Twenty-seventh Year, No. 230 — 36 Pages Today — Lubbock, Texas, Friday, Sept. 16, 1949 — Entered as Second Class Matter at the Post Office at Lubbock, Texas, under Act of March 3, 1879 — Full Leased Wires: (AP) And (INS)

Fall Averages One-Half Inch Over Section

By EMMETT SHOCKLEY
Avalanche Staff Writer

LEADEN skies continued to blanket the South Plains late Thursday night after soaking rains again fell over most of the area, as an anticipated break in the cold front here failed to materialize during the day.

Worried farmers can expect relief from the fall-like weather today, however, the Weather Bureau station said early today. After possible showers this morning, skies are expected to clear sometime this afternoon, ending the cold front which hit early Tuesday morning and has kept temperatures down to maximums of 71 on Tuesday, 63 on Wednesday, and 64 Thursday. Minimums of 50 Tuesday, 49, Wednesday, and 57 Thursday have been registered.

Heavy In Lubbock Area

Expected high today will be about 70, with 57 forecast as the low this morning.

Heavy showers which fell in Lubbock from shortly after noon Thursday until 5:30 p. m., were measured at .69 of an inch at the Weather bureau station at the Municipal airport north of town.

For the most part, Thursday's rainfall average one-half inch or more over the area.

Total precipitation since Tuesday now stands at 1.49 inches, bringing the total for September to 4.70 inches. Average rainfall for the whole month is only 2.90 inches.

Total Far Above Average

Thursday's rainfall here boosted the total for the year to 27.38 inches for one of the wettest years on record. The average for an entire year is 19.15 inches.

Brownfield observers reported about two inches in rain since early Thursday morning, with almost an inch falling during heavy downpours about noon.

Ralls reported 1.5 inches in rain since early Thursday morning. Steady rains fell during most of the day, stopping at about 5 p.m.

Crosbyton reported about an inch of moisture in day-long showers, while Slaton observers measured .89 inches in precipitation.

Denver City reported rain until 1:30 p.m., measuring .75 inches there. Idalou, Morton, and Tahoka all reported .75 inches with Seminole and Levelland reporting .61 and .60 inches respectively.

Observers at Tahoka said Thursday's rainfall brought the total there since last Saturday to three inches. Seminole observer F. D. Stark said the total fall there since Saturday measured 3.55 on his gauge.

Plainview reported .50 inches in showers that stopped about 7:30 p.m. Littlefield observers measured .50 inches in precipitation during the day there.

New Deal had .50 inches during the day, as did Anton, Earth and O'Donnell.

Other precipitation reported in

Minton Named To High Court

By FREDERIC TUTTLE
INS Staff Correspondent

WASHINGTON, Sept. 15—President Truman today named to the Supreme court Federal Judge Sherman Minton of Indiana, who as a United States senator described the high bench as "carrying the blight of the cold, dead hand."

Immediate bi-partisan commendation of the nomination came from the Senate where Minton was a Democratic colleague of Mr. Truman from 1935 through 1941. The appointment must be approved by the Senate.

Selection Surprises Washington

Sens. Ferguson (R-Mich.), and Robertson (D-Va.), particularly praised the appointment because it elevated a jurist from the federal courts. Ferguson recently scored Mr. Truman's failure to promote federal judges to the high court.

The unexpected selection of the 58-year-old Indianan was announced at a White House news con-

Polio Strikes Lamesa Girl; Taken To Plainview Center

LAMESA, Sept. 15 (Special)—Patricia Anderson, seven-year-old daughter of Mr. and Mrs. A. N. Anderson was taken to the Plainview Polio center for treatment Wednesday night, the seventh polio victim this year in Dawson county.

The child's condition was reported by hospital authorities at Plainview as satisfactory. She was resting well late tonight, it was said.

The child's grandmother, Mrs. Octavia Brown Anderson, of Lamesa, said the child had been ill several days and that her illness had been diagnosed at first as tonsilitis.

She had enrolled in the first grade in school only a few days ago. The child's parents accompanied her when she was taken to Plainview Wednesday night.

HAD ENOUGH!—The cartoon above may not depict the exact feelings of all South Plains farmers, but it pretty well hits the spot with a majority of them. However, farm experts say that only two or three weeks of relatively warm, dry weather is needed to pop open what still is expected to be the greatest cotton crop in South Plains history, as no really heavy damage has been caused by the rains as yet. The cartoon was drawn by Cliff Blackburn, Avalanche staff artist.

One Killed, Three Hurt In Wreck

CIO Demand Is Rejected By 'Big Steel'

By TROY GORDON
INS Staff Correspondent

PITTSBURGH, Sept. 14.—"Big Steel" tonight rejected as "dictatorial" a demand of the United Steelworkers for acceptance of presidential fact-finder recommendations as a basis for negotiating an agreement.

The rejection by Benjamin Fairless, president of United States Steel, capped a second day of charges and counter-charges exchanged by the spokesman for the nation's largest steel producer and Philip Murray, president of the CIO and its steel union.

Strike Threat Grows

The refusal of either side to budge heightened the threat of a steel strike when the present labor-industry truce expires at 12:01 a. m. Sept. 25.

Meanwhile, Inland Steel Co., fifth largest producer in the country informed Murray that it is ready to resume negoiations with the union immediately.

Earlier today Murray accused the steel companies of "deliberately" attempting to force a strike in the critical industry. Murray in a telegram to Fairless said:

"It can be averted if your corporation and the rest of the industry will agree with the union and with public opinion to accept the recommendations of the steel industry board as a basis for negotiating a prompt settlement of the existing labor dispute prior to Sept. 25."

"Ultimatum" Rejected

This in essence was what Murray had wired Fairless yesterday and last night Big Steel's spokesman refused to accept the recommendations as a basis for bargaining.

Tonight Fairless told Murray:

"We decline to accept your ultimatum, which is both unfair and contrary to the assurance given to us in advance by the President of the United States that the recommendations . . . would not be binding upon either party."

The fact-finding board had turned down demands for wage increases but recommended pensions and social insurance estimated to cost 10 cents an hour.

Fairless told Murray that "your

"COME TO THE FAIR" — J. N. McCall, center, sheriff of Roosevelt county, N. M., is invited to attend the Panhandle-South Plains fair in Lubbock Sept. 26-Oct. 1, by Fair Boosters Eric Kahan left, and Jack Strong, both of Lubbock. The invitation was extended during a stopover at Portales, N. M., Thursday as the special boosters' bus made a tour of the area northwest of Lubbock. (Staff Photo by Hank McKee.)

★ ★ ★

TWO ADDITIONAL TRIPS SLATED

Second Area Tour Is Made By Lubbock Fair Boosters

By HANK McKEE
Avalanche Staff Writer

LUBBOCK fair boosters encountered rain for the second time in as many trips abroad as they handed out Panhandle-South Plains fair favors and posters to scrambling students and sideline citizenry in nine towns over the northwest section of the Lubbock trade territory Thursday.

Thirty-one men, including bus drivers, made the day-long trek from the Hub city to Portales, N.M., and back, starting the trip from Lubbock under a heavy overcast at 7:15 a.m. and returning in light rain at 6:15 p.m.

Two More Trips Slated

Thursday's trip, like the first of such trips made Tuesday, was termed "successful" despite the restrictions imposed on activity by wet weather. Two additional goodwill trips are set for Tuesday and Thursday of next week.

While dampness may possibly have lesseped participation of townspeople in booster activities in the communities visited, students of the area crowded around the chartered bus in sufficient numbers to exhaust the cargo of thousands of small gifts packed along to remind them of the Panhandle-South Plains fair Sept. 26 through Oct. 1.

Boosters passed out wooden rulers, balloons, tickets, pencils and copies of a special fair paper at every stop while J. N. Caviness, acting as "barker," described the many attractions of the coming fair over the microphone of a loudspeaker truck loaned to the expedition by the Baldridge bakery.

George Bond, assistant manager of the chamber of commerce, who directed activities of the group said the "samples" distributed from the bus reached an estimated 9,000 school children.

The smallest crowd and first precipitation of the trip were encountered at Shallowater, approximately 35 minutes after the boosters left Lubbock. Few people were in the streets there and a heavy mist curtailed activities.

Students were given a recess

HST Unimpressed By GOP Victory In Pennsylvania

(By The Associated Press)

WASHINGTON, Sept. 15.—President Truman indicated today he sees little 1950 significance in the Republican victory in a Pennsylvania congressional contest.

Republican John P. Saylor won over Democrat Mrs. Robert L. Coffey, sr., to fill out the term of Democrat Rep. Robert L. Coffey, jr., killed in a plane crash last April.

Republicans called the result a "stinging rebuke" to Mr. Truman's domestic policies and a favorable GOP harbinger for next year's congressional elections

The President told his news conference today that back in 1947 we had the same sort of barometer and it didn't work out, remember. Democrats won back control of Senate and House from the Republicans last November.

Mr. Truman did not say what special election he might have had in mind in 1947. Records show there were eight such elections that year and none of them brought a major party turnover.

Saylor's triumph increased the hope of Republican strategists that "statism" will be a winning battle cry for them next year. Mr. Truman has called this simply a scapeword which the people will ignore as he said they did last November.

Refuses "Statism" Definition

He was asked today to comment on the definition of "statism" by Senator Wherry (R-Neb). He said he hadn't seen it, but if Wherry had one it was one more to add to

See HST UNIMPRESSED Page 11

GOLD SALE STUDIED

WASHINGTON, Sept. 15 (INS)—An international monetary fund committee voted today to investigate feasibility of limited sale of gold at over-the-market prices. The action by the fund's gold committee will come up for possible final approval on Friday when the board of governors meets.

Phillips Man Dead; Local Men Injured

(Special To The Avalanche)

O'DONNELL, Sept. 15—A Phillips man was killed instantly and three other persons, including two Lubbock men, were seriously injured in a two-car collision near O'Donnell late Thursday morning.

The dead man is Rodney C. Strickland, 36, an employe of the Phillips Petroleum company of Phillips. His wife was seriously hurt.

The two Lubbock men injured in the wreck were Frank Bass, 47, W. M. Ryan, about 50, widely known cotton brokers.

Accident Toll Boosted

Strickland's death was the third on the South Plains in the past five days, two others having been killed in a traffic mishap near O'Donnell Sunday night.

Investigating Texas Highway patrolmen said the accident happened when Strickland, driving north in a 1942 Chevrolet sedan, apparently attempted to pass a truck, and met the 1949 Ford sedan being driven by Bass, going south. The cars collided as Strickland attempted to swerve off the road to the left.

Injuries Are Serious

Bass was reported by hospital authorities as suffering from at least two broken ribs, a crushed right ankle, an injured right knee, bruises, face lacerations, and shock. Ryan was reported to be suffering from undetermined chest injuries, a possible fracture of the left foot, a fractured right thumb, severe face lacerations, bruises, and shock.

Mrs. Strickland, 32, is suffering from severe shock, a dislocated right leg, bruises and lacerations, and possible internal injuries.

Time of the accident varied with reports from several sources, but Mrs. Bass, who, with Mrs. Ryan, went to Lamesa Thursday afternoon after they were notified of the accident, said her husband told her the mishap happened about 11 a. m.

Believed Killed Instantly

A passing motorist brought Bass to the Lamesa General hospital at 11:45 a. m. and a Higginbotham Funeral home ambulance dispatched to the scene returned the other victims to Lamesa about 12:30 p. m.

Dr. J. V. McKay, of Lamesa General hospital, said Strickland probably was killed instantly by head injuries and mutliple fractures of the jawbone.

Bass and Ryan were going to Lamesa on a business trip when the accident happened. They have been partners in a cotton brokerage business in Lubbock since 1934, when Bass moved there with

THREE SHOTS FIRED IN 85-MPH HIGHWAY PURSUIT

Youth Caught In Chase

By TOM DAVIS
Avalanche Staff Writer

TEAMWORK by South Plains law enforcement officers—together with three shots fired by a Lubbock county deputy sheriff—put an 18-year-old New Mexico youth in the county jail here late Thursday after a wild automobile chase on the Lubbock-Levelland highway. At times the chase hit an 85-mile-an-hour pace.

David Robert Pilgreen, on federal parole from the Englewood, Colo., reformatory, never had a chance from the time he pulled out of Brownfield filling station without paying for a tank of gas and a carton of cigarets until he was captured five miles east of Levelland.

Pilgreen, driving a car reported stolen at Roswell, N. M., left the Garner Grocery and filling station at Brownfield at 4:20 p. m., nearly running over a station attendant who was cleaning the windshield on the 1948 blue, two-door Chevrolet coach.

Headed Toward Levelland

His hasty departure set into motion a chain of events that brought his capture at 5:25 p. m.—one hour and five minutes and 62 miles later—when he failed to outrun the Lubbock county sheriff's cruiser and a Texas Highway patrol car.

Ocie Murry, Terry county sheriff at Brownfield, telephoned his deputy at Meadow, but Pilgreen had already streaked through there. Murry called the Lubbock sheriff's department, and Deputies George Eubank and Tom Cannon spotted the car speeding toward Lubbock on the Brownfield highway.

At Thirty-fourth street and the Brownfield highway, Eubank and Cannon radioed the Lubbock police department for help. Radio dispatcher T. W. Cooper sent a car, but the next call from the deputies said the chase veered west from Lubbock onto the Levelland highway.

A Highway patrol unit, manned by L. W. Wilhite and T. W. Brown, picked up the radio call and fell in behind the speeding car and the sheriff's cruiser.

Cooper and Lubbock police followed the chase by radio. Eubank marked off the laps as the fast-moving caravan passed the Lubbock Air Force base, the county line and then Smyer.

They reported heavy traffic prevented them from overhauling Pilgreen, and kept on his tail until they reached a strip of three-lane highway.

As the sheriff cruiser's radio faded, Lubbock police kept up through the Highway patrol radio.

A call was put in to Charlie Bullock, Hockley county sheriff at

CITY ATTACKS TRAFFIC PROBLEM

Parallel Parking To Be Tested On Four Major Thoroughfares

By H. I. KIEFER
Avalanche Staff Writer

FOUR heavily traveled streets were designated for "guinea pig" parellel parking tests at a special meeting of the city commission Thursday morning.

They are Broadway from the east city limits to the Texas Tech campus; Thirteenth from Avenue G to Q, and all of Avenue H and Fourth street.

The commission also issued a call for bids to be opened at 11 a. m. Saturday on the use of available space at Municipal airport for the storage of cotton.

At the same meeting, members announced, they intend to enact an ordinance providing for parallel parking on the test streets.

City Manager Steve Matthews said the work of changing parking meters on those streets will be started immediately after the ordinance is passed. Several days will be required to complete the job, but parallel parking will be put into effect as fast as the meters are changed, starting early next week.

To Cut Down Spaces

Officials estimated that about seven cars can be parked parallel in the space which will accommodate 11 at an angle.

The ordinance as agreed upon at the special meeting will provide for at least two exceptions to the parallel requirement.

In front of the postoffice, parking will be required at a 30 degree angle instead of the present 45 degrees.

The average car, officials said, will protrude about three feet less into the street at 30 degrees than at 45.

The 30-degree angle requirement also will be applied to recessed parking places. Cars in those places, according to the plan, will not be allowed to protrude more than 7½ feet into the

Fifteen Wrecks Are Investigated In City

Lubbock police moved from one wreck to another Thursday as they investigated a total of 15 automobile mishaps, with only one resulting in an injury.

Drizzling rain and slick streets were blamed for the unusual number of accidents.

Mrs. E. W. Adkison, 67, of 1914 Eighteenth street was reported in a fair condition at West Texas hospital last night after receiving a fractured vertebra in a two-car collision at Ave. V and Twenty-fifth street at 8:25 a.m.

Her daughter, Mrs. Irene Adkison Holman, 26, of 2508 Thirty-sixth street, was given a traffic ticket for failure to yield right-of-way to the other vehicle, driven by Charlie Perryman, 17, a negro of 2602 East Ave. D.

AMARILLO POSTMASTER OK'D

Lubbock Man Is Treated For Knife Wounds After Scuffle

Pete Trammell, 38, of 713 Third street, was treated at Lubbock Memorial hospital Thursday night for multiple knife wounds which he said were the result of a friendly scuffle that went sour.

He was dismissed after treatment for an eight-inch cut across the abdomen, a severed tendon of the left hand and a three-inch cut on the left side of his chest.

Trammell told investigating police that he did not wish to file charges against his assailant. Police said the altercation took place in the 800 block of Ave. K.

MEETING SET FOR WEDNESDAY

Plans For Permanent Canadian Water Authority To Be Studied

PLANS for a permanent Canadian river water conservation authority will be discussed at a meeting of representatives of interested Panhandle-South Plains cities here next Wednesday, directors of the chamber of commerce and members of the city water resources board were told Wednesday afternoon by Clarence Whiteside, chairman of the temporary Canadian organization.

The permanent organization must be formed in order to create an agency with contractural authority in dealing with the U. S. reclamation service, which would build and operate the project, Whiteside explained.

The meeting here is expected to decide whether the permanent authority will be attempted and the procedure to be followed in carrying out any plans approved. The planning, Whiteside continued, will require the formation of one or more water conservation districts subject to the approval of a vote of the people residing within them.

Whiteside extended an invitation to the chamber directors and the water board members to be present at the meeting, which will start at 10:30 a. m. in the cham-

5 Dead, Missing In B-36 Crash

FORT WORTH, Sept. 15. (AP)—A huge B-36—world's biggest bomber—shot off a runway tonight with flame streaming from an engine and smacked into Lake worth, killing at least one airman.

Eight of the 13-man crew were injured. Four were unaccounted for.

One count showed two bodies recovered. But Col William P. Fisher, Seventh Wing commander at Carswell Air Force base, announced there had been a mistake—the body recovered had been counted twice.

First Serious B-36 Crash

It was the first time a B-36 had been in a serious crash since the giant bombers began flying more than a year and a half ago.

The plane was attempting a takeoff at 7:45 p. m. Flames shot from one of its six pusher-type engines as it roared down the runway. It failed to gain altitude and scooted out over the lake about 200 yards before crashing.

The nose section broke off and sank. The rest of the plane stayed partially afloat.

Col. Cecil H. Scott, jr., public information officer, said the dead man was Technical Sgt. William

RAIN FORCES LINES INDOORS

More Than 5,400 Students Sign Up To Register At Texas Tech

By KENNETH MAY
Avalanche Staff Writer

APPROXIMATELY 2,000 prospective students of Texas Technological college were to complete registration today, the final day of regular enrollment.

A total of 5,442 had taken out permits to register by Thursday night, with a few hundred more late registrants expected to boost that figure.

Heavy rains, mud and water cut down only slightly the number of enrollees Thursday afternoon as lines moved entirely indoors to jam hallways in the administration and other buildings.

★ ★ ★

Doors of the college will remain open through Monday for late comers, and registration will be possible through Thursday with payment of a fee.

No figures were available on the total number who had actually completed class scheduling Thursday, but Registrar W. P. Clement estimated the rain had cut the number down only slightly from the 3,500 expected to enroll the first day.

Rain began falling on the afternoon registrants soon after the first group arrived and continued almost continuously throughout the remainder of the day. Water was up to the curbs on many campus streets and large puddles dotted sidewalks leading to several buildings.

Halls of the administration building in particular were jammed with freshmen, sophomores, juniors, and seniors seeking to

OFFICIAL GIVEN NEW POST

Navy Secretary Kills Promotion Of Air Force Critic To Top Job

By DARRELL GARWOOD
INS Staff Correspondent

WASHINGTON, Sept. 15—The Navy today removed Capt. John G. Crommelin from the Pentagon high command and after naming the Air Force critic to another top post, suddenly killed the assignment.

Navy Secretary Matthews canceled the earlier announcement that the war-hero naval flier would become director of aviation personnel for the sea service, and assigned him to the air warfare section instead.

Crommelin, who charged that the Army and Air Force were weakening naval striking power and predicted his action would jeopardize his career, said that the air warfare job "is all right with me."

No Plans To Retire

The flier, reached at Norfolk, Va., where he had been on a training flight, asserted:

"I have no intention of retiring from the Navy.

"I understand Secretary Matthews position."

Matthews said he had not approved Crommelin's appointment to the personnel job and did not want the country to think he had promoted the man who Saturday charged the Army and Air Force were "nibbling to death" the Navy's offensive power.

The Navy secretary said Crommelin will be assigned to the air warfare section, under Rear Adm. E. A. Cruise. Under the earlier announcement the much-decorated ex-skipper of the carrier Saratoga would have succeeded a rear admiral.

The outcome of the confused situation convinced followers of U. S. aviation that the 46-year-old Crommelin may become a national martyr like Billy Mitchell.

Matthews said that Crommelin "in his statement of views concerning unification obviously disqualified himself for continuation in his present assignment on the joint staffs, which is an agency of the unified national Defense department."

Unofficially, it was said that Vice Adm. Calvin T. Durgin had made the original announcement of Crommelin's appointment to the air personnel post without securing Matthews' final approval.

Building Total Is Given Boost Here

Building permit for a $100,000 student center building at 2418-2420 Fifteenth street edged Lubbock's 1949 building total near the eight million dollar mark Thursday afternoon, records at the office of Lloyd Ross, city building inspector, revealed.

Dr. M. C. Overton is erecting the structure for Methodist students.

The permit and several smaller ones brought the year's building total to $7,990,425. The September total was $364,877.

Yet to be issued is a $2,500,000 for the Modern Manors housing project which is now in the process of being taken into the city limits. This permit, officials believe, will give Lubbock an excellent chance of equalling or exceeding last year's record building total of $15,000,000.

Bloodhound, Failure As Sleuth, Captured Dog Show 'Honors'

OKLAHOMA CITY, Sept. 15 (AP) — Sheriff Newt Burns took it stoicly when the station house gang ribbed him about Dan—his blood hound that refused to follow in a prisoner's footsteps.

Dan went in training at the McAlester state penitentiary, but was reported "as deaf as a post." He flunked all his courses on how to sniff and snoop.

So Dan was brought home and the sheriff was downhearted.

Then Dan was entered in a dog show, and now the laughter has stopped.

The bloodhound won a blue ribbon as the best of his breed, and also a class A citation as the best of the hounds entered in the show.

The sheriff is happy, but silent. He doesn't want the gang to get wise—Dan was the only bloodhound in the show.

Police Seek Identity Of Woman In Lamesa

LAMESA, Sept. 15 (Special)—The Lamesa city police are attempting to establish the identity of a woman, believed to be an amnesia victim, who arrived in Lamesa several days ago.

The woman, thought to be about 35 years of age, was described as having dark hair and blue eyes and about 5 feet 4 inches in height. She has been described as "very attractive."

How she arrived here is unknown. City police officers first saw her late last Friday on the outskirts of town on the Lubbock highway. She was picked up by Police Chief A. N. Randle Saturday morning. Randle said she was "almost starved" at the time.

The woman apparently does not remember her name or where she lives.

Edwin Engledow, editor of The Lamesa Daily Reporter, who talked with the woman, said she remembers the name "Lorraine Patterson," but does not know whether that is her name or an acquaintance's.

She also remembers some connection with a Catholic hospital somewhere, Engledow said, and that she was a nurse there and had worked in a children's polio ward. She said she had had a sore shoulder and stiff neck for several days but does not remember the cause. Engledow said she vaguely remembers having lived in Tulsa.

She was examined by Dr. J. V. McKay, Lamesa city health officer. At the time she was picked up here she carried few personal belongings and was dressed in heavy work clothing.

COLLECTS OLD TYPE

BOSTON, (U.P.) — Thomas J. Lyons, printer, has a collection of more than 1,000 old type fonts turned out between 1830 and 1890. He said he isn't worried about his hobby going stale on him and is still hunting for some 27,000 other fonts.

Rites Set Today For Mrs. Emma S. Hardin

Funeral services will be conducted at 10 a. m. today for Mrs. Emma Street Hardin, who died at 1:45 a. m. Thursday on her 80th birthday.

Mrs. Hardin, a resident of Lubbock for three years, died of a heart ailment in West Texas hospital, where she was taken a week ago.

Drs. N. Norvel Young, minister of the Broadway Church of Christ, H. I. Robinson, pastor of the First Methodist church, and Travis White, pastor of the First Christian church, will officiate at the services at Sanders Funeral home.

Burial will be in Roscoe, with grandsons acting as pallbearers.

A pioneer West Texan, Mrs. Hardin had resided at Stanton and Stamford before moving to Austin to live for eight years. She came to Lubbock from Austin.

Survivors include six daughters, Mrs. R. L. Wicker, Slaton; Mrs. W. T. Morris, Lone Wolf, Okla.; Mrs. W. D. Rhea, Houston; Mrs. N. G. McConnell, Greensboro, N. C.; Mrs. D. E. Ing, 2512 Thirty-second and Mrs. Wilma Hardin, 2607 Twenty-sixth; three sons, B. C. Hardin, Leander, Tex.; J. C. Hardin, Roscoe; and Fred C. Hardin, Washington, D. C.; a brother, J. C. Street, 1614 Ave. L; three sisters, Mrs. J. J. Mills, Stanton; Mrs. W. W. Henry, La Luz, N. M., and Mrs. Sallie Street, Amarillo; 22 grandchildren and 20 great-grandchildren.

Funeral Services Conducted For Mrs. Wylie Davis, Of Lubbock

Funeral services for Mrs. Wylie Davis, 44, resident of Lubbock about two years, who died late Saturday in a Dallas hospital, were held at 2 p. m. today in the chapel of Rix Funeral home.

Rev. William F. Blakeslee, pastor of St. Elizabeth's Catholic church was in charge of funeral rites. Burial was in Lubbock cemetery under direction of Rix Funeral home.

Do You Really Want to Take Off That Ugly Fat?

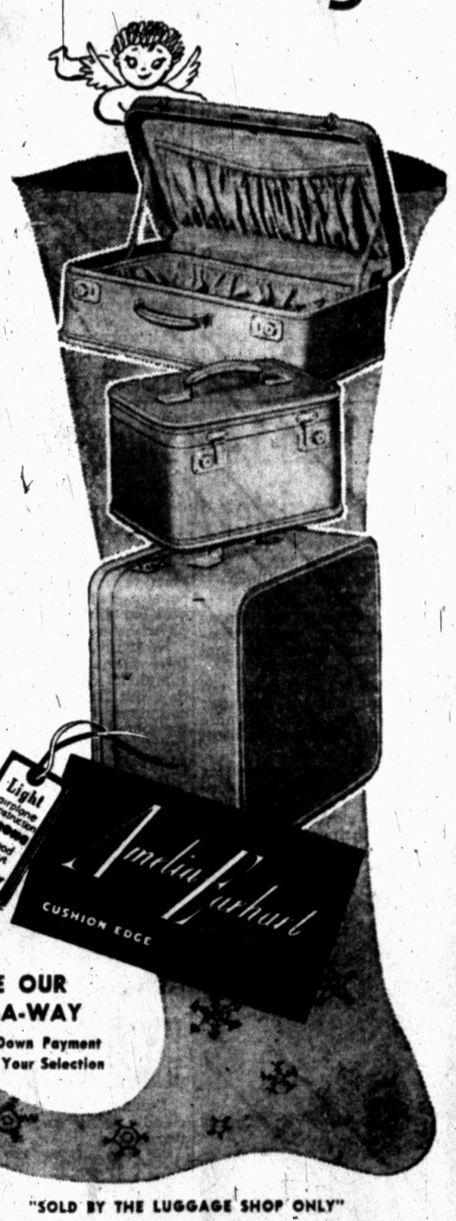

Recently there has been a number of new reducing preparations on the market, some of them based on the diet and vitamin "plan." It is obvious that vitamins will not reduce the body weight, so one must depend on diet to reduce. But it is also obvious that one cannot go on a strenuous diet over a protracted period, and any weight lost will be restored if the former eating habits are gone back to.

So what to do? Well, here is a tip to you "overweight gals" who want to fight "the Battle of the Bulges" in a different way. Ask any well stocked Texas druggist for four ounces of Barcentrate. Mix with 12 ounces of grapefruit juice and take two tablespoonsful twice a day.

This preparation contains nothing harmful and the makers agree to refund your money on the very first bottle if it does not show you the way to lose ugly fat and help regain slender, more graceful curves.

Barcentrate is low in cost and is not based on the diet and vitamin "plan." You need never know a hungry moment while reducing with Barcentrate.

