I am quoting from her chapter on "Jericho, The Dead Sea, and the Jordan River." But I am not using all of that chapter by any means; probably just a small part of it. So now, Miss Ross takes over.

"To the thoughtful visitor, it is the outdoors that matters most in Palestine. Many of the sacred spots have been ruined by tombs and shrines, but the real Palestine is still there with the same sky. the same rocks and hills, and the same wild flowers."

But this is the Palestine that so many of the visitors to the Holy Land seem never to see. They want to show you or tell you about some old shack of a building, just because some historical event of Bible times is supposed to have taken place there; and about half the time the guides are mistaken or have no authoritative proof of their claims. Miss Ross is giving us the "low-down" on the country of Palestine as it appears today and of the people who still live "very much as they did in the time of Christ."

Now she continues: "The sheep still pasture on the hillside, and the people still live very much as they did in the time of our Savior. Besides, as Frank Carpenter says: 'It is not so long after all since Jesus was born in Bethlehem. Each of us has a relative who is sixty-five years old. The lives of thirty such men, if joined together would reach to the days of King Herod."

"Many of the farmers when ploughing, use the same one-handled plough as in the days of the Scriptures. In one hand the ploughman holds his plough and in the other hand he carries a goad, which is a straight stick three or four feet long. It usually has two iron points, one broader than the other to scrape the earth from the ploughshares. The sharper or spiked end is used to prod the team if it becomes difficult to manage. The plough is usually drawn by a pair of oxen, and no man, unless he is very poor, would yoke an ox and an ass together to plough for the two animals, unequally yoked, are a source of trouble and anxiety to others and irritation to themselves. Two can not walk together unless they agree. One of the laws of the prophets stated, 'Thou shalt not plow with an ox and an ass together.' (Deut. 22:-10)

"Paul says: 'Be ye not unequally yoked togethers with unbelievers.' (II Cor. 6:14)

Notwithstanding these Scriptural inhibitions, some farmers in varous parts of the world yet do occasionally plow with an ox and a donkey hitched together.; and that has been done in Texas.

• • •

"The Palestine of the Bible," Miss Ross continues, "was a land of shepherds and small farmers, a blend of Cain and Able, half agriculturist and half herdsman farmer, as is the real Palestine of today. Abraham, Isaac, and Jacob were all stockmen and farmers. Lot was a rich farmer. Job, who lived in old Uz, was the cattle king of that part of the country. Saul was the son of old Farmer Kish, and was hunting his father's asses when he met Samuel, who made him king.

"Much of Christ's life was spent with shepherds and farmers. In his father's carpenter shop, he learned to know them, for there he made the wooden ploughs and goads that they used, and today we have the shops where they make the ploughs or repair them while the farmer waits. Because Christ knew the farmer and his life so well, most of his illustrations and parables are drawn from things of the soil and from the life of the people.

"I like to think of Joseph's carpenter shop in Nazareth as a gathering place for the men and boys of the village, a place where they would stop and talk over politics and the latest news, and tell stories. Here, no doubt, the young boy Jesus began his reading. I observed in remote Syrian villages that there was always a larger group of men and boys in the shop where the ploughs and goads were made and repaired than in any other shop in the village. Here the farmers and village men met, and talked, and told stories. They were never in a hurry—why hurry, there would be another day—and one might not have such a good company tomorrow."

Like Mexico, according to Miss Ross, Nazareth and the land of Galilee, was another land of "Manyana," away back there in Bible days. But she makes this land and its people truly live again in the minds of her readers, and she makes you really love the boyhood friends of the boy Jesus and genuinely respect his parents, Joseph and Mary, in their humble home and their work-a day lives.

This is all for this time.

No, not quite all. An aftermath report of that electrical storm that visited Waco nigh before last, reveals that a big theatre here was ignited by lightning and totally destroyed; and that lightning also struck seven other buildings that night in the city, but only minor damages to the buildings resulted.

Now I guess that is all; so now I bid you Goodnight.

Mr. and Mrs. Grady Howard of Graham, Dr. and Mrs. J. P. Howard of Merkel, and Uris Howard of Lubbock visited here over the week end with their sisters, Mrs. Frank Hill and Mrs. Harley Henderson, and families.

Mrs. Robt. King of Snyder visited here last week with Mrs. G. M. Stewart and Mrs. Gladys M. Stokes. Mr. and Mrs. King formerly lived here, and are now ranching 15 miles northeast of Snyder.

for this wide-open beauty

It's the new kind of hardtop—
The 4-Door Riviera!

