County Hospital Is Approved For $400,000 Grant

Four hundred thousand dollars in state and federal aid for the construction of a county hospital and health center to be built here was approved yesterday by the state hospital board.

In a meeting with the board yesterday in Austin, Edgar Taylor, county judge, M. C. Butler, of the Butler-Brasher Co., Lubbock architectural firm, and County Commissioners Ted Haney and T. B. Knight were told of the board's decision to approve financial aid in the amount of $400,000, which is 50 per cent of the estimated total cost of the project.

NO SITE YET

This is a major step in the project, Judge Taylor said. A site for the hospital has not yet been chosen, but several possible sites have been considered by the commissioners. It has not yet been decided whether the health center has hospital will be built together on one site or separately.

The health center is estimated to cost $100,000, and the hospital will cost about $700,000. In a county-wide election April 1, voters approved a bond issue totaling $400,000 for the construction of the hospital and health unit.

The hospital bond issue of $400,000 was to cover the county's part of the cost. The hospital bond election carried with 837 votes for it and 603 votes against.

A petition contesting the validity of the hospital bond election was filed in district court here May 9 and is expected to be considered in the next court session which will begin next Monday.

INJUNCTION SOUGHT

The petition, which seeks an injunction against the issuance of any bonds for the hospital, was filed on behalf of 13 plaintiffs. The petition states that the election was invalid for several reasons, one being that no election was held in Precinct No. 2, Cottonwood Flat, because the voting supplies were not delivered in time for the election.

The plaintiffs also allege that many ballots were cast by unqualified voters.

The law firm of Sentell, Beene & Rosser has been employed to represent the county in answering the suit, and Ben Thorpe, county attorney was chosen by the commissioners court to file the answer. Thorpe said he thought the hearing would be set for an early date when the civil docket is made up Monday in district court.

Catch Proved A Bit Too Big

YOKOSUKA, Japan, June 13. (AP) — Japanese fishermen pulled and pulled; their net brought up a whale.

The angry mammal twisted and churned a sea of foam. Its lashing tail spilled one boat, dumping eight men and killing one.

The whale got away.

Troubleshooters Ready to Battle Flaming Oil Well

BIG SPRING, June 13. (AP) — Flames billowed high over Big Spring's wildly-burning oil well today.

An oil field troubleshooter from Houston hoped to move in on the well by nightfall.

He is M. M. Kinley, whose crew also includes Paul Adair of Houston.

The well claimed a life when it caught fire Saturday. Intense heat forced back firemen who tired to stop the blaze yesterday.

Narrow rural roads leading to the scene were clogged with sightseers. This hampered work. Fire fighters must haul in water.

Four trucks, a jeep and three passenger cars were pulled out of reach of the flames and other debris cleared away today as Kinley prepared for another try at subduing the flames.

Kinley's plan was to move in behind bulldozer shields in order to cap the well, first step in bringing the blaze under control.

Highway No. 180 Association To Publicize Road

Bentley Baise, director of the U. S. 180 Highway Association, attended an association meeting in White's City, N. M. yesterday.

The association voted to erect small signs beyond El Paso directing tourists to travel 180 to Fort Worth and the East. To publicize the highway and work for improvements along the route are the main goals of the association which includes 50 members from Snyder.

Baize was accompanied on the trip by his wife and two sons, Lyndon and Stanley. The four spent Sunday night in White's City as guests of Charlie White and, after the meeting, went through the Carlsbad Caverns as guests of Don Libby, superintendent of the Carlsbad National Park.

C. N. von Roder of Snyder, vice-resident of the association, was unable to attend the meeting.

Find Production From Strawn North of City

L. H. Armer and Gaylord Chizum of Fort Worth appear to have a new flowing discovery from the Strawn lime in North-Central Scurry County, 4 miles north of Snyder and their No. 1 C. M. Lyons.

This wild cat is credited with flowing an average of 35 barrels of oil per hour for four hours from the Strawn lime pay between 7,487 feet and the present total depth of 7,504 feet.

This prospective new discovery is two and one-half miles south of the nearest completed producers in the North Snyder-Strawn pool and it is about one and one-fourth miles southeast of the closest oil wells from the Canyon reef lime on the eas tside of the Kelley-Snyder field.

It is 467 feet from north and west lines of section 119, block 3, H&GN survey.

MITCHELL WILDCAT

J. W. Murchison and Stanolind Oil and Gas. Co. No. 1 J. C. Womack, Northwest Mitchell County wildcat, approximately 20 miles southwest of Snyder, flowed an estimated 10 to 20 barrels of oil per hour and showed gas at the rate of 5,000,000 cubic feet per day in a drillstem test in the Pennsylvanian lime at 7,685 - 7,800 feet.

The tool was opened 90 minutes. A 75-foot water blanket was used. The bottom hole choke was ⅝-inch opening.

The water blanket started flowing out in 30 minutes. Mud came to the surface in 40 minutes. Gas and oil started spraying out in 52 minutes, and continued for 38 minutes, until the tool was closed.

Estimates on the oil flow during that period ranged from 10 barrels [illegible] 44 gravity.

After the tool was closed the drill pipe unloaded oil for one hour. Then after 5,900 feet of drill pipe had been racked, the tester unloaded oil for another 30 minutes.

Final recovery was 2.6 barrels of oil and 3.8 barrels of salty oil and gas cut drilling mud. There

AMERASIA FIGURE AT HEARING—Philip Jaffe, left, key figure in the 1945 Amerasia case, talks with Sen. Theodore Green (D-RI) just before testifying yesterday at a closed hearing of the Senate Foreign Relations subcommittee in Washington. Jaffe was editor of the now defunct Amerasia Magazine. In 1945 government raiders found confidential government papers in the publication's New York offices. (AP wirephoto).

French Plane Crashes In The Sea; Fear 45 Are Lost

PARIS, June 13. (AP) — Air France said today "it is feared that all hope is lost" for all but six of the 51 passengers and crew of a C-54 Skymaster plane that ditched into the sea near Bahrein in the Persian Gulf last night.

Survivors include four men passengers, a radio operator and the chief pilot, Jean Fladek, seriously injured when the plane came down into the sea three miles off the runway at Bahrein Island after it had already been given landing instructions.

The bodies of four men and two women — all still unidentified — were recovered by fishing boats.

39 MISSING

Still missing are 39 persons, including one infant.

The plane was making a hop from Karachi, Pakistan, to Cairo, Egypt.

Company officials said they still had no details. A first message had said eight persons had been saved, but this was an error. Communications are sketchy.

Air and surface craft took part in the search. A British Royal Air Force rescue unit at Bahrein joined the search. U. S. Air Force officers in Cairo said the American Air-Sea Rescue unit at Dhahran, Saudi Arabia, presumably would join the operations if this was requested.

VETERAN PILOT

Fladek, termed one of the company's veteran pilots, was in command of the ship. It was flying from Saigon to Paris.

The company said Fladek had logged 19,500 hours of flying time. In addition to the pilot, the eight-member crew included a co-pilot, two radio operators, two mechanics, a hostess and a steward.

Air France said it was still hoped other survivors would be found.

The company said first news of the crash was received from Calcutta.

An official at Air France said the plane's passenger list had not been received in Paris yet but he believed all aboard were of French nationality except one displaced person without a passport.

Ex-Czech U. N. Delegate May Stay In U. S.

WASHINGTON, June 13. (AP)—The United States today gave Vladimir Houdek, former Czech representative to the United Nations, permission to remain in this country.

The action was taken on grounds that Houdek might have to pay with his life if forced to return to Communist-run Czechoslovakia.

Houdek broke with the Czech Government and resigned his UN post on May 16.

New Bus Terminal Is Opened Today at 2005 Twenty-sixth

A new union bus terminal to serve three interurban bus lines was opened in Snyder this morning by B. Carroll, of Sweetwater, owner and operator of the station.

Carroll, who will continue to operate the Greyhound bus station in Sweetwater, which he has managed for 12 years, said the Snyder terminal will serve Texas, New Mexico & Oklahoma Coaches, Baygent Coaches, and Snyder-Big Spring Coaches.

The terminal is located at 2005 Twenty-sixth Street in the yellow brick building formerly occupied by branch offices of Schlumberger Geophysical Co. and Sun Oil Co.

The building, which Carroll purchased from Jack Fulghum, Snyder contractor, is being remodeled with rest rooms, ticket windows, and a waiting room with 32 seats.

A loud-speaking system was also being installed today for use in paging patrons, dispatching busses, and announcing schedules.

"The remodeling will continue for a while after opening," Carroll said, "but will be completed in a few days." He also said the station would operate 24 hours a day.

Mrs. Julia Pearcy, of Sweetwater, will be ticket agent for the Snyder station, Carroll said. She has worked for the Sweetwater terminal for six years. Carrol expects to employ three others.

The station's premises, a block west of the City Hall, will have parking space for about 15 busses, Carroll said, and the area in front of the building will be reserved for customer parking.

A large neon sign has been ordered for the terminal, he said, and a confection stand will be built sometime soon.

"The bus business is my sole business interest," Carroll said, "and effecient bus service will be the aim of the new terminal."

Carroll said he had worked for the Greyhound company 21 years, 12 of which he has spent as owner and operator of the station in Sweetwater.

Expand A-Bomb Program May Be Recommended

WASHINGTON, June 13. (AP) — A still larger expansion of the A-bomb and H-bomb program may be recommended by the Senate-House atomic committee.

This was indicated today by lawmakers who reported that the subject hab come up in a closed door meeting of the committee with members of the Atomic Energy Commission.

WOULD GO ALONG

One member predicted the committee would go along with any new request from the commission. He asked not to be quoted by name. Sen. McMahon (D-Conn), chairman of the committee, has said in public twice recently that he thought the nation ought to spend more of its defense money on atomic weapons.

The atomic program cost an estimated $2 billion to perfect the first bomb, and billions more have been spent since. Last year, after the announcement of the Russian atomic explosion, President Truman approved an accelerated atomic expansion program costing $200 million. Since that expansion go-ahead, Mr. Truman has also directed continued work toward the more powerful hydrogen bomb.

RUNS HIGH

Lawmakers who reported the new expansion discussion said that no figure was estimated for this venture, but it would well run into hundreds of millions of dollars.

Endorsement of the project by the Senate-House Atomic Committee would not provide any money, but could be counted on to weigh heavily with the appropriations committees.

There was no comment from the atomic commission.

In another report on preparedness, the Washington Post said today that the U. S. Army has a "new stable of defensive weapons on the way" that can be "a tremendous trump card in defenses of the West."

Orville Paty Is Named Hermleigh Superintendent

Orvill Paty, principal of Iraan high school for the past nine years, was unanimously elected last night by the Hermleigh school board to serve as superintendent of Hermleigh schools.

Paty has accepted the position and will assume his duties July 1, with a 2-year contract. He taught in Kaufman before going to Iraan. He has bachelor of arts and master of arts degrees.

With his wife and three small children, Paty is at present visiting his father in Fort Worth.

