

The Gay Philosopher

(Copyright New York Graphic Society)

By J. W. S.

LOOKING OVER the ads in a newspaper the other day, one of them hit us in the face. It declared, in big bold type, "Now, you can do something about baldness!" And it went on to explain that there now is available an elixir of some kind that will virtually grow hair on door knobs.

WE DISCUSSED the situation with Pete Nance, Rev. Stuart, McC. Rohre and a few others. They're all skeptics. But they're for a movement for the prevention of charging partly bald men the regular price for haircuts. Sounds like a just proposition.

WAS TALKING with an agricultural expert the other afternoon. He wonders why people here don't go in more for orchards than they do. Says apples would grow wonderfully well here, if properly taken care of.

OUR FRIEND regards pecan orchards as life insurance in a way. He says any young fellow who wants to put out a few acres of good pecan trees will have a living made after they begin bearing good. This is a splendid pecan country and the trees are becoming more numerous each year.

SEE BY THE Merchants Credit Association bulletin where Mrs. Lucile G. Huffmyer, the secretary, is supposed to make a speech one of these days on value of publicity and advertising at a meeting of her state association. She has invited us to write her speech. On account of we're so sold on the value of advertising, we hereby accept.

But we don't want her to do like a fellow did once. They were dedicating a new post office where he lived. And the postmaster asked us to write his speech. We were in the "budding journalist" stage, so we got out the dictionary and fixed him a speech that was full of two and three-dollar words.

IN THE MIDDLE of the talk he stopped to disagree with something he was saying and declared: "That's not right. I didn't write this speech." And everybody laughed at him. And at us.

Former Cisco Oil Woman Dies In Tyler Hospital

Mrs. Maggie Mae Dabney King, wealthy Texas oil woman who formerly made her home in Cisco and operated oil fields in Eastland County, died September 28 in a Tyler hospital.

She was 55 years old and living at 3515 Dickson street in Dallas at the time of her death. Services were held in Dallas Wednesday and burial in Grandbury, Texas.

Immediate survivors include a daughter Mrs. Dorothy Doty of Medford, Oregon; a son, Gene Dabney of Dallas, her mother, Mrs. Lula Aingell, Longview; a brother, Marshall Aingell, Longview and two sisters, Mrs. Frank Mursch, Logview and Mrs. R. F. Jaffery, Fort Worth.

Peron Accuses American

President Juan D. Peron of Argentina waves to the crowd from the balcony of Government House in Buenos Aires, and tells the assembled that John Griffith, former US cultural attache, had organized an assassination plot against him. Peron said, "He has not the right to be called an American. He is an international spy."

New Automotive Business Opened By Glenn Warden

Mr. and Mrs. Glenn Warden have recently moved to Cisco from Gainesville, and are making their home at 1609 Ave. D. Mr. Warden spent two years in the top and body business there, and has opened a similar business here.

He went into business in Gainesville after his discharge from the Army. He was a corporal in the Medical Corps and spent three years in a Japan prison. One year of the imprisonment was spent in the Philippines and the remaining two years were spent in Japan.

He has opened an automotive glass and upholstery shop at 1102 Ave. D in Cisco and plans cars. He plans to stock all types to stock glass for all makes of glass channels and glass accessories. The new business includes a new top and body shop and he reported that he was equipped to handle work of any type in that line.

Horse Owned By Local Man Wins In Oklahoma Show

Pete Rumley of Cisco was proudly displaying a third place ribbon won by his two year old stallion Thunder, at the National Quarter Horse Association show held on September 17 and 18 in Woodward, Oklahoma.

Thunder, an albino listed with the American Quarter Horse Association, was judged third out of 21 horses shown in his class. Rumley reported that some of the best horses of Oklahoma, Texas and surrounding states were entered in the annual show.

Student Edited Newspaper Goes To Press At Cisco Junior College

The first edition of the Cisco Junior College student edited newspaper "The Brandin' Iron" will hit the presses some time Thursday, the CJC Press Association announced.

For the third straight year, the Brandin' Iron, previously named the Wrangler, promises to play an all important role in spearheading the college's growth and development. This year's junior college journal will be printed by offset press with five columns instead of the conventional mimeographed edition used in the past. It was agreed by the Brandin' Iron's advisory staff to publish and distribute the "student's voice" on a bi-monthly basis.

Bobbie Jean Kerley has drawn editorial chores of the journal this year and is faced with keeping the Brandin' Iron's three year never faltering record. Don Morrison, second year student will be the assistant. Miss Kerley replaces William McClung, last year's Wrangler editor.

