"He Profits Most Who Serves Best"

Analyzing the Farm Business

(By J. M. Binion.)

Farmers cannot afford to grope in the dark with economic conditions such as they are at the present time. The time is past when farmers in general can plant seeds, cultivate plants, harvest, market, and breed and feed animals in a haphazard way. They must do something more than perform the above operations; they must analyze the farm business and keep the records of transactions. To attempt to operate a farm without first making an analysis of it and keeping records as you go along, is like jumping into an unknown automobile at night and starting out across country; you will have much difficulty in keeping on the road and if you do not end up in a ditch you will probably run out of gasoline.

This is the time of year to make an analysis of your farm. As a farmer, make a list of all the things you own and balance it against all the things that you owe. Ask yourself questions such as these: What is my net worth? How many hours have I labored on my farm this year? How many hours have members of my family labored? What did it cost me to produce a pound of cotton? What did it cost me to produce a ton of feed? How many of my hens failed to pay their way? What did I make the most net money out of this year? What is the daily gain in weight of my hogs and beef cattle? What did I lose money on this year? Which field crop made the biggest net profit per acre? On what date will my spotted sow farrow?

These are only a few of the great many questions that a farmer ought to be able to answer concerning his farm business. Don't fool yourself into believing this is a bunch of bologna. It is absolutely necessary for successful farming and the average farmer is intelligent enough to run his business along these lines.

To aid those who wish to analyze their farm business the following bulletins are submitted. They can be obtained from your Congressman, Washington D. C.

Federal Appeals Court Sends Back Coleman Co. Case

NEW ORLEANS, Dec. 3. (AP) The United States Fifth Circuit court of appeals in a decision today reversed and remanded for further proceedings the case from the northern Texas district court in which the Coleman Gas & Oil Co. had appealed from an injunction obtained by the Santa Anna Gas Co., at Santa Anna, Texas, restraining the Coleman company from selling gas at rates below those which the city ordinance prescribed, the appeals court holding that the injunction had since been made final and that the "matter had become moot."

SHIELDS P-D CLUB

The Shields Home Demonstration Club met with Mrs. D. R. Shuford Thursday December 1. There were twelve members present. Final arrangements for the Bazaar and Carnival to be had at the school house on Saturday night, December 3 were made. The proceeds will be used for the Christmas fruit bag which is an annual affair of our community. The Bazaar and Carnival went over in a big way. Quite a few things to sell and numerous amusements were to be had but the most amusing part of the evening was a parade to open the carnival presented by several men dressed in women's clothes. They afterwards staged what they thought was an ideal club meeting, with Geo. Cobb presiding as president. The next meeting of the club will be Thursday December 22 with Mrs. G. C. McDonald. The club Christmas tree will be on that day.

B. R. RISINGER IS DEAD

Thursday morning shortly after six o'clock B. R. Risinger, a pioneer of Santa Anna and Coleman County died at his home here.

Funeral arrangements were not complete at the time of closing the forms but the funeral will probably be held at the Baptist Church some time Friday.

Mrs. J. M. McCrary, Jr. was very ill last week with tonsillitis. Mrs. C. O. Bragg and Little son of Dimmitt are visiting her parents Mr. and Mrs. W. T. Vinson.

County Judges and Commissioners Association of Texas

Anson, Jones County, Texas. December 2, 1932.

Gentlemen: Since various and sundry organizations are going to present to the 43rd legislature any number of plans for reform of county government, would it not be wise for the county judges and commissioners of Texas to formulate and submit a plan that would include the ideas of those men who have seen all the defects and good points of our present system of county government in actual operation under their own control and management?

Just to furnish a starting point a sort of springboard from which to dive off, I want to briefly outline a plan that I have in mind for a number of years. Please feel free to tear it to pieces, take it apart, add to it, or completely discard it. What I want is your idea of what is wrong with our present system. If there is something wrong, and what you would offer as a remedy.

Briefly here is my plan: A system of county government requiring only seven officials, as follows: A commissioners court composed of a County Judge as presiding officer and four commissioners, the commissioners to be known as a commissioner of Taxes, a commissioner of Roads, a commissioner of Finance and public records, and a commissioner of Education and Public Welfare. The other two county officials would be a sheriff and a county attorney.

They would all be paid on a salary basis. They would be elected county-wide for four year terms. The county judge would be required to be a licensed lawyer or have a good knowledge of the law as the statutes now require. The qualifications of the four commissioners should be made as follows: The Tax Commissioner ought to be a real business man and an experienced book-keeper. The Commissioner of Roads ought in fact to be a road engineer, or have worlds of practical road experience. The commissioner of Finance and public records should be a certified public accountant, book-keeper, and auditor, all in one. The commissioner of Education and public welfare should be a man of broad sympathies and high educational qualifications. Yes, men like these can be found. Remember, too, THEY WOULD SERVE FULL TIME—ALL THE TIME.

