NUMBER 28

Football contest winner

There was a three-way tie in the Ozona Stockman's football contest this week. However, Kristal Williams emerged the winner with the tie-breaker score.

The contest may be found on the football page, and everyone is welcome to enter. Each week there is a winner. The \$15 jackpot goes to the entrant who picked the most winners each week. The tie-breaker usually decides the winner, so remember to put scores for each tie-breaker team. For a perfect entry, there is a \$50 jackpot, in addition to the \$15.

Steve Pogue makes up the contest each week, and Tom Montgomery grades the entries on Monday morning. All entries must be in the Stockman office by 5 p.m. on Friday before the weekend games.

4-H lamb feeding to start

According to Billy Reagor, County Extension Agent, local youths will begin lamb feeding projects during the month of September. Lambs will be sheared, tagged and weighed on feed the latter part of September and the show will be early in January. The exact starting date has not been set because ranchmen are still shipping lambs.

Any boy or girl between the ages of 9 to 19 who is interested in feeding lambs should contact Mr. Reagor at the County Extension office or his residence.

Budget hearing is Monday

Crockett County Commissioners Court will meet Monday at 9:00 in regular meeting and hold a public hearing on the county budget at 11 o'clock. After adoption of the budget, tax rates will be set for the year.

Estimated receipts for Federal Revenue Sharing funds amount to \$144,000. The proposed budget allots \$30,000 for Sheriff Department vehicles, \$50,000 for hospital bond payment, \$10,000 for ball park improvement and \$4,000 for paving.

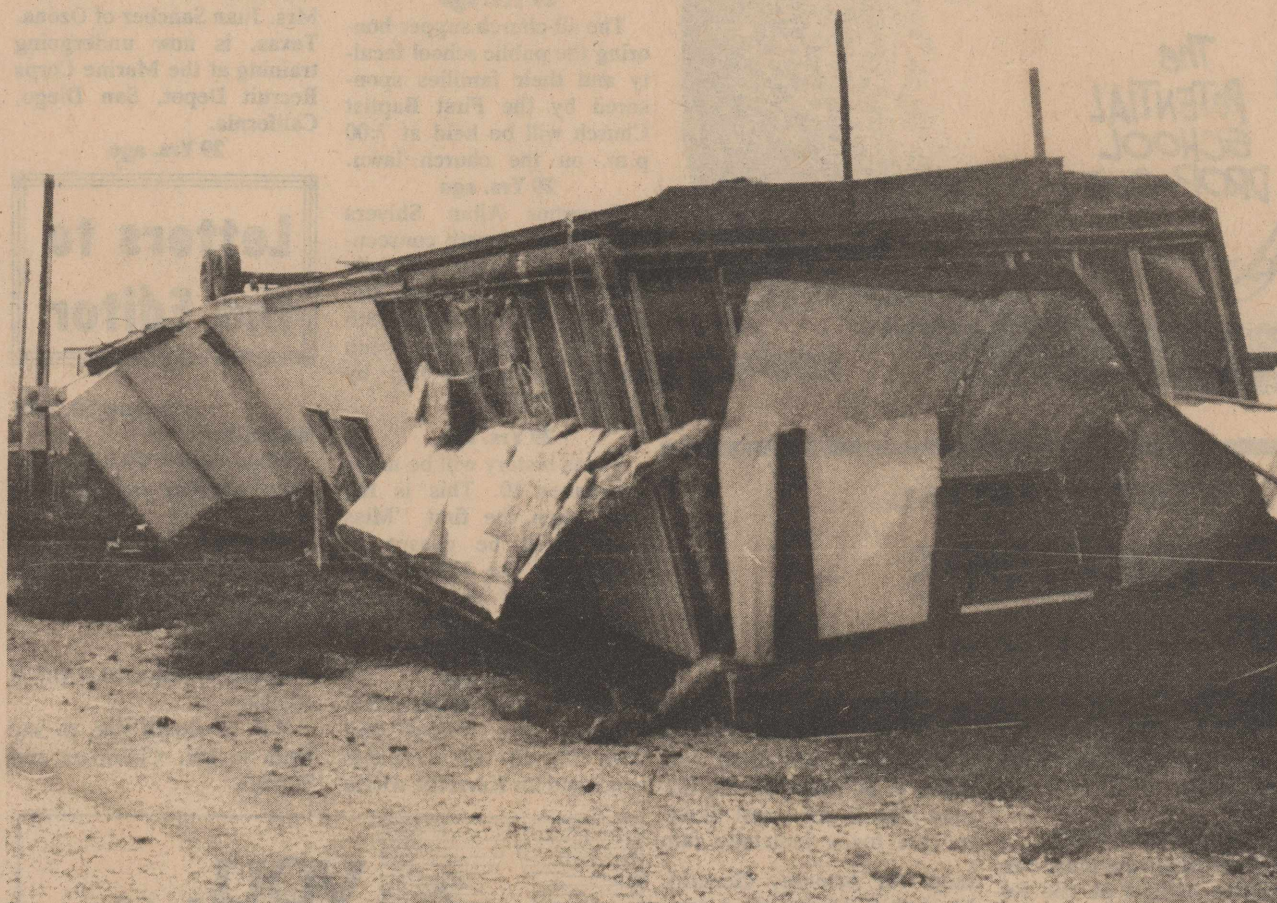

The general operating budget for 1982 including federal funds is \$4,547,528, estimated disbursements, and \$4,592,250 in estimated receipts.

The public has the right to be present at the budget hearing.

Teachers to be honored

All Ozona classroom teachers, administrators and their families will be honored by the Methodist Church congregation Sunday, Sept. 13, with a dinner in the fellowship hall of the church. Food will be served at 12:15. Principals of the various schools will introduce their teachers. Following the meal volleyball and other games will be available.

In making the announcement, Rev. Larry Bailey said "teachers deserve support and encouragement, for they provide keys to knowledge which the next generation will use to shape society. We hope this special dinner will express at least a part of our gratitude."

HIGH WINDS AND DRIVING RAIN caused several thousands of dollars worth of damage at the Circle Bar Truck Corral trailer park six miles east of Ozona Tuesday afternoon, Sept. 1. This mobile home was completely ruined

when tornado like winds picked it up and toppled it over on its roof. Heavy rain destroyed its contents after the wind storm.

Lions down Broncos in season's first game

By James C. Pagan

The Ozona Lions opened their 1981 football season Friday night in Sonora with an exciting come-from-behind victory over the Broncos, to the tune of 31-26. They managed the win in spite of the loss of quarterback Varlyn Aldridge with a knee injury.

The first quarter was uneventful and Sonora led 3-0 by virtue of a field goal.

Just after the second quarter got underway, Sonora's Jeff Brittain fell on a Lion fumble in the end zone for a Brittain fell on a Lion fumble in the end zone for a quick 6 points for the Broncos. Scott Savell kicked the PAT and Sonora had a 10-0 lead with 11:57 left in the half. However, the Lions

finally got their offense cranked up and scored twice before the halftime whistle blew. The first score came when David Badillo hit Larry Payne for 28 yards and the score and the second touchdown came on a 3-yard run by Harvey Huereca. Will Mason booted both PATs and the Lions led 14-10 at the half, much to the surprise of the hometown fans.

Sonora came back in the third quarter and regained the lead when David Buitron hit the middle for 25 yards and the Broncos score. Savell kicked the point after, giving Sonora a 17-14 lead. An intentional grounding call on Ozona quarterback Badillo resulted in a safety for Sonora and a 19-14 lead after three quarters of play.

Sonora added another score to their total when they

recovered another Lion fumble in the end zone. Savell again added the point after and the Broncos led 26-14 with 8:12 left in the game. It looked like curtains for the Lions, but they failed to yield and scored three times in the time remaining to snatch the victory from the Broncos.

The first score came when Badillo hit Payne with a 53-yard pass. Then Badillo threw a 40-yard scoring strike to Ernie Borrego. Mason added the extra points, and put the icing on the cake when a 42 yard field goal with a minute left in the game.

Friday night the Lions will

play host to the Midland Lee Rebels junior varsity. Game time is 7:30 p.m. in Lion Stadium.

Statistics were about even with the Lions managing 17 first downs to the Bronco's 22. The Lions only had 20 yards on the ground to 211 for Sonora, but out-passed the Broncos 206 yards to zip. The Lions completed 10 of 19 passes while the Broncos were 0-6. The Lions punted the ball away nine times for a 28-yard average. Sonora punted 4 times for a 37-yard average.

The Lions came out of the game in good shape. Aldridge was injured in a pre-season scrimmage with the Winters Blizzards. He underwent surgery last week and expects to be back in play when district starts.

FFA elects officers for year

Mike Couch, an Ozona High School senior, was elected president of the Ozona FFA Chapter in elections last week.

Other officers elected were Dale Perry, vice-president; Rowdy Holmsley, secretary; Will Hoover, treasurer; Terry Crawford, reporter, and Dan Bean, sentinel.

Rob Hicks, FFA adviser and vocational ag. instructor, gave a brief talk on the duties and responsibilities of the FFA officers, and noted the Ozona FFA is looking forward to this school year with pride and dignity in representing Ozona.

At mobile home park near here—

Twister causes heavy damage

A thunderstorm with a heavy downpour of rain flooded streets in Ozona late in the afternoon September 1, but a twister out at Circle Bar trailer park inflicted heavy damage on property and knocked out electric and telephone service for a time.

A large trailer home which belonged to D. D. Lewallen was lifted from its moorings and overturned at the mobile home park behind the Circle Bar restaurant around 4:30 p.m. Another mobile home had windows blown out with water damage and two double-large homes were knocked off their moorings and came to rest about three feet from their foundations. Nobody actually saw the twister. As one resident put it "it was raining so hard and under such a dark cloud cover, I couldn't see a thing."

While Ozona was deluged with 1.52 inches of rain in the space of an hour, a total of 3 inches was recorded at the Circle Bar in the same time period. The trailer home which was overturned was drenched with rain water which poured through the floor and damaged all the contents which were not destroyed when the trailer was pulled up and hurled over on its top. The storm seemed to form a pattern, hitting one mobile home, skipping two then damaging another. Although property damage was heavy, there were no personal injuries.

Firemen answered two fire calls during the storm. One, at the Bailey ranch south of Ozona and the other at Midway Lane to the north. Both fires were believed the result of lightning and the rain which followed the initial electrical storm extinguished both.

At 5:15 p.m. the official rain gauge at the water district office had recorded 1.52 inches of rainfall, amounting to over 1 inch per hour causing street flooding. Another .16 of an inch was

recorded the following Wednesday morning and an early morning shower Sunday amounted to another .10 of an inch of moisture, giving Ozona a total of 1.78 inches of rain for the first week in September.