Rotarians Viewed Film Of Wrangler Football Games

Rotarians and guests were entertained with the showing of a film of the Wrangler-Hardin-Simmons football game at their regular noon luncheon at the college cafeteria Thursday.

The program was under the direction of Stuart McC. Rohre who presented R. F. Webb who showed the picture. The film is one used by the Wrangler coaches in their football training program.

Mr. Rohre said that the coaches were anxious to take pictures of all games this fall and suggested that the club assist the school in purchasing additional film. The matter was approved by the club and passed to the board of directors for final approval.

Federal Funds To Aid In Texas Cancer Research

Houston, Sept. 29—A \$500,000 allocation of Federal funds may mean the beginning of construction early next year of the University of Texas M. D. Anderson Hospital and Cancer Research in Houston.

Dr. R. Lee Clark Jr., director of the hospital, said approximately \$2,000,000 is available to supplement the \$500,000 grant which was authorized by the State Board of Health under the federal Hospital Survey and Construction Act. Through this legislation Texas has received about \$1,800,000 for each year of a five-year period, which began in 1947-48, to assist in financing hospital construction.

The grant of \$500,000 is for 1948-49 and University of Texas authorities have urged that a similar grant be made each year for the next two years further to assist development of the cancer hospital which now occupies temporary buildings.

The new hospital will be constructed within the Texas Medical Center. Together with the Dental School, a School of Public Health and a Post-graduate Medical School it will comprise the University of Texas units within the big medical center.

The M. D. Anderson Hospital was eligible for participation in the federal grant because it is a hospital for specialized care which accepts patients from all parts of the state and thus, to this extent, relieves hospitals throughout Texas. Grants are made on a matching basis of one dollar of federal funds for two dollars of local funds. Through legislative appropriations, public subscriptions, assignment of private endowment funds and assets of temporary buildings the University now has about \$5,000,000, in addition to the federal grant available for the cancer hospital and dental school building as well as the hospital. Working plans and specifications for both structures are in preparation.

Gorman Oil News

By BUENA VAN WINKLE

Haynes B. Ownby, No. 1 Flat, definitely have an oil well if they can find a way to make it take the acid and break down the formation. We sat up with the well last evening till zero weather (for Texas) at this time of the year, drove us home. They were attempting to treat with 4000 gallons of acid. The well simply would not take it. Then they washed the well out, from the bottom up, with water. It was cleaned quite thoroughly, apparently. Then a second attempt was made to acidize. This time under 1450 lbs. pressure it would only take 1300 gallons. This morning they are working at it again. The crowd around that well for hours and hours—and they were from DeLeon, Gorman, Eastland, Houston, Mexia, Breckenridge, Dallas, Fort Worth and almost all points East, West, North and South, looked like old home town week. We really do hope that they get a well. Mr. Driver has had so much faith in this operation. The man ate two whole crackers yesterday, so interested was he in what was happening. H. B. Dunn from Dallas was there. He is one of the partners, we understand. He kept saying "we have a well here, if we can just get it to take the acid."

Coast Oil acidized their No. 7 Della Graham Tuesday morning using 6000 gallons. The results were alright comparing quite favorably with the other wells on this tract, according to Mr. Barron, Production man for Coast.

Dalport are still rigging up and getting set on their location on the No. 1 Wood.