SOVIET SPIES CLAIMED ACTIVE

Former FBI Agent Claims State Department Vetoed Reds' Arrest

By LEON SHLOSS
INS Staff Correspondent

WASHINGTON, Sept. 15. —An ex-FBI agent told Congress today that the State department vetoed the World War II arrest of "several hundred" Russian spies and saboteurs.

The former G-man, Larry E. Kerley, now with The New York Journal American, testified that he trailed many of the Soviet agents who were engaged in atom-bomb espionage and preparing for "maximum sabotage" if the U. S. and Russia split and went to war.

The spy-hunter said the State department held the checkrein on arrests because Russia at the time was a fighting ally of the United States.

Agents' Work Described

Kerley, a witness before a Senate Judiciary subcommittee considering legislation to control subversive activities, identified and described in detail the workings of more than a score of alleged Russian agents whose paths were crossed by the G-men.

He said that these persons, working through and with the Russian trade missions, consular and embassy staffs "made Stalin as well-informed on our production potential as the U. S. government."

The late Russian Gen. Walter Krivitsky told him, he said, that this and the ease with which aliens could enter the U. S. made Stalin jubilant. When so informed by Krivitsky, according to the general, the Red dictator jumped to his feet and declared:

"Let's send 25,000 men over and get them naturalized."

Organized Sabotage Group

Kerley testified that Steve Nelson, admitted Communist organizer, was assigned to mobilize workers in major U. S. industries for "maximum sabotage" in case of war.

Meanwhile, Kerley told the committee, Arthur Adams—oft-identified before congressional committees as "the top Soviet atomic espionage agent"—was supervising his specialty.

Among the alleged Russian agents identified were:

Gregori M. Kheifets, Russian vice-consul in San Francisco, key man in west coast espionage. Kerley said Kheifets operated a clandestine radio station, contacting a similar station in the New York consulate and another near Moscow.

Olga Khlopkova, a clerk under Kheifets who was in reality a member of the Russian secret police.

Other Operatives Named

Seven persons who operated "mail drops" from Mexico through the San Francisco consulate—the wife of Capt. Sidney L. Bogel, U. S. Army; Ruth Bezerly Wilson, a nurse; James L. Marcus, Aldon rug mills, New York City; Pauline Baskin, a New York lawyer's wife; Frances Silverman, New York teacher; Helen L. Simon, Daily Worker columnist, and Louis S. Bloch, New York motion picture operator.

Alexander Bittelman, now under deportation orders, who organized Communists in India.

Ralph Bowman, Comintern head in the U. S. until 1944.

Grace Granich, whose mail box was used for Reds operating in the Orient. Kerley said she got news of the Far East from John Steward Service, former State department figure involved in the Amerasia case.

Lement U. Harris, Chappaqua, N. Y., a worker for farm research who actually handled funds for Communist undercover operations in 1945.

Getzel Hochberg, Detroit.

Felix Kusman, Bronx, N. Y.

Max Bedacht, naturalized German on the board of the "People's Radio Foundation."

Martin D. Kamen, University of California radiation laboratory worker lengthily questioned by House spy-hunting committees.

Alfred G. Marshak, also of the radiation laboratory.

Ralph H. Gundlach, University of Washington.

Jerome R. Vinograd, in 1945 a chemist for Shell Development Co., Emeryville, Calif.

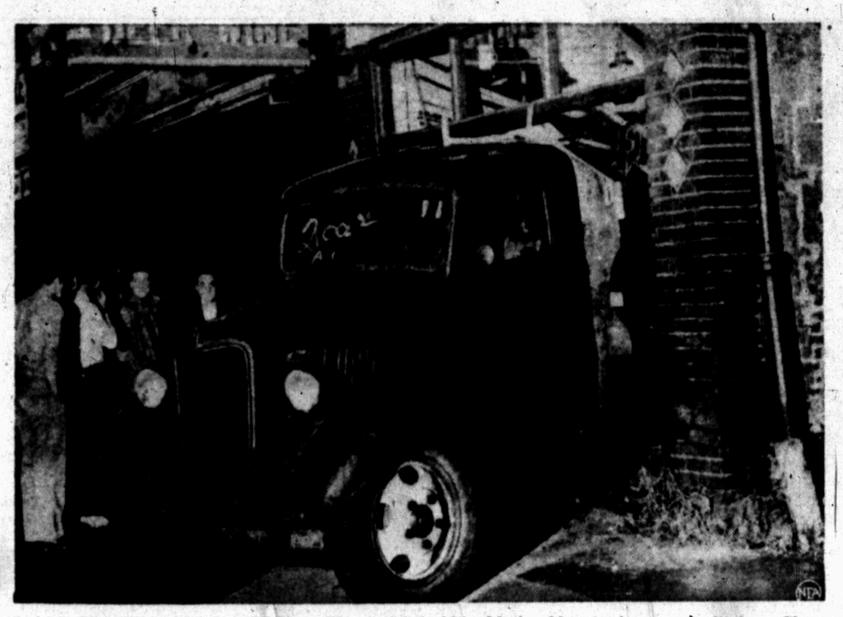

James Walter Miller, wartime censorship translator in the San Francisco post office.

Isaac Folkoff, who handled Russian funds in California.

Eric F. Coghill, who had access to Navy and merchant vessels berthed in San Francisco in 1945.

Phillip Eugene Lilienthal, formerly of the Office of War Information, San Francisco.

Britain's Ministry of Labor says the "too old at 40" cry is being applied too freely and that too many employers won't accept middle-aged workers.

IT ALL STARTED OVER A BEER — Truck driver Mike Mesko, 26, got a beer on credit from Cleveland tavern keeper Jack Rolfe. Mike spilled the beer and ordered another. Rolfe decided he'd had enough. A slight scuffle followed and Mike was ordered out. Before he left, Mike made a promise: "I'll put you out of business this morning." Shortly afterward, Mike drove his 1936 model coal truck alongside Rolfe's tavern, rammed it into reverse, cut his wheels sharply and smashed through the tavern's front. His promise kept, Mike Mesko was taken to the clink.

Pardon Recommended For Aged Negro Texas Prison Escapee

AUSTIN, Sept. 15. (U.P.) — The state Board of Pardons and Paroles today recommended that John Elliott, 65-year-old Oklahoma negro, be pardoned and his escape from a Texas prison 31 years ago be forgotten.

Elliott faced nine years remaining of a 15-year prison sentence for shooting a man.

He dropped from sight after escaping 31 years ago. He fled to Oklahoma where he became a leader in his church.

Last month he was apprehended when his fingerprints were taken after he became involved in a fight.

Friends raised $250 to defend his case.

The pardons and paroles board recommended that the aged negro be given a conditional out-of-state pardon.

Final action on the recommendation would be up to the governor. However, if all papers were in order, approval in such cases is largely routine.

Italian shipyards are awaiting orders under the new law providing for 260,000 tons of new construction of quality ships.

Calvert Misses State Income Estimate Less Than 3 Per Cent

AUSTIN, Sept. 15. (U.P.)—State Comptroller Robert S. Calvert said today he missed by less than 3 percent on his estimate of anticipated income during the last fiscal year.

Calvert pegged his estimate of receipts for the general revenue fund at $102,934,871.

A statement from the comptroller's department showed total income to general revenue during the 1948-49 fiscal year to have been $105,815,980, a variation of 2.8 percent.

Polish Singer Heads List Of 10 Best Undressed Women

HOLLYWOOD, Sept. 15. (INS)—A man who should know his figures came up today with a list to end all lists—the nation's "ten best undressed women."

George Petty, creator of the famous "Petty Girl," asserted that "true feminine beauty is not the combination of a dressmaker, a beauty operator, furs and jewels," adding:

"When a girl is born beautiful in body and face, there's no use trying to improve upon nature with artifices."

Ljuba Welitsch, Polish singer who danced the "dance of the seven veils" in the Metropolitan opera's production of "Salome" last season, was Petty's top choice in his list of "undressed" women.

Second was Barbara Ann Scott, the Canadian Olympic skating champ.

The others were: Joan Caulfield, film star; gorgeous Gussie Moran, tennis star; Vicki Draves, Olympic diving champion; Gypsy Rose Lee, queen of the burlesque "strip tease"; Josephine Baker, American entertainer in Paris' "Folies Bergere"; Esther Williams, the movies' swim star; Paulette Goddard, film star, and Zoe Ann Olsen, women's diving champ.

SNAKE PROVES TOUGH

CHICKASHA, Okla. (U.P.)—A snake crawled into an electric plant transformer here and caused a 66-000-volt flash which did $500 damage. A big porcelain insulator melted like butter but the snake was still alive when it dropped to the ground. Plant employes had to kill it.

The Woman's Angle
By Margaret Turner

IN A SHORT time the fall winds will play tag with shivering branches trying desperately to hold on to their tugging leaves.

• • •

COUNTRY DRIVE

AS SOON as the rainy season is over, if you have a feeling of melancholy, we'd suggest a drive out in the country. When you survey the fields, the wide horizon, somehow your mind is eased from worry and care and you have a sense of freedom.

If you forget yourself in the beauty of these plains, you escape the sense of urgency and bustle which seems to grip so many of us these days.

In going alone and enjoying restful hours of solitude, you will return home as rested as if you had been on a long, pleasant, mental vacation.

• • •

ON WEIGHT LOSS

WE HAVE an idea that Johnny Weismuller, who has reduced his weight from 238 to 199½ pounds in order to begin work in "Jungle Jim" movies, will keep to his present tonnage, no matter how great the hunger pangs he suffers. If you read the story you know that Weismuller signed a contract to pay the producer one thousand dollars for each pound of weight he gains over 200.

More of us should have such contracts. If we had to pay our boss as much as ten dollars for each pound we gained over a specified weight, the temptation to eat dessert or to take an extra slice of toast or drink a coke would be overcome, we feel sure. And, too, he'd know how much of a sacrifice it would be to deny ourselves, because no one enjoys a good meal more than he does.

• • •

THE reducing season is on again. Without calling names we'd like to suggest for those who need encouragement that two of our friends recently lost enough weight to wear size 14 dresses instead of almost eighteen ones and to have size forty almost loose on a frame that had been needing size forty-fours.

• • •

BUT, again, there is no royal road to reducing. As with so many things that are worth the attainment in the long run, sacrifice in the way of shaking your head at the sight of fattening foods is necessary. Our hat is off to those who have the will power to carry through a reducing campaign; scallions to those who make it hard for them to do so by urging that they eat.

• • •

SIMPLE RULES

DOES confusion reign in your dresser drawers? You can establish law and order very easily, according to a woman's magazine, if you follow a few simple rules.

The three prime factors are: be neat, be organized, be practical. It is easier to keep drawers neat if you line them with a plastic fabric or other waterproof material that can be sponged off.

To keep your drawers organized, try dividing them into separate working units. For instance, a glove and stocking box will hold combs and brushes and other hair accessories. Shallow baking pans make good makeup and manicure trays.

MRS. G. L. ROENFELDT

★ ★ ★

Students Are Wed

Mr. and Mrs. J. A. Nunley, Rt. 6, are announcing the marriage of their daughter, Miss Billie Nunley, to Rev. Glenn Louis Roenfeldt, son of Mr. and Mrs. L. O. Roenfeldt of Pampa, which took place Tuesday, Sept. 6, at College Heights Baptist church in Plainview. Rev. Fred Sain performed a double ring ceremony.

Baskets of white gladioli, fern and candelabra decorated the altar. Miss Joyce Roenfeldt, sister of the bridegroom, played traditional marches and accompanied Miss Autrey Barron as she sang "Indian Love Call" and Miss Muriel Okamoto as she sang "Because."

The bride, given in marriage by her father, wore a blue satin ballerina length dress with sun copper accessories. She carried a white Bible topped with a white corsage.

Cecil Roenfeldt, brother of the bridegroom, was best man and Miss Cordie Mae Farr was maid of honor.

The bridegroom is a senior student at Wayland college in Plainview and the bride is a junior student.

Delphian Chapter Is At Morning Meeting

Delta chapter of the Delphian society met at 9:30 a. m. Thursday at the Adair Music company for a program on "The Real Woman" led by Mrs. John D. Frye.

Program topics were "Social and Psychological Problems," Mrs. Vernice Ford; "The Roll of the Woman Alone," Mrs. H. E. Archer; "What Is a Good Wife," Mrs. W. G. Hearn; "Woman's Job As a Mother," Mrs. C. H. Scales; and "Responsibilities In and Out of the Home," Mrs. M. W. Howard.

Next meeting will be on Oct. 6, at 9:30 a. m., when Mrs. W. C. Wood will lead a program.

Newlyweds Are On Trip To Colorado

Mr. and Mrs. J. A. Rader of Lubbock announce the marriage of their daughter, Miss LaVerne Rader, to Marvin Payne, jr., son of Mr. and Mrs. J. M. Payne of route 2, which took place Sept. 10 in Plainview with Dean Brookshire of the Church of Christ officiating.

The bride wore gray with black accessories.

After a trip to Colorado the couple will be at home here. The bridegroom is engaged in farming and is to be bookkeeper at the Tudor gin this fall.

Town Talk

TECH'S FIVE WOMEN'S social clubs will honor rushees at individual open houses tonight between 6 and 9 p. m.

Las Chaparritas members are to have their open house at the J. L. Quicksall home, 1718 Twenty-ninth. Las Vivarachas club will entertain at the home of Mrs. Robert Maxey, 3305 Twenty-third. The R. P. Fuller home, 2509 Twenty-fourth, will be the scene of the get-acquainted open house of the DFD club. Sans Souci club will invite rushees to an open house at the Arthur Jenkins' home, 2124 Thirtieth, and Ko Sharis are to entertain at the W. G. McMillan home, Levelland road.

Miss Nancy McIlhaney, bride-elect of Clovis M. Rainwater, was honored with a luncheon at the Lubbock Country club given Thursday at 1 o'clock by Mrs. Sam H. Allred.

A bridesmaid doll dressed in blue and white, which centered the table, was circled by a garden effect of red roses with blue satin streamers leading to blue tapers in crystal candelabra. The honoree's place was marked with a corsage of vanda orchids, and her mother's corsage was of roses. A gift of crystal was presented to the bride-elect by the hostess.

Covers were laid for the honoree, Mesdames Joe S. McIlhaney, Ernest Lindsey, J. G. Wilkerson, Ollie Bousman, and Misses Mary Lou Lindsey, Marjorie Ann Sims, JoAnne McIlhaney and Camille Conley.

Friday night entertainment at the Lubbock Country club will feature family night activities.

Only members of the club may attend.

Miss Jean Goodloe was hostess Thursday night at 7:30 o'clock in her home, 1924 Twenty-fifth with an informal supper party honoring Miss Joanne Lord of Portland, Me., who is a former Lubbockite and attended Lubbock High school during her senior year.

Among the guests were Mesdames Robert Goodloe, James Campbell, Betty Winner, Jack Conley, and Misses Elizabeth Schmidt, Dorothy McGinnis and Fern Ball.

This was a continuation in a series of entertainments being given to honor Miss Lord during her visit.

Today's Calendar

Merry 16 Needle club, 3 p. m., Mrs. P. F. Revier, west of Town.

Mend 'n Mind club, 3 p. m., Mrs. L. J. Abbott, 1922 Twenty-seventh.

Lubbock Junior Garden club, 8:30 a. m., Hilton hotel, Dutch breakfast; later, Garden Clinic lecture at First Methodist church.

First Baptist Ruth class, 4 p. m., Mrs. J. F. Boldin, Levelland highway.

Flower clinic sponsored by Lubbock Garden club, 10 a. m., First Methodist Fellowship hall.

Tech women's social clubs open houses for rushees, 6 to 9 p. m.

Needle Club Bee, 3 p. m., Mrs. V. T. Brady, Levelland road.

Merry Bidders, 8 p. m., Talley Tea room, 1510-B Ave. M. Mrs. J. M. Wells and Mrs. May Flynn, hostesses.

AAUW Child Study unit 1, 10 a. m., Mrs. Frank Huggins, 3213 Twenty-third, coffee and program.

AAUW Child Study unit 3, 9:30 a. m., Mexican Inn, breakfast and book review.

Nomads of Avrudaka, 8 p. m., K-P hall.

Afternoon Club Is At Regular Meeting

Wednesday Afternoon Bridge club met this week in the Lubbock hotel apartment of Mrs. Ford Montgomery.

Attending were Mesdames Floyd Read, J. Floyd Smith, A. R. Marcus, Joe Morgan, Doyle McLeod, H. A. Watson, jr., and Sidney Keeton. Mrs. Marcus [illegible]h, and Mrs. Smith placed for low.

Mrs. Bill Stapleton Is Shower Honoree

Mesdames L. G. Pierce, Stanley Sigman and Morris McElrath, were hostesses at a coffee given Thursday morning in the Pierce home, 2825 Twenty-fourth, for Mrs. Bill Stapleton. The honoree was presented a layette shower.

The refreshment table centerpiece was a merry-go-round lamp.

Twenty-five guests called or sent gifts.

Argentina is restricting power use.

Breakfast Set Today

The initial meeting of Lubbock Junior Garden club will be a Dutch breakfast this morning at 8:30 a. m. at Hilton hotel. After breakfast, the group will attend the Garden Clinic lecture to be held at First Methodist church.

Sponsoring the breakfast meeting are members of the program committee, which includes Mesdames Jimmy Kerr, Clem Boverie, H. A. Anderson, M. E. West and Paul Sherrod. Mrs. Anderson, president of the club will be program leader.

P-TA News

Mrs. Hugh Newton and Mrs. Eugene Knox greeted guests at a get-acquainted tea given Thursday afternoon by George M. Hunt Parent-Teacher association at the school cafeteria. Mrs. Knox is president of the unit.

Garden flowers decorated the room and a lace cloth over green covered the refreshment table. Mrs. Earl Nail presided at the punch bowl.

Mrs. Pete Bynum and Mrs. C. A. White registered those who called and Mrs. Roger Williams played piano numbers during the afternoon.

• • •

AT HARWELL SCHOOL

New teachers were introduced by Howard L. Day, principal, when Chris Harwell P-TA met at the school Thursday afternoon. Mrs. J. G. Wilkerson, membership chairman, reported that 36 persons paid dues the first day of school. Four members take the national P-T magazine and seven the Texas magazine.

As a money making project, the unit discussed plans for sponsoring a womanless wedding in October. The group voted also to buy a punch set to be used by the organization. Mrs. Ralph Cline presided.

After the business meeting, tea was served. The room of Mrs. E. E. Rodgers, jr., won the attendance count.

• • •

PLAN CARNIVAL

Sanders P-TA, at its first meeting of the school year, planned an annual Hallowe'en carnival. Sixty-three persons met for the business session and get-acquainted tea.

Mrs. J. L. Damron was elected vice president and Mrs. F. B. Mullinex, treasurer, to fill office vacancies. Mrs. W. A. Bishop presided.

Room count was won by the classes of Mrs. Winnie Flyn, Mrs. Martha Hart, W. E. Lowrance and Mrs. Mildred Taylor.

Church Groups

"Waiting Upon the Lord" was theme of the installation ceremony conducted by Mrs. J. Ralph Grant for First Baptist Mary Martha class Thursday at the annex. Mrs. A. C. Bowden sang "Make Me a Blessing."

Those taking office were: Mesdames I. W. Hicks, teacher; W. C. Fry, assistant teacher; Walter Wright, president; Walter Herrin, Carl Owens, Walter Nichols and Joe George, vice presidents; George Moore, treasurer; Mike Fry and Winnie Biggers, secretaries; J. F. Nix, reporter; Robert E. Miller, pianist; G. P. Howell, Lillian Slay, H. G. Brock, Jack Alexander, A. W. Bates and Alfred Veazey, group captains.

Dahlias and pyracantha decorated tables for the class luncheon. The invocation was by Dr. Grant and other prayers were offered by Mrs. Joe George and Mrs. Grant.

Members of Mrs. B. G. Sherrod's group were hostesses. Twenty-four members and five guests, Dr. and Mrs. Grant, Mrs. Bowden, Mrs. W. H. Trice and Mrs. G. D. Holland, attended.

• • •

Glenda Kay Harris was elected president of Calvary Baptist Girls' auxiliary at a meeting held at the church Wednesday. Other new officers are:

Laura Brashear, vice president; Anna Joe Veazey, secretary; Patsy Trull, treasurer; Glennys Hailey, membership chairman; Judy Harris, program chairman; Saundra Stewart, social chairman; Sue Keith, telephone chairman; Carolyn Hobgood, pianist; and Barbara Keener, song leader.

Seven members, one guest and the counselor attended. A devotion from Psalms 100 was presented and a lesson on communism was taught.

TO INSTALL

First Baptist Ruth class will conduct an installation service at 4 o'clock this afternoon in the home of Mrs. J. F. Boldin of the Levelland highway.

When your youngsters make fudge, suggest that they put it over low heat at the beginning and stir constantly until every grain of sugar is dissolved. This careful dissolution of the sugar is one of the secrets of making creamy fudge.

Couple To Live Here

Mr. and Mrs. Clyde A. Gibson of 2008 Twenty-sixth announce the marriage of their daughter, Mrs. Lanier Felber, and T. G. Woolley of Lubbock, which took place Wednesday night at 6 o'clock at the home of the bride's sister, Mrs. Paul Pattillo, 3201 Twenty-eighth.

Mr. Woolley is a son of Mrs. S. S. Vaughan of Carlton.

The candlelight service was read by Dr. J. Ralph Grant, pastor of First Baptist church.

Following a trip to Colorado and New Mexico, the couple will be at home at 2316 Thirtieth.

A Japanese trade mission has visited Chile to study business opportunities.

Dahlia Show Will Be Open To Public Saturday, Sunday

South Plains Dahlia show, an annual event sponsored by South Plains Dahlia society, will be open to the public Saturday and Sunday at Kuykendall Chevrolet company display room. No admission will be charged.

Exhibits are to be brought to the display room before 12 noon Saturday. Showing hours are to be from 2 until 10 p. m. Saturday and from 2 until 6 p.m. Sunday. Rules were published in the Sunday Avalanche-Journal. There are to be two divisions in 13 classes.

Judges will be from out of the city.

CONDUCTING FLOWER CLINIC — Mrs. Howard S. Kittel, pictured at the right above, is conducting a flower arrangement clinic, sponsored by the Lubbock Garden club, at 10 a.m. today in Fellowship hall of the First Methodist church. Mrs. Joe Arrington, left, and Mrs. J. E. Waller, center look on as Mrs. Kittel gives some fine points of flower arrangement. She will lecture on "Flower Arrangements for the Home" in her program this morning, which is open to the public. Tickets are $1, including tax. Mrs. Kittel will conduct a working clinic for Lubbock Garden club members from 1 to 3 o'clock this afternoon. Mrs. Kittel, nationally accredited flower show judge, is an instructor in floral art in southwestern and southern garden clubs. Some of the 40 arrangements she will have on display this morning are shown on the table in the foreground. (Staff Photo.)

Homecoming Dance Planned By Alumnae

Mrs. Bill Anthony was hostess to a meeting of the Sans Souci alumnae Wednesday at 8 p. m. in her home, 2501 Thirty-third, when plans were made for a homecoming dance to be held at the Lubbock hotel Oct. 14.

The first Tuesday of each month was set as the group's regular meeting date, and Mrs. Wade Eller was elected to serve as vice-president.

Refreshments were served to Mesdames Eldon Rawlings Wade Eller, Travis Shelton, Julian Fairly, Bob Pirtle and R. M. Williamson and Misses Elaine Head, Jean Newman and Ann Webb.

Tea Is Event For Idalou Junior Club

Idalou Junior Civic and Culture club held a tea Wednesday afternoon as the opening event of the fall season. Mrs. Bruce Isom and Mrs. J. W. Furgeson were hostesses.

Mrs. H. E. Searsy, as leader, led the roll call on summer activities. The president, Mrs. J. E. Carpenter, gave greetings and Mrs. Sid Capshaw discussed the yearbook. Topic of the day's meeting was "To the year that is gone, hail and farewell! To the year which shall come, happy greetings."

Miss Wanda Lee Sawyer was accepted as a new member.

Changes In Color And Line Seen At League Style Show

The three dozen costumes modeled in the Lubbock Junior Welfare League style parades Thursday at luncheon and dinner showings were characterized by contrast to last year's fashions in both color and line. Lengths have risen to approximately 14 inches from the floor, and the blaze of color featured in the 1948 styles has burned down to autumn tones and shades which mix and mingle for versatility and charm.

Slim, slim lines are this year's suit skirt keynotes, and shoulders have reverted to their own natural selves, sloping or gently rounded and feminine. Crisp fabrics in the surah or taffeta type are on top of the party dress favorite list, but for street, sport and business wear tailorable tweed and figure molding wool jersey will be the main course on the fashion menu.

Bright Spot Noted

In the color department vibrant red will be the principal spot of brightness, and other shades and colors will be in taupe and neutral shades and tones, warm browns and jet blacks. A subdued gold and and a dull-toned green give surprising brightness to their companion costume colors, beige, tan and balenciago, and will be especially good for accent and accessories.

Modeling in the shows and the business concerns which provided the clothes were: Mesdames Harold Humphries and Charles A. Rosebrough, the Booterie; Mesdames Jack Boren and Harris Underwood, Dunlap's; Mesdames J. M. Reynolds and Wright Kerr, Hanna-Pope; Mesdames Oliver C. Thomas and Hiram Parks, Hemphill-Wells; Mesdames O. L. Slaton, models at the Academy of Personal Development.

Mrs. R. B. Parkinson was installed as president, with Mrs. H. I. Lynn, a past president, in charge of the ritual.

A social hour followed the business meeting and program with Mrs. Lynn assisting Mrs. Wilbanks with hospitalities.

Guests were Mrs. Lucille Garrison and Mrs. Arnold Chauncey. Members present were Mesdames Stanley Cotton, Ivan G. Mayfield, Ray Chapman, Cecil Pickens, A. L. Rose, jr., R. D. Barnett, R. B. Parkinson, Elizabeth Florence, Lynn and Wilbanks.

Thoughts, Attitudes Discussed In Talk At Sorority Meeting

"Happiness depends to a great extent upon a positive attitude of mind," Mrs. Marihelen Millington told members of Zeta Chi chapter of Beta Sigma Phi sorority in her talk on "Happiness Through Control" at a meeting held Wednesday night at the home of Mrs. William A. Wilbanks, 3022 Twentieth street.

"Constructive and happy thoughts are most important, as negative thoughts and attitudes breed neuroticism," the speaker said. She pointed out that the individual can do much to improve herself by attention to daily exercise, relaxation, posture, poise, wardrobe details and self-analysis. Mrs. Millington trains professional jr., and Tom Carle, Margaret's; Mesdames Ernest St. Clair and Horace Humphries, Hackel's.

Narration was by Mrs. John Robert Mosley, and writing the script were Mesdames James G. Baker and James H. Milam. Background organ music was by Gerre Hancock.

Welcoming the approximately 250 women attending was Mrs. R. S. Prothro, president of the league.

It's Calendar Day!

Club reporters are reminded that Sunday's Social Calendar is compiled today, and if announcements of next week's club meetings are to appear in it, the Society desk must be notified by 12 noon today. The meetings will be on the third Monday through Wednesday and the fourth Thursday through Saturday, or Sept. 22-27.

Deadline for Sunday Society pictures is 6 p. m. Thursday and deadline for Sunday Society stories is 12 noon Saturday.

IMPORTANT: Don't miss JoAnn's Style Show-Tea at the Hilton Hotel Ballroom Sunday, Sept. 18th, 4 to 5:30 p. m.

MAJOR PROBLEMS ARISE

New Leader In Germany Works To Strengthen Narrow Margin

By JAMES DEVLIN
Associated Press Staff Writer

BONN, Germany, Sept. 15—Dr. Konrad Adenauer, elected chancellor of Germany's new republic by a one-vote margin, worked tonight to strengthen his government coalition.

The 73-year-old Catholic conservative from the Rhineland faced knotty patronage problems with the three right-wing parties slated to make up the cabinet.

Policy Stand Made

But he took time to voice a major foreign policy stand—he said in a statement Germany will never give up claims to Polish-occupied eastern territories. He attacked Russia's insistence that the line of the Oder and Neisse rivers be Germany's eastern frontier.

"There can be no discussion of this," Adenauer said. "The Oder-Neisse line is a totally one-sided decision."

