Storage House Fire

The remains of the storage building tumble in flames as firemen worked to save the home of Mr. and Mrs. C. L. Cooley, 133 Temple St., next door to the burning building, Monday. Seven children were in the building when the fire started from faulty wiring. None of the children, aged 5-12, were injured. The fire burned bedsprings, automatic washer, child's bicycle and some clothing drying on a line beside the building. The building was a total loss, but the surrounding buildings were not damaged.

GRANDPA COULD BE POLIO CARRIER

Mitchell County Polio Fight Set

BY RUTH COFFEY
Record Staff Writer

If you could keep your child, your grandchildren—or yourself—from having polio, would you?

If you could do away with the chance that somebody you love could grow up straight and tall—not crippled—would you?

If you could, by just smacking your lips, help end polio's dread, would you? Would you help wipe out polio in your home, town, state, nation and world?

You can help. You can go from noon until 6 p. m. It's free. It's safe. It is, health authorities say, a must for everybody of all ages.

All Colorado City and all Lorraine doctors are getting ready to assist with and supervise the program. Nurses throughout the county will assist in Sabin's administration. So will an earnest group of public-spirited citizens.

Primary school building, Wallace School, St. Ann's Catholic parochial school, all in Colorado City will be open from noon until 6 p. m. mass immunization day. Announced time—12 noon until 6 o'clock.

Lorraine school and Lorraine Lions club building, Westbrook School, and Silver Peak School, at Silver, are other county polio vaccine centers to be open for service that day.

Children who have already had their Salk vaccine shots should take the Sabin oral vaccine, United States Public Health authorities urge. The program here has full cooperation of both state and national Health Services.

Adults who have—or have not—taken the Salk vaccine orally, doctors here point out. From three months of age through "two hundred and ninety-four years," was the way one Colorado City doctor put it.

Young adults make up one of the largest groups not fully immune, figures show.

Sabin vaccine for adults of all ages is the answer to doing away with "the carrier state," Grown-up people, most of whom have not suffered from acute polio, "can and do

DEAR OLD GOLDEN RULE DAYS

Schools Begin Term, Report Enrollments

Colorado City Schools resumed classes Wednesday. Of the town's grand total for enrollment, 1781 pupils, 148 were first graders enrolled in Primary building.

First three grades at Primary School enrolled 458 by mid-day Thursday. Hutchison School, grades four through six, now has 439 pupils.

Junior High School's total, Thursday, for grades seven, eight, and nine was 206. Colorado City High School classes for tenth grade sophomores,

eleventh grade juniors, and twelfth grade seniors are smaller, totaling 296 students.

Wallace School children, 195 enrollees, bring the town public school total to the overall figure of 1784. School Superintendent Frank W. Wilson said today.

Westbrook Superintendent Harman Parsons reported a total enrollment in Westbrook schools of 137. Forty-seven students enrolled in Westbrook High School.

Two '62 improvements at Westbrook, Parsons said, are

the school's enlarged Business Administrations courses, and the enlargement of Physical Education.

"If keeping with the President's youth fitness program, we have extended P. E. training to include daily physical education classes for pupils in all grades, including the grade school classes," Parsons said.

At Lorraine, where J. B. Cushing is school superintendent, 373 pupils started classes Wednesday morning. High School classes have an en-

CHAMBER MANAGER RESIGNS

Kendall Accepts Conroe Position

Dick Kendall, manager-executive vice-president for Colorado City Chamber of Commerce, has resigned to accept a similar post in South Texas.

Kendall, who came here from an assistant managership in Big Spring, February of 1961, will take over new duties as manager of Montgomery County Chamber. He and his family will move to Conroe, Oct. 1.

Presenting his resignation to the local Chamber Board of Directors, Kendall stressed the "wider field of opportunity" over his personal reluctance to "leave Colorado City at this particular time."

"I feel," Kendall said, "Colorado City has reached a new level of progress in the making. I believe the several new projects, new programs, and a tangible new feel of progress in both leadership and townspeople are all at an optimistic high here at this time."

Kendall complimented town

leadership in Colorado City in particular for local acceptance of the new highway bypassing the business district. Among programs now shaping up is one to celebrate the opening of Interstate Highway 20. J. Ralph Lee, chairman, and his committee are formulating plans for a celebration program when Colorado City "gets the run-around" from Highway 80's sprawling coast-to-coast four lanes.

COLORADO CITY, LORAINE GET SET

Girl Scout Heads Plan New Troops

Girl Scout troops are soon to be organized in all schools here and at Lorraine school.

Lone Wolf District of Girl Scouts, which includes Colorado City and Lorraine, has named Mrs. Austin McCloud a district chairman. Girl Scouting, once active but recently dormant here, is now in the process of being reorganized by Mrs. McCloud and a group of other interested women.

Neighborhood chairmen who have accepted nomination to new posts for Girl-Scouting are Mrs. Ben Sparks of Colorado City and Mrs. Jerry Eubanks, Lorraine.

Troop organizers ready to go to work at reorganization are Mrs. Dick Wistrand, 161 Junior High School; Mrs. Jim Edson, Hutchison School; and Mrs. John Shimer, Primary School girls.

Adult leaders who will participate in the new Girl Scout program as troop consultants are Mrs. Bill Holbert, Junior High; Mrs. Larry Kinard, Hutchison; Mrs. Jim Lacy, Primary.

Special consultants for the overall program are Mrs. Oscar E. Rhode, Mrs. Dwight Tomb, Mrs. Jim Kelley, Mrs. John Chinn, and Mrs. Curtis Latimer.

Dates for meetings to organize troops are to be announced, after school routine is better established, leaders here said this week. Meantime, Girl Scout workers are planning, District Chairman Mrs. McCloud said, to attend two training school to be held in Big Spring.

First meeting will be Wednesday, Sept. 5, from 9:30-2:30 in Girl Scout house at Big Spring for troop organization.

Girl Scout Leaders

Leaders in the re-organization of Girl Scout troops in Colorado City and Lorraine are, standing, left to right, Mrs. Ben Sparks, Mrs. Bill Carter and, seated, Mrs. Austin McCloud. Mrs. McCloud is a chairman of the Lone Wolf District.

Family Fishing Day Set For Lake Colorado City

Stay-at-homes and all welcome visitors can celebrate Monday's holiday, Labor Day, right here, plans for the fishing derby indicate.

Lake Colorado City, three or four miles southwest of Colorado City, is to be the scene of a Labor Day area fishing contest. Forty-one prizes will be given for all kinds of fishing accomplishments—or luck—in the derby.

There will be prizes for everything, starting with the biggest fish landed by Junior, Intermediate, and Senior fisherman classes. Mrs. Dick Wistrand city recreational coordinator is directing the big fish day. Everybody's invited, she says.

First and finest prize in the Family Fishing Derby, the holiday's official title, will be an overnight stay in Colorado City's Baker Hotel. That hotel stay will be Grand Prize, awarded for snaring the biggest fish of all, regardless of contestant's age group.

Grand prize includes accommodations for four persons swimming in the hotel pool, dinner in the evening, and breakfast in bed.

Another special courtesy prize should be attractive to visiting fishing talent. The fisherman who has come the greatest distance and has caught a bass weighing at least four pounds will be awarded a week-end's lodging in a modern, air-conditioned cabin at Lake View Camp, plus the use of a motor boat.

Numerous prizes in various categories are offered as bait to all the day's hook-baiters. Fishermen will be classified as to age. Midgets are fishermen from one of five years old; Junior competition will be open to boys and girls between six and 12 years old; intermediate fishers are offered prizes in the 12-17 group. All entrants 18 or over are to be classified as senior contestants.