The commissioners court should be given the authority to determine the number of deputies or clerks each officer should have and what compensation should be paid to them. Each commissioner could departmentalize his work where necessary and if he were given two deputies he could place one over a given department, the Tax commissioner for example could have one clerk in charge of assessing, and one in charge of collecting taxes, and so with the other commissioners in their respective field of duty. The general duty of the commissioners court would be to function as a county officials rather than as precinct officials, considering every county problem as a county problem rather than as a precinct problem. Would be a sort of cabinet system of county government determining county policies as to roads, taxes, tax rates, valuations, purchases of supplies, etc. Just to mention one or two advantages a system of government like this would afford I would mention a unified county road system planned as a county system central purchasing power; central accounting; central responsibility; unity; cohesion; planning rather than haphazard operation.

The commissioner of taxes would, as the name implies, assess and collect taxes. The commissioner of Roads would plan and build and maintain roads on a county-wide basis. The Commissioner of Finance and Public Records would replace the county treasurer, auditor and county and district clerks. The commissioner of Education and Public Welfare would replace the county superintendent of schools, co-operate with farm and home demonstration agents, with county health officer, child welfare board, probation officer, etc. He would also handle all pauper cases and look after gen-

Santa Claus Letters Coming Rapidly

Several little boys and girls have brought in their letters to Old Santa, and it is a real pleasure to note their expression as they turn the little innocent request over to the editor to be forwarded to Old Santa Claus himself.

We want every little boy and girl in this country who reads the Santa Anna News to bring us a letter addressed to Santa Claus, for our big special edition December 23rd. The paper will be published a day or two early, and we plan to have it filled 'rim full of Christmas Greetings and letters to Santa Claus. If you have not written your letter, get busy right now and write it, either bring it or send it to this office and we will do the rest. All letters should be in our possession by Monday, December 12th, but in event you just cannot get them here by that time, bring them on up to Saturday the 17th.

eral affairs of the county. The sheriff and county attorney would function as formerly, as would the county judge.

This system secures or would secure I believe county-wide planning; it would consolidate overlapping offices and duties; cut down expenses by centralizing purchasing power, accounting and record keeping; coordinate all phases of county government. It would more than cut in half the number of county officials. Electing these officials for a four year term on a county-wide basis would give them time to inaugurate and perfect a system of planned economy and service to the taxpayers. Expenses would be cut all along the line—in election costs, in lower salaries to clerks, in various ways too numerous to be mentioned.

I have not mentioned any of the defects of this system or plan. It probably has many. I have not mentioned one-half its advantages. If we are to present a plan to the 43rd legislature it must be formulated and perfected at once. Let me have your plan, your idea at once—by return mail. Do it right now.

Cordially and sincerely yours,
OTIS MILLER,
President, County Judges and Commissioners' Ass'n. Texas.

Rat Campaign Starts Next Tuesday

To carry out our part in the Coleman County Rat Campaign the city of Santa Anna and surrounding country will start their drive next Tuesday, Dec. 13th.

On Monday night at the high school auditorium, 7:30 o'clock, a general meeting will be held for instructional purposes in regard to methods of attack. J. M. Binion, Teacher of Agriculture, C. V. Robinson, County Agent and Mr. Joe B. Lindsey of the U. S. Biological Survey will have charge of the instructions.

Every one in the city and those in the Santa Anna territory should attend this meeting, whether they are bothered with rats or not, for the sake of a united drive against this destructive pest.

The method to be used is perfectly safe, and its cost is almost nothing.

Don't forget the place, High School; the time, Monday night at 7:30 o'clock.

A PROCLAMATION

Whereas, it appears that the entire city and surrounding communities are infected with rats, and

Whereas, it appears useless for one or two or any small number of citizens to undertake to kill out these pesky rodents around their premises for the reason that others will come in from surrounding territory where they have not been poisoned, and

Whereas, these rodents destroy thousands of dollars worth of property annually and spread disease among people and livestock, and

Whereas, Santa Anna and surrounding communities have been rendered the services of Mr. Joe B. Lindsey, a representative of the U. S. Biological Survey in directing the work of poisoning the rodents and ridding the country of them, I, W. E. Baxter, Mayor of the City of Santa Anna do hereby designate the week of December 12th to 17th inclusive as "Rat Killing Week" and call on all citizens of Santa Anna and surrounding communities to co-operate with him and with each other in this important work. A meeting will be held at the high school building in Santa Anna Monday night, December 12th, and full instructions will be given concerning the most effective and economic way of carrying on the work. You are urged to attend this meeting and help make the undertaking 100 per cent effective.

Witness my hand and seal of office this 7th day of Dec. 1932.

W. E. BAXTER, Mayor.

NOTICE

I will collect taxes and register cars at the First Nat'l Bank in Santa Anna Saturday Dec. 17th. One day only.

Tax Collector.