Adenauer's narrow vote margin in Parliament brought mixed forecasts on the future of his regime. Dr. Robert Lehr, a member of Adenauer's own conservative Christian Democratic Union party, admitted "the small majority which the chancellor obtained indicates the seriousness of the situation facing the new government."

Adenauer has until Tuesday to make his policy statement and introduce his cabinet to the Bundestag.

Frontier Revision Wanted

In a statement to the Associated Press, he said his government will work for revision of Germany's eastern frontier, try to become a member of the Council of Europe, and seek closer relations with France as well as with the United States and Britain.

Adenauer said he favored withdrawal of western allied troops from Germany at this time "if Russian troops withdraw at the same time" and if the so-called people's police in the Russian zone "were led back from their present status to that of a real police force again."

He proposed that the allies "be sensible enough to drop allied controls after a while" on German exports.

Denazification punishment for "little people who have done nothing extraordinary" should be ended, he said.

Suspect's Family To Move To Vera Cruz

LAREDO, Sept. 15 (AP) — The family of George Ochoa, who is wanted here in the slaying of two men, is planning to move to Vera Cruz, Mexico, friends reported today.

Ochoa is believed to be in Mexico. The Laredo importer disappeared July 31 after Henry D. Whittenburg, South Texas ginner, and Cpl. James Lindsay, 30, of Oneida, Tenn., were found shot to death in a Laredo hotel.

Ochoa is charged with Whittenburg's death and is wanted for questioning in the shooting of Lindsay.

Friends said Mrs. Ochoa had sold two of her automobiles in San Antonio and was preparing to leave for Vera Cruz.

Contacted at her home by telephone, Mrs. Ochoa said she had no statement to make. She would not verify or deny the report.

The FBI is working on the case and an agent said Monday a break was expected in the case in the next few weeks. Maybe sooner.

The FBI entered the case after a federal charge of "flight to escape prosecution" was filed.

Police Chief Gallaher said he thought jealousy was the motive but declined to elaborate.

Ochoa knew Lindsay but it has not been established that he ever met Whittenberg. The slain men were acquainted and both knew Mrs. Ochoa, District Attorney E. James Kazen said.

Lahore will be the site of the Federal Court of Pakistan, with Sir Abdul Rashid as Chief Justice, according to reports.

Search For 'Lost' Mine Replaces Hunt For Pirate Treasure

By PAUL ROSENFIELD
United Press Staff Writer

HOUSTON, Sept. 15.—The hunt for pirate Jean Lafitte's treasure ship in the marshlands of South has been temporarily halted, but a partner in the exploration said today he was now interested in a 200-year-old mine.

B. J. Kriger, 34-year-old war veteran, said "too much publicity" had forced him and his partner, Leo T. Beane, jr., to seek greener pastures.

'Lost' Mine Sought

So Kriger, who also sells automobiles, has shifted his hobby of hunting treasures to a "lost" gold and silver mine near San Saba.

A work crew, led by J. A. Whitehurst of Fort Worth, Krigar's partner in the new venture, left yesterday for the mine sight.

"We don't know what we'll find there, but we're hoping for good luck," Krigar said. "That hole has been in the 'lost' category for about 200 years."

Whitehurst took four helpers with him, and expected to hire two more in San Saba. He owns the land where the shaft is located, so the expedition needs no grant from the state land commission, Krigar explained.

Treasure Hunt Abandoned

The Krigar-Beane expedition stired South Texas and the little town of Wallisville a month ago when it announced plans to dig through the clay and mud of Lake Miller for Lafitte's vessel, believed scuttled 128 years ago.

The fabled pirate reportedly sank the 75-foot ship, Pride, in Lake Miller when U. S. naval vessels cut off his retreat to the Gulf of Mexico.

Krigar's five-man expedition moved through jungle-thick foliage to the boggy lake and commuted from Houston to Wallisville daily throughout two weeks of digging. Then suddenly the state land commission revoked its permit to Krigar.

"I had that done myself," the veteran said. "We were just getting too much advance publicity before we found anything."

But in those two weeks, a 16-foot penetration was made in the clay and mud of Lake Miller—enough to show the diggers that "some kind of a boat" was on the bottom.

"We don't know what kind it is, or if it ever belonged to Lafitte," Krigar acknowledged, "but we do know there's a good-sized boat on the bottom."

When operations are renewed, the work crew will live in a rented house in Wallisville, Krigar said, located about half a block from the Trinity river, where their boats are docked.

Three Men Arrested In Texas Taken To Oklahoma For Trial

ARNETT, Okla., Sept. 15. (AP)—Three men arrested in Texas earlier this week on burglary charges have been returned here for trial.

Undersheriff Clell Bowles of Ellis County, Okla., identified them as Harold H. Ainsworth, 31, Ranger, Texas; Otis Woodring, 24, Snyder, Okla., and Clifford L. Haugawout, 29, Perry, Okla.

He said Woodring was arrested in Borger, Texas, and the other two in Miami, Texas.

The trio are charged in two burglaries committed here Sept. 7.

Borger authorities said Woodring escaped jail Sept. 1 at Vernal, Utah, where he was held on robbery and kidnapping charges.

Barkley To Take Part In Dallas Ceremonies

DALLAS, Sept. 15. (AP) — The vice-president of the United States, Alben Barkley, is coming to Dallas Saturday to officially open this city's first television station.

Tom Potter, owner of station KBTV, announced today that the vice-president by telegram has accepted an invitation to cut the ribbon officially opening KBTV's new television facilities. The ceremony will take place at 8 p. m. (CST) Saturday and will be televised.

The vice-president advised Potter he would arrive at Love field at 5:10 p. m. (CST) Saturday and would remain in Dallas for the opening celebration after the ribbon-cutting ceremony.

A baliwag straw hat often costs $200 in Manila.

Oak Knoll Businessmen Object To Conscientious Police Action

FORT WORTH, Sept. 15. (U.P.)—Abolishment of the Oak Knoll city government or a tax levy for purchase of traffic lights was suggested today by a group of 65 businessmen.

They charged a police crusade against speeders was hurting their business.

The group decided to name a committee to fight for one of the two choices.

Oak Knoll police have been bitterly criticized recently for their ticket-writing activities.

The village has become a "speed trap" is the most common cry.

A. A. Haberman, a furniture dealer, said that since the speeding agitation started, his business had dropped "from $200 and $300 a day to $10 in three days."

Not everyone in Oak Knoll agreed with the merchants.

At a mass meeting last night, Oak Knoll citizens praised police for curbing speeders. They said it made the village safer for children.

Men, Women! Old? Get New Pep, Vim
Feel Years Younger

Do you blame exhausted, worn-out feeling on age? Thousands amazed at what a little pepping up with Ostrex has done. Contains tonic many need at 40, 50, 60, for body old just because low in iron; also supplementary doses Vitamin B1, calcium. New "get acquainted" size only 50c. Try Ostrex Tonic Tablets for pep, younger feeling, this very day.

Westerners Face Tough Childress Eleven Here Tonight

Locals Take Role Of Favorites; 13 Lettermen On Team This Year

The first test of the Lubbock High school Westerner football team will be seen tonight when the Bobcats of Childress invade Jones Stadium for a game at 8 p. m.

Neither team has met competition thus far, but the Westerners, coached by C. R. (Pat) Pattison, have assumed the favorites role in the contest by virtue of a more seasoned squad.

The Westerners have 13 lettermen returning to action this season, the total remainder of last year's squad. Of this number four are in the backfield. Childress is reported to have six line lettermen, with backfield returnees.

★ ★ ★

Ducats On Sale

Tickets for the contest may be bought until 5 p. m. at the athletic office at Lubbock High school, and students of Carroll Thompson Junior High school may pick up student tickets at Logan's, across the street from the high school, from 1 to 4 p. m. today. No student tickets will be sold at the gate. Reserved seats are $1.50.

Unless a hot, clear day is in prospect today, with an accompanying wind, the field at Jones stadium is expected to be soggy and wet from rains that have soaked the entire area for the past few days.

Both coaches were hoping for a dry field in order to better display their team in the opener of the season.

Last year Lubbock and Childress met in a very exciting game, with the Westerners defeating the Bobcats, 21-14, although T. Jones, Childress quarterback, nearly took over for the Bobcats, completing 11 of 14 passes for 169 yards and two touchdowns. The graduating of Jones left a large hole in the Childress offense.

'Glad When It's Over'

Childress, last season, was an underdog in the game with Lubbock, and Coach Pattison said late Thursday that he "respected the Bobcats and their coach, Don Ezell."

In referring to the game, Coach Pattison commented, "I'll be glad when it's over. You never know what will happen in the first game of the season."

Leading the Westerner attack will be Quarterback Bobby Brown, who last year was one of the mainstays of the Lubbock backfield. Being the man under the T, he will not run with the ball in all probability, but he is a fine ballhandler and play director.

Three speed merchants will carry the load of moving the ball downfield. At left halfback is Wayne Stroud, flashy broken field runner, and opposite him is Charlie Williams, top sprinter on the track team the past year, and a seasoned veteran. Completing the backfield setup is Malcolm Young, a hard-running fullback.

Two lettermen will be at the ends, Garnet Reeves at the left terminal and Billy Wright at right end. Douglas Ross, who earned a letter last year at fullback, will be at right tackle, and Joe Brock, will start at the left tackle post. Ross and Brock will serve as co-captains tonight. At guards are Sammy Modral, heavyweight on the squad at 225 pounds, and Freddie Gray. And Douglas Wienke will be the starting center.

The Lubbock backfield will average 157 pounds going into the game, and the linemen will tip the scale at an average of 187 pounds.

The Childress line will average 170 pounds per man and the backfield 150.

At end will be Kenneth Bearden and Harold Wright, Bearden a letterman and Wright a squadman last fall. Sid Holland, another letterman in the line, plugs left guard, and Granville King will be starting at right guard.

Starting at left tackle will be Earl Smith, and Kirby Galbraith will be at the other tackle post. Galbraith is the heaviest man on the squad, weighing 190. Center will be Jack Owens.

Joe Powell, lanky 160-pounder has been handling the Bobcat passing, and he will be assisted at left halfback by Kenneth Buckley, with John Baker at the other halfback position. A sophomore, George Crews, is the starting fullback.

Childress can be expected to use a wide-open style of attack, weather permitting, with lots of spread formations from the T-formation and single wing, double and triple wingback formations. Passes will be seen often unless the ball is too slippery.

The Westerners will use a straight T-formation attack, with the accent on power and deception.

Dimmitt Defeats Amherst, 38 To 0

DIMMITT, Sept. 16. (Special)—Dimmitt's Bobcats rolled over a game, but outclassed, Amherst High school eleven here tonight 38-0 in the first home game of the year before a crowd of 1,100 fans.

The visitors held the Bobcats fairly well in check for the first half, but four touchdowns, three of which came in the final quarter, crushed Amherst in the last half.

Leading the attack for the Bobcats were Everett Wilkinson with three touchdowns, Billy Hodges with two touchdowns and two extra points, and Gene Easley with a lone tally. Almost all touchdowns came on long runs.

Dimmitt held a wide edge in statistics, piling up vast yardage on the ground and air and holding a 20-11 edge in first downs.

Amherst ran only six plays in the first half, the Bobcats controlling the ball the majority of the time. Two touchdowns gave the home club a 12-0 margin at the intermission, which turned out to be more than enough.

Hodges scored the first touchdown on a run of 10 yards after the Bobcats had marched down the field. The conversion effort failed. In the second quarter, Easley broke loose for a 40-yard dash off right tackle. Again the conversion failed.

Wilkinson tallied the first of his three consecutive touchdowns in the third quarter, going around left end for 15 yards. Once more the conversion failed.

In the final canto, Wilkinson started the scoring parade with a sprint of 25 yards around left end for the touchdown and racked up his third score moments later with a 30-yard jaunt around left end. The final touchdown came late in the quarter when Hodges ambled 35 yards after taking a flat pass from Quarterback Douglas Dennis. Hodges plunged for both his extra points.

Easley, Hodges, Wilkison and Dennis were all standouts in the Dimmitt backfield, while Captain Lloyd Leasure, an end, also attracted wide attention with his play.

For Amherst the play of Fullback R. Bryant and B. Davis, a blocking back, was outstanding.

This was Dimmitt's second triumph, the Bobcats turning back Sudan last week. They play at Springlake this Friday in a crucial conference game.

A meat packing plant at Chihuahua, Mexico, is bringing in registered hogs from the United States to encourage scientific hog-raising there.

Joe Medwick Given Release As Manager Of Flamingo Nine

MIAMI BEACH, Fla., Sept. 15 (INS)—Joe (Ducky) Medwick, one-time clean-up hitter for the St. Louis Cardinals, was given an unconditional release today as manager of the Miami Beach Flamingos in the Class B Florida International league.

Medwick's successor has not been selected.

During the final stages of the Florida International loop campaign and on through the early play-offs, Medwick came in for a flurry of adverse criticism from fans who thought he was not trying to win.

The Martha gold mine, in New Zealand, which yielded $96,000,000, is closing down.

Tribe Defeats Yankees, 10-6

NEW YORK, Sept. 15 (AP)—The Cleveland Indians beat New York, 10-6, today, reducing the Yankees' lead over the idle Boston Red Sox in the American league to two and a half games. Five of the Indian runs came in the eighth frame and they added two more in the ninth.

Bob Lemon notched his 20th mound triumph of the season. Allie Reynolds was the loser.

Larry Doby's 22nd home run in the sixth inning broke up a 2-2 deadlock, and the crowd of 20,969 saw the Indians shove five more across the plate in the eighth after two were out.

The Yankees came back with four in their half on homers by Cliff Mapes and Yogi Berra, but Cleveland got another pair in the top of the ninth off reliefer Duane Pillette to clinch matters.

Lemon who was blasted to the showers during the Yankee's eighth inning uprising, and Al Benton got the Yanks out in the ninth with the aid of a double play.

The Indians now are 6½ games off the pace with 15 games to play. They return here Sunday and Monday.

Spector New Head Of Borger Baseball Club

BORGER, Sept. 15 (AP)—Announcement was made today that stock owned by Dr. Marshall Dyke in the Borger Gassers has been sold to D. M. Spector.

Dr. Dyke has been co-owner of the club with Spector since the latter part of the 1948 season. Reasons for disposing of his stock in the Gasser baseball setup was explained by Dyke in the following statement:

"Due to increased demands upon my time as an optometrist, I feel that I am unable to devote the time that is needed for the baseball team.

"The practice of my profession absorbs the major portion of my time and it is impossible to find enough time to do justice in the position I have been holding in the baseball club.

"With my interest in the club goes my sincere hope and best wishes to Spector for a winning baseball team in the 1950 season," Dyke's statement concluded.

Spector simultaneously announced the following changes in the officers of the Borger Baseball Club, Inc.; D. M. Spector, president; Abe Latman, vice president; and Foy Pennington, secretary-treasurer. Eddie Carnett has been named business manager of the club succeeding Larry Gilchrist, Spector announced.

Production of cigaret papers requires the annual use of nearly 500,000 tons of flax straw.

Albuquerque Downs Lamesa, 9-2

Ferrarese Hurls Two-Hit Victory

ALBUQUERQUE, Sept. 15. (AP)—Southpaw Don Ferrarese tonight hurled a two-hit 9 to 2 victory to give the Albuquerque Dukes a chance in the West Texas-New Mexico league playoff finals.

An overflow crowd of 4,240 persons—largest of the season — saw Albuquerque take the playoff win in the seventh and final game in the first round.

Ferrarese allowed only two Texas league singles by Glenn Selbo and pitcher Bob Upton.

The series was tied three games each before tonight's games. The Albuquerque Dukes meet Amarillo in the finals starting here Saturday night.

The Duke hurler struck out only six to run his season total to 276, but Lamesa couldn't get a solid blow off him all night. Only four balls were handled in the outfield. Only two men reached first base in the last six innings.

Lamesa took a 2 to 0 lead in the first inning when Ferrarese walked Leon Mitchell and D. C. Miller with two away. Glen Selbo then lifted a pop single to right field that was mishandled by Cliff McClain and two runs scored.

The Dukes erased the margin and went ahead in the same inning. Dawson led off with a single and McClain also singled to left field. Then manager Hershel Martin hit a home run over the right field wall to put the Dukes ahead to stay.

Allan Maul walked and Dick Gyselman doubled to left field to send starter Eulis Rosson to the showers. He was relieved by Bob Upton, who struck out Les Mulcahy and walked Attyd to fill the bases. Then Hamrick hit a double that cleared the bags and put the Dukes ahead 6 to 2.

The Dukes threatened but didn't score again until the fifth inning when Mulcahy reached first on an error and scored on Len Attyd's triple to right center. Hamrick singled in Attyd and Ferrarese made it to first on an error. Hamrick was caught trying to steal and then Dawson tripled to left field to score Ferrarese with the last run.

Manager Hershel Martin has named righthander Frank Shone to start the playoff series against Amarillo Saturday night here. Duke owner Cy Fausett declared tomorrow an off day because of a football game.

Morgan To Take 38-Man Team

Raiders Leave Today For Longhorn Tussle

A 38-man Texas Tech football team was scheduled to leave the athletic dormitory at the college this morning at 7:30 bound for Austin and tomorrow afternoon's meeting with a Texas university squad that was a heavy favorite in pre-game talk.

Coach Dell Morgan cut his original 42-man squad, after injuries and poor showing by one or two players left doubt in his mind that they could help the team. The Red Raider coach declared that he was taking only players who could help in Austin.

Not making the trip because of injuries will be Rex Pinson and John Andrews, tackles, J. W. Thompson, fullback, and Herman Bailey, halfback. Pinson and Thompson both underwent minor operations this week and probably will be ready for action next week. Andrews still suffers from a bruised right shoulder and Bailey has a leg injury.

Yesterday's final practice session was most unsatisfactory. Rain drove the squad under the grandstands at Jones stadium, where the Raiders were exposed to Texas plays. But the limited room in which to maneuver caused much of the effectiveness to be lost. Defensively, the Raiders fell into various Longhorn traps and the coaches weren't happy over Raider showings.

Practice Unimpressive

In fact, practice this week hasn't been impressive, even though the Raiders have had only one decent workout. They went through a long offensive drill Monday. Rain and cold Tuesday forced them under the stands for more offensive work, when Morgan wanted a stiff scrimmage. Wednesday the squad did scrimmage, but the freshmen made the varsity look bad. And yesterday's weather also hurt.

Coach Morgan has expressed complete dissatisfaction with the Raiders this week. They have failed to block well and both backs and linemen have been missing their assignments, as well as forgetting them. Most of the time the Raiders have seemed to be thinking of the game lightly, not a healthy condition.

The Game Roster

The complete squad:

Centers: Bobby Williams, J. B. Mahler, Aubrey Phillips, Robert Hix.

Guards: Dan Pursel, Don Williams, Milburn Haydon, Robert Garner, Don Anthony, Walt Edrington, Dick Cavazos, Bill Stallings.

Tackles: Jerrell Price, Marshall Gettys, Doug McCwane, John Tom Baker, Bill Glidewell, Bobby Broyles, Jack Cockburn.

Ends: Luke Thompson, Elbert Johnson, Hugh and Dick Jackson, Bill Sharpley, Jack Davis, Dick Pirtle.

Quarterbacks: Ernest Hawkins, Milton Rathbone, Bill Lyman, Albert Salem.

Left Halfbacks: Cal Steveson, Ike Stuver.

Right halfbacks: Tim Hatch, Bill Barbee, Bobby Close, Eural Ramsey.

Fullbacks: Bud Conley, Earl Jackson.

Johnny Bratton Scores TKO Over Chuck Taylor In Chicago

CHICAGO, Sept. 15 (INS) — Johnny Bratton, leading lightweight and welterweight contender, scored a sensational TKO tonight over Chuck Taylor in the second round of a scheduled 10-round bout at Chicago's Marigold Gardens.

Taylor's seconds threw in the towel at 2:29 of the second session after the Coalport, Pa., boxer was floored six times and knocked out of the ring once.

Bratton, a hard-punching Chicago boy weighed 150, while Taylor scaled 147.

Whiteface Drops Lobo B Team, 12-0

WHITEFACE, Sept. 13—Whiteface High school's football team turned in its first victory of the year here tonight on a sodden gridiron before approximately 800 fans, the Antelopes turning back the Levelland "B" team 12-0.

A touchdown early in the first quarter and another midway through the final stanza constituted all the scoring tonight. For most of the game the two teams battled on fairly even terms in the mud. Whiteface rolled up eight first downs to two for Levelland and gained 172 yards net rushing against 60 for Levelland.

The wet field caused several fumbles throughout the game by each team. The Antelopes had four penetrations, while Levelland had none, but fumbles generally broke up all drives. Each team lost 25 yards on penalties.

The first touchdown came when Edwin Haskins, an end, went over from 10 yards out on an end around play. The conversion failed. The score climaxed a drive of 60 yards down the field.

In the final quarter, John Plunkett plunged over from the two on a quarterback sneak, after the Antelopes had marched 70 yards. Again the conversion failed.

The Whiteface line was working superbly tonight as Coach L. S. Salser's crew evened the score for the year. Anton beat the Antelopes last week in the season's opener.

For the visitors, Billy Taylor, a back, was the outstanding player, while three men stood out for Whiteface, Dan Gilbert and Plunkett in the backfield, Haskins in the line.

Next week Whiteface entertains the powerful New Deal Lions here.

Cats Defeat Sports, 3-0

FORT WORTH, Sept. 15. (AP)—Joe Landrum, the Fort Worth Cats' 20-year-old 19-game winner and the Texas league's "Pitcher of The Year" hurled a two-hit, 3-0 shutout over Shreveport sports in their semifinal round Texas league playoffs.

Robert Milliken, 22-year-old righthander, had held the Louisianans to to three hits in taking an 8-1 decision in last night's opener.

Landrum walked three men and struck out six. Issuing the only hits to Lester Burge and Bill Sarni, the latter's a double. They came in succession and Burge tried to score but was thrown out at the plate.

SMU Is Puzzled Over 'Reports'

DALLAS, Sept. 15 (AP)—Southern Methodist university athletic officials were puzzled today over an epidemic of wild reports concerning some of the football players.

"Has Doak Walker broken his arm?"

"Is it true that Kyle Rote and Dick McKissack were killed in an automobile accident today?"

Harried officials are kept busy answering such queries.

In today's report of the psuedo Rote-McKissack accident, the Associated Press contacted Rote at his home.

"Gosh," said Kyle, "I'm sure glad to know that report isn't true."

The day before Doak Walker had raised his right arm and said: "See, It's broken; I can't raise it above my head like this."

Doak was as puzzled as anybody else on how such a report originated.

Lester Jordan, business manager of athletics, was a trifle irked.

He was gotten out of bed at midnight (Lester retires early in order to build up his energy for answering questions like this: "Are there any more Notre Dame-Southern Methodist tickets?") and asked if Kenneth Duke, a freshman from Nashville, Tenn., had broken his leg. The query came from Nashville and was relayed by the Associated Press.

"I don't mind answering wild rumors but I sure wish they'd come in the day-time," Jordan growled.

Frenship-Pioneers Football Game Postponed Until Saturday

The Frenship-Pioneers football game, scheduled for last night at 7:30 at Chapman Field was postponed until Saturday night at the same time and location.

School officials postponed the game because of the heavy rains yesterday.

Tickets for the game will be 50 and 25 cents, with the only sale at the gate.

SWC Is Set For Rough Weekend

By HAROLD V. RATLIFF
Associated Press Sports Editor

Three Southwest Conference football teams rip off the wraps this weekend.

The Texas Aggies would like to rip the Villanova Wildcats up and down the back.

The Texas Christian Horned Frogs would just love to give the Kansas Jayhawks some slashes where they hurt most.

The Texas Longhorns hope to leave Texas Tech's Red Raiders a shredded mass.

It really isn't the way it sounds but the Aggies, Frogs and Longhorns won't be pulling any punches.

Wildcats Favored

While Southern Methodist, Rice, Arkansas and Baylor look on, A. and M. will unveil a team surrounded with little more than hope against the Villanova Wildcats at College Station Saturday night.

Victory for the Cadets would be a shot in the arm to a lot of folks. Few give them much chance of turning the trick this week, either. But it ought to be quite a ball game. The Aggies maybe don't beat anybody but they make them score a lot.

Villanova brings a veteran team, seeking a bowl bid, to Aggieland. It looks even more powerful than last season's outfit that had one of the nation's best records.

A crowd of about 25,000 is due to turn out. Unless it rains the best attendance for an opener in Aggie history is considered a certainty.

TCU Game Top Test

The Texas Christian - Kansas game at Lawrence, Kans., Saturday afternoon will be the nation's top test of the week. TCU has a veteran team that should lick the Jayhawks in resounding fashion.

Kansas never yet has been able to beat TCU and this doesn't appear the time to set a precedent.

Texas meets Texas Tech at Austin Saturday afternoon and this time it probably won't be a matter of manpower if Texas whams the Red Raiders. The Longhorns wore down Tech with reserves in 1947 in winning 33-0. It was the same the year before.

Texas isn't overly-burdened with reserves this time. Tech seems to have as many good men as the Orange.

Anyway, Coach Dell Morgan is taking 38 players to Austin. He hopes a cool spell will help him along. The Austin heat has been a handicap in the past for the boys from the South Plains country.

Schroeder Wins In Southwest Tennis

LOS ANGELES, Sept. 15 (INS)—Ted Schroeder moved a step closer to his revenge match with National Singles champ, Richard (Pancho) Gonzales, today as he won his way into the semi-finals of the 23rd annual Pacific Southwest tennis tournament.

The Davis Cupper from La Crescenta, Calif., looked alternately sloppy and tremendous as he downed Herbie Flam, youthful UCLA netter, 6-4, 1-6, 7-5, 6-3, in their quarter-final set-to.

Schroeder now must get by Frank Parker, Los Angeles, to attain the finals while Gonzales, if there is to be a "revenge" match, has to eliminate the formidable South African, Eric Sturgess.

Parker had little trouble downing Earl Cochell, San Francisco, 6-3, 6-4, 7-5, in today's other men's singles quarter-final meeting.

Gonzales, meanwhile, confined his activities to doubles play. He teamed with Parker to eliminate Felicisimo Ampon, Philippines champ, and Straight Clark, University of Southern California, 6-3, 6-3, 3-6, 6-3. It was a quarter-final match.

In another doubles quarter-final, Bob Falkenburg, Los Angeles, and George Worthington, Australia, eliminated Eustace Fannin, South Africa, and George Richards, Montebello, Calif., 6-4, 0-6,6-3,3-6, 6-2.

WT-NM League Sets All-Time Attendance Record Of 674,465

DALLAS, Sept. 15 (AP) — The West Texas-New Mexico baseball league set an all-time record in attendance this year, president Milton Price said today.

The league drew 674,465, which was 6,669 better than the previous record, set in 1946.

Attendance last year was 600,011. Four clubs showed an increase over last year. They were Abilene with 100,609—49,569 better than in 1948; Amarillo with 111,487—9,174 better than last year; Borger with 74,999—2,500 ahead, and Lamesa with 76,627—2,426 better.

ERNIE BONHAM DIES

PITTSBURGH, Sept. 15 (AP) — Ernie (Tiny) Bonham, 36, veteran Pittsburgh Pirates pitcher, died in Presbyterian hospital where he had been operated on for appendicitis. Doctors said his death was caused by complications following the operation, Sept. 9.

Petersburg Buffaloes Lacking In Veteran Players This Year

Coach Is Gloomy About Buff Hopes

PETERSBURG, Sept. 15. (Special)—"Not much to go on" is the way Coach Joe King sizes up his Petersburg Buffalo football roster, and apparently King has just cause for his pre-season pessimism.

The Buffaloes have only three lettermen on their 28-man squad, and Friday night they embark on one of the toughest Class B schedules to be found in West Texas. Within their own district, 4-B, the Buffs meet such standouts as Ropesville (in the season opener), Meadow, Idalou, Whiteface and New Deal. In addition, they tangle with the power-laden Kress crew in a mid-season joust.

To get through this lineup, Coach King must rely largely upon inexperienced players who will be getting their first real taste of conference competition.

Lettermen Carry Load

Three two-year lettermen are expected to bear the brunt of the Buffalo load. They are Capt. Hal Hegi, 165-pound right tackle; Paul Main, 156-pound halfback, and Buddy Saffle, 156-pound left end.

Around these stalwarts, King will have to fill in with squadmen and grid newcomers. All in all, it looks like a rough road ahead for Petersburg this fall.