THERE seems to be some confusion about what a hardtop really is, and we'd like to set the matter straight.

A hardtop is a car that looks like a Convertible with the top up—but has a solid steel roof overhead—*and no center posts in the side window areas.*

Up until just recently, it could be built in volume only with two doors—not more—because it would take wholly new structural principles to hinge another set of doors without floor-to-roof center posts.

But Buick came up with those new structural principles and is now building—in volume—hardtops with *four* doors.

You see one pictured here. It's the 4-Door Riviera. And it's taking the country by storm . . .

Because here, at long last, is an automobile with the sleek and sporty styling of a true hardtop—but with separate doors for rear-seat passengers, plus the added room of a full-size Buick Sedan.

On top of that, this beauty is *all* Buick—with the buoyant ride of Buick's all-coil springing—the walloping might of Buick's record-high V8 power—the whip-quick getaway and sizable gas savings of Buick's spectacular Variable Pitch Dynaflow.*

And it's available in Buick's two lowest-priced Series—the budget-tagged 188-hp SPECIAL, and the high-performance 236-hp CENTURY, illustrated here.

Come visit us for a first-hand meeting with the 4-Door Riviera—and see how quickly and how easily the last word in automobiles can be yours.

*Dynaflow Drive is standard on Roadmaster, optional at extra cost on other Series.

THAT'S A FACT

Wedding Shower For Miss Evans

A wedding shower honoring Miss Adrianna Evans of New Home, bride-elect of Bobby Clem of Slaton, was held in the new community Club House on the afternoon of Wednesday, May 25. This was the first shower to be given in the new clubhouse.

To carry out the theme of Spring Showers, the clubhouse was decorated with a scene of clouds and beautiful rainbow. At the end of the rainbow stood a pot of gold filled with a beautiful array of gifts from friends and relatives.

The table was decorated with a miniature bride and bridegroom, standing under an arch of red roses. On the table, a lace cloth laid over blue taffeta, carried out the bride's colors of blue and white. At the end of the table stood blue candles.

The hostesses were: Mesdames Loyd McCormick, Aubrey Smith, B. G. Smith, Wayman Smith, Wilmer Smith, Carlice Edwards, J. B. Edwards, Bill Balch, E. R. Blakney, Winston Davies, D. A. Franklin, Claude James, Robert Poer, C. G. Eades, A. C. Fillingim, Sr., Cecil Bradshaw, Roy Lee Williams, Lee Shockley, Joe D. Unfred.

Light travels about 186,000 miles per second.

Social Security Man Is Coming

Our representative will be in Tahoka at the Post Office at 9 a. m. on June 9, and will be happy to assist in all matters pertaining to social security.

Announcement was made here today by John G. Hutton, District Manager of the Lubbock Texas, Social Security Office, located at 1616 19th. St., room 202, Veterans Adm. Bldg., that his office was now accepting applications from persons seeking to establish a period of disability under the 1954 amendment to the Social Security Act.

Mr. Hutton stated that all persons who are now totally and permanently disabled, but who had worked at least five years on jobs covered by Social Security before becoming disabled should contact his office to see if this new disability provision of the Social Security Act would be of benefit to them. Mr. Hutton added that disability applications do not provide for any immediate cash payments. Such application only makes it possible to exclude the period of total disability from the wage earner's employment record in computing the benefit of claims under the retirement or survivors insurance provision of the law.

Since January 1, 1955, workers who are totally disabled by illness, injury or other physical or mental impairment which can be expected to be long-continued and of indefinite duration may file an application to establish a period of disability. This application must be supported by medical records furnished by the claimant. When established, the period of total disability will be excluded in computing the wage earner's average monthly wage at retirement or upon death of the wage earner.

Persons who are unable to contact the local office because of their disability may have their representative or member of the family inquire on their behalf. A free booklet, entitled "Facts For Those Who Are Disabled" is available from the local office.

X-Rays were first discovered in 1895 by Wilhelm Konrad Roentgen, a German physicist.

Sylvia High Is Shower Honoree

Mrs. Clifton Hamilton, Mrs. W. E. Smith and Mrs. Alton Cain complimented Miss Sylvia High with a miscellaneous shower in the home of Mrs. Hamilton Saturday, May 28, from 2:00 to 5:00 p m.