Boy Scout Growth Movement Under Way

Preliminary plans for the new Ten Year Program of Growth of the Boy Scouts of America is now well under way and Executive Ed Shumway of The Chisholm Trail Council writes expressing his hopes that Santa Anna citizens will give leadership to the Boy Scout Movement in Santa Anna so that the many fine boys of our city may receive the benefits from this program.

"Several years ago," writes Mr. Shumway, "Santa Anna Troop was one of the best in the Chisholm Trail Council. Scoutmaster W. R. Kelley, Jr. was considered one of the outstanding Scoutmasters in the Council. Why not make the Santa Anna Troop again the leaders?"

For a seven county program the Chisholm Trail Council budget is the lowest in the history of the Council, only \$3500.00 asked for during 1932-1933 to carry on a seven county program. Out of this amount is paid the salary of the Executive, office secretary, transportation, telephone, office supplies, postage and miscellaneous.

"Crime costs the United States thirteen billion dollars a year." One boy, gone wrong, tried sentenced and kept in the reform school or penitentiary cost the state more money per year than any city in the Chisholm Trail Council raises for the support of the program.

Franklin D. Roosevelt says—"The racketeer and gangster go out the window when Scouting comes in the door."

Newton D. Baker says—"Our safety depends upon character. Now as never before we must support the Boy Scout Movement. We must not sell out character."

One boys club is better than a dozen police clubs.

NEWMAN-ISAUNDERS

COLEMAN, Texas, Dec. 8. — A beautiful home wedding was solemnized at the home of Mr. and Mrs. E. C. Newman 236 East Third Street when their daughter, Lona Melba, became the bride of Mr. Jewald Saunders on Dec. 6, that being the twenty-fourth anniversary of the bride's parents. A very impressive ring ceremony was performed by the pastor of the First Methodist Church of this city, Rev. John A. Siegfelt. The bride is a graduate of the 1930-31 class of Santa Anna High School. Mr. Saunders is a graduate of the Coleman High School and is employed with the Minor Grocery Store. Only a few friends and immediate families were present. The young couple will make their home on East Walnut St. Contributed.

A. S. Werner will start a meeting at the Church of Christ Sunday lasting a week or longer.

As We Sit and Think

(Sometimes Just SIT)

As the holiday season approaches and the Yuletide atmosphere begins to dominate, naturally, our mind reflects back to the days when Christmas was a real event with us.

About forty to fifty years ago, when this writer was a lad of but very few winters, Christmas was looked forward to with much hope and anticipation.

The writer was a farm lad, living in an isolated county back in northeast Alabama, where all the marksmen and sporting element gathered at some convenient place, Christmas Eve Day, usually at some crossroad store, where one or more turkeys were placed in a box strong enough to protect the body with only the head exposed, and riflemen would load their rifles with home made bullets, pour the powder in a charger from a cow-horn, wrap the bullets in white rags and ram them down the muzzle of the gun with a ram-rod, examine the tube to see that some powder was in the tube, place a cap on the tube, half-cock the gun, pull back the hammer, aim with accuracy, touch the short trigger, and shoot for the turkey.

Sportsmen paid a dime for a shot at the bird, and the one that killed the innocent thing got to carry it home for his Christmas dinner.

Those good old sport days have gone, or, we have departed from the scene of such days, and now Christmas has a different meaning.

We caught the idea long ago that the Christmas season was a season to create happiness. Make gifts, be cheerful, do good deeds and in every way, try to exemplify the spirit of the Savior who was born in Bethlehem to later sacrifice his life that all people, through Him, might have a right to the tree of life.

It was a wonderful deed—the birth of Christ. God could have arranged for His Only Son with a very special mission in the world, to have been born in a mansion. But, instead, the child was born in a manger, in a stall for stock.

The Christ Child was born in the manger with poor surroundings. Joseph and Mary, his earthly parents, often were subjected to hardships that were difficult to bear, but the great love of God they had in their hearts, and the divine guidance of the Spirit, made it possible for them to give their child in the nurture and admonition of the Lord.

His birth is celebrated through out the world where civilization exists. It is a great time and all people should strive to be cheerful, righteous, loving and try to do good deeds to others during these holiday seasons. They have a wonderful meaning and it behooves us to pass it on to others.

A SURPRISE

Thanksgiving has gone, but left us a happy memory. Last Wednesday afternoon everyone was asked to cut letters. When arranged as they should be they spelled "Guest." There was one who did not make this word guest—but "Hostess." This was Mary Field, and she gave the surprise. We played games and then Mrs. Mathews came and brought hot chocolate and candy. We had a very nice time and thank the hostess and her mother.

The following are those who enjoyed the surprise: Miss Ruby Valentine, Bobby Cheaney, R. L. Brand, Thersa Webb, Glen Pope, Tom Robin, Robert L. Powell, Lily Nell, Mary Williamson, Eudora Farris, Frances May, Rebecca Harris, Juanita Alexander, Rachel Parker, Dorothy Smith, Eugene Harris, Mary John Wade, Thomas Hayes, Adrian Sneek, Jeff Justice, Ruben Rountree, Velma Jo Herring, Laverne Vowell, Jodie Robin, G. T. England, Junior Irick, R. G. Bland, Mary Lou Ridings, H. K. Harrison, Ruth Lovelady, Virgie Mae Holland, Coleman Hodges, Helen Kruger, and Mary Field and Mrs. Mathews.