The official rainfall for 1981 for Ozona now stands at 20.39, or 4.60 inches more than for the entire year of 1980. Some ranches south of Ozona had recorded 30 inches of rainfall before last week's storm, with all areas of the county reporting more rain than for Ozona proper.

A total of 1.18 was recorded in January of this year with 3 inches of snow. February added another .26 of an inch of rain. Usually windy

March came up with 2.37 inches and the bottom fell out in April with 6.39 inches recorded. May was another wet month with 4.18 inches of rain. Another 2.65 inches fell in June and rainfall fell off in July with only .36 of an inch recorded. August was on the dry side with 1.22 inches of rain, and it seems September is off to a good start.

The summer heat, which Ozonans usually suffer through September, seems gone and there is a definite feel of "fall in the air." Although more hot weather can be expected before the month's end, most forecasters are predicting an early fall.

Ozona man killed in truck rollover

Raymond Lee Clark, Jr., 25, was killed about 5 p.m. Wednesday when the tank truck he was driving overturned on Howard Draw Road about 16 miles west of Ozona. Clark was an employee of Merck's Transports of Eldorado. He was pronounced dead at the scene by Justice of the Peace A. O. Fields.

Funeral services were held Friday at 2 p.m. at First

Baptist Church with burial in Cedar Hill Cemetery.

Clark was born July 15, 1956, in Seguin.

Survivors include his wife, Peggy, of Ozona; a daughter, Amy Lynn Clark of Ozona; a son, Rusty Lee Clark also of Ozona; his parents, Mr. and Mrs. Raymond Clark of McCombs; two sisters, Donniece Stover of Valentine and Molly Willis of Marfa, and a brother, Matt Clark of Mason.

List of registrants posted in courthouse

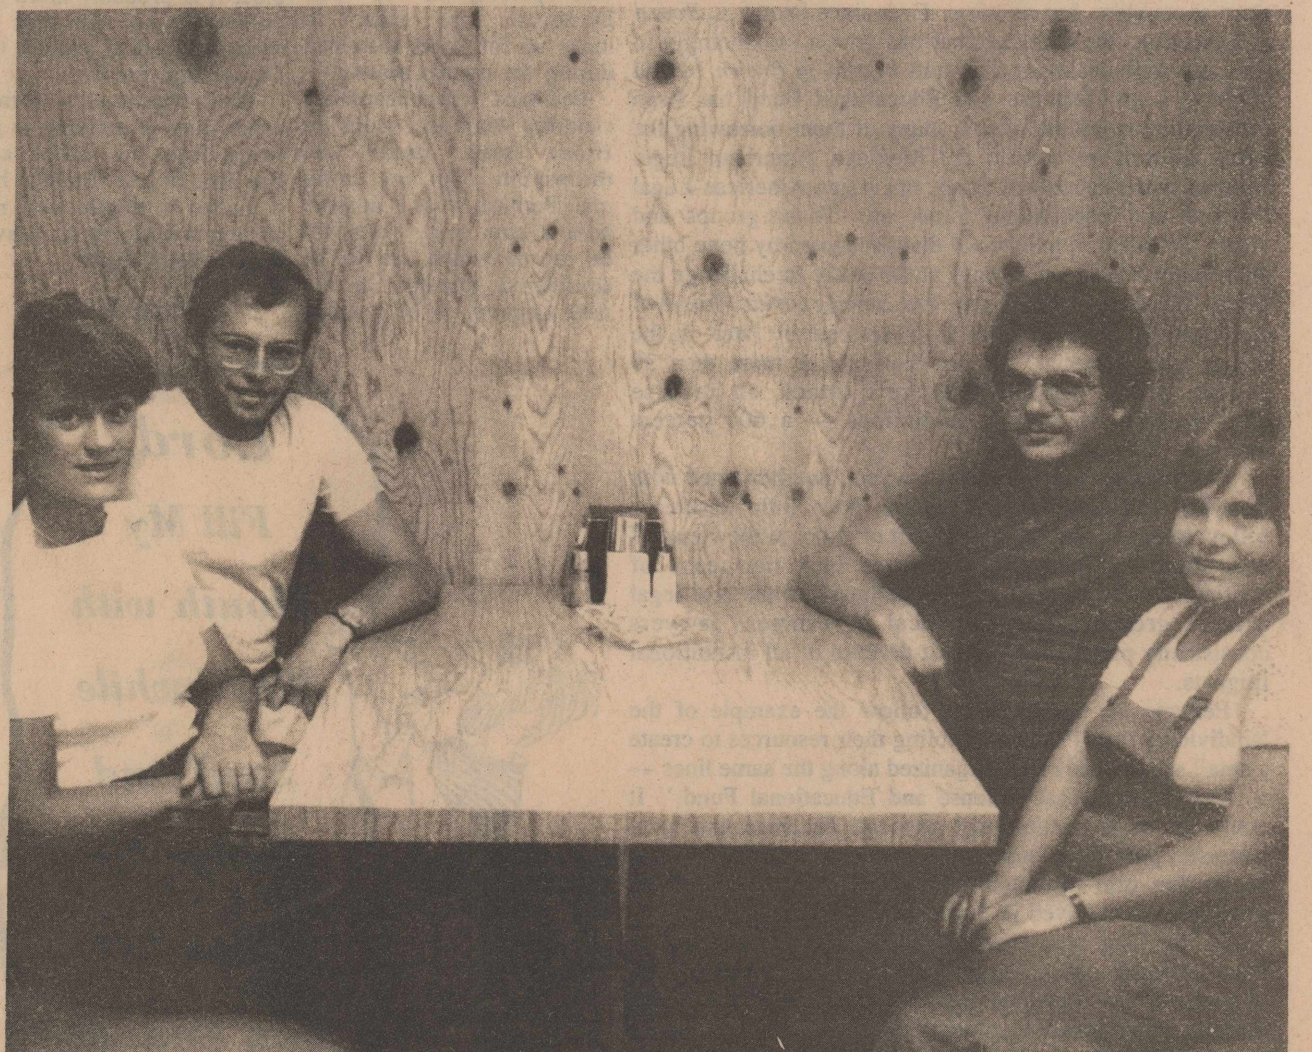

A list of Selective Service registrants born in 1962 and the first part of 1963 has been posted in the Crockett County Courthouse.

According to Colonel Paul Dean Aikin, the State Director of Selective Service for Texas, the Military Selective Service Act requires that the names of Selective Service registrants be posted in a public place within each local board area.

Local Board tentative assignments have been made based upon the zip code of the registrants permanent home address.

Colonel Aikin says the law (the Military Selective Service Act) requires that the names of Selective Service registrants be posted in a public place within each local board area.

Currently, men born in 1963 are required to register within 30 days before or 30 days after their eighteenth birthday. Registration forms may be completed at any United States Post Office.

GERMAN COUPLES VISIT OZONA-Katie Maney entertained visitors from Munich, Germany, last week when her niece and her husband, right, Mr. and Mrs. Konrad Hohentanner, came with friends, Mr. and Mrs. Bertold Vosseler, for a visit with Mrs. Maney and a tour of the

western states. It was the first visit to America for the foursome and they were impressed with the wide open spaces. Mrs. Maney came to Ozona from Germany as a war bride after World War II.

JUSTICE ISN'T ALL THAT BLIND

By Edwin Feulner

The nomination of a woman to the Supreme Court is in itself an historic event, to be sure. But feminists and conservatives alike who are debating the track record and ideological purity of Sandra Day O'Connor are perhaps imbued with unrealistically high expectations about what a Supreme Court Justice can do.

Whether or not Judge O'Connor is a "strict constructionist," ready to curb the tide of judicial activism, may well depend more upon who does the arguing before the Court than upon what type of judge is doing the listening.

Seven of the nine Justices now on the Supreme Court were appointed by Republican Presidents, three of them by President Nixon after an exhaustive search for "strict constructionists." Despite this, from abortion to the death penalty, the justices of the Burger Court have shown a remarkable ability to see their own values enshrined in the Constitution. Or perhaps more to the point, the justices have allowed the *judicial activism establishment* to persuade them that these values are denigrated or denied by certain state or local laws.

An often overlooked reason for the Supreme Court's judicial activism of the past two decades is the fact that those who want an activist court have out-lawyered those who don't.

Times are a-changing, of course, with the establishment during the 1970s of an effective network of conservative public-interest litigating centers. But much of the damage already had been done.

Since 1970, for example, the Burger Court has found more than 170 state laws unconstitutional. In countless landmark rulings, the case for judicial restraint has been made by a lonely, overworked lawyer for a state or local agency. Standing on the attack, however, has been an army of high-profile professional legal activists — who see class-action suits as a sure-fire remedy for every ill — real or imagined — in our society. And well they should, since they have had a remarkable record of success.