Mrs. Hamilton greeted the guests and in the receiving line were Miss High, Mrs. W. C. High, mother of the bride, and Mrs. A. L. White, mother of the groom. Miss Pat Smith registered approximately fifty guests and Mrs. Billy Tong presided at the serving table. Mrs. Wayne Tekell, Mrs. W. E. Smith, and Mrs. Alton Cain displayed the gifts.

The serving table was laid with a white linen cut-work tablecloth and centered around the punch bowl were large mauve colored daisies and small white ones, portraying the bride-elect's chosen colors. Two crystal candlelabras were on each side of the punch bowl. The favors were small silver wedding bells tied with a white satin ribbon.

Miss High will marry James White June 22, at the First Methodist Church.

To the Citizens of Tahoka:

I wish to express my sincere appreciation to you for your cooperation with me while I was on the police force in Tahoka My association with you has been very enjoyable in every way, and it is with real regret that I have tendered my resignation to engage in other work.—James Tippit.

Uruguay means bird's tail.

Slogan and motto of the state of Indiana is "Crossroad of America."

Missouri and Tennessee each are bordered by eight other states.

Thrips . . . universal pest, responsible for extensive damage to cotton in early season. About 1/25 of an inch long, they are slender, active bugs, pointed at both ends and varying in color from light yellow to almost black.

The fleahopper feeds on the juices of tender parts of the cotton plant . . . causing greatest damage to immature squares. The infested plants grow tall and whiplike with fewer branches . . . produce only a few bolls near the top.

Get higher cotton yields

KILL THRIPS and FLEAHOPPERS with dieldrin

Use dieldrin early to kill thrips, fleahoppers and other cotton insects. Dieldrin-treated cotton gets a good early start . . . pays bigger dividends. You get better quality cotton and earlier harvest—less danger of heavy loss due to early frost.

Tested at Texas A. & M. (1954), dieldrin-treated cotton produced almost three times as many blooms in a three-week period after treatment as did the untreated cotton. It pays to use dieldrin! Here's why:

It's long lasting! Dieldrin gives long-lasting protection. Days after application, dieldrin still has lethal effect.