YES OR NO

Did you know that:
 The basket ball team is being chosen?

Scribblers are planning a stunt program?

School will be dismissed Thursday afternoon for the County Fair?

Spanish classes are planning a real exhibit for that event?

Examinations could have been worse?

We wonder about the Honor roll?

The Dramatic club is still going strong?

SCRIBBLERS PLAN STUNT PROGRAM

The Scribblers have received many subscriptions and promises of subscriptions for the paper that is soon to be published, but they still do not have the desired number. For this reason they are planning a stunt program as an advertisement. Several suggestions have been made, but nothing has been finally decided. As soon as the desired number of subscriptions has been reached, the paper will be started. Subscribe early and get the paper sooner.

SANTA ANNA F. F. A. CHAPTER

The Santa Anna Chapter will be represented in educational booths of the fair, having a booth on Farm Terracing. Some of the boys will have projects on exhibit.

A judging team will also compete with the 4-H Club team in judging of livestock.

F. F. A. boys were in the parade Thursday with banners floating and educational signs held by each boy.

Figs, shoots, and meat hogs for sale. Joe Mathews.

SENIORS WIN CLASS CUP

Again the seniors are awarded honor. The seniors elected Nowlin Myers as their class basketball captain and with the co-operation of the captain and the boys of the class they won the cup awarded to the best class team. The lineup was: Center, Nowlin Myers; forwards, Jelly Tatum and Hiram Glenn; Guards, Deggs Traylor and Clifford Wheeler. Substitutes, Roy Williams, William Brown, Leon Ward and Wilbourne Sharp.

This is the fifth year that the group has won this cup. It seems that the class must have an unusual of good players.

The senior class had more boys selected from the group to get suits than did any other class. The seniors boys to receive suits are Leon Ward, Clifford Wheeler, Roy Williams, Odie Tatum, Deggs Traylor, Hiram Glenn, William Brown and Wilbourne Sharp who will be a sub.

FOOTBALL BOYS TO BE ENTERTAINED

Football boys who played in the games are to be entertained with a supper at the Lions Club Tuesday evening at 7:30.

This list includes Clovis F. Leary, Captain of the team, and Deggs Traylor, Leon Ward, Scott Wallace, Clifford Wheeler, Dexter Walthall, Noel Campbell, W. R. McMin, Odie Tatum, John David, Harper, J. W. Zachary, Richard Dillingham, J. D. Pieratt, Maxie Price, Hiram Glenn and Alton Brandon.

Promise Boys

Rare Thrills

AMERICAN BOY-YOUTH'S COMPANION readers are due for a rare adventure thrill in 1933, according to word just received from America's favorite boy's magazine. Boys will welcome the news that a modern Robinson Crusoe story, in which two boys and a man battle with savages and build a civilization with their bare hands, is on the way!

In this story the three heroes escape into the depths of the Amazon jungles; there they are stripped and left to die by hostile natives; and there, from the natural abundance of the jungle they build their fortress. From advance notices, it's a story readers will never forget!

Other good things, we learn, are on the way in THE AMERICAN BOY-YOUTH'S COMPANION for 1933. Adventures in all parts of the world; stories of school and college; helpful stories of the professions; sports interviews with famous coaches and players; vivid articles on travel and science.

We suggest THE AMERICAN BOY-YOUTH'S COMPANION as an ideal present for that son, nephew, cousin and neighbor. It's a character building, imagination-stirring present that renews itself every month in the year. An attractive gift card bearing your name will be sent to the boy if you request it. Subscription prices are only \$2.00 for one year or \$3.00 for three years. At the latter rate the magazine costs only a dollar a year. Mail your order direct to THE AMERICAN BOY-YOUTH'S COMPANION, 550 W. Lafayette Blvd., Detroit, Mich. Service on your subscription will start with the issue you specify.

FRESHMAN NEWS

Mrs. Bartlett, our sponsor, got back from Louisiana last Tuesday and reported a fine trip. While there, she decided to go on down to New Orleans and visit the museum. She has been telling about her trip and also about the many pretty things she saw.

Everyone is happy again; exams are over. Most of the class brought their grades up and those that didn't are studying hard so that their names will be on the list next time.

AS IT SHOULD BE

It is a genuine pleasure to note the courtesy and kindness extended to both Mr. Hoover and Mr. Roosevelt since the election.

Editors who fought them bitterly during their campaigns now lay aside party feeling and remember that the one occupies the highest office in the land, and the other is soon to occupy that office.

Objections were based upon principle and party issues, not upon the personality of the individuals.

America is a great country and we elect great men to our presidency.