The complete Buffalo schedule: Sept. 16, Ropesville at Petersburg (Conf.); Sept. 23, Petersburg at Plains; Sept. 30, Whiteface at Petersburg (Conf.); Oct. 7, Frenship at Petersburg (Conf.); Oct. 14, Petersburg at Meadow (Conf.); Oct. 21, Petersburg at Kress; Oct. 27, Petersburg at Cooper (Conf.); Nov. 11, New Deal at Petersburg (Conf.); Nov. 18, Lubbock "B" at Petersburg; Nov. 24, Petersburg at Idalou (Conf.)

Petersburg Roster

The Petersburg roster, with respective weights, classifications and years—if any—as lettermen, includes:

ENDS—Buddy Saffle (156, Jr., 2L); Don Staley (141, Jr.); Charles May (120, Soph.); James Stack (126, Sr.); Scot Ellison (142, Jr.).

TACKLES—Hal Hegi (165, Sr., 2L); Earl McDonough (164, Soph.); Frankie McDaniel (133, Soph.); Waymon Culp (162, Soph.); John McCasland (140, Sr.); Kenneth Hildreth (140, Soph.).

GUARDS — Tommy Randolph (138, Soph.); Herbert Welch (145, Jr.); L. D. Williams (116, Fresh.); Bob Holloway (115, Fresh.); George Patterson (103, Fresh.)

CENTERS—Gene Martin (127, Jr.); Johnny Smith (126, Jr.).

QUARTERBACKS — Kenneth Kirkpatrick (140, Sr.); Pete Blassingame (130, Fresh.).

HALFBACKS—Paul Main (156, Jr., 2L); Lural Brunson (125, Soph.); Gene Briggs (143, Fresh.); Cleve Holt (122, Sr.); Weldon Williams (100, Jr.); Billy Bruington (101, Soph.).

FULLBACKS — Kenneth Meadows (151, Soph.); J. W. Marr (150, Sr.).

LAMESA CENTER — Bill Hart, 162-pound letterman, will be at the center post when Lamesa's Golden Tornadoes open their 1949 home grid season tonight against the Seminole Indians. Coach Bob Harrell's Lamesans will be trying for their second straight win over area Class A teams, having beaten Levelland, 7-0, last week. (Staff Photo.)

SPORTS Slants
BY CHOC HUTCHESON

Gather round, you Lubbock Westerners. It's time for a little pre-season pep talk.

Tonight you fellows open a football season which could be one of the school's brightest. Though there are some rough edges yet to be knocked off by Coach Pattison and his assistants, your team has the making of a great ball club—one that conceivably could duplicate the 1939 team's state championship performance.

Likewise, this 1949 campaign quite possible could turn into a terrific disappointment. The public is expecting a great deal of you, perhaps too much, so it will be doubly let down if you fail to come through.

• • •

As I see it, you Westerners will have a successful season if you'll simply remember that a ball team, despite its natural talents, has to persevere in common, everyday "effort" to win many of its games. By this, I mean effort on the practice field as well as on the playing field.

Also, keep in mind the fact that favorites don't always win. Remember Odessa in 1947, and Port Arthur in 1948? Well, don't let Lubbock be known as "the team that failed" in 1949. You'll have "soft" spots on your schedule, all right—games in which you probably will pile up sizeable scores. But don't let this lead you to the mistaken belief that you can't be beaten, because you can—and you will, if you grow overconfident.

Every team you meet this year will, because of your big "build-up," be keyed to the hilt in preparation for you. So just play your games one at a time, starting with Childress tonight and giving your best all the way. If you have what it takes, the future will take care of itself.

Good luck.

• • •

Texas Tech Coach Dell Morgan said Thursday he was mis-quoted in a report which stated that the Raider mentor had said he and Coach Tonto Coleman of ACC had made pre-game agreements regarding defenses to be used in last week's Tech-ACC game.

"What I said was that in previous years, when we scrimmaged ACC before the season opened, we had such agreements," Morgan said when questioned about the report. He added that there definitely was no pre-game understanding this season, when Tech met ACC under regulation game conditions.

Whitewing Hunt Will Get Underway Today

EDINBURG, Sept. 15. (U.P.) — The nation's only whitewing hunt will begin Friday afternoon, and it bids fair to be the best in three years.

Some 600,000 of the birds in five flights have been spotted by veteran game warden Charley Jones of Weslaco, who is a top authority on Rio Grande Valley bird hunting.

Jones spotted the major flights in three counties, as follows:

1. Some 200-250,000 in eastern Willacy County in the Willimar area.
2. About 125,000 in a 200-acre brush patch north of Santa Rosa.
3. Approximately 50,000 bunched five miles north of Raymondville.
4. A big but uncounted group north of Edinburg.
5. Some 40,000 north of Hargill.

The bag limit is 10 killed a day or 10 in possession, with shooting allowed from 4 p. m. to sunset Friday, Sunday and next Tuesday.

Jones warned hunters to keep their birds separate after bagging them. He explained that game wardens are authorized to make arrests "If more than 10 are found together since wardens don't know whether all belong to one hunter or not."

Jones also issued a plea for hunters to exercise caution in firing in whitewing areas.

"Don't shoot right over the grain fields," he said. "You'll hit someone in the face. We don't want it that way this year."

Randolph Field Ramblers Meet Mexico Military Team Saturday

MEXICO CITY, Sept. 15. (U.P.)—The Randolph Field Ramblers football team was expected by air today for its Saturday tussle with Mexico's West Point, the Colegio Militar.

The team was expected to run through light workout this afternoon at Olympic Stadium.

Members of the team will be honor guests at Independence Day celebrations tonight and tomorrow.

Pre-game betting is giving Randolph a slight edge over the military college, which this year, however, is fielding the heaviest team in Mexican history.

A Mexican All-Star team two years ago handed a Randolph squad headed by Doc Blanchard and Arnold Tucker a handy shellacking in the inaugural Silver Bowl game.

Kirby, Kielty Win In National Tennis

ARDMORE, Pa., Sept. 15. (AP)—The nineteenth hole took on a different meaning today as two California girls, a sturdy campaigner from Georgia and a veteran Pennsylvania competitor advanced to the semi-finals of the 49th Women's National Golf Tournament.

Dorothy Kirby of Atlanta, and Dorothy Kielty of Long Beach, were forced to go that distance to eliminate their quarter final rivals. The two others, diminutive Marlene Bauer of Los Angeles, and Mrs. Mark A. Porter of Manoa, Pa., advanced with comparatively easy victories.

Miss Kirby, defeated the comparatively unknown Mrs. John L. Hulteng of Rumford, R. I., one up on 19 holes. Miss Kielty won by the same score at the same point over Polly Riley of Fort Worth, Texas, in another thrill-saturated match.

Fifteen year old Miss Bauer, girls' junior champion, continued to play the steadiest golf of the tournament in eliminating dark horse Betty Mackinnon of Texarkana, Ark., 4 and 2.

Mrs. Porter, the former Dot Germain, breezed to a 7 and 6 triumph over Janet Brown, Philadelphia girl and University of Michigan student who couldn't quite get over her amazement at being around so long.

ATTENDANCE RECORD SET

ABILENE, Sept. 15 (AP) — The Longhorn league set a new record in attendance this season, president Hal Sayles announced today. The baseball circuit drew 426,863 with San Angelo the top club with 83,245. Last year the league drew 335,219.

THE SCHEDULE

New Type Grid Chart Offered

The Morning Avalanche again today presents another sports first, a high school schedule chart that lists all the important games on the schedule this week end.

The chart is a compact form by which you follow your favorite high school teams. In reading the chart from left to right you will find key letters substituted for the names of opposing teams. Each week the results of games played will be added in dated columns until the yearbook is completed.

Reading from left to right, the first team will be known as AA, therefore the letters AA appear in the schedule opposite the team which they will play on the date listed at the top and in the same column. Capital letters indicate games at home; lower case letters indicate games played away.

To determine conference games, check the number of the districts showing in the column next to the name listed. When one team plays another WITH LIKE DISTRICT NUMBERS, it will be a conference game.

This feature will appear each week on Friday morning in The Morning Avalanche.

Area Grid Games

CLASS AA

Childress at LUBBOCK.
Plainview at Poly (Fort Worth).
Seminole at Lamesa.

CLASS A

Abernathy at Slaton.
Silverton at Matador.
Crosbyton at Tulia (3-A Conf.)
Spur at Hamlin.
Tahoka at Ralls.
Sudan at Lockney.
Crowell at Paducah.
Post at Floydada.
Levelland at Hereford.
O'Donnell at Sundown.
Muleshoe at Portales, N. M.
Morton at Littlefield (4-AN Conf.)
Big Spring "B" at Seagraves.
Andrews at Pecos (5-A Conf.).
Snyder at Stamford.
Big Spring "B" at Seagraves (Postponed until 8 p. m. Saturday.

CLASS B

Olton at Spade (3-B Conf.).
Hale Center at Kress.
Friona at Farwell (2-B Conf.).
Springlake at Whitharral (3-B Conf.).
Ropesville at Petersburg (4-B Conf.).
Plains at New Deal (4-B Conf.).
Conference games denoted in parentheses).

English Ryder Clubs Are Declared Illegal

GANTON, England, Sept. 15. (AP)—The United States won the "first round" in the Ryder Cup golf series tonight—a ruling that deep-grooved clubs owned by Dick Burton of the British team must be filed down before he plays in tomorrow's opening matches.

Ben Hogan, non-playing captain of the U. S. team, raised the charge against Burton's clubs this afternoon during an inspection before high golf officials from both sides of the Atlantic. Hogan and Charles Whitcombe, captain of the British team, agreed to submit the sticks to Bernard Darwin, chairman of the British rules of golf committee.

Darwin ruled that the club faces were marked with rough spots but that "it is nothing that a little filing can't correct."

Burton was not present at any meetings involving his clubs but indignantly insisted "I didn't know they were illegal, and I don't think they are."

Officials on both sides insisted inspection was "just a matter of routine" and sought to keep details of the argument secret.

TEXAS HIGH SCHOOL FOOTBALL

1949 Key System Schedule & Perpetual Summary

KEY LETTERS ARE SUBSTITUTED FOR NAMES OF OPPOSING TEAMS
Capital Letters designate Home Games; X--Teams not listed; --Dash open dates

Youth Is Caught In Wild Chase

(Continued from Page One)

Levelland, asking for a road block.

But the block wasn't needed. At 5:25, exactly 25 minutes after the first radio call by the sheriff's deputies on the Brownfield highway, the Highway patrol radio reported, "subject apprehended."

Back in Lubbock, it was learned that Deputy Cannon fired the three shots into the back of the speeding car. One shot hit the center of the car just below the rear window, but failed to break through the back cushion. Two other shots neatly creased the top of the car on the right side as they glanced off.

Eubank said Pilgreen slammed on his brakes, and a collision was narrowly avoided as Eubank swerved to the left. Pilgreen was not armed. The stolen cigarets were found in the car.

Youth Returned Handcuffed.

His arms handcuffed behind him, Pilgreen was returned to Lubbock by Eubank and Cannon, while the Highway patrolmen drove back with the car.

Pilgreen told officers that he had stolen the car in Roswell and that he was a parole violator.

Throughout the chase, the Highway patrol car remained just behind the sheriff's cruiser, which in turn kept behind the stolen car only far enough to avoid mud being thrown across the windshield.

Eubank said speeds of 85 to 90 miles an hour were reached at several points in the chase.

Pilgreen was found to have no money, but he carried a set of Ford keys. Officers theorized that he may have ditched another stolen car in Roswell when he took the Chevrolet.

Carried Parole Papers

He carried federal parole papers issued on Sept. 9, stipulating that he remain in New Mexico and report periodically at Albuquerque. The charge and sentence on which he was paroled was not learned.

Sheriff Murry, notified that his man had been captured, came to Lubbock with a warrant against Pilgreen, charging theft of $3.83 worth of gasoline and a carton of cigarets. Learning of the other charges, Murry said he would hold the warrant pending action by Roswell authorities and the federal parole board in Colorado.

The New Mexico license tag on the rear of the car driven by Pilgreen had been partially sawed off in an apparent attempt to avoid detection.

Forgery Charge Filed

Other activities occupied the attention of Lubbock law enforcement officers and courts on Thursday.

A charge of forgery against N. A. Shuffield or N. A. Sheffield was dropped by a 99th District court order issued by Judge G. V. Pardue upon recommendation of the district attorney's office. The motion for dismissal said restitution had been made and that there was not sufficent corroborative evidence to warrant a conviction.

In two other actions, Judge Pardue ordered forfeit to the State of Texas a large quantity of whisky. One forfeiture suit was against D. C. Turner and 542 pints of whisky and 109 four-fifths of whisky. The other was against E. E. Sparks and the same quantity of whisky which was seized on May 9 in Lubbock county.

A Lubbock woman, named as Maudie Irwin posted $1,000 bond set by Justice of the Peace C. E. Lynn on a charge of swindling. She was charged with selling a bedroom suit for $200 on Feb. 1, 1947, which allegedly was not her property. The complaint was sworn by Mary Agnes Hatcher Annalora before A. W. Salyars, assistant district attorney and filed in Lynn's court.

Approximately $100 worth of merchandise was reported taken from J. W. Hendryx grocery, at 501 Ave. Q, which was entered at a west window after a screen had been slit and window glass shattered.

S & S Sales and Thompson garage, both at 706 Broadway, were broken and entered. Intruders went into the garage by prying a board off the rear of the building. From the garage, entrance was effected to the sales company, which is a partitioned-off space in the garage building. Loss was light.

Residence Entered

County officials were studying reports that someone broke and entered the David Zipps residence in the Avinger addition, scattered possessions but probably removed nothing.

Moore's Bonded patrol discovered the grocey burglary about 2 a. m., official reports of the police.

Taken, according to a preliminary estimate of store owners, were four dozen pairs of canvas gloves, a half-dozen pairs of leather gloves, a box of frankfurters, approximately 12 pounds of shortening, four cartons of chewing gum, three and a half boxes of candy, also steaks and sandwich and luncheon meat.

LeRoy Boling, jr., a city detective, was continuing an investigation.

George Hall and Pete Hubbard, police investigators, said a carton of cigarets was taken from the Thompson garage. From the sales company two knives, a blackjack and a hat were stolen. Total value of property in the two places was placed at $10.

Ray C. Hines of 115 Waco Ave., said $30 worth of assorted tools was stolen from him in 600 block Texas Ave.

Theft of 30 quarts of motor oil from the Couch and Murdock service station at Ave. A and the Slaton highway was reported to the sheriff's department Thursday night.

Investigating officers said the breakin came between 8 and 9:15 p. m. A window on the south side of the building had been broken to gain entry.

25 Planes Forced To Land At Sweetwater

SWEETWATER, Sept. 15 (Special)—Twenty-five private planes on a statewide tour sponsored by the Texas Aviation association stopped here tonight because of unfavorable weather conditions. They plan to continue their interrupted flight to Lubbock and Plainview tomorrow.

Aboard were legislators, aircraft dealers, farmers, ranchers and others.

The planes are making the flight in observance of national aviation week. The tour started from Houston Monday with an itinerary covering more than 3,500 miles.

Canadian Project

(Continued From Page One)

ber directors' room. A luncheon will be held in the Hilton hotel at noon.

Three or more representatives are expected from each of the cities interested in the project, Whiteside said. These are Amarillo, Borger, Pampa, Canyon, Tulia, Plainview, Lubbock, Slaton, Tahoka O'Donnell and Lamesa.

House Okays Resolution

He pointed out that a resolution approving the $85 million project has been passed by the U. S. House of Representatives and now is pending in committee in the Senate.

Whiteside said Sen. Clinton Anderson, of New Mexico, has given assurance that he would not attempt to block Senate consideration of the project but the attitude of Sen. Dennis Chavez, of the same state, is uncertain.

Sen. Anderson withdrew his opposition, the meeting was informed, when assured by advocates of the project that the interests of New Mexico in the undertaking would be protected.

Stronger Assurances Wanted

Sen. Chavez has been quoted since then as indicating he wanted stronger assurances than have been given that the interests of his state would be safeguarded.

It was pointed out that Chavez probably could block consideration of the proposition during the present session of Congress. Consideration in the Senate would require unanimous consent, which Chavez could refuse to give.

Under the pending resolution, approximately $80 million of the money required to build the project would be a loan from the federal government, repayable within 50 years at a rate of interest not exceeding 3 1/2 per cent per annum, from the sales of water impounded in a Canadian river reservoir near Sanford, northeast of Amarillo.

Tri-State Compact Possible

If the meeting here decides to proceed with the organization of a permanent authority, Whiteside said, a related subject requiring discussion will be steps to form a tri-state compact composed of Texas, New Mexico and Oklahoma representatives. The Canadian river rises in New Mexico, crosses the Texas Panhandle and flows into the Arkansas river in Oklahoma, giving each of the states an interest in the waters of the stream.

Wednesday's meeting also resulted in the appointment of a committee composed of Lubbock directors of the West Texas Chamber of Commerce to seek the cooperation of that organization in obtaining approval of the Canadian project. The directors are Joe Nislar, who also is chairman of the city water resources board, Earl B. Collins, Harry Morris and Dr. Clifford B. Jones.

Attending the meeting were L. E. Davis, C. H. Hamilton, Raymond Burford, Charles Bacon, W. C. Wood, J. D. Hassell and Collins, directors of the chamber of commerce, and E. T. Pope, C. E. Maedgen, jr., Neil H. Wright, jr., Harry Holcomb and Nislar, members of the water resources board.

Forfeiture Of Two Cars Asked In Court Action Here

Application of County Attorney Waggoner Carr for forfeiture to the state of two automobiles allegedly used in transportation of illicit alcoholic beverages was not contested Thursday in 99th district court.

Judge G. V. Pardue asked that judgments be prepared for his signature, officials said.

In county court these judgments were signed by Judge Walter Davies:

Ralph Roberts, about 45, $250 and court costs on a plea of guilty of liquor law violation; Bill Parsons, $1 and costs, plea of guilty of check law violation; Weldon Wright, 17, of Lorezno, $25 and costs on a plea of guilty of aggravated assault; Bobby Dean Brown, 25, $75 and costs and revocation six months of driver's license on a plea of guilty of drunk driving; and Henry DeWarf, 22, $25 and costs and one day in county jail on plea of guilty of misdemeanor theft.

Two Lubbock Girls Are Nabbed After Exchange Of Narcotics

Two Lubbock girls, 16 and 19 years of age, were arrested by Lubbock police Thursday night after the younger girl allegedly sold or gave narcotics to the other.

Police said a quantity of "red birds," police name for a type of narcotics, were found on the 16-year-old. She was to be turned over to juvenile authorities. The other girl was charged with drunkeness and lodged in the city jail.

Location of the offense was given by police as a cafe in the 1100 block College avenue.

BIG TIME FOR LITTLE ONES — Fair Booster Dean Mell, of radio Station KFYO, wades hip-deep in kindergarten students at Sudan to distribute fair favors and reminders. Sudan was one of nine towns visited Thursday by Lubbock good will ambassadors on a tour through the area northwest of Lubbock plugging the forthcoming Panhandle-South Plains fair. (Staff Photo by Hank McKee.)

★ ★ ★

Fair Booster Trip

(Continued from Page One)

when the goodwillers reached Anton about 8:50 a.m., and boxes of gifts marked for that town were quickly depleted.

A combined group of students from two schools in Littlefield provided the largest group encountered by the boosters. A spot of sunlight which lasted little longer than the gifts offered momentary hopes for clearing skies.

Lunch At Clovis

Leaving Littlefield at 9:45 a.m., the boosters visited Amherst, Sudan, Muleshoe and Farwell before stopping for lunch in Clovis at 1 p.m. In each of the communities, the bus stopped first at the schools, then swung back to the heart of town for a brief stop while posters were placed in store windows.

The "out-leg" of the trip ended at Portales, N. M., at 3:30 p.m., some 116 miles from Lubbock. Only at Portales did the schools, because of the nearness of closing time, fail to turn out the students.

The roster of boosters included L. C. Cole, Bill Honey, Earl Bullock, B. R. Brady, Marvin Stevens, David E. Armstrong, L. W. Rampy, Dean Mell, W. T. Miller, Stewart Bailey, Eric Khahn, Jack Strong, Herb Kittle, Dave Tipple, Lorenz Ellis, J. N. Caviness, Edward Johnson, Bill Gillespie, Jake Abbott, Jim Bennett, Rod MacDougall, Lindsay Telford, Joe Bob Johnston, Max Brown, Hal Stansell, Cotton Nelson, Joe Christian, Gordon Sanders and George Bond. Lawrence Haynes drove the sound truck which also served as pilot for the bus, driven by Vane Reid.

Minton Named

(Continued from Page One)

ference. Official Washington had expected the nomination of a Catholic and had made Attorney General McGrath a favorite.

Minton is a Protestant but his wife and children are Catholics.

The appointment, to fill the vacancy caused by the death last Saturday of Associate Justice Wiley Rutledge, was the fourth which has fallen to Mr. Truman's lot.

Balance Not Maintained

Just a few weeks ago he named then Attorney General Tom Clark to succeed the late Associate Justice Frank Murphy. Murphy was a Catholic, which spurred the belief the President would name a Catholic to maintain the religious balance of the court.

The President did maintain the geographical make-up of the court, as Rutledge was an Iowan.

Minton, while a senator, attacked the Supreme court for declaring unconstitutional the agricultural adjustment administration act. In an historic Senate speech he declared "there is nothing sacrosanct about the high court's opinion and said it had "effectively paralyzed the arm of Congress."

It was in this speech delivered in 1936 that Minton made his widely-quoted "cold, dead hand" charge against the high tribunal.

Another incident revolved around Minton's running fight with the nation's press while he served as chairman of a Senate lobbying investigating committee in 1938 and 1939.

During this period he introduced a bill—later scrapped—providing that publication of "anything known to be false" should be a felony.

In his attack upon the court he now joins, Minton said:

"What the constitution provides rests in the minds and the hearts of nine eminent and distinguished gentlemen who have the last guess . . . This guess may be by any varying majority and sometimes they even take a second guess."

Minton from his home in New Albany, Ind., where he is recovering from a broken leg said he is "profoundly grateful" to the President for the nomination and hopes "to prove worthy of such trust."

LEGION TRIP SET

American Legion and Auxiliary members who plan to make a trip to the Veterans hospital in Amarillo Sunday will leave at 8 a.m. Sunday, instead of 8 p.m. as was erroneously reported Thursday.

September's Wet Weather Is Not Unusual For Area

Farmers who are worrying about the stretch of wet weather this month should not fret so much, Don L. Jones, superintendent of the Texas Experiment station east of town, said Thursday.

September is one of the wettest months of the year in the station's 38-year history of keeping weather records, Jones pointed out.

He pointed to the station's records which showed September's mean rainfall of 2.90 inches was the highest for any month in the 38-year history. Next wettest month is May, with an average of 2.54 inches.

Wide Range Recorded

Station records show that rainfall during September has ranged from .01 of an inch in 1939 to 13.93 inches in 1936 and there are a number of years in which rainfall during the month has exceeded five inches.

Rainfall records for September since 1911 are as follows: 1911, 1.33; 1912, .73; 1913, 4.19; 1914, .46; 1915, 7.86; 1916, 2.79; 1917, 3.03; 1918, .79; 1919, 5.70; 1920, 1.63; 1921, 4.50; 1922, .17; 1923, 2.67; 1924, 1.25; 1925, 9.44; 1926, 4.15; 1927, 1.16; 1928, .08; 1929, 1.36; 1930, .11; 1931, .72; 1932, 3.41; 1933, .71; 1934, 1.86; 1935, 3.02; 1936, 13.93; 1937, 3.85; 1938, .63; 1939, .01; 1940, .73; 1941, 4.47; 1942, 7.61; 1943, 1.16; 1944, 3.73; 1945, 2.22; 1946, 3.49; 1947, .08; 1948, 1.45.

Parallel Parking

(Continued from Page One)

street beyond the curb line.

Members of the commission pointed out that parallel parking now is practiced on some portions of each of the test streets. The proposed ordinance will make the system apply to all of them, except those portions designated for 30 degree parking.

If the tests are satisfactory on the guinea pig streets, members of the commission said, parallel parking will be extended to other thoroughfares.

Agreement on the test streets was unanimous, although no recorded vote was taken. Concurring in the proposal were Mayor W. H. Rodgers and Commissioners E. K. Hufstedler, W. B. Price, Clarence Whiteside and John Spikes.

The commission also approved the recommendation of City Manager Matthews that the west (Hilton Hotel) side of Texas avenue between Tenth street and Main be designated for parallel parking.

The call for bids on the use of available areas at Municipal airport for the storage of cotton followed the submission of a proposition to a special meeting of the commission Tuesday by West Texas Compress and Warehouse Co. The company offered the city $250 a month for enough space to store about 40,000 bales of cotton.

The commission rejected the offer to give others who might be interested an opportunity to be heard.

The result of the disclosure of the compress company proposal has been many inquiries and three sealed bids which were referred to the meeting today, officials said.

The commission decided not to open them and announced that any others interested may submit sealed proposals until the Saturday meeting is called to order.

Defense Rests Case In Trial To Remove Dona Ana Sheriff

SILVER CITY, N. M., Sept. 15 (INS)—Counsel for Dona Ana county Sheriff A. L. "Happy" Apodaca abruptly rested its case this afternoon in the trial of a suit to remove the indicted sheriff from office.

Only six witnesses were called by defense Attorney Harry Bigbee today.

Printing Field May Be Revolutionized By Speedy, New Process

By ALTON L. BLAKESLEE
Associated Press Staff Writer

BOSTON, Sept. 15—An amazing new machine that sets type quickly and perfectly on flim, without using metal, was announced today.

Publishers and scientists declared it promises to revolutionize the printing field, bringing enormous savings over present costs of printing newspapers, books, magazines, and a huge growth in spread of knowledge.

The machine uses an ordinary typewriter keyboard, and a stenographer can run it. The machine thinks, in order to space all lines perfectly and instantly. It uses a photoeloectric gun to print on the film each letter or character struck on the keyboard.

Increased Speed Possible

It can print in any families or styles of type, in any desired size from headlines to small print, at any desired moment. It photographs six letters a second, or 12 newspaper column lines a minute. It could go to 20 lines a minute, or 2½ times the top capacity speed of a linotype machine setting metal type.

A reporter in a hurry might set his own story in type as he wrote it. It is even possible that someday The Associated Press and other news organizations could transmit a story and have it received in type by member newspapers in whatever type style and size each one wanted.

The film can be used to make offset plates for offset printing, or regular photo-engravings for regular printing. It was predicted that new methods could be developed to produce engraved plates within five minutes or less, ready to go to press.

Bodies Of Missing Texas Fliers Found

AMARILLO, Sept. 15 (AP)—The bodies of two flying Texas cattlemen were found today in the charred wreckage of their plane in rugged Oklahoma hill country.

William B. Cline, 32, Amarillo cattleman, and J. W. McBrayer, White Deer rancher and wheat farmer, were found burned beyond recognition.

An Air Force rescue plane first spotted the missing craft on a hillside seven miles southwest of Waynoka, Okla. The rescue plane dropped five parachutists, equipped with medical supplies and two-way radios.

By radio the parachutists directed Sheriff W. S. Gillen, jr., of Oklahoma to the scene. The crash site was inacessible by car and 1½ miles from a highway. The bodies had to be carried out to where a Waynoka ambulance waited. Cline and McBrayer were returning to Texas last week from the Cleveland air races.

(McBrayer was a former student at Texas Tech in Lubbock. He attended Tech the 1927-28 semester.)

Rains Again Hit

(Continued from Page One)

a spot weather check early this morning was .20 inches at Abernathy, .02 inches at Dickens, .25 inches at Floydada, .40 inches at Hale Center, .15 inches at Lamesa, .10 inches at Matador, .08 inches at Muleshoe and .35 inches at Seagraves.

Over the rest of the state, the Associated Press said that Clarendon and Childress reported rain. The cold front remained over most of the state, although a warmup was expected during Friday.

The rains over the South Plains have not seriously affected the cotton crop as yet, but farm observers say two or three weeks of warm, dry weather is needed starting within a few days to insure proper opening of the crop.

Northern Ireland now supplies one-fifth of the English egg ration.

Man Killed In Auto Collision

(Continued from Page One)

his family.

Deputy Sheriff Cleve Barrington of O'Donnell, said the wreckage was not cleared from the highway until about 3 p. m. Thursday. He said both cars were heavily damaged and probably a total loss.