Monday, Labor Day, cast-off or drop-hook time is 6 a. m. Registration for fishing feats in all classes will be open, however until 2 p. m. Deadline for registering catches for weighing and prize-winning is exactly 6 p. m. sharp. Prize winners will be named one hour later after judging, at 7 p. m.

Headquarters for the day's See HOLIDAY Pg. 5

Funeral service is to be held at First Baptist Church here Friday at 2 o'clock. Pastor the Rev. H. W. Bartlett will be assisted by a former pastor the Rev. W. C. Ashford of Abilene. Burial will be in Colorado City cemetery, beside the grave of her husband, under direction of Kiker & Son.

Mrs. Smith is survived by two daughters, Mrs. J. Bryan Lawless (Mary Dickson Smith) of San Angelo, and Mrs. John A. Murrell Jr. (Lena Smith) of Ft. Worth. Seven grandchildren and seven great-grandchildren also survive.

CATTLE AND FARMS AND COFFEE BREAK

Farm Tour Itinerary Includes Noon Meal

At 8:30 Thursday morning, September 6, citizens from all over Mitchell County will gather to take part in the annual farm tour for this season and this area.

Lone Wolf cooperators will be the meeting place for assembly for tour-goers. School buses will be on hand for the trip for the morning farm area visits.

At noon there will be a barbecue luncheon served to the touring group by 18 Mitchell County sponsoring business places. A coffee-coke break is being tendered at Lorraine, mid-morning.

Itinerary route of the tour, a yearly affair, includes inspection of club cafes belonging to Charles Ray and Larry Don Wallington, sons of Raymond Wallington; a visit to Buford Co-operative Gin, where Thurston Smith, manager, will demonstrate the ginning of a bale of cotton from trailer to bale.

From there the tour will travel to Lorraine, by a route not yet chosen. Coffee and soft drinks will be served in downtown Lorraine at the Lorraine Drug Store. Time for that relaxation break and Lorraine courtesy will be 10:30 a. m.

After refreshments the tour will be resumed. Mitchell County areas south of Lorraine, the Bauman area, down

Farm to Market Road 644, to southeast of Colorado City, and the Looney area are on the cross-country agenda.

Farm tourists are expected to arrive back at Lone Wolf cooperatorium at 12 noon. Clyde Backalew, in charge of noon-time barbecue service, is preparing for 150 persons, leaders of the program said today.

Sponsored annually by Mitchell County Soil Conservation District the '62 tour is one of a series initiated jointly by the SCS Board of directors, the Agriculture committee of Colorado City Chamber of Commerce, Extension Service office of the County agent, and Farmers-Home Administration here.

M. A. Dunnahoo is chairman of the SCS Board of Directors with Roy A. Carey, W. W. Hestee, Warren Anderson, and Rex McKenney as committee members.

Steering committee for the farm tour is headed by Allen V. Sheppard, Work Unit Conservationist in the SCS office for this district. Working with Sheppard are Buddy Logston, County Agent; John M. Russell, FHA; Dick Kendall, Roy A. Carey, Joe Bell, Porter Richardson and J. W. King as publicity committeemen.

At the noon barbecue no formal program is planned beyond recognition of visitors

and public acknowledgement of county businesses sponsoring and financing the Western-style meal for the touring group.

An Extension Service College Station agronomist has been invited to discuss the subject of root rot and may accept, however, a steering committee member promised Thursday.

Water problems, conservation of water in this area's watershed, farm animals, and farm problems in general will highlight informal observations throughout the morning tour.

Sponsoring the barbecue feast here are Farmers Gin and Supply Co.; Producers Co-operative; Concrete Gin; Swift Gin; Lone Wolf Electric Cooperative; Buford Co-op Gin; Colorado City Feed and Seed; Costin Implement Co.; Mitchell County Implement Co.; Walker-Carter Implement Co.; and Griffin Truck and Tractor Co.

Lorraine sponsors are Coop Gin No. 1; Co-op Gin No. 2; First State Bank of Lorraine; Royce Mahon Feed and Seed; Walker Motor Co.; B. W. Thitt Implement Co.; and the Galt Gin, Lorraine.

All business men of this town and surrounding communities and all this area's farmers, farm owners, and

BACK-TO-SCHOOL TIME ALMOST HERE

Local Students Prepare For Year In School or College

As September draws near, many of Colorado City's junior citizens prepare for another year of schooling. Students on the high school level registered at the local school, August 15, 16 and 17. Classes started Wednesday. The student enrollment this year at the high school is 281.

Students above the high school level will be leaving for study in colleges and universities. Many must leave early for college football practice, sorority or fraternity pledges or other reasons.

BOBBY (RED) LEMONS will leave this week for Sul Ross College in Alpine. He will immediately begin football practice. College classes begin Sept. 8. Bobby is a sophomore student at the college, majoring in Physical Education. He is the son of Mr. and Mrs. G. C. Lemons, 931 E. 16th St.

BRENDA BUTLER will leave Sept. 17 for North Texas State University in Denton. Classes will start Sept. 18. She will be a junior student, with a major in Elementary Education. She is the daughter of Mr. and Mrs. C. E. Butler, 509 E. 15th St.

Enrolling this year for her senior year of study at North Texas State University in Denton is **ROSEMARY THOMAS**, daughter of Mr. and Mrs. Luke Thomas, 932 Elm St. She will leave Sept. 7 and classes will begin Sept. 19. She is an English major.

CLINTON (BUDDY) COMPTON will leave this week to begin football practice at Sul Ross College in Alpine. College classes will begin Sept. 8. Buddy is the son of Buddy Compton, Sr. He is a sophomore student with a major in Physical Education.

Leaving Sept. 15 to begin his sophomore year of study at North Texas State University will be **TOMMY HUMPHREYS**, son of Mr. and Mrs. Pete Humphreys 1620 Locust St. He will be taking math courses. Classes begin at the university Sept. 17.

Howard Payne College in Brownwood will be the destination of **BOB LLOYD** when he leaves Sept. 22. Classes will begin Sept. 24. He will be a sophomore student with a major in business. He is the son of Mr. and Mrs. Robert J. Lloyd, 1128 Oak St.

South West Texas State College in San Marcos is the school **DOUGLAS HODGES** has chosen for his sophomore year of study. He visited the school this week to plan his courses. Classes will start Sept. 17. He is a pre-med student. He is the son of Mr. and Mrs. Ben Hodges, 1013 Locust St.

JIMMY COSTIN will leave September 15 for Southern Methodist University in Dallas. Classes will start Sept. 17. He will be a freshman student with a pre-med major. He is the son of Mrs. J. C. Costin, west of city.

Princeton University in Princeton, N. J. is the chosen institution of **MIKE ROBINSON**. He will leave Sept. 13 and classes will begin Sept. 17. He will major in Mechanical Engineering with some petroleum courses. He will be a freshman student. He is the son of Mr. and Mrs. Glenn R. Robinson, 898 E. 8th St.

Beginning her freshman year of study at Texas Christian University in Fort Worth this year will be **LINDA CHESNEY**, daughter of Mr. and Mrs. Gus D. Chesney, 1742 Locust St. She will leave Sept. 8 for sorority pledge week. Miss Chesney will major in Elementary Education.

Beginning his junior year of study at North Texas State University in Denton will be **MACK COKER**, son of Mr. and Mrs. Tom Coker, west of city. He has also attended McMurry College in Abilene. Classes will begin Sept. 20, and Mack will leave Sept. 1. He is an Industrial Arts major.

PATRICIA KUHN will be starting her sophomore year of study Sept. 17 at San Angelo Junior College. She will leave Sept. 17. Miss Kuhn is an education major and the James G. L. Kuhn, 902 E. 16th St.