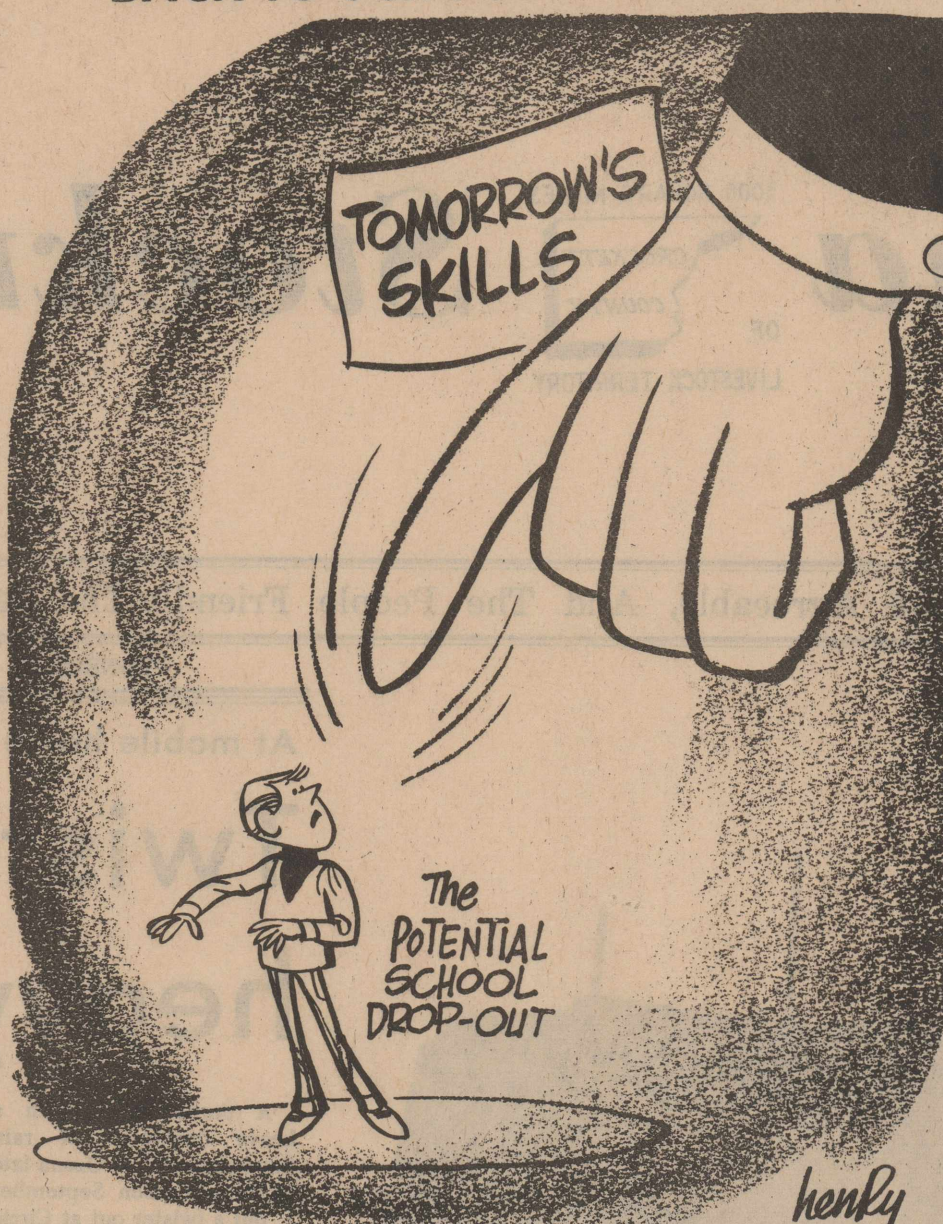

Government bodies may have once had an edge in these court encounters, but no more. Ever since *Brown v. Board of Education*, the advocacy bar has grown astoundingly in size and sophistication. The trail blazed in *Brown* by the NAACP Legal Defense and Educational Fund has been followed by countless others, many of them borrowing the name as well as tactics: the Mexican American Legal Defense and Educational Fund, the Asian American Legal Defense and Educational Fund, etc. These groups and others like them, a number of them spawned by none other than Ralph Nader, are always at the ready to challenge the Court. Whereas in *Brown* only five *amicus curiae* (friend of the court) briefs were filed, a quarter century later, in the *Bakke* case, advocacy groups churned out more than 35 *amicus* briefs opposing *Bakke's* attack on reverse discrimination in college admissions — a 600 percent increase.

State and local government lawyers, overburdened with everyday litigation in local courts, have little leisure to follow trends in the Supreme Court or shifts in the views of individual justices. Because they lack the sense of continuity or strategy that is the hallmark of the best legal activist groups, state and local government lawyers consistently present the weakest defense of all institutional litigants.

Perhaps the states should follow the example of the "individual rights" bar by pooling their resources to create a small specialized office organized along the same lines — a "Federalism Legal Defense and Educational Fund." It could act as an institutional advocate for state and local interests, providing legal advice, filing *amicus* briefs, and presenting oral argument on behalf of state and local governments involved in Supreme Court cases.

In the long run, evening up the balance of talent in constitutional cases might have a larger influence on Supreme Court decisions and on the course of the nation than any appointment President Reagan could make. Justice may be blind, but she knows good talent when she sees it. (Feulner is president of The Heritage Foundation, a Washington-based public policy research institute.)

BACK TO SCHOOL! -- PERIOD!

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—The Texas Supreme Court last week upheld a lower court ruling which threw out the redistricting plan for the Texas House of Representatives.

Immediately all eyes turned to the Redistricting Board, provided in such emergencies by the Texas Constitution, for clues to how the final redistricting map will be drawn.

That board is composed of five Democrats and no Republicans, not by design of the Democrats, but by the Constitution. Sitting on the board are the Lt. Governor, House Speaker, Attorney General, Comptroller and Land Commissioner. Except for the Speaker, all are statewide elected officials. . . . and all are Democrats.

Republican Governor Bill Clements, who enjoyed a powerful role in the recent regular and special sessions of the Legislature, must now pace the sidelines.

The map is now in the hands of Lt. Gov. Bill Hobby, Speaker Bill Clayton, Atty. Gen. Mark White, Comptroller Bob Bullock and Land Commissioner Bob Armstrong.

The political dynamics behind the drawing of the new redistricting plan is fascinating to politico-watchers.

A three-vote bloc will carry any cause on this five-member board, and those who profess to be true Democrats are eager to make up for losses sustained during the regular session.

Die-hard Republicans are claiming that any gains in House seats under the thrown-out plan are minimal. Perhaps what is at issue here is how many seats will be drawn which are to be considered toss-ups in the next election, to be won by

a competent candidate from either party.

The Bloc—Where?

Undeniably, the most conservative official on the Redistricting Board is Clayton, followed by Hobby. Clayton is approaching lame-duck status with every new day, but his seat on the Board gives him prolonged clout that his foes wish he didn't have. Clayton's strength in the House was a team composed of the minority of Republicans and a group of conservative Democrats, mostly from rural areas. He should be rated the official most likely to look after the interest of Republicans.

Hobby is closer to the Democratic party, but not too much closer. Those who regard themselves as true Democrats fault Hobby for not standing up to Clayton and Clements during the past session.

Hobby, a Houston multimillionaire, would probably explain his stances as a protection of the conservative position, and an attempt to treat both parties fairly.

Going into the meetings, Clayton and Hobby appear to constitute two votes in a potential conservative bloc.

Opposing Bloc

Two members who might readily oppose any Clayton-Hobby alliance are Bullock and Armstrong. While they risk being labeled the liberal bloc, it is probably more accurate to say the pair is more inclined to protect the Democratic Party.

They constitute a formidable duo: Armstrong is retiring from his office and has little to lose. Bullock has a macho mystique, and not known to shirk from a heavy-duty political fight.

Swing Vote

The swing vote could well prove to be Mark White, the man who is also most likely to vote for a judicially fair

map. As Attorney General, he should be the most conscientious official in terms of meeting the requirements of the Voting Rights Act.

However, that law was drafted to protect the rights of minority citizens, such as Hispanics and blacks, and not to protect any political parties.

The Lobby

Still another group to be considered is the powerful group of special interest lobbyists who frequent Capitol halls. Conservative in ideology and untied to either party, they band together to contribute campaign money to their favorite officials and candidates. How much influence they will have as a group on the five redistricting officials remains to be seen.

Martin Indicted

State Rep. Mike Martin, R-Longview, was indicted for aggravated perjury last week by a Travis County grand jury. Jurors suspect Martin lied to them about a July 31 incident in which he was wounded in the elbow by a shotgun blast.

Martin posted \$5,000 and pleaded not guilty. A clean-cut looking young man who carried the "creation theory" bill last session, Martin is suspected of staging his own shooting for publicity purposes. The shotgun may have been fired by Martin's cousin, who has told police the shooting was rehearsed, then faked.

Martin's troubles began in the last week of the special session when he allegedly was wounded by a would-be assassin carrying a shotgun. Since then, several different versions of the attack have surfaced in reports to police, including one by Martin that he was the target of a satanic occult group.

Two weeks ago, Martin's cousin told police he had fired the shots in a scam set up by Martin himself, presumably to further his political career. Then Martin himself was arrested on a year-old misdemeanor assault warrant.

Last week, the House Administration Committee completely cut off Martin's office budget after the Republican overspent by some \$11,000.

Martin apparently had been warned by panel chairman Pete Laney of his growing deficit, but it went ignored. Martin now cannot spend any budget money for about two and a half months, the time it will take to make up the deficit.

So, for the time being, the beleaguered young legislator is without a district staff or operating funds.

The Newsreel

A re-run of "The Ozona Story" as gleaned from the files of the "The Ozona Stockman"

Thursday, Sept. 11, 1952

Four-H Club boys and girls who plan to feed lambs in this year's 4-H Club feeding projects will meet at the club barn at 9 o'clock Saturday morning to draw for lambs which they will feed out for the coming shows.

Letters to the Editor

August 30, 1981

Dear Kitty,

Hope these "Pick the winners" reaches your office in time.

If so and either of us win, please give to Ozona Library. Will be by your office Nov. 24, 1981.

Thanks,

Buddy Abshier, and Alford

Abshier

P.S. (I would like to say hello to Mr. Childress and family).

you and the LAW

PRESENTED BY THE
STATE BAR OF TEXAS

Q: I've been living with a man for three years, and we consider ourselves married although we never got a marriage license or had a wedding. If we decide to split up, do we have to go to court and get a divorce?

A: Because a common law marriage is just as valid as a traditional marriage, a divorce is necessary to dissolve the relationship. Accordingly, any property or children from either type of marriage must be divided between husband and wife. Furthermore, neither party is free to re-marry until the common law marriage is dissolved. The law defines a common law marriage as one where the partners agree to marry, hold themselves out as being married, and live together. Contrary to popular belief, there is no minimum number of months or years a couple must live together to establish a legal common law marriage.

Q: When I was filling out a credit application recently, I noticed that the form included a question on whether I was single, divorced or married. Isn't there a law prohibiting discrimination based on marital status in the granting of credit?

A: The new Equal Credit Opportunity Act does not prohibit a lender from asking about marital status, but the form may have only three categories: married, unmarried, or separated. The federal law does prohibit discrimination in the granting of credit. This means that the creditor may not withhold favorable treatment of your application simply because of your answer to the marital status question.

Q: I have a 12-year-old daughter who was born out of wedlock. I am now married and my husband wants to adopt her. Her real father won't agree. Do we need the permission of the natural father? By the way, he has never paid any child support.

A: The rights of the natural father must be terminated before you and your husband can

adopt. If he will not agree to relinquish his rights, you must file a petition to terminate the parent-child relationship in the district court. The natural father would be notified of the suit. If he does not object or if he objects but the court still rules for termination because of non-support, you and your husband can then proceed to adopt the child.

Q: In the state of Texas, how long after death can children of the deceased claim part of the estate when no will is left? Also, would the children receive the value of the estate at the time of death or an amount equal to the current value?

A: Normally, estates are settled between the first and second year after death. Your question seems to indicate either that there was never any probate at all—in which case you may apply to the Court to open the matter—or that a child was not accounted for. This, too, would require re-opening the estate in a County Court.

You were considered to have come into ownership immediately on your parent's death. The actual amount you receive, however, will depend on whether it was real or personal property, and whether you received cash or a share of the assets.