A lot of newspaper writers have been arranging for Mr. Hoover to make Mr. Roosevelt secretary of state, and then for him and the vice president to resign, thus boosting Franklin D. into the presidency at once. Very thoughtful of them, the principal things lacking being the resignations.

FOOTBALL REVIEW OF THE SEASON

Santa Anna vs. Coleman, Sept. 30 12-0, Coleman; Santa Anna vs. Winters (Conf) Oct. 7th, 7-0, Santa Anna; Santa Anna vs. Pioneer Oct. 14th, 19-0, Santa Anna; Santa Anna vs. Bangs Oct. 21st 20-0 Santa Anna; Santa Anna vs. Cross Plains Oct. 23, 20-0 Cross Plains; Santa Anna vs. Ballinger (Conf) Nov. 4th, 19-0, Ballinger; Santa Anna vs. Bangs (Conf) Nov. 11th, 12-0, Santa Anna; Santa Anna vs. Coleman (Nov. 18th 7-6, Santa Anna; Santa Anna vs. Ballinger Nov. 21st, 14-0 Ballinger.

This is a general summary of the games that Santa Anna has played this season. We have gone higher in the conference than in many years. Last year we went higher than the year before and this year we have gone higher than last year and next year we hope to go to the top. Santa Anna won 5 out of 9 games this year. Three of them were conference games. We also tied for second place in the district. That alone is something to be proud of as it is the first happening of its kind in many moons.

Mr. Locke is going to have some good material to work with next season, and we feel sure that he will go the limit.

We are now drawing football to a focus until next season.

FFG

In General Science class Miss Land asked this question: What is a vacuum?
 Eddie Vaughn answered: A large, empty place where the pope lives.

Miss Land: "Can you give me an example of wasted energy?"
 Beatrice (bright General Science student): "Yes, ma'am. Telling a hair-raising story to a bald-headed man."

THANKSGIVING HOLIDAYS

Speaking of excitement—it was displayed in full force last week by the student body when it was announced that there would be two days for Thanksgiving. All students look forward to holidays even though they call for more work on the return.

YES OR NO

Did you know that:
 Scribblers will now receive subscriptions for the paper that is to be published?

The football season is over?
 Everyone is studying hard for exams?

Some students are "burning midnight oil" over notebooks?

The Spanish I class wrote their first themes in Spanish Monday?

Scribblers would like for club reporters to turn in more news?

Those who mark on desks will be "prosecuted?"

Santa Anna has the reputation of having one of the best schools in this part of the state?

SENIOR NEWS

Some seniors who attended the football game Thanksgiving, between Howard Payne and Southwestern were Helen Turner and Clifford Wheeler.

Rebecca Turner spent the Thanksgiving holidays in Waco. Some senior girls went deer hunting during the holidays. Their captives were Audas Smith, Clifford Wheeler and Scott, Wallace.

Robert D. I believe I have danced with you before.

Becky T. Vess, your foot press seems familiar.

FRESHMAN NEWS

The General Science class went on the mountain one day last week in search of queer looking rocks. We found many interesting rocks of different sizes and kinds and enjoyed studying to find out what kind they were.

Mrs. Bartlett left Tuesday afternoon for Louisiana where she spent the Thanksgiving holidays with her daughter. We hope she had an enjoyable trip and a good visit while there.

HOME ECO GIRLS INITIATE

The Home Economics Girls initiated their new members last Wednesday. First the new members were blind folded and fed some of the GOOD Home Economic food. Then the girls faces were painted and their hair fixed in a most becoming manner. They had to go this way all day.

The following were initiated: Dalphine Richardson, Ruth Davis, Dora Davis and Beth Barnes.

Blond waitress: I have stewed kidneys, boiled tongue, fried liver, and pigs' feet.

Mrs. Scarborough: Don't tell me your troubles, sister, give me a chicken pie.

Visitor: "Billy, do you know what a waffle is?"
 Billy (small son of the tire salesman): "Sure, it's a pancake with a non-skid tread."

THINGS TO FORGET AND REMEMBER

Forget each kindness that you do as soon as you have done it; Forget the praise that falls to you, the moment you have won it; Forget the slander that you hear before you can repeat it; Forget each slight, each spite, each sneer, wherever you may meet it. Remember every kindness done to you, whatever its measure; remember praise by others won and pass it on with pleasure; remember every promise made and keep it to the letter. Remember those who lend you aid and be a grateful debtor.

HOME ECO CLUB II & III

The Home Economic Club met last Wednesday. We elected Irene Rountree for our president. Mildred Eubanks is vice president. With the cooperation of the club, with these officers, we should be able to have a good club, we are sure each girl will do her part.

We initiate new members at our last meeting everyone had a good laugh and the girls, proved to be real sports.

Our meeting was closed with one of our yells.

SIXTH GRADE NEWS

Last week we had a half holiday and Thursday and Friday for Thanksgiving.