J. R. Hunter No. 1 Choate is drilling at 2,925.

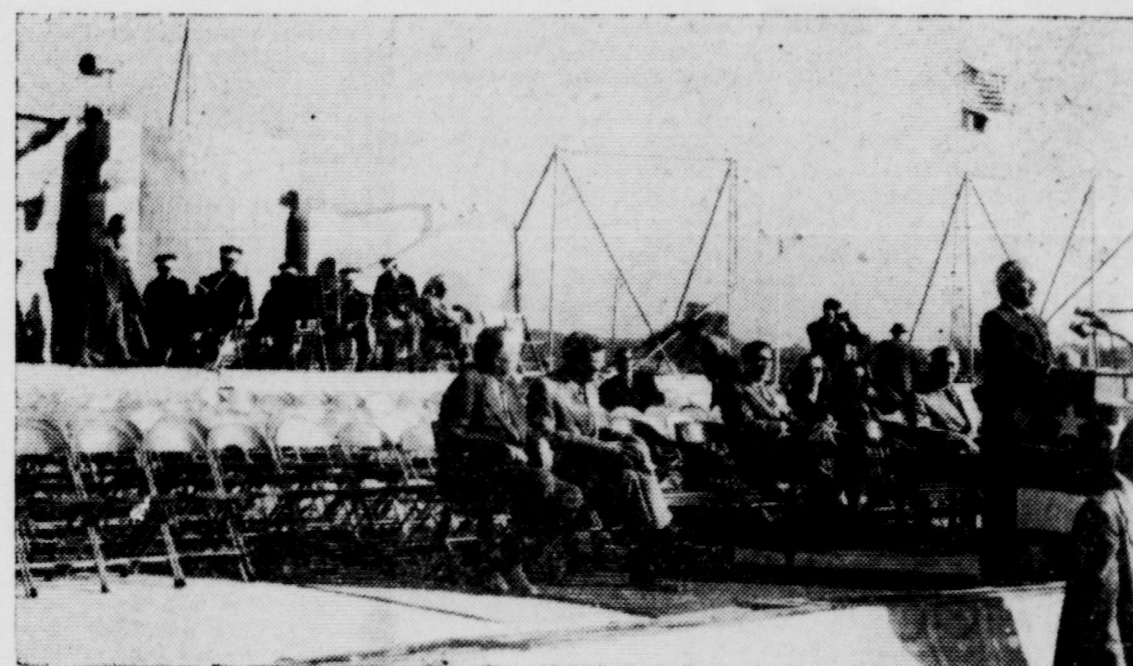

J. W. Baldwin No. 4 Sanders, have set pipe and are WOC. This well is the highest well that we have reported, we believe, in this present activity, being bottomed at 2,786.

H. B. Johnson No. 2 Sanders is drilling at 2,000 feet.

W. B. Johnson No. 1 Cooper Grocery, drilling at 2,235.

W. B. Johnson No. 2 Cooper Grocery, rigging up.

President Loses Official Party

President Truman arrived at Fair Park, Oklahoma City just in time to make a broadcast, but had to leave the rest of the Official Party behind to do so. The President had to travel fifty miles per hour through the streets of Oklahoma City to make his deadline. Empty seats show the absence of the Official White House Party.

(NEA Telephoto)

Local Man Dies, One Hurt In Wreck Early Thursday

One man was dead and another received treatment in a local hospital as the result of a traffic accident which occurred just inside the city limits on the old Eastland Highway at 1:45 a.m. today.

Alfred Herman Terry, 40, Cisco sign painter, son of Mrs. Lizzie Terry of 705 West Eleventh, was killed when the car in which he was riding failed to negotiate a curve near the Y on Highway 80 just east of town.

He was in a 1947 Ford coupe which left the highway and overturned, crashed into a tree along the right of way. The car was completely demolished and a wrecker had to be used to move the body.

Also occupying the car was O. Harold Burkett, formerly of Eastland, Colorado, is the son of former State Representative and Mrs. Omar Burkett who reside at their farm home near Eastland. He received superficial cuts and bruises and was released from the hospital a few hours after receiving emergency treatment.

State Highway Patrolman Phil Zeissel, who made the investigation, reported that the accident apparently occurred when the driver attempted to take the curve at too high a speed.

Funeral services for Terry will be held at the Thomas Funeral Home at 2 p.m. Friday with Rev. Stuart McC. Rohre in charge. Arrangements are being made by Thomas Funeral Home. Burial will be in Oakwood.

He was born in Belton on January 27, 1908 and came to Cisco several years later with his parents. He finished school in the Cisco public school system and had engaged in sign work since that time. He was a veteran of World War II having spent some four

years in the Air Corps. He was overseas with the 79th air squadron for two years, and received his discharge in May, 1946.

Terry is survived by his mother and one brother, Frank W. Terry, of Wichita Falls.

Funeral services will be held at 4 p.m. Friday at the Chapel of Thomas Funeral Home for Jacob Earl Coleman, 65, retired drilling contractor, who died at his home at 810 West 9th street at 1:20 p.m. Thursday after a lengthy illness. Rev. Stuart McC. Rohre, minister of the First Presbyterian church in Cisco, will conduct the services. Burial will be in the Eastland cemetery. Thomas Funeral Home is in charge of the arrangements.

Mr. Coleman, who had been a resident of Cisco for the past eight years, was born in Clarion County, Pennsylvania, on November 28, 1883. He moved to Cisco from Clarksburg, West Virginia. He was the last of a family of six brothers.

He was married to Miss Lillian Morrow on October 1, 1899 at Oakdale, Pennsylvania. Mr. and Mrs. Coleman were to have celebrated their 52nd wedding anniversary Friday.