The position as superintendent was left vacant by the resignation of R. K. Williams.

Eighteen Enroll For Summer School

Eighteen students are enrolled in Snyder Public School summer classes, which are taught by Miss Katherine Northcutt.

Classes in English from the seventh grade through high school, American history, civics, economics, seventh and eight grade geography, algebra and geometry are being taught.

Summer school began June 5. Students may gain as much as one credit in high school work, and must spend 75 hours for one-half unit.

Schools to Open Summer Classes In Band Music

Three-day registration for summer band classes at Snyder schools will begin tomorrow, Richard Elliott, band director, announced today.

Classes will begin Monday, and continue for five weeks. There will be no charge for the school, which is sponsored by the public school system.

Beginners' classes will be held from 9 to 10:30, and advanced classes from 10:30 to 12. The school will also include section drill, marching, recreation and private lessons, all to be arranged.

Elliott urged that parents, who would like for their children to begin band, contact him during registration at the band room in the gymnasium building.

The summer session offers an excellent opportunity for the beginning band student to get acquainted with band work, Elliott said.

Students who are above fourth grade next year will be eligible.

GOP Senators Ask Probe Of Handling of Amerasia Case

WASHINGTON, June 13 (AP)—Twenty Republican senators today asked a congressional inquiry into the Justice Department's handling of the 1945 Ameraisia secret documents case.

On behalf of himself and 19 others, Sen. Capehart (R-Ind) introduced a resolution for an investigation by the Senate Judiciary Committee.

A foreign relations subcommittee now is looking into the five-year-old case as part of its general inquiry into charges by Sen. McCarthy (R-Wis) of Communism in the government.

REQUESTS

The GOP resolution would direct the judiciary committee to:

"Conduct a full and complete study and investigation with respect to the conduct by the Department of Justice of the investigation of, and prosecution of the defendants in, the so-called Amerasia case."

The case involved discovery by federal agents of hundreds of secret government documents in the New York headquarters of Amerasia, a now defunct magazine.

There have been charges in Congress of "cover up" and "white wash" in prosecution of the case five years ago.

TWO FINES

The prosecution brought fines against two persons. One was Philip Jaffe, editor of Amerasia, who was fined $2,500 on a charge of conspiracy to get illegal possession of government documents.

The foreign relations subcommittee had Jaffe before it yesterday but he refused to answer most of the questions put to him. He declined, among other things, to say whether or not he has ever been a Communist. The committee is considering contempt proceedings against him.

GIVES MUSICAL PRGRAM

Mrs. M. M. O'Rear, Snyder High School English teacher and choral director, presented a musical program at the Lions Club luncheon at Snyder Country Club today. M. E. Stanfield and Edgar Taylor were in charge of the program.

Pennsylvania Patrolmen Act In Milk Strike

PITTSBURGH, June 13. (AP)—State police patrols rolled across a seven county milk strike area today in western Pennsylvania. Four pickets were arrested for violating a court order.

Charges of dumping milk truck loads brought orders from Pennsylvania Gov. James H. Duff to state police to guard against violence on the state's highways.

State Police Capt. Andrew J. Hudock said his troopers arrested four men he said had blocked a highway with an automobile and picket signs.

Captain Hudock said the blocked road led to Bergman's Dairy at Derby in southwestern Pennsylvania.

VIOLATION

The four men are charged with violating a preliminary injunction granted by the Westmoreland County court. The order forbids interference with dairy operations or truck movements.

The governor's statement followed reports of three earlier incidents in which milk strike pickets dumped loads of milk and threatened drivers.

The five-day old walkout of 2,300 members of the AFL Dairy Workers Union against 68 milk dealers in the area surrounding Pittsburgh shows no sign of heading for a settlement soon.

ACT OF CRIMINALS

Gov. Duff declared in a statement:

"These were acts of criminals. They were as criminal as the acts of bandits and will be treated as such."

Meanwhile, dairy representatives in Washington promised to come up with a proposal for ending the three-day-old milk strike in the nation's capital. Rep. McMillan (D-Sc), chairman of the House District of Columbia Committee, arranged to confer with counsel for the district's corporation.

An 11-hour union - management meeting broke up last midnight with no action taken on a union compromise suggestion. No details were disclosed.

Truman Expected To Reveal Taxes Paid by Gamblers

WASHINGTON, June 13. (AP) — President Truman was reported today to be ready to open a great store of information to a special Senate committee investigating big-time gambling and crime.

By execugive order, the President is expected to give senators access to confidential income tax returns and other government information on known and suspected underworld figures.

Mr. Truman has promised the committee full co-operation and Chairman Kefauver (D-Tenn) told reporters he looks for the executive order to be issued at any time.

CLOSED MEET

This morning the committee's staff was called to meet behind closed doors to question William Molasky, part owner of the Pioneer News Service which distributes horse racing news in and around St. Louis.

Molasky volunteered to testify after the St. Louis Post-dispatch referred to him as an "overlord" of racing news distribution and disclosed he and his wife held more than $300,000 worth of Western Union stock.

Missouri Atty. Gen. J. E. Taylor told a Senate Commerce subcommittee last month that such distribution units as Pioneer are controlled by a syndicate which in turn is controlled "by a vicious criminal element."

PROTESTS

Molasky has protested that his race news distribution is a legitimate business.

Kefauver said Molasky would bring his books and lay them before the investigators. After Molasky is questioned by the staff, the committee will decide whether to question him in a closed session.

Inflation Gives Impetus To Drive For Balanced Budget

WASHINGTON, June 13. (AP)—Fresh fears of inflation prompted bipartisan proposals today that Congress get busy on the job of balancing the budget.

Sen. Douglas (D-Ill) told a reporter he regards the threat of inflation caused by rises in wholesale prices as serious, but possibly not dangerous.

"It strengthens the case for reducing expenditures and balancing the cash budget—that's the best inflation brake,"—said Douglas, who agrees with the Truman administration on about everything but its monetary policies.

DRIVE SET

Sen. Taft of Ohio, chairman of the GOP Policy Committee, said in a separate interview that a vigourous drive is going to be made in the Senate to cut appropriations back to the point of government revenue.

"We are adding steadily to the inflationary trend with a deficit that is running about half a billion dollars a months," he said.

[illegible] eral reserve board wait a month or two to see how the price trend progresses. If prices still are going up then, he said the board ought to sell securities in the open market to force government bonds down slightly.

ANOTHER HOPE

"I would hope that the treasury, on the other hand, wouldn't insist on supporting bond prices and would let them fall slightly," he said.

The Senate Judiciary Committee voted yesterday to make an investigation of gasoline prices. Sen. Ferguson (R-Mich), who sponsored the move, said in a statement that the country is in a period of creeping inflation to which gasoline price increases are contributing.

Remington Pleads Innocent To Indictment on Perjury

NEW YORK, June 13. (AP)—William W. Remington, resigned government economist, pleaded innocent today to a perjury indictment charging him with lying when he denied to a federal grand jury that he ever was a Communist.

Federal Judge John W. Clancy set July 5 for naming the trial date. Remington resigned from his Commerce Department post after being threatened with ouster proceedings.

Clancy set $5,000 bail for Remington and gave him two days to raise the bond.

Remington's lawyer, Bethuel Webster, told the judge professional bondsmen have refused to post bail for the defendant because "a loyalty question is involved.

He told reporters later 14 surety companies had been asked to put up bail for Remington and all have replied they would post bond "for prostitutes and murderers but never where loyalty is questioned."

ALWAYS APPEARED

Clancy set the bail demanded by Thomas J. Donegan, special assistant to the U. S. attorney general. Remington's attorney said his client "always has appeared whenever he has been summoned by the FBI or the grand jury."

[illegible] Remington the two days of grace after Webster said:

"The defendant has got to arrange for cash or collateral. He is on the point of getting some money from his mother and he will need at least 36 hours."

Remington remained silent except to reply "not guilty" in a firm voice.

DRINK THAT MILK—"We have to get rid of the milk," says dairy worker Red Newell at Swihart's Dairy near Canonsburg, Pa. So, for the benefit of the photographer, he fills up little Gary Swihart, (left,) and Sharon Mulie, (center). The milk that's left is given to the hogs. The dairy is unable to ship milk to normal markets because of the milk strike. (AP wirephoto).

90 Per Cent Parity Called Too High for Cottonseed

SAN ANTONIO, June 13. (AP)—The federal government may have to buy up all the 1950 cottonseed crop if it sets a support price of 90 per cent of parity, a Texas cotton meeting heard today.

Such a support price is unrealistic, said T. H. Gregory of Memphis, executive vice president of the National Cotton Seed Products Assn. His address was prepared for the Texas Cotton Seed Crushers Assn. Convention.

Ninety per cent of parity would mean about $60 a ton at the gin, Gregory said.

"This is above what even the most optimistic believe could be justified by market values," he declared. "If such an unrealistic level of price support should be attempted, it is quite likely that the government would own the entire cottonseed crop."

Gregory said cottonseed parity—$66.80 compared with $55 a year [illegible] upon prices prevailing [illegible] past 10 years, which represent the most inflationary period in the nation's history."

"The case for a support price for cottonseed rests upon a pretty flimsy foundation. During eight of the past 10 years, cottonseed has brought farmers more than 'parity.' During most of that period, seed sold for . . . higher price, in terms of parity, than any other major farm crop except tobacco."

The Weather

WEST TEXAS: Clear to partly cloudy this afternoon, tonight and Wednesday. Not quite so warm in the Panhandle Wednesday.

EAST TEXAS: Clear to partly cloudy this afternoon, tonight and Wednesday. Not much change in temperature. Moderate southeast winds on the coast.

Skies cleared over Texas today and temperatures rose. There appeared little likelihood of such locally-heavy thunderstorms as truck at Houston and in West Texas yesterday and last night.

Heavy rain destroyed several thousand acres of young cotton in Hockley and Terry Counties late yesterday. Some highways were blocked [illegible] fields. Phone and rural power lines were knocked down.

Yesterday's high Texas temperature was 106 at Presidio. Temperatures ranged mostly in the 70's during the night, with Marfa and Salt Flat reporting a low of 62 and Galveston a high of 79.

McDonald, Scratched From Ballot' To Fight In Court

By DAVE CHEAVENS
(Associated Press Staff)

AUSTIN, June 13. — J. E. McDonald today planned to get a court order to write his name back on the July 22 Democratic primary ballot.

The state executive committee yesterday scratched McDonald on political disloyalty charges. They were based on the veteran agriculture commissioner's admitted support of the last three Republican candidates for President.

McDonald stormed into the committee meeting when he heard the action was cooking, to protest that he was not disloyal. He said he was a "lifelong Democrat" so far as supporting state ticket nominees was concerned. He said his vote in presidential elections was determined by the stand of the candidates on farm issues.

"If I can't let the people of Texas know what I believe, then I'll go back to the farm," McDonald told the committee. He has been elected commissioner of agriculture 10 times on the Democratic ticket and is seeking an 11th term.

