Broncs Tromp Tigers To Win District Honors Outright

The Clarendon Brochos won the honor of representing District 2-A outright last Friday night by defeating the McLean Tigers 56-14 but only after a rocky first half.

The Broncs led only 21-7 at half-time against a fired-up McLean defense. The Broncs came back in the third period with their usual style and put the score beyond the reach of the Tigers.

Bennie Reese opened up the Bronc scoring in the first quarter on an 11 yard run and Scotty Lindley made the extra good. Charles Louis went over from the 2 yard line for the second tally and Lindley's kick was true again. David Brown scored for McLean with David Haynes kicking the extra.

The second quarter was a nip'n tuck affair with Jim Moore passing to Charles Louis for 10 yards and the only score in the quarter with Lindley adding the extra point.

The Broncs came back in the third period to score three additional touchdowns. Charles Louis made his sensational run of the evening taking the pigskin 80 yards on a kick-off return. Lindley kicked the extra point. Reese followed on a 3 yard plunge for 6 points and Louis ran 27 yards for another with Lindley kicking each of the extra points to bring the score to 42-7 at the end of the third period.

Jim Moore made his sensational run of the evening in the fourth period traveling a distance of 82 yards and Lindley kicked the extra. David Brown scored for McLean and Hayes kicked. James Shadle pushed over for the last Bronc score and kicked the extra point.

The Broncho line had their job cut for them against a fired-up team and did a fine job.

Eventhough the weather was cold and disagreeable, the Broncho backers outnumbered the McLean fans quite a bit.

The Clarendon girls managed to score and then were able to freeze out the final seconds of play. By quarters the score stood at 12-8, 23-18, 31-29, to the 37-36 with Clarendon leading all the way.

Bronchos To Play White Deer Bucks For Bi-District Honors Friday Nite

The Clarendon Bronchos will journey to White Deer Friday night for the second time this season to battle the Bucks for Bi-District honors. This game will be much more important than the first meeting as a win will give them the opportunity to continue in the race for state honors.

According to Supt. Arling Cordell, the game is being played at White Deer according to an old Interscholastic League ruling. An fervent attempt was made to change the location to a neutral field but was unsuccessful.

The game will be played at 7:30 p.m. and the gates will be open at 6 p.m. Price of admission will be $2 for adults and 75 cents for students. Additional bleachers are scheduled to be moved in so there will be better accommodations for Clarendon supporters.

The Broncs defeated the Bucks earlier in the season 19-0 but they are expected to be much tougher to handle Friday night. In the previous game they relied on power and ball control and did a pretty good job of keeping possession of the ball throughout the game. It was more explosive type plays that put the Broncs on the scoreboard.

The Broncho defense got a little taste last Friday night of what there will be a lot of in the game with White Deer. It will be up to them to break up the Bucks ball control intentions and it will be up to the Bronc offensive line to open the way for the Bronc backfield. In a few words, it will take concerted team effort from the beginning to end to beat the Bucks. As evidenced in the double-page booster ad in the Leader this week, the Broncs have 100 percent backing and this will be with them all the way to state.

The Broncs, owning a 10-0, record moved into 5th place ranking in the state this week. In the scoring department for regular season play the Globe-News showed Wednesday morning that Jim Moore was second with a total of 139 points and Charles Louis was third with 108 points.

The probable starting lineup offensively for the Broncos will be as follows:

Center Jay Lambreth; Guards, Frankie Ellis and Willie Craft; Tackles, Ronnie Hastey and Jerry Green; Ends, Bobby Leeper and James Hall; Quarterback, Jim Moore; Fullback, Bennie Reese; Tailback, Charles Louis, and Wingback, Ike O'Neal. Defensively, the Bronchos will probably be represented by defensive lineman Craft, Hall, Green, Hastey, Tyler; Reese and Ronnie Hill line-backers; Ellis, Moore, O'Neal and Louis in the secondary.

CC Bulldogs Win Two Road Games

Clarendon College Bulldogs have won their first two opening Basketball Games. The first game was played on Thursday, November 13, with Panhandle State College Junior Varsity. The Bulldogs won this game 72 to 67. Jackie Thrasher was high point man with 21 points and Rene Ornes was second with 17 points. This game was a touch and go situation throughout the game, due to the first real under pressure competition.

