IN THE PUBLIC INTEREST

—WITHOUT FEAR OR FAVOR.

The Banking and Currency Committee under my Chairmanship has in the past exercised its proper jurisdiction to prevent the use of foreign bank channels to mask the transfer and accumulation of illegal profits by highly organized crime syndicates.

The public interest in this legislation is obvious, and no less valid is the current Banking and Currency Committee study to determine any improper circumstances that may exist in the flow of national campaign funds, regardless of party, when foreign banks have been deliberately used to obscure the origin and purpose of dubious and possibly illegal campaign contributions.

These dark areas of campaign fund raising have been brought to light by the strange incident generally referred to as "the Watergate Caper" which almost by accident disclosed the existence of behind-the-scenes financial rat-tracks.

HIGHWAY ROBBERY. The National Highway Trust Fund should be just what the name says — a fund built up with revenue from gasoline and other taxes paid by highway users to be held in trust by the government and used for highway improvement only.

Anxious for someone else to pay for their mass transit requirements, the big cities have long cast greedy eyes on this trust fund, and the most recent raid attempt is an amendment to highway legislation approved by the Senate to siphon off billions of dollars from the trust fund. Yes, there is a great need for improved mass transit, but that is no excuse for violating the trust of motorists who have paid gasoline taxes for many years. We all paid our money in good faith to finance a good road system in this country. I vigorously oppose this scheme to defraud the motoring public.

Cotton Grades Reported Lower Following Rains

At mid afternoon Wednesday the Bogata Gin had weighed in 2076 bales. Harvest was in full swing again with the few days of sunshine.

Cotton harvest is in full swing again following rains that delayed work for about a week. Blackland Prairie had checked in a total of 3583 bales. Cunningham reported 1543 bales checked in as of Wednesday morning.

Cotton grades were lower and less samples were received, both resulting from recent rains, according to Roy W. Kilrath, Officer in Charge of the USDA Classification Office in Dallas.

A total of 42,159 samples were classified during the week ending September 29, compared to 60,925 the previous week. This brought the seasonal total to 188,119 according to Agricultural Marketing Service records.

For the week, samples from 1965 sales ginned in Lamar County were classified, bringing the season's total to 7567 from this county.

Middling Light Spotted (32) remained the predominant grade at 29 per cent, down from 46 per cent the previous week. Strict Low Middling Light Spotted (42) was a close second at 28 per cent, up from 12 per cent the previous week.

Strict Low Middling (41) was next at 16 per cent compared to 22 per cent previously. Middling (31) accounted for seven per cent of the cotton, down from 16 per cent previously. Low Middling Light Spotted (32) was also seven per cent. Spotted grades accounted for six per cent of the samples. Grade reductions on account of bark were one percent.

Staple lengths again averaged shorter than the previous week. Staple 31 accounted for 39 per cent of the samples, 47 per cent was staple 30 and 18 per cent staple 32.

Micronaire readings were 90 per cent in the 3.5 - 4.9 range and eight per cent in the 5.0 - 5.2 range.

Pressure strength averaged 86,000 pounds per square inch compared to 87,000 the previous week. Seventy per cent of the readings were in the 85,000 PSI or higher range, 25 per cent in the 80-84,000 range and six per cent in the 75-79,000 PSI range.

Cotton prices were steady to slightly weaker. Lot prices continued to generally range from 20.50 - 22.50 with most sales in the 21-22 cent range. Based on a limited amount of price information, the average for Middling Light Spotted (32), staple 31, was 21.35 cents per pound compared to 21.55 the previous week.

Pressley strength averaged 86,000 pounds per square inch compared to 87,000 the previous week. Seventy per cent of the readings were in the 85,000 PSI or higher range, 25 per cent in the 80-84,000 range and six per cent in the 75-79,000 PSI range.

Austin. — Senate rejection of Secretary of State Bob Bullock to the State Insurance Board amid the special session's bitterest inflighting opened new speculation as to who may get the job.

Sources close to Gov. Preston Smith appeared to be deliberately encouraging rumors that former U. S. Sen. Ralph W. Yarborough would be the Governor's next choice for the Insurance Board.