The unanimously-adopted resolution striking McDonald's name from the list of certified candidates said in part: "We find as a fact . . . that he has over a long period of time violated his pledge to support the nominees of the Democratic Party, and by reason of his consistent infidelity to the party, we find that when he takes the pledge at this time that he does so not in good faith and therefore he does not come before this committee with clean hands."

The committee in a daylong session yesterday also:

Picked Mineral Wells over San Antonio as the site for the September convention. The vote was 28 to 24.

Adopted, 19 to 17, a resolution commending Texas congressmen "for their firm stand . . . against enactment of a compulsory Fair Employment Practice Act." "The people of the South of all creeds and races are working out their own problems for the good of all and should be left free to do so," the resolution said.

Adopted unanimously a resolution commending the school land board for its "unremitting fight" to retain Texas title to the tidelands. It did not take sides in the current split between Land Commissioner Bascom Giles and Atty. Gen. Price Daniel over tidelands strategy.

Rejected a resolution which would have waived party loyalty requirements in some local cases.

West German Parliament Suspends Top Communist

BONN, Germany, June 13. (AP) — Max Reimann, West Germany's top Communist, was suspended for 30 days from the West German parliament today after a noisy Communist outburst broke up a session of the parliament's lower house (bundestag).

Fights broke out on the floor of the bundestag when the parliamentary guards attempted to remove the shouting Reimmann.

Communist and anti-Communist members of parliament kicked at each other and swung a few wild blows with their fists.

NONE HURT

No one was injured in the brief melee which began after the session had been adjourned.

The tumult began when all parties except the Communists joined in a declaration condemning the loss of East German territories to Poland.

The declaration denounced the Communist-dominated East German government for signing a pact with Poland last week accepting the new East German border as permanent.

The Communists demanded a debate on the declaration which the other parties intended merely to read into the parliamentary records.

"I demand to be heard on this question," Reimann shouted.

The other 13 Communist deputies took up the cry.

When he was unable to quiet the Communists, President Erich Koehler recessed the session.

RECONVENE

A few minutes later he reconvened the meeting to announce that Reimann would be barred from parliamentary sessions for a period of 30 days.

Reimann still refused to leave. His party colleagues surrounded him when guards attempted to remove him.

Anti-Communist deputies then went to the aid of the guards, kicking and swinging their fists. No solid blows were struck, however, and the fight was quickly broken up.

Fair Deal Farm Objectives Are Outlined by President

WASHINGTON, June 13. (AP) — President Truman laid down the goals of his "fair deal" program yesterday to a radio farm group which called at the White House to pay their respects.

"All we are striving for is to have business and industry, and labor and the farmer on an equal basis, all getting their fair share of the wealth of this great nation," Mr. Truman said.

ON BENCH

The President climbed up on an iron bench on the lawn near his office to make his off-the-cuff remarks to members of the National Assn. of Radio Farm Directors.

He recalled that he used to be a farmer himself and he said his two nephews at "Grand View, Mo., have the reputation of being right good farmers." He still listens to farm radio broadcasts nearly every morning at 5:30 o'clock, he said.

Declaring that "the progress in farm organization and farm management has been just as great as it has been in our industrial organization and industrial management," Mr. Truman added:

"We are no more worried about getting enough to eat. The only difficulty we have now is with the distribution system, and if we can get that distribution system organized on the same basis as the farm production system and the industrial production system, then most of our domestic problems will be solved.

INCOME INCREASE

"We are now in the midst of an increase in that (the nation's) immense income," Mr. Truman said, "and we want to keep that increase on an even basis, so that the industrial production, and the farm production, and the distribution of these two productions will be on a bsis so that everybody can have a fair share, and at a price that we can afford to pay.

"I think that is the objective of what you might name the fair deal program of the present administration," Mr. Truman said.

ITALIANS SETTLE IN BRAZIL

RIO DE JANEIRO — (AP) A group of 32 Pescara farmers have left Rio for Bahia state as advance guard for 500 families to come later.

They intend to set up farm colonies near Itirisu. The government of Bahia has agreed to furnish each family 50 hectares of land, three cows, one pig and some chickens.

T. Primo, agronomist in charge, said the plan is sponsored by a cooperative which pays for transportation from Italy and supplies the farmers with equipment and seeds.

More Pot Shots Taken at Noble

DALLAS, June 13. (AP)—Herbert Noble, former Dallas gambler, said another attack, at least the eighth, was made against his life today.

Noble drove his bullet-proofed 1950 model coupe to Sheriff Bill Decker's office for an inspection, and to lodge his complaint, shortly before noon.

The white-haired gambler said the latest attempt to kill him took place about 10:30 o'clock this morning along a heavy-timbered road leading from his ranch northwest of Grapevine in Denton County.

He escaped injury.

"I had left the ranch and was about a half mile down the road when I heard bullets whipping about the car. Heavy timber lined the road and I couldn't see anyone," he said.

Noble said the unseen attacker shot out the front tire on his car but that he kept driving.

BIG LEAGUE SCOUTS

MASON CITY, Ia. — (AP) —Scouts for at least six major league teams are camping on the doorstep of young Jim VerHelst, pitcher for St. Joseph's high school here. VerHelst graduated recently after an amazing senior season in which he hurled four no-hitters in 10 games and lost but one start, that by 1-0.

The youngster gave up only one unearned run all season. He pitched 72 2-3 innings, alowed 10 runs, 14 hits and struckout 142 batters. The only game he dropped came in the state finals when his teammates made three consecutive errors with two out to allow a run. The pitcher gave up but one hit, that in another inning. VerHelst stands six-three and weighs 190 pounds.

New Search For Boy Thought To Have Menengitis

NEW CASTLE, Ind., June 13. (AP) —A new search for a carnival boy with an elusive case of meningitis was on today, in spite of another officially clean bill of health.

A pickup order from Ohio state police brought a wholesale health inspection last night in the Midway Trailer camp at Mt. Summit, five miles north of here.

Dr. C. E. Canaday, Henry County health commissioner said he found a boy named Stanley Mitchell, about 10 years old, in good health. After examining about 30 adults and children in camp, he reported "nothing but panic," and, so far as he was concerned, the case was closed.

NOT SATISFIED

But in Toledo, where a search for a Stanley Mitchell with meningitis started last Friday, authorities still were not satified. The sheriff's office asked the Lucas County health commissioner in Toledo to issue a warrant charging the Mitchells with violating the contagious disease law.

Sheriff Capt. John Sayen of Toledo said "we want to know where the real Stanley is, since he certainly isn't with his parents."

The hunt for the Mitchell family started in Toledo Friday. The boy, brought into a hospital for a "stomach upset," was declared ill of meningitis, an often-fatal disease. But the family disappeared with the boy, then disappeared gain after a second Toledo doctor gave them the same report.

CLEAN BILL

Ohio police intercepted them at Waldo, O., and took them to a Columbus, O., hospital. But the Mitchells and three children were sent on their way with a clean bill of health Saturday night.

Then Capt. Sayen said a new pickup order was sent out, on the possibility that the boy hadn't been found.

But when the family was traced to a Mt. Summit tourist camp, Dr. Canaday said the Mitchells produced a certificate of good health bearing Stanley's name, from a Columbus hospital.

Capt. Sayen said the warrant would be delivered to authorities here today.

Powder Puff Air Racers Off After Night in Odessa

GREENVILLE, S. C., June 13. (AP) —Women air racers scattered from West Texas to Atlanta, took to the air today on the third day of their coast-to-coast competition.

Nineteen pilots spent the night at Odessa, West Texas city which is main sponsor of the San Diego-to-Greenville derby. All but one—an Aeronca piloted by Mary Ring of San Diego with Helen Dick of San Diego as co-pilot—were in the air before 7:43 a.m. (CST). Miss Ring, who arrived there late last night after being stranded in Texas desert country yesterday, planned a later take-off.

Ahead, but not necessarily in the lead on an elapsed-time basis, was solo Flier Arleen Davis of Cleveland, who put her Cessna 195 down at Atlanta last night. She was to take off at 10 a.m. (CST).

San Diego race headquarters gave Miss Davis a good chance to win.

Yvette Nyatt Kovary, Venice, Calif., and Gladys Davis, Concord, Calif., took off from Abilene, Tex. Marion Hart of New York, Viola May Lyons of John Day, Ore.; and Lenora L. McElroy of Ann Arbor, Mich., resumed the race from Shreveport, Mrs. Marion R. Hart of New York City, oldest competitor at 59, planned a later take-off from Shreveport.

But the first plane that reaches Greenville won't necessarily win the trans-continental race. The winner will be determined on the basis of elapsed time. No one knew just who was ahead early today.

The word "petroleum" is derived from the Latin words "petra" meaning "a rock" and "oleum" meaning oil."

Find Production

(Continued from Page 1)

was very little indication of formation water.

Open flowing bottom hole pressure was between 2,050 pounds and 2,274 pounds. Shut-in bottom hole pressure, after 15 minutes, was 2,750 pounds.

It is understood that operators plan to cement casing on bottom at 7,800 feet, the plugged back total depth and test, and try to complete discovery through perforation.

This well is 660 feet from south and east line of northwest quarter of section 8, block 26, H&TC survey and three miles south of the lone producer in the Dunn-Canyon field.

It drilled to a total depth of 8,338 feet in Ellenburger. That formation made only sulphur water. The hole was then plugged back 7,800 feet to test Pennsylvanian lime which has now developed oil and gas production.

NEAR CLAIREMONT

Official completion of the second well in the Clairemont-lower Pennsylvanian pool in Central Kent Co. has been filed with the Railroad Commission of Texas.

Sun Oil Co. No. 1 D. G. Sampson potential naturally for 281.62 barrels of 39.2 gravity oil daily. No water was developed and flow was through a 13-64 inch choke. Gas-oil ratio was 534 to 1. Production is from open-hole between 6,748 feet and total depth of 6,761 feet. Seven-inch casing is set at 6,744.

No. 1 Sampson is 660 feet from northwest side of section 9 block 98 H&TC survey and one-half mile south of Clairemont.

NO. 3 SENTELL

Sunray Oil Corp. has scheduled its No. 3 L. S. Sentell in the North Snyder Strawn field of Scurry County.

The No. 3 Sentell will be seven miles north of Snyder and 973.7 feet from north and 467 feet from west lines of the northeast quarter of section 22, block 1, J. P. Smith survey.

Slated depth is 7,600 feet. This should tap both the "A" and "B" zones of the Strawn, which are productive in three wells in the field. The proposed project is a south offset to Sunray's No. 2 Sentell, a producer from the Strawn.

Two and one-half miles northwest of Snyder, Slick-Moorman Oil Co. has staked its No. 3 N. V. Von Roeder in the Kelley-Snyder field.

Drillsite is 1,319.5 feet from south and 467 feet from east lines of section 250, block 97, H&TC survey. Slated depth, to top the Canyon reef, is approximately 7,000 feet.

KRIBBS COMPLETES

Penntex Oil Corp. No. 4 Kribbs, in the northwest sector of the Kelley-Snyder field, in North-Central Scurry County has been completed for a 24-hour potential of 2,570 barrels of oil, flowing through a three-quarter inch tubing choke.