The second game was played Monday night, Nov. 17, against Garden City Junior College, Garden City, Ks. The Bulldogs won this game 99 to 83 in a very fast breaking, running, and shooting contest, which at times had the crowd on their feet! High point man in this game was Rene Ornes with 27 points. Jackie Thrasher hit for 16 points.

Go American Program Friday on CC Campus

The Student Senate of Clarendon College is sponsoring a Patriotic Day, Friday, November 21. An excellent program is planned for approximately 140 High school Students that will be on Campus this day.

At 11:30 a.m. the Clarendon College Drama Department will present a short play entitled, "Exit for Seven." This play deals with seven people in prison for thinking the dictates of their own conscience in a society of adverse conditions and who are awaiting execution.

At noon there will be a break for lunch at the CC Cafeteria; then, at 1 p.m. Bill Sarpalius, President of the Student Senate, will give a talk entitled "Why," a dramatic soul-stirring speech on What America Means To Me.

Tommy Shields received a "shocking" experience Wednesday night.

— CHS —

Jerry Green our English "scholar" has an excellent middle-English accent.

— CHS —

Shelia, just what was "it" you and Carrie needed last Thursday afternoon?

— CHS —

Mr. Lemons has a different version of the pronunciation of "pneumonia." — Just leave the "p" and forget the "n"!!!

PLAYERS OF THE WEEK

Instead of Player of the Week this week it is Players of the week. Coaches chose Bobby Leeper and Steve Adams for this honor in the McLean game.

Bobby is the son of Mr. and Mrs. Lloyd Leeper of Clarendon. He is a member of the senior class and a two-year letterman on the Broncho team. As an end he has scored two touchdowns and gained numerous yards for the Bronchos. Bobby plans to attend Texas Tech.

Steve is the son of Mr. and Mrs. Raleigh Adams of Clarendon. He is president of the senior class and has gone to State finals in Tennis for three years. This is Steve's first year on the Broncho squad and his first year at playing end.

CHEER THE BRONCHOS

Thursday night, tonight, there will be a Pep Rally in front of John's on Main Street beginning at 7 p.m. The public is invited to attend and lend the Bronchos support.

Spirit is high at CHS. The Drill Team and Cheerleaders lead yells in the halls and the student body is giving full support to the "Mighty Maroon and White."

Tuesday the girls are picking the "Most Irresistible Football Player for 1969." Wednesday the students are putting a "hex" on the Bucks and turning them inside out. The students will wear their clothes inside out. Thursday is "Sock It To 'Em Day" with everyone wearing colorful signs on their socks. Friday is color day and sign day. Maroon and White will be displayed on the students throughout the halls. They will bring signs to school and picket for the Broncs.

FHA SWEETHEART

Our FHA Sweetheart for this year is Candy Skelton, a leader in the senior class. Candy is also head CHS Cheerleader and secretary of the National Honor Society. "Our Sweetheart" is the daughter of Mr. and Mrs. Willard Skelton. Candy's coronation will take place February 14th at the annual FHA Sweetheart Banquet.

FHA Princesses selected were Lacreta Burgess, Suzanne Moore, Beth Waldrop, Donna Windom, Cindy Anglin, Pam Perkins, Dianne Cornell, Jayne Martin, and Vida Wallin.

1969-70 SENIORS VICTORY BELL

The Senior Class of 1969-70 purchased a "Victory Bell" for the Bronchos. The following merchants and individuals helped make the "Bell" possible for CHS through donations:

Knorpp Insurance, Household Supply, Chamberlain Motor Co., 1st Supply, John's, Bill Spier, Donley County State Bank, Wes Knorpp, Bill Lowe, Bud Moore, Bill Greene, Tunnell Pharmacy, Emmett O. Simmons Insurance, Clyde Price, Bob Bell, W. H. Skelton, Dr. Keith Hudson, Goodman Furniture, Saye's Studio, Parker-Perkins, and John Wayne Stepp.

Others were: Flip Breedlove, George's Cleaners, Murphy Funeral Home, Fred Clifford, Western Skies Motel, Peanut's Drive In, Broncho Drive In, Rattan's TV, Castleberry Grocery, Junior's Food Market, Horace McClellan, Alderson's Chevrolet, Bill Mooring, and S. M. Fedric.