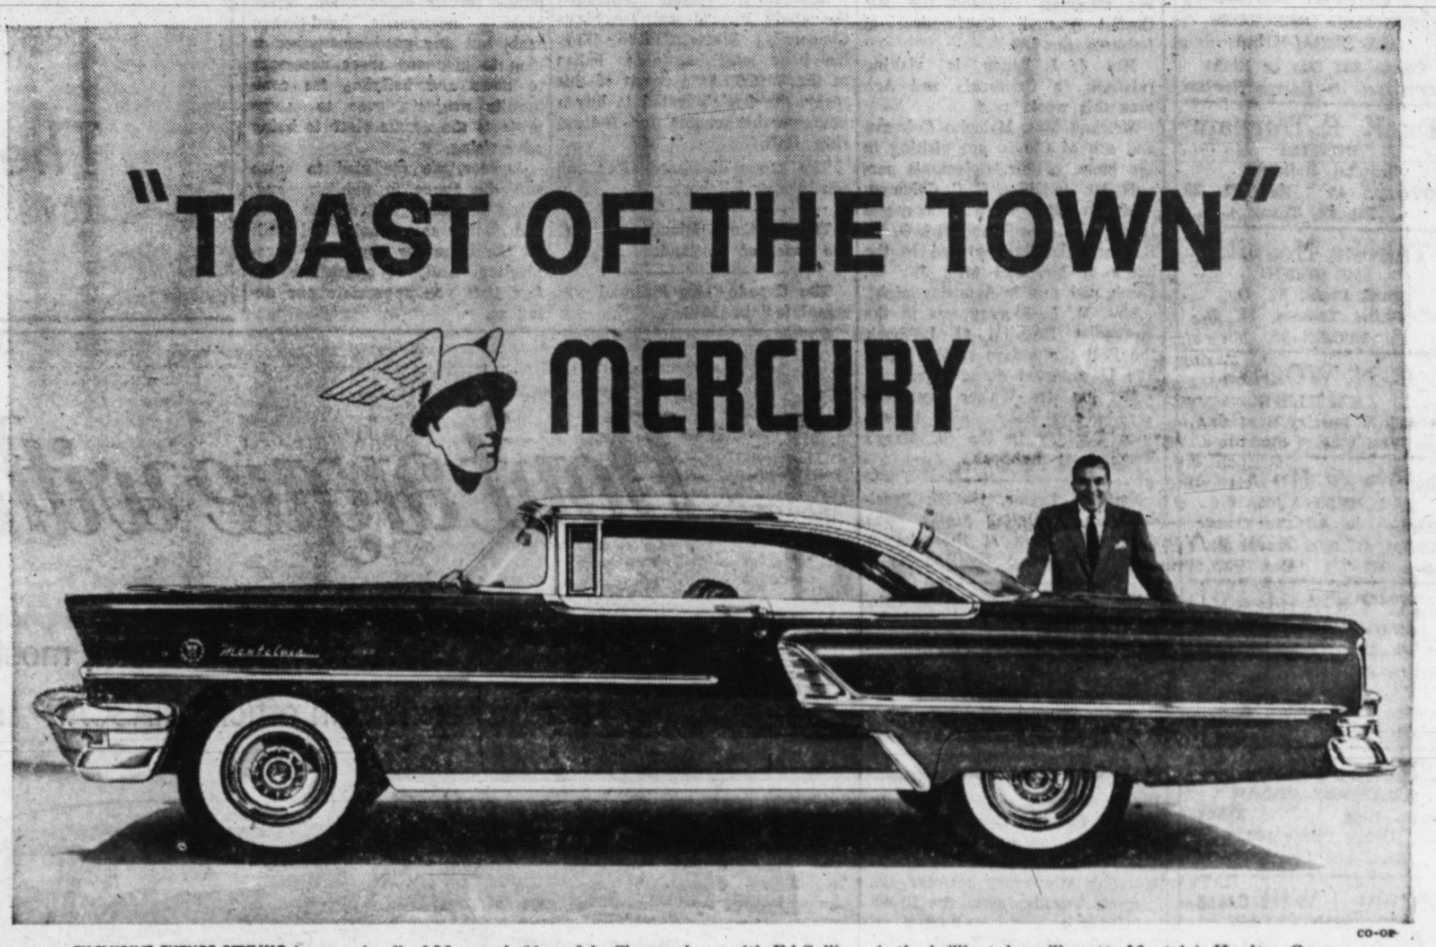

It's easy to use! Used as a dust, dieldrin is smooth-textured, free-flowing. In a spray, dieldrin forms top-creaming emulsions . . . eliminates nozzle clogging.

It's economical! Two to three applications at the recommended dosage—1/10 pound of actual dieldrin per acre—gives top control.

Use dieldrin early this year! Your insecticide dealer has dieldrin and information on latest methods of application best suited for your use. Don't delay—order dieldrin today!

Methodist W. S. C. S. Elects Officers

Mrs. Harley Henderson, new director of music for the Women's Society of Christian Service, had charge of the song service at the meeting Monday afternoon, May 30, at 3:30 in Fellowship Hall of the Methodist Church.

Mrs. A. M. Bray, president, conducted the business session, and at this time new officers for the year were elected. They will be installed Sunday evening at the worship service along with Rev. J. B. Stewart's sermon.

The officers are: President, Mrs. R. H. Gibson; vice-president, Mrs. H. W. Carter; prom. secretary, Mrs. D. G. Cook; Recording secretary, Mrs. J. O. Allen, treasurer, Mrs. W. H. Eudy; secretary of Missionary Education, Mrs. G. M. Stewart, Secretary of C. S. C. and Local Work, Mrs. J. M. Small; secretary of student work, Mrs. J. W. Fenton; secretary of Youth and Children's work, Mrs. W. C. Huffaker, Jr.; secretary of Spiritual Life, Mrs. A. M. Bray: secretary of supply work, Mrs. E. R. Edwards; secretary of literature and publications, Mrs. J. M. Uzzle; secretary of Status of Women, Mrs. J. E. Reasonover Music director, Mrs. Harley Henderson; Organist, Mrs. C. A. Thomas.

Mrs. J. M. Small led the group in prayer.

Mrs. R. H. Gibson concluded the study of "Jesus' Teachings Concerning Women." The study has been most helpful to ladies of the WSCS. As a result of this study, the Society voted to buy a new worship center for Fellowship Hall.

The group dismissed after unison prayer.—Reporter.

The Cape to Cairo Railroad was completed in 1918.

South Plains Navy Unit Being Formed

The Navy has anounced that a special group to be known as the "South Plains Company" will be enlisted from this area during June.

The "South Plains Company" will be enlisted in the United States Navy as a group on June 30, and will remain together through their basic training at San Diego, Calif., where they will compete with other companies for awards in seamanship, military bearing, marksmanship and athletics.