Q: Can a finance company look to me for payment of a debt which my ex-husband agreed to assume in our divorce settlement? We both signed the loan. Now I'd like to know, will I be liable if he fails to pay?

A: When a husband and wife sign a note to a creditor, they are jointly liable to the creditor, even if they later divorce and assign that community debt to the husband. If a creditor successfully sues the husband for payment, but is unable to collect, the creditor can then seek a judgment against the former wife.

Send your questions to "You and the Law," State Bar of Texas, P.O. Box 12487, Austin, 78711. Answers may appear in columns in hypothetical terms; personal answers not possible.

Tips For Gardeners

From The Ozona Garden Club by Mrs. Bailey Post

September is one of the most important months of the year for gardeners. Marigolds, sage, impatiens, petunias, geraniums, and other bedding plants can be revitalized if they are attended to early in the month. Also early September is the last time in the growing season that an application of fertilizer will benefit warm season lawn grasses. Apply fertilizer at one-half the label recommendation this late in the season. Water lawn thoroughly after the application.

A little grooming early this month can bring hybrid tea roses into a second season of beautiful bloom. Remove faded blooms to tidy up the plants and prevent seed formation, which saps plant energy. Snip off damaged or diseased parts and weak, spindly wood. Cut off small branches that have no terminal bud, and remove shoots growing from the base of the plant below the graft. Rake all litter out of the bed and apply a complete fertilizer, such as 5-10-10 at the rate of 2 tablespoons per bush. Lightly stir the soil without disturbing the roots and water thoroughly to wash fertilizer into the soil. Usually our fall roses are the most perfect and colorful, due to less wind to damage them.

I have had a request for information on how to get a Christmas cactus (zygocactus truncatus) to bloom. Though I have not grown this cactus maybe this information I have gleaned from several sources will help you have Christmas blooms this year.

The culture of this cactus does offer several problems, partly because of the difficulty of accurately identifying any one plant. As a result some plants may start blooming at Thanksgiving, others

wait until Easter.

Caring for your Christmas Cactus:

Temperature: average to warm climate - minimum at night 62° - 65°F.

Light: Bright diffused light in spring and summer, full sun in fall and winter.

Watering: Keep soil uniformly moist but not wet.

Fertilize: Every 2-4 weeks while growing vigorously.

Soil: Potting soil used should be the same as for other cacti or add peatmoss to an equal volume of general house plant mix for a humusy and well drained combination.

Your Christmas cactus will bloom more surely if you rest it from early October until mid-November by keeping it in a fairly cool room and giving it little or no water. If kept indoors, try to avoid any extension of natural days by the use of electric lights. Increase water when buds appear and fertilize with half strength dilution every two weeks until flowers are open. Then resume normal fertilization practice.

Remember the first meeting of the Ozona Garden Club will be at the Inn of the West for a luncheon on September 14.

DUPLICATE BRIDGE

In Duplicate Bridge Club play Saturday at the Country Club, Mrs. Robert Cox and Evert White came in first. Mrs. Joe Clayton and Mrs. Clay Adams were second.

Lottie Puckett and Fred Atkins, a Sonora pair, won the top spot Sunday, and there was a tie for second between Mr. and Mrs. Evert White and Mrs. Sherman Taylor and Mrs. J. J. Marley.

Mrs. Moore hostess for bridge

Mrs. Kirby Moore was hostess for luncheon and bridge at the Country Club Thursday.

Mrs. Sherman Taylor won high and Mrs. C. O. Walker, second high. Mrs. Joe Couch and Mrs. Charles Williams won the bingos. Mrs. Wesley Richardson was a luncheon guest.

Others playing were Mrs. Billy Carson, Mrs. Clay Adams, Mrs. John Childress, Mrs. Duane Childress, Mrs. Joe Clayton, Mrs. Joe Friend, Mrs. Brock Jones, Mrs. Arthur Kyle, Mrs. J. B. Parker, Mrs. Buddy Phillips, Mrs. Jack Williams, Mrs. Evert White, Mrs. Byron Williams, Mrs. James Childress and Mrs. Gene Williams.

AMERICAN CANCER SOCIETY

Mrs. Ray Baker and Mrs. George Glynn in memory of Mrs. Wilbert Engleman.

Billy Hoover in memory of J.M. West.

Jane M. Black in memory of Mr. Sterling Baker.

Mr. and Mrs. John Childress in memory of Sterling Baker.

Mrs. Floy Clare Short in memory of Mrs. Blanche Fortune, Sterling Baker.

Mrs. Anna Hufstetler in memory of Mrs. Blanche Fortune, Mr. Sterling Baker.

The Family Living Committee met and enjoyed lunch and a session to plan home economic programs in 1982. The first concern was Health (physical fitness, recognition of warning signs, and immunization). The second concern was family life education (effective communication and quality child care). The committee members are taking a survey in our community to find which topics are most important to families.

This year's State 4-H Style Review will be in San Angelo September 16-18. If you are interested in specified details for the show, I have a schedule.

You probably know regular physical activity can help to reduce coronary heart disease, America's Number 1 Killer. Walking is an excellent exercise because it requires no special training or equipment. Persons can achieve an adequate level of fitness by walking 20 miles per week as briskly as possible. Begin gradually at a pace that is comfortable for you and work up to this goal. Always check with your doctor before starting a strenuous exercise program.

Marinated Vegetables

1 Cup tomato juice
1/2 cup water
1/2 cup thinly sliced celery
1/2 teaspoon basil leaves
1 Cup cauliflower
1 cup thin carrot strips
1/2 teaspoon oregano leaves
1/4 teaspoon garlic powder

Debra Says

By Debra Price

1/8 teaspoon tarragon leaves

1 teaspoon onion powder
1 cup broccoli flowerets

Combine tomato juice, water, celery, onion powder, basil, oregano, garlic powder, and tarragon in 2 quart casserole. Microwave at high 3-5 minutes or until bubbly. Stir in vegetables. Microwave at High 3 minutes. Reduce power to 50% (Medium). Microwave 3 to 5 minutes or until flavors are blended and vegetables are softened. Serve warm or chilled.

Vegetable Kabobs

8 wooden skewers, 6-in. long
1/2 teaspoon instant beef bouillon granules
8 green pepper chunks, 1-in.
8 large fresh mushrooms
8 cherry tomatoes
8 zucchini chunks, 1-in.
1/2 cup boiling water
1/4 cup white wine
1/4 teaspoon salt, optional
1/4 teaspoon thyme leaves
1/4 teaspoon marjoram
1/8 teaspoon black pepper

1 bay leaf

On each of the 8 skewers place 1 pepper chunk, mushroom, tomato and zucchini chunk. In 12x8" baking dish blend water and bouillon. Stir in wine and seasonings. Add kabobs and turn to coat. Cover dish with wax paper. Let stand in refrigerator 2 to 3 hours, turning once or twice. Discard marinade. Place kabobs on roasting rack. Microwave at high 4 to 7 minutes, or until vegetables are tender-crisp, turning over and rearranging after half the time.

Don't drown in a sea of business papers. Handle each piece only once with a system. Set up four categories for papers: to do, to file, to give away, to throw away.

Female-headed families increased by more than 50 percent during the 1970's--from 5.6 million to 8.5 million.

4-H clubs to organize

A 4-H Club meeting will be held Monday, September 14, at 7:30 p.m. at the Civic Center. All youths ages 9-19, are welcome to attend.

Officers and council delegates will be elected for the coming year for the Intermediate, Junior High, and High School groups.

Parents are always welcome to attend 4-H club meetings.

Bob Murphy, formerly of Ozona, is in Golden Years Nursing Home in Christoval.

Calling All Homemakers

Brought To You By Brown Furniture

Even if you don't need a complete new dining room suite, you might want to shop "a la carte" that is, for a piece or two that can help bring new beauty and convenience to your dining area.

For example, you might want to think about a breakfast for your dining room, with shelf space above and drawer space below. In such a piece, dishes (and other accessories) can be placed artistically on the shelves to add a decorator touch to the room while at the same time taking care of a storage problem.

If it's not a breakfast you're after, you might want to consider a buffet, or a cabinet server, or a credenza.

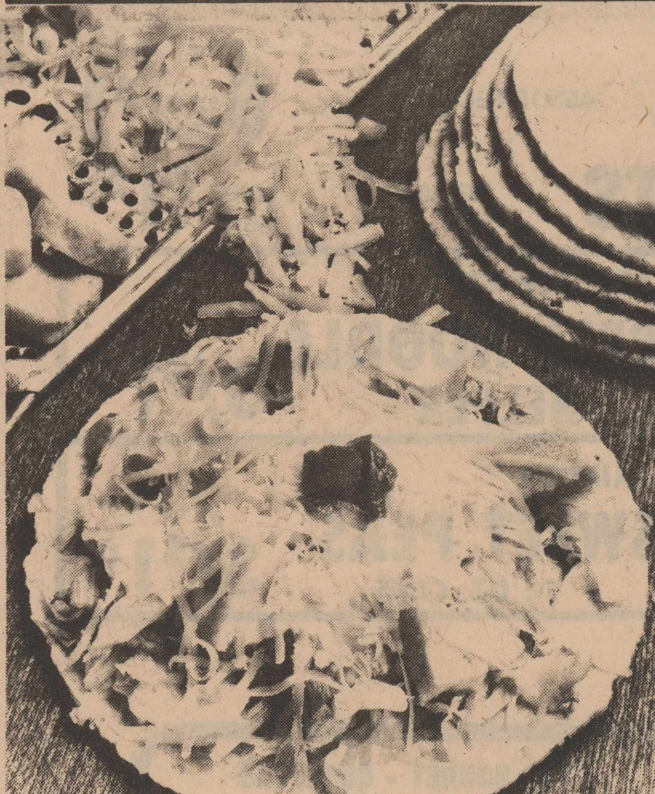

When it comes to selecting dining room tables, remember that you have a choice in round tables or rectangular or anything in between. That is to say, smart dining room tables today come in all kinds of shapes and sizes and you can pick that which not only fits your room, but also that which strikes your fancy the most. Perhaps you'd like to get away from the shape of table you have been using.

Variety in dining room chairs abounds, too, so no matter what the size of your dining area, you can fashion a distinct and beautiful dining room for you and your family.

Whether you want a complete dining suite, or if you want to shop a la carte, stop in at Brown Furniture Today!