The potential was calculated from an actual 12-hour flow of 1,285 barrels. Gas-oil ration was 654-1.

The production is from Canyon lime pay at 6,618-6,810 feet. That section had been treated with 1,000 gallons of mud acid and with 5,000 gallons of [illegible] acid. There was no formation water with oil.

Top of the reef is at 6,600 feet, which is a datum of minus 4,204 feet. The 7-inch casing is cemented at 6,618 feet.

Location is 467 feet from south and 883 feet from west lines of section 338, block 97, H&TC survey. The new well is five miles northwest of the town of Snyder.

DAZED DRIVER seeks escape from blaze—His clothing ablaze like his fire-swept car, J. E. (Skimp) Hershey of St. Augustine, Fla., crawls dazedly on to the track at Lakewood Park, Atlanta. The car caught fire on a turn, went out of control and turned over. Hershey was seriously burned. (AP wirephoto).

Some Offices Are Moved In Remodeled Courthouse

Most of the county officials and their department personnel were occupying their regular office rooms in the courthouse today following completion of interior decorating throughout most of the building.

Some departments were assigned to change office rooms permanently for convenience and more adequate space.

CHANGED OFFICES

The public welfare office and the sheriff's department exchanged office rooms. The sheriff's office is now located on the second floor adjoining the highway patrol office immediately east of the stairway.

The sheriff's department now has two large rooms that were formerly used by the welfare office. The welfare department has moved to the northeast rooms of the main floor.

The county tax assessor-collector's office is moving from the commissioners courtroom back to its former location east of the stairway on the main floor. Across the hall is the county clerk's office.

The justice of peace office is situated permanently in the southeast room of the second floor with the district clerk's office adjacent on the west and the county attorney's office on the south side between the clerk's office and the district courtroom.

The city - county health unit, which has temporarily been sharing office space with the soil conservation office in the northeast room of the third floor, is back in its original room next to the stairway on the same floor. A temporary laboratory is being planned for the east central room of the third floor and will be used by the health unit.

The highway department office will resume activities in the southeast room of the third floor with the grand jury room immediately west.

Other offices will remain in their regular locations.

PAINTERS AT WORK

Painters yesterday were spraying a coat of dark ivory in the basement hallway. Colors vary considerably throughout the building. Most of the offices will have walls of either light green or light blue.

The district courtroom and its balcony, the west side of the second and third floors, is finished in light green with gray tile flooring.

The new combination steel sash and casement windows are finished on the insides to match the colors of the rooms and are painted light gray on the outsides.

Most of the light fixtures have been installed. Many of the offices are buying new furnishings and office equipment. The new exterior doors of the building will be modified soon with new locks and door handles to permit opening the doors from the outside without the necessity of using the door keys as knobs.

The remodeling project is expected to be completed in about a month. Buford & Feinberg, of Dallas, is the architectural firm in charge of the project, and construction is being done by Von Frellick, Inc., of San Angelo.

Texas Republicans Will Meet August 8 in Galveston

FORT WORTH, June 13. (AP)—The state Republican convention will be held Aug. 8 at Galveston.

The executive committee made the selection yesterday. The committee will meet Aug. 7 to name temporary officers.

Henry Zweifel of Fort Worth, committee chairman, predicted 95 per cent of Texas' 254 counties would be represented.

"We'll nominate a full state ticket and some congressional and legislative candidates," he said.

Nocona Citizens Protest Court's Tideland Ruling

NOCONA, June 13 (AP) — About 150 persons met last night to protest recent U. S. Supreme Court rulings taking the tidelands from Texas and opening the University of Texas to Negroes.

A. V. Orant, a Montague County attorney who called the meeting, explained the conditions under which Texas entered the union and urged citizens to write government officials protesting.

Select Jury For Pawnbroker's Trial

DALLAS, June 13. (AP) — Selection of a jury for the trail of Thomas Schwartz, former Dallas pawnbroker charged with complicity in the $40,000 jewel robbery of Mrs. W. W. Shortal here Feb. 17, continued today.

Schwartz is accused of engineering the holdup of Mrs. hortal in her fashionable Lakewood home. The two admitted robbers, William Trent Jarrette and Lester Emmett Bennett, are awaiting trial as principals. They have been called as state witnesses.

Shotgun Battle Ends in Death

GONZALES, June 13. (AP) — One man was killed, and another critically wounded in a shotgun battle last night.

Deputy Sheriff L. D. Buchanan said Walter Knabel, about 50, and I. W. (Dutch) Hutcheson, about 60, argued briefly, got shotguns and blazed away from about 30 feet.

Knabel died a short time later.

Buchanan said Knabel apparently fired twice. Then, wounded in the right leg and the right side of his stomach, Hutcheson opened fire. His shotgun pellets riddled Knabel's left arm and the left side of his upper body.

MACCABEES HEAD

DALLAS, June 13. (AP) — Ruben Young of Dallas is the new great commander of the Maccabees, a fraternal insurance organization. And Ray H. Murrah of Beaumont became lieutenant commander.

Survey Shows Coaches Kept Promise on Spring Training

By HAROLD V. RATLIFF
Associated Press Sports Editor

DALLAS, June 13. — Texas high school football coaches, in getting spring training voted back in last year, made some promises. They said they had permitted spring football to interfere with spring sports but if given another chance they never again would allow that.

Looking over the records of some of the so-called "football schools," we are just about convinced that they meant what they said and that spring football can be conducted for the general betterment. We are thinking primarily of Odessa.

ODESSA SETS

Here is a school that always has been strong in football and whose coach wants spring training. Yet Odessa does not go all out football and does not let spring training detract from the other sports.

Odessa last week won its second state spring sports championship of the year when it captured the baseball title, It previously had taken the track diadem.

Amarillo and Abilene are other oustanding examples. Amarillo had strong track and baseball teams and Abilene had a baseball team in the state finals.

None of those schools are allowing spring football to take away from the general school sports program.

If spring football can be conducted without detriment to the other sports then it is well to have it.

But spring football should not make inroads on baseball, track, tennis and golf. When it does so i may mean another referendum in the Texas Interscholastic League to abolish it.

TRACK DROPPED

Pampa high school dropped track this year. It substituted baseball.

It was an inopportune time for Pampa to drop track regardless of how sound the reasons were for so doing. It was the year spring training returned with the promises of the coaches that spring training would not interefere with spring sports.

We mentioned the fact that Pampa dropped track. Stan Lambert, publicity director for the Texas High School Coaches Association, fearing repercussions, looked into the matter. He wrote an article for a sports magazine in which he set forth the reasons Pampa gave for dropping track.

That's where we saw the reasons.

But Gabby Garrison, writing in the Pampa News, thinks the matter is that of collusion between myself and Putt Powell of the Amarillo News to take unjustified raps at Coach Tom Tipps of Pampa high school. Putt saw the same article in the magazine that we did because he reprinted it in his column.

At the outset, let it be known that this writer has no grievance with Coach Tipps, a fine gentleman and most excellent coach. We are not questioning his motives in the dropping of track. We are taking issue with some of the reasons.

GARRISON ASKS

Garrison refers to our statement that whereas Pampa said it dropped track because weather same as Pampa. Then he comments that Amarillo is a good deal larger than Pampa and thus has an ample amount of man power to field teams in both baseball and track. Doesn't Amarillo also have more manpower in football and basketball? Also, as Coach Tiips said, isn't track an individual sport and only one boy is needed to outrun another boy?

Garrison asks why we don't use some other examples of schools dropping spring sports instead of "hounding" Pampa. The answer is that we know of no other school that dropped a spring sport this year. We'd like to know if any of them did.

We are concerned with rounded sports programs in the high schools. Not every boy can play football or basketball but everyone with sound legs and arms can run on the track team or play on the baseball team. It isn't a question of winning but a question of participation. We had a couple of youngsters who didn't do much winning in track but they certainly got plenty out of it by having participated.

conditions at Pampa were not conductive to it that Amarillo had track and its weather was the

Loss to Albuquerque Costs Lubbock A Tie For First in League

(By The Associated Press)

Lubbock's Hubbers couldn't quite stand the pace and today they're a game behind in the West Texas-New Mexico League race.

If Lubbock had won last night they would have gone into a tie for the top with Borger—but they ran afoul of Albuquerque and took a 7-2 drubbing while Borger was splitting a double-header with Lamesa.

Fred Besana allowed Lubbock only four hits as he knocked the Hubbers out of a share of the top spot.

Lamesa beat Borger 11-9 in the first game but the Gassers roared back for a 16-5 triumph in the nightcap, clubbing 18 hits among which were two homers by Ted Clawitter.

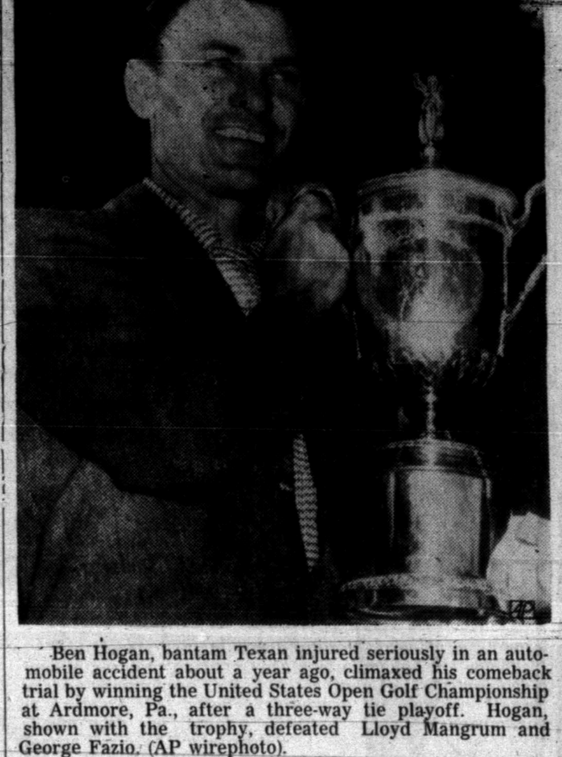

Amarillo licked Abilene twice, taking the first game 7-6 and the afterpiece 3-2. The second game was a pitcher's battle with Bill Sorrells giving Abilene four hits and fanning 10 batters while Sam Hunter also pitched a four-hitter.

Pampa and Clovis split a twin bill. Pampa won the first game 7-4 on Bill Garland's eight-hit hurling while Tom Gallagher limited the Oilers to three hits in giving Clovis a 6-3 triumph in the afterpiece.

Malaya Plans Newsprint Plant

PENANG — (AP — Malaya may contribute to the world supply of newsprint, when the experimental wood pulping plant—as an extension to timber research laboratory—under the six-year development plan for the country gets under full swing.

Malaya at present imports all her newsprint supply and other types of paper, and there is a world shortage of newsprint.