We have joined the Red Cross. Our vice president is wearing the pin.

The school board is having a new fire escape put on the east side of the grammar school building.

Oscar Hill has the Scarlet Fever. We hope he soon recovers and can come back to school.

PERSONALS

Armenta Ragsdale, Ruth Neill and Jessie Lee Sparkman spent the holidays in Houston where they did outstanding work in the Baptist convention.

Floy Spencer went to Liberty, Mary Oakes to Coleman, Brown Lee Hunter and Carmilla Flores to Brownwood during the holidays.

Lillian Bible visited in Melvin Thanksgiving week.

Robert Hunter went to Austin for the holidays.

Irene Rountree spent the holidays in Fort Worth and Bridgeport.

Miss Land attended the State Teachers Convention in Fort Worth during the holidays.

Miss Hayes visited in San Antonio the holiday week.

Mrs. Bartlett spent the holidays in Shreveport, Louisiana.

Superintendent Scarborough attended the State Teachers Convention in Fort Worth last week.

Irene McCreary, Audas Smith and William Earl Ragsdale of Simmons University were at home for the holidays.

JOKES

"Have you given the goldfish fresh water, Marguerite?"
 "No, they haven't finished the water I gave them yesterday."

Two hot-headed students involved in a dispute and went to Mr. Scarborough to have it settled.

Mr. S: "Floye, what is the matter?"

Floye: "Mr. Scarborough, I loaned Armenta my Spanish book, and when she returned it there were pencil marks all over it."

Mr. S. "Armenta, what have you to say for yourself?"

Armenta: "Your honor, in the first place I never borrowed that book; in the second place, when I returned it, the book was in good condition; and in the third place, the book was already marked all over when I borrowed it."

Mr. Lock: "What is a pedagogue?"

Elizabeth F. "A teacher."

Leon, who was better at football than he was at punctuating, was asked by his mother to make a sign to put on the doorbell that was out of order. He placed this sign on it: Please knock the doorbell out of order.

Miss Land: Children, we will have only one-half day of school Friday.

Pupils: Hurrah! Hurrah!

Miss Land: Then we'll have the other half Friday afternoon.

"T is," began Dosh T.

"I am," corrected Mrs. S. —
 "I am the ninth letter of the alphabet," he finished.

Jesse: Sergeant, I wish you'd send a man up to this apartment and arrest the people on the top floor. At three o'clock in the morning they are jumping up and down and pounding on the floor.

Sergeant: How did you happen to hear them at that time of the night?

Jesse: I was practicing on my saxophone.

Scott had come to school with dirty hands. Miss Land was shocked. "Scott," she said, "your hands are very dirty. What would you do if I came to school with dirty hands?"

"I wouldn't mention it," said Scott. "I'd be too polite."

Mr. Scarborough: What is a tort?
 Garland: Well, I don't know exactly, but if I hit a man over the head with a board, this offense is called a tort.

Mildred B: Yes, and if you hit him again, it is called a re-tort.

To prove that writing paper is like a canine, use the following hypothesis: A sheet of paper is an ink lined plain. An ink-lined plain is a slope up. A slowpup is a canine.

"How is it you're never early for work," the colored porter was asked.

"Ah guess Ah comes by it naturally," replied the dandy. "Last Sunday the preacher called mah father the late George Washington Brown."

Mrs. Bartlett: Winston, do you mean to say that you can't name all the presidents we have had? When I was your age, I could name them all.

Winston: Yes, but there were only about three of four then.

Now that we've heard every orator in the country over the air in the past few weeks, let's have some music. Darn the ads.

The government may have a hard time selling another bond issue. Who would buy them?

We started out the other day to find a really good man who is not a preacher. We're still hunting.

R. E. Mobley vs. H. H. Odom et al. NO. 2360.

IN THE COUNTY COURT, COLEMAN COUNTY, TEXAS.

The State of Texas to the Sheriff or any Constable of Coleman County—GREETING:

YOU ARE HEREBY COMMANDED, that by making publication of this Citation in some newspaper published in the County of Coleman once in each week for four consecutive weeks previous to the return day hereof, you summon H. H. Odom whose residence is known but is alleged to be a non-resident of the State of Texas, to be and appear at the next regular term of the County Court of Coleman County, to be held at the Court House thereof, in the City of Coleman, on the first Monday in February A. D. 1933, the same being the 6th day of February, A. D. 1933, then and there to answer a petition filed in said Court on the 14th day of November A. D. 1932, in a suit, numbered on the Docket of said Court, No. 2360 wherein R. E. Mobley is plaintiff, and H. H. Odom, L. S. Odom and J. D. Simpson are defendants; the nature of plaintiffs demand being substantially, as follows, to-wit:

tiff their joint and several note bearing date of such day and year and thereby promised plaintiff to pay to him or his order of July 15, 1929 the sum of \$375.00, with 10 per cent per annum interest thereon from date of April 3, 1929 and 10 per

cent attorney's fee upon the principle and interest if placed in the hands of an attorney for collection; that when said note became due and payable to-wit: on July 15, 1929 plaintiff made demand on defendants, H. H. Odom, L. S. Odom and J. D. Simpson to pay the same, but that said defendants have refused, failed and still refuse to pay said note, and that there are credits on the principal sum of said note in the following amounts; to-wit: NONE. That plaintiff is the legal owner and holder of said note and has placed said note in the hands of an attorney for collection agreeing with him to pay him the said amount of 10 per cent as attorney's fee, upon the principal and interest now due under said note, which is a reasonable amount; plaintiff prays judgment for the principal sum of \$375.00, for the sum of 10 per cent interest upon the principal aforesaid from the date of April 3,