TURKEY CHALUPAS

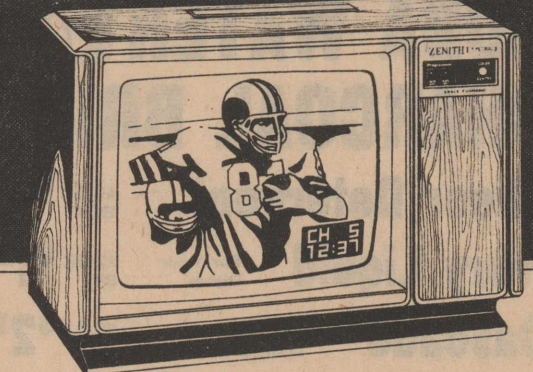

2 avocados
8 oz. sour cream
8 chalupa shells
1 hd. shredded iceberg lettuce
2 C. diced turkey
8 oz. shredded cheddar cheese

Peel avocados and blend with sour cream in blender. Heat chalupa shells in 400-degree F. oven about 10 minutes. Place lettuce on shells. Top each with 2 tablespoons sour cream mixture. Add turkey and sprinkle with cheese. Serves 4.

TERESA MARTINEZ

has made selections in housewares at

South Texas Lumber Co.

Would you like to be able to go to a retreat like this when you are worried — a place where you could be alone with your thoughts — a place where you could untangle your problems?

If you would, then you are like most people. Everyone needs a retreat, at moments. And everyone has one! It isn't a mountain cabin or a seaside cottage — but it is a place far better suited to prayer and contemplation, a place to sort out old errors and make new resolutions. It is your place of worship.

Let it be your sanctuary. Go to it when you are troubled. You will find within its walls your moment of peace and you will walk out into the street again far better able to make the most of your life.

FRONT LINE AWARDS

By-Vicky Vargas

The Ozona Lion Band has an excellent flag corps this year. The flag carriers for 1981-1982 are Sarah Falkner, JoAnne Hearne, Kristal Williams, Lydia Hayes, Katrina Burger, and Dona Lilly. This past summer the flag corps attended camp at Texas Tech University. They stayed at camp for two weeks where there were over 2,000 other participants. Kristal Williams won one blue ribbon, and Sarah Falkner won two blue ribbons in individual competition. Sarah also won the highest award that could be achieved, "The Most Outstanding Flag". As a group the flags won the highest honor given at camp which was the "Honor Corps" trophy. The group also received two second places in group competition. Way to go flags!!!

FELLOWSHIP OF CHRISTIAN ATHLETES

By-Erika Lee and Jana Harris

FCA (Fellowship of Christian Athletes) is going to get underway with a breakfast Thursday morning, Sept. 10, at 6:45 a.m., at the Civic Center. We will eat and elect officers, so everyone get up and try to be there. All Jr. High athletes are also welcome to come and join FCA.

FOOTBALL CAPTAINS

By-Sue Ellen Black

The football captains for the Lions this year are Ruben Perez, Varlyn Aldridge, and Ernie Borrego. The boys are all seniors this year. The captains are always elected by the other members of the football team.

Ruben is a Guard, Varlyn is a Quarterback, and Ernie plays Fullback and Linebacker. Varlyn had knee surgery on September 4; however, he will be back on the field in about fifteen days. One of the captain's responsibilities is to get the rest of the team fired-up before the workouts and games. The boys all agree that this year, the Lions are going to win District.

A CHAT WITH MR. BRADSHAW

By-Stacy Chapman

Ozona High School has a new Civics teacher this year by the name of Johnny Wayne Bradshaw. He was born in Brady, Texas, where he attended and graduated from school. Mr. Bradshaw has two older sisters and one younger brother. After high school he attended Hardin-Simmons at Abilene where he majored in physical education and history. He has gotten lots of teaching experience in different areas such as Odessa, Brownwood, Gatesville, Andrews, Midland and Roswell, New Mexico. Mr. Bradshaw also contributes to our Lion's team ability. He is a football coach specializing in J.V. linebacks and ends. He has five girls and one boy all living in Brownwood. Mr. Bradshaw has only one grandson so far and his name is Tray. Our new teacher is forty-three years old, and his favorite color is green. Being a true Texan, his favorite food is steak and potatoes. On his record player you would most likely hear tunes of country/western, but Mr. Bradshaw will listen to most all kinds of music. The furthest place he has ever traveled is Cincinnati, Ohio. He probably would have loved to have driven there in a brand new, sparkling Trans-Am because that particular vehicle is his

"dream car". If given a million dollars, Mr. Bradshaw would definitely buy a ranch. He said he guessed it has always been a boyhood dream of his to own a ranch. Mr. Bradshaw has often complimented his classes on how polite and friendly we are. So let's keep up the good work!

CROSS COUNTRY

By-Erika Lee

This year is the second year for Ozona to have girl's cross country. Cross country is the running of two miles across land, which is not always on a level surface. The meets are sometimes held on a golf course or park. The work outs consist of thirty minutes of running at 6:00 a.m., lifting weights and running bleachers after school. Participating in cross country this year are Kristal Williams, Lana Cole, Tracy Cole, Christy Parks, Teresa Lee, Cindy Reavis, Katrina Burger, Jo Anne Hearne, Rita De La Rosa, Ida Munoz, and Lenor Munoz. Coaching the girls again this year is Coach Debbie Deaton. Good luck this year and keep up the hard work.

GOSSIP

Nickname of the week-Bo Storms

Thumper-Mylene Najar Hey, Mike Vallejo, do you "get around"?

Is it true that Gail H. was out for a moonlight swim?

Varlyn, why do you always turn red in 4th period Civics?

Mr. Hood, who were you looking for Saturday night?

Hey, Will H., is it true that you were out snake'n around Friday night?

Hey, Darla L., did you finally learn how to make tuna salad?

WHAT IF?

What if Terry Crawford

didn't forget to turn off his car stereo during 1st period?

What if Haley Anderson could go up the up stairs, and down the down stairs?

What if Stacy quit kissing lockers?

What if Connie B. came to 1st period?

What if Ken S. and Kelly B. got "Midasized"?

What if Mr. Porter could not lift his imaginary weights?

What if there wasn't room for Mike C. to park by Kathy S.?

What if Sue Ellen B. wasn't confined to the "Sahara" on Saturday nights?

What if the senior boys liked the senior girls?

PLANS IN PROGRESS

By-Jana Harris

The OHS Student Council held their first meeting for the 1981-82 school year on Monday, August 30.

They discussed plans for the Homecoming Dance which will be held on September 26 in the Civic Center from 8:00 to 12:00. The dance is open to all high school students and their dates.

"We have picked 'Deja Vu' for the band and there is also a back up band if it is needed. There will be an admission fee at the door, but the price hasn't been decided yet," said Vicky Vargas, senior class representative.

"We are working on the decorations and refreshments for the dance. If anyone has any suggestions, please tell us!" concluded Vicky.

BELL RINGERS

By-Sue Ellen Black

The Bell Ringers for the 1981-82 football season are Gail Hunnicutt and Betty Tambunga. They were elected by the cheerleaders. Both girls are seniors this year.

Their responsibilities will be to sit with the Victory Bell at the football games. They will ring the bell when the team makes a touch down or does something good.

The girls will go to all of the out-of-town games, as well as, the in-town games. They can ride on the bus or furnish their own transportation to the out-of-town games. Gail and Betty are both excited about being this year's bell ringers.

BLUE AND GOLD

By-Gail Hunnicutt

Coach Gene Hood, coach of the Ozona Jr. High Cubs says, "The boys have a great team effort and spirit". He thinks they have a great season ahead. "The workouts are going great, the boys really want to work and be good, and that's what it takes."

Coach Hood has nineteen

players out for football this season. They are Diron Holt, David Adams, Chuy Hernandez, Andy Dews, John Tom Stokes, Jody Everett, Mark Marshall, Panch Vasquez, Blas Vargas, John Clark, Art Gonzales, Jody Searcy, Joe Hernandez, Tony McGon, Marty Moran, Victor Newton, and Johnny Garza. The managers are Bret Hood, Stan Winkley, Oscar Payne, Greg Underwood, and Will Seahorn. He picked sixth grade managers because they are good students and will give them a good foundation for football in the next few years. The Jr. High cheerleaders are Shelly Rumley, Elle Tijerina, Amanda Enriquez, Donna Sanchez, Raedene Flores.

I also talked to Diron Holt who plays end and David Adams who plays halfback. They say that they like it a lot. Their favorite part is the scrimmages against the seventh grade. They also told me that the cheerleaders help a lot. They sound like high school football players already. Good luck Cubs on your first game Thursday, September 10, against McCamey. Come out and support the Cubs.

VICA CLUB

HOSTS BREAKFAST

By-Leanna Kramer

Wednesday morning September 2, Coach Maldonado and the VICA Club were the hosts of an appreciation breakfast for all teachers and administrators of OHS. Coach Maldonado remarked, "It is a great way to start off a year, and it also helps the guys meet all the new teachers."

All Ozona High School teachers and administrators were invited to come on their time to enjoy a delicious breakfast made to order by the Senior VICA members. The boys seemed to enjoy a break from the daily routine, and the teachers really appreciated it, too.

This year there are twenty-two members in the VICA Club.

They are: Seniors-Ernest Badillo, Kelly Buckner, Felix Flores, Hector Leal, Santiago Lopez, Stanley Najar, Ruben Perez, Ken Stokes and Cater Villarreal. Juniors include: Ramon Cedillo, Randy DeHoyos, Henry Delgado, Greg Fierro, Rudy Martinez, Zeke Martinez, Willie Payne, David Perez, Don Pearson, Chad Poindexter, Javier Sanchez, Gino Tambunga and David Tijerina.

MARCHING IN THE LEAD

By-Gail Hunnicutt

The new drum majorette for the 1981-82 season is Mercy Jo Stratis. Mercy is seventeen years old and was

born in San Jose, California, and lived in Sonora for fourteen years before she moved here. She has always been interested in music and plays seven instruments. Her favorite songs are "Her Town Too", "I Really Want to Know You", and "Too Much Time on my Hands." Her favorite group is the "Eagles." Her hobbies are playing the piano, writing, singing, riding horseback, driving around, and listening to music on the radio. Mercy had a real scarey time at try-outs. She had to practice for long hours and then she tied for drum majorette with Jo Anne Rodriguez and had to have a run-off. We all know she will be a good leader for the O.H.S. band.

Phone News to the Ozona Stockman.

FOR SALE-ANNUALS

By-Leanna Kramer

For anyone who is interested, there are still fifty annuals for sale at the high school. If you would like to purchase a yearbook they are \$12.00 or \$13.00 with a cover. All interested in a 1980-81 LION contact Mrs. Smith at the high school.

These people still owe for their annuals or they need to pick them up.