Ben Hogan, bantam Texan injured seriously in an automobile accident about a year ago, climaxed his comeback trial by winning the United States Open Golf Championship at Ardmore, Pa., after a three-way tie playoff. Hogan, shown with the trophy, defeated Lloyd Mangrum and George Fazio. (AP wirephoto).

Light Batting May Be Fort Worth Nemesis

By HAROLD V. RATLIFF
Associated Press Sports Editor

Have the Fort Worth Cats, who have been making the Texas League race a shambles with top pitching and great base-running, cracked at last?

The hitherto light-hitting Cats have been hearing all season that they eventually would fall because of failure to keep pace with the bat.

They now have dropped three straight although they still boast a margin of seven and one-half games over second-place Tulsa.

But in two of those games Fort Worth outhit the opposition. Maybe they better go back to wild base running and playing for that one tally.

Last night the Cats were beaten 6-5 by Beaumont. They got 11 hits to Beaumont's seven and also excelled in committing errors, pitching in with four. It just wasn't the proper combination.

Tulsa licked San Antonio 8-7. It was hte Missions' tenth defeat in 13 games. Homers by Roy McMillan, Walter Post and Jarrett Baumer highlighted a Tulsa 11-hit attack. The crowd got a kick out of a freak play whereby a third strike lodged inside the coat of umpire Mike Williamson and the batter reached first safely.

Jerry Witte, who was shunted by Dallas after he hit 50 homers last year, showed he still had that potent bat as he slugged his first circuiter since returning to the league with Houston. It came with two men on and highlighted an eighth-inning splurge that netted seven tallies and gave Houston a 10-0 victory over Oklahoma City. Joe Presko allowed the Indians only two hits.

Dallas scored two runs in the ninth to beat Sheveport 7-6. It put Dallas into a tie for sixth place with the Sports. A single by Heinz Becker got one tally and another was scored on an outfield fly. Dallas rapped 12 hits, Shreveport 11 in a parade of pitchers.

The clubs have the same stands tonight with Dallas at Shreveport, Oklahoma City at Houston, Fort Worth at Beaumont and Tulsa at San Antonio.

Tigers Become Team-to-Beat As Boston Loses Prestige

By JACK HAND
(Associated Press Sports Writer)

Seriously disturbed by Detroit's solid strength, the New York Yankees remained hopeful today of making a major deal before the Thursday midnight deadline.

The world champions, have more respect than ever for the Tigers after watching them bounce back from two Yankee Stadium defeats to win the finale and then sweep three straight at Boston.

BOSTON LOSES

Many of the Yanks now regard the Tigers instead of the Red Sox as "the team to beat." Boston lost plenty of prestige by dropping four in a row after rolling up that 29-4 record score on St. Louis last week.

Pitching is the big Yankee problem. It's the same story in Boston. The difference is that New York owns excess talent that could help other clubs.

In that category go second baseman George Stirnweiss, catcher Ralph Houk or Gus Niarhos, pitcher Don Johnson and an outfielder.

The Yankee pitching situation is desperate. Johnson, sidelined by a skin ailment, remained in New York when the club headed west. That left Casey Stenel with seven pitchers, including Joe Page and Duane Pillette. The latter just recalled from Kansas City. Page, troubled by a sinus condition, has pitched only one inning since June 3.

A look at the June records emphasizes Detroit's sizzling pace. Although they still trail the Yanks by a half game in the won and lost columns, they're out front by .002 in percentage points.

Since they left Briggs Stadium, the Tigers have won 10 and lost two. It is well known that Detroit is a superior road team. Now they dig in at home for 16 games, starting with three against the Philadelphia A's.

The Red Sox, winning only six of 11 at Fenway Park against the west, ventures into the badlands where they have failed so miserably in the past. First stop for the Sox, now a fading third, is Cleveland. Then comes Detroit.

FACE TAILENDERS

The Yanks break in easy with three at Chicago and four at St. Louis before riding into Cleveland and Detroit on their 13-game jaunt. They took 8 of 13 at the Stadium against the western teams.

Despite the telephone number scores at Boston, the St. Louis Browns won 7 of 12 in the east. Now they open at home against Washington.

With Branch Rickey still scouting the circuit for pitching help, Brooklyn comes home to play 16 games at Ebbets Field, trailing St. Louis by two full games.

Eddie Dyer's Cardinals piled up an 8-3 record at Sportsman's Park. Now they face a long tough 17-game road trip, opening in Philadelphia tonight.

The New York Giants were the sensations of the league until they hit St. Louis and dropped a three-game series. Now they come home to the Polo Grounds, where they have played poorly all season, to open against Pittsburgh. In the west. Leo Durocher's boys stepped at an 8-4 pace.

Despite a better-than-.500 record of 5-4 in the west, the Philadelphia Phils lost ground in the race. They went away second by 1 1-2 games and came home third by 2 1-2. First team in is St. Louis.

All Branches of Newcomers Club To Meet Friday Noon

Do you consider yourself a newcomer to Snyder?

You may have lived here six years and yet have fewer acquaintances than you'd like and you may have just followed the movers into a new apartment.

"Whatever category of newcomer you fall into, fall into it with a will and find a whole new field of enjoyment in our club," Mrs. Dees Westbrook, president of Newcomers Club urged. The group will meet at 12:30 Friday at the Country Club, and new faces are expected.

According to Mrs. Westbrook and other workers in Newcomers Club, "The club is completely a Snyder club, aimed at our influx of new women arriving in a town suddenly three times its original population."

The Cosmaramas Club, back in the fall, met with an eager few, new in town, and by January the rolls had grown.

To fit each members desires and needs, the club divided into four branches of interests, still one unified whole, however. Bridge, study, art and canasta are all functioning bodies, with a sewing group started.

The regular meeting Friday will take the form of a luncheon, first one to be held at the Club. New officers will be elected at the meeting and there will be many interesting features on the agenda. All newcomers, or those women interested in the newcomer, are asked to call Mrs. Rita Jones, at 44-W by tomorrow for a reservation to the lunch. Plates will be $1.50.

PERSONALS

Mr. and Mrs. J. C. Damron and children from Lubbock, Mr. and Mrs. Bob Spraules and Miss Velta Spraules from Lubbock visited Sunday in the home of Mrs. Zula Alexander.

Mrs. Leona Weathers and son, Alfred Weathers, Mrs. J. L. Weathers and Miss Norma Jean Cary visited Mrs. Dora Franks in Big Spring Sunday.

Visiting in the C. L. Banks home at 1001 Twenty-sixth Street Sunday were out-of-town relatives, Mr. and Mrs. W. A. Talley from Kilgore; Mr. and Mrs. E. W. Proxlar from Winnsboro, on their way to California; and Mr. and Mrs. J. M. Lewis from Cuthbert.

Lee Small went to Brownwood last week end. Returning with him to Snyder was Mrs. Small, who has been visiting two weeks with her mother, Mrs. Ruth Stephens, who is ill.

Mr. and Mrs. Bill Ford visited in Bowie over the week end.

A. C. Schooley went to Seminole this week end. Returning with him was Mrs. Schooley, who has been visiting with her parents, Mr and Mrs. H. C. Scott, there.

Dr. and Mrs. W. M. Smith, 611 Thirty-second Street, are entertaining in their home this week Mr. and Mrs. Peter Faustgen, Mrs. Smith's parents, and Mrs. Helen Seigert all from Abilene. Mrs. Smith's aunt, Mr. and Mrs. Ark Faustgen, from Abilene, and another brother and his family, will arrive the last of the week. Mrs. Smith will return to Abilene with them.

Woody Wilson went to Midland this week end for Mrs. Wilson, who returned with him to house-hunt in Snyder.

Mr. and Mrs. Roland Bell, Sr., left this morning on a trip to Albuquerque, N.M. Mrs. Bell's niece, Mrs. Berlie Sherrer, was to join them in Lubbock and accompany them to Albuquerque where the three will visit Mrs. Bell's sisters, Mrs. Myron Fifield and Mrs. Joe Taylor. The Bells will return to Snyder in about two weeks.

Mr. and Mrs. Ed Mickle from Galveston were in Snyder over the week end, visiting with relatives, Mr. and Mrs. Lyman Yoder, 2300 Thirty-second Street.

Mr. and Mrs. L. H. Dacus returned Sunday from a five weeks' visit with their daughters and families, Mr. and Mrs. W. C. Bullard and Mr. and Mrs. F. L. Kelly, in Fort Worth. Mr. and Mrs. Dacus' sons and families, Mr. and Mrs. L. H. Dacus and Mr. and Mrs. Roy Dacus, drove to Fort Worth for their parents Sunday. Mrs. Bullard also returned with the family for a visit here at the Dacus home, 3111 Avenue M.

Mrs. Vera Miller, who has been on an extended vacation trip through the Western states, will return Wednesday to her work at Art Studio.

Visiting Mrs. Edith McKanna last week were Kernell Hughes, representative of the East Texas Independent Oil Co., J. L. Thompson, and Harry Ford, both of Danbury, Conn., Dan F. Whatley, Wichita Falls and William Nicholls, San Antonio. They flew Friday afternoon to Rita Blanca ranch, near Dalhart, inspecting leases. Mrs. McKanna was hostess at a luncheon for the group Friday at the Country Club.

Mr. and Mrs. Little Westbrook left last week for Crane, Tex., where they will visit their son and family, Mr. and Mrs. Charles Westbrook.

Miss Leah Davis, 2910 Avenue F, had as guests over the week end her sister, Miss Kay Davis, and Miss Helene Russell from Big Spring.

Mr. Don E. Schnobrich from Lubbock, a representative of the American Rug and Carpet Co., has moved his headquarters to Snyder. He will reside with Dr. Dan A. Harrison at 607 Twenty-ninth Street.

Mr. and Mrs. Delbert Randolph returned this week from a week's vacation to Galveston ane parts of Oklahoma.

Mrs. C. E. House and children, who have been visiting Mrs. House's parents, Mr. and Mrs. W. B. Goodman, 1012 Twenty-eighth Street, returned Sunday to their home in Hutchinson, Kas. Mr. and Mrs. Goodman drove them to Lubbock, where they entrained for Kansas.

Mr. and Mrs. Jack Thomas left Monday for Arp, Tex., where Mr. Thomas has bought a business.

Mr. and Mrs. Curtis Price spent the week end visiting with her parents, Mr. and Mrs. S. F. Tucker in Coleman. They also visited Mr. Price's parents, Mr. and Mrs. W. A. Price, in Brownwood.

Mr. and Mrs. Jess Henley, Jr., from Lubbock, visited over the week end with Mr. Henley's parents, Mr. and Mrs. Jess Henley, Sr, of Hermleigh.

Mrs. Ernest Scott from Dallas visited last week with Mr. and Mrs. Ray Hilton, the Y cafe. Mrs. Scott is Mr. Hilton's sister.

Mrs. C. E. Walker will visit her sister, Mrs. Ben Thompson, in the Pleasant Hill community over the week end.

Mrs. R. L. Martin will leave tomorrow for a 10-day visit with relatives in Texarkana. Mrs. Harry Wilson will accompany her.