Yarborough himself said he had never been offered the post by the Governor or even felt out on his availability by intermediaries. AFL-CIO President Roy Evans and State Sen. Oscar Mauzy formally urged Smith to designate Yarborough, and Mauzy predicted the former senator could get state senate confirmation where Bullock and Larry Teaver failed.

Would he take the job if offered? Said Yarborough: "That's entirely too 'iffy' a question."

Senators voted 19-11 (with one abstaining) for the Bullock confirmation. Eleven opposition votes can block any appointment.

Bullock promptly blamed Lt. Gov. Ben Barnes and the insurance industry lobby for his defeat.

Smith chastised the Senate, charging the body "apparently will not permit a person who is committed to protecting the insurance consumer serve on the State Board of Insurance."

Bullock foes claimed the Governor had used some persuasive tactics of his own, dangling the prospect of submitting pet home district projects to the Legislature for senators who would support Bullock.

The Secretary of State said he now intends to remain in his present job through the Smith administration.

SESSION SUCCESS DOUBTED — Some legislators are doubting if the special legislative session really is going to come up with a competitive rating bill, the subject Smith called them to work on.

Senator Mauzy of Dallas, one of the bill sponsors in the Senate, says he doesn't think a competitive rate bill can be agreed on because of House opposition.

Mauzy charged the House committee hearing the rate measure is lobby dominated.

Conflicting testimony was heard on advantages vs. disadvantages of free competition in rating during week-long testimony by out-of-state experts.

At the end of the period, Lt. Gov. Ben Barnes acknowledged: "I have never been so much in the dark on legislation. People want to vote for a bill, but opponents have not done a good enough job convincing people competitive rates would be beneficial."

AGENDA BROADENED — A special session that started off confined to insurance and broadening the governor's fiscal powers has three times been expanded.

Smith earlier submitted trailer-brake-light exemptions, school dis-annexation, exempting aviation schools from the proprietary school act, and reimbursement of medical schools for \$13.5 million in funds "borrowed" to avert a 1970 welfare crisis.

Last week, he asked the Legislature to define the state's role

and responsibility in developing deep draft offshore port facilities.

The next day, he proposed an appropriation to the governor for emergency use, authority for the chief executive to meet certain fiscal emergencies from the fund, a \$365,000 supplemental appropriation to finance this year's primary elections and permanent statutory establishment of the Texas Film Commission as a division of the governor's office.

HIGHWAY FUNDS SHORT — Demand for better highways is running ahead of state ability to pay for them, Highway Commission Chairman DeWitt C. Greer says.

Highway work pending ranges in need "from immediate to desperate," according to Greer, and there is no money in sight.

An adequate program for next year, with maintenance and operational costs, would carry a price tag of \$1.2 billion, Greer estimates.

Highway Department net income for the next 12 months is estimated at about \$482 million. Greer cites these factors in the financial squeeze:

• It now takes \$1.58 to buy highway construction that cost \$1 only 10 years ago.

• Release of money from the federal highway trust fund has been spasmodic for several years. This year, Texas anticipated about \$283 million from the trust fund — derived from federal highway user taxes. Actually, prospects are the state will receive only about \$189 million from the federal trust fund.

Greer says the Highway Commission has pending requests for highway projects totalling about \$2.7 billion. The Commission is pushing for a gasoline tax raise next year.

AG OPINIONS — Retired or active judges sitting as commissioners of the Court of Criminal Appeals are merely assigned additional duties and not a new office, Attorney General Crawford Martin held. Martin said the appointees may be compensated.

In other recent opinions, he concluded: • The U. S. Postal Service is an agency of the U. S. government for purposes of eligibility for state fund investment.

• A transaction by an original manufacturer agreeing to give exclusive use of a motor vehicle to another for any period of time and for a consideration is to be taxed on the basis of the gross receipts from the transaction.

• A woman state employee is eligible for maternity leave regardless of marital status.