Lina DeHoyos, \$7.00; Michelle DeLaGarza, 7.00; Cel-da Elizondo, \$7.00; Mrs. Jesse Fierro, \$6.00; Greg Flucker, \$7.00; Ramon Maldonado, Gloria Moran, \$6.00 Anna Martinez, \$7.00; Gloria Rivera, Coach Sessom, \$6.00 Steve Sanchez, Rebecca Sanchez, \$7.00; Valdemar Sanchez, \$7.00.

If these annuals are not picked up by Sept. 18, they will be resold.

NEW STUDENT

By-Mel Spiller

Our new student for this week is Barbara Clinton. She is the daughter of Mr. and Mrs. R. W. Clinton. She moved here from Eldorado where her father was a switcher for El Paso Gas. Some of her hobbies are horses and reading. She is a freshman and when we asked her what she thought about Ozona High School she told us that the people had really been friendly to her and that

she thought she was going to like it here.

FIRST PEP RALLY

By-Wendy Hood

This year's first pep rally was very exciting and everyone that participated had a lot of spirit.

We were cheering on our team for the game against Sonora and as everyone knows, we won 31 to 26. Giving spirit speeches for the pep rally were Mark D., Thomas G., Dale P., Hector L., Caterino V., and Coach Sessom.

The band did a good job of playing and the twirlers and flag corps also did fine jobs of performing. Cheerleaders were full of pep and really kept the rally moving. If you didn't attend the pep rally, you missed out on a lot of spirit, so come out next Friday at 3:00 to the high school gym, and help support the "Lions"!

LION FOOTBALL

By-Marilyn Wester

The Ozona Lions had a scrimmage Friday, August 29, with Winters. The Lions won this with three touchdowns and Winters had only one. Ernie Borrego scored one touchdown with a 47 yard run. Hector Leal scored the second one with a 15 yard run. Larry Payne scored the last touchdown with a 60 yard pass from David Badillo. Varlyn Aldridge was hurt in this scrimmage. He received a severe knee injury and will not be returning to play until the Junction game.

Friday night the Lions went to Sonora for their first game of the season. The Lions took the victory with a final score of 31 to 26. Ozona made four touchdowns and

one field goal. Larry Payne scored two touchdowns and Ernie Borrego and Harvey Huereca both scored one. Will Mason kicked the field goal of 42 yards. At the half, the Lions led the game by a score of 14 to 10. In the third quarter, Sonora recovered 3 fumbles and made two touchdowns and a safety. Sonora recovered 3 fumbles and made two touchdowns and a safety. Sonora led by the score of 26 to 14. Then in the fourth quarter the Lions made a tremendous comeback. They made two touchdowns and a field goal to make the score 31 to 26. Coach Wilson stated, "The coaches were very proud that the quarter back was not sacked one time while trying to pass." The Lions played a great game and look forward to playing Midland Lee J.V. this Friday night.

Sales tax rep. to visit here

State Comptroller Bob Bullock will have a representative from his San Angelo office in Ozona on September 17, 1981 to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer Steve Mercer will meet with local taxpayers in the Law Library at the County Courthouse from 1:00 to 2:00 P.M.

"If Ozona area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing state tax forms, Mr. Mercer will be there to assist them," Bullock said. "We're trying to cut the red tape in this office, and we believe these face to face sessions with taxpayers help do just that," Bullock added. The San Angelo office, headed by Bill Teaver, serves San Angelo and surrounding counties.

Crockett County Care Center News

BY ANN MCCARTNEY
DIRECTOR OF ACTIVITIES & SOCIAL CARE

Things continue to happen at our Care Center at a rapid pace. Donors and volunteers alike have continued to be most cooperative. In fact, I sometimes wonder if the citizens of Ozona really realize what a good thing they have going. From experience I can testify I have never seen a cleaner run or experienced a more cooperative staff of employees or volunteers. It takes all these ingredients to make a facility run smoothly and especially to have a successful activities program for the residents. Ozona can be proud that they have these special components.

Bingo winners this week were Bertha Miller, first, with a gift certificate from Clayton's Village Drug, and Virginia Russell, second. She won Avon cologne. We are proud to welcome a new bingo sponsor, Westerman Drug.

Jim Marks of Foodway donated grapes for our sunshine hour on August 25, and we had a nice time in the sun. The autumn rains caught up with us this week, though, and we were unable to go outside. That did not keep us from enjoying our fine cake, donated and served by Mary Lee Jones, though. We thank her, it was delicious and was enjoyed by all.

A meeting on foods and nutrition, complete with pamphlets furnished by our county agent, Debra Price, rounded off our first week in September. We've had lots of good conversation this week during our Bible study, our reading time as we read and discuss the life of Helen Keller, and as T.V. is being watched in the living room. Another activity in the living room is our exercise program just before noon each day.

It might be mentioned, we

have volunteers in the home as well as outside. Nina Turnell faithfully feeds the fish everyday, Maude Pettit feeds the birds. Frances Borrego helps others play bingo and so does Maude. Nina, Frances, Maude, and Louise McWilliams were our helpful hostesses during our appreciation party. Leona Harris played the piano for us Thursday morning. We are in hopes she will entertain us often.

We have recently received gifts from the W.M.U. women of the Baptist Church, an exercise machine from Judy Baker, and "Good Old Days" magazines from Delbert Stewart. Mrs. Jim Dudley donated popcorn this week. The Ozona Women's League donated two lounge chair cushions, one love seat cushion, and sixteen chair cushions for our patio furniture. All these things keep our programs successfully operating.

A new program on the agenda for September is ceramics. We have had the green ware donated but we need volunteers who will work with us. Much can be accomplished if we are able to have enough volunteers to work on a one-to-one basis. Our first session will be Monday, September 21. Mark your calendar and come join us!

Mr. and Mrs. Fred Van Shoubrouk, Jr., of Westminster, Calif. and Mr. and Mrs. Fred Van Shoubrouk III, of Houston, spent the Labor Day weekend with Mrs. Ralph Jones at the ranch.

Holiday scramble for golfers

Country Club golfers enjoyed Labor Day with a golf scramble, with eleven teams competing.

Winning first place was the team of Duane Childress, Randy Hall, Janet and Jeffrey Stuart with eleven under.

Second place went to the team of Ron Koerth, Jim McCullah Jill and Randy Crawford.

Tied for third and fourth were Ted Cotton, Weldon Nicks, Joann and R. B. Babbitt and the team of Doris and Gene Hood, Bobby Aycock and Jack Bailey and Rip Sewell, Joe Clayton, Chesta and Greg Stuart.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS
OF PROPOSED

CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION
NOVEMBER 3, 1981

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the legislature to authorize cities, towns and other taxing units to grant exemptions from ad valorem taxes on an unproductive, undeveloped or blighted area in order to encourage its development. The amendment would also allow the legislature to authorize a city or town to issue bonds or notes to finance this development and to pledge future increases in ad valorem tax revenues from the property in such areas to repay these bonds or notes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize cities, towns, and other taxing units to encourage the improvement, development, or redevelopment of certain areas through property tax relief and the issuance of bonds and notes."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 117 proposes a constitutional amendment that would authorize a person to receive a patent to land from the Commissioner of the General Land Office under certain conditions. Application for the patent must be made within five years from approval of the amendment. The land must be surveyed, public free school land not previously patentable. The person must have a properly recorded deed to the land, which he acquired without knowledge of the patent defect and which title he and his predecessors in interest have held for at least 50 years. The person and his predecessors in interest must have continuously claimed the land and paid the taxes for at least 50 years. This amendment does not apply to beach land, submerged land, or islands. An applicant may not use this provision to

resolve a boundary dispute. This amendment will not apply to land which has been determined to be state-owned by a court of competent jurisdiction or that has a productive state mineral lease on the effective date of the amendment.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the commissioner of the General Land Office to issue patents for certain public free school fund land held in good faith under color of title for at least 50 years as of November 15, 1981."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 38 proposes a constitutional amendment that would enable the legislature to grant to a state finance management committee the authority to manage state funds. Funds constitutionally dedicated to specific purposes would not be subject to committee management. The committee would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman of the Senate Finance Committee, Chairman of the House Appropriations Committee, Chairman of the Senate State Affairs Committee, and the Chairman of the House of Representatives Ways and Means Committee.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow the legislature to grant to a state finance management committee the power to manage the expenditure of certain appropriated funds."

PROPOSITION NO. 4 ON THE BALLOT

House Joint Resolution 6 proposes a constitutional amendment that would provide that one-half of the surplus tax revenues

above the spending limit provided by Article VIII, Section 22, of the Texas Constitution would be placed in a Water Assistance Fund to be used as provided by law, including projects for water development and conservation, water quality enhancement, and flood control purposes or any combination of these purposes.

The amendment also provides \$500,000,000 of the general credit of the state to guarantee bonds issued in commercial markets by local political subdivisions, including cities, counties, and special districts. The amendment allows amounts to be established to decrease or retire state debt, which is defined as that debt secured by the full faith and credit of the state. The amendment would raise the interest that could be paid on authorized, but unissued, bonds guaranteed by the full faith and credit of the state from 6% to 12%.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the use of a portion of the excess revenues of the state for water development, water conservation, water quality enhancement, and flood control purposes; authorizing the use of the state's credit, not to exceed five hundred million dollars, to guarantee the bonds of cities, counties, towns, and other units of local government in the financing of projects for such purposes; increasing the interest rate that may be paid on previously approved, but unissued, state bonds; and authorizing a program to retire state bonds."

PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 49 proposes a constitutional amendment that would exempt livestock and poultry from taxation. Currently, farm products in the hands of the producer and family supplies for home and farm use are exempt.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to provide for the inclusion of livestock and poultry with farm products as exempt from taxation."

PROPOSITION NO. 6 ON THE BALLOT

House Joint Resolution 81 authorizes the governing body of a county, city, school district or other political subdivisions to exempt from taxation a portion of the market value of a residence homestead. The portion exempted may be as much as 40% for 1982-1984; 30% for 1985-1987; and 20% for 1988 and after. The amount of an exemption may not be less than \$5,000 unless the legislature by general law prescribes other monetary restrictions on the amount of the exemption. An eligible adult is allowed to receive other applicable exemptions provided by law. An exception is made where ad valorem tax has previously been pledged for the payment of debt.

The amendment further directs the legislature to require that notice be given to property owners of a reasonable estimate of tax on their property in certain situations.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing a political subdivision to provide property tax relief for owners of residence homesteads and changing certain property tax administrative procedures."

PROPOSITION NO. 7 ON THE BALLOT

House Joint Resolution 4 proposes a constitutional amendment that would authorize the Veterans' Land Board to issue and sell an additional \$250,000,000 in bonds increasing the Veterans' Land Fund's total bond issuance authorization from \$700,000,000 to \$950,000,000. The amendment would increase the maximum interest payable by the state on these bonds from 6% to 10%, and permit an even higher rate, if specified by the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of additional bonds to finance the veterans' land program and to increase the maximum interest rate allowable on veterans' land fund bonds."