Southwestern University in Georgetown is the school where **CAROLYN SHIMER** will begin her senior year of study this year. She will leave Sept. 4 and classes will begin Sept. 11. She is a chemistry major. Miss Shimer is the daughter of Mr. and Mrs. M. Shimer, Jr., 1014 E. 10th St.

Engagement Told

Mr. and Mrs. James H. Sprott of Colorado City are announcing the engagement and approaching marriage of their daughter, Carolyn Edwina, to Ernest L. Dorris, son of Mr. and Mrs. James Elmer Dorris of Bay City.

The bride-elect is a 1961 graduate of Colorado City High School, and is presently attending Commercial College in Midland. Dorris is an employee of Blume System Tree Experts of Houston.

The wedding is scheduled Aug. 31 at 8 p. m. in the home of the bride-elect's parents.

TELEPHONE TALK

By G. C. Strickland, Manager

WE MADE IT!

Whew! Telstar made it. I couldn't be prouder if I'd pushed the button that sent the satellite into orbit.

As you probably know, Telstar is the Bell System's new communications satellite. It acts as a sort of moving microwave relay tower in space. Signals from the earth are received by the satellite, amplified within it, and then transmitted back to the ground.

Everyone here at the telephone company had his fingers crossed that Telstar would be successful. After all, that little 170-pound ball opens a whole new world of communications possibilities. Voices, television pictures and data messages can now leap thousands of miles in a new and exciting way.

IT WASN'T EASY

Sitting back and reflecting on the many developments that made Telstar possible, three things come to mind:

1. Since the end of World War II, the Bell System has spent over one billion dollars for research and development in fields pertinent to satellite communications development.

2. Communications by satellite would be impossible without six Bell System contributions—the Transistor, the Solar Battery, the traveling wave tube, ruby masers, the waveguide, and new antennas for the ground stations.

3. The Bell System paid the National Aeronautics and Space Administration for the launching of Telstar. No one got a free ride.

I could go on and on about Telstar, but I'll just make one more comment:

I am convinced that if there's ever a better way of providing communications—we'll do it.

NEW HEARING AID

If you've ever hesitated to use the phone because you can't hear well—our Amplifier Handset is for you. A volume control switch lets you adjust the volume so you can hear easily. It's mighty handy for noisy locations, too. If you're interested, just call the business office or ask any telephone serviceman.

Call by number, it's twice as fast.

ON 92ND BIRTHDAY

W. P. Bassham Is Dinner Honoree

W. P. Bassham, 92, was honored Sunday at a luncheon in the home of his son and family. Mr. and Mrs. W. D. Bassham, The dinner was in observance of Bassham's ninety-second birthday. Lunch was served buffet style and the family gathered later in the living room to visit.

All of Bassham's sons and daughter were present. His sons are Kenneth J. Bassham of Dallas, Houston Bassham of Colorado City, Shelton Bassham of Stratton, Don Bassham of Colorado City, and Nelson Bassham of Big Spring. His daughter is Mrs. Urdia Wulfjen of Colorado City.

Grandchildren present were Tony Sue and Urdia Wulfjen of Colorado City, Mrs. Cynthia Skeen of Colorado City, Elaine Ida Jean and Brian Bassham of Colorado City and Mrs. Robert Lawson of Austin.

Great-grandchildren present were April Marie Skeen of Colorado City and Jane Ann Lawson of Austin.

Other friends and relatives present were: Mrs. Kolan Hurrell, Colorado City; Mrs. Kenneth Bassham, Dallas; Mr. and Mrs. Gene Bassham, Colorado City; Mr. and Mrs. Clyde Bassham, Colorado City; Mr. and Mrs. O. L. Hufus, Colorado City; Robert Lawson of Austin and Mrs. Ruby Hutchins of Colorado City.

PEGGY'S Paragraphs By PEGGY BELVIN

THE LAZY SUMMER DAYS filled to the brim with swimming, boating, reading, TV-watching and just plain every-day loafing are past... at least for the school-age citizens in our midst...

The most heart-warming sight in the world is a first-grader leaving Mom at home, clutching his pencils and paste, tablet and construction paper... and marching, like a brave little soldier, off to his first day of school.

CAN REMEMBER NOW my grade-school days... where I studied along with a horde of other grade-schoolers in a big classroom with high ceilings, a hardwood floor and windows that opened wide to let in the natural light of the sun and the natural smell of all outdoors.

The walls were thin enough in my grade school that we could hear the geography class being taught in the room to the right of us and the English class being taught to the left of us... all while we tried to scale the obstinate wall of long division. It was doubly hard for us... we had to learn that China couldn't be divided into 258, using a sentence diagram. But, somehow we made it, we graduated from the first grade to second, from second to third, and, all too soon, our grade-school days were over.

Can remember days when the last one out of the building when the bell rang at recess time was a rotten egg, when we used desks that carried the brand marked on them by our fathers in their school days... when we played hopscotch on the sidewalks and used the same pencil for a month.

But school has changed... classrooms are sound-proof, school supplies are mechanized, rooms are air-conditioned and the principal can listen in on the public address system when the teacher is out of the room. But, what is infinitely worse... blackboards are green...

WAS SO DELIGHTED TO LEARN that all these enduring characteristics of school days will not be lost entirely to the present school-going generation. On the first day of school this year, my kid sister got her tooth pulled.

By the second method of a string tied at one end to the sibling's baby tooth and the other clutched in the very capable hands of a second-grade school teacher...

WONDED THE FIRST MEETING of the Wolverines, pep club at the local high school, the other day. The cheerleaders demonstrated some of the skills they learned at cheerleading school. Did you know that they have a new cheer this year... called the Wolves' Twist...

WITH FAMILY AND FRIENDS

Reunion Staged In Jeff Brown Home

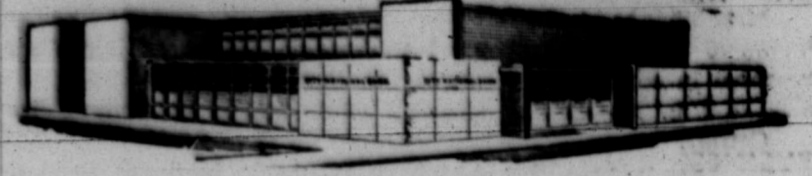

Sons and daughters, grand land, Mrs. Pat Patterson of children and great grandchildren of Mrs. Ollie C. Reid Brown met Sunday, Aug. 19, for a family reunion in the home of Mrs. Brown and her husband, Jeff Brown, 402 E. 12th St.

The all-day reunion included buffet-style meals; an afternoon watermelon feed and the showing of slides taken on vacations.

Mrs. Brown's children present were: Mrs. Ernest Nevis of Hayward, Calif.; Mrs. Gus Armstrong of Price, Utah; Mrs. Dorris Vaughn of Mid-

Odessa; Mrs. Phil H. Hayes of Midland and Bill H. Reid of Carolina Beach, N. C. Grandchildren present were Mrs. Larry A. Howell of Midland; Mrs. Bobby Blum of Lamesa; Kim Patterson, Karla Vaughan, Karren Vaughan and Timothy Reid Hayes.

Great grandchildren present were Lori Howell, Shaula Blum and Lisa Blum. Others present were Brown, Pat Patterson, Gus Armstrong, Larry Howell, Bobby Blum and Phil H. Hayes.