MIGRANT WORKSHOP PLANNED — More than 2,900 teachers from 21 states will meet in McAllen October 9-11 for the 10th annual Child Migrant Workshop sponsored by Texas Education Agency.

Sixty-six consultants will teach 262 workshops. Meetings will focus on continuing needs of migrant students including oral language, reading, bi-lingual education and individualized instruction.

Texas Education Agency advisory committees held a joint meeting here Tuesday on cultural or language differences among the state's school children.

Talco - Bogata Sch. Board News

The Board of Trustees of the Talco - Bogata Schools met in regular session at Rivercrest on Tuesday, Oct. 3, 1972 at 8 p. m. with five of the seven members present.

In major action taken by the Board, an Elementary and Junior High Student Handbook was approved. Also, a revision was made in the attendance section of the Rivercrest High School Student Handbook concerning the number of days students are permitted to be absent with approved excuses.

Approval was given by the Board to increasing the amount of property insurance on all school facilities by 10% and directed the local insurance firm to write all policies on a 3-year term in an effort to secure a lower premium. A brief discussion was held concerning the total property insurance of the district with one building of questionable value not presently being used being dropped from the list of insured buildings. The Board periodically reviews school insurance in keeping with its responsibility to maintain sufficient coverage to approximate replaceable cost of the facilities.

For sometime, the Board has been making a study of completely revising present school board policies in order to bring policies up to date and to meet legal statutes. Approval was given by the Board to adopting items 101 through 162 of the proposed policies under study. The Board will continue this study in future meetings until this work is completed.

The Board briefly discussed the proposed building plans for locating both elementary schools on the Rivercrest Campus and directed the superintendent to continue with preliminary planning.

The superintendent stated that S. E. Dodd of Jolietown had been awarded the contract for the extension to the fieldhouse at Rivercrest which will include restrooms for the public.

In other action taken by the Board, Roy Fincher was approved as a maintenance employee at Rivercrest; the Preliminary Application for Foundation Funds was accepted; and the various financial reports were approved.

The next regular meeting of the Board will be Tuesday, Nov. 7, 1972 at 7 p. m. at Rivercrest.

Driving Course Offered At PJC

This fall, the Continuing Community Education Department at Paris Junior College will offer Defensive Driving, a new course designed to allow a 10 per cent automobile insurance rate savings. Announcement of plans to offer the course at the college was made today by June Jones, coordinator of Continuing Community Education.

Upon successful completion of the course, the student receives a certificate which he presents to his insurance agent or company in order to receive the 10 per cent credit on his automobile insurance.

Mike Reinhardt, chairman of the Division of Health and Physical Education at PJC, will be the instructor for the course. The athletic director has taught Driver's Education in past summers, and is certified to teach the Defensive Driving course. He has just returned from a two day intensive training Defensive Driving course sponsored by the National Safety Council.

The course may be taught during the day, on Saturdays, or week nights, depending when the course materials are received and student preferences. Defensive Driving will include two 4 hour sessions or four 2-hour sessions. Fee for the course is \$8.00 and will include a workbook. Films and lecture methods will be used.

Persons interested in this course are to notify Mrs. Jones at the college, 784-6601, extension 58.

COME TO THE DAZZLING STATE FAIR

"NO, NO, NANETTE"

The current Broadway hit, "No, No, Nanette," will open the magnificent new Music Hall in Fair Park. Evelyn Keyes and Don Ameche star in this nostalgic revival of Vincent Youmans' classic musical comedy. A memorable score includes such all-time favorites as "Tea for Two" and "I Want to be Happy."

"DAZZLING 30's REVUE"

A sentimental journey into the Broadway and Hollywood of the 30's. The fabulous Ink Spots with Virginia O'Brien, Cass Daley, Gene Bell, Vince Barnett, Sherri Robinson and Johnnie "Scat" Davis and his band. Luring melodies, vaudeville routines and toe-tapping show-stoppers.

STREAMLINED DECADE

FDR... radio and railroads... "The Big Apple"... Dillinger... Gone With The Wind... The State Fair of Texas turns the clock back to present a captivating theme exhibit, featuring sights and sounds of the 30's. Authentic memorabilia, films and broadcast tapes recreate history.