That on the 13th day of Feb. 1929, the defendants, H. H. Odom, 1929; for the further sum of 10 per cent of principal and interest due as attorney's fee, and for all costs of suit and for such other and further relief, general and special plaintiff may be entitled to in law and in equity.

HEREIN FAIL NOT, but have you before said Court on the said first day of next term there of this writ with your return L. S. Odom and J. D. Simpson executed and delivered to plaintiff, showing how you have executed the same.

Given under my hand and seal of said Court, at the office in the City of Coleman, Texas, this 14th day of November A. D. 1932.

WITNESS, L. EMET WALKER Clerk of County Court in and for Coleman County, Texas.

OF COURSE WE CAN

The sudden collapse in business which some people predicted would occur in the event of Mr. Roosevelt's election, did not materialize.

The sky rocket improvement which others predicted in the event of Mr. Roosevelt's success, did not materialize.

The country has not gone to the dogs, neither have we become suddenly prosperous overnight.

It is gratifying, however, to note that the steady improvement which was under way under Mr. Hoover is still moving along under the knowledge that Roosevelt is soon to take over the reins of government. It is becoming even more pronounced.

In this country we can even trade horses in the middle of a raging stream without being washed away.

AT IT AGAIN

European governments are at it again.

It's the same old story, so oft repeated it is becoming stale, threadbare—a story Americans have long since committed to memory.

Moratorium—debt revision—cancellation—any old thing to avoid payment.

The votes for the presidential candidates were hardly tabulated before the long drawn out wail came floating across the waters.

It was expected, and we are not disappointed—not even surprised at the promptness with which it arrived.

Barnum was right. There are 120,000,000 of us now.

What the farmer needs is less taxation and less production better prices and better feeling.

Let's hope the unfortunate army of postmasters have saved up enough for an extended vacation. They'll need it.

Mr. Roosevelt insists upon being called "just plain governor." But it won't last.

Hotel men say they can serve beer on twenty-four hours notice. But that's surface blarney. In many hotels right now, five minutes is all the notice required.

F. F. A.'s Initiate Green Hands

On Monday night of last week the Santa Anna Chapter Future Farmers of America gave sixteen boys the Green Hand Degree. These boys are new in the agriculture department of the high school and had to meet the following requirements before they could be initiated:

1. Fourteen years of age or the mental equivalent.

2. Regularly enrolled in a class in vocational agriculture.

3. Possess facilities for carrying out a satisfactory program of supervised practice and have a definite agreement with the parent and instructor as to scope, labor and profits.

4. Receive a majority of the votes of the members present at a regular meeting of a local Chapter of F. F. A.'s.

The Santa Anna Chapter of F. F. A.'s has a membership of about fifty boys. Some are Green Hands and some are Texas Farmers. The Chapter has set up a very constructive program of work for the year with the Cleman County Free Fair and the County Wide Rat Control program holding their attention at the present.

Two hundred and thirty men crossed the finish line in the annual intramural cross-country meet held Sunday with W. DuBois, Jr. of Santa Anna, D. Battery, Field Artillery leading the field in the two and a half mile race.

According to the Intramural Department, two hundred and fifty men entered the race, but twenty of the original starters could not last the grind.

As a team, Company H, Infantry placed first under a ruling that the first three men from each organization would compose the winner. Battery D, Field Artillery came in second; Company C, Engineers, third; Battery E, Field Artillery fourth; and Battery F, Field Artillery won fifth place.

Why all this talk about the "Forgotten Man"? Everybody knows he is an editor.

Undaunted courage is half of the battle. The rest is not difficult of attainment.

The man who knows himself better than others know him, wisely has little to say.

The election at least will put an end to the row between Alice Longworth and Dolly Gann. And that's something.