LEGALS L

CITATION THE STATE OF TEXAS

To: Yada Belsler, a widow; Dollie Youngs, a widow; W. T. Troegel and wife, Edna Troegel; F. R. White and wife, Iva White; Edwin Cook, a widow; Tex Whitehead and wife, Corine Whitehead; Douglas Beauford and wife, Virginia Beauford; (first name unknown) Whitehead and wife, Josephine Whitehead; Bill Levine and wife, Peggy Sue Levine, and Ollie Cook. Defendants owning interests in the hereinafter described land whose residences are unknown, Greeting:

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A. M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 24th day of September, 1962, at or before ten o'clock A. M. before the Honorable District Court of Mitchell County, Texas, at the Court House of said County in Colorado City, Texas.

Said Plaintiff's Petition was filed in said court, on the 8th day of August A. D. 1962, in this cause, numbered 7964 on the docket of said court, and styled, George H. Henley, et al. Plaintiffs, vs. H. E. Harris, et al. Defendants.

The names of the parties to the cause are as follows: George H. Henley and wife, Lucy Henley are Plaintiffs and H. E. Harris and wife, Josie Harris; Yada Belsler, a widow; Dollie Youngs, a widow; W. T. Troegel and wife, Edna Troegel; F. R. White and wife, Iva White; Edwin Cook, a widow; Tex Whitehead and wife, Corine Whitehead; Douglas Beauford and wife, Virginia Beauford; (first name unknown) Whitehead and wife, Josephine Whitehead; Bill Levine and wife, Peggy Sue Levine, and Ollie Cook are Defendants.

A brief statement of the nature of this suit is as follows, to wit: This is a suit for the partition of the following described property among the heirs of B. C. Cook and wife, Rebekah Corine Cook, both deceased, according to their respective interest, and for an accounting. All of the above named defendants own a 1/8th interest in and to said property, except Edwin Cook who owns a 1/24th, and Corine Whitehead, Virginia Beauford, Josephine Whitehead and Peggy Sue Levine who own a 2/96ths interest each. Said real estate is situated in Mitchell County, Texas, and is described as follows:

Lots 4, 5, and 6 in Block 8, of the Whites Business Division of the City of Lorraine, Mitchell County, Texas, the house thereon situated being 309 Main Street, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Colorado City, Texas this 8th day of August A. D. 1962.

Attest:
B. H. Erwin, Clerk, District Court, Mitchell County, Texas.
By Nylene Parnell Deputy.

BUDGET HEARING

The Commissioners Court of Mitchell County will hold a public hearing on proposed budget for the year of 1963, on September 4, 1962, from 2:00 p. m. to 5:00 p. m. in the Commissioners Court room in Mitchell County Courthouse.

Dwayne Foster, County Auditor

HOLIDAY ...

Continued from page 1

Derby will be City Park, east shore of the lake — the area open to all the public season in and season-out.
Other stations for registrations for fishermen and catches will be kept open from 6 a. m. all day at Cherry Creek Camp; Cooper's Cove; Hogue's Fishing Camp; Lake View Camp; Mattie's Cafe; and the Sportsman Club. These Derby sites are all shore-side camps at Lake Colorado City.

City Recreation Department, with Mrs. Wistrand as coordinator, the local Chamber of Commerce, and Jaycees are cooperating to promote fishing day. With most stores and business houses on holiday for Labor Day, the fish contest is being offered, jointly, as a sort of stay-home-and-go fishing event for holiday celebration.

Colorado City merchants have donated the 41 prizes listed as being offered. Among possible winners can be a trophy for the oldest fisherman catching a fish of any size, and the youngest fisherman who gets a fish.

Largest bass will merit a prize, and so will the longest string of bass. Largest cat fish, and largest string of cat fish get trophies or gift certificates, as will the biggest carp, biggest string of carp, biggest crappie, biggest string of crappie; largest bream, largest string of bream.

Two of the "little women" will win permanent flower arrangements — one for the biggest bass, another for the woman fisherman catching the biggest cat fish.

Prize donors include: G. D. Foster Insurance and Loans, Blossom Shop, Marshall's Variety Store, Bernie Grable, E-Z Way Superette, Sports Shop, Jay Adams Chevrolet, Sam L. Majors Jewelers, Root Memorial Hospital Colorado and Gravel, Craddock-Witten, Clark Lumber Co., Kirshbaum's Appliance, Fuller Foods, Max Berman, Anthony's, Berry-Fee, Mary's Flowers.

Other prizes include Station Wagon Air Mattress—Corner Drug, Knit Shirt—Landau's Fishing rod—Earl Taylor, Reel—White's Auto Store, Ice Tea Maker—Colorado Drug Company, Insulated coffee cups—Taylor Hardware, Garden hose—Roberts Butane, Free car wash—Bill Bloomers, year's subscription to Colorado City Record, Cash prizes will be given by The Sportsman's Club; gift certificates by the Village Grocery and J. C. Penney Company.

Lake Colorado City, with its long meandering shoreline, is known throughout West Texas and New Mexico as one of the state's finest fishing lakes, the Derby's sponsors and boosters point out to all area citizens who look forward to Monday's holiday-at-home and a day at Lake Colorado City.

TOUR ...

Continued from page 1
cattlemen are invited by the sponsoring Agricultural agencies, local Chamber, and non-time hosts to join the party for the tour.

Farm tour-takers are asked, Sheppard added today, to make reservations for the noon barbecue Chamber of Commerce office here and Royce Mahon Fowl Store in Lorraine may be called to assure reservations for the dinner.

GIRL SCOUTS ...

Continued from page 1
attend another school session, to be held Wednesday, Sept. 26, also at the Big Spring Girl Scout house.

In a meeting in the Terrace Room, Baker Hotel, leaders here heard Judy Kincaid of Silver give an informal report of the National Girl Scout Round-up she attended this summer in Button Bay, Vermont. Mrs. George Fugate and her daughter Karen Fugate described Girl Scout activities in Silver, where the organization is active and growing.

Sept. 24, a CBS television show will feature National Round-up from 9 until 10 p. m. on stations in this area.

JAYCEES ...

Continued from page 1
campaign when seat belts in use prevented injuries to riders," Conley concluded.

Drew Ballard was publicity chairman for the project. Among publicity attention-getters were two wrecked cars, supplied and taken to downtown areas by Jay Adams. One wrecked vehicle was backed by a Jaycee seat belt sign on Court House lawn. The other was placed on Second St.

Colorado City Record, Thursday, Aug. 30, 1962 Page 5

KENDALL ...

Continued from page 1
unique historical attraction of Colorado City, colorful old cow town and cattle shipping center, are to be erected with funds, already given by merchants and businessmen, between now and celebration day.

With Roy Bates as Chamber chairman and Charles C. Thompson heading the industrial development team, town leaders are actively, if somewhat quietly, seeking new industry.

Bob Carver, president of Colorado City Chamber appointed a screening committee early this week to begin accepting applications for the post to be vacated by Kendall Sept. 30. Committeemen are Joe Bell, G. D. Foster, Dr. William S. Rhode, Bob Reilly, and George O. Witten, with Carver as ex-officio chairman.

Kendall is a 1957 graduate of Baylor University with major in philosophy, minors in religion and Spanish. He is a graduate of Milby High School in Houston.

Between his graduation from Baylor and military service he was an assistant in San Angelo's Chamber staff. After two years USAF duty at Lackland AFB, San Antonio and at McConnell in Wichita, Kansas, he accepted the Big Spring post.

Among local Chamber projects under his management here are the compiling of a complete industrial facts booklet about Colorado City; groundwork for development of an industrial park; farm tour for farmers and businessmen; survey of county underground water; sponsorship of Mitchell County Fair.

The Chamber has also sponsored resurfacing of Highway 90 through town on Second St.; helped advertise Lake Colorado City; held membership drive increasing Chamber income by \$1500 annually and membership by 90 members.

Chamber office acted as coordinator for United Fund drive here, sponsored a "Know Your Teacher" banquet, and a "Know Your Candidate" luncheon rally, during Kendall's tenure.