A thanks to all of these people for their enthusiasm and help in making the "Victory Bell" possible for the Seniors of 1970.

NATIONAL HONOR SOCIETY MEETING HELD

The National Honor Society met Thursday November 13, 1969. The purpose of this meeting was to apply for a scholarship given by the National Honor Society. The two people who are applying for this scholarship are Beth Waldrop and Brian Tucker. National Honor Society members were also reminded to pay their dues of $2.00 if they have not done so. These dues are to be paid to Danny Hill or Mrs. Justice.

THE BRONCHOS

The Clarendon Bronchos have put forth an effort, the like of which has never been seen in our records before.

The Bronchos have risen in the ranks of the State and have defeated the foe, even when said to be the underdog. They have entered each game with full confidence that if all do their duty and if nothing is neglected, they will prove victors again.

But victory lasts for only a season. Then next year, they must meet their opponents once again on the football field to prove who is "Cream of the Crop."

The real victors are the football boys themselves. They held fast to the dream of being the District Champs, and have demonstrated this beyond a shadow of a doubt.

FHA BEAU

Frankie Ellis was notified last week that he had been chosen FHA Beau for 1969-70. Frankie is Senior Class Favorite for this year, is an active member of the FFA organization, and in addition to his other activities our "Beau" has played on the Broncho Varsity football squad for the last two years. Frankie's parents are Mr. and Mrs. Bob Ellis.

COURAGE

Each of us has a different idea of "courage" but we all agree that courage is shown in many forms and fashions in everyone.

Eddy Helms: Courage is facing up to your problems no matter how big they are, no matter if they are in life or in sports.

Pam Perkins: Courage is the spirit inside a person that enables him to reach a goal or a purpose.

Wayne Carter: Courage is going into an important game and keeping a level head even though you are rated an underdog.

Charles Clinton: Courage is the Pledge of the Bronchos:

Cathy Owens: Courage is the determination of success.

VICTORY, BRONCS:

Victory from 8:45 until 9. The Pep Rally to be held in the High School Gym Friday afternoon at 2:40 p.m.

The Senior Class of CHS presents the "Victory Bell" to the Freshman, Sophomore, and Junior classes of Clarendon High School. The class wishes to leave this for the school to boost the Broncs in future years. The class says BRONCHO TIME IN '69!! BEAT WHITE DEER.

JUNIOR CLASS "GO"

The Junior Class has eight Broncho players on the team. The class wishes to support their team members one hundred percent. The Juniors say "Go Broncs! Win Bi-District."

99% of Texas land is in a soil and water conservation district.

Landowners and operators are applying detailed conservation plans, with SCS help, on 100 million acres of Texas lands.

128,000 Texas farmers and ranchers were given technical help on soil and water conservation problems last year by the SCS.

88,000 conservation district cooperators did soil and water conservation work last year in Texas.

SCS technicians gave consultative advice on conservation problems to 2,600 non-farm organizations and landowners last year.

BORERS ATTACK FRUIT TREES, TREAT NOW

The peach tree borer attacks peaches, nectarine, apricot and plum trees as well as others. The insect can greatly reduce the life of trees and has caused the death of trees within a few years. This insect feeds on the cambium and inner bark at or below the soil level. When peach tree borers are present a large amount of gum mixed with a brown sawdust-like material is found at the base of infested trees, according to County Agent Ronald Gooch.

One effective treatment for peach tree borers can be carried out in November when the soil is dry and the soil temperature is 55 degrees or above. All the weeds and grass should be cleaned out of the area within one foot of the tree trunk. The ground is then leveled and a groove is made to encircle the tree, two inches from the trunk. Paradichlorobenzene crystals (one type of moth ball crystals) are then placed in this groove at the rate of ½ ounce for 2 and 3 year old trees; ¾ ounce for 4 to 5 year old trees and 1 ounce for older trees. The band is then covered with soil free of leaf or grass materials and the soil is mounded and packed around the trunk so a cone-shaped pile about six inches high is formed around the base of the tree. Care should be taken to see that none of the PDB crystals come in contact with the tree since crystals in contact with the bark will cause injury. The mound of soil should be removed in the early spring.