Applications for enlistment in the Navy's "South Plains Company" are being accepted at the Navy Recruiting Station, Post Office Building, Lubbock, Texas.

JAYCEES THANK NEWS FOR PUBLICITY

The Lynn County News has received a nice letter of appreciation from the Tahoka Jaycees for the publicity given that organization in its recent clean-up campaign and other projects.

The News feels that such publicity is a part of its job, but the publishers are human and appreciate people who go out of the way to show that a bit of publicity is apreciated by those seeking it.

After all, a newspaper is a business institution as well as a public service organization. Space costs a newspaper hard-earned cash, but any good newspaper is glad to give any space necessary to news and ballyhoo for community projects, even to some projects tha ncome close to being advertising.

Jaycees, we are glad to give you the space to publicize any thing for the good of the town and county as a whole, and we'll do the same for any other organization. And, we appreciate the fact that you appreciate our doing so.

NEW COTTON VARIETY RECOMMENDATIONS OUT

College Station, June 2.—Revised cotton variety recommendations for each of 10 major producing areas of Texas have grown out of a statewide variety testing program conducted from 1951-53 at 21 locations throughout the state.

Objective of the continuing tests is to inform growers of the performance of new varieties and strains and to compare such types with standard varieties in general use. This information also is ueful to plant breeders, spinners and workers in many other segments of the cotton industry.

Results of the tests and variety recommendations are contained in a recent publication by the Texas Agricultural Experiment Station and the Agricultural Extension Service.

Acreage yield in pounds of lint cotton was given highest priority in selecting varieties to be recommended. Other characterstics such as adaption to existing harvest methods, fiber properties, disease resistance, and earlines of maturity also were considered.

Copies of Bulletin 788, Performance of Cotton Varieties in Texas, 1951-53, may be obtained from the Agricultural Information Office, College Station.

Hail Insurance

Farmers, did you know you can buy 25% more protection from Panhandle Mutual than you can from Stock Companies at the same premium?

Did you know that with a Stock Company Policy you only have 10% of your policy in force until it is too late to plant cotton? (See paragraph 17)

Panhandle Mutual does not have this REPLANT Clause.

Did you know with a Stock Company policy you only have 25% of your policy in force when your cotton is 15 days old?

With Panhandle Mutual you have 66 and two-thirds percent in force. With Panhandle Mutual you can buy protection to October 15, or November 15.

With Stock Companies you have no choice.

Panhandle Mutual Policies are NON ASSESSABLE.

The Panhandle Mutual is 27 years old, has a Cash Reserve of over $429,000.00.

In 1954 Panhandle Mutual ranked second in Hail Insurance Sales in Texas.

Buy your Crop Insurance from a home Company where you can get good service and a fair deal.

Your business appreciated.

Financing on New Automobiles and New Tractors!

The First National Bank
of Tahoka, Texas
MEMBER OF F. D. I. C.

Don't argue with this baby!

All Chevrolet's competitors and most of the high-priced cars tried it recently in official NASCAR* trials—and took a licking!

Meet the champ! The new Chevrolet "Turbo-Fire V8" – the most modern V8 on the road today. Here's what happened—

Daytona Beach. NASCAR Acceleration Tests Over Measured Mile From Standing Start. Chevrolet captured the 4 top positions in its class! 8 of the first 11! And on a *time* basis Chevrolet beat every high-priced car, too—but one! But wait!—this is just the beginning!

Daytona Beach. NASCAR Straightaway Running. Open to cars delivered in Florida for $2,500 or less. Chevrolet captured the first two places, 7 out of the first 11 places!

Daytona Beach. NASCAR 2-Way Straightaway Running Over Measured Mile. Open to cars from 250 to 299 cu. in. displacement. Chevrolet captured 3 of the first 5 places!

Columbia, S. C. NASCAR 100-Mile Race on half-mile track. Very tight turns. Chevrolet finished first!

Fayetteville, N. C. NASCAR Late Model Event. Chevrolet again finished first. Because of even tighter turns the driver chose to run the entire 150 laps in second gear! Yet no overheating or pit stops!

These facts you can't laugh off. Sales leader. Road leader. A crowning achievement of Chevrolet and General Motors. *Try* a Chevrolet . . . and live in a land of going-away where you win all the arguments! Soon, maybe?

*National Association for Stock Car Auto Racing