SUNDAY IN COMMUNITY CENTER

Mr. and Mrs. J. P. Smith Observe Golden Anniversary

Mr. and Mrs. J. P. Smith, 749 E. 6th St., were honored Sunday for a golden wedding anniversary reception in Community Center. The couple's

sons and daughters hosted the affair. Hours for the fete were 2 to 5 p. m.

The serving table held a huge wreath of orchids, sprayed with gold glitter, and Mrs. Smith was presented an orchid corsage. The wedding cake was white with a large gold "50" on top and was encircled with gold roses. The cake and gold punch was served from crystal and silver appointments by the couple's granddaughters, Mrs. Charles Terrell of Odessa and Mrs. Alan McGuire of Garden City.

Guests were registered by another granddaughter, Miss Donna Kay Ruddick of Colorado City.

Smith was born March 9, 1885 in Correll County, near Gatesville. He is the son of the late Mr. and Mrs. M. M. Smith, one-time residents of Colorado City. Mrs. Smith is the former Julia Birmingham, daughter of the late Mr. and Mrs. W. R. Birmingham, also one-time Colorado City residents. She was born April 15, 1891 in Bethany, La.

He moved here with his family in 1905, settling near Buford. The family were charter members of the Buford Baptist Church.

Mrs. Smith moved to Mitchell County with her family in 1907.

They were married in Colorado City Aug. 23, 1912. They moved to Cleburne after their marriage, where they lived for 2 years. They then moved to Bosque County for 2 years, and returned to Mitchell County and Colorado City in 1916. They have lived here since that date.

Smith has been an active Baptist deacon for 41 years. They have been members of the Oak St. Baptist Church for 20 years, where both are former Sunday School teachers.

The couple are parents of 4 sons and 2 daughters. Their sons are Carroll Smith, an agriculture instructor at Gatesville High School; Forrest Smith of Sterling City; Alvin Smith, a Methodist minister in Little River, Kansas; and Lloyd Smith of Colorado City. Their daughters are Mrs. Clyde Alexander of Odessa and Mrs. Lee Ruddick of Colorado City. They have 14 grandchildren.

Other relatives at the anniversary observance were his sisters, Mrs. Pearl Rucker and Mrs. Josephine Stubbs of Fort Worth, his nephews, Robbie Edwards of

Andrews and Mr. and Mrs. Emmett Edwards of Tahoka; her brothers and families, Mr. and Mrs. C. C. Birmingham of Wichita Falls and Mr. and Mrs. Roy Birmingham of Coahoma.

There were 95 guests registered during the fete. Out-of-town guests were from Lubbock, Plainview, Brownwood, Dallas, Odessa, Gatesville, Sterling City, Fort Worth, Wichita Falls, Garden City, Coahoma and Little River, Kan.

QUARTERBACK . . .

Continued from page 1

football teams, band and pep squad was the purchase of a complete renovation of a bus for school extra-curricular use. Christened the "Wolf Pack" the bus, Harrison stressed, is available for transportation for students in all school activities.

Howard Andrews and A. M. Holman won last year's awards as outstanding Quarterback members.

SCHOOLS . . .

Continued from page 1

rollment of 88, elementary classes have 236, and Loraine school for colored children enrolled 39 pupils.

Schools in the three Mitchell County towns, Colorado City, Loraine, and Westbrook will all be closed for the National holiday, Labor Day, Monday September 2. Regular classes will begin again Tuesday morning.

IN LONE WOLF AUDITORIUM

Consumer Day Program Scheduled Here Sept. 5

September 5 is the date scheduled for the consumer

day program and fashion and fall fabrics show, announced Mrs. Cricket B. Taylor, home demonstration agent. The program is to be conducted at 2 p. m. in the Lone Wolf Electric Auditorium. The program is for all homemakers in Mitchell County.

"Keys to Clothing Care," will be discussed by Dr. Graham Hard, clothing specialist Texas A & M College. Other speakers will be Miss Anna Bines, home service director of Texas Electric Service Company, Fort Worth; and Paul Boyd Hunter, Colorado City member of the National Dry Cleaners Institute.

Miss Bines will demonstrate the use of laundry equipment in relation to clothing care with new fabrics and finishes. Special problems involved in cleaning new fabrics will be discussed by Hunter.

Following the information program, a fashion show will be presented by the local clothing stores featuring new fabrics and styles. Mrs. Jene Steakley will be narrator for the show. Mrs. James E. Payne will furnish the organ music for the affair.

The style show will feature styles for younger girls, young homemakers and senior women.

The consumer day event is a special information program, designed to help meet the needs of all people in becoming better informed about the various aspects of clothing.

The program is planned by a county committee representing homemakers, consumers, dry cleaners, merchants, equipment dealers and homemaking teachers in co-operation with the county extension agent, Mrs. Taylor.

Members of the county clothing planning committee are Max Berman, J. T. Merritt and Mrs. Harry Dockrey, Doh Blasingame, Melvin Bau-

marn, Swann Taylor, Charles Maughan and Dorothy Morrison.

All women are urged to attend this program. The information program will provide a new understanding of new fabrics and their care and the fashion show will give the women in this area an overall glimpse of the new fall clothes and trends in fashion.

CONVERSATION CORNER

IT HAS BECOME more and more stylish, the last several decades, to get yourself a little allergy. Do you break out in a rash? What brings it on? Do you itch after strawberries? Tomatoes? Cat-hair, feathers, house-dust, or sunflower seeds? If so, you're allergic! And have hit upon the peak of fashion in ailments.

NOBODY in-the-know ever breaks out with the hives any more. Hives and nettle rash went out with vaudeville, kerosene oil, saaten bloomers, poetry that rhymes and songs that have a tune. They're passe'.

To be allergic, though, is quite genteel. The very word indicates the height of modern delicacy.

SCIENTISTS—including some plain vanilla doctors—will even back you up when you have symptoms proving you're allergic to certain conditions, situations, people, neighbors, or even legal spouses. Most states, however, do not recognize an allergy as fit cause for divorce.

ONE POOR WOMAN, out in California, took her allergy to court. It was some years ago, but you'll remember the ease of the wife who broke out in welts every time her husband entered the house? He was a good provider, she admitted. And she "loved him." At a good safe distance.

Doctors testified for her that it was a matter of medical record how some wives and husbands just react to each other in a violent chemical way. Well, anyhow, violent.

Courts of law, so far, are years behind the medical profession's learned findings in this matter. The judge said what amounted to "Phooey."

COMES NOW another doctor, a Dr. Samuel F. Feinberg, who sounds off on an even graver finding.

HE told a medical seminar in Miami, Florida, last

week that it now "appears possible a person may have auto-sensitivity—**allergy—to himself.**" The doctor didn't suggest a remedy.

IT SOUNDS fairly logical. We've always had that old masculine saw that goes, "Oh how I'm gonna hate myself in the morning." The cure for that one would be easy. Just early to rise and early to bed, and you'll never get up with a buzz in your head. Or go to bed at ten, arise with the dawnin' and you'll LIKE yourself at breakfast next mawnin'.

THEN THERE is the little woman who goes around sighing about this time every season, "I simply can't stand myself."

"I can't stand myself in this old summer hat . . ." Well, the cure for that is also easy as frozen pie. Any little woman can be made to stand herself. All it takes is a winter hat in summer. And a late August day spent trying on winter coats.

ANY HUSBAND who expects the wife of his bosom to wait for the first norther to start buying winter wardrobe right and left just doesn't know the first darn thing about style or feminine nature. Getting ready for the cold is just as sensible as—as canning.

It's a sign of the nesting instinct. And should be tenderly nurtured.