Additional information on the control of insects on fruit trees is available at your county agent's office, Gooch said.

The average American ate nearly 162 pounds of meat last year, reports Extension Consumer Marketing Specialist Gwendolyne Clyatt. More than 61 pounds of this was beef.

Deer Must Be Tagged Proper To Be Legal

Even though a deer was taken during legal hunting hours, during an open season using legal means and methods, the hunter still does not have a legal deer until it is properly tagged, reminds Bob Cross, law enforcement coordinator of the Texas Parks and Wildlife Department.

All deer — bucks and does— must have a completely filled out tag from a valid hunting license attached to the carcass. Information required includes name of hunter, and month and day of kill on the front side. The month and date must be punched or cut out.

The name of the county and ranch where the animal was taken must be indicated on the back of the tag. When completed, the tag should be fastened securely to the carcass of the animal — perferably in the antler or foreleg.

If the animal was an antlerless deer, a completely filled out antlerless or doe deer permit, available only from the landowners or his authorized agent, must also be attached to the foreleg of the deer.

"Each buck deer must have one tag and each antlerless deer must have a tag and a antlerless or doe permit," Cross said. Last season, 225 hunters were arrested for untagged deer or deer tags not properly completed. Minimum fine on conviction is $25."

This year's hunting license has four deer tags; one is valid only for a buck mule deer, another for bonus antlerless deer only, and the remaining two may be used on either bucks or antlerless deer.

Even though the license has four tags, the hunter must check the hunting regulations in the county where he is hunting. The mule deer tag may be used only on buck mule deer in the nine counties in the Trans-Pecos region. There are many counties in the State which have a one buck or two buck limit with no provisions for taking antlerless or doe deer.

"It is the hunter's responsibility to know the hunting regulations and bag limits in the area where he is hunting," Cross said.

The Texas Parks and Wildlife Commission in the regular July meeting also clarified some definitions which would help deer hunters who wish to skin out and butcher their game in the field. Game management officers this year will accept a pair of antlers with a properly filled out tag attached as evidence of a buck deer. A foreleg with a properly filled out antlerless deer or doe permit and a license tag attached will be accepted as evidence of a legal antlerless deer while the deer is being transported to final destination.

Final destination is now defined as the permanent residence of the hunter or a commercial processing facility where the deer is finally processed.

Meat takes about 26 cents of each dollar spent for food at home, poultry takes about 8 cents and fish 2 cents of the dollar. Mrs. Gwendolyne Clyatt, Extension specialist in consumer marketing, says these protein foods make up the largest part of food expenses.

NEWS FROM Congressman Bob Price

18th District, Texas

FOOD STAMP: The House adopted by a voice vote last week a resolution authorizing an increase from $340 million to $610 million for the Food Stamp program this fiscal year. This provides all the money Secretary of Agriculture, Clifford Hardin, says can be efficiently spent in the remaining months of Fiscal 1970 which ends on June 30.

The Agriculture Committee has recently completed hearings on a bill to make the program permanent beginning in Fiscal 1971. The Food Stamp Program allows poor families to buy stamps at less than their total value. They may then be used to purchase groceries at participating food stores for the full face amount of the stamps.

BANK HOLDING COMPANIES: The House approved by a vote of 315 to 24, a bill to prevent large banks from owning such non-banking businesses as real estate, life and health insurance sales, farms or ranches, travel agencies, and other similar activities.

Proponents of the measure pointed out that when a large bank with millions of dollars in assets invades an industry, it can ruin competition and drive out small businesses by its size and economic power. In addition, the large bank, through its lending and financing activities has the power to force suppliers and other businessmen to give it preferred treatment.

AIRPORT IMPROVEMENTS: The House also approved last week a bill to improve the airport facilities of our country. This bill was proposel by President Nixon, initiated by the Department of Transportation, and drafted by the House Committee on Public Works.

The bill is designed to provide Federal assistance to states and local governments for the purpose of improving existing airport facilities and creating new airports where needed so that our Nation can adequately handle our growing air problem. The funds for these projects will come from taxes on the users rather than from general revenue.

Those who have traveled in an airplane recently realize full well the overcrowded conditions of our airports and the hazardous conditions that are created by our overcrowded skies.