The car driven by Strickland was crushed from the right side, and was thrown clear of the highway, Barrington said. Mr. and Mrs. Strickland both were thrown out of their car by the impact of the collision.

He said the car driven by Bass remained on the highway, but that the highway was definitely clear and there was no excuse for the backlog of hundreds of automobiles that tried to stop at the scene between 12 noon and 3 p. m., when the wreckage was cleared away.

Cars Create Hazard

Over 75 cars were stopped at one time between 12 and 1 p. m., he said, creating needless hazards which could easily have caused another serious accident.

Strickland's body was brought to the Higginbotham Funeral home in Lamesa.

Two brothers, C. M., of Coleman, and Edward Dean, of Ozona, and one sister, Mrs. G. W. Marshall, of Coleman, arrived in Lamesa about 10:30 p. m., Thursday, but funeral arrangements are pending the arrival of Mrs. Strickland's family.

Other survivors besides his wife are his father and mother, Mr. and Mrs. J. D. Strickland of Coleman; another brother, John D., of Ozona; and two other sisters, Mrs. Bob Franklin of Ozona, and Mrs. T. A. Miller of Red Owl, S. D.

Native Of Coleman

Strickland moved to Phillips in 1945 from Coleman, the home of his parents. He was born in Coleman in 1913.

He was a veteran of World War II, having been inducted in Lubbock in 1942, and served in the Army until 1944, when he was discharged at Fort Sill, Okla.

Strickland was an employe of the Phillips gasoline department. Mrs. Strickland also is employed in the gasoline department of the Phillips Petroleum company.

Strickland's death was the third traffic fatality in the general area within the past five days.

James W. Hunter, 29, of 204 Uvalde, Lubbock, and W. C. Putman, of the Draw community near Tahoka, both were killed instantly Sunday night in an accident on Highway 87, nine miles south of Tahoka, when a Baldridge bakery truck driven by Parker Harden, 1113 Ave. O, Lubbock, and a car driven by Putnam collided. Hunter was riding with Harden.

Harden told investigating officers that Putman had driven onto the highway from a side road directly in front of him, giving him no time to stop or swerve out of the way.

Congratulations to:

Mr. and Mrs. Charles Clanton of Ralls on birth of a daughter weighing 9 pounds 2¼ ounces at 7:05 p. m. Thursday in Lubbock Memorial hospital. The father is a real estate agent.

Mr. and Mrs. Andy Saddler of Lubbock general delivery on birth of a daughter weighing 7 pounds 8¼ ounces at 7:30 p. m. Thursday in Lubbock Memorial hospital. The father is a rancher.

Mr. and Mrs. Paul Dodson of 1614 Ave. G on birth of a daughter weighing 6 pounds 10½ ounces at 5:25 a. m. Thursday at West Texas hospital. The father is a Pepsi Cola salesman.

Mr. and Mrs. W. H. Plummer of Hale Center route 1 on birth of a daughter weighing 8 pounds 10 ounces at 4:30 a. m. Thursday at West Texas hospital. The father is employed by the Borden company.

8,000 Attend Formal Opening Of Store

An estimated 8,000 persons thronged through Cobb's Lubbock's newest department store, when the firm held "open house" from 7 until 10 o'clock last night in its new modern building at Thirteenth and Ave. J.

More than 3,000 orchids were presented to women guests at the "open house." Department heads and employes of the store were at their posts and assisted in showing the visitors the new building.

The new Cobb's, another spoke in the Hub of the Plains, will be open for business this morning at 9 o'clock.

PLANE BLAST HURTS EIGHT

SEATTLE, Wash., Sept. 15 (INS)—Eleven Boeing aircraft workers were injured today when a gasoline explosion shattered the left wing of an Air Force B-50 superfortress parked at the Boeing main plant at Seattle. Seven of the injured were seriously burned. The blast started a flash fire in the $1,000,000 plane, but the flames were quenched quickly.

Showdown Seen In Coal Dispute

By HAROLD W. WARD
Associated Press Staff Writer

WHITE SULPHUR SPRINGS, W. Va., Sept. 15 — Coal strike talk filled the West Virginia air today. There were those who thought the decision was less than 24 hours away.

Coal operators and the United Mine Workers again wrangled on two fronts—at White Sulphur Springs and Bluefield.

Some union sources hinted privately the "word" might go out tomorrow.

Lewis Says Nothing

There was nothing concrete, however, upon which to base predictions. Coal miners, now on a three-day week, wouldn't be back at work until next Monday anyway.

UMW president John L. Lewis was in White Sulphur Springs for a session with northern and western operators.

He was saying nothing except to repeat that the billion-dollar Cleveland Trust company could make coal operator James D. Francis pay back royalties if it wanted to.

A union-operator showdown—if it comes this weekend—will be over the payment of the 20 cents a ton royalty which goes into the miners' welfare fund for pensions and other benefits.

Meeting Slated Today

It was understood that the three trustees of the miners' welfare fund are going to hold a meeting tomorrow. Whether it would be here or in Washington was undetermined. The trustees are Lewis, Ezra Van Horn of Columbus, Ohio, operator representative, and Sen. Styles Bridges (R-NH), public representative.

Francis, head of the Island Creek and Pond Creek Pocahontas Coal companies in West Virginia, is among several southern operators who did not pay the royalty due Aug. 20. Lewis sent a second message to I. F. Freiberger, Cleveland trustee chairman, saying that as trustee for the L. E. Holden estate the giant bank could force Francis to make the payments.

Tech Students Will Continue Registration Program Today

(Continued from Page One)

complete their class scheduling. Those who found it necessary to trek to other buildings vainly waited for a let-up in the downpour.

Registration Orderly

Despite the inconvenience caused by the weather, registration went off at an orderly pace, according to Clement and Frank Junell, assistant to the president.

Notwithstanding an apparent influx of unexpected transfers from other colleges, enrollment at Tech is still expected to fall short of the 6,145 students last fall. This was attributed largely to small high school graduating classes last spring and to a decrease in number of veterans.

The drop in enrollment, however, is in line with that expected throughout the state and to a large extent throughout the nation. Small high school graduating classes in Texas are due to the addition of the 12-grade system several years ago, officials pointed out.

Classes will start at the college Saturday morning, with new courses in some 20 fields being included as regular studies for the first time.

Arrangements had been made Thursday afternoon for sufficient English classes to accommodate over 1,000 freshmen, a good indication of the number of first-year students. Veteran enrollment had climbed above 1,800, a check of permits in the veterans' office revealed.

Registration will continue at half-hour intervals today as it did Thursday, the registrar said. Final figures on the fall enrollment is not expected until after next Thursday, the last day for enrollment with payment of fee.

PEP RALLY IS HELD AT TECH GYMNASIUM

Cheers and yells, plus speeches by Coach Dell Morgan and Athletic Director Morley Jennings were included in an all-college pep rally in the Texas Tech gymnasium Thursday at 7 p. m.

Aimed at warming up student spirit for the Saturday game with the University of Texas at Austin, the pep rally was conducted by cheer leaders, with Jimmy Carter in charge.

A short talk by Ernest Sears, president of the Saddle Tramps, men's cheering organization, was also included on the program.

Tech cheer leaders this fall include Carter, Pat Thurmond, Bob Hogan, Glenna Winston and Lam McKay.

Lubbock Sheriff's Posse To Take Part In Midland Meeting

MIDLAND, Sept. 15. (AP)—Sheriff's mounted posse members from six West Texas cities will gather here Saturday.

A parade through downtown Midland will start off the meeting of 175 possemen from Pecos, Fort Stockton, Lubbock, McCamey, Stanton and Big Spring.

EXACTING TASK — Patty Reynolds is shown above as she worried over her class schedule for the "umpteenth" time during her registration at Texas Tech Thursday. Miss Reynolds is a native of Kermit and was among hundreds of students who started formal registration Thursday. (Staff Photo.)

B-36 Bomber Crash

(Continued from Page One)

G. Seymour of Fort Worth. The injured were taken to the base hospital.

They included Maj. Toy B. Husband of Woodlake, Calif., the pilot, and Maj. John H. Keene of Miami, Fla., co-pilot.

Major Keene told Col. W. H. Blanchard, Eighth Air Force operation officer, that all members of the crew answered his call before he left the ship.

Lt. Richard L. English, flight engineer, said he stood atop the fuselage as the plane settled into the water and called off the crew roster. He told Col. Cecil Combs, deputy commander of the Eighth Air Force that all men were accounted for at that time.

Rescue teams were searching tonight for the four missing men.

The rescued also included:

Technical Sgt. Harry Holloway, jr., of Monongahela, Pa.

Technical Sgt. J. R. Shumake of Red Springs, Texas.

Staff Sgt. Quentin Freed of Youngstown, Ohio.

Staff Sgt. James Bradshaw of Elysian Fields, Texas.

Staff Sgt. Jack Allen of Weatherford, Texas.

Lieutenant English said the plane mysteriously lost its power as it was traveling down the runway at about 100 miles an hour for the take-off.

Colonel Scott said the plane crashed into about 40 feet of water. He said, "as far as we can tell, power failure caused the crash."

PLAN IS REJECTED

HONOLULU, Sept. 15 (AP)—Striking dock workers today rejected Gov. Ingram M. Stainback's plan to return to work for a 14-cent increase and then negotiate for a new two-year contract. Stainback made the proposal in an attempt to end the strike which has paralyzed Hawaii's economy 138 days.

Funeral Services To Be Held For Lorenzo Resident Today

LORENZO, Sept. 15 (Special)—Funeral services will be conducted in the Lorenzo Baptist church at 2 p.m. Friday for Mrs. I. N Haygood, 63, who died of a heart attack in her home here Wednesday.

Revs. W. M. Draper of Anton and W. R. Underwood of George West will officiate at the services and burial will be in Tech Memorial cemetery under direction of the Marr Funeral home of Ralls.

Mrs. Haygood came here with her husband in 1919 and had been a resident of Crosby county since. She is survived by her husband; one son, John D. Haygood of Lubbock; two daughters, Mrs. E. W. Hester of Lubbock and Mrs. W. S. Galloway of New Orleans; two brothers, Hubert Horne of Amarillo and Boone Horne of Big Spring; five sisters, Mrs. Charles Rogers of Amarillo, Mrs. Eula Draper of Amarillo, Mrs. Wyatt Hester of Lubbock, Mrs. Mae Horne of Lubbock, and Mrs. J. J. Hannah of Glen Rose; and six grandchildren.

Pallbearers will be James O'Rear and Wayland Catching of Lorenzo; Leo Baker of Muleshoe; and Dr. J. M. O'Rear, E. V. Middleton, and Elbert Hester, all of Lubbock.

Guard At Missouri Prison Is Found To Be Ex-Convict

JEFFERSON CITY, Sept. 15 (U.P.)—A Missouri state prison guard today was disclosed to be an ex-convict from San Quentin prison.

Wanted for parole violation by Sacremento, Calif., authorities, Willard Drayton, negro, was arrested by FBI men at 8 a. m. as he left his graveyard shift guard post.

Col. Marvin B. Casteel, director of corrections, said Drayton was hired as a guard Sept. 1 after "qualifying" in a merit system examination.

HST Unimpressed

(Continued from Page One)

the differing versions in current dictionaries.

The Republican floor leader said recently: "Statism is government control of the affairs and activities of the people in contrast to our republican form of government under which the government is the servant and not the master of the people."

Discussing other matters briefly at his weekly news conference, the President said:

Senator McCarran (D-Nev) is traveling on his own to Europe and can make no commitments for this government. McCarran was quoted in New York before leaving that he would discuss with General Franco "recognition of his government by the United States. The President seemed rather tart in his comment. He and McCarran have differed on displaced persons legislation and several nominations.

Hopes For Steel Agreement

He hopes the steel companies and workers will get together and settle their dispute. He said it was the general understanding that his fact-finding board's recommendations—for pensions and social insurance to be paid for by the employers—would be used as the basis for negotiations, rather than an outright settlement. There is a difference, he agreed with a reporter.

He hopes the National Guard will succeed in its coming recruiting drive. He pictured the guard as a vital part of the nation's defenses, and recalled his own service in it.

He believes Secretary of the Navy Matthews is handling capably—and will continue to do so—the case of Navy Capt. John G. Crommelin who recently scolded the military high command in a public statement.

Matthews said last night he "questions the judgment of Capt. Crommelin in telling the press that the Navy's striking power is being "nibbled to death" by the Pentagon military policy-makers. But he said he contemplated no disciplinary action against the veteran Navy flier at this time.

A total of nearly 6,000 motor vehicles were being turned out monthly by Italian firms, at last reports, including passenger cars, trucks and busses.

Union Demand

(Continued From Page One)

further telegram of today is nothing more than a dictatorial message of yesterday . . .

"Twice before this week I have notified you and I again repeat that we are ready promptly to resume collective bargaining conferences with your union for the purpose of attempting to arrive at some mutually satisfactory solution of the issues in dispute.

"We are still waiting word from you as to the time and place of the next meeting."

Fairless said U. S. Steel is willing to negotiate for "an adequate contributory program of social insurance toward the cost of which U. S. Steel will contribute up to four cents an hour as its share.

Fairless noted that the "deadline for your threatened strike on Sept. 25 is less than ten days away . . . and "time therefore is of the essence."

Murray accued the steelmakers of adopting a "public be damned" attitude. He charged the industry with "arrogantly manifesting contemptuous disregard for its obligations to our nation and to our people."

Boll Weevil Nearly Eliminated As Pest In Lower Rio Grande Valley

COLLEGE STATION, Sept. 16. (INS)—The boll weevil has practically been eliminated as a major pest of cotton in the Lower Rio Grande valley, according to A. C. Gunter, entomologist at Texas A & M college.

Gunter says that the reason is early, thorough destruction of cotton stalks on farms in a group. Lower Rio Grande valley farmers estimate that the early clean-up program they follow on a community wide basis in connection with pink boll worm control gives them an average increase of one-fourth bale per acre.

Early Plowing Advised

In 1947 Williamson county had almost a complete destruction of cotton stalks by Sept. 30, according to a survey made by the extension service. Surrounding counties had no organized program of crop destruction. As a direct result Williamson county farmers had an average of less than 10 per cent punctured squares throughout the 1948 season as compared to an average of 30 to 40 per cent puncture squares in the bordering counties of Milam, Bell, Lee and Bastrop.

Plowing under cotton stalks early is the most dependable method for controlling boll weevils, says Gunter, and the recent large increase of this pest in many counties emphasizes the urgent need for cotton growers to plow under the cotton stalks as early as possible—not later than the first frost.

Extension service insect specialists give three excellent reasons why cotton should be harvested early and the stalks plowed under green: First, the added organic matter helps condition the soil so it will hold more moisture. Second, the early destruction of cotton stalks aids in controlling insects, especially the boll weevil. And third, as a direct result of improved soil and fewer insects, cotton yields and profits are increased.

Gunter suggests a heavy roller type stalk cutter to cut the stalks low and into small pieces. A disc harrow attached behind the stalk cutter will further improve the field condition and make plowing easier. The stalks may be covered by bedding—run a middle-buster in the middles or by breaking—use a one - way plow when stalks are not too large and the ground isn't too hard. Wings can be removed from the middlebuster if the ground is too hard and dry for normal bedding.

A final suggestion from Gunter is to apply fertilizer and plant a winter legume crop for further increased yields of following crops.

CONFUSION AHEAD

Odd Names Adorn Birth Certificates

AUSTIN, Sept. 15. (AP) — Somewhere in Texas, Garlic may have started to school this year.

And Hoover Depression may be having a case of measles. Or perhaps V8 is about to make his fame as a high-powered fullback.

It also may be that Graduation Exercise and Bromo Quinine are learning to walk.

Names such as these are not fictional. They appear as legal names on birth certificates registered with the State Health Department Bureau of Vital Statistics.

Others include: July Fourth, Castor, Old Hardtimes, Evil, Angel, Crack-O-Jack, Number Two, Mercy Me, Sample, Rainbolt, Panicky Ann, NRA, Yale Lock, True Love, Taxi, and I Forgot.

Houston Man Set For Marriage Found Dead In Room Of Hotel

HOUSTON, Sept. 15 (AP)—Nick E. Titsa, 59, cafe employe who was to have been married Saturday, was found dead in his hotel room here today.

George Bason, 44, hotel employe, told police he found Titsa lying face down on the floor, blood running from his left ear.

Justice of the Peace Tom Maes has ordered an autopsy.

Shale Oil Plant To Be Dedicated

By HOWARD W. BLAKESLEE
Associated Press Staff Writer

RIFLE, Colo., Sept. 15 — The extraction of oil from shale has been solved here, assuring the United States of gasoline for centuries.

The baptism of this new industry takes place here next week. Then the U. S. Bureau of mines will demonstrate to more than 200 key industrial men the new shale mine, the oil plant and new processes which make this new kind of oil as cheaply as petroleum.

Boyd Guthrie, supervising engineer, said today: "Based on work to date, we estimate a barrel of crude shale oil can be produced from $2.25 to $2.50."

Work Covered Five Years

Crude petroleum has been selling for just under or over $2.50 a barrel recently.

An act of Congress in 1944, five years work and about $6,000,000 produced this industrial miracle. Congress legislated with the idea that in the foreseeable future the United States should never run short of oil.

The single mass of marlestone shale, a 9000-foot high plateau covering 1000 square miles, which the Bureau of Mines has tapped here in west central Colorado, contains about seven times more oil than the United States has used in all 90 years since oil was discovered in Pennsylvania.

The plateau has 22 times more recoverable oil than the proven petroleum reserves of the entire United States.

The marlestone deposits here, in Utah and Wyoming are the richest in the country. Twenty other states and Alaska have good shale deposits.

Young Man Dies Of Gunshot Wounds Received In Houston

HOUSTON, Sept. 15 (AP)—W. E. Yee, 22, died last night from gunshot wounds received Saturday at a Houston grocery.

A charge against Mrs. Mary B. Joe, 35, owner of the grocery store, was changed to murder today. She earlier had been released under $1000 bond after being charged before Justice of Peace W. C. Ragan with assault to murder.

SLIP OF TONGUE

Peanuts Buy One Pair Of Shoes

BARSTOWN, Cal., Sept. 15 (U.P.)— Radio announcer Si Willing changed his commercial spiel today because a figure of spech cost a sponsor a pair of shoes.

Willing announced that a local shoe store was selling shoes "for peanuts — 3.98"

Mrs. Nara Bovio showed up at the store with a sack of 398 peanuts, for which she demanded and got a pair of shoes.

Lebanon has authorized the Arab News Agency, a British concern, to install a private news broadcasting station there.

Sonja Henie And New York Socialite Wed In Gotham

NEW YORK, Sept. 15. (U.P.) — Ice skating star Sonja Henie and socialite Winthrop Gardiner, jr., both 36, were married today in a setting of blue tulle, white lilies and pink orchids that lacked only the glass slippers of a fairy-tale setting.

The marriage—Miss Henie's second and Gardiner's fourth—was performed in the Park Avenue Methodist church by the Rev. Paul Otto before 60 friends and members of the couple's immediate families.

Five hundred guests — ranging from Miss Henie's hairdresser to a couple of Astors—kissed the bride under a bower of gardenias at a reception in the Hotel Plaza's spacious terrace room immediately after the ceremony.

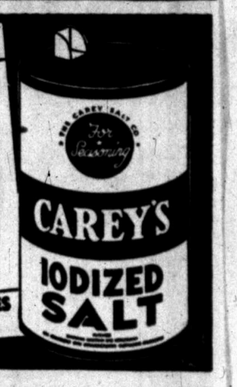

The couple's engagement was announced here last week. Gardiner, who is the 14th owner of Gardiner's island, off Long Island, which was settled by his ancestors in 1622, was a Navy test pilot during the war and is currently in charge of the aviation department of the Industrial Tape company at New Brunswick, N. J.

The two planned to take off in Gardiner's private plane for an undisclosed honeymoon spot following the reception.

What's phosphorus to a pig?

Just a half a pound of your 250-lb. pig is phosphorus. This seems a small amount. But without it, your pig would die. And there are other minerals just as vital to livestock. Some they need in quite large amounts . . . calcium and sodium as well as phosphorus. Others we call *trace elements*. These they need in very small amounts . . . such as cobalt, iron, copper and manganese.

But your animals *do need* these trace elements. The people at the agricultural colleges have proved *that* past all doubt. Some minerals are a "must" if you want to raise healthy, fast-gaining cattle. That goes for lambs and hogs, too. For example, these men find that grass and grains in Dade County, Florida, are short of copper and iron. Clallam County, Washington, needs iodine to check goiter. They know that San Diego County, California, hasn't enough phosphorus. In Aroostook County, Maine, the scarce mineral is cobalt. Ranchers and farmers in these four corners of the country have this problem. *Their feeds and forages are short of one or more vital minerals.* Many other areas share the problem, including parts of the great Corn Belt.

But you ask, "How can I spot animals which suffer from mineral shortage?" It's not too easy. If the lack is serious, your stock may have rickets, "big neck," anemia or other ailments. But there are some early symptoms you can spot. These are bone chewing, loss of appetite, slow gains, rough and scrubby coats. Or just a general unthrifty condition gives you the clue. If you start feeding a mineral which contains the essential trace elements, you may bring them around fast. But if this doesn't work, then you should consult your veterinarian, county agent or agricultural college.

The common mineral deficiencies in your area are known. By feeding mineral-balanced rations, you can correct these lacks. Or you can build up the mineral content of the soil. Either, or both, of these will help you grow healthier livestock, at a lower cost.

William H. Burkitt

Supplemental Mineral for Wintering Range Ewes

by William H. Burkitt
Montana State College

Thirteen mineral elements are known to be necessary for normal functioning of an animal body. However, this does not mean that all 13 must be supplied in a mineral mixture. Many of them are present, under usual feeding conditions, in sufficient amounts for breeding ewes. Those lacking in Montana include sodium and chlorine (salt), iodine, phosphorus, and possibly cobalt.

Lack of sufficient iodine in the ration of pregnant ewes results in lambs being born with "big neck" (goiter). Thin wool in lambs may also result. If dead or weak lambs have shown "big neck" or thin wool at birth in past years, stabilized iodized salt should definitely be fed the ewes this winter.

Phosphorus deficiency may exist in wintering range ewes, particularly if there is little or no supplemental feeding. Abortions and weak lambs may result from deficient phosphorus. Pregnant ewes should have from 0.16% to 0.18% phosphorus in their feed. Many grass hays and mature range grasses contain less than 0.15% phosphorus and some contain as low as 0.04% phosphorus. Bone meal, defluorinated rock phosphates, and monosodium phosphate are satisfactory sources of phosphorus. Palatability and consumption may be improved by mixing with salt.

Cobalt is believed to be needed by microorganisms in the paunch. A lack results in loss of appetite, less feed consumption, and eventually starvation. A possible cobalt deficiency may be guarded against by mixing 1 ounce of cobalt salt with each 100 pounds of stock salt. Cobalt carbonate, chloride, or sulfate are all satisfactory. (*Editor's note: The principles of nutrition discussed above apply to most kinds of livestock and in all parts of the country.*)

Hello Again!

We are glad to be back with the Swift page of information and ideas. What did we do all summer? Well, among other things, we visited with farmers, ranchers, agricultural editors and educators. And we rounded up the facts we need to make these messages interesting and useful to you producers. As we said away back in 1944—"This is your page, and we welcome suggestions from our readers." We still do. Just write to me at Swift & Company, Chicago 9, Illinois . . . And when you're in Chicago, drop in and see us.

LET'S SUPPORT OUR "MEAT TEAM"—You know, times change—but some folks don't change with the times. I'm thinking of the type of man who always thinks that someone is getting the best of him in business. He sells a load of steers. No matter what his return, he's not satisfied—the packer, the commission man, the retailer—somebody else always gets a "bigger slice." But, during this past summer, I talked to a lot of people about the livestock-meat industry and our mutual problems. And I found a refreshing, encouraging attitude—"Sure, we got problems. Who hasn't these days? But if producer, packer and retailer work together as the 'meat team,' we'll work things out . . ." It's just good business to have a decent regard for the contributions made by other members of your team. I hope you have followed the "Meat Team" advertisements of the American Meat Institute and will talk to your neighbors about them.

FACT CONFIRMED—Out in the West, whenever I passed a town with a local meat-packing plant, I thought, "This town, out here where there is lots of livestock, is well served by that local plant. But what about the distant cities filled with meat eaters and no nearby livestock production to speak of?" I know for a fact that meat has to travel an average of more than 1,000 miles to reach those consumers. The only way they can get meat is through the low-cost processing and marketing services provided by nationwide meat packers, like Swift & Company.

F. M. Simpson,
Agricultural Research Dept.

MONEY and MEAT—In the fall months we run into an unusual situation in the livestock-meat packing industry. At that time we often see the year's high market for top finished beef cattle. And this top price usually is being paid when the average price for all cattle is moving in the opposite direction.

The high price is explained by the fact that during the fall we usually have the shortest supply of the year of well finished, long fed cattle. Brisk demand for this short supply naturally will force the price up.

The lower average price results from the annual move to market of huge numbers of grass-fed cattle.

About 20 per cent of all the cattle and lambs slaughtered during a whole year must be handled in September and October. Meat from these animals being slaughtered any given day generally is on the dinner table in less than 14 days.

Folks aren't likely to have any more money to spend on food during the fall months than in February, when fewer meat animals are being marketed.

Since beef and lamb is largely a fresh meat business, there's a lot of meat to eat during the fall months. Consequently, since consumers have no more money to spend, meat prices have to be lowered. And that's just what happens, as it usually does with an increased amount of meat to be sold and no increase in the amount of money with which to buy it. These lower meat prices are most noticeable, of course, in the large consuming centers where surplus supplies always can be moved at a price.

Naturally, then, livestock prices follow meat prices. Producers should keep in mind *that the prices they receive for their livestock are governed by what the packer can get for the meat and the by-products.* This is perfectly demonstrated, as we have pointed out above, when the price for one kind of cattle, in short supply, is moving up *at the same time* that prices of other cattle, in heavy supply, are moving down.

Soda Bill Sez . . .

If your grass is receding, it's time to re-seed. Don't "itch" for what you want—scratch for it.

OUR CITY COUSIN

Says our City Cousin, "Say! I thought you said he's stuffed with hay!"

Martha Logan Recipe for

FRENCH MEATWICH

Make sandwich of 2 slices of bread, using 1 slice of cold meat and 1 slice of cheese as the filling. Dip each sandwich into a mixture made of 1 slightly beaten egg and ¼ cup milk. Pan fry in a small amount of butter, margarine or clear drippings over low heat. Turn to brown. Serve at once with cole slaw or fruit salad.

FREE! The Story of Poultry

Children and grownups, too—here's another booklet in Swift's popular Elementary Science Series. Like the others in the series (on Soils, Plants, Meat Animals and Grass), "The Story of Poultry" (Booklet E) gives the answers to many interesting questions. *Do you know*—

Where the first chickens came from?
Which breed of poultry is native to America?
How the shell gets around an egg?

You'll find the answers to these and dozens of other questions in "The Story of Poultry." Lots of pictures—easy-to-read words. Write for your copy today and show this notice to your school teacher. Yes, there are free copies for every kid in your class, if requested by your teacher. If you'd like the other booklets in the series mentioned above, ask for them, too. They are all FREE! Address your letters:

TRAVEL IN SPACE POSSIBLE WITH PRESENT FUELS

Air Blanket Surrounding Earth Described As World Of Awesome Phenomena After Research By Scientist

EL SEGUNDO, Calif., Sept. 15 (INS)—The earth's outer atmosphere, the least-known frontier of exploration, was described today as a world of Disney-like fantasy —a frightening region of awesome phenomena and spectacle.

Howard E. Roberts, 31-year-old aerodynamics engineer at Douglas Aircraft company, told the Institute of Aeronautical sciences of his exhaustive studies of mysteries of the awesome area surrounding earth.

Man has ascended only 14 miles above earth, a tiny step on the stairway to outer space, but he has sent rockets 250 miles upward and has made radar contact with the moon.'

Space Flight Possible

Roberts said:

"Flight into space is possible with today's rocket fuel. A moon-rocket would have to zoom upward toward space at 25,000 miles per hour to escape earth's gravity pull, although the return could be made at only 5300 MPH.

"The space ship would be too expensive to build at present. It may be decades until atomic power or other developments take man to Venus, Mars, or the moon."