Mrs. Bob Bickerstaff and children spent Sunday and Monday in Sweetwater.

Mrs. B. L. McKinley and Mrs. W. B. Lee were in Spur over the week end visiting relatives.

Bob Bickerstaff, Wade Pipkin and Jack Scurlock, of Bickerstaff Motor Co., are all in Dallas this week for a Ford dealer's meeting. Mr. Pipkin, who had spent the week end in Seminole, Okla., visiting his family, joined Mr. Bickerstaff in Dallas Monday.

Mrs. Betty Wendell Snyder will leave Friday for a trip to California, where she plans to transact business connected with her radio program here, as well as visit with her mother, Mrs. Nona E. Naffzigger, in Compton, Calif.

Mrs. E. P. Ketner left for Colorado City Monday night to visit Mr. Ketner, who is ill there. She returned yesterday.

Photographer's Choice — Alluring Sue Carol Walker, 20, Miss National Press Photographer, smiles after being elected at the closing session of the National Press Photographer's convention in Atlantic City. She is a native of Opelika, Ala., and represented Atlanta at the convention. (AP wirephoto).

TALK OF THE TOWN

BY FRANCES BIOW

DON AND NANCY MARTIN are an intrepid couple who met in Nebraska, married, wandered West, and after only a matter of months in Snyder, are sufficiently convinced of its charms to renovate a large, old house at 1111 Thirty-first Street into a restaurant.

The restaurant will be unique here, simply a pleasant (and cool) eating place, where the buests enter the tropical atmosphere Mrs. Martin has made of two huge front rooms and sit at small tables gleaming in soft light from hurricane lamps. The piece de resistance comes with their one and only menu, which is to excell in every detail, they maintain..... homemade rolls, a gourmet salad, fried chicken, delicately done, and every accessory in generous and carefully thought out servings.

Mrs. Martin, now a nurse at the Snyder Hospital Clinic, has found time to add really profesional looking decorator details. Sweeping draperies came into being in her bathtub, which sometimes looked green at the day's end after applications of dye she put to good use. She has leaned heavily on tropical plants in ample brass holders; outstanding floral wallpaper on one wall offsets the lovely solid green of the other walls. All gives a restful effect, promises something really new and a bit different for Snyder's diners-out. Opens in two weeks. Oh, forgot to mention, Martin is cook at Henry's cafe, as of now, and once prepared food for the Manhattan's clientele, besides much other far-flung restaurant work, so he can stir up the cuisine.

Family Night at Country Club on Friday night attracted a host of Snyder residents, who gratefully drove out to enjoy the cool of the terrace, the spacious screened-in eastern porch and to consume the ham dinner served in the dining room. ROBERT PREUITT brought MISS BETTY TEMPLETON, a granddaughter of MR. and MRS. JOE STRAYHORN, who is a popular visitor to Snyder's younger set. A junior in Lamarr High School, Houston, she will be here another week before returning. She and Robert enjoyed the dancing.

Indulging in a touch of boogie-woogie and a lot of fun-making over at the famous Baldwin baby grand piano was ROBERT PREUITT'S crowd, MISS SANDRA BLACKARD, MISS JOAN COCKRELL, MISS SUE BOREN, MISS TEMPLETON, and JOE DAVE SCOTT.

Of all college students who are enlivening Snyder's pace this summer, perhaps the most active sounding are MR. AND MRS. JOHN SENTELL'S younger generation, to judge by a telephone conversation today with JOE. Joe, just arrived from military life at the New Mexico Military Institute, informs, "Dad just bought a ranch near Sonora with a big herd of Angora goats. SEARS (barely unpacked after coming in from graduation at Texas University is herding the flock this week. MARVIN (the brother in from Texas Tech) is herding down there, too, and Sear's wife and I go up to take over our herding duties this week." I denoted enthusiasm mixed with trepidation.

Woman's Calendar

TUESDAY

Business and Professional Women's Club meets at 7:30 p.m. at Mrs. E. P. Ketner's, 2912 Avenue S.

Sine Cure bridge meets with Mrs. J. C. Darwood, 3 p.m.

THURSDAY

School of Instruction of Parent-Teacher's Association meets at 2:30 p.m. in cafeteria of elementary school. Conducted by Mrs. Mert Jones and Mrs. Raymond Sims. All women in county interested in P.-T.A. are invited.

Installation of officers, Eastern Star Lodge, meeting at 8 p.m., at Masonic Hall.

Methodist Sunday School Class Has Party at Yoder Home

The Wedding Ring Sunday School Class of the First Methodist Church ate picnic lunches on the lawn when Mrs. Lyman Yoder entertained the group Friday night at her home, 2300 Thirty-second Street.

Mrs. Frank Ficklin, recreation chairman, led the social hour when the group moved inside, due to rain.

About 30 members and their guests were present.

New Building For Oldsmobile Agency

R. B. Sears, Snyder Oldsmobile agent, said this morning that the foundation for his new Oldsmobile agency has been laid and that he expects the building to be completed by July 25.

The $10,000 structure is being erected at 312 East Highway, which is east of the Pal-o-Mar Cortel. It will be a tile and brick building, 150 by 60 feet. Contractor is Ray Keenan of Snyder and Monahans.

The building will be used solely as the agency for Oldsmobiles and GMC trucks, Sears said.

Froggie to Wed

WACO, June 13 (AP) — Wedding bells ring Saturday for James (Froggie) Williams, All-America football player of Rice Institute.

Williams and his long-time sweetheart, Miss Robbie Jean Lochridge, will be married. Miss Lochridge attended Baylor University.

News from Ira

On Sunday June 25, the Ira Methodist Church will sponsor a homecoming of former pastors and members. All Ira churches are invited to participate, and all women are asked to bring basket lunches for dinner on the ground, which will follow the services.

H. E. West, Pat Falls and G. F. Chancy were fishing and vacationing on Devil's River last week.

Vacation Bible School here has been a great success, with full crowds attending each morning.

Mrs. J. H. Allen and Mrs. Nettie Webb were visiting in Big Spring this week.

Mrs. Minnie Webb and Mrs. Louis Minton and daughter of Snyder were visiting in the John Webb home Wednesday afternoon.

Mrs. Bama Clark of Dunn visited Mrs. Marie Kruse Thursday afternoon.

Miss Doris Rhyme of Lamesa spent this week with her aunt, Mrs. E. D. Sepes and family.

Mr. and Mrs. M. L. Wilson returned home Thursday from Temple where Mrs. Wilson underwent medical treatment. She is reported to be improving.

Mrs. Amil Kruse is doing well after surgery in Temple.

Thursday visitors of Mr. and Mrs. W. D. Webb were Mr. and Mrs. Jim Payne of Long Beach, Calif., Mrs. W. C. Eades and children, and Mr. and Mrs. J. R. Payne from Snyder.

The Rev. R. E. Boulder and the Rev. Johnny Myers of Sweetwater were at the Church of God here Thursday night. Mr. Bowden invites the public to attend church services at the Church of God the first Tuesday night of each month.

Mr. and Mrs. Jimmy King of Snyder visited Mr. and Mrs. Denver Way Tuesday night.

The deep test of the J. W. Taylor place is progressing very slowly due to the formation. They have drilled 5,000 feet.

Most of Nation Has Good Weather

(By The Associated Press)

Rain and windstorms hit over Midwest areas today but the rest of the country had fair weather.

Winds of near tornadic violence struck in eastern North Dakota last night, causing thousands of dollars damage to buildings, crops and communication lines. No casualties were reported.

The Midwest wet belt covered areas in Wisconsin, Minnesota, Illinois and Michigan. Strong shifting winds accompanied the thunderstorms in some areas. At just up to 75 miles an hour was reported at Madison, Wis. More than two inches of rain fell at Madison and La Cosse, Wis.

There also were a few showers in the northern Rockies.

Temperatures generally were above normal over the Central States and a little below seasonal levels in the Middle Atlantic and Pacific Coastal areas. Mild weather continued in the eastern and southern states. Maximum readings yesterday ranged from 106 at Presidio, Tex., to 46 at Lake View, Ore.

REGISTRATION MARK

BEAUMONT, June 13. (AP) — A new peacetime registration record was posted at Lamar College yesterday when 416 students signed for summer school, an increase of 75 students.

Girl Scouting Help Teach Basic Value

By DAVID TAYLOR MARKE
(Associated Press Staff)

Childhood is the time when the most important decisions of our lives are made. There are people and events and conditions to guide us. From them we develop values and decide what things in the world really matter. These decisions give our lives a basic direction which through the years, helps us to become the persons we are now.

About a million and a half girls, aged seven through seventeen, are members of the Girl Scouts of the United States of America and the Camp Fire Girls, Inc. They are guided by their primary objectives —the development of good human relationships and the ability to develop aptitudes as well as attitudes that make such relationships possible. Both organizations also recognize the need for wholesome, leisure-time activities for girls.

These worthwhile organizations and activities are brought in focus by two booklets, "The Girl Scouts in 1950," and a "Handbook for Guardians of Camp Fire Girls." Each, in its way, is trying to help build a better world. Each seeks to perpetuate the spiritual ideals of the home and to aid in the formation of habits for health and character. And each is trying to project these attributes on the larger plane of community and nation.

From Blue Bird and Brownie Scouts, through Camp Fire Girls and Girl Scouts, through Horizon Club members and Senior Girl Scouts both booklets trace the development of young girls to womanhood-adults who can respect the rights of others and work willingly with them; who are resourceful and self - reliant; who have imagination and courage; who try to live according to their belief in the fatherhood of God and the brotherhood of man.

Despite these fine objectives and accomplishments, say the Girl Scouts, only one girl in twelve of scout age becomes a scout. "If you, who read this report" says Mrs. C. Vaughan Ferguson, their president, "believe that there can be a better world, will you help to extend Girl Scouting to some of the thousands of girls who want and need it?"

Evangelists Will Conduct a 2-Week Tent Revival Here

A large tent on the corner of Avenue Y and Twenty-fifth Street will house a revival which will start at 2:30 o'clock Sunday sponsored by the Rev. Henry G. Spraggins of Fort Worth and the Rev. Claude M. Sailhamer of San Antonio, evangelists.

Mr. Sailhamer will speak at 9 o'clock each weekday morning, and Mr. Spraggins will preach at 8 o'clock each week night. There will be no services at the tent during the hours of regular Sunday morning and Sunday evening worship. Instead, a service will be held at the tent at 2:30 Sunday afternoon, and an echo rally will be held at 9 o'clock Sunday night.

Mr. Sailhamer began a daily broadcast over KSNY at 7 o'clock yesterday morning. The broadcast will continue for the next three weeks. The meeting is planned to continue two weeks.

Mr. Sailhamer, former recording artist singer for RCA Victor, will render a solo at each evening service.

The song services will be directed by Bill Poe, with James Patrick playing the piano.

WEEK-END ARRESTS

Snyder police made 36 arrests Saturday and Sunday, all on charges of drunkenness or drinking in public except one, according to police department records. One person arrested on a charge of driving while intoxicated was referred to county court.