AVISO PUBLICO

Breves Declaraciones Explicativas De Las ENMIENDAS CONSTITUCIONALES PROPUESTAS ELECCION ESPECIAL 3 DE NOVIEMBRE DE 1981

PROPOSICION NO. 1 EN LA BOLETA

Resolución Conjunta No. 8 del Senado propone una enmienda constitucional que permita a la legislatura autorizar a ciudades, pueblos y otras entidades fiscales conceder exenciones de impuestos por avalúo en una área no productiva, subdesarrollada o deteriorada para estimular su desarrollo. La enmienda también permitiría a la legislatura autorizar a una ciudad o a un pueblo emitir bonos o valores para financiar este desarrollo y empiegar futuros aumentos en los ingresos de impuestos por avalúo sobre la propiedad en dichas áreas para pagar estos bonos o valores.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza a ciudades, pueblos, y otras entidades fiscales estimular el mejoramiento, desarrollo, o redesarrollo de ciertas áreas por medio de exenciones en los impuestos sobre la propiedad y la emisión de bonos y valores."

PROPOSICION NO. 2 EN LA BOLETA

Resolución Conjunta No. 117 de la Cámara de Representantes propone una enmienda constitucional que autorice a una persona a recibir título de terreno del Comisionado de la Oficina General de Terrenos bajo ciertas condiciones. La solicitud para el título se tiene que hacer dentro de cinco años a partir de la aprobación de la enmienda. El terreno tiene que ser terreno de las escuelas públicas libres, medido, y no previamente titulado. La persona tiene que tener una escritura del terreno propiamente registrada, que adquirió sin saber del defecto de título y que él y sus antepasados interesados han tenido por lo menos durante 50 años. La persona y sus antepasados interesados tienen que haber reclamado el terreno continuamente y pagado los impuestos por lo menos durante 50 años.

Esta enmienda no se aplica a terreno de playa, a terreno sumergido ni a islas. Un solicitante no puede usar esta provisión

para resolver una disputa de límites de terrenos. Esta enmienda no se aplica a terrenos que hayan sido declarados propiedad del estado por una corte de jurisdicción competente ni a los que tienen un arrendamiento de minerales, los cuales están produciendo en la fecha efectiva de la enmienda.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza al comisionado de la Oficina General de Terrenos a dar títulos para ciertos terrenos del fondo para escuelas públicas libres tendidos o bien en bajo título aparente durante por lo menos cincuenta (50) años antes del 15 de noviembre de 1981."

PROPOSICION NO. 3 EN LA BOLETA

Resolución Conjunta No. 38 de la Cámara de Representantes propone una enmienda constitucional que autorice a la legislatura conceder a un comité estatal de administración financiera la autoridad de administrar fondos estatales por la constitución a fines específicos no estarían sujetos a la administración del comité. El comité estaría compuesto del Gobernador, el Gobernador Teniente, el Presidente de la Cámara de Representantes, el Presidente del Comité de Finanzas del Senado, el Presidente del Comité de Asignaciones de la Cámara de Representantes, el Presidente del Comité de Medios y Arbitrios de la Cámara de Representantes.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que permite a la legislatura conceder a un comité estatal de administración financiera la autoridad de administrar el gasto de ciertos fondos apropiados."

PROPOSICION NO. 4 EN LA BOLETA

Resolución Conjunta No. 6 de la Cámara de Representantes propone una enmienda constitucional que disponga que la mitad de

los ingresos sobrantes de impuestos, sobre el límite de gastos dispuesto por el Artículo VIII, Sección 22, de la Constitución de Texas, sean depositados en un Fondo de Asistencia del Agua a ser usados como provea la ley, incluso en proyectos para el desarrollo y la conservación del agua, la mejoría de la calidad del agua, el control de inundaciones o para cualquier combinación de estos propósitos.

La enmienda también provee \$500,000,000 del crédito general del estado para garantizar bonos emitidos en mercados comerciales por subdivisiones políticas locales, incluso ciudades, condados y distritos especiales. La enmienda permite que se establezcan cantidades para disminuir o para retirar deudas del estado, las cuales se definen como deudas garantizadas por la plena fe y el crédito del estado. La enmienda aumentaría el interés que se pueda pagar en bonos autorizados pero no emitidos, garantizados por la plena fe y el crédito del estado, de 6% a 12%.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza el uso de una porción de los ingresos sobrantes del estado para el desarrollo, la conservación y la mejoría de la calidad del agua y para el control de inundaciones; que autoriza el uso del crédito del estado, no en exceso de quinientos millones de dólares, para garantizar los bonos de ciudades, condados, pueblos, y otras entidades de gobierno local en la financiación de proyectos dedicados a tales fines; que aumenta la tasa de interés que se puede pagar por bonos estatales previamente aprobados pero no emitidos; y que autoriza un programa para pagar bonos."

PROPOSICION NO. 5 EN LA BOLETA

Resolución Conjunta No. 49 de la Cámara de Representantes propone una enmienda constitucional que dejaría libres de impuestos el ganado y las aves. Actualmente los productos agrícolas en manos del productor y las provisiones familiares para el uso de la casa y de la granja están libres de impuestos.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que permite incluir el ganado y las aves con los productos agrícolas libres de impuestos."

PROPOSICION NO. 6 EN LA BOLETA

Resolución Conjunta No. 81 de la Cámara de Representantes autoriza al cuerpo gobernante de un condado, una ciudad, un distrito escolar o una subdivisión política declarar libre de impuestos una porción del valor de mercado de un hogar de residencia. La porción libre de impuestos puede ser hasta 40% para el período 1982-1984; 30% para 1985-1987; y 20% para 1988 y los años siguientes. La cantidad de la exención no puede ser menos de \$5,000 a menos que la legislatura por ley general prescriba otras restricciones monetarias de la cantidad de exención. A un adulto elegible se le permite recibir otras exenciones aplicables previstas por la ley. Se hace excepción en caso de que los impuestos por avalúo hayan sido comprometidos previamente para el pago de deudas.

La enmienda además dirige a la legislatura que requiera que se les dé a los propietarios una estimación razonable de impuesto sobre su propiedad en ciertas situaciones.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza a una subdivisión política proveer auxilio en los impuestos sobre la propiedad para los dueños de hogares de residencia y que cambia ciertos procedimientos administrativos en los impuestos sobre la propiedad."

PROPOSICION NO. 7 EN LA BOLETA

Resolución Conjunta No. 4 de la Cámara de Representantes propone una enmienda que autorice a la Junta de Terrenos para Veteranos poner en circulación adicionales en la cantidad de \$250,000,000 lo cual aumentaría de \$700,000,000 a \$950,000,000 la autorización total de circulación de bonos del Fondo de Terrenos para Veteranos. La enmienda aumentaría el interés máximo pagable por el estado por estos bonos de 6% a 10% y permitiría una tarifa aun más alta si fuera especificada por la legislatura.

La enmienda propuesta aparecerá en la boleta como sigue: "La enmienda constitucional que autoriza la emisión de bonos adicionales para financiar el programa de terrenos para veteranos y que aumenta la tarifa máxima de interés que se permite en los bonos del fondo de terrenos para veteranos."

Sunshine and suds, cure for mildew

Even after flood waters subside, some dangers remain—and one is mildew. Mildew can ruin clothing, upholstery, leather goods and even wood, says Bonnie Piernot, a family resource management specialist.

To stop mildew, let the sun shine in, she advises.

Ventilation helps remove excess moisture from the house.

If natural breezes are not sufficient, use electric fans, air conditioners or dehumidifiers.

If the house is very damp, turn on the heat for short, time, then open doors and windows to let moist air out.

An electric light burned in a closet will help dry this area.

To remove mildew from upholstered pieces, mattresses, rugs and carpets, take the pieces outside and brush the mold away with a broom.

Then run the vacuum cleaner—using the correct attachment—over the surface to

draw out more mold. Remember, mildew can penetrate these items deeply.

Be careful with the vacuum cleaner bag—spores will be inside, so dispose of the bag outside to avoid taking spores inside the house and scattering them.

If the article is still damp, use an electric heater or fan to dry it. Sun it and air it thoroughly to stop mold growth.

If mildew remains, sponge upholstered pieces or mattresses with thick dry soap or detergent suds and wipe with a clean, damp cloth.

Sponge mildewed rugs and carpets with thick dry soap or detergent suds and with a clean damp cloth—or use an electric shampoo machine.

If possible, let the article dry in the sun.

To remove mildew from clothing or household fabrics, first brush off the mold outside so mildew spores do not scatter in the house.

For washables, launder with soap or detergent and chlorine bleach, if safe for the fabric.

Otherwise, soak the item in an oxygen bleach, then wash it.

Take non-washables to the dry cleaner. Be sure to tell the dry cleaner the stains are mildew. Cleaners will not guarantee mildew-stain removal.

Wipe mildew from leather with a cloth wrung out of a dilute solution of alcohol—one cup denatured or rubbing alcohol to one cup water.

Dry it in a current of air.

If mildew remains, wash with thick suds from a light-duty soap or detergent or saddle soap.

Then wipe with a damp cloth and dry in an airy place.

If you live in an area of Texas where flooding occurs in the spring, summer and fall—or in an area where damp air is the norm, know certain mildew-prevention tactics:

tics:

Keep the house well ventilated—with special attention to closets, cellars, and crawl spaces—since mildew needs moisture in order to start growing.

Keep everything as clean as possible, since mildew also needs soil on which to “feed,” and once mildew starts, take prompt action to prevent serious mildew damage.

Extension club gets organized

The Crockett Heights Extension Club conducted an organizational meeting Tuesday at Liz Mary Pipes' home. Debra Price presented a program on machine embroidery and monograms.

Roberta Schoenhals was elected chairman and Liz Mary Pipes vice-chairman. Homemakers attending were Jean Sudduth, Goldie Kilgore, Sadie Whitehurst, Doris Karr, Lavelle Crawford and Nikki Easterwood.

The club will meet October 6, at 9:30 at the home of Roberta Schoenhals for a program on quilting. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin. Call Debra Price, County Extension Agent, at 2-2721 for more information.

Ricky Perry of Dyess AFB, spent the holiday weekend here with his parents, Mr. and Mrs. Jerry Perry.

4-H Food projects underway

The 4-H Food Project groups will be organizing in September. The 4-H food leaders will meet Monday, September 21 at 7:30 p.m. at the Civic Center to plan the projects.