30's FILM FESTIVAL

On the screen and in their private lives, the celluloid stars created a world of lines and glitter. Hollywood came into its own Golden Age in the Dazzling Thirties. Shirley Temple, Jean Harlow, Clark Gable and others reigned as American royalty.

Kirkland - Panter Wedding Saturday

First United Methodist Church, Deport, was the setting for the formal nuptials uniting Miss Marijo Kirkland and Hubert Larry Panter Saturday evening at six o'clock.

Mr. and Mrs. E. E. Kirkland of Deport are the parents of the bride and the bridegroom is the son of Mrs. Charles Smyre of Denison and Harold Panter of Sherman.

The Rev. Gary Lindley, pastor, heard the couple pledge double ring vows before an arch of six seven-branched candelabra holding white tapers. Franking the candlelight grouping were two floor baskets of white gladiolas with turquoise accents. Banks of greenery were placed at each side of the altar.

Mrs. Edward Helleny of Herrin, Ill., organist, presented the traditional wedding marches and accompanied Miss Linda Powers as she sang "We've Only Just Begun" and "Be Thou My Vision." Joel Helleny of Herrin, Ill., trombonist, rendered the Theme from Romeo and Juliet and Andante Cantabile by Pchaikowski.

For her wedding the bride, given in marriage by her father, selected a formal gown of white satin, designed with an empire odice completely overlaid in Alencon lace. The lace and satin were combined to give a decollete effect and form a standing collar. The long sheer sleeves of lace were finished with narrow cuffs of matching lace. The bride's veiling of illusion cascaded to the floor from a cluster of stylized lace flower petals, accented with seed pearls and two large tear-drop pearls. She carried a cascade of white sparkle mums centered with an orchid.

The bride's honor attendant was her sister, Mrs. Joe Gage of Diboll. She was attired in a formal gown of polyester crepe de chine in muted tones of hot pink and turquoise. A blue garden hat with long satiny streamers competed her attire. She carried a cascade of blue frenched carnations.

Randy Panter of Denison was best man for his brother. Ricky Green and Jimmy Childs served as candle lighters and as ushers. The ceremony was closed with

the bride and groom lighting a memory candle on the altar.

The bride has attended Ouachita Baptist University in Arkansas, where she was a member of Gamma Phi sorority and the university choir and was named a yearbook beauty and "Miss Ouachita." She has also attended East Texas State University and is presently employed by Fidelity Union Insurance Company in Denton.

The bridegroom has attended Grayson County Junior College and ETSU, where he was a member of Sigma Phi Epsilon fraternity. He is also employed by Fidelity Union in Denton, where he and his bride will make their home.

RECEPTION
The bride's parents were hosts for a reception in Fellowship Hall of the church immediately following the ceremony.

Mrs. Gary McGonagill of Deport was in charge of the guest register.

The bride's table was draped in white satin with an overlay of tulle, caught at intervals with satin bows tied with pearl-trimmed satin wedding bells. An arrangement of pink wedding carnations, flanked by three-branched candelabras, centered the table. Appointments were of silver.

The all-white, four-tiered bride's cake, topped with pearl-encrusted satin wedding bells, was served with punch, mints and nuts by Miss Janet Kirkland and Miss Emily Kirkland of Baumont, Mrs. Jimmy Gifford of Mt. Pleasant and Miss Connie Kelsey of Angleton.

The groom's table featured an arrangement of grapes and silver table appointments. The groom's chocolate cake adorned with chocolate grapes, was served with coffee by Mrs. Denny Harris of McKinney, sister of the bridegroom; Mrs. Mike Harris of Arkadelphia, Ark., and Mrs. Ralph Cavley of Bogata.

Joe Grant Gage of Diboll, nephew of the bride, and Tanya Pite distributed rice bags.

REHEARSAL
Mr. and Mrs. Charles Smyre entertained her son and his fiancée, Miss Marijo Kirkland, with a luncheon at the Ramada Inn in