He said that man-made satellites circling the earth on their own orbits several hundred miles up are nearer to possibility. A satellite or space ship 100 feet long might be built to circle the earth indefinitely at 17,000 MPH.

Roberts cited the danger to a space ship of meteors showering downward at 170,000 MPH in a perpetual hail.

"Though the average is smaller than a pea," he explained, "one collision with a good-sized meteor would end the space flight."

Roberts described a layer of ozone at from 20 to 50 miles which absorbs ultra-violet rays from the sun and shields humanity from intense burning.

A barrage of cosmic rays from outer space continually assails the earth, he said, adding:

Hot Region Exists

"Two quintillion (two million million million) cosmic rays hit the earth's atmosphere each second. Rays so powerful as to carry two billion electron volts have been measured at the earth's surface. The source of cosmic rays is uncertain."

He told of a hot region at 20 to 40 miles of altitude which causes sound waves from great explosions such as the Bikini blast to be reflected back to the earth, with broad zones of silence in between.

"Nature is bountiful to radio fans," Roberts said. "If she had neglected two electrical-chemical layers several hundred miles up, radio reception would be impossible beyond line-of sight transmission."

Altitude Affects Man

"At about two miles man would begin to feel heavy and dull-witted. At four miles he'd probably lapse into unconsciousness. If he had oxygen equipment he could hold out to about six miles above the earth, but he'd lose his hearing sense, wouldn't be able to whistle and his voice would lose clarity. He'd get the 'bends.'

"At over eight miles even with oxygen he couldn't live long. At 11 miles he'd swell up like a balloon, and at 13 his blood would boil."

At extremely high altitudes, even with special equipment, a man might be troubled by ultra-violet rays, meteors and cosmic rays.

crisp

Texans Are Urged To Plant Fall Garden

COLLEGE STATION, Sept. 14. (INS)—Now's the time for that fall garden, say the experts.

Take the word of John E. Hutchison, Texas A&M horticulturist, that there is no substitute for the superior flavor and delicious goodness of vegetables grown in your own garden.

Soil preparation is simple, he adds. Remove all residues of former crops plus weeds, etc. Add manure or commercial fertilizer and turn it under.

Germination at this season is usually poor, so use about a fourth more seed in order to get a good stand. In many sections it is time for first plantings.

You can include beans, either pinto or stringless green pod, irish potatoes, Bliss Triumph or Katahdin; onions, use sets or plants for the Bermudas and shallots for the Creole; mustard, tendergreen or southern curled; turnips, Purple Top or Shogoin; radishes, Scarlet Globe or Icicle; and for something new, try the Great Lakes variety of lettuce.

For the second planting, include semi-hardy vegetables like carrots, cabbage, beets and swiss chard.

For the third planting, include the hardy vegetables like collards, english peas, lettuce, spinach, more onions.

HICKENLOOPER PROBE DENOUNCED

Atomic Scientists Bulletin Says AEC Investigation Was 'Failure'

By ROBERT N. SCHWARTZ
INS Staff Correspondent

CHICAGO, Sept. 15—The bulletin of the atomic scientists asserted tonight that Senator Hickenlooper's investigation of the Atomic Energy commission has "proved a painful failure."

At the same time the bulletin asked that scientists be given representation in the inner councils of the two major parties to "lift future investigations of the AEC to a much higher level."

Probe Called Failure

The August-September issue of the bulletin, in an editorial entitled "how not to investigate the Atomic Energy commission," declared:

"If ridiculous behavior were fatal in politics, Senator Hickenlooper's political career would be finished. The Republican leadership would select another man to represent them in the Joint Atomic Energy committee."

The editorial said that the Iowa Republican had "announced grandiloquently that he was going to prove 'incredible mismanagement' on the part of Mr. Lilienthal . . . he diminished his accusation early in the proceedings when he admitted that technical aspects of the program . . . are progressing well.

Evidence Claimed Lacking

"He failed even to claim, much less to produce any evidence, that the security matters were handled by the AEC so badly that losses caused by this laxity outweighed the AEC's positive achievements.

"What remained then, were charges of occasional bad judgment, excessive expenditure, or unsatisfactory accountability — peripheral stabs aimed far from the heart of the gigantic enterprise administered by Mr. Lilienthal and his commission."

The editorial said that in the "affair of the lost uranium" the senator was "cast in the familiar role of the police sergeant whose plodding stubborness brings into proper relief the brilliance of the scientific amateur detective."

Science Counsellors Urged

The editorial added:

"The whole incident illustrates a grave problem facing Congress and American democracy. With atomic energy a national enterprise, with the national science foundation in the offing as a major source of funds for scientific research in this country, with the nation's military planning and much of its foreign policy dominated by scientific and technological considerations, how can a Congress composed almost exclusively of lawyers and businessmen, with little or no background in science or technology, effectively set and supervise the execution of national policy?"

The editorial ended with a plea that Congress be provided with "really competent advisors" and urged major political parties to give some consideration to "introducing some representation of scientists and technologists into their inner councils."

Oil Firm Gives Promotion To Son Of Lubbock Couple

Donald T. Gibson, son of Mr. and Mrs. Clyde A. Gibson of 2008 Twenty-sixth, has been promoted to position of assistant to the district geologist for the Stanolind Oil and Gas company at Tyler, it was learned here.

Gibson received his education at Texas Technological college, getting both his bachelor's and master's degrees here, the latter in 1939. He joined Stanolind the following January and was transferred to Tyler from a geophysical party.

For the past two years Gibson has been supervising Stanolind's core project in the Mexia fault zone area, mostly in Limestone county and some in Navarro county.

California Woman Finds 'Free' Home Will Cost $13,000

EL MONTE, Calif., Sept. 15 (INS)—Mrs. Mary Brod won a $12,500 brick home "absolutely free" at an El Monte home show last June, but—

It cost her $2000 for a lot on which to move the house;

The moving job alone cost $3000;

She had to take out a $2000 completion bond to guarantee that the home would pass city building restrictions.

Landscaping, a garage, light, water and gas connections, and a driveway used up another $3000.

The income tax man said her unearned income tax would be $3000.

Mrs. Brod's had enough. She has her house up for sale. Anyone want to buy a $12,500 brick home for $13,000?

Policeman Shoots Fleeing Negro Youth To Death After Chase

DALLAS, Sept. 15. (U.P.)—Policeman D. N. Boyd shot to death a fleeing negro youth last night in a chase that began, the officer said, when he saw the boy trying to break into a cafe.

The victim was identified as Edward Howard, 18. Boyd said he opened fire when the youth fled and refused to obey his command to halt.

USDA To Supply 26 Carloads Of Milk To Navajo Indians

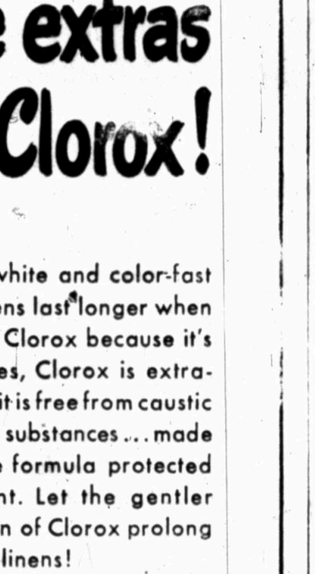

DALLAS, Sept. 15 (U.P.)—The U. S. Department of Agriculture's Production and marketing administration announced today it would supply more than 26 carloads of dried milk for Navajo Indian children in New Mexico and Arizona.

It will me[illegible] children on the reservation will have a quar[illegible] school year for the first [illegible] their lives, John J. Slaughter, southwest area field supervisor of the food distribution program of the USDA, announced.

The milk was bought throughout the country to support fluid milk prices to dairy farmers in accordance with the price support program authorized by Congress.

In addition to the program for school children, milk also will be provided for nursing mothers, hospital patients and welfare cases on the Navajo Indian reservation.

FURR'S SUPER MARKETS

Strikes, Strike Threats Arise To Worry British Government

By J. M. ROBERTS, JR.
Associated Press Staff Writer

Strikes and strike threats spreading from one end of Britain to the other emphasize the vise in which the British government is caught by the proposed devaluation of the pound sterling.

The government only recently came through a critical dock strike which centered around unionism and was fomented by Communists merely intent on disruption.

Higher Wages Demanded

Far more significant, from the standpoint of Britain's world position, is the growing demand for higher wages, which would be heightened by devaluation. Her railwaymen have been threatening to strike over this issue for some months and this dispute now appears to be coming to a head.

Nearly 4,000 Scotch coal miners who normally produce 5,000 tons a day have just gone out on strike.

Electrical workers in northern Ireland, subway workers in London, other groups throughout the country are raising the same cry—more pay.

This not only threatens the country's financial position and complicates the campaign for lower production costs and lower prices on exportable goods, but also threatens the Labor party itself.

Government leaders can hardly be blamed, then, for feeling that devaluation talk shoves them deeper and deeper into the crack.

While putting British exports back into competition for the dollar trade, it seems sure that devaluation would also increase the costs of many British imports. One of them would be food.

That would strike immediately and directly at the working man, many of whom have been living on bread, fish and potatoes to the point of diminishing labor returns.

And it would strike directly at the Labor party which by all accounts is going to have a hard time in the next election anyway.

Graveside Services Conducted For Son Of Wilson Residents

Graveside services were to be held at 4 p. m. today at Lubbock "Babyland" cemetery for Tommy Joe Marcom, 2-day-old son of Rev. and Mrs. Howard Marcom of Wilson, who died Wednesday afternoon in Mercy hospital in Slaton.

Rev. Marcom is pastor of the First Methodist church at Wilson.

Other survivors are a brother, Robert; maternal grandparents, Mr. and Mrs. Franklin Nelson of Abilene, and paternal grandparents, Mr. and Mrs. G. R. Marcom of Levelland.

UN AGENCY SUPPLIES FOOD — AND HOPE —A young boy in Vienna, Austria, sits completely oblivious to his surroundings. He has only one thought in mind — food. The little girl at Havrana, Slovakia, thinks of food, too, as she drinks a happy toast — consisting of a cup of fresh milk — to the people who supplied it. The United Nations International Children's Emergency Fund give a daily supplement of milk and other foods, plus medical care, to the school children of Europe. Most important of all, the agency gives hope for a better future to thousands of war-weary youngsters.

Midwestern Farm Income Drops Below Level Set In Last Year

WASHINGTON, Sept. 15. (AP)—Mid-western farmers made fewer dollars January through July than in the same months last year, the Agriculture department reports.

Farm income for the first seven months this year was lower in every mid-western state than for the corresponding 1948 period.

Iowa led the 12-state section, as well as the entire nation, with cash receipts of $1,169,072 from farm marketings.

California was second.

Third largest farm income was recorded for Illinois with Texas fourth. Texas had $852,722,000.

Hollywood To Produce New Film Based On Seven Short Stories Of American Success

By LOUELLA O. PARSONS
INS Staff Correspondent

HOLLYWOOD, Sept. 15. —I know of no better way to fight Communism than Dore Schary's plan to combine seven typical American short stories, each one the experience of a foreign-born person who has done something worthwhile in America.

That's the idea back of "Big Country," as Dore outlines it. Each story, he says, will be separate in itself, and will feature one of MGM's top stars. In other words, every big MGM star will be seen in one of the seven episodes.

Already five short stories have been bought, namely: "Star in the Window," "Standard for Living," "Rosika, the Rose," "Loan," and "My Song, Yankee Doodle." Just as soon as possible, Robert Sisk, who is producing "Big Country," will get it before the cameras.

Trip To Spain Planned

Jennifer Jones ought to be very pleased. Her new bridegroom, David Selznick, is flying out Friday to spend one week with her. He has to be back Oct. 10 for the William Bacher lawsuit. David said that he and Jennifer are going to spend a month in Spain after she finishes her picture, and then they are coming home for Christmas.

"What about your pictures in Europe?" I asked him.

"Well, we'll spend two months in Hollywood, and then return to Europe," he said.

I would like to see David, who is one of the most able and talented producers, come back here and make his pictures.

* * *

Last year in New York, $25,000 was raised by the exhibition of amateur paintings by famous people for the Urban league.

In Hollywood it's planned to have a similar exhibition, and John Vogel, a local artist, has offered his services free to any of the girls and boys who have a yen to paint and would like to be a part of this worthwhile work.

Gary Cooper, Ava Gardner, Linda Darnell, Van Johnson, Reggie Gardiner, Frank Sinatra are a few of those whose paintings were exhibited in New York.

* * *

Susanna Foster In Hospital

Snapshots of Hollywood collected at random: Susanna Foster who lost her expected baby, is in General hospital at Trenton, N. J. She and her husband, Wilbur Evans, were in a dress rehearsal for "Desert Song" when Susanna collapsed and was rushed to the hospital.

Vincent Evans, hero of the bomber, Memphis Belle, is marrying Loretta Barnett, a Saks Fifth Avenue model. Vince, who went into the acting business after the war, is leaving the Hollywood scene in favor of the lobster fishing business in Baja, California.

Here's the latest Curtiz-ism. Mike, who has been in New York with Kirk Douglas, said, "The greatest musical ever made is 'Union Pacific.'"

Chatted with Irving Berlin before he left for New York. I love the title of the musical he is planning for Ethel Merman—"Call Me Madame."

While Gary Cooper was in New York I hear he was able to get financing for the new ski lodge he plans to open in Aspen, Colorado.

At the party given Fibber McGee and Molly, they turned the tables and presented their sponsor with a gold trophy inscribed: "To Our Sponsor for being trustworthy for 15 years. Love, Fibber and Molly."

That's all for today. See you Tomorrow!

A&P Food Chain Faces U. S. Suit

NEW YORK, Sept. 15. (AP) — The Justice department filed suit today to split up the huge food chain of the Great Atlantic and Pacific Tea Co.

The company called the anti-trust action "an attack on the entire system of efficient, low-cost, low-profit mass distribution." It said, "we sold good food too cheap."

Attorney General J. Howard McGrath's suit in federal district court here seeks a court order forcing A and P to divide its nationwide food store network into seven independently-owned retail chains.

Operates 6,000 Stores

Separation of A and P's manufacturing and food processing business from its buying and selling activities also is sought. And the department asks that the company's big wholesale fruit and vegetable subsidiary, the Atlantic Commission Co., be dissolved.

A and P stock, traded in the New York curb exchange, dropped $4.50 a share today, closing at $119. This morning the stock had opened at $123.

The A and P operates 6,000 stores across the country which last year grossed sales of nearly $3,000,000,000.

"The suit is designed to eliminate the abuse by A and P of its mass buying and mass selling power," McGrtah said in a statement. The complaint charged the company had used its position to "impose unreasonable restraints of trade upon competitors at all levels of the food industry from farm to table."

An A and P official said: "There is nothing even approaching monopoly here; for as every housewife knows, the retail grocery business is the most competitive in the country and we do only a small part of it. Nor was there ever any charge that we raised prices; for the whole basis of this attack is the fact that we sold good food too cheap."

Nut sandwiches make a fine addition to a summer salad plate of vegetables or fruit. To make the nut butter for the sandwich filling simply cream the butter well and add finely ground pecan or walnut meats. Season with salt.

Mrs. Chestnutt Gets Lynn Treasurer Post

TAHOKA, Sept. 15 (Special)—Mrs. Frances Chestnutt, of Tahoka, has been appointed Lynn county treasurer by the commissioners' court, succeeding Herman Reid, who recently resigned.

Mrs. Chestnutt has lived in Lynn county for about eight years and is well known over the county. For the past two years she has been employed as secretary to County Judge Tom Garrard.

Mrs. Chestnutt is the former Miss Frances Smelser, daughter of Mr. and Mrs. J. B. Smelser of Mt. Pleasant. She was graduated from the Mt. Pleasant schools with highest honors and later studied business administration in the business school there. She was employed in Texarkana as an interviewer for the Texas State Unemployment service, Since moving to Tahoka, Mrs. Chestnutt has worked as bookkeeper for Lyntegar Cooperative, Inc., and the National Farm Loan association.

Mrs. Chestnutt has taken active part in the social and civic activities in Tahoka and Lynn county. She has done considerable child welfare work. She is a member of the Tahoka Church of Christ, Child Guidance club, and the Lynn County Welfare board. She is secretary of both the Lynn County Farm Bureau and the Lynn county chapter of the American Red Cross.

Mrs. Chestnutt has one son, Buddy, six years old.

Hockley County Fair Opens At Levelland

Winners Named In Some Events

LEVELLAND, Sept. 15 (Special) The seventh annual Hockley County Fair and Jamboree opened here today in the new exhibition building south of town.

Total attendance today was estimated at several hundred persons, although cloudy skies and recurrent rains were thought to have made the crowd somewhat smaller than was expected for the opening day.

The fair will continue through Friday and Saturday. Special events are planned for both remaining days.

Swine Winners Named

Swine exhibits were judged today, with winning exhibitors in the various divisions as follows:

Poland China gilts: First, Max Gross; second, Don Creager; third, Charles Tyson; fourth, Glen Salter; fifth, Paul Friemel.

Duroc gilts: First, J. T. Stewart; second, J. T. Stewart; third, David Powell; fourth and fifth, Elvoy Thompson.

Robert Phillips of Ropesville was the only exhibitor of a Poland China sow.

Barrows: First, Troy Phillips; second, Conatser; third, Donald Moreland; fourth Paul Padgett.

Earl Waldrip's entry was the grand champion sow of the show.

In the barrows of all kinds division, K. Teaff of Ropesville won first and second place with his exhibits. Other winners were L. A. Johnson, Robert Phillips, and Winfred Caswell.

In the pen of three barrows division Johnson, Phillips, and Caswell were first, second, and third place winners respectively.

In the best barrows division, winning exhibitors were: Dick Lawson, Paul Padgett, Coy Phillips, Glen Hughes, and Buddy Logston.

Best litter of pigs division: Paul Padgett, first; Coy Phillips, second.

The champion gilt was shown by Max Gross.

Winners of the Sears, Roebuck awards were Charles Tyson, Paul Friemel, Royce Bednarz, Alton Thomson and Gene Schoenrock.

In the vocational agriculture booths contest, Ropesville was first place winner. Other winners were Levelland, Sundown, Anton, Pettit, and Whitharral.

In the veterans vocational agriculture booths division, Pettit was high winner, with Levelland and Ropesville second and third place winners respectively.

Cattle judging will be held Friday.

LUBBOCK MORNING AVALANCHE

Lubbock, Texas, Friday, Sept. 16, 1949

Oil Output For State Boosted

By BO BYERS
Associated Press Staff Writer

AUSTIN, Sept. 15—A 32,044-barrel increase in the crude oil daily allowable for October was ordered today by the Texas Railroad commission. This will mean permissive production of 2,135,238 barrels per day.

One additional day was ordered for both the statewide and East Texas field producing schedules, bringing them to 19 and 17 days respectively.

Companies Favor Boost

It was the second straight boost in Texas production. A 132,000-barrel daily advance was approved at the August statewide hearing for September, marking the first upswing in Texas production this year.

The October allowable will be 54,762 barrels per day under the U. S. Bureau of Mines estimated market demand of 2,190,000 barrels.

Natural gasoline and distillate production for next month was estimated at 234,883 barrels a day, bringing the total Texas allowable to 2,370,121 barrels daily.

Testimony at today's statewide hearing generally favored the one-day addition to producing schedules.

Sun Oil company and Sinclair Oil and Gas company representatives advocated increases, and V. E. Smith of the Petrol Refining company, Inc., said he believed the East Texas field should have two more producing days.

H. P. Nichols, executive vice

Registration Of New Students At Carroll Thompson Set Saturday

Carl Bailey, principal of Carroll Thompson Junior High school which will open at 8:45 a. m. Monday, has announced that new students and transfer students to his school's district will register from 10:30 a. m. to noon Saturday at Logan's, across the street from the school.

Reason for registering there, according to Bailey, is because furniture will be moved into the school Saturday. A teachers meeting will be held at 9 a. m. Saturday in room 107 of the school. Seventh grade students will be told where to report by posters Monday and other students will report to their assigned home rooms.

Jaycee Solicitors Give Reports

Matador Club Drive Almost Completed

Reports from the 70 Jaycee solicitors who have been canvassing Lubbock in the 1949-50 Matador Club drive, indicate they are in the final stages of completing the areas assigned to them and the drive is approaching a success, Bernie Vincenti, chairman of the Jaycees' public affairs committee, reported Thursday.

Approximately 80 per cent of the people contacted in the drive have joined in the club's membership, the reports reveal.

Appeal Is Issued

Vincenti issued an appeal to Jaycee workers to close out their canvassing by Saturday.

"It is important that the town as a whole support the efforts of the Matador club and extend the number of active members," Vincenti said. "In conducting a drive of this kind, it is sometimes impossible to include every and all places of business. It is urgently requested that any places which have not been canvassed or solicited by Saturday, call the Junior Chamber of Commerce office and leave their names and addresses. A Jaycee member will promptly solicit them for membership."

Because of the weather at last Saturday's football game, there may have been some confusion as to the reserve parking area set aside for Matador club members, Vincenti said. It has been assured by the next home game that adequate signs will have been posted and location of a permanent parking area will be announced for Matador club members, Vincenti said.

Meeting Slated Monday

All Matador club members are urged to attend next Monday night's film showing the Red Raiders' past game performance. The film and the quarterback discussion will be held at Lubbock Hotel at 8 p.m.

Paul Cates, newly elected president of the Matador club, has welcomed the new members into his organization and has promised them an active voice in aiding the current athletic program at Texas Tech. As Cates points out, the individual members of the Matador club, in addition to supporting the college and its athletic activities, are entitled to admittance to the Monday night quarterback sessions, at which films of the previous games are shown and discussed; are admitted to all secret workouts of the football squad; mailed a monthly news bulletin which keeps them informed of the athletic progress at the college throughout the year; are admitted to a desirable parking area on a first-come, first-served basis; and are given the opportunity of improving their season reserve tickets as openings become available.

(EDITOR'S NOTE: Today The Morning Avalanche starts a new feature—introducing the business and civic leaders in the women's world in Lubbock. This feature will introduce th women in the positions which they hold, the clubs or organizations in which they participate and their contributions to the thriving community in which they live.)

MEET THE WOMEN — Mrs. O. P. Harlan, president of the Lubbock Business and Professional Women's club, is associated with her husband in an insurance agency in Lubbock National building. Mrs. Harlan is also a member of the Altrusa club and the Lubbock Association of Accident and Health Underwriters. She is a member of First Methodist church. Mrs. Harlan, a native Texan, has resided in Lubbock since 1930. Her hobbies are her home at 1723 Thirty-first and her family, including her five granddaughters. (Staff Photo.)

Extension For Scurry Planned

Lion Oil Company is to try to extend the Canyon lime producing area of the Diamond M field in Southwest Scurry County one mile to the west at its No. 1 Strom, a wildcat which is slated to drill to 7,000 feet.

This venture is 662 feet from south and 1,836 feet from west lines of section 198, block 97, H&TC survey. That makes it approximately one mile west of the nearest completed producers from the Canyon lime on the northwest side of the Diamond M field.

An Old Dry Hole

No. 1 Strom is an old dry hole drilled in 1946 to 2,903 feet in the Permian lime and plugged and abandoned at that point after failing to develop any indications of oil or gas production.

It is now to be re-entered, cleaned out and deepened and operations are to start immediately.

The first dual producer for the Flanagan field in Central-South Gaines County has been completed at Magnolia Petroleum Company No. 1 Flanagan, an east offset to the Ellenburger discovery in that area.

Magnolia No. 1 Flanagan was completed from the Devonian and from the Clear Fork after failing to develop Commercial production from the Ellenburger.

Production Announced

Following through a one-half inch tubing choke it made an initial daily production of 537.37 barrels of 34-gravity oil from the Devonian. The gas-oil ratio was 10-1. Flow was natural and there was no formation water. Flowing casing pressure was 675 pounds and the tubing pressure was 560-20 pounds.

The production from the Devonian was from perforations in the casing between 10,345-10,382 feet. Total plug back depth was 10,404 feet. From perforations in the 7-inch casing between 7,288-250 in the Clear Fork it flowed 403.65 barrels of petroleum in 24 hours through a one-half inch tubing choke. The gravity of that oil was 39,5 and the gas-oil ratio was 773-1. The flow was natural, with no formation water reported.

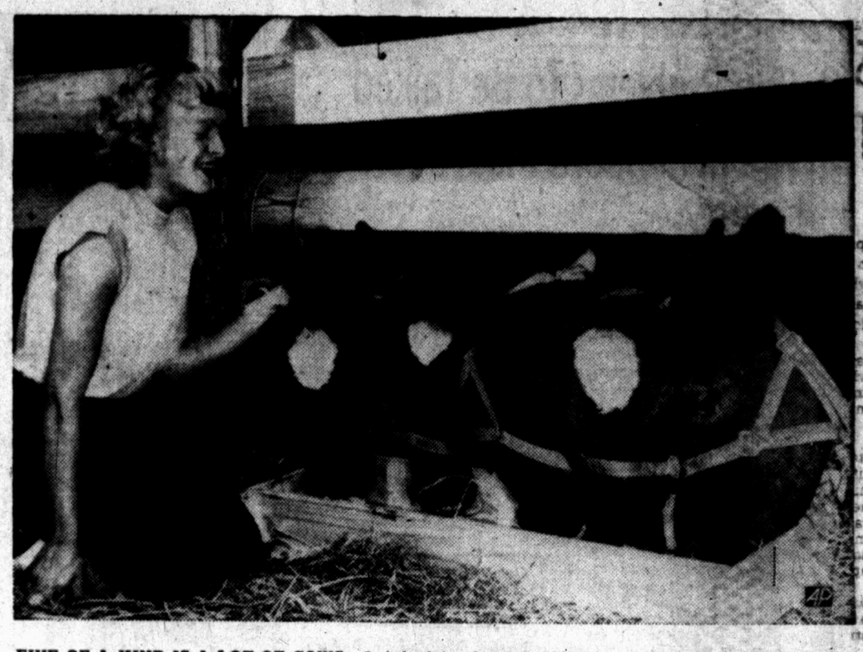

The new well is 1,980 feet from north and 660 feet from west lines of section 9, block A-23, psl survey.

Producer Completed

Ralph Lowe of Midland, has completed the second producer from the Canyon lime for the Doss pool in Central South Gaines County at his No. 1-B Helen Cunningham and others.

Flowing through a one-half inch tubing choke, it completed for a calculated 24-hour potential of 301 barrels of 46-gravity oil. The gas-oil ratio was 1,100-1. There

Kiwanis Club Plans To Use Funds For Girl Scout Building

L. E. (Jack) Davis announced Thursday at a Kiwanis luncheon in Hotel Lubbock that the club has raised $12,931.38 for the erection of a new Girl Scout building at 2600 Ave. P.

Davis, who was president of the club in 1948, told fellow members the Kiwanis club plans to complete the project before officially turning it over to the Girl Scouts.

William C. O'Mara, chairman of the building committee, said plans for the building are now in the hands of James Atcheson, an architect, who has promised to have the blueprint completed soon.

"Then we will take bids from reputable contractors," O'Mara said, "and start construction as soon as possible. We would like to have the building completed by the end of the year," he added.

Others on the building committee are Larry Copenhaver and Tillman Carter.

Mrs. J. D. Jones, chairman of the Girl Scout office staff, said "it's a dream come true" as she thanked the Kiwanis club for its official project. She spoke in behalf of the more than 400 adult leaders and 1,100 girls associated with the Girl Scout program here.

O'Mara called for a vote of thanks for the preliminary work done by Davis and the members returned a loud clapping ovation.

Davis reminded the club of its undertaking of the project almost two years ago. He said the club first contributed $1,750 to a fund of $2,250 already raised by

MONTHLY DONATION TO BE MADE

Lubbock Women's Club Plans To Sponsor Carnival For Girlstown

Expanding the support the club already has been giving to Girlstown, U. S. A., Lubbock Business and Professional Women's club will make a $50 monthly donation to Girlstown and will sponsor an annual winter carnival and dance for benefit of Girlstown, club representatives announced Thursday.

The first annual winter carnival and dance sponsored by the club was given Dec. 7 last year with approximately $500 in proceeds going into a fund for use in club projects. That money also has been put aside for use for the club in buying needed items at Girlstown.

Hereafter, proceeds will be sent directly to Girlstown for use there as needed.