Any youths 9-19 years old are welcome to enroll in a 4-H food project. The 4-H food projects teach youths how to cook, learn about foods that keep us healthy, buying and storing food, meal planning, and time saving tips in the kitchen.

4-H member and leader books are available for the food projects. A project consists of six meetings with one or two volunteer leaders teaching a small group of youngsters. The groups usually meet in individual homes.

At the end of the project the youths participate in a 4-H Food Show. The show is usually held the first part of December.

Any youth or adult that would like to participate in the 4-H Food Program should call Debra Price at the Extension Office (2-2721).

Mrs. Nicholas home from Great Britain

Mrs. M. E. Nicholas returned to Ozona last week after spending the summer in Great Britain. Leaving the U.S. in June, she was accompanied by her daughter, Jennifer, for her two-week vacation.

Jennifer has been assigned to the Abilene district of the American Cancer Society for a second year. She was employed by the Society in June, 1980, as Field Representative for the 15 counties, and this month was promoted to District Executive Director.

In addition to her busy schedule Jennifer has been accepted as a volunteer in the “Big Sister” program in Abilene and will spend about five hours weekly with a little girl presently living in a foster home.

Public Notice

PUBLIC NOTICE
IN COMPLIANCE WITH ATTORNEY GENERAL'S OPINION No. MW-289 and ARTICLE 6890 through 6899 V.T.C.S., NOTICE IS HEREBY GIVEN TO THE OWNERS OF LIVESTOCK IN CROCKETT COUNTY:

All Marks and Brands registered prior to August 30, 1981 A.D. must be re-registered within six (6) months of that date, and that the re-registration process must be repeated at subsequent ten-year intervals for then-current owners.

All Marks and/or Brands not re-registered within the six month grace period will then become available to the public on a first come, first serve basis.

Sincerely,
David H. Weant,
County Clerk

Work now for spring lawn

Hot summer weather has taken its toll on home lawns and homeowners throughout Texas. But there's still more work to be done to insure a week-free winter lawn and good recovery of the lawn next spring.

Lawn insects, including chinch bugs, white grubs and armyworms, must be controlled during late summer and fall,” says Dr. Richard L. Duple, turfgrass specialist for the Texas Agricultural Extension Service. “Where these insects damage the lawn, winter weeds rapidly invade the weakened turf and spring recovery is often poor. Timely applications of insecticides such as diazinon or chlorpyrifos (Dursban) will control most lawn insect problems.”

According to Duple, fall fertilization is another requirement for maintaining green color and promoting early spring green-up of lawns. A dense, vigorous turf produced by proper fertilization also keeps winter weeds from invading lawns.

He recommends applying a complete fertilizer with a 3-1-2, 4-1-2 or similar ratio of nitrogen, phosphorus and potash at a rate of 1½ pounds of nitrogen per 1,000 square feet of lawn. This would be 12 pounds of 12-4-8 fertilizer per 1,000 square feet.

“Straight nitrogen fertilizers and fertilizers high in phosphorus (the middle number in the fertilizer analysis) should not be used for established lawns,” cautions Duple.

“If winter weeds have been a problem in past years, apply a preemergence herbicide (chemical weed killer) for additional protection against weeds,” suggests the specialist. “Materials containing atrazine, benefin, bensulfide and dacthal provide preemergence control of many winter annual weeds. Some preemergence herbicides are available in formulations with fertilizers, which simplifies application.”

Of course, it's important to follow label instructions in regard to grass species and rates of application when using herbicides. Materials containing atrazine should not be used around trees and shrubs.

As far as disease control is concerned, Duple suggests applying a fungicide on St.

Augustine lawns to prevent damage from brownpatch. Not only is brownpatch unsightly, but weeds generally invade the lawn in disease-weakened areas. Also, spring recovery is delayed in areas damaged by brownpatch.

Fungicides containing PCNB (Terraclor, Ortho Lawn Fungicide), benomyl (Benlate, Tersan 1991) or chlorothalonil (Daconil) control brownpatch when applied according to label instructions.

“Another fall task for homeowners is to remove excess accumulations of grass clippings or tree leaves from the lawn,” points out Duple. “The excess debris from these sources increases thatch accumulation and creates a favorable habitat for insects and disease organisms.”

So, for attractive lawns this fall and to insure good spring recovery, homeowners need to fertilize and use preventative pesticides as well as mow regularly.

Car owners need liability protection

Do you have "liability insurance" on your car or truck?

If you're in an auto accident and it's your fault, your liability insurance pays for personal injury you caused to the people themselves, and it pays for property damage you caused.

Texas law now requires "compulsory insurance"—that is, under the law, all car owners must carry liability insurance, but beyond that, it's also a wise thing to do, says Linda McCormack, a family resource management specialist.

What happens if you do not have liability insurance?

Obviously, if you cause damage to persons or property, if they sue you and if you are found responsible, the court probably will order you to pay for the damages. If you have no insurance to pay the bills for you, then the money likely will come "out of your pocket," McCormack explains.

On the other hand, if you fail to prove that you are able to pay for damages you caused, either with the money itself or through a liability insurance policy—then you may be subjected to a penalty. This penalty might be a fine of not less than \$75—or it could mean having your driver's license revoked if you are convicted of failure to maintain financial responsibility, the specialist adds.

Who is responsible for paying damage claims in automobile accidents?

Almost always the car

owner is responsible, McCormack says, even if someone else was driving the car at the time of an accident.

"It is a universal rule that an automobile owner is liable (responsible), right along with the driver, in cases concerning negligent acts of the driver (if he was operating the car with the owner's permission).

That owner-responsibility rule includes the following

situations:

When the driver is an employee of the owner and acting within the scope of his job duties, when the driver is acting as an "agent" of the owner, or when the driver is on an errand or mission for the owner; when the owner has entrusted the auto to a known incompetent or reckless driver.

How can car owners lessen chances of being liable and

how can they avoid costly lawsuits?

McCormack offers three suggestions: allow only competent and safe drivers to operate the car, maintain the car in highway-worthy condition, have an adequate liability insurance protection policy.

Liability insurance protects the insured individual (the car owner) from the risk of financial disaster resulting from his being found liable for injuries to others due to an accident, McCormack explains.

When a person buys liability insurance, his insurance company agrees to protect him against accident claims, to defend him in court, and to pay damages to the person suing the car owner, if the car owner is found guilty.

This type of insurance does not provide for the car owner's own losses such as damage to his own car or personal injury, McCormack notes. (Another coverage, "collision," pays for damage to the car owner's own car.)

Liability insurance, instead, protects the car owner financially—by defending him against the claims of those he has injured in an accident.

Two parts usually comprise a liability insurance policy: bodily injury and property damage.

Under the bodily-injury section, it protects the car owner in claims involving

injury to the "other car" driver and his passengers or injury to pedestrians injured in an accident with the car owner's automobile.

Under the property-damage section, the policy protects the car owner against claims which involve damage to another person's property or automobile.

In Texas, the minimum liability limits are 10/20/5—meaning coverage up to \$20,000 for all persons injured in an accident but limited to \$10,000 for each individual and \$5,000 for property damage.

Ram tests to be conducted

The annual ram performance test to be conducted at the Sonora Experiment Station will get underway officially on Oct. 14, said Dr. Maurice Sheton, geneticist in charge of the test.

However, the finewool sheep are due at the station by Sept. 23 to begin a three-week adjustment period prior to the first weighing.

The blackface rams are to be delivered to the station by Oct. 21, with the first official weigh-day to be Nov. 11.

Entry forms and more information about the 1981-82 test are available from Dr. Sheton or Dr. George Ahlswede at 915/653-4576 in San Angelo and Dr. Don Spiller at 915/387-3168 in Sonora.

CARD OF THANKS

The family of Raymond Lee Clark, Jr. wishes to extend their thanks and appreciation for all the expressions of love and concern, prayers, visits, food and support given us during our recent loss. Producers association to meet

The Permian Basin Chapter of the Gas Processors Association will hold its quarterly meeting September 10, at the Andrews Country Club. Mr. J. P. "Jim" Clancy, Marketing Manager of Nijet Services Company will be the guest speaker. His topic for the evening will be, "Nitrogen For The Enhanced Recovery of Oil and Gas."

Reservations for the dinner meeting can be made by calling (915)337-0078, or (505) 393-2153. Social hour begins at 6:30 p.m. (CST) and the dinner begins at 7:30 p.m. The dinner is \$10.00 per person. A golf tournament will be held at the Andrews Country Club on the same date, no reservations required. Tee times are from 8:00 a.m. to 1:00 p.m., prizes will be awarded at dinner. Annual scholarship awards will be announced.

Time running out for GI benefits

Time is running out for approximately 900,000 veterans to use educational benefits of the GI Bill, now in its 37th year.

About one-fifth of the 4.3 million eligible veterans will lose their eligibility for benefits this year, according to the Veterans Administration. The law permits a veteran to use the education benefits within 10 years following discharge from service, or by December 31, 1989, whichever is earlier.

From June 22, 1944, when the first measure was signed by President Roosevelt, through June 30, 1981, 18 million veterans have received assistance under the GI Bill, at a cost of \$51 billion. About 35 percent of all trainees have been Vietnam Era veterans. This year the GI Bill will assist the education of more than 800,000

Vietnam Era veterans.

More than 7.8 million World War II veterans were trained under the original measure, about one-half of all those eligible. Another 2.4 million, or 43.4 percent of those eligible, studied under the Korean plan, and nearly 7.8 million Vietnam Era and Post-Korean veterans and service personnel have thus far participated in the current program. Some 65 percent of the Vietnam Era veterans eligible have received training.

A new program, which requires financial participation by service personnel, is available for those who entered the military after December 31, 1976.

Veterans who want more information on GI Bill eligibility should contact the nearest VA regional office.

Sports Fans

I BET YOU DIDN'T KNOW

By Jerry Lay

Here's a surprising fact. In all the Super Bowls played so far, only 2 teams from the National Conference of the National Football League have ever won it. The only NFC teams ever to win the Super Bowl are Dallas and Green Bay. All the other Super Bowl winners have been teams in the American Conference.

Oddly enough, the top 3 runners in the history of the National Football League in most career yards gained rushing Jim Brown, O.J. Simpson and Franco Harris. All wore the same uniform number, 32.

Did you know that a major-college football team once incredibly played 9 straight years without losing a game. That amazing streak was made by the University of Washington. They lost a game in 1907 and then didn't lose another one until 1917, going 63 games without a loss. No other team in football history ever played that many consecutive years without losing a game.

I bet you didn't know... Coming soon the 1982 cars and pickups. For the best selection come to L-B Motor Co. Today!