He is survived by his wife and two daughters, Mrs. Martha Shell of Gorman and Elizabeth Coleman of Cisco; three sons, Ralph M. Coleman of Oakdale, Pennsylvania; Clarence H. Coleman of New Iberia, La., and T. Forrest Coleman of Clarksburg, West Virginia.

Also surviving are two granddaughters, Linda and Mary Shell of Gorman.

Funeral services will be O. G. Lawson, Lewis Starr, H. L. Thompson, Alton Lomax, J. F. Haynes, C. C. Piuken, Jim Pence, J. C. Horton of Cisco and O. T. Shell of Gorman.

Johnson Joins Truman Train At Austin

When the Presidential train arrived in Austin, Texas, former Congressman Lyndon B. Johnson, left, appeared on the platform with President Truman. Mr. Johnson is now in middle of battle to have his name appear on the ballot as the Democratic nominee for the U. S. Senate from Texas. At center is Mayor Tom Miller of Austin.

(NEA Telephoto)

Building Permits Show Decrease During August

Austin, Sept. 29—Texas building permits decreased 23 per cent in August, the University of Texas Bureau of Business Research reported.

Houston continued to hold first place, with permits totaling \$8,047,000, Dallas totaling \$4,593,467, was second; San Antonio, Austin, and Fort Worth followed in that order.

After adjustment for seasonal variation, the Bureau's index of building permits declined 35 per cent to 520 per cent of the prewar (1935-39) base period.

Building permits more than doubled from July to August in New Braunfels, Lockhart, Big Spring, Bryan and Seguin. July to August declines occurred in Texas City, Denison, Galveston, Brownsville, and El Paso.

Illegal Entry of Aliens

Through cracks in our immigrant walls, thousands of unwitting guests are pouring into the U. S. from abroad, states Senator James O. Eastland of Mississippi in The Reader's Digest for October.

Containing that the country "swarms with unscreened and loosely admitted aliens," and that the danger lurking in the situation is obvious, Eastland charges top authorities with "an incredible lack of interest in halting this legal traffic." Lower-level officials, however, are doing an excellent job, Eastland says.

As many as 15,000 aliens a year get into America and then were "chaperoned" across the Canadian border and back in a "double border-jumping performance" invented by a former Commissioner of Immigration and Naturalization, the author charges, branding the operation "an illegal underground railway run by our own government."

Eastland cites many illegal but easy means of access open to aliens seeking entry. The 2,000-mile Mexican border, inadequately patrolled, presents countless opportunities. A European reaching Havana can get an air-transport ticket to Mexico City and a tourist card, good for two weeks in Mexico, certify that he is an American citizen. From Mexico he flies to Miami, Fla., which city he may enter unquestioned on the strength of the tourist card proclaiming him to be an American.

Sailors coming into U. S. ports go ashore, overstay the legal limit of their shore leave, "disappear into this vast land and are never heard of again." Eastland says that a single Greek ship arrived in New York last year with 242 seamen, departed with ten. The port of New York alone has record of 47,000 aliens who have entered, in similar ways, and disappeared without trace. One who came as a visitor, overstayed his visa and was subsequently caught, was the German Communist, Gerhart Eisler, a terrorist sent here by Moscow to direct all Communist activities in the United States.

Bootlegging this human contraband is a business which pays \$500 to \$1,500 a head to those who fly aliens into the country, Eastland says.

Moran Locals

FIRE DEPARTMENT CALLED
The Moran Fire Department was called out of town Monday evening at 6:30 p.m. 1 1/2 miles northwest of town on the St. Mary Oil Co. lease, the power-house was a total loss, the origin of the fire here and are leaving this week was not known. A grass fire at Waurika, Oklahoma. Moran this time of the year might have enjoyed these fine workmen and been very serious but the fire did not spread.

COMPLETES WORK

The Austin Bridge Construction Co. have completed their work on the bridge over the river here and are leaving this week. A grass fire at Waurika, Oklahoma. Moran this time of the year might have enjoyed these fine workmen and been very serious but the fire did not spread.

FOOTBALL FRIDAY NIGHT

The high school football team gets to perform before a home crowd for the first time Friday night when the strong Early High team comes to Moran. Early boasts another strong eleven this year. In two games played to date they have won both by top-heavy scores. Early has not been scored on. They are strong contenders for the district.

Moran has lost to both Albany and Clyde, but the squad has worked long and hard for this first conference contest. The local boys are going to try and blast the hopes of the Early Longhorns in this opener. Game time is 8:00 o'clock.