In addition, the Lubbock club will present information about Girlstown to the district Business and Professional Women's organization and also to the national organization so that Girlstown may be considered as a national project.

Lubbock business and Professional Women's club became interested in aiding Girlstown even before it was moved to near Whiteface in July. Representatives of the club visited Girlstown while it still was located at Bi[illegible]lo Gap, after seeing a news story concerning the girls' home.

Representatives of the club visit Girlstown about three times weekly. In addition to aiding financially, they send letters of thanks to organizations and individuals contributing to Girlstown, seek items needed for Girlstown and perform other services as needed.

Members of the Girlstown project committee of the club are Mrs. June Woodrum, chairman, Mrs. Elizabeth Walton, Mrs. Mabel Chapman, Mrs. Julia Ray, Miss Ann Kelly, Mrs. Mabel Krebbs, Mrs. Allie M. Dyer, and Mrs. Tessie Dickerson. Mrs. Elnore Harlan is president of the club.

Commission Okays $2,500,000 In Debentures For Texas Firm

WASHINGTON, Sept. 15 (AP)—El Paso Electric Co., El Paso, Texas, was authorized by the power commission today to issue $2,500,000 in 3¼ per cent debentures maturing Sept. 1, 1969.

The company plans to sell the debentures to John Hancock Mutual Life Insurance Co.

Cotton Problems To Be Talked At National Board Meet Soon

MEMPHIS, Tenn., Sept. 15 (Special) — Matters of top importance in the cotton industry's nationwide cotton consumption program will be considered here September 23 by the National Cotton Council's board of directors representing every major branch of the industry and every cotton state, Oscar Johnston, Scott, Miss., chairman of the Council board, announced today.

Johnston said that the board would review progress being made in the Council's 1949-50 finance campaign and would discuss program activities during the past six months. Special emphasis will be laid on programs in the fields of promotion, research, foreign trade, and production and marketing efficiency.

Area Men On Council

The Council's committee on operating policy headed by A. L. Durand, Hobart, Okla., cotton oil mill executive, is scheduled for sessions Sept. 21-22 immediately preceding the board meeting. Trustees of the Oscar Johnston Cotton Foundation, also headed by Durand, will meet on Sept. 22.

Board members of the Cotton Council include:

Producers: George G. Chance, Bryan, Texas; Walter L. Randolph, Montgomery, Ala.; Delmar Roberts, Anthony, N. M.; Boswell Stevens, Macon, Miss.; N. C. Williamson, Lake Providence, La.

Ginners: Harry S. Baker, Fresno, Calif.; W. J. Ely, Snyder, Texas; George Hemphill, Kennett, Mo.; Garner M. Lester, Jackson, Miss.; C. D. Patterson, Decatur, Ala.

Merchants: Robert W. Dickey, Phoenix, Ariz.; Burris C. Jackson, Hillsboro, Texas; Charles W. Shepard, Gadsden, Ala.; S. Y. West, Memphis, Tenn.; Ben J. Williams, New Orleans, La.

Crushers: W. B. Coberly, Los Angeles, Calif.; R. M. Hughes, Greer, S. C.; J. T. Preston, Monroe, Ga.; George A. Simmons, Lubbock, Texas; J. R. Strain, Tupelo, Miss.

Spinners: Hugh M. Comer, Sylacauga, Ala.; Charles C. Hertwig, Macon, Ga.; Ernest Rees, Fayetteville, Tenn; Fred W. Symmes, Greenville, S.C.; A. K. Winget, Albemarle, N. C.

Council officers who also serve as board members, in addition to Mr. Johnston, are Harold A. Young, North Little Rock, Ark., president; L. T. Barringer, Memphis, Tenn., vice-president; A. L. Durand, Hobart, Okla., vice-president; H. L. Wingate, Macon, Ga., vice-president; Wm. T. Wynn, Greenville, Miss., treasurer; and Wm. Rhea Blake, Memphis, Tenn., executive vice-president and secretary. Robert R. Coker, Hartsville, S. C., and Lamar Fleming, jr., Houston, are advisors to the board.

New Device Expected To Reduce Wear On Tubing Of Pumping Wells

HUNTINGTON PARK, Calif., Sept. 15 (AP)—A new oil well device that constantly revolves the long tubing through which oil is pumped to the surface is being used in the Los Angeles basin fields.

The object is to cut down wear of the tubing from the constant up and down action of the rod inside it which operates the pump at the bottom of the hole.

The method is the brain-child of David Cormany, Long Beach, Calif., designing engineer who is general manager of an oil tool company here. He says that by slowly and constantly turning the long tubing the wear can be distributed and the costly business of shutting down production for "pulling jobs" because of split tubing is cut to a minimum.

Cormany explains that few if any oil wells are straight holes and that as result the sucker rod and its couplings are a major source of tubing wear. The designer explained that a device is installed at the head of the well which, by a system of gears, turns the tubing just one-thousandth of an inch for each stroke of the sucker rod.

STOCKS SHOW LOSSES

NEW YORK, Sept. 15. (AP)—The stock market turned in an impressive score today in the face of highly disquieting labor news.

The market, on average, declined. Losses were small, though, and a wide variety of stocks climbed to new highs for 1949. Final quotations in most cases were up a bit from the lows of the day.

Steel, oil, and railway shares were under pressure.

Selling was heaviest immediately after the opening. This was the market's first response to news late yesterday that most of the major steel producers did not take kindly to the idea of accepting the recommendations of a presidential fact-finding board on the matter of social benefits for steel workers.

The outlook for industrial peace was still further clouded by what appeared to be a strong possibility that all or part of the soft coal industry may be struck by John L. Lewis.

Trading was faster than normal and for the third day running turnover topped the 1,000,000-shares level. Sales of 1,160,000 shares compared with 1,690,000 yesterday and 1,720,000 Tuesday.

The Associated Press average of 60 stocks declined of one point to 85.4.

Sunshine Mining, second most active stock, moved up a point to 11⅝, the year's best price.

Commonwealth and Southern, most active issue, backed down ⅛ from the high of the year, 5¼, established yesterday.

U. S. Steel ended ⅛ down at 23¼. Bethlehem at 38⅛ and Youngstown Sheet at 65⅝ were each off ¾ point. Republic Steel slipped ⅝ to 30⅝.

Coca-Cola provided some minor fireworks with a jump of 13 points at one time and a final gain of 9 at 159.

Finishing lower were General Motors, Chrysler, Douglas Aircraft, Radio Corp., American Telephone, Kennecott Copper and Standard Oil (NJ).

Higher were U. S. Rubber, United Gas Corp., and Dow Chemical.

Eire and Sweden signed their first trade agreement in Dublin.

Cotton

NEW YORK REPORT

NEW YORK, Sept. 15 (AP)—Cotton futures trading was extremely quiet today. Price movements also were narrow. There was some liquidation of the nearby October delivery prior to first notice day on September 27. Hedging made its appearance in nearby March and May contracts which was absorbed by mill price fixing.

Further unsettled weather conditions were reported in the cotton belt, with light to heavy rains falling in Texas.

Cotton futures were quiet and closed steady. Trade buying disclosed a limited amount of hedge selling.

Futures closed unchanged to 15 cents a bale higher than the previous close.

NEW ORLEANS REPORT

NEW ORLEANS, Sept. 15 (AP)—Cotton futures declined here early today, but rallied later on trade price fixing and short covering. Close prices were steady, 10 cents to 30 cents a bale higher.

	Open	High	Low	Close
Oct.	29.80	29.98	29.89	29.97-98
Dec.	29.72	29.77	29.72	29.76-77

May	29.53	29.59	29.53	29.58-59
July	29.00	29.01	29.04	29.01

AVERAGE PRICE

NEW ORLEANS, Sept. 15. (AP)—The average price of middling 15/16ths-inch cotton today at 10 designated southern spot markets was 30 cents a bale lower at 30.09 cents a pound; average for the past 20 market days 30.76; middling ⅞ths-inch average 28.50.

Livestock

KANSAS CITY REPORT

KANSAS CITY, Sept. 15 (AP)—Cattle 1,300; calves salable 500; narrow and bearish late week demand for most slaughter classes; hardly enough steers and heifers available for adequate market test; but little interest shown for medium and good short feds and grassers; few sales cows weak at Wednesday's late decline, instances lower; bulls and vealers steady; killing calves fully 1.00, spots 2.00 lwoer for 2 days; small lot high good to low choice fed steers 30.00; package good mixed yearlings 27.50, scattering best cows 14.00-16.00.

Hogs 1,800; fairly active, uneven, steady to 50 higher; closing with most of advance lost; top 22.00; good and choice 200-290 lbs 21.25-75; weights above 240 lbs very scarce; 170-190 lbs 20.00-21.00; sows 15.50-20.00.

Sheep 1,500; moderately active, killing classes steady; good and choice truck in native spring lambs 22.00; medium and good shipments 20.00-21.50; odd lots good and choice slaughter ewes 8.00.

FORT WORTH REPORT

FORT WORTH, Sept. 15 (AP)—Cattle 800; calves 400; cattle active and strong; some sales in all classes at higher levels; calves steady to strong; common to medium steers and yearlings 16.00-22.00; good kinds 24.00-25.00; beef cows 14.00-16.50; good calves 20.00-22.00; some good and choice 500 lb calves 22.00-24.50; common to medium calves 14.00-19.00.

Hogs 700; butchers mostly 75c lower; some lightweight hogs 1.00 or more down; sows and feeder pigs mostly steady; good and choice 200-270 lb butchers 21.50-75; good and choice 160-190 lb 18.50-21.25; sows 17.00-18.50; a few at 19.00; feeder pigs 18.00 down.

Sheep 1,800; all classes steady; medium grade spring lambs 21.00-22.00; medium grade yearlings 17.00; medium and good slaughter ewes 7.75-8.50; most cull and common ewes 7.50 and a few down to 7.00; medium grade feeder lambs 19.00-20.00.

Grain

CHICAGO REPORT

CHICAGO, Sept. 15 (AP)—Heavy export buying and general short covering rallied wheat futures today.

Wheat gained more than 3 cents a bushel at times, with the December contract reaching the best levels since January. Wheat buying strengthened corn and soybeans, but oats remained weak.

Wheat closed 1½ to 3¾ cents higher than the previous finish. September $2.00 ⅝, corn was ¼ higher to ⅛ lower. September $1.26 ⅛-¼, oats were unchanged to ⅝ down, September 68 ⅝-¾.

FORT WORTH REPORT

FORT WORTH, Sept. 15 (AP)—Wheat No. 1 hard, 2.33 ½-40 ½.

Oats No. 2 white 85 ¾-86 ¾.

Corn No. 2 white Texas 1.84 ½-86 ½; northern 1.72 ¾-74 ¾.

Sorghums No. 2 yellow milo, per 100 lbs 2.20-25.

Produce

CHICAGO REPORT

CHICAGO, Sept. 15 (AP)—Produce:

Live poultry: 30 trucks. Weak. Hens: Colored, heavy 22, light 20, Leghorn 21½. Hybrid 21½. Bareback 23½. Springs: Colored 23, Plymouth Rock 25, White Rock 25, Grey Cross 24, White Cross 24, Bareback 21.

Butter: 551,178 pounds. Steady. 93 score 62 cents a pound, 92 score 61½; 90 score 59; 89 score 59½. Carlots: 90 score 59¾; 89 score 57.

Eggs (browns and whites) 7,863 cases. Steady. Extras 70 per cent A and over, unquoted; 69 to 69.9 per cent A 62-66 cents a dozen; standards 60-64; current receipts, 47-49; dirties 45, checks 39½.

Business Census Nears Completion

The official federal business census in the 19th Congressional district is now 98 per cent complete, L. D. Whiteley, supervisor for this district, estimated Thursday.

"The field work has been completed and less than one per cent of the questionnaires are still out," Whiteley explained. "We are helping some businessmen fill out their forms and we expect to be finished by Sept. 30."

Whiteley said no word has yet been received as to whether the local district census office in the federal building will remain open until the first of the year, when preparations for the 1950 census will start in earnest.

It is expected that the office will start taking applications for enumerators about Jan. 15. Unofficial word is that the actual work of taking the 1950 population census will begin in April.

Meanwhile, reports showing results of the current business census are expected to be ready within six weeks of the date when the local office completes its findings.

Government Cotton May Go On Market To Meet Shortage

WASHINGTON, Sept. 15 (AP)—The government may put some of its surplus cotton on the market to meet mill needs for grades temporarily in short supply.

Agriculture department officials said today the matter is expected to be laid before the board of the Commodity Credit corporation, agency which holds the cotton, within a few days.

The CCC owns about 3,700,000 of all grades and staple lengths. The cotton was acquired under 1948 grower price support operations.

Officials said they have received reports that there is a temporary market shortage of long staple cotton. The 1949 crop has not yet reached the market in appreciable supply.

Landowners Oppose Abilene Water Plans

SWEETWATER, Sept. 15. (AP)—Five landowners have filed suit to invalidate the State Board of Water Engineers permit to the city of Sweetwater to construct a 30,000-acre-foot lake on Oak Creek in Coke County.

The suit was filed in district court at Robert Lee by C. H. and Edna Wylie, Tad Richards, J. T. Ford and W. S. Evans. It makes the city of Sweetwater, the Upper Colorado River Authority and the State Board of Water Engineers defendants.

The suit alleges such a lake would interfere with the plaintiff's property and water rights, and that other water supply sources are available.

A group of downstream landowners who filed suit in district court at Ballinger, seeking an injunction against the dam, have amended their suit to make the Upper Colorado River authority a defendant.

Mayor W. C. Chennault said Sweetwater is proceeding with plans to buy land for the lake in the belief a settlement will be reached.

India decided to establish consular relations with the Communists in China.

Soldier, Kansas Woman Killed In Auto-Freight Car Collision

EL PASO, Sept. 15. (AP) — An Army sergeant and a Kansas woman were killed yesterday in the collision of their car and a freight car.

They were Sgt. Albert C. Forcey, 25, of Fort Bliss, and Mrs. Lenore Rice, 23, Emporia, Kans. Their car rammed into a flat car loaded with pipe on railroad tracks near Fort Bliss.

West Texas C-C Announces First Photographic Contest

ABILENE, Sept. 15. (Special)—Somewhere in West Texas someone has made an outstanding photograph which is sought by the West Texas Chamber of Commerce for publicity purposes. The organization has announced the first annual All West Texas photographic contest, in connection with the Museum of Fine Arts.

The contest will be open to both professionals and amateurs. The prizes will be 4x5 Graphic cameras in both classes, for pictures made in West Texas during 1949. The contest will close Sept. 30, and judging will be by members of the WTCC staff.

The contest is being conducted with the cooperation of the local Chambers of Commerce in 132 counties of West Texas and entry blanks are available from the manager.

Lubbock Church To Open Meeting Today

A three-day meeting at the Primitive Baptist church, 2402 Twenty-third, will begin this morning, with church leaders from several Texas cities to be in attendance.

Elder W. H. Fox, leader of the church here, said services are scheduled for 11 a.m., 2:30 p.m., and 7:30 p.m., daily, except for Sunday, when no 7:30 p.m. meeting will be held. He said communion would be observed during the meeting.

Some of the expected out-of-town guests are T. A. Dunn of Crosbyton, E. J. Norman of Wellington, H. E. Richards of Anton, and E. J. Ellis of Tulia.

Japan has increased bicycle production by 369 per cent this year, over last.

Plans Discussed For Developing Upper Brazos, Colorado Rivers

WASHINGTON, Sept. 15. (AP)—Plans for harnessing the upper Brazos and Colorado rivers in Texas were discussed here today by three Texans with various government officials.

Those in on the talks were H. P. Burleigh of Austin, state water planning engineer; Rex Reed, reclamation bureau engineer with headquarters at Amarillo, and D. A. Bandeen, Abilene, manager of the West Texas Chamber of Commerce.

They hope to work out a program for flood control and water utilization on the upper watershed of the Brazos and Colorado similar to that planned for the Canadian river, Burliegh said.

Legislation authorizing a $85 million development on the Canadian river in the Texas Panhandle and High Plains area of the state has passed the House and is now pending in the Senate.

UN TO CONSIDER PROBLEM

Russia To Be Prevented From Getting Mediterranean Foothold

By PIERRE J. HUSS
INS Staff Correspondent

LAKE SUCCESS, N. Y., Sept. 15.—Authoritative sources at the United Nations said today that the United States, Britain and France have reached agreement "in principle" that under no circumstances will Russia be allowed to gain a foothold in the Mediterranean.

The understanding was formulated through diplomatic channels simultaneously with the framing of what is believed to be an acceptable plan for solution in the assembly of the Italian colonies problem.

Plan To Be Proposed

The assembly will be asked to approve a scheme under which Libya's independence as a single unit is to be assured within a period of three to five years. The territory consists of Tripolitania and the strategically vital Cyrenaica with the famed bastions of Tobruk and Ben Ghazi.

A ruling board of interested nations—Britain, France, the United States, Italy and one or two native representatives in each instance—would take over pending independence. It is over the selection in UN of members for the governing board that the western powers and the Soviet bloc again will clash.

Two years ago and even during the Paris assembly in 1948, the western powers barred Russia from membership on any UN Palestine commission or military truce team. This caused bitter and repeated clashes in both the assembly and Security council.

Settlement Of Issue Expected

Indications are that the Arab states, who voted against Iatlian trusteeship for Tripolitania, look with favor on the revised western formula for the African territories.

A number of top delegates arriving at Lake Success from Europe and Latin-America are convinced that the issue of the African territories is almost certain to be settled satisfactorily.

Current consultations between U. S. Secretary of State Dean Acheson and Italian Foreign Minister Count. Carlo Sforza are expected to clear the path for Italy's acceptance of an assembly solution as now envisaged.

Reds Force Consideration

The proposal for an over-all UN trusteeship over the African territories offered in the annual report of Secretary-General Trygve Lie is on the way out. However, the Soviet Union and its satellites are determined to force consideration of the UN trusteeship plan they have always sponsored.

The western plan is to give Italy a trusteeship over Somaliland until that area is ready for independence. Ethiopia will be granted eastern Eritrea, with special status for the port of Massawa. Western Eritrea is to go to an Angle-Egyptian trusteeship.

Negotiations are still on with France on the question of Fezzan, the southwestern oasis district of Tripolitania. Reluctance has been shown in Paris to yielding French control there.

"WORLD'S LARGEST" AIRLINER TAKES TO THE AIR — The giant, 130-ton airliner "Brabazon 1," said to be the "largest civil land-based plane in the world," makes its first test flight over Charlton, England. The eight-engined plane was developed at a cost of $48,000,000. Officials said its 30-minute test flight was completely successful.

Public Co-Operation Credited By New York Commissioner For Effective Police Action

DALLAS, Sept. 15. (U.P.) — The public was given credit today in helping to lighten the job of policing one of the world's largest cities.

New York City Police Commissioner William P. O'Brien said his city had instituted a program of co-operation between police and public.

In a talk before the 56th annual convention of the International Association of Chiefs of Police, O'Brien cited precinct co-ordinating councils formed in New York City.

Public Support Needed

Their purpose, he said, is to coordinate the activities of all public and private orgapizations interested in juvenile aid and guidance.

The councils have been "immeasurably helped by friendly relations between police and public and constitute at the present time one of the foremost innovations and advances in the ever-present war on juvenile delinquency."

It is his firm belief, he said, that efforts to improve police attitudes toward the public and thus effect an increase in public support and cooperation are a continuing necessity.

Other speakers on the fourth and final day of the convention included Maj. Gen. E. P. Parker, provost marshal general of the Army.

Armed Forces Profit

"The armed forces have profited greatly by the examples set for us by civil police agencies," Parker said. "It is possible for us today to select well-qualified, intelligent men for military police only because the civil police agencies have led the way in emphasizing the prerequisite of brain rather than mere brawn for effective police operations."

Perry Brown, of Beaumont, Texas, past national commander of the American Legion, spoke at a banquet last night and urged communities to organize for community defense in the event of disaster.

He said the American Legion in Ohio, with the help of state police, had made a start in this respect by establishing a civilian defense training school on a trial basis.

Nigeria's Legislative Council passed a record-high budget of nearly $150,000,000 for government expenditures in the fiscal year ending March 31, 1950.

Houston Automobile Dealer Killed In Auto-Truck Crash

HOUSTON, Sept. 15 (AP)—Carl H. Conner, 38, Houston automobile dealer, was killed last night when his automobile and a truck collided north of here.

He was a resident of Potter, Montgomery county.

Lawrence E. Cox, 34, Houston, driver of the truck, was admitted to the City-County hospital.

Waco, Beaumont To Get Federal Housing

WASHINGTON, Sept. 15. (AP)—Four cities were assigned 6,550 low rent housing units today by the Public Housing administration.

The assignments:

San Francisco, 3,000; Denver, 2,500; Waco, Texas, 550; and Beaumont Texas, 500.

Local housing authorities are to build the housing in the next two years. The Federal government will lend up to 90 per cent of the cost, if private financing cannot be arranged.

The local agencies applied for loans to pay for planning the projects, as follows:

Beaumont, $150,000; Waco, $160,000; Denver, $400,000, and San Francisco, $450,000.

Acting State Governor To Face Busy Schedule During Week

AUSTIN, Sept. 15. (AP)—Acting Gov. Grover C. Morris of Greenville faces a busy schedule this week.

At 2 p. m. today he was scheduled to speak at the Bexar county Soil Security day program. This program is a demonstration of conservation practices at the Eisenhauer farm near San Antonio.

Tomorrow at 11 a. m. Morris will speak at the reunion of the Texas Drug Travelers' association in Waco.

Tomorrow night Morris will be in Fort Worth to attend a six-state conference of members of the American Public Welfare association. He will make the welcoming address.

Morris is acting governor in the absence from the state of Gov. Allan Shivers, who will not return from Mexico City until Saturday.

GOVERNOR MEETS ALEMAN

Shivers, 'Friendship Caravan,' Tour Picturesque Old Mexico

MEXICO CITY, Sept. 15 (AP) — Gov. Allan Shivers and the Texas "Friendship caravan" saw a little of picturesque Mexico today.

After forenoon visits to the joint U.S. Mexico Aftosa commission and the secretary of communications, Agustin Garcia Lopez, the governor went to Cuernavaca for lunch and a restful afternoon. He traveled by car with some of his party by a winding road through mountain passes two miles high.

He went as the guest of Neville G. Penrose, new member of the Texas Good Neighbor commission, who has a beautiful home in Cuernavaca where he spends much of his time.

Group Visits Pyramids

Tonight the governor was the guest of President Miguel Aleman at the National Palace for the yearly reenactment of the "Grito," the 1810 ringing of Father Miguel Hidalgo's old church bell and the call to independence from Spain.

The "friendship caravan" of 150, headed by Thomas Sutherland, executive secretary of the Good Neighbor commission, saw the Teotihuacan pyramids. They went by car to the archeological excavation north of here and stayed for lunch in a grotto restaurant.

After a dinner tonight given by the federal district government, the caravan was invited to see the "grito" ceremony. Thousands of Indians come in from the country to see the president ring the bell and to watch the fireworks.

The apes on the Rock of Gibraltar are getting scarcer and scarcer and no reinforcements have been arranged for as yet, Gibraltar reports.

New Fort Worth-Oklahoma City Airline Service Officially Opens

FORT WORTH, Sept. 15 (AP) — Flight service by Central Airlines in single-engine, four-passenger planes between Fort Worth and Oklahoma City was officially opened today.

A two-plane entourage bearing Josh Lee, CAB member, and Fort Worth civic and aviation officials, left here at 10:17 a.m. for Gainesville, Texas, after weather conditions resulted in delay and a change of plans.

The first stop originally was scheduled at Dallas, but the planes went on to Gainesville because of weather conditions in the Dallas area. Other stops scheduled on the pre-inaugural flight were Ardmore, Ada, Holdenville, Shawnee, and Oklahoma City.

Regular service also was launched with the first flight taking off at 10:41 a.m. bearing 38 pounds of mail.

The pre-inaugural flight originally was set for yesterday but was postponed because of weather conditions after six planes were forced to turn back from Dallas.

Central is the first airline authorized by the CAB to service smaller cities with single-engine crafts. Lee said the plan could possibly offer the solution to the problem of providing air service for smaller communities.

Answer to Previous Puzzle

March Says Shivers Made 'Wise Move' In Announcing Candidacy

DALLAS, Sept. 15 (AP) — Gubernatorial candidate Caso March said today he thought Gov. Allan Shivers made a "wise move" when he announced definitely that he would be a candidate in next year's election.

"I expect to give him opposition in every county and precinct in Texas," said March, a former Baylor university law professor.

March, stumping the state vigorously, defined the issues:

". . .Old age pensions, labor, eleemosynary institutions and taxes."

Of them, "taxes will be the big issue—it will be no new taxes versus tax relief. My program is tax relief," March said.

REBEL STRONGHOLD FALLS

LA PAZ, Bolivia, Sept. 15 (AP)—Camiri, a rebel stronghold, fell to government troops today and the rebel radio shortly afterward announced the fall of Santa Cruz, last major city in the hands of the revolutionists.

India has started prison reform.

Democrats Nominate Lehman For Senate

NEW YORK, Sept. 15 (AP) — Herbert H. Lehman, 73-year-old former governor and Wall street financier, today was nominated by the Democratic state committee as candidate for the U. S. Senate in next November's election.

Lehman will oppose Sen. John Foster Dulles, Republican foreign affairs spokesman who was appointed to the interim term by Gov. Thomas E. Dewey.

Dulles will be nominated by the Republicans later today in Albany.

The election will be the nation's only U. S. Senate contest this year.

San Antonio Will Repaint Trash Cans On Postmaster's Suggestion

SAN ANTONIO, Sept. 15. (AP)—The new trash receptacles set up on downtown streets here are going to be repainted.

The change from dark green to orange was suggested by Postmaster Dan Quill. He reported citizens were "posting" letters in the trash cans.

A TRUE STORY COMES TRUE . . . .
SO TENDER IN ITS TELLING—
SO RICH IN ITS REMEMBRANCE!

This is the story of Sister Margaret from Chicago, via the French underground and an untamed jeep . . . and Sister Scolastica, ex-tennis champ, now playing a match where the stakes are heaven-high!

A promise made one fateful night on a battlefront "somewhere in France" led them into adventures that make this the screen's most unusual experience.

Let yourself go with them into a mobster's hangout . . . and find a heart of gold under a bullet-proof vest.

Into a songwriter's Connecticut hideaway . . . where they put a gay, enchanting new song into his heart and wind up No. 1 on his Hit Parade.

Follow them down Fifth Avenue, driving the wrong way, and teaching an Irish cop something new about blarney!

Into real estate and high finance, paralying $14.00 into a dream come true.

Wherever they went, there was a new joy and excitement in the land . . . so tender in its telling, so rich in its remembering—you'll love it!

It's the kind of movie the whole world has been asking for.

U.S. Holds Top Hand In Rocket Race With Soviets

By RICHARD S. WEIL
INS Staff Correspondent

BERLIN, Sept. 15—Dr. Sebastian Bartl, wartime German rocket expert, said today that the United States has a "decisive advantage" over Russia in rocket competition.

But he declared in an exclusive interview with International News Service that U. S. research scientists now are experiencing the same factor which thwarted greater Nazi rocket progress—"lack of a concentrated fuel."

Race Depends On Fuel

"The race for aerial supremacy in both rockets and jet planes," said the German scientist, "depends solely on the discovery of a satisfactory fuel.

"The race between the United States and Russia is concerned almost exclusively with this discovery.

"In my opinion only an atomic fuel will be the ultimate answer. German scientists at the end of the war realized this but were unable to do anything about it.

"Considering developments since the end of the war it seems to me that nothing short of atom fuel ever will enable a flight well beyond the earth's gravitational belt which is the starting point for real rocket advances."

U. S. Advantages Listed

Dr. Bartl said that America's advantage over Russia in rockets is due to two reasons:

1. The United States obtained far better and far more German experts and experimental weapons at the end of the war than Russia did.

2. "Russia is limiting research to an unimaginative imitation of Nazi models with a variety of defects in range control."

The U. S. Navy early this month shot its new "Viking" rocket at the White Sands proving grounds in New Mexico. It was a second attempt to get the rocket to an altitude of 100 miles.

Pessimism Without Basis

The rocket, similar to the Nazi V-2, attained a height of only 33 miles. A captured German V-2, however, reached an altitude of 114 miles at the same proving grounds on Dec. 17, 1946, under an Army ordnance proje...