MILDRED MORGAN'S nest, her house at 781 East 6th St. is a place of much merriment this week. Home from England is Mildred's daughter Melba Mikke; plus T/Sgt. Mike Mikke and their children Elaine, Steve, and Billie.

T/Sgt. Mikke, son of the J. W. Mikkes of 728 Locust St. has been stationed with the USAF in England three years. His family joined him there two-and-a-half years ago. They'll be here visiting the Mikkes and Mildred until Sept. 19, when the sergeant reports for new duty in Utah.

COMPLETING the family group are the John Morgans and daughter's Linda and Janie. John was transferred by TESCO to his old hometown C. City from Sweetwater just a few days before his sister Melba and her family arrived via jet from London to New York, then by new car to E. 6th and Locust Streets. John and Helen (nee Miles, daughter of Cecil Miles) and the girls have leased the Lay Powell house on East 3rd and Vine.

ECHO LANE: That woman of perennial charm, Myrtle Wulfjen (Mrs. Sam) of 805 Walnut St., was saying, among other nice things, that she'd had houseguests last week. Her cousins Mr. and Mrs. G. P. McCressell of Corpus Christi have been here.

So have the Robert (Bob) Wulfjens of Richardson, their daughter Lucy, and son Luke. Bob and Maxine (Cradock) and their progeny swung by C. City to see his mother and Maxine's parents the Jess Craddock of 1542 Hickory St. The Wulfjens had been vacationing in Red River, Colorado.

LULLABY LANE has two little brand new voices. It's a boy for Margie and James D. Wulfjen! He's to be called James and weighed five pounds, Saturday, at Root Memorial.

The Leroy Harrises of Odessa have a new daughter, Martha Ellen, born to them here at the hospital Friday morning. Mrs. Harris is the former Betty Womack, only daughter of Dave and Wilma Womack. Leroy's parents are the Glenn Harrises of Buford.

LOCAL SEEN LATELYS were Guy and Elton Burson,

whose sons Mike and Tim both acquitted themselves so well in a First Baptist Youth program, Sunday . . . The Buster Stevens family . . . Ethel Dawson . . . Pearl Shropshire . . . Ethel Hardegree (one mis-placed Methodist Sunday morning) . . . Twins Bob and Betty Lloyd . . . Twins Karen and Sharon Nuckolls with one in pink, one in blue—no telling which was which.

Judy Bilberry and her mama Luna (Mrs. Henry H.) were looking over dark cottons for Judy's first campus days at University of Oklahoma where she'll be a junior student this year. And where she's arriving early for rush week of her sorority.

Cute Sue Mathis of Midland and her mama Linnie Thompson (Mrs. Sam) were shopping together, too. Sue and her husband Bill Mathis have a son and daughter, Kelly and Lea . . . The Jesse Fidgeon home on Elm is another happier place, right now. Daughter Mary Elizabeth (Mrs. Thomas Pendleton of Austin) came Sunday for a visit with her parents. Her Elizabeth Ann stayed with Daddy Tommy. Austin School's about to start!

WHAT WITH all schools "on the verge" . . . September standing on tiptoe in the wings ready to do her own solo—which in Mitchell County can be anything from a rain

dance to more of that hot-cha stuff . . . With days growing noticeably slimmer . . . With sweet potatoes cropping up in food markets . . . With the boy and his trumpet across the alley practicing up on the traditional Wolf Band march . . . With that little zip in the morning air . . . SOMEBODY around here had better get organized.

Thirty days hath September
Blink fast twice, and it's December.
And then it's sure as Christmas that
It's time to try on that SPRING hat.

HEART . . .

We've been saying all along that our town is something special.

There's no better example, either, than the spontaneous assistance offered the recent wreck victim, Mrs. Ross Wofford, and her family.

The way a community reacts to the situations about it determines good and bad points. And this bit of concern for the Woffords is just another way of showing our town has a "heart."

Let's keep it this way.

Henry Bilberry,
CORNER DRUG

Way Out

A perpetual avalanche is what takes place at the South Williamsport, Pa., home of Samuel Bruno. The snow melts, slides out to 2 1/2 feet and hangs on the roof suspended before dropping.

Z. T. Lassiter Is Hospitalized

Z. T. Lassiter was admitted to a Galveston Hospital Sunday August 19, where he is seriously ill. He was accompanied to Galveston by his sister, Mrs. Millie Van Horn, of Odessa.

Editorially Speaking

Family Depends On Labor Day Driver

Colonel Hamer Garrison Jr., Director of the Texas Department of Public Safety, estimates that 30 persons will be killed in some 3,000 traffic crashes during the upcoming 72-hour Labor Day weekend.

Many Texas families will take advantage of this last long summer weekend to take trips prior to the opening of school. As a result, traffic will be heavy and the possibilities of traffic crashes will be increased.

Because this holiday is so much a family affair, more people will be occupying cars. Thus any traffic accident might result in several casualties. This has been evidenced several times on Texas highways in recent weeks. During one seven-day period in August, three crashes claimed the lives of 20 persons.

Garrison, in his prediction for Labor Day tragedy, noted that during the past eight weeks traffic deaths have increased from four per cent below to two per cent above the toll for the corresponding period of last year.

"But the most alarming thing is that the number of fatal traffic accidents is now running four per cent above last year's figure," he said. "Experience has shown that in nearly every fatal accident a violation of traffic law has been a major causative factor."

In an effort to focus public attention on the hazards of holiday travel and to compile additional data which will be helpful in improving the State's traffic management program, the Department of Public Safety will conduct "Operation Motorcade" from 12:01 A. M. Saturday, Sept. 1, through 11:59 P. M. Monday, Sept. 3.

During this period, the Department will tabulate all traffic deaths in the State and will issue daily bulletins at 10:00 A. M., 3:00 P. M. and 8:30 P. M.

In an all-out effort to insure driver compliance with traffic regulations and to hold traffic crashes to a minimum, the DPS has made plans to augment its regular Highway Patrol force with some 150 uniformed officers from its other services during this three-day period. The patrol will be busy around the clock in the Colorado City vicinity.

But the solution to the traffic problem in Texas is in the hands that hold the steering wheels. All of us who drive should remind ourselves during the Labor Day weekend, and every time we drive, that the operation of a motor vehicle is a full-time job. At no other time are our loved ones more dependent upon us.

Wes-Tex Talk

A Look At West Texas Through Editorial Page Excerpts From Its Leading Weekly Semi-Weekly Newspapers.

We have known instances where football teams have liberally lost a crucial game to spite their coach. We'd say such a price is too high—a price for a moment of satisfaction.

We feel that a Republican victory in November is too high a price to pay to slap Lyndon Johnson and John Connally.

Johnson has his faults. He hasn't always been true to some of his strongest supporters. We can appreciate the feeling of these people. Johnson hasn't treated Ralph Yarborough right. We say all this in spite of the fact that we consider ourselves a friend of Johnson. He has done a lot for Texas. Congress is suffering today because we don't have the Johnson-Rayburn leadership that proved so effective in past years. And certainly, Texas is suffering.

This business of politics is a unique institution. It causes strange alignments. It sometimes causes good friends to oppose each other. It unites party members in one race, divides them in another.

Consider Sam Rayburn, for example. He and Johnson were bosom friends. We don't support either of them ever locked horns.

Yet Rayburn supported Ralph Yarborough each time he ran for office. When people always vote together on every issue, we have a dangerous situation. We have a dangerous machine. We can't afford to fall out with a fellow party member just because we sometimes differ on a candidate.

We see no reason why we can't be a supporter of both Ralph Yarborough and Lyndon Johnson even though we must differ with both on occasions.