JUNIOR FOOTBALLERS WIN

Since the first week of school the grade school football team has worked under the direction of Foy Barnette. Thursday night they went into action and defeated a team from Clyde. The teams were about evenly matched as to size. Good tackling and blocking paid off well for the home team and Clyde was defeated by a score of 12 to 0.

Touchdown number one was made by Harper in the second quarter. In the last quarter six more points were added by a touchdown by Wagley.

This week the Puppies go to Baird to meet a strong team. A large delegation of Moran followers is expected to go along.

MORAN LUNCHEON CLUB

The Moran Luncheon Club met Wednesday, September 22, with the Deep Creek community as hosts, to 31 guests. They served a delicious dinner of baked ham and all other good things to round out their menu with white and carnal cake for desert. The attendance was the smallest for the past several weeks, as our townspeople are away on vacations. The Methodist church ladies will serve Wednesday.

LARGE TANKS ARRIVE

The Fish Engineering Corporation received a large steel tank 60 feet long, shipped on the Katy R.R. and was a sight to many in Moran. They are installing 7 of those large tanks that will be set on racks at the Fred Manning field. The company is beginning on a pipe line to run from the plant to the loading rack on the Floyd Pool place near the stock pens for shipping gasoline by the Katy R.R.

MORAN LOCALS

Mr. and Mrs. Bill Raymond of Abilene were visiting relatives and friends in Moran Sunday.

Mrs. E. C. Collinsworth Jr. of Midland is visiting her parents, Mr. and Mrs. B. Ramsey and Mr. and Mrs. Edd Collinsworth this week.

Miss Patsy Weir enrolled as a freshman in Hardin-Simmons College at Abilene this semester.

Mr. and Mrs. Samie Brewster and son, Charlie, returned from their vacation this week. They visited his mother, Mrs. C. H. Calloway at Junction and other points in Texas.

Mrs. Lucy Barton and Ida Leftwich visited in Ft. Worth and Grand Prairie last week.

Miss Dorris McCrum of Betty's Flower Shoppe in Ranger spent the weekend with her parents in Moran. Mr. and Mrs. I. W. McCrum, who have purchased the old J. E. Wright place in Moran and are making a beautiful home residence by remodeling the place.

Dist. Attorney Thomas E. Hayden of Abilene and two sons, Tommy Lee and Edward, accompanied by his father and sister of Moran. Thomas Hayden Sr. and Mrs. Pearl Roach, returned from a recent vacation in Missouri and Illinois, their parents old home. The first visit to their old home in 30 years, they stated that no drought was in evidence there by all the green fields, alfalfa, prairie hay, and all kinds of fruit. They stopped in St. Louis for a visit. The boys and Mr. Hayden attended a football game there. They report a wonderful trip and arrived home in time for the boys to attend school.

Marvin Dale Days and Allen Bennett, students of John Tarleton spent the weekend at home.

THE W.S.C.S.

The W.S.C.S. met at 2:30 p.m. at the Methodist Church. Opening song, "I Need Thee Every Hour." The Lord's prayer was given in unison. Mrs. Roach, the president, presided at a short business session followed by the program, Panama Canal Zone, brought by Mr. Fred Wylie. Devotional by Mrs. Pearl Roach, subject, "We Would Be Builders." I Cor. 3-11

FIRST CHRISTIAN CHURCH

The First Christian church has called a full-time pastor. The official board of the church had a meeting last Sunday and decided to make Rev. O. C. Harper of Wichita Falls a full time pastor. Church services every Sunday morning at 11 o'clock, evening 7:45. Rev. Harper will be here next Sunday, Oct. 3rd. He will conduct his singing class at the church every Saturday evening at 7:30. This is free to the young people of Moran that would like to sing. He would like to form a class for those that want special training in voice. These services have come about since the revival meeting.

SCHOOL NOTES

The local pep squad has received many good words of commendation for two fine performances—at Albany and Clyde. Mrs. Fred Blankston is serving as director. The number of girls has grown until we use two buses to transport the girls on trips.

Under the able supervision of David Parris the school rent house is nearing completion. The community should be proud of this addition to the school facilities. The public is invited to visit and see the dwelling.

The first and second grades are being molded into a musical organization by Mrs. Stephens and Miss Harbin. This group of rhythm makers will perform for the public before the year is over.