VEHICLE INSPECTIONS

Colonel Wilson E. Speir, director of the Texas Department of Public Safety, said today that motor vehicle inspections in Texas are running almost 30% behind the inspection rate at this time last year.

Unless the inspection rate increases, there are going to be some awfully long lines at inspection stations prior to the April 15 deadline," Speir said.

During the year which ended August 31, some 6.3 million vehicles were inspected in Texas. Since September 1, only 538,000 have received the required inspection.

The State Motor Vehicle Inspection Act was amended by the Legislature to provide that inspection stickers issued after September 1 will expire 12 months from the date of issue. However, the law requires that all motor vehicles display a new sticker before April 15, 1970.

Speir noted that the new stickers are being placed on the driver's side of the windshield and contain a number tab showing the month of expiration. The old stickers are on the passenger or right-hand side and have no number tab.

"The inspection program is intended to discover vehicle defects which may lead to an accident. We urge all Texans to have their vehicles inspected soon to make sure they are safe for winter driving," Speir said.

AG Finance Seminar Slated At Amarillo

"Money" is a subject which is always of vital interest to everyone, and this particular subject will be in the spotlight when the Panhandle Economic Program (PEP) Management Task Force presents an Agricultural Finance Seminar in Amarillo on December 4.

The Seminar will be held at the Holiday Inn West and will get under way at 9 a.m., points out County Agricultural Agent Ronald Gooch.

An outstanding slate of speakers will present a program which should be of interest to all who have ties with the agricultural industry, says Gooch. Financial institution representatives, agency representatives and farming and ranching leaders are encouraged o attend.

Lea Forrest of Hereford, chairman of the PEP Executive Committee, will welcome those attending the seminar.

One of the featured speakers who will kick off the one-day session will be Dr. Tyrus R. Timm, head of the Department of Agricultural Economics and Sociology at Texas A&M University. He will discuss "Financing American Agriculture in the Future."

"Availability of Money and What Regulates It" will be discussed by Dr. Arthur Smith, economist with the First National Bank of Dallas.

Jack Barton, executive assistant with the Federal Intermediate Credit Bank of Houston, will talk about "Availability of Money through the Federal Intermediate Credit Bank."

A discussion no "Money for the Operator — What the Lending Institution Looks For" by Lynn Futch, state director of the Farmers Home Administration, will round out the morning portion of the seminar.

Speaking at the noon luncheon will be Henry Sears, president of the First National Bank at Hereford.

Major addresses during the afternoon session will be made by E. G. Schuhart, a farmer at Dalhart, and Dr. A. B. Wooten, professor in A&M's Department of Agricultural Economics. Schuhart will discuss "Meeting the Operator's Needs" while Wooten will talk about the "Effect of the Money Market on Land Prices."

Ed Garnett, Extension area farm management specialist and PEP secretary, will give a "wrap up" of the seminar and W. W. Grisham, Jr., Exension district agricultural agent and PEP coordinator, will deliver the closing remarks.

Gooch encourages all interested individuals in the county to make plans to attend. A preregistration fee of $3.50 which includes the noon luncheon should be paid at the county Extension office by November 25.

This finance seminar is the first of a series of educational seminars which are being planned by members of the PEP Executive Committee for the coming months, adds Gooch. In addition to the Management Task Force which planned this seminar, other PEP task forces include Resource Development, Agricultural Production, Marketing and Family Living — Youth.

ALL HUNTERS URGED TO EXERT CAUTION

Hunting is a safe sport in comparison to many other activities, but tragedy can mar the pleasure of the hunt. Already, reminds County Agent Ronald Gooch reports are coming in telling of accidents caused by carelessness and unthinking hunters, and the hunting season has only started.

The kind of clothing worn can save lives. A vest can save lives. A vest and cap of fluorescent blaze orange color is suggested. A hunter wearing such apparel is clearly visable to hunting companions and it helps reduce the possibility of mistaken identity on the part of other hunters.

Research has shown fluorescent blaze orange to be the most visible color for hunters to wear. It is especially desirable since its reflective qualities permit color blind persons to detect another hunter.

For safety sake, the county agent suggests that such clothing be worn and further that all cardinal rules of safe gun handling and safety in the field be carefully followed. It's attention to the rules of safety that make hunting a pleasure, he concludes.