Likewise, we see no reason why we can't be a friend of Don Yarborough and John Connally.

We think liberal Democrats are making a grave mistake if they don't support Connally in November. We don't think voting for a Republican ever solved a problem.

—TULIA HERALD

STATE CAPITAL HIGHLIGHTS

Auto Tax at Licensing Time Proposed for Texas Owners

BY VERN SANFORD

Texas Press Association

Very few cars and trucks in Texas are taxed through the ad valorem tax program.

Some counties, cities and school districts tax them, but close to 80 per cent of the vehicles go untaxed. So the Texas Commission on State and Local Tax Policy proposes that something be done about it.

An amendment to the constitution is their recommendation. They suggest an amendment exempting motor vehicles from the property tax, but allowing the legislature to tax them.

Plan is to have the legislature set up a procedure by which a state board would determine the value of all makes and models of motor vehicles. Then the county tax assessor-collector would collect a tax at the rate of \$1.50 per \$100 of market value when license tags are purchased.

Under this "suggestion," 40 per cent of the \$52,000,000 annual take would be divided among the school districts of the counties. Balance would go to the cities in accordance with their populations. County's share would be that portion represented by population outside cities.

Counties and cities would be required to spend the money only on road and street work.

Before the commission decides whether to recommend this procedure to the Legislature, a public hearing will be held sometime this fall.

SOCIALIZED INDUSTRY—A study committee on the cost of government is exploring the possibility of using convict labor to produce more of the products used by the prison system.

State spends about \$3,000,000 a year for merchandise such as soap, paint, tobacco, tires, mattresses and furniture for the prisons.

In the past, organized labor and business groups have been able to keep the state from using convict labor in competition with paid labor. But the farmers have not been so successful. Prison farms produce much cotton and other products.

SAFETY DRIVES—Two more safety drives were launched by Gov. Price Daniel.

He proclaimed September as Home Safety Month, asking Texans to "live, think and drive safely throughout September."

Also outlined was a campaign to prevent some of the 30 traffic deaths the Department of Public Safety predicts will occur over the Labor Day weekend.

Highway department got into the act, too, due to the U. S. Army's planned maneuvers for October. Highway workers will erect signs calling motorists' attention to tank and convoy crossing areas along state highways.

CARLA'S FORCE—Texas Water Commission engineers have calculated the kinetic energy released by Hurricane Carla. They figure the energy exerted over a 24-hour period is equal to 8,700 20-megaton nuclear devices.

In other words, it amounted to a 20-megaton atomic bomb exploded every 10 seconds for 24 hours.

State engineers agreed that man can do nothing about the wind involved in such great force. But they felt that man can protect the land from tidal waves.

Galveston County engineers proposed that the island city's seawall be raised six feet.

POLIO CASES—Doctors and health workers are pushing polio immunization drives.

The 1962 polio epidemic in Texas, now at 176 cases, is small compared to pre-vaccine epidemics but one case is too many.

Six cases of paralytic polio reported last week were all in West Texas with one each in Ector, Ochiltree, Potter, Randall, Tarrant and Taylor Counties.

Back-to-school booster shots were urged by the State Health Department. It said parents should check their children's vaccination records to see that they are protected against diphtheria, pertussis, tetanus, polio and smallpox.

Who Said "Senior Citizen"?

"If anyone ever calls me a senior citizen, I'll senior-citizen him right across the chops!"

That threat—from a husky, healthy man who happens to be 68 years old—is long overdue. It's about time that people quit patronizing those over 65 and get down to the fact that these people are people—not oddities or statistics.

That statement, made by a man as wise as his years would indicate, appears in a new common-sense book about the "mature" period in everyone's life—one of several now concerned with this age period of life.

These writings indicate a new concern for "Senior Citizens" (if you insist on calling them that), and for their juniors as well. For instance, it is reasoned that the problem stems from our fixation on youth and everything youthful.

It's time we gave up this sophomoric

thinking, or fixation. There are now over 17 million people in this country who are over 65. By the year 2000 that number will have doubled! This is too large a group of people and capabilities to put on any shelf—even if the shelf is under a palm tree in a sunny clime.

Today's elders represent a great reservoir of largely by-passed talent, wisdom and energy. But they do need help in adjusting to a society oriented to youth. They need advice and counsel on everything from how to spend their time usefully and profitably to how to get along with their own children and even where to live.

There's no reason for despair because you're approaching your later years. This is the time you can do the things you've always wanted to do, with the wisdom gained from maturity and experience.

LOCAL BUSINESS

Customers 'Love' Excuse to Travel

BY MADGE BELL

Record Staff Writer

A merchant may discover too late that prospective customers and a good many of his old reliables are making a 50 or 100 mile trip.

Some of the long distant shoppers may be saving only a few cents each.

Many of the travelling consumers actually lose money by leaving home to shop. Yet in some communities such buying is constantly increasing. Fine cars and super-highways—our Interstate 20 freeway—coupled with a frequent urge to "get away for awhile" encourage "save-a-nickel" excuses for making a trip.

Unfortunately, when such trips occur, more than one local customer leaves town. It's likely to be a car-pool of shoppers who make the trip. For the small city merchant, it doesn't take many car-pools to hurt business.

Just keeping prices competitive isn't enough to keep consumers in the hometown. It also should be competitive with the out-of-town adver-

tising which comes into every community through a variety of media. This means consistent advertising.

If customers and prospective customers aren't continually reminded that they may benefit from staying at home, they will find more excuses for making shopping excursions elsewhere.

Metropolitan retailers have, for long, realized that consistent advertising is more important than competitive pricing. All retail stores must be maintained by a constant influx of new customers.

Even small advertisements when consistently run in the local newspaper will continue to bring new families to a store. However, when the flow of information is blocked for any period, new consumers will go to other places which are providing them with shopping information.

Strictly Fresh

Some cigarette lighters would work better if they took their feet of the desk.

Life With The Rimples

By Les Carroll

HEALTH & SAFETY TIPS

Worst Hay Fever Is On Its Way

(Editor's Note—This article was prepared for the Record by The American Medical Association.)

Hay fever, producer of several million watery eyes, runny noses and sneezers each season, is produced by substances called allergens. One of the most frequently involved allergens in hay fever is ragweed pollen.

From mid-August to first frost is the worst season of the year for hay fever sufferers.

When the hay fever allergen enters the body it speeds up production of antibodies. These chemical policemen rush to battle the allergen and the action releases powerful chemicals. One of these is histamine. The favorite temporary remedy is an antihistamine, to combat the effect of histamine in the body.

A tolerance to pollens can be built up by injecting a dilute solution of them under the skin, says Today's Health

the magazine of the American Medical Association. The common method is to begin three months ahead of the season, and inject increasingly large doses at five-day intervals. These shots must be given only by experts. Improperly used they could cause more trouble than the hay fever itself.

Hay fever is a wide open field for the medical quack, and the sufferer will hear of a wide variety of "cures." Most of them are useless. The most common preventives for hay fever are:

Get specific anti-hay fever shots well ahead of the season.

Keep away from areas where ragweed pollen loads the air.

Air conditioning both at home and in the office, combined with good air filters, will often help.

Antihistamine drugs lessen congestion and relieve itching.

Keep your home immaculately clean and free of dust.

SHINNERY PHILOSOPHER

Space Still 2nd Fiddle to Earth

Editor's note: The Shinnery Flats Philosopher on his Johnson gross farm on Bone Hollow Creek continues unenthusiastic about outer space, his letter this week indicates:

Dear editor: A neighbor of mine was awfully depressed the other day while those two Russians were sailing through space.

"They're just too far ahead of us," he kept saying. "We debate whether our men will stay up for three or four hours, while they debate whether theirs will stay up for three or four days."