Philosopher Tells Why Dixie Resents Race Issue Meddling

Dr. Howard Odum exhibits a prize Jersey Bull.

CHAPEL HILL, N. C. — Nothing baffles the Yankee so much as southern resentment over "meddling" in the race issue. Why?

Dr. Howard W. Odum, a big, friendly and rumpled professor at the University of North Carolina, has been giving the matter some thought for the better part of 50 years.

As a result Dr. Odum has come to be recognized generally as the foremost authority on the south and its problems.

Dr. Odum puts it this way: "A Protestant might go to a Catholic and say, 'Look here, you are doing more to hurt Christianity that anyone else.' The Catholic, quite naturally, would be resentful.

"The same thing applies here," Dr. Odum continued. "The Yankee might say to the southerner, 'You are doing more to hurt democracy than anyone else.' Now he might be right, but there would be resentment."

For those extremists, north and south, Dr. Odum has this message:

"It is provencial to argue segregation when the nation outside the south has decided it will not even negotiate on any basis but the elimination of segregation, and the south insists the matter isn't even a subject for debate.

DIAGNOSES IMMATURITY

"The southern Dixicrats reflected immaturity when they set up as a standard of voting for a President how you felt about segregation.

"Some of the nation's intellectuals are so immature as to assume that age-old race prejudice and religious folk conflicts have been put on purposely like a garment—and that a simple edict from Congress will cast off the garment and make the people over.

"Many southerners are so naive as to assume the south can continue in an isolation which takes place in its segregation economy in a changing world.

The doctor concluded there were hot-headed folk who retarded progress and that these often were matched by those who, "crying peace and brotherhood," set the stage for class conflict.

HE PREACHES GIVING

It would be best, said Dr. Odum, if these folk would settle down and approach the whole task of finding a solution in a spirit of giving up something.

As for the rest of the picture, the author of the exhaustive "Southern Regions of the United States" explained that back in the decade 1920-30, there was every evidence that the south was being reintegrated into the nation.

But then, he continued, a strange thing happened. There was a revival of the old sectional conflict during the depression and again during World War II.

"The revival of the term 'The South' came about in two ways. One was typified in the now noted slogan that the south was the nation's economic problem number one. The south was 'Tobacco Road.' It was again missionary territory.

GROWTH OF SECTIONALISM

"In the second place, 'The South' came to be synonymous with conservatism, or reactionary policies due to the opposition of many southern Congressmen and state governors to new deal policies."

These sectional divisions were intensified, Dr. Odum went on, with the coming war.

"The nation realized suddenly that its ideas of the American dream guaranteed to all its citizens equal rights and opportunities. And that, while it had gone to war for global democracy, there was no such democracy practiced in the south.

"There is another factor. There may be no new south, nor new north, but there is a new Negro of great force and vitality.

What This Means

"The Negro has changed tremendously. It is not only that he has developed an important upper and middle class; it is not only that he has developed a magnificent leadership and thousands have received higher educational opportunities.

"It is not only that the Negro youth, sensing change, is minded to experiment with every type of equal opportunity. It is all this and more.

"It is as if some universal message has come through to the great mass of Negroes, urging them to draw new dreams and to protest against the old order.

"The net result is a new Negro facing the old White man and joining with the 'north'against the 'south'."

Gosser Cleared In Toledo Labor Union Dispute

By GLENN ENGLE
(Associated Press Staff)

DETROIT, June 13, (AP) —CIO United Auto Workers Vice Presidet Richard T. Gosser, center of an internal storm in Toledo labor politics, was given a clean bill of health today by the union's top leadership.

At the same time the union charged that an "employer-organized and employer-financed" campaign against the UAW was involved in the Toledo dispute.

Previously, the UAW had ousted one Gosser subordinate at Toledo and had ordered a group of striking UAW office employes to return to work.

CHARGES

The UAW's 23-man executive board, after long hearings and discussions that extended into early this morning, cleared Gosser of any wrong-doing. Gosser had been accused by a Toledo insurgent group of "dictatorship" in the 30,000-member Toledo UAW Local 12 and of mishandling union funds.

These allegations, said the board, were "reckless and irresponsible, based on rumor, gossip and hearsay and unsubstantiated by supporting evidence." It said Gosser was hte "target" for a "slanderous smear attack.

TOUCHES OFF SCRAP

The boards report contended that Gossers insistence on an areawide pension plan in Toledo otuched off an "employer-organized and employer - financed campaign aganst the UAW and its leadership."

It further claimed that "members of a minority political caucus opposed to Vice President Gosser joined the employers in their attack.

"The members of this minority group apparently saw an opportunity for good fishing in troubled waters stirred up by Toledo employers and their mouthpieces, the Toledo newspapers," hte statement conitnued.

Ex-Paris Bank Heads Enter Innocent Plea To Embezzlement

SHERMAN, June 13. (AP) — Four former Paris bank officers have pleaded innocent to federal charges of embezzlement and false entries.

No trial date has been set.

The four are Alfred Kidd, Morris Flemming, William H. Snow and Ann Marshall.

They appeared before Judge Randolph Bryant yesterday.

A federal grand jury at Tyler indicted the four Feb. 20 on 33 counts charging embezzlement and misapplication of funds and false entries.

Shivers Pleads For Action on Precinct Level

AUSTIN, June 13. (AP) — Lack of interest in political party action at the precinct level would make it "quite probable" an organized minority would gain control this year, Gov. Allan Shivers said last night.

Shivers urged in his weekly political broadcast that voters attend Democratic precinct conventions the same day as the first primary election, July 22.

He said persons who control precinct and county conventions hold the power at the state level. State conventions certify party nominees, write party platforms and select the state executive committee.

Shivers termed the state comittee "the most important political body in Texas becuase it controls and directs all of the affairs of the Democratic Party on the state level."

Qualify for National

HOUSTON, June 13. (AP) — Vernon Smith and Spiz Berg qualified for the National Public Links Golf Tournament yesterday.

Two positions for the tournament at Louisville, Ky., July 3-8 were open.

Both Smith and Berg posted 71-74—145 totals.

Scurry Leads In West Texas Locations For 35th Week

Twenty-six West Texas Counties shared locations during the last week of May for 86 tests for oil, including 11 wildcats. The preceding week listed 84 tests for oil, including 14 wildcats, in 26 counties.

Totals for the first 22 weeks in 1950 became 1,836 in proven areas and 267 for wildcats, a grand total of 2,103. This is a weekly average of 95.6 down from 96 through the twenty-first week.

Kent County led in wildcat locations with two, Dawson, Garza, Irion, Loving, Lynn, Pecos, Runnels, Schleicher, and Scurry one each.

For the thirty-fifth consecutive week, Scurry County set the pace in field starters with 13, Cochran gained 10, Ector, Pecos, and Runnels Counties six each, Andrews, Hockley, and Howard four each, Crane and Yoakum three each, Borden, Crockett, Garza, and Kent two each, Gaines, Hale, King, Loving, Midland, Mitchell, Upton and Winkler one each.

Velma Production Corp. No. 4 J. L. Green, 990 from south, 1,050 feet from east line 213-97H&TC; 6,900 feet, rotary, Diamond M field; changed location.

Strike Halts C. B. S. Video

NEW YORK, June 13, (AP) — Six Columbia Broadcasting System television shows were cancelled last night when more than 400 technicians walked off their jobs in New York and Hollywood in a contract dispute.

The negotiations involved nearly 600 members of the AFL International Brotherhood of Electrical Workers in New York, Hollywood, San Francisco and Washington, D. C.

The strike continued today with union plans to picket every CBS studio, office and transmitter in New York. Action at other cities was not decided.

The IBEW said it also had support from union scenic artists and stage hands and from the systems white collar workers.

Two leading shows cut off were "The Goldgergs" and "Studio One." Four shorter video programs also were pulled. Films and live substitutes were used to fill out the two and one-half hour interva. in the evening period.

About 335 technicians walked out in New York and another 90 in Hollywood. There, however, CBS was able to stage one of its main television shows, Lux Radio Theater, using supervisors as engineers and "mixers"—the men who handle the complex radio and television controls.

The issues are wages, working conditions and seniority.

Duffield Says Forrestal Asked No Amerasia Delay

CINCINNATI June 13. (AP) — The late James V. Forrestal's only known action in the Amerasia case was to ask that President Truman be informed of the circumstances.

This was reported yesterday by Eugene Duffield assistant publisher of the Cincinnati Enquirer, who now has possession of the late secretary of defens'e diary.

THE ENTRY

Duffield said he has found only one page in the Forrestal diary which mentions the Amerasia case. On May 28, 1945, he stated, Forrestal made the following entry:

"Major Correa reported to me that the Department of Justice has evidence to the effect that Lt. Andrew Roth has been furnishing confidential and secret documents to a man named Jaffe, head of a publication named 'Amerasia' in New York City. Jaffe has had intimate relationship with the Russian counsul in New York."

Forrestal then named the departments of government involved and mentioned the possibilities of embarrassment to President Truman in his talks with Stalin if action were taken.

"I asked Capt. Vardaman to see to it that the President was informed. . ." he noted.

NO DELAY REQUEST

Duffield insisted, "He (Forrestal) did not ask anyone to delay the case," confirming a statement made by J. Edgar Hoover, director of the FBI, in Milwaukee Sunday. Hoover said Forrestal did not ask for delays in the arrest of six key figures in the Amerasia case.

The diary came into Duffield's hands through his present service as a representative of the executors of Forrestal's estate. Duffield was an assistant to Forrestal from November, 1942, to January, 1946.

Early Action on Tidelands Oil Bill Asked in Congress

By TEX EASLEY
(Associated Press Staff)

WASHINGTON, June 13 (AP)—Rebuffed by recent U. S. Supreme Court decisions, advocates of state ownership of oil lands under the marginal seas took their fight back to Congress today.

They asked the House Rules Committee to set an early date for House consideration of a measure giving the states clear title to the so-called tidelands.

Approved already 16 to 10 by the House Judiciary Committee, the bill undoubtedly will be scheduled for House action this session.

THE COUNT

A check of the 12-man rules committee indicated at least 8 favor state control and ownership. Two are known to be against the measure and two are undecided. Chairman Sabath (D-Ill) is one of the foes of state-ownership.

The bill, similar to one vetoed three years ago by President Truman, gives the states title to the off-shore lands for a distance of three miles. In the case of Texas the state ownership zone extends three leagues, roughly 10½ miles, because of conditions under which Texas entered the Union.

The pending bill also would give the states 37½ per cent of the revenues from oil and gas leases and development from the three-mile limit (10½ miles in the case of Texas) seaward to the edge of the continental shelf.

The measure Mr. Truman vetoed would have given the federal government all revenues from this outer zone, which extends roughly 90 to 100 miles out from the shore in the Gulf of Mexico and out 5 to 6 miles along the Pacific Coast.

BIG DROP OFF

At the edge of the continental shelf the seabottom drops off precipitiously.

Sen. O'Mahoney, (D-Wyo.) suggested yesterday that off-shore petroleum operations be continued on their present basis until the issue is settled. He said he saw no prospects for Senate action this session.