CITATION BY PUBLICATION

The State of Texas to the Sheriff or any Constable of Coleman County—GREETING:

YOU ARE HEREBY COMMANDED, that by making publication of this Citation in some newspaper published in the County of Coleman once in each week for four consecutive weeks previous to the return day hereof, you summon Ed Smith to be and appear at the next regular term of the District Court of the 19th Judicial District, Coleman County, to be holden at the Court House thereof, in the City of Coleman, on the 2nd day of January A. D. 1933, then and there to answer a petition filed in said Court on the 21st day of November A. D. 1932, in a suit, numbered on the Docket of said Court, No. 5037B wherein Mrs. Hays Smith is plaintiff, and Ed Smith is defendant; the nature of plaintiff's demand being substantially, as follows, to-wit: that plaintiff is a bona fide inhabitant of the State of Texas and has been such for more than one year next preceding the exhibiting of her petition herein and has resided in Coleman County, Texas, for more than six months next preceding the filing of this suit; that plaintiff and defendant were married in Coleman County, Texas, August 1, 1928 and separated May 12, 1931, and that defendant has been guilty of cruel treatment, excesses and outrages toward plaintiff, such as to further render their living together insupportable, and has abandoned plaintiff and lived in adultery with another woman and that the marriage relations between plaintiff and defendant still exist. Wherefore plaintiff prays judgment for divorce and for general relief.

HEREIN FAIL NOT, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Coleman, Texas, this 21st day of November A. D. 1932

ST. JOE, Ark. (UP).—Passing her 101st birthday here, Grandma Caroline Arnold gave the credit of her longevity to her constant use of coffee — and predicted, incidentally, that she would live to be 200 years old.

The aged woman gave up horseback riding only 10 years ago "when the ears got too long on the roads."

She has used tobacco "for more than 70 years" and "cried for black coffee when I was a child," she says.

NOTES GLEANED FROM TEXAS STATE TEACHERS' MEETING IN FORT WORTH

(By J. C. Scarborough.)

Dr. L. H. Hubbard, Pres. C. I. A., Denton, Texas, EDUCATION and WEALTH.

There is definite positive correlation or relationship between per capita wealth and per capita expenditures on education. The states in America which pay most for education have the greatest per capita wealth, while those states paying least for education have the smallest per capita wealth.

Education increases:

1. Capacity to PRODUCE.
2. Capacity to CONSUME.
3. Life span for production and consumption.
4. Richness of human living.

Lee Simmons, Manager Texas State Penitentiary, EDUCATION and CRIME.

Fifty per cent of inmates of prison system have no higher education than the fourth grade with only 10 per cent with high school education. 10 per cent of inmates are less than 20 years of age and 42 per cent are between 20 and 30 years of age.

Two main causes of crime:

1. Failure to submit to constituted authority—fundamentals of which are laid in the HOME. As the twig is bent, so is the tree inclined. Don't blame the school for what the HOME hasn't done.
2. Failure to WORK—have-

n't learned the dignity of labor. Want a short-cut to money, and are not willing to earn it. The world doesn't owe everyone a living, but only the opportunity to earn a living.

Over 3,000 inmates make their way into the system annually, and about 1,100 of present total are repeaters serving second or third terms. Realizing the great need of education for the poor inmates, Mr. Simmons has organized schools within every department of the system, and there are now enrolled over 2,000 whereas when he took charge about three years ago there were only a few hundred.

Dr. Seletman, Pres. Southern Methodist University, EDUCATION and RELIGION.

We need not only KNOWLEDGE which is POWER but WISDOM which is CONTROL.

C. Wedgeworth, Supt. Snyder Public Schools, TEXAS EDUCATIONAL RANK.

In 1930 Texas ranked as follows in U. S.

Average salary paid teachers \$924..... ranked 37th from top.

School plants 36th from top.

Per cent of literacy 36th from top.

Composite rank educationally 36th from top.

Dr. B. F. Pittinger, Dean of School of Education, U. of Texas:

A TAX SYSTEM FOR TEXAS.

Urged establishment of a real Tax Commission which would equalize general property evaluations in the state, and advise

after careful study of taxing systems of other states as to other sources and changes in present system of securing most of taxes from real property. Emphasized advisability of a personal income tax which brings Texas nothing at present but which yields Va. 13 per cent of her taxes, and NET business receipts tax, rather than the present GROSS receipts tax on business. 15 per cent of Texas taxes comes from the Gross receipts tax, while in Va. 25 per cent of her total taxes is derived from this source.

Stated that more is secured for the school tax dollar than from any other tax dollar. Said a campaign should be organized for Fair Play in Taxation.

Dr. William T. Foster, Economist, Newton, Mass.: RETRENCHMENT IN EDUCATION, OR, MUST WE LIQUIDATE INTELLIGENCE, TOO?

In accounting for the depression he said that after all other mentioned causes of the depression were analyzed they might as well be thrown out of the window and we should have to fall back upon the main cause as being the withdrawal of the money by the banking organization which choked business to death for lack of stream of money.

In pressing the question as to whether our country is able to maintain an efficient educational system during this depression he asked: "If we were to read in our morning paper tomorrow that we had declared war, would we have money to prosecute it? Yes, Congress would make the necessary appropriations, and the unemployment would be over. The wheels of industry would begin to turn, and the depression would be over. If we have money to DESTROY abroad, have we not money to CONSTRUCT at home?"