He shook his head as though all was lost and it might not even be worth while farming again another year.

Well, now, I'll tell you. It's true that ever since Columbus discovered America and opened up the best source of foreign aid Europe ever had, man has been trying to reach out and explore some more, but I'm not sure the moon will be as rewarding to mankind as the discovery of America was. It may not have the soil we've got down here.

I don't know, nobody does, but it's possible that when man, Russian or American, does reach the moon and the first wild excitement of the feat is over and he has a chance to look around up there, he may discover that

the earth sure looks good to him. May be like climbing a high mountain—once it's done, it ain't worth doing again.

Then I suppose man will try some other planet, then another, then some more, and still it's possible he won't find anything that'll come within a country mile or in space terms a million miles—of the pleasant things right outside of my front door or yours.

I'm not saying it's so, but you've got to consider the possibility that being the first man to get to the moon may not be any more important in the long run than being the first man to pole vault 16 feet. It's quite an achievement, but it has little bearing on the continuing fun of living on this fairly comfortable earth.

Understand, I'm not saying there's nothing out in space worth exploring. All I'm saying is that I have a notion that the happiest moment in an astronaut's experience is the feel of the earth when he gets back down.

It's no doubt thrilling to orbit the earth—but after three days of it, round and round, twiddling with knobs and looking out a window at nothing, it must get mighty boring, even worse than riding a tractor up one row and down another.

Yours faithfully, J. A.

Pictorial INTELLIGRAM

Check your knowledge of recent events by completing the following six statements, checking your answers with those below.

- 1—Pictured (Yuri Gagarin) (Andrian Nikolayev) was the first of two cosmonauts in orbit around earth at the same time.
- 2—Together, the two Soviet cosmonauts chafed up about 3 million miles or (10) (16) trips in the moon.
- 3—(Arnold Palmer) (Jack Nicklaus) won the American Golf Classic held in Akron, Ohio.
- 4—Two handits hijacked a U.S. mail truck near Plymouth, Mass., and got away with one and one-half (million) (billion) dollars, perhaps the largest robbery in history.
- 5—The much talked about income tax cut (will) (will not) go through this year as planned.
- 6—Pictured (Gherman Titov) (Pavel Popovich) was the second of the dual-team of cosmonauts to orbit the earth.

High Steppin' Misses

These five Loraine High School students will lead the Loraine High School Bulldog Band during the 1962-63 school season. They will march in front of the band at halftime at all football games and will lead the band in various band contests during the year. The girls are, left to right, Nancy Coffee, Loretta Tartt, Carla Britton, Joyce Lynn Furlow and Sherry Graham. Miss Britton, center, is drum majorette for the band and the other girls are twirlers.

Silver Peak School Opens, Wednesday

ANDRA CLIFTON, News Correspondent with Gus Wheeler as superintendent and a teaching staff of 10 teachers, Silver Peak School opened for the 62-63 school year, Wednesday August 29.

Teachers are Mrs. Irene Newell first grade; Mrs. Claude Walker, second grade; Mrs. Cailrine Kennedy, third grade; Mrs. Hale Kincaid, fourth; Mrs. Eloise Wheeler, fifth; Donald Grossett, sixth; Bobby Wallace is science teacher, Earl Cook, principal, teaches English and coaches basketball. Donald Swinney coaches football and teaches mathematics. Miss Alice Lane, history teacher, is also band music teacher and director.

Labor Day, Monday September 3, Silver Peak students and faculty will observe their first holiday of the term. Other holidays to be celebrated are Thanksgiving, November 22-23; Christmas, December 19; January 2; Texas State Teachers' Association Meet, April 22. School will end formally, May 24, 1963.

Honoring Mr. and Mrs. Frank Mullican who moved from Silver to Big Spring, recently, an informal community coffee was given Thursday of last week.

Barbara Bloodworth, daughter of Mr. and Mrs. Allen Bloodworth was a recent guest of her grandparents the Rev. and Mrs. Horace Bloodworth here. Miss Bloodworth is a junior student in Oklahoma State University at Stillwater, Okla.

and children of Dallas have been visitors in Silver. The Edwards family formerly lived at Silver.

Mr. and Mrs. Cecil Palmer had as recent guests Mr. and Mrs. Alvin (Sonny) Palmer. Mrs. Palmer is to be a candidate for her Master's degree in Columbia University next term.

Casper, Wyoming, will be visited by Mr. and Mrs. Clayton Bloodworth and children, Mr. and Mrs. Horace Bloodworth accompanied them. The two families will visit relatives in Casper.

Silver's Methodist Youth Fellowship held a rummage sale in San Angelo Saturday August 25, as a MYF money making project. Sponsors of the Silver MYF are Mrs. Johnnie Wall and Mrs. Charlie Greer.

Members helping with the sale project were Karen Furate, Alexis Ackerman, Susan Newell, Judy Kincaid, Cynthia Davis, Debbie Hines, Gayle Conlym, Bill Paul, Larry Paul, Keith Jones, Eddie Parker, Gene Kincaid.

Mr. and Mrs. Wilton Robertson and children visited Mrs. Robertson's parents Mr. and Mrs. Claude Walker, recently. Russ Mathews, father of Arch Mathews, is a patient in a San Angelo hospital where he is recovering from surgery.

Mr. and Mrs. Don Narrell and Dian, of Odessa, visited his parents, Mr. and Mrs. W. H. Narrell, Sunday.

Book of Life

When all has been said and tried about philosophies of life, how to be happy, or how to be a success, mankind unfulfilled elsewhere will still turn back to this book. Here indeed are the words of life. Here is a guide to your footsteps and a lamp for your path. No man needs to stumble through life as if blind; God has provided a light and it shines through this book. Go where the Book is treasured and understood, to the Church, and hear The Word for your life.

EVERYONE IN THE CHURCH
THE CHURCH IN EVERYONE

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. *Everyone should be in the Church and the Church should be in everyone!*

TEXAS A&M TO CONDUCT TESTS

Salinity Tests For Irrigators

A new service to aid farmers in combating salt problems on irrigated land has been announced by the Texas A & M College, according to County Agent Buddy C. Logsdon.

Facilities for determining quality of irrigation water and measuring salt accumulations in the soil are now ready for full scale operations, Logsdon, said.

Since all waters contain salt, a salinity threat exists to some degree in every area where irrigation is practiced.

Salt problems are most apt to occur in the Trans-Pecos, Coast Prairie, Rio Grande Valley and the Wichita Valley areas, but may exist in local areas of the High Plains, Rolling Plains, Rio Grande Plain and other sections of the state.

Salinity tests of water reveal whether it is safe to use for irrigation purposes and what management practices or soil amendments, if any, are needed for sustained production. Soil salinity tests are also important because soil types determine in many cases whether saline water is usable, the agent pointed out.

A charge of \$5.00 will be made for testing water samples and \$4.00 for soil salinity tests. Testing of soil samples for fertilizer requirements will continue to cost \$2.00.

A special set of forms has been developed for use of farmers in submitting water and soil samples for salinity testing.

Mitchell county farmers can obtain forms along with additional information on salinity testing at Logsdon's office.

Shopping Around

By Rolfe

"Do you have a late, late payment plan?"

What's in it for ME?

"I'm not a member of an electric cooperative. I don't use their electricity. They don't serve my town. What do they mean to me?"

They mean a great deal to you my friend. Their member-owners buy one billion dollars worth of appliances every year from home town merchants like yourself. The nation's rural electric systems provide a broader industrial base for national security. They provide jobs in rural areas. They create a healthier, happier community. They make farming, ranching, dairying and other rural pursuits more efficient. In short the nation's rural electrics are good for everybody.