O'Mahoney said he intends to discuss the matter with Atty. Gen. McGrath and then may offer a resolution designed to carry out his idea.

Under such a resolution the Interior Department would put in charge of oil and gas leasing and explorations in the off-shore areas.

Income would go to the states and federal government on a ratio basis to be worked out either by the courts or Congress.

Big Spring Falls From Fourth to Sixth in Longhorn

(By The Associated Press)

Big Spring made a drop what was a drop in the Longhorn League last night.

The Broncs lost a doubleheader to Midland, 6-2 and 4-1, to fall all the way from fourth to sixth. Big Spring lost 87 points.

Otherwise things were normal in the circuit.

Leading Odessa split a twin-bill with second-place Roswell. Ray Kenolauch won his tenth straight pitching victory of the season in elbowing Odessa to a 6-1 victory in the opener. He allowed only six hits. Roswell won the nightcap 12-5 with four home runs featuring an 11-hit attack. Clyde Bell, Cotton Lindloff, Julian Presley and Tom Jordan put the ball over the fence.

Midland licked Big Spring with three-run splurges in the fourth and fifth innings of the first game. In the after-piece Mike Bellone homered in the eighth to furnish the victory margin.

Sweetwater beat Vernon 7-4, scoring three runs on four hits and two errors in the fourth inning. San Angelo got nine runs in the ninth to down Ballinger 10-9.

FIRST GAME

Midland	000 330 0—6 7 1

Wisconsin Man Faces Charge Of Theft Here

Fred Larscheid, 56, of Green Bay and Wausau, Wis., twice fined in county court on charges of swindling with worthless checks, was charged Saturday with car theft.

Larscheid was charged with theft of an automobile which belonged to him but which had been deposited with Lloyd H. Merritt, sheriff, for keeping as security for a debt owed to Fank Reff, who had paid fines and had redeemed bad checks for Larscheid.

On May 29, Reff paid a county court fine for Larscheid of $33.50 and redeemed checks totaling $176.46.

The charge of car theft was filed according to Article 1416 of the Texas Penal Code, which states that if is a violation for one to take his own property when it has been deposited as security for a debt, unless the owner obtains the permission of removal from the person possessing the property.

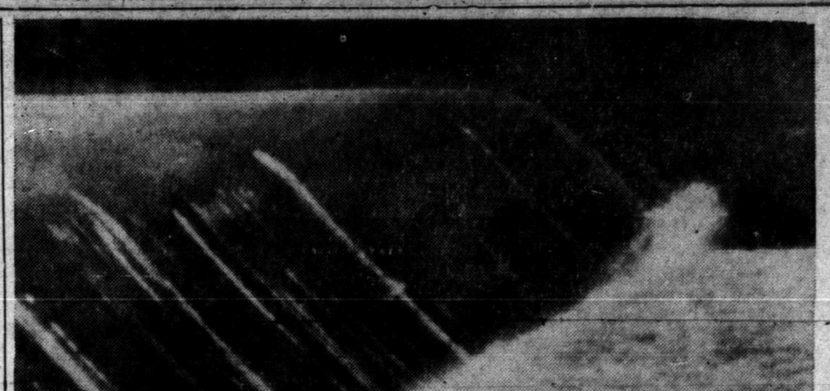

County officers said Larscheid's whereabouts were unknown yesterday.

Light Plane Speed Record Holder Back Selling Automobiles

SAN PEDRO, Calif., June 13. (AP)—Charles W. Soderstrom is back selling automobiles today after establishing a cost-to-coat non-stop flight record for light planes.

The 37-year-old airman landed at Los Angeles International Airport last night. He made the return trip from La Guardia Field, New York, in 19 hours, 23 minutes, 56 seconds.

Last week he flew from here to New York in 16 hours, 10 minutes. There is no official record for his type of plane over the routes. His mother was on hand to greet him at both terminals, having flown ahead each time by commercial plane.

CLINGING FOR THEIR LIVES—Four men cling desperately to a partially capsized cabin cruiser in the Allegheny River below a dam a few miles from downtown Pittsburgh, Penna. The four men were rescued a few minutes after this picture was taken. Four companions, however, perished in the swirling water. (AP wirephoto).

Substitute Carrier Job Is Open At Post Office Here

An examination for filling vacancies in the Snyder post office in the position of substitute clerk-carrier was announced yesterday by the Civil Service Commission. Salary rate for the position is $1.31½ an hour.

To be eligible to take the examination applicants must reside within the delivery of the post office or be bona fide patrons of it. Application forms and additional information may be secured from the post office or from the Regional Director, Fourteenth U. S. Civil Service Region, 210 South Harwood Street, Dallas 1, Texas.

Hospital Notes

Admitted yesterday to Snyder Hospital Clinic were:

Herschel McDonald, Clairemont Route, Snyder.

Mrs. William Orbin Williams, Blue Top Tourist Court.

Charles Frederick McMannis, Trailer Village.

Justin Proctor Morgan, Fowler Trailer Court.

Mrs. Melvin Hodges, 1011 Twenty-fifth Street.

Samuel Nolan Crosby, Colorado City.

Melvin Lloyd Tate, 1411 Twentieth Street,

Earnest Turner, Fluvanna.

Mrs. Herman Cisco Moses, Arah Route, Snyder.

Eugene Monroe Murphy, general delivery.

James Monroe Steele, general delivery.

Mary Faye Lambert, Hermleigh.

Discharged yesterday were:

Christal Coalman Sellars, Knapp.

Mrs. Tommy Lee Camfield, Ira.

Ambrose M. Glynn, 309 Twenty-fifth Street.

Mrs. Cassell Kirk, Dallas.

Mrs. Tilmon David Ansley, 905 Twenty-seventh Street.

Patrick Henry Carroll, Danbury, Tex.

Julius Wayne Gibson, general delivery.

Fay Ellison, general delivery.

Argentine Official Has No Comment On Financial Activity

HOUSTON, June 13. (AP) — Argentine Ambassador Jeronimo Remorino had no comment today on financial negotiations between the United States and Argentina.

"Our diplomatic and economic problems are running as smooth as silk," Remorino said at the municipal airport, "but I'm happy to say finances are outside the field of diplomatic politics."

Two Safe When Plane Crashes in Field

HOUSTON, June 13. (AP)—An Ohio plane made a crash landing in a rain soaked field last night without injury to its two occupants.

C. G. Shinkle, 43, of Bethel, Ohio, the pilot, said he ran low on gasoline. The single-engine plane nosed over in the field but Shinkle and his step-daughter, Jeanette, 15, were able to walk away.

Women Golf Stars To El Paso Meet

EL PASO, June 13. (AP) — Polly Riley of Fort Worth, Pat Garner of Midland and Mrs. Frank Goldthwaite of Fort Worth heads entries in the Women's West Texas Golf Tournament tomorrow.

Mrs. Goldthwaite is the defending champion.

Match play starting Thursday with finals Sunday.

WHY YOU DON'T HAVE WORMS

DAVIS, Calif. — (AP) —Only about 25 of the 250 kinds of worms that infest domestic animals have been found in people, reports Dr. James R. Douglas of the College of Agriculture here. Four of the 25 can be considered normal human parasites, he says.

There are two reasons why so few animal parasites have moved in on the human race, he believes. The first is that man comes into contact with them infrequently. Second, most of them have become so well adapted to animals, through long residence, that they are not capable of establishing themselves in man.

Technical Aid to Backward Nations Sure to Reach Goal

By MAJ HARRELSON

LAKE SUCCESS, June 13.(AP)—Despite a Soviet boycott, the United Nations conference on technicla assistance to backward areas appeared sure todya to reahc its goal of $20 million.

As the worldwide meeting moved into its second day, 15 nations alreday had pledged $16 million and the United States was ready to give another $2 million if the other countries would contribute $2 million more.

Alhtough most of hte large countries already had made their pledges, UN officials said they expected contributions from at least 15 to 20 other countries. Fifty-one nations attended the opening session of the three-day meeting.

The opening day was mraked by two significant developments apart nouncing contrbiuitons:

1. Russia and eight other Cominform countries boycotted the meeting in protest against continued presence of Chinese Nationalists delegates at the UN. Yugoslavia, only Communist member present, tried unsuccessfully to get the conference to invite Red China.

2. Many delegates to the conference, as well as UN Secy.-Gen. Trygve Lie, praised President Truman for giving the expanded technical program impetus by announcing his support in the famous "point four" of his 1949 inaugural address.

Corpus Smashes 20 Hits in McAllen Game

(By The Associated Press)

Corpus Christi's Aces had breathing room in the Rio Grande Valley League today. They were a half-game ahead of second-place Harlingen.

Corpus Christi swamped McAllen 17-9 last nihgt smashing 20 hits. The losers got the homers, however. Meme Vasas, Roy Switzer and Joe Wisnewski parked the ball for McAllen.

Del Rio licked Harlingen 7-3. Del Rio got only six hits but made them count more than Harlingen's seven. Red Cowley homered for Harlingen with one on in the seventh.

Laredo and Brownsville had rain off night.

Harlingen	010 000 200—3 7 2
Del Rio	000 005 02x—7 6 1

Guthrie and Harshaney; Watling and Marmino.

Roberts Honored By Korean Army

SEOUL, Korea, June 13. (AP) — Korean army officers and men today presented a silver plaque to the man who said he had made them "the best doggoned shooting Army outside of the U. S."

Brig. Gen. William L. Rob replied with a typically erusty comment: "I thought we had this damn stuff beaten down."

Roberts, chief of the U. S. military advisory group to Korea, leaves Thursday by plane for Tokyo. He will board ship at Yokohama June 23 for San Francisco and retirement.

Johnson Sees More British-American Film Co-Operation

HOLLYWOOD, June 13. (AP)—Eric Johnston, president of the Motion Picture Producers Assn., believes that an agreement will be reached for renewal of the British-American film pact which expires tomorrow.

Johnston, just back from London, said yesterday a settlement maybe reached during a settlement month carryover period from the old agreement, which permits American producers to take a percentage of their profits out of the country.

Sparkplug Removed From Brain of Boy

NEWARK, N. J., June 13. (AP)—Nine-year-old Lamont Huntly had a three-inch sparkplug sticking out of his forehead when they brought him to city hospital yesterday.

Doctors lifted the sparkplug out in an operation that took 1 3-4 hours. It had been embedded half an inch in Lamont's skull, over the eight eye.

The boy said a school companion with whom he had refused to share a box of crackers threw the rusty sparkplug at him, and there it stuck.

POLIO

Strikes without warning. No one can predict when or where. But when it does strike it's costly. For less than 3c per day you can have FREEDOM FROM WORRY for every member of the family. This policy pays up $5,000 aggregate for all of these dreaded diseases:

Polio — Leukemia — Scarlet Fever — Small Pox — Spinal Meningitis — Encephalitis — Tetanus

Perhaps none of these dreaded diseases will ever strike your family. But you can protect the entire family for only $10.00