Bartl said that the V-2 models with which the United States is experimenting "offer no basic reason for pessimism or discouragement," and added:

"The essential conception and rocket construction thus far are both sound although naturally they require some modification.

"Too close a confinement to German techniques may be disadvantageous.

Pioneering Spirit Needed

"It is absolutely essential that the United States approaches the ... of the rocket with the same pioneering spirit which led to the atom bomb."

Bartl estimated that based on present U. S. rocket research development it will be at least 30 years before even the threshold of inter-planetary flight is reached.

The German expert scoffed at statements attributed to some American scientists who believe interplanetary travel is much nearer.

"The whole development," said the German, "is still just at the toddling stage. After the ocean is first crossed we can think about crossing the universe."

WE'VE A STAKE

Our Aid To Britain

THE 10-point plan for easing the British financial crisis, which has emerged from the Washington foreign ministers' conference, doubtless would help Great Britain. But the question of interest to Americans is this: What will it do to the United States?

The plan would allow the British to spend less Marshall plan money for American goods. What will that do to the jobs of the Americans now employed in producing those goods?

The British would be allowed to buy less wheat in the U. S. and more in Canada. How will that affect American wheat farmers?

Our tariff barriers would be lowered so as to permit the entry of more British manufactured goods to compete for U. S. markets. The British can produce those goods quite cheaply since American money pays much of the production cost. The British probably can undersell American competitors. What will that do to American factories, their employes and the farmers who produce their raw materials?

• • •

THE plan proposes to increase raw rubber imports from the British Far East at the expense of our war-born synthetic rubber industry? What will that do the critical industry we had to develop because supplies from British sources were shut off?

Under the plan, Uncle Sam would go back to the British Far East for his tin. What will happen to the plants built at enormous cost in this country to refine tin from Bolivia, which is much closer and which can be reached along travel lines which are easy to protect?

Then, what about the new money requirements for Britain under the new program. The pretense that it would not mean any additional cost to Americans is ridiculous. The plan contemplates British borrowing from the World and the U. S. Import-Export banks. American taxpayers will supply every penny of any such loans. Can we afford it?

• • •

POSSIBLY there are satisfactory answers to all these questions. Possibly the benefits resulting from the proposed 10-point program would offset the perils involved.

But, as yet, reassuring answers to the questions have not been given. And past experiences do not support the hope that the British would be any better off, in the long run, from this relief than from previous outpouring of American aid.

To many Americans, the plan will have the appearance of inviting the depression nearly all of them fear by increasing unemployment, reducing markets for their goods and adding to the back-breaking tax burden they now carry.

New Tech Year

THE Morning Avalanche joins in the cordial welcome to the students who are returning to Texas Technological college to resume their studies and to those who are enrolling for the first time.

All of us are intensely proud of Tech. It is a great school — one of the greatest. But all of us are conscious that the greater destiny of the college lies in the future, rather than the past.

All of us unquestionably share the complete confidence that each new session is a springboard for another long forward step toward the achievement of Tech's destiny. It is a confidence strengthened by the quality of the young men and women enrolled and of the faculty members who will guide and instruct them.

A Pennsylvania farmer 95 years old attributes his longevity to the fact that he consulted a physician only once (in 1870) and then decided not to take the medicine prescribed.

No doubt many would consider it impolite, uncouth and perhaps downright rude to suggest to Britons that if they'd work more, they'd have more.

"Which is the smarter sex?" asks a columnist. Well, which sex gets the most for the least effort?

One-Minute Sermon

Thou shalt not commit adultery. Exodus: 20:14.

Still Unexplored Depths

Steps To The Moon

By ADELAIDE HUMPHRIES

Distributed By NEA Service, Inc.

(THE STORY: Although Gaynel Teare has received a proposal of marriage from wealthy Barry Bainbridge, of Detroit, Gaynel is in love with Fritz Freyman, who is not wealthy. Gaynel is the breadwinner for her family consisting of a brother, Denny, who seldom holds a job, a young sister Pat, and Gaynel's mother, Emily. She has told herself often that marriage to Barry will solve many problems. Now on a Sunday excursion with Fritz, Gaynel realizes that there are problems ahead. How can he talk so blithely about taking on the responsibilities of marriage without a bank account? "I don't quite see how we can get married, Fritz," she says.)

XXIII

HE drew his long legs up, turned and stared at her. "You don't se. how . . . Look here, gorgeous do you know what you're saying? Of course we're going to get married. We're nuts about each other, aren't we? I've a job now that can take care of us.

"Hold on a minute!" He would not let her interrupt. "I know you still make more dough per week than I do, but this is only a starter for me. We can get along swell, the two of us. What do you mean —take on a family?"

"I mean," she studied the tips of her fingers, "that there are more than just the two of us to consider; that I have certain responsibilities—to my family, Fritz. I can't just step out of them and run away.

"Please!" She stopped him now, when he would have interrupted. "You hold on a minute, darling; let me talk. There are a lot of things you don't understand. Things that go back; a long way. Back to that day when my father was found dead in his car in our garage — after his business had failed.

"I found him, Fritz. I'll never forget." She closed her eyes a moment, as though to shut out that memory; then opened them, as though to force herself to face it again. "It was a lovely fall morning, a day like this. I'd promised Barry I'd meet him at 6 for a set of tennis. I remember, even now, how I felt, running out of the house, the world such a beautiful place, so secure, so singing, so safe — the way it had always been for me, the way I supposed it always would be.

"And then something — I'll never know what — made me stop a moment at the garage, open the door. That was when I found my father, his head slumped over the wheel, one foot as though he had tried to get out. That was what made me so sure it wasn't suicide. I knew he couldn't have done that to us — the ones he loved."

• • •

"POOR kid," Fritz said; he caught her hands in his. "That was a tough break."

"It was an accident," Gaynel insisted. "But of course people said it wasn't. It was hard to make people believe differently after they found out that father had turned over his own money in an effort to help save the bank. He was ruined—suicide seemed the answer.

"But if you knew how sheltered our lives always had been and then to have the whole world come toppling down on your head. That's why I'm telling you all this, Fritz." She looked at him now. "To try to make you see it all—so that you'll understand why I can't step out of the responsibilities I had to assume at that time."

"Mother was so bewildered, she didn't know what it was all about; she doesn't know yet. She's still living in the same world she always lived in. Denny is like her in that. He had to go on and finish college. He has to find a job that will be good enough, and suitable, for him. Pat was only a child, still is . . ."

"And you became the breadwinner for the family," Fritz added.

"Well, the cake-winner, at least." He did understand; it was not going to be so difficult after all. Maybe they could work it out together; maybe there would be some way. "They could get on, I suppose, if they would, without my help. Our house is entirely free from debt. Father's insurance gives us a moderate income."

• • •

FRITZ said, after a moment of silence. "But, my sweet, people can learn to do without cake. Lots have, you know. If the depression taught any lesson, it was that. Not the depression alone, but all the changes in this new world of ours, in other countries, as well as our own."

This was a new Fritz. A thinking, serious person. Almost she was afraid of him. Yet, she had known all along that there was that side of him, too. She loved him more because of it, if loving him more were possible.

"There's no room for cake-eaters," Fritz said. "Or for martyrs, either. Girls marry the man of their choice. I am your choice, aren't I my love?" His blue eyes were teasing, but tender.

"You are," Gaynel vowed; her dark eyes saying much more than that.

"You're not thinking of marrying anyone else, then?"

"No. I couldn't marry anyone else. Now."

"Then we'll work it out some way," Fritz said. "Together."

That "together" was sufficient. For the present, at least. It sounded so tremendous that it surely could surmount all time, remove all obstacles.

She said, "You darling . . ." and turned her head, so that he would not see the tears that pressed behind her eyelids. She was a sentimental fool. But a happy one. He was so unutterably dear. It was grand to be in love. She wasn't afraid any more.

"What you need," he said, "is some food. Nothing like it to strengthen the morale and start the brain in the box ticking. We'll dine, Gay, and then we'll talk this out. And what's even more to the point, by that time it will be dark and I can make you listen to me without all these people and animals rubber-necking."

(To Be Continued)

Looking At Life -- By Erich Brandeis

LOOKING AT LIFE -- -- -- --

IF YOU look out of any of a thousand office or apartment windows in New York's midtown district you can see the day-by-day progress of the United Nations Permanent headquarters now being built on a site that was once a city slum.

BRANDEIS

The progress is slow, like most human progress. But already there is a framework of steel, twenty-seven stories high, and before long the imposing thirty-nine story building of the Secretariat will be finished and occupied.

• • •

If you take a motor trip through the country you can see thousands and thousands of new buildings being constructed everywhere.

Most of those buildings are new homes. Most of them are small new homes.

As you pass, you often see young couples standing in front of these new homes. Some are talking to the carpenters or plumbers or contractors. Others are just standing there—looking.

If one could read their minds as they stand there just looking, a wonderful story would unfold itself, a story of dreams and hopes and visions.

• • •

There is a similarity between the huge United Nations project and those little homes that are being built in Michigan and Pennsylvania, in Alabama and California.

Both are symbols rather than just buildings.

Impressive as the United Nations headquarters will be, it will be no more impressive than dozens of other big buildings in cities all over the country.

Cute and pretty, neat and modern as those thousands and thousands of new homes will be, they will be no cuter, no prettier, no neater, though perhaps a bit more modern, than millions of other homes already built in these United States.

• • •

THE THING that counts is the spirit of the occupants who will work in the United Nations building, or live in those homes.

That spirit must be the same in both.

There must be love. There must be respect for each other's feelings. There must be the will to be happy, to get along and ahead together.

Marble and wood and all the

"And you, quarterback—don't get the players' numbers confused in calling signals!"

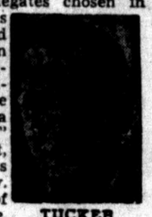

COALITION MOVE SEEN

New Boom For 'Ike'

By RAY TUCKER
Special Correspondent

WASHINGTON—General "Ike" Eisenhower might easily become a 1952 presidential entry if the hungry Republicans fall in with a plan which has been discussed by prominent Democrats for an anti-Truman alliance, assuming that the Missourian or any of his "liberal" friends seek that party's nomination three years hence.

Under this scheme, which has been kept in a hush-hush state, delegates chosen in accord with the election laws of Southern states would hold their own convention before either of the two major parties do their nominating. They would nominate General Eisenhower as a "Constitutional Democrat," figuring that his recent, middle-of-the-road speeches place him in that category.

TUCKER

If sufficient Southerners of prominence and importance, not simply "Dixiecrats," approve this idea either openly or tacitly, sponsors of the move believe this advance nomination might force the G.O.P. to accept the military hero as their leader. They are confident that such an arrangement, especially if a substantial Southerner were named for second place, would defeat any rival.

• • •

HANDICAP: The men behind this strategy insist that the Southern faction must be the first to nominate General Eisenhower because, in their opinion, it would be fatal if they agreed to support him only after the G.O.P. had chosen him.

In that event, they say, he would carry the handicap which any candidate of that party would encounter below the Mason and Dixon line. He must be the South's own choice, and the Republicans must tag along.

Although developments must wait upon events, there is hope in this group that numerous Southerners in House and Senate will favor this alliance, including distinguished leaders who did not revolt last year.

If they could do so without losing their party standing, it is figured that they would go along. And the likeliest means of making this possible is believed to be a seemingly spontaneous demand for Eisenhower arising in Dixie.

• • •

FREEZER: President Truman gave momentum to this or a similar stunt with two recent maneuvers, confirming the suspicion that he and the present leadership of the party intend to read the South out of the regular organization, if possible.

The first was his selection of William M. Boyle, jr., as the new Democratic National Chairman. In his private talks, the Kansas City man has lectured at length on the theory that the infusion of fresh blood and new ideas in national politics enables the Fair Deal-New Deal Democrats to win presidential elections without the support of a single Southern state.

He has persuaded Mr. Truman to drop Southern Congressmen's patronage suggestions into a semi-permanent home freezer at the White House.

• • •

RIGHTS: The second presidential rebuff consisted of Mr. Truman's Labor Day speeches. Rejecting the plea of Eugene E. Cox, Georgia Representative, for a live-and-let-live policy, the President reiterated his demand for a Civil Rights program, and predicted that he would eventually force it through Congress.

And, in accord with the Boyle theory, he angled for the labor-farmer alliance by selecting Pensylvania and Iowa as the scenes for his appeal. He turned down several pleas that he make an appearance in the South on this day.

• • •

HEIR: The Southerners see nothing outlandish about this Eisenhower plan. They recall that Franklin D. Roosevelt supported such Republicans as Hiram W. Johnson of California, George W. Norris of Nebraska, Robert M. LaFollette, jr., of Wisconsin and Fiorello La Guardia of New York without losing his party standing.

• • •

OUTBURST: It did not need President Truman's Labor Day thrusts at "selfish interests" and "scare word" artists to suggest that the 1950 Congressional campaign will probably rank as one of the most violent and bitter in modern American politics. A nationally unknown figure out in Ohio, State Auditor Joseph F. Ferguson, who would like to run against Senator Taft, provided an even more purplish preview.

Mr. Ferguson's outburst is understandable to Ohio politicos, however. Although he wants the senatorial nomination, the White House prefers Governor Frank J. Lausche as a Taft opponent. He does not seem to want the honor. Certain groups are forwarding Murray Lincoln, farm cooperative champion, although he is a Republican, and old-fashioned Democrats are cool to his cause.

Whatever the inflammation, Auditor Ferguson poured it on, and to quote Mr. Truman's 1948 strategy, "gave 'em hell."

• • •

JUKE: Addressing the Indiana Democratic Editorial association, frequently a political tryout occasion, he said:

"National political writers agree that 'the editorial battle of the century' will be in Ohio in 1950, when Ohio retires Robert Taft to private life . . . The Republican leadership of the 80th Congress was accepted by a native Ohioan, Robert Alphonso Taft, the son of the late President William Howard Taft, who once said that 'A dollar a day is enough for a working man . . .

"At the same time Ohio will be watching with interest the retirement of 'Juke Box Capehart' to his private business. I am informed that business leader Capehart, in order to solve the problem of inflation, advocated a policy of 'quick profits and higher prices' for his juke box company, and then on the Senate floor he said: 'The way to control inflation is by voluntary action of business leaders'.

"The voluntary action of business leader Capehart was to raise the price of his juke boxes on June 1."

Apparently, it's going to be a juke box campaign.

Down Memory Lane

Taken from the files of The Lubbock Morning Avalanche, September 16, 1929.)

Mrs. W. W. Royalty, president of the Parent-Teacher council of Lubbock, and Mrs. E. B. Wheelock, president of the K. Carter school P-TA, went to Hurlwood Friday afternoon and assisted in the organization of a P-TA society there.

• • •

At Lorenzo, the auditorium of the grammar grades building was filled to overflowing Monday morning with students and patrons for the formal opening of the 1929-30 term of the Lorenzo public school.

Dean J. M. Gordon of Texas Tech college gave the principal address, following an invocation by Rev. R. S. Watkins and an opening song led by Prof. Jack Agee. Several special choruses and orchestra numbers furnished the remainder of the program. With a splendid faculty in both grades and high school, headed by Superintendent O. W. Fagala, the Lorenzo schools have promise of a very successful term.

Believe It Or Not -

TEACHER SHORTAGE IS SERIOUS

Schools Bulwarks Of Democracy

By SEN. MARGARET CHASE SMITH
Special Correspondent

WASHINGTON — Being back home in Skowhegan over the Labor Day weekend made me quite conscious of what September and Labor Day mean to Maine. It is the end of the summer season. We start preparing for winter. Our resorts, which officially open on July 4, start closing.

SEN. SMITH

In short, we stop our summer play and start our winter work right after Labor Day.

Our children do the same. Their summer vacation ends and they return to school. In watching one of my nephews start in the seventh grade, I thought of how important our schools are and how little money we spend on them when compared to the billions for war purposes.

• • •

Home Life Important

The greatest thing that America has today is its children. They are our most precious possession. They are America's future. How we bring them up today will shape what America is tomorrow.

That means that where they are brought up and who brings them up are important factors of our investment in the future. We all know that these factors are the home and the parents. Given a wholesome home and loving parents, a child will grow into a responsible citizen.

But for the next nine months, our school children will spend one-half of each weekday away from home and their parents. They will be at school, under the supervision of their teachers. The schoolhouse will be like a foster home and the schoolteachers like foster parents during those hours.

• • •

AT home nothing is too good for our children. We strive to give them our undivided attention, supervision and guidance. But for some reason we don't think the same way about the schoolhouse where they spend the other half of their day. We don't demand of the school the same high standards that we do in our homes.

We want good schools and we want good teachers. We don't want our children in crowded, unhealthy schoolrooms. We want them to get the maximum of individual attention, instruction and supervision.

And we have become sufficiently aroused to translate our wants into action and realiaztion. We have a shortage of 160,000 teachers now. That means that fewer teachers have to handle more children. And it also means our children are not getting the maximum of individual attention and instruction. The desired teacher-student ratio is one teacher for every 25 students. In many schools there is only one teacher for 75 students.

• • •

Grade Children Hit

Worst part of it is that the teacher shortage is the greatest in the first and second grades—the most formative years of our school days. It has gotten so bad in some places that schools have to be run in shifts, with one group of children attending morning sessions and another group afternoon classes. That is the only way the limited number of schoolteachers and schoolhouses can handle students in the overcrowded areas.

• • •

THIS means potential idleness for our children during half of the day—morning or afternoon. This means unsupervised juvenile idleness, which could breed juvenile delinquency. Jammed schoolrooms also breed juvenile delinquency. And delinquent youngsters can cause harmful effects on our posterity.

How long will it take us to realize that our teachers are just as important as our generals and admirals? How long will it take us to recognize that the little red schoolhouse is an even greater bulwark of democracy and defense than a B-36 superbomber or an atom bomb?

Injunction Against Political Party Denied Negro Group

JEFFERSON, Sept. 15. (AP) — A group of Marshall negroes were denied an injunction prohibiting the Citizens party from denying them ballots.

Federal Judge T. Whitfield Davidson yesterday ruled, in effect, that the negroes' right to vote had not been denied because they could have voted for their candidates on the Democratic party ballot.

The Citizens party is a Harrison county organization. Its candidates run only for county and precinct offices.

Judge Davidson said the negroes could have cast write-in votes on the Democratic ballot or could have petitioned the Democratic party to place the names of their candidates on its ballot.

Eight negro witnesses testified they had been denied ballots in the Citizens party primary but had voted in the Democratic primary the same day.

Greenville Man Appointed To Honorary National Guard Post

AUSTIN, Sept. 15 (AP)—Col. Hal [illegible] Horton, retired of Greenville, today was made an honorary brigadier general of the Texas National guard.

The honor was on order of Gov. Allan Shivers.

Horton will be placed on the retired list of the Texas guard tomorrow.

Gen. Horton first joined the guard in 1905. He served in both world wars. His decorations include the Croix de Guerre and Certificate of Merit.

EW TEST FOR 'CHUTES

EVELAND. (U.P.— For years chutes have been tested by ng them with weights and ping them from airplanes. year a new method will be at the Air Force base at Muroc, Calif. The parachutes will be mounted in a container attached to a revolving boom atop a 120-foot tower. As the 2,800-horsepower motor whirls the boom at a set speed, a firing device will "shoot the chute" open.

Hungary, hard put for housing units, has subdivided more than 1,000 large apartments to provide additional living quarters.

Looking At Life

(Continued from Editorial Page)

materials that go into buildings are but the package.

The package can attract attention, but it is the contents that determines its value.

"If solid happiness we prize,
Within our breast this jewel lies,
And they are fools who roam.
The world has nothing to bestow;
From our own selves our joys must flow,
And that dear hut, our home."

* * *

All our hopes for a peaceful world go out to all peoples as we look at that symbol of peace rising at the shore of the East River.

All our best wishes go to the thousands who are building new homes for themselves.

May they be happy and remember that "within our breast this jewel lies!"

200 Farmers Attend Field Day Meeting

Rain dampened activities of a farmers' field day at the Experiment Station east of Lubbock Thursday but more than 200 farmers attended the morning session and heard Don L. Jones, superintendent, and his staff talk on various experiments being conducted on field crops, irrigation and cotton defoliation and insect control.

The field day, second of series of three, had been set aside for farmers from Lynn, Crosby, Garza, Lamb and Hale counties.

Farmers from Parmer, Swisher, Floyd, Dawson, Gaines, Terry, Yoakum, Crosby and Bailey counties have been invited to attend the third field day at the station today.

Because of the rainfall, it will be impossible for demonstrations to be conducted in the field, Jones said. He said the program would have to be conducted in one of the machinery sheds if the weather continues as it was Thursday.

Oil Production

(Continued from Page One)

president of the East Texas Oil association, said East Texas should be given two more days for the benefit of independent operators.

The next statewide hearing will be held Oct. 12 at Houston.

The October allowable by districts, compared with the Sept. 10 figure follows:

1. Southwest Texas, 31,003, up 200 barrels per day.
2. Southwest Texas, 128,690, up 2,511.
3. Gulf Coast, 396,259, up 5,842.
4. Southwest Texas, 198,387, up 3,073.
5. East Central Texas, 36,405, up 501.
6. East Texas (outside), 87,816, up 400.
6. East Texas field, 251,768, up 6,563.
7-B West Central Texas, 74,602, up 541.
7-C. West Central Texas, 54,164, up 645.
8. West Texas, 589,509, up 10,551.
9. North Texas, 174,719, up 1,213.
10. Panhandle, 111,916, up 4.

NEWS BRIEFS

New Mexico State Teachers College at Silver City, N. M., has announced the enrollment of three students from this area. They are Bill F. O'Neal of Lubbock, Joe Palmer of Tahoka and Francis Barr of O'Donnell.

Rabbi Julius Kerman of Congregation Shaareth Isreal will conduct the Sabbath Eve service at 8 p. m. today, at the synagogue at Twenty-third and Ave. Q.

Lonnie Langston, one of the Lubbock representatives of the Southwestern Life Insurance company, will be named Sunday for the third successive year as a member of the "Million Dollar Roundtable," honor group of the National Association of Life Underwriters. The election will take place in Cincinnati. Membership in the group is limited to persons who sold a million dollars worth or more, of life insurance during the preceding calendar year.

New York Traffic Tied Up By Statue Honoring Czech Figure

NEW YORK, Sept. 15. (AP)—A huge statue of a Czech knight on horseback, dedicated to the late Thomas C. Masaryk, bumped its head on an overhead bridge girder last night and tied up traffic for half an hour.

The eight-ton, 18-foot statue honoring the Czechoslovak statesman toppled off a truck and crushed the fender of an automobile. The $30,000 statue was badly damaged.

Panama's new building activities have been lagging, largely because of inability to get enough construction materials from the United States.

I. R. Grundy, 64, Of Floydada, Claimed

FLOYDADA, Sept. 15 (Special) — Funeral arrangements are pending here for I. R. Grundy, 64, who died at 3:20 a.m. today in Cortez, Colo., of a heart condition.

Grundy had lived in Floydada since 1931 as a grain trucking business owner. He had been in ill health for about two years.

Funeral services are tentatively set for Saturday at 3 p.m. in the First Methodist church here, with the pastor, Rev. R. Huckabee, officiating. Harmon Funeral home is in charge of arrangements.

Grundy was born in Brenain, Ky., [illegible]8[illegible] and spent the early part of his life in that state before coming to the Panhandle area in 1901. He was a member of the Presbyterian church and Masonic lodge.

Survivors include his wife, Louise Grundy of Floydada; two sons, J. B. Grundy and Billie Grundy of Floydada; two daughters, Mrs. L. F. Martin of Floydada and Mrs. R. L. Read of Silsbee; two brothers, Jess Grundy of Quitaque and Luther Grundy of Albuquerque; two sisters, Mrs. Henry Baker of Childress and Mrs. W. T. Kittenger of Austin; and six grandchildren.

Damage Actions Will Continue Here Today

Trial of two damage suits totaling $90,000 against the Shell Oil company, and the Shell Pipe Line company will continue today before Federal Judge Joseph B. Dooley and a jury in U. S. District court.

Testimony which began Thursday will again be heard when the court convenes at 9:30 a. m.

The damage suits, based on negligence, are being brought by O. V. Bundy of Denver City and E. R. McCollum of Lubbock, as the result of a gas explosion at Denver City, June 25, 1948, in which the two men were burned and suffered other injuries.

The two cases, both an outgrowth of the same explosion, are being tried jointly at Judge Dooley's direction although there was no formal consolidation of the cases.

McCollum, a foreman for the Panhandle Construction company of Lubbock, and Bundy, an employe, were engaged in construction of a sewage lift station for the city of Denver City, when the explosion occurred. Plaintiffs' contention is that the explosion was caused by leakage of gas from the defendants' pipe line 20 to 30 feet away.

McCollum is seeking $52,500 damages and Bundy $37,500. They are being represented by Davis Scarborough of Abilene and R. T. Bailey of Dallas.

Geo. W. Dupree and James H. Milam of the firm of Crenshaw, Dupree and Milam, are representing the defendants.

Norway imports all her automobiles, having no motor industry of her own.

Scurry Test Slated

(Continued from Page One)

was no formation water.

The production was through perforations in the casing at 8,840-951 feet in the Canyon-Pennslyvanian, after that section had been treated with 15,000 gallons of acid.

It is a direct south offset to the pool discovery, and 660 feet from north and east lines of the southwest quarter of section 4, block A-24, psl survey. The well is ten miles southwest of Seminole.

A third Producer

Humble Oil & Refining Company No. 5 Cunningham appears to be the third producer from the Canyon lime of the Pennsylvanian in the Doss field of Southwest Gaines County, 10 miles southwest of Seminole.

That venture, located 1,980 feet from north and east lines of section 4, block A-24, psl survey, developed 3,000 feet of clean, 44.6 gravity oil, and 450 feet of heavily mud cut oil, during a two hour drillstem test in the Canyon at 8,874-8,925 feet.

Gas showed at the surface in 15 minutes after the tool was opened. The volume was estimated at the rate of 25,000 cubic feet per day.

No water was developed from the drillstem test. The project has now drilled to 8,948 feet and will test the bottom section at 925-48 feet, and then complete and put on production.

Two Wells Completed

Sinclair Oil & Gas Company has completed two new producers from the Ellenburger in the Shafter Lake field of North-Central Andrews County.

The company's No. 9-154 University made an initial daily production of 1,448.60 barrels of 41.4-gravity oil through open tubing, with no formation water.

Gas-oil ratio of the oil was 260-1. Flowing tubing pressure was 85 pounds.

The production was through perforations in the 7-inch casing from 11,660-11,750 feet, after that zone had been treated with 1,000 gallons of acid. Total depth of the exploration was 11,815 feet in the Ellenburger.

This new source of oil is 555 feet from west and 765 feet from south lines of the northwest quarter of section 24, block 13 University survey.

Sinclair also completed its No. 4-153 University in the same area, for a daily production of 856.36 barrels of 41.8-gravity oil through open tubing. There was no formation water.

Before World War II, food in the United States was put up in 257 different sizes of cans.

Kiwanis Club

(Continued from Page One)

the Girl Scouts for a total building fund of $4,000.

"Then we decided to raise $10,000 more," Davis said, "and all of you Kiwanians gave your support. In fact, many of you made personal contributions by digging deep in your pockets," he added in praise.

The new building will greatly increase the present facilities of the Girl Scouts, Mrs. Jones related. The present setup includes a building called "The Little House" at the Ave. P address.

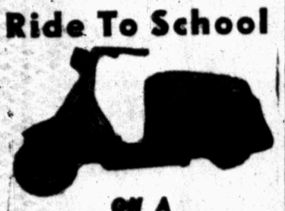

Fred Sparks presided and Carter gave the invocation.

Lubbock's Newest Dept. Store
Cobb's DEPARTMENT STORE

THANKS...

For your gracious reception and overwhelming attendance at our "open house," last evening, we extend our sincere and appreciative thanks. We are grateful for the many expressions of encouragement and best wishes which were so generously bestowed upon us during our formal opening.

You have now seen our store and our merchandise, and many of you have met and know our personnel. We invite you to shop with us often to know us better. To those of you who were unable to attend our opening, we extend a special invitation to come in and see us at your earliest convenience.

Truly, we are proud to be in Lubbock, in the heart of the great South Plains, and we shall strive, always, to serve you with quality merchandise, courteous and dependable service.

Sincerely,
the Cobb's.