LEGION AUXILIARY

The American Legion Auxiliary met in regular session September 23. Fourteen members and one visitor were present. Mrs. Walter McCollum called the meeting to order. Mrs. McCargo was at the piano. Mrs. Ray McCollum, song

SOCIAL and CLUBS

SHOWER MONDAY FOR MISS BETTY GUTHRIE

Mesdames J. J. Callaway, R. A. Bearman, C. McCrea and J. M. Flournoy were hostesses Monday evening for a miscellaneous shower in honor of Betty Guthrie, bride-elect of Dr. Ben W. Bowden.

The formal shower was held in the lovely home of Mrs. Callaway. Beautiful cut flowers ranging in color from yellow to bronze, the bride's chosen colors, were distributed about the house. A corsage of tansman roses in her chosen colors was worn by the honoree, and corsages of varied colors were worn by the members of the house party.

Welcoming the guests were: Mrs. Callaway, Miss Betty Guthrie, Mrs. Beatrice Guthrie and Mrs. C. A. Farquhar, mother and grandmother of the honoree. Other members of the house party were Mesdames H. N. Lyle, E. L. Graham, Paul M. Woods, Elizabeth Wright and R. W. Mancill.

After general introductions, the guests were invited to see the array of many and varied gifts on display in the second room. They were then shown into the dining room where they were served coffee, poured by Mrs. Graham, individual cakes and tiny mints in the bride's colors. The table was colorfully bedecked with a centerpiece of varied autumn flowers in shades of yellow and bronze.

Miss Mary McCrea presided at

the bride's book which was signed by the many guests. A number of gifts were sent by those unable to attend, both locally and from out of town.

MRS. McCORD HOSTESS TO R. A. GROUP MONDAY

Mrs. R. E. McCord entertained members of the Royal Ambassador group of East Cisco Baptist church Monday afternoon in her home at 701 East Thirteenth street.

A short business session was held after which Mrs. McCord presented Rev. Paul Stephens, church pastor, who made a splendid talk to the boys.

Refreshments of sandwiches and cold drinks were served by the sponsor after which a recreation period was enjoyed by the group.

Those present were: Jackie Reynolds, Max Farmer, Joe Gilmore, Loy Grider, Hubert Coats, Roy Harvey, Mrs. McCord and the visitor, Rev. Paul Stephens.

ALATHEAN SS CLASS ELECTED OFFICERS

Following an interesting mission program and business meeting held by the Women's Missionary Society of the church, the Alathean class of First Baptist Sunday school met Tuesday, September 21st, in the parlor of the church for business meeting and election of new officers.

The meeting was called to order by Mrs. L. W. Tucker, following which Mrs. C. E. Moorman brought the devotion, closing her talk with prayer. A short business session was conducted and election of officers for the

Retail Merchants Association

L. SELF, L. I., B. S. Seet'y

Merchants paying dues to any Credit Bureau, control that bureau; however, to own a Credit Bureau, the merchants would have to own the files, which would enable them to elect a new secretary at the end of one or two year periods.

When the files of a Credit Bureau are individually owned, as we understand they are in two instances in Cisco, the secretary cannot be changed other than by buying them out, or pushing them thru the window. Under such existing set-ups, it merely becomes a matter of inflating one individual's bank account, and deflating the other.

In having a Board of Directors, there is nothing to direct except something relative to money matters, and in soliciting memberships, it narrows down to the above statement.

A secretary has to spend money on their files whether they have one or ten members — it is expensive to operate an office, and it takes not only money, but loyalty, and co-operation on your part.

We appreciate our members, and we are here to serve you. Call us often.

HOMES
We have one of the best homes that has ever been built in Cisco for a fraction of the cost to build one like it today. 10 rooms with 3 car garage and 1/2 city block. Also additional buildings on the location. Located in the very best part of town. To replace this home and buildings today it would cost \$50,000 and it can be bought for only \$17,500.
5 Room new house well located with FHA loan already established. \$4,600. \$1,600 cash will handle with small payments.
2 Rooms with one lot and furniture. Priced for a fast sale at \$1,400.
6 Rooms and bath with chicken house, near schools. All lumber in this home. \$5,000.
Beautiful 6 Room with Storage buildings. For appointment call 605.
We also have some of the best investment property listed at very reasonable prices.

RANCHES
16 Acres with good 4 Room house and all the additional buildings that one could want, located at the edge of town. This is a GI loan deal and can be transferred.
We have a number of farms and ranches listed out of town so if you are moving and are interested in a farm call FIELDS BROS., 605.
226 Acres with good 4 room house, 155 acres in cultivation. Let us build you a new FHA home with a small down payment and 20 yrs. to pay the balance.
